Chapter 411: Ambush Li Taibai?_I

Divine Realm, in a cave outside Wu Gong's underground palace.

Li Wushuang lay on the ground and slowly opened her eyes to look around.

It was eerie, and not a single ray of light shone in.

Then, a voice sounded in her ear.

"Li Wushuang, welcome."

Hearing this voice, Li Wushuang was also stunned. She quickly crawled up from the ground.

Gathering true essence in his hand, he shouted at the surrounding space.

"Who, who is it? Come out."

A few figures appeared in front of Li Wushuang.

Some of the figures were dressed in light yellow robes, while others were dressed in green robes with python carvings.

Seeing these figures, Li Wushuang felt that they were somewhat familiar. She then said to them,

“Why did you bring me here?”

The yellow-robed figure standing in the middle smiled.

“Let me introduce myself. I’m called Wu Huang, the number one general in the Wu Gong Underground Palace.”

Following that, Wu Huang pointed at a green-robed man beside him. “Standing beside me is the Saint Child of the Earth Python Sect, Python.” “You are the remnants of the Wu Gong Underground Palace and the Earth Python Sect...Survivors?”

Li Wushuang looked at them and said slowly.

“At least you have good taste, Li Wushuang. Time is precious, so we won’t say much.”

“We only have one goal, and that is to get back more of the territory we lost.”

Wu Huang’s eyes were fixed on Li Wushuang as he spoke.

Take back the territory?

Li Wushuang was also stunned by their words.

He had thought that they would only ask him for information on how to escape.

He didn’t expect that he was going to fight with the demon palace.

Wasn’t this like an egg hitting a rock?

No, this group of people wants to die. I can’t be dragged down by them.

With this thought in mind, Li Wushuang slowly said to them,”

“Big brothers, you also know that the Demon Race Hall is now like the sun at noon in the Demon Beast World.”

“The best way to deal with them now is to...”

“What is it?”

Before Li Wushuang could finish, Wu Huang interrupted her.

When he was in Wu Gong’s underground palace, he had seen how much

Patriarch Wu Gong valued Li Wushuang.

Therefore, they had to find his whereabouts and bring him here.

He did not expect to find a way to deal with the Demon Race’s main hall so quickly.

Looking at the expectant eyes of Wu Huang and the others, Li Wushuang swallowed her saliva.

What he wanted to say was to persuade them to run away quickly.

However, looking at their expressions, if he said that he wanted to run, he would probably be beaten to pieces by them.

Li Wushuang racked her brains and finally said to them,

“I’m looking for them to place a single.”

After thinking about it, Li Wushuang finally came up with a decent method. There was no other way. The Demon Race’s main hall was so powerful now.

First, there were mortals who killed the Godly Emperor, and then there were chickens that turned into phoenixes.

Li Wushuang couldn’t think of any other way to give them a reference other than looking for them who were alone.

As soon as Li Wushuang finished speaking, the python clapped its hands.

“Brother Wu Huang, your idea is the best.”

Before this, he didn’t believe Wu Huang when he said that a human like Li Wushuang was very useful.

Upon hearing her words, the python also said happily.

Seeing the python’s happy expression, Li Wushuang was also a little confused. Didn’t he just say a way to confuse them?

The people in the Monster Palace were in groups, so it was not easy to find a lone person.

This method was just a thought.

Then, the python’s voice slowly entered Li Wushuang’s ears.

“Brother Wushuang, to tell you the truth, a few days ago, our scouts came to report.”

“The mortal from the Demon Race Hall has entered the God Burial Mountain Range with another person.”

“We were still hesitating whether we should make a move or not? Now that Wushuang said it, we feel that it makes sense.”

“If we don’t make a move this time, I’m afraid we won’t have a chance. As long as that mortal dies, the Demon Race Hall won’t have any confidence.”

When it spoke, the python had a hint of excitement.

Li Wushuang looked at the python and was a little confused.

This method that he had casually mentioned had left an expert alone in the Demon Race Hall.

However, the one who was alone was that mortal. If this group of people went over, wouldn’t they be courting death?

Li Wushuang wanted to say something.

He saw the python already in front of him and holding his hands.

“Brother Wushuang, since you want to get the job, you should have finished the specific implementation plan.”

Li Wushuang looked at the python in front of her and smiled back.

“To deal with that mortal, we can only ambush and attack in groups.”

“Oh, I understand. Brother Wushuang, you mean to set up an ambush outside the God Burial Mountain Range, right?”

“That makes sense.”

The python paced back and forth in front of Li Wushuang and felt that what she said was very reasonable.

Then, he came before Wu Huang and said slowly,

“Wu Huang, why don’t we go all out?”

After Wu Huang heard the python’s words, he nodded at him.

Before this, they had also discussed it.

They could either ambush Li Taibai or continue to lie low.

Hearing Li Wushuang’s words, they nodded at each other as if they had made up their minds.

Then, the two of them walked up to Li Wushuang and said,

“I’ll have to trouble Brother Wushuang for this operation.”

After hearing their words, Li Wushuang cursed in her heart.

Could it be that his bad luck was already good?

Not only was he unable to save Nalan Yan and the others, but it also seemed like he was going to be thrown into this as well.

No, I can't sit still and wait for death.

Thinking of this, Li Wushuang turned to Wu Huang and the python and said,"

"Brothers, do you want me to write the plan now?"

The python smiled at Li Wushuang.

"No need, Brother Wushuang, even if you show us, we won't understand."

"When the time comes, you can go and set it up yourself. Don't worry, we will protect you well."

As it spoke, the python patted Li Wushuang's shoulder.

Li Wushuang looked at Wu Huang and the python, and a hint of despair appeared on her face.

From the looks of it, he had to go.

He thought about how he originally had the strength of a God King, while the python and Wu Huang were both God Emperor Realm experts.

Li Wushuang couldn't resist. It was over, there was no way out.

Li Wushuang sat on the ground, her mind completely blank.

On the other side, Li Taibai and the Sword Emperor were being arranged by the disciples of the Sword Sect.

He sat at a table in the center of the village.

The people sitting at the same table as them were all elders of the Sword Sect.

The sect master of the Sword Sect, Elder Bai, and the other elders were all present.

Everyone looked at the Sword Emperor in the center and didn't take the initiative to eat..

Chapter 412: Snow Lotus (1)

Small Space, Sword Sect Village

Li Taibai and the Sword Emperor sat at the table in the center. There were all kinds of delicacies on the table.

The food was emitting an aura that could penetrate one's heart and soul. They were all valuable spiritual items in the Arrow and Sword World.

At this moment, Elder Bai was the first to stand up with a wine cup in his hand.

He said slowly to the Sword Emperor and the Sword Sect Master,

"I didn't expect to be able to see the ancestors of our Sword Sect in my later years. I really have no regrets in my life."

The elders of the Sword Sect looked at each other.

Then, they followed Elder Bai to pick up the wine cup on the table and said to the Sword Emperor and Li Taibai,

“We welcome the return of our ancestor.”

The return of their ancestors was a major event for their Sword Sect.

After the Sword Emperor and Li Taibai destroyed the Arrow Sect, the Sword

Sect had become the only first-rate force in the Arrow Sword World.

If they had a powerful ancestor, then their Sword Sect’s position in the Arrow and Sword Realm would be safe.

Hearing this, Li Taibai slowly looked at the Sword Emperor.

He was not the ancestor of the Sword Sect.

Li Taibai had also heard about the Sword Emperor.

At this time, it was more important to complete the mission given by his master.

At the same time, the Sword Emperor sensed Li Taibai’s gaze and spoke to everyone.

“Everyone, we had no choice but to seal the Arrow Sword World back then.”

“I’ve returned this time to reestablish our connection with the Divine Realm.” “Everything in the Sword Sect will remain the same. Don’t change because of my appearance.”

As the Sword Emperor’s voice fell, Elder Bai and the others began to whisper.

“Ancestor wants to connect our Arrow Sword Realm with the Divine Realm.

That’s great.”

“I wonder what the legendary Divine Realm is like. I really want to go and
adventure.”

“You’re already a person who’s about to die, yet you still speak so young.”

A series of voices sounded from the table. At this moment, the Sword Sect Master stood up.

