

Beasts 361

Chapter 361: Charm Empress (1)

Nine-tail ancestral land, on the mountain peak.

After the Demon Empress stayed behind to take care of those Nine-Tailed Fox elders.

Xiao Changtian also brought Daji to the top of the mountain.

When they arrived at the mountain peak, Monkey was also jumping in front.

Then, a cave that was completely covered in purple flowers appeared in front of them.

When she saw the cave, Daji was excited and nervous.

Was she finally going to see her father again?

Su Daji placed her hand on her chest and said slowly in her heart.

Monkey did not walk into the cave like before.

Stopping in front of the cave, he cast a deep glance at Di Tian.

“Di Tian, is there someone in there who is on your side? Go and resolve it. It won’t be easy if you have a conflict with Master.”

The monkey stared at Di Tian behind him as he transmitted his voice to him.

When Di Tian heard the monkey's words, he started as well. After that, he seemed to have confirmed something.

Was the Mei Empress really here?

Senior Divine Monkey was a little mischievous in the courtyard and often teased others.

However, when it came to matters concerning Xiao Changtian, he was never vague.

It seemed that the Mei Empress was most likely in the cave.

As he thought of this in his heart, Di Tian also walked to Xiao Changtian's side and slowly spoke,

"Senior, let me scout the way."

Xiao Changtian stared at Di Tian, who volunteered himself. He then looked at Monkey, who didn't enter the cave like before.

He nodded.

This monkey was usually so mischievous in the courtyard, but now it actually didn't go in.

It meant that something in the cave was stopping him. Perhaps it was a ferocious beast or something.

Although his weapon was ready, he was a mortal after all.

If those ferocious beasts were to launch a sneak attack, he might be able to react in time.

However, Di Tian was still a beginner cultivator. His perception was definitely better than his.

It was not a bad idea to let him scout the way.

Xiao Changtian thought so in his heart. Di Tian also walked to the entrance of the cave.

When Di Tian arrived, those purple flowers also took the initiative to dissipate.

Upon seeing this scene, Di Tian also glanced gratefully at the Chaos Ant on Xiao Changtian's shoulder.

After the Primal Chaos Eye sensed Xiao Changtian's gaze, it also moved its feelers toward him.

He motioned for him to quickly go in and settle the matter.

After that, Di Tian led the Ice Emperor into the cave.

After entering the cave, all the spatial blades flew towards Di Tian and the Ice Emperor.

"Master, be careful."

The Ice Emperor stared at the incoming spatial blades and pulled Di Tian back.

The Space Blade flew past them and hit the wall beside them.

"Who are you? If you take another step forward, don't blame me for being rude."

A sharp female voice came from the cave.

Hearing this voice, the Ice Emperor cursed in his heart.

Did the Space Blade that he had just flown over look like it was going to be polite to them?

At this moment, Di Tian's voice slowly rang out from within the cave.

"Mei Empress, is that you?"

As the sound of Di Tian's voice faded, the spatial blades that were flying towards him from the cave suddenly vanished.

After that, a silvery-white light shone in front of Di Tian and the others.

A violet-robed maiden slowly appeared before Di Tian and the others.

The woman had long hair and a tall figure. She was wearing a pair of high heels.

The woman appeared. When she saw Di Tian before her, her body trembled.

A pair of purple eyes stared at Di Tian as he spoke in bewilderment,

"Master, Old Ice?"

"It really is you, Little Mei."

The Ice Emperor looked at the woman in front of her and walked forward excitedly.

She opened her arms and was about to give the Mei Empress a hug.

Whoosh! Ignoring the Ice Empress, the Mei Empress's silhouette flashed as she appeared before Di Tian.

Upon sensing the familiar aura from Di Tian, the eyes of the Mei Empress turned moist.

"Master, it really is you."

After confirming that the person before her was undoubtedly Di Tian, the Mei

Empress also knelt down on one knee.

"Greetings, my lord."

Upon seeing the Mei Empress in such a state, Di Tian hurriedly helped her up.

He slowly spoke to her,

"It's good that you're back, it's good that you're back."

At this moment, the monkey's squeaking sound rang out in the cave.

Then, Xiao Changtian and Su Daji appeared in the cave.

Seeing Xiao Changtian and the others, the Mei Empress was also vigilant. She said to Xiao Changtian slowly,

"Who are you?"

"Little Mei, don't worry. We're on the same side."

Seeing the reaction of the Mei Empress, the Ice Empress quickly walked over and said slowly to her.

Di Tian also nodded to the Mei Empress, indicating for her not to be nervous.

As for Xiao Changtian, he came to Di Tian's side. When he saw that a beautiful woman suddenly appeared beside him, he also asked,

"Di Tian, this is..."

After all, in the previous cave, the ones he saved were those old men.

Xiao Changtian said in surprise when he saw a beauty.

"Senior, this is also a servant of my clan. Previously, she was Di Tian's serving girl."

Di Tian pointed at the Empress of the Succubus as he spoke to Xiao Changtian.

Upon hearing this, Xiao Changtian also glanced at the Mei Empress. Seems like the environment in Di Tian's house wasn't bad.

This maid was comparable to Jiu 'er.

When the Mei Empress heard Di Tian actually calling her his maidservant, she also transmitted her voice to the Ice Empress.

"What's going on? Why does Master call this mortal senior and say that I'm his maid?"

When Xiao Changtian appeared, Mei Empress's eyes swept across him.

This person had delicate features. He was dressed in green and looked like a gentleman.

However, there was no aura on his body. It was obvious that he was a mortal.

The Mei Empress didn't understand why Di Tian was so respectful to a mortal.

The Ice Empress gave the Mei Empress a look.

"I'll explain to you slowly later. We're here to do something."

After the Ice Empress finished her words, Xiao Changtian said to the Mei Empress,

"Miss, have you seen a middle-aged man in this cave?"

In Di Tian's eyes, the Mei Empress was his serving girl and she was found in this place.

Xiao Changtian naturally asked her about the whereabouts of Su Daji's father.

Most probably, Di Tian's family had encountered some mishaps and this serving girl had no other choice but to come live in the mountains.

This way, he might meet Daji's father and know his current location.

After all, Xiao Changtian didn't find anyone else in the cave.

After hearing Xiao Changtian's words, the Mei Empress drew in a deep breath as she stared at Di Tian.

After seeing Di Tian nod his head at her, the Mei Empress drew in a deep breath.

"I've seen it. I'll lead you there.."

Chapter 362: Do You Want to Have Thoughts About Di

Tian's Servant?_i

Nine-Tailed Ancestral Land, Mountain Cave

"Perhaps I know who you are looking for."

The Mei Empress said to Xiao Changtian and the others, then she walked to the stone wall.

He pressed his hand on the stone wall, and the cave trembled.

Bang! Bang! Bang!

Along with the sound of gravel, a stone door in the cave was slowly opened.

It turned out that there was a secret door in this cave. No wonder he did not find Daji's father.

It seemed that Daji's father had decided to stay here after he found that he could not find his way home.

"Follow me."

The stone door opened. The Mei Empress took the lead and walked forward, speaking to Xiao Changtian and the others.

After passing through the stone door, he saw a middle-aged man sitting in the stone room.

And around him was a circle of Spacetime Flowers.

“Father!”

Daji exclaimed excitedly when she saw the figure.

Then, he ran towards the figure in the wreath.

“Don’t worry.”

Seeing Daji walking over, the Meisu Empress couldn’t help but say.

Then, she waved her hand in the air.

Only then did those flowers of time and space slowly droop down, some directly closing up.

“Mei Empress, what’s wrong with you?”

When they arrived here, the Ice Emperor knew that the reason why Daji’s father and his clan were trapped here had something to do with the Mei Empress.

With Daji’s relationship with the seniors, if she did not handle it well, it would be difficult to deal with.

The Mei Empress sighed when she received the message from the Ice Empress. “When I just woke up back then, I encountered three Godly Emperor demonic beasts in the Divine World.”

“At that time, I was relatively weak and anxious to find Master, so I made a deal with them.”

I'm here to build a Space Array for them to use, and they're here to help me

find my lord and you."

"These people only wanted me to trap these Nine-Tailed Foxes here after they contacted me."

"I didn't think much about it at that time, so I agreed."

The Mei Empress's eyes flashed with the color of reminiscence as she spoke to the Ice Empress.

"Why? Do they have anything to do with you?"

After hearing what the Queen of Charm said, the Ice Empress heaved a sigh of relief.

"I, the old monster, and my lord are all under the protection of senior."

"And these Nine-Tailed Fox clansmen who are being trapped by you are his disciple's relatives."

