### Chapter 341: Your Days Are Not Good Right Now (1)

On the carriage on the mountain road

In the carriage, Yue Mei slowly woke up from her coma.

“You’re awake.”

Seeing Yue Mei open her eyes, Su Daji also picked up a water bottle and said slowly to her.

“This is? I remember that I was...”

After standing up on the carriage, Yue Mei stared at Di Tian and the others in her surroundings, feeling somewhat puzzled.

“Little girl, it’s alright now. The mountain bandit has been beaten away.”

Xiao Changtian smiled as he slowly spoke to Yue Mei when he saw the shock on her face.

“Mountain bandits?”

Yue Mei took a sip of the water bottle that Su Daji handed over and finally understood.

She couldn’t sense any aura from Xiao Changtian and the others. They looked like a group of mortals.

It seemed like Luo Chang had encountered something and abandoned him after he was unconscious.

He was saved by this group of passing mortals.

After understanding the situation in her heart, Yue Mei cupped her fists towards Xiao Changtian and the others.

“Yue Mei thanks everyone for saving me.”

“There’s no need, little girl. I’ve seen your internal injuries. You’ll be fine after resting for a while.”

Xiao Changtian slowly said to Yue Mei when he saw her expression.

Yue Mei smiled when she heard this. Clearly, she was not very concerned.

They were just a few mortals. What injuries could they detect?

He had to quickly recover as well. He did not know how his family was doing.

At this moment, Xiao Changtian’s voice was heard again.

“Little girl, you are from the Beast Emperor Mountain Range, so we can bring you back. It is not safe for you to be alone in this desolate mountain range.” Enter the Beast Emperor Mountain Range and bring him home? Yue Mei smiled when she heard Xiao Chang Tian’s words.

“Are you also going to enter the Beast Emperor Mountain Range? Then listen to my advice. You can’t enter the Beast Emperor Mountain Range now.”

Ever since a bunch of demonic beasts with terrifying auras suddenly appeared, the forces in the Beast Emperor Mountain Range could be said to have been reshuffled.

His family was unwilling to submit to others, which was why they suffered such a destructive blow.

Even cultivators were like this, let alone mortals.

Seeing that Xiao Chang Tian and the others had saved her, Yue Mei also kindly advised them.

Xiao Changtian nodded in agreement when he heard Yue Mei.

She had just encountered the mountain bandits, so she had probably not recovered from the shock yet.

It was understandable that they did not dare to enter the Beast Emperor Mountain range.

Xiao Chang Tian slowly said to Yue Mei when he thought of this,

“Miss, why don’t we send you home first?”

When Yue Mei heard Xiao Chang Tian’s words, she also nodded her head.

Seeing that Xiao Changtian had saved her, it wasn’t impossible to let a few mortals stay in her family for a few days.

Soon, the group of people arrived in front of a bamboo forest under Yue Mei’s guidance.

“Come with me.”

After Yue Mei arrived at the bamboo forest, she got down from the carriage and slowly said to Xiao Changtian and the others.

Following that, under Yue Mei's lead, Xiao Chang Tian and the others slowly passed through the bamboo forest and arrived in front of a thatched cottage. Pushing open the door of the thatched cottage courtyard, a few women walked towards Yue Mei. Their hands groped around her body, afraid that she was injured somewhere.

"Yue Mei, are you alright?"

This was the place where the Yellow Python Clan had fled. After they refused to submit to the control of the Black Tiger Commander, the Yue Mei Clan had moved here to avoid the disaster.

After communicating with Yue Mei, her clansmen knew that Xiao Changtian had saved her.

Immediately, a man who was obviously stronger than the others said to Xiao Changtian and the others,"

"Thank you, everyone."

"You are Mo Ba of the Yellow Python Clan?"

Seeing Mo Ba, Su Daji's voice came from behind Xiao Changtian.

Hearing someone directly call out his name, Mo Ba was also stunned.

When he heard Yue Mei say that Xiao Chang Tian and the others were mortals, Mo Ba didn't pay much attention to them.

When he heard someone say his name, Mo Ba also saw Su Daji in the crowd.

" You're the Gong... The G..."

"Yes, yes, I am Daji."

Before Mo Ba could finish his words, Su Daji walked in front of him and said slowly to him.

When Su Daji was young, Mo Ba had also visited the Nine-Tailed Fox Clan.

It was also at that time that Su Daji met Mo Ba.

Seeing Su Daji and Mo Ba talking back and forth, Xiao Changtian also said to them,”

“Daji, do you know each other?”

“Yes, yes, we met when we were young.”

Su Daji explained to Xiao Changtian and then introduced him to Mo Ba.

“This is my master. I didn’t expect that the person we saved was your sister.” Master? When Mo Ba heard Su Daji’s words, the way he looked at Xiao Changtian changed.

Everyone knew about the strength of the Nine-Tailed Fox Clan in the Beast Emperor Mountain Range. Su Daji was also the little princess of the Nine-Tailed Fox Clan.

Mo Ba did not believe that Su Daji would find a mortal to be her master. Presumably, his realm was too low and he could not see through the other party’s cultivation.

When Yue Mei heard Mo Ba and Su Daji’s conversation, she was also shocked. He had thought that they were a group of mortals on the carriage just now. However, he did not expect that he would share a car with the little princess of the nine-tailed fox clan.

Now, it seemed that his judgment was clumsy. Fortunately, he had done something out of line just now. Otherwise, the consequences would be unimaginable.

It seemed like they had also chased Luo Chang away. This way, everything made sense.

While Su Daji and Mo Ba were talking, Xiao Changtian also walked over.

“Your days are not good now, right? It seems that you need to nourish yourself.”

Originally, Xiao Changtian wanted to bring Yue Mei back home, then they would continue to search for treasures.

But who would have thought that Yue Mei’s family knew his disciple?

With this relationship, as a master, he could not pretend that he could not see anything, right?

Looking at the appearance of his disciples and friends, they were all covered in dust and were as thin as sticks.

Even the strongest Mo Ba didn’t look as strong as his disciples.

It was obvious that they were from a poor family. They could not survive in the town and had no choice but to move to the mountains.

Hearing Xiao Changtian’s words, Mo Ba hurriedly replied,

“Senior is right. Recently, a group of powerful enemies have arrived. We have just moved away from the ancestral land, and our days are indeed not good.” After speaking, Mo Ba’s expression was also somewhat sorrowful and furious. As long as those demonic beasts from the Divine Realm did not submit, they would directly launch an attack.

Mo Ba and the others really couldn’t resist, so they ran out with the help of the elders in the clan.

After hearing Mo Ba’s words, Xiao Changtian also sighed.

Just as he had expected, they had moved from the town to live a good life.

They didn't expect to encounter a powerhouse like the mountain bandits. They didn't have many strong men, so they naturally robbed them of everything they ate.

However, since he was here, he would help if he could..

Chapter 342: Go Hunt for a Few Wild Beasts (1)

In the courtyard of the Yue Mei clan,

Xiao Changtian stared at Di Tian and the others behind him as he slowly spoke, "Di Tian, I can tell that it isn't easy for them. You guys go out and hunt some wild animals."

Di Tian and the others had just defeated the mountain bandits. It wouldn't be a problem for them to hunt for some wild animals.

It was good for Daji's friends to nourish their bodies.

Di Tian, Bing Huang and Mo Huang heard Xiao Changtian's words and nodded.

"Alright, Senior."

Anyway, no matter what the senior said, agreeing to it was the same.

After exiting the courtyard, the Ice Emperor slowly spoke to Di Tian,

“My Lord, what do you think the senior means?”

Di Tian placed his hand on his chin and slowly spoke to the Ice Emperor,

“According to my investigation of this world, I discovered many auras from the Divine Realm. Clearly, those people were suppressed by the Divine Realm.”

“Senior asked us to hunt for wild game, so it’s obvious that he wants us to kill the demon beasts that attacked this place.”

Upon hearing Di Tian’s analysis, the Demon Emperor also nodded his head.

“I think Master is right. Senior’s strength is unfathomable. Even a Godly

Emperor is like an ant in front of Senior.”

“In Senior’s eyes, the demonic beasts of the Divine Realm are nothing more than wild animals.”

Hearing Di Tian and the Demon Empress’s analysis, the Ice Empress nodded slowly, as if she had come to a realization.

“Then what are we waiting for? Let’s move quickly.”

Just as the Ice Emperor was speaking, they heard a series of giggling and handsome voices.

Then, a few figures walked out from the bushes.

“Sir, we have already detected that those little snakes are hiding in that place in front.”

In the crowd, an old man stood beside a man. He pointed in the direction in front of him and saw that the man beside him was full of flattery.

