

《Billionaire CEO Won't Leave》

Chapter 5

Yao Mei has a straight face again. She doesn't want Jiang zhiang and Bai nianxi to be alone. But since Jiang zhiang has said that, she has no choice. Before going out, she looks at Bai nianxi with warning in her eyes, as if to say: "stay away from my son!"

"Zhiang, I'm sorry." Bai nianxi goes to the bed, holds Jiang zhiang's hand, and says with great guilt.

She knows what Jiang zhiang has done to her. She owes him too much. This time she suddenly left at the engagement ceremony, which made her feel very sorry for him. Because he came to find her and had a car accident, she felt so guilty that she could not fight back and scold Yao Mei.

"I don't blame you. I didn't pay attention to driving myself." Jiang zhiang painfully wiped the tears from Bai nianxi's eyes. Thinking of Yao Mei's character, he asked, "my mother is not hard for you, is she?"

Think of Yao mei just said to terminate the engagement, Bai nianxi throat a lump, or with a smile shook his head, "you're OK."

"Nianxi, can you tell me what happened on the day of engagement?" Jiang zhiang is a good tempered man. He always treats Bai nianxi in a gentle way. Even if Bai nianxi runs away temporarily that day, he keeps his demeanor and doesn't get angry.

It's just that doesn't mean he doesn't mind.

"That day..." Bai nianxi was just about to make it clear to Jiang zhiang when Yao Mei's shrill voice came out of the door, "Mommy? Who's your mommy! There's no you here, Mommy. Let's go. "

Jiang Zhi looked out of the door with a slight frown.

Bai nianxi got up suspiciously, opened the door of the ward, and saw a small ball standing at the door, "Lolo?"

"Do you know him?" Yao Mei frowned discontentedly.

The next moment, Lolo opened his hands, rushed over, tightly hugged Bai nianxi's leg, "Mommy, you haven't come to Lolo these days, Lolo miss you so much."

"Mommy?" Yao Mei was so surprised that she said why the child stood outside the ward and refused to leave. She insisted on looking for his mother. She came to find Bai nianxi?

Bai nianxi was also stunned. First of all, he didn't know why Luo Luo would find him. Second, he didn't know how to explain to Jiang zhiang and Yao Mei.

Squatting down, looking at Lolo head-on, patiently said: "Lolo, Auntie told you that Auntie is not your mommy. Lolo can't scream in the future. Do you hear me?"

"White night!" Yao Mei pointed to Luo Luo on the ground and asked coldly, "what's the matter? Why did the child call your mother? "I asked

"Auntie, this is a misunderstanding." Bai nianxi took a look at Luo Luo and explained: "a few days ago, the police called at the engagement ceremony and asked me to pick up a lost child. I think someone must have made a mistake. The child is still young. Maybe I recognized him as his mother..."

The more Yao Mei listened, the more ridiculous he felt, "admit your mistake? Can mom admit her mistake? "

Luo Luo stands beside Bai nianxi's leg and stares at Yao Mei. This man is so fierce to mommy that he doesn't like it.

"And you have no relatives of children, why lost the police will call you?" Although Yao Mei didn't like Bai nianxi, she thought Bai nianxi was a yellow girl, didn't she? I didn't expect

"Don't quibble. You are a dissolute woman. You have a face to harm my son when you have a wild seed with others outside?" Yao Mei was angry and scorned again, "broken shoes!"

"Who do you think is the wild breed?" A dignified and cold voice came, and conbmer appeared at the corner of the ward area.

He already knows the situation of Jiang's family like the palm of his hand. Originally, Jiang's father ran a company in city a with a history of more than 20 years. He passed away two years ago and the company was handed over to Jiang zhiang. Jiang zhiang was young and promising. He managed the company fairly well and just completed the

financing and listing at the beginning of the year.

However, with such a family background, how dare you challenge him and say that his children are wild?

Kangmobei's cold and majestic momentum shocked Yao Mei. He didn't say anything in a few seconds. Yinhan approached Yao Mei step by step with a cold face.

Looking at the person in front of him with extraordinary momentum and high-end clothes, he must not be so easy to provoke, "who are you?"

Although his attitude is more respectful than that of Bai nianxi, Yao Mei's tone is still very impatient.

Kangmo North indifferently glanced at Bai nianxi and xiaotuanzi, and said coldly, "isn't Mrs. Yao just saying that my child is a wild breed?"

Feeling the chill of the northern Kangmo dialect, Yao Mei was a little scared, but still holding the status of an elder, he taught: "since it's your child, please discipline yourself well, and don't run to other people's daughter-in-law to call mother."

"Daughter in law?" With a cold smile from the corner of his mouth, he looks down on Bai nianxi, who is watching him with his eyebrows twisted.

It seems that he is not satisfied. After Yao Mei finished, he added, "it's better for children to be well disciplined, or they will be said that they have no family education."

As soon as the atmosphere dropped to the freezing point, the surrounding air solidified slowly under the icy eyes of conumber.

"Mrs. Yao, very confident in the strength of the Jiang family?" When Kang Mobei said this, Bai nianxi only felt a chill on his back. Yao Mei was probably shocked and didn't speak any more. After Kang Mobei gave a chill, he turned to Bai nianxi and said, "Miss Bai, can you come out?"

Bai nianxi followed kangmobei out.

"What's the matter with Mr. Kang coming today?" Bai nianxi's face was not good when he spoke.

Conmobeir put his hands in his trousers pocket. His face was not as cold as before, but he was still chilly. "Lolo said he missed you, so I'll bring him to see you. By the way, remind Miss Bai, when is Miss Bai going to fulfill our agreement?"

Luo Luo stands beside Bai nianxi's leg and raises his head when Kang Mobei says this. He looks at Bai nianxi expectantly.

Bai nianxi shook his head. "Mr. Kang just saw the situation in my family. I'm afraid I can't be Luo Luo's psychological counselor."

After listening to Bai nianxi's answer, Luo Luo's expectant eyes lose their luster, and his small head droops down.

Conmobei raised his eyelids lazily, with a strong irony in his eyes. "Miss Bai's mother-in-law doesn't seem to welcome Miss Bai to be her daughter-in-law. Even so, do you want to stay?"

It's hard for her to stay at Jiang's house, but she has to stay for Jiang zhiang's sake.

"Zhiang, he had an accident. I can't leave him at this time."

Bai nianxi's firm face reflected in kangmobei's eyes, especially ridiculous. She said with a smile: "Miss Bai is really devoted to Mr. Jiang."
