

Beasts 391

Chapter 391: Is the Heavenly Dao Afraid?

Divine World, Abysmal Palace

Monkey looked at the heavenly lightning in the sky and placed his hand on his chin. He slowly said,

“It’s better to have some fun. Otherwise, it’ll be too boring.”

When the old hen heard Monkey’s words, she said slowly to him,”

“Damned monkey, how are you going to play?”

Hearing that they were going to play, the old hen became interested.

At this moment, the First Elder of the Blue Phoenix was also a little angry as she looked at Old Ancestor Nine Nether in the sky.

“Don’t think that you can hide the Heavenly Dao. If you deceive the Heavenly Dao, you will suffer retribution.”

After hearing the words of the First Elder of the Blue Phoenix Sect, Old Ancestor Jiuyou laughed out loud.

“Heavenly Dao, isn’t Heavenly Dao above me? Why didn’t you come down and hit me? It means that my Abysmal Underground Palace shouldn’t be destroyed.”

“Demon Race Hall, let us go. We will leave here and live in peace.”

After all, he did not know how long Sword Immortals could hide from the Heavenly Dao.

If the heavenly lightning suddenly fell, he might not be able to block it.

As Old Ancestor Nine Nether’s words fell, the dark clouds in the sky churned.

Then, the originally lost heavenly lightning seemed to have found its direction again.

A bolt of heavenly lightning flew towards Old Ancestor Nine Nether below.

When the heavenly lightning struck, Old Master Nine Nether frowned.

Then, his figure flashed, and a bolt of lightning fell where he was originally. Bang! A huge pit appeared on the ground where the lightning struck.

As soon as he stabilized himself, the next bolt of lightning struck.

At this moment, Old Ancestor Nine Nether had no time to dodge.

The true essence on his body gathered, and a black circular barrier enveloped him.

Bang! The Heavenly Thunder struck the shield and suddenly made a loud sound.

At this moment, the experts in the Demon Clan’s main hall also said to Old Ancestor Nine Nether, who was in the sky,”

“Look, this Old Ancestor Jiuyou deceived the Heavenly Dao just now. Now, the

Heavenly Dao is angry and has suffered retribution.”

“That’s right, that’s right. This old man still wants to kidnap us morally.” Unlike the experts in the Demon Clan’s main hall, the Nine Nether elders looked nervous.

“Ancestor, what happened?”

Elder Nine Nether, who was a little nervous, asked Old Ancestor Nine Nether slowly.

At this moment, the true essence in Old Ancestor Nine Nether’s body was constantly being sent out.

He was maintaining the shield outside, but it looked like it was about to collapse.

The Blue Phoenix First Elder’s figure exploded from below and blasted towards the shield.

Bang! With the attack of the Blue Phoenix First Elder, the shield of Old Ancestor Jiuyou was also shattered.

The shield shattered, and a hint of fear appeared in Old Ancestor Jiuyou’s eyes as he looked at the lightning bolts that were a few feet away.

“Save me, Sword Immortal! Save me, Sword Immortal!”

” Nine Nether Palace!” Old Ancestor Nine Nether shouted in the direction of Nine Nether Palace.

At this moment, Monkey, who was in midair, was also scratching his body.

“Oh, so there’s another one. No wonder he dares to fight against the Heavenly Dao.””

As soon as Monkey finished speaking, the heavenly lightning in front of Old Ancestor Jiuyou exploded.

It shattered into pieces and dissipated between heaven and earth.

Then, a figure slowly appeared in front of Old Ancestor Nine Nether.

Sword Qi constantly appeared around him, forming a sword array in the air.

It collided with the heavenly lightning in the sky.

“So many years have passed. You’re no longer the Heavenly Dao of the past.” The sword immortal looked up at the sky as if he was recalling something.

“So, you can’t kill the person I’m going to put down today.”

The Heavenly Dao in the sky seemed to have heard his words as countless dark clouds gathered from all directions.

It formed an even bigger dark cloud in the sky.

Following that, an even bigger and thicker bolt of lightning struck the sword immortal.

“The Sword Immortal has appeared. With the Sword Immortal protecting us, our Abysmal Palace is safe.”

“That’s right. With the ancestors around, our Abysmal Palace will not fall.” “Senior, please attack and repel the people from the Demon Race’s main hall.” Following which, the experts from Nine Nether Palace knelt down in the direction of the Sword Immortal.

At this moment, the Sword Immortal also casually swept his gaze below.

With a push of his hand, a huge sword array also met the attack.

The sword array and the heavenly lightning continued to intertwine. The sword immortal then waved his hand at the other experts in the demon hall. A sword qi flew towards them.

“Everyone, be careful.”

First Elder Green Phoenix looked at the sword immortal who had suddenly appeared with a solemn expression.

He came to the front of the experts in the Demon Race Hall and brought them to condense their true essence.

“Form the formation!”

The First Elder of the Green Phoenix shouted and then led the experts of the Demon Hall to condense a True Essence wall in front of them.

It blocked the sword immortal’s attack.

Bang! After the attack, all the experts in the Demon Clan’s main hall clutched their chests and looked up at the sky.

At this moment, Monkey, who was in midair, glanced at the Sword Immortal below.

“He’s quite arrogant!”

Then, he pointed his hand forward and injected a stream of true essence into the dark clouds in the sky.

With the help of the monkey's true essence, the dark clouds in the sky suddenly became even stronger.

Golden light flashed within the dark clouds. Following that, a bolt of lightning that carried some golden light struck the sword immortal.

Bang! As the heavenly lightning descended, the sword array was also blasted apart and continued to attack the sword immortal.

"Hmm? Interesting."

Looking at the heavenly lightning that was attacking him, a cold smile flashed across the corners of the sword immortal's mouth.

The true essence in his hand slowly condensed into an even larger giant sword and struck towards the heavenly thunder in the sky.

Bang! Just like before, when the heavenly lightning touched the huge sword, it directly shattered him.

What was going on?

The Sword Immortal looked at the heavenly lightning that continued to attack, and for the first time, a look of astonishment appeared on his face.

Then, he pointed his finger at the sky, and the giant sword on his back flew out.

Bang! The giant sword flew out and tangled with the heavenly lightning.

At this moment, the old hen in the air could not stand it anymore.

"Monkey, if this continues, I won't have anything to do with it."

With a flash, the old hen also arrived in front of the experts in the Demon Race's main hall.

When the old hen came down, her body also shook. The small flames were also injected into the heavenly lightning.

Bang! The heavenly lightning shattered with a bang, and the Sword Immortal stood in mid-air.

"Look, the Sword Immortal has already defeated the Heavenly Dao. It seems that the Sword Immortal no longer regards the Heavenly Dao in his eyes." "It seems that our Abysmal Palace is going to rise up in the entire Divine Realm in the future."

When the elders of Abysmal Palace saw that the biggest bolt of lightning had been defeated by the sword immortal, they cried out.

At this moment, the old hen also glanced at the dark clouds in the sky.

Then, the dark clouds in the sky seemed to feel something. They rolled a few times and then dissipated.

Seeing the dark clouds recede, the elders of Nine Darkness Palace exclaimed.

"Look, the Heavenly Dao has retreated. The Heavenly Dao is afraid."

"Yes, the Heavenly Dao is afraid. Sword Immortals are invincible.."

Chapter 392: Phoenix Sea of Fire, Nine Nether Subduing

Divine World, Abysmal Palace

Outside Nine Nether Palace, Elder Nine Nether looked at the dark clouds that were gradually dissipating in the sky.

They were all delighted in their hearts. Since the Heavenly Dao had acknowledged them.

Then the probability of Nine Darkness Palace's protection would greatly increase.

On the other side, the experts from the Demon Race's main hall looked at the dissipating dark clouds in the sky with solemn expressions.

"What's going on? Why would the Heavenly Dao retreat? It doesn't make sense." "Don't be anxious. Senior must have made full preparations for us to come." The Blue Phoenix First Elder stood in the middle of the crowd and stabilized the aura in her body.

Then, he saw the old hen beside them and walked over.

"Senior Phoenix, you're here."

The old hen flapped her wings when she saw the Blue Phoenix First Elder suddenly bowing to her.

"Senior Phoenix is here. It seems that Senior has already predicted everything." "That's right. With Senior Phoenix here, those people from Abysmal Palace must hand over their territory today."

