Chapter 1071: You Still Want This Child?

Yu Meilin and Hou Yingyi's eyes widened in surprise. It's not that they didn't know about the relationship between Liang Zixuan and Wei Xiaoqing, and it's also not that they didn't know that Han Yuanjun hated Wei Xiaoqing's guts. So, how could Han Yuanjun protect Wei Xiaoqing now?

Wei Xiaoqing was getting more confused. For a moment, she was stunned. The big hand on her shoulder burned like fire. It made her body tremble involuntarily.

She didn't even notice that Han Yuanjun had pulled out a strand of her hair.

Without batting an eye, he wrapped the strand of hair around his fingertips. Then he casually removed his hand from Wei Xiaoqing's shoulder and put it in his pocket. Finally, he looked deeply at the child in Hou Zexian's arms. He raised his feet and left without saying a word.

The entire Hou Family was stunned for a long time as they watched Han Yuanjun leave without saying a word.

Especially Wei Xiaoqing. Was Han Yuanjun protecting her just now?

Why did he suddenly... leave?

Hou Yingyi looked away in frustration. Then, without saying anything, he angrily ran into Hou Zexian's room. He reached out his hand to grab the child.

Hou Zexian's eyelids moved quickly and he stood by the side to protect the child.

Hou Yingyi finally couldn't hold it back. He pointed at Hou Zexian's nose and cursed, "Haven't you had enough yet? Do you think what happened earlier wasn't embarrassing enough? Hou Zexian, no one in this world will continue to spoil you!"

Hou Zexian gently patted the child on the back, as if he was afraid that the child would be afraid of Hou Yingyi. The movement was light and slow. If the Hou Family didn't know, they would think that the child belonged to him.

Wei Xiaoqing finally woke up from her daze and ran in to say, "Zexian, can you give the child back to me?"

Hou Zexian looked coldly at Wei Xiaoqing. "I'm helping you. Don't force my hands!"

Wei Xiaoqing: "...."

No one here knew the child's true identity, but he did!

If Hou Zexian really wanted to harm her, he would give the child to Han Yuanjun. But he didn't!

Wei Xiaoqing didn't know why Hou Zexian did that, but she knew that from the looks of it, he didn't tell the truth to everyone not because he wanted to help her.

Hou Yingyi was furious. How could he understand the secret between Wei Xiaoqing and Hou Zexian? He pulled Wei Xiaoqing aside in frustration and shouted at Hou Zexian. "Enough with this nonsense. Give the child back to Wei Xiaoqing, do you hear me? Don't let our family's jokes get out!"

Hou Zexian smiled and looked at Wei Xiaoqing. "Do you still want this child?"

Wei Xiaoqing bit her lip. Her fingers slowly gripped her skirt. Under Hou Zexian's menacing gaze, she said softly. "Since Zexian wants to help me take care of the child, So...I have to trouble Zexian to keep taking care of him."

"What?" Hou Yingyi was stunned for a moment. He really didn't expect Wei Xiaoqing to suddenly change her mind.

Didn't she want this child earlier?

Hou Yingyi didn't understand why Wei Xiaoqing suddenly changed her mind. He just stared at Hou Zexian and then stared at her.

Hou Zexian smiled proudly and walked to the door unhurriedly with the child in his arms. "Wei Xiaoqing, I'll switch rooms with you. I'll come back after the irrelevant person leaves."

Hou Yingyi still wanted to snap and grabbed Hou Zexian to demand an explanation, but he was stopped by Wei Xiaoqing. *novelUsb.Com*

He stared at her with red eyes. "Are you crazy? That's our child. What does he want with our child!"

"Our child?" Wei Xiaoqing could not help but laugh. "Hou Yingyi, when did you ever consider this child as your child in your heart? In your heart, in your eyes, this child is nothing. He is my child. Wei Xiaoqing's child. He has nothing to do with you!"

Hou Yingyi's temper became more and more irritable. Suddenly, he pushed Wei Xiaoqing and ran toward Hou Zexian.

Regardless of whether the child was treated well or not, he was still a descendant of the Hou Family.

At this point, how could Yu Meilin let the child get hurt?

Moreover, the child was still in Hou Zexian's arms. If news about this spread out, there was no need to say how harshly they would be ridiculed by others.

"Enough, Yingyi!" Yu Meilin hugged Hou Yingyi, who had rushed out of the room, and gently advised. "Let Zexian take care of him. Don't play around anymore. You and your father should discuss the matter of Han Yuanjun coming to our house unexpectedly."

When Hou Yingyi went into Hou Zexian's room, Hou Shihong had told Yu Meilin that Han Yuanjun wasn't a simple person. He didn't seem to come to the Hou Family for no reason.

There must be some secret that they didn't know.

Putting aside the fact that Han Yuanjun had come unannounced, he also left the house just like that.

Hou Yingyi thought about it carefully and felt that there was something wrong with Han Yuanjun's arrival. He turned around and gave Wei Xiaoqing a sharp glare. Then he followed Hou Shihong downstairs.

••••

Inside the car,

Han Yuanjun took out a transparent bag from his pocket. He put the hair tied together on his fingers into it and handed the small bag to Yao Xiu.

"There are two strands of hair in here. Take them for a DNA test."

Yao Xiu took the bag and kept it carefully.

He did not ask. Normally, he would not ask about Han Yuanjun's personal affairs. But even though he did not ask, he had a hunch in his heart.

After Liang Zixuan and Tian Qihua had dinner, they went to Han Yingzhe's bedroom to play with him. The little guy was quite docile for a few days and did not torment the others with his crying, but he always needed someone to carry him.

Liang Zixuan was exhausted from carrying the child for a while and handed him over to Tian Qihua.

Han Yuanjun returned from outside and went straight upstairs to Han Yingzhe's room.

Liang Zixuan saw him and immediately went to him. She asked with concern. "Have you had dinner yet?"

Han Yuanjun gently caressed Liang Zixuan's face. He nodded with a smile. "Yes, I have."

Liang Zixuan pulled Han Yuanjun to a sofa and sat with him. Tian Qihua looked at them and carried the child out of the room.

Perhaps because the mother had a deep connection with the child, she felt that Han Yuanjun had something to say to Liang Zixuan.

Sure enough, as soon as Tian Qihua left, Han Yuanjun spoke, "Baby, it's hard for you and mom to take care of Yingzhe like this every day. How about we hire two babysitters who specialize in taking care of children?"

Liang Zixuan had already discussed this matter with Tian Qihua before, but Tian Qihua wasn't quite ready. She felt that the babysitter couldn't take good care of the child.

Liang Zixuan complained. "I thought about it too. But mom said she was afraid the babysitter would mistreat Yingzhe when we were not around. So ..."

"Don't be too biased just because of a few judgments." Han Yuanjun tried to persuade Liang Zixuan with good manners. "There are still many babysitters who will work diligently and carefully. Besides, don't you trust me? I'll go and choose them myself."

Liang Zixuan rested her head on Han Yuanjun's shoulder and pouted. "I know," she said, "but the one you should be persuading is not me, but mom! I believe you, but mom..."

As a daughter-in-law, Liang Zixuan was not in a position to talk about many things.

Although Tian Qihua had a good personality and even felt sorry for her, Liang Zixuan still knew not to touch her bottom line.

Han Yuanjun slowly rested his chin on Liang Zixuan's head. He smiled and asked in a low voice. "You mean as long as mom agrees, you will agree?"

Liang Zixuan laughed softly, "Of course! I have been very busy lately. Qian Yazhu has already started moving. Once I am done with him, I will officially deal with the He Family. There are many things I need to take care of. I also want someone to help me share the burden."

Chapter 1072: Waiting For Me To Grow Old To Despise Me!

Liang Zixuan also felt that Tian Qihua could not take care of her child alone.

Han Yingzhe's temperament really made people worry.

Even Qin Yu, who often visited her, had stopped coming here recently. One could imagine how dislikeable this child was.

In other words, other than his mother or grandmother, who can handle his behavior?

Han Yuanjun stood up as if he was assured. "Alright, I will go talk to mom."

