Chapter 201: Ten Miles Sword God Ascends! i

“Senior Monkey has instructed that you are not allowed to pursue the monkey demons!”

Zhang Daolin, Perfected Qing Yun, Perfected Xing Yun...They immediately surrounded Li Wushuang!

Their

“Humph, with just you guys? I’m really going to laugh my teeth off!” Li Wushuang smiled. A group of Mahayana cultivators dared to surround a Divine Lord like him!

It was simply ridiculous.

“What is it? Can you say another sentence to us? What do you want?” Tang Ritian asked.

“He said he wanted to lose his teeth.” Shangguan Shuai said.

“Oh! It turned out that he wanted to lose his teeth. This was simple.”

Gan Tianlei nodded. He knew how to knock out front teeth!

“No, not only does he want to lose his teeth, but he also wants to lose his teeth while laughing! I’ve never seen such a strange request.”

The Sect Leader of the Hundred Poison Sect took out a bottle of green poison and waved it gently. A wisp of aura instantly floated past.

In an instant.

Li Wushuang's nose twitched as she sensed a pungent smell.

As the pungent smell entered her nose, Li Wushuang suddenly couldn't help but laugh.

"Hahaha, what did you do to me?"

"Hahaha, I'm warning you, don't mess around, hahaha, or I'll kill you, hahaha!"

"Ahahaha..."

Li Wushuang laughed loudly, her face filled with a sinister smile.

Crying didn't look like crying, nor did it look like laughing. It was extremely ugly.

"Hehe, I've already laughed, but I haven't lost my teeth yet." Gan Tianlei said with a smile. He rolled up his sleeves again and punched Li Wushuang's mouth like a heavy rain.

In an instant, Li Wushuang was sent flying.

In the air, he spat out a mouthful of blood, which was mixed with a few teeth.

"Hahaha, you dare to hit me? You'll get your retribution! Haha!"

Li Wushuang was sent flying back several thousand meters before she managed to stabilize herself.

In an instant, he exploded!

“Haha, Original Yang Scripture, Great Sun Golden Wheel!”

Li Wushuang’s aura exploded, and a huge sun appeared behind her.

As soon as the sun appeared, the vast sea was illuminated in a golden-red color.

The surface of the sea was blood-red and extremely terrifying!

In an instant, waves surged on the huge sea!

The Great Solar Golden Wheel carried a world-destroying aura as it swept towards everyone.

“Buzz!”

As the Great Sun Golden Wheel approached, the entire space began to tremble.

The seawater that was swept up and trembled by the power was evaporated as soon as it touched the sun!

“I want you ants to die hahaha...”

Li Wushuang laughed maniacally as she said angrily.

“Tsk!”

“Asking for a beating!”

Gan Tianlei threw a punch.

“Bang!”

The terrifying fist force carried a terrifying aura that seemed to be able to shatter the heavenly lightning as it collided with the Great Solar Golden Wheel.

Extreme convergence!

In an instant.

The wind and clouds in the sky surged. The Great Solar Golden Wheel was directly shattered, turning into countless light spots and disappearing.

“How is that possible? Hahaha!”

“No, impossible!”

Li Wushuang was shocked. She never thought that she would be defeated by a Mahayana Realm cultivator one day.

In his panic, he flew out like a meteor.

A perfect line was drawn in the sky.

“Alright, let’s go home and have a good time.”

Daoist Nebula said.

The others nodded.

Although the lightning tribulation they had just passed only allowed them to break through to the Mahayana realm, the lightning tribulation experts were not inferior to the Divine Lord realm lightning tribulation at all!

There was even a monkey that gave each of them a strand of hair.

As for those Great Emperors, they were not even enough to defeat them with one hand.

Everyone left.

Li Wushuang flew in the air with a painful smile on her face. Two streams of tears flowed down from the corners of her eyes.

He did not understand why these cultivators in the lower realm were so powerful!

“Boom!”

Finally, he landed on a deserted path.

There was no one around the small path.

There were only a few figures.

He followed the figure and looked over. In an instant, he was so scared that he shivered.

“Skeleton...Divine Lord?”

Li Wushuang stared at the skeleton on the ground in shock.

The Skeleton God was on the same level as Yuan Yang God and Li Wushuang had seen him before.

But now.

The Skeleton Divine Lord lay on the ground, no longer breathing.

The divine power around him was still being absorbed by a person from the lower realm.

“Oh my god!”

Li Wushuang couldn't help but scream. What was going on with this lower plane?

He could even kill a Divine Lord?

No!

This was not the lower realm.

This was a forbidden area!

The rumored forbidden land of the universe.

In the vast Greater World of the universe, there were some forbidden lands. Because there was an existence that surpassed the Godly Emperor in those forbidden lands, this world would become abnormally powerful.

“I chased the monkey into the forbidden area?”

Li Wushuang slapped her forehead.

He had chased them into the forbidden area. This was the rhythm of courting death!

“Someone from the Divine Realm?”

Ten Miles Sword God, who was absorbing the Skeleton God’s energy, saw Li Wushuang and his killing intent surged.

Only Immortal Lord Hong Yun knew about the death of the Skeleton God.

If others knew about this, it would be unthinkable.

“Ten Mile Sword, go!”

Sword God Ten Miles shouted, and the broken sword on his back turned into a beam of light and shot toward Li Wushuang.

“Not good.”

Li Wushuang was shocked. The existence in the forbidden land wanted to kill her.

“Escape!”

Li Wushuang frowned and an escape talisman suddenly appeared in front of her. She disappeared into space.

The Ten Mile Sword missed by a mere second!

“Not good. This person has fled the Tian Yuan Continent and returned to the Immortal World.” Ten Miles Sword God was shocked.

“Then what should we do?”

The black shadow, the Heaven Queen, the Demon Emperor, and the Demon Emperor all had solemn expressions.

Once the matter of killing the Skeleton Celestial Lord was exposed, it would definitely attract the Skeleton Celestial Realm’s experts to descend to the lower realm. At that time, who would be able to resist?

“Could it be that the calamity of the Fallen Emperor Era is about to rise again?”

The Heaven Queen said with a solemn expression.

Everyone was silent.

“No, there is another way.” Sword God Ten Miles, who had finished absorbing the Skeleton God’s power, stood up and said.

“What is it?” The demon emperor couldn’t help but ask.

“Kill this person!”

“Only the dead will not speak.” Ten Miles Sword God said in a deep voice.

“I’ll contact Immortal Lord Hongyun and ascend to the Upper Realm now. I’ll kill this person before he spreads the news.”

“Madam, I’ll leave the rest to you!”

Ten Miles Sword God gripped the short sword in his hand. His facial features that had recovered revealed determination.

Then, he took out a token and handed it to Heaven Queen. "These are the hundreds of thousands of boys and girls who were captured back then."

"I'm leaving!"

After he finished speaking, the Ten Miles Sword God did not even turn his head back. He slashed the short sword in his hand and barely managed to communicate with the power of Immortal Lord Hongyun.. In an instant, he ascended!

Chapter 202: Collection Progress (1)

"Hey, Maniac Chu, Perfected Qing Yun, Brother Zhang, you guys died a tragic death."

"But don't worry, when I'm invincible, I'll definitely resurrect you."

Xiao Changtian was packing up his things in the courtyard. He was putting a lot of gold into his interspatial ring.

"Master, what are you doing?"

Mu Jiu Huang stood at the side, not knowing what to do.

"Jiu 'er, don't talk. Hurry up!" Xiao Changtian said to Mu Jiu Huang.

He had also guessed the identity of Reverend Chi Yang. He did not expect that Reverend Chi Yang was not a hermit, causing his brain to fill up for so long.

This time, the five party alliance suffered a huge defeat. From now on, he could no longer enjoy a stable and happy life.

From now on, he would have to leave his hometown and take the few animals rewarded by the system and a few disappointing mortal disciples to wander the world.

Xiao Changtian was scared when he thought about how they might be frozen to death in the winter without even using a match.

Therefore, he had to put all this money away now.

Only by storing all this gold would he not starve.

His disciples would not be bullied.

These were the keys to his path to invincibility.

The most important thing is to have the money, if you have the weak physique, if you have the illness on the way, if you have the injury, if you have the money to buy herbs.

As long as he was alive, there would be hope for invincibility!

“Oh.”