What was different from the Demon Race's main hall was that at this moment, in the Nine Nether Palace.

Old Master Nine Nether looked at the experts in the Demon Hall opposite him. The Heavenly Dao had already retreated, and the Blue Luan had not arrived. Why weren't the experts from the Demon Race Hall nervous at all?

With this thought in mind, Old Ancestor Nine Nether said to the sword immortal in front of him,"

“Ancestor, be careful!”

At this moment, the sword immortal in midair was holding a long sword in his hand.

Looking at the direction where the Heavenly Dao dark clouds disappeared, his eyes flickered, and it was unknown what he was thinking.

Subsequently, his gaze also turned towards the direction of the Green Phoenix First Elder and the rest.

Being stared at by the sword immortal, First Elder Blue Phoenix and the others felt a pressure pressing down on them.

Following that, with the First Elder of the Green Phoenix leading the way, the group of experts from the Demon Race Main Hall knelt down before the old hen in front of them.

“Senior, please attack!”

In Abysmal Palace, a group of Abysmal Elders saw the experts of the Demon Clan Hall kneeling on the ground.

“What’s going on? Why are those experts from the Demon Race Hall kneeling?” “Look, there seems to be a hen in front of them. It seems to be that mortal’s hen.”

A Nine Nether elder pointed at the old hen in front of the Demon Race’s experts and said to the others.

“What? He’s actually kneeling down to an old hen? The Demon Race’s main hall must be crazy.”

“Don’t tell me they think that their mortal’s sword intent is as powerful as that mortal’s and that his hen is also an expert?”

A Nine Nether elder held his stomach and pointed at the Demon Clan's main hall with a smile.

At this moment, the sword immortal was also looking at the old hen in front of the demon race's great hall.

Sensing the Sword Immortal's gaze, the old mold also looked over.

"You're so weak, I didn't want to make a move, but if I didn't, that damn monkey would take all the credit."

As she said this, the old hen also flapped her wings.

"Why don't you kill yourself?"

"You're courting death!"

Whoosh! The old hen's voice slowly sounded in the Sword Immortal's mind. Following that, the sword immortal swung the sword in his hand.

"No matter who you are, you must pay the price for humiliating me like this today."

As the voice fell, sword rays appeared on the pages above the experts of the Demon Hall.

As soon as the sword light appeared, it flew down towards the old hen and the others.

"With Ancestor Sword Immortal taking action, this Demon Hall will definitely be defeated."

"That's right. You want to rely on an old hen to defeat us? You really don't know the immensity of heaven and earth."

At this moment, a loud phoenix cry sounded in front of Nine Nether Palace.

The cry of a phoenix soared into the sky, and sparks of flames began to appear in the air.

The flames were like a prairie fire, melting all the sword rays that were about to fall in an instant.

“How is that possible?”

The Sword Immortal’s eyes widened as he looked at the sea of fire in front of him.

“Even in my era, it was impossible for phoenixes to appear, let alone in this era.”

The Sword Immortal muttered as he made a hand gesture in front of his chest.

“Ten Thousand Swords, Green Lotus Sword Formation!”

The Sword Immortal extended his hands from his chest to both sides, and a powerful Quintessential Essence burst out from his body.

“How can it be a phoenix? Is the heavens trying to destroy Nine Darkness

Palace?”

The moment one of the Nine Nether elders saw Phoenix, he immediately sat on the ground.

The Phoenix was one of the ancestors of their demonic beasts.

“How is that possible? How can that hen be a phoenix? I must have seen wrongly just now.”

In the air, the sharp sword danced, but before it could fly out, it was dissipated by the flames.

Seeing the sea of fire attack and the sword that he had condensed completely melt, a trace of panic appeared in the sword immortal's eyes.

"Phoenix, that's it for today. The next time we meet, I'll make you my mount." As soon as he finished speaking, the sword immortal turned around and fled in the direction of Nine Darkness Palace.

As he fled, the sea of fire behind him seemed to have been stimulated.

Not only did the fire become fiercer, but it also spread faster.

"I originally wanted to play with you for a while, but since you humiliated

Master, you deserve to die!"

Phoenix's words were filled with anger.

As soon as he finished speaking, the sea of fire sped up and instantly annihilated the sword immortal.

"How is this possible? How can my sword technique be caught up to?"

The Sword Immortal's eyes revealed disbelief as he looked at the flames on his body.

Once the phoenix flame ignited the other party, it would never be extinguished until he died.

Following that, the Sword Immortal's body also expanded, and then he exploded in midair with a bang.

Whoosh! The energy produced by the Godly Emperor's self-destruction was naturally huge.

In an instant, it was offset by the phoenix flames.

The old hen looked at the center of the sea of fire and stopped in mid-air. She slowly said,

“You can still hide from me with this little skill.”

At the same time, a metal cudgel slowly appeared in the air and hacked down at the center of the flames.

“Leave this little soul to me.”

In the center of the sea of fire, an illusory figure slowly appeared. It was the Sword Immortal.

At this moment, his eyes were filled with fear. His expression kept changing as he wanted to escape.

“No!”

Accompanied by this scream, where the iron rod fell, the human face phantom exploded with a bang.

At this moment, Old Ancestor Nine Nether and Elder Nine Nether sat on the ground with pale faces.

“It’s over. Everything is over.”

At this moment, the Qjngluan Elder also appeared above them.

“I’m here on Senior’s orders to take back Nine Darkness Palace.”

After First Elder Green Phoenix’s voice sounded, the experts from the Demon

Race's main hall behind her flew out.

Then, the Blue Phoenix First Elder bowed to the monkey and the old hen in the air.

"It's all thanks to the two seniors this time."

When Monkey saw the Blue Phoenix First Elder, he waved his hand at him.

"That sword user wanted to protect this place. There must be something attractive here. You guys go in and take a look.."

Chapter 393: Senior Divine Monkey Fancy My Daughter? 1

|

Divine World, Abysmal Palace

The monkey and the old hen sat in the sky above the castle and looked at the busy experts in the demon hall below.

"Damn monkey, let's fight. I haven't even settled the score with you for stealing my credit just now."

The old hen looked at the monkey who was playing with the long rod in her hand and said slowly.

Upon hearing the old hen's words, Monkey hurriedly stood up on the cloud.

He raised the long stick in his hand and aimed it at the old hen.

“What did you say? I steal your credit?”

As he spoke, Monkey stood up and struck the old hen with his rod.

Isn't that so? That kid who used a sword just now was my type.” As she spoke, the old hen also formed a flame barrier in front of her. Bang! The metal rod collided with the flame barrier, immediately creating waves of air waves in the air.

In Nine Nether Palace, the Great Elder of the Blue Phoenix watched the battle between the phoenix and the divine monkey in the sky.

Could it be that this is also Senior's intention? Senior is really kind to our Demon Race Hall.”

At this moment, Elder Qingluan said slowly.

First Elder, why are the two seniors fighting?”

An elder of the Green Phoenix Clan stood beside the Great Elder of the Green Phoenix Clan and spoke to him with a trembling voice.

“This is the opportunity that senior gave us. When we came here, senior had already planned everything in advance. This battle is for us to comprehend and give us opportunities.”

Hearing the words of the first elder of the Green Phoenix Clan, the elder of the Green Phoenix Clan nodded in understanding.

“Speaking of which, Senior Divine Monkey and the others usually won't easily attack. It seems that Senior has really put in a lot of effort into our Demon Race's main hall.”

The first elder of the Green Phoenix Clan also nodded.

“Senior Divine Monkey just said that Nine Darkness Palace has a secret.” Pass on my orders. After you find it, you can come and watch the battle.” As soon as he finished speaking, the experts of the Demon Race’s main hall were delighted and quickly started to work in Nine Nether Palace.

In midair, Monkey and the old hen exchanged a few moves.

Monkey, stop fighting. Aren’t you interested in the person at the bottom of the lake?”

Monkey held the long rod in his hand and stopped his movements.

That makes sense. That person should have some relationship with Di Tian.

After saving him, perhaps...”

A devilish smile flashed across Monkey’s face as he flew down.

“Damned monkey, you want to run alone again?”

When the old hen saw Monkey flying down alone, she flapped her wings and chased after him.

At this moment, in Nine Nether Palace.

A few experts from the Demon Race’s main hall gathered the treasures, secret skills, and spirit skills of Nine Nether Palace in the main hall.

