Chapter 71 Traitor!_i

In the dark chamber, a blood-red light flashed.

...

“Rumble!”

On the Starcloud Peak, Daoist Xingyun’s figure was directly submerged in hundreds of lightning bolts.

The thunder exploded, causing the array formation that was set up earlier to be as fragile as glass. It emitted cracking sounds and directly shattered into pieces!

“Will Grandpa be alright?”

Xing Ling ’er closed her eyes and asked worriedly.

“Ling ’er, don’t worry.”

Sect Master Xing Tianzi said in a deep voice. Shen Yin was neither sad nor happy, and one could not hear any changes in her emotions.

As the sect leader, he knew that anyone could panic at this moment, but he could not.

Even though deep in his eyes, there was a deep worry, but he hid it well in front of everyone.

Xing Tianzi's voice was calm and confident. It was like a stabilizing needle that calmed the hearts of the Nebula Sect cultivators.

Xing Ling'er also slowly opened her eyes. Her gaze became firm as she looked at the peak of the mountain.

"Don't be afraid. Grandfather will definitely be able to overcome the lightning tribulation." Xing Ling'er prayed silently.

Everyone's eyes were fixed on Daoist Xingyun, who was under the lightning tribulation.

He did not notice that a red light flashed on the ring of an elder standing at the edge.

The elder's expression turned cold.

He stared at Daoist Xingyun who was in the lightning, ready to attack at any moment.

"Boom!"

In the hundreds of lightning bolts, Daoist Xingyun's entire body emitted a silvery-white light that was like starlight.

Beneath his feet was a galaxy!

Hundreds of lightning attacks landed on his body like dense raindrops, but they were all blocked by the silver light.

Daoist Nebula was only struck by the power of the lightning, and his body kept retreating.

"I couldn't even handle the first lightning tribulation of the Mahayana stage, so it's even more impossible for me to break through to the Mahayana stage." "Destroy!"

As Daoist Nebula retreated, the power gathered in the galaxy under his feet. With a roar, the galaxy was suspended upside down and turned into a stream! “Bang!”

The Milky Way was suspended upside down and collided with the hundreds of thunderbolts.

The two extreme forces collided, and a huge white light erupted between the heavenly secrets!

The light was so dazzling that everyone present closed their eyes and found it difficult to look straight at it.

“Grandpa, Grandpa!”

Xing Ling ‘eri shouted anxiously. The lightning tribulation of the Great Vehicle Realm was too terrifying. The power of the explosion caused the Nebula Sect to tremble from 10,000 meters away.

Although it was difficult for everyone to look at it, they could still hear the entire nebula wind collapse in an instant!

The towering Star Cloud Peak was completely turned into a pile of dust at this moment!

“Ancestor?”

Even Xing Tianzi, who was pretending to be calm, revealed his worry.

The elders and disciples were all trembling in fear.

They all extended their divine senses.

However, just as their spiritual will came into contact with the space in front of them, it was instantly crushed by the two forces that were entangled and collided!

It was crushed into powder!

“This...”

The elders were all experts at the Tribulation Transcendence realm. Their divine senses were extremely powerful, and they were the peak existences of the Tian Yuan Continent.

But now, he couldn't even spy.

It was enough to prove how terrifying it was when the two forces collided with the vortex of the stars!

There was only one thought in everyone's mind. Under such a terrifying impact, could the ancestor really survive?

The elder who was ready to attack at any time hid in a corner, and a sinister sneer appeared on the corner of his mouth.

Then, he contacted the ring with his spiritual sense, wanting to report the situation here.

However, at this moment.

“Buzz!”

Suddenly, the dazzling white light began to tremble violently.

Among them, one of the small black dots became more and more powerful. In a few breaths, it directly exploded the white light.

“Boom!”

After a loud bang, Daoist Xingyun, who was covered in blood and had cracks all over his body, rushed out from the middle!

“Phew!”

Daoist Xingyun, who had rushed out, was panting heavily. His hair was disheveled and he looked extremely miserable. He did not look like a ninth level Tribulation Transcendence expert at all.

However, no one present was bothered by this.

In an instant, waves of cheers sounded.

“Woo! Great, the ancestor dodged the first lightning tribulation!”

“I almost thought that our ancestor was dead. I didn’t expect our ancestor to survive!”

“Grandpa is fine. That’s great!”

Xing Ling ’er said excitedly.

Other than Xing Tianzi and the elder who was about to attack secretly, everyone present was delighted.

“Damn it, this old fellow’s vitality is so tenacious?”

The elder’s expression turned icy cold once again. He lifted his head and looked at the sky. As he watched the even more terrifying lightning tribulation, a wisp of black quietly appeared in his hand.

He wanted to wait for the second bolt of lightning to strike.

Xing Tianzi's expression was also solemn as he stared at the sky.

The following lightning tribulation was several times more powerful than the first round of lightning. It was even dozens or hundreds of times more powerful because the dark clouds in the sky were still gathering. They were almost 100,000 miles away.

Once this lightning tribulation fell, the surrounding living beings were very likely to suffer as well.

“Retreat!”

Xing Tianzi said in a deep voice. With a wave of his hand, the formation of Nebula Sect was activated. The sect flew up and flew away.

“Rumble!”

The next round of heavenly lightning descended the moment the New Cloud Sect retreated out of the range.

This time, the lightning was purple.

The purple lightning was as thick as a mountain, forming a terrifying sea of lightning.

No one could survive under the vast sea of lightning!

“Crack!”

A trace of lightning landed in front of Daoist Xingyun. Daoist Xingyun was sent flying. The silver light around his body was completely broken at this moment, “Now!”

When the elder saw this, a cold smile appeared on his face. The black Qi in his hand silently flew out!

No one noticed this trace of black gas at all.

In an instant, the black gas arrived behind Daoist Xingyun.

Daoist Xingyun felt his breathing freeze in his dantian, and then he could not move!

The rolling lightning was about to drown him in an instant,

“Grandpa can’t move?”

Xing Ling ‘er immediately noticed the abnormality and shouted, wanting to fly out and pull Daoist Xingyun back.

“Ling Er, you can’t.”

Xing Tianzi grabbed him back..

Chapter 72-Great Vehicle Success!_I

“Ling ‘er, if you go now, you’ll only be courting death.”Xing Tianzi said.

...

The lightning that filled the sky could even destroy the entire Nebula Sect, let alone Xing Ling ‘er.

Xing Ling 'er was the future of the sect. She couldn't lose her life in vain.

"But grandfather, he..."

Xing Ling 'er was already crying anxiously.

The crying seemed to be contagious. The elders looked at Daoist Xingyun who was under the lightning tribulation and fell silent!

"Farewell, Ancestor!"

Xing Tianzi could only sigh as he thought to himself.

"Haha, die! You should interfere with His Lord's plan."

"As for the people of Nebula Sect, don't worry. Line up and come one by one..."

Zhang looked at Daoist Xingyun who was about to be drowned by the sea of lightning in the void with a cruel and cold smile.

Daoist Xingyun was under the lightning tribulation. Facing the might of the brilliant lightning, even he was terrified.

However, an old monster who had lived for 100,000 years did not live in vain.

"Is there any other way to save myself?"

Daoist Nebula did not roar at the sky to vent his anger, nor did he hate the villain who had secretly attacked him. Instead, he was thinking about how to survive and what other methods he had.

“Grandpa, quickly use the things that big brother gave you.”

Seeing that Daoist Xingyun was about to be drowned by the heavenly lightning, Xing Ling ‘er shouted out in a hurry.

“Those turtle shells?”

Upon hearing this, Daoist Nebula took out the remaining bottle of turtle-shell ointment from his ring. He did not have time to think. It was an ointment anyway, so he poured it all over himself.

“Boom!”

In the next moment, heavenly lightning struck down.

“Ancestor!”

Countless people shouted in grief. The ancestor who had guarded the sect for 100,000 years had fallen just like that.

Everyone was grieving!

“Farewell, Ancestor!”

The elder who had secretly acted laughed in disdain and then shouted. His smiling face immediately turned into a crying face, disguising himself appropriately.

“Humph, my head!”

At this moment, an angry voice sounded.

Everyone was shocked and looked at the lightning tribulation in disbelief.

Thousands of thunderbolts as thick as mountains fell on Daoist Xingyun.

However, a green light suddenly appeared around Daoist Xingyun.

When the purple lightning bolt landed on the green light, it was actually reflected.