Mu Jiu Huang didn't understand what Xiao Changtian was trying to do, so she just helped him pack the gold.

At this moment.

Outside the room.

The voice of the Great Sun Immortal suddenly sounded.

“What are you two doing?”

The Great Sun Immortal was carried by the monkey to Xiao Changtian’s room.

“Hmm? The Great Sun Immortal?”

Xiao Changtian was slightly stunned. This voice sounded like the Great Sun Immortal.

He turned his head to look. F * ck, it was really the enlightened person of the Great Sun!

“Cough cough, Jiu ‘er, I’m done. You can go out first.”Xiao Changtian coughed. Since the Great Sun Immortal was back, why would he be afraid?

However, these reclusive experts usually treated money like dirt!

The reason why he became friends with the Great Sun Immortal was because of a painting.

He absolutely couldn’t let Dayang Zhenren discover that he was greedy for money!

“It’s nothing. I’m just exercising with Jiu ‘er.”Xiao Changtian explained.

Then, he saw Monkey on the shoulder of the Great Sun Immortal and asked in puzzlement,“Daoist Big Sun, where have you been these past two days? Didn’t he help Long Ming and the others to eliminate the bandits?”

“Damned monkey, be more respectful to the Great Sun Immortal and get lost!”

Xiao Changtian asked as he grabbed the monkey's tail and held it in his hand.

The monkey was so frightened that it trembled and did not dare to move.

Outside the door.

The group of monkey demons led by the Redtail Bottomed Monkey arrived just in time like a tide.

"Hiss ~!"

Countless monkeys stood in front of the small courtyard and gasped in unison.

What did they see?

"Military, am I dreaming?" Six-Eared Macaque asked.

"Let me confirm. Don't move!" The Redtail Bottleneck Monkey's expression was grave. It raised its paw and slapped the Six-Eared Macaque's face.

"Ah! Military, why did you hit me?" Six-Eared Macaque was slapped a few meters away. He covered his face and said in a wronged tone.

However, the Redtail Bottomed Monkey did not care about his feelings at all. Instead, it asked, "Did I hurt you?"

The Six-Eared Macaque was furious, but he didn't dare to say anything. He could only nod.

"That's right." the Redtail Bottleneck Monkey said.

“Military, you...” Six-Eared Macaque was furious. Advisor Jun was bullying Honest Monkey. Just as he was about to get angry, his eyes lit up.

“Oh right, I’m in pain. You’re hurting me!”

“Advisor Jun, give me another slap!”

“This time, you slapped the left side of my face.”

Six-Eared Macaque said excitedly,

“Pa!”

Then, the Redtail Monkey slapped the Six-Eared Macaque again.

The Six-Eared Macaque lost a few teeth.

However, he was not angry at all. Instead, he said with a happy expression, “I really wasn’t dreaming. Someone actually beat up the Monkey King!”

As he said this, countless monkeys stood respectfully in front of the courtyard, not daring to move.

“I went to the Divine Realm and just came back.” The Great Sun Immortal could only answer truthfully.

“Divine World?”

Xiao Changtian was stunned.

Didn’t the Great Sun Immortal come to the lower realm to avoid being hunted down by the Divine World?

Why did he return to the Divine Realm?

Could it be that he had predicted that the people of the Divine World would descend on the Tian Yuan Continent, so he had gone to negotiate with them and told them not to make things difficult for the people of the Tian Yuan Continent?

“What was the result?” Xiao Changtian asked.

If Daoist Da Yang could reach a deal, the Tian Yuan Continent would be able to settle down and he would not have to leave his hometown.

“The result?” The Immortal Da Yang was stunned. Was Senior asking about the outcome of the Black Night Sect?

Before he could think, the Great Sun Immortal answered directly, “Kill all of them. Will it be okay for the Guestas?”

“Kill them all?”

Xiao Changtian was stunned.

The Immortal Da Yang was so fierce?

Even the people of the Divine World could be killed as they wished?

Could it be that the Great Sun Immortal was the highest existence in the Divine World?

Yes!

It must be!

“I didn’t expect this. I actually underestimated the Immortal Da Yang.”

“In the past, I always felt that the difference between the Great Sun Immortal and me was like the difference between heaven and earth.”

“But from the looks of it now, one is a vast star, and the other is dust in the desert. They can’t be compared at all.”

“But fortunately, I actually hugged such a thigh.”

Xiao Changtian thought to himself. He then looked at Mu Jiu Huang and said, “Jiu ‘er, serve some tea.”

Then, he came to the stone table with the Great Sun Immortal and drank tea together.

However, just as he walked over, he saw a large group of monkeys standing outside the small courtyard. They were all motionless and their gazes were all looking into the small courtyard.

“Ding! Red-tailed macaque and six-eared macaque rare species detected. Collection progress of monkeys in the zoo: 3/10.”

At this moment, the system notification sounded in Xiao Changtian’s mind.

Xiao Changtian suddenly remembered that on the first day he came to this world, the system told him that he had to rebuild the zoo in his previous life in order to open the path of invincibility.

“Come in.”

Xiao Changtian waved his hand and threw out two corn cobs. With the system’s reward of “Raising Skill (Great Success)”, it was not a problem to call these monkeys in.

“Chi chi!”

The Redtail Bottleneck Monkey and Six-Eared Macaque looked at each other and stood at the door with fear. Then, they slowly walked into the courtyard and came to Xiao Changtian’s side.

“In the future, you will live in this small courtyard.”Xiao Changtian said lightly..

Chapter 203: Rongrong’s Master Is Back

“Squeak squeak!”

Outside the door, the other demon monkeys were scratching their ears and cheeks, not knowing what to do.

The Monkey King, the military, and even the Six-Eared Macaque had gone in. What were they going to do?

For a moment, these little monkeys could not make up their minds.

“Let’s leave first. There’s a mountain forest nearby. We’ll stay in the forest and come back to find the Monkey King and the military in a few days.”A monkey suggested.

Immediately after, the group of monkeys nodded and disappeared like a swarm of bees.

At this moment, Perfected Qing Yun and the others had also rushed back.

“Senior, we’re back.” Perfected Qing Yun said with a smile. Each of them had a grateful expression on their faces.

Senior’s drumbeat had directly surpassed this realm in terms of comprehension of the nomological laws.

Their strength could no longer be measured by realms now.

“It’s good that you’re back.” Xiao Changtian nodded, but he was even more shocked.

The Great Sun Immortal was indeed powerful!

Perfected Qing Yun, Maniac Chu, and the others had been struck by lightning, but they had actually been saved.

It was simply unimaginable!

“Everyone has suffered. Today, I’ll personally cook a feast for everyone.” Xiao Changtian was in a good mood after knowing that the Immortal Da Yang was a peerless expert.

As long as he clung onto the thigh of the Great Sun Immortal, he would have nothing to worry about.

On the other side.

The Ten Miles Sword God ascended to the sky.

The first one he saw was Immortal Lord Hongyun.

As her name suggested, Immortal Lord Hong Yun was dressed in a crimson flowing cloud robe. Her long hair was also tied into a spiral cloud shape.

“Are you sure Skeleton is dead?”

Immortal Lord Hong Yun asked lightly.

“I’m sure.” Ten Miles Sword God nodded.

“Alright then. From today onwards, you will replace the Skeleton Divine Lord and become the master of the Skeleton Divine World. However, I want all the resources of the Skeleton Divine World.” Immortal Lord Hong Yun’s voice turned cold.

“Yes.” Ten Miles Sword God replied again.

“Then you can go.” With a wave of her hand, Immortal Lord Hongyun cast a halo on the head of Sword God for Ten Miles and then disappeared.

The aura of the Ten Miles Sword God became mysterious and indescribable!

Then, he headed straight for the Skeleton Celestial Realm.

Li Wushuang used an escape talisman to teleport back to the Original Yang Divine Hall.

“Divine Lord, something bad has happened!”

“Something big has happened!”

Li Wushuang hurriedly said to Sir God Yuan Yang.

However, there was a Skeleton Divine Lord standing beside him.

“You!”

Seeing the Skeleton God, Li Wushuang felt her scalp go numb and a chill run down her spine.

He had seen the Skeleton God Lord die in the forbidden area with his own eyes. Then, the Skeleton God Lord in front of him...

“It’s fake! It must be fake!”

“He wants to silence me!”