He said slowly to the Sword Emperor and Li Taibai,

“The entire Sword Sect will listen to the ancestor’s decision.”

As Sword Sect’s voice fell, the Sword Emperor and Li Taibai’s figures slowly disappeared from everyone’s sight.

“I don’t know if it’s a blessing or a curse to contact the Divine Realm. The Sword

Sect should make preparations as soon as possible.”

Li Taibai’s voice slowly echoed after his figure disappeared.

After hearing Li Taibai’s words, the elders of the Sword Sect looked at each other.

At this moment, Elder Bai also walked up to the Sword Sect Master.

“Sect Master, what does this ancestor mean? Could it be that he didn’t want to stay behind to protect the us?”

Elder Bai wanted to use the Sword Emperor’s pressure to expand their influence in the Sword and Arrow Realm.

Finally, he would gain a firm foothold before attacking the Divine World.

At this moment, the Sword Sect Master shook his head when he heard Elder

Bai’s words.

“Can we guess the thoughts of our ancestors? I’ll go over and take a look first.”

In the air, the Sword Emperor and Li Taibai were flying side by side.

Looking at the dagger in his hand, the Sword Emperor slowly said to Li Taibai,

“Little brother, I’m sorry to have wasted so much time on this trip.”

“The snow lotus will be found soon.”

Li Taibai nodded at the Sword Emperor.

“How do you plan to deal with the Sword Sect?”

Hearing Li Taibai’s words, the Sword Emperor’s body shook and he sighed.

“It’s been so many years since the matter of the descendants.

“After I help little brother find the snow lotus, I will go and find my lord.” As they spoke, the Sword Emperor and Li Taibai arrived in the void. Looking at the void in front of him, Li Taibai narrowed his eyes slightly. This place was the same as when he went to the Divine World back then. The barrier between the Tian Yuan Continent and the Divine Realm was rather difficult to imagine.

The Sword Emperor beside Li Taibai also threw the dagger in his hand into the void.

A burst of true essence in his body was injected into this void.

Then, a snow-white light slowly lit up in the void.

Immediately after, a series of spatial cracks appeared, and the space in front of him shook continuously.

In the end, it formed a huge spatial storm.

Bang! As soon as the spatial storm formed, it wreaked havoc in the surroundings.

At this moment, the Sword Sect Master also arrived at this void.

He looked at the spatial storm in front of him and the Sword Emperor and Li Taibai.

He muttered.

“Is this the space passage between the Arrow Sword Realm and the Divinity?” While this spatial storm raged, in the God Burial Mountain Range of the Divine World.

The Yinyang Bird slowly appeared and looked at the spatial passageway in front of it.

“It was about to close.”

“It seems that the Arrow Sword Realm and the Divinity are about to reestablish their connection.”

As it said that, the Yinyang Bird also looked out of the God Burial Mountain Range.

At this moment, outside the God Burial Mountain Range,

Li Wushuang, Wu Huang, and the python slowly appeared.

Coming to the outskirts of the God Burial Mountain Range again, Li Wushuang felt that this mountain range was not her blessed land.

With this thought in mind, Li Wushuang turned to Wu Huang and the python and said,”

“Big brothers, are we really going to set up an ambush outside?

Wu Huang was also stunned when he heard Li Wushuang’s words. Then, he slowly said,

“Brother Wushuang, do you know of a better ambush point?

Hearing Wu Huang’s words, Li Wushuang looked up at the sky.

He wanted to leave, but the other party wanted to fight.

It seemed that it would be difficult for him to escape this calamity. Forget it. When the time comes, I’ll be smarter and hide far away. At this moment, the python walked to the side of Li Wushuang.

“Brother Wushuang, how should we ambush them?”

Hearing the python's words, Li Wushuang rolled her eyes. Then, he pointed at the entrance of the God Burial Mountain Range. "There's only one entrance to the God Burial Mountain Range. We'll just wait for them here."

Wu Huang and the others nodded in agreement.

"That makes sense!"

After saying this to Li Wushuang, Wu Huang waved his hand behind him. Following that, the subordinates of Wu Gong's underground palace and the Earth Python Sect who had followed them hid on both sides of the entrance. Seeing that everyone was hiding behind some rocks, Li Wushuang covered her forehead.

In the Arrow and Sword Realm, a space passage slowly formed in front of the Sword Emperor and Li Taibai.

At the same time as the spatial passageway was formed, at the entrance of the spatial passageway.

A snow-white lotus floated out.

Looking at the lotus flower, Li Taibai's face lit up.

He stretched out his hand and sucked, and the snow-white lotus flower appeared in his hand.

"Snow Lotus!"

Looking at the white lotus in his hand, Li Taibai said slowly..

Chapter 413: Brother Wushuang is really our good helper! 1

Arrow Sword Jie

Li Taibai stood in the air with a snow-white lotus in his hand.

Looking at the lotus in his hand, Li Taibai also poured his True Essence into the space ring on his right finger.

Whoosh! The interspatial ring flashed and the snow lotus was taken by Li Taibai.

At this moment, the Sword Sect Master Bai Mei came to Li Taibai and the Sword Emperor's side.

Looking at the spatial passageway in front of her, Divine King White Plum muttered.

"Is the Divine Realm on the other side of this spatial passageway?"

"In the future, the Arrow and Sword Realm will be considered to have regained contact with the Divinity."

"You need to weigh the pros and cons yourself. It won't be long before the spiritual energy belonging to the Divine Realm will surge over."

"The Sword Sect should also grasp this opportunity."

After giving the White Plum Godking some instructions, the Sword Emperor turned to smile at Li Taibai.

"Little brother, let's leave."

Li Taibai saw the Sword Emperor make a gesture of invitation and nodded his head.

Then, the two of them flew toward the spatial passageway at the same time. The White Plum Divine King looked at the two people who were walking further and further away. She placed her hand on her chin and rolled her eyes.

God World, God Burial Mountain Range

At this moment, at the entrance of the God Burial Mountain Range, Wu Huang and the python's subordinates took turns to stand guard.

He kept his eyes on the exit of the God Burial Mountain Range.

"Wu Huang, we've been hiding here for a few hours. Do you think that kid knows we're here and doesn't dare to come out?"

The python at the side had a straw in its mouth as it slowly said to Wu Huang.

"I don't think there's no way out. That kid last time was indeed a little strange, but I also heard the ancestor say it in secret."

Wu Huang took a few steps toward the python and looked at Li Wushuang from

Only then did he continue to whisper to the python,

To tell you the truth, I heard from the ancestor that Li Wushuang is the key to victory."

"It is said that he can turn misfortune into good luck every time. His luck is comparable to a peerless lucky star."

With him around, there won't be any accidents!"

After hearing Wu Huang's words, the python spat out the straw in its mouth. "That makes sense. During the last competition in the God Burial Mountain Range, Li Wushuang was at the Demon Race Hall."

"Perhaps that mortal kid was just riding on his luck and defeated the ancestor and the others."

"This time, Li Wushuang is on our side."

As the python spoke, it was also trying to figure out its own palm.

On the other side of the rock, Li Wushuang was looking around.

Sigh, it seemed that there was no hope for him to escape.

Wu Huang and the python had been staring at him since the beginning.

It seemed that they didn't want him to escape at all.

Li Wushuang roared in her heart.

Heavens, how did my luck become so bad?

At this moment, in the God Burial Mountain Range, two streams of light flew out from the spatial passageway in front of the demon stone statue.

Then, Li Taibai and the Sword Emperor slowly appeared in the air.

At the same time, black and white gas rose from the stone statue of the demon ancestor, and the shadow of the Yinyang Bird slowly appeared.

"Sword Emperor, I didn't expect you to make such a choice."

The Sword Emperor clasped his fists at the Yinyang Bird's words.

"Thank you!"

Then, he looked at the spatial passageway behind him and said slowly to the Yin-Yang Bird,

"Just destroy this passageway."

The spatial passageway in the God Burial Mountain Range was a temporary passageway that he had left behind when he sealed the Arrow Sword Realm.

Now that the Arrow Sword Realm was connected to the Divine World once again, it was time for this space passage to disappear.

When the Yinyang Bird heard the Sword Emperor's words, the black and white Qi on its body also condensed.

