

## Beasts 401

### Chapter 401: Father and Son Plot (1)

Small space, at the foot of a mountain peak

Heifeng and a few Arrow Sect elders came to the foot of the mountain and looked at the mountain road in front of them.

Their eyes revealed a trace of joy.

This was a towering mountain peak, and the entire peak of the mountain was covered by clouds.

Its height could not be seen clearly.

At this moment, a few of the beast hide guards placed their hands on their chests when they saw Black Wind.

“Young Master!”

As their voices fell, a stone plaque appeared above Black Wind and the others. Arrow Sect!

In this world, the Arrow Sect and the Sword Sect each controlled a domain.

This world was named after their two sects, the Arrow Sword World!

They were all sects that were respected by countless tribes in the Arrow Sword Realm.

After Heifeng went up the mountain, he arrived in front of a large hall. Standing outside the hall, Black Wind clasped his hands together and said to the people inside the hall.

“Father, your son has returned and has something to report.”

As Black Wind’s voice fell, an ancient voice sounded from the hall.

“It’s good that you’re back. Did the Sword Master’s sword spirit body say that the girl was resolved?”

Hearing this voice, Black Wind’s face became nervous as he knelt down in front of the hall.

“Father, I came back to explain this matter. When we were trying to kill Mu ‘er, an unknown expert appeared and even Third Uncle died in his hands.”

“It was only because Third Uncle fought his way out that we were able to escape.”

As he spoke, Black Wind also gave a look to the few Arrow Sect elders beside him.

Then, the few Arrow Sect elders knelt down in front of the hall.

Yes, Sect Master, Young Master is right.”

At this moment, the door of the hall opened with a bang, and a gust of wind blew out from inside.

Then, an angry voice sounded in the world.

“Black Wind, what did you say? Third Brother is dead?”

A figure slowly appeared in front of everyone after he finished speaking.

The figure had a beard on his chin and a rough figure. One of his arms seemed especially rough.

There was also a stone carved with arrows on his neck.

This was Heifeng's father, the leader of the Arrow Sect!

At this moment, outside the main hall of the Arrow Sect, the Sect Leader of the Arrow Sect was looking at the group of people in front of him.

"You said that an unknown expert appeared?"

"That's right, sect master. The third elder was about to succeed, but that person killed the third elder in one move."

An Elder of the Arrow Sect said slowly to the Sect Leader of the Arrow Sect with a long face.

Killed Third Brother in one move?"

Hearing the words of the Elder of the Arrow Sect, the Sect Leader of the Arrow

Sect could not help but raise his voice.

"I've never heard of such an expert in the Arrow Sword World."

"Could it be some old monster who has been hiding in the world? No, that's not possible."

"In other words, it's very likely that the Sword Sect has found..."

At this point, the Elder of Arrow Sect suddenly stopped talking and waved at the others.

Following that, the people next to Arrow Master retreated.

Arriving in front of Heifeng, the Arrow Sect's sect leader also slowly said to him,"

"Black Wind, I have a very important task for you. Go and invite the leaders of the other tribes in the Arrow Sword Realm."

"Just say that I have something to discuss with them."

"Father, although those tribes have submitted to our Arrow Sect, they won't come without a proper reason."

Black Wind did not expect his father to say this to him. He was also a little puzzled and slowly said to him.

The third uncle was dead, but the sword spirit body of the Sword Sect was not destroyed.

Shouldn't his father be gathering everyone to attack the Sword Sect?

At this moment, the Sect Leader of Arrow Sect smiled at Heifeng.

"Feng 'er, you don't understand. According to your description, a peerless expert suddenly appeared in the Sword Sect."

"This person is at least a God King. The Sword Sect has just been defeated by

us, and now a peerless expert has appeared."

“Isn’t this too strange? There’s such an expert in the Arrow and Sword Realm.

He shouldn’t have been unknown before.”

At this moment, Heifeng seemed to have come to his senses. He looked at the face of the Arrow Sect’s Sect Leader.

She smiled and waved at him.

” Father, are you saying that the ancestral item of the Sword Sect is most likely...”

Hearing Black Wind’s words, the Arrow Sect’s sect leader also made a gesture to indicate that he understood the new path.

Then, he said,

“Otherwise, why would they abandon their territory and flee with their ancestral items? You know what to do, right?”

When Heifeng heard the words of the Arrow Sect’s Sect Leader, he nodded at him.

“Understood, Father!”

“Don’t worry, Father. This time, I’ll definitely gather all the tribes and have a good talk with the Sword Sect.”

“Yes.”

The Sect Leader of the Arrow Sect nodded in satisfaction when he saw Heifeng's confident look.

"The few of you, follow me."

Heifeng waved his hand at the few Arrow Sect elders, indicating that they should leave with him.

Then, under the gaze of the Arrow Sect's sect master, Heifeng left with the elders of the Arrow Sect.

"Sword Sect, the secret you've been hiding for hundreds of years is finally

about to be unraveled by me."

"I hope that when the tribal army arrives, you will be able to resist for a while." As he spoke, the Sect Leader of the Arrow Sect spread out his hands and laughed loudly at the sky.

Then, he saw the few Arrow Sect disciples beside him.

He also said to them.

"The few of you, stop looking. Go and find out about the Sword Sect."

"Otherwise, you'll have a good look."

As he spoke, the Archery Sect's Sect Leader also picked up a longbow from the cover beside him.

Seeing the Arrow Sect's Sect Leader like this, those disciples of the Arrow Sect also hurriedly smiled at him.

Then, he walked down the mountain.

According to the personality of the Arrow Sect's sect master, if they walked a

little slower, they would definitely be in trouble.

On the other side, Li Taibai and the Sword Emperor were led by Mu 'er and

Elder Huang through the forest.

They also came to the side of a stream.

Mu 'er came to the stream and saw the village opposite. She said to Li Taibai happily,"

"Big brother, that's my home."

Hearing Mu 'er's innocent voice, Li Taibai also looked over.

As he released his spiritual sense, Li Taibai saw everything that had happened.

Just as Mu 'er had said, there was indeed a village in front of them.

Moreover, the people in the village were the same as Elder Huang, who was beside him. They cultivated the sword.

At this moment, Li Taibai glanced at the Sword Emperor.

He could feel that the people in the village in front of him had a similar cultivation system to the Sword Emperor.

At this moment, the Sword Emperor smiled at Li Taibai and said to everyone,

“Let’s go in.”

Hearing the Sword Emperor’s words, Elder Huang hurriedly replied.

This was an existence that could kill a Divine Lord with one move. If the sect master knew that he had neglected him, he would be able to kill him.

That would be incredible.

At this moment, Elder Huang also made a gesture of invitation to Li Taibai and the Sword Emperor.

“Follow me..”

Chapter 402: A Spy Sent by the Archery Master??—1

Small space, in front of the village

Elder Huang led Li Taibai and Sword Emperor into the village.

Just as they arrived in front of the village, a few young burly men saw Elder Huang and Mu ‘er.

They put down their hands and shouted to the people behind them,

“The Saintess is back. Hurry and report to the Sect Master.”

“What is it? The Saintess is back?”

As soon as the young man finished speaking, a few burly men also looked towards the door.

Mu ‘er was being held by Elder Huang as she looked around with her big watery eyes.

“The Saintess is back. Hurry and report to the Sect Master.”

At this moment, the news of Mu ‘er’s return spread like wildfire in the village.

Then, a few streaks of light flew past Li Taibai and the others.

A few figures flew over from the sky and landed in front of them.

The flowing light descended, revealing the figures within. They were a few white-haired elders who were similar to Elder Huang.

Each of them had a long sword at their waists.

When they saw Mu ‘er, they all walked over and said to him excitedly,”

“Holy Maiden, it’s good that you’re back. It’s good that you’re back. God bless our Sword Sect.”

At this moment, a white-haired elder stood in front of Mu ‘er and the others. He said to Elder Huang slowly,”

” Old Yellow, it’s been hard on you. You don’t know how everyone felt when

Heifeng chased after you...”

“Sigh, it’s all my fault.”

The elder laughed at himself as he said this.

At this moment, Elder Huang also smiled at the few white-haired elders.

“Actually, we were able to return safely this time thanks to the help of these two seniors.”

As he spoke, Elder Huang’s body also moved a few steps to the side.