After hearing his words, the man nodded slowly at him.

“Not bad. I will explain your situation to the commander.”

Hearing the black-robed man’s words, the old man’s expression became even more flattering.

Yue Mei, that slut, actually broke my son’s entire body. After I catch you, I’ll definitely make you pay back double.

As they spoke, Di Tian also saw them. The Ice Emperor was staring at the figures before him.

“You guys are from the Divine Realm, right? To actually dare to cause such a ruckus here, you really don’t know how to die.”

Hearing someone directly mention his background, the man in black in the crowd was also shocked.

“Who are you?”

His gaze slowly swept past the Ice Emperor’s body. After that, a smile appeared on his face when he saw Di Tian’s appearance.

“I know, you’re the person the commander is looking for.”

As he spoke, the black-robed man’s figure flashed as he charged towards Di Tian.

This time, they came to the lower realm for two reasons. First, to find the sacred object, and second, to find Di Tian.

As long as he could capture Di Tian, he would have done a great service. At that time...

While the man was rejoicing, the Ice Emperor's cold voice entered his ears.

"It's just a Godking level leopard, yet it still dares to be so arrogant."

As the Ice Emperor spoke, the black panther felt a bone-piercing cold aura attacking it.

"You are the Godly Emperor?"

Sensing the Ice Emperor's aura, the black panther's expression changed, and he was about to retreat.

However, before he could take a few steps, the black panther's body turned into an ice sculpture and shattered in the air.

Seeing their strongest ally being killed by the Ice Emperor in one move, Luo

Chang's father, Luo Ming, felt a wave of fear in his heart.

Just like the other demonic beasts, he retreated and sprinted backward.

"You disrespected the Lord and still want to run?"

Seeing that the others and Luo Ming wanted to escape, the Ice Emperor snorted coldly and was about to continue attacking.

"Old Ice, let me do it. Senior wants us to bring it back."

The Demon Empress walked out from the side and looked at Luo Ming and the others as she spoke to the Ice Empress.

If it was the Ice Emperor's way of fighting, these people would probably be beaten until not even dregs were left.

After hearing the Demon Empress's words, the Ice Emperor nodded slowly at him.

Then, a burst of black vital essence rose from the Demon Empress 'body. A few black chains chased after Luo Ming and the others.

After being bound by the black chains, Luo Ming immediately took out a jade pendant from his body.

She bit her fingertip and said in horror,"

"Lord Commander, save me! Lord Commander, save me!"

As Luo Ming's voice fell, the black chain pierced through his body.

Following that, all the demonic beasts, including Luo Ming, returned to their original forms and lay motionless on the ground.

At this moment, a violent aura came from afar.

After that, a man slowly appeared before Di Tian and the others.

The man had silver-white skin and a tall and sturdy physique. He stared at his dead subordinates on the ground and slowly spoke to Di Tian and the others, "It was you who killed my subordinates?"

When the Demon Empress saw who it was, she slowly said to him,

“Black Tiger, I didn’t expect it to be you. What does Blood Dragon want here?” “Sect Master of the Heaven Demon Sect, I didn’t expect you to come to the lower realm. I thought you were dead.”

Although the black tiger had the cultivation of a God Emperor Realm expert, for some reason, it was not afraid at all when facing the God Emperor Realm Demon Emperor.

“I don’t know who gave you the courage to come and question me.”

Hearing Black Tiger’s words, the Devil Empress smiled faintly. Then, she cast another black chain and attacked Black Tiger.

“Hehe, Sect Master of the Heaven Demon Sect, I know everything about you like the back of my hand.”

“In the past, I might have been afraid of you, but now.”

As he said this, a cold smile flashed across the corner of Black Tiger’s mouth.

“Heaven-Sealing Formation, get up!”

Black Tiger shouted loudly, and then flags flew out from behind him.

They surrounded Di Tian and the other two.

“Di Tian, you’re the person my lord wants to capture. Are you satisfied with this preparation?”

The reason why Black Tiger had rushed over after receiving Luo Ming’s message was because he was afraid that Luo Ming would be too late.

An important reason was that he could sense Di Tian’s aura through the jade pendant.

“Heaven Sealing Array, how do you know this?”

Upon seeing the Heaven Sealing Great Array, the expressions of the three emperors changed for the first time.

The Heaven Sealing Array was an array formation that only the previous Lords of the Divine Court would use to deal with traitors of the Divine Court.

As long as you cultivated the cultivation technique in the Divine Court, your cultivation would plummet under the suppression of the Heaven Sealing Array.

The flags revolved around Di Tian and the other two. Very quickly, a gigantic formation was formed beneath their feet.

“We can’t let him continue to use it.”

Di Tian spoke to the Ice Emperor and the Devil Emperor.

Then, the Demon Empress took the initiative to attack. The black chains hit the barrier of the grand array, but it was useless.

After that, the Ice Emperor and Di Tian’s attacks also landed on the formation. Similarly, they didn’t cause any substantial damage to the formation..

Chapter 343: An Unparalleled Arrow (1)

In the Heaven Sealing Array

The expressions of Di Tian, the Ice Emperor, and the Devil Emperor grew increasingly heavy.

As time passed, the suppression of the Great Sealing Array became more and more severe.

Di Tian's True Qi continued to condense and release as beads of sweat appeared on his forehead.

Logically speaking, it was impossible for the Heaven Sealing Array to be spread out because people without the bloodline of the Lord of the Divine Court could not use it.

The Heaven Sealing Array cast by the black tiger in front of him was clearly prepared by others in advance and stored on his body in some special way.

But even so, he knew how to break the formation.

However, there was a special requirement to break the array. That was, the cultivation of the person who broke the array had to be higher than the cultivation of the person who set up the array.

The current situation could only explain one thing, and that was that this Heaven Sealing Array was stored in one of his clones on the black tiger's body.

The clone's goal was very simple. It wanted to deal with him.

It seemed that his initial worries had turned into reality.

The black tiger stared at Di Tian and the others as a smile appeared on his face.

"Don't struggle for no reason."

Then, the true essence in his body surged, and the black tiger directly transformed into its true form. Immediately, a black tiger appeared, and the speed of the formation of the Heaven Sealing Array increased.

At the same time, in Yue Mei's courtyard,

Xiao Changtian stared at the sky. Di Tian and the others had left for so long, why hasn't he returned yet?

If this continued, the wild animals would all go into hiding.

As he thought this in his heart, Xiao Changtian slowly said to Mo Ba beside him,

"Brother, can you take us out for a while?"

Hearing Xiao Changtian's words, how could Mo Ba dare to say no and hurriedly agreed.

After Di Tian and the others left, Mo Ba was also very curious about Xiao Changtian. He wanted to know how a human could become Su Daji's master.

He didn't expect that he wouldn't know if he didn't look at it. He was shocked when he saw it. Xiao Changtian looked ordinary.

In fact, the ants crawling on his shoulders were actually the Chaos Ants mentioned in his ancestral home.

There was also the monkey beside him. Looking carefully, it was actually a divine monkey that was emitting golden light all over its body.

Xiao Changtian was the leader of these mythical beasts that could only be heard from their ancestors.

How could Mo Ba not be shocked? After hearing Xiao Changtian's words, Mo Ba hurriedly brought him out.

Very quickly, Su Daji, Mo Ba, and Xiao Changtian walked outside.

Something interesting seemed to be happening over there.

Monkey looked at the direction where Di Tian and the Black Tiger were fighting and immediately walked over.

After Xiao Changtian saw the monkey's actions, he also followed.

It was said that animals had sharp noses. Who knows, maybe the monkey would find Di Tian and the others.

On the other side, Di Tian was also staring at the black tiger in front of him. He was also doing his best to resist the erosion of the Heaven Sealing Great Array.

At the same time, they had to defend against the attacks of the black tiger from time to time.

After the formation of the Heaven Sealing Array, it formed a huge suppression on them.

It was impossible for any one of them to be a match for Black Tiger.

If they resisted together, they might have a chance of survival.

“Roar!”

The black tiger let out a roar of rage, its body shooting towards Di Tian and the others. Its sharp claws were about to lunge at Di Tian.

“Master, be careful!”

Upon seeing the black tiger launching its attack, the Ice Emperor and the Devil Emperor hurriedly stood in front of Di Tian to block.

The three people and one tiger were locked in a fierce battle.

At this moment, Monkey also arrived at Di Tian's place.

Watching the three people and one tiger fight, Monkey spread out his palms.

He had thought that it was something good, but it turned out to be just a small array.

The monkey's appearance naturally attracted the attention of Di Tian and the others. At the instant they saw him, joy appeared on their faces.

Since Monkey was here, it meant that Senior was not far away.

