Chapter 1261: Shi Yu, Dragon Emperor, Dragon God (3)

"What's wrong?" Shi Yu flew in midair with his psychic power and turned around in confusion. He saw the Dragon God stammering over there. In the end, the Dragon God sighed and said, "It's alright. Let's go."

Shi Yu raised his eyebrows. Something was wrong. Could it be that she didn't want him to bump into anything?

...

At this moment, the door of Dragon Palace City was open. It welcomed the sea beasts from all over the world to witness the new Dragon God ascend the throne.

The current new Dragon God's strength had yet to reach demigod level and wasn't enough to suppress the East Sea. However, because she had formed an alliance with the current strongest faction on land, Dong Huang, no one dared to have any thoughts.

After all, the Dragon Emperor of Dong Huang was ferocious. Not only did he kill the demigods who occupied the east, but he also joined forces with the new Dragon God to kill the Dragon Palace's Old Dragon God. The battle results of the two demigods killing were already considered the first tier of experts on the Blue Planet.

Now, a large number of sea beasts had entered Dragon Palace City. Those subdued totem dragon kings were presiding over the overall situation, and the two protagonists of the Dragon God Dragon Palace who had caused this huge incident were communicating here.

One of the protagonists had the body of an Eastern dragon. Its color was like the fusion of the sky and the ocean. Its entire body was coordinated with nature. Just from its expression, one could tell that it was a little female dragon. It was delicate and had a proud aura.

"Long Qingyun, are you hiding something from me?"

"I've already let you explore the Dragon God Ruins. It's time to tell me what you've discovered, right?"

The other protagonist was a young man in his 30s in a black and golden dragon robe. He smiled and said, "Sister Ah Tian, I did discover something, but it's not that important."

The Dragon God frowned and said, "I'm the Dragon God now."

The Dragon Emperor shrugged and said, "Alright, Your Majesty Dragon God, it's just that the Mythical Ruins I obtained when I was young might indeed be controlled by a mastermind, and I wonder what the mastermind's goal is."

After a moment of silence, the Dragon God said, "Then what do you plan to do?"

Long Qingyun said, "I've never used it after reaching the legendary level, but I plan to open it again when I'm free."

"No matter what the goal of the spirit of the ruins is, it has helped me so much. I've accepted its inheritance, so there's no reason not to face it once."

"Don't worry, it'll be fine. My life is up to me, not the heavens. No one can control my fate," the Dragon Emperor said confidently. On the other side, the Dragon God was rather silent.

"Cough, cough, cough, cough. Sorry to disturb you." Just as the two parties were communicating, a discordant voice sounded. Shi Yu walked in while the expressions of the ancient Dragon God and the Dragon Emperor changed.

Shi Yu looked at the Dragon Emperor, who was shouting "My life is up to me", and the Dragon God, who seemed to be used to this, in confusion.

[He's always been like this.] In the dark, the Dragon God, who had come from the modern era, observed the Dragon Emperor, Long Qingyun. At first, she felt absent-minded and nostalgic, then she felt a headache.

Long before the legendary tales of the Dragon Emperor and Long Qingyun came to be, she had already formed a blood feud with the old Dragon God of Dragon Palace City, and Dragon Palace City also coveted Long Qingyun's Dragon Race Mythical Ruins. The enemy of her enemy became her friend.

Both parties were super geniuses. The Dragon God was the daughter of two totems and had the aptitude of a demigod. As for the Dragon Emperor, he naturally had legendary aptitude.

They joined forces and were unstoppable. In the end, both parties overthrew the regime of Dragon Palace City together. They could be said to be comrades with very good relationships. The Dragon God naturally knew Long Qingyun very well. Using the Dragon God's own evaluation, he was a very proud and responsible human genius.

After a thousand years, the Dragon God couldn't help but feel emotional when she saw her old comrade and her young self.

[Shi Yu, I'll leave it to you.] After the Dragon God finished speaking, Shi Yu had already faced the young Dragon God and the Dragon Emperor. The two of them looked at Shi Yu, who had entered the Dragon Palace without anyone noticing, as if they were facing a great enemy, and were shocked.

He actually invaded here without them noticing. Who was this young man?

"Roar!!!" The young Dragon God could be said to be quite irritable. It immediately erupted with a strong dragon's might and suppressed the others.

Seeing that she was so reckless when she was young, the Dragon God couldn't help but fall silent. She had already expected this outcome...

As expected, Shi Yu and Eleven's expressions didn't change in the face of this dragon's might that was close to demigod pressure.

Pa. Beside Shi Yu's leg, King Eleven patted its stomach. It immediately exploded like a thunderclap. All the dragon's might disintegrated, making the expressions of the young Dragon God and the Dragon Emperor change drastically.

