Chapter 1001: Even If You Don't Love Me, You Must At Least Respect Me!

Hou Yingyi curled his lips indifferently. In front of Wei Xiaoqing, he turned his back to her and walked toward the door. "When you committed that shameful sin in the past, you should have thought about the consequences one day. I've done my best to take care of you. What more do you want?"

He had done his best?

Wei Xiaoqing almost died of anger when she heard those five words. The things she could bear and endure in the past, the anger she could handle, she could no longer control it now.

With a few steps, she chased after Hou Yingyi and pulled him roughly by the arm. "Hou Yingyi, I dare you to step out of this house today!"

"Do you think I will be afraid of you?" Hou Yingyi suddenly turned around and pushed Wei Xiaoqing away. "If I want to leave, I'll leave. If I want to stay, I'll stay. How dare you threaten me!"

Hou Yingyi then pointed at Wei Xiaoqing, who had staggered back a few steps and finally managed to steady herself, saying angrily, "Wei Xiaoqing, let me tell you, if you stay here peacefully, you will continue to be Mrs. Hou. But if you dare to interfere in my life, do you believe that I can kick you out right now?"

Wei Xiaoqing felt that Hou Yingyi had suddenly become bolder and braver after they left the Hou Family.

With Yu Meilin and Hou Shihong in charge, no matter how wronged Hou Yingyi felt, he would not do anything to Wei Xiaoqing.

Now that they had moved out, it was as if he had been freed from his parents' control. He did not give any face to Wei Xiaoqing. He also pushed her without caring that she was pregnant.

"Hou Yingyi!"

Wei Xiaoqing clenched her fists and shouted at him. "I am your wife and we are legally married! Even if you don't love me, you must at least respect me! Besides, I am pregnant with your child. If you are truly a man, stay with me tonight!"

"Tch!" Hou Yingyi did not care about Wei Xiaoqing's anger at all. This time, he walked towards the door very quickly. It was as if he was afraid that she would come after him again. He ran out with two steps.

He was not afraid of Wei Xiaoqing. He just felt that she was difficult to deal with. Wei Xiaoqing was like candy, always attached to his body. It was so disgusting that it was deadly. nOVELUSb.CoMM

Sure enough, not long after he ran out, Wei Xiaoqing ran out after him with her hand holding her big belly.

Hou Yingyi also suspected that Wei Xiaoqing had lied to him. Can a pregnant woman run that fast?

Fortunately, he had long legs. When he saw Wei Xiaoqing running after him, he ran as fast as he could. He opened the car door and jumped inside. He inserted the car key, turned on the ignition, stepped on the clutch, and drove the car out of the house. The whole process was done in one breath. He drove the car out at a very fast speed.

Wei Xiaoqing could only watch as Hou Yingyi's car drove away before her eyes. She was so angry that she stomped her foot. "Hou Yingyi, stop right there! Hou Yingyi!"

No matter how loudly she shouted, Hou Yingyi did not stop and immediately disappeared from her sight.

Wei Xiaoqing could only go home angrily and sit on the sofa.

The two nannies were treated as punching bags by her to vent her anger. She scolded them violently. In the end, they could no longer bear Wei Xiaoqing's anger and looked for an excuse to go back to work.

When Wei Xiaoqing saw that they would rather clean up the house than take care of her, her heart was once again filled with anger.

For half a month, Hou Yingyi did not return home.

He was like a wild horse that was suddenly released from its bridle and galloped away without a trace.

Even when Wei Xiaoqing called him, he did not pick up. It was as if he had disappeared from the radar.

Wei Xiaoqing's gut was completely green with regret right now.

In the past, when she lived in the Hou Family Residence, even though Yu Meilin and Hou Shihong did not pay attention to her even though they hated her, but fortunately, there were still some people in the house. She did not feel lonely nor was she afraid.

Now, in this big house... Apart from the two nannies, she was the only one. The loneliness and fear she had never felt before made her feel like a prisoner.

To her surprise, she began to miss the old residence of the Hou Family, Yu Meilin and Hou Shihong.

Thinking of this, Wei Xiaoqing suddenly stood up and called for the two nannies.

The two nannies stood anxiously in front of her, waiting for her to scold them.

"You two, hurry up and pack my bags. I want to go home!"

Go home?

The two nannies looked at each other. The nanny from the Hou Family, Nanny Cheng, said, "Young Madam, a married woman cannot go back to her mother's house without her husband accompanying her. This will only cause others to laugh at our Hou Family."

If Wei Xiaoqing did not have time to talk nonsense with them now, she would have scolded them long ago.

She said impatiently, "Who said I'm going back to my mother's house? I'm talking about going back to the old residence, the Hou Family Residence! Hurry up and pack my bags!"

"Hou Family Residence?" Nanny Cheng laughed softly and stood there respectfully. "Madam said that Young Madam and Young Master are not allowed to return there after moving out. Especially the Young Madam. Running around with a big belly is very dangerous. You should live here in peace. If you need anything, we will do it for you."

Nanny Cheng's words sounded so grand that Wei Xiaoqing could interpret the meaning behind them. Yu Meilin just did not want her to go back there!

Maybe this house was also given by Yu Meilin to get rid of her!

Wei Xiaoqing had once asked Hou Yingyi why Yu Meilin had suddenly become so generous.

She could also give Hou Zexian's house to them.

Apparently, Yu Meilian had been thinking of ways to drive her out of the Hou Family for a long time!

The more Wei Xiaoqing thought about it, the angrier she became. The more she thought about it, the more she felt that she had been fooled by Yu Meilin.

She picked up the car keys on the table, angrily pushed the two nannies away, and angrily left the house.

Nanny Cheng quickly took out her phone and dialed Yu Meilin's number. "Madam, Wei Xiaoqing did not listen to our advice and is on her way back to the old residence!"

Chapter 1002: A Pair Of Broken Shoes That Have Been Used By So Many People

"Did she go back on her own?" Yu Meilin pursed her lips and sneered, "Then let her go back."

Her voice sounded strange, and Nanny Cheng felt that it was a little scary when she heard it. Instantly, thick goose bumps formed on her arms.

It was said that there was no smoke between the mother-in-law and the daughter-in-law. Nanny Cheng felt that the fight between Wei Xiaoqing and Yu Meilin might be inevitable today.

Wei Xiaoqing's stomach was starting to show and it was uncomfortable for her to drive, but even so, she still drove the car furiously towards the Hou Family Residence.

Yu Meilin was already sitting on the sofa, waiting for her arrival.

Wei Xiaoqing was standing outside the Hou Family's door, and her hand had just touched the doorbell when she suddenly... paused and her eyes turned cold. She put her thumb on the fingerprint lock to unlock the door.

In the past, when Wei Xiaoqing still lived here, Yu Meilin had asked the housekeeper to take her fingerprint so that it would be easier for her to get in and out of the house. But now, when Wei

Xiaoqing's finger was placed on the scanner, no matter how her thumb changed direction, the door still couldn't be opened.

Wei Xiaoqing was so angry that she rang the doorbell loudly.

Nanny Huang came out of the kitchen and ran to the door. From the surveillance camera, she saw that it was Wei Xiaoqing, and she immediately looked at Yu Meilin. "Madam, it's the Young Madam..."

"Open the door for her." Yu Meilin said in a domineering manner. Her expression and tone of voice really looked like she was ready to fight Wei Xiaoqing.

Nanny Huang nodded and opened the door.

"Get out of my way!"

As soon as the door opened, Wei Xiaoqing pushed Nanny Huang, who was blocking the door. Without even changing her shoes, she angrily walked into the living room.

"Mom! What do you mean by this!"

Faced with Wei Xiaoqing's question, Yu Meilin gracefully put her hands in her lap and smiled coldly.

"What do you mean?"

"You bastard!"

When Wei Xiaoqing was angry, she really dared to say anything. She had really inherited the unreasonable temper from Jiang Huifang.

"Did you give the house to Yingyi because you wanted to chase me out of the Hou Family?"