With this thought in mind, Xiao Chang Tian, Mo Ba, and Daji appeared beside Monkey.

As expected, Di Tian and the others were here.

Xiao Changtian stared at Di Tian and the others as a smile appeared on his face.

As for Mo Ba, who was beside Xiao Changtian, his body was trembling uncontrollably.

When they saw the black tiger fighting against Di Tian and the others, their minds were filled with the scene of the black tiger descending upon their tribe.

It was Black Tiger. Under his strength, his clansmen were either dead or injured. Only a few people could escape.

Xiao Changtian also felt the change in Mo Ba. Seeing his trembling appearance, he shook his head.

Seeing a tiger, one would be afraid of being humiliated. It would be difficult to survive in the mountains like this.

Thinking of this, Xiao Changtian said to Mo Ba,

“It’s just a tiger. What’s there to be afraid of? You’re the hunter in the mountains, and they’re all your prey.”

“Daji, bring me the bow!”

Su Daji placed a bow in Xiao Changtian’s hand.

Then, Xiao Changtian took an arrow from Su Daji’s hand and aimed it at the black tiger.

Senior, are you going to kill that black tiger?

When Mo Ba heard Xiao Changtian’s words and saw Xiao Changtian’s actions, his heart was also shocked.

During the clan protection war, their clan had also shot many arrows at the black tiger.

However, it was useless. Moreover, the arrow in Xiao Changtian’s hand seemed to be no different from an ordinary arrow.

Senior, could it be that you’re being too careless?

When Xiao Changtian aimed at it, the black tiger felt a dangerous aura locking onto it.

What was going on? When Xiao Changtian and the others appeared just now, Black Tiger had also seen them. They were simply mortals, and there was still a fish that had escaped the net.

There was nothing to be afraid of at all, but the feeling now was indeed real.

On the other side, Xiao Changtian also drew his bow. He released his hand and flew towards the black tiger.

Whoosh! The moment Xiao Changtian shot that arrow, Mo Ba felt the surrounding time and space stop.

In Mo Ba's eyes, he could only see an enormous arrow flying out from his side.

Wherever the arrow passed, time would stop, space would collapse, and everything would cease to exist.

In the blink of an eye, the arrow pierced through the black tiger's body.

Almost at the same time, the black tiger's aura and soul completely disappeared from this world, as if it had never existed.

Bang! The black tiger's body fell heavily to the ground.

Xiao Changtian looked at the black tiger on the ground and smiled.

Obviously, he was very satisfied with his shooting.

Mo Ba stood by Xiao Changtian's side, looking at Xiao Changtian's figure, unable to speak.

Senior was not arrogant at all. His strength was heaven-defying.

Although the arrow just now was an ordinary arrow, it was an unprecedented arrow in the hands of Senior.

No wonder even Daji had to be under senior's tutelage, and the divine monkey and Chaos Ants had to acknowledge him as their master.

Senior's cultivation is unfathomable!

"This is the way to survive in the mountains. Do you understand?"

Xiao Changtian handed the bow in his hand to Su Daji and said slowly to Mo Ba.

Hearing Xiao Changtian's words, Mo Ba's body trembled. He hurriedly said,

"Senior's teachings, Mo Ba will remember them in his heart."

Senior was preaching to him. Unfortunately, that arrow just now was too profound. He could not remember much at all. He had to go back and cultivate properly.

At this moment, Di Tian and the others slowly walked over..

Chapter 344: It's Really Bitter (1)

Beast Emperor Mountain Range

Di Tian brought the Ice Emperor and the others to Xiao Changtian's side. He smiled at him,

"Thank you, Senior!"

When Xiao Changtian shot out that arrow, Di Tian and the others also felt that the space around them was about to collapse.

The Heaven Sealing Array that the black tiger had placed on them naturally shattered.

After hearing the words of Di Tian and the others, Xiao Changtian waved his hands at them as he pointed at the black tiger that he had just killed.

“Bring those wild animals back. We’re eating tiger meat today.”

As for Mo Ba, he saw the direction Xiao Changtian was pointing at and gulped.

Senior, do you mean that we’re going to eat the black tiger today?

With Senior’s strength, that black tiger was probably just food in Senior’s eyes from the beginning to the end.

Thinking of this, Mo Ba hurriedly walked up and carried the black tiger on his shoulder.

“Senior, let me do it.”

Following that, Mo Ba also saw that there were more or less the corpses of other Demonic Beasts lying beside him.

The Ice Emperor and Demon Emperor walked over and said to him,”

“Little brother, let’s go together.”

Looking at Xiao Changtian’s attitude towards Mo Ba, it was obvious that he intended to nurture him.

Thus, when the Ice Emperor, Demon Emperor, and Mo Ba spoke, they were extremely polite.

Very quickly, Mo Ba and the others returned to the courtyard with a Monster Beast on their shoulders.

When Yue Mei saw Mo Ba and the others return, she hurriedly went out to welcome them.

Seeing the demon beasts on their shoulders and feeling the familiar aura on them, he covered his mouth with his hand.

“Brother, what’s on your shoulder?”

“Oh, this is the black tiger that senior just shot. It’s going to go with the wine today.”

Mo Ba placed the black tiger on his shoulder on the ground and explained to Yue Mei.

On the way back, Mo Ba had also communicated with Di Tian and the others, knowing Xiao Changtian’s situation.

After Yue Mei, the other members of the Yellow Python Clan also came to Mo Ba’s side.

“Old Yellow, you’ve finally gotten your revenge.”

A woman sat on the ground and looked at the black tiger on the ground. Tears flowed from her eyes as she spoke to the sky.

The other members of the Yellow Python Clan were the same. Looking at the black tiger in front of them, they felt a sense of pleasure as if they had taken revenge.

After Xiao Changtian returned, he went to tidy up the other demonic beasts.

Turning around, he saw Mo Ba and his clansmen all had tears streaming down their faces, their faces filled with gratitude.

She sighed in her heart. Sigh, how long has it been since she last saw meat?

He was so excited when he saw a few wild beasts.

While Xiao Changtian was speaking, Mo Ba also thought of something and transmitted his voice to his clansmen.

After receiving Mo Ba's voice transmission, the Yellow Python Clan members looked at Xiao Changtian as if he was a god. They were all privately transmitting their voices to each other.

"This senior has helped our clan take revenge. After we return to our ancestral land, we will erect a statue to worship our clansmen."

"Yes, yes, I agree. Also, Senior is currently cultivating. We must remember not to disturb him."

"It's already a great kindness for him to help my clan. If he were to disturb Senior's cultivation, wouldn't my clan become ungrateful?"

After Xiao Changtian saw the Yellow Python Clan looking at him, he said to Su Daji,"

"Daji, get ready, we're about to start."

Judging from their looks, it was obvious that they were very greedy for the meat. Even if they came back, they had to cook it for everyone to eat earlier, right?

Then, Su Daji responded to Xiao Changtian and took out a kitchen knife and other tools from Xiao Changtian's bamboo basket with difficulty.

Mo Ba and the others also came to Xiao Changtian's side and said to him,"

"Senior, is there anything we can help you with?"

Hearing the words of Mo Ba and the others, Xiao Changtian also smiled and pointed at the plates beside him.

"Then help me wash these dishes."

These plates had been placed in his bamboo basket and had not been washed much. There was still some dust.

After Mo Ba heard Xiao Chang Tian's words, he walked over and was about to pick up a stack of plates.

He held the bottom of the plate with both hands.

What's going on? Why is this plate so heavy?

Mo Ba looked at the plate in front of him and used all his strength to find that he couldn't pick it up.

These were all high-quality immortal artifacts?

Looking at the plate in front of him, Mo Ba's eyes were filled with shock.

No wonder he couldn't pick them up. They were all saint artifacts.

As for the other Yellow Python clansmen, their situation was similar to Mo Ba's. They were all unable to carry these plates.

At this moment, Di Tian also walked over. He slowly spoke to them,

“I think you guys are weak. Just take a plate each. If you take a stack, your strength...”

Hearing Di Tian’s words, the Yellow Python Clan members exchanged glances.

The few of them used all their strength to pick up a plate and slowly walked towards the well in the courtyard.

Xiao Changtian saw their expressions and couldn’t help but speed up the process of processing the demon beast skin.

Sigh, how many days had these people not eaten? They had to work together to carry a plate. It was really tough.

It was better to let them eat some meat to replenish their energy.

After a while, Xiao Changtian set up a barbecue grill in the courtyard.

The meat of the black tiger and other demon beasts was placed on top, and waves of meat fragrance came from them.

Mo Ba and the others felt that their cultivation was about to break through just by smelling the fragrance of the meat.

Senior was giving his clan a great opportunity, a great opportunity.

