[Chapter 271 - What's Wrong With Me Doing This For The Sake Of The Man I Love](#)

"Grandpa Qiao!" Han Yuanjun called out to him. "Don't worry about this matter. I'll let Yao Xiu handle it. There's no need for you to interfere, they'll come on their own."

According to Han Yuanjun's understanding of them, since he had told Yu Yongnian that Liang Zixuan was in the ICU, they would personally come to see her.

Although the Han Family really disliked Hao Shan and her family and arguably hated them, they couldn't blame Qiao Hongya for this.

Luo Yanyun, however, was different. She stared at Qiao Hongya with red eyes and shouted, "Qiao Hongya, I'm telling you, if you don't send these three women to prison this time, I'll end my relationship with you!"

Liang Zixuan was her granddaughter. If she knew that meeting Qiao Hongya would put Liang Zixuan in such danger, Luo Yanyun would rather make sure that Liang Zixuan didn't have a grandfather for the rest of her life.

Qiao Hongya immediately panicked and grabbed Luo Yanyun's hand, but she angrily pushed him away. He blushed and said angrily, "Yanyun, don't worry. Zixuan is my granddaughter, so of course, I won't help outsiders! If I don't teach them a lesson this time, they'll become even more shameless in the future!"

Seeing how angry Qiao Hongya was, Old Man Han doubted his sincerity and smiled mockingly, "Old Qiao, every time something happened and once they started crying and pleading with you, you will soften your heart. This Qiao Biya, didn't I say that she did many despicable things in the past? She drove a man's wife mad. Do you think they'll be afraid of heaven and earth while you're hunting down their ass?"

The Han Family knew about Qiao Biya's craziness, but Luo Yanyun and Liang Zixuan did not.

Luo Yanyun asked with a frown, "Whose wife is crazy? What happened?"

Han Yuanjun told them about how Qiao Biya seduced a woman's husband, hurt the wife, and forced them to divorce.

"If Grandpa Qiao hadn't helped her, she probably wouldn't have been this brave."

Luo Yanyun was so furious that she pushed Qiao Hongya away from her. "Go! Go! I don't want to see you again. Fortunately, nothing serious happened to Zixuan this time. Fortunately, the driver is an experienced driver, otherwise, Zixuan really would have been killed by them!"

Qiao Hongya finally understood his carelessness. He was so regretful that his intestines nearly broke.

Wiping the tears of regret from his face, he took a few steps forward, and stood beside Luo Yanyun again, and said in a firm voice, "Don't worry, I won't be soft-hearted this time. They will bear the consequences for their crimes! I will call the police now!"

At 3 pm, Yao Xiu called Han Yuanjun again. Han Yuanjun then said to everyone, "It's done, we have them."

Luo Yanyun and the Han Family heaved a sigh of relief. Qiao Hongya didn't say anything as he stood alone in the corner, thinking about something.

Han Yuanjun then snapped him back to reality. "Grandpa Qiao, they said they wanted to see you."

Qiao Hongya coldly said to the wall without turning his head, "I don't want to see them! Tell them that we'll meet in court!"

Old Madam Han shook her head and pursed her lips. "Even if they commit a crime, they're still Americans. At that time, the United States Embassy will intervene."

Han Yuanjun smiled slightly. "They've long since switched to Chinese citizenship. The last time Grandpa Qiao used this thing to shut them up, the three of them immediately changed their citizenship in order to get the money."

Old Madam Han was instantly stunned and looked at Qiao Hongya meaningfully. "They are willing to do anything to achieve their goals."

Han Yuanjun stood up. "Grandmother, Grandmother Yanyun, I'll leave now. I have to bother the two of you to look after Xiao Xuan while I go handling this matter."

???

At the police station.

Hao Shan and her family didn't have much ability, but they did have a lot of foresight.

Before the lawyer they hired arrived, they didn't say a single word. No matter what the police asked, they said they didn't know.

It was as if they had already agreed on this matter.

After the police lost their patience and threw out the chair, Qiao Jinjing asked with a lingering fear, "Mom, what should we do? What happened to Liang Zixuan? Is she dead or crippled? We don't know anything at all, yet we were brought here first."

