Chapter 311: Aren't They Just Some Bugs?(i)

Xiao Changtian's courtyard

After Xiao Changtian finished feeding the animals in the courtyard, he came to

Mu Jiu Huang's side and said to her,

"Jiu'er, how's Diwu Zheng doing recently? Has he settled down a little? Show me the Profound Shadow Stone."

Hearing Xiao Changtian's words, Mu Jiu Huang also said to Xiao Changtian, "Master, Diwu Zheng has been doing well recently. He has already found the dragon fruit."

As she spoke, Mu Jiu Huang also took out the Dark Shadow Stone that Xiao Changtian had given her.

After Xiao Changtian had instructed her to do so, she had used the Profound Shadow Stone given by Xiao Changtian to record Di Wu Zheng's actions. However, Xiao Changtian had given her the Profound Shadow Stone, so she couldn't see the portrait inside.

No matter how much she poured her vital essence into it, the Profound Shadow Stone did not react.

This also made Mu Jiufeng very surprised. After giving the Dark Shadow Stone to Xiao Changtian, Xiao Changtian was the same as last time.

He placed his hand on the Profound Shadow Stone, and an image appeared in front of Xiao Changtian and Mu Jiu Huang.

It seemed that his strength was still too weak. He had no way to activate the Profound Shadow Stone that Master had made.

Seeing the scene, Mu Jiu Huang understood that there was no problem with the Dark Shadow Stone that Xiao Changtian gave him.

It was because her strength was too low and she could not activate it at all.

With this thought in mind, the scene displayed by the Profound Shadow Stone was reflected in Mu Jiu Huang's eyes.

"This is...Di Tian?"

On the screen, the true form of the clone of the Master of the Divine Court, who was talking to Di Wu on the mountain peak, was fully displayed.

Wasn't this the appearance of an emperor? No wonder Senior Alpha told him not to worry when he was in the Fire Dragon King's forbidden land.

But why would Di Tian go there?

Di Tian, who was in the courtyard, also walked over when he heard Mu Jiu Huang's words.

"Were you the one who called me just now?"

Di Tian came to the side of Mu Jiu Huang and slowly spoke to her.

Xiao Changtian stared at Di Tian. He also spoke to Mu Jiu Huang,

“Jiu ‘er, it’s not Di Tian. The one in this picture is Di Tian’s younger brother.

Diwu is with him, so I can rest assured.”

Previously, Di Tian’s younger brother had come to her courtyard. It was just that Mu Jiu Huang didn’t see him at that time.

When Di Tian heard Xiao Changtian’s words, he also saw himself in the picture.

This was his other clone. No wonder Senior said that this was his younger brother.

He had no idea where he was now. After that, Di Tian saw the scene in the picture. Was this the Fire Dragon King forbidden ground?

The Ice Emperor had told him about this place a few days ago. It was here that the Ice Emperor had fallen.

He did not know if his clone would be able to come out of this place alive.

Each clone represented Di Tian’s strength and luck. If he lost one, Di Tian would have to spend an unknown amount of time and resources to recover.

Mu Jiu Huang listened to the conversation between Xiao Changtian and Di Tian, she seemed to understand a little and continued reading.

Then, the scene changed and they saw the prairie of the Fire Dragon King’s forbidden area.

At this moment, the fire dragons had all transformed into their true forms, while the altar in the center of the grassland had transformed into branches, and the dragon fruit had landed on the branches.

This...

Mu Jiuhuang looked at the scene in front of her and looked at her eyes in disbelief.

He finally understood that the Dark Shadow Stone Xiao Changtian gave him had the ability to directly reflect his body.

Xiao Changtian looked at the dragon fruit on the screen and nodded with satisfaction.

Di Wu Zheng, this brat, still had some awareness. He was finally back on the right track. With Di Tian's younger brother around, he wasn't too worried. After that, Xiao Changtian saw Di Tian mumbling to himself.

"Why would it be the day when the dragon fruit is picked? I'm afraid it'll be difficult for my clone to come out like this."

The Fire Dragon Clan had mobilized all their members to harvest the dragon fruit. It would not be easy for his clone to leave the Fire Dragon King's forbidden area.

Harvests? Difficult? As Di Tian's voice was soft, Xiao Changtian could only hear some intermittent sounds.

After that, when he saw the fire dragon in the picture, Xiao Changtian seemed to have understood something. He then spoke to Di Tian,

"Di Tian, there's no need to worry. They're just some small bugs. Diwu Zheng and the others can easily deal with them."

"Little reptile?"

When Di Tian heard Xiao Changtian's words, he didn't know how to react.

What did senior just say? That the dragon was a small insect? This was the first time Di Tian heard someone call the dragon in such a manner.

“Yeah, aren’t they just some small worms?”

Xiao Changtian stared at the puzzled look on Di Tian’s face as he pointed at the fire dragon in the picture.

Wasn’t this a small insect from his previous life? A pair of small wings. It was normal for them to be densely distributed in this kind of grassland.

Thinking of this, Xiao Changtian remembered the time when he was catching insects in the fields in his previous life.

For a moment, he missed his old life.

When he heard Xiao Changtian’s words again, Di Tian had a dumbfounded look on his face.

As expected, his horizons were still a little small. The Fire Dragon clan, which was known as the forbidden land of the Divine World, was only a small worm in front of his seniors.

Although they were densely packed in the image, they looked like little bugs.

However, as long as he released his holy sense to investigate, they were all fire dragons with extraordinary strength.

Moreover, whatever senior said just now, Di Wu Zheng and the others casually took care of it. I’m relieved that Di Wu Zheng is with him.

‘That’s right. With Senior’s strength, it’s easy for his disciples to defeat the Fire Dragon King.’

He was too narrow-minded. Moreover, it seemed that Senior had asked his disciple to help his clone.

He didn't expect Senior to take such good care of him. He couldn't disappoint him, right?

He had to keep up with the senior's thinking realm. When the time came, if the senior had anything to say, he would be able to talk to him.

As he thought of this in his heart, Di Tian also spoke to Xiao Changtian, "Senior, you're right. They're just small insects, what's there to worry about?" As he spoke, Di Tian felt as though he had returned to the peak of the Divine Court.

At that time, he was also the ruler of the Divine World. He understood now.

Senior was telling him not to forget his original intentions.

As for Xiao Changtian, he saw how Di Tian spoke of such a normal matter with such seriousness.

He also felt a little strange, but he still replied to Di Tian,

"Yes, they're together now. We don't have to worry about anything. We'll just wait for them to come back."

After that, Xiao Changtian lay down on his rocking chair and prepared to rest. Di Tian saw that Xiao Changtian was preparing to rest. He also bid farewell to him and returned to his room.

It was as if Di Wu Zheng would return with his clone in a few days.

Mu Jiu Huang listened to their conversation without interrupting.

Her heart was already filled with shock. She had experienced the strength of those fire dragons before.

In the eyes of his master and Di Tian, he was just a small worm. As expected, the world of a big shot wasn't something that he could comprehend at his current level.

It seemed that he had to cultivate more. Otherwise, it would not be good if his master looked down on him one day and chased him away..

Chapter 312: Gale War Emperor and Rose Star (1)

Not far from the entrance of the Fire Dragon King Forbidden Ground

Li Wushuang and Chu Yuanshan led a group of Heavenly Demonic Sect disciples to hide in the forest, paying attention to the changes at the entrance of the Fire Dragon King Forbidden Ground.

After observing for a few days, there was no sign of anyone, but he heard quite a few dragon roars.

This made Li Wushuang and the others extremely nervous. They were afraid that a fire dragon would suddenly fly out and swallow them.

"Brother Wushuang, how is it? Have you found the Master of the Divine Court?"

Nalan Yan stood beside Li Wushuang and spoke to him in a sweet voice.

"No, I think that the lord of the Divine Court is most likely trapped inside and can't come out. However, Bao, you've become more and more beautiful recently."

Although she didn't know why, Li Wushuang noticed that Nalan Yan had become even more charming after arriving at the entrance of the Fire Dragon King Forbidden Ground.

The aura on her body also became thicker. When she was beside her, she could even smell a intoxicating fragrance.

In Li Wushuang's eyes, Nalan Yan was becoming more and more perfect.

Didn't you find it? Nalan Yan looked at Li Wushuang and thought to herself. Then, she walked to her side and said,

"Brother Wushuang, why don't you go in and investigate? Otherwise, it wouldn't be good if that Master of the Divine Court died inside."

"Back then, you said that you were going to become the Lord of the Divine Court."

When Li Wushuang heard Nalan Yan's words, her expression became a little awkward.

Looking around, it was fortunate that Nalan Yan's words had not been heard by the Heaven Demon Sect's disciples.

Otherwise, even if he had a few lives, it would not be enough for the Heaven Demon Sect's Sect Master to kill him.

Although a trace of fear flashed through her heart, Li Wushuang still patted her chest.