Before they started eating, the Yellow Python Clan smelled the fragrance of the meat and looked at Xiao Changtian with reverence.

They all made up their minds. As long as Xiao Changtian had any orders in the future, they would do anything for him.

Soon, Xiao Changtian finished roasting the meat.

Originally, he thought that being a foodie would do, but the lesson in the courtyard had already taught him.

He still had to do the barbeque himself. It wasn't like Di Tian and his disciple couldn't do this or that.

Looking at the meat on the rack, Xiao Changtian said to everyone,"

"Don't just stand there. Come and eat it."

Following Xiao Changtian's words, the Yellow Python Clan members walked towards Xiao Changtian one by one.

At the start, he was still a little reserved. But in the end, he was practically on good terms with Di Tian and the others.

While Xiao Changtian and the others were having their barbeque, in a palace in the Divinity.

Blood Dragon, Huang Yuan, Qingqiu, and the clone of the Lord of the Divine Court sat in the hall.

Immediately after, Blood Dragon opened his eyes and a sinister voice came out of his mouth.

"Black Tiger is dead."

After Blood Dragon spoke, the other three opened their eyes and looked at him.

“It seems that the main body’s strength has already exceeded our expectations.”

The clone of the master of the Divine Court was the first to speak and slowly said to them.

The black tiger was the strongest person they had sent to the Tian Yuan Continent. He possessed the strength of a God King and had the Heaven Sealing Formation he had specially cast.

In the Heaven Sealing Array, even the cultivation of a Godly Emperor would be suppressed to the level of a Godly King.

The main body defeating the black tiger only meant one thing. The main body was stronger than him.

As soon as the clone of the Lord of the Divine Court finished speaking, a small demon walked in from outside.

“Master, we just caught three humans..”

Chapter 345: Calamity (1)

In a large hall in the Divine Realm,

Qing Qiu frowned when she heard the report from the little demon who had just entered.

“Bring him up.”

This place was the territory of their demonic beasts all year round in the Divine Realm. Almost no humans came here.

There were actually a few humans here today. Something was very wrong.

Soon, under the lead of a few demon beast generals, the three humans arrived at the main hall.

“Kneel down when you see my lord.”

A demon commander shouted when he saw the three of them.

Then, a human immediately knelt down and said to Qing Qiu and the others,”

“Milords, it’s a misunderstanding. I’m Li Wushuang, and we’re here to seek refuge with you.”

The three people arrested were Li Wushuang, Nalan Yan, and Chu Yuan Shan. After the three of them left the Fire Dragon King’s forbidden ground and arranged for the disciples of the Heaven Demon Sect and the other sects, they were all very excited.

They were still worried that the Heaven Demon Sect’s Sect Master would suddenly come and kill them again.

Thus, they also walked all the way to the demon territory.

They wanted to rely on their Godly King’s strength to be a commander in the territory of a demon emperor.

In the main hall, Qingqiu heard Li Wushuang’s words and slowly stood up.

“How interesting. In so many years, you’re the first to take the initiative to join

us humans.”

“Do you think I’ll believe it?”

As she spoke, the pressure of a Godly Emperor emanated from Qing Qiu’s body. Bang! The pressure descended on Li Wushuang, and cold sweat broke out on her forehead.

“Sir, we are sincere. If you don’t believe us, we can tell you a lot of information about the Lord of the Divine Court.”

Upon hearing the word “ Lord of the Divine Court,” the clone of the Lord of the Divine Court stood up from his seat.

With a wave of his hand, Qing Qiu’s pressure on Li Wushuang disappeared.

At this moment, Shen Ting Master’s clone flashed and appeared before Li Wushuang.

“Tell me, what information do you know about the Lord of the Divine Court?” When she saw the avatar of the Master of the Divine Court, she felt that the aura on his body was somewhat familiar.

However, there was no time for him to think too much. He immediately told him everything he had seen and heard in the Fire Dragon King Forbidden Ground.

“So the Demon Empress is already by his side. It seems that he has absorbed at least one clone.”

After hearing Li Wushuang’s words, the clone muttered.

Then, he looked at the other two people and felt their auras.

“You’ve been to the Tian Yuan Continent?”

Li Wushuang was stunned at the mention of the Tian Yuan Continent.

Wasn't this a lower realm that he had previously gone to with Nalan Yan and the others?

Then, he immediately nodded at the clone of the Master of the Divine Court. The Blood Dragon and the Yellow Ape looked at each other when they saw Li Wushuang nod.

Then, Blood Dragon said to Li Wushuang,"

"If you want to join us, you can't. Now, I'll give you a mission. If you complete it, we'll accept you."

Hearing Blood Dragon's words, Li Wushuang immediately nodded.

As long as these demons were willing to accept them, their safety would be guaranteed.

At this moment, Blood Dragon waved his hand to the side.

"Blue Luan, I'll leave the unfinished parts of Black Tiger to you. This human will lead the way for you."

"As long as you complete it, our previous agreement can be fulfilled."

A woman appeared in the hall after Xue Long finished speaking.

This time, after the woman appeared, she also said to the Blood Dragon,

"Master, I can accept Black Tiger's mission, but can I be alone?"

"In my opinion, this human is really... It's too inauspicious."

When Li Wushuang had told the clone about her, the Blue Phoenix had gained some understanding of her.

To sum it up, one Calamity Star.

His strength wasn't much, but whoever he sided with would be unlucky. Therefore, even if his clan was controlled by the Blood Dragon and had no choice but to work for him.

However, the Blue Luan didn't want to attract a calamity for its clan. Their clan had always been very resistant to calamities.

The yellow ape burst into laughter after the Blue Luan finished speaking.

"Blood Dragon, I suddenly understand why Black Tiger failed."

"You, a God Emperor Realm subordinate, was actually frightened by a God King brat. Hahaha."

Upon hearing the yellow ape's words, Blood Dragon's expression darkened.

"As a general of my Blood Dragon clan, how can you say such illusory things?" "With his strength as a God King, how can he bring you trouble? Just do as I say."

When the Blue Luan heard the Blood Dragon's words, it was about to say something when the Blood Dragon's voice entered its ears.

"If you disobey me again, I guarantee that your clan will never see the light of day again."

The Blue Luan sighed when it heard Blood Dragon's voice transmission.

"This subordinate accepts your orders."

Seeing the Blue Luan's expression, the Blood Dragon nodded in satisfaction.

"Your name is Li Wushuang, right? As for what you need to do, you will listen to the Blue Luan's arrangements."

"As long as you complete this mission, the Blood Dragon Hall will accept you." As soon as the Blood Dragon finished speaking, the Blue Luan left the hall with Li Wushuang and the others.

After they left, the clone of the Court Master said to Blood Dragon,"

"Even Black Tiger failed. Do you think Blue Luan can do it?"

"Blood Dragon, you don't look like you're working with me on a friendly basis." When Blood Dragon heard the words of the Lord of the Divine Court, he smiled faintly and said,

"Di Tian, I know. But what's the difference in who we send? It's not convenient for us to act now."

"As long as the three of us get the Demon Emperor Relic, the four of us can attack your main body together."

Huang Yuan and Qing Qiu didn't say anything after hearing Blood Dragon's words.

They were well aware of the relationship between them and the Cyan Phoenix Clan. Li Wushuang's appearance was just an excuse for them to target the Cyan Phoenix Clan.

After the Blue Luan left the hall with Li Wushuang and the other two, it warned Li Wushuang,"

"Stay away from me, or else..."

Before the Blue Luan could finish her words, she saw Li Wushuang and Nalan Yan retreat.

Li Wushuang also knew that this Monster Beast Commander wasn't very interested in her.

This was also in line with his thoughts. When the time came, she would just follow him and fish in troubled waters.

The Blue Luan looked at Li Wushuang and the others and sighed again.

Then, his body turned into a stream of light and flew out. Li Wushuang and the others quickly followed.

In the sky of the Divine Realm,

Black Tortoise sat on the fat Rongrong's head, slowly saying to him.

"Fatty, I feel the sigh of the beauty again. The beauty is waiting for our help. Let's go."

After the fat Rongrong heard Black Tortoise's words, she also responded.

"Okay, boss, where are we going?"

"This way."

"Alright!"

Under Black Tortoise's command, the fat Rongrong turned into a stream of light and flew towards the Divine Realm..

Chapter 346:1 Think This Woman Might Be Sick (1)

In the sky above the Divine Realm,

The Blue Loan's figure flashed through the air, and behind him were Li Wushuang, Nalan Yan, and Chu Yuanshan.

The Blue Luan looked at the three people behind her and a trace of helplessness flashed in her eyes.