"Who are you?" the Dragon Emperor said in disbelief. Although the Dragon God had yet to reach the demigod level, she was only a step away. She was much stronger than his trump card pet. Unless it was a group battle, it was impossible for him to defeat the Dragon God.

The dragon's might just now could be said to be enough to make ordinary, top-notch totems fall into a difficult situation. However, this black and white bear in front of him only patted its stomach and broke the dragon's might?

It was at demigod level!

In an instant, the young Dragon God and the Dragon Emperor understood that they had come with ill intentions.

The mysterious human and demigod-level pet... This combination really made it difficult for both parties to determine Shi Yu's identity. This configuration was unprecedented.

"Well, I'm not an enemy. Don't be excited." Shi Yu scratched his cheek that was strangely itchy from the dragon's might with one finger and said, "Let me introduce myself. My name is Shi Yu."

"Lord Dragon God, Lord Dragon Emperor, hello."

Shi Yu?

He had never heard of him!

Seeing the person in front of them suddenly enter and address them so politely, the young Dragon God and the Dragon Emperor were even more puzzled and nervous.

Chapter 1262: Shi Yu, Dragon Emperor, Dragon God (4)

"What's your goal?"

Shi Yu smiled. "I'm here to pursue an old enemy."

He looked at the Dragon Emperor, and in an instant, the Dragon Emperor frowned and emanated a formidable presence as he said, "I don't remember that I have a grudge with you."

"Don't misunderstand. The enemy I'm referring to is that," Shi Yu said. "Have you obtained the recognition of a Mythical Ruins and bound to it?"

"In that Mythical Ruins, there's the remnant soul of a god from the Mythical Era. I have a grudge with it."

"So you covet my treasure." Seeing this, the Dragon Emperor finally knew Shi Yu's goal. Just like the Dragon Palace's totem dragon king back then, he coveted his Mythical Ruins.

"No, although that's a treasure, it might also take your life. The goal of the Mythical remnant soul inside nurturing you is to build a compatible body and possess you. If you don't give it to me and mess around yourself, something will definitely happen in the end."

As Shi Yu finished speaking, the pupils of the Dragon Emperor and the young Dragon God constricted.

The person in front of him knew something.

Shi Yu smiled and said, "Since you don't believe me, I'll chat with it and watch carefully. Let it come out itself."

Shi Yu directly used telepathy to communicate with the Mythical Ruins carried by the Dragon Emperor from afar and said, "The guy inside, if you can hear me, get out."

"Do you want to know what happened after the Ancestral Dragon brought the Mythical Dragon Race to the starry sky of the universe?"

"Do you want to know how I beat up the three dragon gods left on the Blue Planet?"

"Do you want to know what news the Phoenix Race god who left the Blue Planet brought to the Phoenix Race from the starry sky of the universe?"

"Do you want to know how the ancestor of the Kirin Race died after entering the Universe Sea?"

"After hiding for so long, aren't you prepared to attack?" Shi Yu said playfully.

Every word he said shocked the Dragon Emperor and the Dragon God opposite him. The Ancestral Dragon brought the Mythical Dragon Race to the starry sky? He beat up the Dragon Race god? The Phoenix Race god... brought back news?

What was going on?

At the same time.

Within the mythical relic carried by the Dragon Emperor, a lustrous radiance emanated from a dragon pupil that resembled a dark star. In its iris, there was also a profound sense of shock.

Who was it?

Shi Yu's words directly awakened the Mythical remnant soul in the Mythical Ruins.

In fact, Shi Yu didn't know the identity of the soul inside either, but he felt that this explosive information could most likely lure the Blue Planet god out...

As expected...

Crack!!!

Space cracks appeared, and endless black mist spread out from the dimensional ruins. An aura that was terrifying enough to crush totems leaked from the spatial cracks.

"You..." At this moment, sensing that Shi Yu had really awakened the Mythical remnant soul in the Mythical Ruins with a few words, the Dragon Emperor's expression changed drastically.

It realized that something was wrong.

"Bastard, do you know what you're doing?"

He didn't expect Shi Yu to really awaken the sleeping Mythical remnant soul.

It wasn't a good thing for this guy to wake up.

Although he had said that he didn't know if the other party was friend or foe, he judged that it was very likely an enemy.

Because, according to his investigation and deduction, the mastermind behind the Mythical Ruins that recognized him as the master was very likely the ancestor of the dragon race, the Ancestral Dragon!

No, or rather, it was the dark side of the Ancestral Dragon!

In the legends, in the Mythical Era, the ancestor of the dragon race, the Ancestral Dragon, had the power to create the world and destroy the world. In order to break through and surpass the divine level, it thought of countless methods. In the end, it came to the conclusion that the power in its body was too complicated and not conducive to transcendence.

Therefore, it completely separated a portion of the uncoordinated power and divided itself into two.