Li Wushuang was shocked.

If he were to tell the truth now, he might be killed on the spot. Even Divine Lord Yuan Yang might not be able to protect him.

“Run!”

“Hurry up and run, the further the better!”

This was the only thought in Li Wushuang’s mind.

He had to run to the ends of the earth, to a place where no one could find him, to hide, to ensure his safety.

“What happened? How could he be so flustered? Can’t you see that I’m discussing something with the Skeleton God?”

“No, nothing,

Li Wushuang shook her head and quickly left.

At the same time.

After everyone left, the Door of Antiquity once again turned into ruins, wrapped in a white fog.

It was just that inadvertently.

The broken ground suddenly began to tremble.

The soil on the surface began to loosen, as if something was constantly hitting the ground.

After an unknown amount of time, the ground finally cracked open, and a palm-sized hole appeared.

A large black hand reached out from the cave.

Then, the hole became bigger and bigger, and it directly collapsed.

A muscular man dressed in animal skin with horns on his head crawled out from the ground.

Beside him was a black and white beast that looked extremely similar to Fatty Rongrong.

“Waah!”

The black-white beast kept rubbing itself against the sack on the man’s waist. “F * ck you. You just ate a meal of spiritual bamboo, and now you still want it?” “What use do you have? If I hadn’t drunk a little back then and confused you with the other one, would I have been able to come out after so many years?” “What else can you do besides acting cute? Even if you can simply devour a Martial Monarch Realm expert for me, it’s fine. You can’t even defeat an ordinary person. Shame, good-for-nothing. I won’t give you food today!”

The fur-clad man said with a speechless expression.

However...

After being scolded by the fur-clad man, the black and white beast immediately burst into tears. Two streams of hot tears flowed out of its eyes. "Aiya, I, I'll give it to you, okay?"

The fur-clad man looked at the black and white beast as it cried in front of him. Covering his face, he took out ten spirit bamboos from his waist pouch with heartache.

The spiritual bamboos were wrapped in green immortal energy. Just by looking from afar, one could tell that these ten spiritual bamboos were treasures!

"Waah!"

When the black and white beast saw the ten spiritual bamboos, it instantly stopped crying. It immediately carried the spiritual bamboos to the side and started nibbling.

"Hey, my Iron Eater, where are you? Without you, how can I conquer the heavens?" The fur-clad man looked at the black and white beast eating the spirit bamboo with a depressed expression.

With such a glutton by his side, he was completely speechless. He looked at the sky with a helpless expression.

In the courtyard.

The Iron Eater hugged two huge bamboo shoots and happily gnawed at them. Suddenly, he seemed to have sensed something. He looked into the distance and frowned slightly.

"Is that you?"

“You’re back?”

Fatty Rongrong frowned, her face revealing a puzzled expression. Even though the bamboo shoot in her hand had already been snatched away by the monkey, she still didn’t notice, her gaze only looking towards the distant sky.

“Fatty, what’s wrong?”

Seeing Fatty Rongrong’s appearance, Black Tortoise, as the boss, asked with concern.

“Boss, I really feel like my previous master has returned.” Fatty Rongrong said. “The previous owner? The one who sealed you underground for ten thousand years? Are you going to take revenge on him? Boss will take you there and give him a good beating.” Black Tortoise said.

“Boss, there’s no need. It’s just a feeling.” Fatty Rongrong shook her head.

In the courtyard.

A burst of fragrance wafted over at the same time, seeping into everyone’s hearts. The fragrance curled up, as if it made everyone’s spiritual altar clearer. “It’s time to eat, it’s time to eat. This was personally made by Senior. I want to drink three big bowls of it!”

A group of cultivators gathered in the small courtyard and sat around a table.

Each of them held a bowl and chopsticks and ate in large mouthfuls..

Chapter 204: Too Strong (1)

“Puff!

Perfecting Qing Yim, who had just eaten a bowl of carrots, suddenly let out a breath.

A foul smell came from behind him.

Everyone in the small courtyard had a change in expression.

“Are you going to die? Put it here... Hurry up and get out. Don’t make Senior hate you.” Lian Yin, who was beside Perfected Qing Yun, hurriedly asked Perfected Qing Yun to leave.

“Yes, yes, yes!”

“I’m sorry, Senior’s carrot force was too strong and I couldn’t hold it in.”

Perfected Qing Yun smiled embarrassedly and squeezed the two petals tightly. Then, he quickly ran out of the small courtyard.

He instantly found a place and flew away.

He was already on the verge of collapse.

The spiritual energy contained in Senior’s meal was simply more than the sum of his previous cultivation. The terrifying spiritual energy did not have time to absorb it at all and was about to leak out through the back door.

He came to the surface of the sea.

“Pfft!”

In an instant, a yellow mist covered the entire sea.

On the surface of the sea, there was a school of fish watching.

However...

In just a few seconds, the school of fish instantly felt a stench rush into their brains, stimulating their nerves. They only felt dizzy and fainted on the sea surface, revealing their white fish bellies.

Perfected Qing Yun was completely oblivious to all of this.

He just stood in the void, his expression turning from ferocious to nervous, and finally to relaxed.

“Awesome!11

“This feels f * eking good! It was simply awesome!

Perfected Qing Yun shouted.

He felt as if his body was erupting like a volcano, and a foul air was completely expelled from his body.

Soon after.

He felt his spiritual altar clear up and suddenly shivered.

“Buzz!”

In the next second, his entire body lit up with a white light.

With the appearance of the white light, the aura around him became stronger and more mysterious!

It was as if there was some kind of power that poured the Great Dao laws into his brain, allowing him to understand it naturally without having to comprehend it.

“Senior’s radish is really fragrant!”

Perfected Qing Yun stood up and prepared to leave.

However...

Suddenly.

In the direction of the small courtyard, dense black figures were like a tidal wave that filled the sky as they headed toward the North Sea.

“Ah, I can’t hold it in anymore. I want to release it now!11

“I can’t do it either. Let’s go together!”

“Add me in. Three people is more exciting!”

“Let’s go together, don’t be shy.”

“Senior’s rice is too full of spiritual energy. I can’t absorb so much anymore. I have to release it now!”

“Ah!”

The male cultivators who rushed over completely let go of themselves and directly farted...

“Puff! Puff! Puff! Puff!”

In an instant, turbid waves surged into the sky. The terrifying yellow aura almost covered the entire North Sea.

“F * ck!”

Perfected Qing Yun was the first to be drowned in the yellow fog.

Then, his entire body was dyed yellow! It was like a statue that was frozen in the void.

As for the female cultivators, their faces were flushed red.

Facing a group of male cultivators, they couldn't release it! Just thinking about it made her blush.

How could a little fairy fart?

“Sisters, let's go to the other southern seas!” Lian Shenyin led a group of female cultivators and turned into countless afterimages as they ran towards the South Sea.

Soon after.

Above the Southern Sea.

A wave of yellow foul Qi turned into a mushroom cloud and instantly soared into the void.

The yellow mushroom cloud was still expanding.

It was getting bigger and bigger!

It was getting more and more prosperous!

It covered the entire Southern Sea.

Large groups of fish dove into the deep sea, but the yellow fog seemed to have a penetrating power, directly entering the sea.

“Run!”

“Which f * eking Poison King attacked? It stinks!”

“I’m going to vomit, I’m going to f * eking vomit, it stinks!”¹

Countless marine race demonic beasts fled, trying to avoid the yellow poisonous gas.

However...

There was no way to avoid it. The vast South Sea was directly invaded by the yellow turbid gas. The originally overflowing seawater actually changed into a dirty yellow color imperceptibly.

The Sea Tribes under the South Sea all rolled their eyes and floated on the surface of the sea.

In fact, the yellow mist was still expanding, gradually heading toward the North Sea.

“F * ck, so fierce!”

The male cultivators who had just done it together on the North Sea all had terrified expressions on their faces.

“Senior’s food is simply an ultimate divine medicine. These old witches who have lived for thousands of years and tens of thousands of years have held back so much!”

A boorish and carefree male cultivator said directly.

“Hmph, you deserve to be single!”

On the other side, a group of female cultivators’ necks turned red from embarrassment. They angrily shouted and instantly left.

“Senior is too fierce! Just eating a bowl of rice from him was like swallowing a spirit vein!”

“Yes, yes, Senior is indeed Senior!”

