

Beauty 261

[Chapter 261 - You Have A Chance To Live Again](#)

Goo Shengli immediately blushed and doubted his IQ.

Seeing that, Shi Jingguo had the staff pass a towel to Goo Shengli. After all, this was the entertainment program with the highest viewership ratings in the country.

Goo Shengli didn't know whether to laugh or cry while holding the towel, asking, "Should I cover the top or the bottom? Director Shi, can you give me another one?"

Everyone laughed.

Shi Jingguo laughed again. "Just cover them up, don't ask for too much! This section was called sudden attack because it let the audience see what you look like in private. Who'd have thought that you would be so carefree in private..."

Goo Shengli shook his head and sighed. "Sigh, it's better than nothing."

He carried the pillow and towel and walked to the side. After avoiding the camera, he wrapped the towel around his waist.

The rest of the segment was quite pleased, starting with the people sitting on the sidelines. Only by winning can they skip the punishment.

After a while, Shi Jingguo finally said, "Alright, please go back to your room and have a rest. You need to prepare well for the final battle tomorrow."

Goo Shengli looked at him cautiously, "Are you serious right now?"

Shi Jingguo suppressed his laughter and nodded. "Seriously, very seriously!"

"Tch, I don't believe it!" Goo Shengli waved him off and went back to his room with Han Yuanjun.

When he returned, he had equipped himself fully. In the end, he slept all night and was completely fine.

Han Yuanjun was very worried about Goo Shengli's IQ.

The next morning, everyone got up and went to the cafeteria for breakfast. The program team didn't start recording, and everyone felt very relaxed.

Han Yuanjun poured a cup of soy milk for Liang Zixuan and personally made a sandwich for her.

She drank the soy milk with ease and ate the sandwich at the same time.

Everyone was filled with envy, especially Tao Ning.

As a woman, she understood what a woman wanted the most.

It was simply that the people around her could put her in their hearts and hold her hands whenever she was sad.

Han Yuanjun had been a bachelor for thirty years and was known for not being close to women. Some people even suspected that he wasn't a good man.

After yesterday's interaction with him, Tao Ning finally understood that it wasn't like he wasn't a good man, it was just that he was an unapproachable person.

Looking at how gluey he was towards Liang Zixuan, everyone became envious just by looking at her.

Out of the six resident guests, four of them were artists under the Han Group. Although they worked at the Han Group, they didn't have many opportunities to see Han Yuanjun.

Today, Tao Ning took advantage of the breakfast time to talk with Han Yuanjun.

The atmosphere at the breakfast was quite harmonious.

Suddenly, twenty men rushed in through the door. Ten of them held eye masks in their hands.

Everyone was shocked and shouted, "What are you doing?!"

Two men rushed towards Han Yuanjun, who was sitting by the door, but when they saw his expression, they suddenly gave up. The hand holding the eye mask trembled.

The men looked at each other and their eyes clearly saying, "Hold him!"

One of them replied with a look, "Why don't you hold him, then?!"

Seeing this, everyone laughed out loud. "Hahaha, why are you all being cowardly? Just attack him!"

Goo Shengli slapped the table and laughed. "You guys don't know. Yesterday, when the two men stormed into our room, they didn't dare do anything to Young Master Han. One look at him and they turned cowardly. One of them signaled to Young Master Han to follow them, but I was dragged out miserably. Only Young Master Han was invited by the men respectfully! Hahaha..."

Long Guozhi asked in astonishment, "These men also have a moment of surrender?"

The two men looked at each other, and one of them winked at his friend. "Don't make such a face. They're already laughing like that, why don't you hurry up and make a move?"

His friend calmly looked at him. "I surrender. If you are so brave, why don't you go?"

Shi Jingguo shouted in disappointment. "What are you afraid of? Attack!"

The two men immediately looked at Shi Jingguo saying, "Director Shi, since you're not afraid, why don't you do it?"

Shi Jingguo: "..."

Han Yuanjun expressionlessly stretched out his hands towards the man. The man handed him the eye mask as if he was relieved of a burden.

Han Yuanjun put the mask on for himself. Then, the two men gathered the courage to help him up from the chair and walked outside.

The remaining people weren't treated as well as Han Yuanjun. The group was led to different places by those men.

When Liang Zixuan took off her eye mask, she found herself in a small room with a white-bearded old man sitting inside.

She immediately understood what was going on. She walked up to Old Man Hu and asked, "Old Man Hu, do I have any special privileges?"

Old Man Hu's mouth twitched as he waved at her.

Liang Zixuan immediately looked over her shoulder before hearing him say, "You have been transported to ancient times and reborn. You have a chance to live again."

Liang Zixuan narrowed her eyes. She thought that the opportunity to be reborn wasn't that easy to obtain, so she asked, "What are the conditions for that?"

Old Man Hu sighed. "Can you give me a bit of a shot? You've guessed everything, and I'm out of luck!"

Liang Zixuan laughed awkwardly. "Alright then, go ahead."

Old Man Hu stroked his white beard and said with a smile, "The condition for your rebirth is that you personally tear off the Crown Prince's name tag."

Crown Prince?

Wasn't that Goo Shengli?

That's not right. Wasn't it too cruel to get rid of the male lead in the drama as soon as she arrived?

The white-bearded Old Man Hu continued, "If the Crown Prince's name tag is torn by someone else in your team, you will automatically be eliminated, and your chance of rebirth will fall upon him, so the decision lies with you."

Liang Zixuan finally understood that the two girls in her team were weak, to begin with. If she didn't deal with Goo Shengli, not only Goo Shengli would have an extra life, but she would also die in Goo Shengli's place.

Wasn't this too treacherous?

Liang Zixuan didn't waste any more time with nonsense. She pushed open the door of the small room and ran outside.

Qin Yu was very close to her, and after running for a while, the two of them met.

Liang Zixuan told Qin Yu what Old Man Hu had said. Qin Yu was stunned for a moment before saying with a depressed expression, "In other words, you're the only one who can eliminate Goo Shengli? If one of us rips off his name tag, then our team is automatically doomed!"

[Chapter 262 - I'm Afraid Of A Pig-Like Teammate](#)

Liang Zixuan nodded. "Right, we need to find our teammates now and tell them about this. If we meet Goo Shengli alone on the way, we will just go and tear up his name tag without a word."

Qin Yu stared at Liang Zixuan with admiration. "Auntie, you are so domineering!"

Suddenly, sneaky footsteps came from behind them. Liang Zixuan and Qin Yu turned around in fear and saw Goo Shengli sneaking behind them like a thief with his hand almost touching Liang Zixuan's name tag.

She immediately reacted and quickly turned her back towards Qin Yu, barely able to dodge the attack.

Liang Zixuan and Qin Yu exchanged a glance.

Hehe ... They were about to find him, but who knew that he would deliver himself to their doorstep.

Big brother, welcome!

Goo Shengli got goosebumps from their gazes. He had a nagging feeling that something bad was about to happen.

"Hehe ... I was just joking with you guys, how could I possibly eliminate you? We are all from the same crew, aren't we? We must persevere until the end!" Goo Shengli backed away as he spoke.

Liang Zixuan and Qin Yu walked towards him.

Liang Zixuan then said, "Shengli, I was just brought into a small room. In it, sat Old Man Hu. Can you guess what he said to me?"

Old Man Hu was one of the characters in the drama. When Liang Zixuan played the role of the Crown Princess, he was the one who saved her life.

Goo Shengli obviously knew the importance of Old Man Hu. He let his guard down and curiously asked, "What did he say?"

Liang Zixuan smiled. "He said that this time, it's not a competition between the red team and the yellow team, but our crew against the resident guests. He also said that you, me, Qin Yu, and Han Yuanjun are on the same team."

When Goo Shengli heard this, he felt it made sense. He stopped moving and nervously asked, "Then, how are the four of us going to beat six of them?"