"Bao, let's be anxious first. The sect master and the others are going to enter the forbidden area today. At that time, we don't need to follow behind them." "Let them help us deal with the Fire Dragon Clan while we reap the benefits and take the Lord of the Divine Court away."

Li Wushuang whispered into Nalan Yan's ear. When he went to find the Heaven Demon Sect's Sect Master, he had already had this thought in his heart.

Under Nalan Yan's guidance, Li Wushuang naturally revealed her thoughts without reservation.

A few days ago, when they were looking for someone in the bamboo forest, Li Wushuang had asked the disciples of the Heavenly Demon Sect to slack off.

One was to obtain their bribes in exchange for Nalan Yan's happiness.

The second was to give the Lord of the Divine Court the opportunity to enter the Fire Dragon King's forbidden ground.

When they arrived at the Fire Dragon King Forbidden Ground, they would have to rely on their own abilities to capture the Lord of the Divine Court.

At that time, the Heaven Demon Sect's sect master and the others would also be too busy to take care of themselves and would not be able to pay attention to him at all.

Hearing Li Wushuang's words, Nalan Yan's eyes flashed with a bright light. Although this Li Wushuang was a bit lecherous, she was still quite smart at times.

With this thought in mind, Nalan Yan turned to Li Wushuang and said sweetly, "Brother Wushuang, why didn't you tell me such a big thing? What else are you hiding from me?"

"You don't trust him so much. Did he do something wrong?"

As she spoke, Nalan Yan even used her hand to rub her own eyes, looking extremely sad.

Seeing Nalan Yan like this, Li Wushuang's mind stopped working. She hugged Nalan Yan and slowly said,

"I just wanted to give you a surprise. Bao, don't worry. If there's anything in the future, Brother Wushuang will tell you first."

Listening to Li Wushuang's comforting words, Nalan Yan's mouth flashed with a faint smile, and then she broke free from Li Wushuang's embrace.

“Alright then.”

Nalan Yan said slowly to Li Wushuang. Then, a bright light flashed in the sky.

Following that, the figures of the Heaven Demon Sect’s Sect Master and Baldy appeared in the sky above them.

Seeing the appearance of the Heaven Demon Sect’s Sect Master, Li Wushuang quickly led the disciples over.

“Greetings, Sect Master!”

The Heaven Demon Sect’s disciple bowed to the Heaven Demon Sect’s Sect Master. Then, the Heaven Demon Sect’s Sect Master’s voice slowly sounded from the sky.

“Li Wushuang, how is it? Did you find anything these days?”

Li Wushuang hurried forward and said respectfully,”

“Sect Master, there has been no abnormality at the entrance these few days. I think the master of the Divine Court might have been trapped inside.”

Upon hearing Li Wushuang’s words, the Heaven Demon Sect’s Sect Master nodded as if this result was not out of his expectations.

Then, Baldy, who was beside him, said to the Heaven Demon Sect’s Sect Master,

“Sky Demon, let’s quickly investigate the situation in this forbidden area and then enter.”

The bald man didn’t have any hope that Li Wushuang and the others would discover the master of the Divine Court.

“Mm-hm, then we’ll wait for the two fellow daoists you mentioned to come. Then we’ll go in and investigate.”

The Heaven Demon Sect’s Sect Master nodded in response to Baldy’s words. Then, two figures appeared in front of the Heaven Demon Sect’s Sect Master.

“Heavenly Devil Sect Master, I’m sorry that it’s a little late. I hope that you can take care of me during this trip to the Fire Dragon King Forbidden Ground.”

In front of the Heaven Demon Sect’s Sect Master, a handsome man in a green battle robe and holding a halberd cupped his fists and said to the Heaven Demon Sect’s Sect Master.

“Isn’t this the famous Fierce Wind War Emperor in the Divinity?”

The Heaven Demon Sect looked at the handsome man in front of him and replied with a smile.

The Fierce Wind War Emperor in front of him was a famous big shot in the Divinity a few decades ago.

Different from the other Immortal Cultivators, it was rumored that the Fierce Wind War Emperor had no sect or sect, and his cultivation base was entirely based on the resources he seized. At that time, he was already at the peak of the Divine King Realm.

However, a few decades ago, Fierce Wind War Emperor suddenly disappeared. Some people said that he had too many enemies and had been killed, while others said that he was imprisoned.

But now, it seemed that the Fierce Wind War Emperor had gone into seclusion when he disappeared. His current strength had also reached the Divine Emperor Realm.

Beside the Fierce Wind War Emperor, there was a man in a purple robe with a dark red rose on his chest. He said to the Heavenly Demon Sect’s Sect Master,”

“Rose Star greets the Devil Sect Master.”

“So it’s Fellow Daoist Rose. Welcome, welcome.”

When he saw Rose Star, the Heavenly Demon Sect’s sect master also responded with a smile.

Like Gale War Emperor, Rose Star was also a famous figure in the Divinity.

Rumor had it that he had been immersed in the Dao of Poison for many years and had already reached the acme of perfection in his poison techniques.

Moreover, the power under him was similar to Mei Wu’s Happy Red Pavilion. They were both overlords of a domain in the Divine Realm.

Hence, Mei Wu smiled at Rose Star and said,”

“Fellow Daoist Rose, long time no see. I didn’t expect you to come.”

“Fellow Daoist Mei Wu must be joking. How could we give up such an opportunity?”

Rose Star also replied with a smile. Soon, after everyone introduced themselves, the Heaven Demon Sect’s sect master slowly said,

“Fellow Daoists, since everyone is here, let us begin..”

Chapter 313: It’s Time to End It (1)

Outside the Fire Dragon King Forbidden Ground

The leader of the Heavenly Demonic Sect, Mei Wu, Baldy, Gale War Emperor, and Rose Star stood side by side.

Beneath their feet were huge Xuan Boats. Countless disciples injected their true essence into the Xuan Boats.

An energy shield was set up around the Xuan Zhou to hide their auras.

“Right now, we don’t know what the situation inside the forbidden area is like.

Everyone, who is willing to go in and investigate first?”

The Heaven Demon Sect’s Sect Master looked at the flame vortex in front of him and slowly said to the other four.

Hearing the Heaven Demon Sect’s Sect Master’s words, the other four people looked at each other and did not respond.

No one was willing to be the first to do so. What if they were surrounded by a group of fire dragons when they entered?

When the Heaven Demon Sect’s sect master saw that Baldy and the others did not respond for a long time, he smiled and said to them,

“Since no one is willing to be the vanguard, let me go in and investigate.”

Hearing the Heaven Demon Sect’s Sect Master’s words, Baldy and the other three also cupped their fists at the Heaven Demon Sect’s Sect Master.

“Thank you, Fellow Daoist Skyfiend!”

The reason why they were willing to take the risk to go to the Fire Dragon Forbidden Ground to find the master of the Divine Court was that the strength of the Heaven Demon Sect's sect master had reached the Godly Emperor realm.

With him around, even if they encountered the Fire Dragon King, they could rely on their trump cards to not be killed.

Not long after, the Heaven Demon Sect's Sect Master's figure flashed and stepped into the flame vortex.

After the Heaven Demon Sect's Sect Master entered the Fire Dragon King Forbidden Ground, Baldy and the others also said to their disciples,

"Cheer up and prepare to enter the forbidden area at any time."

As soon as Baldy and the others finished speaking, the light on the Xuan Ship behind them lit up a little, as if it was ready to charge at any moment.

In the Fire Dragon King forbidden area, after the leader of the Heavenly Demon Sect entered the forbidden area, he stood in the air. His body rippled with black vital essence, hiding his aura.

Looking at the empty land in front of him, the interspatial ring on his hand flashed, and a special bamboo tube appeared in his hand.

He injected his black true essence into it, and black butterflies flew out of the bamboo tube one after another.

"Go, it's time to wrap things up."

The Heaven Demon Sect's Sect Master looked at the butterfly in front of him and said slowly.

Then, in a flash, he arrived in front of the fire vortex again and walked out.

A mountain peak in the Fire Dragon King's forbidden area

"Huang Tian, you said that today is the best day to pick the dragon fruit. According to the plan, should we take action?"

Diwu was standing on the mountain peak, looking at the dragon fruit in the center of the prairie. He said slowly to the clone of the Master of the Divine Court beside him.

According to the result of the discussion between the clone of the Master of the Divine Court and him, the clone of the Master of the Divine Court would use a spatial secret skill to help him instantly arrive near the dragon fruit.

After obtaining the dragon fruit, the clone of the Master of the Divine Court used a secret technique to bring him over.

As the ripening of dragon fruits was the biggest event of the Fire Dragon Clan, the Fire Dragons would gather around the dragon fruits.

The defense outside would be relatively empty. At that time, Di Wu Zheng would only need to follow the escape route that the clone of the Lord of the Divine Court had designed in advance.

After the matter was settled, Di Wu Zheng only needed to help the avatar of the Lord of the Divine Court do one thing.

"Yes, yes, we're here."

The clone of the master of the Divine Court looked at Di Wu Zheng beside him and replied slowly.

"Now is not the best time. We have to wait."

