

Beauty 251

[Chapter 251 - I Just Want To See You Running Without Any Clothes On](#)

Bai Wencheng felt even more embarrassed. The courage he had finally gathered instantly disappeared.

Han Yuanjun glanced at Bai Wencheng out of the corner of his eye while eating the shrimp peeled by Liang Zixuan and said in a neutral tone, "Xiao Xuan is not a bad person. You should think about it before you open your mouth."

Bai Wencheng immediately nodded like a chicken pecking rice. "Yes, yes, I was wrong."

Han Yuanjun gestured with his eyes for Bai Wencheng to sit down and eat. Bai Wencheng heaved a sigh of relief as if he had received a gold medal for saving his own life. He then sat down and enjoyed his meal.

Seeing that both Gao Feng and Xie Xiaotong were looking at him disdainfully, Bai Wencheng could only lower his head.

Han Yuanjun then said, "Pay attention to your speech before you open your mouth. Han Group is a democratic company, and we will not stop you from chatting."

Gao Feng and Xie Xiaotong immediately smiled. "Yes, we understand, President Han."

Bai Wencheng nodded slowly.

Han Yuanjun suddenly changed the topic. "You can say whatever you want in the company, but you cannot say that Liang Zixuan and I will break up! I can listen to anything you want to say, but this one thing is not allowed!"

Gao Feng and Xie Xiaotong started sweating again. They thought to themselves, "Is this the end?"

They thought that getting Liang Zixuan's forgiveness was already the end of it. They shouldn't think of Liang Zixuan as a stingy person. The one who was stingy was Han Yuanjun!

Han Yuanjun looked directly at Bai Wencheng, ignoring the existence of Gao Feng and Xie Xiaotong. Bai Wencheng was so scared that he quickly raised his head and looked at Han Yuanjun with a serious expression.

Han Yuanjun's gaze suddenly turned cold. "I have no other intentions for you. I just want to see you running around Han Group's building ten times without any clothes on."

Everyone: "..."

When Han Yuanjun publicly announced his relationship with Liang Zixuan, they suspected that Manager Ma of the Artists Department had said something to Liang Zixuan, and that's why Han Yuanjun had fired him on the spot.

Bai Wencheng had made a bet with Liang Zixuan in front of Han Yuanjun, so why hadn't Han Yuanjun stopped him?

Even though Liang Zixuan had an unyielding temper, Han Yuanjun could stop her on the spot. He can get rid of Bai Wencheng after the incident. As long as Bai Wencheng wasn't in the company, there would be no more of this bet.

But Han Yuanjun didn't do that and let Bai Wencheng keep his position as if nothing had happened. They all wondered, if Liang Zixuan lost, would Han Yuanjun really let her run around naked?

At that time, someone gloatingly said, "Looks like Han Yuanjun doesn't really care about Liang Zixuan."

But now that they heard him say that, everyone was shocked.

If someone were to say that Liang Zixuan didn't understand the market situation and said such shameless words, then it would be understandable. After all, outsiders didn't understand how the company worked, but Han Yuanjun was in charge of such a big entertainment company.

Even the audience could guess who would win and who would lose.

So it turned out that Han Yuanjun was just as confident as Liang Zixuan and thought that she'd surely win?

When Liang Zixuan had said that, they had thought that she was fearless, but now that Han Yuanjun had said it, they actually believed that she could win.

The corner of Bai Wencheng's mouth twitched, he wanted to resist the urge to smile crazily. He was truly too happy because he felt that he definitely wouldn't lose.

Since Han Yuanjun wanted to keep him here to see the result, then he could stay here without worrying that he would fire him.

When the results came out and he won, Han Yuanjun would have no reason to fire him.

Otherwise, if he were kicked out, others would know that Han Yuanjun was really venting a personal grudge in public, and it would not have a good effect on the company or Han Yuanjun himself.

Thus, he was safe.

Liang Zixuan looked at Bai Wencheng's happy smile and curled her lips. She paid him no mind and continued to chat and laugh with Zeng Zhelan and the others.

The next day, Qin Yu came to the company to record songs with Liang Zixuan.

Since Zeng Zhelan couldn't do it alone and they didn't have the money to hire people to write and sing the theme song or the ending song, all the work was done by Liang Zixuan.

Fortunately, Liang Zixuan wrote two songs in the new year. Qiao Hongya was afraid that she would be too busy to write them, so he helped her write two songs that sounded very original.

With this, four songs were enough.

For the theme song, Liang Zixuan wanted Qin Yu and Goo Shengli to sing together. And for the interlude, since Liang Zixuan and Qin Yu had worked together before, Liang Zixuan wanted them to sing together to display the sisterhood.

After Qin Yu had released an album, she had learned a lot of skills during her singing. In addition to working with Liang Zixuan for so long, the two of them had long since come to an understanding.

A month later, Dai Huian released their first promotional video and a brief behind-the-scenes cut. The scene used in bts was the recording of the duet between Qin Yu and Goo Shengli.

Almost immediately after the release, many netizens came to take a look.

After seeing it, they enthusiastically posted their comments.

"Heavens, why am I so concerned about the ending between Liang Zixuan and Qin Yu? If I were Goo Shengli, I would take the two of them!"

"Upstairs, you're not alone! When I first heard that the three of them were filming together, I was so excited. Earlier, even though the three of them were working together in 'Girl Of The Rose', Liang Zixuan didn't appear on the screen. At that time, I felt very sorry for that. Now, my wishes are finally being fulfilled! Hahaha ... After seeing this short clip, I'm already looking forward to the release of the actual drama."

"I'm really looking forward to seeing how the poor film crew filmed this drama. When I saw the trailer, I felt like this is a huge production. Why is that? What happened to the potato dishes for the Royal Banquet? Liang Zixuan, you must be joking with us, right?"

The netizens below questioned one after another. Whether it was the quality of the filming, the makeup, the costumes, or the soundtrack, they were all on par with the big production they had seen before.

When Liang Zixuan saw the doubts raised by the netizens, she immediately asked Dai Huian to clarify the matter.

Dai Huian immediately organized her thoughts and published a post. "Cough, cough. Let me clear up all your curiosity. The reason you think the makeup is good is because Liang Zixuan is one of the makeup artists. Have you forgotten what she did before she joined the Han Group? She was someone's makeup artist."

"As for the quality of the filming, I can tell you that all the stars in the dramas were acting free of charge, including the soundtrack Zeng Zhelan did for me.. So all the production money was spent on the quality of the production."

[Chapter 252 - Quickly Come Out And Slap Their Faces](#)

The moment this Weibo post was posted, all netizens were stunned.

"Oh my God, is Liang Zixuan omnipotent? She acted as the female lead and was responsible for the makeup. While the soundtracks were handled by her assistant, I think she's the one who wrote the song! Liang Zixuan alone contracted all the work in the crew!"

Obviously, there was someone leading the way.

Throwing a rock at Liang Zixuan.

The misled netizen added, "Your crew is pretty good. You made Liang Zixuan become a donkey and made her do everything for free. You guys really bullied her!"

Liang Zixuan did not think that the situation would have any negative impact. She immediately used her Weibo to explain. "Please don't ignore the contributions of the other crew members. The filming itself was not easy. A lot of people are helping for free. We are a team and we all work hard."

nOvelusB.cOm

Liang Zixuan had just finished her post when a group of people suddenly appeared out of nowhere and brought back the rhythm.

"Liang Zixuan is really amazing, her makeup quality is too high. Not many people in this industry can do it like her. I just saw Goo Shengli's appearance in the drama, and he looks so cute in it. Liang Zixuan's interaction with Qin Yu is also very loving!"

"Who is the second male lead? So handsome! Oh my god, I've never seen him before. Is he a new person?"