Qiao Biya's eyes were filled with hatred, she couldn't hide it no matter how hard she tried. Her teeth were shaking violently, and when she heard Qiao Jinjing's words, she retorted, "You're asking me? How would I know?! That bitch Liang Zixuan, I won't believe that nothing happened to her! Even if she doesn't die, she will still be paralyzed!"

"We didn't see it with our own eyes, how did you know that she would be paralyzed?" Qiao Jinjing's eyes were red and she was close to tears. "If nothing happened to her, the three of us would go to jail for this! I've already told you guys to be cruel. Find a hooligan to tie up Liang Zixuan and rape her directly. But you said your method is more efficient! Now, look at what happened!"

"You're blaming me now, aren't you?" Qiao Biya raised her hand and slapped Qiao Jinjing's face. "You said that you wanted to kill Liang Zixuan yourself, why don't you do it then? Don't think I didn't know that you wanted Han Yuanjun! You wanted to break them up and then marry him yourself!"

Qiao Jinjing had never been hit since she was little. She was stunned by the slap. She stared blankly at Qiao Biya, who seemed to have gone mad. "So what if I want to marry Han Yuanjun? Didn't I learn this from you? What's wrong with me doing this for the sake of the man I love?!"

Qiao Biya was so angry that her body trembled. She raised her hand to slap Qiao Jinjing again.

Hao Shan suddenly slammed her hand on the table and shouted, "What are you two doing?! What's the point of arguing it now? Do you think that fighting will help us resolve this matter?"

Qiao Biya's hand didn't land on Qiao Jinjing's face in the end. Thinking of the misery she had gone through and the method she had used to accomplish everything, she found that it was a complete failure.

The man she loved would rather keep his eye on a crazy woman than be with her. He even tried to kill her for driving his wife insane.

Although they had a daughter together, they didn't share the same heart.

When they were in America, he never called her once. After she spent all the money he gave to her, Qiao Biya went to find him, but in the end, he cursed at her and told her to ask Qiao Hongya for money.

Her own mother had even used her to please other men, always telling Qiao Hongya, "You have no children. Qiao Biya is your daughter."

But in the end, she wasn't Qiao Hongya's biological daughter.

Without waiting for her to finish her complaints, Hao Shan began to speak, "We can't mess around anymore. We'll wait until the lawyer arrives. We're a family, we have to stick together.. What's the use of blaming anyone for this, for that? Since we have done it, we have to take the blame."

[Chapter 272 - You Must Beg Han Yuanjun](#)

Qiao Biya raised her head and looked at Hao Shan with tears in her eyes. At this point, she felt that her mother still loved her.

She hugged Hao Shan and said emotionally, "Mom, you're right. We can't afford to mess everything up right now."

At this moment, the lawyer they had hired finally arrived.

After the lawyer sat down, he looked at the three of them with a serious expression. "When I came here, I had investigated everything. The other party had all the witnesses and evidence in their hands, so you three are now in an unfavorable position."

Now, the most composed was Hao Shan. She took a deep breath and asked, "We have no choice but to admit it?"

The lawyer sneered in his heart. The law was all about the evidence. As long as there was evidence, it didn't matter if someone admitted it or not.

These women were all blind. They knew nothing at all, and yet they had the guts to kill people.

"Regardless of whether you admitted it or not, you will definitely lose this case. If you want to win, find another lawyer. I won't be able to win this case."

"What did you say?" Qiao Jinjing crossed her arms in front of her chest and snorted disdainfully. "We paid you to win this case. Otherwise, why would we have spent so much money on you?"

That's exactly what the lawyer was waiting for.

When he came here, he had already thought about it. If these three women had been a little more polite and trusted him, he could have found a way to help them minimize their crimes. But now, it was impossible.

Just because of their attitude, heh ...

Just go to jail.

The lawyer picked up his briefcase, stood up, and said politely, "Then I'm sorry, I won't win this case. Why don't you invite someone else over?"

As soon as he finished, he went to the door.

"Hey, you!" Qiao Jinjing lowered her hand and shouted at the lawyer. "I don't think you even have the ability at all! You just want to cheat us out of our money. If you want to cheat us, then scram. I don't think we won't be able to find another lawyer to help us out of this situation!"