Yu Meilin raised her eyebrow and did not deny it. "Yes!"

"You!"

Wei Xiaoqing really did not expect that Yu Meilin wouldn't make excuses and admit it just like that.

This was just like a hard slap in the face.

She held her stomach and took a few steps toward Yu Meilin. She looked down at her and scolded angrily. "Why did you chase me away? On paper, I am Hou Yingyi's legal wife! I am the Young Madam of the Hou Family! How dare you do this to me! Aren't you afraid of being stabbed in the back and scolded by others?"

"Heh..." Yu Meilin sneered. She looked at Wei Xiaoqing as if she was seeing a joke. Her expression was full of mockery. "What can others scold me about? Even if others want to scold me, they will instead be scolding you for the sins you have committed! You do not follow the path of a woman! With all the shameful things you have done, who can tolerate you?"

Half a year had passed since that incident.

Furthermore, Hou Shihong had said in front of all the members of the Hou Family that this matter should not be mentioned again.

Hou Yingyi didn't dare to mention it, and she didn't dare to mention it either. Although Yu Meilin wouldn't normally give her a face, she'd never brought up this matter again.

Originally, Wei Xiaoqing thought that this matter wouldn't be brought up again, but Yu Meilin actually dared to bring it up to scold her now.

This was unacceptable!

"Back then, when I married Hou Yingyi, you all knew about it. Didn't you all bear it because you wanted to get my company? What? Now that the company is in your hands, you want to chase me out of the Hou Family? Let me tell you, you can't!"

"Wei Xiaoqing!" Yu Meilin wasn't someone to be trifled with. How could she tolerate Wei Xiaoqing scolding her so loudly in front of her?

She raised her hand and slapped the tea table hard. She suddenly stood up and stood face to face with Wei Xiaoqing. Her aura wasn't inferior to Wei Xiaoqing at all.

"If I want to chase you away, I will chase you away. How dare you raise your voice against me!"

"Y-You!"

Wei Xiaoqing was so angry that her whole body trembled. If she weren't pregnant, she would really bite Yu Meilin.

Out of the corner of her eye, she saw a fruit knife on the tea table. She could no longer hold back the anger in her heart and didn't care about the inconvenience of having a big belly. She bent down and picked up a fruit knife. The tip of the knife was pointed at Yu Meilin's face. "If you have the ability, say more!"

Yu Meilin wasn't afraid of the fruit knife in Wei Xiaoqing's hand. She snorted coldly. "So what if I say it ten times? Wei Xiaoqing, you're just like your mother. My Hou Family let Yingyi marry you because we all wanted your company! Do you really think you're a socialite woman? You're just a pair of broken shoes that have been used by so many people!"

"Arghhhh!!!"

Wei Xiaoqing was so angry. She had never been scolded like this in her entire life.

She held the fruit knife in her hand and stabbed at Yu Meilin like a madwoman

Yu Meilin's eyes blinked slightly and she easily dodged the attack.

Nanny Huang, who was standing at the side, quickly ran over and hugged Wei Xiaoqing from behind.

"Young Madam, calm down. Put down the knife!"

"Let go of me!" Wei Xiaoqing's eyes were red as she thrashed madly. "Let go of me. I want to kill that old witch!"

"You call me an old witch?" Yu Meilin was so angry that she raised her hand and slapped Wei Xiaoqing's face hard. "You bitch. If I did not teach you, my name would not be Yu Meilin!"

Just as Wei Xiaoqing lashed out, Yu Meilin's slap landed on her face.

Her face was swollen from the strong blow. Even the corner of her mouth was bleeding a little. Even though her body was pulled by the housekeeper, she still did not admit defeat and waved the fruit knife toward Yu Meilin.

"I'll kill you, you old witch!"

With a hiss, the fruit knife cut Yu Meilin's arm in the middle of the chaos

Yu Meilin was only wearing a sweater. The tip of the knife cut into her arm, and a long gash appeared on the sleeve of the sweater. In the next second, blood oozed out.

She covered her bleeding arm and took two steps back. The bright red blood quickly stained her sleeve red.

"Ah!" Nanny Huang was immediately terrified and shouted, "Madam, your hand..."

Yu Meilin's brows were knitted tightly because of the pain. She pulled away the torn sleeve and saw the bloody sight. It hurt so much that tears ran down her eyes.

"What are you still standing there for? Hurry up and call 120!"

Nanny Huang immediately let go of Wei Xiaoqing and hurried to make a call.

Wei Xiaoqing looked at Yu Meilin's bloody hand and stood there stupidly.

Although others treated her rudely and their words were very unpleasant to hear, but she had never hurt anyone with a knife, and she had never seen so much blood before.

She was completely stunned and kept saying in her head over and over. "It's over! It's over! I have caused such a big disaster this time!"

After Nanny Huang made the phone call, she supported Yu Meilin in walking towards the door. She didn't even care about Wei Xiaoqing's existence.

Chapter 1003: I Want To See Who Will Protect Her Now

Wei Xiaoqing just stared blankly at Yu Meilin, who was being helped by the housekeeper.

It was only when Yu Meilin's figure completely disappeared from her sight that she fearfully retreated a few steps and finally let herself fall onto the sofa.

"I... I almost killed someone..." The fear in her heart made Wei Xiaoqing's hands tremble. She muttered the words over and over again as if she was being hypnotized.

Suddenly, as if she was thinking of something, she held her stomach and ran out the door, driving the car to Jiang Huifang's house.

With such a big incident, the only person Wei Xiaoqing could think of to protect herself was Jiang Huifang. Wei Guowei was still in prison. He did not have time to care about her. Even if he got out, he might want to kill her instead of helping her. How could he protect her?

Now... Wei Xiaoqing only had Jiang Huifang to rely on. *NoVelusB.com*

Jiang Huifang had just finished shopping and went home. She was sitting on the sofa, happily browsing through the things she had just bought. Suddenly, the door was violently pushed open from outside.

Jiang Huifang thought that she had been robbed by robbers. With such great strength, wasn't it like someone entering a house to rob?

Unexpectedly, what she saw was Wei Xiaoqing's face. She sighed with lingering fear in her heart. "Xiaoqing, what are you doing? Are you trying to scare me to death?"

After saying that, she flipped through the things she had bought again.

"Mom..." Wei Xiaoqing stumbled into the living room. With a thud, her body fell limply at Jiang Huifang's feet. "I... I... I'm in trouble..."

"What do you say?" Jiang Huifang quickly put down the dress in her hand and suddenly looked down. She immediately saw that Wei Xiaoqing's hand, which was holding her coat, was covered in blood.

"Oh my god..." Jiang Huifang was so surprised that her eyes opened wide. "What happened? Your hand. Your hand..."

"No...it's not me..."

Until now, Wei Xiaoqing's voice was still trembling, just like her hands that held the steering wheel on the way here.

When Wei Xiaoqing did not say anything for a long time, Jiang Huifang was so anxious that she shouted, "What's wrong with you? What really happened? Did the Hou Family bully you again? Or was it Hou Yingyi? Did he beat you again?"

"No... no..." Wei Xiaoqing shook her head and grabbed Jiang Huifang's hands. She said in horror, "I... I used a knife to injure... Yu Meilin..."

"What?!"

Jiang Huifang could not help but shout. "You hurt her? Is it serious? Is she going to die?"

Her voice was sharp and shrill. Even the housekeeper in the room could hear her.

Wei Xiaoqing quickly raised her hands to cover Jiang Huifang's mouth and said in fear, "Keep your voice down! I-I only hurt her hand. It was just her arm. It should... shouldn't be a big deal."

"Aiya..." Jiang Huifang took a deep breath and smiled as she pushed Wei Xiaoqing's hand away. "It's just an arm. I thought something big had happened. Look how scared you are. If people who don't know the truth see you like this, they'll think you killed someone!"

