Chapter 371: Looks Like We're Sure This Time (1)

Divine Realm, Wu Gong Underground Palace

At this moment, a jade table was placed in the middle of the hall.

Patriarch Wu Gong, Patriarch Earth Python, and Patriarch Abysmal sat around the jade table.

The Earth Python Patriarch picked up a wine glass from the table.

"Tomorrow will be the day of the competition with that little girl, Blue Luan. I hereby congratulate Elder Brother Wu Gong on his success."

Patriarch Wu Gong also picked up a wine cup. Patriarch Earth Python touched it and laughed loudly.

"I really don't know. I guarantee that it will be absolutely foolproof this time."

As soon as the wine entered his stomach, Patriarch Wu Gong clapped his hands.

Then, a few demonic beast guards walked up with a figure.

After seeing who it was, Old Ancestor Jiuyou frowned.

"Wu Gong, what do you mean by bringing a human here?"

“Eh, don’t be anxious. Let me tell you slowly.”

Patriarch Wugong waved at Patriarch Nine Nether.

“Li Wushuang, tell Nine Nether what you used to do.”

That’s right, the figure that Patriarch Wu Gong brought up was Li Wushuang.

After the deaths of the Blood Dragon, Qing Qiu, and Huang Yuan, Li Wushuang left the Monster Clan Hall.

He wanted to find a new backer in the Demonic Beast World, so he was accidentally captured by Patriarch Wu Gong.

“Lord Nine Nether, my name is Li Wushuang. I used to work for the Blood Dragon.”

Li Wushuang looked at Old Ancestor Nine Nether with flattery in her eyes.

After Old Ancestor Wu Gong grabbed them, Nalan Yan and Chu Yuan Shan were locked up by him.

If he had not said that he had worked in the Demon Race’s main hall, he would probably be locked up now.

“You used to work in the Monster Race Hall?”

Old Ancestor Jiuyou looked at Li Wushuang, and his expression darkened.

He also knew that this Demon Race Main Hall had taken in a few humans a while ago.

He did not expect to be captured by Patriarch Wu Gong.

“Yes, yes.”

Upon hearing Old Ancestor Nine Nether’s words, Li Wushuang immediately nodded like a chick pecking at rice.

At this moment, Patriarch Wu Gong sent a message to Patriarch Nine Nether and Patriarch Earth Python.

Then, Old Master Nine Nether and Old Master Earth Python were stunned.

“Wu Gong, you mean...”

Patriarch Earth Python received the message and was about to say something to Patriarch Wu Gong.

Patriarch Wu Gong gestured at him.

“It’s good that you know, it’s good that you know.”

Upon hearing Patriarch Wu Gong’s words, a hint of joy appeared on the faces of Patriarch Nine Nether and Patriarch Earth Python.

Then, Patriarch Wu Gong said to Li Wushuang,”

“Li Wushuang, I have a mission for you. If you complete it, I can let your friends go.”

Patriarch Wu Gong stood up and walked to Li Wushuang’s side.

“Furthermore, I will allow you to enter my Wu Gong Underground Palace and become a commander, receiving the protection of my Wu Gong Underground Palace.”

Li Wushuang didn't expect Patriarch Wu Gong to say this to her, and she was excited.

"Lord Wu Gong, tell me what mission you want. I, Li Wushuang, will complete it for you no matter what."

He had thought that he would be in a mess today, but he did not expect it to be such a good thing.

Li Wushuang was overjoyed.

Patriarch Wu Gong patted Li Wushuang's shoulder.

"It's not that serious. It's just that you can return to the Demon Race's main hall now and follow the Blue Luan closely during the God Burial Mountain Range tomorrow."

"Lord Wu Gong, I, Blue Luan...I don't think I can beat her."

Li Wushuang said awkwardly.

"You don't need to deal with her, you just need to follow her closely, give me a message, and you can get the ""

As he spoke, Patriarch Wu Gong condensed a small bug from his body.

Then, the little bug flew to Li Wushuang.

"You can contact me through it."

Li Wushuang was delighted to see the bug fly onto her.

Lord Wu Gong meant that he could just go over and be a spy.

Moreover, it was just a message. He did not need to send any information at all.

Then this wouldn't be difficult for him!

With this thought in mind, Li Wushuang said to Patriarch Wu Gong,"

"Lord Wu Gong, don't worry. I promise to complete the mission."

"Okay, let's go now."

Patriarch Wu Gong nodded at Li Wushuang and then waved his hand to signal him to get ready.

As he watched Li Wushuang's departing figure, the Old Ancestor Earth Python stood up from his seat.

When he came, he was still wondering why Patriarch Wu Gong suddenly invited them to a banquet.

So it was because of Li Wushuang, this jinx.

According to Patriarch Wu Gong's message, whoever Li Wushuang was with would be killed by him.

His strength was unprecedented.

After Li Wushuang left, Old Ancestor Nine Nether, who had always been cautious, walked over from his seat and laughed."

"Even Blood Dragon and the others couldn't withstand this guy's bad luck.

Looks like we're in luck this time."

Who said it wasn't? The Monster Race Hall was originally fine.

A few days after Li Wushuang joined them, the three Emperor Gods, Blood

Dragon, Qing Qiu and Huang Yuan, died one after another.

No one could compare to his bad luck.

"Do you think there's a possibility that the Divine Monkey attacked Blood

Dragon because of Li Wushuang?"

Patriarch Netherworld had been wondering why a divine beast like the Divine Monkey would suddenly appear and attack the Demon Clan's main hall.

Divine beasts naturally liked auspicious signs, so perhaps they had acted to get rid of Li Wushuang, this jinx.

If Li Wushuang went to join the Blue Phoenix, the Blue Phoenix might become the next Blood Dragon without them needing to do anything.

After hearing Old Ancestor Nine Nether's words, Old Ancestor Earth Python and Old Ancestor Wu Gong looked at each other and smiled.

"That makes sense, that makes sense."

"Come, let's continue drinking."

As he spoke, Wu Gong brought Old Master Netherworld and Old Master Earth Python to the jade table.

He picked up the wine glass on the table and continued drinking.

In the sky of the Demon Beast World,

From the Demon Race Hall, the Blue Luan flew in the direction of the Black

Tortoise in the Divine World according to its previous impression.

Then, a figure flashed past the Blue Luan's eyes.

What was that?

The Blue Luan looked at the figure and found it somewhat familiar.

Li Wushuang?

After thinking for a while, the Blue Luan remembered that the figure was Li Wushuang.

Thinking of Li Wushuang, the Blue Luan immediately flew toward him.

Li Wushuang had left a deep impression on her.

Last time, it was because he followed Li Wushuang out that he met the Black Tortoise and the Iron Eater.

It seemed that he had to ask him for help. This way, Senior Black Tortoise would appear in front of him again.

At this moment, Li Wushuang was rushing towards the Demon Clan's main hall at full speed.

Humming a song, after coming out of Wu Gong's underground palace, he felt that since the last time he was sent flying by the iron eating beast.

His luck began to explode. First, he retreated unscathed when the divine monkey attacked the demon hall.

Then, he was captured and brought to Wu Gong's underground palace, thinking that he was going to be imprisoned.

He didn't expect the other party to directly entrust him with such a heavy responsibility.

It seemed like he was about to reach the peak of his life.

With this thought in mind, Li Wushuang sped up her pace toward the Monster

Race Hall..

Chapter 372: Don't Worry About Staying Here (1)

Divine Realm, in midair.

Li Wushuang headed towards the Monster Clan Hall at full speed.

Looking at the faintly discernible Monster Race Hall in front of her, Li Wushuang felt a sense of satisfaction.

It seemed that he was undoubtedly going to reach the peak of his life.

As a human, he did not encounter any demonic beasts obstructing him in his journey in the demonic beast world.

His luck was beyond doubt.

Behind him, the figure of the Blue Luan also slowly flashed past.

The Blue Luan had advanced to the Godly Emperor realm and was the new ruler of the Demon Race's main hall.

Wherever it passed, the demons would naturally submit and no one dared to stop it.

This Li Wushuang was in a hurry to reincarnate.

The Blue Luan cursed in her heart as she looked at the beautiful lady flying in front of her.

Then, he urged the true essence in his body, and green true essence slowly appeared on his body.

In a flash, he appeared in front of Li Wushuang.

At this moment, Li Wushuang was flying at full speed toward the Monster Clan

Hall when she saw a figure suddenly appear in front of her.

He braked hard and stabilized himself in midair.

Li Wushuang also slowly looked forward.

Eh, isn't this the Blue Luan?

Li Wushuang looked at the Blue Luan in front of her and her face became even more joyful.

He was originally thinking about how to enter the Demon Race's main hall, but now, he met an acquaintance.

God, you take care of me too much.

After saying this in her heart, Li Wushuang slowly walked toward the Blue

Luan.

"Commander Blue Luan, I've finally found you. You don't know that when you

didn't return..."