After separating the power, the Ancestral Dragon not only didn't weaken in strength, but further honed its abilities. However, what the Ancestral Dragon didn't anticipate was that the power it split off became a World Destruction Demon Dragon.

It became the ancestor of the dragon bloodline.

In the end, the Ancestral Dragon's main body suppressed the World Destruction Dragon, leaving only this Legendary section.

According to the Dragon Emperor's deduction, the mastermind of the Mythical Ruins he had obtained was very likely the remnant soul of the World Destruction Dragon that had separated from the Ancestral Dragon!

Chapter 1263: Wuwu Dragon God Palace, My Dragon God Palace (1)

"Roar!!!!!"

In the Dragon God Palace, a dragon's roar shook.

As Shi Yu provoked it, space shattered and black mist spread. A terrifying creature was awakening.

At this moment, the Dragon Emperor, who was carrying the Mythical Ruins, could be said to have an extremely dark expression.

"No, I can't let it out!"

The Dragon Emperor suppressed the ruins with all his might, but he realized that his identity as the owner of the ruins was useless.

"Kid, so you've already reached this level."

"I almost overslept."

"Looks like I woke up at the right time."

Laughter came from the ruins.

Soon, a gray-black dragon soul that looked like a combination of a dinosaur and a Western dragon slowly formed.

Its blood-colored eyes lit up, and it spat out gray mist. Its entire body emitted gust-like fluctuations, and the entire Dragon God Palace suddenly trembled because of its appearance.

In the Dragon Palace mystic realm, the bloodlines of those creatures with dragon bloodlines also began to tremble at this moment. They looked in the direction of the Dragon God Palace in confusion, not knowing what had happened.

Buzz!

After the black dragon appeared, its body kept enlarging. It suddenly stretched out its hand and grabbed the Dragon Emperor, its eyes flickering.

Seeing this, the Dragon Emperor's expression changed drastically, but he felt that it was difficult to even move. The dragon pet in the Beast Taming Space was even worse off than his state!

"Not good, Long Qingyun, dodge quickly!" The Ancient Dragon God immediately shouted anxiously.

Under the bloodline pressure, it was actually difficult for it to move. It was still overcoming it!

After they sensed the powerful power of this dragon's soul, they were all shocked. They felt that the power of this dragon's soul was more than several times stronger than that of the old Dragon God of Dragon Palace City.

Who exactly was this guy!

The Dragon Gods of the two eras were stunned by the power of the World Annihilation Dragon.

"Hey, hey, hey, I woke you up. Why are you looking for him?" Just as the World Annihilation Dragon reached out to the Dragon Emperor, a voice sounded.

This voice seemed to have broken through the frozen space. The Dragon Emperor retreated in relief and panted crazily.

As he retreated as if he was facing a great enemy, the young Dragon God immediately swayed and retreated with a cautious expression.

In fact, apart from them being very stunned, Shi Yu was also very stunned.

"What's wrong with this guy?" At this moment, Shi Yu and Eleven also looked at the Mythical remnant soul in confusion.

Logically speaking, a Mythical remnant soul should be even weaker than those gods who had awakened from their sleep, but why did it feel that this guy was so fierce?

It gave Shi Yu the feeling that it was almost close to the Phoenix Man's Phoenix.

"I seem to have awakened some impressive guy," Shi Yu muttered to himself as he looked at the revived Demon Dragon.

"Dragon Emperor, do you know where this guy comes from?"

When Shi Yu asked, the World Destruction Demon Dragon and the Dragon Emperor looked at Shi Yu.

"#¥@%¥#@¥"

The Dragon Emperor, who had retreated, cursed. This guy didn't know what was in the ruins, so he woke it up casually?

How could he want to kill someone he didn't know?

Although he didn't know the operating principle of Shi Yu awakening the divine dragon's remnant soul with just a few words, the Dragon Emperor gritted his teeth in hatred towards Shi Yu.

He originally wanted to deal with such a dangerous guy alone and try to come into contact with him. Shi Yu's arrival caught the Dragon Emperor off guard, and he was completely unprepared.

This time, it was over. Something big was about to happen. The Dragon Emperor felt that it was troublesome.

Shi Yu, this... This guy seems to be another side of the Ancestral Dragon! The World Destruction Demon Dragon is separated from the Ancestral Dragon!!

Because it wanted to replace the Ancestral Dragon's main body and destroy the Blue Planet, it was suppressed by the Ancestral Dragon. It's a very dangerous guy. I didn't expect it to still be alive!

In the Beast Taming Space, Qi and Ling reminded Shi Yu with pleasantly surprised expressions.

It was a top-notch Mythical resource!

"What?"

Shi Yu had already sensed that the big guy in front of him was extraordinary. At this moment, when he learned its identity, he was stunned.

"You're the clone of the Ancestral Dragon?" Shi Yu asked in shock.