"I'm the little cutie who gave Big Sister Zixuan the chicken legs. When I saw the post she created for me, I decided to go there. Heavens, I'm not lying to you all when I say that their production team is definitely the poorest one among the dozen production teams currently filming in the Forbidden City! The other teams all have boxes of lunch at noon, but Liang Zixuan's team only have stir-fried potatoes and tofu at noon."

Liang Zixuan really did not expect that the little cutie who had sent her the chicken legs would actually go to the Forbidden City. When she saw his reply, the corners of her mouth lifted in joy.

As for the ones in front, Liang Zixuan didn't even need to guess to know that it was Han Yuanjun who used his Han Group to help them with the tempo.

Not long after they released their first promotional video, Director Ye's "Loves Of Fond Memories" also released its promotional video.

Although Director Ye had shown his weakness to Liang Zixuan at that time, he did not forget the bet she had made with Bai Wencheng. Although he knew that his drama would definitely win against Dai Huian, he had always been holding back his desire to kill her and also slap Liang Zixuan's face.

As such, he dropped the behind-the-scenes pictures one by one.

The first picture was the battle scene in the palace. There were many women and men, all combined. There were at least ten people in the pictures and they could easily suppress Dai Huian by simply relying on their popularity.

As expected, soon, the netizens all came to the official account of "Loves Of Fond Memories", and there were countless discussions about it.

Director Ye looked at his phone as the comments grew hotter and hotter. He proudly threw his phone aside and said, "Trying to fight with me? You're courting death!"

"What does this mean!" Dai Huian was so angry that her face turned red when she saw the official post of "Loves Of Fond Memories".

"If we don't post, he won't post. If we do, he'll do it too. He's obviously trying to destroy us. No need to bully others like this!"

Dai Huian immediately frowned. Although Goo Shengli, Qin Yu, and Liang Zixuan were very popular now, they were still not as popular as the other actors in that drama.

Moreover, the female lead and the extra were all B-listers, how were they going to fight?

Everyone looked at Liang Zixuan in confusion.

Liang Zixuan didn't really want to fight with Director Ye, but now that he had provoked her, she had no choice but to face him head-on!

She paused for a moment, took her cell phone, and made a call.

Zeng Zhelan and the others looked at her in confusion, not knowing what she was about to do.

As they waited for Liang Zixuan to finish the call, a smile suddenly appeared on her face. Everyone looked around and asked her excitedly, "Is there a way?"

Liang Zixuan raised an eyebrow and extended her hand towards Dai Huian. "Give me your phone."

Dai Huian immediately handed her the phone, and Liang Zixuan used the cell phone to send another Weibo post. "I would like to thank Master Qiao for writing two songs for free for us. Thanks to your help, our team has more money to spend on the production, and I'm sincerely grateful."

After Liang Zixuan published the post, she returned the phone to Dai Huian.

Everyone immediately looked at their phones. When they saw Liang Zixuan's post, everyone was so shocked that their mouths were wide open.

"Liang Zixuan, the interlude was written by Qiao Hongya?" asked Zeng Zhelan in shock.

Liang Zixuan nodded. "Yes, I'm not that good at writing songs for ancient dramas. I only wrote these two songs under Master Qiao's guidance. I also asked him to write the interlude for me for free."

Only Liang Zixuan, herself, knew about this, but she didn't say it because she didn't want to use Qiao Hongya's name to attract the attention of the netizens.

But now that Director Ye had gone too far and he'd actually taken the initiative to fight with her, Liang Zixuan naturally had to bring out her trump card.

Zeng Zhelan threw her phone away and ran out to hug Liang Zixuan, and gave her a quick kiss. "Oh my God, you're just too awesome! Even Master Qiao was persuaded by you. He can write songs for us for free! I'm going crazy ..."

Liang Zixuan laughed and pushed her away. "When did you not go crazy? I still remember the first time you saw Master Qiao with your own eyes, you're almost crazy to death."

While they were talking happily, an atomic bomb had been dropped on the internet, and it exploded instantly.

What 'Loves Of Fond Memories' B-listers' actors?

The netizens stopped paying attention to them and ran to the official account of 'Perfection Of Eternity'. The cry of a wolf could be heard among the waves.

"Oh my God ... Am I seeing things? Qiao Hongya? Master Qiao? He wrote two songs for free? You're really thick-skinned and you have to take legal responsibility for saying those words!"

"That's right, don't put gold on your face! Although Master Qiao went to help Liang Zixuan sing, but writing songs for free is impossible! Stop making a joke!"

"Master Qiao, quickly come out and slap their faces! Show them how it feels slapping their face across the air!"

Almost at the same time, Qiao Hongya forwarded the post from 'Perfection Of Eternity'. He also commented, "Hehe ... You don't need to thank me. I'm just helping out in a small matter. Seeing your hard work, I am very pleased. There aren't many warm-hearted artists in this country who don't expect anything in return. Perfection Of Eternity, I will support you!"

When Zeng Zhelan and the others saw Qiao Hongya's comment, they all understood who Liang Zixuan was calling just now.

However, they did not expect her to be able to summon Qiao Hongya, who had not shown up in the public with just a phone call. This was too awesome!

[Chapter 253 - How Can I Be Compared To Such Trash](#)

Those netizens who shouted that they wanted to see Qiao Hongya slapped the faces of Dai Huian's team felt their faces hurt when they saw his comments.

However, they soon praised him boldly.

"F*ck, it's really Master Qiao. He really wrote those songs for free. Awesome! Even if it's not for the TV drama, I'll still watch it to hear Master Qiao's songs."

"Hahaha, Liang Zixuan is great. Master Qiao can even write songs for her for free. You're so awesome that we don't know where to put our faces."

In no time, the search ranking for 'Loves Of Fond Memories' went down, and the entry of Qiao Hongya's free songwriting rushed to the top spot in just three minutes.

Every time a movie was released, there were hateful and praising voices on the internet. It wasn't like every netizen would give a face to the 'Perfection Of Eternity' and some netizens even openly scolded them. But it was still a promotion, and after Qiao Hongya's name was revealed, not a single scolding word appeared.

The netizens praised them so much that they all bragged that they would definitely watch the drama once it aired. Even if they didn't want to watch the drama, they would still want to listen to the songs.

Director Ye was sitting in the studio with his legs crossed, sipping a small glass of wine and humming a tune that he liked. He looked very pleased.

Suddenly, his assistant at the side exclaimed loudly and looked at Director Ye with an unspeakable expression. "D-Director Ye."

Director Ye glanced at him. "What, why are you making such a fuss?"

The assistant moved the phone closer to Director Ye with a pained face. "Now, the top five spots are dominated by the 'Perfection Of Eternity'."

"What!" The wine glass in Director Ye's hand fell loudly to the ground. He sat up straight and looked at the phone screen. When he saw it, his heart ached with anger. "Qiao Hongya wrote songs for them for free?!"

The assistant pouted. Director Ye was so angry that he picked up the phone and smashed it. The assistant at the side quickly pulled him back and took his phone before sadly saying, "Our drama jumped for a while and then fell into the ocean."

Director Ye: "..."

What did his assistant mean by jumping?

He was clearly a famous director and the female lead was also a big star in a movie and TV drama. How could it be that his drama was only trending for a moment?

The assistant saw that Director Ye was so shocked that he couldn't speak, so he (the assistant) whispered on the side. "Actually, our drama was a big production, and we have so many fans, so there's really no need to compete with a small production of an online drama."

"What are you talking about?!" Director Ye was so angry that he waved his hand wildly. "It's just a flick, who said we lost? There will be wave after wave of promotions. Besides, the drama hasn't even aired yet. Saying something as dejected as this, are you trying to promote an outsider's work and destroy your own work?"

Director Ye quickly dialed a number and left. While waiting for the other party to answer, he gritted his teeth in anger. "They invited Qiao Hongya? Hmph! I want to see what they can do after using this trump card!"

The other party picked up the phone, and Director Ye immediately said, "This family has helped and provided many resources to promote 'Loves Of Fond Memories', but what the hell happened now? What are you doing!"