He slowly applied it on the spatial passageway, and then the entire spatial passageway disappeared from the world.

"Alright, now we're even."

"If you want to leave, let me remind you that there are some miscellaneous fish and prawns waiting for you outside."

As soon as he finished speaking, the Yinyang Bird's figure disappeared from the world.

Then, Li Taibai and Sword Emperor looked at each other and flew toward the God Burial Mountain Range.

“Look, someone has appeared over there.”

With Li Taibai and the Sword Emperor’s speed, they soon arrived at the exit. The subordinates sent by Wu Huang and the others to investigate also reported to them in time.

Hiss! Hiss! Hiss!

Upon hearing that someone had come out, Wu Huang and the python’s subordinates got busy.

All kinds of divine artifacts had long been prepared in his hands.

The python stared ahead and slowly said to Wu Huang beside him,

“Wu Huang, I think that mortal is strange. We should get Li Wushuang by our side.”

Upon hearing the python’s words, Wu Huang nodded.

Then, Wu Huang turned around and looked behind him.

He scanned the crowd and found Li Wushuang standing at the back of the group.

Half of his body was covered by a python.

“You, go away!”

Wu Huang stretched out his hand and pointed at the python subordinate, who tactfully left his original position.

Then, Wu Huang and the python saw Li Wushuang’s figure.

“Brother Wushuang, why can’t I see you from the back? Come here.”

Wu Huang waved at Li Wushuang and said with a smile.

Seeing Wu Huang’s gesture, Peerless Beauty’s eyes were filled with despair Her eyes were moist as she nodded.

When she heard that Li Taibai and the others had come out, Li Wushuang thought that she could take advantage of the time they had to prepare to sneak away.

He did not expect this group of people to keep staring at him. It was probably difficult for him to escape today.

Wu Huang walked up to Li Wushuang and saw her teary eyes.

“I think Wushuang has been very tired these few days in order to revive the great cause.”

“Brother Wushuang, don’t worry. As long as this operation succeeds, I will be the leader and you will be the second in Wu Gong’s underground palace.”

Hearing Wu Huang’s words, Li Wushuang quickly shook his hand and nodded.

Since I can’t run away, I’ll go all out today.

I’m so unlucky today. As long as I rush up to that mortal and pass my bad luck on to him, I’ll be able to kill him.

Perhaps that person’s spirit skill would go astray.

If he succeeded, not only would he be able to save Nalan Yan and the others, he would also be able to live comfortably for the rest of his life.

At this moment, a subordinate of Wu Gong's underground palace was also looking up at the sky.

"They're coming."

Everyone looked up at the sky.

When Li Wushuang saw Li Taibai and the Sword Emperor, her face turned grim.

The vital essence in his body gathered, and a fiery red vital essence wrapped around his body.

Then, he stomped his heels and charged at them.

Whoosh! Li Wushuang's figure flew past Wu Huang and the others.

"Brother Wushuang, you are really our good helper. You did not forget to take the lead when executing the plan."

Hearing Wu Huang's words, the python nodded in agreement.

"Little ones, follow Brother Wushuang!"

Chapter 414: This Group of People Are Indiscriminately

Attacking!_I

Outside the God Burial Mountain Range

Li Taibai and the Sword Emperor were slowly flying in the air when the Sword Emperor suddenly frowned.

He looked down and saw Li Wushuang rushing toward them with her flaming

Zhen Yuan.

The Sword Emperor gathered his True Qi and was about to attack.

“Sword Emperor, wait for a moment!”

Li Taibai saw the Sword Emperor’s gesture and shook his head.

“This person seems to be from the side of the main hall.

Although Li Wushuang was covered in True Yuan flames, Li Taibai still remembered seeing her in the God Burial Mountain Range.

After all, there were only two humans in the entire Demon Clan’s Palace.

Hearing Li Taibai’s words, the Sword Emperor slowly withdrew the True Qi in his hand.

In the air, Li Wushuang had felt the power of the Sword Emperor’s hand and

was panicking.

Seeing that the Sword Emperor had taken the initiative to remove her hand, a smile appeared on Li Wushuang's face.

It seemed that he had indeed been unlucky recently.

The two of them wanted to run away when they saw him.

With this thought in mind, Li Wushuang quickened her pace and rushed toward Li Taibai and the others.

Soon, Li Wushuang arrived in front of Li Taibai and the Sword Emperor.

At this moment, Li Taibai saw Li Wushuang rushing toward him and reached out to block her.

Li Wushuang's body crashed into Li Taibai's hand, and the flaming Zhen Yuan on her body dissipated.

"I remember that you are a guard of the Monster Clan's main hall."

Li Taibai looked at Li Wushuang who was hugging his arm and said slowly.

In his perception, he also knew that there were those "trash" from the previous competition in God Burial Mountain Range.

He was also surprised that Li Wushuang had come.

Li Wushuang was also stunned by Li Taibai's words.

Wasn't this mortal afraid of his bad luck?

Why did he ask if he was from the Demon Race's main hall?

“This...”

For a moment, Li Wushuang didn't know what to say.

At the same time, Wu Huang and the others saw Li Wushuang in Li Taibai's hands.

He also shouted to the demons behind him,

“Everyone, Brother Wushuang is already the vanguard. Everyone, save him quickly.”

As Wu Huang's voice fell, the demon beasts behind him each held a divine artifact.

“Wu Gong Finger!”

“Earth Python Strike!”

All kinds of colorful spirit techniques were thrown at Li Taibai.

Wow!

Li Wushuang cursed in her heart. This group of people was attacking indiscriminately. They wanted to kill her too.

Then, Li Wushuang hugged Li Taibai's arm.

“Brother, I was chased here by them.”

“I'm so happy to see you.”

Li Taibai looked at Li Wushuang and was speechless.

Next, Sword Emperor, who was standing beside Li Taibai, looked down at Wu

Huang and the others.

He pulled out the sword behind him and swung it downward.

An invincible sword light charged towards Wu Huang and the others.

“Godly Emperor, another Godly Emperor.”

Seeing this sword light, the legs of some of Wu Huang’s subordinates could not help but tremble.

Some of them even began to flee downward.

“Don’t panic, don’t be afraid.”

Wu Huang shouted as he looked at the incoming sword light.

“As long as we can save Brother Wushuang from that mortal, we will have a chance to turn the tables.”

Although Wu Huang was a little frightened when he saw this sword light, he was certain of one thing.

Li Wushuang was really lucky.

A God Emperor had appeared beside this mortal.

If they could save him, they would have a chance to turn the tables. Following that, Wu Huang led the way, and the subordinates of Wu Gong Underground Palace and Earth Python Sect charged toward Li Taibai.

“Kill them!”

Wu Huang and the others shouted loudly.

Seeing this, Li Wushuang was also frightened.

This group of people even said that they would protect themselves.

Facing such a terrifying sword light, he didn't run away but came to kill this mortal.

And from the looks of it, he didn't take care of himself at all.

He wanted to drag himself down with him.

Why did he go to Wu Gong's underground palace back then? He was really careless in making friends.

While Li Wushuang was thinking about this, the Sword Emperor's sword light had also pierced through Wu Huang and the others.

Bang! Bang! Bang!

Wu Huang and the others exploded after being pierced by the Sword Emperor's light.

It turned into a bloody mist in the air.

Seeing Wu Huang and the others' fate, Li Wushuang clutched her chest.

He looked at the Sword Emperor with lingering fear.

“Li Wushuang, can you let go now?”

Li Taibai’s helpless voice reached Li Wushuang’s ears.

Li Wushuang had been holding onto his arm the entire time. Hearing Li Taibai’s words, Li Wushuang slowly reacted.

He quickly let go of Li Taibai’s arm and smiled at him.

“It’s all thanks to you today, brother.”

Li Wushuang quickly thanked Li Taibai.

“Nothing. We’re going back. What about you? Are you coming with us?”

Li Taibai looked at Li Wushuang and said slowly. Hearing Li Taibai’s words, Li Wushuang also gave him a fist.

“No, I still have other missions.”

If he went back with Li Taibai and the fact that he was a spy was found out, he would be doomed.

“Okay, alright.”