Tian Qihua brought the child downstairs.

She was still carrying Han Yingzhe and gently cradling him. Just because the child's eyes were closed, one should not assume that he was sleeping. As long as your butt hit the sofa, he would open his mouth and cry.

Tian Qihua had no other choice but to carry him around the living room.

Han Yuanjun came down from upstairs and saw Tian Qihua, who was working hard to put the child to sleep.

As a son, his heart also ached for his mother.

"Mom." Han Yuanjun walked toward them. Tian Qihua immediately let go of the child and handed him over to Han Yuanjun.

In front of Tian Qihua and Liang Zixuan, Han Yuanjun was very obedient. He hugged the child and coaxed him to sleep. **NoVELusb.cOm**

Tian Qihua took this opportunity to sit down. The servant immediately brought her a glass of juice, and she took the juice and drank it down in one gulp. It was obvious that she was very exhausted.

"Mom, it's not good for you to take care of Yingzhe alone. You're not young anymore and Zixuan still has her own work. How about we hire two babysitters to take care of Yingzhe?"

Tian Qihua had already guessed it. When Han Yuanjun said that, she wasn't surprised. Instead, she looked at him and asked calmly. "Does Zixuan agree?"

Han Yuanjun nodded. "Agreed. She still has to take care of the Liang Family's matters and if she has to take care of this child at the same time, I'm afraid she won't be able to do it."

Tian Qihua was not a stubborn old woman. It was not that she expected the child to be raised by Liang Zixuan alone, she was only worried that Han Yingzhe would suffer a loss from the babysitters.

Han Yuanjun knew what she was worried about and continued. "Mom, don't worry. I will choose the babysitters myself. I will definitely choose the best ones."

"What else do I have to worry about?" Tian Qihua suddenly laughed as if she had been relieved of a burden. "Okay, since you think it's best to find two babysitters to watch Yingzhe, then go find them. The Liang Family's matters are Zixuan's responsibility and burden, and I understand that she must do it herself. That's why I'm still here. I will fully supervise the babysitters."

What Tian Qihua admired most about Liang Zixuan was that she knew how to return the favor.

Logically, Liang Zixuan was actually not related to the Liang Family by blood and was not close to them.

But she was grateful. Because the Liang Family had helped Luo Yanyun back then. Because of them, Luo Yanyun was able to protect Liang Lihua. With Liang Lihua, these two children, Liang Jiahao and Liang Zixuan, were born.

The reason why Tian Qihua treated Liang Zixuan so well and liked her so much was because she liked the quality of Liang Zixuan's character.

It was not something that ordinary people had.

At this time, Liang Zixuan went downstairs. Seeing Han Yuanjun and Tian Qihua chatting with each other, a smile appeared on her face.

When Tian Qihua saw her coming down, she quickly waved at her.

Liang Zixuan came over with a smile and sat down next to Tian Qihua.

"Zixuan, you can actually tell me about this yourself. Mom is not a stubborn old lady."

Liang Zixuan secretly looked at Han Yuanjun. Han Yuanjun raised his eyebrow innocently at her. Liang Zixuan smiled and shook her head. "Originally, I did not think this kind of thing would be good for Yingzhe. And I was afraid that if I suggested it again, it would indirectly make mom feel like I did not want you to take care of him, so... I asked Jun to talk to you."

"I know!" Tian Qihua smiled and patted the back of Liang Zixuan's hand. "But what kind of daughter-in-law are you? Others may not know, but how could I not know? Zixuan, this society is no longer a society where women should stay at home and take care of their children. You have ambitions and a career. As your mother-in-law, how can I let these mundane things get in your way?"

Liang Zixuan's heart was touched. Instant warmth rose in her eyes. Seeing Tian Qihua's kind expression, she felt extremely grateful in her heart.

She, who had never experienced a mother's love, now truly considered Tian Qihua as her own mother.

Liang Zixuan was such a person. If you treated her well, she would definitely repay you tenfold or even a hundredfold.

"Alright, don't cry." Tian Qihua smiled and wiped Liang Zixuan's damp eyes. "Jun is already back. Let the child sleep with me tonight. You two go have fun."

"Mom!" Liang Zixuan shyly turned her head and happened to see Han Yuanjun's smiling face.

She pouted at Han Yuanjun gloomily. Han Yuanjun walked over with a smile, gave the child to Tian Qihua, then took Liang Zixuan's hand and left the living room.

Liang Zixuan originally thought that Han Yuanjun would take her to their bedroom, but he didn't.

She couldn't help but ask, "Where are you taking me?"

"To see the moonlight."

They both walked hand in hand to the garden and sat on the swing.

Han Yuanjun's foot slowly touched the ground, then he pushed them, and the swing began to swing.

Liang Zixuan raised her head and looked up at the night sky. The moon could be seen. It wasn't full, but it was still bright. The stars beside him also emitted their own rays.

Han Yuanjun's voice sounded in her ears. "Baby, how long has it been since we looked at the moon and stargazed so calmly?"

Liang Zixuan thought about it for a moment. It seemed like it had been quite a long time.

When they had just started dating, Han Yuanjun would take her for walks in the garden almost every night. When they were tired of walking, they would both sit on the swing, just like now.

Liang Zixuan leaned her head on Han Yuanjun's shoulder and smiled softly. "Hubby, I really want to follow you to old age. Looking at your white hair and old face, I'm still like this, curled up by your side."

Han Yuanjun chuckled. "At that time, you were also an old woman."

"No way!" Liang Zixuan pouted and said proudly, "I'm ten years younger than you. When you're too old and have to walk with a cane, I can still walk as fast as flying."

Han Yuanjun: "..."

How could he have forgotten!?

Thinking about this, Han Yuanjun felt a little uncomfortable.

"Walk as fast as if you are flying?" Han Yuanjun smiled bitterly. "Looks like you are really waiting for me to grow old to despise me!"

"No!" Liang Zixuan raised her head and kissed Han Yuanjun's cheek. "Even though you have turned into an old man with a bald head, in my heart, you are still the most handsome old man in the world!"

Han Yuanjun glanced at Liang Zixuan, expressing his disbelief.

Liang Zixuan tried her best to explain. "Really! Look at you, tall and slender, with an extraordinary temperament, just like your grandfather. He is already old, but no one really thinks he is old. The grace of his youth can still be dimly seen in him."

Chapter 1073: The Feeling Of Not Being Able To Do Anything Is Really Bad!

"Dimly?"

Han Yuanjun pursed his lips. "So, you also despise grandpa because he is old!"

"No, no!" Liang Zixuan felt that no matter how much she spoke, Han Yuanjun would twist her words. So she hugged his arm and shook it vigorously. "Hubby, you must believe in me. No matter how many years have passed, no matter how much you change, you will always be the best, the most handsome, the most perfect man in my heart!"

Han Yuanjun pressed his hand on the back of Liang Zixuan's head, making her rest on his shoulder silently. He looked up at the night sky and sighed softly in his heart. 'Baby, how can I keep you from getting hurt?'

Han Yuanjun's main purpose in hiring the babysitters was to keep Liang Zixuan away from the child.

With Qian Yazhu and the Liang Family's matters, Liang Zixuan should be very busy. As long as the child was given to the babysitters to take care of, and Tian Qihua watched over them from the side, Liang Zixuan should be able to calm her heart and concentrate fully on these matters. Her love for Han Yingzhe would become weaker and weaker.

And it wasn't that Han Yuanjun didn't think about Tian Qihua's feelings before, but she, after all, was only a grandmother to Han Yingzhe. Since they were separated by a level, her injury should be less than Liang Zixuan's.

Han Yuanjun was heartbroken.

If Wei Xiaoqing really dared to exchange her child with theirs, then neither the Hou Family nor Wei Xiaoqing would be spared!

He wouldn't let anyone who wanted to harm Liang Zixuan get away!

• • • •

At noon the next day, the two babysitters went to Han Yuanjun's villa to report.

Yao Xiu had personally sent them there.