"That's easy!" Qin Yu joined Liang Zixuan. "On the surface, we'll pretend that we belong to a different team, and only the four of us know the truth. Then Zixuan and I will get rid of our teammates' name tags without any warning, while you and Uncle will get rid of your teammates' name tags."

Goo Shengli was very excited to hear this and started laughing. "Haha, that's a good idea! This is called being caught off guard!"

While they were talking, Duàn Bingwen from Goo Shengli's group walked up to them. Liang Zixuan immediately winked at Goo Shengli and whispered, "Duàn Bingwen is here, he's behind you. Shengli, hurry up, follow us and act!"

Goo Shengli reacted very quickly and pretended to defend himself. Then, he deliberately said loudly, "Zixuan, Qin Yu, we're still in the same crew, right? You can't bully me like this!"

Duàn Bingwen didn't doubt it and immediately ran forward to save Goo Shengli. "Shengli, don't be afraid. I'm right here. Let's fight one on one and win this game!"

Goo Shengli gave him a grateful look. Two men against two women, this was definitely a win.

Then, Goo Shengli pushed Duàn Bingwen in front of him. "I couldn't mess with them because we are from the same crew. You pick one and give the other to me."

Duàn Bingwen looked at Liang Zixuan and then at Qin Yu. He didn't dare to tear Liang Zixuan's name tag, so he smiled and said, "Then I'll choose Qin Yu. I'll leave Liang Zixuan to you."

"Alright!" Goo Shengli stepped forward and stood in pairs with Duàn Bingwen as they attacked Liang Zixuan and Qin Yu.

Just as Duàn Bingwen was about to pounce on Qin Yu, Goo Shengli suddenly jumped at him from behind. Qin Yu was pushed to the ground by Duàn Bingwen and he was about to tear her nametag, but before his hand could touch it, he suddenly felt a weight on his back.

Duàn Bingwen suddenly turned around and looked at Goo Shengli in surprise, "What are you doing? Why are you eliminating your teammate?!"

Goo Shengli arrogantly said while holding Duàn Bingwen's name tag, "Duàn Bingwen, do you have a brain? Hahaha, the three of us are from the same team. In this round, we will fight with the resident -"

Before he could finish his sentences, he heard a "rip" behind him. For a moment, Goo Shengli appeared to be struck by lightning. He stood there dumbly, looking at Duàn Bingwen.

Duàn Bingwen was even more confused. He was so shocked that his mouth was wide open. "What's going on?"

Goo Shengli was dumbfounded. "I don't know either!"

Then he heard a voice coming from the speaker, "Duàn Bingwen, Goo Shengli, OUT!"

Qin Yu, who was lying on the ground, laughed until her face turned red.

Liang Zixuan, who was holding Goo Shengli's name tag, also laughed until she squatted on the ground. "Haha ... Shengli, why are you so innocent and cute?"

Only then did Goo Shengli respond, "You lied to me!"

Out of nowhere, the men in black suits approached them and pulled the bewildered Duàn Bingwen up from the ground, taking him and Goo Shengli with them. *nOVeLUSb.cOM*

Liang Zixuan helped Qin Yu up from the ground. They both bowed to Goo Shengli and Duàn Bingwen. "We apologize to you guys. When we return, we'll treat you to a great meal."

As they left the place, Goo Shengli quickly explained everything to Duàn Bingwen. "They lied to me, claiming that they'd seen Old Man Hu, and he'd said that our crew was in one team and that we're going to fight against you guys. That's why I attacked you!"

Duàn Bingwen sighed and looked up at the sky. "I'm not afraid of a god-like opponent, I'm just afraid of a pig-like teammate!"

Two men fought two women at the same time and lost, how embarrassing!

The other guests were confused. "What happened? Why did two of them get eliminated at once?"

Liang Zixuan and Qi Yu only smiled as they went to look for their teammates. Yin Xiaojian came running from afar and asked, "What's the situation here? Who took out Duàn Bingwen and Goo Shengli?"

Qin Yu proudly put her hand around Liang Zixuan's neck and said, "We did!"

"How can that be!" Yin Xiaojian was even more confused. If Goo Shengli had been eliminated by Liang Zixuan and Qin Yu, Yin Xiaojian would believe them. But Duàn Bingwen was a regular guest, so he wasn't weak at all. Even if he didn't win, he wouldn't be eliminated so quickly.

Moreover, Duàn Bingwen and Goo Shengli were eliminated at the same time, so it was clear that they were together at that time.

Liang Zixuan then told Yin Xiaojian about her plan earlier. After he finished listening, he gave Liang Zixuan and Qin Yu a thumbs up. "Well done!"

Right now, the situation was favorable to Liang Zixuan's team. It was a five against three.

Just as the three of them were about to find their teammates or tear off their opponents' name tags, they heard another voice. "Yuan Xiaoli, OUT!"

Yuan Xiaoli belonged to Liang Zixuan's group. Hearing this, the three of them immediately became anxious. Originally, they had just been walking around, but now they were running to look for their own teammates.

Ten minutes later, another broadcast voice rang out. "Xie Liang, OUT."

Yin Xiaojian's heart skipped a beat. Other than the three of them, his team had been completely eliminated!

[Chapter 263 - Only Thinking About Not Letting You Fall To The Ground](#)

This was bad. They were clearly in a five-on-three situation, but now they were in a three-on-three situation.

Yin Xiaojian became wary. "I think three people from their team must be together, otherwise it's impossible to get rid of two people from our team so quickly."

Liang Zixuan and Qin Yu nodded in agreement.

They looked around and finally found Han Yuanjun and the others.

Seeing that the three of them were actually standing together, Yin Xiaojian smiled and asked, "Did you three get rid of the two of them?"

Tao Ning shook her head. "No. When we met them, we wanted to fight them one-on-one. But they all chose Young Master Han, so ..."

Liang Zixuan's eyelids twitched as she looked at Han Yuanjun. "You took out all two of them by yourself?"

Han Yuanjun smiled. "It was not easy."

Eh, he was just humble.

Now it was three against three; the other team had two men and one girl, their team only had one man, with two girls, the difference was too big.

Yin Xiaojian said, "How about this; since this is the last match, I will fight you guys one by one. I will challenge Long Guozhi first!"

No one objected. Then, Yin Xiaojian and Long Guozhi walked into the middle of the group. Yin Xiaojian was indeed the most experienced person on the team. Although winning was not easy, he still won.

After getting rid of Long Guozhi, Yin Xiaojian bowed to Han Yuanjun and said, "Young Master Han, it's your turn now."

Han Yuanjun stepped forward and faced Yin Xiaojian.

Liang Zixuan saw that Yin Xiaojian attacked first. Han Yuanjun quickly dodged, and at that moment, his hand firmly and forcefully grabbed Yin Xiaojian's back and tore his name tag.

Liang Zixuan was so shocked. She had never seen someone move so quickly before.

It was an instant kill!

Even Yin Xiaojian, himself, could not react in time and was shocked. "So fast!"

Han Yuanjun smiled as he handed Yin Xiaojian the name tag. "It's a good fight."

Yin Xiaojian held up his own name tag and sighed, "Young Master Han is really great."

After Yin Xiaojian was taken away, it was now two vs. two. Qin Yu stepped forward first. "Tao Ning, let's fight!"

Qin Yu's fighting strength was not weak, but she was still inferior compared to Tao Ning, the resident guest. In the end, Tao Ning ripped Qin Yu's name tag.

"Originally, I wanted to watch you fight with Young Master Han, but now I have to fight with you. If you lose, your team will be eliminated. If I lose, I will also be taken away and will not be able to watch the fight."

Liang Zixuan smiled and said, "There will be a chance."

Tao Ning initially thought that Liang Zixuan would be the same as Qin Yu. Although she had strong fighting skills, this was her first time here, and she was unfamiliar with the main technique of tearing off name tags.

However, when the two of them hugged, Liang Zixuan's body suddenly shrank and quickly curled up behind Tao Ning's back, and ripped off her name tag. Tao Ning was so shocked that her eyes widened.