As he spoke, the clone seemed to be waiting for something. His eyes looked behind him from time to time.

Then, a black butterfly flew over from behind Di Wu Zheng and the clone of the master of the Divine Court.

Slowly, the black butterfly landed on the shoulder of the clone.

The clone of the Master of the Divine Court led it to his finger and felt the information he sent over.

“Finally, all of them are here. The four God Emperor Realm experts really think highly of themselves.”

The clone of the Master of the Divine Court felt the information from the butterfly and sighed with emotion.

“Huang Tian, what are you talking about?”

Diwu Zheng couldn't help but ask when he saw the clone of the master of the Divine Court staring at the butterfly in his hand in a daze.

“No, get ready. We can start soon.”

The clone of the Master of the Divine Court closed his palms, and the black butterfly disappeared into his palm. He said slowly to Di Wu Zheng.

On the other side, at the entrance of the Fire Dragon King's forbidden ground, the figure of the Heaven Demon Sect's Sect Master appeared again.

When they saw the Heaven Demon Sect's Sect Master, Baldy and the other three quickly went up to him and said,

“Fellow Daoist Skyfiend, what’s going on inside?”

The Heaven Demon Sect’s Sect Master looked at the four people in front of him and said with a smile,

“Fellow Daoists, I’ve checked. There are no fire dragons at the entrance, so we can go in without worry.”

Hearing that there were no fire dragons guarding the entrance, Baldy and the others heaved a sigh of relief.

They were not very clear about the habits of the Fire Dragon Race. Following that, Mei Wu said,

“Brother Tianmo, do you know where those fire dragons went?”

Mei Wu felt that it was a little strange that there was no fire dragon handle at the entrance.

“I don’t know. I didn’t investigate deeply.”

The sect leader of the Heaven Demon Sect shook his head and replied when he heard this.

“I think the lord of the Divine Court saw that there was no fire dragon at the entrance, so he hid nearby and didn’t come out.”

“We’ll go in. As long as we don’t go too deep, we’ll be able to come out after finding the Lord of the Divine Court. As for the Fire Dragon, they’re not here, so we won’t go too deep and disturb them.”

Fierce Wind War Emperor said slowly after hearing Mei Wu’s words.

“I think this suggestion is good. Let’s implement it now.”

After the Grandmaster of the Heavenly Demonic Sect heard the words of the Fierce Wind War Emperor, he nodded slowly. Then, his figure flashed and he led the way.

After the sect master of the Heavenly Demonic Sect entered the fire whirlpool again, the Fierce Wind War Emperor immediately followed.

The others also looked at each other and said to the disciples behind them,

“Follow me!”

They had come here today to find the Lord of the Divine Court. They had planned for so long, but there was no reason for them to retreat.

Soon, rows of Xuan boats advanced side by side and entered the flame vortex in a mighty manner.

While the Heaven Demon Sect’s sect master and the others were taking action, in the prairie of the Fire Dragon King’s forbidden ground.

A powerful dragon’s might descended, and a fire dragon that was several times larger than the other fire dragons appeared in the sky above the grassland.

As soon as the Fire Dragon appeared, a flaming crown could be seen on its forehead. It was the king of the Fire Dragon Race, the Fire Dragon King.

The Fire Dragon King hovered in the sky and landed on the altar in the center of the grassland.

After he appeared, the fire dragons below lowered their heads and crouched on the ground to welcome their king.

The clone of the Master of the Divine Court looked at the dragon fruit in the center of the prairie and said slowly to Diwu Zheng,

“Little brother, the time is coming. Get ready, we’re going to attack.”

While the clone of the Master of the Divine Court was speaking, Di Wu Zheng was also staring at the dragon fruit on the altar with anticipation in his eyes..

Chapter 314: Isn't It Just One Dragon Fruit? Is There a Need?(i)

On the prairie of the Fire Dragon King’s forbidden land, the Fire Dragon King stood on the altar and looked at the dragon fruit in front of him.

He sniffed the scent of the dragon fruit, and his face was filled with infatuation.

The Fire Dragons around him had the same expression as the Fire Dragon King. They were filled with infatuation.

Under the influence of the dragon fruit’s aura, the aura of each fire dragon was rising.

At the same time, a jade plate appeared in the hands of the clone of the master of the Divine Court on the mountain peak.

“Little brother, you know that you only have one chance. Once you get the dragon fruit, run away according to the route we discussed beforehand, understand?”

When Diwu Zheng heard that the clone of the Master of the Divine Court was going to attack, he quickly nodded.

No matter what Huangtian’s purpose was, as long as he got the dragon fruit, he could talk about the rest later.

The clone of the Master of the Divine Court looked at Di Wu Zheng. The true essence in his body slowly gathered and then poured into the jade plate.

This was one of the Spirit Tools that he had used to dominate the Divine Realm back then. This jade plate was a powerful Spatial Spirit Tool.

Being able to travel freely within a certain space, according to the original plan, the clone of the Master of the Divine Court planned to snatch the dragon fruit alone.

However, there was a possibility of a lack of primeval essence, and the risk factor was relatively high.

With Di Wu Zheng, the clone of the Master of the Divine Court tricked Di Wu Zheng into taking the dragon fruit.

In this way, he could focus on using the jade plate, and the success rate would be higher. The danger factor would also be greatly reduced.

As the true essence of the Divine Court Master's clone was injected, the jade plate also flickered with silver light. Then, the silver light enveloped Di Wu Zheng.

“Clear and Bright Heaven and Earth, Stellar Transposition, Spacetime Disk, activate!”

The clone of the Master of the Divine Court muttered something, and the silver light on the jade plate reached its brightest.

After the silver light wrapped around Di Wu Zheng, he felt the surrounding spatial power gather on his body.

With a flash, he appeared on the altar in the center of the prairie.

At this moment, the Fire Dragon King was immersed in the aura of the dragon fruit. When he saw Di Wu Zheng suddenly appear in his eyes, he did not react in time.

And in the blink of an eye, it was the Fire Dragon King who was harmless to humans and animals. Then, the space ring on his hand flashed, and the dragon fruit was absorbed into it.

Seeing the dragon fruit disappear, the Fire Dragon King quickly reacted. He roared angrily and his huge dragon palm was about to hit Diwu Zheng.

At this moment, Di Wu Zheng was once again enveloped by the silver light, and his figure disappeared once again.

Bang! The Fire Dragon King's palm missed and hit the altar with a loud bang.

At the same time, after the surrounding fire dragons sensed that the dragon fruit's aura had disappeared, they let out angry dragon roars one after another.

Following that, the Fire Dragon King released his spiritual consciousness. The Fire Dragon King, who had the cultivation base of a Godly Emperor, quickly discovered the source of the spatial fluctuation.

Looking at a mountain peak in the distance, he said to the fire dragons,

"Damned human, you stole my race's sacred item!"

As soon as the Fire Dragon King finished speaking, a fire dragon flapped its wings and flew up from the ground, flying toward the mountain where the clone of the Master of the Divine Court and the others were.

At the peak of the mountain, the clone of the Master of the Divine Court was sweating profusely. It was obvious that he had consumed a lot of energy to use the spacetime disk just now.

Looking at Di Wu Zheng and the spatial ring in his hand, the clone of the master of the Divine Court revealed a hint of joy. Then, he said to Di Wu Zheng,

“Little brother, according to the original plan, quickly take the dragon fruit and leave.”

When Di Wu Zheng heard the words of the Lord of the Divine Court’s clone, he also cupped his fists at him. Then, his figure flashed and he fled.

Although he was not afraid of those fire dragons, he had already obtained the dragon fruit. He would not fight if he could.

Moreover, he had yet to figure out what the clone of the Lord of the Divine Court was up to.

After Di Wu Zheng left, the clone of the Master of the Divine Court looked at the Fire Dragon Race that was flying towards him at high speed.

“The plan has finally succeeded. Next, we’ll have to bear the anger of the Fire Dragon clan.”

The clone of the Lord of the Divine Court said. Then, he injected his true essence into the space-time disk again. His body was wrapped in silver light and disappeared.

The moment the clone disappeared, a dragon claw slapped the mountain they were on.

Looking at the shattered mountain in front of him, the fire dragon did not sense the aura of the dragon fruit.

Looking in the direction Diwu Zheng had just left, he said to his Fire Dragon companions behind him,

“They can’t run far. Continue chasing.”

As it roared, the fire dragon flapped its wings again and flew in the direction where Diwu Zheng had left.

On the other side, the Heaven Demon Sect’s sect master and the others entered the Fire Dragon King’s forbidden ground. As expected, they did not encounter a fire dragon.

Following that, under the arrangement of Baldy and the others, their disciples began to search from the periphery.

Baldy and the other three also joined the search, wanting to find the Lord of the Divine Court as soon as possible.

To them, the longer they stayed in the Fire Dragon King Forbidden Ground, the more danger they would be in.

After searching for a while without any results, Baldy heard a dragon roar coming from the depths.

