### Chapter 61: Reforge This Sword (1)

Muffled sounds.

...

Xiao Changtian was alarmed.

“What happened? Let’s go and take a look.”

Xiao Changtian looked at the other side of the bamboo forest with confusion.

Very quickly walking over, he saw Fatty Rongrong sitting on a man.

That man struggled, wanting to get up, but Fatty Rongrong was like a mountain, unmoving.

No matter how hard the man struggled, he couldn’t move an inch.

Who else could this man be but Tie Shanhan?

He roused the true essence around his body, launching an attack with all his might towards Fatty Rongrong.

However, he realized that he could not break through the defense!

Soon after, he was suppressed here by Fatty Rongrong.

“Ah!”

Tie Shanhan let out a series of helpless and furious cries. He struggled with all his might, but it was useless.

“Rongrong, quickly get up.”

Seeing this, Xiao Changtian was shocked. This man looked strong and muscular.

However, Rongrong sat on him, unable to even turn over.

“As expected, dead muscles don’t work

Xiao Chang Tian thought in his heart, but he didn’t say it out loud, one hand grabbing the back of Rongrong’s neck, one hand lifting her up.

“This... Are you alright?”

Xiao Changtian held back his laughter as he looked at this muscular man.

III II

“I’m fine.”

Tie Shanhan looked at Xiao Changtian and stammered.

The ferocious beast before him was an Iron Eater. During the process of the Sky Sword being swallowed and then suppressed, the memories of the Iron Eater finally surfaced in Tie Shanhan’s mind.

Back then, wasn't it because of the ancestor's regret that all the swords he forged were swallowed by the Iron Eater?

No matter how good the materials were, no matter what techniques were used, it was still impossible to forge a perfect sword that could resist the Iron Eaters.

That was why Tie Hanshan had been in seclusion for a thousand years. He had combined the techniques of his predecessors to create this Heavenly Sword.

Originally, he was full of confidence and forged a sword that no one had ever forged before.

However, it was casually devoured.

Until just now, when he witnessed the power of the Iron Eater, he thought he would die here.

He didn't expect to be saved right away.

The man in front of him could pick up the Iron Eater with one hand. What kind of cultivation was this? Could it be that he had already surpassed the tribulation and was a legendary master of the Mahayana realm?

Tie Hanshan looked at Xiao Changtian and frowned.

"Strange, why did this person in front of him not have any cultivation?"

"A mortal?"

"But how can a mortal lift an Iron Eater with one hand?"

"That shouldn't be..."

Tie Shanhan's eyes scanned the tiger from head to toe, and soon, he saw the white tiger.

In an instant, the white tiger glared at him.

A majestic pressure instantly struck Tie Hanshan's head.

He only felt that his sea of consciousness was like a bolt of lightning on a clear day.

He saw a huge white tiger hovering in the sky, surrounded by countless suns, moons, and stars.

However, this white tiger only let out a deep roar. In an instant, the countless stars collapsed!

Countless galaxies collapsed in an instant!

This terrifying scene had caused Tie Shanhan to be incomparably shocked!

"This, this, this, this..."

"This is the Divine White Tiger?"

Just as he was about to get up, he was shocked again and fell to the ground again.

His face was as pale as water!

"Hmm?"

"So weak?"

Xiao Changtian looked at the Cold Iron Mountain in confusion and couldn't help but complain in his heart.

Isn't this too empty!

He looked tall and muscular, but how could he fall just by standing up?

Xiao Changtian couldn't stand it anymore.

"Get up. quot;

Xiao Changtian stretched out a hand to help Tie Shanhan up.

As Xiao Changtian's right hand appeared, the terrifying aura of the White Tiger instantly disappeared without a trace, as if it didn't exist at all.

The pressure on him was greatly reduced.

Tie Shanhan kicked his feet and stood up easily.

"Thank you."

Tie Shanhan hurriedly bowed and saluted. His heart was filled with fear, and it was like a surging wave!

The senior in front of him only stretched out a hand and was actually able to eliminate the aura of the Divine White Tiger.

Heavens!

He could no longer imagine what cultivation level this senior in front of him had!

“Pay attention to your rest and don’t overexert yourself.”

Xiao Changtian looked at Tie Shanhan thanking him. He didn’t refuse, but reminded him patiently.

The man in front of him was obviously extremely weak because he had overused himself.

This matter required more attention.

Otherwise, there would be endless trouble!

“Yes, sir!”

Tie Shanhan didn’t dare to refute and immediately agreed.

The seniors in front of him were all peerless experts, and they were followed by god eating iron beasts and even divine beast white tigers.

He could not afford to provoke such an expert.

“Hmm? Why was there a broken sword here? Is this yours?”

Xiao Changtian looked at Tie Shanhan in confusion.

“Yes... No, it isn’t.”

Tie Shanhan hurriedly shook his head. The Heavenly Sword that he had forged had now become a pile of residue. He really did not want to admit it.

However, Xiao Changtian could easily tell that this person was lying.

Even a three-year-old child or a primary school student in his previous life could tell that the child in front of him was lying.

“Your sword isn’t very good.”

Xiao Changtian held the sword hilt and observed it for a while. This sword had too many flaws.

His forging skill had actually reached the maximum level long ago.

However, it was a waste of energy to forge iron every day, so Xiao Changtian didn’t want to make anything to earn money.

It was too tiring!

The price-performance ratio was low!

This was relative to the mortal world.

However, if he had cultivation, he could earn a lot of money with his god-grade forging technique.

In the world of cultivation, those spirit weapons were quite valuable.

“How could this sword be broken like this?” Xiao Changtian had the Divine level forging technique, so he could tell that this sword had been forged not long ago.

It seemed to have been bitten by something, which was why the sword had an irregular shape.

“Sob,sob,sob

Hearing Xiao Changtian's question, the fat Rongrong lowered her head, hugging Xiao Changtian's thigh, rubbing it with all her might.

"Hmm? It's you?"

Xiao Changtian frowned and instantly reacted.

"Your teeth are so good?" Xiao Changtian looked at Fatty Rongrong, his face filled with disbelief.

"Forget it. Since it was my spirit beast that bit your sword to such a state, then I'll accompany you."

"Come with me to my house. I'll forge a new one for you."

Xiao Changtian said lightly.

"Let's play again?"

Tie Shanhan was stunned?

Could it be that this senior in front of him also knew the art of sword forging?

Tie Shanhan nodded and followed behind him in confusion..

Chapter 62: Take It for Self-Defense, You're Too Weak!\_i

Very fast!

...

Led by Xiao Changtian, Tie Shanhan arrived at the courtyard.

“What a simple courtyard. This is Senior’s residence?”

Tie Shanhan sized up the layout of the small courtyard. He instantly saw the green-haired turtle, Alpha, the big hen, and an ant the size of a palm.

Thud!

Tie Shanhan immediately fell to the ground.

He was shocked.

In his sea of consciousness, a Xuanwu silhouette as tall as the sky appeared!

It was a phoenix that was covered in flames, and the flames seemed to be burning the heavens!

It was a huge dog that opened its mouth as if it wanted to devour the sky and the moon!

An ant that had walked out from the chaos!

The auras were extremely terrifying, not inferior to the white tiger phantom from before!

In front of these powerful auras, Tie Shanhan could only tremble!

“This is so fake!”

Xiao Changtian heard a thud and turned his head. He saw the scene in front of him.

“Have a seat first.”

Xiao Changtian took out a chair and placed it beside Tie Shanhan.

As Xiao Changtian’s voice fell, Tie Shanhan felt the terrifying Qi Power in his Sea of Consciousness disappear.

“Phew.”

Tie Shanhan’s legs trembled. He let out a long breath and sat down on the chair shakily.

Seeing him sit down, Xiao Changtian felt relieved. He went to the woodshed to look for some smithing materials.

Tie Shanhan took a deep breath, and his expression eased up.

“Chief Tie?”

Just as Tie Shanhan was about to close his eyes and adjust his state of mind...

Another voice sounded.

“Female, female, female...Emperor!”

Seeing Mu Jiuhuang, Tie Shanhan rolled down from the stool.

He looked at Mu Jiuhuang in front of him and felt that he had seen a ghost today.

Why did he encounter so many experts?

“Shh, don’t talk nonsense.”