The lawyer suddenly stopped and looked at her with a cold smile. "Since you said that, I will give you another surprise. This time, the person you are offending is Young Master Han. He has invited the most outstanding lawyer in the country, Shao Wuhan. Perhaps you've never heard of him. I can tell you that he has never lost a case he handled before, so don't say that I can't help you guys. If you have the courage, then go and try to find someone who is willing to take over your case!"

After saying that, the lawyer turned around, opened the door, and left without a moment of hesitation.

After the three of them were dumbfounded for so long, Qiao Jinjing finally opened her mouth and said stubbornly, "W-what is this? Just said that he didn't have the ability, why did he have to go in a circle? I wouldn't believe that there is no lawyer in this big country can't help us."

Even as she said that, Hao Shan and Qiao Biya knew clearly in their hearts that they would surely die if Han Yuanjun attacked them.

However, what they did not expect was that Han Yuanjun would go this far for Liang Zixuan. They weren't even married yet.

Qiao Jinjing coughed. "Mom, grandmother, don't worry. Brother Jun will never help Liang Zixuan. Let's hire another lawyer."

Hao Shan remained silent and pursed her lips in thought.

Qiao Biya, on the other hand, finally calmed down. She knew that now wasn't the time for internal strife. They must stand on the same side and overcome this crisis together.

"Alright, let's contact another lawyer.

The calls came one after another. When the other party found out about the case, they all hung up the phone. They wouldn't even talk about what happened after that.

No one wanted to ruin their reputation for a lost lawsuit.

Only now did Qiao Biya and Qiao Jinjing panic.

Qiao Jinjing was so anxious that she cried. "What should we do now? No lawyers are willing to help us!"

Qiao Biya turned to Hao Shan, who was still silent. "Mom, you have to think of something. What should we do now?"

Hao Shan remained calm as if this had nothing to do with her. After a while, she finally said, "Actually, it's not like we can't do anything. The lawyer is saying that if we can ask Han Yuanjun to drop the charges, we won't have to go to jail. But Jinjing's attitude is so bad, and that's why he didn't want to help us."

Qiao Jinjing's face flushed. She bit her lip and said wrongly, "If I behave well, will he help us? I don't think so."

Qiao Biya completely ignored Qiao Jinjing's words. Her entire attention was focused on the first part of Hao Shan's words.

She excitedly slapped the table, suddenly stood up as if hope was standing in front of her, and excitedly said, "That's right! The key now is Han Yuanjun! As long as he can drop the charges, everything will be fine! If he doesn't help Liang Zixuan, I don't think she can beat the three of us."

Qiao Biya and Hao Shan looked at Qiao Jinjing at the same time. "Jinjing, the two of us put our hopes on you. You must beg Han Yuanjun to let our family off!"

Qiao Jinjing curled her lips in disgust. "When I asked you guys to help me, you weren't willing, but now you're thinking of me?"

Seeing that Qiao Biya and Hao Shan's expressions had suddenly turned ugly, she magnanimously said, "Alright, since one of you is my grandmother and the other is my mother, I'll help you in this matter."

She spoke as if it had nothing to do with her.

If she hadn't insisted on causing trouble with Liang Zixuan, Qiao Biya and Hao Shan wouldn't be sitting here right now.

The three of them had their own plans in mind, so they didn't say anything.

Suddenly, someone pushed open the door from outside. The three of them turned around at the same time, and when they saw who it was, all three of them were pleasantly surprised.

"Brother Jun!" Qio Jinjing was the first to rise. When she saw Han Yuanjun, she shyly said, "I knew you would come to see me."

Han Yuanjun sat down on the chair in front of them and asked like a police interrogator, "Tell me, why did you want to harm Liang Zixuan?" novelupdates.com

Qio Jinjing and the other two were stunned. They thought Han Yuanjun was here to negotiate with them. They never expected that he was here to interrogate them.

Hao Shan's face turned cold. "I'm your elder after all. Don't you know how to be polite?"

Han Yuanjun's sharp gaze swept across her face, and he laughed coldly. "I don't have an elder who is a murderer! Do you think you are worthy of being my elder?"

"You!" Hao Shan's face was tense, and she was so angry that her voice trembled. "I didn't kill anyone, so don't you dare wrongly accuse me!"