"Young Madam, these babysitters were personally selected by President Han. They have a good reputation in this field and have taken care of many children. You can trust them." Yao Xiu said respectfully while Liang Zixuan continued to look at the babysitters.

There was a well-known saying that everything came from appearance. Whether someone was good or not, it could be seen more or less from their appearance.

These two babysitters looked very happy. They also had gentle smiles on their faces. It was as if no matter what happened, they would always be able to handle it calmly without getting angry.

The two babysitters stood in front of Liang Zixuan without a hint of humility. Instead, they stood tall and upright and dared to look into her eyes.

Liang Zixuan was very satisfied. "Alright, then I'll have to trouble aunties from now on."

One of them smiled and said, "Young Madam, you can be sure that we will definitely take care of the little Young Master as if he were our own son."

The other said, "We all know about Young Madam's concern. Rest assured that we will not do anything to the little Young Master."

Liang Zixuan nodded and turned to Tian Qihua. "Mom, give Yingzhe to them."

Tian Qihua also felt that these babysitters were trustworthy, so she carefully handed Han Yingzhe to one of them.

The person carrying the child immediately laughed and teased. "Aiya, this child has a good-looking face. In the future, when he grows up, he will definitely be a handsome young man!"

Another laughed as well. "Yes, that's right. Children are always the kindest-hearted. They are like a sheet of white paper. Looking at him now, I could tell he really is going to be a handsome young man!"

The corners of Liang Zixuan and Tian Qihua's mouths twitched when they heard this.

Kindest-hearted?

Hehe ... Soon, you would see how kindest-hearted he was!

Liang Zixuan was not relieved when the babysitters took the child away. After all, Han Yingzhe was her own son, and she was very worried about him.

She personally watched them feeding the child and also personally watched them change the child's diapers. Especially when Han Yingzhe wailed and cried for no reason. Liang Zixuan stood at the side and stared at the movements of the two babysitters.

It was unknown whether it was because Liang Zixuan and Tian Qihua were watching them, but the two babysitters were very patient. Not to mention beating the child, they did not even complain.

When Han Yingzhe cried, the two babysitters coaxed him in different ways. Surprisingly, when Han Yingzhe was coaxed by them, he immediately stopped crying.

Tian Qihua wiped the sweat from her brow and pursed her lips at Liang Zixuan in embarrassment. "Yingzhe is always like this with us. After trying to coax him for an hour, he still hasn't stopped crying."

Liang Zixuan nodded in agreement. "Yes! He only cried for a few minutes before they coaxed him. Looks like we're too amateurish."

Tian Qihua shook her head helplessly. "Fortunately, when I had Jun, he wasn't like this. It seems like I'm really behind, I can't keep up with the times."

"No, mom!" Liang Zixuan easily pulled Tian Qihua out of Han Yingzhe's room. They both went downstairs and sat down to drink juice.

"Mom, I think those two babysitters are trustworthy. You don't have to watch them all the time. If you need to rest, then rest. If you want to go out to play, then go out and play..."

Hearing Liang Zixuan's words, Tian Qihua suddenly realized that it had been a long time since she had gone out, not even to Old Madam Han's place.

As for Zhang Xiuying, Tian Qihua had no time to worry about her relationship with Han Xiwang. All her time was spent on Han Yingzhe, so she no longer had her personal life.

"Alright." Tian Qihua was grateful for Liang Zixuan's understanding, "I'll keep an eye on them for a while. Tomorrow, I'll go to the Han Residence and talk to your grandmother for a while, then I'll go to your aunt's house and check on her. Right, Zixuan..."

Tian Qihua suddenly turned to Liang Zixuan. "From now on, you will take full control of your own matters. If you can't handle it or if you encounter any problems, you must tell Jun immediately. You do know that you're not alone, right? Our entire Han Family is here to help you."

"I know," Liang Zixuan smiled happily, "I won't try to be brave, and I won't put myself in danger. Besides, Shanyuan and Jiaying will also help me, so you don't have to worry."

Speaking of Qin Shanyuan and Liang Jiaying, the two of them were living a leisurely life these days.

Everyone in the Public Relations Department was very anxious, especially when they saw that news that defamed them was circulating on the Internet. They felt their hearts stop.

"Boss Qin! Qian Group has slandered us like this, are we not going to retaliate?" The PR manager's face was twisted into a bun. "I went to sing karaoke last night and met Qian Yazhu. I really wanted to tear his face when I saw the proud smile on his face."

"Did he?" Qin Shanyuan asked with a sneer as he raised his eyelids.

The manager sighed. "You didn't see it! His proud tail was sticking out of his butt! He knew I wasn't afraid of him, but he still tried to provoke me! At that time, all I could do was watch. The feeling of not being able to do anything was really bad! I had to hold back the anger in my heart. If it were up to me, I will kill him last night!"

Qin Shanyuan laughed. "Then why didn't you do it? If anything happens, I'll help you dispose of his body."

The PR manager: "..."

Chapter 1074: The Subpoena Is Here!

The manager sighed and asked helplessly. "When are we going to fight back? I want to kill him, but killing people is against the law! If I want to do it, I want to do it on official business!"

When Qin Shanyuan was not serious, he had a good temper, and his subordinates liked to talk to him.

That was why the manager dared to talk to Qin Shanyuan like this. He knew that Qin Shanyuan did not take this matter seriously at all.

The Manager of the Public Relations Department was still young, only two or three years older than Qin Shanyuan, who regarded him like an older brother.

Qin Shanyuan tapped his index finger on the table and said with a smile. "Do not be in a hurry. There will be time for you to kill him. Just wait."

"Still waiting?" The manager was speechless, "Boss Qin, look at today's news. The netizens who were originally on our side have all changed direction because we did not show up to dispel those rumors. Now they are starting to suspect that we really stole the formula, and are calling our company a thief on the Internet! Even Qin Yu's fans could not take it anymore."

Qin Shanyuan always paid attention to this news.

It was very fortunate that Qin Yu's fans were still doing their best to protect Qin Yu and her heroic image. Otherwise, they would have all been scolded for daring to do so.

Qin Shanyuan nodded. Just as he was about to say something, someone suddenly knocked on the office door.

He said in a deep voice. "Come in."

The door was pushed open, and the company lawyer rushed in with a piece of paper in his hand.

He placed the paper on the table in front of Qin Shanyuan where Qin Shanyuan could see its contents.

"Director Qin, the Qian Group has officially filed a lawsuit against us, and this is the official complaint of the court. If we don't explain ourselves, we won't be able to avoid this lawsuit."

Qin Shanyuan glanced at the subpoena and suddenly smiled. "It's finally here?"

The lawyer and the manager were both dumbfounded. They didn't understand why Qin Shanyuan was so excited when he saw the court summons.

He was so excited that he was practically glowing...

They feared that Qin Shanyuan had fallen ill and gone mad for a while.

The lawyer coughed and said seriously. "Director Qin, what do you think? Should we really fight out this case? How do you want us to fight? You're still like this, saying nothing and allowing Qian Yazhu to attack us."

Qin Shanyuan smiled as he took the subpoena and waved at them. "You two can leave first. I'll tell you what to do later."

The manager and the lawyer looked at each other. Even though Qin Shanyuan was smiling now, they could tell that this man wasn't joking with them.

They both sighed in unison and walked out reluctantly.

As soon as the door was closed, Qin Shanyuan dialed Liang Zixuan's number. "Aunt, the subpoena is here! The subpoena is here!"

Liang Zixuan could hear Qin Shanyuan's excitement over the phone.

The sound was so piercing that it nearly burst her eardrums.

"Cough, cough ..." Liang Zixuan coughed and said in a speechless state, "Can't you be calmer? Does everything have to be written all over your face?"

Liang Zixuan guessed that there was no one in Qin Shanyuan's office right now. If there were, they would all think he was crazy!

Who in this world really wanted to be subpoenaed?

Qin Shanyuan looked around and confirmed that everyone had left. Then he smiled sheepishly. "I'm just excited! How long have we been silent? Almost half a month, aunt. If I do not attack now, I feel the primordial energy in my body will run out."