Upon hearing that, the expressions of the two Dragon Gods and the young Dragon Emperor changed.

The Dragon Emperor didn't expect Shi Yu to also recognize the other party's identity. This way, his guess was even more confirmed.

If it was really that guy, he might encounter the greatest crisis in history.

"Ancestral Dragon..."

The two Dragon Gods were purely shocked.

Compared to humans, as dragons, they were clearly more sensitive to the word Ancestral Dragon.

As for the World Annihilation Dragon, that was a more sensitive term.

Even the dragon race was very afraid of this ancestor. It could be said that the dragon bloodline was very lucky to be passed down. With what the World Annihilation Dragon had done at that time, it was reasonable for this race to be completely destroyed.

"Roar!!!!!!!"

At this moment, the one with the most intense emotional change was the World Annihilation Demon Dragon, whose movements were interrupted.

It was awakened by Shi Yu's special telepathy. It originally planned to communicate with Shi Yu after it was done with its things.

But now, it had the urge to crush Shi Yu again.

"Ant, who are you calling that guy's clone??" Its huge head was high and mighty as it looked down at Shi Yu and Eleven beside his leg.

Boom!!!

An Asura-like death aura pushed in all directions like illumination from the World Annihilation Dragon.

"Not good..."

The young Dragon God was forced back again. Waves of the dragon's might came from the Dragon Emperor's body. Nine dragons appeared and protected his body, but they couldn't help but retreat.

Everyone was shocked by the power of the World Annihilation Dragon, but at the same time, they were worried about the current situation.

"Can you not randomly use deterrence?" At this moment, Shi Yu covered his face with his arm to block the killing intent and bad breath. He couldn't help but say.

Chapter 1264: Wuwu Dragon God Palace, My Dragon God Palace (2)

What was going on?

He originally thought that the Mythical Ruins that recognized the Dragon Emperor as its master was at most a low-level god behind the scenes.

In the end, it was the dragon ancestor separated by the Ancestral Dragon?

A guy with peak strength comparable to a top-notch god?

Logically speaking, shouldn't such a guy be unable to stay on the Blue Planet?

However, Shi Yu looked at its state. At the moment, it was only a remnant soul. It couldn't be considered a complete World Destruction Demon Dragon at all. Perhaps this was why it could still stay on the Blue Planet?

Alright, as long as he didn't lose out!

There were no feelings involved. It was all business.

"It's actually you!" At the same time, the transmigrated Dragon God, who had been secretly paying attention, also had a complicated expression.

She naturally knew the legend of the Ancestral Dragon splitting into two.

So the Dragon Emperor at that time was facing an enemy of this level alone?

In fact, what the Dragon God wanted to know the most when she followed Shi Yu this time was whether the Dragon Emperor had successfully dealt with that Mythical remnant soul.

According to various signs, the outcome was that the Dragon Emperor and the Mythical remnant soul perished together. However, the Dragon God couldn't be sure.

At this moment, after determining the identity of the Mythical remnant soul, the Dragon God had momentarily conflicting feelings. Even if she acknowledged the Dragon Emperor's strength, she was a little hesitant.

She didn't think that the Dragon Emperor could defeat the other side of the Ancestral Dragon. After all, although it wasn't a complete individual and was only a remnant soul, the ancestor of the dragon lineage was still in existence with top-notch divine battle power at the peak.

However, even if the Dragon Emperor couldn't deal with the Mythical remnant soul... it didn't matter.

As long as the remnant soul of the World Annihilation Dragon was still alive, when they returned to the original space and time, they could continue to take revenge for the Dragon Emperor!!

[Shi Yu, do you need help?] the Dragon God asked telepathically.

"There's no need."

"So be it. Why are you roaring so loudly?" Shi Yu lowered his arm and looked at the dragon opposite him with disdain.

"Roar!!!" The remnant soul of the World Destruction Demon Dragon roared and looked at Shi Yu and the others fiercely.

If it weren't for the fact that there was something it still wanted to understand from Shi Yu, it really wanted to crush this human with a claw.

"Ant, remember my true name, the World Annihilation Dragon."

"Yes, yes. The World Annihilation Dragon, right?" Shi Yu looked at the surrounding Ancient Dragon God and the Dragon Emperor, who were still in a cautious state, and said,

"This guy doesn't look like a good dragon at a glance. When I beat it up later, you won't help it, right?"

"Don't interfere. This guy is my hunting target." Shi Yu gritted his teeth and revealed a smile, his eyes bright.

"As for you guys, just watch obediently from the side and protect Dragon Palace City."

At this moment, as Shi Yu finished speaking, the World Annihilation Dragon was suddenly furious.

"You have a death wish!!"

The Ancient Dragon God and the Dragon Emperor were also a little stunned.

What exactly was the background of this human?