The Sword Emperor and Li Taibai’s figures were revealed in front of everyone.

At this moment, everyone in the village saw Li Taibai and the Sword Emperor clearly.

When they first entered the village, everyone’s attention was on Mu ‘er.

Basically, no one paid attention to Li Taibai and the Sword Emperor.

At this moment, a white-haired elder slowly said to Elder Huang,

“Old Yellow, are you saying that you were able to escape from Black Wind because of the two of them?”

The white-haired old man’s words were filled with disbelief.

The two people standing in front of him did not seem to have any aura at all.

One of them was still alright. He even carried a huge sword on his back. It seemed that he was a sword cultivator.

However, the one beside him was even more ridiculous. It was a young face.

Looking at his appearance, his age was not more than 20 years old.

He would not believe it even if he was beaten to death.

He didn't even think about it.

However, there was nothing to be said about talent. In the entire world of the sword and arrow, he was at the top of the pyramid.

He had only cultivated 100 armor, but his strength had already reached the level of a god.

It made these old fellows extremely stunned. How could they be defeated by a young kid?

The white-haired old man exchanged glances with the others.

The other elders saw the white-haired old man's gaze and knew what he was thinking.

After the few of them confirmed their thoughts, they all waved their hands at Elder Huang.

"Old Huang, take Mu 'er down to rest first. We'll take care of these two."

As he spoke, the white-haired old man gave Elder Huang a look.

Then, Elder Huang pulled Mu 'er and Da Zhuang to the side.

Then, the white-haired old man walked up to the Sword Emperor and Li Taibai.

“You two are spies from the Arrow Sect, right? Let me tell you, for Mu ‘er’s sake, we won’t pursue the matter if you leave now.”

“Go back and tell that old man from the Arrow Sect.”

“If you don’t know how to appreciate favors and continue to stay here, don’t blame us for showing mercy.”

As he spoke, the white-haired old man and the others moved, surrounding the Sword Emperor and Li Taibai.

How could they not know what kind of strength Heifeng had?

How could it be so easy for these two mortals to save Mu ‘er from Black Wind?

Moreover, they were not related to them, so why should they help them? If they wanted benefits, it would be better to help the Arrow Sect.

After thinking about it, the few white-haired elders all felt that what Elder Huang and the others had encountered was a trick of the Arrow Sect.

It was to let these two people come to their Sword Sect to inquire about information.

At the critical moment, he would give their Sword Sect a fatal blow.

Surrounded by a few Sword Sect Elders, the Sword Emperor sighed.

Then, he took a step forward.

“In that case, you’re going to do it the hard way.”

A white-haired old man saw the Sword Emperor’s reaction and said slowly.

After hearing their words, not only did these two people not leave, but they also took a step forward.

Wasn’t this provoking them?

Although these two mortals have good mental fortitude, they can’t fool us.

With this thought in mind, the white-haired old man was about to unsheathe his sword and attack the Sword Emperor and the others.

At the same time, a gust of wind came from afar.

“Elder Bai, what are you guys doing?”

Along with the sound of the wind, a clear female voice was heard.

Then, a white-robed, long-haired woman with a long sword on her waist fell from the sky.

With the appearance of this figure, everyone from the Sword Sect, including a few elders, bowed to her.

“Greetings, Sect Master!”

At this moment, Mu ‘er saw that the Sword Sect Master had also broken free from Elder Huang’s arm and was running toward her.

“Master!”

The Sword Sect Master landed on the ground and looked around. He saw Mu ‘er walking towards him.

He smiled and waved at her.

“Elder Huang brought you back.”

“Yes, yes. Master, I even met big brother. It was she who saved me.”

Mu ‘er pointed at Li Taibai as she spoke.

Seeing these two figures, the Sword Sect Master smiled at them.

He walked towards them and slowly said to them:

“I’m Bai Mei, the Sect Master of the Sword Sect. Thank you for saving Mu ‘er.”

As she spoke, the Sword Sect Master Bai Mei also bowed slightly to Li Taibai and the Sword Emperor.

Seeing Bai Mei’s actions, Elder Bai also slowly transmitted his voice to her.

“Sect Master, there’s something strange about these two people. They...”

Before Elder Bai could finish speaking, he saw Bai Mei wave at him.

Then, Bai Mei slowly said to Elder Huang,”

“Elder Huang, these two are guests from afar and Mu ‘er’s benefactors. Take them to the village to rest.”

Elder Huang heard Bai Mei’s words and was stunned for a moment before walking over to Li Taibai and the Sword Emperor.

He slowly said to them,

“The two of you follow me!”

Seeing Li Taibai and the Sword Emperor leave with Elder Huang, Elder Bai and the others looked at each other.

He did not say anything else..

Chapter 403: The Past of the Sword Emperor (1)

Small Space, Mu ‘er Village

Under Elder Huang’s lead, the Sword Emperor and Li Taibai arrived at a room in the village.

After arriving at his residence, Elder Huang exchanged a few pleasantries with the Sword Emperor and Li Taibai.

Subsequently, Elder Huang slowly said to the two of them,

“Then the two of you can rest assured and stay here. I still have things to do, so

I won’t disturb the two of you.”

Elder Huang walked out of the courtyard after he finished speaking.

After Elder Huang left, Li Taibai walked to the Sword Emperor's side and said, "Sword Emperor, where is the snow lotus?"

Li Taibai had come to this small space to find the snow lotus.

Hearing Li Taibai's words, the Sword Emperor was also stunned. He then took a few steps forward.

Then, he slowly said to Li Taibai,"

"Little brother, the snow lotus is among the ancestral items of the Sword Sect."

" Sword Sect's ancestral item?"

Li Taibai was stunned by the Sword Emperor's words.

Sword Sect, wasn't it the small village he was in now?

However, when he first arrived, he had also investigated the entire village from inside to outside.

There was no aura of the snow lotus at all.

Could it be that there was some kind of spiritual artifact in this village that could isolate detection?

However, with their strength, the strongest of them was only a God King.

With his strength, he should have been able to tell that something was wrong even if there was an item that blocked their aura.

At this moment, the Sword Emperor seemed to have noticed the confusion on Li Taibai's face.

Then, she slowly explained to him,

"The ancestral item of the Sword Sect does indeed contain a snow lotus."

"It's to seal the gate connecting the Arrow Sword Realm and the Divinity in the ancestral artifact and use the snow lotus to suppress it."

"That's why this place hasn't had any contact with the outside world for hundreds of years."

At this moment, the Sword Emperor seemed to have vented all the frustration and hesitation he had felt in the past few days.

At this moment, Sword Emperor continued to speak to Li Taibai,

"Little brother, back then, my brother and I were both prodigies of the Sword Sect."

"The two of us practiced the sword together, and in the end, we both reached the level of great success in the Dao of the Sword."

"Oh, isn't that good?"

Li Taibai slowly said after hearing the Sword Emperor's recollection.

"It's indeed quite good. I originally thought so too. Later on, we joined different camps."

“I became one of the ten great generals under my lord, and the Sword

Emperor’s reputation shook the entire Divine Realm.”

The Sword Emperor sighed.

“At that time, for various reasons, I had no choice but to fight him. You know the final outcome.”

“It’s just like what you saw. In order to not bring trouble to the Arrow and Sword Realm, I sealed this place.”

“As for me, I was also suppressed at the bottom of the lake by my younger brother for hundreds of years.”

When Li Taibai heard the Sword Emperor’s words, he nodded his head in agreement.

Then, she walked towards him.

The Sword Emperor and the Sword Immortal had fought to seal this place. Perhaps it was because there were too many enemies here. Without two top-notch combatants, there was no one to protect this world.

With this thought in mind, Jian Huang’s voice sounded again.

“Little brother, don’t worry. Since I’m back, I’ll give you the snow lotus and restore the connection between this world and the Divine Realm.”

Li Taibai nodded at the Sword Emperor.

Right now, he also knew that he couldn’t rush the matter of obtaining the snow lotus. After all, he was Di Tian’s subordinate.

His relationship with his master and Di Tian was actually quite good.

However, when he thought of the Yinyang Bird in the God Burial Mountain Range, Li Taibai continued to speak to the Sword Emperor,

“When the Yinyang Bird used the spatial tunnel, the spatial coordinates here were already exposed.”

At this moment, the Sword Emperor continued to walk toward Li Taibai.