"Primordial energy in your body?" Liang Zixuan could not help but laugh. "You're not afraid that Jiaying will laugh at you when she hears this?"

"No!" Qin Shanyuan did not feel like exchanging jokes with Liang Zixuan anymore, so he quickly got the topic straight. "Aunt, we have received the summons, tell me, when can we start our plan?"

Liang Zixuan thought for a moment, then said carefully. "How about this? I'll pack my things and come over there. If you have something to say, we'll talk face-to-face. There are some things I need to discuss with all of your department heads."

"Alright!" Qin Shanyuan stood up excitedly, "Then I will arrange for a car to pick you up now!"

Liang Zixuan was about to say that there was no need, she could drive herself, but Qin Shanyuan had already ended the call.

She looked at her phone and shook her head helplessly.

Why was Qin Shanyuan so impatient?

Liang Zixuan went upstairs to wash. She had just finished her maternity abstinence and her body was not recovering so quickly. She was still a bit chubby, but fortunately, she wasn't that chubby to begin with.

She chose a business suit and put it on. Then she put on some makeup and packed her bag. Soon, the driver sent by Qin Shanyuan arrived.

Originally, the driver was instructed by Qin Shanyuan to take Liang Zixuan directly to the Qin Group, but on the way there, Liang Zixuan suddenly told the driver to take her to a coffee shop.

The driver did not dare to disobey her and could only drive the car to the coffee shop.

Liang Zixuan got out of the car and entered the coffee shop. Once she went in, she didn't come out for a long time.

Qin Shanyuan was waiting anxiously in his office. It had been over an hour, but Liang Zixuan still hadn't arrived.

He called her cell phone, but she didn't answer. He was shocked and thought something had happened, so he quickly dialed the driver's number.

"Hello, Director Qin."

"Where is my aunt? Where did you take her? Are you lost?" As Qin Shanyuan spoke, he couldn't help but ask angrily.

The driver retracted his neck and answered cautiously. "I was on my way to drop Madam Han straight to the company, but she suddenly said she wanted to go to a coffee shop. I'm just a driver, so of course, I took her there. She wouldn't let me come with her. She told me to wait for her in the car, so..."

"Coffee shop?" Qin Shanyuan took a deep breath and tried his best to sound calm. "All this time she's been in there?"

"Yes." The driver said honestly, "She's been in there for an hour and still hasn't come out. She's probably here to meet someone."

An hour had passed, and Liang Zixuan couldn't possibly sit alone until now.

Qin Shanyuan was very anxious. Since Liang Zixuan didn't let the driver follow her, he could only tell the driver, "Alright, wait outside. Once she gets out, take her straight to the company. Do you understand?"

"Yes, rest assured, Director Qin!"

Shortly after Qin Shanyuan hung up, Liang Zixuan came out of the coffee shop. *nOvelus&.Com*

The driver deliberately craned his neck to look behind Liang Zixuan, but when he didn't see anyone coming out with her, he pulled his head back.

"Director Qin just called."

The corner of Liang Zixuan's mouth lifted into a smile. "Why is the child in such a hurry?"

The driver: "..."

The brave general manager was a child in Liang Zixuan's eyes?

The driver smirked as he replied, "Director Qin said to take you straight to the company when you come out. Madam Han... You don't have anywhere else to go, do you?"

Chapter 1075: I Will Give Them A Hundred Guts!

Seeing his cautious face, Liang Zixuan thought the driver was cute. She smiled and shook her head. "No, I've done my work. Let's go to the company."

"All right!" The driver finally breathed a sigh of relief, stepped on the gas pedal, and drove the car off.

The mission Qin Shanyuan had given him was simple. It was to make sure that Liang Zixuan was safely sent to the Qin Group and as quickly as possible.

If he couldn't perform this task well, then he didn't deserve to be a driver.

Liang Zixuan could feel the driver going as fast as he could. A fifteen-minute ride became just an eight-minute ride.

It seemed that Qin Shanyuan was very anxious.

Liang Zixuan took the elevator to Qin Shanyuan's floor. As soon as she stepped out of the elevator, she was surprised by Qin Shanyuan, who was standing in front of the door.

"Aiya, aunt, you're finally here!"

Qin Shanyuan pulled Liang Zixuan out of the elevator.

"I've already informed those in charge of the related departments to gather earlier. Everyone is now waiting for you in the conference room."

Liang Zixuan was dragged away by Qin Shanyuan as she said, "There's no need to rush! Let me drink some water first!"

Qin Shanyuan didn't even look back. "Didn't you just come back from the coffee shop?"

Liang Zixuan: "..."

She couldn't believe that Qin Shanyuan wouldn't even let her take a sip of water and just dragged her into the conference room.

Sitting in the conference room was a group of people, and practically all of them were the ones in charge of this matter.

Liang Jiaying had poured water for them several times. One could only imagine how long they had been waiting for this moment.

Finally, they saw the door of the conference room open and Qin Shanyuan and Liang Zixuan entered.

Everyone stood up and shouted, "Good morning, Madam Han!"

Although Liang Zixuan worked at Han Group and was also the second boss, this was the first time so many people officially called her Madam Han.

She did not feel the least bit uncomfortable. She just nodded to everyone and enthusiastically walked to her seat with Qin Shanyuan.

Of course, the highest rank still belonged to Qin Shanyuan. Both in terms of courage and success, Liang Zixuan will not be able to replace the number one position in the line.

She sat down next to Qin Shanyuan. Without waiting for Liang Zixuan to say anything, Qin Shanyuan turned to Liang Jiaying. "Inform everyone about the current situation."

After a few days of working, Liang Jiaying had gotten used to her job. Even when she had to speak in front of a group of people, she did not feel afraid or flustered.

She calmly explained the current situation to everyone. *noVELuSb.cOM*

After she was done, the lawyer raised his hand, and Qin Shanyuan nodded at him.

"Today, we received a summons from the court. If we cannot conduct private mediation with the Qian Group, then we will have to enter legal proceedings. We will have to fight this case."

Liang Zixuan had been holding a cup of water in her hand the whole time. Seeing that the water was almost finished, she passed her cup to Liang Jiaying.

Liang Jiaying immediately smiled and refilled the water for her.

Everyone stared intently at Liang Zixuan, waiting for her to speak.

She smiled. "Mediate what? We will not mediate in private, let's fight this case openly."

The lawyer pushed his glasses up his nose. "May I ask, Madam Han, how should we fight this case? Shall we continue to be cowardly turtles as before? Let Qian Group splash the dirty water on us?"

Not only the lawyer, but even the people in charge were not satisfied with them for doing nothing.

Others might not know, but they knew that the formula of the drink had been developed by them. That was all their hard work. That clown, Qian Yazhu, jumped out to slander them, but they could only retreat in anger, not even daring to say a word.

Of course, Liang Zixuan understood their anger. She was not angry but smiled at the lawyer. "We have all the evidence, so if we want to fight this case, we will definitely win. We will win this case beautifully. We will bury the Qian Group forever until people forget its existence."

The Manager of the Public Relations Department blinked, he could not believe those words came from a woman.

He took a sip of water and then asked. "If we want to fight the lawsuit, what about online public opinion? Even if we win the lawsuit, it will only be able to alleviate half of the mess. Madam Han, public opinion is a company's image!"

"Of course." Liang Zixuan nodded, keeping a smile on her face from start to finish. "No one is allowed to damage Qin Yu's image. This is my bottom line. Therefore, what I need the PR Department to do now is to collect all the information. Find all the reporters who are helping the Qian Group destroy our Qin Group and Qin Yu during this period. Each and every one of them, you must find them all. Then throw the evidence in their faces and let them all apologize publicly!"

"Is that so?" The manager suddenly became excited, "Madam Han, are you sure we're going to do this?"

"Yes!" Liang Zixuan took the cup of water that Liang Jiaying handed to her. After taking a sip, she slowly said. "From now on, the PR Department will be busy. After you gather all the information, I will ask Jiaying to send you the evidence. All the reporters and big bosses who sided with Qian Yazhu should not even think of retaliating. The letter from the lawyer will bring them all to court.!"