"Fortunately, you didn't do anything overboard. Otherwise, it wouldn't be easy

to end things."

When Ice Emperor first saw the Flower of Time and Space, she thought of Mei Empress.

He was also worried that the Mei Empress had done something irreparable.

In this way, the Ice Emperor slowly understood why Black Tiger and the others had come to the lower realm.

Generally speaking, even a Godly Emperor would have to pay a huge price to break the barrier between the Divine World and the lower realm.

With the temperament of those demons, how could they help His Lord's clone break through the barrier?

With the Space Teleportation Formation constructed by the Mei Empress, everything made sense.

Relying on the Space Array created by the Mei Empress, he had to pay a price to get here.

However, it was far from reaching a level that those demon race Godly Emperors could not accept.

Moreover, the Demon Emperor's Relic was also on this continent.

When the Mei Empress heard that the Ice Emperor and Di Tian were under

Xiao Changtian's protection, her expression froze as well.

She had already confirmed it when she was investigating Xiao Changtian. Xiao Changtian didn't have any aura on his body. He was no different from a mortal.

"Under the protection of a mortal?"

The Mei Empress asked the Ice Empress.

"Mortals? Just look at the monkey beside Senior."

The Ice Empress heard the Mei Empress's words and said to him slowly with a strange expression.

Monkey?

The Mei Empress was still confused when she heard the Ice Empress's words.

When she first entered the cave, her attention was on Xiao Changtian and Su Daji.

She didn't really care about the monkey and the fat Rongrong that followed in.

At this moment, the Mei Empress also looked at the monkey beside Xiao Changtian.

The Mei Empress's body trembled when she saw the monkey.

Then, a golden divine monkey phantom appeared in her spiritual world.

In his mind, the golden divine monkey phantom was at least 30,000 meters tall.

With every step he took, the ground shook.

This was a divine monkey?

The Mei Empress looked at the image in her mind, her eyes filled with disbelief.

The Divine Monkey was also a legendary divine beast in the records of the Divine Court. It had never appeared before.

How could he see it in this lower realm?

As if sensing the Mei Empress's thoughts, the monkey in his mind roared at her.

He directly roared the Mei Empress out of the spiritual world.

After recovering from the mental world, the Mei Empress recalled the scene in her mind.

Looking at the monkey in the cave, the monkey was looking at him with disdain.

It was as if he was responding to her doubts about his existence just now.

And at this time, Black Tortoise brought the fat Rongrong to Monkey's side.

Seeing Monkey staring at the Mei Empress, Black Tortoise was furious.

This monkey even said that he was not interested in beautiful women. Why was he looking at beautiful women?

Thinking of this, Black Tortoise also brought the fat Rongrong towards the Mei Empress.

"Beauty, is there anything I can do for you?"

The Black Tortoise sent a voice transmission to the Mei Empress, afraid that

the monkey would get to her first.

After receiving Black Tortoise's message, Mei Empress looked at him.

A huge Black Tortoise Dharma Idol appeared in front of him.

The Black Tortoise was as tall as the sky, and endless seawater flowed around it, emitting endless majesty.

“Black Tortoise...Senior Black Tortoise?”

Seeing the legendary Black Tortoise taking the initiative to talk to her, the Mei Empress was a little nervous.

Just as Black Tortoise was about to respond, Xiao Changtian walked over.

He grabbed Black Tortoise on the fat Rongrong’s head.

“You dirty old turtle, what are you doing? You even want to have designs on Di

Tian’s maidservant?”

Xiao Changtian slapped the Black Tortoise and scolded him.

When the Black Tortoise was slapped by Xiao Changtian, Monkey, who was

beside him, also secretly laughed.

Damn monkey, just you wait!

Black Tortoise looked at Monkey and cursed in his heart.

Then, he retracted his head and limbs into the turtle shell.

The Mei Empress saw everything.

This person actually grabbed the Black Tortoise in his hand and whipped it?

And it seemed that Black Tortoise did not dare to resist?

Heavens, what kind of existence was this?

Now, the Mei Empress finally understood why Desolate Changtian was able to protect Di Tian and the Ice Empress.

When she was looking at the Black Tortoise and the Divine Monkey Dharma,

she felt that if she had any evil thoughts, she would be killed.

The Divine Monkey and the Black Tortoise could destroy him at any time. It was a feeling of powerlessness.

But now, these divine beasts were being whipped by this person.

For a moment, Mei Empress couldn't tell what realm Xiao Changtian had reached.

At this moment, Daji's anxious voice was heard.

"Master, father, why hasn't father woken up yet?"

In the cave from before, he found the other Nine-Tailed Fox elders. They all woke up very quickly.

After staying here for a while, Daji saw that her father in her arms had not woken up.

He said to Xiao Changtian anxiously..

Chapter 363: Eating the Yellow Ape (1)

Nine-Tailed Ancestral Land, Mountain Cave

Daji's anxious voice slowly entered Xiao Changtian's ears.

After hearing Daji's words, Xiao Changtian hurried over to check.

Looking at the unconscious Nine-tail tribe leader in Daji's arms, Xiao Changtian also grabbed his arm.

At this moment, Di Tian walked to Xiao Changtian's side and showed a concerned look.

After all, Daji's father and the others were trapped here because of his subordinates.

Hence, Di Tian felt a little apologetic in his heart.

The Ice Empress walked to the Mei Empress and said slowly,

"What's wrong with this person? Why hasn't he woken up for so long?"

The Mei Empress was still in shock from Xiao Changtian slapping the Black Tortoise.

Hearing the Ice Emperor's words, he was stunned for a moment before sighing.

"When Qing Qiu contacted me, she said that she found a clone of Master." "After I had a quick meeting with Master's clone, Qingqiu asked me to keep a close eye on this person because I placed the most time and space flowers around him."

“Due to the long period of time, I don’t know if he can still be saved.”

The fragrance of the Flower of Time and Space would erode one’s spirit, even though the Mei Empress was not as powerful as before.

However, Daji’s father had been trapped in the Flower of Time and Space for a long time.

It was hard to say if he could be saved.

Then, the Mei Empress said worriedly,

“Even if he was saved, he would probably be a fool.

The Ice Empress couldn’t help but cover her face.

“Little Mei, oh Little Mei, I don’t know what to say to you. Why are you so muddle-headed?”

The Ice Emperor looked at the unconscious Nine-tail tribe leader in Daji’s arms and felt a little worried.

If the senior was angry and wanted to deal with the Mei Empress, what should they do?

Thinking of this, the Ice Emperor could not help but pray silently for the

Nine-tail tribe leader.

Now, he could only hope that Senior would be able to use a great divine ability to save the Nine-tail tribe leader.

Otherwise, what should he do?

The Mei Empress looked at Daji apologetically.

How could she not understand how much trouble she had caused?

At this moment, Xiao Changtian also grabbed Black Tortoise.

He scratched its turtle shell and took out a jade bottle from his interspatial ring.

He picked up a bamboo tube and mixed a bottle of water. He said to Daji slowly, "Come, feed it to your father. There should be no problem after drinking it. When Daji heard Xiao Changtian's words, she immediately took the bamboo tube from his hand.

She slowly fed it to her father's mouth.

The body of Daji's father, who was in the bamboo tube, trembled.

Then, Daji's father slowly opened his eyes and looked at Daji in front of him.

He couldn't help but reach out to touch her cheek and said weakly.

"Daji."

"Father, it's great that you're awake."

Seeing his father wake up, Daji is also happy to say a sentence.

When Di Tian and Ice Emperor saw that Daji's father had woken up, a smile appeared on their faces.

If Daji's father was killed by the Mei Empress, they would have no face to stay in the small courtyard.

The Mei Empress was also shocked as she looked at the Nine-tail tribe leader in Daji's arms.

In her opinion, even if Daji's father could be saved, he would lose his consciousness and become a fool.

However, when Daji's father woke up, he told Daji the truth.

It meant that he was still conscious.

With this thought in mind, the way the Charms Emperor looked at Xiao Changtian was full of respect.

This might be an old monster who had lived for many years, perhaps even earlier than His Lord.

At the same time, Xiao Changtian said to Daji slowly,"

"Daji, it's cool in the cave, hurry up and bring your father out."

Daji's father seemed to have fallen ill while he was lost.

Although he had the medicine he had just made, it was better to go out.

After hearing Xiao Changtian's words, Daji nodded at him.

Then, Xiao Changtian and his group slowly left the cave.

As they slowly walked towards the foot of the mountain, Xiao Changtian and the others also met the other elders of the Nine-Tailed Fox clan.