“Here, I am Senior’s maid.”

Mu Jiu Huang’s phoenix eyes narrowed as she stared at Tie Shanhan and warned him.

He was the weakest in this small courtyard.

“Senior’s maid...?”

Tie Shanhan’s eyes widened as he patted his head.

Only then did he realize that he was not dreaming, and he did not hear wrongly!

The dignified Nine Phoenix Matriarch was actually serving as a maid for someone else?

That senior?

Tie Shanhan felt like he was going crazy!

Could it be that everything in this world had changed just because he had been in seclusion for a thousand years?

Could it be that the Tribulation Transcendence realm was already at the bottom of this world?

Tie Shanhan couldn’t help but ask this question. He had experienced a lot of ups and downs today.

His entire worldview was about to be overturned.

He only felt that the thousand years he spent in seclusion were empty.

“I’m here, Ye Fan. Prepare to light the fire.”

Just as Tie Shanhan was sighing with emotion, Xiao Changtian had already taken out the pile of metal pieces given by the system and the tools that he was gradually using.

“Yes, Master.”

Ye Fan nodded and put the ax on his waist. He walked over and started to heat the boiler.

Beside the stove was a furnace used for forging.

Ye Fan casually pulled the bellows, and the flames in the furnace became more and more vigorous.

“As expected, people who work often are not weak.”

Xiao Changtian looked at Ye Fan and nodded his head in satisfaction. He saw that Ye Fan was not sweating at all.

Even the frequency of pulling the bellows was stabilized at a certain speed, and it was even getting faster and faster.

It was obvious that he was used to diving into the water to chop firewood.

“Jiu ‘er, take him away from here.”

Xiao Changtian ordered Mu Jiuhuang.

When he was forging, the high temperature was very dangerous. He asked the two of them to leave.

His next set of actions was as smooth as flowing water!

He threw the iron pieces in and melted them with the fire in the furnace.

When all the iron pieces had turned into molten iron, they began to pour.

Clang!

Clang!

Clang!

The sound of a hammer smashing down could be heard. Xiao Changtian held the hammer and smashed it heavily on the steel in front of him.

“I didn’t expect the hammer given by the system to be quite useful. It doesn’t take any effort at all.”

Xiao Changtian held the hammer and struck it, but he didn’t feel tired at all. In fact, the more he struck, the more excited he became!

“Hiss ~ Every strike of Senior’s hammer is like a falling star. How terrifying!” Mu Jiuhuang was terrified when she saw this. She felt that this hammer seemed to be imbued with a power that could destroy the heavens.

Tie Shanhan, who was kneeling beside the small stool, felt his heart trembling as he watched each hammer strike.

What kind of power was this?

He didn't dare to look anymore. He hurriedly closed his eyes and sealed his six senses.

Because he felt that if this continued, the sound of the hammering might even cause his veins to explode.

Ye Fan looked at the hammer and his expression became solemn.

In the pond, in the chicken coop, and in the bamboo forest, Black Tortoise and the others also looked over.

“Master picked up that hammer again...”

The few of them were motionless as they watched attentively.

Clang! Clang!

Clang! Clang!

The sound of hammering could be heard continuously.

Finally.

Four hours later, Xiao Changtian finally hammered down and nodded in satisfaction.

“Come, Rongrong, come and bite.”

Xiao Changtian smiled faintly, handing the sword he had just forged to Fatty Rongrong.

“Huh?”

Fatty Rongrong looked at Xiao Changtian in confusion before biting down. Ding!

With a crisp sound, Fatty Rongrong actually lost a tooth!

“This...”

Tie Shanhan was stunned.

Senior’s sword had been forged without any strange phenomenon. It was ordinary, but even so, the Iron Eater’s medicine was still not able to stop?

“Here you go.”

Xiao Changtian said as he handed the sword to Tie Shanhan.

This sword was originally meant to compensate Tie Shanhan.

With his successful forging skills, the sword he forged would definitely be much stronger than the one Tie Shanhan had forged before.

Tie Shanhan took the treasured sword. In an instant, a sword intent that penetrated his body attacked him. His entire body trembled, and his cultivation even broke through a level!

“Good sword!”

Tie Shanhan praised. As a sword forger, he naturally knew how rare the sword in front of him was!

“Since it’s a good sword, then take it.” Xiao Changtian nodded in satisfaction. “Senior, this sword ..You really gave it to me?” Tie Shanhan was shocked that such a peerless sword was given to him by senior!

He even felt that he was not worthy of holding this sword!

“Just take it. If you encounter a mountain bandit or something along the way, it’ll be good for self-defense.”

Xiao Changtian waved his hand and said indifferently.

The muscular man in front of him was too weak. If he met someone on the road, he could use him to protect himself and not be bullied..

Chapter 63: Tie Shanhan Was Killed, My Life Is Over!\_\_!

He took the sword.

...

Tie Shanhan was stunned on the spot, his face full of disbelief. A divine sword of this level was given to him just like that?

Wasn’t Senior’s magnanimity a little too great?

“Thank you, Senior! Thank you, Senior!”

Tie Shanhan knelt on the ground excitedly, holding the long sword with both hands. His face was full of joy as he knelt on the ground and kowtowed to Xiao Changtian.

“Alright, it’s just a casually forged sword.”

“In my small courtyard, there are too many tools and materials that are lacking. This sword can only be considered to have barely passed.”

Xiao Changtian waved his hand.

His forging skill was at the great success stage! There were still many things that he was not satisfied with.

However, there was no other way.

There were too few tools in the small courtyard.

“Alright, it’s still early. You should hurry back.”

Xiao Changtian looked at Tie Shanhan kneeling on the ground and ordered.

The muscular man in front of him was too weak. There was no place for anyone to stay in his small courtyard.

It was better to hurry back. If she fainted on the way, she could at least find someone to help her during the day.

“Yes, sir!”

Tie Shanhan nodded hurriedly.

He left the courtyard.

Tie Shanhan held the longsword lovingly and waved it gently, bringing with it a series of dragon roars.

“Senior is really a good person!”

“Such a good sword and you gave it to me just like that. Senior is really domineering! Mighty!”

However, Tie Shanhan also knew that such a divine sword must not be exposed to the public.

Otherwise, just this Heavenly Sword alone would cause a huge uproar in the entire immortal cultivation world.

Therefore, before he left Dayang Town, Tie Shanhan put the divine sword Xiao Changtian forged into his ring.

“Sigh, I’ve been in seclusion for a thousand years.”

Tie Shanhan mocked himself. Unknowingly, he had already left Dayang Town a great distance away.

However, his mind was completely occupied with the matter of the divine sword. He did not notice that he had already arrived above the North Sea.

“How did I end up in the North Sea?”

Tie Shanhan looked at the North Sea in front of him and frowned.

He was going back to the Ten Thousand Swords Villa, so why did he come to the North Sea?

Just as Tie Shanhan was feeling puzzled.

More than a dozen black shadows suddenly appeared.

These men in black instantly surrounded Tie Shanhan.

“Congratulations, Sect Leader Tie, for forging the Heavenly Sword!”

The person in the lead was half-hidden and his voice was muddy. It was obvious that he was hiding himself and did not want others to know.

“Who are you?”

Tie Shanhan’s expression turned cold. His eyes narrowed as he stared at the dozen or so people around him. His heart sank.

He could feel that these dozen auras were definitely not simple. Some of them were even stronger than him.

The masked man in the lead even gave him a sense of extreme danger.

“We are the guides of the Iron Chief. Otherwise, why would the Iron Chief come to the North Sea?”

The leading man in black laughed.

Tie Shanhan’s face darkened when he heard this. He closed his eyes and opened them again, instantly recalling everything clearly.

It turned out that these people took advantage of the time when he was distracted to use an illusion to change the scene in front of him.

It caused him to unintentionally come to the North Sea.

Everything was done intentionally by these people.

“What exactly are you? Are you guys after the Heavenly Sword?”

Tie Shanhan said warily, a bad feeling rising in his heart.

“Hehe, Sect Leader Tie, we are just nameless people.”

“Rumor has it that the Iron Sect Master spent a thousand years to forge this sword.”

“The appearance of the Heavenly Sword has caused a phenomenon of tens of thousands of miles. The few of us want to see the power of the Heavenly Sword.”