“Yes, before that Yinyang Bird became the god of God Burial Mountain Range, I helped him once.”

“Because of his own ability, he can help me temporarily save the spatial coordinates.”

Li Taibai slowly nodded his head when he heard what the Sword Emperor said. In this way, Master’s plan for coming to the Divine Realm this time seemed very far-reaching.

First, he followed the Blue Luan of the Demon Race Hall to the God Burial Mountain Range.

First, he would use Senior Phoenix’s strength to intimidate the Yin-Yang Bird. In the end, he rescued the Sword Emperor from the bottom of the lake and came here again to use the Yin Yang Bird to break open the spatial passageway. From the looks of it, his master’s arrangements were all around this space. With that thought in mind, Li Taibai also thought of Alpha in the courtyard. With the heavens as the chessboard, Alpha was his master’s divine beast.

In that case, the ability was naturally imparted by his master. In that case, it was understandable that his master used the heavens as a chessboard.

It turned out that his master wanted to let this space continue to connect with the Divine World and let him obtain the snow lotus.

Thinking of this, Li Taibai admired Xiao Changtian’s plan.

At this moment, the Sword Emperor came before Li Taibai and said,

“Little brother, is there a problem?”

Hearing the Sword Emperor’s words, Li Taibai slowly recovered from his thoughts.

He smiled at the Sword Emperor and waved his hand.

“No, I haven’t.”

The Sword Emperor looked at Li Tai Bai and smiled apologetically.

These few days, he had been immersed in his own world because of some old things.

After saying it out loud, the Sword Emperor became much more clear-headed. Then, thinking of Xiao Changtian and Li Taibai’s strength, he had to find an opportunity.

Help them find the snow lotus.

His current mission was to find his Lord, Di Tian.

On the mountain peak of the Arrow Sect

At this moment, the Sect Leader of Arrow Sect was standing in front of the main hall at the top of the mountain, looking down at the foot of the mountain. Black Wind’s figure slowly appeared in his eyes, and behind him was a group of cultivators.

Looking at their appearance, they were dressed in all kinds of clothes. Some were dressed in Taoist robes, some were dressed in upper bodies...

Everyone came to the foot of the mountain and looked at the black wind above. A man with a naked upper body also said to him,

“Heifeng, is it true that you gathered everyone here?”

“Yes, quickly ask your father to come out and explain.”

“However, he is also a famous figure in the Divine Realm. If you want to make fun of us, it won’t be right.”

“That’s right, that matter concerns the rise and fall of our Arrow and Sword World.”

With the half-naked man taking the lead, the others followed suit.

Black Wind was about to say something as he commanded the group of Arrow Sect elders and disciples to maintain order.

A figure slowly descended from the sky..

Chapter 404: Killing the Sword Sect?

In the small space, in front of the Arrow Sect’s mountain peak.

A figure slowly descended from the sky.

Seeing the appearance of this figure, everyone present slowly shut their mouths.

The figure slowly landed in front of everyone. His figure stopped in mid-air and smiled at everyone.

“Everyone, calm down!”

After the Arrow Sect’s Sect Leader finished speaking, everyone below looked at him, waiting for his next words.

“I don’t need to explain the reason why I summoned you all here. I believe my son has already told you all.”

The Sect Leader of the Arrow Sect looked at the crowd that had quieted down and continued to speak.

At the same time, he placed his hands behind his back, and the aura on his body faintly leaked out.

Upon hearing the words of the Arrow Sect’s Sect Leader, the man with the bare upper body took a step forward.

He first cupped his fists at the Arrow Sect’s sect master who was floating in the air, then slowly said,

“Greetings, Black Arrow Godking. We came here to receive news from your sect’s young master.”

“I wonder if it’s true that the Arrow Sect found the way to contact the Arrow Sword Realm and the Divine Realm.”

As he spoke, the half-naked man also lowered his head. He did not have the rough aura he had when he faced Black Wind.

After all, there were only two God Kings in the entire Arrow Sword Realm. One of them was right in front of him, the Head of the Arrow Sect, God King Black Arrow.

The other was the current sect master of the Sword Sect, Divine King White Plum!

Both of them represented the top combat strength of the Arrow and Sword Realm.

Although the topless man was usually unrestrained, he would not jump around in front of the Godly King.

When the Arrow Sect's Sect Master heard the words of the topless man, he chuckled.

"I was wondering who it was. So it's the Desolate clan leader. What my son said is naturally true."

"With the reputation of my Arrow Sect, do I need to lie to you?"

While speaking, the head of the Arrow Sect slowly swept his gaze across the faces of the crowd.

The half-naked man was also the chief of a relatively powerful tribe in the Arrow Sword Realm.

The Desolate Tribe had always been a blacksmith for a living. They were very famous in the entire Arrow and Sword World.

It could be said that all the spiritual weapons used by the cultivators in the entire Arrow and Sword Realm came from their clan.

After the Arrow Sect's Sect Master finished speaking, everyone below started whispering.

"The Arrow Sect has already found a way to contact the God Realm. The dream of the ancestors for a hundred years has finally come true."

"That's right. If I can go to the legendary Divine World, my cultivation might break through."

“Isn’t that so? I heard that the spiritual energy in the Divine Realm is dozens of times more than on our path.”

Seeing everyone whispering, the Arrow Sect’s Sect Master in the air also revealed a smile.

He stroked his chin and continued to speak to the people below,

“Everyone, don’t be anxious. Let me explain slowly.”

Hearing the Arrow Sect’s Sect Leader speak again, everyone present fell silent again.

“The way to contact the Divine Realm is in the hands of the Sword Sect.”

“Besides, according to my speculation, the reason why we haven’t been able to contact each other for so many years is because of the Sword Sect.”

The words of the Arrow Sect’s Sect Master were like a huge rock that hit the calm lake below.

Today, he invited those tribes that were searching for the Divine Realm.

This was because their clan leader more or less had some old fellows with good strength.

In order to maintain their lifespan, they were all looking for a path to the Divine World.

It would be strange if they didn’t explode after hearing what he said.

“What? The Sword Sect actually has the method to go to the Divine World and even keeps it for themselves? They really don’t put us in their eyes.”

“That’s right. The Sword Sect even blocked our path to the Divinity. They’re the scum of the Arrow and Sword World.”

At the foot of the Arrow Sect’s mountain, all kinds of curses and curses against the Sword Sect kept ringing out.

However, some people remained rational. The whole Arrow and Sword World knew that the Arrow Sect and Sword Sect were not on good terms.

A while ago, he heard that the Arrow Sect even chased them out of their ancestral land during their fight.

Perhaps the Arrow Sect was using someone else to kill him.

At this moment, the Archery Sect’s Sect Leader naturally saw the expressions of those people.

He waved his hand at Black Wind beside him.

Black Wind came to his side. The Arrow Sect’s sect master looked at him and slowly said,”

“Heifeng, tell us what happened when you were killing the Holy Virgin of the Sword Sect?”

When Heifeng heard the Sword Sect Master’s words, he also took a step forward and said to everyone,

“Everyone, to tell you the truth, I was ordered to kill the Holy Virgin of the Sword Sect a while ago, but I encountered an unknown expert who killed my third uncle.”

“Do you know what kind of person in the Arrow Sword Realm is capable of killing my third uncle?”

“What? The Third Elder of the Arrow Sect is dead?”

After Black Wind finished speaking, the people below started whispering again.

“That’s a God Monarch! How can he be killed so easily?”

“If you want to kill him, you have to be at least at the God King level. Our Arrow Sword Realm only has two God Kings.”

“If it’s not the Sword Sect Master, then it’s...”

Everyone analyzed and seemed to understand something.

After hearing Black Wind’s words, those who were hesitating also began to waver.

After all, if he wanted to kill them with a borrowed knife, there was indeed no need to tell them so much shameful news.

Moreover, if they followed the Sect Leader of the Arrow Sect over, if they really saw an unknown powerhouse...

This meant that the Arrow and Sword Realm was connected to the Divine Realm.

It was cut off by Sword Sect.

At this moment, the Desolate Clan Leader was the first to take the lead and walk out.

Just like before, he took the lead and cupped his fists at the Arrow Sect’s sect master.

“Black Arrow Godking, we’re willing to follow you to Sword Sect as long as we discover their actions.”

“Then, we will definitely eliminate the evil for the Arrow and Sword Realm.”