Qiao Biya suddenly caught on to the main point of Han Yuanjun's words. She couldn't hide the excitement in her heart as she asked excitedly, "Is that bitch Liang Zixuan really dead?"

[Chapter 273 - There's No Need For The Three Of You To Admit It](#)

Han Yuanjun's gaze suddenly turned cold and his eyes flashed with anger.

Hearing Qiao Biya's words, confirming his suspicions that she was trying to kill Liang Zixuan.

No need to ask any further. He won't show any mercy to them!

When Han Yuanjun stood up, Qiao Biya immediately ran towards him and stopped him from leaving. then asked again, "Is Liang Zixuan, that little bitch, dead or not?"

Han Yuanjun looked at her coldly. "If Liang Zixuan is really dead, do you think you can still stand here unscathed?"

He shook off Qiao Biya's hand, took out a tissue from his pocket, and wiped the place where she had touched him.

Qiao Jinjing also ran towards him and blocked the door, pretending to be sad. Seeing Han Yuanjun's gloomy face, she said through her tears, "Brother Jun, you and I have known each other since we were young. Speaking of our relationship, I am closer to you than Liang Zixuan."

She sniffled with sadness. "Brother Jun, can you withdraw the lawsuit? I don't want to go to jail. For the sake of our many years of friendship, please let me go."

Han Yuanjun took a step back. When Qiao Jinjing rushed over, she almost jumped into his arms. If he had not reacted quickly enough, she would have fallen into his arms and hugged him.

He suddenly thought of how every time he approached Liang Zixuan. Back then, Liang Zixuan would always take a step back to create a safe distance from him. Now, he finally understood how much she had hated him back then.

Hate?

Oh, no, Liang Zixuan did not hate him, she was just afraid that he would do something bad to her.

Thinking about it, Han Yuanjun suddenly curled his lips and smiled slightly.

When Qiao Jinjing saw him smiling, she thought she had put on a good show and moved him. She continued to act pitiful, "Brother Jun, I know that you always think of me and want the best for me, right? I know you won't really sue me!"

With that, she deliberately winked at Hao Shan and Qiao Biya, as if to say, 'Look at how powerful I am!'

Han Yuanjun snapped out of his daze and looked at Qiao Jinjing as if he were looking at a clown. He sneered, "What are you daydreaming about? Do I know you well? Withdrawing the charges? Heh ... That's impossible! Not only will I not withdraw the charges, but I will also do everything I can to punish all of you for your crimes!"

Han Yuanjun forcefully pushed Qiao Jinjing away from the door. Before they could stop him, he walked away with large strides.

When Qiao Jinjing heard the door slam, her legs became weak and she immediately knelt down. "He won't drop the lawsuit. It's over."

Qiao Biya was also in a trance and couldn't recover for a long time. She looked at Qiao Jinjing, who was crying on the ground with a silly smile.

Han Yuanjun was their last hope, and once he left, that hope was shattered.

And what did Han Yuanjun say before he left?

He would do everything in his power to punish them for their crimes?

It's over. They're all finished.

Hao Shan looked at them in a daze. She took out her cell phone and made a call.

Only after a while did the person answer the call.

"Lawyer Lee." Hao Shan's tone was polite, but it also carried the arrogance of the matriarch of a rich family. "You probably have something else to say earlier, don't you? Please tell me now."

Lawyer Lee was famous in the legal profession, not because he had won so many cases, but because he had never won a single one.

But don't think that he's really weak just because he didn't win.

The cases he had handled before were all big cases. Even though he didn't win, he was able to use the situation to get his client the least punishment. This was something he was very good at.

Seeing that Hao Shan called him again, Lawyer Lee guessed that they had really reached a dead end. He laughed coldly in his heart. 'Serve you three right. Let's see if I don't slaughter you guys this time.'

"Mm, indeed. At that time, I wanted to tell you that you definitely wouldn't win this case, but I could think of a way to minimize your punishment. However, before I could even say anything, I was scolded by that young miss."

"Haha..." Hao Shan smiled indifferently. "She doesn't know how to behave. I hope Lawyer Lee won't be angry with her. Now tell me, what should we do?"

