Chapter 121: Capturing Black Sky, Secret of the Dark Chamber!!

Hei Tianqiong sat cross-legged on the futon. Black Qi flickered around him as if he was cultivating some kind of demonic technique.

Hearing Mu Jiu Huang's voice, Hei Tianqiong suddenly opened his eyes. His eyes shone with a cold light.

"Hehe, you really dare to come?"

Hei Tianqiong's face did not show any panic or coldness. On the contrary, a smile hung on his face. He laughed and clapped his hands. In an instant, dozens of figures appeared in the secret chamber.

These dozens of figures directly surrounded Mu Jiu Huang.

"Oh? You knew I was coming?" Mu Jiu Huang's phoenix eyes narrowed slightly, and her face was filled with doubt.

"Hehe, I've already set up a trap for the betrayal of those three good-for-nothings, Daoist Master Zhong Xian."

"Don't even think about leaving today."

Hei Tianqiong's voice suddenly turned cold and fierce, his face ferocious.

With a wave of his hand, dozens of figures surrounded Mu Jiu Huang, flashed like ghosts and pounced towards Mu Jiu Huang and her subordinates.

“This is a trap specially set up for you.”

Hei Tianqiong sneered as he stared at Mu Jiuhuang. His killing intent was boundless and terrifying. It enveloped the entire secret chamber, causing the temperature in the secret chamber to drop.

The dozens of black figures all had extraordinary cultivation. Mu Jiuhuang’s subordinates were defeated and heavily injured in a few breaths.

“Female Empress, these people are all at the ninth level of the Tribulation Transcendence Realm!”

One of the old women said. Her voice was anxious and her expression was solemn.

She was the Imperial Advisor of the Nine Phoenix Dynasty, and her cultivation was at the eighth level of the Tribulation Transcendence Realm!

However, it was already difficult to resist one of the black figures, let alone dozens of them.

“Boom!”

Dozens of black figures burst out with black ink around their bodies. Black gas spread and turned into a cage that enveloped Mu Jiuhuang and the others.

“Hmph, the ninth level of the Tribulation Transcendence realm is nothing.” Mu Jiuhuang’s lips curled into a smile as she sneered.

She had been at the ninth level of the Tribulation Transcendence realm before, the greatest human expert on the Tian Yuan Continent!

However, after following Senior and knowing the worlds described in Senior’s books, to her, the ninth level of the Tribulation Tribulation Transcendence realm, no, the Mahayana realm, were all ants!

In front of a true expert, they were just ants.

Immediately, Mu Jiu Huang erupted. Red vital essence light suffused around her body, like endless flames. The bright light illuminated the entire secret chamber.

The burning flame was like a phoenix, and the phantom of the phoenix circled behind him. Its aura was intimidating and its pressure was brilliant!

“Buzz!”

The phoenix phantom trembled slightly and flew out quietly, biting at the dozen black figures.

“Not good!”

“Attack together!”

Upon seeing this phoenix phantom, dozens of black figures were intimidated by the aura and retreated. They all became solemn. Dozens of people joined forces and formed an array.

Dozens of people piled up. Rolling black qi gathered like a wave and instantly formed a huge palm in the void.

His hand was huge and vast as he grabbed at the phoenix phantom, as if he wanted to trap it.

“Hmph, you don’t know what’s going on!”

Mu Jiu Huang chuckled. This phoenix phantom was copied by Senior Phoenix. Even if it did not have one billionth of Senior Phoenix’s strength, it still had a prototype!

“Screech!”

The phoenix let out a loud cry and suddenly spread its wings. The moment it spread its wings, endless flames seemed to burn the heavens, and the dark hand was instantly penetrated by the flames!

“Boom!”

The phoenix phantom turned into a stream of light. Its wings carried a great force as it slapped towards the dozens of black figures.

“Bang!”

The dozens of black figures were smashed into pieces, turning into wisps of black gas that dissipated into the air.

“How did these people come to be?” Mu Jiu Huang’s phoenix eyes narrowed as she stared at the black Qi.

Last time in the Western Bull Continent, it was also these black-robed men who were all powerful.

Even if the ninth level of the tribulation was nothing in his eyes, these black-robed men were clearly mass-produced, regardless of their figure, physique, realm, or aura...

It was completely similar.

However, these men in black had intelligence.

Mu Jiu Huang found it hard to understand.

But now, the answer was right in front of him.

“Black Sky, if this is all you have, you will die today.”

Mu Jiu Huang’s aura was like a rainbow, and her voice was dignified. It was filled with a kind of inviolability. At this moment, she was the high and mighty empress!

“Mighty Empress!”

“The empress is domineering!”

The experts behind Mu Jiu Huang all had looks of admiration on their faces. This was the Empress, the high and mighty Empress!

“Hehe, Mu Jiu Huang, do you think I don’t know that you have broken through to the dacheng stage during the battle of the Western Bull Continent?”

“But, do you know that I have also broken through to the dacheng realm?”

Hei Tianqiong laughed coldly. His aura burst forth, and his black aura spread throughout the secret chamber like a tide.

The temperature of the entire secret chamber dropped in an instant, and a bone-chilling coldness filled the air.

Imperial Preceptor and the others were even more suppressed by the aura until they could not breathe!

Mahayana!

It was the aura of a Mahayana realm expert.

“You have broken through to the Mahayana realm and are now in the Mahayana realm.” Mu Jiu Huang’s phoenix eyes were filled with anger.

“Haha, that Dark Castle is absorbing the fate of the Tian Yuan Continent again. If I can’t break through to the Mahayana realm even with that, then wouldn’t I be too useless?”

Hei Tianqiong sneered and directly told him about the secret chamber of the Dark Castle.

Now that the Dark Citadel had appeared, all the cultivators on the continent knew about it. There was no need to hide it.

“Hmph, I think today is the day you die.”

Hei Tianqiong laughed loudly and snorted coldly. The aura around him turned cold like a blade as he punched towards Mu Jiuhuang.

His fists were stained with black aura. The black aura was like two small mountains, and its aura was powerful and heavy.

“Kacha!”

In fact, in the air, the fist’s momentum directly brought about a sonic boom.

Amidst the sonic boom, the entire secret chamber began to shake as if it could not withstand this pressure.

“Bang!”

Hei Tianqiong’s fists directly hit Mu Jiuhuang’s protective vital essence. Mu Jiuhuang’s figure was pushed back more than ten steps, and her face was a little pale.

Two fine cracks had already appeared on the protective Zhen Yuan around her body. As these two fine cracks appeared, Mu Jiuhuang’s face darkened.

Previously, Hei Tianqiong was only at the fifth level of the Tribulation Transcendence Realm, but now he had quietly broken through to the Great Ascension Realm. It must be related to the mysterious organization behind him.

This mysterious organization could mass-produce ninth level Tribulation Transcendence experts and even create those at the Mahayana realm. They definitely had a shocking scheme.

“Then I’ll let you see why I can become an empress!”

Mu Jiu Huang shouted loudly. Her loud and clear female voice was filled with pressure. It could not be disobeyed, and the power around her surged.

She was going to take down Black Sky today and ask about the secret of the forces behind him!

Chapter 122: That’s a Bright Future!_i

“Screech!”

...

Suddenly, the red vital essence light around Mu Jiu Huang’s body gathered and formed a huge fire phoenix phantom again. The fire phoenix opened its arms and endless flames bloomed as if it wanted to burn the heavens!

“Go!”

Mu Jiu Huang shouted again. With the force of her palm, the fire phoenix fell towards the black sky.

She was able to become the number one expert of the human race in the past and even defeat all those old monsters at the ninth level of the Tribulation Transcendence Realm because of her true strength.

In the same realm, Mu Jiu Huang had always been invincible!

The vast palm force, coupled with the brilliant phoenix phantom, seemed to be able to intimidate the heavens.

The black gas in the entire secret chamber began to emit crackling sounds as the fire phoenix passed by. It was obvious that it was afraid.

“Fight!”

Hei Tianqiong said coldly. No one saw that the moment he made his move, a small skull about the size of a thumb was thrown out.

With a whoosh, the skull enlarged and became incomparably huge.

“What?”

Mu Jiu Huang was shocked because the skull in front of her had actually swallowed the fire phoenix phantom.

Then, a force as heavy as a mountain smashed down on her.

Kacha!

With a crisp sound, the protective Zhen Yuan around Mu Jiu Huang completely exploded.