Seeing the Blue Luan, Li Wushuang pretended to be sad and wiped her eyes.

"Lord Blood Dragon and the others were killed by a divine monkey."

Li Wushuang also knew that the Blue Luan didn't like her before.

At this time, he had to show his loyalty to the Demon Race Hall.

Otherwise, it would probably be difficult to enter the Demon Race's main hall.

As for Qing Luan, she looked at the beautiful and beautiful woman beside her

and frowned.

This Li Wushuang really knew how to “act”. With such poor acting skills, he didn’t know how Blood Dragon and the others trusted him before.

However, when he thought about how he needed to find Senior Black Tortoise...

The Blue Luan still waved her hand at him.

“Cough cough, Li Wushuang, I know you’re loyal to the Monster Race Hall.

The Blue Luan didn’t want to waste any more time talking to Li Wushuang.

After all, after the previous incident, the Blue Luan didn’t know what kind of attribute Li Wushuang had.

He was a jinx, right? Last time, he seemed to have benefited from a disaster.

He wasn’t a jinx, was he? Blood Dragon and the others had only accepted him for a few days, and he was already gone.

When Li Wushuang saw the Blue Luan, she immediately wanted to bring him to the Demon Race Hall.

He was also delighted.

Previously, the Blue Luan had said that she was a jinx, so Li Wushuang had thought that it would take more effort.

He did not expect that he could enter directly.

Haha, I, Li Wushuang, am not a jinx. I am now a lucky star.

No, it was!

With this thought in mind, Li Wushuang hurriedly followed behind the Blue

Luan.

After Xiao Changtian brought Li Taibai and Mo Ba to the Divine Realm, he walked into the mountains.

Arriving at a bamboo forest, Xiao Changtian slowly said to Mo Ba,

“Mo Ba, let’s go take a look at your courtyard first.

When Mo Ba heard Xiao Changtian’s words, his face was stunned.

The density of spiritual energy in the area they were in was not something the

Tian Yuan Continent could compare to.

What did senior mean by telling him to go to his own courtyard now?

Mo Ba scratched the back of his head in confusion.

At this moment, a few demon beast guards dressed in the clothes of the demon clan’s main hall also walked through the bamboo forest.

When a Demonic Beast guard saw Mo Ba in the bamboo forest, he couldn't help but say to his companion beside him,

"Look at that person. Is he the person that Lord Blue Phoenix is looking for?" After the Demonic Beast guard finished speaking, everyone's gazes turned towards Mo Ba in unison.

A demonic beast guard took out a portrait from his bosom and said excitedly,

"Yes, it looks exactly like the portrait."

As they spoke, the few of them hurriedly walked towards Mo Ba and Xiao Chang Tian.

"I've finally waited for you."

A few Demonic Beast guards walked in front of Mo Ba and the others, and slowly said to them.

Although Mo Ba's aura was very weak, Xiao Changtian didn't have any aura at all.

However, when they remembered the Blue Luan's repeated warnings, they still treated Xiao Changtian and the others with respect.

Xiao Changtian looked at the few Demonic Beast guards in front of him and laughed.

"Yes, yes. There's no need to look for it now. Let's go to the courtyard first." Although these people were dressed differently from Mo Ba, they were wearing animal skin coats.

One look and one could tell that it was Mo Ba's courtyard's people who had come out to look for the bird.

When the few demonic beasts heard Xiao Changtian's words, they looked at each other.

Fortunately, he didn't show any disrespect to Xiao Changtian just now. The person in front of him actually knew that he was waiting for them. More importantly, they knew that their Lord had built a courtyard for them. Then, a demonic beast guard made a gesture to Xiao Changtian.

"Please follow me!"

Mo Ba heard the conversation between Xiao Chang Tian and those Monster Race guards and understood.

It turned out that everything was within Senior's calculations.

Soon, Xiao Changtian and the others arrived in front of a courtyard under the guidance of a few demonic beast guards.

"It's just ahead."

As they spoke, the demonic beast guards also slowly walked in.

Upon entering the courtyard, Mo Ba's eyes flashed with a trace of shock.

This courtyard was exactly the same as the one he had on the Tian Yuan Continent.

Moreover, there seemed to be an array set up in the courtyard that could make the spiritual energy in the courtyard even denser.

Seeing this courtyard, Mo Ba sighed in his heart.

It seemed that the Blue Luan had made a lot of preparations for Senior's arrival.

Xiao Changtian saw that the courtyard was empty. There were only a few people.

It seemed that the bird was really important to the people in their courtyard.

Most of them had gone out to look for food.

As he thought of this, Xiao Changtian slowly said to Mo and the others,”

“You can rest assured and stay here.”

Looking at the empty courtyard, Xiao Changtian was moved.

After leaving last time, he only left them a little bird.

Even if the bird did not disappear, they would still have to live a hard life after eating it.

It was better to teach a man to fish than to teach a man to fish. This time, he came not only to teach Li Taibai how to hunt.

Furthermore, he had to teach Mo Ba and the others the way to hunt.

This way, they could eat well in the future.

When Mo Ba heard Xiao Changtian’s words, his face was filled with joy.

“Thankyou, Senior!”

The density of the spiritual energy this time was several times that of his previous courtyard.

If he could cultivate here, his realm breakthrough would be even faster.

It was the same for the few demonic beast guards. It was also their first time entering the courtyard.

Due to the array formation, the spiritual energy here was denser than outside. The fact that they could cultivate here was also quite beneficial to them. According to the instructions of the Blue Luan, they had to stay and serve Xiao Changtian after they found him.

Following that, they imitated Mo Ba and said to Xiao Changtian,”

“Thankyou, Senior!”

Seeing their grateful faces, Xiao Changtian waved his hand at them.

It seemed that their lives were really hard.

That’s right. They even had trouble with that plate last time.

Then, Xiao Changtian said to Li Taibai,”

“Taibai, pack up. I’ll teach you how to hunt..”

Chapter 373: You Can Be Like A Monkey If You Have A Day On The Wall_i

Divine World, Demon Race Hall

The Blue Luan had just brought Li Wushuang into the hall.

Then, a demonic beast guard walked in from outside.

“Reporting to Master, the scouts have reported that they have found Mo Ba and the others.”

The Blue Luan heard the news as soon as it stepped into the hall, and its face was filled with joy.

That’s great. It seems that Senior Divine Monkey has already arrived.

There was hope for the God Burial Mountain Range this time.

Then, the Blue Luan looked at Li Wushuang.

This guy was really strange. He had just invited him to the Demon Race’s main hall.

I have the information of Senior Godly Monkey.

If it wasn’t for the fact that Senior Black Tortoise didn’t have any ill intentions last time, he would probably be gone.

It seemed like Li Wushuang was a jinx. He was just lucky last time.

With this thought in mind, the Blue Luan slowly said to Li Wushuang, “Daoist Wushuang, I’m going to see a senior. How about we go together?” The Blue Luan didn’t dare to leave Li Wushuang alone in the Monster Race Hall. If he were to bring in any bad luck for the Demon Race’s main hall, wouldn’t it add insult to injury?

Li Wushuang was delighted to hear the Blue Luan’s words.

Meet a senior? The fact that the Blue Luan could address him as a senior meant that he was a key figure in the Demon Race's main hall.

He didn't expect to be able to get in touch with the other party's core circle as soon as he arrived.

This damned luck of his.

With this thought in mind, Li Wushuang quickly said to the Blue Luan,

"Alright, alright."

Then, the Blue Luan took the lead and flew out.

In the courtyard

Xiao Changtian watched as Li Taibai moved his bamboo basket over.

Looking at his exhausted appearance, Xiao Changtian covered his face.

Fortunately, it was much better than the others. At least Li Taibai could carry it alone.

Xiao Changtian comforted himself and took out a wooden stake from the bamboo basket.

He placed it in front of him and walked to the shade of the tree in the courtyard.

He picked up a tree root and said to Li Taibai,"

"Taibai, listen up. When dealing with prey, you have to understand their habits..."

“When fighting with them, you must also grasp their vital points and hit them in one blow.”

“Next, I’ll demonstrate it to you.”

Although he did not know how to cultivate, his martial arts was still rated as the maximum level by the system.

It should not be a problem for him to teach his disciple to deal with some wild beasts.

Xiao Changtian waved the tree root in his hand and attacked the wooden stake in front of him.

His methods were all aimed at the weak points.

Li Taibai, who was watching from the side, was already mesmerized.

In his eyes, Xiao Changtian had already merged with the world.

The root in his hand was like a sharp sword.

Every time he waved his hand, the Spiritual Qi between heaven and earth would automatically gather in Xiao Changtian’s direction.

Spirit Qi surged, and the tip of the sword lit up.

Every move contained the truth of the Great Dao.

At this moment, Xiao Changtian was the ruler of this world!

Li Taibai could feel that no matter who was standing in front of his master, he would not be able to do anything.

