

Beast Tamer 77

Chapter 77: Who else would I worry about if not Him!? 1

Within the Yuanhe District of the Imperial City, on Falling Moon Street, the headquarters of the Ten Thousand Treasures Commerce housed a distinct tower-like structure.

Previously, this tower-like feature was a hotel employed by the Ten Thousand Treasures Commerce to accommodate special guests.

At the bare minimum, the guests residing in this hotel would be second-tier partners of the Ten Thousand Treasures Commerce.

Now, the Ten Thousand Treasures Commerce has purposely emptied this tower-like structure to provide residence for Fang Yuan and others.

The news circulating within the commerce happens at an extremely quick pace.

The news about Fang Yuan intending to take the initiative and his team of Golden Gloves was already widespread within the Ten Thousand Treasures

Commerce.

This situation is equivalent to sweeping the foundation of the Ten Thousand Treasures Commerce.

Even if Chairman Tang Xiao highly values Fang Yuan, he should be so infuriated to settle accounts with Fang Yuan!

Why would he make this hotel, previously used for accommodating special guests, available for Fang Yuan and the group deemed as “traitors”?

This matter has grown increasingly severe over the past few days.

Practically it has become a popular topic of discussion during tea and meal times for everyone within the Commerce.

Upon learning about this matter, Tang Xiao specially convened an internal meeting for the commerce.

During the meeting, Tang Xiao personally appeared and appointed Jianmu Commerce Association, which Fang Yuan is preparing, as the top-tier partner of the Ten Thousand Treasure Commerce.

Please note, prior to this, the Ten Thousand Treasure Commerce only had two first-level partners and did not have any top-tier partners at all.

Only sibling commerces would regard each other as top-tier partners in the commercial field.

Those within the commerce who did not understand the scenario were taken aback by Tang Xiao's words, almost thinking that Tang Xiao had gone mad.

But, soon enough, as Tang Xiao voluntarily allocated several resources of the

Ten Thousand Treasures Commerce to Fang Yuan,

Those individuals within the Ten Thousand Treasures Commerce who were previously oblivious became aware that either Tang Xiao was preparing to invest and promote his "son-in-law" Fang Yuan, OR Fang Yuan has climbed up to a background that even Tang Xiao dare not to offend.

Only these two possibilities could reasonably explain why Tang Xiao would carry out such actions.

Inside the Ten Thousand Treasures Commerce, the fact that Tang Xiao's daughter Tang Lingxi fancies Fang Yuan is widely known.

However, after further pondering, most individuals leaned towards the latter speculation.

If Tang Xiao really wanted to support Fang Yuan, there would absolutely be no need for such elaborate arrangements.

He also promised to make them the top-tier partner!

To understand this – a commerce can have only one or two top-tier partners at most. Once a Top-tier partner is selected, it's hardly possible to be picked by another major commerce as their top-tier partner.

Tang Xiao has been busy for the past six months trying to find a top-tier partner with a strong background to break the current deadlock of the Ten Thousand Treasures Commerce.

He intended to let the Ten Thousand Treasures Commerce develop once again, so it could permanently reside in the upper ranks of the commercial circles.

Therefore, Tang Xiao would not resort to proportioning his resources this way. Many within the Ten Thousand Treasures Commerce are acquainted with Fang

Yuan.

Fang Yuan quickly became the leader of the Golden Gloves procurement division, causing jealousy amongst other employees.

Now because of this incident, Fang Yuan's image suddenly becomes mysterious.

Many people are privately studying what kind of background Fang Yuan might have.

For the ordinary employees of the Ten Thousand Treasures Commerce who are guessing wildly, there is no way to verify their speculations.

However, Tang Xiao is very clear about Fang Yuan's abilities.

Not too long ago, Tang Xiao managed to trade several hundred bottles of Life Elixir with a purity of sixty percent from Fang Yuan.

The actual Life Elixir confirmed Tang Xiao's belief in the reliability of the creator that Fang Yuan had discovered.

Additionally, the ability to produce such a large quantity of Life Elixir shows that it is not only a single creator providing resources for Fang Yuan.

This reassured Tang Xiao.

For the past few days, Fang Yuan has been getting the least amount of sleep in his life. He couldn't even manage two hours daily.

Only when he was extremely tired, he would take a nap.

However, Fang Yuan didn't feel tired at all. On the contrary, he felt extremely fulfilled, as if his life was full of hope!

With the money in hand, Fang Yuan did not immediately proceed as before, distributing it to Fang Qin, Yan Wood and Fang Mu.