However, the power of the skull did not diminish and continued to bombard Mu Jiu Huang.

“Puff!”

This time, Mu Jiuhuang even spat out a mouthful of blood. She could vaguely hear the sound of bones breaking.

“Hehe, so what if she’s the Nine Phoenix Matriarch? After the Fallen Emperor Era, she dares to call herself an emperor just because she’s transcending a tribulation. What a joke.” Hei Tianqiong sneered. With a wave of his hand, the skull stopped in mid-air. However, a huge force still enveloped Mu Jiuhuang.

Even the space where Mu Jiuhuang could retreat was completely sealed!

“How can you be so strong?” Mu Jiuhuang stared at the skull in the sky and asked with a frown.

The power contained in this skull was not to be underestimated.

“Hehe, this is the power gifted by an immortal from the Upper World. How can you defeat it? A mere mortal dares to fight an immortal?”

Hei Tianqiong’s face was filled with arrogance and yearning.

As long as they opened the ancient door and released the existence inside, the immortal would guide them to ascend and become an immortal.

His vicious eyes were filled with anticipation.

“Hmph, what is the purpose of the organization behind you? What does it have to do with the Upper Realm?” Mu Jiuhuang stared at Hei Tianqiong in shock.

This mysterious force was actually related to the Upper Realm?

It was unbelievable!

“Hehe, we are the future of the Tian Yuan Continent!”

“We will yearn for an even stronger future! As for you, a dying person, there’s no need to know.”

Hei Tianqiong sneered and took out a crystal ball.

The image of the skeletal man appeared on the crystal ball.

“Master, I have defeated Mu Jiu Huang. Do you want to kill her?” Hei Tianqiong asked respectfully.

“Soulsearch first and find out that person’s identity before killing him.”

the skeletal man said in a hoarse voice.

“Yes.”

Hei Tianqiong nodded and put away the crystal ball. A huge black hand grabbed towards Mu Jiu Huang’s head.

He wanted to search his soul!

He searched through Mu Jiu Huang’s memories.

“Great Empress!”

Everyone present had anxious expressions on their faces.

However, they were suppressed by Hei Tianqiong's aura of the Mahayana Realm and could not move at all. They could only shout anxiously.

Soon, Hei Tianqiong's divine thoughts entered Mu Jiuhuang's sea of consciousness.

"What?!"

However, at this moment, Hei Tianqiong's expression changed drastically. He saw a boundless sea, and the monstrous seawater flowed backward. There seemed to be a vague shadow of a Xuanwu stirring the wind and clouds.

Mu Jiuhuang grinned. She had just bowed, but that was just a pretense. Her purpose was to get information from Hei Tianqiong.

It was only under such circumstances that Hei Tianqiong would mistakenly think that victory was within his grasp, and thus reveal the secret.

The Black Tortoise phantom was naturally the water law that Mu Jiuhuang had grasped under the guidance of the Black Tortoise.

The sea water poured back, and the terrifying power attacked Hei Tianqiong's sea of consciousness.

Hei Tianqiong was caught off guard and suffered such a tragic attack. His face changed drastically and turned pale. His body twitched and he flew backward!

The crystal ball in his hand fell to the ground with a crack and shattered into countless transparent fragments.

His entire body was struck by the Nine Phoenix Matriarch's palm. The vast palm force directly exploded Hei Tianqiong's body.

“Hmph, the secret is already clear. Then you people should die.”

Mu Jiu Huang said coldly.

At this moment, the Imperial Advisor and the others had also regained their freedom, and their faces revealed a happy expression.

“Well done! These scumbags are not worthy of being cultivators!”

The Imperial Advisor said angrily with a look of disbelief on his face.

” Back then, they sacrificed ninety-nine thousand boys and girls and slaughtered thousands of villages. Countless people were killed. Those scum deserved to die!”

“Five years ago, another ten thousand Immortal Cultivators were sacrificed.”

“More than ten years ago...”

“Good kill, vent your anger!”

“That’s right.”

Voices of relief rang out one after another. These people of the Nine Phoenix Dynasty recounted all the brutal sins of this organization.

Back then, Mu Jiu Huang had returned from Xiao Changtian’s courtyard and killed the traitor of the Nine Phoenix Dynasty who had secretly attacked her.

However, he had learned about this mysterious organization from the traitor.

The reason was that the empress was investigating them.

Therefore, he asked Nine Phoenix to attack the spy and obtain the trace of phoenix bloodline in Mu Jiuhuang's body at the same time.

"Great Empress, shall we go and destroy the Dark Castle now? Just in time!"

"Yes, yes."

The few of them echoed.

However, Mu Jiuhuang shook her head. "I'll listen to Master's arrangements."

Upon hearing this, the Imperial Advisor and the others looked at each other and fell silent. They had only heard of this expert, but they had never seen him in person.

The empress had already broken through to the dacheng realm and was invincible on the continent. How could there be anyone stronger than the empress?

They felt that it was impossible, so they wanted to meet the so-called master that the empress mentioned.

"Great Empress, can you let us meet Senior? From what you've said, it's too unbelievable, right?"

"Yes, yes!"

Many expectant voices sounded.

Mu Jiuhuang smiled faintly. "Don't worry. Senior has said that he will come to the Nine Phoenix Dynasty after a while."

“That’s good, that’s good!”

The few experts laughed, but a hint of unwillingness flashed in their eyes.

They looked at each other. They were already prepared.. When that expert arrived at the Nine Phoenix Dynasty, they would definitely “ask for advice”...

Chapter 123: This is a Peerless Sword Intent!

When the Black Sky Sect’s sect leader was killed, the next day at dawn, it caused an uproar.

...

It even shook the entire continent.

However, in order to cover up the truth of the matter, Mu Jiuhuang directly disguised the scene as a suicide scene.

At the same time, they elected a new chief, a chief who truly submitted to the Nine Phoenix Dynasty. Only then did the storm of this matter pass.

As for the secret chamber, the skeleton mask was already furious.

Last night, it was clear that he had a 100% chance of killing Mu Jiuhuang. Why did it end up like this?

At the same time, North Moon Royal Super.

The atmosphere in Dynasty last night was tense and serious. There was even a chilling aura in the air.

Of course, this was for the officials of the North Moon Empire.

The officials could not sleep at night.

That was because Jiang Beichen was not sleeping in the royal palace.

Countless commoners entered the court and began to complain about the crimes of these corrupt officials in the throne room. From yesterday afternoon until sunrise this morning, all of them were recorded.

Did the North Moon Emperor know that Jiang Beichen was about to officially step into cultivation and that he had acknowledged a peerless expert as his master? He immediately expressed his support.

In the entire palace, countless officials did not sleep.

Countless organizations began to operate.

Overnight, the names of those corrupt officials were all investigated and verified.

“Capture him!” The North Moon Emperor’s voice was icy cold.

As soon as the order was given, a tragic cry that sounded like a pig being slaughtered rang out in the entire North Moon Empire.

“Pingshang Enterprise, f * ck your ancestors!”

“Chen Youqian, if you go to hell, you will definitely go to the 18th level of hell.”

“Chen Qian, I’m going to skin you alive and eat your flesh! Chen Qian, you’re killing me!”

Chen Qian and Chen Youqian were cursed by the arrested officials, their voices completely drowning out the ordinary people.

The people's job was to watch the show.

After eating the melon, he threw the rind of the melon on the faces of these corrupt officials!

Within the North Moon Imperial Palace, more than half of the officials were directly pushed to the front of the shops on the plateau and executed.

This street was dyed red by the blood, but the commoners were not afraid at all. They only clapped their hands happily.

In the history of the North Moon Empire, this day was known as the Corrupted Official's Day!"

The goal was to make the officials of the North Moon Empire clean and upright.

Even after thousands of years, the North Moon Empire had become a place that many empires yearned for.

Of course, this was all for later.

"Compensate the people with double the amount of money lost."

"If anyone dares to play tricks during this process, you know the consequences."

"Also..."

Jiang Beichen was in charge of the overall situation, and he did everything by himself without a hint of slack.

He could only look for his master after he was halfway done with this matter.

His master's attitude towards this matter was extremely serious previously. He definitely could not make the slightest mistake.

Another day and night passed. Jiang Beichen did not dare to slack off. He did not even sleep. His powerful ability to govern the country was also completely demonstrated at this moment.

"Phew!"