Seeing that their clan leader was still alive, the group was very happy. The group of people supported each other and often came to the exit of the ancestral land.

At this moment, a few Nine-Tailed Fox youths guarding the exit saw Xiao Changtian and the others and hurriedly went up to help.

“Elder!”

“Patriarch!”

The nine-tailed fox youth said slowly to Xiao Changtian and the others. Then, he walked to the side of a few Nine-Tailed Fox elders and supported them.

The Nine-Tailed Fox Elders were a little weak after breaking free from the Flower of Time and Space.

At the same time, a nine-tailed fox youth walked into the tribe and sent a message to the other nine-tailed foxes.

After some work, the Nine-Tailed Fox elders who were trapped by the Flower of Time and Space slowly recovered.

After leaving the Nine-tail Ancestral Land, Xiao Changtian and the others didn't rest either.

Seeing Daji's father, the nine fox-kind elders, and their weak states, Xiao Changtian also took out the demonic beasts stored in his interspatial ring that night.

After a round of selection, Xiao Changtian was also taken out by the yellow ape as the main dish.

The gorilla was huge enough to kill the villagers.

Beside a river in the Nine-Tailed Fox tribe

Xiao Changtian saw Di Tian and the others arranging the stone tables and slowly spoke,

“Di Tian, come over and help me wash this gorilla.

After hearing Xiao Changtian’s words, Di Tian hurriedly brought the Ice Empress, the Devil Empress, and the Mei Empress over.

The Mei Empress was shocked when she saw the yellow ape in Xiao Changtian’s hand.

Wasn’t this the yellow ape that had traded with him in the Divine Realm?

It seems that after being killed by senior, senior plans to use it as a dish to go with wine.

Thinking of this, Mei Huang thought of Qing Qiu and Xue Long.

Since the yellow ape was already in this state, the fate of the two of them was probably similar.

As though he knew what the Mei Empress was thinking, Xiao Changtian also spoke to Di Tian and the others,

“Originally, I wanted to take out the loach and fox, but in comparison, this gorilla has more meat.”

Hearing Xiao Changtian’s words, the Mei Empress confirmed her thoughts. As expected, both Qingqiu and Xue Long were killed by Senior.

Eating Godly Emperor demonic beasts, it was very difficult to imagine what Senior’s courtyard looked like.

At this moment, Desolate Changtian’s voice could be heard.

“Don’t just stand there. Come and help.” What’s wrong with these people? Call them over to help.

Instead, they stared at the gorilla in front of them.

After hearing Xiao Changtian’s words, Di Tian and the others slowly regained their senses..

Chapter 364: It’s Our Clan’s Honor (1)

Nine-tail tribe, on a stone table by the river

After Xiao Changtian and Di Tian busied themselves for a while, the

Nine-Tailed Foxes and Xiao Changtian sat around the stone table and started eating dinner.

Daji’s father had just recovered a little. He looked at the delicacies on the table.

He also slowly said to Xiao Changtian,”

“Senior, it was all thanks to you taking care of my daughter while I was away.”

While speaking, Daji’s father also bowed to Xiao Changtian.

Although he didn’t know Xiao Changtian’s cultivation base, he knew that Xiao

Changtian was able to save him from the ancestral land.

Daji's father was especially grateful to Xiao Changtian.

Moreover, there was also the delicious food on the table. Although he did not know what kind of meat it was, he did not know.

However, from the quality on it, it was definitely a great tonic for the Nine-tail clan.

After waking up, Daji's father also learned about what had happened during this period of time through the Nine-tail tribesmen.

Now that the Nine-Tailed Fox clan had suffered heavy losses, they had these great tonics.

Senior was helping him stabilize the Nine-tail clan.

Xiao Changtian smiled faintly when he heard Daji's father's words.

"It's nothing."

Originally, he wanted to take Daji under his wing to complete the system mission.

She was also quite embarrassed. During this period of time in the courtyard, she did not teach him anything.

Although Xiao Changtian wasn't a cultivator, this was the cultivation world after all.

Xiao Changtian had heard that many mortals wanted to bring their children to those cultivation sects to test their talent.

Daji's father was willing to let his daughter take him, a mortal, as her master.

Xiao Changtian also had a good impression of him.

Daji's father also knew that Xiao Changtian was cultivating his heart in the mortal world.

He smiled at him and picked up a wine cup on the table. He said to Xiao

Changtian,"

"Senior, let me toast you."

Seeing Daji's father like this, Xiao Changtian also picked up his wine cup.

As the cups collided, Xiao Changtian and Daji's father smiled at each other and returned to their seats.

At this moment, Xiao Changtian said to the crowd,

"Everyone, don't be restrained."

As he spoke, Xiao Changtian also picked up a mouthful of yellow ape meat and placed it in Su Daji's bowl.

"Daji, eat more."

Xiao Changtian also started to eat.

When everyone saw Xiao Changtian eating, they slowly picked up the chopsticks and bowls beside them and started eating.

"Wow, what kind of meat is this? This is definitely the best meat I've ever eaten in my life."

A nine-tailed fox youth had just eaten a piece of yellow ape meat, and his face immediately revealed an expression that he was not done for.

When the meat entered his stomach, he clearly felt a pure energy washing through his body.

His cultivation level rose rapidly.

“Really, it’s so delicious.”

“Leave some for me. Why are you eating so fast...”

Di Tian smiled when he saw the reaction of the Nine-Tailed Fox Clan members.

Now that he had already reached the Godly Emperor’s cultivation base, the yellow ape’s meat was not of much help to his cultivation base.

However, there was no need to talk about strengthening the body. Demonic beasts were known to have the strongest bodies among the various races.

After eating the yellow ape’s meat, Di Tian could still feel that the strength of his fleshly body had increased by a little.

Not to mention those Nine-Tailed Fox clansmen with lower realms.

Xiao Changtian smiled when he saw the Nine-Tailed Foxes enjoying themselves.

Just like that, dinner passed by amidst the laughter of the group.

After dinner, Xiao Changtian said slowly to Daji and the rest, "We've been out for a while now, I wonder how the courtyard is doing.

"Pack up. We'll return to the courtyard in a few days."

After all, Daji had just reunited with her father. Xiao Changtian could not go back immediately.

This time, he came out to follow the treasure map to search for treasures. He had also found gold, silver, and jewelry. Not only did he not have to worry about food and drink for a period of time in the future, but he also did not have to worry about food and drink.

Not only that, he even helped Di Tian resolve his family's problems.

With that money, Di Tian would be able to let his servants have a better life after he returned.

After all, even she herself had to live in the deep mountains and forests of the country as a maid.

There were also no other people outside who could not be found.

When Di Tian, Daji and the rest heard Xiao Changtian's words, they slowly nodded their heads at him.

To Daji, she was already very satisfied to see her father again.

She also knew that an expert like Xiao Changtian couldn't stay here forever.

Moreover, his master had also left behind a divine artifact and a method to use it for his clan.

Daji was not worried about the future development of the Nine-tail tribe.

After chatting with Xiao Changtian for a while, Daji, Di Tian and the rest went back to prepare.

Nine-tail tribe leader's exclusive room

When Daji's father heard that Daji was going back with Xiao Changtian in a few days, he was shocked.

He patted her head and said dotingly,

"Don't worry, I've almost recovered."

"I didn't expect you to find such a good master while I was away. I can rest assured when you go out."

"Senior Xiao's cultivation is the most profound I've ever felt. I can't sense any aura at all."

"However, every action of his contains the truth of the world, as if he is invincible in the world. Oh no, it is an invincible posture."

Speaking of this, Daji's father also teased Daji.

"If you follow him, you can not embarrass him. It would not be good if you

were expelled from the sect."

Hearing her father's words, Daji smiled.

"Father, don't worry. I will learn from Master. You, on the other hand, have to take care after I leave."

Although the clan's First Elder's lineage had basically gone extinct after this incident, the clan's First Elder's bloodline had already been wiped out. However, there might be other dangers in the clan, so Daji reminded her father.

“Don’t worry, Father knows what to do.”

Daji’s father said slowly. Then, he seemed to have thought of something. “It’s not like father didn’t gain anything from his trip to the ancestral land. As he spoke, the interspatial ring on Daji’s father’s hand flashed with silver light.

A silver-white flower appeared in his hand.

“Father found this in the ancestral land. Although I don’t know what it is, when Father found it, he felt that it was very extraordinary, so he kept it.”

At this moment, Daji looked at the silver-white flower in his hand.

She said to him excitedly,

“Father, you’ve helped me a lot. Master has been asking his disciples to find ingredients recently.”