"No! No!" Wei Xiaoqing grabbed Jiang Huifang's hand again as if she wanted to draw strength from her. "Yes, it's just an arm, but there was a lot of blood! Mom... The Hou Family will definitely not let me go. You... you must protect me!"

Jiang Huifang can also be considered a simple person. She felt that no matter how much trouble Wei Xiaoqing had caused, she would not cause much trouble.

Besides, Wei Xiaoqing might have been scared, so she exaggerated the matter.

Maybe Yu Meilin's arm was just scratched and the wound was just a small cut. The doctor only needed to bandage it. In fact, it was a wound that was no big deal.

"Xiaoqing, it's not a big deal. Don't worry."

But when Jiang Huifang saw Wei Xiaoqing's bloodied hands, she suddenly changed her mind.

How much blood did Yu Meilin lose?

"Mom, don't be like this! You have to protect me!"

Wei Xiaoqing's cry startled Jiang Huifang. She immediately stood up, held Wei Xiaoqing's hand, and helped her walk upstairs. "How about this? You hide in your room first. I'll keep watch downstairs. When the people from the Hou Family come, I'll ask how Yu Meilin is doing first."

"No, mom!" Wei Xiaoqing, who was dragged by Jiang Huifang, said desperately, "If they come, you must say that I am not at home. Hou Yingyi will go berserk, and he can really do anything for his mother!"

"I know, I know." Jiang Huifang just wanted to hide Wei Xiaoqing and replied casually, "You hide first. Don't open the door until I call you, okay?"

"Okay!" Only then did Wei Xiaoqing feel calm. After Jiang Huifang pushed her into her room, she locked the door from the outside.

Jiang Huifang went back downstairs and told the housekeeper to hide Wei Xiaoqing's shoes and also clean the blood stains on the floor.

On the other side, in a hospital...

As soon as Hou Yingyi received a phone call from Nanny Huang, he immediately rushed to the hospital. Then, he saw a gaping wound on Yu Meilin's arm.

"Mom, what happened? How did you get such a serious injury?"

"Ask the girl you married!"

A doctor was currently treating Yu Meilin's wounds. Since the wound was so deep and the bone was visible, she still needed to receive several stitches.

Whether it was because of the pain or because she was angry, Yu Meilin gritted her teeth as she spoke.

Her answer immediately made Hou Yingyi lose his mind. "Was it Wei Xiaoqing who injured you like this?"

Yu Meilin turned her head away and cursed through clenched teeth. "Who else but her? If your Aunt Huang didn't pull her at that time, her knife would have definitely stabbed my chest!"

"Good!" Hou Yingyi smiled coldly and nodded. A bright light shone in his eyes. "Very good! She dared to go against heaven and tried to kill you! I want to see who will protect her now!"

After Hou Yingyi said this, he immediately ran out in a hurry.

Nanny Huang looked after Hou Yingyi's retreating back and said anxiously, "Madam, you have provoked the Young Master. What if... What if the Young Master does something rash and really hurts Wei Xiaoqing? It was just a small thing, but what if... what if someone really dies later?"

Chapter 1004: You Can Go Outside And Beg For Food

The corner of Yu Meilin's lips curled up in mockery. "No one will die. Yingyi has no courage, but it is inevitable that he will teach Wei Xiaoqing a lesson. She dared to use a knife against me today. If I don't teach her a lesson, in the future, she will climb on my head and bully me!"

Hou Yingyi drove his car like a hurricane to the door of Jiang Huifang's house. His fist was like a thunderclap as he knocked on the door.

Jiang Huifang heard the knock and took a deep breath. She slowly opened the door for Hou Yingyi.

Just as the door opened, Hou Yingyi's fist came in and hit Jiang Huifang hard in the face.

"Aiyo..." With a pain-distorted voice, Jiang Huifang took a few steps back and finally sat down on the ground.

She covered her face and looked angrily at Hou Yingyi. She originally wanted to scold him, but when she saw his angry face, her heart suddenly beat faster. She thought to herself, "Is Yu Meilin's injury very serious?"

"Y-Yingyi... You... Why did you hit me?"

Hou Yingyi walked inside with a gloomy face and looked down at Jiang Huifang. "Where is Wei Xiaoqing?"

Jiang Huifang quickly avoided his gaze and crawled backward. "Xiaoqing? Isn't she at your house? She... What happened to her?"

"Hmph!"

Hou Yingyi was not a fool. Normally, Jiang Huifang would speak confidently to him. Even if she did not speak confidently, she would not be foolish.

She would not avert her eyes like she was doing now

She did not even dare to look at him!

Hou Yingyi suddenly bent down and pulled Jiang Huifang's collar. His eyes were cruel as he picked her up from the ground. "Jiang Huifang, tell me where Wei Xiaoqing is!"

Being treated like this, Jiang Huifang had no choice but to look Hou Yingyi in the eye. She retracted her neck and said, "S-she's not here!"

"Say it again!" Hou Yingyi's loud roar frightened Jiang Huifang so much that her heart trembled.

Although she was used to being rude and unreasonable, but what she feared the most was violence. Especially when the violence came from the men.

Even if they fought, she would not be able to defeat Hou Yingyi.

In the end, she would definitely be the one who suffered.

Jiang Huifang was not that stupid. At this time, she would not get angry at Hou Yingyi.

"Y-Yingyi..." Jiang Huifang swallowed her fear and asked cautiously, "What... what had happened?"

Pah!

With a loud sound, a powerful slap landed on Jiang Huifang's face.

The sound of the slap was accompanied by Hou Yingyi's roar, causing Jiang Huifang's eardrums to ache. "Where is Wei Xiaoqing!"

"Wuwuwu..." Jiang Huifang did not know whether it was because of the pain or because she was scared, but her tears kept flowing. She looked at Hou Yingyi, full of fear and grievance, but she did not dare to say a word.

Hou Yingyi smiled coldly and nodded. Suddenly, his grip loosened and Jiang Huifang fell to the ground with a loud thud as if she had lost all her strength.

Hou Yingyi put his hands in his pockets and looked down at Jiang Huifang's pitiful gaze. He calmly said. "Jiang Huifang, think carefully. If you continue to protect Wei Xiaoqing, do you think that I will still continue to give you a monthly allowance? Do you think you will be able to live a comfortable life as of now?"

Jiang Huifang's pupils trembled violently, she was like a cat whose tail had been stepped on. She jumped up and knelt down in front of Hou Yingyi. She held his pants with both hands and cried loudly. "Yingyi, you can't do this to me. If you don't give me the money, how will I live?"

Hou Yingyi kicked her and continued to threaten her. "What does it have to do with me whether you live or not? If you want to live, you can go outside and beg for food!"

Jiang Huifang bit her lips. She was in a dilemma.

She wasn't willing to betray Wei Xiaoqing no matter what the circumstances were. After all, Wei Xiaoqing was still her biological daughter.

She had pampered her child all this time and raised Wei Xiaoqing with her own hands.

But... Hou Yingyi's threat was like a sharp knife piercing her heart. She had no husband or son to rely on. Wei Xiaoqing had even given their family's company to Hou Yingyi.

If Hou Yingyi didn't give her the money, there was no one left for her to rely on. Then she'd... then she'd surely die!

Wei Xiaoqing had done something wrong this time. Seeing the anger on Hou Yingyi's face, Jiang Huifang could guess that the matter might be very serious. If the Hou Family didn't vent their anger now, not to mention her, even Wei Xiaoqing's future wouldn't be good.

Hou Yingyi was getting impatient. Suddenly, he shouted in a loud voice, "Have you thought it through yet?"

"I... I..." Jiang Huifang was so scared that her body trembled. She raised a hand to wipe the tears from her face. Then she raised her head and looked at Hou Yingyi with fear. "If I tell... will you really keep giving me the money?"

Hou Yingyi immediately smiled. A sense of pride rose up in him. He felt like he was a king and could control everything with his hands. He had never felt this kind of feeling before, but now, Jiang Huifang made him feel this kind of superiority.