Finally, on the morning of the third day, Jiang Beichen let out a long sigh. He put down the brush in his hand and dragged his heavy body to stand up.

However...

Because he had not rested for the past few days, Jiang Beichen's mortal body had yet to start cultivating. He instantly staggered and fell to the ground.

"Bang!"

A dull and loud sound rang out. The guards around him were shocked and hurriedly helped him up.

Even the North Moon Emperor, who had just arrived, was shocked. Jiang Beichen had been working too hard during this period of time. He had no time to rest at all.

"Son, why don't you rest for a day?" The North Moon Emperor could not help but ask.

“No!” Jiang Beichen shook his head. His master had instructed him to look for him once this matter was settled.

This was Jiang Beichen’s opportunity, and he could not miss it.

Jiang Beichen narrowed his eyes and opened them again. He regained some of his composure and began to walk toward the inn in a daze.

In the inn.

Xiao Changtian listened to the waiter’s story and nodded in satisfaction. In just a few days, the empire had been shaken and more than half of the corrupt officials had been eliminated. It seemed that this disciple of his was very courageous.

Xiao Changtian thought for a while and felt that he should not treat his disciple unfairly.

“Then give me a gift.”

Xiao Changtian said lightly.

Then, he walked into his room and picked up the Phoenix Feather Pen. He wrote a poem on the paper in front of him.

“The edge of a sword is sharpened, and the fragrance of plum blossoms comes from the bitter cold!”

Xiao Changtian nodded in satisfaction after writing this poem. This poem was perfect to encourage Jiang Beichen.

“This...”

On the side, Daoist Da Yang, who saw the calligraphy, clearly saw the blossoming of the winter plum blossoms. However, a sharp blade tore through the air from the plum blossoms!

That sword broke the biting cold winter and tore apart the whistling north wind.

It was as if that sword was about to leap out from the words and pierce into his sea of consciousness.

The Great Sun Immortal hurriedly shifted his gaze away, his expression shocked.

He didn't dare to look directly at the sword intent contained in this sword. He didn't even dare to look at it anymore. The more he looked, the more he realized that the sword intent was deep.

In fact, the true meaning of the sword contained in it could completely suppress the Nanming Primordial Fire Painting!

"Daoist Big Sun, what do you think of my painting?" Xiao Changtian asked with a smile when he saw the Great Sun Zhenren staring at him.

"Wonderful! Wonderful!"

The Immortal Da Yang said in a deep voice, his praise coming from the bottom of his heart.

Senior's calligraphy, be it the structure of the calligraphy, the movement of the brush, or the supreme sword intent contained in the calligraphy, was flawless.

The exquisiteness of creation was already not something he could comment on.

"That's good."

Xiao Changtian nodded. It seemed that this calligraphy was very suitable as a gift to Jiang Beichen.

Dong dong dong dong dong...

While Xiao Changtian was thinking about this matter, a knock sounded on the door.

It was Jiang Beichen.

“Master, my disciple Jiang Beichen is here to pay his respects.” Jiang Beichen stood outside the door and said respectfully.

“Come in.”

Xiao Changtian said lightly.

He had originally thought that his disciple would take a day off to deal with the matters of the North Moon Empire for the past few days. He did not expect that he would come today.

“Master.”

Jiang Beichen walked in and bowed once more, showing the utmost courtesy.

After Xiao Changtian asked him to stand up, Jiang Beichen greeted Wang Miaoshou and the Great Sun Immortal.

Looking at Jiang Beichen who was so devoted to learning, Xiao Changtian nodded and handed the calligraphy to him.

“This is...”

Jiang Beichen looked over and felt as if he had been struck by lightning. He could feel a shocking sword intent. Even the meridians and blood in his body were affected and began to boil.

” This is a peerless sword intent!”

Chapter 124: F * ck Him (1)

In Jiang Beichen’s mind, a world filled with snow and ice appeared. That world was filled with devastation and snow.

...

There was only coldness!

It was bone-chilling cold.

It was just like the period when he could not find a supreme foundation and disguised himself as a profligate son.

However, in that vast world of white snow, the vitality of all living things was harvested. Dozens of plum blossoms stood proudly in the snow and bloomed...

There were even wisps of fragrance seeping into his heart and spleen.

No matter how cold the wind blew, the plum blossoms did not move at all.

In fact, it was even more vibrant, even more charming, and even more fragrant...

Jiang Beichen's mind was filled with those dark days. It was extremely difficult and he could not see any hope...

"The sword edge is forged from grinding, and the fragrance of plum blossoms comes from bitter cold."

Jiang Beichen muttered to himself. Suddenly, a layer of enlightenment rose in his heart. His master was telling him that only by experiencing the bone-chilling cold could he bloom like a plum blossom and give off a delicate fragrance!

[I've realized the truth!]

Jiang Beichen's eyes shone brightly.

He had already taken this mighty figure as his master. That period of darkness had passed, and the days to come would become as sharp as a sword, emitting a cold light.

His state of mind suddenly changed.

In the world of ice and snow within the calligraphy, the snow plum blossom in front of him suddenly turned into a sharp sword.

What kind of sword was that?

It flew out from the plum blossoms. It was spotless and shiny. The snowflakes that fell were directly shattered by the sharp sword qi.

Then, the sword slashed out.

In an instant, there was only this sword in the world.

This sword cut through the cold wind! It broke through the endless winter.

The dark clouds in the sky dissipated, and the huge sun emitted endless light.

The light was warm and scorching, completely melting the ice and snow on the ground.

The entire world turned into a huge lake.

In the lake, lotus flowers bloomed, looking extremely enchanting.

The flower bud bloomed, emitting a bird's fragrance. It was a fragrance different from plum blossoms, but it was equally refreshing and refreshing.

Facing the beautiful scenery in front of him, Jiang BeiChen felt the exhaustion in his mind disappear instantly.

The long sword landed on the lotus flower. Half of it was a winter plum flower, and the other half was a lotus flower. Two different worlds appeared.

"Those are two different supreme sword intents..."

Jiang Beichen's heart was shaken, and he was completely lost in the thought.

"That's strange. I like this calligraphy so much?"

Xiao Changtian looked at Jiang Beichen who was holding the calligraphy book without moving. His face was filled with joy. It was obvious that he was immersed in it.

"Forget it. It's hard to recover from being immersed in calligraphy. I'll go and rest for a while. Writing this calligraphy is quite exhausting."

Xiao Changtian said lightly. He stretched his body and left the room of the Great Sun Immortal, returning to his own room to take a nap.

“Is this an epiphany?”

After Xiao Changtian left, the Great Sun Immortal looked at Jiang Beichen and retreated continuously because the sword will around Jiang Beichen was rapidly increasing.

Level One Sword Essence, Level Two Sword Essence...Sword Intent Level Ten!

However, it was not over yet. It was still increasing.

Jiang Beichen, who was looking at the calligraphy, was actually fighting with the sword intent around him.

On the left side of Jiang Beichen's body was a bone-chilling world. The cold wind was biting, and countless sword qi was like the scythe of the Grim Reaper, harvesting the vitality of all things.

On the right side of his body was a midsummer day. The sun was bright and beautiful, and the lotus flowers were blooming. The sword qi produced two, two produced three, and three produced infinite copies...

The two sword intents seemed to be the two extremes of Yin and Yang, colliding and struggling...They could complement each other.

They are two extreme forms of the Surplus Pulse.

The raging sword essence was so powerful that even the Great Sun Zhenren could not get close to the Golden Tass.

” Qi Refining, Foundation Building, Golden Core, Gold Core.”

“What kind of cultivation speed is this?!”

The Great Sun Immortal was shocked. At this moment, Jiang Beichen was in two extreme sword domains, and his cultivation was rising like a rocket.

In just a few breaths, his cultivation had surpassed the Great Sun Immortal.

The Great Sun Immortal looked shocked and incredulous.

“Meow-!”

At this moment, the white tiger walked over. He walked in front of Jiang Beichen. In an instant, the brilliant white tiger phantom appeared as if it was shocking the heavens.

The white tiger raised its claws, and the terrifying laws of the Great Dao directly descended.

The aura of the Great Path revolved around Jiang Beichen’s body, helping him stabilize his realm.

After two hours, Jiang Beichen finally opened his eyes.

The instant he opened his eyes, two terrifying sword shadows circled around him. In an instant, the Hundred Thousand Demon Mountains in the distance suddenly shattered.