She looked at Han Yuanjun and then at Liang Zixuan before finally saying admiringly, "You two are really unbeatable! Oh my god, it was like I just had a nightmare."

Now, only Han Yuanjun and Liang Zixuan were left.

Liang Zixuan stood in front of Han Yuanjun and said with a smile, "Please don't go easy on me. Let's fight fairly."

Han Yuanjun raised his eyebrow. "If I go easy on you now, you'll be mad at me when we get home. Don't worry, I'll do my best."

As soon as he finished speaking, Liang Zixuan rushed towards Han Yuanjun. Who would have thought that Han Yuanjun would actually pick her up?

Liang Zixuan actually wanted to take this opportunity to reach behind Han Yuanjun, but before she could do that, he ripped her name tag.

She was killed instantly.

Liang Zixuan was shocked for a moment and escaped from Han Yuanjun's embrace. Probably because Han Yuanjun thought that the name tag was already ripped, so he loosened his guard against her. Unexpectedly, Liang Zixuan walked behind him and jumped on his back.

Han Yuanjun subconsciously reached out to grab Liang Zixuan's butt. The corner of her mouth curved into a mischievous smile. Her fingers pinched his name tag, and without holding back, she ripped it off.

Liang Zixuan waved the name tag in front of Han Yuanjun and then let him carry her like that. She leaned her head forward and whispered in his ear. "I have two lives, I can revive. Haha..."

Han Yuanjun raised an eyebrow and smiled fondly at her. "I know."

Liang Zixuan was taken aback. "You know about this?"

Han Yuanjun carried her on his back and walked towards the lounge as he said, "Of course I know. Your drama is from ancient times, and transmigration is equivalent to rebirth. When Goo Shengli and Duàn Bingwen were eliminated by you and Qin Yu, I guessed it."

Liang Zixuan was surprised. She knew that Han Yuanjun was smart, but she had not expected him to be this smart.

"So you still went easy on me?"

"Nope." Han Yuanjun chuckled. "After I ripped your name tag, you reacted too quickly. You spun around and immediately jumped behind me, triggering my automatic reflex. At that time, my mind was blank, and I was only thinking about not letting you fall to the ground."

Liang Zixuan was truly moved.

What he was trying to say was that his protectiveness towards her was deeply rooted in his bones, and his mind could not even control it. As long as she was in danger, he would subconsciously protect her. No competition, no rivalry was more important than her safety.

Liang Zixuan wrapped her arms around his neck and kissed him on the cheek.

When they arrived at the lounge, everyone nervously asked, "Who won?"

Han Yuanjun put Liang Zixuan on the ground, then they both spun around at the same time.

"What happened? How did both of your tags get ripped off?"

Shi Jingguo explained, "Before the match, we told Liang Zixuan that if she tore Goo Shengli's name tag, she would have a chance to be reborn. If Goo Shengli tore her name tag, the possibility of rebirth would fall on him."

When he said that, everyone immediately looked at Goo Shengli and joked with him, "Goo Shengli, are you that surprised?"

Goo Shengli slapped his forehead and said without knowing whether to laugh or cry. "You all are still blaming me for being too innocent and stupid. What can I do? My skill in martial arts is too low."

Everyone enjoyed the recording program to their hearts' content.

On the flight back, Liang Zixuan took out Xia Xiaolian's business card from her purse and handed it to Han Yuanjun. "This person is good at her job and has a good character.. If there's any chance for her to join the Han Group later, you should give her a call."

[Chapter 264 - What Will Other People Think When They See This](#)

Han Yuanjun took the business card and put it in his wallet seriously. "Alright, I will give Bai Liqin's resources to her. She will soon become famous."

The "Loves Of Fond Memories" production team couldn't get into the "Sportz Globe", but they still got a chance in another program. Although the show wasn't comparable to the "Sportz Globe", it was still a high-profile variety show.

Liang Zixuan's recordings on the "Sportz Globe " will be aired on the television channel on Friday. The program "Loves Of Fond Memories" joined will be aired at the same time and on the same day as them too.

"Perfection Of Eternity" will premiere on APP on Monday with four episodes, followed by two episodes a day on Tuesday and Wednesday.

"Loves Of Fond Memories" will air on the same day on both major television channels, and will be aired every day at the same time.

By airing on the TV channel alone, "Perfection Of Eternity" had already lost by a large margin.

There was no helping it, and this was the difference between an online drama and a television drama.

Even if Han Yuanjun was the head of the entertainment industry, there was nothing he could do about it.

????

It was Friday and the day that 'Sportz Globe' aired. Old Madam Han called Liang Zixuan and Han Yuanjun and asked them to return to the Han Residence after work. She also told them that Luo Yanyun and Qiao Hongya would be there in the evening, so they should hurry up and leave work as soon as possible.

Therefore, Liang Zixuan and Han Yuanjun didn't hesitate for long once they got off work. At five o'clock, they took the elevator to the parking lot and headed to the Han Residence.

Inside the house, not only Luo Yanyun and Qiao Hongya were present, but also Tian Qihua and Han Qingsheng, and Han Xiwang also had come with his wife and son.

Previously, because Qiao Hongya had acknowledged Liang Zixuan as his granddaughter, and because Luo Yanyun had accepted their relationship after the new year, Han Xiwang's attitude towards Liang Zixuan was clearly much better than before.

However, Han Xiwang was still very unhappy with Liang Zixuan because Qiao Hongya hadn't let him have the company.

Why would he be satisfied?

It wasn't like he'd gotten anything good out of it!

He would just keep the act on the surface and return to his normal ego once he left.

After Han Yuanjun and Liang Zixuan greeted Old Man Han and Old Madam Han, Han Yuanjun looked at Han Qingsheng in surprise. "Dad, why are you back?"

Han Qingsheng glared fiercely at his son. What did he mean by this?

It was as if he hadn't worked all day.

Han Qingsheng looked at him and said coldly, "Can't I come back?"

Liang Zixuan smiled. "Dad, that's not what he meant. He just missed you since he was very close to you."

Han Qingsheng turned to look at Liang Zixuan, and his face immediately changed. His attitude towards her was completely different, like a 180-degree turn.

He smiled warmly. "My daughter-in-law really knows how to talk. I came back because there were things I needed to do. After all, your mother won't follow me back to America until you guys get married. Therefore, I must find time to come back here."

Han Yuanjun: "..."

Is this his father?

Why was the treatment so different?

Han Qingsheng had a cold expression when talking to Han Yuanjun and a warm smile when talking to Liang Zixuan, and Han Yuanjun seriously doubted that he was Han Qingsheng's son.

After listening to Han Qingsheng, Old Madam Han immediately said, "Yes, what Qingsheng said really hits the nail on the head. The two of you have been engaged for more than half a year now and had

originally agreed to get your marriage certificate after the new year. But since Zixuan is too busy, you two can't get married. Since she has time now, let's settle this matter quickly. "

When Mother Cui came out of the kitchen and saw that they were discussing something seriously, she stood aside without saying anything.

Old Man Han saw her and asked, "Mother Cui, are the food ready?"

Mother Cui hurriedly replied and smiled. "It's ready. I just wanted to ask you when we can have dinner."

Old Madam Han stood up and smiled. "Let's start eating now. We'll talk while we eat."

The family sat around the table. Old Madam Han asked Luo Yanyun in a very sincere way, "Dear in-law, if Jun and Zixuan get their marriage certificates now, do you have any objections?"

Luo Yanyun smiled and shook her head. "I don't mind at all. Xiao Han is a good person. Even when Zixuan was away on a business trip, he came to my place every night and had dinner with us. I am very happy with him. Besides, the two of them have been living together for a long time. It seems like their temperaments are almost compatible. As long as the two of them are willing, this marriage can be consummated soon."

Han Xiwang snorted disdainfully. "Jun, you never go back to your own grandparents' house that often. If you go to someone else's house every day, what will other people think when they see this? Whose grandson are you?"