“Senior is too powerful!”

The group of female cultivators whispered to each other.

Fifteen minutes later, they returned to Xiao Changtian’s courtyard.

“You guys...”

Xiao Changtian looked at the men and women running out with a strange expression.

Did these people go out to vent their anger?

In the world of cultivation, even cultivators have such poor stomachs?

“Senior, we didn’t do it on purpose. It’s really this food...1’ Perfected Qing Yun hurriedly explained. The spiritual energy contained in the food was too huge.

“Food?”

“What does it have to do with food?”

Xiao Changtian frowned when he heard that. These people had bad stomachs. How could they say that there was something wrong with their food!

His food was cultivated by Ye Fan every day in the wasteland of the small courtyard.

As for the seeds, they were given by the system.

There was no need to mention the soil. Before accepting a disciple, he had used the essence that he had secreted every night to irrigate it for many years.

In the soil, slowly, nitrogen, phosphorous acid, and potash... and a series of organic elements.

It was definitely a good dish!

How could she have a stomach ache?

“Forget it, forget it. Since they’ve eaten the food I’ve cooked, give them a medicine to comb their stomachs.” Xiao Changtian said helplessly. He had suffered a huge loss this time.

After cooking, he still had to deliver the medicine.

“No, I want to earn it back! I can’t lose out!”

“One person sold them a copy of Fantasy: 1 Really Didn’t Raise Immortal Beasts. Anyway, Not only did it have a taste, but it also had a color.”

“I’ll give them a bit of the price. Fifty copper coins.”

Thinking of this, Xiao Changtian ordered Wang Miaoshou to distribute the medicine to treat the intestines and stomach, “Miracle Hands, give each of them one of the yellow pills in the box from before. It’s to clear their stomachs!”

“Yes.” Wang Miaoshou replied respectfully.

“Yes.”

Xiao Changtian nodded and walked into the room, taking out the remaining books..

Chapter 205: Mysterious Small Mountain Village (1)

“Senior’s pill?”

The experts of the Tian Yuan Continent all revealed looks of joy when they received the yellow pills from Wang Miaoshou.

Senior’s medicinal pill, eating one would allow one to ascend to heaven!

“Thank you, Senior!”

The group of experts bowed to Xiao Changtian.

They would forever remember the kindness of their senior.

“It’s just a pill. Take it out and eat it. If there’s no one here with a book, just pay up. Fifty copper coins!”Xiao Changtian said lightly.

He had to earn it back.

Although it was a little expensive, he could not lose out.

“Senior, do you mean that this book costs fifty copper coins?”Gan Tianlei was the first to ask, frowning.

“That’s right.”

Xiao Changtian nodded. However, when he saw Gan Tianlei’s expression, he felt that something wasn’t right.

Could it be that he thinks that I’m selling it at too high a price and that I’m a black-hearted profiteer?

This...

“Then why don’t you make it cheaper? Forty!”Xiao Changtian had no choice but to lower the price by one-fifth.

This was his bottom line.

If he lowered it any further, it would really be gone!

“Forty?” This time, Gan Tianlei couldn’t help but be shocked. Even the Vice Sect Leaders were shocked and gasped.

Senior’s book was a divine book.

Although there were some typos, it did not affect their breakthrough!

“This... Then it’s free. It’s free. I’ll give it to you.”Xiao Changtian was speechless. He had suffered a great loss today.

Today, not only did he cook a meal for everyone, but he also gave everyone a pill. Now, he had given them the books for nothing.

He might even be scolded!

Because there were too many typos, and the writing style was a bit stiff!

“That damned author. He can’t even check for any words. He’s probably a primary school student.”

” His writing is still so lame. If I hadn’t studied animal management and not computer security, I would have hacked into the author’s background to change his outline and poison points. Trash author, and he even said that he had a block text.

Trash.””Xiao Changtian couldn’t help but mutter in his heart!

“Senior, what did you say?”

The others were happily reading their books. They heard Xiao Changtian mumbling something and asked curiously.

“It’s nothing.”

Xiao Changtian waved his hand.

“Oh.”

Everyone nodded, then bid farewell to Xiao Changtian and left.

On this day, countless experts on the continent swallowed their own stomach pills.

Whether it was the Holy Lands or the small sects, they were all shrouded in a yellow fog!

The yellow fog passed through layers of obstacles on the Tian Yuan Continent. It even spread from the Five Region Domain to the Four Symbol Domain, the Two Elements Domain, and the First Domain...

The spiritual energy on the Tian Yuan Continent had risen to a whole new level overnight.

The next day, when the yellow mist dissipated, the cultivation of the Sea Demons among the Sea Tribe rose by a level.

The experts of the sea race who were transcending the tribulation had all risen to the Mahayana realm.

There were even some Poseidons who directly reached the Martial Monarch Realm.

In the forest and in the sky, countless beasts and birds became even more ferocious!

Other than Xiao Changtian's courtyard...

And all of this.

It was all because of Xiao Changtian's meal and the anger of many cultivators...

At the same time.

Divine Realm.

Li Wushuang had been running for an entire day and night. She was too tired and her True Qi was almost exhausted.

If the existence in the forbidden land wanted to kill him, no one could stop it.

Unless he ran to a place where no one was around and hid.

“However, there are so many places in the Divine Realm. Where can one not find?” Li Wushuang’s face was troubled. He couldn’t find such a place!

“Hehe, only hell can make me unable to find it!”

At this moment, a cold voice sounded.

It was the Ten Miles Sword God.

With a swoosh, a streak of Sword Qi slashed toward Li Wushuang.

“Not good!”

Li Wushuang was shocked. This sword Qi was clearly heading for his neck. It was going to kill him!

“I can’t die, I can’t die! I’m still a virgin. I’ve never been married.”

Li Wushuang suddenly woke up. He couldn’t die, no matter what.

All of a sudden, an unknown force appeared in his body. He rolled violently and avoided his vital points with a distance of 0.01 centimeters.

Instantly.

His legs created a gust of wind as he disappeared from sight at a speed that was difficult to catch.

“What?”

Sword God Ten Ailes was stunned. He didn't think that Li Wushuang, who had been running for so long, would suddenly burst out with such unprecedented power.

“Chase after him.”

The Ten Miles Sword God thought to himself. Stepping on the Ten Miles Sword, he gave chase with all his might.

He couldn't let Li Wushuang live. Even if Li Wushuang promised not to reveal anything, if that Sir God wanted to know, he could easily search his soul and this matter would be made public.

At that time.

The Tian Yuan Continent would become the target of everyone.

“We can't let such a tragic situation happen!” The Ten Miles Sword God's expression darkened, and the Ten Miles Sword beneath his feet flew even faster.

“Damn it, I don't want to die. If anyone can come out and save my life, I'll be their slave!”

Li Wushuang shouted.

Suddenly, a small village appeared in front of her.

The small mountain village was vaguely visible, but they could see a young master in white sitting on a stone bench in the small mountain village. He was stroking a long zither in his hand. His face was handsome and his demeanor was peerless!

“Come in.”

The white-robed young master said.

Li Wushuang couldn't care less. The white-robed young master in front of her was surrounded by a powerful aura, making it impossible for others to spy on him.

But even so.

Li Wushuang also knew that the person in front of her was very strong!

He was at least at the Divine Lord level. There was even a high chance that he was higher than a Divine Lord!

In order to save her life, Li Wushuang rushed in.

” Damn it, entering the The Ten Miles Sword God controlled the Ten Miles Sword and was about to enter.

However...

At this moment, a red glow lit up on his Ten Mile Sword and stopped him. An anxious voice sounded,”

“Where are you? Hurry up and come back. Don't get close, or you'll die for sure.”

The anxious voice belonged to Sir God Hongyun.

Millions of miles away, Sir God Hongyun who was in seclusion suddenly opened his eyes and spat out a mouthful of blood!

If...

If he had not stopped the Ten Miles Sword God earlier, the Ten Miles Sword God would have died completely.

“Yes.”

Sword God Shili frowned. He knew that Sir God Hongyun was the strongest among the Sir Gods. He must not be simple to be able to scare him.

Only by living could there be hope.

This was the foundation he had built over the years.

Therefore, he immediately commanded the Ten Mile Sword to escape. He wanted to live and return to confirm his identity as the Skeleton Divine Lord.

This was the only way.