Li Taibai waved his hand at Li Wushuang.

Following which, he and the Sword Emperor continued to fly towards the courtyard outside the Monster Race Hall.

At this moment, in the courtyard,

Xiao Changtian had already finished preparing his luggage.

Where did Tai Bai go?

And that old man, where did he go?

Xiao Changtian looked at the monkey and the old hen at his feet and sighed in his heart.

Now, it wasn't his little animals running around, but his disciple who had run away.

At this moment, Li Taibai and the Sword Emperor slowly arrived outside the courtyard.

After entering the courtyard, Li Taibai went to look for Xiao Changtian first.

“Master, I found it.”

As he spoke, Li Taibai took out the snow lotus from his body. Xiao Changtian wanted to say something when he saw Li Taibai.

After seeing the snow lotus, he understood.

It turned out that his disciple had gone to look for ingredients.

He patted Li Taibai's shoulder.

“It’s good that you’re back. Get ready. We should go back too.” Hearing Xiao Changtian’s words, Li Taibai nodded.

Then, Xiao Changtian carried the bamboo basket on his back and brought Monkey and the hen back.

At this moment, the Blue Luan slowly walked over with the experts from the Demon Race Main Hall.

After spending a few days together, they also found that Xiao Changtian seemed to be very interested in those tall demon beasts.

Therefore, the Blue Luan slowly said to Xiao Changtian, “Senior, that is a small gift we prepared. Please accept it.”

As he spoke, the experts from the Demon Race Main Hall behind the Blue Luan also walked up with a few bags.

Looking at the bags in their hands, Xiao Changtian smiled and took them. This was also a small token of his appreciation. He could not forgive him..

Chapter 415: Fridge (1)

Divine Realm, outside the courtyard.

Xiao Changtian left with Li Taibai under the gazes of the Blue Luan and the others.

Seeing Xiao Changtian disappear from its sight, the Green Phoenix spoke to the First Elder beside it.

“What has Senior’s disciple been doing recently?”¹

The Blue Luan did not think that it was a coincidence when Li Taibai disappeared.

It must be a setup that Senior arranged for his disciple to stay in the Divine Realm.

He had just gained a good impression from the senior, so he had to pay more attention to it.

Until the time came, he could maintain the position of the Demon Clan Hall in the hearts of the seniors in the fierce competition.

The first elder of the Green Phoenix also bent his body slightly when he heard the Green Phoenix’s words.

“Master, Senior’s disciple seems to have gone to the God Burial Mountain Range.”

“But I don’t know what he did inside.”

“God Burial Mountain Range?”

The Blue Luan slowly said after hearing the words of the First Elder of the Blue Luan.

“Yes, yes, but something else happened recently.”

“Not long after Senior’s disciple left, the corpses of the Wu Gong Underground

Palace and the Earth Python Sect were discovered.”

The Blue Phoenix was delighted when it heard the First Elder’s words.

“So Senior is sending his disciple to help our Demon Race Hall eliminate the enemy.”

“Senior values our Monster Clan’s hall so much. We can’t let her down.”

The experts from the Demon Clan’s main hall slowly nodded their heads when they heard the Blue Luan’s words.

“Right, Master, there’s something else that happened at the same time.”

The Blue Phoenix First Elder suddenly added.

“If you have anything to say, say it all at once.”

The Blue Luan said unkindly when it heard the words of the Blue Luan’s First Elder.

“During this period of time, it was rumored that the Arrow and Sword Realm had reappeared, and countless forces had begun to stir up trouble for them.”

“The Sword and Arrow Realm is the hometown of the Sword Emperor. Senior’s disciple went out with the Sword Emperor.”

At this moment, the Blue Luan also began to analyze.

“Pass down the order. The Monster Race Hall should help the Arrow and Sword Realm as much as possible.”

“Yes, Master.”

” Yes!” First Elder Blue Luan replied respectfully when she heard Blue Luan’s words.

Then, he went to issue the order.

Xiao Changtian's courtyard

Xiao Changtian was carrying a bamboo basket on his back, with the monkey and the hen by his feet and Li Taibai behind him.

"We're finally here."

Xiao Changtian looked at the courtyard in front of him and stretched.

Then, he slowly walked into the courtyard.

Entering the courtyard, Xiao Changtian looked at Ye Fan who was chopping firewood at the side.

Ye Fan greeted Xiao Changtian and Li Taibai when he saw them.

"Master, junior brother, you're back."

Hearing Ye Fan's words, Xiao Changtian also nodded at him.

After passing through a corridor, Xiao Changtian arrived at the backyard of the Taoist priest.

Xiao Changtian placed his bamboo basket on the ground and lay down on his rocking chair.

"It's still more comfortable at home."

Even though Mo Ba and the others had also given him very good treatment.

But in the end, no place was as comfortable as his own home.

At this moment, Mu Jiu Huang also walked out from the kitchen.

Seeing Xiao Changtian, he smiled and said,

“Master, you’re back from your trip.”

Seeing Mu Jiu Huang, Xiao Changtian said to Li Taibai.

“Tai Bai ah, take out the bags that Mo Ba and the others gave you and show them to everyone.”

Xiao Changtian didn’t know what was inside the bag.

“Alright, Master.”

Hearing Xiao Changtian’s words, Li Taibai also took out the bag from the bamboo basket.

Then, Li Taibai also injected his true essence into the bag.

These were a few qiankun pouches that required true essence to open.

Li Taibai opened the bag.

Bang! Bang! Bang!

Voices rang out in the courtyard.

He saw the demon beasts that he had fought back from the God Burial Mountain Range landing on the ground of the courtyard one by one.

Looking at the demonic beast in front of him, Xiao Changtian also stood up from the rocking chair.

He looked at the bag in Li Taibai's hand.

What kind of bag could hold so many animals?

Moreover, looking at this bag, weren't they the ones in the white rice porridge cart?

Could it be that some Immortal Cultivator had accidentally landed on the carriage, and the carriage was coincidentally pushed into the courtyard by Mo Ba and the others?

After thinking about it, Xiao Changtian also felt that this was the only way to explain.

Mu Jiu Huang looked at the demonic beasts in the courtyard and covered her mouth.

Last time, when Xiao Changtian defeated Blood Dragon, he had a premonition that Xiao Changtian was going to make a big move.

He didn't expect Xiao Changtian to directly defeat so many demonic beasts of that level.

If this number was placed on the Tian Yuan Continent, all the high class demon beasts would have been wiped out.

"Master, you're amazing!"

Mu Jiu Huang really couldn't think of any words to describe Xiao Changtian.

Hearing Mu Jiu Huang's words, Xiao Changtian smiled at her.

"It's nothing, it's nothing."

These were just some small animals. Although there were a little more of them, they were still easy to fight.

For details, he could refer to Li Taibai.

That kid couldn't even hit a wooden stake, but these animals were subdued by him.

It could be seen how easy this was.

In the pond, after Zu Long heard Xiao Changtian's words, he also said slowly among the divine beasts,

"It seems that Master has begun to enter the world. This plane is indeed not worthy of Master now."

"Yeah, we've been here for a while."

Hearing the Ancestral Dragon's words, the White Tiger by the side also echoed.

On the contrary, Black Tortoise said leisurely.

"Don't spout nonsense. How can we fathom Master's thoughts?"

After the Black Tortoise finished speaking, the Divine Beasts also closed their mouths and fell silent.

After all, the iron cage in the courtyard was watching.

When Mu Jiuhuang heard Xiao Changtian's words, she was stunned for a moment before she understood.

It turned out that this was just an appetizer for Master.

After that, Master would bring back more demonic beasts?

Thinking of this, Mu Jiuhuang slowly walked over and said to Xiao Changtian,"

"Master, what should we do with these things?"

Hearing Mu Jiuhuang's words, Xiao Changtian was in a dilemma.

If it was in his previous life, these things would definitely be kept in the refrigerator.

But now, in the immortal cultivation world, it was only heard that some immortal cultivators who cultivated ice-attribute cultivation techniques could freeze.

However, how could a mortal like him possibly invite them?

After all, not every immortal cultivator was so easy to talk to the Immortal Da Yang.

Xiao Changtian sighed.