His so-called family just so happened to be Bai Wencheng. Although they were both grown-up men, they were just as narrow-minded as the others, and because of that, their relationship was extremely good.

It was precisely because of Bai Wencheng that Director Ye got the 'Loves Of Fond Memories'.

When Bai Wencheng heard Director Ye's words, he actually wanted to scold him. Why didn't Director Ye think of the reason why he'd lost to this little production drama in the first round instead of asking him about this matter?

Bai Wencheng was speechless when he heard Director Ye's curses. Now wasn't the time to question whether they were in the right or wrong, they should stand on the same side and fight together.

"I just checked, and the people from the Publicity Department said that the resources for the two dramas are the same, and neither favoring the other, nor bullying the others. So whatever you have in the future, they also have."

"What?!" Director Ye almost cursed. "Is there something wrong with that? What do you mean by not favoring and not bullying? How much did Han Yuanjun invest in this drama and how much did he invest in that trash? Why should I have the same resources as them? They're bullying me! I am a big producer! How can I be compared to such trash?"

Although Director Ye had a huge advantage over the online dramas, if the promotion were unfair, then Liang Zixuan and Bai Wencheng's bet would be too challenging because the competition would take a different point of view.

Just gave her the victory.

What was the point of the competition?

Bai Wencheng felt that what Director Ye said made a lot of sense, so he nodded his head. "That's right! The President was really favoring Liang Zixuan! Before the drama is aired, I'll secretly help you contact the most popular entertainment show and let you take the lead in promoting it. At that time, even the President will have nothing to say. It's the program team that invited you guys, not us. So, rest assured."

Director Ye contentedly hung up the phone and crossed his legs again while thinking about 'Perfection Of Eternity's downfall. "Hmph! Dai Huian, do you really think you're a great person just because you were able to invite Qiao Hongya? I want to see what kind of fight you can put up against me!"

After that, the two filming crews exploded again over the next four months, and they were only able to have a draw result. There was no other way. Liang Zixuan was so extraordinary, and even Director Ye was unable to deal with her.

And during these months, Liang Zixuan even took the time to write the soundtrack for Fan Xiaobo's movie. Fan Xiaobo was very pleased with her work.

On this day, Liang Zixuan and Han Yuanjun had already eaten dinner and returned from Luo Yanyun's apartment to their own golden nest.

Liang Zixuan and Han Yuanjun had just finished showering and were lying in bed when she received a call from Shi Jingguo.

"Liang Zixuan, I didn't disturb your rest, did I?" Shi Jingguo asked with a smile.

Liang Zixuan, who was lying in Han Yuanjun's arms, looked up at him and smiled gently, "No, I don't plan on sleeping yet."

"Good, good!" Shi Jingguo said with a smile. "Last time on 'I'm a Singer', we worked together pretty well. Due to your performance, you helped us raise the ratings to an unprecedented level. I've always wanted to find an opportunity to work with you again."

More than half a year has passed since "I Am a Singer". Now that Shi Jingguo mentioned this, Liang Zixuan had an inkling of his intentions.

She took the initiative to bring up the topic. "Director Shi, I know that this year's 'I Am Singer' is going to start soon, but I don't think there will be any resident singers participating in this season, right?"

"Haha, don't get me wrong!" Shi Jingguo quickly explained. "Now that that program has the foundation from the last season, everything will go smoothly.. I'm no longer in charge of this program. I'm in charge of the 'Sportz Globe' program, do you know about it?"

[Chapter 254 - I'm Going To Declare My Sovereignty](#)

Liang Zixuan obviously knew about the "Sportz Globe" program, but she didn't know that Shi Jingguo was responsible for it. It was the most popular large-scale outdoor reality show.

Then she said in amazement, "I know, of course, I know about it. My grandparents always wait to watch it every week. So it was Director Shi who was in charge of it. As expected, when Director Shi made his move, it was definitely an explosive one."

"Hahaha, I don't dare to accept your praise. When I wanted to do this program, no one was willing to invest in me because this was the first large-scale outdoor reality show in the country. I sought out Young Master Han. He said nothing and invested 500 million for me."

The room was very quiet. When Liang Zixuan answered the phone, Han Yuanjun was hugging her, so he could hear everything that Shi Jingguo was saying.

Hearing Liang Zixuan's praise made him very happy. He smiled proudly and pinched her face.

Liang Zixuan raised her head and pouted at him, as if to say, 'Don't tease me, I'm on the phone.'

Han Yuanjun chuckled softly.

Shi Jingguo didn't know what was happening on Liang Zixuan's side. Hearing that she did not say anything for a long time, he took the initiative to say it out loud, "Two days ago, someone called me and asked if the stars of the 'Loves Of Fond Memories' could be guests on my program and use the high ratings to promote their drama."

"My first reaction was that if they all want to advertise, then you should also do that too! There is no reason for me to help an opponent, rather I prefer to help you. So after thinking about it, I came to ask the production team if you have this intention."

This was an unexpected surprise for Liang Zixuan. She knew that Director Ye would do something deceitful, but she never thought he would be so evil.

Fortunately, Shi Jingguo had called her, otherwise they wouldn't even know how they ended up dying.

Liang Zixuan smiled and asked, "Director Shi, how many people can our crew partake in?"

"That's easy to say. Three to four people are fine. Our program has a different theme for each episode. If you come, I can do a special episode for your film crew to make sure it achieves a promotional effect."
Shi Jingguo said.

When Liang Zixuan heard this, she knew that Shi Jingguo sincerely wanted to help her fight 'Loves Of Fond Memories'. She was very grateful. "Alright then, I will take four people with me. Qin Yu and Goo Shengli have to go. I will ask Han Cihui if he wants to go, but if not, I can ask Dai Huian."

Unexpectedly, the moment Liang Zixuan finished her sentence, Han Yuanjun directly snatched the phone away from her and put it beside his ear. "Director Shi, I wonder if your program will welcome me there."

Shi Jingguo was stunned for a moment. He couldn't figure out who the male voice was, and when he thought about the time, he immediately realized that it was Han Yuanjun.

Oh my God, Han Yuanjun!

Shi Jingguo almost burst into tears of joy. "Young Master Han? Are you Young Master Han?"

Han Yuanjun glanced at Liang Zixuan and replied with an expressionless face, "Yes."

Shi Jingguo laughed like crazy people. "Aiya, Young Master Han, you are truly a big shot who cannot be invited. If Young Master Han were to attend, our entire program team would be honored and show you great respect!"

Han Yuanjun raised an eyebrow. "I know that your program is very competitive, and I'm afraid that Xiao Xuan will be bullied, so I went there."

Shi Jingguo: "..."

Liang Zixuan: "..."

This reason was simply too sufficient. They had nothing to say in response to that.

Shi Jingguo nodded quickly. "Yes, yes, whatever the reason for Young Master Han's participation is, it is all to support our program team. I am grateful to you for that, so let's do it this way. Next Friday, we will do the recording and make sure everything goes smoothly in order to achieve the best results."

After saying that, Han Yuanjun hung up the phone and put it aside. Liang Zixuan was so stunned that she couldn't respond.

Although Han Yuanjun was a well-known figure in the entertainment circle, he had never participated in any program except for award ceremonies and some important ceremonies.

Han Yuanjun looked down and saw Liang Zixuan's stunning look. In his eyes, she looked so adorable.

He kissed her on the forehead and asked softly, "Why are you looking at me like that?"

Only after such a long time did Liang Zixuan respond. She eagerly wrapped her arms around his neck and asked, "Are you really going?"

"Of course." Han Yuanjun grinned. "The other six guests have only one woman in the group and I couldn't feel comfortable leaving you alone with so many men!"

Liang Zixuan: "..."

Was he really afraid that she would be bullied by those people, or was he afraid that she would be seduced by those men?