After knowing the other party's identity, what nonsense was he saying?

Did he really want to hunt the remnant soul of the World Annihilation Dragon?

At that moment, the brains of the Ancient Dragon God and the Dragon Emperor were still in a mess. Because things had completely exceeded their imagination and the scope of their ability to solve them, they didn't know what to do for a moment.

However, there was no need for them to make a choice. In the next moment, what stunned the Ancient Dragon God and the Dragon Emperor was that Shi Yu really attacked.

The black and white bear that had been following Shi Yu rushed out.

In the face of the deterrence of the World Destruction Demon Dragon, it was completely calm.

Although they had just realized that this black and white bear was very strong, seeing it attack so calmly, they still couldn't imagine it.

The World Annihilation Dragon was the true ancestor of the dragon race.

It was at the top of the creatures.

In theory, any life form was subject to its suppression, but this black and white bear collided with it like flowing water!

"Wuu!! (Eleven works, Chi Tong eats more, charge, charge!)" Eleven roared.

Zi. Zi. Zi.

With a flash of black and white lightning on its body, nine Iron-eating Beast phantoms appeared on its body. With a boom, under the enhancement of these phantoms, it turned into a bolt of lightning. As the floor of the Dragon God Palace shattered and space trembled, the World Annihilation Demon Dragon couldn't believe that there was actually an ant who dared to challenge it. It immediately waved its angry dragon claws!!

Boom!!!

Under the incomparable collision, the surrounding Dragon God Palace instantly turned into powder. Eleven's figure stopped in midair and collided, but it was stopped by the World Annihilation Dragon's dragon claw. The two parties were at a stalemate. Between the dragon's claw and its body, the energy tide was violent, like an erupting volcano, constantly leaking and shaking everything.

The dazzling buildings of the Dragon God Palace were shattered by the aftermath of this leak.

Seeing this, the expression of the Ancient Dragon God changed.

After all, this Dragon God Palace was specially built with many very expensive and rare materials in order to ascend the throne.

At this moment, probably only the Dragon God herself paid attention to her aggrieved gaze and broken heart when she was young.

She couldn't help but sigh.

Forget it, this was a worldly possession. When she was young, she wasn't mature yet. At the moment, the most important thing should be the battle.

"Is that all?" At this moment, a claw blocked the impact of Eleven. The remnant soul of the World Annihilation Dragon sensed Eleven's power and sneered.

"Turn into dregs." However, at this moment, sensing that Eleven's strength was still increasing and even wanting to defeat it in the power collision, the World Annihilation Dragon continued to show a disdainful expression. Its other dragon claw was smashed over again!

This time, it wasn't an ordinary attack. There was also a strong destructive power wrapped around it. Under the trembling of the sound of laws, not only the Dragon God Palace, but the entire island began to collapse, and the entire Dragon Palace mystic realm began to tremble.

Unscientific Beast Taming

Chapter 1265: Wuwu Dragon God Palace, My Dragon God Palace (3)

Even outside the Dragon Palace, the changes in the currents became chaotic. Countless sea creatures seemed to have sensed the arrival of the cataclysm and fled.

An attack that contained the power of the Destruction of the World!

Such a quasi-divine skill directly made the expressions of the Dragon Emperor and the Ancient Dragon God change drastically, and they were continuously moved.

"Tian, let's help this bastard. At this rate, forget about Dragon Palace City, a huge disaster will happen to the entire Blue Planet!" the Dragon Emperor said to the Ancient Dragon God.

"Alright!" Due to the suppression of its bloodline, the Ancient Dragon God really couldn't resist at this moment. However, in the face of the Dragon Emperor's words, it still nodded heavily.

However, just as the two of them decided to help Shi Yu, they suddenly stopped and were stunned by the scene in front of them.

"What's this?!"

The World Annihilation Dragon didn't smash out with the Destruction Dragon Claw attack. Instead, it suddenly stopped in midair. This was because Eleven, who was opposite him, also stretched out its palm. On it, the Yin Yang Millstone spun, and the destructive power similarly emitted the sound of laws. Under the interweaving of the two sounds of laws, it was as if the world had been destroyed. Countless cracks appeared on Dragon God Island, and it swayed.

The terrifying big moves were both in the hands of both parties.

In terms of destructive power, they were on par.

"Go ahead, hit us." Shi Yu was amused. He could tell that the World Annihilation Dragon opposite was putting on an act.

Although the other party was strong, it wasn't that strong either. In this era before the revival of the laws, there were more things they were afraid of.

"You don't want the soul that's finally about to recover from its restoration to be injured again, right?" Shi Yu couldn't help but chuckle when he saw the current situation of the World Annihilation Dragon's remnant soul.

At this moment, looking at Eleven's skill, the pupils of the World Annihilation Dragon's remnant soul constricted. It couldn't believe that the attack had never been thrown, and Eleven opposite was also maintaining restraint.

