

Beast Tamer 81

Chapter 81: Rated SS!_1

On the top floor of the Jinghai “Scavenger” Division, Feng Lin was, as usual, tending to the vine plants in her office.

Feng Lin was nurturing so many vine plants, she even needed the assistance of the platinum-class Epic Quality Hundred Lilies Flower Child.

It was all in an attempt to test the resistance of these vine plants to various alien beast toxins.

After inspecting the changes in the various vine plants over the past week, and cleaning out more than a hundred dead vine plants, Feng Lin sighed softly.

Using vine plants to green and improve the land contaminated by alien beast toxins was proving to be a difficult task!

Indeed, a few vine plants showed excellent resistance to various alien beast toxins.

But culturing these types of vine plants was too costly!

It would be more beneficial to invest these resources in training more Scavengers.

The Hundred Lilies Flower child, hearing Feng Lin's sigh, quietly approached Feng Lin.

Gently embracing Feng Lin's waist, she spoke in a soft tone.

"Don't sigh Momma, you'll get wrinkles if you do!"

"Nini will take even better care of these vines!"

Hearing this, Feng Lin immediately bent down and picked Nini up, pressing her cheek against Nini's and said,

"Nini, later I'll accompany you to take the life elixir and wood element potions with a purity of 90%

We'll strive to help you break through to Legendary Quality!"

Recently, Feng Lin had been hesitating, but finally decided to invest the high-star Creator resources she had obtained from Teacher Fang Mu on Nini.

Although her Guardian Beast needed life potions with a purity of ninety percent for its strength upgrade,

The effect of a bottle of life potion for the sequential Guardian Beasts was far less significant than the improvement it would offer Nini.

Although Feng Lin had not made a contract with Nini,

Nini had always regarded herself as her mother, and Feng Lin naturally regarded Nini as her daughter!

The Armored Fish inner armor and Spider Flash Ring promised to Fang Mu, were already forged by Feng Lin.

The present Feng Lin had become Fang Mu's exclusive Spirit Forging Master.

Therefore, even when forging two pieces of lower silver quality spiritual instruments, Feng Lin was still extremely meticulous!

She was very satisfied with the Armored Fish inner armor and Spider Flash Ring she made!

Both, as dual-attribute spiritual instruments, had met Fang Mu's design demands laid out in the blueprints.

Feng Lin planned to deliver these two lower sliver quality spiritual instruments to Fang Mu when he came to the “Scavenger” division again in a few days.

Once Fang Mu handed over the two bottles of Spiritual Liquid to her, Feng Lin had no doubts about Fang Mu’s Grandmaster Creator as a mentor!

Feng Lin also had this matter reported to the headquarters of the Scavengers.

And was currently waiting for a response from the headquarters.

Fang Mu did break the record in the underage group of the Scavengers, but his situation still needs to be reviewed internally by the Scavengers.

According to Feng Lin’s estimation, considering Fang Mu’s talent and formidable background, he should be able to be at least rated S-rank!

Even S+ was not impossible!

Just as she was pondering, the phone on Feng Lin’s desk rang.

The telephone in Feng Lin’s office was affiliated with the Scavengers’ internal line.

Those allowed to call her directly, without advance notice,

Included Knights of the Green Screen in other provinces and three Bishop Flowers presiding in the headquarters.

Generally, even among Green Screen Knights, they prefer to use private phone calls instead of internal channels.

So Feng Lin was pretty sure that the call must be from one of the Bishop Flowers.

Feng Lin picked up the call as quickly as she could.

A gentle and kindly voice came from the phone.

“Xian Lin, I have already discussed the situation you reported with those two guys!”

“Your Jinghai Division has truly picked up a treasure!”

Hearing the voice from the telephone, Feng Lin was visibly relieved,

Thank goodness it was the call from Dragon Mother!

If it had been Light Song or Ninth Sacrifice, Feng Lin would have had to weigh every word she spoke!

Light Song was a stickler for detail, while Ninth Sacrifice could certainly be described as hard to deal with!

Feng Lin responded without hesitation to the Dragon Mother's compliment about Fang Mu.

"Indeed, we in the Jinghai Division have picked up a treasure!"