With the leader of the Desolate clan leader, the other factions were also in high spirits.

A few of the older elders raised their fists and waved them in the air.

“The Desolate Clan Leader is right. Let’s go to the Sword Sect to take a look. If there really is an unknown expert, we must press him to the ground and rub him.”

“That’s right. The Sword Sect actually dared to cut off our cultivation future.

They must have colluded with the outside world.”

Waves of shouts rose in the air.

At this moment, the Sect Leader of the Arrow Sect spoke again,”

“Since everyone has such thoughts, I can rest assured.”

“I’ve already checked the location of the Sword Sect for everyone. Please follow me.”

As he spoke, the Sect Leader of the Arrow Sect waved his sleeve.

A huge spirit ship appeared in the air. The spirit ship was formed by a skull.

At this moment, the Arrow Sect disciples were already standing on the platform.

It seemed that the Sect Leader of Arrow Sect had already prepared everything.

Following that, under the lead of Black Wind, everyone below slowly stepped onto the spirit ship..

#### Chapter 405: Beat Those Two People Up (1)

Small space, above the village

The Arrow Sect's sect master stood on the bow of the spirit ship and looked down with flickering eyes.

Through this plan, most of the cultivators in the entire Arrow and Sword World had gathered on the spirit ship.

These cultivators were the tribal leaders who had been trying to find the Divine World for many years.

"This time, the Sword Sect will definitely perish."

The Sect Leader of Arrow Sect said. He clenched his fists tightly and his eyes revealed a trace of determination.

As long as the Sword Sect was destroyed, then their Arrow Sect would be the only overlord in the Arrow Sword World.

At this moment, an Arrow Sect disciple also came before the Arrow Sect's sect master.

First, she cupped her fists at him. Then, she slowly said to him,

"Sect Master, according to the news, the group of people from the Sword Sect is hiding in the village below."

When the Sect Leader of the Arrow Sect heard this disciple's words, he waved his hand at him.

Then, the disciple left.

At the same time, the Arrow Sect's sect master slowly turned around and looked at the people on the spirit ship.

"Everyone, the people from the Sword Sect are hiding below. It doesn't matter if you believe me or not."

"If you want an answer, go down and investigate it yourself."

As soon as he finished speaking, the Arrow Sect's sect master slowly walked to the middle of the spirit ship.

The true essence in his body gathered and poured into the spirit ship.

Then, a passage appeared in front of everyone.

Walking, going, going, looking, all come here, we are afraid of those people?"

After the sect leader of the Arrow Sect finished speaking, the Desolate clan leader looked at the people in front of him and slowly said.

Then, he jumped down.

Whoosh! As the Arrow Sect's Sect Leader's figure descended, some of the Arrow Sect's disciples also followed.

At the same time as they got off the spirit ship, Black Wind also waved his hand.

The few Arrow Sect disciples also slowly controlled their spirit ships.

He aimed the bow of the ship at the village where the Sword Sect was located.

Then, Black Wind's arm descended from above.

Whoosh! Whoosh! Whoosh!

Under Black Wind's command, the group of Arrow Sect disciples slowly injected their true essence into the spirit ship.

True essence was injected into the light ball of the spirit ship at the bow of the spirit ship.

Arrows condensed from true essence flew down.

At this moment, at the entrance of the Sword Sect's village.

Two Sword Sect disciples stood in front of the village gate and looked at the sky.

Suddenly, arrows the size of raindrops appeared before their eyes.

"What's that?"

Looking at the dense number of arrows in the sky, the Sword Sect disciples slowly said to their companions.

At this moment, another Sword Sect disciple also looked up into the sky.

"Not good, quickly report to Elder Bai and the others that there's an enemy attack."

As soon as he finished speaking, the Sword Sect disciple even pushed his companion beside him.

Then, a sky full of arrows appeared before their eyes.

“Ahhhhh!”

The Sword Sect’s gatekeeping disciple was killed by the arrows and let out a series of miserable cries.

At this moment, another disciple of the Sword Sect was also looking at the miserable state of his companion in front of him.

He ran into the village.

“Not good, not good, there’s an enemy attack, an enemy attack!”

As the disciple shouted in the village, a few streams of light flew over from the village.

Then, Elder Bai and the others appeared in front of the disciple.

“Elder Bai, there’s an enemy attack!”

The disciple slowly said to Elder Bai upon seeing his appearance.

Elder Bai looked at the arrows that had landed at the village gate with a gloomy expression.

Even without the disciple’s explanation, he knew that their courtyard had been attacked.

“It must be those two guys.”

Elder Bai waved his sleeve and walked out of the village.

“Inform the villagers to enter a state of full alert.”

Following Elder Bai’s voice, the disciple continued to walk into the village.

At this moment, a large group of tribal cultivators gathered outside the Sword Sect village.

It was heading towards the courtyard of the Sword Sect.

“Who dares to invade my Sword Faction!”

As the group of cultivators advanced, an old and powerful voice slowly sounded in the air.

Then, Elder Bai’s figure slowly appeared in the sky in front of the tribal cultivators.

Elder Bai stood in midair and looked at the cultivators below. The aura on his body was unobstructed.

Peak Divine Lord!

Seeing Elder Bai in the air, the other tribe cultivators also slowed down their pace.

The Desolate Clan Leader took the lead and took a step forward. He bowed to Elder Bai who was in the sky.

“Elder Bai, we don’t have any ill intentions towards your sect. It’s just that we’ve recently heard some rumors about your sect.”

“I have some doubts in my heart and wanted to come to your sect to verify it.”

Elder Bai sneered when he heard the words of the Desolate Clan Leader.

“Oh, Desolate Clan Leader, I’m very interested now. What is it that actually made you come here personally to verify?”

“I’m afraid it’s a lie to ask for confirmation. It’s true that you want to invade my Sword Sect.”

Hearing Elder Bai’s cold voice, the Desolate Clan Leader was not angry.

“Elder Bai, we just need to go in and investigate. I hope you won’t stop us.”

Now, in the heart of the Desolate Clan Leader, he only wanted to confirm if those unknown experts really existed.

If it didn’t exist, they wouldn’t be so stupid as to be used by the sect leader of the Arrow Sect.

At this moment, Elder Bai also slowly said to him,

“If you want to know anything, just ask me. If you continue to move forward, don’t blame me for being impolite.”

At this moment, Elder Bai also raised the aura on his body by a notch.

His voice also increased in decibel.

The Desolate clan leader also sighed. The Divine World was really too attractive to them.

The true essence in his body slowly gathered, and he was about to attack Elder Bai.

Although Elder Bai was a peak Divine Lord, his strength had also reached the level of a Divine Lord. He was not familiar with him and was afraid of him.

At this moment, a voice slowly sounded in the air.

“What happened?”

Following this voice, two figures slowly arrived behind Elder Bai.

They were Li Taibai and the Sword Emperor.

When they were in the village just now, the two of them had also planned to look for Sect Master Bai Mei.

He wanted to see if he could obtain their ancestral items peacefully.

However, he did not expect to see a group of Sword Sect disciples panicking as soon as he stepped out.

So, she followed him out to take a look.

With the appearance of Li Taibai and the Sword Emperor, everyone’s eyes were focused on them.

“Did you see that? I feel that their aura doesn’t come from the Arrow and Sword Realm.”

“Although they’re mortals, their clothes definitely don’t belong to our Arrow and Sword Realm.”

“Looks like the Arrow Sect’s sect leader didn’t lie to us. Everyone, let’s attack together and beat those two into a pulp.”

Seeing Li Taibai and the Sword Emperor, the tribal cultivators were all excited.

His primeval essence gathered on his body and was about to charge over.

At this moment, they had completely put down their worries..

Chapter 406: It's Time to Settle Our Debts (1)

Small space, outside the Sword Sect village.

Elder Bai looked at Li Taibai and Sword Emperor who were standing beside him.

“The two of you still dare to come out? Sect Master should have listened to me back then and chased you out to silence you.”

As he spoke, Elder Bai was also furious.

Looking at the infatuated expressions on the faces of the people below, it was obvious that the relationship between the two of them and the people from the Arrow Sect wasn't ordinary.

His judgment back then was correct.

“However, it's not too late yet.”

“By killing you, we can also suppress their morale.”

At this time, Elder Bai had already gathered some true essence in his hand.