When Luo Yanyun and Qiao Hongya heard this, their faces instantly stiffened. Not to mention that it was impossible for someone from the Han Family to be their grandson-in-law; even if Han Yuanjun really wanted to be their son-in-law, they would not dare to accept him.

Tian Qihua immediately exploded on the spot. "Xiwang, is there anyone who dares to speak like that? You still have the audacity to say that about my son? After you got married, how many times did you return here? It was normal for my family's Jun and Zixuan to go to Zixuan's grandparents' house for dinner. Furthermore, every weekend, when they have time, Jun and Zixuan would go back to the Han Residence to visit their grandparents."

Old Madam Han did not give Han Xiwang any face. "That's right! If Zixuan wanted to marry Jun, then it automatically made Jun their biological grandson. Jun and Zixuan were filial to both grandparents, what was wrong with that? You really have a big mouth and dare to tell people what to do? If you have that filial piety, you should bring your wife and son to see us! Can you do that?"

Zhang Xiuying stomped on Han Xiwang's toes hard under the table, then she laughed and said, "Dad, mom, we did the wrong thing. Since Xiwang is usually busy and isn't around often, it's not appropriate for me to bring Cihui back. Since that's the case, regardless of whether Xiwang is here or not, I'll bring Cihui to visit you two often on the weekends."

Han Xiwang's toes were about to break from Zhang Xiuying's stomping. He glared at her.

Seeing that, Old Man Han shouted at him with a dark face. "Why are you glaring at your wife? Your wife usually comes back to accompany us when she's free. What about you?"

Han Xiwang immediately lowered his head guiltily, feeling that the treatment in his parents' house was too different.

Even Tian Qihua and Zhang Xiuying were like their biological daughters. Meanwhile, he seemed to have been picked up.

Old Madam Han ignored him and turned to Luo Yanyun and Qiao Hongya to appease them. "Don't lower yourself to him. He is just a person, don't take him seriously. No matter before or after marriage, Jun would bring Zixuan back to your place every night for dinner.. He would be unfilial if he did not visit his grandparents-in-law. "

[Chapter 265 - They Came To You When They Were In Trouble, But Kicked You Away When They Were On Top](#)

Luo Yanyun wasn't someone to be treated lightly. However, among the Han Family people, Han Xiwang was the only one, the others were all good people.

Luo Yanyun immediately ignored Han Xiwang and nodded with a smile. "As long as Xiao Han don't mind with our food, we'll definitely welcome them to dinner every night."

Qiao Hongya added, "The villa I bought has been renovated and is very close to their place. Once it's finished, Xiao Yun and I will move out. At that time, it was easy for us to visit them."

"Alright!" Old Madam Han became excited. "Usually, they won't have time to accompany us because they're busy with their work. If you have free time, you can come here, and we can travel together."

Seeing that the two old women were already so excited that they were discussing where to go, Tian Qihua coughed loudly and reminded them, "Mom, let's talk about Jun and Zixuan's wedding."

"Right, right, I almost forgot." Old Madam Han smiled. "Let's talk now."

Old Madam Han looked at Han Yuanjun and Liang Zixuan. "What are you two thinking? It won't be a problem for you two to get married now, right?"

Han Yuanjun looked at Liang Zixuan and asked her opinion. "I want to get married now; what about you?"

Liang Zixuan pressed her lips together and said, "I don't mind getting married now, but ..."

She paused for a moment, a sentence that made everyone tense up.

Han Yuanjun grabbed her hand and said with a wronged expression, "Don't you want to marry me?"

"Of course I want to marry you." Liang Zixuan smiled before continuing. "It's just that I never attended a university, and that's the biggest regret of my life. Although my grandfather can teach me now, I want to experience university life."

The people from the Han Family were all silent and their expressions changed.

Seeing that they didn't say anything, Luo Yanyun thought that they might be angry and hurriedly spoke up for Liang Zixuan. "Zixuan is still young and has always been ridiculed by outsiders because she didn't attend university. She doesn't have a diploma, so she wanted to study a little more to prove it to them."

Liang Zixuan gave Luo Yanyun a grateful look. "Yes, I just want to further my studies to broaden my horizons."

After quite a while, Tian Qihua slowly asked, "Which university and in which country do you want to go to?"

Liang Zixuan immediately understood. The people from the Han Family were afraid that she would delay Han Yuanjun by going abroad for several years.

She laughed. "Just our country university is fine. I prefer Guzheng Academy, and I want to take two majors. Guzheng Academy also has an acting faculty. I want to study music and acting together, and it would take me four years to get a bachelor's degree."

When the people from the Han Family heard this, they immediately became happy.

Old Madam Han said, "Guzheng Academy is good, and it's in our Imperial City! Zixuan doesn't even need to live in the school, she can go home every day after school."

Tian Qihua nodded her head in agreement. "That's right, Guzheng Academy is very good. Although the foreign music academies are very famous, the academy in our country isn't bad either."

Han Qingsheng pursed his lips. "Guzheng Academy and Imperial City Film Academy are the best music academies in our country, this arrangement is very good."

After saying that, he looked at Han Yuanjun. "Help Zixuan settle this matter quickly. She can enter the school in September. But only as a part-time student. Don't forget to arrange some extra classes for her."

Qiao Hongya, who hadn't said anything, suddenly laughed. "Hehe... Last year, the principal of Guzheng Academy invited me to teach at his school, but I turned him down. And now that Zixuan wants to study there, I will go there and teach."

Liang Zixuan suddenly felt that it was good to have a world famous music master as a grandfather.

She smiled sweetly. "Thank you, grandfather."

"Alright, since this problem is solved, when are you going to get your marriage certificate? I think next Friday is suitable. I just read the calendar, and it was a good day for you two to get married!" Old Madam Han then looked at Liang Zixuan with a smile. "Zixuan, what do you think?"

Liang Zixuan felt that no matter what, she was still going to marry Han Yuanjun, and the people of the Han Family really treated her like their own daughter and granddaughter. They were very kind to her, and she and Han Yuanjun had been living together for a long time, so it didn't matter if they had the paper or not.

Liang Zixuan nodded. "Since grandmother said it was a good day, then it must be."

After dinner, Old Madam Han asked Mother Cui to prepare the room. The house was very large, though her sons and grandson had moved out, but the rooms in the house were always provided for them, and there were more than ten bedrooms, so it was not a problem for such a small number of people to stay.

The two families sat together in the living room. Old Madam Han quickly turned on the TV with the remote control. "The program is starting. Let's watch together."

Mother Cui served the fruits, nuts, melon seeds, peanuts, and other snacks on a big plate. She also poured them coffee and juice according to their taste.

The program officially began with the appearance of the six guests, followed by Qin Yu and Goo Shengli. Seeing the guests bowing to them, Old Madam Han smiled. "These kids really know how to play."

When Han Yuanjun and Liang Zixuan came out, everyone immediately knelt down. Old Madam Han was surprised for a moment. "Are they really kneeling down?"

Liang Zixuan explained with a smile. "It's just something spontaneous, and everyone finds it's fun to do that."

At this time, Han Xiwang turned to look at his son, Han Cihui. His face was as bad as if he had just eaten shit. "Didn't you film that drama for free? Why did you not appear in the show? Hmph, this film crew is really good. They came to you when they were in trouble, but kicked you away when they were on top!"

Han Cihui frowned and looked at his father unhappily. "I'm just a director. Not to mention, I don't have any fame, so why would I go to such a program? Even if they invited me, I wouldn't have the time to go there!"

"No time? What are you busy with?!" Han Xiwang was so angry that his eyes turned red. He glared at Liang Zixuan and scolded her. "Some people are really willing to do anything to become famous, and they can even take advantage of their loved ones. What kind of virtue do they have?"

Han Yuanjun raised his eyebrows and looked at Han Xiwang. "I finally understand what uncle means. Uncle is saying that I'm taking advantage of Cihui? Then, the 300 million RMB I just invested in him won't be needed anymore."

