

《Billionaire CEO Won't Leave》

Chapter 62

More than a week ago, Bai Yuhao called them to say that he had hurt his leg and asked them to come to a city to take care of him.

After they arrived, they found that Bai Yuhao lived in the presidential suite of a spacious and bright five-star hotel, and was generous and generous to people.

What ability does Bai Yuhao have? Can they still know? With so much money in his hand, he could never have earned it by himself. Under repeated pressure, Bai Yuhao finally told him what happened to Bai nianxi.

Unexpectedly, Bai nianxi, who used to be a burden in their eyes and was regarded as my shoes by them, has now climbed the high branch. The man is so generous that he has to give up two million.

How can they let go of such a good cash cow?

"Yuhao is your brother. He was broken by someone. If you don't ask someone to take good care of him, let him go?"

"Didn't you give him two million?"

"He's worth two million?"

Bai nianxi just felt speechless. The crack in his heart seemed to be a little deeper, and the wound that had been healed was bleeding.

Oh, it's ridiculous to say that these are her relatives.

Can, she in this world, and had relatives?

"How much do you think he is worth?" Kangmo North suddenly opened his mouth, just an ordinary question, but let people feel boundless chill.

It's like drowning in a glacier.

Bai Jianguo swallowed his saliva and intuitively realized that this man was not easy to

provoke.

When they first came here, they thought that this man wanted to give them some face, but they didn't think that he just said a few words, which made them dare not speak any more.

Until Bai nianxi arrived.

It's their habit to be domineering in front of Bai nianxi. Now kangmobei is talking again, which only makes them feel like they are falling into the ice again.

"Yuhao, Yuhao, as the grandson of our Bai family, can't be measured with money." Bai Jianguo's reply was a bit stuttering, which seemed to be lacking in confidence.

"So?" Conmber bowed his head and chuckled. "That's not worth it?"

He is a good hand at maliciously distorting people's meaning.

"How can it be worthless!" Ye Chunmei's brain has always been stupid. When she was excited by Kang Mobei, she was a bit unscrupulous. "My son is the only grandson of the Bai family. He is no better than Bai nianxi

Oh, yes, he just remembered that Bai's family once bought out their relationship with Bai nianxi with 200000 yuan.

Eyes in the cold floating, Komo North micro pick eyebrows, "is it selling grandchildren?"

This, this, what they said just now is clearly not the problem at all, but somehow, they were put in this strange direction by Commodore.

This, how to say how wrong.

Bai Jianguo glanced at Ye Chunmei and said, "how can Sun Tzu sell it? This is... "

Before Bai Jianguo finished, Kang Mobei said, "she really can't compare with your Bai family's grandson. It's not worth money."

She, of course, refers to Bai nianxi. It's not worth money, but it's Bai Yuhao.

"Is it too little for the Kang family to ask you to buy out just 200000 yuan?"

Kangmobei took a look at Bai nianxi, and found that her face was a little pale, as if she was biting with silver scallop teeth, which seemed to be filled with great disappointment and bitterness.

Bai nianxi also glanced at him, full of sadness, intuitive to this person to start throwing money all over the sky.

The Bai family looked at each other, not knowing the meaning of Bai kangmobei.

Conmber, what's the point? You want to give them money?

So, can they put forward conditions?

In the silence, Bai Jianguo pondered in his heart for a moment, and finally summoned up courage. He did not dare to speak to kangmobei. He only said to Bai nianxi, "we don't ask much. You can buy us a big house."

"It's better to be a villa with a garden. Our family is comfortable. We'll take Yuhao back. You can hire two nannies to take care of our daily life."

"You are living a good life now. We don't want you to take care of you. Just pay a sum of money as the cost of living on time every month."

After thinking about it, "half a million, is that affordable? Don't forget, as a member of my Bai family, this is what you should do for us. "

This one by one request is like a red hot iron thread burning on Bai nianxi's heart.

Although thousands of times told himself that these are just people who have nothing to do with her, her heart is still angry and painful.

Bai Xingmin, who didn't speak all the time, said weakly, "nianxi, you see, it's not easy for your grandfather and aunt ye to come all the way here..."

Bai Xingmin's character is the most vulnerable in his family. He has no right to speak at home. He listens to Ye Chunmei and Bai Jianguo for all the important and small things.

"Just listen to your grandfather..."

Bai nianxi takes a silent look at Bai Xingmin. His eyes sweep over Ye Chunmei and Bai Jianguo.

Indifference as if there is no emotion, just a trace of tremor in the voice, "roll."

"What did you say?" Ye Chunmei opened her eyes wide and looked unbelievable. When did the dead girl learn to resist them?

Bai Jianguo was even more angry and trembled. When he lifted up his crutch, he was about to knock it on Bai nianxi's back. However, his action stopped when he met Kang Mobei's eyes.

The chill in his eyes made him have no doubt that if he knocked down with this stick, he would lose his life.

That kind of cold indifference is killing intention.

Bai Jianguo's crutches were not even lifted, but Bai nianxi still bent to hide subconsciously.

Bai Jianguo beat him a lot. Although many years have passed, this kind of habitual response has not changed.

Looking at Bai nianxi's reaction, Kang Mobei's heart aches. What kind of life did she live and what kind of suffering did she suffer?!

At the moment when Bai nianxi bends down, kangmobei has already stretched out his hand and fished Bai nianxi into his arms. Bursts of heat came from his broad chest. The warmth, accompanied by the calm breath, was gradually passed into Bai nianxi's heart, as if it was not so cold.

Bai nianxi felt that the strength of the hand on her shoulder seemed to be great.

Although he was afraid of komobi, the Bai family knew that if he went back this time, it would be more difficult to ask for money later.

Because even if Bai nianxi had already opened his mouth to drive people, the three people seemed to be deadlocked.

It seems that if you don't get the money, you won't go.

Conmobei has never been afraid of scoundrels. Naturally, he has a better way to deal with them.

"Don't you want money?" "Good," he said with a smile

A phone call in the past, not long ago, someone has come, in addition to bring a few big money boxes, there are a few fierce Tibetan mastiff.

The Tibetan mastiff is specially raised by people. It's huge, majestic, and has a hale and hale eye. Just a look at it makes people fear.

"The money is here. If you have the ability, just come and get it."