He could not help but come to the side of the Heaven Demon Sect's Sect Master and said to him worriedly,

"Sky Demon, did you feel the dragon roar coming from the depths of the forbidden land? It sounds a little angry."

Hearing Baldy's words, the Heaven Demon Sect's Sect Master also smiled and slowly said,

"Baldy, I think you're being too cautious. It's true that there was a dragon's roar, but you're just overthinking things."

"Moreover, isn't it normal for the Fire Dragon King's forbidden ground to have dragon roars? When we were outside, we often heard them."

When Baldy heard the Heaven Demon Sect's Sect Master's words, he slowly nodded.

He also felt that he was too sensitive. Then, his figure flashed and appeared above a group of disciples. He said to them,

"Search carefully. If I find anyone slacking off, I'll feed them to the dragons."

Hearing the bald man's words, the disciples shivered and began to search in earnest.

As for the Heaven Demon Sect's sect master, he looked at Baldy and the people below him, and an imperceptible smile appeared on his face.

On the other side, Diwu was running toward the exit of the Fire Dragon King Forbidden Ground with the dragon fruit.

Looking at the fire dragons chasing after him relentlessly, Di Wu Zheng could not help but complain.

"Isn't it just a dragon fruit?"

As he spoke, a few fire cannonballs flew past Di Wu Zheng, blasting the surrounding boulders into pieces.

"Human, stay here. You can't run away."

A fire dragon roared angrily when it saw that its attacks missed every time.

Slowly, Di Wu Zheng was also about to exit. At this moment, a Heaven Demon Sect disciple who was searching for the master of the Divine Court saw Di Wu Zheng's figure.

He could not help but say to the Heaven Demon Sect disciples beside him,

"Didn't the sect master and the others come to search below? Why is he flying in the air?"

Before the other Heaven Demon Sect disciples could answer, this Heaven Demon Sect disciple saw the other Heaven Demon Sect disciples' terrified expressions and pointed ahead..

Chapter 315: One of the Ten Great Generals of the Divine

Court, the Demon Empressl_i

Fire Dragon King Forbidden Ground

The Heaven Demon Sect disciple looked in the direction the other Heaven Demon Sect disciples were pointing at. His originally calm expression was filled with fear.

“It’s the fire dragon. The fire dragon is coming.”

As the Heaven Demon Sect disciple finished speaking, Di Wu Zheng flew over them.

Looking at the group of people in front of him, Di Wu Zheng heaved a sigh of relief and clutched his chest.

“I finally saw my accomplices. There are also humans who dare to enter the

Fire Dragon King Forbidden Land.”

As Diwu was speaking, the fire dragon chasing after him was also killing the Heaven Demon Sect disciple from earlier.

The Fire Dragon King took the lead and looked at the Heaven Demon Sect’s Sect Master and the others in front of him. His eyes were filled with anger.

“So it was a premeditated action by humans. Damn it, damn it, all of you deserve to die!”

“My clansmen, kill all these bandits.”

The Fire Dragon King’s furious voice sounded in the air. Following that, the

Fire Dragon Race attacked the Heavenly Demon Sect, Yi Honglou, and the other disciples.

When the Fire Dragon King appeared, Baldy and the others also sensed his presence.

Feeling the Emperor God’s pressure from the Fire Dragon King, Baldy, Fierce Wind War Emperor, Mei Wu, and Rose Star came to the side of the Heavenly Demon Sect’s Sect Master.

“What’s going on with this Fire Dragon clan? Why did they all suddenly come out?”

Baldy said solemnly as he watched his disciples suffer from the continuous casualties of the Fire Dragon Race’s attacks.

“Sky Demon, what should we do?”

Mei Wu looked at the Heaven Demon Sect’s Sect Master beside her and said solemnly.

The gathering of the Heaven Demon Sect’s Sect Master and the rest naturally attracted the Fire Dragon King’s attention.

How could he not know that these were the five strongest humans here?

The flaming wings on his body flapped, and a huge flaming palm attacked the Heaven Demon Sect’s Sect Master and the others.

Looking at the huge flaming palm that was attacking him, a smile flashed across the Heaven Demon Sect’s Sect Master’s face.

“Everyone, stay here forever.”

When he heard that the bald man was the sect master of the Heaven Demon

Sect, the four of them didn't understand what he meant.

Then, they saw the Heaven Demon Sect's Sect Master's figure flash and disappear on the spot.

They wanted to leave with him, but they realized that they had been surrounded by a black aura.

“Sky Demon, what are you doing?”

The bald man felt the changes in his body and couldn't help but curse.

Following that, the Fire Dragon King's huge flaming palm arrived in an instant. The situation before them did not allow them to dodge.

Under the circumstances, Baldy and the others also used their own divine powers to resist the giant flaming palm.

” Secret technique, Thunder Blast!”

“Yin Yang Codex, Death of the Succubus!”

“Breath of Gale, Death Kill!”

“Rose Festival, Poison Aura!”

Bang! Baldy and the others 'divine arts collided with the flaming palm, creating a huge wave.

Cough!Cough! Cough!

After a collision, Baldy and the other three clutched their chests. They looked at the Heaven Demon Sect's Sect Master, who was already at the exit, and their eyes were filled with anger.

By now, how could they not understand that this demon had deliberately brought them to the Fire Dragon King forbidden ground?

In other words, the capture of the Lord of the Divine Court was a trap in itself.

After losing the Heaven Demon Sect's Sect Master, an Emperor God, there was an even more terrifying Emperor God, the Fire Dragon King, in front of them.

Baldy and the other three looked at each other and slowly said,

"We can't stay here for long. We'll settle the score with him when we get out."

After hearing Baldy's words, the four of them also fled toward the exit.

When the Heaven Demon Sect's Sect Master saw their actions, a smile appeared on his face.

Black true essence gushed out. He stood in front of his chest with one hand, and his eyes were already covered by black true essence.

"I said, you guys can stay here forever."

"Demonize the world!"

For today's plan, he did not hesitate to sacrifice his Heaven Demon Sect disciples. How could he let Baldy and the others leave?

As the Sect Master of the Heaven Demon Sect finished speaking, black true essence quickly covered the entire exit, forming a huge array formation there.

Then, the sect master of the Heaven Demon Sect turned into black true essence and gathered at the exit.

Following the actions of the Heaven Demon Sect's Sect Master, the hope of Baldy and the others leaving the Fire Dragon King Forbidden Ground was completely extinguished.

At this time, the Fire Dragon King was already immersed in the anger of the humans stealing their dragon fruits. He would not care about the internal strife of the Heaven Demon Sect's Sect Master and the others.

The flaming wings on his body flapped once more, and he appeared above Baldy and the others.

Then, a huge fireball began to condense in the Fire Dragon King's mouth.

"Human, die!"

After the fireballs were formed, the Fire Dragon King's wings were fully opened. Baldy and the others felt the Fire Dragon King lock onto them once again.

Immediately after, the fireball attacked them.

Feeling the Fire Dragon King's fury on the fireball, Baldy and the others hurriedly used their divine powers again, preparing to resist.

Bang! With another collision, Baldy and the others spat out a mouthful of blood and clutched their chests.

Looking at the exit of the Heaven Demon Sect's Sect Leader, he said angrily in confusion,

"Sky Demon, we don't have any grudges, right?"

"Why? Fine, I'll let you die knowing. You want to seize His Lord's luck, why do you say so?"

"Those who conspire to steal my lord's luck will die!"

At the exit, the voice of the Heaven Demon Sect's sect master slowly sounded.

"Master?"

Baldy and the others were a little confused when they heard the Heaven Demon Sect Master's words. Then, Mei Wu seemed to have thought of something.

"Sky Demon, you are..."

"That's right. On the surface, I look like the sect master of the Heaven Demon Sect, but I have another name."

"One of the ten great generals of the Divine Court, the Demon Emperor!"

The loud voice of the Heaven Demon Sect's Sect Master entered the ears of Baldy and the others. They could sense the pride in the Heaven Demon Sect's Sect Master's heart when he said this.

After the black-robed God Emperor spread the news of the master of the Divine Court, the Heaven Demon Sect's sect master and the clone of the master of the Divine Court had been planning for today.

After discussing this plan, they planned to kill Baldy and the others who coveted the fate of the Lord of the Divine Court here today.

He wanted to give those restless old fellows in the Divine Realm a warning. At the same time, he wanted to find more avatars to inquire about the main body.

“I see.”

Baldy and the other three were fighting the Fire Dragon King on one side. After hearing the words of the Heaven Demon Sect’s Sect Master, they also knew that it was impossible for them to escape today.

They also knew that they were already in the trap from the beginning.

“Sky Demon, I admit that we all fell into your trap.”

“However, it won’t be that easy to kill us with the help of the Fire Dragon King.”

Fierce Wind War Emperor looked at the exit. A trace of determination flashed in his eyes as he fought with Fire Dragon King.

“Human, hand over the dragon fruit. Otherwise, we won’t rest until one of us dies!”