He turned his gaze to Cihui. "I haven't called you for the rest of the interest yet. I don't think we need to do that anymore.. Since your father says I'm taking advantage of you, we can stop this project."

[Chapter 266 - They Are Here For You](#)

Han Cihui was stunned for a moment. Wasn't this treatment too unfair?

"Brother, don't! I've already found the actors for my screenplay and I'm waiting for your money before I start filming!"

Han Cihui looked at Han Xiwang with a depressed face. "Dad, can you please not bring me down with you? What good will it do to me if you ruin my career?! Could it be that you want to keep raising me for the rest of my life?"

Han Xiwang was taught a lesson by his own son in front of everyone. He was disappointed, but considering that Han Yuanjun had invested 300 million into Han Cihui's movie, it was no small amount.

Even if he was unsatisfied with Han Yuanjun, he needed to bear with it. He was no longer the President of the Han Group. There was no reason for his son not to take advantage of the Han Group, and they were a family after all.

Han Xiwang coughed awkwardly. "I was just joking. Is there a need for you to be so serious?"

Seeing Han Yuanjun lifting his lips in mockery, Han Xiwang fixed his expression and blurted out, "Jun, you're not going to take back the investment, right?"

Han Yuanjun glared at him coldly. "I'm not someone who can be persuaded. Whatever I decide, I won't change again!"

The truth of the matter was obvious. First, Han Yuanjun answered Han Xiwang's question and gave the remaining funds to Han Cihui. Secondly, he warned Han Xiwang that no matter how much he tried to sow discord between Liang Zixuan and him, Han Yuanjun had decided only to marry her.

Han Xiwang's face stiffened, he felt that he had lost all of his face here in the Han Family.

The people of the Han Family also ignored him and treated him as if he weren't there.

Old Madam Han continued to hold Luo Yanyun's hand and laughed loudly as she praised Liang Zixuan. Especially during the dinner segment. Old Madam Han said with joy, "Aiyu, this granddaughter-in-law of mine is truly amazing."

The corner of Luo Yanyun's mouth lifted slightly. She probably wouldn't be able to say anything if the other party praised her granddaughter, right?

Therefore, she chuckled, "Xiao Han let her have it. Look at it, even though he didn't do anything while standing on the side, his eyes seemed to see everything. He knew their trick with just a glance."

Old Madam Han laughed until her eyes crinkled. "Of course! These little skills were all learned from generation after generation in the Han Family."

Luo Yanyun: "..."

How was she supposed to reply to this? It was so difficult!

Luckily, they soon reached the segment where the guests were dragged out of their room. When Goo Shengli was forcefully pulled out by the man in the black suit, Old Madam Han and Luo Yanyun were stunned. The next second, the two of them burst out laughing.

"Aiyu, this poor child, how can he just came out like that?" Old Madam Han almost fell off her chair.

Luo Yanyun also laughed so hard that the corners of her mouth twitched. She then looked at Han Yuanjun and Liang Zixuan. "Was this segment set in advance?"

Han Yuanjun explained with a smile, "Not exactly. The crew just wanted to see what the guests would look like in private. Goo Shengli was in the same room as me, and I even warned him at the time not to act the way he wanted. At that time, he wasn't even wearing anything, and after I showered, I noticed that he was only wearing a boxer. This was a spontaneous segment and it wasn't something that the program team intentionally set up for high impact."

Tian Qihua smiled gently. "And what if he's not wearing anything? Will they just drag him out like that then?"

Han Yuanjun curled his lips. "I don't know about that, but people as simple-minded as him shouldn't be many."

The Han Family members laughed out loud when they saw this. They all felt that Goo Shengli was very silly and cute.

When they saw Liang Zixuan and Qin Yu teaming up to deceive this unlucky child, they began to like him more and more.

"Oh yeah, I heard that the drama Zixuan offered him was for free, right?" Old Madam Han really liked the silly look on Goo Shengli's face and asked this question to Liang Zixuan and Han Yuanjun.

Liang Zixuan leaned on Han Yuanjun's arm, watching the grievances expression on Goo Shengli's face, and smiled, "Yes, he's quite loyal. When I told him about it, he agreed, but because he still had a contract with another company and didn't have the right to say the final word, so I asked Han Yuanjun to accept him, and in exchange, he helped me to act for free."

Old Madam Han nodded. "Oh, so that's how it is. I like this kind of loyal child. Jun, don't mistreat him badly in the future. I want to see him more often."

Old Man Han on the side suddenly coughed twice.

Old Madam Han turned around and looked at him. "What's wrong with you? Is there something wrong with your throat?"

Old Man Han's face turned red as he glanced at the children in the room. Seeing that no one was looking at him, he pouted, feeling wronged. "What's so good about fresh meat like him? Is he cuter than me?"

Old Madam Han: "..."

Why did it seem to her that the older Old Man Han got, the more shameless and childish he became?

He was jealous of a child!

Old Madam Han stroked Old Man Han's head soothingly. "Good boy, this is all for my entertainment. You are the best in my heart, you are the cutest!"

The corner of Luo Yanyun's mouth twitched. She thought to herself, 'Is this how Han's grandparents behave in private?'

She secretly rubbed her nose and glanced at Qiao Hongya. Who knew that he would also look at her and immediately show a fawning smile. Luo Yanyun embarrassedly looked away. Old Man Han and Qiao Hongya were really close friends and behaved the same way!

Until the end of the show, Old Madam Han and Luo Yanyun kept praising each other's grandchildren.

"Xiao Han was really good to Zixuan. He let her win in the end."

"What do you mean by 'let her'? Zixuan is obviously the best. She's good at scheming, so it's only right that she won."

Eventually, everyone returned to their rooms and laid down to rest for the rest of the night.

It wasn't until the next morning, when Qiao Hongya came down for breakfast, that Han Qingsheng finally said to him, "There's something I wanted to tell you yesterday, but I never had a chance. Let me say it now."

At this time, Old Man Han and Old Madam Han had not yet come down, Han Xiwang's family had not yet woken up, Luo Yanyun, Han Yuanjun, and Liang Zixuan were not there either. Qiao Hongya guessed that Han Qingsheng must have something important to say, because he only sought him out when no one was around.

Qiao Hongya nodded. "Sure, go ahead."

Han Qingsheng took a deep breath and slowly said, "The company you gave to Hao Shan and her family had gone bankrupt within half a year, and on the day I returned to Imperial City, I saw them on the plane."

Qiao Hongya's temples suddenly twitched. His heart almost jumped out of his chest. "They came here?"

Han Qingsheng nodded seriously. "You should be prepared.. I think they are probably here for you."

[SWEET BEAUTY](#)

[Chapter 267 - She Had No Ability And Was Just A Fool](#)

At this time, in the hotel, Hao Shan was putting on makeup while listening to Qiao Biya and Qiao Jinjing's plans.

"Mom, let me tell you, even though our main target is grandfather, I think it's easier for us to start with Han Yuanjun." Qiao Jinjing's eyes flashed with a hint of malice as she calculated her plan.

Qiao Biya frowned, her beautiful makeup face showing a fierce hatred. "There are no good men in this world! Look at your grandfather, then your bastard father, and now you're still thinking about Han Yuanjun! I think you've gone mad."

"No, that's not what I meant!" Qiao Jinjing didn't want to argue with Qiao Biya. It wasn't easy for her to do this task alone, so she had to rely on the help of Qiao Biya and Hao Shan. "Mom, listen to me. Why didn't grandfather do a paternity test with Liang Zixuan? It's because he wanted to take advantage of the relationship between Liang Zixuan and the Han Family to get a higher position! But if Liang Zixuan and Han Yuanjun broke up, she'd be an abandoned woman. Do you think grandfather would still want to have anything to do with her at that time?"

Then she sneered. "First, don't argue about whether Liang Zixuan is grandfather's granddaughter or not, but as long as she's with Han Yuanjun, grandfather would acknowledge her even if she's not blood-related! Don't be fooled by grandfather's fake love affair. That old woman will soon be eighty, one step closer to the grave, so how can grandfather fall in love with her?"