Without even thinking about it, Lawyer Lee directly said, "If you want me to help you, it won't be at the same price as before."

Hao Shan's face darkened. She glared at Qiao Jinjing and coldly asked, "How much do you want?"

"Two hundred thousand." Lawyer Lee's smile widened. "In addition to the commission you should have paid me earlier, give me an extra two hundred thousand."

"Why don't you just change your career as a robber?!" Hao Shan almost blurted out these words, but she swallowed them all.

A moment ago, Qiao Jinjing had offended him. If she offended him now, they would be done. It was not Lawyer Lee's fault for asking it. They were the ones who were courting death.

Hao Shan took a deep breath and said, "Alright, come here now. We'll have a good talk."

Lawyer Lee quickly rushed over and sat expressionlessly in front of Hao Shan and the other two. "This case is actually easy to handle. They accused you of intentionally killing people, but the person is not dead. The least punishment you could get is five years in prison."

Qiao Jinjing slammed her hand on the table and shouted, "Five years? What do you mean by 'at least'? Liang Zixuan did not die, so why should we go to prison? This is unfair -"

Hao Shan quickly covered Qiao Jinjing's mouth, fearing that she would say something that would offend Lawyer Lee and make him run away.

After waiting for Qiao Jinjing to calm down, Hao Shan asked again, "Does Lawyer Lee have any way to reduce our punishment?"

"No." Lawyer Lee laughed. "It's impossible to reduce the punishment. The evidence is conclusive. Be glad you are getting five years, otherwise, it could go longer."

Hao Shan could barely hold it anymore, she said angrily, "Didn't you say on the phone that you could help us reduce our sentences? And now you are saying that's impossible? What are you saying?!"

"Of course I can help you, but someone has to admit the crime, but there's no need for the three of you to admit it, right?"

Lawyer Lee's mocking gaze shifted from Qiao Biya's face to Hao Shan's and finally landed on Qiao Jinjing. He sneered, "As long as the three of you push one person to bear the crimes, I can guarantee that you two will be fine and unharmed."

These words hit like a bomb. A bomb that sent the three of them into a state of shock, making them unable to react in time.

After such a long time, Qiao Jinjing weakly asked, "Did you say If we find one person to be blamed, the other two would be free?"

[Chapter 274 - If I Die, I'll Drag You Both With Me](#)

Lawyer Lee nodded and looked at them calmly.

No matter if it was Hao Shan, Qiao Biya, or Qiao Jinjing, no one was willing to plead guilty. No one wanted to spend five full years in that dark, damp cell.

Now, they only had one chance, which was to push one of them to take all the sins upon themselves, and the rest would be saved.

"Grandmother, mom, I'm still young! You guys can't let me go to jail!" Qiao Jinjing was the first to speak up.

Hao Shan continued, "I'm old, and I don't have much time left. You guys can't possibly let me go to jail, can you?"

"What?" Qiao Biya was immediately furious when she heard that. "Are you guys trying to play with me?! Why should I plead guilty? I didn't do anything wrong!"

According to Qiao Biya's reasoning, Hao Shan should be the person who entered the jail the most. If she didn't insist on going back to find Qiao Hongya, would she and Qiao Jinjing follow her here?

Besides, Hao Shan had just said that she didn't have many years left in her life, so why not?

She and Qiao Jinjing were still very young, so Hao Shan should be the one to go in.

Hao Shan seemed to have guessed what Qiao Biya was thinking; she cleared her throat and said in a neutral tone. "Biya, think carefully, if I'm outside, I can still think of a way to snatch Qiao Hongya. If Jinjing is outside, though, she can't get Han Yuanjun, but it's still easy for her to find a rich man with her looks. But you? What can you do? At your age, it's already hard enough to find a rich man to marry you. Besides, that man is still hunting for you, don't you think it would be better for you to go in?"

Qiao Jinjing nodded in agreement. "That's right, mom. Grandmother and I can think of a way to save you from outside. If you're outside, you'll just be a burden and get caught up in this. So why don't you hide first and wait until grandmother and I figure out a way to save you?"

Qiao Biya looked at Hao Shan and Qiao Jinjing with her mouth open. She couldn't believe that these words would come out of their mouths.

Calling her a burden? nOVELS.usb.com

That she was dragging them down?