The excitement on the manager's face could be seen with the naked eye, but the lawyer disagreed. "But in this way, we officially have offended the reporters in our circle."

In this world, it was easy to offend anyone except the reporters.

If you offended them, it was all right if you made no mistake, but if you made a small mistake, they could hold you down. All kinds of bad words would come out of their mouths, and they could trample you into dust in a matter of minutes.

Of course, Liang Zixuan understood this logic. Back then, when she pulled Wei Xiaoqing down from the altar, hadn't she used the power of public opinion?

"Reporters in our circle?" Liang Zixuan laughed softly, "How many reporters in the circle depend on the Han Group to survive? Even if they don't depend on us to eat, how many really dare to offend my husband? I will give them a hundred guts!"

Everyone: "..."

Madam Han was so domineering!

Madam Han was so great!

Madam Han was so amazing!

As expected, leaning against a big tree was a great way to take advantage of the shade!

Liang Zixuan's bravery caused all the men in the conference room to look at her in a new light.

Chapter 1076: Are You Trying To Seduce Other Women

Qin Shanyuan, who said nothing during this time, couldn't help laughing. "What? There's no other problem you guys want to propose? If you all have any questions, ask quickly! My aunt came here with great difficulty, we can't just let her go like that."

The manager of the Public Relations Department shrank his neck and said nothing.

The lawyer also lowered his eyes, indicating that he had no more problems.

There was no need to talk about the others, as they all looked at Liang Zixuan in awe.

The meeting ended happily just like that.

Qin Shanyuan still had to explain the rest of the work to the heads of all the departments. Liang Zixuan didn't feel like listening to this anymore. She got up, left the conference room, and went to Qin Shanyuan's office out of boredom.

This was her first time coming to his office, so she looked around curiously.

On the table was a picture frame with a photo of Qin Shanyuan and Liang Jiaying, and even on the computer desktop was a picture of the two of them.

Liang Zixuan looked at the two smiling people on the screen and could feel their sweetness.

She suddenly remembered that Han Yuanjun's office seemed to be... simpler.

He usually treated her well and knew how to be romantic. However, he was not as thorough as Qin Shanyuan in such small matters.

The more Liang Zixuan thought about it, the more wronged she felt. Why hadn't Han Yuanjun used her picture as the desktop for his computer?

With these thoughts, Liang Zixuan sent a WeChat message to Qin Shanyuan, telling him that she would go home first. Then she went downstairs, hailed a cab, and headed for the Han Group.

Han Yuanjun had been very busy lately with the Han Group's overseas company. There was too much work that needed to be done.

Yao Xiu entered Han Yuanjun's office with a laptop in his hand. First, he reported to Han Yuanjun about his work. After he finished, he took a deep breath and began to talk about personal matters.

"President Han, I have already sent the hair in for a paternity test. I estimate the result will be out within a week."

Speaking of this, Han Yuanjun was immediately not in a good mood. "Okay, I understand."

Yao Xiu pursed his lips and suddenly asked, "President Han, are you worried about the Young Madam?"

When someone followed you for too long, they would naturally be able to sense your thoughts.

For someone like Yao Xiu, who had been following Han Yuanjun for years, as soon as Han Yuanjun frowned, he could tell whether Han Yuanjun was really angry or not.

Han Yuanjun raised his gaze. At this point, he was not talking to Yao Xiu as a CEO, but as a friend.

"Yes. You know a little about my wife. Her mind is very detailed, and her heart is very soft. Although she usually seems strong, but ..."

"Haha ..." Yao Xiu laughed. "Actually, you don't want Young Madam to be very strong, do you?"

"En!" Han Yuanjun nodded, "Being strong is actually a kind of sadness. It means that her man doesn't care about her, that's why she has to become strong. But there's nothing I can do about it. Before I met my wife, she was already this strong."

Yao Xiu laughed. "Although Young Madam is indeed a strong woman in the eyes of outsiders, but in front of you, she's still a little girl! Her personality is as soft as water. One gentle touch can break her."

Han Yuanjun's lips curved into a smile as he thought of Liang Zixuan acting coquettishly to him. She was so beautiful that he felt happy every time he thought of her.

"Yes, I really want to protect her delicate state of mind."

As a mother, Liang Zixuan was always careful when it came to taking care of her child. One day, you suddenly told her that this child was not hers, and no matter how strong she was, she would still collapse, right?

Han Yuanjun really couldn't imagine what would happen to Liang Zixuan when that happened.

He couldn't bear to see her upset.

What if, after the child was changed, Liang Zixuan ignored the child just because she missed the fake Han Yingzhe too much? What would happen to him and their child later?

In such cases, men were stronger.

After Han Yuanjun felt something was wrong, he did not put any feelings into Han Yingzhe. And even if he did, one day when he knew that the child was not his, he would still give all his love to his own child when his child returned.

He felt that he could withstand all blows and hardships.

But Liang Zixuan...

"President Han ..." Seeing Han Yuanjun brooding, Yao Xiu cautiously opened his mouth, "Actually, I think you are overthinking. Who is Young Madam? She is Liang Zixuan! How can she be defeated so easily? Besides, we all can see her feelings for you, and it is impossible for her not to love her real child when he returns. President Han, I think you should trust her on this matter."

Han Yuanjun raised his eyes and looked at Yao Xiu.

Yao Xiu pursed his lips and said calmly, "Things will only get too messy when you think too much -"

"Hubby..."

Suddenly, the office door was pushed from the outside, and Liang Zixuan's voice was heard.

Han Yuanjun and Yao Xiu immediately stopped talking and looked at each other worriedly.

Did Liang Zixuan hear their conversation?

Liang Zixuan entered the office and saw that Yao Xiu was also there. She smiled at Yao Xiu and said, "Did I come at the wrong time?"

Yao Xiu felt a little helpless under Liang Zixuan's gaze. As if he was caught red-handed talking bad behind her back.

Han Yuanjun was just in time to help him. "We just finished the discussion."

He looked at Yao Xiu. "You can go. I will call you if anything happens." **nOVeLU**s**.cOm**

Yao Xiu took a deep breath of relief in his heart, then respectfully nodded to Liang Zixuan and slipped out.

Liang Zixuan stared at Yao Xiu's back. Seeing that he couldn't wait to leave, the corner of her mouth curved up.

The office door slammed shut. Liang Zixuan threw her bag on the sofa, walked around the table, and stood next to Han Yuanjun. "Hubby, I see you've been very busy lately."

"It's not that bad." Han Yuanjun pulled her hand and let her sit on his lap. He hugged her waist and asked gently, "Why did you come to my office? Are you bored at home?"

Liang Zixuan pouted sadly. She reached for the mouse on the table, minimizing the file on Han Yuanjun's computer screen. Then she stared at the cat picture on the screen and feigned anger, "Look at your desktop! It's a cat! Shanyuan's desktop is a photo of him and Jiaying!"

Liang Zixuan pointed at Han Yuanjun's empty table and said, "Even our picture is not here. Tell me, are you trying to seduce other women and tell them that you don't have me in your heart?"

Han Yuanjun stared at Liang Zixuan without blinking. He couldn't say anything at all.

Liang Zixuan looked at him angrily. "Why are you silent? Say something!"

Han Yuanjun suddenly laughed in a low voice. "I thought you came to find me because you missed me. So you came to complain to me?"

Liang Zixuan pinched Han Yuanjun's face. "Otherwise? I'm telling you, if you don't put my picture where you can always see it, I'll be mad!"

Chapter 1077: Lied To Her

"Alright." Han Yuanjun said kindly, "Change it. Use whichever picture you want. You can arrange whatever you want in my office according to your taste."

Only then did Liang Zixuan let go of Han Yuanjun's face with satisfaction. She then took out her phone, found the picture she had taken with Han Yingzhe, and uploaded it to Han Yuanjun's computer.

Playing with the mouse, she said, "Use this picture. A picture of me with your child. That way, everyone will know that you not only have a wife but also a child!"