“Sect Leader Tie, please do not be stingy. Otherwise...Haha.”

The man in the lead went straight to the point.

“Hmph, borrow?”

“Bringing more than ten people to surround them is a fake attitude. If you want to rob them openly, then just say it!”

“The Heavenly Sword has been destroyed. Even if the Heavenly Sword is still here, I won’t hand it over to you.”

“You sneaky people, hiding your heads and dirty faces, and acting like rats. You’re not worthy of holding a sword!”

Iron Mountain Han was furious.

As the leader of the Ten Thousand Swords Villa, he was a famous swordsmith.

The sword.

It's my life!

That was a supreme item!

How could these rats in front of him touch it?

I just got my hands on this sword, and these people want to snatch it?

This was simply a dream!

Tie Shanhan was enraged. He would definitely kill these rats in front of him today.

“Die!”

Tie Shanhan instantly roused the true essence around his body, and his fifth level Tribulation Transcendence cultivation instantly erupted.

In an instant, the North Sea was filled with surging waves and howling gales.

“Hehe, we're not here to fight.”

“We are here to take the Heavenly Sword.”

However, the black figures did not move. Each of them took out a blue bead.

The bead moved, and in an instant, more than ten blue lights were emitted from the bead.

The dozen or so beams of blue light turned into arcs and intertwined in the sky. Finally, they gathered at a point, and a blue ball of light instantly formed.

“Sea Demon Confinement Killing Array!”

Tie Shanhan punched the blue light curtain, but it didn’t change at all.

It was as if he had hit soft cotton, making the power of his punch almost equal to zero.

After being struck by the force, the same force bounced back from the blue light screen.

Tie Shanhan’s expression changed immediately.

His figure flashed, barely avoiding the rebound attack in front of him. Then, he recognized the array in front of him.

The Siren Trap and Kill Array was an array specially used by the Hunter Clan’s experts in the Tribulation Realm!

Within the sea demon’s Confinement Killing Array, the attacks of the tribulation transcending experts would be blocked by the powerful sea power.

It was as if they were attacking cotton and could not cause any damage.

On the contrary, the people outside the array could attack as they pleased.

“You are humans, but you colluded with the Sea Race?”

Tie Shanhan's expression was ferocious, and his ice-cold gaze seemed to want to kill someone!

The dozen or so black-clothed men in front of him were using the sea race's sea demon confinement array.

This was an attack that only the royal family of the sea race would use.

"Hehe, we only have a beneficial relationship with the Sea Race. How can we talk about collusion?"

"Sect Leader Tie, hand over the Sky Sword. We don't want to take your life."

"What we need is the Heavenly Sword."

The leader of the black clothed men sneered.

More than ten men in black surrounded him, each of them wearing a cold smile.

"If I don't hand it over?"

Tie Shanhan's face darkened. The identities of these men in black were definitely not simple.

To be able to collude with the royal family of the sea race, how could he be a simple person?

"Hehe, if you don't hand it over, then leave your life behind!"

Chapter 64: Invincible Divine Sword!\_1

“Die!”

...

As soon as the voice sounded, the men in black immediately launched their own attacks on the Siren Confinement Killing Array.

More than a dozen streams of power gathered, and colorful True Essence light exploded.

It was about to land on the Siren Confinement Killing Array.

After falling, Tie Shanhan would be severely injured if not dead.

“Hmph, do you really think you can take me down today?”

Tie Shanhan’s face turned cold and his brows sank. A light flashed on his ring.

Clang!

A divine sound of a sword rang out, like the roar of a tiger or dragon.

Just as the dazzling attack was about to land, a sharp beam shot into the sky and tore through space!

Slash!

The blue light screen of the Siren Confinement Killing Array was cut open by this sharp light. In just an instant, a hole was torn open.

Tie Shanhan’s figure turned into a stream of light and flew out of the crack in an instant.

“What?”

“How is that possible?”

The experts surrounding Tie Shanhan revealed a look of disbelief.

This Confinement Killing Array was borrowed from a demon emperor.

It was actually broken just like that.

“That sword is the Heavenly Sword!”

“The Heavenly Sword broke the sea demon’s Confinement Killing Array!”

” Go!” the leader of the men in black shouted.

He did not expect the Heavenly Sword to be so sharp that it could break the Confinement Killing Array with one strike.

However, the sharper the Heavenly Sword was, the more excited they were!

The black-robed man immediately revealed an excited expression as he threw a punch towards Tie Shanhan. He wanted to snatch the Heavenly Sword!

“Humph, your cultivation level is higher than mine?”

” Then you’ll be fooled, hahaha!”

Tie Shanhan burst into laughter as he watched the leader of the men in black rushing towards him.

He was certain that the man in black before him wanted to snatch the sword away!

He turned his sword and stabbed at the fist of the man in black. Sword qi whistled!

“Bang!”

The black-clothed man’s punch carried the power of ten thousand catties and instantly broke the sword qi.

“Hmph, the Heavenly Sword is a divine artifact, but your strength is too weak.”

The man wrapped his fist in true essence and punched at the sword.

He thought that Tie Shanhan wanted to fight him with the sharpness of the Heavenly Sword!

However, in the next moment, he realized that he was wrong.

Tie Shanhan held his long sword and pierced through his fist, piercing his arm bone, and his sword pierced through his heart!

“I... You... I... You...”

The black-robed man revealed an extremely shocked expression. He was so shocked that he could not speak.

That sword was too sharp, so sharp that it seemed to be able to pierce through everything.

Although his attack had landed on Tie Shanhan’s body, it was still too late.

However, he would not be able to survive if this sharp divine sword pierced through his heart.

“Go to hell!”

Tie Shanhan smiled and immediately swallowed a pill. With a flick of his wrist, he swung his long sword, and the black-robed man in front of him was instantly cut into pieces, turning into a cloud of blood mist.

“You dare to kill our boss? You’re courting death.”

The dozen men in black behind him immediately rushed towards Tie Shanhan.

“Hehe, the only person who can threaten me is dead.” Holding the divine sword, Tie Shanhan’s confidence increased greatly.

“Arrogant!”

“Great Might Golden Wheel, die!”

More than a dozen experts who were passing the tribulation used their methods together to kill Tie Shanhan.

However, Tie Shanhan was holding a long sword, and his figure was extremely agile. The sword lights were like cutting melons and vegetables.

Bang bang bang bang bang!

Sword light flashed, and the dozen or so black-clothed men were also directly killed.

“Who else?”

Tie Shanhan held the divine sword and killed more than a dozen experts in the Tribulation Transcendence realm in a few breaths.

Although other than the leader of the black-robed men, the rest were only at the first level of the Tribulation Transcendence Realm.

But now that he had the divine sword in his hand, Tie Shanhan couldn't help but feel excited!

The divine sword forged by the senior was too terrifying!

"Pa pa pa."

At this moment, a few more claps sounded.

Tie Shanhan was startled because he did not sense any aura approaching.

"I'm here."

A voice sounded behind Tie Shanhan.

Tie Shanhan's expression suddenly changed drastically. He suddenly pulled his body away and saw that a pitch-black catfish sea king had already appeared there.

"You...?"

Tie Shanhan's expression changed drastically. He really didn't expect that there would be a Sea King behind those people.

"Did you command them?"

Tie Shanhan was in despair. Although he could kill those humans at the Tribulation Transcendence realm with his sword, he had no chance against the Sea King.

In fact, because he was on the sea, it was very difficult for him to escape.

“No, the person behind them is in a cooperative relationship with me.”

The Catfish Sea King shook his head.

“You also want to seize the sword?”

Tie Shanhan’s eyes were alert.

“Originally, I was disdainful of the weapons of the human race. However, just now, this sword was actually able to cut through the Siren Confinement Killing Array.” King Catfish said.

“So, are you going to seize the sword?” Tie Shanhan said.

“Ha...”

The Catfish Sea King chuckled, and an overwhelming pressure instantly crushed out.

“Puff!”

Under the terrifying aura of Catfish Sea King, Tie Shanhan was like a small boat on the sea. He spat out a mouthful of blood and flew backward.

“Am I going to die here today?”

Tie Shanhan was terrified and began to burn the blood essence in his body.

The scene above the sea was seen by a pair of green eyes.