At that moment, when they saw the World Annihilation Claw Attack of the World Annihilation Dragon's remnant soul and the Yin Yang Millstone in Eleven's hand, the Dragon Emperor and the Ancient Dragon God had incredulous expressions.

These two guys were both monsters.

It was fine if the World Annihilation Dragon mastered such a powerful skill, but what was wrong with the guy opposite?

However...

If this continued, the entire Dragon Palace City would be destroyed by their battle.

"If this continues, neither of us will gain any advantage."

"What did you mean just now? What do you know? Who exactly are you? Your goal shouldn't be as simple as provoking me, right?" At this moment, after the remnant soul of the World Annihilation Dragon sensed Eleven's power, it wasn't that aggressive anymore.

He wanted to sit down with Shi Yu and communicate well.

Seeing this, the expressions of the Ancient Dragon God and the Dragon Emperor tensed.

However, in the next moment, their eyes widened in unison. They saw the black and white bear slap over, making the pupils of the World Annihilation Dragon tremble. It roared and smashed its dragon claws over too!

Boom!!!

The attacks of the two parties collided, and the power of the Destruction World bloomed. Just as the Ancient Dragon God and the Dragon Emperor were shocked and thought that Dragon Palace City was about to be destroyed, something unexpected happened.

Outside the aftermath, the world had just formed. Shi Yu and the others were directly pulled into another starry sky world by Buggy through the Creation Domain.

With a violent sound, the World Destroying Demon Dragon and Eleven flew backward and were smashed into two asteroids in the aftermath.

The Ancient Dragon God and the Dragon Emperor looked around.

Then, he saw a righteous scene.

A group fight.

"Roar!!!" The angry roar of the World Annihilation Dragon came from the starry sky. The color of the vast sky instantly changed, dyeing it dark blood red.

But then, the World Annihilation Dragon's remnant soul was stunned.

He looked at the dragon's body, which was like a god of creation higher in the starry sky, and the huge claw it smashed over.

Another demigod enemy!

"The power of creation?"

At this moment, it thought that the Ancestral Dragon had arrived, but when it saw the appearance of the huge Green Dragon God circling the starry sky, it realized that it was wrong. However, this power that exceeded everything, the World Annihilation Dragon's remnant soul thought that it wasn't wrong.

It blocked in shock, but it was instantly sent flying by the huge claw that covered the sky like a rubber ball, along with the asteroid.

Boom!

The asteroid shattered and turned into cosmic gravel, while the World Annihilation Dragon's spiritual body continued to fall into the starry sky like a meteor.

"Green Dragon?!!!" At this moment, the Dragon Emperor, who was watching, sensed the loss of the power of the pile of Green Dragon faith tools he carried. He couldn't help but look at the Green Dragon in the starry sky in shock and disbelief.

This was a Green Dragon?

In the next moment, the young Dragon God and the Dragon Emperor were shocked to discover that another asteroid had shattered.

"Roar!!!"

It was Eleven, who had been sent flying like the World Annihilation Dragon just now. Because its body was intact, its current defense was much stronger than the World Annihilation Dragon.

It was nothing to withstand the aftermath just now.

Eleven enlarged in the starry sky and turned into a cosmic behemoth thousands of meters tall. In the roar, it slapped again. The Wex Palm, surrounded by black and white lightning, directly sent the World Annihilation Dragon flying again under the dizzy consciousness of the remnant soul.

The direction it was sent flying was where Shi Yu and the others were.

Seeing that the remnant soul of the World Annihilation Dragon had been transmitted, Shi Yu's expression was calm.

Under the incredulous expressions of the young Dragon God and the Dragon Emperor, it turned into a red-haired and red-eyed posture, spreading soaring flames. It held a red sword spirit and slashed out a sword light that was enough to crush stars.

Boom!

Under the vibration of the starry sky, the sword light flew out and instantly divided the World Annihilation Dragon's remnant soul into two.

The remnant soul of the World Annihilation Dragon encountered the attack that countered Stats the most. Its originally unconscious consciousness instantly woke up, but after sensing its state, it immediately let out a miserable roar.

"Roar!!!"

The voice shook the starry sky, filled with confusion.

Chapter 1266: Wuwu Dragon God Palace, My Dragon God Palace (4)

"Who... exactly are you?"

Its voice gradually turned from rough to weak.

"Don't say it so early. How do you know I can't defeat you before the end?" As Shi Yu finished speaking, he put away his sword and imprisoned the World Annihilation Dragon's remnant soul in Chi Tong's undead space.

Crack.

In the next moment, the Creation Domain shattered. After Shi Yu finished work, everyone returned to the Dragon Palace mystic realm.