“Great Elder, these are all the resources Nine Darkness Palace has.”

An expert from the Demon Race’s main hall came to the side of the First Elder of the Green Phoenix and clasped his fists at him as he slowly said.

First Elder Green Phoenix slowly nodded after scanning the treasures with her Spiritual Awareness.

He walked to Old Ancestor Jiuyou's side and said,"

"Old Ancestor Nine Nether, do you have anything else that you're hiding? Hand it over, and perhaps you'll have a chance to live."

"No, absolutely not. All of Nine Darkness Palace's many years of storage are here."

"Look at our sincerity. Can you let us go?"

Before Old Ancestor Jiuyou could reply, an elder of Jiuyou walked to the feet of the Great Elder of the Blue Phoenix.

She grabbed the corner of his shirt and begged him slowly.

"Little bird, don't listen to him, he's talking nonsense."

Monkey's voice slowly sounded in the hall. Following that, his figure appeared beside the First Elder of the Green Phoenix.

When they saw Monkey, the experts present in the Demon Hall bowed to him.

"Senior Divine Monkey!"

The Nine Nether Elder walked to Monkey's side and pulled him along. He said slowly,"

"Senior Divine Monkey, I really didn't lie to you."

"Get lost!"

Monkey swung his thigh, and Elder Nine Nether was sent flying.

He crashed into a pillar in the hall.

“Why don’t I remind you? You seem to have something that you haven’t confessed.”

The monkey pointed in a direction in Abysmal Palace and said slowly. Looking in the direction of Monkey’s finger, the Elder of Nine Nether was also stunned.

Wasn’t this the location of his previous residence?

With this thought in mind, Elder Nine Nether started to stutter.

“Senior, are you talking about my daughter?”

After arriving at Abysmal Palace, the elder sent a voice transmission to his daughter.

He told her to leave Nine Darkness Palace as soon as possible.

Could it be that Senior Divine Monkey had taken a fancy to his daughter? Thinking of this, Elder Nine Nether knelt on the ground and said slowly to Monkey,

“Senior, don’t worry. If you want to take a fancy to my daughter, I’ll immediately get her to come back.”

Elder Nine Nether said with a smile.

Monkey was stunned when he heard Elder Nine Nether’s words.

Wasn't his hint obvious enough? He was already talking about the lake there. What was this person saying? This was what Master said about playing the lute to a cow.

At this moment, Monkey looked into the hall.

He realized that the experts in the Demon Race Hall were also looking at him with strange expressions.

At this moment, the old hen's voice slowly sounded in the hall.

"You damn monkey, it seems that Black Tortoise was right. You have also become lecherous."

After being told by the old hen, Monkey suddenly understood why everyone was looking at him like that.

"Old hen, what nonsense are you talking about?"

As he spoke, Monkey took out his metal rod and pointed it at the old hen.

"If you want to fight, fight later."

The old hen replied to Monkey. Then, in a flash, she arrived in front of Elder Nine Nether.

Let me ask you, is there a forbidden area in Nine Darkness Palace?"

the old hen said slowly to Elder Nine Nether.

Elder Nine Nether also nodded in agreement.

"That place is usually not allowed by the ancestor. Usually, no one in the clan goes in."

“That’s right.”

The old hen said, and then her body floated in the air.

After that, Monkey hurriedly followed.

In the main hall, Elder Qingluan looked at Elder Jiuyou and walked up to him.

“What forbidden area? Why aren’t you bringing us there?”

They thought about how Monkey had asked them to search for Nine Darkness Palace’s secret. They did not expect them to forget about a forbidden area.

The Elder of Nine Nether glanced at Old Ancestor Nine Nether after hearing what the Great Elder of the Blue Phoenix said.

“Bring them along!”

As soon as First Elder Blue Phoenix finished speaking, a few experts from the Demon Hall brought Elder Nine Nether and the others with them.

He walked in the direction Monkey had pointed out..

Chapter 394: The Human Figure at the bottom of the lake

(1)

Divine World, Abysmal Palace

The monkey and the hen slowly appeared in front of a mountain.

There was a stone tablet in front of the mountain. Monkey waved his hand.

The dust on the stone tablet scattered, revealing a few large words.

Nine Nether Forbidden Ground!

At this moment, First Elder Blue Phoenix brought Elder Nine Nether and the others to Monkey's side slowly.

He saw Monkey, Old Hen, and the name of the forbidden area.

The Great Elder of the Blue Phoenix shouted coldly at Old Ancestor Nine Nether behind her.

"Hurry up and open it."

Upon hearing First Elder Blue Phoenix's voice, Old Ancestor Netherworld knew that he could not do anything in front of the Divine Monkey and Phoenix.

Old Ancestor Jiuyou's face was ashen as he arrived in front of the mountain gate.

He reached out and pressed down on a mark on the stone door.

Whoosh! The stone door suddenly emitted a bright light!

Following that, the stone door slowly opened with a series of rumbling sounds.

The stone door opened and the First Elder of the Blue Phoenix waved her hand, signaling the experts of the Demon Clan Hall behind her to enter and investigate.

Entering the forbidden area, he was greeted by a desolate aura.

This was a huge lake. Beside the lake, there was a small pavilion and a few thatched huts.

It seemed like someone was cultivating here.

The other elders of Nine Nether were also curious when they saw the situation.

This was their first time here.

After searching for a while, the experts of the Demon Race Main Hall walked to the side of the Blue Phoenix First Elder.

“First Elder, there’s no one.”

“Nothing found!”

On the other side, a few experts from the Demon Race’s main hall walked over and said to the First Elder of the Green Phoenix.

At this moment, the Blue Phoenix First Elder walked to the side of the Nine Nether Elder.

“What’s going on? Is this your forbidden area? Why is there nothing here?”

The Nine Nether Elder trembled as he was grabbed by the First Elder of the Blue Phoenix Clan.

“I don’t know either. You have to ask the ancestor.”

After hearing the elder’s words, Old Ancestor Jiuyou shook his head.

“This is the place where that sword immortal cultivated. I don’t know what’s there either.”

Old Ancestor Jiuyou’s voice was emotionless, and he walked away after he finished speaking.

At this moment, Monkey’s voice was still slowly heard.

“There is indeed nothing good here, but there is someone at the bottom of the lake. Help me get him up.”

As soon as Monkey finished speaking, the experts in the Demon Race Hall looked towards the lake.

The surface of the lake was quiet. There was basically nothing.

At the same time, the old hen flapped her wings.

With a bang, a flower flew out from the bottom of the lake.

The old hen casually took it in her hand and threw it away after chewing it a few times.

“What’s this? It tastes so bad. It’s far inferior to Master’s.”

Everyone looked at the flowers and plants that the old hen had casually thrown away.

“That’s...Is that a hundred thousand year blood ginseng?”

A Blue Phoenix elder looked at the flowers on the ground and said excitedly.

“Isn’t he just trash?”

At this moment, Monkey said.

“If you want, there are still more below, but remember to help me bring that person up.”

Originally, everyone was still in some danger, but after seeing this spiritual medicine, they were shocked.

The experts of the Demon Race’s main hall were eager to give it a try and jumped into the lake.

Senior Divine Monkey and Senior Phoenix had stayed with Senior for a long time, so it was normal for them to not take a fancy to these things.

After all, Senior was an invincible expert with many divine beasts under him.

“But we’re different. These spirit herbs are also very helpful to them.

After a powerful expert entered the Demon Clan’s main hall, he shouted to the top,”

“Come down quickly, everyone. This lake water is a huge ball of spiritual liquid that is very beneficial to our cultivation.”

The expert from the Demon Race Hall sensed the changes in his body and shouted at the people on the shore.

At this moment, the other experts of the Demon Race’s main hall looked at each other and jumped down.

The Blue Phoenix First Elder came to Monkey and the old hen's side and thanked them.

"Thank you for the opportunity, senior."

Originally, they would not have been able to discover this forbidden area.

However, with Monkey's reminder, he found out that there was a cultivation treasure ground here.

At this moment, Monkey also waved his hand at him.

"Just remember to bring someone along."

After saying that, Monkey lay on a rock beside him.

At this moment, in the lake,

A group of experts from the Demon Hall absorbed the energy in the treasure lake.

Then, some people also came to the bottom of the lake.