"You, Light Song, and Ninth Sacrifice, have all seen Fang Mu's information."

"However, data is just data. You need to meet Fang Mu in person to realize that he is much more mature than his peers!"

"Also..."

Feng Lin's words were cut off by the pleasant voice on the other end of the phone.

“Little Lin, it’s rare to hear you praise someone like this!”

“It’s not just because he’s from your Jinghai Division, right?!”

As soon as Feng Lin heard this and was about to defend herself, the kindly voice on the other end had already continued with a laugh.

“If Fang Mu wasn’t outstanding, he wouldn’t have been taken under the wing of a Grandmaster Creator!”

“Assuming that Fang Mu didn’t have a Grandmaster Creator as his teacher, his talent in handling Alien Beast corpses is incredibly high for just a sixteen-year-old.”

“I’ve even considered taking him in as my own disciple!”

Feng Lin knew that the Dragon Mother had considered taking in disciples as long as five years ago.

However, due to her particular pickiness, she hadn’t chosen a disciple even after all this time.

So she wasn’t just making idle talk!

What Feng Lin cared about the most right now was how headquarters had graded Fang Mu.

In the face of the kind Dragon Mother, Feng Lin didn't suppress her curiosity.

"Dragon Mother, do you know if headquarters has given Fang Mu an S-Rank rating?"

Actually, what Feng Lin wanted to ask was S+.

But she was afraid that if Fang Mu wasn't rated S+, it would only add to the embarrassment!

The Dragon Mother's tone turned serious when she heard Feng Lin's question.

"Let's be serious now!"

"QingGe, Ninth Sacrifice and I have decided not to interfere with Fang Mu's growth!"

"As for the resources as a Creator, if someone needs them, you'll be contacted to mediate transactions!"

“The ‘Scavengers’ won’t bypass you and contact Fang Mu individually.”

“Nine Tributes proposed that we grade Fang Mu as double S, and both QingGe and I agreed!”

Feng Lin had anticipated the first part of what the Dragon Mother said.

Having a Grandmaster Creator as his mentor, any abrupt interference in Fang Mu’s growth would surely upset his teacher!

To be fair, no master in the world would like having outsiders steal their job and meddle with their disciple!

Not allowing other “Scavengers” to bypass her and contact Fang Mu privately was also to take into account the feelings of Fang Mu’s teacher.

However, what Feng Lin never expected was that the “Scavengers” internally set Fang Mu’s grade as SS.

This grading is the same as her internal grade as the Green Screen Knight!

But soon, Feng Lin understood why Fang Mu’s grade could reach SS.

The “Scavengers” Division’s rating of each individual depends on their potential, ability, background, and character!

Fang Mu’s potential, background, and personality are all top-notch!

In terms of power, because he has a Grandmaster Creator behind him,

as long as Fang Mu’s Beast Master level is raised, the level and quality of his Guardian Beasts will inevitably be the best equipment.

The fact that she could trade life elixirs and element potions with a purity of 90% from Fang Mu shows the position Fang Mu holds in his teacher’s heart.

Therefore, the value that Fang Mu can contribute to the organization is almost half of a Grandmaster Creator’s!

After Fang Mu was rated as SS, the “Scavengers” intend to consider him as one of the most critical young generations to invest resources in.

You should know that apart from the Green Screen Knight, only three people in the entire “Scavengers” Guild have received an SS rating.

The other two are much older than Fang Mu.

One is even old enough to be Fang Mu's father!

After hanging up the phone, Feng Lin was completely relieved.

Feng Lin was most afraid that some decisions within the "Scavengers" would upset Teacher Fang Mu.

Fortunately, the decision-makers had been extremely considerate, eliminating any possibility that could upset Fang Mu's teacher.

She has also become the de facto spokesperson for Fang Mu within the organization just as she had wished.

Feng Lin was eagerly looking forward to seeing the rise of this prodigy named Fang Mu.

The Dragon Rising Federation has not won a champion in the World College Beast Master Tournament for a long time.

Last time, they didn't even make it to the semifinals!

Perhaps Fang Mu's growth could bring a turnaround to all of this!