Moreover, after the lightning came into contact with the green light, it seemed to be extremely afraid. It trembled for a moment and quickly disappeared.

Everyone was dumbfounded!

Although the heavenly lightning had disappeared, the Heavenly Dao reward after the lightning tribulation did not disappear.

A golden light shone down. Daoist Xingyun was bathed in the golden light, and the cultivation in his dantian became stronger!

That wisp of black gas was crushed in an instant!

Daoist Xingyun had broken through to the Mahayana realm!

“That’s great. Grandfather is not dead. Big Brother is really amazing!”

Xing Ling ‘er smiled and praised Xiao Changtian.

As for Xing Tianzi, he was so excited that his body was trembling.

The ancestor had broken through, and Nebula Sect had one more Mahayana realm expert. Nebula Sect would be as stable as Mount Tai for the next hundreds of thousands of years!

“Woo! The old ancestor was mighty! The ancestor is domineering!”

“Our ancestor is invincible!”

Cheers rang out. Everyone from Nebula Sect was extremely excited.

Only the elder from before twitched his mouth and turned to run!

“Hmph, come back.”

Daoist Xingyun, who had just broken through to the Mahayana realm, was covered in a layer of golden light. He was like a god. With a wave of his hand, a powerful suction force as strong as a mountain pulled the elder back.

Daoist Xingyun released his aura and the elder could no longer move.

“Hmph, you want to kill your master and ancestors by attacking in secret?”

Daoist Xingyun’s aura was cold and stern as he stared at the elder.

“Ancestor, are you mistaken? How could I attack you?” The elder did not panic at first. Instead, he pretended that he had not done anything.

“Hehe, then why are you running?” Daoist Nebula chuckled, but his smile was filled with killing intent.

Under the pressure of Daoist Xingyun’s aura, the elder trembled and felt that his soul no longer belonged to him.

“Ah!”

The elder let out a miserable cry. How could he not understand that Daoist Xingyun was searching his soul?

As Daoist Nebula performed the Soul Searching Art, the skeletal man in the dark chamber suddenly stood up. In an instant, a ball of dim light was crushed by him.

This dim light was the soul imprint of the elder of Nebula Sect.

The soul imprint was crushed, and the elder was instantly swallowed by the black gas!

“Humph, the mastermind!”

Daoist Xingyun snorted and crushed the black gas.

Seeing the elder being crushed, the elders knew that this person was a traitor!

Moreover, when the ancestor was breaking through, he dared to attack in secret. He definitely deserved to die!

“Ancestor, congratulations on breaking through to the Mahayana realm!”

A group of elders gathered.

“Forefather, with you around, from now on, our Nebula Sect will be the number one sect on the continent!”

“That’s right. It’s time for you to take back the title of the Great Emperor from that junior, Mu Jiuhuang.”

The elders said excitedly.

The old ancestor had broken through to the dacheng realm and could completely defeat Mu Jiuhuang, who was at the ninth stage of the tribulation passing realm!

Countless people were fighting to regain the title of the number one sect on the continent.

However, Daoist Xingyun shook his head. “Fellow Daoist Nine Phoenix, you have already broken through to the Mahayana realm before me. Don’t mention this matter again.”

“What is it? Nine Phoenix Great Emperor has broken through to the dacheng realm?”

“This... When did this happen?”

When everyone heard this, their faces revealed incomparably shocked expressions.

Some people even began to ease the awkward situation. “Even if we don’t take the number one sect on the continent, we’re still not much different from the number one sect! Am I right, everyone?”

“That’s right!”

“My Nebula Sect is not weaker than the Nine Phoenix Dynasty!”

“Oh right, ancestor, what was that magic treasure from before? Even the Mahayana stage lightning tribulation is difficult to approach?”

Everyone cheered up once again, and the awkward atmosphere was once again eased. Then, they asked about Daoist Xingyun’s bottle of ointment.

“That was a medicine that Senior casually concocted.”

“From now on, when you see this senior, you must never offend him.

Otherwise, our Nebula Sect will be in trouble.”

“Everyone, remember to distribute the portrait of Senior. Anyone who offends Senior will be expelled from Nebula Sect!”

Daoist Xingyun explained while condensing Xiao Changtian’s portrait in the void with his spiritual power..

Chapter 73: Ye Fan Was Blocked On The Street (1)

Nebula Sect.

...

Xiao Changtian’s portrait was copied and distributed, causing the entire Nebula Sect to discuss.

“Even the old ancestor calls this person senior? How high is his cultivation?”

“His cultivation is probably already so high that it’s unimaginable!”

“Oh? What do you mean?”

Instantly, everyone’s interest was aroused.

“Think about it, the thunder sea will probably blow up the entire Nebula Sect after the Patriarch’s tribulation, right? However, the ancestor had only applied the ointment on his body. The lightning tribulation did not hurt the ancestor at all.”

“Besides, I don’t know if you guys have noticed a detail. At the final moment, the heavenly lightning was trembling in fear.”

“Obviously, it’s all because of that treasure!”

The more this person spoke, the more excited he became, and the surrounding crowd listened with great interest...

Soon, all the guesses about Xiao Changtian’s identity spread out.

“Have you heard? The senior mentioned by the ancestor was a peak Dacheng expert! The true number one person on the Tian Yuan Continent!”

“Nonsense! Senior is clearly an ancient emperor!”

“The versions you heard are all wrong. Mine is the correct version.”

“You are wrong.”

“You’re the one who’s wrong...”

In an instant, everyone started arguing.

However, Xiao Changtian’s identity was getting more and more popular. The news spread to the people of Nebula Sect and they were all afraid of him.

At the same time.

In the Star Cloud Hall.

Xing Tianzi was confused and asked, "Ancestor, is that senior really that mysterious?"

Xing Tianzi was puzzled. The ancestor had already broken through to the legendary Mahayana realm. Could it be that there was someone who was even higher than the Mahayana realm?

"That's right." Seeing Xing Tianzi's confusion, Daoist Xingyun nodded solemnly and said, "The existence beside that senior is above me in every realm."

"Ancestor, stop joking, right? How could there be so many Mahayana Realms after the Emperor Fall Era?" Xing Tianzi shook his head, thinking that Daoist Xingyun was just keeping him in suspense.

"Hche, let me tell you this. The Nine Phoenix Matriarch is willing to be a servant by senior's side and feed the Black Tortoise and other divine beasts! The method to break through to the Mahayana realm was given to me by fellow Daoist Nine Phoenix." Daoist Nebula chuckled.

As the sect leader, Xing Tianzi instantly extracted a few information points from Daoist Xingyun's words.

He was instantly shocked!

"The Nine Phoenix Matriarch is such a proud person, yet she is actually willing to be a maid?"

"And because she was a maid and received a reward from the senior, she obtained the method to break through to the Great Vehicle Realm?"

"What's even more terrifying is that Senior has the Black Tortoise and other divine beasts by his side!"

Xing Tianzi was indeed the Sect Leader of Nebula Sect. He instantly understood what Daoist Xingyun wanted to say.

Senior's maids are all at the Mahayana realm!

"Hiss

Daoist Nebula gasped in shock!

After an hour, Daoist Xingyun saw that Xing Tianzi had finally calmed down and said, "Alright, if there's any news recently, report it to me."

"Yes, I am. "Recently, the other continents have been relatively stable and nothing major has happened. Only the West Bull Continent has been shrouded in a black fog. Up until now, our people have not detected what has happened. "Xing Tianzi frowned.

"Black mist?"

Daoist Nebula frowned. The black mist that the elder had used to ambush him earlier had given him a strange feeling.

Previously, when Mu Jiu Huang was investigating the organization behind Daoist Blackfiend, she had asked for his help and mentioned the black fog. However, at that time, she was too focused on Xing Ling'er's lung meridian injury to pay much attention to it.

Now that he thought about it, this black fog was really not simple!

"I'll go take a look."

Daoist Nebula said indifferently. The moment he went down, his figure disappeared in space.

On the streets of Dayang Town.

Mu Jiu Huang had just finished buying vegetables and came out of the shop.

“Great Empress!”

Zhong Xian, Qiong Cheng, and Immortal Ba Shan walked over with awkward smiles on their faces.

“It’s the three of you?” Mu Jiu Huang was puzzled. Weren’t these three people in the Great Sun Sect?

“Empress, you already know about the matter of the West Bull Continent, right? We know who did it, and we were just about to report this to Senior.” Perfected Zhongxian said.