Shi Yu also exited the possession state, leaving a that had almost deflated floating back to Shi Yu's side. Shi Yu smiled and paid attention to the remnant soul of the World Annihilation Dragon in Chi Tong's undead space. He felt that he had gained a lot.

"This..."

At this moment, the Dragon God who had come with Shi Yu was still alright, but the Ancient Dragon God and the Dragon Emperor had already completely lost their ability to think. They looked at Shi Yu and couldn't believe what they had seen and sensed.

The true ancestor of the dragon bloodline separated by the Ancestral Dragon, the remnant soul of the World Destruction Dragon, was killed effortlessly by the Beast Tamer in front of him?

Those were... three demigod levels just now?

They were certain that, be it the black and white bear, the Green Dragon, or the undead that possessed Shi Yu, they were all demigod-level lives.

The person in front of him actually contracted three demigod-level pets?

Who exactly was he... The current them, like the World Annihilation Dragon just now, were once again deeply confused by Shi Yu's identity.

At the same time, they retreated again as if facing a great enemy.

"Don't worry, I said I'm not the enemy. My goal is only it," Shi Yu said. "The remnant soul of the World Annihilation Dragon, its undead crystal, should contain top-notch world-destroying laws. If it was at its peak or in an era where laws revived, it would definitely be extremely difficult to hunt it."

"This time, I picked up a bargain." Shi Yu smiled.

No matter how strong the World Annihilation Dragon was, in this era with incomplete laws, it was at most at the demigod level.

Moreover, it was a remnant soul. In terms of individual battle power, it was at most comparable to the Phoenix Man's Star Phoenix. It was simply too easy to deal with.

At this moment, as Shi Yu finished speaking, the Ancient Dragon God and the Dragon Emperor were shocked.

Shi Yu chased after the remnant soul of the World Annihilation Dragon for resources?

The target was a resource dropped by a top-notch god after its death? Did this make sense?

Both parties opened their mouths wide. They had never seen it before, nor did they dare to imagine that there would be such a crazy Beast Tamer.

[Stop teasing them.] At this moment, the Dragon God, who had come with Shi Yu, couldn't stand it anymore and couldn't help but send a helpless voice transmission.

She felt that with Shi Yu's help, she and the Dragon Emperor in the past would gradually have a wrong understanding of the world.

Alright, alright, alright. Seeing that the Senior Dragon God had spoken, Shi Yu immediately nodded.

"By the way, you should know that there's such a thing in the ruins you're carrying, right?" At this moment, Shi Yu asked the Dragon Emperor.

"Have you thought about what method you would choose and where to deal with it if I didn't appear?"

"What do you want?" The Dragon Emperor was still rather cautious.

Shi Yu was silent. What else could I want?

If your plan fails, perhaps I can still rely on clues to kill the remnant soul of the Origin Space-Time World Annihilation Dragon that you haven't resolved!

At that time, I will have double the resources!

"Forget it, there's no hurry. Think about it carefully. In short, I've helped you solve such a big hidden danger. You can invite me to participate in the Dragon God Ascension ceremony and treat us to a meal, right?" Shi Yu asked.

"Wu wu wu!!!" Eleven, who was beside Shi Yu's leg, also raised its hand.

Food, food!

Give Shi Yu food quickly. They couldn't let Shi Yu snatch its bamboo anymore.

The Ancient Dragon God and the Dragon Emperor looked at each other and fell into deep thought. Although they felt that these guys had mysterious origins, they really didn't look like enemies??

The request was only as simple as eating.

"Sure," the young Dragon God said after a moment of silence.

"It's over." Upon hearing her young self say this, the Dragon God from a thousand years later fell silent. She felt that her young self's coronation banquet might fail midway.

Chapter 1267: Top-notch Divine Resources Times Two (1)

Wu wu wu wu wu~

Roar, roar, roar~

Yiya, ya, ya~

Delightful cries resounded on an island in the Dragon Palace mystic realm with the background music released by Ling.

"Little ones, eat to your heart's content. Don't stand on ceremony."

Shi Yu held the Dragon Blood Wine and gulped it down. Although he felt that it was disgusting, it would be a pity not to drink such a precious thing.

"Nom!" Eleven wolfed down the metal resources like a crazy bear.

Although Buggy had evolved into a dragon, it still continued its eating habits during the worm era and ate legendary fruits.

Baby Ginseng, on the other hand, gulped down rare water and watered itself.

Although Shi Yu and the others had just eaten before coming, they were consuming it at a high speed at all times. It was equivalent to eating breakfast and lunch. It wasn't a problem at all.

"Lord Dragon God... No, something's wrong!"

The Turtle Prime Minister, who was in charge of the coronation banquet, ran over to report to the Dragon God with tears in his eyes. "The high-level food prepared for the overlords and totems at the coronation banquet has already been consumed halfway in just 10 minutes."