Only then could the Tian Yuan Continent be preserved.

Even if those experts wanted to descend to the lower realm, he could use the power of the Skeleton Divine Realm to suppress them.

Meanwhile, in the small mountain village.

The white-robed man looked at Li Wushuang and smiled. "You came from that forbidden area.. Why do you have a familiar aura on you?"

Chapter 206: The Mysterious Small Mountain Village (1)

"Forbidden land? A familiar aura?"

Li Wushuang trembled as if she had been struck by lightning.

He was dumbfounded.

To be able to claim that the forbidden area's aura was familiar, wasn't that a life form in the forbidden area?

In other words.

He ran from one forbidden zone to another?

"Oh my god!"

"I don't live!"

Li Wushuang was completely disheartened. He had never dug up anyone's ancestral grave. Why was his luck so bad?

Did he offend someone?

It was even more impossible!

Who could make him so unlucky?

What a joke, who was so brave?

“Don’t worry, I won’t kill you. I just need to know where the aura on your body comes from. This aura can help me advance further.”

“Just tell me where the forbidden zone is, and I’ll go there myself.”

“I’m the Da Qian Divine Lord. It’s only a matter of time before I break through to the Godly Monarch realm.”

“In the future, when I take control of a large domain, you can become the Da Qian Divine Lord.”

The white-robed young master said indifferently. However, his words carried an incomparable domineering charm.

Especially the words ‘Da Qian Divine Lord’.

It shocked Li Wushuang.

Divine Lord, the person in charge of the Immortal Continent was a Divine Lord. However, only those in charge of the 3,000 Immortal Domains could become Godkings!

Each of the 3,000 Immortal Domains had 3,000 Immortal Continents. In other words, one had to be in charge of 9 million Immortal Continents to become a Godking.

In the middle, the span is great.

Naturally.

Da Qian Divine Lord, King-level Divine Lord, and Quasi-Godly Monarch were born!

The person in charge of a region was the Da Qian Divine Lord. The person in charge of the Hundred Territories was a king level Divine Lord. The person in charge of the Thousand Territories was a quasi-divine king!

“Da Qian Divine Lord, are you really Da Qian Divine Lord?”

“I’m willing to serve!”

Li Wushuang knelt down, her face filled with excitement.

This was a Da Qian Divine Lord, not something a small immortal like Divine Lord Yuan Yang could compare to.

Divine Lord Yuan Yang was only in charge of the Yuan Yang Immortal Continent. Such a Divine Lord was not even worth a fingernail in front of Divine Lord Da Qian. He could even kill a large number of Divine Lords like him with a sneeze.

Even a forbidden land like the Tian Yuan Continent was nothing in front of Divine Lord Da Qian.

How could the lower realm’s forbidden land be compared to the ordinary world’s forbidden land?

Completely thrashing him, alright?

“Very good, you can call me Qi Qin Divine Lord!” The white-robed man smiled faintly.

“Sir God Qi Qin?”

“You are Qi Qin? The Sir God Qi Qin who killed two King-level Immortal Lords by himself?”

“In the Divine World, your name is like thunder!”

Li Wushuang was even more respectful. Back then, Sir God Qi Qin had just become a Sir God and he had killed two King-level Immortal Lords by himself. Everyone in the entire God Domain knew about this.

Originally, everyone in the Divine Realm thought that Sir God Seven Zither had fallen.

He did not expect Sir God Qi Qin to still be alive.

Moreover...

It was intact.

Li Wushuang stared at Sir God Qi Qin and was even more certain.

Sir God Qi Qin’s realm had long surpassed Sir God Da Qian’s. It was very likely that he was a quasi-Godly Monarch.

That was a quasi-divine king!

He was only one step away from becoming a God King. As long as he took this last step, he would be invincible in the world!

“Now, can you tell me where the forbidden area you were in was?” Qi Qin asked.

“Yes, sir!”

“It’s a lower realm called the Tian Yuan Continent!”

Li Wushuang replied.

“Tian Yuan Continent? He had never heard of it before. It was even a lower realm. There was actually a forbidden area in the lower realm? This is interesting.” Sir God Seven Zither smiled, then sat down and stroked his zither.

As the long zither floated, the somber notes were like cold weapons.

Li Wushuang saw that as a musical note shot out, a Celestial Continent in the air was instantly reduced to ashes.

Hundreds of millions of people on the Immortal Continent instantly turned into blood rain and scattered in the void.

“Divine Lord is awesome!”

Li Wushuang, on the other hand, only applauded.

“Follow me to the lower realm.”

As Sir God Qi Qin spoke, his figure flashed and he disappeared with Li Wushuang.

Meanwhile, in Red Cloud Temple.

Sword God Shili looked at the heavily injured Immortal Master Hongyun and frowned. Immortal Master Hongyun was only trying to stop him.

How could he be so heavily injured?

Who was that person?

“That place is a forbidden zone, a forbidden zone for life. Even the Divine Lords of the Divine World don’t dare to enter easily. You almost lost your life, do you know that?” Sir God Hong Yun said in horror.

“Deadmire?”

Sword God Ten Miles frowned. He was not familiar with the Deadmire at all.

He had only ascended from the Tian Yuan Continent, so he knew very little about the Divine Realm.

“The Deadmire of Life is an existence that the Ancient God Emperor passed away in meditation. It contains terrifying laws and chaotic killing intent. No matter what cultivator enters the Deadmire of Life, they will definitely not be able to come out.”

“Moreover, it’s a forbidden area with life!”

“If it wasn’t for that existence unintentionally killing you, I’m afraid your soul would have been destroyed long ago!”

Red Cloud immortal lord said solemnly.

Ten Miles Sword God frowned when he heard that.

Something was wrong?

Since it was a forbidden zone, why would the existence of the forbidden zone allow Li Wushuang to enter and let him go?

Ten Miles Sword God felt that something was wrong.

Something was wrong.

Hence, he decided to do it.

He told Immortal Lord Hong Yun about it.

“What is it? What?”

“Say that again?”

“The existence in the forbidden area let Li Wushuang in?”

” What’s wrong?” Immortal Lord Hong Yun’s eyes widened as she leaped up and grabbed Sword God Ten Miles by his collar. She stared at him and asked. The distance between them was only 0.01 centimeters.

“Yes, sir!”

Ten Miles Sword God said in a deep voice.

“Oh no, this matter must be reported to the Divine King. Otherwise, if the forbidden land were to appear, the entire Divine Realm would be in great terror!”

Hong Yun Divine Lord let go of the Sword God of Ten Miles and knelt down to a red cloud portrait behind him, “Lord Divine King, the birth of the Deadmire, please save the Divine Realm from the calamity!”

After saying that, Sir God Hongyun used his two fingers and his sword to cut a slit between his eyebrows. Two drops of blood with red light flew out from his forehead.

Soon, the blood entered the red cloud painting.

“Buzz!”

The red cloud portrait trembled. Then, red clouds floated out of the portrait like flames.

In the next moment.

A tall man appeared.

He was furious, and the red cloud in between his eyebrows was extremely dazzling.

His entire face looked very ordinary, but his entire body emitted a terrifying aura. Just by standing there, he felt that the surrounding space seemed to be twisting and trembling!

“Hongyun? After so many years, his cultivation progress was too slow.”

Divine King Hong Yun looked at Sir God Hong Yun.

“Greetings, Godking. I was too lazy!” Sir God Hongyun did not dare to refute him. He knelt on the ground and shivered!

“Forget it, the forbidden land has appeared. I’ll make a trip.” Divine King Red Cloud said indifferently. There was no joy or sorrow in her voice. No emotions could be heard.

However, in the next moment, he directly tore open the space in front of him.

He stepped forward..

Chapter 207: The Gourd Emperor Was Exploded (1)

Early morning.

The first ray of sunlight shone on Xiao Changtian's thick lips and straight nose.

Xiao Changtian smiled knowingly. He stuck out his tongue to feel the warmth of the sun and got up from the big soft bed.

At the same time, he touched the white tiger beside him.

"Meow-!"

The white tiger let out an angry cry, its white and round head rubbing against Xiao Changtian's palm.

"The weather is good, but there are still two months before winter and the new year. This year should be much livelier than before."

"The small courtyard should be doubled. There are so many people."

Xiao Changtian thought about it and decided to find more people to double the size of the small courtyard.