“What is it? Do you know what it’s made of?”

Mu Jiu Huang already had a guess in her heart. It was very likely that it was the organization behind Daoist Blackfiend.

However, when he heard the Daoist Zhongxian say that he actually knew who did it, he immediately looked happy and asked directly.

“Yes, we used to be members of that organization.” Zhongxian organized his words and began to explain, “Initially, the few of us came into contact with this organization under the introduction of the Sect Master of the Black Sky Sect of the Victorious East Continent.”

“The leader of that organization is a man wearing a skull mask. The first time we met, he showed terrifying power and promised us that he would help us break through to the Great Ascension realm!”

“The three of us joined without knowing anything. However, we never contacted each other again until the death of the Blackblood Chess Saint...”

Perfected Zhongxian quickly explained the cause and effect clearly.

Mu Jiuhuang also understood. These three people were just peripheral figures and had never come into contact with the core of that organization.

It was only because of an illusory promise. Moreover, at that time, due to the power of the person behind the scenes, and the benefits that the Black Sky Sect's sect master had obtained, his cultivation had soared to the point of temptation...Many factors caused Daoist Zhongxian and the other two to join in the fight.

However, this was all done through a specific crystal ball, so they didn't know much about it.

Even so, Mu Jiuhuang still managed to capture a key figure.

The Sect Master of the Black Sky Sect of the Victorious East Continent, Hei Tianqiong!

"Alright, I'll tell Senior about this." Mu Jiuhuang nodded.

Hearing this, the three of them nodded.

However, they did not leave. Instead, they looked hesitant as if they wanted to say something.

"Don't worry, you're just peripheral members. Senior is magnanimous, so I'll plead with you." Mu Jiuhuang saw through their thoughts at a glance.

"Thank you, Empress."

Perfected Zhongxian and the other two hurriedly thanked him! Then, he left in satisfaction.

After the three of them left, Mu Jiuhuang's phoenix eyes narrowed and her expression became fierce.

“It seems that I need to go to the West Province personally.”

Mu Jiu Huang felt that this was the first time she had received the truth. She was going to catch those people with her own hands!

At the same time.

At the other end of the street.

Ye Fan was holding two taels of wine in his hand.

However, he was stopped by someone..

Chapter 74: Heavenly Secrets... Machine (1)

Ye Fan was blocked on the street.

...

And it was a woman in a long white dress. Her facial features were exquisite and her figure was tall and standard, like a proud white plum blossom!

It was Lin Tingzhi.

“Ye Fan, you’re really still alive. That’s great.”

Lin Tingzhi followed the directions given by Lin Baishui and found Dayang Town. The first thing she did was meet Ye Fan.

The moment she saw Ye Fan, Lin Tingzhi was overjoyed and directly plunged into Ye Fan's arms.

"Ye Fan, I thought you were really dead."

Lin Tingzhi cried tears of joy as she spoke.

After a full fifteen minutes, she was finally comforted by Ye Fan.

"Alright, Ting Zhi, aren't I living well now? Moreover, he was very lucky to meet his master." Ye Fan said with a smile.

"Master?"

Lin Tingzhi was stunned. Why did Ye Fan acknowledge a master?

The Ye Fan in her eyes was that high-spirited youth who did not acknowledge anyone as his master and declared that he wanted to walk his own path!

"Brother Ye Fan, although... Although you don't have the Supreme Being Bones, you don't have to suffer like this, right?"

"Come with me. We'll think of a way to get your Supreme Being Bone back!"

Lin Tingzhi said in a deep voice.

"Hhc, Ting Zhi, I think you've misunderstood. The Supreme Being Bone no longer has any meaning to me." Ye Fan chuckled. The current him no longer had any use for the Supreme Being Bone.

“Brother Ye Fan, how can you be so dispirited? Even without the supreme being bone, you’re still the genius in my heart!”

“I won’t allow you to be so dispirited!”

“It must be that master of yours who used the grace of saving your life to threaten you, right?”

“I’ll go with you to find him now!”

Lin Tingzhi pulled Ye Fan and asked him to bring her to Ye Fan’s master.

In her heart, Brother Ye Fan would always repay kindness. He would always repay others ‘kindness.

She believed that Ye Fan must have been kidnapped by that master using morality to coerce Ye Fan to repay his kindness and not allow him to leave. Otherwise, Ye Fan would definitely not give up on the Supreme Being Bone.

“Ting Zhi, why are you doing this?”

Ye Fan smiled helplessly, but he did not explain anymore. He brought Lin Tingzhi into the small courtyard.

He believed that when Lin Tingzhi arrived at the small courtyard, everything would be clear.

Thus, under Ye Fan’s lead, the two of them quickly returned to the courtyard.

“Brother Ye Fan, don’t worry. In a while, I’ll get your so-called master to let you go.”

Lin Tingzhi looked at the extremely simple and crude courtyard in front of her, and her face revealed a disdainful expression.

It was just a run-down small courtyard, and it was just a place for mortals to live.

Even if he saved Ye Fan's brother's name, he would just give him more gold.

Very quickly.

Ye Fan brought her in.

Lin Tingzhi was full of confidence, and her face was filled with a confident smile.

However, as soon as she entered, Lin Tingzhi was instantly dumbfounded.

She suddenly felt a few incomparably powerful auras instantly lock onto her, causing her body to go limp. If not for Ye Fan supporting her, she would have long fallen to the ground and could not get up.

In her sea of consciousness, she saw a Xuanwu phantom that was as tall as the sky!

A supreme divine dog that seemed to want to devour the heavens and the moon!

It was a phoenix that was emitting an endless fire domain, as if it was about to burn the heavens!

There was also an ant that walked out of the chaos. It was completely dumbfounded!

The four auras were like mountains pressing down on her head, making it difficult for her to breathe.

Right now, she felt like a tiny leaf floating on the turbulent sea, as if she could be overturned by the waves at any moment.

“Divine Beast Black Tortoise, Heaven Swallowing Dog, Phoenix, and...”

As the eldest daughter of the Lin family, she had naturally heard of these divine beasts.

Faced with the terrifying aura of these divine beasts, Lin Tingzhi was completely stunned.

She definitely didn't dare to move, her face was filled with terror.

She really could not understand why there was such a terrifying existence in such a small courtyard.

What exactly was going on?

“Ye Fan, who is this?”

At this moment.

Xiao Changtian's voice rang out. He had a handsome face and was dressed in light clothes. He appeared in front of Ye Fan and Ye Fan with a faint smile on his face.

As Xiao Changtian appeared, the four auras disappeared instantly.

Lin Tingzhi suddenly felt that the pressure enveloping her body disappeared in an instant.

“What happened?”

“It's the person in front of me!”

Lin Tingzhi looked at Xiao Changtian in front of her and was greatly shocked. With just one sentence, the aura of the four divine beasts disappeared.

“Big brother Ye Fan, this is...”

Lin Ting Zhi said respectfully. Her eyes were filled with respect as she looked at Xiao Changtian.

Although the person in front of him looked like a mortal, there was no spiritual energy fluctuation.

However, in that instant, the aura of the four divine beasts had completely disappeared. How could he not understand that the person in front of him was clearly too powerful, so he could not tell?

“This is my master.”

Ye Fan smiled faintly. He knew that there was no need to explain anything now.

“This is your master?”

Lin Tingzhi was immediately shocked. To think that she had thought of persuading Ye Fan’s cheap master to leave. In fact, she had already prepared ten taels of gold in her sleeve.

Instantly, her pretty face turned as red as fire.

Brother Ye Fan’s master was such a powerful expert, but he actually...

Immediately, Lin Tingzhi hurriedly apologized, “Senior, I’m Brother Ye Fan’s fiancée. I barged into the courtyard without your permission. Please don’t blame me.”

After Lin Tingzhi finished speaking, she bowed to Ye Fan like a woman. However, she was extremely nervous in her heart. Even her fair forehead was already covered in fine beads of sweat.

“Ye Fan’s fiancée?”

Hearing this, Xiao Changtian frowned.

This disciple of his was not bad. He actually found such a beautiful fiancée.

As a master, he naturally had to keep a close eye on his disciple.

Thus, Xiao Changtian observed carefully, his eyes filled with admiration.

He realized that the girl in front of him had a temperament like a white lotus flower. She had a kind of purity that was untainted by mud and clear without being bewitching.