“I have never found any news of the Apricot Silver Flower. I didn’t expect it to be with you, father.”

After receiving the silver-white flower from the Nine-tail tribe leader, Daji kept it in her interspatial ring.

When Daji’s father heard Daji’s words, he laughed out loud.

“Your master has given our clan such a great favor. It’s also our clan’s honor to be able to help him..”

Chapter 365: The Disaster of the Blue Luan (1)

After the deaths of the Blood Dragon, Qing Qiu, and Huang Yuan, the Blue Luan was now the only master in the Demon Race's main hall.

After a period of reorganization, the entire Demon Race Main Hall had been renewed and restored to its original appearance.

At this moment

The Blue Luan sat in the Demon Clan's main hall. Her face revealed some worry.

The elders of the demon hall below also looked brand new.

With the rise of the Cyan Phoenix Clan, some of the important positions had already been completely controlled by the Cyan Phoenix Clan.

At this moment, a demonic beast guard of the Cyan Phoenix Race walked into the hall.

Arriving in front of the hall, he knelt down on one knee in front of the Blue Luan.

"Master, Patriarch Wu Gong and the others are already heading towards the main hall."

The atmosphere in the hall became extremely stifling after the Blue Phoenix disciple's words sounded.

After the Cyan Phoenix Clan took control of the Demon Clan's main hall, they thought that it was the hope for the Cyan Phoenix Clan to rise.

However, when the other demon forces learned that the Blood Dragon, Qingqiu, and Yellow Ape had died one after another, they were shocked.

They were all restless for the territory of the Demon Race's main hall.

In the Immortal Cultivation World, strength was the most important thing, and it was even more so in the Demonic Beast World. It was even crueler than the Immortal Cultivation World.

After losing the three Godly Emperors, the strength of the Demon Race's main hall had already fallen by several levels.

At this moment, the three major factions led by Patriarch Wugong, Patriarch Nine Nether, and Patriarch Earth Python were all restless about the Demon Race's main hall.

They demanded that the territory of the demonic beast world be re-divided.

After a few rounds of negotiations, Patriarch Wu Gong and the others arrived at the demon hall.

In the main hall.

An old man from the Cyan Phoenix Clan stood up and said to the Cyan Phoenix, "Master, in this situation, we can only ask Senior Divine Monkey for help." As soon as the old man finished speaking, another old man walked out and bowed to the Blue Luan.

"Master, I think this is the only way. Otherwise, the Demon Race Hall won't be able to hold on this time."

After the two elders spoke one after another, the Cyan Phoenix Clan and the other demon clans below began to whisper.

After all, the impression that the Divine Monkey had left on them when he killed three Godly Emperors by himself was too deep.

For a moment, everyone looked at the Blue Luan above, waiting for her response.

The Blue Luan sighed when it heard the words of the two elders.

She also knew that she had to contact that Senior Divine Monkey, but she didn't have any way to contact him.

At this moment, a loud and clear voice slowly sounded from outside the hall. "Fellow Daoist Blue Luan, we came from afar. Why didn't you come out to welcome us?"

Upon hearing this voice, the expressions of all the demons in the hall changed. At this moment, the Blue Luan also stood up from her seat and planned to leave.

Although Patriarch Wu Gong and the others were all God Monarch Realm experts.

However, he was also a Godly Emperor now, although he had just entered the Godly Emperor realm not long ago.

However, the Blue Luan felt that it would not be at a disadvantage against any of them.

However, the other side had three members. On his side, only he was a Godly Emperor.

Seeing that the Green Phoenix was planning to leave, the Green Phoenix elders hurriedly stopped him.

"Master, Patriarch Wu Gong and the others are coming at us menacingly. I think we should activate the clan protection array. This way, we can still hold on for a while."

Although the Blood Dragon Qingqiu and the Yellow Ape had died, the Demon Race's main hall's foundation was still there.

It was more than enough to maintain a clan protection array.

After this elder finished speaking, the other elders advised the Blue Luan,

“My Lord, I think the Great Elder is right. If we go out, I’m afraid it will be a disaster.”

At this moment, a robust man walked out and said to the Blue Luan,

“I’ll go and negotiate with them. You’re now in control of the Demon Race’s main hall. Nothing can happen to you.”

The Blue Luan glanced at the man before shaking its head and sighing.

This robust man was no ordinary person. He had been a commander under the Blood Dragon just like him.

The God Emperor Realm expert was also one of the few people who had always supported him.

However, what was a God Emperor Realm expert in front of a God Emperor Realm expert? The Green Phoenix, who had just advanced to the God Emperor Realm, could feel it deeply.

“Tie Zhuang, I know what you want to say, but if I don’t go out, they will be even more insatiable and think that there’s no one in the Demon Race Hall.” “But...”

Tie Zhuang still wanted to say something, but the Green Luan in front of him had already disappeared.

The Blue Luan appeared in the sky above the Demon Clan’s main hall and waved her jade-like hand.

A crack appeared on the barrier protecting the mountain. With a step, the Blue Luan walked out.

This time, Patriarch Wu Gong and the others were coming aggressively. Previously, they were afraid of the divine monkey’s remaining might and were constantly testing him.

After seeing that the divine monkey had never appeared again, Patriarch Wu Gong and the others came here by themselves.

If he did not go out to negotiate this time, Patriarch Wu Gong and the others would break into the demon hall.

Their Cyan Phoenix Clan would have to start living under someone else's roof again.

In midair

The Blue Luan stood in the air.

First Elder Green Phoenix and the rest also slowly appeared beside her.

The group of people looked ahead with solemn expressions.

“Hahaha, I thought you wouldn't come out.”

This time, a clear voice sounded, followed by a burst of dark green true essence in the air.

A green-robed man with green hair appeared in midair.

Behind him was a group of elders dressed in green robes like him.

Earth Python Clan, Green Python!

When this figure appeared, the Blue Phoenix elders looked at him warily.

This green python was just a nameless pawn in the demonic beast world in the past.

However, he did not know where he had obtained the Poison Codex to cultivate the art of poison.

Coupled with his python-type poison, his poison technique could be said to be superb.

In the Divine Realm, who knew how many experts had died under his poison.

After the green python appeared, a black wind blew across the sky.

A black-robed man also appeared in midair.

He held a pair of feathered fans in his hand and looked at the Blue Luan with a smile on his face.

Old Ancestor Nine Nether, Black Nine!

After he appeared, the light in the world seemed to have dimmed a little.

“Fellow Daoist Blue Phoenix, it’s really hard to meet you.”

Black Nine looked at the Blue Luan opposite him and said with a smile.

“Black Nine, I didn’t expect you to be involved.”

The Blue Luan looked at Black Nine and responded indifferently.

The Nine Nether Clan had always been known to be aloof from worldly affairs in the demonic beast world.

In the Demonic Beast World, the Nine Nether Clan basically wouldn't take the initiative to attack anyone.

He didn't expect that the Nine Nether Clan would be involved in this operation against the Demon Clan's main hall.

"Blue Luan, look at what you're saying. I was originally very familiar with Big Brother Huang Yuan. After he left, I naturally had to help him look after the Demon Race's main hall."

Then, a yellow mist appeared in the air.

Seeing this smoke, the faces of the Blue Phoenix and the others revealed a cold expression.

Patriarch Wu Gong, come!

Chapter 366: Great Battle (1)

Divine World, outside the Demon Race's Great Hall

Yellow smoke slowly spread in the air. Then, an old man appeared in the air. The old man was wearing a yellow coat and holding a walking stick in his hand as he looked at the Green Luan opposite him.

■'Blue Luan, I feel extremely sad about the death of Blood Dragon and the others. I'm here to share some of the pressure of the Demon Race Hall with you."

When he spoke, Patriarch Wu Gong's words did not contain any emotion.

It was as if he was doing something that was only natural.

The Blue Luan replied slowly with a cold tone.

“Wu Gong, I heard that you like to meddle in other people’s affairs. It seems that it’s true today.”

In the Demon Beast World, if one were to say which Godly Emperor was the most annoying.

Then Patriarch Wu Gong would definitely be the first to bear the brunt.

When Patriarch Wu Gong was not a Godly Emperor, he was already somewhat famous in the demon beast world.

It was because he often plundered the resources of other demons.

When he was adventuring in the Demon Beast World, Patriarch Wu Gong relied on plundering the resources of other demons.

He had forcefully raised his strength to the level of a Godly Emperor. After becoming a Godly Emperor, Patriarch Wu Gong was still not satisfied. Even with the suppression of the Divine Monkey’s remnant might, he still managed to contact Patriarch Abysmal and Patriarch Ground Python immediately.