The Fire Dragon King’s attack forced Baldy and the other three to retreat. Then, he faced the sky and roared.

In a short while, eight fire dragons with the strength of a God Emperor surrounded the four of them.

They were happy that the Heaven Demon Sect’s Sect Master had helped them seal the exit. Naturally, they would not attack him first.

When Baldy saw that the Fire Dragon Race had twice the strength of his own side and there was also a Fire Dragon King, his expression was extremely ugly..

Chapter 316:1 Got It, I've Been Schemed Against (1)

Fire Dragon King Forbidden Ground

The bald man and the other three looked at the Fire Dragon King and the fire dragon beside him in the air. The four of them stood back to back and looked around.

“Dragon fruit?”

After hearing Fire Dragon King's words, Fierce Wind Battle Emperor and the others also understood.

Why was the Fire Dragon clan so angry at them? It turned out that their sacred artifact had been taken away.

Without thinking, they also knew that this was the doing of the Heaven Demon Sect's Sect Master.

“Stop pretending to be crazy. Human, I'll give you one last chance. Hand over the dragon fruit voluntarily. Otherwise, die!”

The Fire Dragon King looked at the four people in front of him, and his imposing voice rang out once again.

After the fight, the Fire Dragon King slowly regained his senses.

He wanted to take back the dragon fruit by exerting pressure. This way, he would not have to worry about hurting the dragon fruit in the fight.

Mei Wu's eyes kept flashing below, trying to find out who had taken the dragon fruit.

While Mei Wu was searching, the Fire Dragon King and the others saw that the bald man and the other three had no intention of handing over the dragon fruit.

The Fire Dragon King was also furious. He let out a furious roar and said to the other fire dragons,

“Destroy them!”

As the Fire Dragon King's voice fell, nine auras, including the Fire Dragon King's, locked onto Baldy and the others.

At the same time, huge fireballs started to condense in their mouths, shooting at Baldy and the others.

” Fire Dragon King, we really didn't...”

Baldy looked at the fireball that was about to attack him and wanted to give a final explanation.

However, the fireball had already arrived in front of them and swallowed them in an instant.

Bang! Under the attack of the Fire Dragon Clan, Baldy and the others didn't even have the time to scream.

His aura completely dissipated in this world.

As the flames dissipated, the Fire Dragon King looked at the void in front of him and sensed the aura of the dragon fruit.

Even though they had just destroyed the dragon fruit, they should be able to feel its aura.

However, there was no aura now, which meant that the dragon fruit was not with the four of them.

Then, the Fire Dragon King looked at the Heaven Demon Sect's Sect Master at the exit.

Right now, other than the Fire Dragon clan, he was the strongest.

After Baldy and the others were killed by the Fire Dragon King and the others, the Heaven Demon Sect's Sect Master at the exit let out a hearty laugh.

The black true essence slowly dissipated at the entrance. Then, the figure of the Heaven Demon Sect's Sect Master reappeared in midair.

"The dragon fruit is with you. Although you don't know why you helped us just now, as long as you hand it over, we can spare your life."

The Fire Dragon King looked at the Heaven Demon Sect's Sect Master in front of him and said slowly.

He also knew that the Heaven Demon Sect's Sect Master was at the Godly Emperor realm like him. When they fought, they were not someone that those few fellows could compare to.

After hearing the Fire Dragon King's words, the Heaven Demon Sect's Sect

Master spread his hands and said to the Fire Dragon King,

"Would you believe me if I told you that the dragon fruit is not with me?"

"Human, what do you mean?"

The Fire Dragon King said angrily when he heard the words of the Heaven Demon Sect's Sect Master.

Although he saw Di Wu Zheng on the altar just now, he could not feel any aura from Di Wu Zheng at that time.

No matter how he looked at it, he was just a tool. If the dragon fruit was still with him, he would be hunted down by his subordinates.

According to his understanding of humans, they were all greedy. The person in front of him was the strongest among them.

Would he hand over the dragon fruit relic to others?

While the Fire Dragon King and the Heaven Demon Sect's Sect Master were confronting each other, a silver light flashed beside the Heaven Demon Sect's Sect Master.

Then, the clone of the Master of the Divine Court appeared beside the Heaven Demon Sect's Sect Master.

When the Heaven Demon Sect's Sect Master saw the avatar of the Lord of the

Divine Court, he bowed to him and slowly said,

"My Lord."

The avatar of the Divine Court Master looked at the Heaven Demon Sect's Sect Master in front of him and nodded at him. Then, he said to the Fire Dragon King,

"Respected Fire Dragon King, we have no intention of taking your dragon fruit. I'll return it to you now."

The clone of the Master of the Divine Court also knew how precious the dragon fruit was, but he had to be alive to take it.

“Demon Empress, the dragon fruit is with that little disciple of your Heaven Demon Sect. Find him.”

After informing the Fire Dragon King, the clone of the Master of the Divine Court said to the Sect Master of the Heaven Demon Sect beside him.

He remembered that when Diwu Zheng entered the forbidden area, he was not only wearing the Heaven Demon Sect’s uniform, but he also had the Heaven Demon Sect disciple’s token.

The Heaven Demon Sect’s Sect Master slowly nodded when he heard the words of the Divine Court Master’s clone.

According to their plan, they planned to return the dragon fruit after killing Baldy and the others, appease the fire dragon clan’s anger, and then leave.

It would be best if they left peacefully. Even if the Fire Dragon Race didn’t allow them to leave in the end, the clone of the Lord of the Divine Court would use the spacetime disk to move this place.

After taking back the dragon fruit, the Fire Dragon King and the others would not chase them to the periphery.

Ever since the entrance was sealed, the Heaven Demon Sect’s Sect Master had been paying close attention to the location of the token on Di Wu Zheng’s body.

The true essence on his body gathered. The Heaven Demon Sect’s sect master closed his eyes and used his spirit skill.

In the crowd below, Di Wu Zheng’s Heaven Demon Sect token lit up when the Heaven Demon Sect’s Sect Master used his spirit skill.

“I understand. I’ve been schemed against.”

Diwu was looking at the token that lit up on his body. He casually threw him on the ground and prepared to leave.

At this moment, the clone of the master of the Divine Court in the sky also saw him and slowly said to him,

“Little brother, you promised to help us do one thing. Return the dragon fruit to them. Otherwise, no one will be able to leave today.”

Di Wu looked at the smiling face of the clone of the Master of the Divine Court and knew that he had been tricked.

She was also very unhappy in her heart and said to him,

“Huang Tian, you said that the dragon fruit is mine.”

Then, Diwu, who was also the Fire Dragon King in the sky, said,”

“If you want the dragon fruit, come and get it yourself.”

When the Fire Dragon King saw Di Wu Zheng’s face again, his eyes burned with rage.

It was this person who had taken the dragon fruit away from him just now. It was simply a great humiliation.

With a roar, he was about to attack Diwu Zheng.

The disciples of the other sects looked at Di Wu Zheng as if he was an idiot.

Although they did not know what was happening in the sky, they knew that the Fire Dragon Race was slaughtering them.

It would be great if the Fire Dragon did not take the initiative to look for him. He even took the initiative to provoke them, and even provoked the most powerful Fire Dragon King.

Was this guy brainless?

At this moment, everyone looked at Di Wu Zheng with the same thought in their hearts.

When the clone of the master of the Divine Court saw Di Wu Zheng's actions, he was also stunned. Then, he said to him,

"Little brother, don't joke around. I know I'm sorry. After we get out, you can choose any cultivation technique from the Heaven Demon Sect. Hurry up and return the dragon fruit to them."

Although the clone of the Master of the Divine Court knew that Di Wu Zheng's talent and strength were not bad, his strength was not to the extent that he could contend with the Fire Dragon King.

As he spoke, the clone of the head of the Divine Court even gave the Heaven Demon Sect's sect master a look..

Chapter 317: Sword Slash Through the Air (1)

Fire Dragon King Forbidden Ground

In midair, the Heaven Demon Sect's Sect Master saw the clone of the Master of the Divine Court give him a look.

He also understood the meaning of the avatar of the Lord of the Divine Court.

His Lord wanted him to persuade his disciples.

The Heaven Demon Sect's Sect Master looked at Di Wu Zheng. Although Di Wu Zheng was wearing the Heaven Demon Sect's uniform, his face was very unfamiliar.

The Heaven Demon Sect's Sect Master did not remember that there was such a person in his Heaven Demon Sect.

Although he was thinking this way, the sect master of the sect said to Diwu Zheng,"

"You're also a disciple of my Heaven Demon Sect. Is this the time for you to mess around?"

"Hurry up and return the dragon fruit to the other party. Otherwise, you'll be punished by the clan."

The words of the Heaven Demon Sect's Sect Master were like wind in Di Wu

Zheng's ears. Di Wu Zheng directly ignored him.

The Fire Dragon King, who was in mid-air, was now filled with anger. He looked at Diwu and had no intention of handing over the dragon fruit.

With a furious roar, a fireball flew towards Diwu Zheng.

"Human, die!"