He was about to attack Li Taibai and the Sword Emperor.

Li Taibai and the Sword Emperor watched Elder Bai's actions, but their expressions didn't change.

At this moment, the voice of the Desolate Clan Leader sounded in their ears.

"Elder Bai, I'm afraid it's too late for you to kill me now."

The Desolate Clan Leader came to Elder Bai's side and also waved his palm at Elder Bai.

Bang! The palms of Elder Bai and the Desolate Clan Leader collided, and a wave of air burst out in the air.

Elder Bai looked at the Desolate Clan Leader who was blocking in front of him and smiled.

"You guys came just in time."

Elder Bai continued to welcome the Desolate clan leader after his words sounded.

Bang! The two of them started fighting in the air.

At the same time, the cultivators of the other tribes below were also fighting with the Sword Sect cultivators who had come out of the village.

Whoosh! Whoosh! Whoosh!

At this moment, the Elder of the Arrow Sect and the other disciples were standing behind the tribal cultivator.

Each of them had a longbow in their hands and shot out arrows.

At this moment, a huge sword formation was formed in front of the Sword Sect disciples.

Bang! As soon as the sword formation appeared, it blocked the arrows of the Arrow Sect disciples.

It made a series of sounds.

Then, the Sword Sect Master's figure slowly appeared in front of everyone.

He was dressed in white and held a long sword. As soon as he appeared, he waved the long sword in his hand in front of him.

A wave of sword qi with the cultivation of a God King swept past the tribal cultivators.

"Ahhhhh!"

The tribal cultivators screamed and fell to the ground one after another.

Upon seeing the appearance of his sect leader, Elder Bai also exchanged a blow with the Desolate clan leader and pulled away.

"Sect Master, those two are definitely spies. Sect Master, please..."

Before Elder Bai could finish speaking, he saw the Sword Sect Master glance at him.

A force descended on his body, and Elder Bai immediately shut his mouth.

At the same time, Sword Sect's Sect Leader's figure flashed and appeared in front of Li Taibai and Sword Emperor.

He slowly said to them,

“I’m sorry, something seems to have happened in the sect and disturbed the two of you.”

Hearing the Sword Sect Master’s words, Li Taibai smiled at him and did not say anything else.

At this moment, another Godly King’s aura appeared in the sky above the tribal cultivators.

It blocked the Sword Sect Master’s aura.

At this moment, the sect master of the Arrow Sect slowly appeared above the tribal cultivators.

Black Wind and a few Arrow Sect elders followed him.

“Bai Mei, is this a person from the Divine Realm? He is indeed extraordinary.”

“It’s a pity that they’re just two mortals. They should have quite a number of spirit weapons on them.”

As he said this, the Archery Sect’s Sect Leader’s gaze swept across Li Taibai and the Sword Emperor.

When he was on the spirit ship just now, he had confirmed it with Black Wind.

It was these two people who killed the third brother.

After hearing the words of the Sect Leader of the Arrow Sect, Divine King White Plum was stunned for a moment before quickly adjusting and not saying anything.

On the other hand, Elder Bai was a little dumbfounded when he heard the words of the Arrow Sect's sect leader.

Weren't these two spies sent by them?

Why did they talk about the Divine Realm? The Divine Realm was an ancient legend.

While the Sword Sect disciples were confused, the tribal cultivators who had followed the Arrow Sect's sect master over were delighted.

"Sword Sect, you are the biggest threat to the Arrow and Sword Realm. Hand over the two mortals and destroy your own sect, and we might spare your lives."

"That's right. I wonder what it's like to be a mortal in the outside world. It's best to use it as a memorial."

A series of mocking voices rang out from below.

At this moment, the Sword Sect Master also smiled.

The true essence in his body gathered, and the sword formation just now turned from defense to attack. Sharp sword qi flew out.

"Sword Sect disciple, attack at will."

As soon as he finished speaking, the Sword Sect's sect master held his long sword and flew toward the Arrow Sect's sect master opposite him.

"Kill!"

After the Sword Sect Master took the lead, the morale of the Sword Sect members behind him was also high.

They charged towards the tribal cultivators.

For a time, both sides were entangled in battle again.

The Arrow Sect's Sect Master smiled when he saw the Sword Sect's Sect Master coming towards him.

"Bai Mei, you escaped last time. It seems that you don't intend to escape this time."

Previously, in the ancestral land of the Sword Sect, the Sect Leader of the Arrow Sect had wanted to fight Bai Mei.

Unexpectedly, Bai Mei made a prompt decision. She did not even want her ancestral land and moved all the disciples of the Sword Sect away.

"Black Arrow, why are you so talkative?"

The White Plum Sect Master slashed at Black Arrow God King.

Instantly, a sword Qi flew past the Arrow Sect's sect master.

At this moment, the Arrow Sect's Sect Master looked at the Sword Sect's Sect Master and smiled.

"Let's leave those two mortals in our hands for now."

After hearing his words, the Sword Sect Master slowed down his pace of attack.

He looked behind him and saw the young master of Arrow Sect, Black Wind, standing in front of Li Taibai and Sword Emperor.

“You guys are really awesome. Last time, you actually succeeded in using the tiger’s might.”

“Tell me, how am I going to settle this score with you this time?”

The true essence on Black Wind’s body continued to rise as he looked at the two people in front of him with a smile.

“You’re right. It’s time to settle our scores.”

Li Taibai smiled at Heifeng and said slowly.

“Young lord, after we capture that mortal, the Arrow Sword World will be ours.”

‘We’ll show them the hospitality of our archery world.’”

Hearing the words below, Black Wind’s face was also filled with smiles.

As long as he controlled these two people, then those tribes that wanted to investigate the Divine Realm would be restricted by them.

Moreover, if he were to capture it himself, his position in the sect would be even more stable in the future.

As he calculated in his heart, Black Wind also imagined the situation of him unifying the Arrow Sword World in the future.

He couldn’t help but laugh out loud.

“There’s no cure for the country.”

Li Taibai looked at the black wind in front of him and shook his head.

At this moment, Black Wind heard Li Taibai’s words and attacked him.

Whoosh! Li Taibai closed his eyes as he looked at the black wind.

A sword ray flew past him and easily pierced through the space between Black Wind’s eyebrows.

Blood splattered in the air..

Chapter 407: Piercing the Spirit Ship with a Sword (1)

|

Small Space, Sword Sect Village

A stream of blood slowly floated in the air.

Then, everyone saw Black Wind’s figure slowly fall in front of Li Taibai.

“Young Master!”

An Elder of the Arrow Sect shouted and came to Black Wind’s side.

He held Heifeng, who was lying on the ground, in his arms.

At this moment, a small bloody hole had appeared between Heifeng's eyebrows in the embrace of the Elder of the Arrow Sect.

The changes on Black Wind's side also attracted the attention of the Sword Sect's Sect Master and the Arrow Sect's Sect Master.

Both of them stopped what they were doing and looked in the direction of Black Wind.

At this moment, the Elder of the Arrow Sect looked at Heifeng in his arms and shook his head at the Sect Leader of the Arrow Sect.

Hu!

When the Sect Leader of the Arrow Sect saw the elder's reaction, he let out a long sigh.

Then, he looked up at the sky and closed his eyes.

"Everyone, see? This person from the outside world is so sinister. He must have some incredible treasure on him."

"I, Black Arrow, hereby promise that if I kill those two mortals today, the treasures on his body will belong to whoever I kill.

As he spoke, God King Black Arrow looked at the tribe cultivators below with a hint of anger in his voice.

Hearing the words of the Arrow Sect's sect master, the tribal cultivators who were originally a little flustered because of Heifeng's sudden collapse immediately calmed down.

One of the tribe cultivators looked at Li Taibai and the Sword Emperor and licked his lips.

"The treasures of the Divine Realm are mine.

As soon as he finished speaking, the tribal cultivator flew toward Li Taibai.

“Don’t fight for it. The treasure is mine.”

With a tribe cultivator taking the lead, the cultivators behind him naturally followed suit.

At the same time, the disciples of the Arrow Sect standing at the back also aimed their longbows at Li Taibai.

For a moment, other than the people from the Sword Sect, almost everyone wanted to attack Li Taibai and the others.

“How dare you kill our young master!”

A sneer flashed across the face of an Elder of the Arrow Sect.

The arrow on the longbow in his hand surged with spiritual power and shot towards Li Taibai.