After Wu Gong’s instigation, they all agreed to come to the Demon Race’s main hall to force the abdication.

In midair

Patriarch Wugong smiled faintly when he heard the Blue Luan’s words.

“I have always liked to help others. I naturally can’t stand by and watch when something happens to the Demon Race Hall.”

Patriarch Wu Gong's dignified voice echoed in the air.

"We came here today for one thing. As long as you agree, we will leave

immediately."

As he spoke, Patriarch Wu Gong raised his index finger.

"Not too much. Give us half of the territory managed by the Monster Race Hall." After Patriarch Wu Gong finished speaking, Patriarch Nine Nether and Patriarch Earth Python both took a step toward the Blue Phoenix.

Instantly, the pressure of the Godly Emperors from Patriarch Wu Gong, Patriarch Nine Nether, and Patriarch Earth Python pressed down on the Blue

Luan.

"This is too much!"

Tie Zhuang, who was behind the Blue Luan, also spoke indifferently when he heard the words of Patriarch Wu Gong and the others.

Then, his body was about to burst out.

At this moment, the Green Luan also pulled Tie Zhuang and slowly said to him,

"Don't worry."

Then, the Blue Luan resisted the pressure of Patriarch Wu Gong and the others.

It walked forward and said coldly,

“I’m afraid that you have the ability to take half of the territory, but you don’t have the ability to eat it.”

The Blue Luan also knew that Patriarch Wu Gong and the others were discussing with him.

The reason why he didn’t attack directly was because the monkey’s power was still there.

The reason why he said half of it was to test himself.

Patriarch Wugong also laughed when he heard the Blue Luan’s words. Then, his figure flashed and he appeared in front of the Blue Luan.

“Then let me see if I have the ability to eat it.

Patriarch Wu Gong slowly raised his hand and slapped it toward the Blue Luan with pale yellow True Essence.

Humph! The Blue Luan coldly snorted and similarly struck out with her palm. Bang! The palm collided with the palm, and a loud sound was heard in the air. Traces of spatial cracks even appeared in the space where the two of them were.

The people behind Patriarch Wu Gong and the Blue Luan automatically took a few steps back.

Even the aftershock of a collision between Godly Emperors was fatal to them.

After that attack, Old Ancestor Wu did not attack again.

“It seems that the Blue Luan’s gift to Senior Divine Monkey is not groundless. I wonder how Blood Dragon and the others offended Senior Divine Monkey.” Patriarch Wu Gong had also confirmed the Blue Luan’s strength after the first attack.

Just like him, they were both Godly Emperors.

With a normal cultivation speed, the Blue Phoenix was previously a God Emperor Realm expert. It was impossible for it to reach the God Emperor Realm so quickly.

Unless he obtained a great opportunity, this also meant that the rumors that the Divine Monkey Senior had high hopes for the Blue Luan were true. When the Blue Luan heard Patriarch Wu Gong’s words, it laughed and directly told him his purpose.

“Wu Gong, didn’t you just want to know about Senior Divine Monkey? To tell you the truth, the Demon Race’s main hall is currently under the protection of Senior Divine Monkey.”

“If you don’t want to become the next Blood Dragon, then quickly take your people and scam.”

When Patriarch Wugong heard the Blue Luan’s words, he knew that there was no point in saying anything more.

He glanced at Old Ancestor Earth Python and Old Ancestor Abysmal.

Then, the three of them flashed.

It seemed like they were going to attack the Blue Luan together. Before they came, they had already discussed that if Patriarch Wu Gong attacked the Blue Luan and the divine monkey appeared, they would immediately retreat.

However, when Patriarch Wu Gong attacked the Blue Phoenix just now, the divine monkey did not appear at all.

Then, according to their next plan, they would immediately subdue the Blue Luan and force it to hand over half of its territory.

After all, they could not be too ruthless. If the Divine Monkey really came back to pursue them, it would not be easy to deal with them.

With half of the resources in the Demon Hall, Patriarch Wu Gong was confident that his strength could advance further.

It had even reached the point of dealing with the Divine Monkey.

After all, in Patriarch Wu Gong's opinion, in the Divine World, even a Divine Beast was the Lord of the Ancient Divine Court.

No matter how strong he was, he was only a Godly Emperor.

As long as it was a Godly Emperor, after his strength advanced, Patriarch Wu Gong would have the confidence to deal with him.

When they saw that Patriarch Wu Gong and the others were actually planning to gang up on the Blue Luan, they were shocked.

The expressions of the First Elder and the others behind the Blue Luan also turned cold.

“Shameless!”

The Great Elder of the Green Phoenix said to the demons behind him, “Demons in the Demon Hall, listen up. Activate the Mountain Protection Array.” As this voice sounded, a large array in the Demon Race's main hall slowly activated.

When Blood Dragon and the others were still in the Demon Hall, they had asked an array master to design a mountain-protecting array.

This array could temporarily gather the strength of all the demons into one person.

It caused that person's strength to soar in a short period of time.

The Blood Coagulation Array that Blood Dragon Qingqiu and the others activated previously was also modified according to this principle. As the array in the hall revolved, a ray of light flew out of the hall. Then, it was injected into the body of the Blue Phoenix First Elder. In an instant, the aura of the Grand Green Phoenix Elder also rose steadily. It had basically reached the level where it could fight against a Godly Emperor. Sensing the strength in his body, the First Elder of the Green Phoenix flashed and arrived beside the Green Phoenix.

"Leave that old man to me."

Among the three of them, Old Ancestor Nine Nether could feel the surging aura of First Elder Blue Phoenix.

She also changed her direction to deal with him.

When Old Ancestor Earth Python saw that Old Ancestor Nine Nether had turned to deal with First Elder Blue Phoenix, he cursed in his heart. Soon after, Patriarch Earth Python and Patriarch Wu Gong arrived in front of the Blue Luan.

"Drunken Heart Palm!"

"Poison Shadow Spike!"

Patriarch Wu Gong raised his hand, and a huge pale yellow palm slowly appeared along with his movement.

Patriarch Wu Gong pushed his palm toward the Blue Luan and pressed down on her.

On the other side, waves of green poisonous gas rose from the body of the Earth Python Ancestor.

The poisonous gas rose in front of Patriarch Earth Python and quickly formed poisonous thorns.

Whoosh! Whoosh! Whoosh!

Together with the yellow palm, it was about to attack the Blue Luan..

Chapter 367: God Burial Mountain Range

Outside the Demon Race's Main Hall

Bang! Wherever Patriarch Wugong's palm passed, there was a deathly aura. Whoosh! Patriarch Earth Python's poisonous spike pierced through space, bringing with it an aura of destruction.

The Blue Luan looked at the poisonous stingers and palm that were attacking it. Its expression also revealed some seriousness.

He placed his hands in front of his chest and gathered his green true essence. Then, a green eagle appeared behind him.

Accompanied by a loud and clear voice, the Green Eagle brought a gust of wind to meet the palm and poisonous sting.

Bang! The two forces collided in mid-air, and a huge crack appeared in the center of the space.

The Blue Luan, Patriarch Wu Gong, and the others retreated.

The Blue Luan steadied itself and looked at Patriarch Wu Gong and the others. From the looks of it, he did not suffer any major injuries.

At this moment, the Blue Luan was also very shocked as it felt the true essence in its body.

After being locked in the bamboo cage by Xiao Changtian, the Blue Luan had absorbed a lot of spiritual energy.

However, they had all been purified. In terms of the quality of their true essence, the Blue Luan surpassed Patriarch Wu Gong and the others.

Patriarch Wu Gong and Patriarch Earth Python looked at the Blue Luan opposite them with a calm expression.

His eyes were filled with shock.

The Blue Luan had just entered the Godly Emperor realm and actually did not seem to be injured at all under their attacks.

At this moment, Patriarch Earth Python suddenly had the thought of retreating.

During the exchange, he could feel that his poison gas was unable to penetrate the other party's spirit skill and invade the other party's body.

This could only mean one thing, and that was that the other party's true essence was higher than his.

As a God Monarch Realm expert, he lived in the Divine World.

Logically speaking, it was impossible for everyone's true essence to have too much of a difference.

However, the quality of the Blue Luan's primeval essence was above theirs. It could be seen how much the divine monkey valued him.

If the Divine Monkey came looking for them in the future, wouldn't they end up like Blood Dragon and the others?

By the side, Patriarch Wu Gong had clearly seen the intention to retreat in Patriarch Earth Python's eyes.