In an instant, the screams of demons could be heard.

” I’ve broken through!”

Jiang Beichen’s face was filled with joy. He could sense the terrifying energy in his body, and only then did he retract the two sword wills completely.

“So when Master asked me to choose the Dao of Calligraphy, he was actually choosing the supreme Dao of the Sword!”

“I see!”

“Thankyou, Master!”

Jiang Beichen knelt down again and bowed toward Xiao Changtian’s room.

Seeing Jiang Beichen break through, White Tiger yawned and quietly left.

She returned to Xiao Changtian’s room and jumped into his arms again.

“Ding! Detected that the host has completed the mission of accepting a disciple. Reward: Monkey King.”

The system notification sounded. In an instant, Jiang Beichen, who was sleeping soundly, woke up.

“Damn system, you’re disturbing my beautiful dream.”

Xiao Changtian was speechless. He looked over and saw a monkey on the table.

“Monkey King?” Xiao Changtian looked at the monkey in front of him and murmured.

The monkey in front of him had golden fur all over its body and was relatively large.

“It’s clearly a golden monkey, but a monkey king? I almost thought that I would be rewarded with the Monkey King.” Xiao Changtian smacked his lips.

“Erm, 1’11 call you Wukong.”

“Wukong, I’ll sleep for a while longer.”

Xiao Changtian gave the monkey a name and lay down on the bed. He was still not fully awake. He needed to go back to sleep.

After Xiao Changtian fell asleep, the monkey’s face instantly revealed a look of joy.

“Hehehe, all my old friends are here. A green-haired turtle, an old hen, a dog, a little ant, and... Fatty.”

Monkey King Wukong looked at Black Tortoise and the others and said with a smile.

“Monkey, do you want to be taught a lesson?”

This time, the Black Tortoise and the Phoenix maintained the same tacit understanding. They shouted angrily and their powerful auras directly crushed toward the monkey.

“Hey, if you want to fight, go out and fight!”

Monkey chuckled and scratched his ears and cheeks. He turned into an afterimage and instantly disappeared from the room.

Black Tortoise and Phoenix looked at each other and flew out as well.

“Fuck him!”

Chapter 125: Should I Absorb His Yang Qi?_i

“Monkey, we’ll give you another chance to reorganize your words!” Phoenix was enraged.

...

“This Sea King is magnanimous. Although it is correct for you to scold an old hen, you actually said that this Sea King is an ugly turtle. This cannot be tolerated!” The Black Tortoise was also furious.

“What did you say? Are you courting death?”

Phoenix’s spearhead changed instantly because of Black Tortoise’s words.

Monkey, on the other hand, did not mind the commotion. He clapped happily and said, “Fight, fight!”

In an instant, the three of them started fighting.

The figure behind the Black Tortoise that was as tall as the sky shook the nine heavens, and endless seawater surged around him!

The phoenix spread its wings and flew up into the sky. The endless fire around it seemed to be burning the void!

The monkey chuckled, and a phantom of a monkey that was emitting golden light appeared behind him. Countless Sanskrit words surrounded the phantom, and the Buddhist light shone brightly, illuminating the heavens!

The three divine beasts fought, and the void almost collapsed.

“This monkey still likes to stir up trouble.”

The ant shook its head helplessly and looked at Alpha.

“Understood.” Alpha nodded. The chessboard under his feet suddenly soared into the void and expanded. The horizontal and horizontal chess lines turned into a huge cage, trapping the three divine beasts in a world.

“It’s my turn.” The pony nodded, and a red light appeared on its two antennae.

With a flash of light, the chessboard was sent away from this place.

“It’s finally quiet.”

Xiao Ma said calmly.

Only Fatty Rongrong was so scared that she didn’t dare to speak. Even the Sea King big boss and the Phoenix boss dared to provoke them, it was incredible.

Another ruthless character.

He did not dare to provoke such a ruthless character.

Fatty Rongrong was so frightened that her entire body trembled, trembling.

Another two hours passed.

Only then did Xiao Changtian rest. He stretched his body and got up.

“Eh, why is Monkey’s face swollen?” Xiao Changtian looked over and saw that the monkey’s face was covered in bruises.

Fortunately, Xiao Changtian didn’t pay attention to the two.

A piece of Black Tortoise's turtle shell fell off.

The old hen seemed to have lost a lot of feathers.

"Forget it, wait for me to come back."

Xiao Changtian shook his head and took out the feed. He fed the green-haired turtle and the monkey.

He had to think about the bookstore now.

Since he had already taken in a disciple, it was time for Changsheng Bookstore to open up.

Jiang BeiChen was the crown prince of the North Moon Empire, so he could find the imperial bookstore to print for him. It would be more efficient and guaranteed.

Xiao Changtian walked out with the white tiger in his arms and discussed the matter with Jiang Beichen.

Jiang Beichen was flattered and immediately proposed to publish it for free.

However, Xiao Changtian directly refused. He had to pay to test the waters. After all, Jiang Beichen was only learning calligraphy from him. What if he lost money and the North Moon Empire came looking for him?

Although it was unlikely!

Thus, after the two sides discussed, Xiao Changtian's Longevity Academy, the Victorious East Continent Bookstore, was soon in the midst of preparation.

Three days later, the bookstore was officially established.

However, this time, half of the crowd consisted of commoners and nobles.

The commoners were grateful for Xiao Changtian's kindness and came to the bookstore to buy books.

As for the rest of the officials and nobles, they were all silent out of fear. After knowing that it was the Crown Prince's master, they hurried over.

However, those who were left were basically honest officials. Their families were poor and did not have much money.

Therefore, Xiao Changtian could only sell the books at a loss. He gave the commoners one copper coin for each book, and the dignitaries five copper coins for each book.

"As expected, he's dead!"

Xiao Changtian's face was filled with disappointment. This time, he did not find a good market. His heart ached...

But fortunately, he didn't let the North Moon Empire publish it for free. Otherwise, wouldn't he be scamming his disciple?

How could a dignified master trick his disciple?

Xiao Changtian felt better when he thought of this.

However, in order to ease his sadness, Xiao Changtian felt that he should go back and rest for a while.

Being depressed was harmful to the body, so he couldn't hold it in.

"Sleep, sleep." Xiao Changtian turned around and went back to his room to rest.

What Xiao Changtian didn't know was that a young girl had also seen this book.

"This... What era was this? Even in my era, it was impossible for there to be such a powerful person."

The young girl was dressed in cotton clothes. Although she looked extremely elegant and heroic, her face was pale. It was obvious that she was seriously injured.

Behind him, there was a white fox tail.

She was the Saintess of the Nine-Tailed Fox Race.

However, she realized that the Grand Elder of the clan wanted to refine her into a cultivation vessel. She had no choice but to escape with the help of her father's servants.

"Uncle Fu, don't worry. I'll definitely feed the cows for revenge."

Two lines of tears flowed down from the young girl's charming eyes, and her expression was sorrowful.

After the sadness, the girl's gaze became firm again.

She wanted to cultivate to the ninth level of the Tribulation Transcendence realm. Then, she would kill her way back and kill the Great Elder. She would lead the Nine-Tailed Fox clan and find out the truth about her father's disappearance.

The young girl's gaze was firm as she looked at the page in her hand. Her eyes flickered slightly.

"This person was able to write such a magnificent masterpiece. It doesn't seem like a fabricated story at all. Moreover, there are some legends. There are even records in the ancient books of the Nine-Tailed Fox Race."

“It’s just that it’s much worse than the description in the book.”

“Could this person be an old monster?”

The young girl guessed that she wanted to take this person as her master. If she could take this person as her master, her strength would definitely increase by another level.

In fact, he could even reach the ninth level of the Tribulation Transcendence realm in the shortest amount of time.

“However, humans and demons are different. Humans and demons are basically irreconcilable. Even if this person is an expert, will he kill me?” The young lady’s eyes were filled with worry.

Helpless, he could only find an inn and stay there.

“This inn is the cheapest.” The girl looked at the little gold left in her hand and said with a somewhat embarrassed expression.

“Guest, your room is ready. It’s the first room upstairs.”

The waiter took out the key and ordered.

Then, he brought the girl upstairs and the two of them went to the first room.

“What dense Yang Qi?”

The young lady raised her eyebrows immediately because she discovered that there was an extremely dense Yang Qi in the room next to her. Moreover, she could vaguely hear snoring sounds. It was a man.