In this mission to attack the Sword Sect, their mission was to protect Black Wind.

Now that Heifeng’s fate was unknown, it was easy to imagine what kind of punishment they would receive when they returned.

In the air, Sword Sect Master Bai Mei saw that the tribe cultivators and the Arrow Sect were about to attack Li Taibai.

His figure flashed, wanting to go over and help them.

“You can stay here, Bai Mei. The hatred of killing your son is irreconcilable.” As she spoke, the Arrow Sect’s sect master also attacked the Sword Sect’s sect master, blocking her path.

“Die!”

A series of voices rang out in the ears of Li Taibai and the Sword Emperor. At this moment, Li Taibai also raised one hand and clenched his fist at the people who were attacking him.

Whoosh! Whoosh! Whoosh!

An extremely powerful aura burst out from Li Taibai’s body.

Bang! As soon as Li Taibai’s aura spread out, a layer of airwaves burst out with him as the center.

“What happened?”

Sensing the aura coming from Li Taibai, the tribal cultivators slowed down their pace.

“Why is the aura of that mortal so strange? I can’t detect it at all.” A tribal cultivator said to the crowd. When his holy sense swept across Li Taibai’s body.

At this moment, Li Taibai gave him the feeling that he was in an abyss. He didn’t know if there was any aura in his body.

Then, under everyone’s gaze, the swords in the hands of the Sword Sect disciples behind Li Taibai flew out.

“One strike will definitely hit!”

Li Taibai clenched his fists, placed his middle and index fingers on his shoulders, and pushed forward.

The flying swords of the Sword Sect disciples floating around him were like homing missiles that attacked the tribal cultivators.

“Not good, everyone run!”

Among the tribal cultivators, someone shouted first.

When the Sword Sect disciples unsheathed their flying swords, the tribal cultivators had begun to doubt whether Li Taibai was a mortal or not.

At this moment, the flying sword attacked and he felt an invincible aura from

it.

Those tribal cultivators no longer had the boldness they had when they attacked. They all ran behind him.

“Can you leave?”

Li Taibai looked at the fleeing tribe cultivator and said slowly.

Then, the Sword Sect disciples' flying swords pierced through the bodies of the tribal cultivators.

“Ahhhhh!”

Miserable screams rang out in the air.

Soon, the corpses of tribal cultivators whose auras could no longer be detected lay on the ground.

“And you guys.”

Li Taibai didn't have much of a reaction to what was happening in front of him, as if everything was going as he had expected.

Originally, when Elder Bai had repeatedly reprimanded them, he did not intend to take the initiative to attack.

It was these cultivators who took the initiative to provoke him.

Li Taibai looked at the Elder of the Arrow Sect in the distance.

The palm in his hand changed again, and the true essence in his body flowed. For a moment, the flying swords above his head gathered together.

Bang! The flying sword first turned into fragments, dancing in the air.

“What is he trying to do?”

An Elder of the Arrow Sect looked at Li Taibai shattering all the flying swords and was also puzzled.

At the same time, his feet were trembling.

After saying that, he was about to run behind him.

At this moment, the Arrow Sect's Sect Master was looking down at the corpses. He was the first to react. His true essence gathered in his throat and he shouted at the others.

“Everyone, don't panic. He must have used something extraordinary.”

” Now that the flying sword has shattered, it’s the best proof. If everyone attacks together, we can definitely...”

Before the Arrow Sect’s sect master could finish his sentence, he saw something in the air.

The fragments of the flying sword that Li Taibai had crushed earlier were slowly gathering together.

A huge flying sword slowly formed in the air.

“One strike will definitely hit!”

Looking at the flying sword that he had created, Li Taibai smiled.

He pointed at a certain spot in mid-air.

With a swoosh, the flying sword tore through the air.

“Run!”

An Elder of the Arrow Sect ran away without listening to the leader of the Arrow Sect.

The direction in which the Arrow Sect elders fled was where their spirit ship was.

Only with the speed of the spirit ship could they escape from Li Taibai and escape this calamity.

While they were fleeing, they also discovered that a huge shadow flew over their heads.

Then, they saw the flying sword from earlier pass through their spirit ship with a swoosh.

Bang! The spirit ship turned into pieces and scattered in the air. Meanwhile, the group of Arrow Sect elders were also dumbfounded..

#### Chapter 408: The Death of the Arrow Sect

In the small space, outside the Sword Sect village.

The group of Arrow Sect elders saw their spirit ship being pierced by Li Taibai's flying sword.

Their faces were filled with despair.

Some of the Arrow Sect elders sat on the ground alone and looked up at the sky with lifeless eyes.

It was as if he already knew his ending.

Unlike the Arrow Sect, the Sword Sect disciples were all looking at Li Taibai.

Every Sword Sect disciple's mouth was wide open. They looked at Li Taibai with reverence in their eyes.

"Heavens, did I see an immortal?"

"This is what a sword cultivator should be like, a peerless sword cultivator. Compared to you, we can't even compare to an ant."

At this moment, Elder Bai was also looking at Li Taibai and muttering.

"What peerless Swordsman?"

The sect master of the Arrow Sect looked at one of the most important foundations of his sect, the spirit ship, which was destroyed.

At this moment, his mentality was also somewhat broken.

“Brat, you dared to ruin my Arrow Sect’s plan. Today, I will settle the score with you.”

As soon as he finished speaking, the Arrow Sect’s sect leader seemed to have gone crazy.

He slowly raised his right hand, and a longbow appeared on his arm.

“Do you think you can do whatever you want just because you have the power? Let me tell you, in the Arrow and Sword World, I, Black Arrow, have the final say.”

” Die!” The Archery Sect Master shouted at Li Taibai. His voice was somewhat crazed.

“One arrow can break ten thousand!”

“Brat, die!”

The Arrow Sect’s Sect Master held a longbow in his hand and his entire body was wrapped in black true essence. Countless true essence surged from his body.

In the sky above him, dark clouds gathered and thunder sounded.

“Did you see that? The sect leader is attacking in anger. With his strength, we might still have a chance.”

When some of the Arrow Sect elders saw the Sect Leader of the Arrow Sect attacking with all his might, their hopes were rekindled.

It had been many years since they had seen the Sect Leader of the Arrow Sect personally take action.

Before this, their sect master could also collide with the spirit ship without any damage.

Today's attack, this power, did not seem to be much inferior to that person from the Divine World just now.

Li Taibai looked at the way the Sect Leader of Arrow Sect attacked him.

He said casually.

"Your posture is quite good. Unfortunately, there's a good distance between you and those brick-moving people in Master's courtyard."

Li Taibai reached out his hand to the Sect Leader of the Arrow Sect.

Whoosh! An arrow flew out from the Arrow Sect's Sect Leader's hand and then split into three.

"Inferring from one instance, this is Sect Master's best move. This kid is going to die for sure."

The arrow in the air changed. From the beginning to the end, it split into three arrows.

The elders of the Arrow Sect also said excitedly.

At the same time, Li Taibai clenched his fists at the three arrows, and True Essence flashed across his body.

Before the arrow could reach Li Taibai, it exploded in the air.

Bang! The arrow exploded and turned into starlight.

Sword Emperor also walked out from beside Li Taibai and said slowly to him,”

“Little brother, this guy’s ancestor and I have some relationship, leave it to me.”

As the sound of his voice faded, the Sword Emperor’s figure flashed and he appeared in mid-air.

The Sword Sect Master stood at the side and watched everything that happened in front of him from beginning to end.

On the surface, he looked calm, but his heart was also surging.

Fortunately, he trusted Mu ‘er’s judgment and took care of these two people.

“Otherwise, the outcome of the Arrow Sect will be our own outcome.

While the Sword Sect’s Sect Master was thinking, the Sword Emperor arrived in front of the Arrow Sect’s Sect Master.

“For the sake of the Archery Emperor, I’ll give you a quick death today.”

The Sword Emperor said slowly to the Archery Sect’s Sect Master in front of him, a look of reminiscence in his eyes.

Then, he drew his sword from behind him and swung it at the Arrow Sect’s Sect Leader.

At this moment, the Arrow Sect’s sect master had yet to react to Li Taibai’s actions.

He was locked onto by another aura and looked at the Sword Emperor.

“God Emperor?”

He couldn't sense Li Taibai's aura, but the Sword Emperor's aura was different.