They would be like the wooden board in front of their master, unable to move at all and could only wait for the attack to descend.

Ever since Xiao Changtian taught him the Single Sword Strike, he had always thought that he had learned it well.

However, after witnessing Xiao Changtian's teachings, Li Taibai realized how big the gap between him and Xiao Changtian was.

Bang!

Xiao Changtian sat down and hit the tree root on the wooden stake.

At this moment, a sharp sword intent was released from the sky above the courtyard.

Bang! The sword aura rippled in the air above the entire courtyard.

Everyone within a few hundred miles felt their weapons tremble as if they were afraid of something.

"Heavens, what kind of sword intent is this? Could it be that a sword cultivator has appeared in our demon race?"

"Looking at this direction, it's the location of the Demon Race's main hall. Could it be that a God Emperor has also appeared in the Demon Race's main hall?"

Some of the old demons in the deep mountains and old forests looked in the direction of the Demon Race's main hall and speculated.

At this moment, Xiao Changtian looked at the crack on the wooden stake and felt helpless.

Fortunately, he had just retracted his strength. Otherwise, this wooden stake would have been crippled.

It seemed that the firewood in the courtyard was not very good recently. She should get Ye Fan to find some good trees when she went back.

Then, Xiao Changtian handed the root to Li Taibai and said,”

“Taibai, I don’t have high expectations for you.”

Li Taibai slowly took the root from Xiao Changtian’s hand. He looked at the wooden stake in front of him with a serious face.

Although the wooden stake in front of him was an immortal artifact, his master had high hopes for him.

He couldn’t disappoint him.

When Mo Ba and the Demonic Beast guards who had been watching from the side heard Xiao Changtian’s words, they swallowed a mouthful of water.

This senior’s requirements for his disciples were too...

At this moment, the Blue Luan and Li Wushuang slowly flew toward the courtyard.

Sensing the peerless sword essence coming from the courtyard, the Blue Luan’s expression changed.

Did something happen?

Then, the Blue Luan sped up and flew towards the courtyard.

Li Wushuang also felt the peerless sword intent.

Just a moment ago, the sword at his waist had the urge to break out of its sheath.

Li Wushuang gritted her teeth as she looked at the Blue Luan.

It's okay. I'm a lucky star now. I'll definitely be able to turn bad luck into good fortune.

For the treasure, no, for the mission, charge!

Then, Li Wushuang turned into a streak of light and chased after him.

Soon, the Blue Luan and Li Wushuang landed outside the courtyard.

At this moment in the courtyard

Li Taibai had already attacked the wooden stake according to his own understanding of the moves that Xiao Changtian had just taught him.

Xiao Changtian also looked at Li Taibai helplessly.

This disciple of his was too untalented.

It was such a simple move. It was fine if he could not learn it.

More importantly, he couldn't even hit a wooden stake.

As for Mo Ba and the Demonic Beast guards, they looked at Xiao Changtian's expression, as if he was not satisfied, and they were also trembling.

Although this senior's disciple's moves were not as powerful as the moves that senior had just displayed.

However, it was not something that ordinary people could block. With that move just now, he would probably be gone if he went up.

Xiao Changtian looked at Li Taibai and waved at Monkey.

"Monkey, go and hit that wooden stake."

When Monkey heard Xiao Changtian's words, he walked over eagerly.

He punched the wooden stake.

Bang! As Monkey's punch landed, a small groove appeared on the wooden stake.

It seemed that his previous judgment was not wrong. The quality of the firewood was not good.

Even a monkey could make a dent in it.

Why couldn't this Tai Bai move?

He couldn't figure it out, he couldn't figure it out.

Then, Xiao Changtian looked at Li Taibai's sweating face and walked over to him,"

"Taibai, rest for a while. I believe that you can be like a monkey one day."

Although Tai Bai wasn't talented, he was hardworking.

Xiao Changtian still believed that he would be able to do it one day..

Chapter 374: Lord Wu Gong, God Burial Mountain Range is a done deal!_!

Divine World, within a courtyard.

Li Taibai nodded to Xiao Changtian after hearing his words.

Master had high hopes for him. He definitely couldn't disappoint him.

One day, he would definitely be able to create a crack on his master's immortal artifact like Senior Divine Monkey.

This time, his master brought him out to temper himself.

Thinking of this, Li Taibai was filled with fighting spirit again.

And all of this was taken in by Mo Ba and the few Demonic Beast guards.

They finally understood why Xiao Changtian wasn't satisfied just now.

It turned out that the senior wanted his disciple to be like that monkey and make a groove on the wooden stake.

Wait, monkey?

The few demonic beast guards suddenly felt that they had overlooked something.

When they had received Xiao Chang Tian and the others, their attention had been focused on confirming Mo Ba's identity.

He didn't even notice the monkey beside Xiao Changtian.

"Look..."

A Demonic Beast guard looked at the monkey that was slowly walking past the wooden stake and said to the others in fear.

Following that, the other demonic beast guards also looked in the direction of his finger.

They saw Monkey posing next to the wooden stake.

Then, a huge phantom of a divine monkey appeared before their eyes.

As soon as the Divine Monkey phantom appeared, a pressure from its bloodline made the few demonic beast guards tremble.

He almost knelt down to worship her.

Meanwhile, Mo Ba had already dodged to the side. This wasn't the first time he had felt the monkey's pressure.

At this time, Xiao Changtian also walked to the wooden stake, intending to put it away.

Seeing the monkey standing beside the wooden stake, Xiao Changtian picked it up.

"Go play by yourself."

Xiao Changtian said, then he moved the wooden stake to the bamboo basket, intending to fix it.

After all, there was a crack and a groove on it.

With Xiao Changtian's hug, the pressure of the divine monkey that had descended on the demonic beast guard also slowly dissipated.

Sensing the pressure on his body dissipate, a Demonic Beast guard bowed respectfully to Monkey.

They finally understood. That was the senior divine monkey they had been thinking about.

No wonder Lord Blue Luan wanted them to come out and wait for Mo Ba.

At this moment, the Blue Luan brought Li Wushuang to the outer area of the courtyard and caught sight of the scene inside.

The Blue Luan finally understood.

That peerless sword intent just now was not an attack from someone, but a senior teaching his disciple.

Fortunately, in order to take care of the feelings of the seniors and the others, he arranged for them to come to this courtyard.

After all, the residences of humans and demons were still different.

Otherwise, in the Demon Race's main hall, which demon beast would be blind enough to provoke Senior?

It would probably be difficult for him to survive.

When Li Wushuang saw the monkey in the courtyard, she shivered.

Could this be the legendary Divine Monkey that killed the Blood Dragon, Qing Qiu, and Huang Yuan?

He didn't expect that he would actually stand on the Blue Luan's side.

Li Wushuang suddenly felt a little guilty at the thought of being a spy for Patriarch Wu Gong.

And the peerless sword intent just now, just thinking about it made him shocked.

Such important news had to be sent back quickly.

With this thought in mind, Li Wushuang quickly gathered her True Qi and injected it into the insects on her body.

"Reporting to Lord Wu Gong, a peerless sword intent expert has appeared in the Demon Race's main hall. I'm afraid that the strength of the Blue Luan and the others..."

"Let's go in."

Before Li Wushuang could finish her words, she was pulled into the courtyard by the Blue Luan.

He had to keep an eye on Li Wushuang, this jinx.

If he accidentally offended Senior, that would be bad.

"And the Divine Monkey has returned. The current strength of the Demon Race's main hall, right... Unfavorable."

“Hurry up.”

Li Wushuang wanted to say that it was disadvantageous for them, but the Blue Luan’s voice sounded again.

At the same time, the strength he used to pull Li Shuang’s arm increased.

Xiao Changtian was fixing a wooden stake on the steps when he saw the Blue Luan bringing Li Wushuang in.

Sigh, he didn’t expect that even the women in Mo Ba’s courtyard would have to go out to look for birds.

These days, it’s really hard.

It was really not easy to bring a family along.

Looking at the way she was pulling the man behind her, he must be her son.

Her son had grown up, yet she still had to bring him out to look for birds.

Not easy, not easy.

With this thought in mind, Xiao Changtian took the lead and said to the Blue Luan,”

“I know. You guys stay here well. Leave the rest to me.”

Just like the demonic beast guards, Xiao Changtian also planned to let the Blue Luan and the others stay here.

If the birds were gone, so be it. He would just go out and kill a few.

Then, Xiao Changtian waved his hand at Li Taibai.

“Tai Bai, I’m here for them. I think you should go out and help them.”

Although Li Taibai wasn’t good at fighting wooden stakes, Xiao Changtian still wanted him to go out and gain some experience.

Perhaps at the critical moment, he could stimulate his potential and defeat a ferocious beast.

Wasn’t that what the books in his previous life had written?

This way, the people in the courtyard would have meat to eat.

Moreover, when he was accepted as a disciple, the system had given him a high evaluation of his talent.

Even though this stupid system was not very reliable.