“A man? Should I absorb his Yang Qi? Help me recover from my injuries?”

Hesitation flashed across the young girl's face. She had never done such a thing before.

It was because she felt that such a cultivation was a violation of the heavens and reason and could not be tolerated by the Great Dao. However, the injuries in her body were extremely heavy...

"Forget it. I'll be the evil person for once." The girl gritted her teeth..

Chapter 126: You're Not Going to Do a Fairy Dance, Are You?_I

"No, no matter what, I'm still the Holy Maiden of the Nine-Tailed Fox Race. My parents once taught me not to do anything that would harm the heavens and reason."

...

"But, the injuries in my body...?"

While she was struggling, Su Daji felt a sharp pain in her body. The intense pain made her face pale like a piece of white paper.

Even the nine-tailed tail behind him could not be hidden.

It wouldn't even take long for her to reveal her fox form again. At that time, she would only be eaten alive in the territory of the human race in the cultivation world.

"Hiss!"

When he thought about how the foxes were killed by humans, they would skin the foxes and make them into fox fur. Their bodies would even be made into all kinds of food, sprinkled with chili and cumin...

Su Daji's body trembled even more violently, and she felt a lingering fear in her heart.

Furthermore, there was Barkley's hatred and the truth about his parents' disappearance. He had to do everything himself.

"I definitely can't die here."

Su Daji's expression was firm as she began to burn the blood essence in her body to maintain it.

"At most, I'll just absorb a little less. This person's Yang Qi is the densest I've ever seen."

"I'll give him another medicinal pill as compensation. Is that still not enough?"

"This is the healing medicine of the fox clan. The human clan can also use it. It can completely make up for the loss of his yang qi."

Su Daji thought to herself as a white pill appeared in her delicate hand. A soft white light burst out from the pill. The white light was pure and crystal clear, as if it was the holiest thing in the world.

Thinking of this, Su Daji was relieved.

He just wanted a little bit of his Yang energy to recover from his injuries. It shouldn't be considered a heinous act.

Hence, he decided to do it.

The roundabout sunset had completely disappeared. Night had fallen, and the galaxy hung low.

Su Daji walked out of her room and observed her surroundings.

“Very good, there’s no one.”

Su Daji grinned. As long as she hid in the dark, there would be people in the dark who could discover her existence.

Little did she know that she had already been discovered.

“This... Do you need us to take action?” The Immortal Da Yang looked at Wang Miaoshou. The two of them lay on the bed and opened their eyes.

“No need. Senior Black Tortoise and the others are in Master’s room. There’s no need for us to do anything.” Wang Miaoshou waved his hand and turned around.

“That’s true.” The Great Sun Immortal also flipped over.

In the room to Xiao Changtian’s right, Chu Yiren was fast asleep. The Snow Wolf King was initially on guard, but when it thought of the Black Tortoise and the other mythical beasts, it narrowed its eyes again and buried its head into Chu Yiren’s chest.

Jiang Beichen, who was still comprehending the sword essence in his room and had not slept, originally planned to go out.

However, after thinking about it, there was no need for that.

He dared to enter his master’s room?

You’re courting death!

Therefore, Su Daji quietly opened the door of the room when the five people discovered her.

She tiptoed in, her pair of foxy eyes glowing with a faint green light. In an instant, she saw Xiao Changtian on the bed.

Xiao Changtian's breathing was steady and his body was tall. Su Daji could feel his aura as he breathed.

"All!"

Su Daji's body could not help but tremble.

The Yang Qi was too strong.

Just by asking a little, she felt a warm current in her body.

The injuries in his body began to heal slowly.

She couldn't take it anymore. She wanted to go over and squeeze Xiao Changtian dry right now...

"Bah, what do you mean by squeezing dry and absorbing Yang qi?"

Su Daji shook her head. She did not know why she felt like she was being squeezed dry. Under the faint moonlight, it seemed that a blush appeared on her pink face.

Because she was from the Nine-Tailed Fox Race, she looked delicate and charming, as if she had a soul-devouring charm that made people's hearts flutter.

"Bang!"

The sound of the door closing was extremely soft.

The sound of Su Daji closing the door was extremely soft. She did not intend to use any demonic arts or bewitching arts on the mortal in front of her, because that would cause damage to the mortal's body.

She tiptoed towards Xiao Changtian.

"Just a little bit. I'll just suck a little bit from you. Anyway, you have so much..."

Su Daji slowly approached.

Black Tortoise and the others who were resting on the ground naturally sensed it.

In an instant, terrifying, huge, and heaven-shaking phantoms flickered in the dark night!

It was a shadow of a Black Tortoise that was as tall as the sky. The Black Tortoise's four legs were like pillars that supported the sky! The seawater around him surged.

A phoenix spread its wings, and flames spread around its body. The power of the True Phoenix Fire was brilliant, as if it wanted to burn the heavens!

The dogs opened their bloody mouths as if they wanted to devour the moon.

An ant walked out of the chaos.

A monkey jumped out of the Primordial Chaos.

There was also a black and white bear that looked the easiest to bully.

However, every single one of these auras made it difficult for her to breathe. The pain in her body from before was completely forgotten at this moment.

She felt a chill run down her spine.

“Black Tortoise, Phoenix, Divine Dog, Ant, Spirit Monkey, Fatty...Wuwuwu!”

“How can there be such a terrifying thing around a mortal?”

“I’m going to die.”

Su Daji’s big, watery eyes sparkled with tears as she muttered in her heart.

“She’s pretty, don’t move, she’s my dish.”

Black Tortoise stared at Su Daji. How could he not see that this was a little fox? But she was very good-looking.

“Old dirty turtle, you stinky man.” Phoenix cast a disdainful glance at Black Tortoise and ignored him. She lay down and continued to sleep.

Since the Black Tortoise was in charge of this matter, it had nothing to do with them.

The Godly Beasts continued to lie down and sleep.

During this process, they all used divine essence to communicate, not daring to make the slightest sound.

Seeing the old dirty turtle put away the Black Tortoise phantom and walk towards her, Su Daji was extremely afraid. Was this Black Tortoise going to eat her?

I’m so scared!

Su Daji trembled. A strong desire to live made her suddenly burst out with unprecedented strength.

He quickly bypassed the dirty old turtle and pounced on Xiao Changtian, lying down beside him.

“Not good.”

Seeing this scene, the Black Tortoise was shocked. Its master had a temper when he woke up.

She was woken up...One thought of the tragic scene of him being stewed with turtle soup, Xuanwu hurriedly pretended to sleep.

The others were the same.

Xiao Changtian felt something strange on his body, as if something was rubbing against him. He woke up from his sleep and saw Su Daji lying on top of him.

Su Daji looked pitiful as if she was crying.

Xiao Changtian wanted to get angry and not let him rest properly, but he met Su Daji's eyes. It was still midnight.

Instantly, a chill ran down his spine.

“You're not going to do a fairy dance, are you?”

Chapter 127: Bookstores sold well, Do You Also Think This Book Is Good?_i

“Immortals jump?”

...

Su Daji, who was lying on Xiao Changtian's body, was stunned. What was that? Was the immortal jumping?

Her pure eyes showed her sincerity.

She did not know.

However, this was the first time she had heard of this, so she really wanted to know. Other than fear in her clear eyes, there was also a desire to know.

She didn't know if anyone would tell her.

"Hmph, I don't buy this. Get down. I don't need this kind of service."

Xiao Changtian said with a serious face.

What could a man and a woman do alone in the middle of the night?

He didn't even need to think to know!

However, Xiao Changtian was very shrewd. Ever since his previous life... After a friend of his was killed once, he had completely learned not to believe this.

Instead of messing around, he might as well find a girlfriend.

Some people said it wasn't worth it because they didn't have a long-term view. A girlfriend was for a lifetime, and quenching their thirst was only temporary.

“Oh, sorry.”

Su Daji nodded and quickly got off the bed. She put her palms together and placed them in front of her lower abdomen. She lowered her head like a child who had made a mistake, and her face was filled with fear.

She only felt a cold wind blowing from behind her, a bone-piercing chill.

Those divine beasts were still behind her. They might be swallowed by the divine beasts at any time.

“That’s more like it. You can leave. I won’t pursue this matter with you this time.” Xiao Changtian stared at Su Daji. He didn’t expect her to be so obedient.