Then, a green light flew out.

In the small courtyard.

Xiao Changtian, who had finished forging, was resting on a rocking chair.

In fact, he did not feel tired. It was just that he had to take good care of his body for the sake of being invincible.

“Forget it, I’ll go and take a nap.”

Xiao Changtian turned over and felt that it was better to take a rest.

After saying that, he walked into the room.

Mu Jiu Huang stood rooted to the ground and looked at the hammer. Her face was pale. That hammer gave her an extremely dangerous feeling.

“This hammer?”

Mu Jiu Huang stared at the hammer, her phoenix eyes focused. She couldn’t help but reach out to touch the hammer.

However, she was surprised to find that no matter how hard she tried, she could not pick up the hammer.

“How did this happen?”

Mu Jiu Huang was shocked.

In an instant, a tall figure appeared in her sea of consciousness, holding this hammer in his hand.

In front of her, powerful figures appeared one after another. She could not look directly at those figures.

However, in her trance, she suddenly saw the tall figure smash out with his hammer.

Instantly.

The powerful figures in front of him were directly destroyed!

Mu Jiu Huang was so frightened that she fell to the ground.

“Don’t even think about it. This hammer recognizes its owner.”

At this moment, the lazy voice of the green-haired turtle sounded from the pool..

Chapter 65: Who Asked You to Call Me Sea King?\_I

“I see. Thank you for your reminder, Senior Black Tortoise.”

...

Mu Jiu Huang said respectfully.

If it wasn't for the Black Tortoise's temporary power, her sea of consciousness would have collapsed.

"Master, he's too powerful."

Mu Jiu Huang looked into the room and recalled the Great Emperors she had seen in her master's book.

"Could it be that Master killed those people with one hammer?!"

At the same time.

The green-haired turtle's expression changed. It was originally blowing bubbles in the pool when it suddenly received a green light and immediately surfaced.

"There's actually such a bold fellow who dares to snatch a sword gifted by Master?"

The green-haired turtle directly broadcasted the scene to the small courtyard.

"How dare you! You're just a little bug. Do you want to die?"

In the chicken coop, the old hen raised her proud head, her eyes burning with anger.

Alpha stopped the game in his hands.

The Chaos Ant walked out from the bushes.

"Let's go."

The Primal Chaos Ant said indifferently, the red light on its two antennae flashing, instantly the four divine beasts carrying Fatty Rongrong disappeared from the courtyard.

In the next moment, they arrived above the North Sea.

At this moment, above the North Sea.

Catfish Demon King held the sword forged by Xiao Changtian in one hand and strangled Tie Shanhan's neck with the other.

His expression was arrogant!

"Hahaha, this sword is mine!"The Catfish Sea King laughed loudly. He looked at the sword in his hand and was extremely satisfied.

However, when it raised its head, it suddenly saw five demon beasts suddenly appear in the sky.

Moreover, he didn't know when he had appeared.

"Who are you?"

Catfish Sea King stared at Black Tortoise and the others with a puzzled expression.

The few demons in front of him were flying in the air in front of him, but he actually could not see through the cultivation of these demon beasts in front of him.

He was the Sea King.

A 9th level Tribulation Transcendence Sea Race demon beast!

Could it be that there was an existence stronger than him?

The only explanation was that the few demon beasts in front of him had used a special method to hide their auras.

Thinking of the key point, Catfish Sea King instantly calmed down.

Since that was the case, there was no need for him to be too flustered.

“I am the Sea Clan’s Sea King. How many...”

Catfish Sea King wanted to speak, but before he could say the word “position”, Black Tortoise directly slapped him.

“Pa!”

With a crisp slap, Catfish Sea King was sent flying.

Xiao Changtian’s sword and Tie Shanhan flew out together with Catfish Sea King, both of them getting rid of their restraints.

Tie Shanhan steadied his body and waved his hand. The divine sword returned to his hand.

“Thankyou, Senior!”

Seeing Black Tortoise and the others, Tie Shanhan was overjoyed.

Originally, he thought that he was finished, but the few great divine beasts in Senior’s small courtyard had all arrived.

“You dare to let others snatch Master’s things?”

The old hen spread out her domain, and endless flames seemed to burn the heavens!

The terrifying aura directly pressed down on Tie Shanhan until he couldn't breathe.

III II

Tie Shanhan wanted to explain, but he was so ashamed that he could only lower his head.

Thanks to Senior's great love, he actually let the divine sword be snatched by others. It was indeed his fault.

He really couldn't explain this matter.

"Alright, this catfish is stronger than you. It's understandable that you can't beat it."

"But this ugly catfish actually dares to call himself the Sea King? You're courting death!"

The green-haired turtle was furious. Other than him, there was actually someone who dared to call him the Sea King?

How audacious!

Could it be that these people didn't know that the name Sea King had been taken by him?

As he spoke, he slapped her again.

Pa!

A clear and loud slap sounded. The Catfish Sea King was like a deflated ball as it flew backward with a terrified expression.

“Big brother!”

“My lord!”

“Grandpa!”

“Sparc me!”

When the Catfish Sea King saw the Black Tortoise’s true body, it was so scared that it went limp. It did not dare to fight back at all and hurriedly begged for forgiveness.

However, the Black Tortoise’s slap did not stop.

This person actually dared to call him the Sea King?

He couldn’t tolerate it!

“Remember, in the future, only I can be called the Sea King in this world. Do you understand?”

Black Tortoise said angrily.

Such a domineering name. You, a small catfish demon beast, actually dared to call yourself that. You’re simply tired of living!

“Sea King? Isn’t Sea King just a title?”

“We all call the 9th level Tribulation Transcenders of the sea race the Sea King!”

“Senior, is there a problem?”

Catfish Sea King looked at Black Tortoise in confusion. It was just a title, so why was Senior so angry?

“Hmm? And many people call themselves the Sea King?”

“F \* ck!”

“Come, bring me to your king!”

The Black Tortoise grabbed the ugly catfish demon beast with its palm. In an instant, the two figures disappeared from where they were.

“Senior, Senior Black Tortoise...?”

Tie Shanhan was a little worried when he saw this scene. However, he was not worried about the Black Tortoise. He was worried about the Sea Tribe.

He was worried that Senior Black Tortoise wouldn't destroy the Sea King of the entire Sea Race alone, right?

“There's a limit to our attacks. The Black Tortoise will at most teach them a lesson.”

“These ant-like existences, unless they dare to be disrespectful to Master or Master gives the order, we generally won't kill them.”

Alpha used his spiritual power to condense a chessboard in the void.

It would take some time for Black Tortoise to return, so he could continue the chess game from before.

Very quickly.

The Catfish Sea King gave him the coordinates, and Black Tortoise used his space god art.

In just a moment, he appeared in a huge palace.

The interior of this huge palace was brightly lit, and countless luminous pearls decorated the entire wall.

Countless mermaids danced in the hall.

A huge whale was lying on a huge seat. Its body was filled with mermaids. The mermaids' faces were burning and their bodies were limp.

This huge whale was the emperor of the sea race!

Whale Emperor!

"There's no one. Bear with it for a while. I'll be able to end the battle soon."

The Whale Shark King lingered among the mermaids.

His expression was extremely focused.

At this moment.

A voice suddenly rang out.

"You are their emperor?"

The sudden voice caused the Whale King, who was focused on the throne, to suddenly tremble. His body shivered and he rolled down from the throne.

In an instant, his body shrunk by more than two times.

“Who is it?”

“Who is it?”

“Come out, I promise I won’t beat you to death!”

The Whale King shouted with a puzzled expression. He didn’t see anyone?

“Hey, I’m here..”

Chapter 66: Announcement: Sea King Will Change Its

Name in the Future! 1

The Whale King followed the voice and looked over.

He was instantly shocked.

Before his eyes, a green-haired turtle and a catfish sea king had appeared.

“Catfish, why did you bring an ugly green-furred turtle here?”

The Whale King looked at the green-haired turtle in front of him with a look of disdain.

“Ugly...Turtle?”

Catfish Sea King was just about to open his mouth when he froze on the spot.

At this moment.

There was only one thought in his mind.

It was over!

His emperor was finished.

“Hey, Catfish, why are you trembling? Why are there palm marks on your face? Who hit you? Is it your rival, the Crab King?”