Damn it, how could this guy have such a good opportunity? Patriarch Wu Gong said in his heart. Then, he stabilized his aura again. He did not attack again and waved his hand at the Blue Luan opposite him. "Fellow Daoist Blue Phoenix, as expected of someone that Senior Divine Monkey thinks highly of. Why don't we each take a step back?" At this moment, the true essence in the Blue Luan's body was also slowly flowing, ready to deal with Patriarch Wu Gong's attack at any time. The Blue Luan smiled faintly when it heard Patriarch Wugong's words.

"Oh, tell me, how do you want to retreat?"

After hearing what the Blue Phoenix said, Patriarch Wu Gong also said indifferently,

"We don't need to forcefully take your territory."

Three days later, we'll meet at the God Burial Mountain Range and re-divide the territory."

As soon as Patriarch Wu Gong finished speaking, Patriarch Nine Nether and First Elder Blue Phoenix heard his words.

They also stopped fighting and retreated.

The First Elder of the Blue Phoenix came to the side of the Blue Phoenix and looked at Old Ancestor Nine Nether with a meaningful gaze.

During the clash just now, Old Ancestor Jiuyou had always looked like he didn't want to fight.

From the looks of it, he did not use his full strength at all and was only stalling him.

After Nine Nether came to Patriarch Wu Gong's side, he sent a voice transmission to him.

"Wu Gong, this wasn't part of our plan."

The God Burial Mountain Range was the oldest mountain range in the Demonic Beast World.

In the process of the continuous replacement of factions in the Demon Beast World, the God Burial Mountain Range witnessed their destruction and appearance.

Every time a large faction fought for resources, they would settle it in the God Burial Mountain Range.

The God Burial Mountain Range was rumored to be the burial ground of their demon beast clan's ancestors.

There were many formations and mechanisms inside. It was very difficult to find the way out after entering.

The method of fighting was also very simple. The two sides arrived at the God Burial Mountain Range.

Each of them relied on their own abilities to pass the checkpoints. Whoever passed the most checkpoints would have the territory and power.

After receiving Old Ancestor Nine Nether's words, Old Ancestor Wu Gong glanced at him indifferently.

Nine Nether, are you still worried about me when we reach the God Burial Mountain Range?"

When Old Ancestor Nine Nether heard Old Ancestor Wu's words, his expression changed.

After a long time, he sent a voice transmission to Patriarch Wu Gong.

“Alright then!”

One of the reasons why Patriarch Wu Gong was able to plunder so many resources was that he had gone to the God Burial Mountain Range many times.

Every time there was a conflict between forces, they needed to resolve it through the God Burial Mountain Range.

Patriarch Wu Gong was very willing to help them and obtain a large amount of resources.

Therefore, Patriarch Wu Gong could be said to be one of the people in the entire demon beast world who knew the God Burial Mountain Range the most.

As for Patriarch Earth Python, he was naturally standing on the same boat as Patriarch Wu Gong.

Seeing that the Blue Luan did not respond, Patriarch Earth Python mocked.

“Why, Blue Luan, have you considered it?”

When the Blue Phoenix heard Patriarch Earth Python’s words, it looked at First Elder Blue Phoenix’s condition.

If he continued to fight with them today, it would be disadvantageous to him.

The effect of the Protective Mountain Array could not last that long.

As for the God Burial Mountain Range, it meant that Patriarch Wu Gong and the others would also have to put their territory in.

Perhaps at that time, he could even obtain the other party's territory. After calculating in her heart, the Blue Luan slowly said to Patriarch Wu Gong and the others,

Alright, I'll see you at the God Burial Mountain Range in three days!" "Haha, as expected of the Blue Luan. Then I swear to see you in three days!" As soon as Patriarch Wu Gong finished speaking, he immediately condensed a drop of blood and slowly said to the Blue Luan.

The Blue Luan did not hesitate when it saw Patriarch Wugong's expression. Immediately, a drop of blood condensed.

For a moment, the blood of the Blue Phoenix, Patriarch Wu Gong, Patriarch Abysmal, and Patriarch Earth Python gathered together.

They flew into the sky, and then a mysterious force descended on their bodies. This was the power of the Divine Realm's Heavenly Dao. As long as they violated the contract, they would receive punishment from the Heavenly Dao. Then, Patriarch Wu Gong and the others waved their sleeves and said to the people behind them,

"Let's go!"

As soon as Patriarch Wugong finished speaking, his men left in a mighty manner.

After watching Patriarch Wu Gong and the others leave, the Blue Luan waved its hand and led everyone back to the Demon Race's main hall.

When they arrived at the hall, the demons in the hall were not happy about the departure of Patriarch Wu Gong and the others.

On the contrary, they had more or less heard of Patriarch Wu Gong's reputation in the God Burial Mountain Range.

If they failed in the competition in the God Burial Mountain Range, they would still lose their territory.

His family or tribe lived in this territory.

Looking at the Blue Luan in the hall, everyone was about to say something.

The Blue Luan's voice sounded from above.

"I know what you're worried about, but don't worry. I'll go ask Senior Divine Monkey for instructions now."

In order to stabilize everyone's mentality, the Blue Luan could only say that it had brought out the divine monkey.

Following that, Qing Luan's figure flashed and disappeared from the main hall. Indeed, she could only seek help from the Divine Monkey and the others. Otherwise, the Demon Race's main hall would be in danger.

After the Blue Luan left, the demons in the hall finally revealed a smile. As long as Senior Divine Monkey was here, all the problems would be easily solved..

Chapter 368: HotHotpot (1)

|

In a secret chamber in the Demon Race's main hall.

The Green Luan sat in the center of the secret chamber. The green vital essence on her body lit up and slowly poured into the stone plate under her feet.

Instantly, the stone plate emitted a dazzling light.

Whoosh! With the stone plate as the center, the light spread rapidly along the surrounding patterns.

Whoosh! The Blue Luan let out a breath of air. Then, she used both hands to form a strange seal on her chest.

Waves of energy fluctuations spread out from the Blue Luan's body.

Hopefully, he could contact her.

The Blue Luan said in her heart.

This was an array formation used to transmit information from the demon hall.

The Blue Luan wanted to use the presence it had left behind on the Tian Yuan Continent to spread the news.

Tian Yuan Continent, Yellow Python Clan

After Xiao Changtian left, the Yellow Python Clan had basically stabilized.

Especially when the Nine-Tailed Fox Clan heard that Xiao Changtian was still staying in their clan.

They even went to form an alliance with the Yellow Python Clan.

In the Beast Emperor Mountain Range, the Yellow Python Clan and the Nine-Tailed Fox Clan could be said to be the new overlords.

The sun is high in the sky

As usual, Mo Ba went out to handle the clan's affairs and returned in the evening.

Just as he entered the courtyard, Mo Ba saw a strange aura flowing under the shade of the trees.

Mo Ba cautiously walked over, following which a green light flew over from midair.

It formed a ball of light in front of Mo Ba.

Seeing this ball of light, Mo Ba first looked around the courtyard.

After realizing that the courtyard did not show any abnormalities because of this ball of light, he reached out and slowly held it in his hand.

As the light entered his hand, a ball of information was transmitted into Mo Ba's mind.

"Fellow Daoist, I'm the Blue Luan. The Demon Race's main hall has an urgent matter that requires Senior Divine Monkey's help."

The Blue Luan's words flashed across Mo Ba's mind.

From her words, one could hear a sense of urgency.

At this moment, Yue Mei also walked out from the front room.

Looking at Mo Ba who was in a daze under the shade of the tree, he couldn't help but say,

"Brother, what's wrong?"

Mo Ba was still immersed in the news in his mind.

Blue Luan? In Mo Ba's memories, he didn't recognize such a person.

Even in the Beast Emperor Mountain Range, he had never heard of it.

However, speaking of Senior Divine Monkey, could it be that when Senior came here...

That little bird?

And at this moment, Yue Mei also walked in front of Mo Ba and saw that he still had a dazed appearance.

He couldn't help but pat Mo Ba's shoulder.

"Brother, what's going on? You've been in a daze since you came back today."

Mo Ba gave her a silly smile after being patted by Yue Mei.

Then, he slowly said to Yue Mei,

"Little sister, I have something to deal with now. You don't have to wait for me for dinner."

Mo Ba's figure flashed as his voice sounded, disappearing from the courtyard.

The Blue Luan was highly regarded by Senior Black Tortoise back then. Now that it was in trouble, he had no choice but to report it quickly.

Otherwise, how could he survive on the Tian Yuan Continent if he offended senior Black Tortoise?

As Yue Mei watched Mo Ba's departing figure, she helplessly shrugged her shoulders.