Xiao Changtian couldn’t help but feel slightly disappointed.

Couldn’t she use some other methods on him and try it out for a while before continuing?

However, seeing that Su Daji was only 16 or 17 years old, Xiao Changtian waved his hand and signaled her to leave.

“I... I don’t dare. I’m afraid.”

Su Daji said in a low voice. She turned her body sideways and looked at the turtle. Her entire body turned cold.

That was the Black Tortoise, the divine beast Black Tortoise!

Even the Great Elder was no match for the Black Tortoise. He would be swallowed by the Black Tortoise in one gulp. The Black Tortoise’s aura was too terrifying. He had never seen such a terrifying aura before.

Because her body was scared, she started to tremble. Her center of gravity started to lose its balance. She tilted her body and crashed into Xiao Changtian again.

“Don’t come over.”

Xiao Changtian saw that she wanted to come over, so he symbolically stretched out his hands to stop her.

Thus, Su Daji’s body fell into Xiao Changtian’s arms.

A delicate fragrance accompanied the wind, seeping into Xiao Changtian’s nose.

“Leave.”

Xiao Changtian’s face turned serious.

I’m still a virgin. I can’t take it!

The moment he felt Su Daji’s body temperature and smelled the fragrance, Xiao Changtian felt the blood in his body churning as if it was about to gush out.

“You mustn’t.”

Xiao Changtian didn’t want to lose face anymore. He couldn’t possibly faint after two flirtatious encounters. He was a man!

He was very brave, alright?

Helplessly, she could only let Su Daji get up quickly.

“Yes... Yes, yes.” Su Daji hurriedly nodded and her face turned red. As the Saintess, this was the first time she had such contact with the opposite sex, even though they were of different races...

Su Daji stood up and hurriedly tidied her clothes.

“Leave now. I’ll personally watch you leave.” Xiao Changtian said in a deep voice, his voice filled with anger.

Fortunately, after Su Daji got up, the surging blood in her body calmed down a little and she did not faint.

Xiao Changtian didn’t expect this either. He thought that he had enough resistance.

However, after this period of time, he actually couldn’t do it anymore.

It seemed that after he returned this time, he should go find his fiancée that he had never met before.

It was the betrothal that his father, whom he had never met before, had given him.

Originally, his fiancée’s father had come to talk about this matter. However, Xiao Changtian was from the Blue Planet, and he was also a gardener. He did not dare to get married without money. He said that he would wait until the end of the year to earn some money.

Now, his bookstore not only guaranteed that he did not have to worry about food and clothing, but he was also slightly rich.

It was time to consider marriage.

As for the path to invincibility, he could take it slow and not rush it. Anyway, this stupid system did not intend to let him open the path to invincibility in the short term.

“But I’m afraid... I’m afraid of them.” Su Daji pointed at the Black Tortoise and the others in front of her with a terrified expression.

“Hmm?”

Xiao Changtian frowned.

What kind of bad habit was this?

Just like Jiu ‘er, he was afraid of a green-haired turtle?

How did the green-haired turtle get in?

Xiao Changtian felt a headache coming on. However, if Su Daji stayed behind, it would not be good to be alone in the middle of the night...

The main thing was that it was easy for people to fantasize...

“I’ll send you out.” Xiao Changtian said lightly.

Only then did she send Su Daji away.

The night passed.

The sun was high in the sky.

Xiao Changtian finally woke up. He couldn’t fall asleep after Su Daji left last night.

Lying on the bed, she felt her body heating up.

It was not until the wee hours of the morning that she fell asleep again.

“Phew, it’s already noon?”

Xiao Changtian was dumbfounded. He couldn’t believe his eyes. His routine had changed.

This was okay?

After walking out of the room and having breakfast, Xiao Changtian received an envelope from Mu Jiu Huang.

Mu Jiu Huang originally wanted to send a true essence voice transmission, but after thinking about it, she realized that her master was an expert who had returned to his original state and concealed himself from the world of mortals. It was better to use an envelope.

“Jiu ‘er invited me to go.”

“This girl

“However, we still have to wait for a period of time. The bookstore has not been established yet. In the end, it does not have a reputation...”

Xiao Changtian mumbled while eating his breakfast.

However, Jiang Beichen brought him good news.

Did any immortal cultivator see this book? In an instant, one spread it to two, two spread it to four, four spread it to eight...A large number of cultivators were shocked.

These cultivators were all frantically buying the books, just like the Western Bull Continent. The price had even soared to 100 taels of gold per book.

sold well!

Explosive!

The market was hot!

The news from Jiang Beichen directly made Xiao Changtian pleasantly surprised. It seemed that good actions would shine everywhere.

“Looks like we can go to Jiu ‘er’s house.” Xiao Changtian was relieved this time.

“Disciple, pack up. We’re going to Jiu ‘er’s hometown.” Xiao Changtian said to Jiang Beichen.

“Yes.”

Jiang Beichen was overjoyed. That was the Nine Phoenix Dynasty, the rumored Nine Phoenix Dynasty! He walked up the stairs.

As for Chu Yiren, she was still sleeping soundly.

At this moment, Xiao Changtian looked outside and saw the woman from last night. She was sitting at the dining table with a book in her hand.

The book he was reading was the one he was currently publishing in the Victorious East Continent.

He walked out and asked, “You also think this book is good?””

Chapter 128: Footsteps from the Fox Race

“Yes, this book makes me feel like it’s real. The characters in it are all...”

...

Su Daji answered subconsciously because she was completely engrossed in it.

It wasn’t until he was distracted that he noticed Xiao Changtian.

“It’s you.”

Su Daji stood up in a hurry. After what happened last night, she had understood one thing.

Black Tortoise, Phoenix, Sky-devouring Dog, Chaos Ant, White Tiger, Spirit Monkey...These divine beasts were reared by this mortal.

The person who could make these divine beasts recognize him as their master was definitely not an ordinary person.

There was only one possibility.

The person in front of him was an expert! A peerless expert!

His cultivation was so high that it was unimaginable to her. Just like what was described in the novel, his cultivation had reached a certain level, making it difficult for her to pry into his cultivation.

This was especially true for some experts who had returned to their original state. Their cultivation had reached the extreme, and their auras were like mortals.

Su Daji had figured it out last night. This was a peerless expert.

However, as an expert, a human expert, he could naturally see through her foxy nature.

Humans and demons were irreconcilable existences. However, the expert in front of him actually did not kill him. This meant that this expert was extremely kind or did not want to expose his identity and be contaminated by the power of karma.

Su Daji felt that it was the latter.

Which expert was kind?

Could it be that a person who was not ruthless could cultivate to a certain level?

Impossible!

A senior who considered karma when attacking was so terrifying!

She did not dare to offend him.

“What kind of attitude is this? I’m not a bad person. Do you have to be so scared? I just asked you what you think of this book.”

Xiao Changtian smacked his lips.

He was not a bad person. The girl in front of him seemed to have seen a peerless expert and was so frightened. Was there a need to...

Xiao Changtian was speechless.

“This book can be called an epic masterpiece.”

“Whether it’s the world described, the people in the world, or the cultivation techniques, it’s simply as if they’re real.”

H H

Su Daji barked a lot, her face full of surprise. The more she spoke, the more excited she became.

However, Xiao Changtian didn’t care much about what he said after that.

He only knew that Su Daji was praising this book.

” I thought female readers would only read romance novels like ‘Overbearing President Fell in Love with Me’, ‘Sweet Love’ and so on. I didn’t expect the world of cultivation to be so different. Fantasy novels even have a market for female readers.”

Xiao Changtian nodded in satisfaction.

“I wrote this book.”

Xiao Changtian smiled and walked back to the inn.

Only Su Daji’s shocked back was left.

“This book is...Did Senior write it?”

“No wonder! No wonder!”

Su Daji was overjoyed. No wonder the senior in front of her could raise the Black Tortoise and other divine beasts. It turned out that he was an old monster who had survived from the era in the book.

“Hiss!”

Su Daji took a deep breath and looked shocked.

But suddenly, her gaze became determined.

“I want to take senior as my master. That way, I can kill grand elder and avenge Uncle Fu. I want to find the reason why my parents disappeared.”

Su Daji thought to herself.

Then, he put away the book in his hand and walked back to his room. He began to consider how to take an expert as his master.

At the same time.