The Whale King asked curiously.

“And you ugly turtle, why are you standing there like a fool when your master was beaten?”

“Eh? You still dare to glare at me? Catfish, your subordinate is courting death!”

As it spoke, the Whale King twisted its massive body and swung its tail at the Black Tortoise.

“We’re finished!”

Catfish saw this scene and immediately sensed the monstrous killing intent behind him!

“Forget it, I’ll play dead.”

Catfish Sea King slapped the back of his head and fainted.

He did not want to experience the Black Tortoise’s aura a second time.

It was too f \* eking terrifying. He was afraid!

The furious Whale King did not notice the unconscious Catfish Sea King in front of him. Its huge tail caused the entire palace to feel as if a tsunami had occurred!

Countless sea race demon beasts were swept into the whirlpool.

Above the sea.

Countless human tribulation transcending experts who passed by quickly retreated.

“The Whale King is angry.”

Countless experts fled with fear on their faces.

“Hahaha, whip the turtle. I’ll beat you to death today!”

The Whale King laughed loudly. He was already imagining crushing the Black Tortoise into dust.

However...

In the next moment.

He was dumbfounded!

His huge tail slammed into the Black Tortoise's body, as if it had crashed into an iron wall, emitting a huge trembling sound!

Bang!

The Whale King's entire body was sent flying.

The palace pillar in front of him collapsed.

Countless powerful buildings smashed into the Whale King's body.

"F \* ck?"

"So strong!"

The Whale King felt that the shark fin in his body had already turned into a pile of mud.

The bone spurs in his body broke inch by inch.

The Whale King only reacted after feeling the intense pain from the discussion.

Had he encountered the former?

But wasn't this too strong?

Those old fellows in the Sea Clan's forbidden grounds were also not that strong, right?

"Humph!"

The Black Tortoise in the distance was still furious.

This fat whale actually dared to call itself an ugly turtle?

I'm the mighty Black Tortoise!

Which person doesn't praise me for being handsome, mighty, and domineering?

Can't you talk? Don't speak anymore!

The furious Black Tortoise directly used a great divine power, and instantly, a white light descended.

The Whale King realized that he couldn't open his mouth.

"Wuwuwuwu?"

The Whale King was dumbfounded. He couldn't open his mouth! He looked at

Black Tortoise in horror. How could he not know that this was Black Tortoise's method?

However...

When he turned his head, the huge whale's body shrunk by ten times again.

He was frightened!

The Whale Emperor saw a huge Black Tortoise phantom with four thick legs that looked like heavenly pillars!

That Black Tortoise was actually taller than the sky!

With the suppression of his bloodline and the pressure of his aura, the Whale King was so frightened that he didn't dare to move.

"What did you call me just now?"

The Black Tortoise stood high above, looking down at the Whale Emperor, who was lying on the ground.

"Senior is mighty and domineering. You're as handsome as a jade tree and as beautiful as Pan An. You're comparable to Ximen Qing and have peerless beauty...There was no Black Tortoise as handsome as Senior in the world!"

The Whale Emperor instantly used his spiritual will to write hundreds of words of praise on the ground before him.

"Yes, that's more like it."

Looking at the hundreds of compliments, Black Tortoise nodded.

"At least you're on the right track. If your eyes aren't good, go and take a look. This Black Tortoise is so domineering, yet you actually dare to call me an ugly turtle. If this was in the past, I would have beaten you to death long ago."

"However, Master is a human. He is merciful and doesn't allow me to kill as I please."

"You are considered lucky."

Black Tortoise said indifferently.

“Yes, yes, yes!”

The “dried fish” Whale Emperor hurriedly jumped up and down on the ground to express its gratitude.

At the same time, he was shocked.

The Black Tortoise actually had a master, and that master was

“Today, I only want to say one thing.”

“From now on, the name Sea King can only be used by me on the Tian Yuan Continent! No one can use it, understand?”

Black Tortoise said domineeringly.

Bada! Bada!

The Whale Emperor quickly jumped up and down on the ground in agreement.

“Hmph, if there’s any Sea Clan member who calls himself the Sea King in the future, I’ll come and find you, do you hear me?” Black Tortoise said coldly.

With that, he left in a flash.

On the same day, something big happened on Tianyuan Road.

The sea race announced to the countless races of demons and devils that the Sea King would change his name from now on. The sea demons at the ninth level of the tribulation realm would all change their names to "Sea King".

Among the humans, could it be that the sea race was plotting something again?

Among the demon race, this damned sea race actually wanted to monopolize the poison? In the demon race, the title 'Jun' was higher than 'King'!

Within the Demon Race, was that Whale Emperor of the Sea Race crazy again?

All the races on the Tian Yuan Continent were puzzled by this matter. They had even sent out all sorts of channels to find out.

However, he did not find any clues.

The Whale Emperor didn't mention anything about this matter, so no one knew what was going on.

Except for Black Tortoise and the others.

Tie Shanhan was even more shocked. Lord Black Tortoise had single-handedly changed the situation of the Sea race on the Tian Yuan Continent.

"Alright, we should go back."

After Black Tortoise came back, he told Tie Shanhan not to lose the precious sword made by his master.

Then, he cast a look of approval toward the depths of the sea. A bit of Xuanwu Qi fell as a reward for the thousand-year-old Teng Jiao.

"Hualala!

II

Under the sea, Teng Jiao, who had obtained the Celestial Martial Chi, was surrounded by a faint silver light. His strength had increased by a step.

He happily wandered around the surface of the sea, his gaze gradually becoming firm.

In the future, follow Big Brother Black Tortoise!

In the dark chamber.

The black shadow behind the man with the skull mask had mostly disappeared because of the flames from last time.

“I didn’t expect that there would be such an old fellow among the human race.”

“It seems that the plan needs to be carried out one step ahead of time. We can’t delay any longer.”

The skull-masked man said in a hoarse voice. He pinched the blood-red token in his hand.

In the Tianyuan Continent, in countless sects, in different corners, the tokens in the rings of people lit up with red light...

Chapter 67: The Pavilion Master of Heavenly Secrets Arrives to Open a Branch of the Bookstore!\_i

The next morning.

Xiao Changtian was carrying Meow Mengxi and taking Alpha for a walk.

Not long after they walked on the street, a man walked up to them. He was wearing a Daoist robe and had an awkward smile on his face.

“Senior!

Who else could this man in Taoist robes be but the Pavilion Master of the Secret Pavilion?

He looked at Xiao Changtian with an awkward smile. The respect in his eyes deepened.

There was no other reason than the fact that the Pavilion Master had read the book that Xiao Changtian sold at the courier station.

The expression after reading the book was one of shock! Fear! It was unbelievable!

In the world described in the book, the experts with unparalleled magnificence far exceeded the imagination of the countless cultivators on the Tian Yuan Continent.

On the Tian Yuan Continent, cultivators ranged from Qi Condensation to Mahayana. Above Mahayana was Emperor!

It was already incredible for powerful cultivators to move mountains and fill seas, and shatter mountains and seas with their fists!

However, in Senior’s book world, with a wave of a hand, the galaxy collapsed and the stars fell!

It even caused the river of time to collapse!

This was something that the Immortal Cultivators did not even dare to imagine.

However, the description in the senior's book made people feel as if they were there.

As the Pavilion Master of the Secret Pavilion, he was someone who could predict fate and pry into karma. How could he not understand that these people had already surpassed fate!

Before this, he had always thought that Senior was a Mahayana Realm cultivator.

But now, it seemed that he was too short.

He was too short-sighted!

Senior must be an invincible old monster from that era. He had lived for countless eras.

Such an unparalleled existence simply made people tremble in fear just thinking about it.

"Oh, it's you. I remember now. I said before that I wanted to make a painting for you."

"I'll draw you a picture when I come back from my walk."

Desolate Chang also smiled embarrassedly. At that time, he took away the Nanming Primordial Fire Painting of the Pavilion Master of Heavenly Secrets as a congratulatory gift to the Great Sun Immortal.

At that time, he had promised to paint a painting and give it to the Pavilion Master of Heavenly Secrets.

But later on, the matter of opening a bookstore made him so dazzled that he forgot about it.

"Senior, let me accompany you for a walk."

The Pavilion Master asked with a smile.