Hou Yingyi was immediately pleased and gently patted Jiang Huifang's face. "But of course. After all, you are still my mother-in-law."

Bullshit!

Was there a person who treated his mother-in-law like this?

Jiang Huifang secretly cursed Hou Yingyi in her heart. She got up from the ground and said softly, "Xiaoqing is upstairs, in her room. If you go and knock on the door, she definitely will not open it for you. I will go and knock on the door. You stay at the side and don't say anything."

Hou Yingyi sneered. "Go ahead." *novelusb.com*

What a mother-daughter love?

In front of the temptation of money, Jiang Huifang did not hesitate to betray Wei Xiaoqing.

For the money, Jiang Huifang could be anyone.

But it was also good that people had weaknesses. One just needed to understand the person's weaknesses and make them obey him.

With every step Jiang Huifang took, she felt her heart bleed, and the pain made her want to run away.

But she knew she could not. If Hou Yingyi did not see Wei Xiaoqing at this time, then she would be in trouble.

It was only when Jiang Huifang walked to the door of Wei Xiaoqing's room did she take a deep breath and turned to look at Hou Yingyi.

Under Hou Yingyi's cold gaze, Jiang Huifang slowly raised her hand to knock on the door. "Xiaoqing... Xiaoqing..."

Quickly, Wei Xiaoqing's voice came from inside. "Mom, what's wrong?"

"Haha..." Jiang Huifang tried her best to make her voice sound calm. "It's nothing. Yingyi came just now. I told him you weren't here and sent him away."

Chapter 1005: If She Hadn't Stabbed You With A Knife, I Wouldn't Have Hit Her

"Really?" Wei Xiaoqing's voice clearly sounded happy. She opened the door and said, "Mom, I'm hungry. Tell the servant to make a nice meal for m-"

Before she could finish her sentence, Hou Yingyi's face appeared in front of her.

Wei Xiaoqing's heart leaped up and she subconsciously wanted to close the door, but how could Hou Yingyi let her close the door so easily? He was already prepared.

He stretched out his hand to block the door and then kicked the door forcefully.

Wei Xiaoqing's fragile body was no match for Hou Yingyi's strength. The door came and hit her in the stomach. It hurt so much that her legs became weak, and she immediately sat down on the ground. She held her stomach and whimpered in pain until tears ran down her face.

"Bitch, how dare you stab my mother!" Hou Yingyi walked over to Wei Xiaoqing and grabbed her hair. He raised his hand and slapped her face hard.

"Ah! It hurts! It hurts so much!" Wei Xiaoqing cried in pain. However, Hou Yingyi still did not stop and he raised his hand, hitting Wei Xiaoqing's face hard once again.

"Mom..." Wei Xiaoqing knew that Hou Yingyi's heart was burning with anger. No matter how much she pleaded with him, it was useless. She could only scream at the top of her lungs and beg her mother to help her. "Mom... save me!"

If Jiang Huifang could really save Wei Xiaoqing, would she take Hou Yingyi upstairs with her?

Even if she could, she would not dare to save Wei Xiaoqing now.

Men were very different from women when they were angry. It was as if they had gone mad and would beat anyone they saw.

Jiang Huifang had just been severely beaten up by Hou Yingyi, so how could she still help save Wei Xiaoqing?

However, at the same time, she also still felt guilty.

Jiang Huifang looked at Wei Xiaoqing's pitiful condition and bit her lip. She hardened her heart and turned her back to Wei Xiaoqing, leaving the room.

Hou Yingyi was truly like a madman. After slapping Wei Xiaoqing, he was still dissatisfied. He raised his leg and viciously kicked her body. "Bitch! How dare you hurt my mother! I will beat you to death today!"

"Ah!" Wei Xiaoqing hugged her stomach and endured the blow from Hou Yingyi. She cried until she lost her voice.

It was only when... she felt a warm stream come out from between her legs, turning her clothes bright red, that she cried out in horror. "I'm bleeding! I'm... bleeding!"

Hou Yingyi also seemed to have come back to his senses. It was not good for a pregnant woman to bleed at this time. If Wei Xiaoqing didn't go to the hospital in time, she would most likely die or, even worse, miscarry!

Hou Yingyi was so scared that his face turned pale. He just wanted to teach Wei Xiaoqing a lesson. He had absolutely no intention of killing her or the baby.

When Jiang Huifang heard Wei Xiaoqing's loud screams, she quickly ran into the room. When she saw the blood on the floor, she was so scared that she shouted, "Hou Yingyi, why are you still standing there? Hurry up and take Xiaoqing to the hospital!"

Only then did Hou Yingyi react. He bent down and picked up Wei Xiaoqing, and anxiously went downstairs.

Jiang Huifang also anxiously followed from behind. When she got into the car, Hou Yingyi handed Wei Xiaoqing over to her and turned around to get into the driver's seat.

Jiang Huifang looked down at Wei Xiaoqing's pale face and felt her heart tighten. "Xiaoqing, please hang in there. You will arrive at the hospital soon."

Wei Xiaoqing forced herself to open her eyes. Her teeth were biting her lip so hard that it was bleeding. She just stared angrily at Jiang Huifang and said nothing.

Jiang Huifang knew that Wei Xiaoqing hated her abysmally at this moment and she felt so guilty that she cried. "Xiaoqing, don't do this. You have to be strong, understand? You have to be strong to save your child."

Hou Yingyi was so anxious that he drove the car so fast that it flew up.

When they arrived at the hospital, Hou Yingyi took Wei Xiaoqing from Jiang Huifang's arms and took her to the operating room.

Seeing Wei Xiaoqing enter the operating room with his own eyes, he finally let out a deep and relieved breath.

Jiang Huifang was still in shock and scared. She continued to cry. "How can you be so cruel to a pregnant woman? No matter what she does, she is still carrying your child in her womb! If anything happens to Xiaoqing this time, Hou Yingyi, I will fight you to the death!"

Hou Yingyi's feelings and heart were also in a very complicated and anxious state. Jiang Huifang's remark made his mood even more agitated. He originally thought it would be fine if he let Jiang Huifang scold him a few times, but who would have thought that even after a long time, she still did not stop?

He really could not take it anymore. He turned to Jiang Huifang and said fiercely to her, "Have you cursed enough? If it's not enough, go get a knife and kill me to avenge your daughter!"

Jiang Huifang was about to say something when the words got stuck in her throat. She couldn't get them out no matter what.

Hou Yingyi kicked the bench next to her loudly. He was like a fierce lion, ready to pounce on anyone.

After a moment of silence, Hou Yingyi called Yu Meilin and Hou Shihong. It did not matter if the baby could not be saved, he had to tell them at least.

If there was only one body instead of two, he still hoped that Yu Meilin and Hou Shihong could save him.

Yu Meilin was originally in the hospital and Hou Shihong had just finished work and was going to visit her. After receiving the call from Hou Yingyi, the two of them immediately rushed to the operating room.

When they got there, their faces were so solemn, and they didn't speak a single word. Hou Yingyi just looked at them. "Mom..."

As soon as he opened his mouth, Yu Meilin slapped him hard. "You still have the face to call me Mom? Look what you've done!"

Hou Yingyi felt very wronged. The reason why he lost his mind and hit Wei Xiaoqing was that he wanted to vent his anger on his mother's behalf.

Now that things had gotten out of hand, Yu Meilin had actually come to blame him? *noVelusB.coM*

Hou Yingyi had never experienced this kind of grievance in his entire life.

"Mom! Are you kidding me? You're blaming me?"

Yu Meilin glared at Hou Yingyi as if this was indeed his fault. "Who else is to be blamed for this? You know Wei Xiaoqing is pregnant, but you still treated her like this. You're really heartless!"

"Mom!" Hou Yingyi couldn't take it anymore. He raised his voice several times and said, "If she hadn't stabbed you with a knife, I wouldn't have lost my mind and hit her!"