"If this continues, after the coronation banquet starts... the Dragon Kings might not even have food."

The Dragon God : "..."

The Dragon Emperor : "..."

"We saw it."

The two of them had actually seen it the whole time. Shi Yu summoned another pile of monster pets. All of them had shocking appetites. Even Shi Yu's appetite was comparable to that of a totem dragon. It really made the Dragon God and the Dragon Emperor speechless.

They originally thought that Shi Yu's words of "inviting me to a banquet and treating me to a meal" were just polite, but they didn't expect it to be a trap.

With just Shi Yu summoning this pile of guys, it might not be long before he could eat Dragon Palace City up just by eating.

Other people were basically sleeping at the demigod level...

Shi Yu, on the other hand, brought several demigods to fight every day. If they didn't starve, who would?

"Shi Yu, Shi Yu, I've already disintegrated that remnant soul." The mini sword Ji Chi Tong, who was sitting on the floating spiritual sword, didn't eat the food of Dragon Palace City with everyone. Instead, it was disintegrating the remnant soul of the World Annihilation Dragon alone.

After the decomposition was completed, it immediately communicated with Shi Yu telepathically.

"How is it? Did you obtain any useful information?" Shi Yu asked.

Chi Tong shook its head and said, "No, the other party's memories are all incomplete. This should be a little remnant soul that escaped after being suppressed by the Ancestral Dragon back then. Apart from some skill EXP, there's almost no useful information left. However, the other party is indeed guiding the Dragon Emperor step by step, wanting to nurture him and the nine dragon pets into his body."

"Since you don't have it, forget it. You absorb it." Shi Yu took a bite of a prawn leg.

"Alright~" Chi Tong was very happy. It felt that the Destruction EXP mastered by the World Annihilation Dragon was very compatible with the Vermillion Bird Divine Fire.

"There's no hurry. Let's talk about it when your Spirit Release proficiency is high. When the time comes, the Effect of the Spirit Release will be better," Shi Yu said.

The Destruction Law was also the prototype of a top-notch law, corresponding to the Creation Law.

Back then, when the Ancestral Dragon was in its complete form, it mastered the two top-notch laws of creation and destruction. It was very powerful, so it was known as the Dragon of Creation and Destruction.

However, in fact, it proved that mastering two opposing top-notch laws wasn't necessarily a good thing.

Because of this, the Ancestral Dragon was at a bottleneck for a long time. Only when it separated from the World Destruction Dragon did its strength improve.

It was also because of the impressive titles of the Ancestral Dragon Creation and the Dragon of Destruction that, after the Green Dragon Legendary was created, in the future, people placed it side by side with the Green Dragon.

But in fact, although the Ancestral Dragon was very strong, the power it mastered was still a little different from that of the Green Dragon.

In terms of the quality of the divine skill alone, the creation law contained in Buggy's creation domain was clearly above the creation law of the Ancestral Dragon. After all, the creation law was the ability of planet-type life forms to open up a world. Of course, Buggy couldn't be considered to have mastered the complete creation law now. It needed to rely on the power of faith to use it, and the restrictions were too big.

But when Buggy left the power of faith and could also use the laws of creation, it would definitely be much stronger than the Ancestral Dragon.

This was also suitable for Eleven and the World Annihilation Dragon.

In Shi Yu's opinion, Eleven's Destruction Law was also more practical than the World Annihilation Dragon's Destruction Law. Although these two divine skills were similar, the former was actually more microscopic, while the latter was more macroscopic.

In terms of destroying a country, perhaps the World Annihilation Dragon was better, but in terms of destroying the enemy's battle intent, stats, memories, and deeper things, Eleven's Yin Yang Millstone was better.

Shi Yu estimated that when Eleven's Yin Yang Millstone level increased, it should be able to even obliterate Baby Ginseng's time mark and make its revival fail.

"If the original space and time still have the remnant soul of the World Annihilation Dragon, I'll refine it for Little Ji."

Shi Yu muttered to himself in his heart. It was relatively difficult for Eleven to absorb this. The types of resources didn't match, and the benefits were decreasing. On the other hand, Little Ji, as a mechanical life form, didn't refuse anything. It could let Ling help modify and evolve.

Its Cataclysm Skill was only a Normal divine skill, but due to its nature, it was more compatible with the Destruction Law. After absorbing it, it could undoubtedly make the divine skill stronger, and the cost-effective ratio was extremely high.

"Roar?" Little Ji, who was eating dirt, raised its head slightly and looked at the thoughtful Shi Yu. Although Shi Yu had yet to say anything, it kept feeling like something good would happen recently.

After watching Shi Yu, Little Ji looked at the young Dragon God and the Dragon Emperor who were walking over.

"Sir Shi Yu, are you satisfied?" The young Dragon God looked at the messy food on the ground in pain.