Li Taibai also walked to Xiao Changtian and said,”

“Alright, Master.”

When the Blue Luan heard Xiao Changtian’s words, it also looked at him with gratitude.

Thinking back to how Xiao Changtian had helped her break through to the God Emperor Realm on the Tian Yuan Continent.

The purpose of his visit was clearly within Senior’s grasp.

Although Senior didn't have Senior Divine Monkey's help, he didn't have the Divine Monkey's help.

However, Senior's disciple was also unfathomable when he looked at her.

After hearing Xiao Changtian's words, Li Wushuang heaved a sigh of relief.

According to this person's meaning, he did not intend to let the divine monkey participate in the God Burial Mountain Range tomorrow.

Moreover, he didn't want to go either. That way, the peerless sword cultivator and the divine monkey wouldn't make a move.

Sending only one disciple, wasn't this person dragging things out too much?

Li Wushuang glanced at Li Taibai again and again, then she walked to the side of a few demon beast guards.

"Brother, how does this senior's disciple's strength look in the courtyard?"

To be safe, she went one step further.

"Not satisfied. Senior doesn't seem to be satisfied with him."

A demonic beast guard thought for a moment and slowly said.

Li Wushuang was delighted to hear this.

Just as he had guessed, this person was too arrogant.

He actually allowed his disciple to participate. That kid looked like he had only cultivated for a few years.

It seemed that the God Burial Mountain Range was safe this time.

With this thought in mind, Li Wushuang quickly sent a voice transmission to the bug.

Lord Wu Gong, this God Burial Mountain Range is a sure thing!

Chapter 375: Bringing Disaster to the Demon Race's Main Hall So Quickly (1)

Divine Realm, in the courtyard.

Seeing Li Taibai walking out of the courtyard, Xiao Changtian thought of something and said to Li Taibai slowly,"

"Tai Bai, remember to bring the old hen with you."

Although Xiao Changtian hoped that Li Taibai would be able to stimulate his potential, it was still a small probability.

It was better to let Li Taibai bring the old hen with him and create a trap.

With the old hen as bait, a ferocious beast might take the bait.

After all, didn't those ferocious beasts especially like to eat chicken?

When Li Taibai heard Xiao Changtian's words, he nodded slowly.

Standing beside Xiao Changtian, the Green Phoenix heard his words.

He walked to Xiao Changtian and said slowly,”

“Senior, my beloved disciple isn’t familiar with this place, so I’ll lead the way.” After all, the competition in the God Burial Mountain Range was the tradition of the demonic beast world. The Blue Luan was afraid that Li Taibai was not familiar with the rules.

She also asked Xiao Changtian to bring her along.

Xiao Changtian slowly nodded after hearing the Blue Luan’s words.

As expected, women were worried about their families.

Xiao Changtian knew that even if he didn’t let her go, she would still insist on going.

In that case, it would be better to agree to him from the beginning.

Moreover, Tai Bai’s martial strength was indeed too low. It was good to have someone who was familiar with the roads in the mountains to lead the way. Then, Xiao Changtian said to Li Taibai,”

“Taibai, you should listen to this person’s opinion when you’re outside.”

Li Taibai saw Xiao Changtian pointing at the Blue Luan and nodded at her.

“I wouldn’t dare. I’m already very happy that you can help me.”

Seeing Xiao Changtian being so polite to her, the Blue Luan hurriedly responded.

Xiao Changtian sighed when he saw the grateful look on the Blue Luan's face. The people in the mountains were simple and honest.

Wugong Underground Palace

Patriarch Wu Gong sat cross-legged in the main hall. It seemed that he was resting with his eyes closed.

At this moment, the bugs on his body also slowly flew up.

"It seems that Li Wushuang has already sent news from the Monster Race Hall."

Patriarch Wu Gong opened his eyes and looked at Patriarch Nine Nether and Patriarch Earth Python below as he spoke slowly to them.

Then, Patriarch Wu Gong waved his hand, and a pale yellow true essence was injected into the worm.

Li Wushuang's voice came out of the bug.

"Reporting to Lord Wu Gong, a peerless sword intent expert has appeared in the Demon Race's main hall. I'm afraid that the strength of the Blue Luan and the others..."

Peerless sword intent?

Patriarch Wu Gong, Patriarch Nine Nether, and Patriarch Earth Python were all shocked when they heard Li Wushuang's voice transmission.

Previously, they had also felt their weapons tremble.

It turned out that an expert with peerless sword intent had appeared in the Demon Race's main hall.

The sword was the master of weapons and the king of killing.

It was one of the most powerful mantras. He did not expect it to appear in the Demon Race's main hall.

"From what Li Wushuang said, the Monster Clan Hall was attacked by a peerless sword intent expert."

The Earth Python Patriarch stroked his beard and slowly said.

"It seems so. Otherwise, why wouldn't Li Wushuang finish her sentence? Apparently, the connection was cut off by a sword intent."

As Patriarch Wugong said that, a smile appeared on his face.

"Looks like this Li Wushuang is really unlucky. She brought disaster to the Monster Race Hall so quickly."

"Peerless sword intent. The Blood Sickle Empire was destroyed by a sword cultivator on the human side a while ago. I wonder what kind of damage it can cause to the demon palace."

After listening to their conversation, Old Ancestor Jiuyou slowly analyzed the situation.

"There's no hurry. Li Wushuang has sent some other news."

As he spoke, Patriarch Wu Gong continued to inject True Essence into the insect.

Then, Wushuang's voice came from the bug.

"And the Divine Monkey has returned. The current strength of the Demon Race's main hall, right... Unfavorable."

"What? Divine Monkey?"

Upon hearing the name Divine Monkey, Patriarch Earth Python's body instinctively trembled as he cried out in surprise.

The divine monkey killing three Godly Emperors in a row had a huge impact on them.

"What are you panicking about? Didn't you hear what Li Wushuang said? The Monster Race Palace is at a disadvantage right now."

Patriarch Wu Gong looked at Patriarch Earth Python and patted him on the shoulder.

"Looks like our analysis wasn't wrong. The Divine Monkey attacked the Monster Clan's main hall because of Li Wushuang."

Upon hearing this voice transmission, Old Ancestor Jiuyou's mood lightened up.

"Men, go to the Demon Race Hall and see if that little girl, Blue Luan, is dead."

Then, Old Ancestor Nine Nether issued a series of orders.

"Is there any other news?"

After hearing the words of Old Ancestor Nine Nether and Old Ancestor Wu Gong, Old Ancestor Earth Python was a little embarrassed.

He had indeed been frightened by the words 'divine monkey'.

"There's another piece of news."

Patriarch Wu Gong said.

Li Wushuang's voice rang out as she poured in the last strand of True Qi.

"Lord Wu Gong, this God Burial Mountain Range is a sure thing!"

Hearing Li Wushuang's voice transmission, the three elders looked at each other and laughed.

Since Li Wushuang had made such a promise, the Demon Clan Hall must have suffered heavy losses under the attack of the peerless Swordsman and the Divine Monkey.

"Men, serve the wine and dishes!"

Feeling happy, Wu Gong also called the servants to start eating.

On the other side, after Li Taibai left the courtyard.

He followed Xiao Changtian's orders and kept the hen on his body.

Blue Luan and Li Wushuang were standing beside Li Taibai.

"Young master, please follow me."

After saying that, the Blue Luan stretched out her hand and waved. A spirit ship quickly grew from the Blue Luan's hand.

Finally, it floated in midair.

The Blue Luan had spent a lot of money to buy this from the human race.

Originally, with their demon race's personality, they usually transformed into their true forms when they traveled.

That way, not only would it be faster, but it would also be able to deal with all kinds of variables at any time.

However, Xiao Changtian had taken a carriage to the Beast Emperor Mountain Range.

The Blue Luan had also prepared this spirit ship in advance.

Then, the Blue Luan took the lead and boarded the spirit ship, followed by Li

Wushuang and Li Taibai.

After boarding the spirit ship, the Blue Luan slowly said to Li Taibai,

“Young Master, rest on this spirit ship for the night. I'll have to trouble you tomorrow.”

Li Taibai nodded at him.

He brought the old hen to the room on the spirit ship.

Since his master had asked him to help the demon beast and listen to her instructions, he had to be careful.

Li Taibai naturally wouldn't go against his wishes.

Li Wushuang watched as the spirit ship slowly flew away. Everything seemed to have settled down.

He was also excited.

It seemed that his luck was really good to the extreme.

Once he stepped out, that peerless sword cultivator and the divine monkey wouldn't help. Instead, they were just a silly kid helping out.

More importantly, he had already investigated.

This kid's talent was average, and there was no aura on his body. He was simply not proficient in his skills.

There was also the Blue Luan, who was actually so respectful to this brat.

It seemed that becoming the commander of Wu Gong's underground palace would save his treasure.

It was just around the corner!

Li Wushuang stood on the deck of the spirit ship, feeling refreshed..