Liang Zixuan actually had the feeling of not being trusted.

Who knew that Han Yuanjun would hug her and whisper in her ear. "You are so beautiful, I'm afraid others will have a bad thought about you. I'm going to declare my sovereignty in front of the entire country!"

Liang Zixuan: "..."

Was what he said supposed to make sense?

Goo Shengli and Qin Yu went crazy with joy when they received the news that they would participate in the 'Sportz Globe' program.

They knew that the episode would explode. Many people didn't even have the chance to be there as guests, and they never thought they could actually go.

They all excitedly prepared their luggage.

On Friday, Han Yuanjun flew with them in his private jet to the recording location of the program, Suzhou City.

The city was surrounded by the sea and was a famous tourist attraction in China.

They got off the plane and before they had time to enjoy the scenery, they were picked up by the program team.

Shi Jingguo greeted them at the door. "Young Master Han, Liang Zixuan, Qin Yu, Goo Shengli, welcome. It is our great honor to have all of you in our program."

Shi Jingguo took the initiative to extend his hand and shook hands with the four of them.

Then he added, "We will be shooting for two days, starting from noon today. We are running out of time. You guys can change first and then do your makeup. We may have to have our meal a little late."

Han Yuanjun nodded. "Very well, then. We will follow Director Shi's arrangements."

Shi Jingguo did not expect Han Yuanjun to be so easy to talk to now. He was so happy that he got a few Assistant Directors to bring them inside.

The program team rented a local imitation of an ancient palace, which was actually a hotel.. It was very famous in the area.

[Chapter 255 - She Tried To Seduce Me](#)

Han Yuanjun and the others were taken to a large dressing room. Four makeup artists were already waiting there.

The Assistant Director arranged them with the makeup artists before they left to get water and clothes.

The four of them sat down. Han Yuanjun sat in the middle while Liang Zixuan, Goo Shengli, and Qin Yu sat between him.

The four makeup artists were all women. One by one, they opened their makeup cases and began to put makeup on their faces.

The makeup artist who was responsible for Han Yuanjun's makeup was the famous makeup artist, Bai Liqin, who was specially invited by the program team at a high price.

She was the most famous of the four and the most beautiful.

Originally, Bai Liqin did not want to come to this kind of show. However, when she heard that Han Yuanjun was going to participate, she agreed without hesitation.

Even though Liang Zixuan was sitting next to him, she did not try to hide her admiration for Han Yuanjun.

"Young Master Han, your skin is nice, even better than those female celebrities." Bai Liqin had not even started her work yet. She was only holding the cotton pad in her hand.

Liang Zixuan and the others couldn't see it, but Han Yuanjun could see the way Bai Liqin was looking at him. She was trying to flatter and please him. When she spoke, her chest moved down slightly, teasing him.

Han Yuanjun immediately frowned.

As if she couldn't see it, Bai Liqin poured the toner onto the cotton pad. With extremely slow movements, she pressed it onto Han Yuanjun's face.

She purposely bent down. Her blouse was low-cut and everything inside was displayed before Han Yuanjun's eyes. Inside her mind, she could see the scene that would play out in front of her. Han Yuanjun's eyes widened and how he will get seduced by her.

It's not like Han Yuanjun had never experienced something like this before. He rarely came in contact with a makeup artist, and no matter what event he would attend, he generally did not wear makeup.

And even if he had to, he was only looking for Chua Feiyen.

It just so happened that he was here to participate in this program, and the makeup artist was invited exclusively by the program team, so he neglected this point.

When Bai Liqin saw the change in Han Yuanjun's facial expression, she thought that he was very satisfied with her fullness, so her courage increased. She took advantage of the time Han Yuanjun had to put on makeup and pinched his face with her little finger.

She didn't believe that a man would push a woman who threw herself into his arms.

The reason why those women were not successful in the past was because they were not beautiful enough. It was also because they did not have the opportunity to touch Han Yuanjun, unlike her, who was beautiful and plump. It could be said that her figure was not inferior even to those female celebrities.

So what if Han Yuanjun was engaged to Liang Zixuan?

Many of them were married, and yet they were broken up by others!

Furthermore, seducing Han Yuanjun right in front of Liang Zixuan made Bai Liqin feel very excited.

If she could seduce Han Yuanjun right before Liang Zixuan's eyes, it would be amazing!

She was very proud of herself. She touched Han Yuanjun's face with her little finger and teased him.

Suddenly, Han Yuanjun stretched out his hand and pushed Bai Liqin away without any mercy. He stood up abruptly from his chair. "Scram!"

A low and furious sentence startled the makeup artist on the side, causing them to pause and look up one by one. Even Liang Zixuan, Qin Yu, and Goo Shengli looked at him in confusion.

Bai Liqin jumped in fear. Her hand, which was holding the cotton pad, began to tremble uncontrollably. Her eyes widened and she looked at Han Yuanjun in disbelief. "Young Master Han, did I do something wrong?"

The Assistant Director happened to walk in with a costume in his hand. Seeing this scene, he rushed to Han Yuanjun and respectfully asked, "Young Master Han, what happened?"

Han Yuanjun glared at Bai Liqin and said without any hesitation, "She tried to seduce me!"

Everyone: "..."

What Bai Liqin said to Han Yuanjun had just been heard by Liang Zixuan and the others. At that time, no one in the dressing room said anything; they only heard her praising him.

They weren't surprised by the number of people praising Han Yuanjun, but they never thought that Bai Liqin was so brave.

Trying to seduce Han Yuanjun?

Heh, she's really courting death!

"I do not!" Bai Liqin quickly argued. With tears in her eyes, she said, "I'm putting on makeup for Young Master Han like any other makeup artist did. I didn't do anything wrong."

"So you're saying that I've wronged you?" Han Yuanjun laughed mockingly.

Everyone present knew exactly what was wrong or not.

Although Bai Liqin's makeup skills were not bad, there were still quite a few experts in the makeup world who were better than her. She was so young, yet she had managed to rise to her position quickly.

Everyone in the circle knew that Bai Liqin liked to hug men's thighs. Each customer was richer than the other.

She was not like those makeup artists, and her standards were very high. As long as someone was rich, she would immediately latch onto them. That was the reason why her position was getting higher and higher.

The Assistant Director was so angry that his face turned green. He never thought that Bai Liqin would be so daring.

Liang Zixuan was still here, yet she dared to seduce Han Yuanjun so blatantly.

"Young Master Han, I'm sorry, our program team miscalculated everything." The Assistant Director apologized respectfully.

Han Yuanjun's face was sullen as he coldly said, "Drive her away! I don't want to see her again!"

"Young Master Han, you have misunderstood me. I didn't have any bad thoughts!" Bai Liqin was so anxious that tears came out of her eyes. She took a few steps forward and wanted to grab Han Yuanjun's hand to plead for mercy.

Han Yuanjun saw her action and took two steps back like he was avoiding a plague. The Assistant Director quickly blocked her path, fearing that Bai Liqin would really touch Han Yuanjun.

What nonsense!

Who would dare to offend the father of the financial backer?

In the entertainment circle, the father of the financial backer was the boss.

The Assistant Director looked at Bai Liqin angrily. "Bai Liqin, stop messing around! Regardless of whether you did it or not, Young Master Han doesn't like you, so please leave!"

"I won't!" Bai Liqin had finally gotten the chance to get close to Han Yuanjun. How could she just give up like that?

"Liang Zixuan, you used to be a makeup artist too. You know, when we put on makeup, our hands have to touch their faces. I accidentally touched Young Master Han's face, I really didn't do anything wrong. Please help me beg Young Master Han."

Qin Yu couldn't take it anymore. What a shameless woman! How shameless she was to ask Liang Zixuan's help after all she had done.

Did Bai Liqin really think that Liang Zixuan was an idiot? Did Bai Liqin think that she could bully Liang Zixuan so easily?