At this moment, at the bottom of the lake, a human figure was bound by chains.

The figure seemed to have sensed someone coming from the bottom of the lake, and his body trembled.

Whoosh! Whoosh! Whoosh!

As he swayed, the iron chain emitted a series of cracking sounds.

At this moment, an expert from the Demon Race's main hall also arrived in front of him.

Sensing the rising aura on his body, a large saber appeared in the hand of the expert from the Demon Race Main Hall.

He slashed at the chains on the figure.

Bang! The iron chain and the blade collided, and a series of sounds immediately sounded.

Then, the expert from the Demon Race Hall looked at the iron chain in front of him in surprise.

At this moment, the old hen on top blew casually.

A tiny flame flew down to the bottom of the lake.

Whoosh! The flame silently passed through the surface of the lake.

Finally, it landed on the iron chain on the figure.

Hiss! Hiss! Hiss!

As white smoke rose, the chains binding the figure broke.

The iron chain was broken, and the figure's face was full of smiles.

Looking at his hands, the true essence in his body surged and flew up with a bang.

Bang! In front of the monkey and the old hen, the surface of the lake rippled.

“Hahaha!”

Accompanied by a loud laugh, a figure appeared in everyone's field of vision.

When everyone present saw that figure, their faces were a little solemn.

As soon as the figure appeared, he saw Patriarch Nine Nether and the others.

There seemed to be some anger on his face, and the true essence in his body surged.

Droplets of water flew up from the surface of the lake, forming sharp swords around him.

The figure waved his hand, and the surrounding sharp swords flew toward Old Ancestor Nine Nether and the others.

“Stop playing.”

The monkey glanced at the figures on top of it, and with a flash, it arrived in front of the sharp swords.

With a casual slap, the surrounding sharp swords dissipated.

Following that, golden light slowly rose from the monkey's body.

Under the illumination of the golden light, the true essence flow of the figure seemed to be somewhat abnormal.

Bang! With a loud sound, the figure fell to the ground.

Then, just as he was about to make a move.

The old hen slowly walked up to him.

“Come with us. This will be of great benefit to you.”

Under the double suppression of the old hen and the monkey, the figure found that he could not move at all..

Chapter 395: Could It Be An Old Man in Middle School (1)

Abysmal Palace, Forbidden Area

The figure was suppressed to the ground by Monkey and the old hen. He looked at the old hen and Monkey in front of him.

In his mind, there was a golden divine monkey holding a long rod, as if it wanted to shatter everything...

Beside him, a phoenix surrounded by endless flames was dancing.

Every flap of the wings brought with it endless power....

“Divine Monkey, Phoenix, how is this possible?”

The true essence on the figure’s body had already stopped flowing as he muttered.

“Let’s go. I’ll bring him to Master.”

Monkey said to the old hen before reaching out to grab Monkey.

He grabbed the figure in his hand and flew into the distance.

The old hen watched as the divine monkey flew into the distance and was about to leave as well.

At this moment, the First Elder of the Blue Phoenix walked to the side of the old hen.

“Senior, what should we do with these people?”

The old hen glanced at Old Ancestor Netherworld and the others.

“Didn’t Master tell you when he came? Bring them to Master.”

As soon as she finished speaking, the old hen’s figure transformed and flew into the distance with rolling flames.

“Damned monkey, don’t steal my credit.”

After sending off the old hen and the divine monkey, the first elder of the Green Phoenix also looked at the treasure lake in front of her.

With a smile on his face, he studied his palm and slowly said to the experts of the Demon Race Hall beside him,

“The few of you, look after them. Later, bring them to Senior’s courtyard.”

As soon as he finished speaking, the few experts from the Demon Hall saw First Elder Green Phoenix jump into the treasure lake.

In Xiao Changtian’s courtyard.

Under Xiao Changtian's leadership, the entire courtyard had now become brand new.

In the sky above the courtyard, waves of spiritual energy rose.

The spiritual energy surged and connected with the courtyard below. It was natural.

The Blue Luan was in the courtyard, sensing the changes in the surroundings.

The density of this spiritual energy was probably comparable to some ancestral lands of other races.

No, it should be even worse.

The guards standing in the courtyard felt it even more clearly.

Originally, this courtyard had been strengthened by the Blue Luan, and now it had been transformed by Commander Xiao. It was almost comparable to a mystic realm.

At this moment, two streams of light flew past in the air.

The old hen and the divine monkey appeared outside the courtyard.

"Master is so generous, giving these small animals such a big opportunity."

The old hen sighed when she saw the brand new courtyard.

According to the density of the spiritual energy in the courtyard, the Demon Race Main Hall would probably become the overlord of the Divine World in no time.

Monkey carried the figure at the bottom of the lake and came to the courtyard.

Seeing Monkey and the hen arrive, Green Luan and the rest also went up to welcome them.

Xiao Changtian was shocked when he saw the figure lying on the ground.

Could it be that someone was injured?

Xiao Changtian said slowly to the Blue Luan beside him,”

“Is this from your courtyard?”

The Blue Luan looked at the figure at the bottom of the lake and shook its head.

The aura on this person’s body was obviously that of a human. It was impossible for him to be someone from her Demon Race Hall.

Seeing the Blue Luan shake its head, Xiao Changtian also walked over to check on him.

“Saving people first is important!”

Although this person wasn’t from Mo Ba’s courtyard, his injuries were not light either.

Presumably, they were like Mo Ba and the others, people who made a living in this mountain forest.

He happened to encounter a ferocious beast or something. After he was injured, he happened to be seen by Monkey and the others.

Hearing that Xiao Changtian was going to save them, the Blue Luan also called out to a few experts from the Demon Clan’s main hall.

He picked up the figure from the ground and brought him to the house in the courtyard.

The figure at the bottom of the lake came in and was nourished by the spiritual energy here. He slowly opened his eyes.

Where was this place? Why was there such dense spiritual energy?

Then, he felt his body being picked up by someone. He wanted to resist, but he realized that he could not move at all.

All the beasts that lived here were demonic beasts.

Could it be that during the time he was locked up, some incredible figure had appeared in the Demonic Beast World?

Impossible. Ever since the fall of the Demon Emperor, the demon beast world began to decline.

After placing the figure on the bed, the experts from the Monster Clan slowly said to Xiao Changtian,”

“Senior!”

Then, Xiao Changtian slowly walked over from the side.

Senior?

The figure at the bottom of the lake was lying on the bed. He heard how the experts of the Monster Clan Hall addressed Xiao Changtian.

There was some doubt on his face, and then he seemed to have thought of something.

Could it be that this human was the master of this place and these demon beasts were his subordinates?

However, this was impossible. Since ancient times, most demonic beasts were proud and difficult to train. How could they submit to a human?

The figure at the bottom of the lake kept scanning Xiao Changtian's face. He couldn't sense the aura of this human at all.

This could only mean that this person's strength was far above his.

Heavens, even humans had such an expert when he was locked up.

The Divine Court no longer had control over the Divine World.

With this thought in mind, the eyes of the figure at the bottom of the lake also showed a sense of sorrow.

At this time, Xiao Changtian came to the bed and looked at the figure at the bottom of the lake.

She was already so old, but there were still tears in the corners of her eyes.

It seemed that this person had a hard life.

Xiao Changtian sighed in his heart and fed him the medicine in his hand.

"Drink it. It'll be fine soon."

As the potion entered his stomach, the restriction on the human figure at the bottom of the lake was also removed.

Because the injuries that had been locked at the bottom of the lake for many years were slowly recovering.

He sat up on the bed and felt the changes in his body.

How was this possible? The hidden illness that he had caused at the bottom of the lake for so many years was already irreversible. How could it be cured?

Looking at his own hands, the figure at the bottom of the lake laughed out loud.

“I’ve recovered, I’ve recovered.”

Xiao Changtian smiled when he saw the joyful look on the figure’s face.

There were some impurities in his body. He would be fine after he gave him some medicine.

It seemed that the illness had troubled him for a long time.

However, thinking about it, it made sense. Those who lived in the mountains all came from poor families.

No money, no medicine, no medicine.

At this moment, Xiao Changtian said to him slowly,”

“What’s your name?”

Hearing Xiao Changtian’s words, the figure at the bottom of the lake walked up to him.

She slowly said to him,

“Senior, my name is Sword Emperor.”