"If only there was a refrigerator at this time."

"A refrigerator?"

Ye Fan walked over from the front courtyard at this time. When he heard Xiao Changtian's words, he also asked.

“Yes, I am.”

Xiao Changtian nodded and continued to explain.

“To put it simply, it’s a box made by an ice-type cultivator..”

Chapter 416: Of course I’m Making My Own Box (1)

Xiao Changtian’s courtyard

After Ye Fan heard Xiao Changtian’s words, he looked at Li Taibai who was beside him.

“Senior Brother, I think Master wants us to find an expert with an ice attribute cultivation technique and then make a box?”

“I don’t think so. It might also be an ice-type spiritual weapon.”

Li Taibai and Ye Fan communicated with each other. Their hands were on their chins.

“Then, which ice-attributed expert or magic tool should we look for?”

Then, Li Taibai and Ye Fan were also in a dilemma.

With his master’s strength, ordinary magic tools would definitely not enter his eyes.

Could it be in the Divine World? However, he had not heard of any powerful ice-attribute experts in the Divine World.

After thinking for a while, Ye Fan and Li Taibai said to Xiao Changtian,”

!!..

“Master, we’ll go and do it.”

He went to do it?

Hearing Li Taibai and Ye Fan’s words, Xiao Changtian was also stunned. Then, he waved his hand at them.

Li Taibai and Ye Fan probably couldn’t help much with the refrigerator.

It looked like Ye Fan should have continued to pick firewood and water.

As for Li Taibai, he had left Dayang Town for a while and wanted to go around.

After leaving the courtyard, Li Taibai and Ye Fan looked at each other.

“Shixiong, let’s split up and search.”

Li Taibai slowly said to Ye Fan.

Then, Ye Fan nodded at him.

Whoosh! Whoosh!

The two of them turned into two streams of light and disappeared into the sky.

Outside Dayang Town, above a small hill.

A woman dressed in purple was standing on top of a snow-white wolf.

He placed his hand between his eyebrows and looked at Dayang Town from afar.

“Snow Wolf King, hurry up, we’re going to see Senior.”

The person standing on the Snow Wolf King was Chu Yiren.

Daoist Da Yang sent her back to the Beast Tamer Sect.

After a period of recuperation, Chu Yiren had gradually adapted to the strength in her body.

Therefore, he wanted to quickly come to Dayang Town to find Xiao Changtian.

Whoosh! The Snow Wolf King flew across the sky and soon arrived above the Great Sun Town.

Chu Yiren’s figure slowly landed on the surface of Dayang Town.

Chu Yiren spotted a stall by the side of the familiar street.

“Let’s go, Snow Wolf King. I’m going to eat a bowl of beef noodles.”

Chu Yiren pointed in a certain direction and slowly walked over with the snow wolf king.

As she sat in the booth, a voice rang out in Chu Yiren's ears.

"Hey, isn't this Sister Yiren?"

Chu Yiren turned to look at him, only to see Li Taibai slowly walking towards her.

"It's Taibai. Do you want to eat together?"

When Chu Yiren saw Li Taibai, she smiled back at him.

"No thanks, Sister Yiren. I still have to help Master find the fridge."

"Looking for a refrigerator?"

Chu Yiren was taken aback by Li Taibai's words.

Li Taibai continued to explain when he saw the same expression on Chu Yiren's face.

"Master said that the refrigerator is a box made by an ice attribute expert."

"To put it simply, it's a powerful ice-type spiritual weapon."

A powerful ice-type spiritual weapon?

Chu Yiren thought to herself as she handed the beef noodles to the Snow Wolf King.

After fusing with her clone, she had also awakened some of her previous memories.

Then, Chu Yiren said slowly to Li Taibai,"

“Perhaps I know where to find that thing.”

Hearing Chu Yiren’s words, Li Taibai smiled as well.

He walked up to Chu Yiren and said excitedly,”

“Really? Sister Yiren.”

Chu Yiren patted the Snow Wolf King’s furry head and said slowly,”

“Let’s go, I’ll bring you there.”

Chu Yiren didn’t know what to bring Xiao Changtian.

After all, she knew Xiao Changtian’s strength. He probably wouldn’t care about those sect treasures and secret weapons.

She happened to meet Li Taibai and knew that he needed a refrigerator.

As soon as he finished speaking, Li Taibai and Chu Yiren stood on the Snow Wolf King and flew off into the distance.

Divine Realm, atop a snow-white mountain peak.

On the mountain peak, snowflakes fell, and from time to time, a strong wind whistled past.

In the air, the Snow Wolf King slowly appeared with Li Taibai and Chu Yiren. “Sister Yiren, is there really an ice-type spirit tool here?”

Looking at the snow-white mountain in front of him, Li Taibai used his holy sense to explore it.

He couldn't sense the fluctuations of any powerful spiritual weapon at all.

"Don't worry, watch me."

Chu Yiren replied to Li Taibai, and the green vital essence in her hand slowly gathered.

A green ball of light formed in his palm and he casually slapped it at the snow in front of him.

"Snow Demon Clan, I'm back."

As the green ball of light exploded, Chu Yiren's voice rang out in the air.

As Chu Yiren spoke, Li Taibai saw the snow in front of him.

One by one, snow-white animals with long ears appeared.

Sister Yiren, what's this?"

From Li Taibai's perception, these Snow Demons were not very strong, but there were many of them.

Chu Yiren slowly explained after hearing Li Taibai's words.

"These are snow demons. They are different from demon beasts. They were born in the snow."

"Demon God, what are you doing here?"

Amongst the snow demons below, a gigantic figure with two ruby-like eyes stared at Chu Yiren as he spoke slowly.

The Snow Wolf King glared at the Snow Demon with a ferocious expression. "Snow Demon King, don't be anxious. I'm here to borrow your sacred item." Chu Yiren's green inner Yuan surged as she spoke slowly to the Snow Demon King.

"I won't let you suffer. This is for you."

As soon as she finished speaking, Chu Yiren also took out a cosmos sack.

He threw it at the Snow Demon King.

The Snow Demon King raised its huge palm from the snow, sending snowflakes flying.

He grabbed the Cosmic Bag that Chu Yiren had tossed him.

After opening it to take a look, the Snow Demon King waved its hand.

A beam of light flew towards Chu Yiren.

Chu Yiren's hand, which was imbued with green vital essence, slowly reached out and caught the snow demon king's hand.

"Let's go!"

With the sacred item in hand, Chu Yiren said to Li Taibai as she stepped on the Snow Wolf King.

Then, the Snow Wolf King turned around and flew back into the distance.

Li Taibai, who was standing atop the Snow Wolf King, also looked at Chu Yiren's hand.

A transparent piece of ice with a bone-piercing chill appeared in her hand.

After that, Chu Yiren pointed at a mountain peak.

The Snow Wolf King brought them to the mountain peak.

"Sister Yiren, what do you plan to do?"

"Of course, I'm going to make my own box."

Chu Yiren smiled as she waved the Xuan Bing in her hand at Li Taibai..

Chapter 417: Can't Find a Suit (1)

On the mountain peak

Chu Yiren was holding a hammer in her hand, wiping her forehead with it.

"Taibai, take a look. What do you think?"

Chu Yiren asked Li Taibai as she looked at the box in front of her.

After arriving at the mountain peak, Chu Yiren started to make them on the spot.

With the hammer that Xiao Changtian had given her, Chu Yiren managed to forge a chest.

Li Taibai looked at the box in front of them and nodded.

"I think it's fine, Sister Yiren."

"I hope senior will like it."

Hearing Li Taibai's reply, Chu Yiren slowly kept the box back into her interspatial ring.

Following that, he brought Li Taibai back to Dayang Town.

Soon, Li Taibai and Chu Yiren arrived at Dayang Town.

After landing in Dayang Town, Li Taibai also saw Ye Fan on the street.

"Junior Brother, do you have any idea about the chest?"

Hearing Ye Fan's words, Li Taibai smiled at him.

"Senior Brother, Sister Yiren has been found."

As he spoke, Li Taibai also took a step to the side.

Ye Fan smiled at Chu Yiren when he saw her standing behind Li Taibai.

"Sister Yiren!"

"Let's go and see Senior!"