The clone of the Master of the Divine Court looked at the Fire Dragon King attacking Di Wu Zheng and became anxious. He looked at Di Wu Zheng and said,

"Little brother, what's going on? Are you going to disobey even the sect master's words?"

“Who is my sect master?”

Di Wu Zheng didn't pay attention to the clone of the Lord of the Divine Court. He looked at the incoming fireball and dodged it.

At the same time, Di Wu Zheng also took off his Heaven Demon Sect's clothes and changed into his original clothes.

He had originally thought that this dress could reduce some unnecessary trouble for him, but he did not expect it to become his biggest problem in the end.

Bang! The fireball smashed into the ground, creating a huge crater.

At this moment, the clone of the master of the Divine Court also arrived beside the sect master of the Heaven Demon Sect. He slowly said to him,

“Demon Emperor, this is a disciple of your sect, right? I see that his talent is not bad. It would be a pity if he died here.”

When the Heaven Demon Sect's Sect Master heard the words of the Divine

Court Master's clone, he was a little hesitant.

“Sect Master, to be honest, I don't know if this little guy is a disciple of my Heaven Demon Sect.”

Although Di Wu Zheng had the Heaven Demon Sect disciple's token on him, the aura on his body was different from that of the Heaven Demon Sect.

Moreover, since the clone of the master of the Divine Court had said that his talent was not bad, it was impossible for the Heaven Demon Sect's sect master, who was a talented disciple in the sect, not to know.

While the Heaven Demon Sect's Sect Master was deep in thought, the Fire Dragon King in midair was completely enraged by Di Wu Zheng.

He let out another deafening roar and flew towards Diwu Zheng.

Seeing the Fire Dragon King's anger, the Heaven Demon Sect's Sect Master did not think too much about it. He pulled the avatar of the Master of the Divine Court and said to him,

"Master, it's dangerous!"

Then, the Heaven Demon Sect's Sect Master flew to the side with the clone of the Divine Court Master.

In the perception of the Heaven Demon Sect's Sect Master, even when he was dealing with Baldy and the others just now, he could sense that the Heaven Demon Sect's sect master had already been defeated.

The Fire Dragon King was not so angry. The true essence condensed from his body was already a little stronger than his own.

When the fire dragons below saw their king getting angry, they let out a roar and stopped attacking the disciples of the various sects.

Instead, he lay on the ground and waited for the Fire Dragon King to give his orders.

The disciples of those sects felt the destructive aura coming from the sky and saw the actions of the surrounding fire dragons.

They also trembled on the ground, afraid that the Fire Dragon King's attack would affect them.

"Do you know who that person is? You're actually so reckless."

“I don’t know. Looking at his clothes just now, he seems to be a disciple of the Heaven Demon Sect. However, I’ve never heard of his existence among the younger generation of the Heaven Demon Sect.”

“Yes, yes. It’s already very fortunate that he escaped a calamity just now. Why does this guy still dare to provoke the Living Fire Dragon King? Isn’t he courting death?”

■ I ii

As the disciples below were whispering to each other, the flame mark on the Fire Dragon King’s head lit up.

“Brat, no matter who comes today, they won’t be able to protect you.”

As the flame mark lit up, the Fire Dragon King’s aura became even more powerful.

Following that, the Fire Dragon King extended his sharp dragon claw with an unrivaled might and attacked Diwu Zheng.

For a moment, a strong wind blew, and the weeds on the grass below were unconsciously ignited.

This kid was probably going to die here today.

For a moment, everyone looked at Di Wu Zheng with the same thought.

Even the surrounding fire dragons looked at their king in anger. Then, they looked at Di Wu Zheng as if they were looking at a dead man.

On the other side, the clone of the Master of the Divine Court sighed as he watched the Fire Dragon King attack Di Wu Zheng.

Although he now knew that Di Wu Zheng was not a disciple of the Heaven Demon Sect, he was still the one who schemed against Di Wu Zheng.

Such a young and talented cultivator had been destroyed by him. The clone of the master of the Divine Court felt a little uncomfortable.

Di Wu Zheng, who was standing on the ground, looked at the Fire Dragon King that was attacking him. His expression was the same as before, without any change.

Then, the interspatial ring on his hand flashed, and a long sword appeared in Di Wu Zheng's hand.

"I didn't want to make a move at first, but you forced me."

Diwu Zheng sighed and gathered his vital essence on the long sword.

"Bare-handed!"

Di Wu Zheng raised his sword with both hands and shouted loudly. Then, he slashed forward.

"What is this kid doing? Why are you slashing the air?"

The crouching fire dragon looked at Diwu Zheng's actions and said in confusion.

"Who knows? Maybe he knew that he was going to die and was scared crazy by the king."

Another fire dragon beside this fire dragon said mockingly.

Originally, they thought that Diwu was about to make a final desperate struggle. They did not expect that he would be scared silly by their king and slash the air with his sword.

When the Fire Dragon King saw Di Wu Zheng's actions, the anger in his heart grew even greater.

'Is this kid looking down on me? Not only is the sword not aimed at me, but it's also ignoring me and slashing the air.'

With this thought in mind, the Fire Dragon King said to Di Wu Zheng,

"Human, become the fertilizer of this land."

As soon as the Fire Dragon King finished speaking, he felt a mysterious power descend on his body before he could even slap his dragon claw out.

What was going on?

The Fire Dragon King was a little puzzled, but his body could not help but fall down.

Then, under everyone's shocked gazes, the Fire Dragon King came to the front of the fifth front and knelt down. His pair of dragon claws were the longsword in the fifth front's hand.

Slowly, blood flowed down from the Fire Dragon King's dragon claw.

What's going on? Why is the Fire Dragon King going to receive the sword alone?

The clone of the Master of the Divine Court looked at the Fire Dragon King's actions. Even with his brain that had planned the overall situation previously, he was still confused by the Fire Dragon King's actions..

Chapter 318: How About We Make A Deal (1)

Fire Dragon King Forbidden Ground

The Fire Dragons were stunned when they saw the Fire Dragon King kneeling in front of Diwu Zheng.

Then, they let out a series of angry roars. The Fire Dragon King's kneeling action was the noblest etiquette of the Fire Dragon clan.

As their king, the Fire Dragon King would only make such a move when he was offering sacrifices to their ancestors.

To do such a thing to a human like Di Wu Zheng, wasn't that humiliating to the Fire Dragon race?

"King, what are you doing? Quickly destroy him and take back the dragon fruit."

"How could King be treated with such courtesy by a human? It's simply a disgrace to our Fire Dragon Race."

Even the eight fire dragons that had reached the God Emperor Realm looked at each other, not knowing what to do.

When the Fire Dragon King heard his clansmen's roars, he knew that he had to eliminate Di Wu Zheng.

Otherwise, the prestige of the Fire Dragon Race would be completely lost. "Damn it, what did you do?"

The Fire Dragon King activated all the vital essence in his body in an attempt to break free from Di Wu Zheng's control.

However, no matter how he used his true essence, his hands would tightly grip the sword and he could not move.

Not only that, but he also lost control of his body and was fixed in place.

Diwu Zheng held his longsword with both hands and looked at the Fire Dragon King with a smile.

"Sigh, you forced me to take action, okay? If you had let me take the dragon fruit away, there wouldn't have been so many problems."

"Now that I've made my move, how can I let you leave so easily?"

Diwu was looking at the Dragon Claw of the Fire Dragon King, which was holding a longsword. At this moment, dark red blood was slowly flowing down the Fire Dragon King's arm.

As long as Di Wu Zheng kept catching the blade with his bare hands, the Fire Dragon King would continue to lose his blood essence.

In the end, his cultivation level would drop, and in the worst case, he would die on the spot.

On the other side, the clone of the master of the Divine Court had been staring blankly at Diwu for a while.

He patted the Heaven Demon Sect's Sect Master beside him and slowly said to him,

"Demon Empress, do you know what's going on?"

His strength was not as strong as before, but his subordinates' cultivation was still online. Perhaps they could see something.

When the Heaven Demon Sect's Sect Master heard the words of the avatar of the Lord of the Divine Court, he fell silent for a moment before slowly saying, "Master, I'm not sure either. I think that kid must have used an extremely powerful immobilizing technique."

"Immobilizing technique? Do you know the Fire Dragon King's cultivation base?"

When the clone of the Master of the Divine Court heard the words of the Heaven Demon Sect's Sect Master, he immediately refuted him.

Although the Immobilizing Spell was useful, almost all Immobilizing Spells had a flaw, and that was that the caster had to be stronger than the target.

The Fire Dragon King's strength was already at the God Monarch Realm. According to the Heaven Demon Sect's sect master, the fifth main cultivation was still above the God Monarch Realm?

When the Heaven Demon Sect's Sect Master heard the words of the Divine Court Master's clone, he also knew what he meant.

But according to his understanding, that was the only explanation.

And if that was really the case, they would have suddenly included Diwu Zheng in their plan.