Chapter 1006: No One Cared About Her Life Or Death

"Enough!" Hou Shihong's dignified voice was heard immediately. Hou Yingyi and Yu Meilin quickly closed their mouths one by one.

Hou Shihong was very angry at this moment.

He knew very well how much Yu Meilin disliked Wei Xiaoqing. Therefore, he had little idea about why Wei Xiaoqing had hurt Yu Meilin with a knife today. If Yu Meilin's words were not so fierce and if she did not intentionally anger Wei Xiaoqing, no matter how impudent Wei Xiaoqing was, she wouldn't dare to hurt anyone with a knife.

Hou Yingyi was also a brainless person.

He had been like this since he was a child. As long as Yu Meilin provoked him with a sentence, he could do anything for her.

"This is a hospital! Do you think it's very noble if others laugh at you later?"

Reprimanded by Hou Shihong; Yu Meilin and Hou Yingyi could not raise their heads. They stood there with embarrassed faces.

Jiang Huifang stood by the side, not daring to interrupt them. If she were not worried about her pocket money, she would really slap Hou Yingyi twice at this moment.

Hou Shihong looked at the door of the operating room and turned around to sit on the bench.

Yu Meilin and Hou Yingyi stood there for a moment before they also looked for a bench to sit on.

Seeing that the three of them had calmed down, Jiang Huifang slowly approached Hou Shihong. She asked cautiously, "In-law, if Xiaoqing and her baby can be saved, could you arrange a VIP ward for her when the time comes?"

"Arranged a VIP room for what? It's already enough for her to stay in a free ward." Yu Meilin's voice sounded cold.

Jiang Huifang held back her anger and ignored Yu Meilin. She looked at Hou Shihong expectantly.

With the Hou Family's wealth, it was more than enough to pay for Wei Xiaoqing's stay in the VIP ward.

In fact, the wife of the Hou Family should be treated like this.

However, no one in the Hou Family, including Hou Shihong, cared about Wei Xiaoqing's life or death, let alone whether she was comfortable or not.

"We will talk about this later." Hou Shihong replied nonchalantly. With a simple sentence, he sent Jiang Huifang away.

"How can we talk about this in the future? The surgery is almost over. The VIP ward needs to be reserved in advance!"

"If you really want to reserve the VIP ward, do it yourself! Use your money to pay for it!" Yu Meilin said sarcastically.

Jiang Huifang immediately burst out in anger. "How can you bully your people like this? Xiaoqing's unborn child is the child of the Hou Family! Do you all really have the heart to treat her and your future grandchild like this?"

"Tch!" Yu Meilin immediately sneered and showed no mercy with her words. "Who knows if it is really our Hou Family's seed or the illegitimate child of the men outside? Do not think our Hou Family is stupid!"

"You!" Jiang Huifang was so angry that her chest hurt. Yu Meilin actually still remembered that incident even now.

No matter how Wei Xiaoqing explained it to them, they didn't really believe her.

Jiang Huifang was so angry that she turned around and looked at Hou Shihong. She wanted him to uphold justice for Wei Xiaoqing. Who would have thought that he, who had just scolded Yu Meilin and Hou Yingyi for talking loudly, would not say anything now? He just looked ahead with a straight face.

His attitude was very obvious. Just like Yu Meilin, as long as Wei Xiaoqing did not prove that her child was really the Hou Family's child, he would act just like Yu Meilin. He did not care about her at all.

Jiang Huifang was about to say something angrily when suddenly the door of the operating room opened. A person in a white coat came out with a baby wrapped in a towel.

Everyone immediately stood up and surrounded the doctor.

"Doctor, how is the baby's condition?"

Not only the Hou Family asked this question, but even Jiang Huifang also asked the same question.

Right now, no one cared about Wei Xiaoqing's life or death.

The doctor looked at them indifferently and said in a low voice, "The baby is saved, but because he was born prematurely, he needs to be taken to the intensive care unit immediately."

After the doctor finished speaking, he turned the baby's face toward them.

The baby's face was red and his head was very small. They felt that they could hold him completely in the palm of their hands. He looked very weak and fragile as if he could say goodbye to this world at any moment. *Novelusb.com*

Jiang Huifang's heart broke when she saw this. "Why is he so small? Like he's malnourished."

"Premature babies are small to begin with. If they can survive, it's equivalent to having a great life." The doctor sighed. He was about to take the baby to the intensive care unit when suddenly a hand pulled the baby's hair with lightning speed.

The baby had not been washed very cleanly. Moreover, he had just been born and the fetus' hair was stuck together. At this pulling, the baby cried out in pain.

Jiang Huifang was so surprised that her eyes widened. She turned to Hou Yingyi, who was holding the baby's hair firmly in his hand.

"Hou Yingyi, what are you doing!"

Not only Jiang Huifang, but also the doctor was furious. "This baby is so weak now. Do you still have a conscience?"

Hou Yingyi turned away with a cold expression, turning a deaf ear to Jiang Huifang and the doctor's anger.

The doctor had already seen too many things like this, so he did not bother to speak anymore. He carried the baby to the NICU room.

Jiang Huifang did not have time to scold Hou Yingyi anymore. She asked anxiously, "Doctor, is the baby a boy or a girl?"

The doctor answered her before closing the door, "A boy."

"A boy?!" Jiang Huifang was so happy that her heart was full of joy. She thought that this time Wei Xiaoqing and her position in the Hou Family could be considered stable!

This baby was the grandson of Yu Meilin and Hou Shihong, and he was the first child of Hou Yingyi.

Just as she was thinking about this, she suddenly saw Hou Yingyi walk towards the corridor with the baby's hair in his hand.

Jiang Huifang reacted immediately and ran toward Hou Yingyi. She grabbed the hem of his shirt and asked, "Hou Yingyi, you pulled the baby's hair earlier, are you planning to do a paternity test?"

Hou Yingyi looked at her coldly. "What else?"

Chapter 1007: Is The Child Yingyi's Child Or Not?

"What?" Jiang Huifang was so angry that she wanted to slap Hou Yingyi twice. "My daughter is still on the operating table. It's unknown whether she's dead or alive. You can actually still think of doing a paternity test first? Do you still have a conscience?"

"Conscience?" Hou Yingyi smiled cynically. "What about you? Do you still have a conscience? If you hadn't lied to Wei Xiaoqing to get her to open the door, she wouldn't be lying on the operating table right now. You, her own mother, didn't ask the doctor if she was still alive or already dead, and you wanted to blame me first?"

It was only now that Jiang Huifang remembered that she only cared about the little boy and had actually forgotten about Wei Xiaoqing.

She blushed, but still stubbornly said, "Didn't I do that because I care about your Hou Family's child?"

Hou Yingyi pushed Jiang Huifang's hand away and turned away coldly. "I still don't know if he's a child of the Hou Family!"

Jiang Huifang could only stand there and stare blankly at Hou Yingyi's retreating figure. Her heart was very sad and she wanted to wipe away her tears secretly, but who would have thought that Yu Meilin and Hou Shihong would also walk past her at this time?

Jiang Huifang anxiously called out, "In-law! In-law, where are you going?"

Yu Meilin didn't look back at all. "Until the paternity test is completed, we've decided not to come to this hospital!"

Jiang Huifang was immediately stunned. She had seen heartless people before, but she had never seen such heartless people like the Hou Family.

Hou Yingyi had beaten Wei Xiaoqing until she gave birth early and he didn't even care if she lived or died. He even pulled his newborn son's hair to do a paternity test.

Yu Meilin and Hou Shihong as his parents didn't scold him, but even followed him.

At first, Jiang Huifang thought that the child must belong to Hou Yingyi, but now she was also a little suspicious. Did the child really belong to the Hou Family?

If not, what should she do?

Wei Xiaoqing, unfortunately, survived the operation, but due to the bleeding, her body was very weak. She was lying in a hospital bed, her lips were pale, and her face had lost all color.

Jiang Huifang finally couldn't take it anymore when she saw Wei Xiaoqing's condition. She began to cry. "Xiaoqing, are you alright? Where do you feel uncomfortable?"