Lin Tingzhi was extremely nervous as she was being scrutinized. Could it be that Senior discovered the gold in my sleeve and knew that I was going to use the gold to get rid of him?

Fortunately, Xiao Changtian only took a few glances at it before looking away.

“That’s right. Since you’re the fiancée of your disciple, let’s have a meal together.”

Xiao Changtian smiled faintly.

Lin Tingzhi breathed a sigh of relief.

Then, under Ye Fan’s lead, they came to the table and sat down.

But just as she sat down, Lin Tingzhi stood up again.

“Heaven Secrets Machine...”

Lin Tingzhi saw the Pavilion Master of Heavenly Secrets. This was someone that even her father, Lin Baishui, had to address as senior..

Chapter 75: Senior, My Hometown Has Suffered a Disaster!_i

“You recognize me?”

The Pavilion Master of the Secret Pavilion looked at Lin Tingzhi with a puzzled expression.

“I’m Lin Baishui’s daughter.” Lin Tingzhi was shocked and quickly reported her father’s name.

” Yes.” The Pavilion Master nodded.” So you’re Lin Baishui’s daughter. No wonder you look familiar.””

“Why? Do you know each other?” Xiao Changtian asked curiously when he saw that the two were actually acquaintances.

“Yes, senior, I have read Lin Baishui’s fortune before.”

“Isn’t fortune-telling a scam?”

Xiao Changtian smacked his lips. This Mo Tianji had tricked many people before.

“Yes...”

The Pavilion Master of Heavenly Secrets replied with a respectful expression and an awkward smile. His fortune-telling skills were indeed no different from a fortune-teller in front of a senior.

He was like a disciple who had just entered the sect and was being reprimanded by the sect elders.

Lin Tingzhi saw this scene and was shocked.

“The Pavilion Master of the Heaven Secrets Pavilion actually calls Ye Fan’s master senior so respectfully?”

“On the Tian Yuan Continent, those who can be addressed as seniors by the pavilion master are existences of the same generation as the Nine Phoenix Emperor. Even the Nine Phoenix Emperor has to show some respect to the pavilion master.”

“Why was it unknown before?”

Lin Tingzhi was shocked and began to guess.

At this moment.

Mu Jiu Huang came out of the kitchen with several dishes in her hands.

“Empress!”

Lin Tingzhi was overjoyed. She was originally prepared to bring Ye Fan to seek refuge with the Nine Phoenix Dynasty and seek protection.

Lin Tingzhi was about to stand up and greet the empress when she was suddenly shocked.

“Jiu ‘er, sit down too.” Xiao Changtian said lightly.

“Yes, Master!”

Mu Jiu Huang was extremely respectful. She placed the dishes on the table one by one before sitting down respectfully.

“M-Master?”

When Lin Tingzhi heard the empress address her, she felt as if her mind had been struck by thunder. Her delicate body trembled and she froze on the spot.

The Nine Phoenix Matriarch!

The greatest human expert of the Tian Yuan Continent actually called someone his master?

What was going on?

Shock, fear, disbelief...A series of emotions surged into Lin Tingzhi's heart like a tide, and Lin Tingzhi could no longer remain calm.

The Nine Phoenix Matriarch was the number one expert of the human race. Her personality was incomparably domineering and arrogant! But 'Jiu' er 'and' Master 'were clearly the terms of address between master and servant.

The dignified Nine Phoenix Matriarch actually became a maid!

“Hiss ~”

Lin Tingzhi gasped.

Just now, she was still thinking that Ye Fan's master should be an expert of the same generation as the Nine Phoenix Great Emperor.

After all, in the cultivation world, the strong were respected!

Among cultivators, seniority was not based on age. Ever since Nine Phoenix the Great defeated Nebula Great Emperor and became the Great Emperor, Mu Jiuhuang was the most senior person in the Human Race.

He had also started to become friends with Taoist Xingyun and the other 100,000 year old monsters.

But now, Empress Nine Phoenix had become Senior's maid.

Lin Tingzhi was extremely frightened, but then her face was filled with joy!

Since senior was able to make the Nine Phoenix Matriarch become a maid, then senior's strength must be heaven-defying!

At least in the Mahayana realm!

Then, he should be able to easily crush Ye Hao of the Ye family.

"Let's eat first."

Xiao Changtian looked at the table full of food and nodded in satisfaction.

The dishes on the dining table in front of him were dazzling. If this was in the past, he would definitely not have dared to think about it.

"Yes."

Everyone present nodded.

Seeing Xiao Changtian pick up his chopsticks, everyone started to eat.

As the dishes on the table entered their mouths, everyone's expressions changed.

It was too delicious!

The dishes made by Senior were simply the best in the world!

At this moment, everyone directly wolfed down their food.

Even Mu Jiu Huang and Lin Tingzhi didn't care about their female image and stuffed their mouths with big mouthfuls.

As an immortal cultivator, he had never seen such delicious food!

"Master, the food you made is really delicious! Mu Jiu Huang couldn't help but say.

"Senior, I didn't expect you to know how to cook." The Pavilion Master of the Secret Pavilion said with a smile.

He really did not expect that an expert like Senior would actually do such mundane things.

Moreover, he had done it to the peak!

"It's just cooking. I'm just a mortal. Do you expect me to fly? If he couldn't cook well, wouldn't he starve to death?"

Xiao Changtian smiled faintly. He was also very satisfied with his cooking skills.

After all, cooking had been enhanced by the system and had become a great success skill.

“Mortals?”

The Pavilion Master and Lin Tingzhi’s expressions froze.

However, the two of them were smart people. They immediately reacted. Senior was a recluse who played around in the world!

“No wonder I haven’t heard of Senior’s name before. It turns out that Senior is in seclusion.”

Lin Tingzhi sighed in her heart. At the same time, she looked at Ye Fan and a smile immediately appeared on her face.

His Brother Ye Fan was indeed that hot shot. It was simply his luck to be able to meet a master like an expert.

An hour passed.

Everyone had their fill.

Xiao Changtian was taking a walk in the courtyard while Mu Jiuhuang went to wash the dishes.

The Secret Pavilion Master left tactfully.

Ye Fan continued to chop the firewood.

Lin Ting Zhi was nervous and came to Xiao Changtian with a nervous expression. She said in a timid voice, “Senior, I have a request!”

Xiao Changtian is still strolling in the courtyard, strolling in the courtyard, just letting go of the full footsteps, saying: “Okay, go ahead.”

As for the matter of Lin Ting Zhi addressing him as senior, Xiao Chang Tian did not care.

Ye Fan was his disciple, so it was fine for his disciple's fiancée to call him senior.

“Senior, something happened in my hometown with Ye Fan. This little girl dares to ask you to help!”

After Lin Ting Zhi finished speaking, she bowed and waited for Xiao Changtian's response.

Ye Fan, who was chopping firewood, also stopped and waited for his master's arrangements.

It was his master who gave him a second life. In reality, he had nothing to do with the West Bull Continent anymore.

“This matter?”

Xiao Changtian also stopped in his tracks, his face turning grave.

Ye Fan was a mortal, and this Lin Tingzhi in front of him was definitely a mortal as well.

Could it be that a natural disaster had happened in his hometown?

Droughts, no crops?

Or was it the flood that caused the crops to fail?

The first thing Xiao Changtian thought of was the natural disaster.

“Since something happened in your hometown, then let Ye Fan go back with you to take a look.”

Xiao Changtian said.

The Lin Tingzhi in front of him looked like a weak woman. To be able to come out alone to look for Ye Fan, it must be something big in her hometown.

“Master, I want to go too..”

Chapter 76: Trash Ye Fan, You Dare to Come Back?_j

Mu Jiu Huang added.

What happened in the West Bull Continent was probably related to the mysterious organization behind Daoist Blackfiend.

She wanted to investigate this matter personally.

This was because she realized that the mysterious organization’s goal seemed to be to touch the Door of the Ancients.

Behind the Door of Antiquity was a forbidden existence! Once it was opened, no one knew what the Tian Yuan Continent would face.

“You’re going too?”

Xiao Changtian was stunned.

Jiu ‘er was just a woman. What could she do if she went?

Could it be that he could help build a house?

“Sigh, it’s really possible!”

“Jiu ‘er is very strong. I almost forgot.”

Xiao Changtian’s face lit up with joy. He suddenly realized that Jiu ‘er and Chu Yiren were both stronger than the other!

There was strength in numbers!