Chapter 376: The Eve of the Competition (1)

|

In the Divine Realm, on the Spirit Boat in mid-air

After the Blue Luan took Li Taibai onto the spirit ship, it flew towards the direction of the Demon Race's main hall.

When they arrived outside the main hall, the Blue Phoenix also brought up the Blue Phoenix First Elder and the others who were already outside the main

hall.

They placed great importance on the competition in the God Burial Mountain

Range.

After boarding the spirit ship, although the Blue Phoenix's first elder and the others did not know why the Blue Phoenix would use the human race's spirit ship to travel, they did not know why.

Moreover, after scanning the spirit ship, he only found Li Wushuang.

There was no sign of the divine monkey.

There was only one Godking? And a human

It seems that Master hasn't found Senior Divine Monkey after running around

for the past few days?

"In that case, we can only fight with our lives on the God Burial Mountain

Range this time.

A look of disappointment flashed across the Blue Phoenix First Elder's eyes as she silently said in her heart.

They looked at the Blue Luan who was controlling the spirit ship and knew that she was under great pressure now.

He did not go over to ask anything.

According to the speed of this spirit ship, the time they went to the God Burial

Mountain Range was also the time for the competition.

Therefore, after boarding the spirit ship, First Elder Green Phoenix and the others randomly found a seat on it.

He sat down cross-legged and closed his eyes to rest.

At this moment, in a room on the spirit ship.

Li Taibai's mind was filled with the scene of Xiao Changtian's attack in the courtyard.

From time to time, he would stand up from the bed and gesture.

At this moment, the old hen also jumped down from the table at the side.

"Kid, stop practicing and rest well. You still have to find ingredients tomorrow.

Those things are not easy for you."

The old hen looked in the direction of the God Burial Mountain Range and slowly transmitted her voice to Li Taibai.

Li Taibai received Phoenix's voice transmission and smiled at him. Then, he lay back on the bed.

Since Senior Phoenix said that it was not easy for him, he would have to rest well and wait for tomorrow's challenge.

At this moment, the hen threw a stone at Li Taibai.

“I just brought it out of the courtyard this time. You can also contact Master when the time comes.”

As soon as the old hen finished speaking, Li Taibai saw a stone on his stomach.

The Profound Shadow Stone modified by Master?

Li Taibai looked at the stone in his hand and was about to ask the hen something.

He saw that the old hen had already retreated to the side and was sleeping soundly.

After playing with the stone in his hand, Li Taibai didn't dare to think about it anymore and fell asleep on the bed.

A silent night

The next day, when the first ray of sunlight shone into the spirit ship.

An ancient mountain range that was filled with a desolate aura slowly entered the eyes of the Green Phoenix and the others.

Looking at the mountain range in front of them, First Elder Green Phoenix and the rest stood up from the ground.

Then, the spirit ship slowly landed at the entrance of the mountain range.

The spirit ship stopped. First Elder Blue Phoenix and the others suddenly felt as if they were facing death unflinchingly.

They came to the side of the Blue Luan and slowly said to him,

“Master, don’t worry. Even if we lose our lives, we will still protect the territory of the Demon Race’s main hall.”

“Hahaha!”

As soon as the Green Phoenix First Elder and the others finished speaking, a mocking laughter sounded in the world.

Everyone looked towards the source of the sound and saw a pale yellow whirlwind blowing past.

Then, Patriarch Wu Gong’s figure appeared in front of them.

Soon after, Old Master Nine Nether and Old Master Earth Python slowly appeared at the entrance of the mountain range with their respective troops. “Blue Luan, did your Demon Race’s main hall suffer some kind of calamity? You’re actually using a human’s spirit ship to travel.”

Human spirit ships had always been disdained by the demons.

The ancestor of the Earth Python laughed loudly when he saw the Blue Luan and the others.

It seemed that the information Li Wushuang had sent was not wrong.

The Demon Race’s main hall was indeed attacked by the peerless Swordsman and the Divine Monkey.

Otherwise, how could he have fallen to the point of using a spirit ship to travel? Old Ancestor Nine Nether looked at the Blue Phoenix and the others with a cold smile.

“Morning.”

First Elder Blue Phoenix and the others were about to retort after being mocked by Patriarch Wu Gong and the others.

She heard the sound of someone who had just woken up coming from behind her.

It was Li Wushuang, who was on the spirit ship.

When they saw Li Wushuang, First Elder Blue and the others were stunned at first, then their faces were filled with humiliation.

Even if His Lord had brought her here, she was too much of a disgrace to the Monster Clan.

The Blue Luan was speechless when it saw Li Wushuang.

It wasn't that she wanted to bring Li Wushuang over, but she was afraid that she would leave her in the Monster Race Hall.

If he didn't finish the competition, his hall would be gone.

Bring him here and have Senior's disciple suppress him.

After Li Wushuang appeared, Li Taibai and the hen slowly appeared in front of everyone.

“Look, there's a mortal in the Demon Race's main hall.”

One of the Demonic Beast guards under Patriarch Earth Python watched as Li Taibai slowly walked down from the spirit ship and laughed.

“It really is, hahaha... Mortal.”

Seeing Li Taibai, the Demonic Beasts under Old Ancestor Earth Python and Old Ancestor Nine Nether burst into laughter.

Patriarch Wugong also mocked,

“Blue Luan, is there no one left in your main hall? You actually captured a mortal to make up the numbers.”

His gaze swept across Li Taibai, but there was no aura at all.

He even had a hen with him.

It was obvious that the Blue Luan had gone to a small human village to capture a mortal to make up the numbers.

It wasn't like they hadn't captured the mortal Patriarch Wu Gong before. Therefore, they knew that the mortals in those villages liked to raise chickens.

It seemed that the Demon Race's main hall had really suffered a lot of losses and needed mortals to make up for it.

Unfortunately, the Blue Luan did not die.

However, looking at his appearance, he should be strong on the outside but weak on the inside.

In the face of Patriarch Wu Gong and the others' mockery, First Elder Blue Phoenix and the others also had ashen expressions.

“Master, what's going on?”

An elder of the Blue Luan asked.

Li Taibai's appearance was clearly beyond their expectations.

They did not go to the room last night.

He had also looked at Li Taibai repeatedly just now, but there was no aura on his body.

A mortal, no doubt.

Even if they couldn't find Senior Divine Monkey, they didn't need a mortal to make up the numbers.

Most importantly, they did not lack people.

Elder Green Phoenix could not understand why Green Phoenix had brought a mortal over.

The Blue Luan also took a step forward in the face of the elder's questioning and the mocking laughter from the other side.

"Wu Gong, don't be too smug. With the young master here, you'll all have to wait for your defeat today."

"Hahaha, what did you say? Calling a mortal a young master and expecting a mortal to deal with us?"

When the Earth Python Patriarch heard the Blue Luan's words, he could not stop laughing.

First Elder Blue Luan and the others were also a little surprised when they heard Blue Luan's words.

None of them understood why the Blue Luan was so respectful to a mortal. His Lord hasn't been attacked in the past two days.

"Everyone, don't be anxious. Believe in my Lord."

At this moment, the First Elder of the Blue Phoenix still transmitted his voice to everyone slowly to stabilize the morale of the army.

At the same time, Patriarch Wu Gong's faint voice sounded.

"Since you're all here, let's begin."

Patriarch Wu Gong could not wait to divide the territory of the demon hall..

Chapter 377: Entering the Mountain Array, the Hardest Trial?_1

God World, God Burial Mountain Range

As soon as Patriarch Wugong said that, the people behind him and Patriarch Nine Nether became restless.

"It's finally about to begin. Thinking of those demonesses in the Demon Race Hall, hehehe..."

"Hahaha, we still like their master, the Blue Luan..."

"Haha, brother, you're still the best."

The mocking voices of Patriarch Wu Gong's subordinates rang out in the valley.

When they arrived at the valley, a blue light lit up.

Bang! As the light shone, the rocks around the valley fell.

A large array rose in front of the Blue Phoenix and Patriarch Wu Gong.

“Blue Luan, you can choose which path you want to take first.”

Patriarch Wu Gong looked at the formation in front of him and stood behind him with his hands. He said to the Blue Luan in an arrogant manner.

“Master, let me go first.”

The Buried God Mountain Range was the training ground for demonic beasts.

It wasn't a place where anyone could enter as they pleased.

If they could not even enter the God Burial Mountain Range, then there was no need to talk about a competition.

At this moment, Tie Zhuang stood out from behind the Blue Luan. He also wanted to take the lead.

“Yes, yes.”

Seeing the Blue Luan nod at him, Tie Zhuang also appeared in front of the formation in a flash.

Arriving in front of the array, Tie Zhuang slowly condensed his true essence.

His face turned red, and his body changed.

Roar!

A huge rhinoceros appeared in front of everyone.

In order to raise the morale of his side, Tie Zhuang also directly used his full strength from the beginning.