Han Yuanjun stared at the picture of Liang Zixuan hugging Han Yingzhe on the computer screen. Suddenly, his eyes narrowed.

Liang Zixuan turned and saw his expression. She frowned and asked, "What? Don't tell me you don't like this picture?"

"No." Han Yuanjun quickly corrected his expression and hugged Liang Zixuan's waist with a smile. His face quickly approached and kissed her cheek. "I love it. I love whatever you do!"

"It's good that you like it."

Liang Zixuan pretended to get up from Han Yuanjun's lap. Who knew the hand on her waist would tighten the grip? Liang Zixuan was powerless to push Han Yuanjun away. "Stop being silly. You're still at work!"

"Nobody would come in without my permission." Han Yuanjun buried his head in Liang Zixuan's black hair, smelling the fragrance in her hair. He took a deep breath. "Tell me, how long has it been since you last visited me at work?"

Liang Zixuan felt a slight itch and pushed him away with a smile. "You can still see me when you get home. What are you complaining about?"

"That's different!" Han Yuanjun stared at her stubbornly like a child. "I'm used to seeing you at home, but in the company, the one who comes to see me will be my wife, Han Yuanjun's wife. How can such a feeling be similar?"

Liang Zixuan really didn't know when Han Yuanjun became so childish. Both of her hands were holding his big hand and she suddenly exerted her strength. Han Yuanjun deliberately let her go.

Liang Zixuan stood up smoothly. "I still have some things to prepare, so I won't accompany you here anymore. After work, go home obediently. Do you understand?"

Han Yuanjun raised his eyebrows and said with a slight grumble, "Where else can I go? Could it be that you also want to come to pick me up?"

Liang Zixuan chuckled slightly. After giving Han Yuanjun a kiss, she walked out of his office.

As soon as she left the office, the smile on her face instantly disappeared.

She looked in Yao Xiu's direction and walked towards the elevator.

Earlier, she had overheard a little conversation between Yao Xiu and Han Yunjun. Not much, just the last few sentences. "I think you should trust her on this. Things will only get too messy if you think too much about it."

Even with just these few sentences, Liang Zixuan could tell that the person they were talking about was her!

Could it be... Was it because Han Yuanjun was worried about what she was doing?

Before, Han Yuanjun had mentioned that the He brothers were dangerous, making him wary and unwilling to let her do it. This made Liang Zixuan suspect Han Yuanjun had secretly attacked the He brothers.

Zou Juan was already waiting for Liang Zixuan downstairs. Seeing her walking towards him, he immediately opened the door for her.

After Liang Zixuan got in the car, she was very quiet and didn't say anything. However, when they were about to reach the villa, she suddenly asked Zou Juan. "Zou Juan, President Han didn't come home for dinner a few days ago. Did you keep an eye on him? Did you make sure he ate his dinner?"

"President Han ate his dinner." Zou Juan didn't know that Liang Zixuan was testing him. He thought she cared about her husband as usual and replied seriously, "President Han would have his dinner at the company after he finished his work."

"Hmm?" Liang Zixuan was a little surprised but pretended to be angry as she said, "He ate at the company? Didn't he go out to dinner? Why did he eat at the company?"

Zou Juan: "..."

It seemed that he had accidentally said something wrong!?

What should he do now?

Zou Juan was so anxious.

Liang Zixuan's face instantly darkened. Her temperament was no less than that of Han Yuanjun's. "Zou Juan, tell me honestly, where did President Han go those two nights?"

Zou Juan shrank back, not daring to answer Liang Zixuan's question.

If he lied and Liang Zixuan went to ask Han Yuanjun, then the third world war would break out.

At that time, Han Yuanjun would definitely call him a fool!

When Liang Zixuan saw Zou Juan didn't speak, her voice turned cold. "Does he have another woman outside?"

As soon as the words came out of her mouth, Zou Juan regretted it. He really wanted to slap himself twice!

How could he not notice such a significant test?

Liang Zixuan and Han Yuanjun had a good relationship. Yes, Liang Zixuan might be suspected of Han Yuanjun doing something, but she never doubted that he would have a woman outside!

Zou Juan peeked behind him through the rearview mirror. When he saw Liang Zixuan's pensive gaze, he gloomily pouted. "Young Madam, don't let your mind wander. Nothing happened. How can President Han have a woman outside? He just went to the Hou Family residence to do something, so that's why he didn't tell you."

Liang Zixuan raised her eyes and looked at Zou Juan's face. The child was terrified, and his face was deathly pale.

She lowered her voice. "Why did he go to the Hou Family residence?"

"I do not know!" Zou Juan had to carefully consider every word he said and said carefully. "I'm just a driver, how can President Han tell me? But in my opinion, it shouldn't be a big deal because President Han went out very quickly and didn't stay there for long."

The Hou Family...

Of course, Liang Zixuan knew that the Hou Family residence was Hou Yingyi's house. *Novelusb.com*

But according to what Zou Juan said, Han Yuanjun was only there for a few minutes. So, why did he lie to her?

After all, Han Yuanjun never lied to her.

Liang Zixuan really didn't understand, so she decided not to think any further. The car had arrived. She pushed the door and got out of the car, no longer bothering Zou Juan.

It wasn't until Zou Juan saw Liang Zixuan walking into the villa that he breathed a sigh of relief.

He immediately contacted Han Yuanjun.

"President Han, I was set up by Young Madam earlier!"

Chapter 1078: My Conscience Hurts!

Han Yuanjun heard Zou Juan's wronged voice and asked. "What happened?"

Zou Juan told him what had happened with Liang Zixuan just now. Han Yuanjun raised his hand and pressed it to his temple gloomily.

It seemed that Liang Zixuan had heard something in his conversation with Yao Xiu. Otherwise, she would not have tried to test Zou Juan.

"I know, it's fine."

After hanging up the phone, Han Yuanjun packed his things and went home.

Liang Zixuan was now very reassured with Han Yingzhe's babysitters, so she did not go straight to his room after she returned. Instead, she went to the study. Qian Yazhu had already begun his move, and she needed to solve this matter in the shortest time possible.

Liang Zixuan scrolled through the news on the Internet and began to plan her next move.

She had received a call today and then went to see someone. And that person was the best weapon the two He brothers had used!

She included this person in her plan.

Less than half an hour after Liang Zixuan arrived, Han Yuanjun also arrived home. He didn't rush to find her, but instead asked the housekeeper, "Did you see where your madam went?"

The housekeeper replied respectfully. "Madam went to the study as soon as she arrived. She hasn't been out since."

"Alright." Han Yuanjun nodded, looked into the study, and smiled.

When Liang Zixuan came home, the first thing she did was enter the study room. It seemed like she didn't hear his conversation with Yao Xiu.

As long as Liang Zixuan didn't know about this, Han Yuanjun didn't need to worry.

He went upstairs to Han Yingzhe's room.

He had just opened the door when he heard Tian Qihua teasing the child.

"Yingzhe, good boy. Look here, look here..." *novelUSb.com*

Han Yuanjun entered with a smile. "Mom, you're not going out today?"

"No." Tian Qihua put away the toy in her hand and took another toy to further tease Han Yingzhe. "Look here. Look at what grandma has in her hand. Are you having fun?"

Han Yingzhe was laughing stupidly at Tian Qihua. Seeing him laugh, she also laughed happily with him.

Han Yuanjun stood at the door and said in a funny tone. "Mom, are you trying to make him laugh, or is he trying to make you laugh? Why do I think it's more like he's making you laugh?"

"Brat!" Tian Qihua put the toy away and glared sharply at Han Yuanjun.

"You've grown up and your wings have hardened, so you think you can make fun of your mother now?"

Han Yuanjun smiled but said nothing. He looked at Han Yingzhe and said to the two babysitters in the room. "You two go down to eat something before coming back up."

The two babysitters were used to working in large families and naturally, they knew that their employer had something to discuss with his mother.

They nodded politely to Han Yuanjun and Tian Qihua before going out.

As soon as the door closed, Han Yuanjun said, "Mom, it's been more than two months since Yingzhe was born. Shouldn't you go back to the United States and accompany dad?"