“Okay, you follow Ye Fan too. Be careful.”Xiao Changtian ordered.

“Yes.”

Mu Jiu Huang was delighted.

When Lin Tingzhi heard that the Nine Phoenix Matriarch was also going to follow, her heart instantly calmed down!

With the Nine Phoenix Matriarch, the number one expert of the human race, there was really nothing that could go wrong!

Very quickly.

Everyone packed up and bid farewell to Xiao Changtian before setting off.

After everyone left.

Only then did Xiao Changtian remember that his disciple's hometown had suffered a natural disaster. He should have brought more gold for Ye Fan.

"I forgot about this."

Outside Dayang Town.

Mu Jiu Huang and the other two walked out and prepared to fly to the West Continent.

"Take my Nine Phoenix Boat, it's faster!"

After leaving Dayang Town, Mu Jiu Huang was prepared to take out her spirit ship.

"No need. I'll send you there."

In front of the three of them, a huge ant suddenly appeared. Its entire body was in chaos.

The ant walked out from the chaos. The red light on its antennae seemed to illuminate the heavens, and the sun, moon, and stars were revolving.

The feelers moved, and in an instant, Mu Jiu Huang and the other two arrived at the West Continent.

"What are we doing?" Before Lin Tingzhi could react, she had already appeared above the West Sea.

"Thank you, Senior!"

Mu Jiu Huang and Ye Fan bowed towards the void.

Only then did Lin Tingzhi realize that Senior Chaos Ant had used a great spatial divine power!

Spatial innate technique. According to the legends, this was a spatial innate technique that only ancient emperors could comprehend!

“Hiss!”

Lin Tingzhi gasped again.

Senior’s divine beasts are all at the ancient emperor realm. Then senior...

To think that he had thought that Senior was at the Mahayana realm. He did not expect Senior to be even higher!

When the three of them reacted, they looked at the West Bull Continent.

The entire Western Bull Continent was enveloped in darkness. The darkness was boundless...

“Ye Fan, it’s Ye Fan!”

At this moment, some of the Ye family members guarding outside the black fog saw Ye Fan and the other two and instantly shouted.

“Capture Ye Fan!”

“If we capture Ye Fan, we will be able to obtain the reward of the Ye family head!”

“Catch it. Don’t let Ye Fan escape.”

Within a radius of a thousand meters, the Ye Family guards guarding the black fog all gathered over. Their eyes were incomparably greedy, like hungry wild dogs eyeing a fragrant bone!

“Go!”

“Capture Ye Fan and hand him over to Patriarch Ye Hao!”

“As for the two women beside them, let us brothers satisfy our cravings later!”

A leading guard revealed a lewd smile on his face. His gaze landed on Mu Jiuhuang and Lin Tingzhi’s faces. He sized them up and drooled.

“Hehe, you’re courting death.”

Mu Jiuhuang’s eyes were cold as she looked at the guards of the Ye Family who were rushing up and sneered.

These ants actually dared to look at her with such a gaze? In front of senior, she was the maid. But after leaving the courtyard, she was the Nine Phoenix Matriarch of the world!

In an instant, he swung his palm, and a terrifying flame light burned in the space.

“All!”

Following a series of miserable cries, these Ye family guards directly exploded into a cloud of blood mist.

“What is it? Why is he so powerful?”

The leader of the guards was shocked.

He had never expected such a thing to happen.

Immediately, he broke into a run.

However, in front of Mu Jiu Huang, the leader of the Ye Family guards was only in the Nascent Soul Realm.

Mu Jiu Huang grabbed with her hand, and the leader was immediately imprisoned. Then, a red light whistled over.

Bang!

The leader exploded in the air. Furthermore, his soul was burned by the Nine Phoenix True Fire, and his divine soul was destroyed!

“There’s an expert. Quickly report to Patriarch Ye Hao!”

When the guards on the second floor saw this, their faces filled with shock as they fled in panic.

“I want to see who is behind this.”

Mu Jiu Huang’s phoenix eyes narrowed and she punched out. In an instant, the black fog that enveloped the Western Bull Continent was torn open.

“Fellow Daoist Nine Phoenix, wait for a moment.”

Just as Mu Jiu Huang and the other three were about to enter, another figure landed.

It was Daoist Xingyun who had rushed over.

“Fellow Daoist Xingyun? You broke through to the dacheng realm?” Seeing Daoist Xingyun, Mu Jiu Huang’s eyes darkened. She realized that Daoist Xingyun’s aura was completely different now.

“Thank you, fellow Daoist Nine Phoenix, for breaking through yesterday!” Daoist Nebula replied with a smile.

“Greetings, Senior Xingyun!”

As the two of them talked, Lin Tingzhi instantly understood.

This was the ancestor of Nebula Sect, Daoist Nebula! The former Great Emperor Nebula!

She was just about to greet him when she suddenly froze on the spot. Because he was shocked by the way Daoist Xingyun addressed him.

“Dao Friend Ye Fan, are you preparing to take revenge this time?”

Daoist Daoist Nebula’s expression was calm. After returning from the small courtyard last time, he remembered why he had a familiar feeling towards Ye Fan.

This was because when Ye Fan was born back then, the phenomenon of heaven and earth was extremely terrifying.

Even Daoist Xingyun couldn’t help but release his Divine Sense to spy on the Ye Family.

At that time, he had glanced at Ye Fan.

Now that he saw Ye Fan and the West Bull Continent, he instantly understood that Ye Fan was the Eldest Young Master of the Ye Family, the genius who possessed the Supreme Being Bone.

However, the Supreme Being Bone was later seized by the Ye Family.

“The Ye family has nothing to do with me anymore. It’s just that Master asked me to come back and take a look.”

Ye Fan smiled faintly. During this period of time, he had been cultivating the Mortal Sutra. What he cultivated was not only the Mortal Dao, but also a state of mind.

Only when one’s state of mind returned to the mortal realm and had no desires could one come into contact with the true Great Dao.

Daoist Xingyun and Mu Jiuhuang nodded their heads in understanding.

Meanwhile, in the main hall of the Ye family.

Ye Hao sat cross-legged with his eyes closed, surrounded by black gas. He was still thinking about how to fuse with the Supreme Being Bone!

However, no matter how hard he tried to erode that silver light, he could not take an inch forward.

“Family Head, something bad has happened. Ye Fan has returned with two helpers and killed our Ye Family’s guards.”

Suddenly, a servant of the Ye family ran up, his tone flustered.

Hearing this, Ye Hao opened his eyes. The moment he opened his eyes, a cold light appeared, followed by endless killing intent.

“Hahaha, a mere Ye Fan.. I didn’t go to look for him, but he actually came to me himself?”

Chapter 77: Ye Fan, Die!

Ye Hao's face darkened, and the black gas around him was all restrained.

...

Then, he took out a transparent crystal ball and waved his hand. The images of Ye Fan and the others appeared on the crystal ball.

"Hao 'er, how's the situation now?"

Ye Zhengnan could not help but ask.

"What did you call me?" Ye Hao's face turned cold when he heard that. He shot a cold look at Ye Zhengnan.

Ye Zhengnan shuddered at the stare and quickly changed his words, "Master Ye!"

"Hmph, remember your identity next time."

Ye Hao's voice was cold and his eyes were filled with contempt.

He was no longer Ye Hao. Ye Hao had died long ago. The soul in his body was the Green Bull Emperor.

Originally, after Ye Hao's great display of power, Ye Zhengnan once thought that his spring was coming and that the era of him, Ye Zhengnan, ruling the entire West Province had arrived.

However, reality gave him a hard slap!

This slap was given by Ye Hao!

Beat him until he was completely awake from his dream.

Ye Hao directly seized the position of the family head.

Even so, Ye Zhengnan did not resist at all. He thought that everything was normal!

His Hao 'er was only anxious because he had yet to completely fuse with the Supreme Being Bone.

When he killed Ye Fan, everything would be there!

“Bring some people and go kill Ye Fan.”Ye Hao said coldly.

“Yes.” Ye Zhengnan quickly agreed and left the hall.

At this time, Ye Hao waved his hand, and the image on the crystal ball changed again. The man wearing the skull mask appeared again.

“The plan is the same as what you thought. The Nine Phoenix Empire’s empress who dared to declare herself emperor after transcending her tribulation has indeed come.”

The Green Bull Emperor sneered.