Among the Nine-Tailed Fox Tribe, a burly man in silver armor revealed an extremely angry expression. With a slap, he killed the two first stage Tribulation Transcenders who had stopped Su Daiji!

“You two are trash, yet you were held back by an old fellow.”

“Damn it!”

The burly man’s voice was cold. As soon as he finished speaking, all the experts present were silent like cicadas in winter, not daring to move.

This burly man was the Great Elder of the Nine-Tailed Fox Race.

The leader of the Nine-Tailed Fox Clan was Su Daji's father. However, after Su Daji's parents disappeared, the entire fox clan was led by the Great Elder.

Many people were secretly guessing that the First Elder had killed the Clan Leader.

However...

No one dared to question it.

Except for Su Daji.

In the entire White Fox clan, the Head Elder was at the ninth stage of the Tribulation Transcendence realm. He was the strongest, but he had also become cruel and heartless. He often killed people. Whether they were low-level cultivators or Tribulation Transcendence experts, the Head Elder would kill them without hesitation. There was no difference.

No one in the hall dared to speak. It was so quiet that one could hear a pin drop.

"Ghostfox, Tianchong, you two go and capture the Saintess."

After a long time, the burly man said in a deep voice.

"Yes."

The two elders looked at each other and hurriedly nodded in response.

Then, the two of them disappeared from the hall and left the Nine-Tailed Fox clan.

“What’s wrong with the Great Elder? He’s like a completely different person from a few years ago. Could it be that the Patriarch was really killed by the Great Elder?”Elder Ghost Fox said in a deep voice.

“I don’t know. We don’t need to know about these things. Our current mission is to capture the Saintess.”Elder Tian Chong said in a deep voice.

The two of them remained silent and did not speak anymore. They followed Su Daji’s aura according to the special secret method of the fox clan.

Very quickly.

The two of them arrived in front of the inn.

“This is the place.”

Elder Tianchong’s face was filled with joy.

Inside the room.

Opening the window, Su Daji, who was thinking about a problem, saw the two of them immediately.

In an instant, Su Daji hurriedly closed the window.

“The Nine-Tailed Fox Race is chasing after us?”

“What should we do? What should we do?”

Su Daji was shocked and restless. She paced back and forth in the room. She recognized the two people who came. They were Elder Ghostfox and Elder Tianchong!

These two people were both experts at the second level of the Tribulation Transcendence realm.

“I’m dead for sure. They must have listened to the Great Elder’s orders and come to capture me. Now it seems that it was the Great Elder who harmed my parents.”

“Damn it.”

Su Daji gritted her teeth, but there was nothing she could do.

The current situation was very dangerous. If she was captured and brought back, she could only become the Great Elder’s furnace and be completely useless. It was impossible for her to take revenge in this lifetime.

“No, I have to think of a way, think of a way...”

Su Daji was extremely anxious.

Her mind was spinning rapidly. Perhaps it was because she was nervous that she had pushed herself to her limits. A flash of inspiration flashed in her mind.

She thought of Xiao Changtian. Now, she could only seek Xiao Changtian’s protection.

If he could obtain Xiao Changtian’s protection, then Elder Ghostfox and Elder Tianchong would not be able to take him away today.

“That’s right, let’s do it!”

Su Daji was overjoyed and instantly calmed down. Even if she followed the senior, she could still make the two elders in the Tribulation Transcendence realm afraid...

“I’m really smart.” Su Daji smiled and walked straight to the door of the room. Anyway, her room was not far from Xiao Changtian, so she could definitely find the senior before the two elders came up.

However, just as she reached the door, heavy footsteps sounded outside the

room...

Chapter 129: New Disciple Disciple Mission, Heading to the Nine Phoenix Dynasty (1)

“Ding! He issued a mission to take in a demon as a disciple.”

...

Xiao Changtian simply fed a few turtles and chatted with Alpha.

However, in these two games, Alpha had improved rapidly. He was still playing with Alpha at ten percent of his previous strength, but Alpha was already able to play a dozen more pieces with him.

After doing all this, Xiao Changtian felt a little tired. He lay down on the bed and prepared to count the silver notes.

The white banknotes were pressed under his pillow.

The bookstore in the Victorious East Continent was sold well like hotcakes once again. Furthermore, it was the responsibility of the North Moon Empire, so he was extremely at ease.

However, suddenly, the system notification sounded.

“Accept a demon as a disciple?”

“System, are you asking me to die? If I were to take in a member of the demon race, wouldn’t I be beaten to death by the immortal cultivators?”

“There are no legends of heroes on the Tian Yuan Continent, nor are there any sadistic relationships between humans and demons. The two races are existences that cannot tolerate life and death.”

Xiao Changtian questioned the system.

However, the system displayed its usual characteristic, silence...He didn’t say a word.

n-H-| 11

Xiao Changtian couldn’t help but curse in his heart. This stupid system was really unreliable.

This was clearly asking him to court death!

However, Xiao Changtian thought about it and realized that there was a bug when he recruited Jiang Beichen.

Taking a disciple whose cultivation talent was determined as a disciple, but he was handing over his disciple’s calligraphy, which proved that the system tacitly approved of using bugs.

“Then what is the bug this time?”

Xiao Changtian’s eyes were deep as he thought about it. Suddenly, his eyes lit up.

Demon race?

That was a demon?

A vixen was also counted.

Was that woman from last night a vixen? She looked so enchanting...

“Forget it. In order to complete the mission, I’ll save you from danger.”

“System, I’ll take that vixen as my disciple. Is this okay?”

Xiao Changtian asked calmly, waiting for the system’s reply.

“Ding! Sure.”

This time, the system’s correct notification sounded very quickly.

“Beautiful.”

Xiao Changtian was pleasantly surprised. He walked out of the room. Now that they were going to the Nine Phoenix Dynasty, he could invite Su Daji. Along the way, he could use all 18 martial arts to conquer Su Daji and make her acknowledge him as her master.

Just like Jiang Beichen.

A painting was enough.

Therefore, Xiao Chang walked out of the room and knocked on Su Daji’s door.

Heavy footsteps and knocking sounds could be heard.

Inside the room, Su Daiji heard the heavy footsteps and the knocking on the door. She was instantly shocked.

“It’s over. Elder Ghostfox and Elder Tianchong came so quickly?”

“I’m dead.”

Su Daiji stood in front of the door, her heart in despair. He closed his eyes and quietly waited for his tragic fate to descend.

“What are you doing? Why aren’t you opening the door for me?” Outside the room, Xiao Changtian was dumbfounded.

Helpless, he could only shout, “Please open the door.”

As soon as Xiao Changtian finished speaking, Su Daiji, who was in the room, was overjoyed.

It wasn’t Elder Ghostfox and Elder Tianchong?

“I’m here. I’ll open the door now.”

Su Daiji’s face was filled with joy. It was Senior. She did not expect Senior to knock on her door.

That was great!

She was safe now.

She was almost scared to death.

“Senior!”

The moment she opened the door, Su Daji greeted him with a smile. She did not hide the sincerity in her eyes.

Xiao Changtian was stunned.

“Senior? Could it be...”

“Is it because of my book?”

Xiao Changtian thought about it. There were many people who called him senior, and each of them had various reasons.

As for the woman in front of him, this was the most reasonable explanation.

He had been reading the book so seriously before, so he must have been mesmerized by the brilliance in the book. After she found out that she was the author, she became her female fan...

“Yes, this is the most reasonable explanation.” Xiao Changtian thought.

At the same time, he felt relieved. He was a female fan. Naturally, it was easy to negotiate. He would take it as if he was paying for her to travel.

“I’ve called you here this time because I have something to tell you.”

“We’re going to a place, and we’re leaving this inn today.”

“I want to invite you to follow us. We will go to many places, and we will be able to accomplish many things...”

However, before Xiao Changtian could finish his sentence, Su Daji nodded and agreed to his conditions.

“I’m willing.”

“Senior, I’m willing!”

Su Daji nodded heavily, almost shaking her head.

To be able to follow by the side of such a mighty figure like Senior, even if the Great Elder came personally, it would only be a matter of Senior slapping him. He definitely could not let go of this opportunity.

I’ll find an opportunity to express my feelings to Senior on the way...

After that, he could naturally take her as his master.

This was a good opportunity!

Both of them had smiles on their faces.

One was to achieve his goal and effortlessly complete the system’s mission.

The other was ecstatic. Anyone would like a chance to save their lives.

