

# Billionaire CEO Won't Leave

## Chapter 480

"What? Going to the capital for a charity party?" Bai nianxi hears the accident.

Conmobei nodded: "I'm warmly invited. I can't go without it."

"Then I'll accompany you..."

"No, no, I'll go by myself. You can spend time with your children at home. It's rare to stay at home during the Spring Festival." Said conMBER.

Bai nianxi is not at ease and thinks about it. Bai nianxi says, "you can go, but you can't go alone. Let's find someone to accompany you. If there is anything, you can take care of it."

Kangmobei see her so sensitive, can only helplessly smile and nod: "good, I call Mousi from accompany me, don't worry."

A week later, mousse left for a simple trip and met with commobei at the airport. They carried simple luggage and went to the capital together.

"I'll come out alone at this time. What if I'm silent?" Mu Sili was a little dissatisfied. The reason why he agreed to the proposal of Kang Mobei was that he knew Bai nianxi was nearby when he was on the phone. In order not to let her worry, Mu Sili simply agreed.

In this meeting, criticism is inevitable.

On the boarding passage, conmobei let mousse walk in front and slowly replied, "when you have children, you will know."

"I..." Musili couldn't refute it.

The charity party contracted a hotel on the first floor for guests to stay temporarily.

The hotel is very luxurious. Conmobei enters his guest room, puts down his luggage, and then slumps on the bed, holding a mobile phone to book a return ticket.

The sound of "Bata" and "Bata" came from outside the door of the hotel with excellent sound insulation.

It was the middle of the night, and the sound aroused the vigilance of Conmber.

How can sound come from a hotel with such good sound insulation?

Unless it's from the hotel door.

Conmber sat at the end of the bed, staring coldly at the door.

He doesn't think that Shen Shimo is following. What he is facing now is a national wanted person. Not only can he take all kinds of transportation, but also it is a great risk to appear in public.

A minute later, the door of the guest room was easily opened from the outside, and a woman in a big red skirt poked her head in.

"Hello, Mr. Kang, your special service Here I am With a charming smile, the woman walked slowly to Conmber.

Kang Mo North stretches cold face to stare at this woman: "ha ha, reporter?"

, "what?" the woman smiled enchantfully, and swayed like a snake's soft waist to Kang Mobei. Just now, just now, the north of Kang Mo had smelled the perfume that she did not love, and it was so thick. It's a service provider. "

"Hum, get out of here." Conmber said coldly.

A woman's heart was thumped. The voice had ultra-low pressure, which made her almost breathless.

"Well Can we have a drink and get out again? " The woman is delicate and delicate.

Conmobei rubbed up, grabbed the woman's wrist and walked to the door mercilessly. He planned to throw the woman out neatly and lock the door.

I don't know which one this is. Looking back on the past, Kang Mobei even thinks that this is a test sent by Bai nianxi?

Hum, how could I get into such a trick.

"Oh! Conmber hit people! Money is easy to discuss! Come on, it hurts Ouch Thrown to the door, the woman suddenly took the wrong medicine and splashed it on the spot.

Although it was late at night, people who came to the capital by chance were in twos and threes. Even in the corridor of the hotel, people would pass by from time to time. When they heard the news, they would look over their heads and see the woman's dress and guess that she was not innocent. Then they all left in a hurry with a chuckle.

"Hum..." There's a tremor coming from conumber's cell phone.

Don't bother to pay any attention to this inexplicable woman, conmobei hurriedly closed the door, clasped the door chain, picked up the mobile phone, and saw that it was Bai nianxi.

"Hello? Why did it take so long? Are you at the hotel?" At the other end of the phone, Bai nianxi's tone was full of concern.

This concern aroused a little suspicion in the north of Commodore.

"Well, I just arrived. I didn't pay attention to my cell phone. Why didn't I sleep? Did Lolo sleep with Lele?" Kangmobei didn't want to worry about Bai nianxi, so he downplayed the opposite.

"They've just gone to bed. You should rest early and come back early." Bai nianxi said.

"..... Well, good night." After hanging up the phone, he looked out the door.

This woman, very strange

Open the door of the guest room, conmo north looks out. In front of the left side of the corridor, a black shadow appears to flash in at the exit.

Alert raised in the heart of conumber, he came to the past with a decisive light step.

Sure enough, a dark shadow flashed over the stairs of the emergency exit, which proved that he was not dazzled.

Along the clues, conmobei walked up cautiously. After several floors, the small door on the roof was open, and the moonlight illuminated the door frame.

"Waste! You can't make him drink! ""I'll try again Well, give me half the reward first, so I'll be more confident to do it."

.....

Conmobei overhears the conversation. It's a man and a woman. He hears the voice of

the woman just now. However, the man's voice, because he deliberately presses his voice, can't recognize who it is for a moment, but he is very familiar with it!

"It's OK to ask for money before it's done? Why are you so shameless? You might as well die

"Ah!! Help

Hearing the call for help, conmobei rushed over and saw a man's shadow pinching the woman's neck, trying to push the woman down from the edge of the roof!

"Stop it Let's have a drink.

The shout frightened the two men. The man looked back fiercely, and the moonlight lit up his face

"Shen Shimo?" Conmobei was shocked and rushed over decisively.

Shen Shimei couldn't get away with it. Seeing that Kang Mobei came up, he quickly fled to the distance.

"Cough, cough!" The woman was pinched and coughed.

After Kang Mo North bypasses the power distribution room on the rooftop, Shen Shimo's figure disappears in the line of sight?

Shaking his head hard, conmbler turned his eyes to the woman who coughed.

"Cough!"

"How did you get in touch with Shen Shimo?" Kangmobei grabbed the woman's collar and asked harshly.

"Don't I'm wrong, I'm wrong! I'm sorry The woman was frightened and begged for mercy.

If Shen Shimo has a mobile phone, even if he can't catch up now, he can use technology to lock his general position.

"Answer me! How did you get in touch with Shen Shimo! "

"I, I don't know! He came to me! I don't even know his name! Brother, spare your life

Looking at the woman's fright and begging for mercy, kangmobei was eager to find

out the clue immediately. When he organized the language, he suddenly saw that the woman's line of sight seemed to be moving upward?

There was a dull sound of "bang" in the brain of commo. It was too late to reflect the woman's abnormal eyes, so his brain was severely hit. The next second, his eyes fell into darkness

"Comber? Why isn't it closed? " After putting down his luggage, mousse took a quick bath and left the guest room to look for commobei.

Seeing his guest room door wide open and empty, the alarm exploded in his mind.