As for the painting, he did not take it to heart at all.

To be able to use the Nanming Ignis Portrait to form a connection with a senior was not an easy thing to do.

How could he dare to ask for a senior's return?

"Alright."

Xiao Changtian nodded.

Then, the two of them walked out of Dayang Town.

"Senior, your book is simply amazing! Did those peerless experts really exist?"

The Pavilion Master asked respectfully.

Although he had guessed it correctly, he still found it hard to believe!

Those powerhouses were too powerful!

"Of course it's true. There are too many powerful people in this world."

Xiao Changtian said lightly.

This was the Tian Yuan Continent, the world of cultivators, even though he had never seen those powerful cultivators.

However, he had witnessed the actions of the Great Sun Immortal.

Even though the Great Sun Immortal was so powerful, it was said that he was only in the Golden Elixir realm.

It seemed that he had broken through the Nascent Soul Realm recently.

Xiao Changtian couldn't imagine what was beyond the Nascent Soul Realm. Those powerful cultivators should be able to pick stars with their bare hands, right?

"Hiss

"It's really too powerful!"

The Pavilion Master of the Secret Pavilion could not help but praise with a look of disbelief on his face.

He was an eighth level Tribulation Transcendence expert, but according to the senior's description, he was an existence that could be crushed to death with just a finger in front of those people.

"Of course, ordinary people still can't come into contact with that level, so there's no need to worry too much."

Xiao Changtian looked at the shocked expression of the Pavilion Master of Heavenly Secrets and comforted him with a smile.

The powerful ones were high and mighty. They would not attack ordinary people like themselves.

"Yes."

The Pavilion Master Lord of Tianji heaved a sigh of relief.

As the two of them walked, Xiao Changtian carried Meow Mengxi in his arms and she started snoring.

“You little kitten, you really love to sleep.”

Xiao Changtian couldn't help but laugh, his face full of affection.

The Pavilion Master of the Secret Pavilion looked curiously at the kitten in Xiao Changtian's arms.

“Senior, you like cats too?”

The Pavilion Master of the Secret Pavilion smiled faintly. His voice was filled with curiosity.

Senior was so powerful, but he actually liked to raise cats. Moreover, he could not see any spiritual energy fluctuations from this cat.

But just as he was about to say something, the kitten sneaked a glance at Xiao Changtian's hand.

In an instant.

A domineering pressure instantly enveloped the Pavilion Master of the Secret Pavilion!

In the mind of the Pavilion Master of the Secret Pavilion, a huge white tiger that traversed the sky stood on a star, and its king's aura completely erupted!

“Bai...White Tiger!”

The Pavilion Master of the Secret Pavilion was extremely shocked. In front of the White Tiger's terrifying aura, he only felt that it was difficult to breathe.

However, the white tiger only gave him a contemptuous glance before it went back into Xiao Changtian's arms.

"Phew!

After the white tiger's gaze left, the Pavilion Master of the Secret Pavilion finally relaxed.

He was almost scared to death!

Senior is carrying the Divine White Tiger in his arms!

He had naively thought that Senior was carrying an ordinary kitten in his arms.

After strolling around for a while, the Pavilion Master of the Secret Pavilion saw that it was about time to tell him his purpose for today.

"Senior, I want to cooperate with you."

"Your book is not only sold well in the North Barren Continent, but also in other continents. There are even people selling pirated copies."

"I'm from the Central Heaven Continent, so I can open a bookstore branch for you."

"I will invest 10,000 gold taels!"

the Pavilion Master said seriously.

"Ten thousand gold taels?" Hearing this number, Xiao Changtian stopped in his tracks.

He looked at the Pavilion Master of the Secret Pavilion as if he was looking at a moving treasury.

“I’ve actually had this idea for a long time. Let’s go back to the small courtyard and talk about it in detail.”

Xiao Changtian was delighted.

He wasn’t thinking about the ten thousand gold taels.

Instead, the original intention of opening a bookstore was to make money.

If he could become the richest mortal in the world before the road to invincibility was opened, wouldn’t he be able to roam the five continents at any time?

Although he had to hide, he could not stay in the small courtyard all the time.

Young people still had to experience the sea of stars!

Besides, what was the difference between those who pirated his books and robbers?

It was just a difference in form.

This kind of person was very hateful!

“Jiu ‘er, prepare some tea!”

Walking into the courtyard, Xiao Changtian asked Mu Jiuhuang to prepare tea.

He was going to carry out his grand plan!

“Which continent are you from?”

“The Central Heaven Continent...”

“How far is it from here?”

“Senior, I have a map of the Tian Yuan Continent with me...”

The two of them began to discuss intensely in the small courtyard.

At the same time.

West Bull Continent, rain was coming...

Chapter 68: Darkness Arrives, the West Bull Continent Bears the brunt!\_i

West Bull Continent.

A huge stone statue of a green ox stood tall and lofty.

The green bull was thousands of feet high, piercing the clouds! It emitted waves of Dao runes.

Rumor had it that this was a clone left behind by a Divine Ox before it ascended. The identity of this Divine Ox could even be traced back to before the Di Luo Era.

Xiniuzhou got its name from this!

However, at this moment.

A ball of black aura enveloped the huge green bull, causing the Western Bull Continent to become dark and gloomy.

“What kind of demon is causing trouble!”

At this moment, Hu Lai from beyond the heavens struck out with his palm.

That palm bloomed with dazzling golden light, like the palm of Tathagata.

Accompanied by the low and deep roar of the Buddha, the Tathagata Divine Palm that was like a brilliant sun enveloped the black gas.

Bang!

The Tathagata Divine Palm collided with the black gas and emitted a violent tremor! It was like a thunderous roar!

“The western paradise has acted!”

“I wonder which buddha in the western paradise?”

“This black fog should be directly defeated by the Tathagata Divine Palm, right?”

Countless cultivators stared at the huge palm that was emitting golden Buddhist light and the black gas that filled the sky!

There was a lot of discussion.

Everyone's gaze was attracted by the strange phenomenon in the sky and did not notice the sneaky figures at all.

Those people came from the black fog.

He directly landed in the Ye family of the West Bull Continent.

The Ye family was one of the four major families in the West Bull Continent.

At this moment, a middle-aged man with a dignified gaze stood in the family courtyard. He was wearing a gray robe.

If Ye Fan was here, he would definitely be able to recognize that the man in front of him was his father.

Ye Clan Leader. Ye Zhengnan!

"Welcome, Emissaries!"

Ye Zhengnan stood in the courtyard and bowed slightly. A smile appeared on his old-fashioned face.

In front of him was the man in black who had just descended from the black fog.

Each of these men in black had a jade token hanging on their waists.

A blood-red light shone on the jade token.

"Patriarch Ye, there's no time to lose. Where's that genius of your family? Hurry up and call him out. Now is the time to absorb the green bull's power."

The leader of the group was a man in black. His voice was cold and mechanical, devoid of any emotion.

“Sir, this is my son, Ye Hao!”

“I’ve already transferred the Supreme Being Bone into his body. The Supreme Being Bone and the Divine Ox Overlord Body will definitely be able to withstand the power of the green bull and achieve the Great Vehicle Realm!”

Ye Zhengnan waved his hand. Behind him, a young man who looked 50% similar to Ye Fan walked out.

This person was Ye Fan’s half-brother, Ye Hao!

Ye Zhengnan took out the Supreme Being Bone from Ye Fan’s body and transplanted it into Ye Hao’s body through a mysterious method.

Their goal was to wait for this moment!

“Very good!”

“Let’s start over there.”

The leader of the men in black nodded and threw out a black pearl.

The bead emitted a rolling black gas. The black gas looked very similar to the black gas that enveloped the green bull.

“Ah!”

The black gas rushed into Ye Hao’s body in an instant.

Because of the impact, Ye Hao couldn't help but scream in pain. However, after that, his cultivation realm actually began to soar continuously.

As Ye Hao's realm soared, the huge green bull in the West Bull Continent was actually swallowed by the black fog.

The palm strike from the buddha of the western paradise seemed to have sunk into a swamp as it was similarly absorbed!

"What is it? It swallowed my power?"

"Not good, a demon has appeared. Run!"

A solemn voice rang out from the western paradise.