One had to know that Diwu Zheng was a human. If he wanted to settle the score with them and forcefully seize the Lord's luck, there seemed to be nothing he could do.

After all, the Fire Dragon King's strength was above his.

Then, the clone of the Master of the Divine Court said to the Sect Master of the Heaven Demon Sect,

"Let's continue watching. The Fire Dragon King is kneeling in front of Di Wu Zheng. I don't believe that the other Fire Dragons won't make a move."

As he said that, the clone of the master of the Divine Court was the same as the sect master of the Heaven Demon Sect.

They were worried that Di Wu Zheng would come after them, and the other fire dragons would help them verify Di Wu Zheng's strength.

As expected by the avatar of the master of the Divine Court, the Fire Dragon King knelt in front of the fifth main face and did not get up for a long time.

The eight fire dragons that had reached the God Emperor Realm looked at each other and flew towards Diwu Zheng.

"Human, release the king."

Diwu Zheng saw another eight fire dragons flying towards him. He raised his sword again and swung it at the fire dragons in the air.

Just like the Fire Dragon King, the eight Fire Dragons felt a force descend on them.

Then, he came to Di Zheng and knelt down before him. He grabbed the sword with his dragon claws.

This...

The scene in front of them had completely shocked everyone present. If the Fire Dragon King could still be explained as an accident or something like that.

The outcome of the eight God Emperor Fire Dragons had already told them.

Di Wu Zheng's strength was terrifying!

Diwu was looking at the Fire Dragon King and the eight God Emperor Fire Dragons in front of him. He also said slowly to the Fire Dragon King,

"Big guy, wake up a little. How about we make a deal?"

"I'll give you a picture scroll, and you'll give me the dragon fruit."

When he took the dragon fruit back then, Di Wu Zheng did not think of taking the dragon fruit of the Fire Dragon Clan for free.

It was just that the avatar of the master of the Divine Court was by his side at that time, and Di Wu Zheng did not know what he was up to.

She was also planning to trick him into paying for her dragon fruit.

However, it seemed unlikely now. The Fire Dragon King was in a fit of anger just now, so it was unlikely for him to have a good conversation with him.

After letting him calm down in front of him, Di Wu Zheng began to discuss the deal with the Fire Dragon King.

The Fire Dragon King looked at the blood flowing out of his palms and looked at Di Wu Zheng with resentment.

"Deal? Do you look like you're making a deal with me?"

Diwu Zheng heard that the Fire Dragon King did not say those angry words to him like before.

Instead, he stopped catching the blade with his bare hands and stood in front of him. He slowly said,

"It should be fine for now."

The Fire Dragon King regained control of his body. His instinctive reaction was to fight Di Wu Zheng to the death.

After all, Di Wu Zheng had just made him suffer the greatest humiliation in his life.

However, when he saw Diwu brandishing the sword in his hand, the Fire Dragon King dispelled his thoughts.

He looked at Di Wu Zheng with fear in his eyes. Moreover, he wanted to see that the eight great elders of his clan were still in his hands, so he would not make a move.

On the other side, the sect master of the Heaven Demon Sect saw Di Wu Zheng suppress the eight God Emperor Fire Dragons.

He was also a little worried in his heart. He said to the clone of the master of the Divine Court beside him,

“Master, what should we do?”

Now, they could basically confirm their judgment just now. This Di Wu Zheng was a powerful expert.

“Don’t panic. Let’s take a look first.”

The clone of the master of the Divine Court knew that it was useless for them to escape now.

After all, Di Wu Zheng had been with him for such a long time. If he had any designs on him, he would have attacked him long ago.

Under the gazes of the clone of the Master of the Divine Court and the Sect Master of the Heaven Demon Sect, the Fire Dragon King’s huge body kept changing. Then, he turned into a man in red robes.

The Fire Dragon King stood in front of the fifth front and said slowly,”

“The dragon fruit is a sacred item in my clan. It’s rare to encounter it in a hundred years.. What do you want to exchange for it?”

Chapter 319: Friend, Do You Need Help to Destroy Them

(1)

Fire Dragon King Forbidden Ground

Diwu was standing in front of the Fire Dragon King. When he heard his words, he smiled at him.

The interspatial ring on his hand flashed, and a scroll appeared in Di Wu Zheng’s hand.

Looking at the painting in his hand, Di Wu’s face showed a hint of pain.

This was the calligraphy and painting that Xiao Changtian had given him during the gathering in the courtyard.

Usually, Diwu Zheng didn’t come to the Divine World much. In his opinion, the only thing he could use to exchange for dragon fruit was Xiao Changtian’s painting scroll.

As long as he completed his master’s mission, his master would definitely give him better calligraphy and paintings when he returned.

With this thought in mind, Di Wu Zheng passed the calligraphy painting in his hand to the Fire Dragon King.

“Take it and have a look. This is personally drawn by my master. It’s definitely more valuable than your dragon fruit.”

The Fire Dragon King looked at the calligraphy in Diwu Zheng’s hand. There was no extraordinary aura flowing out of it.

Besides, aren’t calligraphy and paintings something that only humans like? What use would they have for the Fire Dragon clan?

Although he was a little angry, the Fire Dragon King still took the calligraphy and painting that Di Wuzheng handed over.

He slowly opened the calligraphy painting in his hand. Then, a huge dragon soaring in the nine heavens appeared in front of the Fire Dragon King.

“This, this...”

The Fire Dragon King looked at the calligraphy in his hand. His originally disdainful expression was replaced by surprise.

When he saw the painting, he felt a suppression from his bloodline. Under this suppression, the Fire Dragon bloodline in his body seemed to be continuously purified.

After a while, the blood that he had lost from catching Diwu Zheng’s blade with his bare hands was restored.

Diwu was looking at the Fire Dragon King’s intoxicated expression as he read the calligraphy and paintings. There was also the change in his aura.

There was also some envy in his eyes.

Although he had some insights, as he slowly looked at the paintings, his insights became much less.

However, it seemed that his master’s calligraphy and painting were quite useful to this big guy.

The eight God Emperor Fire Dragons who were still kneeling on the ground were also affected by the aura in the painting. Although they were kneeling on the ground, they felt that their cultivation had improved a little.

These eight big guys are the same. Sigh, I also want to return to that youth from back then.

Di Wu Zheng felt the changes in the eight God Emperor Fire Dragons around him, and his eyes became even more envious.

He also wanted to go back to the time when he first saw the calligraphy and painting, and his cultivation had improved greatly.

Then, Di Wu Zheng put away the sword in his hand and stopped using his bare hands against them.

After the fire dragons regained control of their bodies, they came to the Fire Dragon King’s side and looked at the calligraphy in his hand.

“Big guy, what do you think? I told you that the value is not lower than your dragon fruit, right?”

Diwu was looking at the Fire Dragon King and the others in front of him as he spoke slowly.

When the Fire Dragon King heard Di Wu Zheng's words, he imitated human etiquette and cupped his fists at him. He said,"

"This painting is of great significance to the Fire Dragon Clan. In the future, you will be a friend of our Fire Dragon Clan."

Although the dragon fruit could speed up their cultivation, the painting Di Wuzheng gave them was even more significant.

This painting could help them purify their blood essence. Didn't this mean that their bloodline could continue to evolve in the future and finally reach the level of their ancestors?

"This painting was drawn by my master. If it weren't for the dragon fruit, I wouldn't have taken it out."

Di Wu Zheng waved his hand at him and said slowly when he heard the Fire Dragon King and the others.

Master?

Upon hearing Di Wu Zheng's words, the Fire Dragon King felt even more reverence in his heart. He then pointed at the dragon head in the painting and said to Di Wu Zheng,

"I wonder why the dragon in the painting doesn't have eyes?"

"Oh, you're talking about this. Master said at that time that if he drew these eyes on it, the dragon would fly away."

Di Wu Zheng slowly explained after hearing the Fire Dragon King's words.

The dragon would fly away from the painting? It meant that humans could already create dragons out of thin air. It turned out that human calligraphy and painting had already reached this level.

He had previously looked down on the human race. It seemed that it was time to re-evaluate them.

When the Fire Dragon King heard Di Wu Zheng's words, he remembered them in his heart.

As for the other eight Fire Dragons, they knew nothing about calligraphy and painting. They only felt that they had obtained huge benefits from the calligraphy and painting.

Listening to the conversation between Di Wu Zheng and the Fire Dragon King, they just kept tapping their dragon heads.

Then, he saw that the Fire Dragon King and Di Wu Zheng did not continue to fight. Instead, they seemed to be in harmony.

The clone of the Master of the Divine Court brought the Sect Master of the Heaven Demon Sect and landed in front of Diwu Zheng and the others.

Seeing the clone of the Master of the Divine Court and the Sect Master of the

Heaven Demon Sect in front of him, the Fire Dragon King said to Di Wu Zheng, "Friend, do you need help to destroy them?"

Through their previous actions, the Fire Dragon King felt that the Heaven Demon Sect Master and the clone of the Divine Court Master were two two-faced fellows. When he heard the Fire Dragon King call Diwu Zheng a friend, God wanted to help him destroy him. The avatar of the Master of the Divine Court hurriedly waved his hand at them.