“Back then, Mu Jiu Huang was looking for us. This is not surprising. What I didn’t expect was that Mu Jiu Huang actually broke through to the Mahayana Realm. It seemed like the person behind Mu Jiu Huang was indeed an ancient emperor! There’s no doubt about it.”

The man wearing the skull mask said in a deep voice.

Invading the West Continent and awakening the Green Bull Emperor. The main purpose of this plan was to target Mu Jiu Huang and confirm Xiao Changtian’s identity.

Ever since he saw Xiao Changtian kicking the Black Tortoise and holding the Phoenix in his hand in the crystal ball, the skeletal man had begun to guess the relationship between Mu Jiuhuang and Xiao Changtian.

In fact, it was easy to deduce.

From the time the Dark Fiend Taoist chased Mu Jiuhuang to Dayang Town, he failed and died mysteriously. In addition, the Black Blood Taoist tried to test him, but the Black Blood Chessboard was broken. Only Xiao Changtian could do such a thing!

Anyone with discerning eyes could guess that the rescue of the Nine Phoenixes was related to Xiao Changtian.

Knowing this relationship, the skull-masked man began to set up today's situation.

Their goal was to lure Mu Jiuhuang over and kill her!

As for Xiao Changtian, he was sure that he wouldn't make a move, and he didn't dare to! He had also survived before the Fallen Emperor Era, so he naturally understood what the consequences would be if an ancient emperor acted.

This sentence was only for Mu Jiuhuang!

"However, this time, there is another Mahayana realm." The Green Bull Emperor spoke again. He was referring to Daoist Nebula.

"Daoist Xingyun was an accident, but don't worry, I'll send more people to buy you some time. I'll let you absorb the essence blood of the owner of the Supreme Being Bone and completely fuse with it. Your strength will recover to the Mahayana Realm first, and it'll be enough to kill Mu Jiuhuang and Mu Jiuhuang."

the skull-masked man said in a deep voice.

“Alright.”

The Green Bull Emperor nodded. In this era, he could only recover to the Mahayana realm.

However, as the Green Bull Emperor, an overlord before the Fallen Emperor Era, it was enough to deal with two juniors of the same realm.

The next moment, the two of them cut off the call on the crystal ball.

Then, a teleportation array lit up in the hall, and another ten black-robed men appeared.

“Very good, follow me.” Ye Hao stood up.

In front of the Ye family’s gate.

Ye Fan and the other two had already arrived.

Mu Jiu Huang was unstoppable. No one could stop Nine Phoenix Great Emperor!

“How is this possible, the Great Phoenix Emperor has broken through to the Mahayana realm?”

“So many clan elders were actually killed by the empress with one hand!”

The servants of the Ye family panicked. The corpses of the elders lay on the ground one after another. It was a shocking sight!

Ye Zhengnan flew into a rage!

“Hmph, Ye Fan, what an unfilial son. You actually colluded with outsiders to harm the Ye family. You will be completely removed from the Ye family’s genealogy!”

Ye Zhengnan looked at the Ye family members who were retreating step by step. He turned his spearhead and stared at Ye Fan as he said fiercely.

“Pah! Uncle Ye, aren’t you disgusting? Even now, she was still using morality to kidnap Brother Ye FanP’Lin Tingzhi, who was beside Ye Fan, couldn’t stand it anymore and directly cursed.

“Ye Zhengnan, do you want to die?” Mu Jiu Huang’s face turned cold.”

The dignified empress had killed countless people, but she had never seen such a disgusting person.

Not only did he dig out Ye Fan’s Supreme Being Bone, but he actually wanted to use it to threaten Ye Fan.

“Fellow Daoist Ye Fan, I can do it for you.”

Daoist Nebula also said that he was being a big shot.

“Hmph, you two should worry about yourselves first.”

However, at this moment, Ye Hao’s voice rang out. In an instant, twenty men in black surrounded Mu Jiu Huang and Taoist Xingyun.

In an instant, the twenty men in black attacked Mu Jiu Huang and Daoist Xingyun!

“You’re courting death!”

“This old man has just broken through to the Mahayana realm, so it’s a good time to try.”

Mu Jiuhuang and Taoist Xingyun looked disdainful. Powerful vital essence whistled out and instantly entangled with the 20-odd black-robed men.

Mu Jiuhuang's red light turned into a waterfall, and under Daoist Xinghe's feet was a river of stars!

The terrifying power of the two sides collided!

The men in black were forced to retreat.

However, as the black-robed men retreated, a black aura appeared around them!

The black gas began to slow down Mu Jiuhuang and Daoist Xingyun in the Space Bell.

The moment the two of them were delayed.

"Hehe, Azure Ox Heaven Imprisoning Formation, activate!"

Ye Hao spread his arms and shouted. Two green bull phantoms soared into the sky and instantly enveloped Mu Jiuhuang and Taoist Xingyun.

This was the secret technique unique to the Green Bull Emperor, the Green Bull Heaven Imprisoning Formation!

In fact, before the Fallen Emperor Era, he had once trapped an ancient emperor!

He had absolute confidence. In a short period of time, with the help of the twenty black figures, it was impossible for Mu Jiuhuang and Daoist Xingyun to rush out!

This period of time was enough for him to devour Ye Fan's blood essence and refine the Supreme Being Bone.

“Ye Fan, obediently hand over your blood essence! Let me merge with the Supreme Being Bone!”

The Green Bull Emperor laughed loudly as a huge green bull phantom appeared behind him!

The green bull roared angrily. Its body was hundreds of meters tall as it walked towards Ye Fan step by step.. With every step it took, the entire West Province trembled! They were trembling!

Chapter 78: Disciple, Master Is Here (1)

“Brother Ye Fan, be careful!”

...

Looking at the flying Green Bull Dharma, Lin Tingzhi’s expression changed and she was about to pull Ye Fan’s hand and escape.

However, the Green Bull Emperor could not allow her to destroy it. Another youth Heaven Imprisoning Array rose from under Ye Fan and the other. In an instant, the two of them were directly trapped.

“Not good!”

Lin Tingzhi’s expression was shocked. She waved her spiritual power and punched forward.

However, the Azure Ox Heaven Imprisoning Formation did not move at all!

“Brother Ye Fan, we’re finished.” Lin Tingzhi was shocked.

“Don’t worry, it’s fine. I’ll split it open.” Looking at the despairing Lin Tingzhi, Ye Fan only smiled faintly and took out the axe from his waist.

“Hahaha, Ye Fan, it can’t be, right? You’re already so stupid? A mere axe can break my secret technique?”

“It seems that without the Supreme Being Bone, your brain is not working well!”

Ye Hao laughed out loud, and the green bull phantom was about to land.

“We’re finished!”

Lin Tingzhi closed her eyes.

In front of the gate of the Ye family, Ye Zhengnan’s face was ferocious and his eyes were filled with ecstasy. As long as the phantom of the green bull fell, Ye Fan would be swallowed by Ye Hao.

When Ye Hao devoured Ye Fan’s blood essence and completely fused with the Supreme Being Bone, Ye Hao would be invincible!

Ye Zhengnan had a ferocious smile on his face. He was already imagining the moment when Ye Hao was truly invincible!

Not far away, the heads of the Lin, Xiao, and Chu families, as well as the leaders of the various factions, were silently observing everything.

“Forget it, so be it. I have to fight for a chance for my daughter!”

Lin Baishui saw that the green bull phantom was about to descend. He gritted his teeth and his body directly turned into an afterimage, wanting to block the green bull phantom.

However, he was halfway there.

Lin Baishui stopped.

The sinister smile on Ye Zhengnan's face gradually disappeared.

Countless sect leaders were dumbfounded.

They saw that Ye Fan's figure did not move at all. His expression was calm as if he was a farmer chopping firewood as he slashed down with his ax.

Kacha!

With an extremely crisp cracking sound, the Azure Ox Heaven Imprisoning Formation was directly broken!

"What is it? How is that possible?"

The Green Bull Emperor was shocked. That was his secret technique. It had even trapped a Great Emperor before the era of the Fallen Emperor!

It was split open just like that?

"No, look, that axe light hasn't disappeared!" At this moment, someone else said.

Sure enough, everyone looked at the axe light. The axe light flew straight at Ye Hao.

Then, it flew right between Ye Hao's eyebrows!

"You're courting death!"

The Green Bull Emperor was furious. It was just an axe. He was the mighty Green Bull Emperor, but one day, he was actually attacked by an axe.