He had truly felt it.

This was exactly the same as the cultivation of his ancestor, the Archery Emperor, recorded in his ancestral home.

What did they say just now? Archery Emperor?

So it was someone who had a relationship with their ancestors. No wonder...

Before the Archery Sect's sect leader could even finish his thoughts, the sword light created by the Sword Emperor's sword had already sliced through his body.

Bang! Being hit by the Sword Emperor, the Sect Leader of the Arrow Sect spat out a mouthful of blood as he looked at the Sword Emperor in the air.

“It's a pity that the hundred-year-old foundation of the Arrow Sect was destroyed in my hands.”

As soon as he finished speaking, the body of the Arrow Sect's sect master also fell from the sky.

“The sect master is gone!”

An Elder of the Arrow Sect looked at everything in front of him with disbelief in his eyes.

Their sect master, Black Arrow God King, was originally an invincible existence in the Arrow Sword Realm.

They thought that it could bring them hope, but they did not expect the Myths to still fall.

What was left for them was only despair.

The Sword Sect's Sect Master bowed to the Sword Emperor and Li Taibai as he watched the Arrow Sect's Sect Master slowly descend from the sky.

"Bai Mei greets the two seniors!"

Elder Bai led the disciples of the Sword Sect and bowed to Li Taibai and the Sword Emperor.

"We've seen a peerless Swordsman."

The Sword Emperor and Li Taibai looked at the Sword Sect members and smiled at them.

Then, Li Taibai walked up to the Sword Sect members.

"Everyone, there's no need to be so restrained. Just be like before."

As soon as he finished speaking, the Sword Emperor also signaled for the Sword Sect to not be so reserved.

At this moment, Elder Bai arrived beside Li Taibai and the Sword Emperor.

"Seniors, what should we do with those people from Arrow Sect?"

Sword Sect and Arrow Sect had been fighting for hundreds of years.

The reason why Elder Bai treated Li Taibai and the Sword Emperor as spies at the beginning was because he was afraid that the Sword Emperor and Li Taibai would be killed.

It was also because of the Arrow Sect.

At this moment, Li Taibai turned around and glanced at the surviving elders of the Arrow Sect.

“Up to you.”

The strength of the remaining people could not be compared to Elder Bai and the others.

Naturally, they had come here to ask for help from others. There was no harm in giving those people to them to handle.

Hearing Li Taibai’s words, Elder Bai also retreated and gave a look to the few Sword Sect elders.

Then, he flew towards the Elder of the Arrow Sect.

After Elder Bai left, the Sword Sect’s Sect Master came to Li Taibai and the Sword Emperor.

First, he bowed respectfully to me.

Then, he slowly said,

“I wonder where you two come from. With your strength, you shouldn’t be unknown in the Arrow and Sword Realm.”

When the Sword Sect’s Sect Master spoke, he was unhurried, as if he was chatting with ordinary friends.

At this moment, the Sword Emperor glanced at the Sword Sect disciples behind him.

The Sword Sect Master understood and said to the people behind him,

“Everyone, go back and prepare. There will be a banquet in the village tonight.”

As soon as he finished speaking, the Sword Sect disciples slowly left..

Chapter 409: Trap (1)

Small Space, Sword Sect Village

The White Plum Godking sent his disciples away and glanced at the Sword Emperor and Li Taibai.

At this moment, the Sword Emperor slowly said to her,

“I know what you are thinking. Where are the ancestral items of the sect?”

The Sword Sect’s Sect Master was equally wary when he heard about ancestral items.

“Although the two of you helped the Sword Sect escape today, the ancestor has given the order regarding the ancestral item. Please forgive me.”

” I wonder where you two are from. If you have some relationship with my Sword Sect, the matter of the ancestral item...”

Before the Sword Sect Master could finish speaking, the Sword Emperor waved his hand.

Wasn't the Sword Sect Master trying to find out their origins?

At this moment, Li Taibai also said to the Sword Sect Master slowly,"

"To tell you the truth, we are indeed the same as those people just now. We are from the Divine Realm."

Li Taibai didn't waste any more words and directly told him his background.

At this moment, the Sword Sect Master's expression changed when he heard Li Taibai.

"The Divine Realm is really something that people yearn for. Speaking of which, our Sword Sect has some relations with the Divine Realm."

"If the two of you want to see the ancestral artifact of our Sword Sect, please follow me."

As soon as he finished speaking, the Sword Sect Master took the lead and flew to a corner of the village.

At this moment, Li Taibai and the Sword Emperor looked at each other and followed.

Whoosh! Whoosh! Whoosh!

Three streaks of light flew past the Sword Sect village.

Under the lead of the Sword Sect Master, Li Taibai and the Sword Emperor slowly appeared beside a waterfall.

Looking at the waterfall in front of him, the Sword Sect Master said to Li Taibai and the Sword Emperor,"

“The ancestral treasure of our Sword Sect is placed in the cave behind the waterfall. Due to the orders of our ancestors, I won’t accompany the two of you in.”

As he spoke, the Sword Sect Master also had a smile on his face.

At this moment, Li Taibai didn’t think too much and walked directly towards the waterfall.

The Sword Emperor followed behind him.

In front of the waterfall was a small lake. Li Taibai and the Sword Emperor were walking on a stone path.

At this moment, the Sword Sect Master, who was standing on the shore, looked at the two people on the stone path.

The true essence in her hand slowly gathered and then gathered in the small lake in front of her.

The water in the lake continued to surge, forming water curtains that surrounded the Sword Emperor and Li Taibai.

The Sword Emperor and Li Taibai were stunned when they saw the water curtain suddenly rise up.

They all looked at the Sword Sect Master on the shore.

“I’m sorry, the two of you. Our ancestors have ordered that our Sword Sect has the obligation to kill anyone who comes from the outside world.”

“I’ve seen how powerful the two of you are, so I could only lure the two of you here.”

At this moment, a sword appeared in the Sword Sect’s Sect Master’s hand as he slowly explained to Li Taibai and the Sword Emperor.

As the sword in the Sword Sect Master's hand danced, the surrounding water curtain began to change.

The water screen changed, and then water dragons appeared in front of the Sword Emperor and Li Taibai.

"Ancestor said that this array can kill God Monarch Realm experts!"

"The two of you, take this!"

"Ten Thousand Swords, Water Tornado!"

As soon as the Sword Sect Master finished speaking, the sword in his hand stabbed down from top to bottom.

Then, the water dragons around the Sword Emperor and Li Taibai let out a series of roars.

He wanted to charge into his body.

"Using water to borrow power is a good idea. Unfortunately, you haven't comprehended it yet."

Li Taibai also swung his sword when he saw the water dragon charging at him.

Immediately, the water dragon was strangled and turned into water that returned to the lake.

However, just as the water entered the lake, it gathered on the ground with a bang and formed water dragons again.

At this moment, Li Taibai also said to the Sword Sect Master slowly,"

“We’re also very sorry, but it’s really difficult to disobey Master’s orders.”

The snow lotus was the ingredient that Xiao Changtian had ordered him to find. If he couldn’t find it, he wouldn’t have the face to go back and see Xiao Changtian.

At this moment, Li Taibai also glanced at the waterfall behind him.

“The water of the Yellow River rises from the heavens!”

As Li Taibai’s voice fell, the waterfall behind him also surged.

Then, the water formed a huge sword above Li Taibai.

“One strike will definitely hit!”

Li Taibai then pointed at the water dragon in front of him, and the huge sword flew over.

Bang! The long sword stabbed into the bodies of the water dragons.

Unlike before, the water dragons could not turn into water and enter the lake.

He could only let out a series of angry roars on the spot.

Looking at the water dragon on the ground, the Sword Sect Master kept waving the sword in his hand.

However, no matter how hard the water dragons struggled, they could not break free from the sword.

At this moment, Li Taibai also looked at the Sword Sect Master.

“We won’t make things difficult for you. Where is the ancestral item? We just need to borrow it.”

Hearing Li Taibai’s words, the Sword Sect Master’s expression turned grim. A small dagger slowly appeared in his hand.

The dagger was shaped like a small sword. There were black and white decorations on the hilt.

As soon as the dagger appeared, the Sword Sect’s sect master slowly injected his true essence into it.

In an instant, the dagger emitted a bright light.

At the same time, the water dragons turned into streams of water.