In the direction of the western paradise, a gigantic golden Buddhist light appeared. After that, it vanished from the spot.

"Xiaoxi escaped? That was the western paradise that was above the four great clans. How could it escape so quickly?!" Instantly, countless exclamations sounded.

The four great clans of the Western Bull Continent and the western paradise were all peak existences.

"Run!"

The cultivators of the West Bull Continent were not fools. They instantly understood the seriousness of the matter.

In the Ye family.

Ye Hao had been completely enveloped by the black fog, and only the Supreme Being Bone in his body was emitting a golden light.

It seemed to be trying its best to resist the corrosion of the black fog.

“Hmm?”

The moment the Supreme Being Bone emitted a golden light, Ye Fan, who was chopping firewood in the small courtyard, suddenly froze.

He could sense that the Supreme Being Bone was in great pain!

It seemed to be asking for help?

“What happened?”

Ye Fan straightened his back and looked out of the small courtyard with his extremely ordinary eyes.

However, that pair of ordinary eyes rippled like a clear stream.

After the stream water rippled, everything in the West Bull Continent was suddenly seen!

“Supreme Being Bone?”

“Ye family!”

Seeing all of this, a cold light flashed across Ye Fan’s face.

Then, he lowered his head and slowly chopped the firewood.

However, a silver-white light flew out from the axe. In just a few breaths, the silver-white light attached itself to the surface of the Supreme Being Bone. No matter how hard the black gas attacked, it was still unable to erode the Supreme Being Bone.

Ye Hao's cultivation stopped at the ninth level of the Tribulation Transcendence Realm!

The huge green bull had completely disappeared! Boundless black clouds covered the entire West Bull Continent.

Countless families in the West Bull Continent were shocked.

"Which junior is causing trouble!"

One by one, the old men who had half their bodies turned into dirt felt the process of absorbing the Heaven and Earth Spiritual Energy pause. They crawled out of their respective ancestral lands.

However, just as they appeared, Ye Hao's voice appeared in the void.

"Choose to submit or die!"

Ye Hao's body was filled with black gas, and his voice was like a bull's. His terrifying aura crushed toward these old guys.

"Ye Hao, you're just a junior. Don't be arrogant!"

"How dare you be so impudent to this old man? You're courting death!"

"The Ye family disciples are really too arrogant."

These elders were all figures on the same level as the ancestor. A junior wanted them to choose to submit?

How could he tolerate it?

In an instant, those patriarchs soared into the sky. Countless true essence lights turned into rainbows.

“Then die!”

Ye Hao faced the light with a calm expression and slapped down.

Bang!

Countless streams of light turned into a bloody mist and exploded in the space.

Those ancestors were all killed instantly by Ye Hao’s slap!

“How is that possible? The ancestor was defeated?”

“How did Ye Hao suddenly become so powerful?”

“What exactly happened?”

Countless bewildered voices rang out.

However, Ye Hao didn’t give them any time to react. His powerful aura enveloped them and his voice was cold, “You choose to submit or die!” The threatening voice made people shudder!

Countless clan heads saw that their ancestors had been killed. How could they dare to resist? They all chose to submit.

“We surrender!”

Chapter 69: Secret of the Dark Chamber! The Ancient Door!

“If you choose to submit, you must pay the price!”

...

Ye Hao’s voice was cold. He stood in the void and waved his hand. A blood-red light scattered down.

“What is this?”

“Why do I feel like something has been planted in my soul?”

“It’s a soul imprint. We’ve been planted with a soul imprint!”

The experts who chose to submit revealed shocked expressions.

If they were to betray him, they would only end up being destroyed.

“Each family will send out a junior to search for Ye Fan’s whereabouts throughout the continent.”

“Carry out the order!”

Ye Hao stood in the air and said coldly.

Then, his figure disappeared into the Ye family courtyard.

“Is Ye Fan really still alive?”

Ye Hao looked confused.

However, the Supreme Being Bone in his body could not be fused. The reason given by the black-robed envoy was that the original owner of the Supreme Being Bone was not dead.

Everyone from the Ye family was puzzled.

The supreme being bone in Ye Fan’s heart was dug out. How could he be alive?

“If I can’t find Ye Fan within a month, I’ll kill half of them!”

Ye Hao thought for a moment and gave another order.

Then, his figure flashed and he arrived in the secret chamber.

With a flick of his hand, a crystal ball appeared in front of him. The crystal ball connected, and on the other end of the screen, the man wearing the skull mask appeared.

“You woke me up? Who are you?”

Ye Hao’s face was cold as he stared at the skeleton man.

“You don’t have to care who I am. You only need to join forces with the others and open the Door of Antiquity for me in a hundred days, Green Bull Emperor.”

On the other side, the man wearing a skull mask had a hoarse voice and instantly recognized Ye Hao’s true identity.

Instantly, Ye Hao's face froze!

The real Ye Hao had died long ago. The Ye Hao in front of him had his soul taken over by the Green Bull Emperor when he was five years old.

However, the Green Bull Emperor's soul had also fallen into a deep sleep.

He only woke up today.

"So, your plan was so deep that you even promised that idiot Ye Zhengnan to help him break through to the ancient emperor realm just to wake me up? Help you open the Door of Antiquity?"

"Do you know what's inside?"

"Once it's opened, the consequences are not something the Tian Yuan Continent can bear."

Ye Hao's voice was low. When he mentioned the Ancient Door, there was even a hint of fear in the depths of his eyes.

However, the Green Bull Emperor seemed to have thought of something and suddenly asked, "You also survived from that era?"

The West Bull Continent, Xiao Clan, Lin Clan, Chu Clan, three of the four great clans were gathered here.

"What's going on with that Ye Hao from the Ye family? Why did he suddenly become so much stronger? Even the ancestor and the others were not his match?" Chu Tianfeng asked.

"I think it has something to do with that black mist." The Xiao clan's patriarch, Xiao Ding, said.

“There’s no use worrying about this now. We’ve already been planted with a soul mark. Even if we want to resist, we can’t do it. We can only listen obediently and go find Ye Fan.”

Lin Baishui sighed.

“But, wasn’t Ye Fan killed by the Ye family long ago?”

Behind Lin Baishui, a clear voice sounded.

This was Lin Baishui’s daughter, Lin Tingzhi.

Today, Lin Tingzhi was wearing a moon-white long dress. Her entire person was like a lotus flower in clear water. She did not put on any makeup, but her facial features were exquisite. That standard figure made her a great beauty.

The few family heads present were slightly stunned when they heard this.

Lin Tingzhi was engaged to Ye Fan a few months ago.

After that, there was news that Ye Fan was persecuted by the Ye family.

Although the Ye family did it very secretly, there were spies sent out among the major families. Everyone had a tacit understanding of this kind of thing.

Lin Baishui shook his head and said in a deep voice, “From the looks of it now, things aren’t that simple. It’s very likely that Ye Fan isn’t dead!”

“The supreme being bone in his heart has been dug out, and he’s still alive?”

The other two family heads were shocked.

The Supreme Being Bone in his heart was a life-threatening thing.

They were all surprised by Ye Fan's tenacious life force.

As for Lin Tingzhi, her pretty face was filled with joy, and her beautiful eyes revealed a faint look of anticipation.

"Ye Fan, can I still see you?"

Lin Tingzhi's heart started beating.

Originally, she was Ye Fan's fiancée. Ye Fan didn't die. Did that mean that they still had a chance?

However, Lin Baishui's cold voice instantly interrupted her,""Without the Supreme Being Bone, Ye Fan is just trash. In front of Ye Hao, he can only die!"

"Then I..."

Lin Tingzhi wanted to say that she would go and find Ye Fan and ask him to run away quickly.

However, he swallowed his words back when he said that.

If Ye Fan ran away, wouldn't half of the Lin family die?

Suddenly, Lin Tingzhi was caught in a dilemma.

"Good, Ting Zhi, the Lin family, let you go find Ye Fan.""Lin Baishui said in a low voice.

“Me? Father, I...” Lin Tingzhi wanted to refuse, bring Ye Fan back, and let him die. This was absolutely impossible.

However, she did not want to see her family members die tragically.

Therefore, Lin Tingzhi didn't want to go.

However, a true essence voice transmission made her change her mind.