Now, these two had teamed up to push her into the pit of fire!

"Why must I?" Qiao Biya angrily slapped the table and scolded with wide eyes. "When there's something good, you never think of me. Now that you two were about to go to jail, you actually remember me. I tell you, it's impossible! I will not be blamed. If I die, I'll drag you both with me. None of you can escape!"

Lawyer Lee finally experienced it. On the surface, the three of them seemed to love each other, but in reality, each was more selfish than the other.

In the end, no one was willing to take all the blame, hehe ...

While the three of them were in a deadlock, Han Yuanjun had already returned to the hospital.

Liang Zixuan's mood seemed to have improved, and her face began to change color. Zeng Zhelan, on the other hand, was obediently sitting next to the silent Fan Zipei, peeling the fruit.

When Qiao Hongya saw Han Yuanjun, he walked up to him and asked anxiously, "How is it? Did they admit it? Did they really want to hurt Zixuan?"

Han Yuanjun patted him on the shoulder and said to the crowd, "I asked, but they didn't answer. They were very focused on whether Xiao Xuan was still alive. Although they didn't say it, I believe it was only for two reasons."

"First, they thought Grandpa Qiao left them and was living with Grandma Yanyun because Xiao Xuan was his granddaughter. Therefore, they wanted to kill her so that Grandpa Qiao could return to them. Secondly, they thought that my relationship with Xiao Xuan was one of the reasons for Grandpa Qiao's decision. If we put it narcissistically, it's probably because Qiao Jinjing has some delusions about me. That's why she planned this. She could kill two birds with one stone after injuring Xiao Xuan."

"Who are these people?" Old Madam Han was so angry that her face turned red. She tapped her cane on the ground. "They even dare to kill people! Why don't they just go up to heaven?!"

Old Man Han's calm face revealed his agitation as he angrily said, "Hongya! This time, no matter what, you can't let them go! They must pay the price for their actions!"

Qiao Hongya immediately decided, "Don't worry. This time, I won't say a word. I'll let the law punish them!"

Looking at the room and these people's reactions, Han Yuanjun couldn't tell the Han Family what Shao Wuhan had told him.

He walked towards the bed. Luo Yanyun quickly stood up and offered him a seat.

"Grandma Yanyun, Grandpa Qiao, grandmother, grandfather, all of you have been here with Xiao Xuan for a while. How about you guys go back first, I'll stay behind and take care of her. I'll call you guys when things get better."

Earlier, the doctor came again and examined Liang Zixuan's wounds. He told them that her injuries weren't severe and she would be fine as long as she rested for two days.

Now that everything was settled, they didn't want to disturb the couple anymore. Old Madam Han stood up with her cane. "Alright then, we'll go back first. During dinner, I'll ask Mother Cui to deliver good food. Don't eat in the hospital cafeteria."

Liang Zixuan nodded obediently. "Thank you, grandmother."

"What is there to be thankful for? We are all family here." Once Old Madam Han finished, she turned around and began to chase everyone out. "Let's go back. Tonight, Zixuan's drama will be aired. Let's go back and watch it."

As everyone left, Zeng Zhelan and Fan Zipei also stood up to say their goodbyes.

Han Yuanjun held Liang Zixuan in his arms and kissed her on the cheek. "Baby, I have something to tell you. Earlier, Shao Wuhan told me that they hired Mr. Lee, a lawyer who is good at leveraging the law to help reduce his clients' sentences. Shao Wuhan also said that this time, if Hao Shan and the others harden their hearts, maybe only one person would go to jail."

Liang Zixuan didn't understand the law, but she believed in Shao Wuhan.

"I understand. No matter what, since one of them will go to jail, I'll feel better."

Towards those who harbored evil intentions and wanted to harm her, she was never soft!

Han Yuanjun's grip on Liang Zixuan tightened as he placed his chin on her shoulder. He whispered in her ear, "Don't worry. After this, I won't give them another chance to hurt you!"

[Chapter 275 - Are You Saying That Zixuan's Acting Is Not Good](#)

At 8 pm, "Perfection Of Eternity" was officially premiered on the online app.