"Are you sick?" Qin Yu didn't even give Bai Liqin any face. "You offended my uncle and now, you are trying to ask my aunt's help? You keep saying that it was an accident, but who knows the truth? You clearly did it on purpose!"

Liang Zixuan could clearly see the unwillingness in Bai Liqin's eyes, and it was so obvious that she could not even hide it anymore. Just as Qin Yu had thought, Liang Zixuan was not some idiot!

[Chapter 256 - You Can't Insult My Woman](#)

Liang Zixuan smiled. She showed a very friendly smile, but the words that came out of her mouth startled the people around her. "Yes, I used to be a makeup artist, but I wouldn't use my makeup skills to seduce other people."

Seeing that Bai Liqin wanted to argue with her, Liang Zixuan pointed to Bai Liqin's low-cut blouse and said, "A qualified makeup artist knows that she has to bend down when putting on makeup. If you wear it like this, what are you trying to show off?"

Apart from Han Yuanjun, all eyes fell on Bai Liqin's chest.

Liang Zixuan was still smiling faintly and looked harmless. "Look at the other three makeup artists. They are also women and they are all very professional. They wear clothes from neck to shoulder, because any makeup artist will understand this logic!"

Liang Zixuan's words not only questioned Bai Liqin's character, but also her professionalism.

How could Bai Liqin endure this?

She was afraid of Han Yuanjun, but she wasn't afraid of Liang Zixuan!

Liang Zixuan wasn't really married to Han Yuanjun, she was just a companion in bed. She wasn't afraid!

"What's wrong with me wearing a blouse with a low neckline? It's my personal taste in clothes and has nothing to do with my professional qualities!" Bai Liqin looked coldly at Liang Zixuan and snorted mockingly. "No wonder you're not famous when you're a makeup artist. You're just a country bumpkin. Since you cannot do it, you decide to destroy other people's careers. Who would fall for you?"

Liang Zixuan was not angry. Instead, she smiled and said, "That's why you're crawling so fast. It has a lot to do with your character."

"You!" Bai Liqin was so angry that she threw a cotton pad at Liang Zixuan. "Who are you scolding?"

"Call Shi Jingguo for me!" Han Yuanjun suddenly said. His low voice even caused the pressure in the room to drop, frightening the Assistant Director. He quickly took out his phone and called Shi Jingguo.

While the Assistant Director was talking to Shi Jingguo, he stared hatefully at Bai Liqin. In his heart, he was really scolding her to death.

If she wanted to do it, she could do it outside. Why had she come to their program team?

If they offended Han Yuanjun, then the entire television station would be in trouble in the future.

Bai Liqin seemed unaware of the consequences of offending Liang Zixuan and Han Yuanjun. She gave a cold look to the Assistant Director, who was on the phone. "Since I got the money, I will not be at a disadvantage even if I leave now."

Han Yuanjun narrowed his eyes. Originally, he wanted to deal with Bai Liqin after the recording. Apparently, if he hadn't taught Bai Liqin a lesson now, she really wouldn't have put him, Han Yuanjun, in her eyes!

He immediately took out his phone and dialed Yao Xiu's number.

Soon after, Yao Xiu picked up. "President Han."

Han Yuanjun coldly looked at Bai Liqin, who was about to leave with her makeup bag. "Go and check Bai Liqin's latest itinerary. As long as it has something to do with the Han Group, everything will be

canceled! In the future, all artists, all movies, and TV shows related to the Han Group, will not be allowed to use Bai Liqin!"

When Bai Liqin heard this, the makeup bag in her hand fell to the ground loudly. Her back was stiff and almost broken. Then she began to feel scared.

Han Yuanjun tried to ban her everywhere!

Even if she had financial backers, who were willing to offend Han Yuanjun for her?

But she really did not do anything to Han Yuanjun. Why did he ban her in this way?

Bai Liqin had heard that someone had tried to seduce Han Yuanjun. Although it was unsuccessful, they had never been banned before.

It was like an atomic bomb exploding in Bai Liqin's heart, causing her to panic. She suddenly turned around and ran wildly toward Han Yuanjun.

The Assistant Director finished his phone call, and when he saw Bai Liqin rushing towards Han Yuanjun, he immediately stood in front of her. "Bai Liqin, are you crazy? What are you doing?"

"Young Master Han!" Bai Liqin cried and wanted to grab Han Yuanjun's hand, but she was blocked by the Assistant Director. She could only plead with him through her tears, "What did I do wrong? You want to do this to me?"

Han Yuanjun's eyes were cold. He turned his body to the side and didn't care to look at Bai Liqin. "Pay attention to your words. I have a fiancée. Are you trying to sow discord between my fiancée and me?!"

"Puff ..." Liang Zixuan could not suppress her laughter.

Only Han Yuanjun would misinterpret everyone's words.

Bai Liqin was stunned for a moment before changing her words. "Young Master Han, you have also been seduced by others before, but you have never done anything so harsh to them. Why are you forbidding me like this?"

Han Yuanjun raised an eyebrow, walked around the Assistant Director, and held Liang Zixuan's hand in front of everyone. "I'm a petty person. I don't care what others say about me, but you can't insult my woman! Just because you said that she was a country bumpkin, I won't let a woman with such a sultry aura like you continue to harm the entertainment circle."

Why didn't Liang Zixuan know that her man's mouth was so venomous?

Haha ... This was too much.

That's right, Bai Liqin's collar was so low that everyone could see what was inside even if she did not bend down. Count to yourself how many times she had to bend over during her career. How many men did she seduce?

If Bai Liqin had known this in advance, she wouldn't have offended Liang Zixuan. Even if Liang Zixuan scolded her, she would definitely hold back her words.

Otherwise, when Han Yuanjun had told her to f*ck off, she would have been fine.

Bai Liqin cried until her voice became hoarse. "Liang Zixuan, let me apologize to you, I am a country bumpkin. I shouldn't scold you. Please help me beg Young Master Han. If this really happens, the reputation I have earned over the years will be completely ruined!"

Han Yuanjun did not want her to bother Liang Zixuan. He held Liang Zixuan's hand tightly and said expressionlessly, "How you got to where you are today, you must be clear about it in your heart. People like you who take the wrong path are poisonous tumors in the makeup world. It's not fair to other professional makeup artists with real abilities. They have the skill, but they can't rise because of people like you."

As soon as Han Yuanjun finished his sentence, the three makeup artists nodded in agreement.

Weren't they beautiful too? Weren't they also outstanding?

Of course they were, but makeup was an art. They didn't want to use such methods for personal gain. They wanted to rely on their own ability to make a name for themselves. They didn't want to be like Bai Liqin, who will use any kind of methods for her benefit.

Shi Jingguo rushed in and saw that Bai Liqin was crying.

Before he came, the Assistant Director had already told him about this matter.. At that time, he was extremely angry, so he didn't have any good expression when he saw Bai Liqin.

[Chapter 257 - Aren't You Fed Up With This](#)

When Shi Jingguo arrived, he had brought two security guards with him. He immediately said to the security guard, "Throw her out of the building and don't let her come near our program team again!"

Without words, the two security guards walked over to Bai Liqin and dragged her as if they were dragging a dead dog.

Bai Liqin couldn't help herself anymore, and even when they were dragging her out, she still pleaded with Han Yuanjun. "Young Master Han, I'm wrong. I beg you to let me go this time. I won't dare to do it again. Young Master Han, I beg you ..."

They could still hear Bai Liqin's cries even though the dressing room door was closed.

Shi Jingguo's forehead was covered with sweat as he said to Han Yuanjun. "Young Master Han, I'm sorry. Our program team was not very considerate and caused you a lot of trouble. I am sorry."

Han Yuanjun was not a person who liked to vent his anger. He knew that Shi Jingguo had invited a famous makeup artist because of him. However, Shi Jingguo did not think that Bai Liqin would have the courage to do so. *noVeLusB.com*

"It's all in the past now. It's fine." Han Yuanjun nodded faintly.