Sword Emperor? This name was quite awesome.

Xiao Changtian thought to himself, ‘It seems like this person has great ambitions. Could he be one of those middle-aged people I met?’

Xiao Changtian remembered that when he was in Dayang Town, there were always some old men who told him how glorious he used to be.

Something about a sword devouring the ages and a saber suppressing the world.

It seemed that he had read too many books that he had written, and his entire body was floating.

At this moment, Xiao Changtian saw the people around him looking at him in shock..

Chapter 396: Don't Tell Me He's Going to Collect Debts From Di Tian (1)

Divine Realm, Xiao Changtian's courtyard.

In the courtyard, when Blue Luan and the others heard the Sword Emperor's name, they all looked at him in shock.

The Sword Emperor was one of the ten great generals of the Divine Court in the records of the Demon Race Hall.

In the era when the Divine Court ruled the Divine Realm, other than the Lord of the Divine Court, the Sword Emperor was synonymous with invincibility.

Rumor had it that his Sword Dao had already reached the level of being transcendent.

There were even rumors that he could kill a Godly Emperor with a single sword when he was a Godly Emperor.

However, after the disappearance of the Divine Court, there was no news of the Ten Great Generals either.

He didn't expect them to see him today.

As expected, every step Senior took had a deeper meaning. The appearance of the Sword Emperor was within Senior's expectations.

Xiao Changtian also looked at the Sword Emperor when he saw everyone's expression.

The Sword Emperor had somehow obtained a sword.

Holding the sword in his hand, he clenched his fist at Xiao Changtian.

"Many thanks for Senior's kindness, but I still have important matters to attend to, so I'll return in the future."

After saying that, the Sword Emperor prepared to leave.

During the years he had been trapped at the bottom of the lake, he had been constantly worried about the fate of the Divine Court.

A few days ago, he even knew that their master had reincarnated.

His Lord needed his protection now. He had to hurry and find him.

Seeing the Sword Emperor's expression, Xiao Changtian also covered his forehead.

This Sword Emperor seemed to be a chuunibyou old man. He wanted to go to the ends of the world with a sword in hand.

However, this was not entirely his fault. After all, this was the cultivation world. It was normal for everyone to want to cultivate.

With this thought in mind, Xiao Changtian also walked up.

“Sword Emperor, what are you going to do? I might be able to help you.”

This old man had just been injured not long ago, and he wanted to go out and cause trouble. If he really encountered any ferocious beasts, he would probably be saved again.

It was better for him to hold him back in advance.

Hearing Xiao Changtian's words, the Sword Emperor also stopped.

This person was able to create a grotto-heaven here and had such demonic beasts as his subordinates.

It might be a good choice if he helped him find his master.

However, His Lord's luck was a temptation to anyone.

So many years had passed in the Divine World. He did not know what the situation was like. At that time, it would probably not be easy to end it.

With this thought in mind, the Sword Emperor also wanted to decline Xiao Changtian's offer.

At this moment, Xiao Changtian's voice was heard again.

"I know what you want to say. Don't worry, I know what to do."

As he spoke, Xiao Changtian walked to the side of the Sword Emperor and took the sword from his hand.

"Senior, you..."

The Sword Emperor regarded his own sword as his own, and seeing Xiao Changtian wanting to take his sword, how could he give it to him?

However, Xiao Changtian seemed to have an irresistible force in his hands, making him unable to resist at all.

Holding the sword in the Sword Emperor's hand, Xiao Changtian slowly said,

"Don't worry, I know the rules. I'll keep this sword with me for now as a reward for helping you."

Xiao Changtian also knew the characteristics of these stupid old men. They didn't casually accept favors from others.

He had to repay him with something. Now that he had taken his long sword, he would be at ease and let him help.

This time, he could leave him here and he wouldn't go wandering around.

At the same time, Xiao Changtian took out a wooden sword from the bamboo basket and gave it to the Sword Emperor.

Since he had taken the other party's sword, he had to give the other party one, right?

These chuunibyou old men would not be able to survive without a sword.

The Sword Emperor wanted to get even angrier.

His face was shocked as he touched Xiao Changtian's wooden sword.

"Good sword, good sword!"

In the eyes of the Sword Emperor, this wooden sword seemed to be made of wood, but it was flowing with Dao runes.

This wooden sword was many times stronger than the longsword in his hand.

Senior was telling him that he didn't care about his master's luck at all.

The Great Dao runes on this wooden sword are stronger than Master's luck.

And Senior gave him so casually, wasn't it to say that he didn't like the Lord's luck?

As he thought about this, the Sword Emperor felt a little humiliated and ashamed.

Then, he bowed to Xiao Changtian.

"Senior, I can't accept this sword."

Seeing the Sword Emperor like this, Xiao Changtian was also stunned. Look, here he comes again.

This old man must be acting up again.

“Take it. It’s just a broken wooden sword.”

Xiao Changtian walked up to the Sword Emperor.

“If you have anything to say, hurry up and say it. I still have other things to do.”

Although he was kind enough to help him, if he didn’t appreciate it, he wouldn’t force it.

After all, he was just a mortal. When he saw them, he could empathize with them.

At this moment, the Sword Emperor also understood Xiao Changtian’s meaning.

That’s right, with Senior’s strength, he must be the kind who has to deal with a lot of matters every day.

How could he waste so much of her time?

With this thought in mind, the Sword Emperor slowly said to Xiao Changtian,

“Senior, I want to find someone.”

As he spoke, the Sword Emperor took out a portrait portrait from his bosom.

The figure on it was none other than Di Tian.

Upon seeing Di Tian's expression, Xiao Changtian's expression froze for a moment before patting him on the shoulder.

"Isn't this Di Tian?"

"Senior, do you know him?"

Seeing Xiao Changtian's reaction, the Sword Emperor asked cautiously.

Could it be that His Lord and Senior are related?

"Yes, he's working in my bookstore now."

While speaking, Xiao Changtian also glanced at the Sword Emperor.

Needless to say, if one looked carefully, this Sword Emperor really did look like Di Tian's servant.

What were the names of Di Tian's two servants?

Ice Emperor? Demon Emperor? And a Mei Empress?

This fellow was also called the Sword Emperor. Who knows, he might really be Di Tian's servant.

When he heard that Di Tian was working in Xiao Changtian's bookstore, the Sword Emperor started before hurriedly grabbing Xiao Changtian's hand.

"Senior, please, take me to see my master."

Seeing how excited the Sword Emperor was, Xiao Changtian's heart trembled.

“Let go first.”

This fellow was so agitated. Could it be that Di Tian still owed him his wages and wanted to go collect the debt?

Di Tian, it's not that I want to harm you. You took quite a bit of money last time, so it's only right and proper for you to pay them back.

At this moment, the Sword Emperor knew that he had lost his composure.

He quickly let go of Xiao Changtian's hands and said apologetically,

“I'm sorry, senior. I'm sorry.”

Hearing the Sword Emperor's words, Xiao Changtian looked at the sky.

He had been out for a while now. It was time to plan his return.

At this moment, a commotion came from outside the courtyard.

First Elder Qingluan and the others walked in with a small black bird in their hands..

Chapter 397: Help Senior Teach His Disciple? !

Divine Realm, in the courtyard.

Xiao Changtian saw the First Elder of the Green Phoenix along with the rustling sounds outside the courtyard.

“I finally found the bird.”

Xiao Changtian was delighted to see them each holding a bird.

It seemed that not only had this little bird been found, but it had also gained something else.

When the Blue Phoenix First Elder and the others heard Xiao Changtian’s words, their faces were filled with joy.

It seemed that Senior was very satisfied with their performance.

They walked over and said to Xiao Changtian,”

” Senior, this is what I found... Little bird.”

The Great Elder of the Blue Phoenix had wanted to say that it was Nine Nether, but after thinking about it, she decided to follow Xiao Changtian’s words and call it Little Bird.

The Nine Nether Elders trembled in fear when they were caught by the Blue Phoenix First Elder.

When they were brought here by the Blue Phoenix First Elder, they felt an inexplicable pressure.

Not only were they unable to display their strength, but more importantly, they had directly transformed into their true forms.

It was caught in the hands of the Blue Phoenix First Elder.

Looking at Xiao Changtian in the courtyard, it seemed that the First Elder of the Green Phoenix Sect and the others were very respectful to him.