“Don’t be anxious, don’t be anxious.”

“Huang Tian, why? Do you want me to hand over the dragon fruit?”

Di Wu looked at the clone of the master of the Divine Court in front of him and said slowly to him.

“Little brother, oh no, senior, how dare 1?”

The clone of the master of the Divine Court also heard the mockery in Di Wu Zheng’s words and quickly smiled at him.

He also knew that if he did not resolve the matter now, they would probably have to stay here today.

“Oh, at this time, why aren’t you showing your true face?”

Di Wu Zheng looked at the clone of the Lord of the Divine Court and continued to speak.

Actually, Di Wu Zheng didn’t have any ill intentions towards the clone of the Lord of the Divine Court.

They were just suspicious of each other, and the clone of the Lord of the Divine Court was stronger.

This reminded Diwu Zheng of what Xiao Changtian had said to him before he left.

There are good and bad cultivators. You have to learn to distinguish them.

After hearing Di Wu Zheng’s words, the clone of the master of the Divine Court smiled slightly and circulated the true essence in his body.

He turned back to his original appearance and said to Di Wu Zheng,

“Senior, my name isn’t Huang Tian. Actually, my name is Di Tian.”

Di Tian? When Diwu Zheng heard this name, he suddenly felt a sense of familiarity.

Then, he looked at the clone of the Divine Court Master and lucked at the clone of the Divine Court Master.

“Di Tian, so it was you who schemed against me. Master has treated you well. I didn’t expect you to be such a person.”

The clone of the Master of the Divine Court was kicked by Di Wu Zheng and retreated a few steps. The Sect Master of the Heaven Demon Sect behind him hurriedly supported him.

Looking at Di Wu Zheng, he was about to make a move when the clone of the master of the Divine Court blocked him.

“Senior, what did you say just now? Master treated me well?”

The clone's mind was filled with Di Wu Zheng's words. Given the current situation, Di Wu Zheng didn't need to make fun of him..

Chapter 320: The End of the Forbidden Area (1)

Fire Dragon King Forbidden Ground

After hearing the words of the Lord of the Divine Court's clone, Di Wu Zheng continued,

“What? Di Tian, you're acting like a fool after coming to the Divine Realm? You weren't like this in Master's courtyard.”

Hearing Di Wu Zheng's words, the clone's mind spun rapidly.

Senior had seen him in his master's courtyard. Could it be another clone?

And it's with Senior's master?

Di Wu Zheng saw that the clone of the master of the Divine Court did not respond to him for a long time, so he carefully scanned his body.

The Di Tian in front of him seemed to be slightly different from the Di Tian in his master's courtyard.

It seemed like the Di Tian in his master's courtyard was stronger. This Di Tian before him wasn't that strong.

With this thought in mind, Di Wu Zheng also said to the clone of the master of the Divine Court,

“I know, you are Di Tian’s clone.”

After hearing Di Wu Zheng’s words, the clone understood that Di Wu Zheng already knew his secret.

Moreover, according to Di Wu Zheng, he did not know if the person in his master’s courtyard was his clone or his main body.

But no matter what, there was still news of the other clones or the main body.

After hearing Di Wu Zheng’s words, the Heaven Demon Sect’s Sect Master, who was behind the clone of the Lord of the Divine Court, stared at Di Wu Zheng and said slowly,

“You said that Master is with your secret master. Your master didn’t do anything to Master, right?”

In the heart of the Heaven Demon Sect’s sect master, the safety of the master of the Divine Court would always be the number one priority.

Moreover, he didn’t know if his master was the main body or a clone.

If it was the main body, and the fifth master was harmful to the main body, then this was bad news for the Divine Court.

After hearing the words of the Heaven Demon Sect’s Sect Master, the clone of the Divine Court Master also said to him,

“Demon Emperor, don’t be anxious. Let’s hear what Senior has to say first.”

Even if his main body was controlled by Di Wu Zheng’s master, the clone of the master of the Divine Court would not dare to offend Di Wu Zheng here.

They could not see Di Wu Zheng’s strength clearly now. There was also a Fire Dragon King beside him.

Moreover, if Di Wu Zheng's strength was so terrifying, then what about his master? He did not even know how strong he was.

Then, the clone of the master of the Divine Court also cupped his fists at Di Wu Zheng and said slowly,

"Senior, please tell me about the other clones. If you can tell me, Di Tian will definitely reward you handsomely."

Diwu Zheng looked at the earnest expression on the clone of the Lord of the Divine Court and said slowly,

"It's not impossible for you to see your clone, but you have to follow me back to Master's place."

"Your clone is with a man named Ice Emperor, so you don't have to worry too much."

Di Wu Zheng also knew about the relationship between Di Tian and the Ice Emperor. He recalled that the Ice Emperor was the one who told him about the dragon fruit.

Given his relationship with Di Tian, helping Di Tian bring his clone back could be considered a small repayment to him.

"Ice Emperor?"

"Ice Emperor!" The sect leader of the Heavenly Demon Sect muttered.

In the Divine World, it was not that the Heaven Demon Sect's Sect Master had not inquired about the other generals.

It was just that there had been no news for many years, and he didn't expect to hear the Ice Emperor's name here.

“Yeah, it’s a man with ice-blue hair.”

Diwu Zheng said slowly to him when he saw the shocked expression of the Heaven Demon Sect’s Sect Master.

“With the Ice Emperor by my Lord’s side, I feel more at ease. Back then, he was also one of the top existences among us.”

Hearing Di Wu Zheng’s words, the Heaven Demon Sect’s Sect Master’s face was also filled with joy, as if he had met an old friend he had not seen for many years.

“Alright, if you want to go back with me, then follow me.”

Diwu Zheng looked at the clone of the Master of the Divine Court and the Sect Master of the Heaven Demon Sect in front of him and said slowly.

It had been a while since he left. Di Wu remembered Xiao Changtian’s reminder to him to go early and come back early.

When the clone of the Master of the Divine Court and the Sect Master of the Heaven Demon Sect heard Di Wu Zheng’s words, they smiled at him.

“Senior, we’ll make the arrangements and go with you now.”

The clone of the master of the Divine Court looked at the disciples of the various sects below and the damaged Xuan Ship on the ground.

According to their original plan, these disciples should all die here.

However, the appearance of Di Wu Zheng had disrupted their plans.

The Heaven Demon Sect's Sect Master swept his gaze down.

However, they were all weak disciples who were hiding. As for the powerful disciples, they were already in the stomach of the fire dragon in the previous battle.

Then, the Heaven Demon Sect's Sect Master saw a figure in the crowd and sucked at him with his palm.

Then, Li Wushuang, who was hidden in the crowd, appeared in front of the Heaven Demon Sect's Sect Master.

"So you're not dead yet."

The Heaven Demon Sect's Sect Master looked at Li Wushuang in front of him and said slowly.

Their plan had been carried out so smoothly because of Li Wushuang.

With Li Wushuang's help, the Heaven Demon Sect's Sect Master had deliberately allowed him to indulge his disciples so that the avatar of the Master of the Divine Court could enter the Fire Dragon King's Forbidden Ground and spread the news.

Li Wushuang looked at her Heaven Demon Sect Master and immediately knelt down.

"Sect Master, don't kill me. I know how to clean up the mess. I won't leak the information here."

"If you don't believe me, I can swear to the heavens."

After saying that, Li Wushuang didn't care about the Heavenly Demon Sect Master's response and made a poison oath to the Heavenly Dao.

The Heavenly Demon Sect Master looked at Li Wushuang's desperate face and thought that she was a fence-sitter.

Given the current situation, it was not a bad idea for him to clean up the mess. Moreover, with his brain, he could not do anything.

"Then leave it to him."

The clone of the Master of the Divine Court looked at Li Wushuang and said slowly to the Sect Master of the Heaven Demon Sect.

When the Heaven Demon Sect Master heard the words of the clone, he said to Li Wushuang,

"I hope you don't have any other thoughts."

"I won't, I won't, don't worry."

When Li Wushuang heard the words of the Heaven Demon Sect's Sect Master, she also kowtowed to him a few times.

After saying that, the clone of the master of the Divine Court also said to Di Wu Zheng,

"Senior, we're done."

Upon hearing the words of the avatar of the Lord of the Divine Court, Di Wu Zheng said to the Fire Dragon King and the others behind him,

"If there's nothing else, we'll leave first."

When the Fire Dragon King and the others heard that Diwu was about to leave, they also let out a long whistle.

“Friend, you are welcome to come again next time.”

Then, under the gazes of the Fire Dragon King and the others, the clone of the Divine Court Master and the Sect Master of the Heaven Demon Sect followed Di Wu Zheng and slowly left the forbidden area.

After Di Wu Zheng and the others left, Li Wushuang quickly left the Fire Dragon King Forbidden Ground with the disciples of the various sects under the watchful eyes of the Fire Dragon King..