Qiao Jinjing curled her lips. "Anyway, I don't believe it. I can see that grandfather is acting like this because he fancies Liang Zixuan's relationship with the Han Family. Even if he doesn't want to, he has to acknowledge Liang Zixuan as his cheap granddaughter!"

These words undoubtedly stabbed the sore spot in Qiao Biya and Hao Shan's hearts.

They just didn't expect Qiao Hongya to find an old woman.

Qiao Biya even thought that if Qiao Hongya really disliked Hao Shan, she could give herself to him. As long as she could tie him up with her, she could seize all of his property.

Qiao Biya was so angry that her face flushed. "Liang Zixuan, you sl*t! How shameless she is! Jinjing, you're right! I think dad really liked her relationship with the Han Family; otherwise how could he have fallen in love with that old woman? I won't believe it even if I get beaten to death!"

Hao Shan slowly placed her eyebrow pencil and gracefully turned her chair around. Her gaze was like a knife as she looked at the two of them sharply. "Jinjing, what good ideas do you have?"

Seeing the sharp gaze, Qiao Jinjing raised her hand to rub her nose, then curled her lips mockingly, "Simple. As long as we can get Han Yuanjun drunk and sleep with me, he and Liang Zixuan will naturally be separated. Then I'll be his fiancée, and I think you both know exactly whose side grandfather will be on then."

She sounded like she was trying to snatch Han Yuanjun away from Liang Zixuan and this was her true intentions from the start.

Hao Shan smiled, her gaze tinged with sarcasm. "Jinjing, how many times has Han Yuanjun come to our house before? It can be said that you know his personality very well. Was he that gullible? If he was that gullible, who knows how many women already lured him into their beds!"

Qiao Biya snorted coldly. "That's right. Don't mention that we aren't close to him, even if we kissed his feet, we wouldn't be able to deceive him!"

Qiao Jinjing panicked and said with a red face, "Then you can think of a way yourself. Don't ask me!"

With that, she furiously whirled around. She didn't look at Hao Shan or Qiao Biya.

Qiao Jinjing had the temperament of a spoiled young woman, so stubborn.

When Qiao Biya saw that Qiao Jinjing was really angry, she patted her shoulder. "Jinjing, don't get mad. Don't start with Han Yuanjun, we can start with Liang Zixuan. She had no ability and was just a fool. If not for Han Yuanjun's help, how could she have made it this far?"

When Qiao Jinjing heard this, she felt that it made sense. She happily turned around and excitedly asked Qiao Biya, "Mom, what kind of a good plan do you have?"

"There are many ways to deal with Liang Zixuan. We can find someone to rape her, or we can just kill her. It's fine if she's not dead, we can make her become disabled. I don't believe that Han Yuanjun would marry a cripple."

Qiao Biya was really evil. Back then, when she was in America, she had taken a fancy to a rich man. That man had a wife and children, and his family was blissful and happy.

The man, however, was quite open-minded. Although he had a family, he still went out to play and wouldn't reject the other party's advance.

Qiao Biya had taken advantage of him by going to the bar to hook up with him, and then they slept together twice.

Later on, the man noticed Qiao Biya's ambition and ignored her.

Eventually, she went looking for someone to deal with the man's wife just to secure her position. First, she threatened him, then she coerced him into doing so. In the end, even though she had driven his wife crazy, he's still won't divorced her.

While spending money to treat his wife's illness, he was also looking for someone to deal with Qiao Biya. If it wasn't for Qiao Hongya blocking his path, Qiao Biya would have already died countless times.

This time, something happened in the company because Qiao Hongya was no longer there. She was totally unable to contain the man's anger, and he nearly bankrupted her company.

She had already helped the man give birth to Qiao Jinjing, but the man did not even acknowledge them. Now that Qiao Hongya was gone, the man really wanted to kill them all.

Otherwise, they wouldn't have returned home.

Hao Shan glanced at Qiao Biya indifferently and laughed coldly. "Don't try to fool Jinjing with your tricks. If your tricks succeed, will you be abandoned?"

Qiao Biya's eyes widened and she blushed as she said, "Mom, he's not divorced because his wife's family is strong! Since the two families have a business relationship, he doesn't dare to divorce her. Even if that woman has gone crazy, he won't divorce her! What does this have to do with my method? However, Liang Zixuan is different. What kind of support does she have? We can drive her mad and paralyze her. I don't think Han Yuanjun will be with her. Without benefits, emotions are just nonsense!"

Qiao Jinjing nodded in agreement. "I think mom is right! Grandmother, you don't have any other plans, do you? Just listen to my mother."

Hao Shan raised her eyebrow and said, "Alright, let me see what kind of trick you can bring out this time! If you manage to disrupt the relationship between Han Yuanjun and Liang Zixuan, you'll have the final say in the family in the future. I just want your father to change his mind!"

[SWEET BEAUTY](#)

[Chapter 268 - I'll Have To Hit Something](#)

During the weekend, Qiao Hongya did not see Hao Shan and the others coming to cause trouble. He couldn't help but think to himself, 'they weren't coming back for him, were they?'

Judging from their family's temperament, they should have knocked on his door long ago.

The stone that was hanging in his heart slowly fell to the ground. Although Qiao Hongya did not let his guard down, he was still quite free and at ease.

On Monday, Fan Xiaobo called Liang Zixuan and asked her to come to his studio. From what he said, he wanted her to participate in the promotion phase before the film was released. Since Liang Zixuan had taken the money, she had no reason to shirk her responsibility.

"I'm here, we can leave now." When Fan Zipei entered, Liang Zixuan and Zeng Zhelan had just packed their things. The three of them walked to the elevator together.

They chatted and laughed as they got into the car. Fan Zipei started the engine and drove the car out.

Fan Zipei was an experienced driver, and his driving style was steady. That was why Han Yuanjun had assigned him as Liang Zixuan's driver.

When they left the Han Group, there was a traffic light at the intersection. Fan Zipei was about to step on the brakes, but when he put his foot on it, the brakes did not work at all.

Fan Zipei cursed as he stepped on the brakes several times. When he saw that the car did not stop, he pressed the horn to alert the car in front of him.

Liang Zixuan and Zeng Zhelan were sitting in the back seat. Seeing that their car was about to hit another car, Liang Zixuan hurriedly asked, "What's wrong? Did the brakes fail?"

Fan Zipei did not have time to answer as he looked ahead and shouted, "Zixuan, Zhelan, quickly fasten your seatbelts!"

Liang Zixuan and Zeng Zhelan were shocked for a moment. They quickly fastened their seatbelts before tightly gripping the handlebars of the car. Their eyes widened in panic as they looked at the situation on the road ahead.

Luckily, the green light lit up just as their car was about to hit the car in front. The driver was also in a hurry too it seemed, because he was driving fast. They barely managed to avoid the car.

Fan Zipei knew the streets of Imperial City like the back of his hand. He deliberately avoided the road where there were too many traffic lights; however, the car still could not stop due to the faulty brakes.

"Zixuan, I'm going to take a detour to a secluded area now. You and Zhelan must be seated properly, I'm afraid ... I'm afraid I'll have to hit something to stop the car."

Even at such a dangerous moment, Fan Zipei's mind was still clear. Not only did he know how to take a detour, he even thought of the outcome. Liang Zixuan admired him greatly.

If she were in his shoes, she would probably be panicking by now. Even if she wasn't panicking, she probably wouldn't be able to think of a good way to minimize the damage from the accident.

"Alright." Liang Zixuan and Zeng Zhelan both held onto the handlebars tightly. The two of them looked at each other nervously.

"En!" Fan Zipei looked straight ahead with a calm expression.

Liang Zixuan took a deep breath and tried to calm down. When she saw that the car had driven out of the suburb, she knew that Fan Zipei was about to force the car to stop, so she immediately said, "Zipei, you have to be careful too. You sit in the driver's seat and in the front."