“Alright, then you can pack your things and set off in an hour. I’ll be responsible for you along the way.”

Xiao Changtian said lightly.

“There’s no need, Senior. I, the Goddess of Beauty, have packed my things.” When Su Daji heard that Xiao Changtian would take responsibility for her, she was overjoyed like a child.

She casually picked up a package and could set off now.

“So fast?”

Xiao Changtian looked at the scene in front of him and was slightly surprised. Where are your girls' cosmetics and big bags of clothes?

Although he was surprised, Xiao Changtian didn't care. Since he was ready, he could set off.

“Let's get ready to set off.”

Xiao Chang Tian once again held the white tiger in his hands, the turtle rode on the fat Rongrong's head.

The ant crouched on Fatty Rongrong's shoulder.

Wang Miaoshou, Daoist Big Sun, Jiang Beichen, and Chu Yiren all came out of the room.

“Senior, who is she?”

The first thing Chu Yiren saw was Su Daji. She frowned, suddenly feeling a strong sense of oppression.

Her body was hot and full, but the woman in front of her was charming.

She immediately compared herself to Su Daji.

“She will follow us to Jiu 'er's hometown.” Xiao Changtian said lightly. However, when he mentioned his name, he remembered that he had not asked for his name.

“What’s your name again?”

“Senior, my name is Su Daji.”

Su Daji said respectfully and smiled at everyone.

For a moment, her smile was filled with charm. It was natural and graceful, and extremely charming.

“Su Daji? Hmm, a good name...”

Xiao Changtian smacked his lips. This name was indeed a vixen. No wonder the system prompt was correct.

Everyone went downstairs.

Only Chu Yiren was staring at Su Daji, her heart aching..

Chapter 130: Ghost Fog Forest’s Plan (1)

They went downstairs.

...

During the process of going downstairs, Su Daji followed Xiao Changtian closely.

She was afraid that if the two elders suddenly launched a sneak attack, it would be impossible to guard against them. She might be captured by the two elders.

Only by following Senior's side would it be the safest.

However...

When everyone went downstairs, Su Daji was relieved.

A middle-aged man in gray sat at the door. His aura was restrained, but one could already tell that this person was extraordinary.

He had a square face, and there was a noble air between his brows.

There was a small cloth bag beside his hand. The small cloth bag was filled with all kinds of gemstones. They sparkled and looked extremely gorgeous.

Su Daji knew this person. He was a famous heavenly master named Zhang Daolin. They specialized in hunting demons and subduing demons. His strength was even more tyrannical. He was at the fifth level of the Tribulation Transcendence realm!

However, this person was arrogant by nature and only liked to draw talismans and collect demons.

Outside the door, Ghostfox and Elder Tianchong had already disappeared. Clearly, they had been intimidated by this person and had left.

Su Daji heaved a sigh of relief when she saw Ghostfox and Tianchong disappear.

She had the most brilliant treasure of the fox clan that could conceal her aura. It was given to her by the fox clan's patriarch, who was also her father. Unless one's cultivation was above the ninth level of the Tribulation Transcendence Realm, one would not be able to discover her identity as a nine-tailed fox.

Xiao Changtian and the others were about to leave.

At this moment, Zhang Daolin stood up and stood in front of Xiao Changtian.

“Hmm?”

Su Daji was shocked. Could it be that Zhang Daolin had discovered her aura? He recognized that he was a nine-tailed fox demon?

But the next moment, Su Daji relaxed.

“Excuse me, are you the author of this book?” Zhang Daolin asked slowly.”

Zhang Daolin took out a book from his waist. It was published by Xiao Changtian in the East Victory Continent.

“It’s me. Is there a problem?” Xiao Changtian looked at Zhang Daolin in front of him and was surprised. Could this be his male fan?

A large-scale star-chasing scene?

This feeling was really good.

” No problem. Your book is truly a divine book. Even after flipping through it, I feel as if a magnificent world has appeared in my heart.”

“It’s as if I’m there. It’s amazing.”

Zhang Daolin praised.

The main reason was that he had no hope of breaking through in the past few years. He had visited various experts, including experts like Daoist Xingyun, but no one had any enlightenment.

He happened to travel to the East Victory Continent and saw this novel.

In an instant, he was entranced.

The world and plane described in the book seemed to be real. He even had some insights, which made his realm loosen up again. In a few days, he easily passed the fifth level of the Tribulation Transcendence realm that he had been unable to break through for a long time.

Originally, he wanted to pay a visit to the senior.

However, at this moment, he had seen Xiao Changtian and his cultivation.

Mortals!

Zhang Daolin didn't know what to say.

This book was actually written by a mortal?

Could it be that the contents were all fabricated?

Among the people before him, other than the red-bearded middle-aged man who was at the Soul Formation Pinnacle Stage, the only one left was Chu Yiren. The others didn't seem to have any cultivation?

Could it be that this person was the young master of some clan who had brought his guards here to play?

"Forget it. Whether it's a mortal or a senior, since you've helped me break through, I, Zhang Daolin, will definitely repay this favor."

“The two White Fox clan experts from before were at the Tribulation Transcendence realm. Their gazes were fixed on the room upstairs, and their target should be this person in front of them. I’ll escort you all the way.”

Zhang Daolin thought to himself and said, “I happen to have nothing to do. I wonder if I can go with you and discuss some problems in novels?”

“Of course you can.”

Xiao Changtian immediately agreed. What reason did he have to reject the fans coming personally?

He couldn’t refuse!

Thus, the group set off in a grandiose manner.

“Damn it, this Zhang Daolin actually came out to cause trouble.” Elder Tianchong angrily said.

“With Zhang Daolin present, we have no way of capturing the Saintess. Now, we can only contact some friends on the road ahead.”

“Not far ahead, there’s a Ghost Fog Forest. It’s an expert at the sixth level of the Tribulation Transcendence realm.”

“It’s perfect to set up a trap in the haunted house forest!” Elder Ghostfox said coldly.

“Good!”

Elder Tianchong nodded in response. The two of them flashed and arrived in the Ghost Fog Forest ahead of time.

At the same time.

Monkey Wukong could not stay idle along the way. He shuttled through the forest, disappearing from time to time and reappearing from time to time.

“Alright, go play by yourself. Just follow us.”

Xiao Changtian said lightly. He was currently discussing the plot of the novel with Zhang Daolin, so he couldn't care less.

Monkey was overjoyed when he heard that.

How could he not keep up?

The Tian Yuan Continent did not even have much land. They could arrive at any time they wanted.

“Ugly turtle, why don't you go ahead and play?” Wukong scratched his ears and cheeks, provoking Black Tortoise.

“Damned monkey, are you courting death?” The Black Tortoise was furious. This was the second time that he had been called an ugly turtle!

He couldn't bear it.

In an instant, the monkey and the turtle chased each other and disappeared from everyone's sight.

At this moment, Xiao Changtian did not care about them.

He and Zhang Daolin were like old friends at first sight. They chatted happily and Zhang Daolin even completely accepted some of the concepts on Planet Blue and proposed new ideas.

“Brother Xiao, I feel that the Lightning Rush Talisman can actually be improved a little. Among the demons and monsters, there are the two demons and monsters...”

“It’s possible, but there are limitations. For example...”

The two of them chatted like this along the way.

Xiao Changtian felt like he had met an old friend.

Zhang Daolin, on the other hand, felt that although the person in front of him was a mortal, every thought was completely in line with the path of cultivation. It was even a perfect state.

He could even get guidance on his cultivation problems when he mixed them into the content of the novel.

It was as if a casual sentence from Xiao Changtian could bring him endless opportunities.

If he didn’t observe Xiao Changtian and confirm that he didn’t have any cultivation, he would have thought that Xiao Changtian was some kind of peerless old monster.

“Could it be that this is the rumored Heaven’s Jealousy Physique? Because his talent was too terrifying, and every thought and action was close to the Great Dao, the heavens deprived him of his luck in cultivation?”

Zhang Daolin frowned.

When his master told him about it previously, he did not believe it.

However, after meeting Xiao Changtian, he believed it.

“Sigh, Brother Xiao is such a pitiful person. Forget it, after this trip is over, I’ll give a Dao-seal to Little Brother. At least it can ensure his safety.”Zhang Daolin thought to himself.

“As for the Ghost Fog Forest ahead, we have to be more vigilant...” Zhang Daolin’s expression turned grave..