Shi Jingguo looked at the remaining three makeup artists. The six remaining guests were all already in position and were waiting for Han Yuanjun and the others.

Shi Jingguo pursed his lips and said, "Then you guys continue with your work. I'll ask if any of the guests' makeup artists would be willing to come here and help."

Han Yuanjun stopped him. "Shi Jingguo, there's no need for that. I don't need them. Once Xiao Xuan is done, she can help me."

Only then did Shi Jingguo remember that Liang Zixuan was also a makeup artist. Liang Zixuan putting makeup on Han Yuanjun was more appropriate than anyone else.

Unavoidably, other than Bai Liqin, there were other makeup artists who harbored ill intentions.

Shi Jingguo nodded gratefully. "Alright then. We will do it this way. You guys hurry up and get ready. Once you're ready, we'll start recording."

Once the cancer had left, the atmosphere in the dressing room became lighter.

Han Yuanjun pulled up a chair and sat next to Liang Zixuan while watching the makeup artist apply the makeup on her.

Qin Yu noticed him from the corner of her eyes and couldn't help but tease him. "Uncle, aren't you fed up with this? Isn't it enough for you to watch auntie every day at home? When auntie comes out to attend a program, you have to follow her too. What, you're afraid that she will be bitten by a snake?"

Liang Zixuan blushed at Qin Yu's words. "Qin Yu, stop messing around!"

Han Yuanjun held Liang Zixuan's hand tightly and chuckled. "What do you know? When you find the man you are destined for, you might be even more attached to him than I am. When the time comes, let's see how I'll make fun of you."

The makeup artist in charge of Liang Zixuan, pursed her lips and smiled as she listened to their teasing.

As a makeup artist, she had touched the faces of countless people, so it could be said that she was very responsible and professional. Liang Zixuan's skin was really good, so tender to the point of pinching.

She said all of these in her heart, and she wasn't going to curry favor with Han Yuanjun or Liang Zixuan.

And because Liang Zixuan's condition was good, the makeup artist finished her work in no time. "Done."

Qin Yu exclaimed in surprise. "That fast?"

While packing her makeup case, the makeup artist said, "Liang Zixuan's skin is really good. I didn't really have to put in much work. I just gave her eyeshadow and lipstick, so her preparation was done much faster."

Qin Yu immediately pouted. "Then what you mean is that my skin isn't good and that's why my makeup artist was so slow?"

"That's not it!" The makeup artist immediately explained. "Since I didn't do your makeup, I don't know about your situation. The theme of this episode is related to your drama. Even the costumes were made according to the photos. I saw Liang Zixuan's picture in the teaser photo and I just did her makeup the same as that."

Her words made everyone present admire her.

Even the other two makeup artists secretly admired her in their hearts.

Liang Zixuan said with a smile. "It seems that before we came, you did a thorough study, not only for the program but also for the person you are in charge of."

The makeup artist smiled sheepishly. "I'm not that outstanding. Even if you are only a guest for one episode, I still have to do my job well. I can't let my carelessness affect your performance in the program."

There were many irresponsible makeup artists who were perfunctory when it came to putting makeup on the guests.

As a result, the audience could clearly see a lot of things on the camera. When they were running, their faces were covered with sweat, and the makeup would smear and affect the guest's appearance.

Liang Zixuan had a good impression of this makeup artist. She extended her hand towards her. "Can I have your card?"

The makeup artist was taken aback for a moment before quickly responding. She was flattered as she handed Liang Zixuan her name card with both hands. "Of course you can."

Liang Zixuan took the card and read out her name. "Xia Xiaolian."

She put the name card into her wallet, then made Han Yuanjun sit properly, and used Xia Xiaolian's makeup tool on Han Yuanjun's face.

"Your name sounds really good." Liang Zixuan said with a smile.

Xia Xiaolian smiled embarrassedly. "I was born in March. At that time, the peach blossoms were just blooming. My dad was looking at the peach blossoms in the garden and wanted to use the flower name for me. My mom got angry and told him to erase that flowery word in my name, but my dad didn't do so. Hahaha."

"Hahaha ..." When Qin Yu heard this, she laughed in an unkind way.

Liang Zixuan glanced at her. "Don't laugh! Her name is very good. Xia Xiaolian is really a good name. Her mother probably wanted her to be someone who knows how to repay favors."

Soon, they were all done with their makeup and had put on their costumes.

Liang Zixuan, Qin Yu, and Goo Shengli's costumes were all based on Perfection Of Eternity. Han Yuanjun, on the other hand, wore his own clothes. His appearance was exceptionally domineering. It was a shining dragon robe.

The Assistant Director quickly told Shi Jingguo over the walkie-talkie that everything was ready.

Shi Jingguo then began the official recording. The six guests entered the stage first, then he said, "Our theme for this episode is Perfection Of Eternity.. That's why we invited the cast of this drama to be our guests."

[Chapter 258 - I Really Did Go Easy On Her, Then It Won't Be As Simple As Kneeling](#)

The six resident guests all knew that this episode was all about Perfection Of Eternity, but Shi Jingguo had never told them that Han Cihui had been replaced by Han Yuanjun.

The first to leave the palace were Goo Shengli and Qin Yu. Qin Yu wore a pink hanfu with white sleeves. She had a warm smile on her face and she looked like an unruly princess.

Goo Shengli wore a dark gray python robe; this was his costume in Perfection Of Eternity. However, since it was a recording and a sports program, he did not wear a wig.

Qin Yu held Goo Shengli's arm as they walked out. The resident guests praised and greeted them. When Qin Yu and Goo Shengli entered, they greeted them in an ancient way, as if they were joking. "Greetings, Your Highness."

In the drama, Qin Yu played the role of a princess. Seeing this, the two of them were not ashamed in the least. They raised their hands and said, "No need to be polite, please stand up."

The only female guest, Tao Ning, laughed. "Aiyo, this episode will be interesting. The Crown Prince and the Princess are so united, aren't you afraid that the Crown Princess Consort will smash the roof?"

Qin Yu pursed her lips into a smile. "What, you guys don't know? In the drama, my auntie and I are the true love. Hahaha ..."

Before the movie even aired, Qin Yu had already dropped the bombshell and shocked the guests. Everyone knew that most of what they said today had to do with the drama, which meant that Qin Yu was not joking.

Long Guozhi, another guest, scratched the back of his head in shock. "So this is about a love story between the Crown Princess Consort and the Princess? It has nothing to do with the Crown Prince at all?"

As he spoke, he saw two other people coming out of the palace.

Tao Ning cried out happily. "The Crown Princess Consort is out!"

Liang Zixuan wore a beautiful long red hanfu dress that showed off her beautiful appearance. Beside her, Han Yuanjun was dressed in a dragon robe that showed his disposition as a king. Every step he took seemed to strike the hearts of everyone.

"Am I seeing things?" Yin Xiaojian asked Long Guozhi, who was standing beside him. "Is that really Young Master Han?"

Yin Xiaojian's words caused everyone to be even more shocked than before. As Liang Zixuan and Han Yuanjun approached, the six guests held their breath. They were so astonished that they could not even speak.

Yin Xiaojian raised his arm in front of Long Guozhi. "Quick, pinch me! I need to know if I am dreaming."

However, Long Guozhi also stretched out his hand. "Let us pinch each other. I also feel like I am dreaming!"

In the end, neither of them showed any mercy and viciously pinched each other. Two boarish howls sounded out, causing the two to grit their teeth in pain.

"Oh God, it's not a dream. It's really Young Master Han!" Yin Xiaojian finally recovered from his shock.

Long Guozhi's eyes were filled with tears of pain, but he showed a surprised expression. "Wow! The guests of this episode really brought a light to our humble home!"