The Cyan Phoenix Clan was once an overlord of the demonic beast world, an existence on par with the Blood Dragon, Qing Qiu, and Huang Yuan.

However, due to the death of the Godly Emperor in the clan and the arrival of their enemies, the Green Phoenix had no choice but to rely on the Blood Dragon Hall.

At that time, they had also agreed that the Blood Dragon Hall would protect them and they would work for the Blood Dragon Hall.

However, after entering the Blood Dragon Hall, they slowly realized that the Blood Dragon was actually interested in the resources of their tribe.

This time, he had called him out to carry out a mission just to target him.

As long as he fell, the Blood Dragon and the others could erode the footsteps of his race.

This time, he even arranged a jinx for him. Didn't he want him to die faster?

While the Blue Luan was thinking, Li Wushuang flew over from behind.

“Milord, this is the way to the Tian Yuan Continent.”

Li Wushuang pointed in the direction of the crack in the barrier between the Divine Realm and the Tian Yuan Continent.

“Got it.”

After hearing Li Wushuang’s words, the Blue Luan also waved its sleeves and flew over.

Seeing the Blue Luan fly away, Li Wushuang also brought Nalan Yan and the others to follow.

“Brother Wushuang, don’t you think that little bird is a bit too much?”

Nalan Yan said to Li Wushuang as she looked at the Blue Luan that was gradually moving further and further away.

“Bao, don’t worry. Our grievances are only temporary. As long as I complete this mission, we will have a firm foothold in the Monster Race.”

“When the time comes, we’ll slowly settle the score with her.”

Hearing Li Wushuang’s words, Nalan Yan slowly smiled at him.

“I knew that Brother Wushuang had his own ideas.”

Then, they quickly followed the Blue Luan.

However, just as they arrived beside the Blue Luan, they saw it stop.

“Prepare to face the enemy!”

The Blue Luan looked ahead. Just now, she felt a dangerous aura coming from ahead.

Li Wushuang and the others also prepared for battle after hearing the Blue Luan's words.

Then, they saw a panda and a turtle flying towards them.

"Beauty is in trouble, don't be afraid. This Sea King is here to save you."

As soon as Black Tortoise's voice fell, his figure appeared above Blue Luan and the others.

Blue Luan looked at the fat Rongrong in front of her, her expression solemn.

How could she not see that the one standing in front of her was an iron-eating beast?

At this moment, Li Wushuang and the others stepped out from behind the Blue Luan.

Seeing Fatty Rongrong and Black Tortoise, Li Wushuang also slowly said to them:

"It's just a turtle and a panda. Don't worry, Lord Blue Luan, leave them to me."

As she spoke, Li Wushuang stepped forward and raised her middle finger at the Black Tortoise.

In Li Wushuang's eyes, the Blue Luan had stopped just now to test her.

The Blue Phoenix did not have a good impression of them to begin with. As long as he helped the Blue Phoenix Commander defeat them, they might get along well in the future.

At this moment, the Blue Luan looked at Li Wushuang and almost spat out the word "idiot".

She finally understood why Li Wushuang would kill someone.

Wasn't this behavior courting death?

The Iron Eater on the other side didn't even say if it was friend or foe, and he went to provoke it first.

And at this time, the fat Rongrong also said to Black Tortoise on her head:

"Boss, what if there's an idiot here?"

"Beat him up. I still have to comfort the beauty. These cats and dogs shouldn't waste their time."

"Understood, Boss."

Next, the fat Rongrong looked at Li Wushuang and the others, her True Qi gathering.

A huge shadow of an Iron Eater appeared in the air.

Roar!

A loud roar sounded in the air.

Li Wushuang, Nalan Yan and the other two felt a huge force coming from their bodies, and their bodies were sent flying in the air.

After Nalan Yan and the others flew out, the Blue Luan looked at the Iron Eater in front of it and felt some fear in its heart.

“Lord Iron Eater, may I know why you are looking for me...Something?”

The fat Rongrong looked at the Blue Luan in front of her, and couldn't help saying to the Black Tortoise on her head,

“Boss, this woman looks like she's quite frightened.”

“Of course, otherwise, why would you need this Sea King to save you? Let me do it.”

“Alright!”

Next, Black Tortoise stood on the fat Rongrong's head, looking at the Blue Luan in front of him.

A virtual image of the Black Tortoise appeared in midair.

In the eyes of the Blue Luan, it saw a Black Tortoise that stood shoulder to shoulder with the sky in front of it, and endless seawater poured in from its body.

“Xuan... Black Tortoise.”

When the Blue Luan saw the Black Tortoise phantom in front of it, its body could not help but tremble, and its body could not help but retreat.

“Beauty, if you have any troubles recently, you can tell This Sea King. This Sea King will help you settle them.”

The Black Tortoise stood in the air and made a handsome posture.

In front of him, the Blue Luan had already sat on the ground.

Sure enough, the power of the jinx was well-deserved. It had attracted the legendary divine beast, the Black Tortoise, for him all of a sudden.

It seems that I'm going to die here today. Elders of the clan, I'm afraid the Blue Luan will have to let you down.

The Black Tortoise maintained its posture in midair and saw that the Blue Luan in front of it did not respond for a long time.

He couldn't help but say to the fat Rongrong below him:

"Fatty, did I do something wrong?"

"No, Boss is the best. I think this woman might be sick, so there's no reaction."

Hearing the fat Rongrong's words, Black Tortoise withdrew his posture.

As he moved his limbs, the surrounding space trembled.

In front of him, the Blue Luan did not even dare to breathe loudly.

"If I get sick, this is not my forte. I have to find my master."

"This Sea King will be a good person to the end. After I'm cured, I might marry you."

Thinking of this, the Black Tortoise also smiled and waved at the Blue Luan.

A huge green palm came towards him.

When the palm descended, a trace of despair flashed across the Green Luan's eyes.

It was over. He was completely hopeless.

As the Black Tortoise's palm landed, the Blue Luan was brought to the lower realm by the Black Tortoise with a whoosh.

At the same time, outside the demon palace,

Li Wushuang and the other two came back in a sorry state. When they arrived at the gate, a few Demonic Beast Guards went in to report.

"Master, those three humans have returned."

Upon hearing the report, Blood Dragon, Huang Yuan, and the others looked at each other.

How long had it been? They had already returned. Could it be that the mission had been successful?

"Let them in."

As soon as Blood Dragon finished speaking, Li Wushuang and the others appeared in the hall..

Chapter 347: How About Stewing Bird Soup Tonight (1) o /

Divine Realm, in a large hall.

Blood Dragon, Huang Yuan, Qingqiu, and the clone of the Lord of the Divine Court sat in the hall.

"What happened? Why are you the only ones back? Where's the Blue Luan?" Blood Dragon looked at the three people's sorry state and spoke in a neutral tone.

“Lord Blood Dragon, Lord Blue Luan, she...She was eaten by the Iron Eater Beast.”

Li Wushuang knelt on the ground, her face covered in dust as she spoke in fear. Thinking back to how she had provoked the Iron Eater, her heart trembled. Fortunately, he was lucky enough not to be killed by the Iron Eater.

“Li Wushuang, you should at least come up with a good reason. Iron Eaters, I’ve been in the Divine Realm for so many years and I’ve never heard of them.” Before Blood Dragon could speak, Huang Yuan stood up from his seat and waved his sleeves.

“It’s true. The Iron Eater was my mount in the lower realm.”

Chu Yuanshan saw that the yellow ape was angry and quickly came out to explain.

“Hahaha, the Iron Eater is your mount. Even if you, a God King, have an Iron Eater as your mount, can the Iron Eater swallow the Blue Luan?”

Qingqiu said with a smile. With a flash, she appeared in front of Nalan Yan.

Raising Nalan Yan’s chin, he said slowly,”

“What a beautiful face. It would be a pity if it was ruined. Tell me the truth, what happened?”

Who would believe that a God King’s Iron Eater could defeat a God Emperor’s Blue Luan?

Nalan Yan looked at Qing Qiu in front of her, her eyes filled with fear.

“Lord Qing Qiu, what we said is true. We didn’t lie to you.”

When Qing Qiu heard Nalan Yan’s words, she snorted coldly.

A hand filled with true essence pressed down on Nalan Yan's head.

"Hmph, it's just a panda and an ugly turtle. They still have some ability." Qing Qiu muttered to herself as she slowly released Nalan Yan's hand and took a few steps back.

"How is it?"

Blood Dragon and Huang Yuan walked over and asked.

"It's nothing. The Blue Luan and the others have indeed encountered enemies." "It's just an emperor level panda and turtle, not an iron eating beast." Qingqiu waved at the Blood Dragon and Huang Yuan and said slowly.