After she finished making the fridge, Chu Yiren also wanted to hurry to the courtyard to meet Xiao Changtian.

Then, under the urging of Chu Yiren, Li Taibai and Ye Fan followed Chu Yiren to Xiao Changtian's courtyard.

At this moment, Xiao Changtian was cleaning up the demonic beasts that Mo Ba and the others had given him.

"It really won't do without a fridge. Looks like I can only find the time to ask Di Tian and the others."

After all, Di Tian was a cultivator who had just entered the sect.

He should have some understanding of the news in the cultivation world. "Senior!"

At this moment, Chu Yiren's voice slowly drifted into Xiao Changtian's ears.

Xiao Changtian turned around and saw Chu Yiren, Ye Fan, and Li Taibai walking over.

"Look, what did I bring you?"

Chu Yiren walked up to Xiao Changtian, a little excited.

Then, he took out an ice-blue box from behind him.

As soon as Chu Yiren took out the box, a gust of cold air from the courtyard assaulted her face.

Xiao Changtian's eyes lit up when he saw the box.

Based on his eyesight, Xiao Changtian could tell that this box was not an ordinary item.

Looking at Chu Yiren, Xiao Changtian suddenly remembered that this girl's family was also from a cultivation sect.

Although this box only had one layer, it could also achieve a freezing effect.

It was just that it was still a little inferior to the refrigerator in his previous life. After all, the fridges in his previous life were divided into two layers. The top layer was used for preservation, and the bottom layer was used for freezing. However, given Chu Yiren's family's small sect, it wasn't easy for them to give him such a small box.

With that thought in mind, Xiao Changtian turned to Chu Yiren and said slowly,"

" Thank you, I need this.""

Seeing the smile on Xiao Changtian's face, Chu Yiren smiled back at him.

"As long as you like it."

" Oh, I'm here today. Let's eat here tonight.""

Xiao Changtian slowly placed the fridge on the floor as he spoke to Chu Yiren.

"Sure,"

Hearing Xiao Changtian's words, Chu Yiren responded obediently.

Next, in the courtyard, Black Tortoise standing on the fat Rongrong's head also released a green True Qi.

The green vital essence passed through space and slowly poured into the ice box on the ground.

“This is perfect.”

The refrigerator Chu Yiren had just given him could freeze the food.

However, it was still not enough to maintain the effect of the demon beasts in Wu Gong’s underground palace.

With Black Tortoise’s replenishment, the box became bigger and more perfect. “Gulp, gulp, gulp!”

At the dining table, Xiao Changtian sat in the middle of the crowd because of Chu Yiren’s arrival.

Xiao Changtian started his hotpot journey again.

This was the first time Chu Yiren had seen such a thing, and she was very excited.

“Senior, can I eat this?”

“There’s no rush. I’ll give it to you first.”

Xiao Changtian smiled at Chu Yiren when he saw her gluttonous expression.

Then, he used a spoon and chopsticks to pick up the Nine Nether Tribe’s meat and placed it in Chu Yiren’s bowl.

Chu Yiren’s face lit up with satisfaction as the fresh meat entered her stomach.

She looked at Xiao Changtian and smiled at her,”

“Don’t be anxious. Come, have some soup.”

At this moment, Xiao Changtian also took out a spoonful of soup from the pot in front of him and handed it to Chu Yiren.

He poured the soup into Chu Yiren’s bowl.

Xiao Changtian also sighed.

Seeing Xiao Changtian sigh, Mu Jiuhuang also said to him with concern, “Master, is there something wrong?”

Seeing how concerned Mu Jiuhuang was for the Xiao Changtian, Chu Yiren also took a sip of the soup.

A pair of eyes were fixed on Xiao Changtian.

“It’s nothing. I’m just preparing a dish. The ingredients are almost ready now.”

“It’s just that I haven’t found a suitable spoon for cooking.”

The Supreme Kick that the system wanted to make was also very demanding on the tools used to cook.

Originally, Xiao Changtian wanted to use his own spoon.

He did not expect the system to directly give the spoon he made a rating of poor quality.

After a few experiments, Xiao Changtian finally understood.

It was likely that only the spoons used by immortal cultivators in the legends could satisfy the system.

Hearing Xiao Changtian's words, Chu Yiren and Mu Jiu Huang both put on a pair of thoughtful expressions.

Then, Chu Yiren suddenly stood up from her seat.

He came to Xiao Changtian's side and placed his hand on Xiao Changtian's shoulder.

"Senior, I might know where you can find the spoon you want."

"Oh, is that a spoon used by cultivators?"

Xiao Changtian asked Chu Yiren when he heard her words.

Immortal Cultivators?

Chu Yiren thought for a moment, then shook her head.

"Not really an Immortal Cultivator, only half."

As she spoke, Chu Yiren gestured with half a finger.

Half? That made sense. With Chu Yiren's family's small sect, it was not bad to find half a spoon with the aura of an immortal cultivator.

In any case, it was better than what a mortal could make.

With that thought in mind, Xiao Changtian continued to speak to Chu Yiren, "Where is Little Biao now? Is there anyone guarding there?"

Although he had information about Little Biao, he still had to find out more.

If it was in a place where cultivators often appeared, they wouldn't be able to get it even if they went.

"Hmm... There shouldn't be anyone there now."

Chu Yiren replied after some thought..

Chapter 418: The Former Holy Son (1)

Outside Xiao Changtian's courtyard.

Xiao Changtian looked at the gate of the courtyard.

Mu Jiuhuang, Li Taibai, Ye Fan, and the other disciples were all waving at Xiao Changtian.

"Master, be careful on the way."

"Master, take care on the road."

Hearing the voices of his disciples, Xiao Changtian waved his hand at them.

"Go back. Remember to help me look after the courtyard."

Xiao Changtian turned around and left with Chu Yiren.

This group of people was really too much. Usually, he didn't worry enough about them.

Now, it seemed like they were the ones worrying about him.

After leaving Dayang Town, Xiao Changtian turned to Chu Yiren and said slowly,”

“Yiren, where should we go now?”

She had only brought Chu Yiren with her on this trip. He had left the others in the courtyard.

Of course, there were also some divine beasts in the courtyard with him.

At that moment, Chu Yiren closed her eyes and tried her best to recall.

After fusing with the clone, he would become the main body. As his strength rose, some memories would also come along.

After pondering for a while, Chu Yiren pointed up as well.

In her memories, she had previously established a faction in the Divine World.

The foundation of their power was a spoon and a compass.

Xiao Changtian, who was standing beside Chu Yiren, saw her pointing at the sky.

He looked up at the sky and said slowly to Chu Yiren,”

“In the sky?”

Chu Yiren opened her eyes. Hearing Xiao Changtian’s words, she nodded slowly at him.

Wasn't the Heaven a place only the Immortal Cultivators could go?

He was just a mortal. How could he go up? He had been chatting in the courtyard for a long time and had forgotten to discuss the most important issue.

At this moment, the antennae of the Chaos Ant on Xiao Changtian's shoulder also trembled slightly.

A silvery-white light enveloped Xiao Changtian and Chu Yiren.

Following that, Xiao Changtian and Chu Yiren arrived in the divine realm under the influence of the power of space.

Xiao Changtian stood beside Chu Yiren, glancing behind him.

The shadow of Dayang Town could no longer be seen.

It seemed that they had still walked a short distance.

At this moment, Xiao Changtian turned to Chu Yiren and asked,

"Yiren, are you sure you didn't point at the wrong person just now? It's really in the sky."

When Chu Yiren heard Xiao Changtian's words, she could sense that they had already arrived in the divine realm.

Even though his strength had soared, he was still like a baby in front of Senior.

When the senior attacked, he did not notice it at all.

They arrived at the Divine World.

He tried to feel the environment around him again, although it was similar to the outer area of Dayang Town.

However, the position of his faction had indeed changed a little.

After some thought, Chu Yiren pointed in a direction.

Seeing that Chu Yiren's finger had changed from pointing at the sky to pointing at the ground, Xiao Changtian heaved a sigh of relief.

That girl was probably joking. This girl was usually carefree, so it was normal for her to be fun.

Following that, Xiao Changtian turned to Chu Yiren and scolded,"

"Don't play like this in the future."