In his true form, the aura of the Divine Emperor enveloped the valley.

For a moment, the subordinates of Patriarch Wu Gong, who had mocked the Blue Luan just now, were a little shocked.

Tie Zhuang glanced at them and walked towards one of the passages.

Suddenly, a screen of light appeared in the sky above the valley.

It showed the situation that Tie Zhuang had encountered in the array.

All the checkpoints in the God Burial Mountain Range had two entrances. It was to make it convenient for the demon juniors to compete.

Moreover, the situations encountered at different entrances were different.

Tie Zhuang entered the formation and saw a lava lake.

Bang! Bang! Bang!

The lava lake in front of him was boiling, and the high temperature emitted by it could be felt through the light screen.

“Sigh, it seems that the heavens are really helping us. That guy in the Demon Race Hall seems to be very awesome.”

“I didn’t expect to encounter the most difficult trial of fire as soon as I entered.”

“That’s right, that’s right. I heard that he used to be a subordinate of the Blood Dragon Demon Thearch. After the Blood Dragon fell, he joined the Blue Luan.”

“Sigh, stop talking. This kind of fence-sitter deserves his bad luck.”

On the other side, the Blue Phoenix First Elder’s face turned ashen when she heard the chattering of Patriarch Wu Gong’s subordinates.

Tie Zhuang was one of the earliest people who had followed their Cyan Phoenix Clan.

Even though he was under the Blood Dragon, he still took good care of the Cyan Phoenix Clan.

If Patriarch Wu Gong and the others were not on the opposite side, First Elder Blue Phoenix would have gone over to fight.

At this moment, on the screen, Tie Zhuang also roared towards the sky.

Roar! A powerful aura swept across the entire lake, shaking the lava on the surface of the lake.

Then, the true essence on his body condensed and wrapped around his entire body. Then, he braced himself and rushed towards the surface of the lake.

Bang! Bang! Bang!

Tie Zhuang walked on the surface of the lake, and his body was occasionally invaded by lava.

By the time they reached the other side, there were already a few wounds on their bodies.

Old Ancestor Wu Gong's subordinates burst into laughter when they saw Tie Zhuang's reaction.

"As expected, this guy looks awesome when he appears, but he's actually a noob."

The Emperor God was considered one of the top combatants on both sides.

Breaking into the mountain formation was already like this. It would be fine if they officially competed in the future.

Old Ancestor Wu Gong saw that although Tie Zhuang had made it through, wounds had appeared on his body.

A smile appeared on his face.

The reason why Tie Zhuang had chosen to be the first one was to let Li Wushuang's bad luck befall the Blue Phoenix's camp.

As expected, the Blue Luan's men wanted to send a God Emperor to increase their strength.

They had encountered the most difficult trial, and their arrogance had been suppressed in an instant.

At this moment, Patriarch Wu Gong waved his hand.

"Xiao 'er, you go."

As soon as Patriarch Wugong finished speaking, a figure walked out from behind him.

Seeing this figure, the subordinates behind Patriarch Wu Gong shouted.

“Saint Child!”

“Saint Child!”

“Saint Child!”

Wu Xiao, the Holy Son of Wu Gong’s underground palace, had already reached the God Emperor Realm at a young age.

He was the next successor personally confirmed by Patriarch Wu Gong.

Wu Xiao walked out from the crowd and bowed to Patriarch Wu Gong.

Then, his figure flashed and he arrived in front of the entrance array.

As soon as he stepped in, a screen lit up in front of everyone.

Looking at the situation on the screen, Patriarch Wu Gong’s subordinates sighed.

“As expected of the Holy Son, he has the providence of the heavens. Compared to that big guy just now, the moment he entered, it was the simplest trial of earth.”

“That’s right. The heavens have blessed my underground palace.”

Even Old Master Abysmal and Old Master Earth Python looked at the light screen with delight.

At the level of a God Emperor, it was very rare for one to encounter an earthly trial.

On the other side, the first elder of the Green Phoenix was also furious after hearing their words.

Patriarch Wu Gong's luck was indeed better.

On the screen, Wu Xiao looked at the ground in front of him and the huge rocks that moved from time to time.

The pale yellow true essence on his body lit up, and he used the movement technique of Wu Gong's underground palace.

In a few breaths, he easily dodged the attacks of the giant rocks and passed through the formation.

After Wu Xiao passed, Patriarch Wu Gong said to the Blue Phoenix and the others,

“Blue Luan, see you in the God Burial Mountain Range.”

After Tie Zhuang entered, the trial on the Blue Luan's side could no longer be changed.

In other words, if Blue Phoenix and the others wanted to enter the God Burial Mountain Range, everyone had to pass the Fire Trial.

As soon as he finished speaking, Patriarch Wu Gong was about to lead the people around him to challenge the earthly trial.

When Old Ancestor Nine Nether and Old Ancestor Earth Python walked past the Blue Phoenix and the others.

He also smiled maliciously.

They were certain that the Blue Luan must have been attacked by the peerless sword xiu and the divine monkey.

After entering the most difficult trial of fire, it was hard to say how many would come out.

“Right, remember to protect your mortals.”

As they were about to enter the array, Old Ancestor Jiuyou seemed to want something as he mocked the Blue Luan.

After hearing Old Ancestor Jiuyou’s words, the Great Elder of the Blue Phoenix was furious.

“Master, I’ll go...”

The Blue Luan reached out and blocked his way, shaking its head at him.

Although they had drawn the most difficult trial of fire, they had to enter the God Burial Mountain Range.

This was because if they did not enter, they would have to give up all the territory of the Demon Race’s main hall.

After Patriarch Wu Gong, Patriarch Nine Nether, and Patriarch Earth Python led their respective teams in, they were all stunned.

The Blue Luan waved her hand at the people behind her and walked into the array..

Chapter 378: Ten Million Spirit Stones, Territory as a Bet

God World, God Burial Mountain Range

After entering the mountain entrance array, the Green Phoenix First Elder looked at the people behind her.

“Everyone, don’t panic.”

Although they were all experts, Tie Zhuang, who was at the God Emperor Realm, was injured when he went over.

They were all a little worried.

Li Wushuang followed closely behind the Blue Luan.

At this moment, he was also a little afraid, even though he was here to be a spy. However, he had to protect his life. The luck of this Demon Race Hall was too bad.

If he had known earlier, he would have been the first one to come.

He thought that with his luck as a lucky star, he would definitely be able to obtain the Earthly Trial like Patriarch Wu Gong.

At this moment, Li Taibai also saw the change in everyone’s expressions.

He said to the old hen in his arms.

“Senior Phoenix, thank you.”

Li Taibai remembered Xiao Changtian's instructions to help the Blue Phoenix and the others.

At this moment, the old hen also glanced at the Green Phoenix and the others. Then, they looked at the surface of the lake, and the boiling lava lake in front of them suddenly calmed down.

"What's going on? What just happened? This lake doesn't seem so scary anymore."

An elder of the Blue Phoenix Clan saw that the lake had calmed down and floated above it.

After realizing that the lava below would not attack him, he quickly flew to the other side.

After seeing a Blue Phoenix elder fly over unscathed, he was shocked.

The other Blue Phoenix elders and the experts from the Demon Race Main Hall were also excited.

Although they did not know what had happened, at least their worries had been resolved.

In an instant, everyone had passed through the lake unscathed.

At this time, Li Wushuang looked at the calm lake and felt a burst of joy.

As expected, after he, a peerless lucky star, entered, everything was different. His luck suddenly improved, and even the lava lake gave way to him. Thinking of this, Li Wushuang smiled.

When they arrived at the opposite shore, the Blue Luan also glanced in Li Taibai's direction.

She had a feeling that this change was definitely related to Senior Geng's disciple.

When Li Taibai felt the Blue Luan's gaze, he smiled back at him.

On the other side, Patriarch Wu Gong and the others had also passed through the mountain-entering array.

He saw that the exit on the other side was empty. There was basically no one there except for Tie Zhuang, who had entered first.

“Do you think that the Demi-human race’s main hall will be wiped out in the Trial of Fire?”

“Hey, let’s make a bet. Guess how many people will come out from your side.” A guard of Wu Gong’s underground palace walked up to Tie Zhuang and said slowly.

Fighting was forbidden in the God Burial Mountain Range, or they would be attacked by the restriction.

“What do you want to bet? Do you dare to bet ten million spirit stones? I bet that all of us will come over.”

Tie Zhuang was also angry when he saw the group of guards in the underground palace.

She gave him a big reward in an instant.

Hearing Tie Zhuang’s words, the guards of Wu Gong’s underground palace were stunned.

These ten million spirit stones were their salary for several years. Then, the guards of Wu Gong’s underground palace burst into laughter. “This guy must be crazy about money. Alright, I guess at most half of the people from the Demon Race Hall will come out.”

“Alright, then I’ll bet one-third.”

A few guards of Wu Gong’s underground palace gathered together, gloating. Although Tie Zhuang had bet with them on spirit stones, they felt that they had won.