The Blood Dragon, the Yellow Ape, and the clone of the Master of the Divine Court nodded after receiving the message from the Blue Luan.

With Li Wushuang and the others' strength as God Kings, it was understandable that they would think of them as Iron Eaters when they encountered a God Emperor.

It looked like Qingluan was in danger.

"I understand. You go down first. You'll lead the way to the Tian Yuan Continent in a few days."

After some discussion, Blood Dragon looked at Li Wushuang and the other two and said slowly.

Then, a few Demonic Beast guards led Li Wushuang and the others down.

The sky above the Tian Yuan Continent

“Fatty, Master is right there. Let’s hurry back. It won’t be good if we get caught.”

Black Tortoise sat on the fat Rongrong’s head, pointing to the Yellow Python Clan’s courtyard below, slowly saying.

“Alright!”

Fatty Rongrong followed Black Tortoise’s direction and arrived in front of the courtyard with a swoosh.

In the courtyard, Xiao Changtian, Di Tian and the others had just finished eating Hei Hu and the others. They were currently resting in the courtyard. “Let me tell you, tea tastes better this way.”

A group of people gathered around a stone table. Xiao Changtian sat in the center of the stone table, holding a kettle in his hand and slowly said to everyone.

Xiao Changtian was well-prepared for this trip.

As for Di Tian and Mo Ba, they stared at Xiao Changtian as they nodded their heads repeatedly.

Senior’s words and actions contained the laws of the Great Dao. To be able to have the honor of listening to his sermon was a blessing that had been cultivated for many lifetimes.

Xiao Changtian smiled when he saw them listening attentively.

He picked up a cup of tea that had already been brewed and handed it to Mo Ba at the side.

“Try it and see if it tastes like what I said.”

They were just chatting after dinner, but Xiao Changtian felt like they were listening to a lecture.

Mo Ba saw Xiao Changtian handing him the tea and was a little terrified as he slowly took the tea.

“Thank you, Senior.”

“You’re just too reserved.”

Senior said with a smile when he saw Mo Ba’s appearance.

Mo Ba finished his tea in one gulp, and the aura on his body had also reached the level of a peak stage God Monarch.

Feeling the changes in his body, Mo Ba looked at Xiao Changtian with eyes filled with gratitude.

At this time, Black Tortoise and the fat Rongrong also arrived at the courtyard’s entrance.

The monkey and ant are there too. Let’s sneak in, you know, Fatty.”

Black Tortoise’s gaze swept across the courtyard as he instructed Fatty.

“Got it, Boss.”

Hearing Black Tortoise’s words, the fat man slowly pushed open the door of the courtyard and walked in with light footsteps.

At this moment, Xiao Changtian turned around.

“Old dirty ghost, why did you bring Rongrong here?”

Xiao Changtian looked at the Black Tortoise and the fat Rongrong, and also stood up, shouting at them.

“Oh no, Boss, we seem to have been discovered.”

The fat Rongrong saw Xiao Changtian standing up from the chair and slowly said to Black Tortoise.

At this time, Black Tortoise had already retracted its limbs into its turtle shell and did not speak.

Next, Xiao Changtian walked to the fat Rongrong’s side.

“Tell me, how long have you been out? Where have you been?”

Xiao Changtian grabbed the Black Tortoise on the fat Rongrong’s head and whipped its shell a few times.

Mo Ba and the others looked at the turtle in Xiao Changtian’s hands.

That was...Black Tortoise?

Senior, are you whipping the Black Tortoise?

Mo Ba looked at the Black Tortoise that didn’t dare to resist Xiao Changtian’s hand and swallowed a few mouthfuls of saliva, not daring to speak.

And the fat Rongrong also hurriedly curled up into a ball of fur, running to the side.

When he left, he placed the Blue Luan on the ground.

Xiao Changtian also placed the Black Tortoise on the ground after a few slaps.

“Since you’re here, be obedient and stay aside.”

The Black Tortoise heard Xiao Changtian's words and also felt relieved, hurriedly crawling over to the fat Rongrong.

At this moment, Xiao Changtian also saw the Blue Luan on the ground.

Why was there a little bird here?

Xiao Changtian grabbed the Blue Phoenix from the ground and looked at it.

The bird didn't seem to have any injuries. It didn't look like it had just been hunted.

Did it fall from the sky?

Forget it, he could make some bird soup.

With this thought in mind, Xiao Changcheng held the Blue Luan in his hand

and said to Mo Ba and the others,"

"Why don't we make bird soup tonight?"

When Mo Ba saw the Blue Luan in Xiao Changtian's hand, his expression was shocked.

The aura on this Blue Luan's body was not much weaker than the black tiger from before.

Did this senior usually eat like this?

The unconscious Blue Luan in Xiao Changtian's hand flapped its wings after hearing Xiao Changtian's words.

Where was this place?

Wasn't he captured by the Black Tortoise? How did it end up in the hands of a human?

It looked like he was going to stew her soup and drink it? Why was his life so bitter?

Chapter 348: Eat After Fattening Up? 1

|

In the courtyard of the Yellow Python Clan

Mo Ba looked at the Blue Luan in Xiao Changtian's hand that was flapping its wings.

He scratched his head and said to Xiao Changtian,

“Senior, I see that everyone ate quite well today, so there's no need.”

Although the flesh and blood of the black tiger and the blue phoenix could bring great help to their cultivation.

However, their physiques were there. They might not be able to withstand so much energy for a while.

After Xiao Changtian heard Mo Ba's words, he looked at the Blue Luan in his hand that was constantly flapping its wings.

“Yes... Alright then.”

The people in this courtyard could not eat too much at once. They had to slowly adapt. ’

And looking at the little bird in his hand, it seemed to be quite energetic.

It was just meat. It didn’t look like there was much. It was not bad to eat it after raising it for a while.

When the Blue Luan heard that Xiao Changtian had promised not to eat her it heaved a sigh of relief.

Then, he felt like he was placed in a cage.

Xiao Changtian lifted the cage in his hand and slowly placed it on the table in the courtyard.

“Then I’ll leave it here first.”

Xiao Changtian looked at the cage in front of him and felt helpless.

This time, he only brought finished products with him. He didn’t bring any raw materials.

There was no steel here, so Xiao Changtian could only use wood to make one. Seeing the Blue Luan locked in the cage by Xiao Changtian, the fat Rongrong couldn’t help saying to the Black Tortoise on her head:

“Boss, the beauty seems to have been locked up by Master. Is this also a treatment?”

“Of course. Master’s strength is heaven-defying. Don’t look at how that little bird is locked in a cage.”

“But look at that cage carefully. It’s different from the cages Master made before.”

The fat Rongrong heard Black Tortoise's words and also looked towards the cage on the table.

"What's the difference..."

Fatty Rongrong hadn't even finished speaking when she felt that the ling power inside the cage was several times denser than outside.

If he cultivated in the cage, his speed would increase by leaps and bounds.

"Now you know."

Black Tortoise looked at the somewhat shocked fat Rongrong, his mouth slowly saying.

At this moment, Qing Luan, who was in the cage, was completely awake.

Was this a small space?

The Blue Luan looked at its surroundings and realized that it was locked in a space.

Around it was a barrier formed by wood filled with Dao runes.

Outside was the courtyard that he had just seen.

No, he had to get out quickly. Otherwise, he might be eaten at any time. With this thought in mind, the Blue Luan quickly gathered the true essence in its body.

A wind blade formed in front of him and blasted towards the barrier in front of him.

Bang! When the wind blades hit the barrier, it was as if they were absorbed.

It did not stir up any waves at all.

Oh no, what did Li Wushuang do?

The misfortune was so powerful that it directly brought such an existence to him?

The Blue Luan looked at the space she was in, her eyes filled with despair. Then, the Blue Luan felt the true essence in its body suddenly become rich. What was going on?

The Blue Luan sensed the changes in its surroundings and suddenly felt that the spiritual energy in this space was several times denser than the outside world.

Moreover, he even consciously injected it into himself.

It was over. If he did not refine it quickly, his body would explode and die. The Blue Luan hurriedly circulated its cultivation technique and digested the true essence in its body.

At this moment, Xiao Changtian also walked over.

She was holding a small plate with some millet in it.

“Success. Only then can the bird grow fat.”

Xiao Changtian put the small plate into the cage and left, satisfied.

The Blue Luan had just finished refining the excessive spiritual energy in its body when it saw the food in front of it.

She also walked over and gave him a peck.

What was this?

The moment the rice entered its stomach, the Blue Luan felt that the true essence in its body had become much more concentrated.

Was this person giving him this rice to help him cultivate?

The Blue Luan felt the changes in her body and was delighted.

Then, he seemed to have thought of something. Did that person think that his cultivation was not enough?