Chu Yiren didn't react to Xiao Changtian's words.

He felt his palm being pulled by Xiao Changtian, walking towards the direction he had pointed.

Chu Yiren's face reddened as Xiao Changtian gripped her hand.

'Forget it, I don't care anymore. It's enough to have Senior by my side.'

At the same time, outside a mountain forest,

A figure was fleeing in a sorry state, looking behind him from time to time.

“Quickly catch him, don’t let him escape.”

“He’s there, I’ll chase him.”

Fierce voices came from behind the figure.

The figure was a black wolf cub. However, it was different from the demonic wolf cub.

The wolf cub had a wolf-like upper body and a human-like lower body.

At this moment, the wolf cub had some blood on its body as it ran wildly.

Other than some furious voices, there were also occasional arrows flying towards them.

Whoosh! The Werewolf was shot in the back by an arrow, and a stream of blood flowed down from its back.

Then, after running a few steps, the werewolf staggered and fell to the ground.

“Holy Son Chu, you should follow me back and be punished obediently.”

“That’s right. Who knew that you would be so unbearable? You were actually defeated by a new Holy Son at the Godly King realm.”

“You’re really trash. To think I called you Saint Child so many times in the past.”

After being hit by the arrow, the werewolf fell to the ground. At this moment, he was surrounded by the people who had chased after him.

At this moment, the werewolf coughed a few times and spat out a few mouthfuls of blood.

He pointed at the group of people in front of him.

“You bunch of fence-sitters, what were you like when I was in power?”

Hearing the werewolf’s mockery, one of the serpent-men twisted his body and slowly walked towards him.

“Holy Son Chu, oh no, he’s no longer a Holy Son now. It’s time to change his name, Chu Xiaoshan.”

“You’re already a Saint, so of course we respect you. But now that you’ve offended the new Saint, we can only abandon the darkness and join the light.”

As she spoke, the Naga also laughed mockingly.

“Abandon the dark for the light, what a good idea.”

When the werewolf heard the Naga’s words, it also raised its head and shouted.

He was originally the Saint Child of the School of Imperial Beasts, and he used to be extremely glorious in the School of Imperial Beasts.

Their Beast Taming Sect was quite different from other Beast Taming Sects.

Their sect had a unique cultivation technique.

After cultivating, they were no longer subdued beasts, but could become one with their mounts.

It formed its strongest form, the half-human, half-beast form.

A while ago, the sect heard that there was a huge upheaval in the demon beast world.

He wanted to let the people of the sect go and see their luck.

Perhaps he could bring back more demon beasts for the sect.

The number of demonic beasts that the disciples could choose from would also increase.

However, what Chu Xiaoshan did not expect was that one of the disciples they brought back.

Not only was he talented, but he was also very good at climbing up the flames and relying on power. He did not have any gratitude towards him at all.

After defeating him, who had reached the God Emperor Realm, in the Saint Child Selection Competition of the sect.

The Sect Master had agreed to his marriage with the Saintess on the spot.

After that, the new Holy Son sent people to kill him just because he heard that he was interested in the Holy Maiden.

In order to nurture this new genius, the sect did not care about his actions.

He had also ended up like this.

He looked at the Naga and the others who were about to attack him.

They were all subordinates of the new Holy Son. They would not show any mercy when dealing with him.

Thinking of this, Chu Xiaoshan slowly closed his eyes.

“Chu Xiaoshan, go to hell!”

When the serpent-men and the others saw that Chu Xiaoshan was no longer resisting, they also raised the spiritual weapons in their hands and attacked him..

Chapter 419: Hugging a Leg (1)

Divine Realm, outside the forest

“Chu Xiaoshan, die!”

The Naga shouted and was about to slash at Chu Xiaoshan with her companions.

“Woof woof woof!”

At this moment, a dog barked.

The Naga and the others felt a pressure descend in front of them.

Then, they placed the spirit weapons in their hands one after another.

He knelt on the ground.

What was going on?

After kneeling on the ground, everyone, including Chu Xiaoshan, was dumbfounded.

At this moment, a new voice was heard.

“Alpha, don’t walk so fast.”

Xiao Changtian’s figure slowly appeared in Chu Xiaoshan’s line of sight.

At the same time, Chu Yiren followed behind him.

Xiao Changtian came to Alpha’s side and saw it barking in front of him.

Xiao Changtian looked ahead and found a few small animals on the ground that did not look normal.

“Wow, it’s Little Wolf.”

Because of the snow wolf king, Chu Yiren naturally had a good impression of Chu Xiaoshan.

He quickly picked it up from the ground.

Chu Xiaoshan’s heart trembled as Chu Yiren hugged him.

When he was so close to Chu Yiren, he could feel the terrifying aura emanating from her.

The faint green true essence on his hand was so powerful.

Even when he was the Holy Son, no one in the sect had seen him before.

Was it this person who suppressed him to the point where he could not move?

With that thought in mind, Chu Xiaoshan didn't dare to offend Chu Yiren even more.

His eyes immediately revealed a hint of flattery.

Meanwhile, Xiao Changtian saw how much Chu Yiren liked Chu Xiaoshan.

He also walked over. He knew that Chu Yiren had a little white wolf.

The one in front of her had thin hind legs and some blood on its back.

It was obvious that he was being bullied by other ferocious beasts in the forest. Walking up to Chu Yiren, Xiao Changtian took out a bottle of medicinal powder from his interspatial ring and handed it to her.

"Let him use it."

This was the Golden Granary Medicine that he had concocted in the courtyard.

It was of great use for external injuries.

Seeing the bottle in Xiao Changtian's hand, Chu Yiren thanked him.

"Thank you, Senior!"

Chu Yiren had been worried that Xiao Changtian would be unhappy with her helping the orc so casually.

Now that Xiao Changtian had given him the medicine, it seemed like he was overthinking.

Hearing Chu Yiren's words, Xiao Changtian waved at him.

Then, he walked in Alpha's direction.

He watched Alpha look fiercely at the snake or some other small animal in front of him.

He looked at the shadow of the wolf cub in the middle of them.

He knew that they were the ones who injured the little wolf.

With that in mind, Xiao Changtian patted Alpha's back and said slowly,

"Just teach him a lesson. Let them go."

These little animals were afraid of Alpha, presumably because they saw that Alpha was strange.

He was holding a chess piece in each hand.

However, Xiao Changtian knew Alpha very well.

It was just an ordinary puppy.

It was no different from other puppies.

On the other hand, once those small animals realized that Alpha was a grass bun, they would probably attack him.

Alpha nodded at Xiao Changtian.

Seeing Alpha nod, Xiao Changtian walked towards Chu Yiren.

After Xiao Changtian left, the Naga and the others looked at Alpha in fear.

In their field of vision, a huge bloody mouth and a majestic aura appeared in their eyes.

The Heaven Swallowing Dog was a legendary divine beast, a legendary existence that was widely spread in their sect.

Today, they had actually encountered each other.

Naga and the others looked at the Heaven Swallowing Dog in front of them.

Then, they saw the Heaven Swallowing Dog holding a chess piece in its hand. He placed the chess piece on the Heaven Chessboard under his feet.

Bang! With a swoosh, the serpent-men and the others felt the cultivation they had painstakingly cultivated for decades dissipate.

Then, the news of the Heaven Swallowing Dog slowly sounded in their minds. "Get lost!"

Hearing this, the Naga and the others did not dare to complain and quickly ran into the forest.

Xiao Changtian also gave Alpha a thumbs-up when he saw the animals scuttling toward the forest.

It seemed that Alpha had understood what he meant.

At this moment, Chu Xiaoshan, who was in Chu Yiren's arms, watched the little animals that Alpha had chased away.

His eyes were also filled with excitement, and the way he looked at Chu Yiren was even more obsequious.

As Chu Yiren caressed him, Chu Xiaoshan suddenly felt like he had hope in his life again.

Based on the strength that the Heaven Swallowing Dog had displayed just now. And the woman on his body, if he fawned over them.

In that case, the humiliation that the Imperial Beast Sect had caused him to suffer could all be returned.

Ye Tian must have had some sort of fortuitous encounter.