He broke free from the restraints of the long sword and entered the lake.

When the dagger appeared, the Sword Emperor looked at the dagger in the Sword Sect Master’s hand and didn’t speak for a long time.

“You guys have protected this dagger very well.”

The Sword Emperor looked at the dagger in the Sword Sect’s Sect Master’s hand and suddenly said.

Then, he waved his hand at the dagger in the hands of the Sword Sect’s master.

The Sword Sect’s Sect Master felt as if the dagger in his hand had been summoned.

It flew out of his control and into the Sword Emperor’s hand.

How was this possible?

The Sword Sect's Sect Master looked at the dagger that flew out, his eyes filled with disbelief.

This dagger had been passed down from generation to generation. It had never lost control before.

Even if they encountered a strong enemy, they could rely on him to turn misfortune into good fortune every time.

However, it was the first time that they had escaped their control.

There was only one way to get the dagger out of his control.

That was to know how to control the dagger like him.

However, this ancestral item control technique could only be learned by the Sword Sect's sect masters.

The other Sword Sect members did not have the chance to learn it at all. They did not even know that there was such a cultivation technique.

Not to mention that the two people in front of him were not from their Sword Sect.

At this moment, outside the Sword Sect village,

Elder Bai led a few Sword Sect elders and slowly landed on the ground. They looked at the Sword Sect disciples in front of them.

She also slowly said to him,

"Where is the sect master? Where are the other two seniors?"

The disciple was busy with the banquet when he heard Elder Bai's words.

He pointed in the direction of the back mountain and said slowly to Elder Bai,

"The sect master brought them to the back mountain."

Upon hearing this disciple's words, Elder Bai also realized something and flew towards the back of the mountain..

Chapter 410: Ancestor of the Sword Sect (1)

Back Mountain of Sword Sect Village

The Sword Sect Master looked at the Sword Emperor and Li Taibai in front of him, his eyes filled with shock.

"Who exactly are you?"

The Sword Sect Master's trembling voice sounded in the back mountain.

Following which, the Sword Emperor looked at the dagger in his hand and slowly walked towards her.

Arriving before the White Plum Divine King, the Sword Emperor sighed.

Then, he opened his hands and saw the dagger lying peacefully in his hands.

Even the dagger was wrapped in a power, looking like a lost child who had found his father.

Seeing the dagger in the Sword Emperor's hand, the Sword Sect's Sect Master covered his mouth with one hand.

"This..."

The dagger had been passed down from his ancestors.

There was another important function, which was to automatically eliminate the interference of other things.

As long as it was not someone from the Sword Sect who touched this dagger, the sharp aura on the dagger would attack him.

It was simply unbelievable that the dagger was so peaceful in the hands of the Sword Emperor.

At this moment, Sword Emperor slowly said to the Sword Sect Master in front of him,"

"Now you know who I am."

The Sword Emperor's tone was filled with grief and sadness.

Hearing the Sword Emperor's words, the Sword Sect's Sect Master seemed to have thought of something.

Then, he knelt down before the Sword Emperor and placed his hand on his chest.

"Sword Sect's twenty-eighth generation sect master, Divine King White Plum greets ancestor Sword Emperor!"

The Sword Sect Master's strong voice echoed in the back mountain of the village.

As soon as she finished speaking, the Sword Emperor released a gentle True Qi from his body.

He dragged the Sword Sect Master who was kneeling on the ground up.

"The twenty-eighth generation? Time really flies."

The Sword Emperor looked up at the sky and sighed.

When the Sword Sect Master heard the Sword Emperor's words, a hint of joy appeared on his face.

At this moment, a stream of light flew over from the direction of the village.

Then, Elder Bai's figure appeared in the back mountain.

When he arrived at the back of the mountain, Elder Bai saw the Sword Sect Master kneeling in front of the Sword Emperor.

He hurriedly walked over and bowed to the Sword Emperor.

"Senior, I'm sorry for your collision."

"Don't worry, we'll cooperate with you if you have any requests."

As one of the elders with the highest seniority in the Sword Sect, Elder Bai had also heard of the ancestral teachings of the Sword Sect not allowing people from the Divine Realm to come.

If it were any other expert, they would have seen the Sword Emperor's strength.

He had slaughtered the entire Arrow Sect with a single strike.

Although this was an ancestral rule, it was still important to save one's life.

The Sword Emperor looked at Elder Bai with a smile, but he didn't say anything.

Instead, the Sword Sect Master sent a message to Elder Bai.

"Elder Bai, this is the ancestor of our Sword Sect, the Sword Emperor. What are you talking about?"

The Sword Sect Master's voice slowly sounded in Elder Bai's mind.

At this moment, Elder Bai was also stunned. He looked at the Sword Emperor in front of him and said in disbelief,

"Sect Master, are you saying that he is... Is he the ancestor of our Sword Sect?"

"Deal with it as you see fit. Isn't there a banquet in the village? I'll go take a look first."

After saying that, the Sword Emperor walked towards the Sword Sect Village.

Then, Li Taibai looked at the Sword Sect Master and Elder Bai.

With a flash, he followed the Sword Emperor into the village.

After the Sword Emperor and Li Taibai left, the Sword Sect Master slowly stood up.

He slowly said to Elder Bai in front of him,

“It seems that the mission of our Sword Sect for hundreds of years is about to be completed.”

Then, the Sword Sect Master continued to say to Elder Bai,

“Elder Bai, pass down the order. No matter what, everyone in the Sword Sect must attend tonight’s banquet.”

The Sword Sect Master’s voice was trembling as if the Sword Sect had found a new life.

When Mu ‘er came back, he felt that the Sword Emperor and Li Taibai were not ordinary.

They did not expect it to be their ancestor.

When Elder Bai heard the Sword Sect Master’s words, his old face nodded.

Then, he immediately flew into the distance.

He knew better than anyone else what it meant that the Sword Emperor was their ancestor.

At the same time, in Wu Gong’s underground palace.

Li Wushuang’s figure slowly appeared outside the door of Wu Gong’s underground palace.

When he arrived at the door, a few experts from the Demon Race Hall walked forward and blocked his path.

After losing the competition in the God Burial Mountain Range, Li Wushuang had secretly come to Wu Gong’s underground palace to save Nalan Yan and Chu Yuan Shan.

However, he did not expect that he had just come out not long ago.

The people from the Demon Race's main hall went to harvest the territory of Wu Gong's underground palace, Patriarch Earth Python, and Patriarch Nine Nether.

He didn't expect that he was still a step too late.

Looking at the experts of the Monster Race Hall blocking her way, Li Wushuang sighed in her heart.

At this moment, Li Wushuang waved her hand at the two experts from the Monster Race Main Hall.

"Brothers, have you forgotten? We've met before in the God Burial Mountain Range."

Hearing Li Wushuang's words, the two experts from the Monster Race Hall looked at each other.

His gaze swept across Li Wushuang and one of the experts nodded.

Li Wushuang was delighted to see the expert from the Monster Race Hall nod.

Could it be that his good fortune was coming again?

In fact, Li Wushuang didn't know if she had met these two before.

In any case, there were so many people in the Demon Race's main hall back in the God Burial Mountain Range.

He had just casually said that. Who knew, he might really run into them.

At this moment, an expert from the Monster Race Hall waved his hand at Li Wushuang.

“Your name is Li Wushuang, right? I know you. My Lord told me to get as far away as possible when I met you.”

Li Wushuang was stunned when she heard the words of this expert.

Then, he slowly said to them,

“Big brothers, are you mistaken?”

As she spoke, Li Wushuang was still thinking of walking into the hall.

At this moment, an expert from the Monster Race Hall pointed his spear at Li Wushuang.

“Li Wushuang, what do you want? If you take another step forward, don’t blame me for being merciless.”

Feeling the aura of the spear in front of her, Li Wushuang smiled at the two masters of the Monster Race Hall.

“I’ll leave now.”

As soon as she finished speaking, Li Wushuang flew away without looking back.

Li Wushuang let out a sigh of relief after leaving Wu Gong’s underground palace.

“What’s wrong with me today? My luck shouldn’t be like this recently.”

Li Wushuang said to the sky and shook her head.

Then, she felt a gust of wind blowing in front of her.

Then, she felt dizzy.

“Wow!”

Li Wushuang’s confused voice came from the air, and then she slowly disappeared..