Was he planning to fatten himself up before eating?

With this thought in mind, the Blue Luan also looked in the direction of Xiao Changtian.

Xiao Changtian was looking at him with a smile.

Seeing this smile, the Blue Luan's heart quivered. It felt more and more that there was nothing wrong with its previous idea.

"Hi help you put away the little bird first. After that, you can do whatever you want." 3

"We have stayed here for a while. We still have things to do, so we will leave first."

In the courtyard, Xiao Changtian brought Su Daji and the others and said to Mo

Ba slowly.

When Mo Ba heard Xiao Chang Tian's words, he also helped Xiao Chang Tian to bring the carriage.

Following that, Xiao Changtian brought Black Tortoise, Monkey, and the rest into the carriage.

And at this time, Black Tortoise and the fat Rongrong also passed by Mo Ba's side.

"Little snake, I'll leave that beauty to you for now. When she recovers, I'll come back and take her away."

When Mo Ba heard Black Tortoise's words, his body shook as he hurriedly nodded at Black Tortoise.

Since Senior Black Tortoise had spoken, it seemed that he would have to take care of that little bird in the future.

Mo Ba didn't dare to think like Xiao Changtian, so he stewed her into soup.

The crack between the Divine World and the Tian Yuan Continent

Qingqiu, Xue Long, Huang Yuan, and the clone of the Master of the Divine Court stood side by side.

Next to them, Unrivaled Beauty pointed to the barrier between the two realms and said,"

"Milords, this is the spatial rift to the Tian Yuan Continent."

Blood Dragon, Huang Yuan, Qingqiu, and the clone of the Lord of the Divine

Court looked at each other and said to Li Wushuang,"

Let's go. Take us to the Beast Emperor Mountain Range."

As soon as she finished speaking, Li Wushuang took the lead.

Blood Dragon and the others slowly appeared in the sky above the Tian Yuan

Continent after passing through the spatial tear.

“Milords, follow me.”

Li Wushuang said to Blood Dragon and the others in a flattering manner when

they arrived on the Tian Yuan Continent again.

“Let’s go!”

“Demon Emperor Relic, here I come.”

Blood Dragon and the others followed after Li Wushuang.

At this moment, in front of a cave in the Beast Emperor Mountain Range, a few demonic beast guards were walking side by side.

“You said that the Black Tiger Commander has disappeared and the Blue Luan Commander has not been seen. Why did Lord Qing Qiu keep us here?”

“I don’t know either. I only heard that a treasure appeared. Otherwise, Lord

Qing Qiu and the others wouldn’t have spent so much effort to send us here.”

“Why do I feel that after the Black Tiger Commander disappeared, Lord Qing

Qiu and the others seemed to have abandoned us.”

“Don’t talk nonsense...”

While the few demonic beast guards were whispering to each other, a pillar of

light suddenly shot into the sky from the cave.

Bang! The pillar of light shot into the sky and formed a barrier around the cave, isolating it from all detection.

“What’s going on? Quickly go back and inform Lord Qing Qiu.”

A demonic beast guard looked at the area within the barrier and saw that all

the plants had changed their forms. He said in a panic..

Chapter 349: Fighting Between Various Sides (1)

Above the Tian Yuan Continent

A jade pendant on Qing Qiu’s body emitted a burst of light, following which Qing Qiu’s body shook.

“It seems that the Demon Emperor Relic is about to appear. Let’s hurry over.”

As soon as Qjingqiu's voice fell, Xue Long and the others flew towards the Beast Emperor Mountain Range.

He completely ignored Li Wushuang and the other two.

The clone of the Master of the Divine Court smiled when he saw them.

"What a bunch of impatient fellows."

As soon as he finished speaking, the clone of the master of the Divine Court also flew toward the Beast Emperor Mountain Range.

At this moment, in the Beast Emperor Mountain Range,

Xiao Changtian heard a noise coming from the sky and got off the carriage.

Di Tian stared at the sky as his eyes flickered.

He did not expect that the Demon Emperor's Relic would appear in a lower realm. No wonder Senior wanted to bring him here.

As for the Ice Emperor and Devil Emperor who were beside Di Tian, they were also staring at the air, sensing the aura in the air.

In this breath, they also feel a trace of danger.

At this moment, Xiao Changtian also walked over. He spoke to Di Tian and the others,

"Let's go in on foot. We'll leave the carriage here."

That sound just now seemed to be the sound of some ferocious beast.

This carriage was so big that it would definitely attract many ferocious beasts, which would be another problem.

“Monkey, go ahead and look at the road.”

Then, Xiao Changtian slowly said to the monkey at his feet.

This monkey was usually the most agile in the courtyard, so he let him scout ahead.

If he encountered a ferocious beast or something, he could also be prepared in advance.

After the monkey heard Xiao Changtian’s words, it squeaked and walked forward.

Seeing Monkey walk forward alone, Black Tortoise, who was sitting on Fatty’s head, felt a wave of envy.

Master actually let Monkey play alone in front.

Di Tian also hurriedly followed behind Xiao Changtian when he saw that Xiao Changtian had the monkey scout ahead.

It seemed that Senior still had to make a move.

At this moment, Qingqiu, Xue Long and the rest appeared in the sky above the Beast Emperor Mountain Range.

With a leap, he appeared in front of the cave.

When the demonic beast guards saw Qing Qiu and the others, they immediately went up to them.

“Lord Qing Qiu.”

“Lord Blood Dragon.”

“Lord Yellow Ape.”

“Tell me the situation here in detail.”

Qingqiu waved at them, signaling them to get up.

After hearing the Demonic Beast Guard’s explanation, the Qingqiu Blood

Dragon and the others looked at each other.

The true essence in his body gathered, and his figure stood in the air.

“Di Tian, let’s act according to our agreement.”

“A long delay will lead to many dreams. It won’t be long before the Divine Realm will notice the situation here.”

The clone of the Master of the Divine Court also nodded after hearing Qingqiu’s words.

For a moment, a strong wind blew above the Beast Emperor Mountain Range. The four of them used their abilities and blasted the barrier.

Under the attacks of the four of them, a gap appeared in the barrier.

“Get in!”

” Go!” Blood Dragon shouted loudly. Then, he turned into a stream of light and flew into the cave.

When they entered the cave, they were greeted by a desolate aura.

“Where are the relics?”

Although the cave was filled with all kinds of treasures, Blood Dragon and the others did not stop at all.

His body kept sweeping through the cave, searching for the Demon Emperor Relic.

After all, although the three of them were working together, it would be hard to say if they got the Demon Emperor Relic.

Now, of course, whoever got it first would have the upper hand.

While Blood Dragon was searching, Qingqiu and the others didn’t fall behind either. They were searching in the cave.

Outside the cave, the clone of the master of the Divine Court looked at the cave in front of him and did not enter.

The Demon Emperor’s Relic was of great use to the demons. It was not very meaningful to the humans.

His mission was to guard this place and not let anyone else enter.

At this moment, the clone of the master of the Divine Court was also stunned.

“I didn’t expect you to find me so quickly.”

In the mountain forest, Monkey's body kept flashing past as he looked in the direction of the cave.

"Looks like it won't be so boring this time."

In the cave, Xue Long, Qing Qiu, and Huang Yuan stood together.

"Did you find it?"

Blood Dragon spoke first. Qingqiu and Huang Yuan shook their heads.

Then, the cave shook and a beam of light broke through the air.

"Not good, the Demon Emperor Relic is running away."

Blood Dragon looked at the light in the cave and shouted.

The Demon Emperor Relic flew out of the cave and fled into the distance.

"It's rumored that the Demon Emperor's Relic not only appears in an uncertain location, but it also automatically takes refuge after it appears."

"If we let it grow, it will be a big threat to us."

Qingqiu looked in the direction where the Demon Emperor Relic had left. With a flash, she chased after it.

Bang! In the space where the Demon Emperor Relic flew away, a huge palm suddenly appeared.

He was about to grab it from the other side of the river.

“Brother Yellow Ape, it’s safer to leave this relic with me.”

Along with the Blood Dragon’s laughter, a blood-red light streaked across the air.

It shattered the yellow ape’s hand that was about to grab the Demon Emperor Sarira.

“Blood Dragon, you...”

The yellow ape glared at the Blood Dragon angrily when it saw its palm being shattered by the Blood Dragon.

The Blood Dragon ignored him and flew toward the Demon Emperor Relic.

“What are you two men fighting for? Leave it with me.”

Qingqiu smiled at the Blood Dragon and the Yellow Ape. With a flash, she took out a jade pouch from her bosom.

“This is the Qian Luo Sack?”

Seeing the jade pouch in Qingqiu’s hand, the Blood Dragon and the Yellow Ape were both shocked.