In Xiao Changtian's courtyard.

Xiao Changtian was lying on his rocking chair.

After returning from the Nine-Tailed Fox Clan, Xiao Changtian had been idling in the courtyard for a few days.

Xiao Changtian stood up from his rocking chair as the sun was about to set.

Stretching his back, he slowly said to Mu Jiu Huang in the courtyard,"

"Jiu'er, call all your disciples today. Let's have a good meal."

In the Beast Emperor Mountain Range, the foxes and loaches that he had fought back had not been eaten.

The fox Xiao Changtian did not plan to eat it. Looking at Daji's tribe, it was obvious that they had feelings for foxes.

As soon as he finished speaking, Xiao Changtian's finger swept across his interspatial ring.

Blood Dragon's corpse appeared in the courtyard.

Mu Jiu Huang's body shook when she saw the Blood Dragon's corpse.

The presence of the Blood Dragon was clearly not something that a demon beast from the Tian Yuan Continent could possess.

If he could devour his flesh and blood, then his comprehension of the realm would be even deeper.

Mu Jiuhuang, who was already used to Xiao Changtian's shock, could not help but swallow her saliva.

Unexpectedly, it was one thing to expect, but after seeing it in person, Mu Jiuhuang still couldn't hold it in.

Then, Mu Jiuhuang went out to get busy.

As soon as the Blood Dragon's corpse appeared, the Divine Beasts in the courtyard also casually swept a glance at him.

"Have you noticed that Master seems to be very obsessed with these demon beasts recently?"

In the pond, the Ancestral Dragon spat out a bubble and said slowly.

"These demon beasts are lucky to be able to become food for their master."

In the pond, Black Tortoise looked at Blood Dragon's corpse and said slowly.

At the same time, Black Tortoise's eyes slowly moved as he calculated in his mind.

Master likes to eat these demon beasts recently. If he goes out to play, then he can bring back some food for Master.

Thinking of this, Black Tortoise revealed a smile.

And the fat Rongrong saw Black Tortoise's smiling appearance, and said to the simple-minded:

"Boss, what's wrong?"

"No, Fatty. We'll have more in the future."

Black Tortoise said with a smile, and then happily swam in the pond.

After a while of work in the courtyard, Xiao Changtian also cut the blood dragon's flesh into pieces.

He placed it on the stone table in the courtyard.

At this moment, Diwu saw Xiao Changtian placing the raw meat and vegetables on the stone table.

He could not help but ask,

"Master, why did you put these raw food on the table?"

Hearing this, Xiao Changtian looked at Diwu Zheng's puzzled expression and smiled faintly.

He picked up a furnace and an iron pot from the side and slowly said to his disciples,

"Master, I taught you how to make barbecue before. Today, I'll teach you how to eat hotpot."

Hotpot?

Hearing this name, Di Wu Zheng and the other disciples were all puzzled.

However, after eating the barbecue last time, Di Wu Zheng and the others felt that their comprehension of the realm was much deeper.

He wondered what effect his master's hotpot had.

Thinking of this, Di Wu Zheng and the others were filled with anticipation.

At this moment, Xiao Changtian also started the fire.

The last time he borrowed the flame bead from the Immortal Da Yang, Xiao Changtian put it in the furnace.

This Flame Bead was not only useless to Xiao Changtian, but it also saved him a lot of trouble.

After starting the fire, Xiao Changtian put the iron pot on the fire.

Then, he added the soup base that he had prepared beforehand.

When the entire hotpot began to boil, Di Wuzheng looked at the soup in the pot and could not help but gulp.

Xiao Changtian smiled when he saw their greedy looks.

Then, he slowly put the Blood Dragon's flesh in and mixed it with some seasonings.

"Everyone, don't be anxious. It will be fine in a while.."

Chapter 369:1 wonder if you can leave it to me to handle

(1)

Xiao Changtian's courtyard

Diwu Zheng and the others looked at the boiling pot and the fragrance coming from it.

Gulp! Gulp! Gulp!

Li Taibai looked at the pot and his stomach growled.

At this moment, Xiao Changtian also stood up from his chair.

He said slowly to Li Taibai,"

"Look at how greedy you are."

Then, he picked up a bowl from the side and picked out a piece of Blood Dragon Meat from the iron pot.

Xiao Changtian handed the bowl to Li Taibai and said with a smile,"

"Eat it while it's hot. How does it taste?"

Hearing Xiao Changtian's words, Li Taibai hurriedly took the bowl from Xiao Changtian's hands.

"Thank you, Master."

Then, under the expectant gazes of the disciples, he took the lead and put the Blood Dragon Meat into his mouth.

“Taibai, how is it?”

Diwu couldn't help but ask Li Taibai.

“Don't look at it anymore. Take your own bowls and fill them up.”

Xiao Changtian said with a smile when he saw that his disciples didn't make a move.

As he spoke, he also gave them meat one by one.

His disciples were considered hardworking in other aspects.

It was only when they ate that they couldn't pick up the chopsticks or the signature.

In short, he was always finding all kinds of reasons to slack off, and he was too lazy to eat.

Diwu was looking at the meat in his bowl and couldn't help but pick up a piece and eat it.

For a moment, all the disciples had a look of enjoyment on their faces as they ate the Blood Dragon Meat.

At this moment, Li Taibai also slowly transmitted his voice to the others.

“Fellow disciples, I feel that the impurities in my body have been washed away.

I feel that my talent has risen to another level.”

“That's right. So Master's hotpot can seize the fortune of heaven and earth and increase our talent.”

“That’s right. I’ve long guessed it. Why don’t you take a look at who our master is?”

“Keep bragging. How can you guess what Master does?”

Upon receiving Li Taibai’s voice transmission, the other disciples responded in succession.

For a moment, the atmosphere on the stone table was also very happy.

After eating the blood dragon’s flesh, Mu Jiu Huang’s aura also rose.

Her realm rose slowly. According to the division of the Divine World, Mu Jiu Huang was also a Godly Emperor now.

At this time, Xiao Changtian and the others also said to Futian,”

“Don’t eat all of them. When the time comes, send some over to Daoist Big Sun and the others.”

After all, the reason why he could make this hotpot was also because of the Great Sun Immortal’s flame bead.

After hearing Xiao Changtian’s words, Futian also responded to Xiao Changtian.

“Got it, Master.”

While Xiao Changtian and the others were eating hotpot, Mo Ba had also arrived at Dayang Town according to the location that Daji had told him.

Sitting on the surface of Dayang Town, Mo Ba looked at the bustling crowd on both sides.

It should be here.

Just as Daji said, the senior refined his heart in the mortal world and played around in the mortal world.

Living in this mortal town.

At this time, Deity King Red Cloud was also shopping in town.

Seeing Mo Ba's unfamiliar face, his gaze swept over him.

What were the demons doing in Dayang Town?

As Divine King Red Cloud stared at Mo Ba, Mo Ba also walked towards him.

"Hello, may I ask how to get to Senior Xiao's courtyard?"

When Divine King Red Cloud heard that they were here to look for Xiao Changtian, his eyes became alert.

The last time, God King Blackheaven came to find Senior because he wanted to harm him.

In the end, he courted death and was killed.

If this demon was also so bad, he could also get rid of it for Senior.

Thinking of this, Divine King Red Cloud's expression hardened.

"Why are you looking for Senior?"

Mo Ba smiled in response when he saw Godking Red Cloud's manner.

"Senior has done me a favor. I'm here to deliver a message to Senior on behalf of someone."

Hearing that Xiao Changtian had done Mo Ba a favor, Divine King Red Cloud's expression eased up a little.

"Follow me."

Deity King Red Cloud said to Mo Ba before bringing Mo Ba towards Xiao Changtian's courtyard.

Very quickly, under the lead of Deity King Red Cloud, Mo Ba arrived at the periphery of Xiao Changtian's courtyard.

As soon as the two of them arrived, they smelled a fragrance.

Whoosh! The two of them took a deep breath and looked at each other in joy.

Just by taking a breath, they felt much more refreshed.

I really don't know what Senior is eating in his courtyard. It's probably some ancient divine beast.

God King Red Cloud sighed in her heart.

At this moment, Futian walked out of the courtyard.

When he saw Divine King Red Cloud, he also greeted him.

"Divine King Red Cloud is here to look for Master?"

They were all in the same town. Futian and the others were very familiar with Divine King Red Cloud.

“Yes, yes, I brought him here. You’re...”

Looking at the bag in Futian’s hand, Divine King Red Cloud asked slowly.

“Oh, you mean this.”