Boundless black gas was released from the Green Bull Emperor's body, and the sky of the entire West Province became darker.

The black qi transformed into a huge palm that grabbed towards Ye Fan. It wanted to devour Ye Fan directly!

Lin Baishui and the others felt this majesty and directly knelt on the ground. The soul mark in their souls activated, and they let out miserable cries.

The entire West Bull Continent was like a land of death!

"Hahaha, let me devour you!"

The Green Bull Emperor laughed loudly as his black palm was about to press down.

But at this moment.

The axe emitted a silver-white light. With a swoosh, it cut through the pitch-black hand and landed between the Green Bull Emperor's eyebrows.

At this moment, the world seemed to have quieted down.

"Why...It's possible!"

Green Bull Emperor's face shook, and his life force seemed to drain rapidly. His eyes were filled with terror.

Suddenly, he seemed to have thought of something and said in fear, "That silver light from the Supreme Being Bone, was it you...?"

"All!"

However, before the Green Bull Emperor could finish speaking, his body was wrapped in silver light and he disappeared completely.

He turned into a beam of light and disappeared!

"Hiss ~"

When the experts of countless forces saw this scene, they began to gasp.

It was too unbelievable, too unbelievable!

This axe light looked ordinary, but it could actually kill Ye Hao, who had killed the ancestors of the West Bull Continent!

Everyone felt an indescribable fear!

"Bang!"

At the same time, Mu Jiuhuang and Daoist Xingyun also broke through the Youth Heaven Imprisoning Formation. The twenty men in black were killed by the two of them!

The battle ended.

Lin Tingzhi opened her eyes and stared blankly in front of her. Ye Hao had disappeared and the twenty men in black were all dead.

Ye Fan stood in front of her and put the axe back to his waist.

Everyone from the Ye family knelt on the ground and trembled.

His father and the others stood rooted to the ground like statues.

Brother Ye Fan, where's Ye Hao?" Lin Tingzhi blinked her big eyes and asked in confusion.

"I struck you."

Ye Fan smiled faintly. His smile was kind and not violent.

"He was struck?!"

Lin Tingzhi was dumbfounded.

On that day, Ye Hao suppressed dozens of ancestors with his own hands and was invincible!

He was struck by Brother Ye Fan just like that?

Didn't Brother Ye Fan lose his Supreme Being Bone and become a mortal?

"Could it be..."

Lin Tingzhi stared at Ye Fan and was shocked. She instantly remembered that Brother Ye Fan had said that he did not need the Supreme Being Bone anymore.

At that time, she actually naively thought that Brother Ye Fan was decadent!

It turned out that Brother Ye Fan was already invincible!

“That senior is too terrifying. In just a few months, brother Ye Fan has actually gone from losing the supreme being bone to reaching the point where he can kill a demon like Ye Hao!”

Lin Tingzhi’s heart was in turmoil.

The mood of those experts also increased by 1.

In the dark chamber.

As if sensing that the Verdant Ox Emperor had been killed, the man wearing the skull mask stood up again.

“What happened? Why did their plan fail again just now?”

The skull-masked man’s voice was filled with shock as he looked at the battle scene that was transmitted back.

“This... This is impossible!”

Very quickly.

The West Bull Continent must have settled down.

The Ye Family had collapsed along with Ye Zhengnan’s complete madness.

At this moment, Ye Fan and the others were guests of the Lin family.

At this moment, two figures had just stepped onto the West Province's territory.

One of them was dressed in a green robe, while the other had red eyebrows and a red beard. Both of them had puzzled expressions.

These two people were Xiao Changtian and the Great Sun Immortal.

"This is the West Province. It's in tatters. It looks like a natural disaster really happened."

Xiao Changtian looked at the ground. There were countless broken walls, scorched marks, and corpses. He felt lucky.

Fortunately, he remembered that he didn't give his disciple any silver, so he brought the Immortal of Big Sun to this place.

"Disciple, don't worry. I'm here."

Xiao Changtian thought.

However, looking at the unfamiliar environment in front of him, Xiao Changtian decided to find a place to stay first.. After all, he still had a family to take care of...

Chapter 79: It's Too Late, Your Miss Is in Danger (1)

At the Longevity Inn.

...

Xiao Changtian and the Great Sun Immortal stayed here.

“Is this the legendary teleportation array? It is indeed powerful.”

Xiao Changtian nodded his head. He recalled that when he took the Teleportation Formation of the Great Sun Sect, the distance between the two continents was so far, but he had arrived in just a day.

“Little Ma, don’t you think so?”

Xiao Changtian looked at the Chaos Ant that he had put into a transparent crystal ball and said with a smile.

Inside the crystal ball, the Chaos Ant could only nod helplessly.

Master had placed him in the innate divine weapon that could contain Chaos back then, so he could not use the spatial technique.

Otherwise, they would have arrived in the blink of an eye.

However, Master...

On the other hand, Daoist Big Sun, who was standing at the side, just smiled and said, “It’s just” so-so.”

The Great Sun Immortal followed Xiao Changtian with a smile on his face, but he didn’t dare to say anything.

This senior had suddenly found him and asked him to bring him to the West Bull Continent.

If it was in the past, it was impossible for the small sects of the Great Yang Sect to have a teleportation array.

It was too difficult to build a Teleportation Formation. However, the three Tribulation Transcenders, including Perfected Zhong Xian, had built a Teleportation Formation in the Great Sun Sect and connected it to the Teleportation Formation of the Zhongxian Sect.

There was already a teleportation array to the West Bull Continent in the Middle Sage Sect.

Thus, it became the transportation hub between the Great Sun Sect and the Western Bull Continent!

“If I had known earlier, I would have let Ye Fan and the others go to the Great Sun Sect to make the teleportation array. It would be safe and fast.”

Xiao Changtian could not help but say. He did not know if Ye Fan had returned yet.

“What a pity. I only know that Ye Fan is in the West Province, but I don’t know the exact address.”Xiao Changtian shook his head. He could only gather information for a few days.

With the Great Sun Immortal by his side, his safety was not a problem.

“Damn turtle, eat.”

The Immortal Da Yang left and went back to his room to rest. Only then did Xiao Changtian have time to feed these animals.

Xiao Changtian thought that it would take a long time to come to the West Bull Continent. At most, it would take a year or at least a few months. He didn’t expect that it would only take a day.

If he had known earlier, he would not have brought these animals along.

“Damn turtle, eat.”

Xiao Changtian looked at the turtle and saw that it was fighting with the hen again. He couldn't help but weigh the strength of his leg and kick the turtle's back.

"Gu gu gu..."

Seeing the green-haired turtle being kicked away, the old hen raised her neck with a gloating expression.

"Roar ~"

The Black Tortoise was forced by Xiao Changtian's power, so it could only hide in its shell and let out a low roar.

"You still dare to be dissatisfied?"

Xiao Changtian was furious. This damned turtle was living a better life than him. He even fed him the food provided by the system every day.

In fact, he had to check the condition of this damned turtle three times a day.

Because the system had once said that these animals could not get sick yet.

Every time he fell sick, the mission would double.

Although Xiao Changtian had learned how to maintain his health in this life and no longer stayed up late to cultivate, he still cared about this old turtle more than himself.

This freaking green-haired turtle didn't give him any peace of mind.

"Come out and quickly eat the feed. Otherwise, I'll chop you up and make soup for you." Xiao Changtian said unhappily.

When the green-haired turtle heard this, its entire body trembled. Only then did it poke its head out of its shell and begin to eat its feed.

The old hen stood at the side and looked on arrogantly, looking as if she had won a great victory.

He even sent a voice transmission to the Black Tortoise True Essence, "Ugly turtle, come and fight me! Hahahaha..."

"Humph."

The green-haired crow ghost humphed in grievance, lowered its head, and stopped talking. It silently ate its feed.

The old hen looked at this scene and raised her neck even higher.

"Pa!"

Just as he raised his neck to the highest point, Xiao Changtian slapped him.

"And you, why are you so arrogant all day? Do you want to die? If you dare to be arrogant again, I'll chop off your head and stew it."

Xiao Changtian cursed at the hen.

He really couldn't take it anymore!

These two were the most worrisome!

After feeding the green-haired turtle and the hen, Xiao Changtian finally had time to care about Alpha and the Chaos Ants.

“You guys are still the smartest.”

Xiao Changtian nodded in satisfaction.

“Waah! Waah!”