Then, under their shocked gazes, Qing Qiu threw the jade bag in his hand into the air.

The jade pouch released a suction force in midair, and the Demon Emperor Relic was about to fly into the pouch.

“Damn it.”

The Blood Dragon and the Yellow Ape looked at the jade bag in the air. They wanted to go over and fight for it, but they were helpless.

The Qian Luo Sack was the divine artifact of the Qingqiu Clan. If they went over to fight for it, they might even be sucked into it.

Just as the Demon Emperor Relic was about to enter the bag, a golden palm appeared in midair.

He grabbed the Demon Emperor Relic in his hand.

“Master wants this.”

As the voice faded, Qing Qiu and the others saw a divine monkey emitting golden light appear in front of them.

While Qingqiu and the others were fighting for the Demon Emperor Relic, Di Tian, who was beside Xiao Changtian, also spoke to Xiao Changtian,

“Senior, I have something to do. I’ll leave for a while.”

When Xiao Changtian heard Di Tian’s words, he also waved his hands, indicating for him to go.

Di Tian probably wanted to pee. Right now, the monkey hadn’t returned, and roars could be heard from time to time.

It was better to wait here for a while and see Monkey’s reaction when he returned.

After obtaining Xiao Changtian’s agreement, Di Tian cast a glance at the Ice Emperor and the Devil Emperor.

Then, the three of them flew in the direction of the avatar of the Lord of the Divine Court..

## Chapter 350: Senior Has Already Anticipated Our Situation

(1)

### Beast Emperor Mountain Range

Qing Qiu, the Blood Dragon, and the Yellow Ape looked at the Divine Monkey in front of them with solemn expressions.

The Divine Monkey's entire body emitted a golden light, and a terrifying aura was emitted from its body.

How could such a legendary divine beast exist in the lower realm?

"Everyone, let's talk about it after we hand the Demon Emperor Relic over to someone else. Let's deal with this Divine Monkey first."

Qingqiu looked at the divine monkey in front of her and said slowly.

The yellow ape and the blood dragon beside him nodded slowly when they heard that.

Following that, the three of them gathered the true essence on their bodies, and violent spirit skills appeared in the air one after another.

" Green Moon Wheel!"

"Blood God's Spear!"

“Earth Fist!”

In the air, a huge half-moon shaped curved blade formed in front of Qingqiu. The space around the crescent blade showed signs of being torn apart. Behind the Blood Dragon, a huge blood-red spear slowly condensed.

When the spear appeared, the tip of the spear gave off an invincible aura.

The yellow ape extended its hand towards the divine monkey and a huge pale yellow palm formed under the divine monkey’s feet.

In an instant, three attacks were launched at the divine monkey.

The huge pale yellow palm slowly clenched, followed by the half-moon wheel and the blood-red spear.

“You’re courting death.”

Monkey looked at the three of them in disdain. With a move, he shook away the palms around him.

Then, the huge palm clenched forward.

He held the Half Moon Wheel and the blood-red spear in his hands.

Bang! Monkey exerted force with both hands, and the blood-colored spear and half-moon wheel in his hands exploded.

“Not good, retreat quickly.”

Qing Qiu saw her attack being shattered by the Divine Monkey. A trace of fear flashed in her heart as she spoke to the others.

Before Qing Qiu could finish her sentence, the Blood Dragon and the Yellow

Ape had already turned into a stream of light and flew into the distance.

“Since you dare to attack, then stay here forever.”

The monkey looked at the three people fleeing into the distance with disdain in its eyes.

He clenched his fist in the direction where the three of them had left.

“Quick, return to the Divine Realm.”

Blood Dragon shouted. The three of them had already arrived at the barrier between the two worlds.

When they were about to pass through the crack, the three of them felt a huge force descend on their bodies.

“Abandon your physical body.”

Yellow Ape shouted, and the three of them turned into a bloody mist and exploded in the air.

Monkey looked in the direction of the rift between the two worlds and smiled. Following that, his figure transformed into a stream of light and flew over.

Outside the cave

Di Tian brought along the Ice Emperor and the Demon Emperor as they slowly appeared before the clone of the Lord of the Divine Court.

“You guys are finally here.”

The clone of the master of the Divine Court looked at the three people who appeared in front of him and did not seem very surprised.

“You’ve already gone against your original intentions, clone.

Di Tian stared at his clone as he slowly spoke.

At the same time, the Ice Emperor and the Demon Emperor also took their positions.

The three of them formed a triangle and surrounded the clone of the Master of the Divine Court.

“Going against your original intentions, hahaha, you should have thought of this day when you released me.”

“As a clone, as long as I devour the main body, I can also control the Divine

Court.”

The clone of the Master of the Divine Court looked at the Ice Emperor, Demon Emperor, and the others who had surrounded him with a smile on his face.

Then, a bloody mist rose from the body of the clone.

The blood mist rippled around Shen Ting’s clone, turning into the shadows of ferocious beasts.

Roar! Roar! Roar!

When the ferocious beast appeared, Di Tian and the other two took a step back. "I didn't expect you to actually cultivate such a forbidden technique. No wonder you could reach the Godly Emperor realm."

"Hahaha, forbidden technique. So what if it's a forbidden technique? It's enough as long as it can devour you." The clone of the Lord of the Divine Court shouted.

This was a Blood Demon technique that was cultivated using the blood of various demon beasts in the Blood Dragon's basement.

The caster needed to absorb a large amount of demon beast bloodline into his body in advance.

When it was used, the demonic beast power left in the bloodline would turn into combat power, allowing the caster's cultivation to increase sharply in a short period of time.

However, there was also a drawback to this technique. When the caster could not suppress the power in the bloodline, they would become delirious and eventually go berserk.

"Clone, are you crazy?"

Di Tian stared at the blood shadows of the demonic beasts appearing before him as a layer of protective qi condensed around his body.

Judging from the aura of these demon beasts formed by the blood mist, they were also at the cultivation level of a God Emperor or God Emperor when they were alive.

Moreover, the aura on his body was extremely violent, and it was very easy for the clone to go berserk.

"There's no point in talking. As long as I devour you, I can suppress them." The clone of the Master of the Divine Court knew his situation and did not say much.

With a wave of his hand, the blood-mist demonic beasts gave off violent auras as they rushed towards Di Tian and the others.

These bloodlines in the Blood Dragon's basement were all demonic beasts that the Blood Dragon had enslaved for many years.

There were his enemies, commanders who had made mistakes, and so on. However, most of them carried a sense of resentment, because their desire to fight was also very strong.

"Mystic Mystic Ice Mirror!"

Seeing the blood mist demonic beasts rushing over, the Ice Emperor hurriedly created an ice shield in front of her to block their attack.

Bang! The ice shield only lasted for a while before it was shattered by the blood mist demon beast.

Upon seeing the blood mist demonic beasts rushing towards her, the Ice Emperor's silhouette flashed as she appeared beside Di Tian.

"Master, what should we do now?"

The Ice Emperor looked at the demonic beast in front of her with a serious expression.

These demon beasts might not be as strong as him individually, but there were many of them.

It seemed that the clone of the master of the Divine Court had absorbed a lot of this blood.

If this dragged on, it would not be good news for them.

At this moment, the Demon Empress also came to Di Tian's side. Her expression was similarly solemn.

Di Tian looked at the clone of the Head of the Court of Gods in front of him and smiled faintly.

“Don’t worry, Senior has already predicted our situation and has already made preparations.”

As he spoke, Di Tian also took out a long sword from his bosom. It was the one that Xiao Changtian had given him on the carriage. When the sword appeared, the blood mist monsters seemed to sense something and slowed down.

When the Ice Emperor and the Devil Emperor saw Di Tian taking out his sword, they also swiftly took out the long spear and saber that Xiao Changtian gave them earlier.

When they appeared, a powerful aura appeared on their bodies.

“What’s going on? These Demonic Beasts don’t have any consciousness at all. Why did they stop?”

The clone of the master of the Divine Court looked at the blood mist demon beast in front of him that had slowed down its attack, and his face was filled with shock.

“Clone, don’t try to struggle anymore.”

Di Tian raised his sword and slashed it towards the clone of the Lord of the Divine Court.

The long sword lightly slashed across the sky, but the eyes of the avatar of the Lord of the Holy Court were filled with fear.

“The power of the Great Dao. How can your sword contain the power of the Great Dao?”

The clone of the master of the Divine Court exclaimed in shock, and the sword light of the longsword pierced through his body.

The clone of the master of the Divine Court froze and fell to the ground, never to get up again.

The Ice Emperor and the Demon Emperor also used their weapons to eliminate all the blood mist demon beasts around them..