Old Madam Han connected the app to the big TV and called Old Man Han and Tian Qihua to watch it together. Even Mother Cui and two other servants were dragged along by her. She said it was more fun to watch it together.

Mother Cui was an old employer and had worked with the Han Family since she was young, so she didn't turn down Old Madam Han's request and watched the drama with her and the others.

"Aiyo? Where's Zixuan?" Old Madam Han watched for a few minutes and didn't see Liang Zixuan come out. Qin Yu, Goo Shengli, and Han Cihui had also not appeared yet. "Why is this modern? Shouldn't it be an ancient drama?"

Tian Qihua explained with a smile. "This is a transmigration drama, but strangely enough, why is the male lead strangely this man? Could it be that this man was transported to ancient times and became Goo Shengli? But that's not right. According to the transmigration dramas I've seen so far, the person's appearance didn't change when they transmigrated. Then why does this man look so different from Goo Shengli and Han Cihui?"

Suddenly, the man on the TV was pushed into the water. Old Madam Han watched him struggle in the water for a while, then sank down. Her eyes immediately widened.

The scene changed and they arrived at the ancient palace.

They then saw Liang Zixuan suddenly sitting up from the bed, looking at the scene before her with a confused expression.

Old Madam Han immediately laughed. "Heh, that's Zixuan! She's out!"

Tian Qihua pursed her lips and smiled. Liang Zixuan looked very beautiful in her hanfu.

On the television, Liang Zixuan first rubbed her eyes and then said in a hushed voice, "Where am I?"

Suddenly, she noticed that she had changed. She looked down and saw the two big buns on her chest. She rubbed them with her eyes wide open, and a nosebleed instantly came out.

Just when she was feeling happy, something occurred to her, and she quietly opened her skirt to peek inside. "Where's my bird?!"

"Hahahaha ..." Old Madam Han and Tian Qihua laughed so hard that the large sofa was barely enough for them to lie on. noVeLUSb.com

Even Old Man Han, who hadn't been smiling since the start, couldn't help but twitch the corner of his mouth.

Mother Cui, who was sitting beside Old Madam Han, covered her mouth and laughed. "I understand now. The man fell into the water and turned into a woman. That's the role that Zixuan played, hahaha... Very funny and Zixuan's expression is too real!"

First, she touched her chest with a wretched smile. Then, when she realized that the bird wasn't there, she was shocked and at a loss.

Tian Qihua laughed so hard that she almost choked. Mother Cui hurriedly handed her a glass of juice. "Quick, take a sip to calm yourself down."

Tian Qihua had just drunk the juice when she saw Liang Zixuan calling her concubines from the Eastern Palace. She touched them all in a perverted manner, and the juice in Tian Qihua's mouth immediately spurted out.

"What is this?! Haha ... I can't watch this drama while drinking water. Hahaha... Are they trying to make me laugh to death?"

Although Old Man Han found it all very funny, he had always been able to suppress it. He wasn't like Tian Qihua and Old Madam Han, who were laughing out loud.

But when the next episode aired, Han Cihui appeared and came to the Eastern Palace as a guest. Since he'd drunk too much, he went to the restroom. Liang Zixuan became anxious and followed him there.

"Did I go to the wrong place? Is this a women's restroom?"

Liang Zixuan smiled at him. "No, big brother. This is a men's restroom!"

Han Cihui: "..."

"Hahaha..." Old Man Han finally couldn't hold back anymore and laughed out loud with his mouth open.

Tian Qihua: "..."

Old Madam Han: "..."

Did they just see a ghost?

Old Man Han was smiling?

And laughing so happily?

Old Madam Han happily asked, "How is it? Is it funny?"

Old Man Han immediately fixed his expression, putting on an act, and snorted, "It's just average."

Just as he said that, his eyes that were staring at the TV screen trembled. The next second, he opened his mouth and laughed out loud.

Old Madam Han: "...."

You can continue acting!

What a good act!

No one will expose you anyway.

Tian Qihua, on the other hand, was not satisfied. She said in a protective tone, "Dad, are you saying that Zixuan's acting is not good? While this drama is a bit funny, she still did a good job. You... Just because you usually act too seriously, you can't say that to her."