This person must be the leader here.

With this thought in mind, Elder Nine Nether continued looking around.

Then, he saw Li Taibai walking over.

Wasn't this the mortal from the God Burial Mountain Range? Why did he come here?

Then, they saw Li Taibai come to Xiao Changtian's side.

"Master, you called me."

Seeing Li Taibai call Xiao Changtian master, the elders of the Netherworld were all shocked.

This person was the head of all the culprits.

At this moment, Old Ancestor Nine Nether, who was held in the hands of the Blue Phoenix First Elder, started buzzing.

Then, a black mist rose from his body and flew towards Xiao Changtian.

Not good, this guy doesn't want to live anymore. He's burning his blood essence.

Old Ancestor Jiuyou had the strength of an Emperor God to begin with, and he was above First Elder Qingluan.

Naturally, he broke free from the restraints of the Blue Phoenix First Elder and attacked Xiao Changtian.

It's all because of you. Go to hell.

"Go!" Old Ancestor Jiuyou shouted and was about to attack Xiao Changtian.

"Senior, be careful!"

The first elder of the Green Phoenix was a little nervous when she saw this situation. She shouted at him.

At this moment, Xiao Changtian reached out and grabbed Old Ancestor Nine Nether.

"It's fine. This little bird is naughty and wanted to run away, but I caught it."

Xiao Changtian smiled as he held Old Ancestor Nine Nether in his hand and spoke to the Great Elder of the Green Phoenix.

This little bird was really mischievous. No wonder it could run away.

The burning of Nine Nether's blood essence stopped as Xiao Changtian grabbed him.

Being suppressed, Old Ancestor Nine Nether felt the changes in his body and was furious.

Why, why didn't you kill me? You're going too far.

At this moment, Xiao Changtian grabbed Old Ancestor Nine Nether and came to a corner of the courtyard.

There were many iron cages there, which Xiao Changtian had prepared for the birds.

The wooden cage that he had made from wood last time did not contain the bird.

Therefore, Xiao Changtian had made meticulous preparations and specially made the iron cage.

Xiao Changtian turned his head and said to the Green Phoenix First Elder and the others after locking Nine Nether Old Ancestor in the iron cage.

When the Great Elder of the Blue Phoenix saw Xiao Changtian's smiling face, she looked behind him.

The iron cages were accompanied by Dao runes.

It turned out that Senior had everything under control.

With these iron cages, it seemed that the Nine Nether Clan had no chance of escaping.

Following which, First Elder Green Phoenix also instructed the group of experts from the Demon Hall to place the little bird in their hands into the iron cage.

"The birds in the mountains are really naughty."

When they saw the experts of the Demon Race Hall put the little birds into the iron cage, the little birds struggled violently.

Xiao Changtian said slowly.

After hearing Xiao Changtian's words, the Sword Emperor's body shook.

After Senior's actions, the Nine Nether Clan would probably have no way out.

That's good too. This Nine Nether Elder and his younger brother had framed him for so many years, so they deserved this punishment.

At this moment, Xiao Changtian saw Li Taibai beside him and said slowly.

"That Sword Emperor is Di Tian's servant. He also uses the sword. If you interact more with him, you might gain some benefits."

The Sword Emperor was a chuunibyou old man.

She was afraid that she would not be able to see him later.

When Li Taibai heard Xiao Changtian's words, he also looked at the Sword Emperor.

A faint sword intent was indeed being emitted from the Sword Emperor's body.

He was a sword expert, but compared to him, he was still far behind.

Li Taibai immediately gave himself a definition in his heart.

What did his master want him to do?

Although Li Taibai was a little confused, he still walked toward the Sword Emperor.

Seeing Li Taibai walking towards him, the Sword Emperor also looked over.

This is Senior's disciple. From what Senior said just now, this person also uses a sword.

It seemed that Senior's disciple was still very young. Senior hoped that he would teach him more.

With this thought in mind, the Sword Emperor pointed outside.

Since Senior had helped him so much, it wasn't impossible for him to help him teach his disciple.

Li Taibai saw the Sword Emperor's gesture and understood what he meant.

Following which, his figure flashed as he followed the Sword Emperor out of the courtyard.

"Since Senior has entrusted me with this task, I'll let you see my strength first."

This senior was so powerful. It was normal for his disciple to be a little arrogant.

However, if he wanted to teach others, he first had to eliminate their arrogance.

Then, the Sword Emperor didn't have a sword in his hand. The True Essence in his body slowly gathered and formed a giant sword above his head.

He struck at Li Taibai.

Li Taibai smiled as he looked at the giant sword coming at him.

He raised one hand and extended two fingers to meet the attack.

In an instant, it shattered the Sword Emperor's sword light.

This kid was quite capable.

The Sword Emperor looked at Li Taibai and his face suddenly became serious.

At this moment, Li Taibai was like the Sword Emperor, without a sword in his hand.

A sword light was also swung out.

Whoosh! The sword light was like a rainbow as it pierced through space and attacked the Sword Emperor.

“What? You’ve actually reached such a level?”

The Sword Emperor cried out in alarm. The moment Li Taibai attacked, he felt an aura lock onto him.

In a moment of desperation, the Sword Emperor took out the wooden sword that Xiao Changtian had given him.

Only by blocking in front of him did he manage to neutralize the sword light that Li Taibai had swung over.

After stabilizing his body, the Sword Emperor looked at Li Taibai with some lingering fear.

If it weren’t for the wooden sword, he would have been defeated.

“Master’s wooden sword?”

Li Taibai said as he took a step forward.

An even stronger sword intent shot out from his body..

Chapter 398: Sword Emperor’s Hometown (1)

Divine Realm, outside Xiao Changtian's courtyard.

The Sword Emperor stood in front of Li Taibai, his wooden sword in his hand.

"Little brother, let's not fight anymore, let's not fight anymore."

Hearing the Sword Emperor's shout, Li Taibai slowly withdrew his sword energy.

The Sword Emperor then walked up to Li Taibai and smiled at him.

"Little brother, your attainments in the path of the sword can be said to be amazing. I really admire you."

The Sword Emperor looked at Li Taibai, his eyes filled with amazement.

The strength of this senior's disciple was too terrifying. If not for the senior's wooden sword, how could he still be standing now?

She didn't know what she was thinking just now.

How could he have thought that Senior would let him teach his disciple?

With Senior's unfathomable strength, his disciple's strength should have long reached the peak of perfection.

As he pondered, the Sword Emperor looked at Li Taibai.

Then what did Senior mean by letting his disciple interact more with him?

At this moment, the Sword Emperor slowly said to Li Taibai,

“Little brother, have you had any difficulties recently?”

No matter what, he had to ask if there was anything he could help with.

Hearing the Sword Emperor’s words, Li Taibai fell silent for a moment.

His master had told him to communicate more with him, but there was nothing powerful about the Sword Emperor’s sword.

What did he mean by asking for his help?

Li Taibai suddenly remembered what the old hen and the others had said to him in the courtyard.

Another important purpose of his trip here was to find the ingredients that his master had instructed him to give him.

With this thought in mind, Li Taibai walked up to the Sword Emperor and said, “I’ve been looking for an ingredient recently. I wonder if you’ve seen it?” As he spoke, Li Taibai gathered his True Qi and transformed in front of the Sword Emperor.

A huge white flower appeared in front of the Sword Emperor.

“This is a snow lotus. Have you seen it before?”

The Sword Emperor looked at the snow lotus in front of him and his body trembled.

He pointed at the flower in front of him and sighed.

This was fate.

Sighing in his heart, the Sword Emperor slowly said to Li Taibai,

“Little brother, I know where this flower is. Let me take you there.”

Li Taibai saw the look in the Sword Emperor’s eyes, and he seemed a little sad.

He didn’t say anything and just nodded to the Sword Emperor.

Then, Li Taibai and the Sword Emperor turned into two streaks of light and disappeared from the courtyard.

At this moment, the old hen and monkey in the courtyard were also looking at the sky.

The old hen’s eyes flickered slightly, and then she continued to wander around the courtyard.

Outside the God Burial Mountain Range

At this moment, there was a group of demon beasts gathered here.

After the competition in the Demon Hall and Wu Gong’s underground palace was over.

Many experts of the Demonic Beast World headed there in an attempt to find some of the things they had left behind.