And hanging on Xiao Chang Tian’s thigh was fat Rongrong, making a cute sound, her pair of big eyes blinking.

“You’re the most troublesome one. I wonder if you can eat this feed?”

Xiao Changtian had asked the waiter before that there was no bamboo in the West Bull Continent.

“Forget it. I’ll give you some to try first.” Xiao Changtian thought about it, and still took out a bit, first letting Fatty Rongrong try it, to see if there would be any adverse reactions in the body.

“Sob, sob.”

Fatty Rongrong hurriedly nodded when he heard this. The feed in senior’s hands contained a terrifying aura of the Great Path. As a demonic beast, he could clearly sense it.

“Then I’ll give you some.”

Xiao Changtian smiled and placed a portion of it on a metal plate.

“Help!”

“Help!”

At this moment, an extremely noisy voice suddenly sounded in the small courtyard of the inn. The voice sounded extremely urgent.

“What happened?” Xiao Changtian was curious. He opened the window and stood behind it.

After all, he was unfamiliar with the West Bull Continent. If he encountered a great battle between cultivators, it would be better for him to hide.

Before he became invincible, he absolutely had to hide and not get involved in any trouble.

Standing behind the window like this, he could completely hide his figure and not be seen by others. Instead, he could see others!

Through the half-opened window, Xiao Changtian saw a young woman in silk fainted on the ground, her face pale.

A servant girl was standing beside the woman and was at a loss as she shouted loudly.

However, everyone gathered around with puzzled expressions.

“I beg you, please save my Miss!”

The maidservant was desperate, so she grabbed a hot person who was watching and kowtowed for help.

Being grabbed like this, that person hurriedly said, “Miss, I don’t know medicine. Hurry up and find a doctor.”

“That’s right. Not far from here is the home of the only doctor in our town, Wang Miaoshou.” A passerby reminded.

After receiving the guidance, the servant girl’s face lit up. She took out a piece of gold and handed it to the waiter, saying, “Quickly go and find a doctor. As long as you can cure my young miss, you will be rewarded heavily!”

Seeing that piece of gold, the waiter looked as if he had seen God. He hurriedly nodded and ran out.

At this moment, a voice sounded.

“It’s too late, your young miss is in danger..”

Chapter 80: Why Are You Crying?(i)

The one who spoke was Xiao Changtian!

...

Thanks to the system’s reward, he, who had mastered his medical skills, could tell at a glance that the woman in front of him had probably fainted due to a burst of blood vessels in her heart.

It would take at least fifteen minutes to get a reply.

However, within this fifteen minutes, the woman on the ground would die.

It was too late!

“Hmph, who are you? Don’t talk nonsense if you don’t understand?” The servant girl looked at Xiao Changtian with anger.

This person actually dared to curse the young miss. After this matter was over, he would definitely let the young master deal with this fellow when he returned to the family.

“It doesn’t matter who I am. What’s important is that I know medicine.”

“The injuries on your young lady’s body are extremely dangerous now. In less than fifteen minutes, her life force will start to flow away. At that time, it will be as difficult as ascending to the heavens to save her.”

Xiao Changtian said in a deep voice.

Although he didn’t want to cause trouble, as a gardener, he couldn’t just leave her in the lurch.

“You know medicine?”

“Hmph, I don’t believe it. Which medical expert is as young as you?”

The servant girl snorted coldly and sneered.

In fact, they were from the Wang family of Changsheng Town.

The Wang family was a large family. The unconscious person on the ground was the eldest daughter of the Wang family, a State Immortal Wang. The Wang Clan also had a young master who had entered the Lin Clan, one of the Four Great Cultivation Clans! He became an in-name disciple of the Wang family.

Therefore, the Wang Clan was like a tyrant in Dayang Town.

It was just that her young miss was usually low-key and rarely appeared in public.

Who would have thought that the young miss would suddenly faint when she suddenly had the idea of taking a walk outside to relax!

“Your young miss is in a very dangerous situation. She must be treated immediately and cannot be delayed.”

Xiao Changtian didn't care about the servant girl's sneering and walked towards Jing Xian Wang.

In his current situation, every second he delayed would be extremely dangerous!

“No!”

However, at this moment, the servant girl directly blocked Xiao Changtian's path.

“What are you doing?” Xiao Changtian frowned. This woman's situation was too dangerous. He couldn't delay any further.

“Hmph, you're not allowed to touch my young miss.”

“At such a young age, you lied that you know medicine. I have seen many people like this. Many prodigals use this method to get close to Miss.”

“You guys are just coveting miss's beauty and want to take advantage of miss at this time!”

The servant girl stood in front of Xiao Changtian, and she was very aggressive.

As the servant girl said this, the surrounding women began to support her.

“That's right. You're so young and you don't learn well. If you know medicine, I'll eat sh * t on the spot.”

“Medicine requires time to accumulate. Young people just want to take advantage of young girls.”

“Beautiful people like us, but you ugly men only think about how to f * ck us. Disgusting!”

All the women present started to argue, not giving Xiao Changtian any time to think.

Xiao Changtian felt that he was speechless. He even felt like he had met someone before.

He seemed to have seen a similar scene on the Internet in his previous life.

These women were clearly being unreasonable. He hadn't even taken his pulse, yet they knew that he didn't know medicine.

Other than saying that he was more handsome, there was nothing that was right-

“Make way, the king is here.”

Suddenly.

The waiter shouted from the crowd.

Everyone made way for the waiter and an old man carrying a medicine box to pass.

This old man was not dressed in cloth. His temples were white, but he was in good spirits. He carried a medicine box on his back.

“Great, the doctor is here.”

“Doctor. My young lady is the eldest young lady of the Wang family. As long as you take good care of her, the Wang family will reward you.”

The servant girl no longer tried to stop Xiao Changtian and turned to face Wang Miaoshou.

“Wang Miaoshou is here. This girl is saved.”

“That’s right. Among all the villages here, Wang Miaoshou’s medical skills are the best. Last year, I almost met the King of Hell, but it was Wang Miaoshou who pulled me back from the gates of hell.”

“Wang Miaoshou, this skillful hand, does not live up to his reputation!”

The surrounding crowd began to praise him with respect.

In their eyes, a mere fainting was just a matter of a wave of Wang Miaoshou’s hand.

As long as Wang Miaoshou waved her hand to use the needles, the fainted girl would soon wake up.

“Let me take a look first.”

Wang Miaoshou said indifferently. He did not show any joy because of the praise from the surrounding people.

He squatted down with a calm expression and stretched out his hand to feel her pulse. In an instant, his expression became solemn as he said in a low voice, “I can’t do anything about it.”

Wang Miaoshou’s voice was low, but everyone present could hear it clearly.

The servant girl was even more shocked!

“Wang Miaoshou, did you make a wrong diagnosis?”

“If you want money, I’ll give you more!”

Instantly, the servant girl panicked.

Miss was fine, how could she suddenly die!

“Miss, don’t die!” The servant girl instantly collapsed to the ground and cried loudly.

Her heart-wrenching cries resounded throughout the entire inn.

Outside the inn, in a corner, a figure wearing black night clothes raised his eyebrows when he saw this scene. It was obvious that he was sneering.

After confirming that the King Realm Immortal was really dead, he disappeared into the darkness without anyone noticing.

Of course, he was still seen by the Grand Sun Immortal.

However, he didn’t make a move when he saw the indifferent look on the face of the Desolate Vast Heavens.

“Senior didn’t make a move, nor did he give me any orders. It seems that Senior has already made arrangements.”The Great Sun Immortal nodded and felt that he was really smart to be able to think of the senior’s meaning.

“Can you stop crying?”

“It’s not like he’s completely dead.”

Xiao Changtian listened to the servant girl’s cries as if she was asking for his life!

He really couldn’t take it anymore.

Although the King Realm Immortal was in a dangerous situation and saving him was as difficult as ascending to the heavens, it was not impossible.

“Hmph, Miss is already dead, and you’re still making sarcastic remarks. I’ll go back and tell Young Master to kill you. Sob, sob, sob ~”

the servant girl said as she cried.

“That’s right. Can you not make sarcastic remarks? Being handsome doesn’t give you the right to make sarcastic remarks!”

“That’s right, that’s right.”

The surrounding women attacked again.

However, this time, Xiao Changtian didn’t pay any attention to them. They were just a bunch of brainless trolls. He squatted down and picked up a few silver needles. Then, he pierced them into the body parts of State Immortal Wang..