"Don't worry!"

Liang Zixuan didn't know if he wanted to reassure her or what, but Fan Zipei then said while looking for a place with fewer people, "We will be fine, everything will be fine. It's just a small car accident."

He suddenly saw that there was no one on the sidewalk in front of him. Besides, there was a big tree there. His nerves were tense like a rope that could snap at any moment.

Liang Zixuan and Zeng Zhelan had long since clung to the handlebars and were staring ahead fearfully with their eyes wide open.

Suddenly, the car jerked and crashed into the sidewalk. Then, with a loud bang, it crashed into the big tree.

The tremors made the three of them feel as if their internal organs were about to jump out of their bodies. Liang Zixuan was stunned for a moment as her head hit the car window hard.

The car finally stopped. Fan Zipei looked back in panic. When he saw Liang Zixuan's forehead covered with blood, he was shocked. He immediately unbuckled his seatbelt and got out of the car.

As he was running towards the door of Liang Zixuan's seat, he suddenly saw the barrel of oil dripping. His eyes trembled for a moment as he panicked and opened the car door on Liang Zixuan's side, shouting, "Zixuan, Zhelan, hurry, get out of the car! The gas tank is leaking!"

Zeng Zhelan was about to unbuckle Liang Zixuan's seatbelt when she heard Fan Zipei. She quickly pushed Liang Zixuan towards Fan Zipei and let him carry her out of the car before she jumped out through the other door.

Fan Zipei took Liang Zixuan with him and ran ten steps ahead. The car exploded behind them with a loud explosion sound.

Liang Zixuan held back the headache and jumped down from Fan Zipei's chest. She ran towards the smoke-shrouded car and shouted while crying, "Zhelan... Zhelan!"

Fan Zipei looked at the burning car with a pale face. He ran and hugged Liang Zixuan tightly from behind. "Zixuan, don't go there. It's too dangerous!"

"Let me go! Zhelan is still in the car, she..."

Liang Zixuan was already sobbing uncontrollably as she struggled in Fan Zipei's arms.

Fan Zipei's heart ached. However, he hugged Liang Zixuan tightly and said loudly, "Zhelan should get out of the car in time. Don't worry!"

"Zhelan...Zhelan..." Liang Zixuan cried in Fan Zipei's arms as she watched the smoky car. "Zhelan!"

"Hey, I'm here!" Zeng Zhelan suddenly said, not far from them. Seeing Liang Zixuan running towards her with cries of joy, Zeng Zhelan hugged Liang Zixuan with a smile. "I'm fine. I reacted quickly. You know, I moved very fast. I jumped out in time. Look, I'm fine. Stop crying."

Liang Zixuan stared blankly at Zeng Zhelan for a while. She could feel the warmth emanating from her body. Seeing that Zeng Zhelan was really standing in front of her, Liang Zixuan couldn't help but hug Zeng Zhelan tightly and cried loudly, "Zhelan... You stupid girl."

???

At the hospital.

Liang Zixuan made a series of tests, and finally, the doctor helped her with the wound.

After Han Yuanjun received the news, he hurriedly went to the hospital. Seeing Liang Zixuan sitting silently on the bed with her head wrapped in gauze, he went to her and hugged her tightly. "You scared me! It's good that you're fine."

Yao Xiu also came along. He lifted Zeng Zhelan's hands up and nervously examined her body.

"I'm fine." Zeng Zhelan shook off his hand and looked at Liang Zixuan.. "Among the three of us, Zixuan is the only one who's injured."

[Chapter 269 - Who Touched The Car](#)

Han Yuanjun gently patted Liang Zixuan on the back and turned to Fan Zipei. His eyes were cold and gloomy. "What really happened?"

Fan Zipei, who was standing on the side, was also confused. "I don't know. I even drove this car yesterday. The car was fine. Why did the brakes suddenly stop working today? What's even stranger is that the gas tank had a leak."

"Yesterday?" Han Yuanjun's long, narrow eyes narrowed. "Where were you yesterday?"

"I ..."

As drivers, although they were part of the company, but when something happened to their family, they would always go back in the company car, which was more convenient than hailing a taxi.

This was nothing. There were also a lot of people who used their break to drive the company cars out to play, and it was a common occurrence.

However, Fan Zipei had never gone anywhere, he would only use the car occasionally when his family had matters to attend to.

Seeing Fan Zipei's awkward look, Yao Xiu's face turned sullen and he said coldly, "The President isn't trying to pursue the matter of you using the car for your own benefit, he just wants to know who else touched this car before the accident!"

Yao Xiu paused for a moment, looked at Han Yuanjun respectfully, and continued, "After I received the call, I sent someone to check the car at the accident scene."

"What?" Fan Zipei looked at him in shock and couldn't utter a word for a long time.

Since it was Liang Zixuan's car, no one in the company had a car key except him.

That's to say, apart from him, no one could do anything to this car.

Moreover, everyone in the Han Group knew about the relationship between Liang Zixuan and Han Yuanjun. No one would be so stupid as to tamper with her car in a company parking lot full of cameras.

Zeng Zhelan watched as Fan Zipei fell into a daze. She stomped her foot anxiously. "Say something, what are you doing?"

"It's not me!" Fan Zipei subconsciously tried to defend himself. "It's really not me. Zixuan and I have been working together for a year now, and I have always had a good relationship with her. Besides, she's also very good to me. I won't do that to her."

Han Yuanjun frowned. "Of course I know it's not you! No matter how stupid you are, you wouldn't be so stupid as to tamper with the car. After all, you are driving it yourself."

Han Yuanjun felt his woman tremble a little because of his harsh voice. He took a deep breath, suppressed the anger in his heart, and tried his best to say calmly, "Fan Zipei, I want to ask you. Who did you meet yesterday? Who else besides you touched this car?"

Only then did Fan Zipei understand. The moment he thought that someone was purposely framing him, his legs went soft, and he fell onto the sofa, trembling as he remembered.

"Yesterday, my aunt came with her family. Since there were so many people, I drove the car to pick them up and take them home. The car was fine the whole way. Then I took them out for a meal, and the car was in fine condition too. After eating, I sent them back home, and just as I was about to drive back to the company, I saw my high school classmate Yu Yongnian. I hadn't seen him for a long time, so I went out with him."

Fan Zipei suddenly raised his head. His pitch-black eyes were bloodshot, as if he couldn't believe it, but he couldn't help but look at Han Yuanjun with a complicated gaze.

"I drank a lot and was a little drunk. He said that he wanted to ask someone to drive the car back to the company since I was so drunk that I couldn't drive. I did not think of anything and gave him the key. Could this be his doing?"

Han Yuanjun hugged Liang Zixuan tightly and kissed her hair. Seeing her pale face and the wound on her forehead, Han Yuanjun was furious.

From the way the car's brakes failed, one could tell that someone was trying to hurt her.

Fan Zipei and Zeng Zhelan were both small characters. Even if they had conflicts with someone, these people would not go to such lengths to do something like this.

Only Liang Zixuan!

She had always been a big shot. Besides, she had really offended a lot of people, and most of them were a bunch of fools who were always seeking trouble with her. This confirmed Han Yuanjun's theory.

Han Yuanjun didn't say anything, but his silence exerted strong pressure on those people in the room.

A moment later, Yao Xiu asked Fan Zipei, "What kind of person is Yu Yongnian? What was your relationship with him before?"

"Yu Yongnian?" Fan Zipei thought for a moment and said, "He did not have good grades in school, and neither did I. But after I graduated, I took the driving test and learned how to drive. He had no skills, so he couldn't do anything. It was like he's a delinquent, a hoodlum. I had a good relationship with him in high school, but after graduation, we didn't have much interaction."

Yao Xiu knew Fan Zipei's character and about him very well. If he did not investigate carefully, he would not dare to let him be Liang Zixuan's driver.