Futian followed the gaze of the Red Cloud Divine King Fan and lifted the bag in his hand.

“Master brought us to eat hotpot just now and asked us to bring some to Daoist

Big Sun.”

“I won’t talk to you for now. I have to send it to Daoist Big Sun first.”

As soon as he finished speaking, Futian walked towards the Great Sun Sect.

Looking at Futian’s back as he left, Divine King Red Cloud’s eyes flashed with envy.

It seemed that he had to build a good relationship with Immortal Da Yang in the future.

At this moment, Li Taibai walked out of the courtyard with an iron pot.

“Divine King Red Cloud, Master is in the courtyard. You can go in.”

Holding the iron pot in his hand, Li Taibai was about to throw away the leftovers.

When Red Cloud Divine King saw Li Taibai's actions, she quickly walked up.

"Brother Tai Bai, you don't want this?"

Li Taibai didn't know what Divine King Red Cloud wanted to do when he heard her calling him so affectionately.

She scratched her head and said slowly to him,

"That's right."

"I wonder if you can leave it to me."

Looking at the iron pot in Li Taibai's hand, Red Cloud Deity King's eyes revealed a trace of expectation.

Seeing the look on God King Red Cloud's face, Li Taibai also handed the iron pot to him.

"Alright then."

Li Taibai was naturally very happy to have someone help him deal with it.

Divine King Red Cloud took the pot and was delighted.

At this moment, Li Taibai also said to him slowly,"

"You brought him to see Master, right? I'll help you bring him in."

This was also the first time Li Taibai had seen Mo Ba.

However, since God King Red Cloud was helping him deal with the iron pot, he had to help him a little, right?

After hearing Li Taibai's words, Divine King Red Cloud also said to him,"

"Thank you, Brother Tai Bai."

Then, Li Taibai brought Mo Ba into the courtyard.

On the other hand, Deity King Red Cloud was looking at the remaining soup base in the iron pot alone.

With a wave of his hand, a jade pot appeared in his hand.

Divine King Red Cloud said in her heart as she slowly collected the soup base in the iron pot.

Ness!

Chapter 370: Heading to the Divine World (1)

Xiao Changtian's courtyard

Under Li Taibai's lead, Mo Ba slowly came to the middle of the backyard.

After dinner, Xiao Changtian was feeding by the pond.

Li Taibai brought Mo Ba to Xiao Changtian and said slowly,"

“Master, this is Divine King Red Cloud. He said that he has something to look for you.”

Xiao Changtian heard Li Taibai’s words and looked over.

Xiao Changtian said in his heart after seeing who it was.

Isn’t this Mo Ba?

I haven’t seen you for a few days. Why are you looking for me? Could something have happened?

As he thought of this, Xiao Changtian slowly said to Mo Ba,

“Don’t be anxious.”

Then, he brought Mo Ba to his rocking chair.

Standing in front of Xiao Changtian, Mo Ba slowly said,

“Senior, something has happened to the Blue Luan.”

“Blue Luan?”

When Xiao Changtian heard Mo Ba mention this name, he didn’t have any impression of it.

In Mo Ba’s courtyard, Xiao Changtian had never heard of anyone called Blue Luan.

After Mo Ba heard Xiao Changtian’s words, he slowly said to him,

“The Blue Luan is the little bird that Senior left with me.”

Hearing Mo Ba's explanation, Xiao Chang Tian smiled.

So it was the little bird that he had left for them.

No wonder they were in such a hurry. The people in their courtyard did not hunt much.

That bird should be their most important food.

The bird was lost, so he was naturally very anxious.

However, in the forest, it must have been taken away by some beast in the middle of the night.

As he thought about this, Xiao Changtian slowly said to him,"

"Oh, so it's a little bird, I know."

Xiao Changtian also stood up and started walking in the courtyard.

Judging from the situation of the hotpot just now, his disciples seemed to like the beast meat very much.

He could bring a disciple over to help him.

After he brought it once, he could ask them to bring it for him to eat in the future.

As for Mo Ba, he watched Xiao Changtian walking in the courtyard, waiting for his response.

At this moment, Xiao Changtian said to him slowly,"

“After I pack up, I’ll go with you.”

After Mo Ba heard Xiao Changtian’s words, he nodded his head towards him.

At this moment, he also looked at the Black Tortoise in the courtyard.

The Black Tortoise and Senior Divine Monkey, whom he had met in the Beast

Emperor Mountain Range previously, were both here.

In the pond, there was an Ancestral Dragon that contained monstrous luck. Every time he saw Xiao Changtian, Mo Ba felt that his world view had been refreshed.

At this moment, Black Tortoise said slowly to Monkey on the roof,

“Damn monkey, your old lover is in trouble. Why don’t you go and help?”

When Monkey heard Black Tortoise’s words, he retorted,

“You’re the one with an old lover. Do you think I’m you?”

Black Tortoise exploded with rage when Monkey said that.

This monkey had ruined his marriage. Now, he was still acting good after getting a bargain.

He couldn’t bear it.

Just as Black Tortoise was about to flare up, the old hen in the chicken coop in the courtyard slowly walked out.

“Alright, stop arguing. Be careful not to enter the cage.”

Upon hearing Phoenix’s words, Black Tortoise and Monkey glared at each other and left.

When Mo Ba saw the old hen in the chicken coop, his expression changed.

As pythons, they had a feeling of being the natural enemy of birds.

As he looked at the old hen, a phoenix covered in endless flames appeared in Mo Ba’s mind.

Looking at the old hen, Mo Ba couldn’t help but take a step back.

Xiao Changtian saw this and slowly walked towards the hen.

“You old hen, go back to your chicken coop.”

At the same time, Xiao Changtian was also speechless towards Mo Ba.

This Mo Ba was even afraid of a chicken. No wonder he was so anxious after the little bird ran away.

At this time, Xiao Changtian said to the disciples in the courtyard,”

“Who wants to follow me out?”

Hearing Xiao Changtian’s words, all the disciples were restless.

At this moment, the Ancestral Dragon's voice also entered their ears.

"Your ingredients have basically been found, but Tai Bai hasn't been found.

This time, the place Master is going to has the ingredients that Tai Bai needs." "Just let him go this once."

Hearing the Ancestral Dragon's words, a hint of disappointment flashed in the eyes of Futian and the fifth disciple.

At this moment, Li Taibai walked up to Xiao Changtian.

"Master, I'll go."

Seeing Li Taibai volunteer, Xiao Changtian smiled and nodded.

Fortunately, not all of his disciples wanted to be idle. There were still some who were willing to follow him.

Thinking of this, Xiao Changtian slowly said to Li Taibai,"

"Alright, it's you then. Tai Bai, help me take care of the equipment."

Then, Xiao Changtian walked to the side of the courtyard.

Which animals should go out this time?

With this thought in mind, Xiao Changtian also brought the Chaos Ant along.

It was simple. An ant was so small that it was easy to carry.

Thinking about how the monkey had played a role in the Nine-tailed fox clan.

Xiao Changtian waved his hand at the monkey on the roof.

“You should come too.”

When the monkey heard Xiao Changtian’s words, it squeaked happily.

Then, Xiao Changtian waved his hand at the hen in the chicken coop.

It was mainly because the old hen and the old dirty turtle liked to fight when they were together.

He had to separate them.

Last time, he brought the Black Tortoise. This time, he would bring the old hen.

After a round of ‘ordering the troops,’ Xiao Changtian slowly said to Mo Ba, “Let’s go.”

Soon after, Xiao Changtian left the yard with the hen, Chaos Ant, and Monkey.

Divine World, Demon Race Hall

The Blue Luan sat in the main hall with worry in her eyes.

After sending out the news, he sent people to keep an eye on the outside of the Demon Race’s main hall.

They hoped that the Black Tortoise or the Divine Monkey would come.

A day had passed, and there was still no news.

The Blue Luan could not help but feel a little worried. Then, she said to the Demonic Beast guards below the hall,

“Send more men outside the main hall. If there is any news, inform me at any time.”

“At the same time, send someone to keep an eye on Patriarch Wu Gong’s situation.”

After the orders were issued, the Green Luan disappeared from the hall.

It was not a good idea to keep waiting. According to the memories of meeting the Black Tortoise in the Divine World, the Blue Luan planned to go out and search for it herself.

On the other side, after Xiao Changtian left the courtyard with Mo Ba, the Chaos Ants on his body also flashed with a silver light.

Xiao Changtian and Mo Ba arrived at the Divine Realm.

Looking at the mountain in front of him, Xiao Changtian also felt a familiar aura.

He had to train Li Taibai to be a good hunter in the yard..