At this moment, under the lead of the Sword Emperor, Li Taibai once again arrived at the outskirts of the God Burial Mountain Range.

“Sword Emperor, is this snow lotus in the God Burial Mountain Range?”

When he followed the Blue Luan and the others here, he did not sense any snow lotus aura here.

Hearing Li Taibai’s words, the Sword Emperor didn’t reply.

With a flash, he flew forward.

As he arrived in the God Burial Mountain Range, the Sword Emperor looked at the stone statue of the demon ancestor in front of him.

“Yinyang Bird, long time no see.”

As the Sword Emperor’s ancient voice rang out, a black and white aura rose from the stone statues of the demon race ancestors.

Then, the figure of the Yinyang Bird appeared in the air.

Seeing the Yinyang Bird in front of him, the Sword Emperor smiled at him.

“According to our agreement, help me open that restriction.”

Yinyang Bird looked at the Sword Emperor in front of him and Li Taibai behind him. He was no stranger to these two people.

Then, without saying anything, a bird chirped.

The black and white Qi on his body spread out and quickly condensed into a huge space tunnel in front of the Sword Emperor and Li Taibai.

“Go in. I can only maintain this passage for three days.”

Yin Yang Taoist looked at Sword Emperor and said slowly.

Hearing the Yinyang Bird’s words, the Sword Emperor clasped his fists.

Then, he stepped into the space channel.

Behind him, Li Tai also looked at the spatial passageway. Without saying anything, his figure flashed and he also stepped in.

After passing through the space passage, Li Taibai and the Sword Emperor arrived in a brand new world.

The Sword Emperor looked at the scenery in front of him. The mountain was covered with dense forests, and there was even smoke rising from the village. Li Taibai looked around and said to the Sword Emperor,

“This is an independent space.”

Li Taibai had just sensed and checked the entire space.

This place did not seem to be connected to the Divine Realm. It was similar to the Tian Yuan Continent, an independent lower realm.

However, what was not connected to the Tian Yuan Continent was that the passage to the divine realm seemed to be cut off by some force.

If it wasn’t for the Yin Yang Bird’s help, they wouldn’t have been able to enter.

He couldn’t even find the coordinates of this space.

Hearing Li Taibai's words, the Sword Emperor nodded.

"Little brother, you are right. This is indeed an independent space."

"However, previously, it was the same as the other lower realms. It was just that I isolated it from the Divine Realm."

The Sword Emperor looked at the scenery for a while, and after hearing Li Taibai's words, he reacted.

She slowly explained to him.

"You have been isolated by you."

When Li Taibai heard the Sword Emperor's voice, he was stunned. Then, he saw the Sword Emperor fly down.

Soon, the two of them landed on a mountain peak.

Looking at the surrounding scenery, it seemed to reveal a primitive taste.

Occasionally, a few demon beasts would come out of the forest to watch, looking eager to try.

"Yes, I isolated it because this is my hometown."

the Sword Emperor said as he recalled the past. He then grabbed at the air in front of him.

Li Taibai understood what was going on after hearing the Sword Emperor's words.

So this road was the Sword Emperor's hometown. No wonder he asked the Sword Emperor for the snow lotus.

The Sword Emperor's expression was a little strange. So he was thinking about his hometown.

He probably had some extraordinary difficulties in cutting off the connection between his hometown and the Divine Realm.

With this thought in mind, Li Taibai slowly said to the Sword Emperor, "Actually, with Master's approval, you can restore your connection with the Divine Realm at any time if you want."

Hearing Li Taibai's words, the Sword Emperor laughed at himself.

That's right, if he had Senior's strength, he wouldn't have had to isolate his connection with the Divine Realm back then.

At this moment, a cloud of dust rose from the mountain peak.

It seemed like someone was chasing after them..

Chapter 399: Watching the Battle (1)

In a small space

A cloud of dust rose from the mountain where Li Taibai and the Sword

Emperor were.

Then, a few figures appeared in front of Li Taibai and the Sword Emperor.

In the crowd, there was an old man in beast clothes with blood on his body.

Beside him were a few young men and women in beast clothes.

The old man looked behind him from time to time.

Then, as if he couldn't hold on any longer, he stopped listening halfway.

“Da Zhuang, you take Mu ‘er and the others and leave first. Go and meet up with the clan leader and the others.”

As he spoke, the old man turned around and prepared to welcome the enemy behind him.

At this moment, when Da Zhuang heard the old man's words, a few drops of tears appeared on his face.

“Elder.”

After saying this, the man named Da Zhuang also knelt down in front of the elder.

A young girl beside him saw Da Zhuang's appearance and walked to the side of the old man. She slowly said to him,

“Elder Huang, if you want to leave, we'll leave together. We won't leave you behind.”

“Da Zhuang, Mu ‘er is not sensible. Are you going to mess around with him

now?"

Elder Huang saw Da Zhuang and Mu 'er's expressions and seemed to be a little angry as he shouted.

At this moment, Da Zhuang also stood up from the ground, pulled Mu 'er, and bowed to the elder.

"Elder, I know what to do."

As he spoke, Da Zhuang also wanted Mu 'er to run behind him.

At this moment, Mu 'er's face was also filled with tears, as if she did not want

to leave Elder Huang's side.

However, she was pulled by Da Zhuang and followed him out.

Da Zhuang had only taken a few steps when he stopped.

"What's going on, Dazhuang? What are you doing?"

Elder Huang shouted at Da Zhuang once again when he sensed that Da Zhuang had stopped.

At this moment, a few voices sounded in their ears.

"You want to run? Where do you want to run to? It looks like you can still run?"

As this voice fell, a man with horns on his head appeared in the eyes of Elder

Huang and the others.

The man held a longbow in his hand and carried a quiver on his back. His quiver was filled with arrows.

Behind the man were a few old men. They were all holding longbows and carrying quiver on their backs.

Elder Huang's expression turned gloomy when he saw these few people appear.

"Dazhuang, why aren't you leaving yet?"

Seeing that Da Zhuang was still standing there, Elder Huang could not help but say again.

At this moment, Da Zhuang's voice was heard.

"Elder, there's someone up ahead."

As he spoke, he pointed at Li Taibai and the Sword Emperor.

Looking at their decorations, it was obvious that they were not from their tribe.

In this case, it was very likely that the Black Wind side would hire experts to deal with them.

After hearing Da Zhuang's words, Elder Huang turned around and saw the Sword Emperor and Li Taibai on the mountain peak.

He saw the two people on the mountain peak.

However, it did not seem to be beneficial for them to appear here at this time. In front of Elder Huang, Black Wind saw Sword Emperor and Li Taibai on the mountain peak.

She turned her head and said to Old Zhu beside her.

“Third Uncle, do you know those two people?”

After whispering into the ear of an old man, the old man slowly said to him, “Young master, I just checked those two people. They don’t have any aura on them.”

“It should be two mortals. Ignore them. If they interfere, I can easily kill them.” Hearing the old man’s words, Black Wind nodded.

Third Uncle’s strength had already reached the Divine Lord level. It was said that he was also a great expert in the legendary Divine World.

With Third Uncle’s words, then he could rest assured and show off his skills. With this thought in mind, Black Wind stopped paying attention to Li Taibai and Sword Emperor.

He turned to look at Elder Huang and the others and slowly said,

“Huang, your Sword Sect has declined for so long. It’s already very difficult for you to survive.”

“How about this? For the sake of the reputation of the Sword Sect, I can give

you a chance. Hand over the girl behind you.”

“I can give your Sword Sect a way out. Perhaps one day, you can make a comeback.”

As he spoke, the man named Black Wind also burst into laughter.

“Heifeng, you guys are too much. Your Arrow Sect and our Sword Sect have irreconcilable hatred. Now you want to take our Saintess? Do you think it’s possible?”

As he spoke, Elder Huang also took out a long sword from his body.

The tip of the sword was pointed at Black Wind, looking as if he was about to kill at the slightest disagreement.

Standing on the mountain peak, Li Taibai saw the Sword Emperor tremble when he heard about the Swordsmanship Sect.

“Are you familiar with the Sword Sect?”

Li Taibai came to the Sword Emperor’s side and said slowly.

“My sect.”

The Sword Emperor replied.

“Do you want to help?”

Li Taibai said to the Sword Emperor as he looked at Elder Huang, Heifeng, and the others.

“Thank you, little brother. There’s no hurry.”