Han Yuanjun and Liang Zixuan stood by Qin Yu's side. It was unknown whether the six guests had agreed to this beforehand, but they all knelt down, bowing their heads. "We pay our respects to Your Majesty and the Crown Princess Consort."

Han Yuanjun glanced at them and extended his hand as if he were a king. "You should rise."

Shi Jingguo at the side said, "Our program team has the honor of inviting Young Master Han to participate in this program. Everyone, please welcome him!"

Immediately, there was thunderous applause and heartfelt smiles on everyone's faces.

According to the theme of this episode, the six resident guests also donned their court uniforms, representing the six divisions of the government court. The six guests had already been divided into two teams.

Qin Yu and Liang Zixuan were invited into the red team. Han Yuanjun and Goo Shengli were invited into the yellow team.

When Long Guozhi heard this, he immediately protested, "Director Shi, you are not kind. Their team has two girls, and the team with more girls is obviously at a disadvantage!"

Shi Jingguo quickly explained, "There are only three girls. No matter how we divide them, the end result would still be one in the yellow team and two in the other team."

Han Yuanjun immediately frowned. He came to take part in this program to protect Liang Zixuan, but in the end, he was separated from her so that the two of them could confront each other. Then what was the point of him coming here?

Unexpectedly, Liang Zixuan smiled indifferently at this moment. "It's fine, we won't lose out. Although Qin Yu and I are girls, Goo Shengli isn't our match. As for Han Yuanjun..."

She laughed softly. "I don't think he would dare to go against me."

"Hahaha ..."

The six guests laughed out loud. Yin Xiaojian was part of the red team. He followed Liang Zixuan and smiled as he offered her an ancient greeting. "Crown Princess Consort, Your Majesty knows that admitting a loss at the right time benefits the harmony between husband and wife. It's a great source of family happiness."

Long Guozhi, who was standing beside him, tugged at Yin Xiaojian's clothes and reminded him in a low voice. "Are you tired of living? How dare you make fun of Young Master Han? He'll ban you when the program is over! Didn't you see how Bai Liqin was banned?"

When Yin Xiaojian heard this, he immediately regretted it a little. But he had already said it, so it was impossible to swallow it back down.

Who could've guessed that Han Yuanjun would wave his hand and stand with his hands behind his back, proudly saying, "No matter who my opponent is, I will do my best to show respect to the opponent."

Then, he gently looked at Liang Zixuan. "Xiao Xuan has always been strong and has always refused to admit defeat. If I beat her in the program, I'll have to kneel on the washboard as punishment when I get home, but if I really did go easy on her, then it won't be as simple as kneeling. I'd probably have to sleep on the sofa for at least half a month."

Long Guozhi looked at Han Yuanjun in surprise. He hadn't expected that Han Yuanjun would be so easy to talk to. The courage of the six guests present grew as they joked around with him.

"Young Master Han, I didn't expect you to be so scared when you came home. Hahaha!" Long Guozhi laughed.

Yin Xiaojian also laughed, "Liang Zixuan really let you sleep on the sofa? Young Master Han, you must be very sad!"

Qin Yu didn't give Han Yuanjun any face at all as she said to the camera, "You guys don't know this. In front of his wife, my uncle always acted like this. He also acted like this when he came home."

Her words caused the guests and staff to laugh out loud.

Liang Zixuan coughed in embarrassment. "Don't say that. You make me sound like a lion.. I'm not like that, I'm actually very gentle."

[Chapter 259 - I'm Willing To Give My Wife The Best](#)

Seeing everyone's disbelieving expressions, Liang Zixuan explained with a smile. "He was the one who let me win. He said he did that not because he was afraid of me, but because he loved me. And because of love, he gave in to everything and gave me the priority."

When Yin Xiaojian and the other men heard this, they immediately knelt down.

Long Guozhi clapped his hands and said to his friends, "You heard that, didn't you? This is how men should behave!"

When Shi Jingguo saw that the warm-up session was almost over, he immediately grabbed his megaphone and said, "Young Master Han said it well. No matter who the opponent is, doing all your efforts is a respect that you bear to your opponent. This is the competitive spirit of our nation!"

As Han Yuanjun himself said, he didn't go easy and did his best to win points for his team. Although Liang Zixuan and Qin Yu were both girls, they were still full of energy and refused to admit defeat, and although they lost two of the three rounds, they still won the first round.

It was already good enough for the two of them that they weren't crushed by the other team.

Even the captain of the red team, Yin Xiaojian, praised them. "You two are too great. Seriously, I initially thought that it would be hard for you guys to compete in this competition. Who would have thought that your stamina and brain weren't inferior to us men at all."

In the first round, the game had something to do with the contact force of the pressure plate. The pain of the pressure plate was something that only those who had stepped on it would know.

Since it was Liang Zixuan and Qin Yu's first time, they thought that it would be difficult for them to adjust. They didn't expect that the two of them would only scream twice before they endured the pain.

The six guests gave them a thumbs-up.

At 4 pm, the program team finally had their meal.

When everyone returned to the palace, the chefs had already placed the dishes on the table, but each dish was covered with a lid.

Shi Jingguo said, "Now is the dinner segment. For every game you won just now, your team will get a token. With that token, you can choose two dishes, but please remember, you can't exchange them once you have chosen. Now please choose your dish."

With Long Guozhi's token in hand, Goo Shengli impatiently ran over and chose one of the dishes. "I want this!"

Shi Jingguo smiled and asked him, "Goo Shengli, are you sure with your choice? If you are, then please lift the lid. Once the lid is open, you cannot change it."

Goo Shengli was fearless. "What should I be afraid of? I ate green bean curd with the film crew for three months, and I don't believe that your dish is worse than green bean curd!"

After he finished speaking, he reached for the lid and opened it. He looked inside and was stunned. "I admit it, you guys really know how to play!"

Inside was a pot of green bean curd soup that almost made Goo Shengli fainted.

Goo Shengli didn't know whether to laugh or cry. "You guys asked the five-star chef to make green bean curd soup? I really don't know what you guys are thinking."

Shi Jingguo smiled. "This dish is considered mediocre here. You can choose another one."

Goo Shengli immediately retreated. "I don't want to do this anymore. You guys do it."

Tao Ning walked towards him and casually lifted a lid. Inside was a plate of spicy and sour potatoes.

The corner of everyone's mouth twitched uncontrollably.

When Liang Zixuan saw this, she immediately understood what the program team meant. She smiled and said, "Director Shi, don't tell me you brought the menu from our production team? If that's the case, then I guess there's also a plate of stewed potatoes and a plate of shredded potatoes in there."

Shi Jingguo laughed until his eyes curved up. "What a smart girl!"

Liang Zixuan looked around the table at the four lids that weren't lifted and said as she walked, "Since there are two plates of potatoes, the other two plates are the real big meal."

After saying that, she stopped in front of one of the lids. Her hand touched the lid and then bent down to smell it. Suddenly, her eyes lit up, and she pressed her hand against the lid. "I chose this one!"

Qin Yu looked at her nervously. "Zixuan, be careful! We only have two chances."

Liang Zixuan smiled and nodded. She immediately opened the lid, revealing a plate of fried chicken legs.

The golden chicken legs made the members of the red team cry with joy. "Great! We have chicken legs to eat, we don't need to eat green vegetables and potatoes!"

Goo Shengli was close to tears. "Why?! Liang Zixuan, why? How did you know there were chicken legs in there?"

Liang Zixuan explained with a smile. "Because I just smelled it, this vegetable oil has a very strong smell."

Shi Jingguo praised her once again. "Smart girl!"

Yin Xiaojian smiled as he shook his head. "It seems that if you want to eat delicious food, you have to think first."

Long Guozhi immediately said, "We still have two chances. Let's hurry up and choose. If we let Liang Zixuan choose again, she'll pick another good dish, and we'll have to eat potatoes!"

Once he finished, everyone looked towards Han Yuanjun.