It was because he felt that Fan Zipei was reliable and that although his study was not high, he had a calm personality, which was why he remained a highly valued employee.

Yao Xiu nodded. "I now have a rough idea that the problem must lie with this Yu Yongnian. Since he is a delinquent, it is easy for us to deal with him. As long as someone offers him money, he will do anything. I'll find someone to deal with him and get him to tell us who the real culprit is!"

Fan Zipei anxiously stood up and walked over to stop Yao Xiu. "Special Assistant Yao, do you need my help with anything?"

At this moment, Fan Zipei's phone suddenly rang. He took out his phone and saw that it was from Yu Yongnian. His hand suddenly trembled and the phone almost fell out of his hand.

Han Yuanjun saw the fear expression on his face and guessed who it was. He coldly said, "Yao Xiu, you received the call. Once the call is connected, tell him that Fan Zipei had a car accident and is now in the emergency room, and it's unknown if he's dead or alive."

Yao Xiu nodded, took the phone from Fan Zipei, and put it beside his ear. "Hello."

The voice sounded guilty. "Zipei, what are you doing right now?"

Yao Xiu deliberately said in a serious voice, "I'm not Fan Zipei, I'm a police officer."

"P-police?" The man on the line jumped in shock and tried his best to remain calm. "F-Fan Zipei, what's wrong with him? What did he do?"

"He just had a car accident and is now in the emergency room. It's unknown whether he's dead or alive."

The other party sighed in relief, thanked Yao Xiu, and hung up the phone.

[Chapter 270 - A Middle-Aged Woman Who Looks Very Rich](#)

Yao Xiu looked at Han Yuanjun with the phone in his hand. "He hung up the phone, but I could clearly hear his intentions."

Han Yuanjun nodded. "It's fine, there's no need to rush. Soon, he'll call again to ask where Fan Zipei's surgery was. We just have to wait and see."

Fan Zipei was so angry that his face turned red when he heard Han Yuanjun and Yao Xiu's conversation.

He was a kind man. Every time he saw an old woman crossing the street, he would go and help her. He can't even kill a chicken, but he never thought there would be a day when someone would use him to kill someone!

It was one thing to use him, but he was the driver of the car. He remembered clearly that he had told Yu Yongnian about it.

Yu Yongnian knew that he was driving the car!

Not only did Yu Yongnian use him, he even ignored Fan Zipei's life and death.

Fan Zipei looked at Han Yuanjun and suddenly knelt down. "Young Master Han, I'm sorry. I didn't think that Yu Yongnian would be such a person. Not only did he use me, he even risked my life. I'm sorry for betraying your trust and the care you have given me all these years."

When he knelt down, Liang Zixuan, who was in Han Yuanjun's arms, was shocked.

She had not been able to recover from the calamity for a long time. At this moment, she finally woke up.

"Fan Zipei, what are you doing?" Liang Zixuan quickly called Yao Xiu and Zeng Zhelan. "Yao Xiu, Zhelan, quickly pull him up."

While Liang Zixuan was speaking, Yao Xiu and Zeng Zhelan were already helping Fan Zipei up.

Fan Zipei cried bitterly and blamed himself. "Zixuan, I'm really sorry. Fortunately, nothing happened to you, otherwise, I would never be able to forgive myself!"

Just as he finished, his cell phone rang again.

Yao Xiu looked at the caller and saw that it was indeed Yu Yongnian. He picked up the phone and indifferently said, "Hello."

Yu Yongnian pretended to be anxious and said through the speaker. "Sir, I'm Fan Zipei's childhood friend. Can you tell me which hospital he's in now? I want to see him."

Yao Xiu looked at Han Yuanjun and told Yu Yongnian the address of the hospital.

Liang Zixuan watched as Yao Xiu hung up the phone, then looked up at Han Yuanjun. "How did you know Yu Yongnian would call again?"

"He must've seen the accident on the news and wanted to make sure that the accident really happened to Fan Zipei, so that's why he called him. Now that Yao Xiu had disguised himself as a police officer and told him that Fan Zipei had undergone surgery, Yu Yongnian would definitely call his employer and let him know the result."

Zeng Zhelan came to an understanding. "So we just stood still and waited for the fish to catch the bait?"

Han Yuanjun nodded. "Yao Xiu, you can arrange everything now. We must find the mastermind!"

"Yes, President!" Yao Xiu replied respectfully and left the ward.

Liang Zixuan leaned against Han Yuanjun's chest, her lips pressed tightly together. She really couldn't understand how much these people hated her. They actually wanted her dead.

Weren't they too cruel?

Seeing her sad expression, Zeng Zhelan sighed. She took out an apple from the fruit basket and cut it with a knife. "Zixuan, don't think too much about it now. Once you find out who the mastermind is, you'll have time to vent your anger."

"Zixuan!" Suddenly, the door to the ward was pushed open. Luo Yanyun's voice rang out from outside, filled with fear.

Seeing the bandage wrapped around Liang Zixuan's head and her pale face, Luo Yanyun couldn't help but cry. "What happened? How did you get into a car accident?"

Qiao Hongya followed behind her. When he saw Liang Zixuan's condition, he felt a pain in his heart.

"Grandmother, I'm fine, it was just a small wound." Liang Zixuan forced herself to smile as she comforted Luo Yanyun.

Qiao Hongya gently held Luo Yanyun's shoulder and asked Han Yuanjun, "You said on the phone that the car hit a tree on the side of the road? Why? Was the driver drunk? Or was it a sudden situation?"

When Fan Zipei heard this, he lowered his head in remorse.

Han Yuanjun told Qiao Hongya about Yu Yongnian in a simple way.

After Qiao Hongya heard this, he was shocked. There was an answer swirling in his mind, but he couldn't say it out loud before the matter was investigated clearly. That would only cause everyone to panic, so he kept the answer in his heart and sat down beside Luo Yanyun with his brow furrowed.

Soon after, Old Madam Han, Old Man Han, and Tian Qihua also arrived.

When Old Madam Han saw Liang Zixuan's condition, her heart stopped. "Aiyo, my good granddaughter-in-law, are you really all right?"

Liang Zixuan smiled blandly. "Grandmother, I'm fine. The wound may look scary, but it doesn't hurt that much."

Just as everyone greeted Liang Zixuan, Han Yuanjun's phone rang.

It was Yao Xiu.

Han Yuanjun didn't hide it from anyone and picked up his phone in front of them.

"President Han, we didn't have to do anything, Yu Yongnian admitted it. He said he took the money from a woman. The woman obviously found out everything about Liang Zixuan beforehand, so she found Yu Yongnian and told him what to do."

Han Yuanjun pursed his lips coldly, "Who's that person?"

Yao Xiu hesitated for a moment before slowly saying, "Yu Yongnian doesn't know the woman's name. He said it's a middle-aged woman who looks very rich. I already got that woman's number from him, and it's from the United States."

The United States?

Heh!

Han Yuanjun could guess who it was with his toes. His dark eyes quickly darkened, and he said to Yao Xi, "Tell Yu Yongnian to call that woman and tell her that Liang Zixuan is seriously injured and is now in a critical condition. Ask Yu Yongnian to ask that woman for the rest of the money."

Yao Xiu didn't ask any further and hung up the phone.

Everyone watched as Han Yuanjun hung up the phone and nervously asked, "Do you already know who that is?"

A hint of mockery flashed in Han Yuanjun's eyes as his gaze landed on Qiao Hongya's face. "Yu Yongnian doesn't know her name, but the woman who called him was a very rich middle-aged woman, and her cell phone number was from the United States."

Qiao Hongya's tense face immediately collapsed. The first person he thought of after hearing Han Yuanjun's words was Hao Shan's family!

Especially Qiao Biya! In his heart, he knew what the woman was up to. She would do anything to achieve her ambitions.

Now that it was confirmed by Han Yuanjun's mouth, Qiao Hongya's face was so gloomy that water could have dripped from it.. "I had implicated Zixuan in this matter. I will go and settle the matter with them!"