Otherwise, how could he have crossed the line and defeated him in such a short period of time?

There were also those elders and sect masters in the sect. One of them fawned over the powerful and had extreme power.

Seeing Ye Tian's talent, she would give him all sorts of compliments and try to coax him.

As for him, the former Holy Son who had contributed to the sect, he completely ignored him and treated him coldly.

All these years, even if he didn't make any contributions, he had worked hard.

At this thought, Chu Xiaoshan became even more determined to cling onto Chu Yiren and Xiao Changtian's thighs.

On the other side, after the Naga and the others arrived at the forest, they slowly returned to their human forms.

Looking behind her, the Naga felt that her back was already drenched in sweat.

Fortunately, the Heaven Swallowing Dog didn't catch up.

"Leader, what should we do now?"

The subordinate beside him walked forward and slowly said to the serpent-man.

Although they did not die, they were disheartened to have decades of their cultivation cut off in an instant.

At this moment, the Naga also glanced at him.

He was the most depressed person to have his cultivation cut.

He had originally thought that he could take advantage of this errand to get some spiritual herbs or something.

He didn't expect that he would lose his cultivation even though he didn't get anything.

However, when she thought of the Heaven Swallowing Dog's appearance, the Naga immediately suppressed the resentment in her heart.

It was rumored that a divine beast like the Heaven Swallowing Dog had already reached the level of Heaven Transformation.

If he had any resentment in his heart now, he would probably sense it immediately.

With this thought in mind, the Naga slowly said to them,

"Is there a need to ask? He must have gone back to report to the Saint Child."

As she spoke, the Naga also vented her frustration at the unfortunate start on them..

Chapter 420: Old Man, What Are You Pretending For (1)

Divine Realm, a majestic mountain peak.

Weeds grew on both sides of the mountain path, and some birds and beasts passed by from time to time in the air.

At the end of the mountain path, there was a stone door.

There were three huge words carved on the stone door.

Imperial Beast Sect!

The Imperial Beast Sect was one of the most powerful factions in the Great

Desolate Immortal Continent.

Moreover, because it was the border between the human world and the demon beast world.

There were endless battles here all year round, and the various factions changed very quickly.

Therefore, many experts were born.

Meanwhile, the Imperial Beast Sect relied on the unique cultivation techniques in the sect to unleash the advantages of humans and demons.

Zicheng Sect quickly became the top power in this area.

The current leader of the School of Imperial Beasts, Xiao En, was the only person who had cultivated the Beast Taming Art to the great success realm.

His cultivation had also reached the Godly Emperor realm, and he was invincible in the Great Desolate Immortal Continent.

Xiao En was standing in front of the mountain gate. He was wearing a white

robe and had a black eagle on his shoulder.

There was also some fresh meat that looked like streaky pork in his hand.

The black eagle was pecking at the fresh meat in his hand.

At that moment, Sean also looked down the mountain.

Footsteps could be heard coming from the foot of the mountain.

Then, Sean saw Naga and the others supporting each other as they walked up the mountain.

“What happened?1’

Xiao En retracted his hand, and the black eagle on his shoulder flew up. It

turned into a big eagle and dragged Xiao En over to the Naga and the others.

The Naga and the others were also feeling weak.

She hurriedly knelt down in front of him.

“Sect Master, you have to stand up for us.

When the Naga saw Sean, she immediately knelt down and cried.

“We followed Saint Child Ye’s orders to chase after Chu Xiaoshan.”

-But for some reason, a Heaven Swallowing Dog suddenly appeared halfway.” “He beat us all back and caused our cultivation to dissipate.

As she spoke, the Naga did not forget to act pitiful. Her hands continuously wiped the corners of her eyes.

Heaven Swallowing Dog?

When Sean heard the Naga and the others ‘words, he seemed to be a little stunned.

He knew Chu Xiaoshan, the former Saint who had been defeated by Ye Tian at the Saint Assembly.

In a place like this, it was very normal for the Imperial Beast Sect to follow the law of the jungle.

However, it would be a big deal if the Naga and the others met the Heaven

Swallowing Dog.

The Heaven Swallowing Dog was a legendary divine beast.

If he could capture him, perhaps his strength could reach a higher level.

He even came into contact with the legendary immortal realm.

With that thought in mind, Sean's figure flashed and disappeared in front of

Naga and the others with Black Eagle.

That was only the Naga's side of the story. He had to personally confirm it.

The Naga and the others were also a little confused when they saw Sean fly into the sky.

Then, the Naga waved at the people behind her.

"Let's go and report to the Saint Child first."

At the same time, on the other side, Xiao Changtian was leading Chu Yiren along the mountain path.

The little Chu hill in Chu Yiren's arms also stuck out its little tongue and licked Chu Yiren's little hand.

From the looks of it, he was extremely flattering!

At that moment, Alpha walked in front of the two of them and looked up. In the sky above Xiao Changtian and the others, a stream of light flew past.

Then, Sean's figure slowly appeared on top of the black eagle.

Looking down, Sean's gaze paused on them.

One of them had no aura, while the other had a familiar aura.

His holy sense had already covered the entire area. Xiao En also knew that there were only Xiao Changtian and the other two people in this place.

Where could the Heaven Swallowing Dog be?

Sean placed his hands behind his back, and the black eagle under his feet kept flapping its wings.

At that moment, a huge phantom of the Heaven Swallowing Dog suddenly appeared in front of Sean.

Hmm? The appearance of the Heaven Swallowing Dog immediately attracted Sean's attention.

It seemed like there really was a Heaven Swallowing Dog here.

Seeing the Heaven Swallowing Dog, Sean was also delighted.

As expected of a divine beast. It did not fear him at all when it saw him. Very good, this was the divine beast he wanted.

With that thought in mind, Xiao En's True Essence slowly gathered on his body.

"Heaven Swallowing Dog, obey me. Let me show you your power."

As he spoke, the vital essence in Xiao En's hand turned into chains and attacked the Heaven Swallowing Dog.

This first attack was naturally to test the strength of the Heaven Swallowing Dog.

Roar! The Heaven Swallowing Dog stepped on the Heaven Chessboard, and true essence flowed through its eyes.

Following that, a wave of fluctuations spread out, and the chain automatically cracked open.

“Old fellow, what are you pretending for?”

The Heaven Swallowing Dog shouted at Sean and charged at him.

“Ah! Ah! Ah!”

A miserable cry sounded in the air.

At this moment, Alpha, who was walking in front of Xiao Changtian, also let out a casual sigh.

Xiao Changtian surveyed his surroundings before turning to Chu Yiren and saying slowly,”

“Yiren, did you hear any screams just now?”

Screams?

Chu Yiren was playing with Chu Xiaoshan in her arms.

When he heard Xiao Changtian’s words, he was stunned and shook his head. Seeing Chu Yiren shake her head, Xiao Changtian was a little confused.

“Wait for me here.”

Xiao Changtian casually said to Chu Yiren before leading Alpha into the forest.

“Senior.”

Chu Yiren called out to Xiao Changtian as he left. Soon, Xiao Changtian and Alpha arrived in the forest.

Xiao Changtian first looked around and then found that there was a person beside his feet.

An old man in white fell to the ground.

He knew that his judgment just now was not wrong.

The scream just now must have come from the person in front of him.

Seeing the old man unconscious, Xiao Changtian reached out and patted his face.

After helping him check on his life, he knew that he had a strong vitality and did not die.

Xiao En slowly woke up after being patted by Xiao Changtian.

At this moment, his consciousness was a little blurry.

He only remembered that he was about to attack the Heaven Swallowing Dog. And then, he was beaten out of the game because he couldn't win?

Xiao En then looked at Xiao Changtian, who was beside him.

Mortals?

Seeing Xiao Changtian supporting his arm, Xiao En's body also surged with true essence.

Since this mortal was able to discover him, he must have seen the Heaven Swallowing Dog.

Sean did not want the news of the Heaven Swallowing Dog to spread so quickly. Just as Sean was about to make a move, Alpha also barked to his side. Hearing the barking, Sean turned his head and saw Alpha.

His body instinctively dispersed the true essence in his hand.

He had no doubt that if he had attacked just now, this Heaven Swallowing Dog would definitely bite him to death..