Tian Qihua had long said that she would not return to America until the child was one year old, and now that Han Yuanjun brought this up again, she immediately became unhappy.

"What, do you think I'm a nuisance or in your way, so you despise me? Why are you in such a hurry to get rid of me?"

Han Yuanjun knew that Tian Qihua would be angry. He walked over to her and put his arm around her shoulder to comfort her. "How could I possibly despise you? I just feel that Zixuan and I've kept you and dad apart for a long time. Although dad didn't say it, he must have felt slightly uncomfortable. At your age, you two should spend more time together. You don't need to waste time taking care of Yingzhe."

How could Tian Qihua not understand the hidden meaning in Han Yuanjun's words?

Tian Qihua's heart filled with mixed feelings as she looked at her son, who was a head taller than her.

After two months with Han Yingzhe, she developed deep feelings for the child. Although the child had a bad temper and could cry at any moment, he was still her own grandson.

Ever since Liang Zixuan and Han Yuanjun brought Han Yingzhe home from the hospital, she had been caring for and raising him. It was hard for her to leave without worrying about the child.

Han Yuanjun also realized what his mother was thinking and patiently persuaded her. "Mom, you can't ignore dad for Yingzhe, right? Last time, dad told me he was busy working when he was young and neglected you. So he wanted to use this opportunity to retire early and bring you to travel around the world. Say, right now, you are stuck in my house because of Yingzhe, and as your relationship with him becomes deeper, you will be less unwilling to part with him in the future. When the time comes, dad wants to bring you to travel. Would you have the heart to disappoint him?"

Tian Qihua was about to say something but was easily interrupted by Han Yuanjun. "Mom, dad is a good person, but I, as his son, cannot bully him like that. If I cannot help him fulfill this wish, then I will be an unfilial child! Mom, for the sake of my father's love for you and for my filial piety to him, please come back to America."

Tian Qihua looked up speechlessly. Everyone said a good child would be better to his mother. As a mother, she didn't really know what her child was thinking.

It was fine if Han Yuanjun didn't know, but the main thing was, he knew what she was thinking! Every sentence he spoke was accurate and it was truly a relentless stab at her weakness.

Tian Qihua looked at Han Yingzhe lying in the crib, and her heart began to hurt. "He's still very small. How can I bear to leave him at this point?"

"Yingzhe is no longer small, he is over two months old!" Han Yuanjun smiled and turned Tian Qihua to him, not allowing her to look at Han Yingzhe again. "Mom, didn't I hire two babysitters? You saw their own performance yourself. They are all professionals, so you can leave without worries."

What else could Tian Qihua say?

Han Yuanjun had resolved her concerns.

It looked like this child had planned this move before suggesting it to her!

Tian Qihua really felt that Han Yuanjun had become more and more cunning.

She let out a deep sigh. "Then I will wait until the Hundred Day Feast for Yingzhe before returning to America."

"What Hundred Day Feast?" Han Yuanjun pushed Tian Qihua's shoulder and pushed her towards the door. "We will not have a Hundred Days Feast. We will only have One Year Feast. You can return to the United States tomorrow. I have a plane ready for you."

"What? Tomorrow!?" Tian Qihua was so shocked that she wanted to turn around, but Han Yuanjun stopped her, preventing her from seeing Han Yingzhe.

"Jun, what happened? Why are you in such a rush to send me away?"

Chapter 1079: Shameless!

Tian Qihua suddenly felt that this matter wasn't so simple.

After Han Yuanjun pushed her into her room, he himself took out a suitcase for her. "Nothing happened. I just feel guilty and uncomfortable. If you don't go back to dad, I won't be able to sleep well all night."

Tian Qihua quickly stopped Han Yuanjun's movements, preventing him from packing her clothes. "No way! I find it very strange. If you don't explain it to me clearly, I won't leave!"

"Sigh..." Han Yuanjun pretended to sigh, "To be honest, I haven't slept well these past few days. Every time I close my eyes, I see dad's sad face. He scolded me for being unfilial to him, saying that I had tied you to Yingzhe and made him live a life of loneliness. He also told me that he had recently caught a cold and no one had brought him tea or water. No one took care of him. Mom..." *NOveluSb.com*

Han Yuanjun pointed at his heart and said tearfully, "My conscience hurts!"

As expected, life depended on acting everywhere. Tian Qihua felt that she had done something wrong when Han Yuanjun said that.

It seemed like she really didn't care about Han Qingsheng.

She was so focused on taking care of her grandson that she neglected her husband.

"All right!" Tian Qihua took a deep breath, "Then I will go home tomorrow. Jun, Zixuan just gave birth to your child, so you must remember to take care of her feelings. The two of you no longer live alone anymore, you have to share the burden."

"I know!" Han Yuanjun nodded seriously, "Mom, don't worry."

Tian Qihua did not allow Han Yuanjun to help her pack. She pushed him out of her room and started packing after closing the door.

Han Yuanjun sighed in relief as he looked towards the closed door.

After sending Tian Qihua away, the child's matters could be handled in secret.

Even if Tian Qihua found out about this in the future, she would not be sad. At most, she would only be a little depressed.

Han Yuanjun looked at the door one last time, then went to the kitchen and squeezed out a glass of juice for Liang Zixuan before taking it to the study.

Liang Zixuan was so busy with her work. When she heard the door open, she looked at Han Yuanjun but said nothing. She showed no emotion and continued to stare at the computer screen.

Han Yuanjun walked up to her with a smile and handed her the glass.

Liang Zixuan took it and thanked him. After taking a sip, she put the glass down and returned to her work.

Han Yuanjun didn't bother her. He took a book from the bookshelf and sat on the side chair.

Time passed by the minute and it was 6 pm. It was time for dinner. The servant knew that Han Yuanjun and Liang Zixuan were in the study, but no one came to disturb them.

Finally, Liang Zixuan twisted her neck and stretched her waist with both hands. Han Yuanjun put the book down and stood behind her. His slender fingers gently massaged her shoulders.

"I told you not to work too hard, but you're so stubborn and ignore my advice."

Liang Zixuan lowered her head. Being spoiled by Han Yuanjun made her sigh. "I almost forgot about the plan I made earlier. I need to look at it again before I execute it."

The corner of Han Yuanjun's mouth curved slightly. "I'll ask the servant to prepare a snack for you. How about walnuts?"

"I don't like walnuts." Liang Zixuan raised her hand and patted her neck. Han Yuanjun immediately understood and helped massage her neck. "It's so troublesome to peel the shell."

"That's all right. I'll have them help you peel it. You just have to eat it." Han Yuanjun looked down at Liang Zixuan. The tenderness in his eyes was so deep that it almost dripped out.

Liang Zixuan pouted at Han Yuanjun. "No! I'll only eat what you peel."

Han Yuanjun chuckled and pinched her nose affectionately. "Alright, I'll peel it for you. You have to eat it later, understand?"

Liang Zixuan didn't voice her suspicions even when they went to bed.

She truly believed that no matter what Han Yuanjun did, it was for her own good. She believed that Han Yuanjun only wanted to help her and that was why he was doing it secretly. He didn't want her to act hastily.

Perhaps because the two of them had been together for a long time and they had a mutual understanding, since Liang Zixuan didn't ask about it, Han Yuanjun didn't take the initiative to tell her.

On the second day, at nine o'clock in the morning, when many people were just starting to get to work, an accusation against the Qin Group was posted on the official Weibo account of the Qian Group.

All of a sudden, the netizens exploded into a discussion. Quite a few people left comments expressing their disappointment with the Qin Group.

"Qian Group has already taken this case to court. Does this mean that Qin Group really stole their formula?"

"That's impossible, right? Qin Group really dares to do such a thing?"

"I always thought that the products Qin Yu would support were good and of good quality. I didn't expect she would really do such a thing. This is too disappointing!"

"Shouldn't you apologize since you have done something wrong? Shouldn't you give an explanation to the public? Since you really dared to do that, then you should all apologize publicly!"

"You turtle, keep hiding your head. I want to see if you can still hide your head when you are in court!"