Wei Xiaoqing had no strength now. Moreover, the anesthetic had worn off. As soon as she spoke, the wound would hurt. She was too lazy to bother with Jiang Huifang.

But Jiang Huifang kept crying while asking this and that, which made Wei Xiaoqing very angry.

"Can you stop crying? I'm not dead yet!" Wei Xiaoqing endured the pain. Even though she was weak, she still said it in a cold tone.

Jiang Huifang wiped her tears and held back her grievance. She sat on the edge of the bed, looked at Wei Xiaoqing, and whispered, "Xiaoqing, you've given birth to a boy. The boy is small and looks very fragile. Now he's in the intensive care unit. Don't worry, there are nurses taking care of him."

Wei Xiaoqing was silent for a moment. She looked around the ward twice before asking weakly, "Where's Yingyi?"

"Yingyi?" Jiang Huifang secretly bit her lip and whispered, "He... He... He went back to prepare the food for you."

He went back to prepare food for her?

Wei Xiaoqing gritted her teeth angrily.

Jiang Huifang must've thought she was a fool, right?

She just had surgery and couldn't eat at all. She couldn't eat for at least six hours. And Hou Yingyi went back to prepare food for her?

Wei Xiaoqing was very angry. She was already like this. She was so weak that even saying a word would hurt her, and Jiang Huifang was still lying to her.

"Mom, don't lie to me. I'm really in pain right now. Don't force me to talk too much. Tell me the truth!"

"I...I..."

Jiang Huifang stammered. She really didn't want to tell Wei Xiaoqing such a cruel reality just after Wei Xiaoqing had experienced life and death.

No matter how strong a person was, she might not be able to accept it. *novelusb.com*

This was a ward for three people. In the hospital bed next to Wei Xiaoqing was a woman who'd also just given birth. She was lying on the bed looking at her husband, who was happily holding their child. She smiled very happily. "Hubby, don't keep hugging him. You must be tired, right? Put him down."

"It's okay." The husband lowered his head and looked at the child gently. His eyes were full of happiness. "This is our first child. I want to hug him for a moment."

It was a normal sight, but it pricked Wei Xiaoqing's heart like a thorn.

She hadn't seen Hou Yingyi since she'd come out of the operating room, let alone anyone else in the Hou Family.

"Mom!" Wei Xiaoqing finally couldn't take it anymore. She screamed with all her might, "Where's Hou Yingyi?!"

"H-Hou Yingyi..." Jiang Huifang didn't even dare to look at Wei Xiaoqing at all. Lowering her head like a child who had been caught doing something wrong, she forcefully bit her lip and let go.

Seeing that Jiang Huifang didn't answer her question, Wei Xiaoqing immediately tried to sit up.

Jiang Huifang was very surprised and quickly pushed Wei Xiaoqing's body down. "Xiaoqing, what are you trying to do? You just had surgery and you can't move!"

Wei Xiaoqing was so angry that she raised her hand and slapped Jiang Huifang's face. "Then tell me! Tell me!"

"Okay, okay, I'll tell you!" Jiang Huifang's face was in pain, but she couldn't care less. With both hands, she pushed Wei Xiaoqing's body down and quickly said, "Hou Yingyi took the baby's hair to do a paternity test!"

"What?" The strength Wei Xiaoqing had gathered so hard out of anger suddenly left her.

"He... He actually went to do a paternity test?"

Wei Xiaoqing still couldn't believe that Hou Yingyi could do such a thing. He was really heartless!

He had beaten her until she had to give birth early. The first thing he did when the child was just born wasn't to apologize to her, but to do a paternity test?

Ha!

Wei Xiaoqing felt like she was a joke at the moment. Everyone in the world was watching her make a joke.

Wei Xiaoqing sat on the bed in a daze. Her eyes stared blankly at one place. Her appearance was a little frightening.

Jiang Huifang was really afraid that Wei Xiaoqing couldn't accept it and was suffering from postpartum depression. She quickly advised her. "Xiaoqing, don't be sad. You also know that this incident really didn't have a good ending. So it's understandable that the Hou Family doesn't trust you."

Wei Xiaoqing acted as if she didn't hear Jiang Huifang and still sat there dumbly like a puppet whose soul had been ripped out. If it weren't for the fact that her chest was rising up and down, Jiang Huifang would have thought she was dead.

"Xiaoqing..."

As she said this, Jiang Huifang could not help but ask, "Tell me the truth. Is the child Yingyi's child or not? If not... we need to think of a countermeasure as soon as possible!"

"Mom! What are you talking about!"

Chapter 1008: From Top To Bottom, No One Is Good!

Wei Xiaoqing was immediately caught off guard. Her unfocused gaze slowly moved to Jiang Huifang. "Others can suspect and accuse me. But you can't! Don't tell me you don't believe me too?"

"It's not that I don't believe you!" Jiang Huifang tried hard to restore her image in Wei Xiaoqing's heart. She said very sincerely, "I'm your mother, so of course I trust you! But Xiaoqing, we must be 100% sure about this matter. Hou Yingyi, that bastard, it's not like you don't know his temperament. If he goes berserk, he'll go so far as to kill people!"

"Yes!" Wei Xiaoqing interrupted Jiang Huifang's words. She was too lazy to listen to her nonsense. "If I say yes, then it's definitely so!"

Jiang Huifang raised her hand and patted her chest. "Then I can rest assured."

Wei Xiaoqing: "...."

Sometimes Wei Xiaoqing really didn't want Jiang Huifang to be her mother.

Her IQ was actually not comparable to that of a pig, and it was very easy for others to understand her weakness. As long as she was threatened, she'd immediately give in.

Wei Xiaoqing closed her eyes in frustration and turned her head in the other direction. She didn't want to see Jiang Huifang's stupid look anymore. But as soon as she turned around, she found that the couple in the next bed was looking at her.

Only then did she remember that she was in the hospital and that she wasn't the only one in this ward. Earlier, when she was talking to Jiang Huifang, out of anger, both of their voices became loud.

Moreover, Jiang Huifang's voice was sharp and shrill to begin with. With that roar, everyone within five miles could hear her.

"What are you staring at!" Wei Xiaoqing scolded the couple, "If you keep staring, I'll gouge out your eyeballs!"

The couple originally didn't recognize Wei Xiaoqing because she had been away from the entertainment world for a long time. Even if she appeared in the news, it was about negative news.

Now, when she yelled at the couple, the woman looked at her face seriously and immediately recognized her. *novelusb.com*

But this woman did not like to cause trouble. After looking at Wei Xiaoqing meaningfully, she turned her face away.

Her husband also followed her.

Wei Xiaoqing only sighed in relief when she saw that the couple was no longer looking at her.

What she disliked most now was being looked at.

Wei Xiaoqing turned to Jiang Huifang. "Why don't you book a VIP ward?"

When Wei Xiaoqing turned around, the woman in the next bed had already turned on her phone. She then pointed the cell phone camera at Wei Xiaoqing and Jiang Huifang and began to record the video.

Speaking of this, Jiang Huifang also felt wronged. "Xiaoqing, it's not that I don't want you to stay in the VIP ward. Earlier, outside the operating room, I tried to help you get it, but the people from the Hou Family didn't agree..."

"Why didn't they agree?!" Wei Xiaoqing said angrily, "It doesn't matter if they didn't come to visit me when I gave birth. Now that the baby has been born, they won't let me stay in the VIP ward?"

While talking, she accidentally pulled the wound. Wei Xiaoqing felt so much pain that she broke out in a cold sweat. But she was really too angry. Even though it hurt, she still had to ask Jiang Huifang.

Jiang Huifang said in a grievance. "Xiaoqing, don't talk to me like that! I really tried to do my best. I think what they're trying to say is that they won't care about you until the results of the paternity test come out."

That last sentence really drove Wei Xiaoqing crazy. She got up from the bed and tried to remove the needle from her hand. "Bastard! The Hou Family are all bastards! From top to bottom, no one is good!"