He casually picked up two pieces of gold and knocked them on his ears.

With two tinkling sounds, Xiao Changtian smiled faintly and said two words before walking out of the room, "It sounds good!"

“Jiu ‘er, find me fifty craftsmen. I want to renovate and expand the courtyard in the shortest time possible.” Xiao Changtian called Mu Jiuhuang over and ordered.

“Yes.”

Mu Jiuhuang nodded.

It was difficult to find fifty craftsmen. After all, everyone cultivated different cultivation techniques. They couldn’t build houses like the elders of the Heaven Building Sect.

However, building a house for his master?

Ordinary people couldn’t do it either!

At the very least, he wouldn’t be a Martial Monarch Realm expert?

“Great Emperor, I have one. I’ll find those Great Emperors. Hehe, I’ll also find the Dark Chamber to settle the score!” Mu Jiuhuang smiled faintly. She made up her mind and ran away.

At the same time.

First Domain.

A few Great Emperors were cultivating, surrounded by a yellow mist. The yellow mist had been collected by them a few days ago.

They discovered that using this yellow stench to cultivate, although the smell was very unpleasant, the speed of cultivation improvement was very fast.

“Hahaha, I’ve become a Fifth Grade Great Emperor!”

He's only a fifth rank and has already broken through to the sixth rank. This yellow ling power is a good thing!"

That ancient emperor couldn't help but take a deep breath.

"Awesome!"

"This is f * eking refreshing. If I had known earlier, I would have collected more. This is good stuff!"

The Great Emperor said with an intoxicated expression.

As he spoke, he took out a transparent crystal gourd. Inside the crystal gourd was half a bottle of yellow mist.

He shook the gourd and said with a faint smile,""Who wants another puff? I can sell him some!"

Dozens of Emperors were staring at the gourd. The yellow mist could allow one to break through easily. It was a supreme divine mist!

"I want a mouthful. I'll use my superior-grade spirit weapon to exchange for it."

"Go to hell. What's a high-grade spiritual weapon? I have an aphrodisiac pill here. I know you need it."

"I can give you my cultivation technique!"

"I'll leave my back door for you today. Give it to me!"

"Give it to me!-

The group of ancient emperors were like children, each taking out their most valuable items and fighting over them.

This yellow spiritual energy was really too rare. No one knew if this kind of yellow spiritual energy would be produced in the future.

However...

In the midst of the fighting.

“Boom!”

A violent sound was like a mountain collapsing. The entire First Domain trembled violently, stirring up dust that covered the sky and completely blocking everyone’s vision.

However, all of them were ancient emperors, and their methods were extraordinary.

In an instant.

The dust that obscured their vision was blown away by a strong wind. Then, everyone saw a lonely small mountain village suddenly land in front of them.

“What the hell?”

“This is our territory. Did Fellow Daoist park your flying magic treasure in the wrong place?”

“Who are you? Why are you hiding? Come out!”

The Great Emperors looked at the small mountain village in front of them with puzzled expressions.

“Buzz!”

However, in the next moment, a zither tune sounded.

The sound of the zither was like a heavy star that instantly crushed the Great Emperors present.

“All!”

Countless Great Emperors couldn't withstand this terrifying pressure and knelt on the ground. They looked like they were in pain and struggled crazily.

However, in front of this terrifying aura, they couldn't struggle at all.

In fact,

The more he struggled, the more terrifying the power became.

The Gourd Emperor tried to resist, but the mountain-like weight pushed him to the ground.

The transparent crystal gourd in his hand rolled out.

“Oh? What dense spiritual energy. Bring it over for me.” Sir God Seven Zither caressed his zither, his face filled with joy.

He could feel that the yellow spiritual energy contained in the gourd was extremely dense and pure.

In fact...

It would also be of great benefit to his cultivation.

“Yes, sir!”

Li Wushuang quickly nodded and ran over to take the crystal gourd.

“Retract!”

Sir God Seven Zither let out a soft shout, and the yellow spirit weapon in the transparent gourd entered his body through his nose.

He frowned slightly.

Because he smelled something fishy.

However, in the next moment, his furrowed brows instantly relaxed, and his expression turned into joy.

He could feel that the yellow mist was like rain nourishing the meridians in his body, giving him the urge to break through at any moment.

“As expected of a forbidden area. What dense spiritual energy.”

Sir God Seven Zither could not help but praise him. He was even more delighted with this trip to the Tian Yuan Continent.

“Tell me where this yellow spiritual energy comes from. As long as you tell me, you won’t have to die!”

Sir God Qi Qin’s cold voice carried an aura that could not be defied.

Hearing this.

The group of Great Emperors who were prostrating on the ground trembled.

The person in front of them was too powerful.

It made them feel a cold aura.

It was as if death was enveloping them.

However...

They did not know where this yellow mist came from.

If they had known, they would have gone to snatch the source of the yellow mist long ago.

“We don’t know. This yellow mist was formed all of a sudden and came very quickly. We don’t know where it came from.”

“That’s right. This yellow fog only existed for a day and a night before disappearing. We had no way of detecting it!”

The Great Emperors explained.

“Hmph, do you want to die? You’re still hiding it from our master. Do you want to die?” Li Wushuang roared angrily.

“We really don’t know!”

Emperor Gourd explained.

However...

Li Wushuang didn't listen to any explanation. She threw a punch at Emperor Gourd, sending him flying back more than ten meters.

Then, Li Wushuang turned her attention to the remaining Great Emperors.

"You ants, if you don't answer properly, die!"

Li Wushuang slapped down with her hand, and the situation became extremely dangerous.

"Stop!"

At this moment, a voice rang out..

Chapter 208: Divine King Red Cloud Descends!

"Stop!"

It was Mu Jiuhuang.

"Hmm?"

Hearing Mu Jiuhuang's voice, Li Wushuang frowned slightly, but she didn't stop. She had to kill these ants.

He had been beaten up by a small fry on the Tian Yuan Continent, so he had to seek justice!

“Boom!”

The mountain-like palm continued to slam down on the Great Emperor.

“Help, I don’t want to die!”

“Help!”

The Great Emperors closed their eyes helplessly and shouted for help.

However...

All of them knew that in front of this terrifying pressure, almost no one was their match. No one could save them.

“Damn it, you can’t hear me, right?”

Mu Jiu Huang was furious. These people were used to build a house for their master. Now that they were killed, what about the repair work of the small courtyard?

Mu Jiu Huang was a dignified empress, so she naturally didn’t lack the momentum to retaliate.

Even Li Wushuang couldn’t help but tremble. She was obviously intimidated by his aura.

“You, an ant, you deserve to die!”

Li Wushuang realized that she had been intimidated by Mu Jiu Huang’s aura just now and instantly flew into a rage out of humiliation.

The huge palm print in the void turned around and slapped towards Mu Jiu Huang.

“Boom!”

The terrifying vital essence giant hand directly crushed down on Mu Jiuhuang.

“Hehe, die for me, you ant, you deserve to die!” Li Wushuang roared. She was sure that her palm would definitely kill Mu Jiuhuang.

Very quickly.

This mountain-like palm print directly slapped down on Mu Jiuhuang.

The huge force shattered the ground, and a huge pit appeared under the ground. The pit was bottomless and extremely dark.

Smoke and dust filled the sky.

“Hahahaha, he’s dead, right? You dare to order me around? You still dare to scare me? Do you think you can scare me?”

“An ant from the lower realm, you deserve to die!”

Li Wushuang shouted with a sinister smile on her face. Veins were popping out on her neck.

“It’s true that I’m scaring you.”

Suddenly, Mu Jiuhuang’s voice rang out again from behind Li Wushuang.

“What?”

When Li Wushuang heard Mu Jiuhuang's voice, she was so frightened that she took a dozen steps back. However, because of her panic, she staggered and fell to the ground.

"Aren't you not afraid?"

Mu Jiuhuang smiled faintly. Her red lips curled up and her eyes were filled with contempt.

She knew this person. She had heard from the Redtail Bottomed Monkey that he was from the Divine Realm.

However, he was beaten up by Perfected Qing Yun and the others.

"You, you, you, you, you..." Sneak attack!"

"It doesn't count, it doesn't count! If you have the ability, take another attack from me!"

Li Wushuang said in a panic. Two hands were like hungry tigers pouncing on food. Two huge true essence handprints fell on Mu Jiuhuang.