“Ting Zhi, this time, go to the North Barren State to find Ye Fan and bring him to the Nine Phoenix Dynasty to ask for help. “You have to find Ye Fan first. Only then can we survive to the greatest extent.”

Lin Baishui's true essence voice transmission rang in Lin Tingzhi's mind.

Lin Tingzhi was stunned at first, but she reacted in an instant.

He immediately nodded and agreed.

That's right!

Although Ye Hao was powerful, the number one expert of the human race was the Nine Phoenix Matriarch!

“Father, I understand.”

Lin Tingzhi's expression was solemn. This matter could not be taken lightly. There was no guarantee that the Ye family would be looking for Lin Tingzhi right now.

If the Ye family found Lin Tingzhi first, that would be the scene of true despair.

Thus, Lin Tingzhi set off.

At the same time, the news of the Western Bull Continent's mishap instantly spread across the entire continent.

"Something happened in the West Bull Continent?"

In the courtyard.

The Pavilion Master of Heavenly Secrets, who was chatting with Xiao Changtian, and Mu Jiu Huang, who was feeding the turtle, both had a change in expression.

In the Great Sun Sect's main hall.

The expressions of Perfected Zhongxian and the other two, who were guiding the cultivation of Perfected Dayang, also changed.

"In the end, they still made a move. Do we need to tell Senior about this?"

The three of them looked at each other.

After hesitating for a while, the three of them finally decided to tell the senior everything they knew.

The water here was too deep. They couldn't grasp it and could only let the seniors measure it..

Chapter 70: Daoist Xingyun's Breakthrough! Let Him Die!

In the courtyard.

...

The Pavilion Master of the Secret Pavilion and Mu Jiuhuang were both stunned.

The West Bull Continent was enveloped by a mysterious force. The situation of the entire West Bull Continent was unknown!

“We have to find out in a day.”

Mu Jiuhuang’s expression changed and she immediately sent a message.

She had checked the information from the Nine Phoenix Dynasty and found that the black mist’s methods were very similar to the mastermind behind the Darkfiend Taoist.

“What’s wrong?”

Xiao Changtian heard the voice of the Pavilion Master of Heavenly Secrets suddenly stop at the critical moment.

He asked in confusion.

“What? Oh!”

“I was talking about the West Bull Continent just now. West Bull Continent...”

The Secret Pavilion Master came back to his senses, but he was still in a daze. His mind was still thinking about the matter of the West Bull Continent being enveloped by the black fog.

“I won’t go to the West Bull Continent for now.” Xiao Changtian said lightly.

“Senior knows?” The Pavilion Master of the Secret Pavilion was stunned. He had just received the news. Senior had found out faster than him?

“Yes.”

Xiao Changtian nodded. It was such a simple matter.

In the five continents, only the West Bull Continent was controlled by the Buddhist Sect and the four great clans.

Moreover, the surnames of these four families were not simple.

If his bookstore branch opened there, it would definitely cause friction with these families.

Xiao Changtian thought about it and felt that it was safer to go to the Nanbu Continent and the Zhongtian Continent first.

He knew Maniac Chu from the Nanbu Continent, he knew that old man from the Zhongtian Continent, and this person in front of him...

What was this person called again?

Xiao Changtian suddenly felt a little awkward. They had known each other for such a long time, but he didn't know the other party's surname.

“By the way, what's your surname? Do you think I don't know your name?” Xiao Changtian asked awkwardly.

“I am Mo Tianji.”

The Pavilion Master of Heavenly Secrets hurriedly replied, but he was extremely happy in his heart. Senior was actually asking for his name!

Did this mean that he had obtained the recognition of his seniors?

That was great!

Mo Tianji was overjoyed and hurriedly replied.

“Mo Tianji...Good name.”

Xiao Changtian murmured. The names of these fortune-tellers were all mysterious.

“I won’t go to the West Bull Continent for now. Let’s start with the South Port Continent and the North Barren Continent.”

“By the way, what time is it now?”

Xiao Changtian said as he looked up at the sky, because he realized that he was a little hungry.

Then, he reacted and looked up to see the sun hanging high in the sky. It was already noon.

“Jiu ‘er, go buy some vegetables.”

“Ye Fan, go get two catties of wine. I’m in a good mood today, so I’ll drink two glasses.”

Xiao Changtian instructed Mu Jiu Huang and Ye Fan. There was finally some progress on the opening of the bookstore branch today.

“Yes.”

Mu Jiu Huang and Ye Fan nodded respectfully and left the courtyard to buy some food and wine.

With the bookstore in business, he was also a rich man. At least he could eat a little better every meal.

At the same time, in the Central Heaven Continent.

Nebula Sect

A huge nebula enveloped the sect. It looked extremely illusory and filled with an indescribable holiness.

In the deepest part of the nebula, Daoist Xingyun was carefully applying the ointment to Xing Ling'er.

"Ling'er, that senior's methods are really heaven-defying. It's only been a few days, but your natural lung meridian has been completely healed. From today onwards, you can cultivate freely."

Daoist Nebula looked at Ling'er in front of him. Her face was no longer as pale as before. It was full of redness. She was extremely gratified.

This time, the North Province's execution was considered to be a blessing in disguise.

"That big brother is really amazing!"

Even Xing Ling'er had a look of admiration on her face.

"That's right. During this period of time, grandfather is also about to touch the threshold of the Great Vehicle Realm. Ling'er, don't come to grandfather's place these few days. If the lightning tribulation falls, it might hurt you at any time."

Daoist Nebula was extremely concerned and his tone was gentle.

If Daoist Xingyun's peers saw this scene, their jaws would drop!

Which person who had received the title of Great Emperor did not come to this place through slaughter?

In the eyes of outsiders, Daoist Xingyun was a fiendish existence. How could they imagine his gentle side?

"Grandpa, take this. Big brother is so powerful. He will definitely protect you."

When Xing Ling 'er heard that there was danger, she placed the bottle of pills refined from the Xuanwu shell in Daoist Xingyun's hand.

"Alright."

Daoist Nebula nodded and agreed.

This was Ling 'er's kind intention, so he naturally had to take it. Moreover, although he had already set up a tribulation defense array in the sect after returning, if the array could not resist the lightning tribulation of the Mahayana realm, wouldn't it be terrible?

Even though he had lived for 100,000 years, he had never seen a Mahayana stage lightning tribulation.,

However, just as they were talking.

Daoist Nebula's expression suddenly changed.

"Not good, Ling 'er must leave."

Daoist Xingyun waved his sleeve and sent Xing Ling 'er out.

Dark clouds rolled in the sky above their heads, and purple lightning bolts jumped between the clouds like snakes.

He was about to break through!

The Dacheng Lightning Tribulation was about to arrive!

Instantly.

In Nebula Sect.

Countless cultivators flew out. Sect Master Xing Tianzi activated the sect protection formation of Nebula Sect.

At this moment.

Nebula Sect and Daoist Nebula were completely separated.

This was Daoist Xingyun's request.

After all, the lightning tribulation of the Mahayana realm was too terrifying. He did not even have a 50% success rate of breaking through, and he did not want to see his junior sect suffer.

“Rumble!”

In the sky, the dark clouds were rolling, like a turbulent sea.

Countless thunderbolts surged in the sky!

“Come on!”

Daoist Xingyun’s expression was emotionless. He knew that this round was unavoidable, so he responded calmly and took a step forward.

As he took a step forward, the lightning tribulation in the sky seemed to have sensed a provocation.

In an instant, thunder roared!

Thousands of lightning bolts struck down with ferocious power, as if several white lightning snakes were biting them! It was terrifying!

“Ah!”

Xing Ling ‘er was so scared that she closed her eyes. Even the people of Nebula Sect couldn’t look straight at her. The first lightning bolt of the Great Vehicle Realm was already so terrifying!

In the dark chamber.

The man with the skull mask seemed to have sensed something and suddenly stood up.

“Someone is undergoing the lightning tribulation of the Mahayana realm?”

“Yes... Nebula Sect!”

“Could it be Daoist Xingyun?”

“We have to stop him. There can’t be a second variable in the human race now.”

The skeletal man said in a hoarse voice. Then, the red light on the token in his hand flashed again.

“Stop Daoist Xingyun from breaking through with all your might and kill him! He died under the lightning tribulation.”

The skeletal man sent out the order..