"Xiaoqing! Xiaoqing! Don't be angry!" Jiang Huifang immediately felt alarmed and tried to stop Wei Xiaoqing, but she was already one step too late. The needle was pulled out by Wei Xiaoqing and immediately blood came out.

"Xiaoqing, what are you trying to do!"

Wei Xiaoqing pushed Jiang Huifang away, but she had just finished the surgery and didn't have that much strength left. Jiang Huifang hugged her and pressed the call button.

Quickly, the nurse ran into the room.

The nurse immediately injected Wei Xiaoqing with a sedative and then helped her lay down on the bed.

After being injected with a sedative, Wei Xiaoqing just stared at the ceiling without saying anything.

When Jiang Huifang saw her like this, her heart felt very sad, but she didn't dare to say anything. She was afraid that Wei Xiaoqing would go into a rage again and do something extreme.

She didn't know how long it would take to get the DNA test results.

However, Jiang Huifang still trusted Wei Xiaoqing. Wei Xiaoqing said that the child was Hou Yingyi's, so she believed it must be.

Things had already progressed to the point where Jiang Huifang couldn't do anything even if she didn't believe Wei Xiaoqing.

For three whole days, the people of Hou Family did not come to visit Wei Xiaoqing.

As her mother, Jiang Huifang, took very good care of Wei Xiaoqing during this time. She took care of her food and drink, but Wei Xiaoqing's mood was really bad. One wrong sentence was enough for her to scold and beat Jiang Huifang until Jiang Huifang's head was full of blood.

Jiang Huifang knew that Wei Xiaoqing's heart was bitter, so she held it back and didn't explode in front of her. She just came out of the ward and sat on the bench outside by herself. She couldn't hold back the tears.

Thinking of Wei Guowei at this moment, Jiang Huifang felt very sad. If only they hadn't become greedy and wanted Wei Guowei's company and hadn't helped Liang Zixuan, then he could still be standing here protecting them.

Jiang Huifang wiped her tears and stood up. As soon as she entered the ward, she tried hard to crack a smile.

Wei Xiaoqing still couldn't get out of bed and could only lie down. These few days, she was very depressed and didn't talk much.

When Jiang Huifang saw Wei Xiaoqing's empty eyes, her heart ached, and she almost shed another tear.

As if Wei Xiaoqing sensed her mother approaching, she suddenly said, "It would be nice if dad were here."

Jiang Huifang immediately looked at Wei Xiaoqing in shock. "Xiaoqing, what did you say?"

Wei Xiaoqing didn't look at her. Her gaze was still blank as she looked ahead. "If dad were here, he wouldn't let Hou Yingyi bully me like this."

Chapter 1009: If That Child Is Not Mine, Then Who Else?

At this moment, Jiang Huifang could no longer hold back her emotions. She sat down on the edge of the bed and bent down to hug Wei Xiaoqing and cry. "Xiaoqing, I missed your father too. Tell me, why did we have to be so muddle-headed back then? Even if he did not want me, at least he was still good to you."

"Yes." Wei Xiaoqing turned her face away, "Dad is still very good to me."

Jiang Huifang looked at Wei Xiaoqing's face. A sour feeling arose in her heart. "Now that you have given the company to Hou Yingyi and are living under someone else's roof, look at what has happened to your fate? He is not as good to us as when your father is around!"

Ever since Wei Xiaoqing had married Hou Yingyi, what kind of life had she been living?

Even when she wanted to buy a new set of maternity clothes, Yu Meilin would ask her various questions. If her clothes were a little too expensive, she would be scolded rudely.

When had she ever been scolded like that just because of the price of a piece of clothing?

The more Wei Xiaoqing thought about it, the angrier she became. Her fingers clenched tightly on the sides of her body. "Now that I think about it, we have all fallen into the trap of that bitch Liang Zixuan! Perhaps dad's affair was also arranged by her!"

"Impossible..." Jiang Huifang blinked, not believing Wei Xiaoqing at all.

"What's impossible?!" Wei Xiaoqing was so angry that her face became tense. "Liang Zixuan, that bitch, has many methods. This kind of thing is just a piece of cake for her! She wanted dad's relationship with us to be stiff and then used us to deal with him!"

At first, Jiang Huifang did not believe Wei Xiaoqing, but after thinking about it carefully, it really seemed like what Wei Xiaoqing said.

She and Wei Guowei had been married for many years, but he had never thought of having an affair behind her back. Why did Yu Lian suddenly appear out of nowhere?

The more Jiang Huifang thought about it, the more she felt that this was true. She was so angry that she began to curse Liang Zixuan. "That bastard Liang Zixuan is really unscrupulous! It seems she had planned all of this in advance and wanted to use both of us to bring down your father!"

Wei Xiaoqing hated Liang Zixuan so much that she gritted her teeth. "That's right! This is all her fault!"

The mother-daughter pair cursed Liang Zixuan from left to right.

In the meantime, on Hou Yingyi's side...

By using his connections, he quickly obtained the results of the paternity test.

When Hou Yingyi saw the results, he felt relieved.

"Mom..." Hou Yingyi dialed Yu Meilin's number, "The results are out." *nOvelUSB.Com*

Yu Meilin asked in a low voice, "How is it?"

Hou Yingyi took a deep breath. "The child is mine."

"Is he really yours?" Yu Meilin couldn't believe it.

"He's really mine." Hou Yingyi explained, "I did the test with my hair and the child's hair. The test was done by someone I know, and she can confirm the accuracy of the paternity test. The child is mine."

It wasn't that Yu Meilin didn't want to believe him, but she really didn't like Wei Xiaoqing.

For the past half a year, she'd been praying in her heart that Wei Xiaoqing's unborn child wasn't Hou Yingyi's. In this way, she could naturally kick Wei Xiaoqing out of the Hou Family.

Now that the child belonged to Hou Yingyi, she was a little disappointed.

"Okay, I understand."

Yu Meilin hung up the phone. No matter how she thought about it, she felt very uneasy. When she didn't know what to do, she usually sought out Hou Shihong.

After she dialed Hou Shihong's number, Yu Meilin's first sentence was, "Hubby, Wei Xiaoqing's son belongs to Yingyi. What should we do now?"

Hou Shihong, the future grandfather, did not show any happy expression. He said very calmly, "What can we do? Since the child belongs to Yingyi, let Wei Xiaoqing stay."

Even so, Yu Meilin was still unhappy.

"Then let Yingyi take care of her. My hand is still injured. It's not comfortable for me to do anything now."

Hou Shihong knew Yu Meilin very well and he did not want to make things difficult for her. He nodded and agreed, "Do whatever you want."

In the evening, Hou Yingyi finally appeared in Wei Xiaoqing's ward with a basket of fruits and a bouquet of flowers.

Wei Xiaoqing looked at him and immediately closed her eyes.

"Xiaoqing..." Hou Yingyi said softly, "Would you like to eat an apple? I will cut it for you."

Wei Xiaoqing turned away as if she had not heard him.

Hou Yingyi stood there and seeing Wei Xiaoqing ignoring him, he sighed softly.

Jiang Huifang looked at Hou Yingyi coldly and asked knowingly, "Has the result out yet?"

"Huh?" Hou Yingyi smiled awkwardly and said, "It's out."

Jiang Huifang's expression became more and more sarcastic. "Is the child yours?"

"Mom, what are you talking about? If that child is not mine, then who else?"

Hou Yingyi rarely called Jiang Huifang "Mom".

Jiang Huifang immediately felt brave. She put her hands on her hips and said, "Is that so? The child is yours? Not the wild man outside?"

"Wild men outside?" Hou Yingyi pretended to frown and said angrily, "Xiaoqing and I have such a good relationship. How could I have any doubts about her?"

"Bullshit!" Wei Xiaoqing could not hold it in anymore. She turned around and glared at Hou Yingyi. "You don't doubt me? If you didn't doubt me, would you do a paternity test as soon as the child is born?"