They noticed that Han Yuanjun's gaze was fixed on Liang Zixuan's face from the start to finish, and his smile was still so gentle. All of a sudden, they became anxious.

"Young Master Han, hurry up and make your move! If you don't act now, we can only eat potatoes!"

Unexpectedly, Han Yuanjun raised his eyebrow and said with confidence. "I've already said before that going all out is respecting your opponent. But that was during the competition, and now it's not a competition, so what's the harm in letting them win? Besides, they chose it themselves. The right and wrong choices depend on your own strength. Since this isn't a competition, I'm willing to give my wife the best."

Everyone: "..."

'Young Master Han, we don't need to eat anymore. You've fed all of us too much dog food until we're full!'

Goo Shengli had a bitter face. "Young Master Han, are you really willing to eat green bean curd and potatoes with us?"

Han Yuanjun nodded. "As long as I feel full, I'm not picky with food."

Everyone: "..."

Once again, they were slapped in the face by Young Master Han's dotingness towards his wife. If this continued, they would die of anger.

Qin Yu was smiling to ears as she urged Liang Zixuan. "Zixuan, hurry up and choose another big meal. Let's show them our strength!"

Liang Zixuan walked around the other three plates, touching them and smelling them. Finally, she stood next to one of the plates.

She raised her head and looked at Han Yuanjun. "Are you really not going to fight with me?"

Han Yuanjun smiled lovingly and shook his head. "I know what's underneath. It's not a dish. I guess it's just a piece of paper."

Liang Zixuan smiled sweetly and walked over, pulling his hand in front of everyone. "How about this, you choose one, and then, we exchange the dish together?"

[Chapter 260 - Since You Already Guessed It, Why Didn't You Remind Me](#)

Han Yuanjun smiled and nodded. "If it is possible, that's for the best."

"What do you mean?" Long Guozhi was a little confused. "Using two remaining plates to swap doesn't change anything. There are still two plates of potatoes. Didn't Young Master Han just say that there might be a piece of paper underneath it? If it's really paper, we should replace three plates with a piece of paper."

Tao Ning nodded as well. "That's right! So far, only three dishes have been chosen."

"How about this? If you choose the same dish together, you agree to have the two teams enjoy the same meal together."

Everyone immediately understood. If the two teams chose the same dish at the same time, they all had to eat that dish together.

All of a sudden, everyone broke into a sweat and looked at Liang Zixuan and Han Yuanjun.

Liang Zixuan then said, "I only have one chance, so I'll choose this dish."

Followed by Han Yuanjun, "I'll use two my chances and choose the same dish as her."

Shi Jingguo nodded. "Please open the lid."

The guests all stretched their necks, all of them curious why Liang Zixuan and Han Yuanjun were so sure of their choice.

Liang Zixuan and Han Yuanjun held out their hands and touched the lid together. They looked at each other and raised their hands at the same time. As expected, there was nothing but a piece of paper inside.

Liang Zixuan took the paper and read out loud, "Congratulations, you've won the Royal Family's Feast hosted by the imperial family."

Everyone was immediately excited. "A Royal Family's Feast hosted by the imperial family?"

Liang Zixuan had barely finished her sentence when the chefs started serving the dishes. This time, there was no green bean curd or shredded potatoes. It was a feast of real value.

There were chickens, ducks, fish, and all kinds of seafood. Twenty dishes were served in total.

Everyone burst into tears of joy. Qin Yu ran over and hugged Liang Zixuan. "You're too great!"

Liang Zixuan smiled faintly from her embrace. "It's just a little trick."

Shi Jingguo couldn't help but ask, "Young Master Han, Liang Zixuan, how do you know that a piece of paper inside is the best dish on the table?"

Han Yuanjun gave him an indifferent look and calmly said, "The same routine."

His expression seemed to say, 'I've seen through all your tricks, and in front of me, they're nothing but tricks.'

Embarrassment appeared on Shi Jingguo's face. He truly felt that having Liang Zixuan who could see through their plans was enough. And now, there was Han Yuanjun. This pair was really a heaven deity.

Qin Yu asked Liang Zixuan, "How do you know that this dish is a royal banquet?"

Only then did Liang Zixuan answer everyone's questions. "This episode is called 'Perfection Of Eternity'. When I first saw the dish, I already knew that the program team had been following our Weibo posts and found out about the production team's menu. When I saw that fried chicken, I was more than sure that this dish was the royal banquet."

"Think about it, our production team only had five dishes, and they were all served here. As for the remaining one, the program team will definitely recreate the scene of the Royal Family's Feast in that drama. So I'm pretty sure this will be a royal banquet."

Everyone suddenly came to a realization and gave Liang Zixuan a big thumbs up. "You're too awesome!"

Shi Jingguo smiled. "Congratulations to Liang Zixuan and Young Master Han for choosing the Royal Family's Feast. You can start eating now."

After the meal, everyone returned to the room arranged by the program team. Liang Zixuan and Qin Yu happened to be in the same room.

Shi Jingguo said that there would be no surprise attack tonight, so everyone should sleep peacefully and prepare for the final battle tomorrow morning.

As soon as Qin Yu entered the room, she stretched lazily. "Aiya, I'm so tired today. Auntie, let's take a shower and go to bed early."

Liang Zixuan took out her pajamas and said, "Even though Shi Jingguo said that there won't be any surprise attack, I think you should prepare yourself. Be sure to put on your clothes."

"It's not over yet?" Qin Yu grumbled and said angrily, "We've been tired all day, can't they just let us rest?"

Liang Zixuan smiled as she pulled Qin Yu out of bed and pushed her towards the bathroom. "I don't think it's that hard. Just put on your pajamas."

Qin Yu sighed. "I loved watching this show before, but I never expected the guests to have to work hard."

Although she was complaining, Qin Yu still quickly finished her shower. She obediently listened to Liang Zixuan and put on her pajamas.

When Liang Zixuan finished showering and getting dressed, someone knocked on the door.

Just as Qin Yu opened the door, two men in black suits rushed in and dragged Liang Zixuan and Qin Yu with them as they left the room.

Qin Yu cried out in shock. "Ah! What are you trying to do?"

The two black-clothed men, who looked like robots that could only move and not speak, dragged the both of them into the hall.

All six resident guests were already used to this kind of routine, and therefore, they were neatly dressed in their pajamas. When Qin Yu and Liang Zixuan saw Goo Shengli, they both laughed out loud and almost fainted on the spot.

Goo Shengli sheepishly covered himself with the pillow and didn't know whether to laugh or cry as he complained, "Director Shi, you're too dishonest. You clearly said that there was no attack earlier, and I believed you. And now look at what happened. Because of you, I'm losing face so much now!"

Shi Jingguo also couldn't help but laugh. "It's still your fault for being too innocent. You said I was dishonest but look at Young Master Han, Liang Zixuan, and Qin Yu. All of them were neatly dressed!"

"Hahaha ..." The guests and staff, who'd been trying their best to suppress their laughter, burst out laughing.

Goo Shengli bit his lips in a grievance. "You're all bullying me! I like sleeping naked. Luckily, I was wearing boxers today, otherwise I would really be screwed by you guys!"

He then turned around and looked gloomily at Han Yuanjun. He didn't dare to confront him but only grumbled like a coward. "Young Master Han, you're dressed so politely. Have you guessed for a long time?"

Han Yuanjun glared at him coldly. "Is there a need to guess?"

He didn't even need to use his IQ.

Shouldn't Goo Shengli understand the rules?

Goo Shengli immediately pouted, feeling wronged. "Since you already guessed it, why didn't you remind me?"

Han Yuanjun said self-righteously. "When did I not remind you? When you came out of the bathroom, I told you that even though we're both men, you still shouldn't be too presumptuous."

He looked down at the pillow covering Goo Shengli's body and raised his eyebrow. "You know how to wear this, but don't know how to wear clothes?"