Instead, he planned to buy suitable Guardian Beasts for Fang Qin and Yan Wood.

Fang Qin's element bonded well with aquatic sovereign beasts of the ice attributes. Among these beasts, some possessed the Dragon Bloodline.

Fang Qin's Destiny Guardian Beast had beneficial effects on Dragon race Guardian Beasts.

Beasts with a hint of Dragon Bloodline were extremely costly. It would be challenging to procure them even with several million Dragon Rising Coins!

So far, besides her Destiny Guardian Beast, Yan Wood had only contracted one Guardian Beast.

For Yan Wood, to perform well in the club, it is imperative that she contracts a second Guardian Beast.

Yan Wood is compatible with Crane Beasts, which are nobles among the bird Guardian Beasts.

Previously, Fang Yuan didn't have the opportunity to buy powerful Guardian Beasts for Fang Qin and Yan Wood.

But now, as long as he saves up money, perhaps he could solve Fang Qin and Yan Wood's Guardian Beast issue by the end of this year.

After resolving Fang Qin and Yan Wood's issues, aside from covering the daily expenses of Cultivating Beasts.

Fang Yuan plans to utilize his connection with Jianmu, in hopes of finding a middle-level or even advanced Creator to properly teach Fang Mu.

No matter the cost, Fang Yuan is willing to spend!

As for his future role as a Red Sleeve for the Jianmu Commerce Association, his primary responsibility will be overseeing the association's management.

Regarding the enhancement of his powers, he can afford to slow down.

Fang Yuan was looking at the stack of documents in his hands, only to see double.

Fang Yuan blinked hard, rubbed his temples, and prepared to finish reading this site selection plan.

Then, choose the most suitable place to build the headquarters of Jianmu Commerce Association from multiple locations.

Lu Bo, who had been standing aside, couldn't bear to watch anymore.

He stepped forward and snatched the documents from Fang Yuan's hands, saying.

"Boss, you can't keep burning the candle at both ends like this!"

"Yesterday, you napped on the couch for half an hour. Today, you fell asleep on the dining table for forty minutes after lunch."

"Even though you are a Beast Master with stronger physical abilities than ordinary people! "

"If you keep going like this, you'll drop dead from over-exertion!"

"Setting up a commerce association isn't something that can be done in a day anyway!"

"Our progress has been so fast that even the most nitpicky people wouldn't have anything to complain about!"

Lu Bo had always known that Fang Yuan is a diligent worker.

But diligence doesn't have to mean working oneself to death!

Upon hearing this, Fang Yuan put the documents on the table.

"Once things here are on track, I plan to go home for a while."

“I really need to get some sleep now, or my mind will be clouded, and I might overlook things during the site selection process!”

Lu Bo was slightly taken aback upon hearing this, then he said.

“I think only your younger brother still lives in your house, right!?”

“Your sister and your other sister live somewhere else, you really are a brother-obsessed guy!”

While expressing his astonishment, Lu Bo once again recognized how committed Fang Yuan is.

The reason Fang Yuan is resting now is not because he’s tired.

It’s because his current state is not conducive to thinking, and he’s worried there will be oversights in the site selection process!

No wonder Fang Yuan was able to win the recognition of the Creator.

Without acknowledging Lu Bo’s teasing, Fang Yuan said as if it were self-evident.

“That’s my brother! If I don’t care about him, who should I care about!”

Fang Yuan noticed that Lu Bo and the other members of the team have gradually changed the way they address him.

They’ve changed from calling him ‘buddy,’ ‘bro’ to ‘boss.’

Fang Yuan didn’t correct them.

To help Jianmu manage the commerce association well, he must establish his authority within the association.

If a team doesn't have clear rules and regulations, and relies solely on the bonds of brotherhood to operate.

They will never get things done!

At the beginning, the Ten Thousand Treasures Commerce had gone down this winding path.

Having Tang Xiao's experience in front of him, Fang Yuan naturally wouldn't make the same mistake.

Hearing Fang Yuan's reaffirmation about being brother-obsessed.

Although Lu Bo's face looked disgusted, he was extremely envious in his heart!

He also has a brother with the same parents.

But he and that "little runt" just can't see eye to eye!

They can't talk for two minutes without throwing a glare at each other!

If he glares at the "little runt," he would tattle-tale!

Taking advantage of his younger age, his tears would come at will!

Is it really suitable for a boy to be this "green tea" from a young age?

Because of this, Lu Bo has gotten scolded a lot by the old man in his family.

Having a younger brother is not cute at all!
