

《Billionaire CEO Won't Leave》

Chapter 54

"Who says I like him?" Gao Wanqing's face showed a rare blush and anger, "don't talk nonsense!"

"Why is that?" Bai nianxi asked deliberately.

"I just respect him." Gao Wanqing's face returned to serious, "also, what I want to tell you is that I hope you really have a clear conscience and have no improper relationship with Secretary Xing, otherwise, I will not allow others to step on him for the sake of being superior."

After that, he turned around, pushed open the door and went in. A group of eavesdroppers at the door were caught off guard, causing Gao Wanqing to scold, "are you so bored at work? I don't think I have enough work, do I? "

Bai nianxi also goes in. As soon as he returns to his desk, the door of the office is suddenly opened.

Looking at it, Secretary Xing was standing at the door, pushing the door. In the heart all is a surprised, can't be Secretary Xing to come to seek trouble?

Gao Wanqing looks at Secretary Xing with a trace of emotion in his eyes.

Then comber came in through the door.

Suit style, imposing.

Bai nianxi cast an incredible look at Secretary Xing, and let Kang Mobei come in person? How can he come in person? If conmobei is angry here, who can stop him?

Secretary Xing bowed his head deeply. It was the president who had to come to solve the problem himself. He couldn't stop it. If he stopped it again, he would die.

Kang Mobei first glanced around the crowd. Although his eyes were very light, the sense of dignity forced him to look up.

Director Yang came out of the office in a hurry, looking flattered. "Mr. Kang, why did you come here in person?"

"If I don't come here again, isn't it going to turn the world upside down?" The voice of conumber was angry.

Minister Yang is a bit confused. What makes the president unhappy?

He had a quarrel with his wife yesterday. Instead of going home, he slept in the office all night, so he didn't see the picture posted on the billboard downstairs of the company.

Kangmo north cold hum, take out a pile of photos, fell in front of Minister Yang, it was originally posted on the downstairs publicity photos.

After looking at it, Minister Yang opened his eyes in disbelief and looked at Secretary Xing. He found that Secretary Xing also bowed his head deeply and did not dare to look up. He swallowed and did not speak.

Can it be that the affair between Secretary Xing and Bai nianxi is exposed, and kangmobei feels that it has affected the company's atmosphere and damaged the company's image?

However, he must be really angry that he can make conmobei come here to ask for responsibility.

"It seems that the company's atmosphere should be well managed." Kang Mo Bei looks at Bai nianxi, "he doesn't unite and love his colleagues. Instead, he secretly acts evil, stirs up dissension, disturbs the order of the company and destroys the company's image..."

The accusations in conumber's mouth are one after another, and Bai nianxi is frightened. Is she really so heinous?

Besides, Mr. Kang, you ordered me to parachute into the company. You also know the relationship between Secretary Xing and me! These photos were all taken because you asked Secretary Xing to come to me?

"You know what's wrong?"

The voice of dignified cold fierce enters an ear, white read Xi se to shrink neck Wei Qu Ba Ba Ba of nod.

Mo Zhixi in the side to see the heart in full bloom, what about backstage? If you piss off conmobei, you're going to be pissed off by him?

"What do you order? Did I say you In the northern dialect of Kangmo, the anger is even worse, and the cold on the face is pressing.

Everyone was stunned first, and then surprised. Chief executive, what does that mean?

"Who took the picture?" he said

No one spoke. The office was as silent as death. Now the wind direction seems to be a little wrong?

"I don't want to know who is the backstage of your white deputy department? How can I tell you? "

Step forward, step on the foot of the photo, conmber face is supercilious contempt, "I."

At that moment, everyone held their breath and was ready to listen to the reply. However, after hearing the short and powerful words, they were shocked for a moment.

Mo Zhixi is even more like being struck by thunder. She doubts whether her ears are wrong. How can it be? How is that possible?

"I never like other people's ideas about my women, so it's better for those who take photos to be prepared now."

Conmber's face was full of smiles. He pulled Bai nianxi and put him in his arms. "Everyone seems to be disappointed?"

Bai nianxi's face is a bit embarrassed. The clarification of kangmobei is too strong and overbearing. How can she continue to work in the propaganda department in the future.

Gan Gan agreed with Kang Mobei and laughed twice. He stretched out his hand and intentionally or unintentionally pushed away Kang Mobei's hand on his shoulder. Unexpectedly, when he touched Kang Mobei's hand, Kang Mobei's hand turned and directly grasped Bai nianxi's hand.

Bai nianxi's hand is attached to his chest in a very awkward posture, while conmobei has no intention of letting go. There are three black lines on the head. Is he going to give her a break, or is he going to embarrass her?

Ignoring Bai nianxi, who was struggling silently in his arms, the corner of Kangmo's mouth was filled with a chilling smile, and he told Secretary Xing: "check!"

Secretary Xing nodded.

Mo Zhixi has been completely stunned, how can, how can? Not secretary Xing, but Kang Mobei? It's conmobei!

What did she do? What did she do to Bai nianxi! Secretary Xing can definitely find out! Conmber won't let her go! For a moment, I was in a state of confusion.

When I raised my head, I found that Bai nianxi was also looking at her, with a trace of understanding in her eyes. Bai nianxi, guess?

In less than an hour, kangmobei's anger over Bai nianxi's success spread all over Kangshi company. Now, everyone knows that Bai nianxi is kangmobei's woman.

What's more amazing is that there are women in komorbei!

Out of the door of the Propaganda Department, Bai nianxi threw away Kang Mobei's hand, "what are you doing?"

Conmobei put his hands in his trousers pocket, "isn't there a rumor?"

"It's said that I'll deal with it myself. Secretary Xing and I are sitting upright, not afraid of what others say."

"I'm afraid." "I don't like people saying that my woman is someone else's woman," he said

.....

Seeing that kangmobei's overbearing son of heaven's disease has been committed again, Bai nianxi tries to find a new way and find a way out, "but when we deal with things, we can't ignore one and lose the other."

In this way, didn't conmber just pull her out of the swamp and push a big bomb to her?

"Think about it. If you do this, how can I stay in the propaganda department and get along with others? They don't know your character. You are so terrible..." Bai nianxi chokes and swallows his words.

Change a word, "you are so respectable, so respected people, even in your face, I'm afraid no one will dare to talk to me."

Kangmobei nodded his head. He thought what Bai nianxi said was reasonable.

Then seriously said: "after that, you don't work in the Propaganda Department, come to me, just lack a position for you."

Bai nianxi died.