The Sword Emperor slowly said to Li Taibai, and then looked at the little girl called Mu ‘er.

Li Taibai followed his gaze and paused on Mu ‘er.

This girl’s talent was indeed extraordinary. He did not expect that there would be a sword spirit body in this small space.

Sword Spirit Physique was the physique that Swordsmen dreamed of. Not only could the owner of the Sword Spirit Physique be comparable to any spiritual sword perfectly, but it could also be compared to a spiritual sword.

Moreover, as long as he found a high-grade spirit sword and the spirit sword entered his body, his cultivation speed was almost several times that of other immortal cultivators.

Moreover, the strength of his attack was something that other cultivators could not compare to.

At this moment, the man named Black Wind had already taken out an arrow.

He placed it on his longbow and aimed it at Elder Huang.

“Elder, be careful!”

Now, it was not right to advance or retreat. Da Zhuang also shouted at Elder Huang in front of him.

“Find an opportunity to escape.”

Elder Huang replied when he heard Da Zhuang’s words.

Following that, the true essence in his body also rose and attached itself to the long sword in his body.

“One Sword Shattering the Heavens!”

The long sword was filled with Elder Huang’s true essence. Under Elder Huang’s operation, a sword light flew towards Black Wind.

Looking at the oncoming sword light, Heifeng also snorted coldly.

The hand that was holding the arrow let go, and the arrow brought with it a gust of wind.

“An Arrow Piercing the Sky!”

The arrow flew out, bringing with it a sharp light as it collided with the sword light.

Both were annihilated!

At this moment, Black Wind also saw Da Zhuang and the others who were trying to escape.

He said to the old man beside him.

“Third Uncle, please take action..”

Chapter 400: The Sword Emperor Makes His Move (1)

In a small space

Black Wind said slowly to the old man beside him and looked at Elder Huang in front of him.

“I’m not playing with you guys.”

Hearing Black Wind’s voice, Elder Huang also sensed something and looked in the direction of Da Zhuang.

He saw that the elder who was called Third Uncle by Black Wind had already arrived in the sky above Da Zhuang.

“Dazhuang, be careful!”

Elder Huang shouted and chased after him.

The Elder of the Arrow Sect had already reached the Divine Lord Realm. Da Zhuang and the others were no match for him.

” Elder Huang!” At this moment, the Elder of the Arrow Sect also saw Elder Huang rushing over and shouted coldly.

“A mere Deity dares to block me.”

As he spoke, the Elder of the Arrow Sect waved his sleeve and attacked him.

Bang! As the Elder of the Arrow Sect waved his hand, Elder Huang also felt his body fly out.

Elder Huang coughed as he fell to the ground. Then, he spat out a mouthful of blood.

At this moment, Mu ‘er also looked at the Sword Emperor and Li Taibai on the mountain peak.

He pulled Da Zhuang and said slowly,”

“Big Brother Da Zhuang, walk over there.”

In a moment of desperation, Da Zhuang heard Mu ‘er’s words and did not say anything more. He ran towards Li Taibai’s mountain peak.

After dealing with Elder Huang, the Elder of the Arrow Sect also saw Da Zhuang and Mu ‘er walking towards Li Taibai and the Sword Emperor.

“Hmph, do you think two mortals can save you? What a joke.”

Saying so, the Elder of the Arrow Sect also shot out.

“Now, let me extinguish your hopes completely.”

Then, the Elder of the Arrow Sect gathered his True Essence and attacked Li Taibai and the Sword Emperor.

Li Taibai stood on the mountain peak and watched the Elder of the Arrow Sect attack him.

Standing next to Li Taibai, the Sword Emperor slowly walked forward.

“I’m sorry for bringing trouble to you, little brother.”

As he spoke, the Sword Emperor swung his sword towards the Elder of the Arrow Sect.

Bang! When the Elder of the Arrow Sect saw the sharp edge coming towards him, his expression changed.

Just as he was about to say something, he was struck to the ground by the Sword Emperor.

Whoosh! The figure of the Elder of the Arrow Sect slowly dissipated, and there was no time for him to make a sound.

At this time, Da Zhuang and Mu ‘er were also looking at the Sword Emperor and Li Taibai on the mountain peak in shock.

Da Zhuang stuttered and bowed to Li Taibai and the others.

“Thank you very much...Thank you, Senior.”

After stuttering to the Sword Emperor, Da Zhuang didn't continue to run away with Mu 'er.

This senior's strength was so terrifying that even if they fled, it would only take a thought for him to kill them in the end.

On the other side, Black Wind looked at the Elder of Arrow Sect who had turned into ashes on the ground.

An old man also came to his side and slowly said to him,

“Young Master, what should we do?”

Heifeng looked at the Sword Emperor and Li Taibai with fear in his eyes.

“Third Uncle is dead. What else do you want? Run quickly and report to father.” As soon as he finished speaking, Black Wind Savior immediately turned into a whirlwind and disappeared from everyone's sight.

An existence that could kill his third uncle must have the same strength as his father, reaching the Godly King realm.

If he stayed here, wouldn't he be waiting for death?

He did not know when such an expert had appeared in the Sword Sect.

After Heifeng escaped, the few Arrow Sect elders didn't dare to stay any longer.

Although the sect master had asked them to follow the young master out to capture the Sword Sect's saintess, Mu 'er.

However, the young master had already run away, and they were still staying here. Wasn't that courting death?

After the people from Arrow Sect left, Elder Huang, who was lying on the ground, slowly stood up.

He bowed to the Sword Emperor on the mountain peak.

"Thank you for what you did just now, Senior!"

An existence that could kill Third Uncle Black Wind was regarded as a distinguished guest in the Sword Sect in the past.

This kind of expert was usually unpredictable. It was better for him to be careful.

With this thought in mind, Elder Huang also wanted to leave with Mu 'er and Da Zhuang.

Holding Mu 'er in his hand, Elder Huang once again bowed to the Sword Emperor and Li Taibai.

"Senior, if there's nothing else, we'll leave first."

As soon as he finished speaking, Elder Huang was about to leave with Mu 'er and Da Zhuang.

At this moment, the Sword Emperor and Li Taibai watched the group of people leave without saying a word.

Since the Sword Emperor didn't say anything, Li Taibai naturally didn't care.

He was here to find the snow lotus, so he didn't really care about anything else.

Then, a voice entered the ears of the Sword Emperor and Li Taibai.

"Big brother, come and help us in our village. There are bad people attacking our village. Grandpa Chief and the others are in a difficult situation."

While speaking, Mu 'er looked at Li Taibai with her big watery eyes.

Perhaps it was because of the Sword Spirit Body, Mu 'er had a good impression of Li Taibai.

After hearing Mu 'er's words, Li Taibai was stunned and sighed.

He said to the Sword Emperor beside him.

"Sword Emperor, let's go take a look at his village."

After hearing Li Taibai's words, the Sword Emperor nodded his head.

"I'll listen to you, little brother."

As they finished speaking, Li Taibai came to Mu 'er.

Seeing Li Taibai suddenly appear, Elder Huang's heart trembled.

He had long heard that these experts were temperamental. Now, they were all in front of him.

Elder Huang quickly bowed to Li Taibai and said slowly,"

“Senior, please forgive us. The Holy Maiden of the sect is not sensible. Please forgive us...”

Before Elder Huang could continue, a force lifted him up.

Li Taibai looked at Elder Huang and said slowly,”

“Elder, there’s no need to be so nervous. I’ll go to your village to take a look.”

Hearing Li Taibai’s words, Elder Huang’s face was also filled with joy. Then he said to Li Taibai:

“Thank you, Senior!”

Their village had just been attacked by the Arrow Sect a while ago. If they had the help of this senior, there might be other opportunities in the future.

“Let’s go.”

Li Taibai smiled at Elder Huang and then made an inviting gesture.

Then, under Elder Huang’s lead, the Sword Emperor and Li Taibai flew towards the Sword Sect’s village.

At this moment, on the other side, Black Wind slowly appeared on a mountain peak and looked behind him.

When he saw that only a few Archery Sect elders had come, he heaved a sigh of relief.

Then, he slowly said,

“Fortunately, I didn’t catch up.”

“Young Master, what should we do next?”

At this moment, an Elder of the Arrow Sect walked up and said slowly to Heifeng.

“Return to the sect!”