"It was all a misunderstanding!"

Hou Yingyi tried his best to explain. "Xiaoqing, it's not like you don't know who my mother is. How are you going to get her to believe you if you don't present any evidence? You should know that I also have my own difficulties. It's hard for me when I'm stuck between you and my mother."

It was hard for him?

Wei Xiaoqing laughed sarcastically. "Hou Yingyi, you really dare to say that? You really know how to praise yourself! You beat me until I gave birth prematurely. When the child was born, the first thing you

did was to do a paternity test! Did your mother force you to do that? I think that's what you wanted to do!"

The husband and wife on the next bed were once again watching this drama.

Hou Yingyi was embarrassed and quickly drew the curtain. In the narrow space, he sat on the edge of the bed and held Wei Xiaoqing's hand. "Xiaoqing, don't talk like that. You know what kind of person I am, don't you?"

Wei Xiaoqing pulled her hand away. She really didn't give Hou Yingyi any face. "Of course I know who you are. You're a manwhore!"

Hou Yingyi: "...."

Why did this sound worse and worse?

Hou Yingyi loved his face so much. How could he let Wei Xiaoqing insult him over and over again?

"Wei Xiaoqing!" Hou Yingyi became angry. "Keep your mouth shut. I came to see you out of pure kindness. What do you mean by insulting me?"

"Me?" Wei Xiaoqing struggled to sit up on the bed. She pushed Hou Yingyi off the bed. "Hou Yingyi, let me tell you. If you continue to treat me like this, don't even think this child will follow your Hou surname!"

Chapter 1010: Are You Trying To Kill Wei Xiaoqing?

"Wei Xiaoqing!" Hou Yingyi was really angry. He pointed at Wei Xiaoqing and said angrily, "Let me tell you, don't try to threaten me using the child. I, Hou Yingyi, have no need to brag. If I want a child, there are many women out there who are willing to bear a child for me!"

After they got married, Hou Yingyi rarely returned home. Wei Xiaoqing knew that he had a woman outside.

This had always been a thorn in her heart. Normally, she wouldn't say it because she didn't want her relationship with Hou Yingyi to become too rigid. But now she really couldn't control her emotions. She grabbed her pillow and hit Hou Yingyi furiously.

"Get lost! Go find your mistress! I don't want to see you anymore! Get lost!"

"Aiya, Xiaoqing, you can't say that!" Jiang Huifang anxiously pulled Hou Yingyi away. She blocked the pillow with one hand and held it with the other. "You and Yingyi have a child now. You two should live a good life!"

Jiang Huifang forcefully grabbed the pillow and hid behind her.

Wei Xiaoqing was almost mad with rage. She roared at Jiang Huifang. "What do you mean by a good life?! Do you think Hou Yingyi wants to live a good life with me? He's a manwhore! When I was pregnant, he spent all his time outside. I don't know how many women he impregnated!"

Her words were becoming more and more unpleasant to hear. Hou Yingyi was so angry that he pulled Jiang Huifang aside. He covered Wei Xiaoqing's mouth. "What are you talking about? Shut your stinking mouth!"

"Wuwuwu..."

Wei Xiaoqing's mouth continued to be covered by Hou Yingyi's palm. She tried to speak for a long time, but not a single word came out.

She struggled for a moment before widening her eyes and opening her mouth to bite Hou Yingyi's hand.

"Ah!"

Hou Yingyi pulled his hand away in pain. He saw the deep bite wound in his palm and immediately lost his mind.

He grabbed Wei Xiaoqing's hair and slammed her head against the wall behind her. *novelusB.COM*

"Bitch! Wei Xiaoqing, you bitch! If I don't show you how powerful I am today, you won't know who I am!"

Bang! Bang! Bang!

With several loud bangs, Wei Xiaoqing's head hit the wall and made a loud noise.

Wei Xiaoqing was blinded by the pain and had forgotten to fight back.

Jiang Huifang, who was standing at the side, was very surprised. She quickly threw away the pillow in her hand and grabbed Hou Yingyi's hand with all her might. "Hou Yingyi, what are you doing! Are you trying to kill Xiaoqing? Let her go. Do you hear me? Let her go!"

Hou Yingyi's eyes were already red with anger. He could not hear Jiang Huifang's words. He grabbed Wei Xiaoqing's hair and continued to bang her head against the wall.

If he hit Wei Xiaoqing a few more times, she would probably meet the King of Yama soon. Jiang Huifang was so scared. She hugged Hou Yingyi's arm and opened her mouth to bite him.

With pain in his arm, Hou Yingyi immediately let go of Wei Xiaoqing's hair. Jiang Huifang took this opportunity to push him away hard. "Hou Yingyi, are you crazy?"

Hou Yingyi stood there stunned and didn't come back to his senses for a long time.

Until he looked up at Wei Xiaoqing and saw that her hair was already loose and messy. And there was blood running down her neck.

"Xiaoqing!"

Hou Yingyi ran up to Wei Xiaoqing and looked at her frantically. He wanted to see where the wound was, but he didn't dare to do anything. He was afraid that her wounds would get bigger. He helplessly raised his hand in the air and his face immediately turned pale.

Wei Xiaoqing's head sank down and her eyes looked at the ground lifelessly. This sight really frightened Jiang Huifang.

"Xiaoqing?" Jiang Huifang immediately shouted. "Don't scare mom. Xiaoqing, say something!"

Wei Xiaoqing didn't say anything. She didn't move her eyes at all. It was as if she had lost her soul.

Jiang Huifang was about to cry when she suddenly remembered that there was a call button next to her. She immediately pressed the button.

After pressing it, she choked with grief. "Xiaoqing, don't be afraid. The doctor and nurse will be here soon. Don't be afraid..."

Hou Yingyi closed his eyes in frustration. He really didn't know what had just happened to him. How could he not control himself and attack Wei Xiaoqing again?

Quickly, the nurse ran in. When she opened the curtain and saw Wei Xiaoqing's condition, she was also shocked. She immediately called the doctor.

Not long after, the doctor also rushed in and examined the injury on Wei Xiaoqing's head. His expression immediately became serious. "What happened? Did the patient try to commit suicide?"

Jiang Huifang was stunned for a moment. Why would Wei Xiaoqing want to commit suicide?

Hou Yingyi said calmly. "Yes. She's not in a good mood, so..."

The doctor immediately reprimanded, "The patient's mood isn't very good, why didn't you tell the doctor and nurse? She's just undergone surgery. You should be taking good care of her!"

The doctor scolded Hou Yingyi and Jiang Huifang so badly that they couldn't say anything at all.

Under the threat of Hou Yingyi's sharp gaze, Jiang Huifang didn't dare to say that Wei Xiaoqing had been beaten by him. She could only bite her lip and stand there with a guilty conscience.

"Don't just stand there, send her to the operating room quickly!"

Just three days passed, and Wei Xiaoqing entered the operating room again. Jiang Huifang's heart almost burst. "Yingyi, how could you do this to Xiaoqing? She just gave you a child and you already sent her back to the operating room!"

Yes, that's right. Wei Xiaoqing had given birth prematurely because of Hou Yingyi. Now she was beaten by him again. Jiang Huifang also suspected that Hou Yingyi was prone to domestic violence. Why hadn't she noticed this before?

For sure, after a man got married, his true nature would be revealed.

When Hou Yingyi released his anger, he would be relieved for a moment. Now that he was done with it, he felt a little guilty.

Wei Xiaoqing had just given birth and she had already been treated so cruelly. It was certainly a bit redundant.

"Mom, I was really angry earlier."

Hou Yingyi took the initiative to admit his mistake, but Jiang Huifang didn't buy it. She put her hand on her hip and showed her previous fearless strength. She said loudly. "You are angry? Does that give you the green light to hit Xiaoqing just because you are angry? Hou Yingyi, what is my daughter's fault for you attacking her one after another?! Let me tell you, we can sue you for this!"