Even Qin Yu's Weibo was not immune.

"Qin Yu! I really like you. I bought all the products you endorsed, and when this drink just came out, I went to the supermarket to buy it. I didn't think you would endorse such a product!"

"Qin Yu, you dared to support the Qin Group after knowing what they did? How could you?"

"She may already know about this. This is her family's company. But because of her greed, she is willing to support this product to snatch all her fans' money! Shameless!"

"Get out of the entertainment circle, Qin Yu!"

"Qin Yu is really shameless!"

The netizens scolded her like a raging fire, each word that came out was more unpleasant than the last ones.

Qian Yazhu couldn't help but smile proudly as he sat in his chair reading the online comments.

This time, not only did Qin Shanyuan suffer a loss but Qin Yu as well. How could he not be happy?

Just as Qian Yazhu was rejoicing over his victory, the Qin Group suddenly made a sudden move.

"At the request of the Qian Group, the Qin Group has already received a court summons. We will give an explanation to everyone in the near future. Qian Group, we'll see you in court!"

Chapter 1080: Why Can't I Be With Him?

Such ambiguous words surprised a group of netizens.

"What explanation? Please say it clearly! You clearly stole the Qian Group's formula, so shouldn't you apologize?"

"Damn, he really dared to accept a summons from the court! Shouldn't they settle this matter in private? Even if they really stole it, they should just apologize privately, then take the drink off the shelf and compensate the real owner of the formula." *noVeLUSb.com*

A netizen made a bold guess. "I think... If they dare to say that they will meet in court, it means that they are definitely not afraid of losing! There's no reason for them to be unreasonable and still dare to fight in court, is there?"

"That's what I thought too! I'm sure they have hidden trump cards up their sleeves. This is going to be a great show indeed!"

"Aiya... They finally dared to speak up! I can literally smell the gunpowder. Everyone, the good show will start soon!"

When Qian Yazhu saw the posting, he was stunned and speechless for a moment.

A bad premonition suddenly rose in his heart and he suddenly felt that he would not be able to turn the tables.

A short time later, a post also appeared on Qin Yu's Weibo account, which immediately sent her fans into a frenzy.

"Regarding the Qian Group's claim that we stole their formula, I am here to clarify it. I, Qin Yu, will only support products whose quality is guaranteed. I also attach great importance to the company's image. Qin Group will never release a product in which they have no confidence, and I will never support such a product!"

When Qian Yazhu saw this, the bad feelings in him grew even stronger. Suddenly, the phone on his desk rang.

"President Qian!" The lawyer's firm voice could be heard on the line. "Earlier, the court agreed to the Qin Group's request to officially open this case in ten days. They also agreed to make the trial public, which means everyone can come and see the trial."

Qian Yazhu's heart immediately sank. The bad feeling dominated all his thoughts.

His mind was filled with fear. Even his voice trembled a little. "Can we not agree to this?"

"This is not our decision!" The lawyer complained, "This time we have no other choice but to win big. The court seems to have placed this case as the top priority. President Qian, get ready. This time we cannot lose. If we lose, it will be difficult for us to get back up."

Qian Yazhu's body collapsed onto his boss's chair and he sat on it like a pile of mud. The lawyer's voice slowly faded away and he closed his eyes dejectedly.

That damnable Qin Shanyuan!

Wasn't he supposed to keep quiet?

Why was he making noise now?

Wasn't Qin Shanyuan should be afraid of him revealing Liang Jiaying's past?

Thinking of Liang Jiaying, Qian Yazhu took a deep breath and sat up straight as if he had been injected with chicken blood.

He dialed a number and left the office. It took a while for the call to go through.

"Manager Sia, find an entertainment account for me."

After hearing Qian Yazhu's words, the Public Relations Manager couldn't help but frown. "President Qian, doing something at this time isn't a good thing for us."

"Why?" Qian Yazhu shouted angrily, "Why not? Qin Shanyuan has stolen my fiancée, and now he has also stolen our formula. With these two things combined, I can't believe we can't change the situation around!"

The manager wiped the sweat from his forehead and shook his head. "President Qian, please calm down. Don't act rashly. If we bring this matter out in the open, the netizens will speculate that because Qin Shanyuan stole your fiancée, you want to frame him out of shame and anger. This will only damage the Qian Group's image even more!"

"How could that happen!?" Qian Yazhu was clearly on the verge of collapse. He wouldn't listen to a single word the manager said.

"People will assume that Qin Shanyuan stole my fiancée and my fiancée brought the formula to him. They cooperate with each other both inside and outside. I don't care, just do as I say!"

A man who had lost his mind, even using ten cows, you still couldn't pull him back.

The manager was only a small department manager. He had already said what he had to say and tried to persuade as best he could. Since this boss did not want to listen to his advice and insisted on doing so, there was nothing more he could do.

What else could he do besides execute the plan?

After the call ended, the manager contacted an entertainment account and did as Qian Yazhu instructed.

He was afraid that netizens wouldn't believe them, so he deliberately bought a bunch of trolls and asked them to lead this thing.

Just in time, the engagement photo of Liang Jiaying and Qian Yazhu was widely circulated on this account along with the caption: General Manager Qin Shanyuan not only dared to steal the formula, but he also robbed someone else's fiancée. He is indeed a shameless person!

When this post was published, it made netizens happier than any celebrity scandal or divorce.

The secrets of rich families were rarely revealed to the public.

No matter how bad their relationships with other people were, they would not argue and ridicule each other in public.

Therefore, the netizens who had not said anything before unanimously attacked Qin Shanyuan. They were all swearing at him in the comments section as if they had been injected with chicken blood.

"Holy shit! Qin Shanyuan? Are you talking about the general manager and sole heir of the Qin Family, Qin Shanyuan? He actually stole Qian Yazhu's fiancée?"

"Qin Shanyuan is a scumbag! Not only did he steal Qian Yazhu's fiancée, but he also stole his formula. He is really shameless! His shamelessness really makes my blood boil!"

At this moment, the troll army immediately jumped out.

"I think Qin Shanyuan deliberately seduced Qian Yazhu's fiancée because he knew she knew about the formula. This way, the girl would take the formula and throw it into his arms. Oh my God! This is an intellectual trick. Even relationships can be used to accomplish something!"

As expected, all the netizens were brainwashed by this comment. They began to speculate, one by one. The stories they came up with were even better than any war dramas!

Qian Yazhu saw many netizens defending him. In no time, this Weibo account's post was widely circulated and it didn't take long for everyone to know about it. He finally relaxed and smiled proudly.

On Qin Shanyuan's side, Liang Zixuan had long expected Qian Yazhu to make this move. Therefore, the PR manager simply threw the proof into Qian Yazhu's lap.

It was a video. It could be seen that this video was filmed by a surveillance camera, not by someone on purpose.

Every corner in Imperial City was covered with cameras. As long as someone used their connections a little, they could find out what was happening outside the Qian Family residence at that time.

Fortunately, at that time, the Qian Family did their best to chase Liang Jiaying's parents out of the house. In the video, Liang Jiaying's parents could be seen kneeling in front of the door, helplessly begging the Qian Family to take Liang Jiaying in.

At that moment, Liang Jiaying's eyes were red as she ran to pull her parents. The scene of them kneeling in front of the Qian Family had caused many netizens to shed tears...

As soon as this video was released, Liang Jiaying posted a statement on her Weibo account.

"I, Liang Jiaying, was once engaged to Qian Yazhu. But when my Liang Family had fallen, my parents wanted the Qian Family to protect me. The Qian Family had embarrassed my parents and me in every way, and they even threatened that the engagement didn't exist anymore. My brother and I went to America without any support and hope. We had no money. But that's all right. As long as the two of us could live together, that was enough. We ate the cheapest bread and lived in the darkest basement. I don't blame Qian Yazhu and the Qian Family for this. After all, this is my own business."

"Fortunately, in the United States, when I was at my most helpless and in the worst pain, I met Qin Shanyuan. He saved me from fire and storm. He loved me, loved me with all his heart. So why can't I be with him?"