In an instant, the wind and clouds surged, and the surrounding hills began to collapse. Waves surged on the sea, directly raising huge waves that were hundreds of feet tall.

"I want you dead!"

Li Wushuang was furious.

Why?

The people from the lower realm were going to slap him in the face one after another?

He was going to be by Sir God Seven Zither's side and become a Da Qian Divine Lord!

"Boom!"

The two gray palm prints merged together, and even the remaining power made the Great Emperors beside them unable to stand up.

"So boring."

Mu Jiuhuang's two fingers were put together, forming the shape of a chess piece. In an instant, two large golden fingers appeared in the sky.

"Kacha!"

In an instant, the golden fingers directly pinched the two gray palms together. Then, Mu Jiuhuang exerted a little force, and the two gray palms instantly exploded and disappeared into thin air.

"What was that? How was this possible? I'm using my full strength!"

Li Wushuang was shocked.

"These people are going to build houses for us. Leave, I won't kill you." Mu Jiuhuang said indifferently. She was extremely satisfied with her attack just now.

This was a divine power that she had comprehended by observing the posture of the Heaven Swallowing Dog!

"High-tier divine power. Looks like this place is indeed a forbidden area. Who is the strongest existence in this forbidden area? Ask him to come and see me." At this moment, Qi Qin's voice sounded.

He gently stroked the strings of the zither with a calm expression.

“Get Master to see you?”

“You wish!”

Mu Jiuhuang rolled her eyes at him and called out to the Great Emperors, “You guys, come back with me to build a house.”

Those Great Emperors were confused. They were Great Emperors, and they were actually being asked to build houses?

But now, if they didn’t leave, they might lose their lives.

After hesitating for 0.01 seconds, the Great Emperors present chose to follow Mu Jiuhuang to build a house.

“Then let’s go.”

Mu Jiuhuang counted the number of people. There were about 30 people.

Including Tang Ritian, Taoist Xingyun, Kong Xiang, and the others, there were exactly 50 people!

Just like that!

Mu Jiuhuang brought everyone and was about to leave.

“Clang!”

The sound of a solemn zither was heard. The musical note turned into an invisible blade light that slashed the ground in front of him, tearing the first domain into two.

“I can let you leave here alive.”

“However, if the most powerful existence in this world doesn’t come to see me after three hours, then I’ll destroy sect after sect!”

Divine Lord Seven Zither gently stroked his zither as he sat upright on the spot. His expression was calm, but beneath his calmness, there seemed to be a monstrous killing intent that could not be disobeyed.

The Great Emperors all shivered.

There was nothing they could do. Qi Qin’s power was too terrifying. He could easily take their lives. It was impossible for them not to be afraid.

“Let’s go.”

Mu Jiu Huang replied casually and left with everyone.

Was there something wrong with this person’s brain?

How could a noob be so arrogant?

Mu Jiu Huang really couldn’t understand!

Ever since that day, the spiritual energy of the Tian Yuan Continent had become extremely dense. Everyone’s cultivation had experienced a great breakthrough. With the books that their master had given them, even they themselves were not sure of their current strength.

He just looked at the person playing the zither in front of him. As long as he used the second divine power of the Earth Dog Fist, he could completely defeat him.

It was not even troublesome.

So what if he came from the Divine Realm?

Stronger than Master?

Mu Jiu Huang said disdainfully in her heart.

After Mu Jiu Huang left, God King Hongyun slowly descended from the sky.

As a Godly King, it was still somewhat difficult for him to travel between the two realms. He had paid a huge price to come down from the Immortal Realm.

“Hmm? The spiritual energy in the lower realm was actually so dense?”

The Red Cloud Snake King’s expression changed. He frowned and scanned the space with his spiritual will. He found a trace of yellow fog in the space.

“What kind of spiritual energy is this?”

Immortal Lord Hong Yun was stunned for a moment, then her figure flashed.. In the next moment, she appeared at the place where the yellow clouds were dancing, and she picked it up one by one!

Chapter 209: Let You Understand the Gap Between Us!_i

“What dense spiritual energy. Even the spiritual energy of the Divine World is somewhat inferior in comparison?”

Divine King Red Cloud's face was solemn.

Moreover...

He felt that if he absorbed this ball of yellow fog, his cultivation would increase once again.

Although it was small, a fly was still meat.

Divine King Red Cloud swallowed the yellow spiritual energy.

In an instant.

His body shook, and the yellow fog swam through his body. The laws that he had not completely comprehended before suddenly became clear.

"This... This is simply unbelievable!"

"What treasure is this?"

Divine King Red Cloud's face was filled with disbelief.

Just this ball of yellow mist had allowed his cultivation to break through to this realm.

If he could obtain a large amount of yellow fog, wouldn't he be able to advance further...?

God King Red Cloud was overjoyed and even forgot about the forbidden area.

God King Red Cloud's figure flashed, instantly turning into a stream of light and disappearing.

In the courtyard.

Xiao Changtian was playing chess with Alpha.

“Not bad, Alpha. You can spend so many stones with me now.”Xiao Changtian smiled faintly.

“Woof woof!”

Alpha received his reward and nodded seriously, his face filled with joy.

This was the first time Master had praised him!

“However, this time I only used half of the power of the first layer. Keep up the good work.”Xiao Changtian smiled.

“Wuuu!”

Alpha lowered his head again, his face filled with disappointment.

Master is actually using less power?

Then how was he supposed to play against Master?

Doubtful Dog Lives.jpg

“Haha!”

Looking at Alpha’s aggrieved and cute appearance, Xiao Changtian rubbed his dog head and smiled happily.

“I’m in a good mood today, so it’s suitable for playing the piano.”

Xiao Changtian said lightly.

“Ye Fan, go to my room and take out my zither.”

“Yes, sir!”

Ye Fan, who was chopping firewood, nodded when he heard that. He put the axe on his waist and then walked into Xiao Changtian’s room, taking out the long zither.

“You guys should sit down too. Today, I will play a song on the zither.”

Xiao Changtian looked at Wang Miaoshou, Li Taibai, and the others.

“Master wants to play the zither?” Su Daji asked in confusion.

“Yes, yes, I want to hear Senior play the zither. I want to be the first!” Chu Yiren was the first to run over, her face filled with joy.

“Master wants to play the zither. Take our baby over to listen. Under the influence of Master’s zither, we can cultivate our talent from a young age.” Li Taibai caressed her bulging belly.

Being stared at by everyone, Bai Ling Shuang’s face turned red.

“Stop fooling around. There are so many people.” Bai Ling Shuang quickly moved away.

Diwu Zheng:” You dog, you actually made me eat dog food. I want to cut ties with you!”

Diwu Zheng said with gritted teeth.

However, the next moment, just as he finished cursing, he felt a cold killing intent descend on his head. In his sea of consciousness, a Heaven Swallowing Dog that used the stars as a chessboard suddenly walked over and looked down at him coldly.

“What about the dog?”

“Aren’t you happy to eat dog food?”

The Heaven Swallowing Dog asked coldly. Its powerful aura made Diwu Zheng unable to breathe, and he hurriedly begged for mercy,”

“Senior, I was wrong, I was wrong. I wasn’t talking about you, I was talking about that dog Li Taibai!”

Diwu Zheng hurriedly explained.

However, the more he explained, the more solid and fierce the Heaven Swallowing Dog’s aura became!

“Senior, I was wrong...” Diwu Zheng said hurriedly.

Only when Xiao Changtian’s zither music sounded did the Heaven Swallowing Dog retract its aura.

“Clang!”

In the beginning.

Xiao Changtian was just testing his zither. After all, he hadn’t used it much in the years he had been here. He didn’t know if it was still useful.

“Not bad, there’s actually no dust falling!”

Xiao Changtian looked at the dust-free zither, which seemed to have been renovated, and nodded in satisfaction.

“Clang ~”

Immediately after, the ethereal and deep sound of the zither rang out again. It was melodious and melodious. Everyone gradually became immersed in it, as if they had seen a distant valley.

The sound of the zither lingered in the air. Xiao Changtian gradually entered a state of selflessness as he played.

The zither.

Just like that, the news slowly spread out from the street where the small courtyard was located to the entire Dayang Town. Slowly, the further it went, the wider it became...

However, Xiao Changtian knew nothing about this!