“After I get the spirit stones, I’ll go to the Happy Red Pavilion and have some fun.”

The guards of Wu Gong’s underground palace had already begun to plan how to spend Tie Zhuang’s spirit stones.

As Patriarch Wu Gong was in a good mood, he did not control his subordinates too much.

Over the years, Wu Gong’s underground palace had been able to develop so quickly because Patriarch Wu Gong did not restrict the actions of his subordinates.

As long as he could complete the mission, anything was fine.

If it weren’t for the fact that he wanted to maintain his dignity, Patriarch Wu

Gong would have thought of taking a gamble.

Ten million spirit stones, it would be a waste not to take it.

At this moment, a guard of Wu Gong’s underground palace also arrived at the exit of the Demon Hall.

“They’re out, they’re out.”

“I feel Yi Lou waving at me.”

The guards of Wu Gong’s underground palace looked at the exit of the Demon

Race’s main hall with anticipation.

Whoosh! Whoosh! Whoosh!

Blue Luan and the others slowly landed on the ground one after another.

“One, two, three, four...What happened?”

The group of guards of Wu Gong’s underground palace were dumbfounded when they saw Blue Luan and the others land.

Just as Tie Zhuang had said, everyone had come.

When Tie Zhuang saw the Blue Luan and the others coming over, he also walked over happily.

“Master, it’s great that you’re all fine.”

At this moment, the Blue Luan also saw the liver-colored faces of the Demonic Beast Guards.

“Did something happen?”

When Tie Zhuang heard the Blue Luan’s words, he also walked towards the guards of Wu Gong’s underground palace.

“Everyone, if you’re willing to bet, you must admit defeat. Don’t forget that this

is the God Burial Mountain Range.”

When he spoke, Tie Zhuang even specially emphasized the God Burial Mountain Range.

In the God Burial Mountain Range, any contract would be recognized by the restrictions here.

If the guards of Wu Gong's underground palace didn't hand them over, the consequences would be unimaginable.

"What? Is your Wu Gong Underground Palace this kind of trash?"

Tie Zhuang said slowly to them with a smile on his face.

At this moment, the guards of Wu Gong's underground palace looked at each other.

Now, there was no time to think about why the other party had all come out.

Most importantly, they couldn't afford it.

Patriarch Wu Gong also saw the situation here. He waved his hand and a

Universe Bag flew towards Tie Zhuang.

"Take it!"

After all, he was his subordinate. Patriarch Wu Gong could not pretend that he could not see anything, could he?

The few guards of Wu Gong's underground palace looked at Patriarch Wu Gong with gratitude and then walked into the crowd.

At this moment, Tie Zhuang received the Universe Bag from Patriarch Wu Gong.

Instead, he walked over to Blue Luan and the others and distributed the spirit stones.

After exchanging some words with Tie Zhuang, the Demon Race Main Hall also wanted to laugh when they saw Patriarch Wu Gong opposite them.

The Blue Luan looked at the spirit stone in her hand and then at Patriarch Wu Gong.

These spirit stones should be quite a large sum for the Underground Palace of Wu.

Patriarch Wugong waved his sleeve when he saw the Blue Luan's gloating gaze.

Patriarch Wu Gong then changed the topic.

Since all of you are here, let's place our bets."

"Put down your bet in front of the demon ancestors."

When the Blue Luan heard Patriarch Wu Gong's words, it knew that the

competition had just officially begun.

After both sides placed their bets, the stone statues of the demon ancestors in front of them would issue questions according to their situation.

The winner would receive the other party's bet.

This was also to make the resources within the demon race more reasonable.

Then, Patriarch Wu Gong said loudly,

"Wu Gong Underground Palace, the wager is a quarter of the territory.."

Chapter 379: Chessboard Duel, Is There No One in the Demon Clan's Main Hall?_I

God World, God Burial Mountain Range

When the Blue Luan heard Patriarch Wu Gong's words, it smiled at him.

Li Taibai nodded at him.

The Blue Luan also walked forward, raised its head and puffed out its chest. It slowly said to Patriarch Wu Gong,

"A quarter of the territory of the Demon Race's main hall."

After saying that, the Green Phoenix looked in the direction of Old Ancestor Abysmal and Old Ancestor Earth Python.

Old Ancestor Earth Python and Old Ancestor Nine Nether looked at each other and gritted their teeth. Then, they slowly said to the Blue Phoenix,

"Nine Nether Mountain, a quarter of the territory, bet!"

"A quarter of the territory of the Earth Python Mountain, bet!"

As the Demon Race's main hall was previously guarded by the three Godly Emperors, Blood Dragon, Qing Qiu, and Huang Yuan.

Therefore, their territory was several times larger than Wu Gong's underground palace.

A quarter of the territory was about the same as the territories of Patriarch Wu Gong, Patriarch Nine Nether, and Patriarch Earth Python combined.

As soon as he finished speaking, the Blue Phoenix, Patriarch Wu Gong, Patriarch Nine Nether, and Patriarch Earth Python all emitted a ray of light from their bodies.

It was injected into the stone statue of the demon ancestor in front of them.

“The bet is settled!”

An old and weathered voice slowly sounded throughout the entire God Burial Mountain Range.

Then, a ray of light shot out from the eyes of the kangaroo stone statue.

An array disc appeared between Blue Luan and Patriarch Wu Gong.

“Wow, it’s actually a chessboard. I didn’t expect this battle to be so difficult.”

Seeing the chessboard between the Blue Luan and Patriarch Wu Gong, both sides whispered to each other.

Seeing the chessboard, a smile flashed across Patriarch Wu Gong’s face.

Then, with a wave of his sleeve, an old figure walked out from the crowd behind Patriarch Wu Gong.

“This is the Heavenly Dog Clan’s Skyart Entertainment.”

Seeing the figure standing beside Patriarch Wu Gong, a Blue Phoenix elder exclaimed.

The Heavenly Hound clan was one of the few demon clans in the demonic beast world that were good at chess.

It was rumored that the Heavenly Hound clan claimed to be second in chess, but no one in the entire demonic beast world dared to claim to be first.

Even the chess experts of the human race were defeated by the Heavenly Hound clan.

As for Tianyi, he was the current clan leader of the Heavenly Hound clan and the number one chess player in the demonic beast world.

Upon seeing this figure, the experts from the Demon Race's main hall behind the Blue Luan revealed a trace of despair.

It was as if they knew what the outcome would be without even comparing.

Are we going to lose a quarter of our territory?

When Old Ancestor Jiuyou saw Skyart, he was delighted.

"Brother Wu Gong, you are indeed the number one person in the God Burial Mountain Range."

Old Master Nine Nether cupped his fists at Old Master Wu Gong before looking at the other side.

"Blue Luan, who do you plan to let out to break the situation? If it doesn't work, then don't waste everyone's time and obediently admit defeat."

"That's right, obediently admit defeat."

As soon as Old Ancestor Nine Nether finished speaking, the subordinates behind him also joined in the commotion.

The Blue Phoenix First Elder looked at the opposite side and looked around.

He realized that everyone had a look of despair on their faces as they lowered their heads.

He sighed in his heart and said to the Blue Luan.

“Master, let me go up and meet them first.”

The Blue Luan nodded at the First Elder when it heard his words.

At this moment, Skyart Entertainment looked at the Blue Phoenix First Elder.

“With your chess skills, you go first.”

Skyart made an inviting gesture to the Blue Phoenix Grand Elder.

The Blue Phoenix First Elder took a deep breath and looked at the chess game in front of her.

True essence flowed out of his sleeves and slowly poured into the chessboard.

Then, the entire chessboard lit up.

Then, the Blue Phoenix First Elder was brought into a spiritual world.

In the space where the Blue Phoenix First Elder was located, black and white Qi condensed and rippled around his body.

Humph! The Blue Phoenix First Elder snorted coldly and condensed the true essence on her body to attack this space.

Bang! A chain hit the barrier of this space.

Then, lines of light suddenly lit up under the Green Phoenix First Elder's feet.

It formed a complete chessboard, and the black and white qi on it attacked the first elder of the Green Phoenix.

Not good!

The Blue Luan said in her heart. Then, she quickly dodged to the side.

As the Blue Phoenix First Elder operated in the chessboard world.

In the outside world, the chessboard in front of the Blue Phoenix and Patriarch Wu Gong was also spinning.

The chess pieces on the chessboard were also constantly moving.

After stabilizing her body, the first elder of the Green Phoenix once again searched the chessboard.

This time, the black and white gas formed a giant dragon and bit at him.

In the end, he couldn't hold on any longer. A trace of blood appeared at the corner of his mouth and he was knocked out of the spiritual world.

The chess pieces on the chessboard stopped moving after First Elder Blue Phoenix was knocked out of the Mental Energy world.

“Grand Elder.”

Seeing the injured First Elder of the Cyan Phoenix Clan, a few elders of the Cyan Phoenix Clan also walked over to support him.

