

《Billionaire CEO Won't Leave》

Chapter 60

Jenny clenched her fist. Her sharp nails sank into the tender flesh of her palm, but she didn't notice the pain.

Why even kangmobei's son should stand on the side of Bai nianxi!

A trace of dissatisfaction finally appeared on the French representative's face. Jennie was their favorite. How could she be replaced so easily? As he was about to speak, conmbe spoke.

With a black face, conmobei made a seemingly fair decision, "why don't you let two people compete for half a month, each hand in a piece of work to participate in the competition, and the winner will get the right to design the cover of this new product."

There is no room for the French side to retort.

After the meeting, conmber first carried Lolo directly into the conference room.

Bai nianxi is still in a trance, but she can't recover. What happened just now has developed far beyond her expectation.

Why did Lolo come all of a sudden, and why did she take charge of the cover design? Why would conmbe agree? After that, does she really want to participate in the competition with Jenny?

Bai nianxi stands in front of the washstand in the bathroom and looks into the mirror.

"A pheasant is a pheasant, thinking that standing on a high branch can turn into a phoenix?" Jenny appeared at the door, her face full of disdain.

Bai nianxi came back and looked at the door, "what did you say?"

Jenny chuckled. "I said you were a pheasant."

Are you here to find fault again?

"I'm a pheasant. What's a man who steals something from a pheasant and is famous for

it?" Bai nianxi asked, the words are full of irony.

Instead of taking Bai nianxi's words, Jenny just snorted, "do you think you are really qualified to compete with me? I don't know how many kilos I have? Why do you want to insult yourself? Xiao wants something that doesn't belong to him? "

"So you're here to persuade me to give up the competition and give up the right to design the cover?" Bai nianxi looks at Jenny and squints.

The originality of this new product, which she heard at the meeting, is a subject she is very interested in. If she can win the right to design the cover this time, it will be a good thing for her.

Although this opportunity came inexplicably, since it came, she had to seize it.

Bai nianxi shook his head, "impossible."

"Instead of focusing on me, I advise Miss Jenny to think about how to design the entries."

"You..." Looking at Bai nianxi's lack of oil and salt, Jennie was in a hurry. Why did she have the courage to talk to her like this?

A sneer, "anyway, the final result is the same, what useless work to do? Why, Miss Bai likes to waste her time? "

Bai nianxi is silent. She thinks that the painting that originally belonged to her has finally fallen into other people's hands. It took her several months and so much hard work to get rid of it.

There was a chill in the words. "Why, Miss Jenny, do you want to steal my painting again?"

I can't help it any more. Jennie raises her hand and is about to fan to Bai nianxi. Bai nianxi is about to reach out and catch Jennie's hand when the door of the bathroom is pushed open and Gao Wanqing stands at the door.

Jenny's hand to Bai nianxi is held by Bai nianxi, and they are deadlocked in the air.

Gao Wanqing looked this way, his eyes were as cold as ever, and then walked into the bathroom as if nothing had happened.

But all of a sudden, Jenny became a little embarrassed. She took back her hand and didn't argue with Bai nianxi any more. After leaving a word, she left in a hurry.

"Bai nianxi, we'll see."

After Jenny left, Bai nianxi let out a breath, looked at the place Gao Wanqing had just walked into, and said, "thank you."

Gao Wanqing did not respond, and Bai nianxi went out.

"This is the information of the new product. Take a look at it, and design a competition work for me according to it." Jenny throws a thick pile of information to Wu Ling on the bed.

Since last time, Wu Ling's broken leg has been injured again. He has been cast twice and is still lying on the hospital bed.

Not daring to disobey Jenny's orders, Wu Ling picked up the information and looked through it. "What's this?"

"Why do you care so much? Let you do it, you do it Jenny is very impatient.

"When?"

Jenny frowned. "I'll give you two weeks."

"Two weeks!" Wu Ling almost cried out, then realized his gaffe and covered his mouth with his hand.

It takes a lot of time to read so much information, right? We also need to design the cover according to the product concept. After drawing the first draft, we need to color it. How can two weeks be enough?

"Why, do you think I've given you too much time?"

Wu lingse shrunk her shoulders and shook her head. How dare she refute Jenny? The slightest carelessness, Jenny would give her a round of punches and kicks.

In other people's eyes, she is the assistant of the most famous beauty painter, Jenny. In fact, she is only a ghostwriter of Jenny, and she should be used as a vent when she is angry. Jennie snorted. Her face was gloomy. She leaned down and said to Wu Ling, "this painting is very important. I want you to do your best. If you don't do it well, you'll die."

Wu Ling busily nodded, couldn't wait to open the information in his hand, and looked at it a little bit.

How can she not understand Jenny? If she doesn't do well, she will come to a miserable end!

"Lolo, can you tell me why you're doing this today?" Bai nianxi squats in front of the sofa and asks Luo Luo sitting on the sofa.

Luo Luo's two little fingers are wringing his clothes. First, he glances at Kang Mobei. Then he lowers his head and says weakly, "Luo Luo just wants Xiao Xi to draw. Xiao Xi can draw very well, can't he?"

Bai nianxi sighed. What Luo Luo said was the same as what he didn't say.

Can only turn to one side of the north of Commodore, "and you?"

"What do I want?"

"You know what I'm talking about." Bai nianxi frowned.

At that time, Lolo suddenly ran in. If conmobei really wanted to stop Lolo, he would not give him a chance to fool around, but he left Lolo and let him climb on his head and say that.

He acquiesced in Lolo's behavior?

Conmber raised his lips, but did not speak.

In fact, at that time, he didn't quite agree with the French representative's proposal to use Jenny, so he asked her for her opinions.

I didn't expect that Luo Luo rushed in at that time and put forward a proposal that made him quite satisfied, so he agreed.

Lolo is sitting on the sofa, poking and poking with his two fingers. He is also good for Mommy.

Today, when Secretary Xing sent him to class, he saw this new product development plan in daddy's car, which mentioned the cover.

Asked Secretary Xing, know today's meeting is about to determine the cover designer, he rushed to the company, Mao Sui recommended Mommy!

Originally, that famous painting was painted by mommy, not the aunt named Jenny. Mommy is so pitiful. All the paintings were stolen. Of course, he wanted to find a

chance to sell his mommy.

He's going to help Mommy get back what she lost!