Whether it was mortals or cultivators, as long as they heard this zither sound, they all fell into silence.

The fatigue, illness, and pain of mortals disappeared in an instant.

As for the cultivators, under the sound of the zither, the realm barrier in their dantian instantly began to collapse and disintegrate as if it was formed by a canal. Their cultivation directly broke through the realm barrier!

Weng weng weng weng!

In countless sects, cultivators broke through one after another.

In the Qing-Yun Sect.

Perfected Qing Yun and Lian Shenjin, who were doing sit-ups on the big bed, were in high spirits when Lian Shenjin suddenly sat up and pushed Perfected Qing Yun away. She closed her eyes and began to listen to the song seriously.

“What a profound song.”

Lian Shenjin was intoxicated. The long zither on the ring flew out automatically, and the strings followed suit.

The spiraling sound of the zither seemed to have become the only sound in the world.

The zither music continued forward, passing through mountains and seas. Gradually, it filled the entire continent.

He even came to the First Domain.

The moment he arrived in the First Domain, Divine Lord Qi Qin’s zither began to tremble as if it was trying to resist the sound.

However, after struggling for less than a second, the long zither started vibrating.

“Hmm?”

Sir God Seven Zither frowned.

He stretched out his hands and pressed them on the zither. A white light appeared on his hands, wanting to press the zither down and stop it from vibrating.

However...

“Buzz!”

A musical note shot out, turning into a saber beam that instantly cut his face, leaving a wound.

“Psst!”

A bloody wound appeared on Qi Qin’s face.

“Damn it!”

“Are you challenging me? Or is he challenging me with the zither dao that I’m best at?”

Sir God Seven Zither was furious.

He believed that the existence in this forbidden land was challenging him.

“Hmph, I accept this challenge.”

Sir God Seven Zither said angrily. Then, he forcefully used his true essence to suppress the zither. Although the zither was still restless, he had already controlled it and began to pluck the strings.

“Since you’re challenging me with the Dao of Music, I’ll let you understand the gap between us!”

“Between you and me, I will let you understand who is the ant!”

Sir God Seven Zither raged and started to counterattack!

Chapter 210: Divine Lord Qi Qin Defeated! !

“Clang!”

Divine Lord Qi Qin placed two fingers on the strings of the zither. The white light pressed down on the strings, preventing them from moving.

Then, his pinky played a musical note.

The note was like a blade. The moment it appeared, it tore the space in front of it.

“A mere lower realm forbidden land dares to be so impudent? Didn’t that mean that fireflies couldn’t compete with the bright moon for brilliance?”

Sir God Seven Zither said angrily. His face was filled with excitement. It had been many years since anyone had challenged him.

A musical note moved.

In an instant, the space was filled with murderous sounds.

This note turned from one into two, two into four, four into eight...It was as if it could be replicated infinitely, and it instantly spread out into the space in front of him.

“Dang dang dang!”

Qi Qin Divine Lord’s notes stopped Xiao Changtian’s music on the sea.

The two collided on the surface of the sea, and thousands of terrifying auras tore through space.

Even the surface of the sea was torn apart by the collision of these two extreme forces.

At the edge of the chasm, whether it was the shark demon emperor or the ordinary fish, they were all torn apart by this power.

In the courtyard.

Xiao Changtian was intoxicated by the sound. It was as if the entire world was filled with this kind of sound.

Endless sounds tore through space.

Even the airflow in the space seemed to have changed.

“Hmm?”

Xiao Changtian frowned slightly. He felt that his zither music seemed to be blocked by something.

“How did this happen?”

Xiao Changtian was confused. He twirled the zither slowly, moving his ten fingers on the zither and changing the notes.

He admired it for a while.

A gentle sound rang out from the sea where Sir God Qi Qin was. The gentle sound of the zither was like Tai Chi.

Soft, melodious, nowhere to start!

This caused Divine Lord Qi Qin's musical note attacks to be rendered useless.

"Test me? Then you have to bear the price of probing!" Sir God Seven Zither said angrily. Because Xiao Changtian's zither music had become soft, he had gained time and could use all the zither strings in a short time.

"Clang!"

Qi Qin Divine Lord played extremely heavily this time. The huge sound of the zither was like a raging wave that tore through everything in an instant.

His zither music turned into a ferocious beast that shattered everything in front of him in an instant! It moved towards Xiao Changtian's soft music.

"See if I don't tear you apart!"

"Then understand the difference between you and me!"

Sir God Seven Zither laughed maniacally, his expression ferocious.

To him, as long as he could tear everything apart and defeat the strongest existence in the forbidden zone, he would be able to become a Godking.

Moreover...

The Godly King that he advanced to was not an ordinary Godly King.

If he, Sir God Qi Qin, wanted to kill a Godly Monarch, he could do it.

If he, he became a Godking, then he would be the true number one person in the Divine Realm!

God Monarch Realm experts were invincible.

Not far away.

God King Red Cloud was looking for the yellow mist and happened to sense the two extreme forces on the surface of the sea.

“What a powerful force. There’s another Divine King descending?”

Divine King Red Cloud was still searching for the yellow mist, but she stopped at that moment.

The two forces in front of him were too terrifying.

Even Sir God Hongyun felt a sense of fear.

This was because this power was actually on par with his.

“Let’s wait and see here.”

God King Red Cloud chose to observe and wait patiently, following his heart.

“Boom!”

The two terrifying forces collided, causing the entire sea to surge violently. It was extremely dangerous.

“Let’s see how long you can last.” Seven Zither God laughed, because he could feel that the soft zither music in the space before him was about to disappear.

In the courtyard.

Xiao Changtian closed his eyes and sat quietly. His furrowed brows relaxed.

“So it’s just some noise. Then can’t I just speak louder?”

Xiao Changtian smiled faintly and played his zither. In an instant, he raised the pitch of his voice.

“Hahaha, collapse, collapse! Daring to compete with Sir Divine Lord Qi Qin in Guqin Dao was simply courting death!” Li Wushuang looked at the soft zither music that was about to disappear on the sea and congratulated!

Sir God Qi Qin was delighted to be flattered.

“Destroy!”

Sir God Seven Zither shouted loudly. His zither music transformed into the most terrifying saber light. The saber light shattered space and shattered everything!

He wanted to completely shatter Xiao Changtian’s zither music!

However, at the next moment.

The originally soft and weak zither music suddenly raised its pitch.

“Bang!”

All of a sudden, the zither sound and saber light shattered into countless pieces.

“What?”

Sir God Qi Qin was shocked and his face was filled with horror. Everything that was happening was too terrifying.

There was actually someone who could shatter his zither music in the sound path. It was simply unbelievable!

In an instant, the raised pitch was like a tsunami that surged towards Sir God Qi Qin!

“Buzz!”

In the face of this terrifying power, Divine Lord Qi Qin was unable to retaliate at all. He flew backward in an instant and the strings on his zither broke instantly.

In an instant!

In just an instant!

The situation on the field had completely changed. In the space in front of him, Xiao Changtian’s zither music was unimpeded and continued to advance.

” Divine Lord?!”

Li Wushuang had wanted to help Divine Lord Qi Qin up, but the sound of the zither had struck his head, causing him to faint instantly.

“Well, there’s no more noise now.”

Xiao Changtian, who was in the courtyard, smiled faintly. His brows relaxed and he continued to play the zither.

The sound of the zither lingered.

“What happened? It seems like one of the powers has been defeated?”

Divine King Red Cloud sensed the changes in front of her and revealed a puzzled expression.

Then, his figure flashed and instantly headed to the battlefield in front of him.

“What is it? Sir God Qi Qin?”

Divine King Red Cloud turned pale with fright. It was actually Sir God Qi Qin. It was rumored that Sir God Qi Qin had died.

Moreover...

What Qi Qin carried was the aura of the forbidden land!

“Could it be that Qi Qin has inherited the will of the forbidden land?”

In an instant.

Divine King Red Cloud turned pale with fright. He was extremely terrified and retreated continuously. The Divine Lord Qi Qin who had been infected was a great threat to him.

It could even kill him!

But such an existence was actually knocked unconscious in the lower realm?

“No, that’s not right. This is not a simple lower realm. This is a forbidden zone. This is another forbidden zone!”

Sir God Hongyun’s face changed and he fled in a panic! In an instant, he disappeared!