Skyart looked at the Blue Phoenix Grand Elder and said slowly,

“Not bad. To be able to break through two rounds in a row, you have some skill.”

Then, Skyart also took a step forward.

Just like Elder Qingluan, he injected his true essence into the chessboard.

The chess pieces on the chessboard began to move.

In a short while, it surpassed the level that the Blue Phoenix First Elder could just reach.

When the Old Ancestor Earth Python saw this situation, he slowly said to the Blue Luan,

“Blue Luan, looks like you’re going to lose this round.”

“I’m looking forward to a quarter of the Demon Race’s main hall.”

Tie Zhuang’s eyes widened in fury as the Earth Python Ancestor’s words sounded.

“Ground Python, don’t be too proud.”

“Oh, is there anyone else here to break the situation? Hahaha!”

Accompanied by the laughter of the Earth Python Patriarch, Skyart also broke through six rounds in a row.

After escaping from the chessboard world, Skyart Entertainment looked completely unharmed.

“Skyart Entertainment’s clan leader is really powerful. It seems like we’re going to win this round.”

“Yay, when the time comes, I will definitely tell the ancestor and strive to rule a small piece of territory in the Demon Race Hall.”

“Haha, do you think I don’t know what you’re thinking?”

Following that, Patriarch Wu Gong walked to Skyart Entertainment’s side with a smile on his face as he looked at Blue Luan.

“Blue Luan, you’ve seen it for yourself. Grandmaster Fang Tianyi is much more useful than your Grand Elder.”

“How is it? Are there still people from your side who want to fight? If you don’t, I’ll help you take over a quarter of the territory of your Demon Race Main Hall.”

The Blue Luan looked around at its own camp after hearing Patriarch Wu Gong’s words.

“Brat, it’s your turn.”

In the crowd, the old hen lay in Li Taibai’s arms and said slowly to him.

“Ah, but I don’t know how to play chess.”

Li Taibai received Phoenix's voice transmission and said in embarrassment.

"It's okay. I'm here."

the old hen replied casually.

After receiving Phoenix's voice transmission, Li Taibai nodded and walked out.

Seeing Li Taibai walk out from the crowd, the Blue Luan was also delighted..

Taking Action Personally (1)

God World, God Burial Mountain Range

The Blue Luan saw Li Taibai walking out of the crowd and said to him slowly.

"Thank you, Young Master."

Li Taibai nodded at him.

On the other side, Patriarch Wu Gong's subordinates saw Li Taibai walking forward.

"Isn't this the mortal I saw at the entrance? How did he get here after passing the Fire Trial?"

“Who cares? I think there’s no one in the Demon Race Hall. They’re relying on a mortal to support the scene.”

“Hahaha, do you think he has true essence?”

Patriarch Wu Gong’s subordinates chattered away as Skyart Entertainment saw Li Taibai standing across from them.

He shook his head and slowly said to him,

“Mortal, don’t delay yourself. You don’t have the qualifications to come into contact with this kind of situation.”

He looked at Li Taibai with disdain and closed his eyes.

“Wu Gong, are the people on your side so talkative? Are they afraid?”

Looking at Li Taibai, the Blue Luan didn’t know why.

She felt an inexplicable confidence in herself. She believed that they would win if Li Taibai made a move.

Before Patriarch Wu Gong could reply, Patriarch Earth Python heard what Blue Luan said.

He also held his stomach and laughed out loud.

“Blue Luan, what did you say? Why would I be afraid of a mortal child like you?”

“Otherwise, when that kid enters the chess game, he won’t even know how he died.”

The Green Phoenix and the other elders also had furious expressions when they heard Patriarch Earth Python's words.

"There's no point in saying more!

Li Taibai looked at the people opposite him indifferently. Then, a stream of true essence lit up in his hand and poured into the chessboard.

Immediately, Li Taibai entered the chessboard world.

"Look, that kid seems to have some true essence. Why can't I feel his aura?"

"Of course I can't sense it. From what I see, he is just a disciple who hasn't even reached the Low Level Deity level."

"Isn't it normal that I can't sense it?"

"It seems that this kid doesn't listen to my advice and is just waiting to die."

When Patriarch Wu Gong's subordinates saw Li Taibai enter the chessboard world, they looked at him with disdain.

At this moment, the chess pieces on the chessboard also moved.

Master Skyart slowly opened his eyes and looked at the moving pieces on the board.

"It's quite something."

After saying that, he received a voice transmission.

“Skyart, look at that kid. He’s from the human race.”

Master Skyart immediately replied after receiving Patriarch Wugong’s voice transmission.

“Brother Wu Gong, don’t worry. Although that kid has some skills, that’s all.”

“It’s more than enough to deal with him!”

On the other side, after the First Elder of the Blue Phoenix stabilized her injuries, she was stunned.

Looking at the moving chess pieces on the chessboard, a smile suddenly appeared on his face.

Pulling the arm of Elder Qingluan beside him, he said excitedly,

“My lord is my lord. You have foresight. We might still have hope.”

The other elders of the Blue Phoenix Sect didn’t know much about chess.

Hearing the words of the First Elder of the Blue Phoenix Sect, they also looked at Li Taibai.

There were also the moving chess pieces on the chessboard.

“Good job, mortal, oh no, young master!”

It was unknown who spoke first, but the experts from the Demon Race’s main hall also said,

“Young Master, you can do it!”

“Good job, Young Master!”

“Young Master, get rid of them!”

With their voices, the situation on the chessboard had been broken four times in a row.

It had already surpassed the number of games that the Blue Phoenix First Elder had just broken.

At the same time, in the chessboard world.

Li Taibai held his long sword and looked at the black and white gas rippling around him.

“Senior Phoenix, where should we attack next?”

Li Taibai pointed his sword at the surroundings and said slowly to Phoenix who was beside his feet.

“Little brat, don’t worry. Let me think. I only know a little about it because I watched Buttface play chess.”

The old hen looked at the surrounding space and muttered.

“If I’m unhappy with this lousy space, I’ll burn it down.”

As the old hen’s voice fell, the surrounding black and white gas seemed to retreat a little.

The old hen continued speaking to Li Taibai.

“Brat, you have to make good use of this opportunity. This black and white gas is perfect for body tempering.”

“Anyway, they can’t hurt you. If you bear it, you might be able to leave a mark on Master’s wooden stake when you return.”

Hearing the old hen’s words, Li Taibai’s spirits were instantly lifted.

Instead, it chased after the black and white gas around it.

Bang! The black and white gas seemed to have sensed Li Taibai’s provocation.

It formed a giant dragon in the air and started fighting with Li Taibai.

“That’s it. Look, isn’t there a flaw now?”

The old hen looked at the sky in front of her and said slowly to Li Taibai.

Then, he pointed in a direction.

“Brat, attack there and this game will be over.”

Li Taibai also raised his sword when he heard the hen’s words.

True essence slowly gathered on the sword, and a sharp aura burst out from it.

He swung his sword in the direction the old hen had pointed out.

“One strike will definitely hit!”

Whoosh! As soon as Li Taibai finished speaking, a sharp sword light appeared above him.

Bang! The sword tip flew forward, and wherever it passed, cracks appeared in the space.

The black and white gas sensed this power and seemed to be afraid.

Without even thinking of resisting, the black and white dragon turned around and fled.

“You can’t hide.”

Li Taibai said indifferently. Then, the sword light pierced through the black

and white dragon’s body as expected.

At the same time, in the eyes of the outside world.

Li Taibai had already broken six rounds in a row.

The number of games that Master Skyart had just broken was almost surpassed.

Young Master, you’re awesome!”

As Li Taibai continued to break through the situation, the cheers in the Demon Hall increased.

On the other side, Patriarch Wu Gong’s subordinates looked at Li Taibai in disbelief and shut their mouths.

Was this guy really a mortal?

Even Patriarch Wu Gong couldn’t help but send a voice transmission to Master Skyart.

“Skyart, are you sure there’s no problem? I think that kid is not simple.”

When Skyart Entertainment received Patriarch Wu Gong’s words, they began to look at the chessboard in front of them with a serious expression.

Because he had just seen an extremely ridiculous thing.

One of the chess pieces on the chessboard disappeared.

Even if he broke the game, he wouldn’t have smashed the chess pieces into thin air.

He must have used some special methods.

Master Skyart thought to himself as he cupped his fists at Patriarch Wu Gong.

“Brother Wu Gong, don’t worry. I will personally play a game with him.””

When he heard that Skyart Entertainment was going to play against Li Taibai, Patriarch Wu Gong nodded at him.

Following that, Master Skyart also injected a surge of True Essence into the chessboard.

“With a grandmaster from Skyart Entertainment personally taking action, even if that kid is strange, he will definitely lose.”

“Yes, yes, you can do it, Master Skyart.”

With Master Skyart personally helping out, Patriarch Wu Gong’s subordinates followed suit and shouted..