Old Madam Han had wanted to save some face for Old Man Han, but since her daughter-in-law had spoken up, she also raised her head. "That's right! When Zixuan said that she would do this drama for free, I was a bit hesitant in my heart, but now that I see her acting, I think she made the right choice! This drama is definitely the funniest I have watched among so many dramas! It's one of a kind!"

"Cough, cough..." Old Man Han coughed awkwardly, "It's indeed funny."

Coincidentally, at this time, the four episodes had already aired.

Old Madam Han immediately took out her cell phone and called Liang Zixuan, but the line was busy. She continued calling her, and half an hour later, the line was still busy.

Old Man Han gently advised her, "It's already late. If you have something to say, you can say it to her tomorrow."

Old Madam Han thought about it and felt that it was right. It's all her fault for being too excited tonight. Just as she was about to hang up the phone, she suddenly thought of something and quickly dialed someone's number.

After the call was connected, Old Madam Han cleared her throat and said with a smile, "Zhang Feng's grandmother, tonight is the premiere of 'Perfection Of Eternity'. Have you seen it yet?"

"Have you seen it? Haha, is it nice?"

"That's right, that's right, but I am dying of laughter. Even our stomachs hurt from laughing so hard ..."

Old Man Han washed his face and looked at Old Madam Han. He let out a long sigh. "Are you really going to let the whole world take a look?"

Old Madam Han glared at him and ignored him, continuing to chat with her old friends.

???

In the ward.

Dai Huian's excited voice came over the phone. "Zixuan, our drama has just aired and has ranked in the top five of the hottest search ranking. The number of netizens discussing it has exceeded my expectations, and they had a very good reaction to it!"

Liang Zixuan laid in Han Yuanjun's arms and asked with a smile, "What about 'Loves Of Fond Memories'? Weren't they aired at the same time as us?"

"Hey, it makes me laugh just by talking about it." Dai Huian laughed in an unkind manner. "I don't know if it's because their broadcasting channel has something wrong or what, but their drama was delayed by two hours.. Let me tell you something. So far, not a single topic related to 'Loves Of Fond Memories' has been searched!"

[Chapter 276 - What Kind Of Dark Horse Is This](#)

This was a very abnormal situation. According to their experience in the industry, although the premiere of 'Loves Of Fond Memories' was two hours late, and most of the netizens preferred to watch the drama online instead of television, but since 'Loves Of Fond Memories' featured so many famous celebrities, their fans would probably watch it anyway.

These fans would immediately post about the drama; attracting other netizens to watch it, thus creating a hot search for 'Loves Of Fond Memories', but now, there wasn't even a single topic about them in the hot search list.

Dai Huian was so happy that she almost flew in the air. "Our drama is getting hotter and hotter, while there's still nothing happening on the other side. Looks like our small production drama can really beat them this time!"

She was happy, but Liang Zixuan wasn't.

Right now, it can only be considered a victory for the first battle, and it's hard to tell if the other side will remain silent.

"Huian, our drama only airs three days a week, but 'Loves Of Fond Memories' airs every day. Even if they don't show any improvement now, they might be able to overtake us when we're off schedule. Don't get too excited. Right now, we need to make preparations to fight against them."

"Alright!" Dai Huian immediately calmed down. "I'll prepare the things you told me to prepare. Leave everything to me while you take a rest. You'll need a lot of energy to fight the upcoming battle."

After hanging up the phone, Liang Zixuan opened the app. The viewership of 'Perfection Of Eternity' had reached 100 million in just four hours.

Han Yuanjun was surprised, "That high?!"

Liang Zixuan looked at Han Yuanjun's face as if she was searching for something. After a while, she smiled and asked, "You really didn't find anyone to help us increase the ratings?"

Han Yuanjun's shocked expression was so genuine that Liang Zixuan couldn't believe it.

He looked wronged. "I didn't! Baby, I'm a businessman, and I won't do this kind of loss-making business. Besides, I'm also curious and want to know what kind of dark horse is this that made you accept the bet from Bai Wencheng."

Liang Zixuan was relieved when he said this.

It looked like Han Yuanjun hadn't spent any money to buy the hot search ranking for 'Perfection Of Eternity'. Instead, after watching the drama, these netizens were excited and spontaneously discussed about it.

It's now 11:30 pm. Liang Zixuan went to check the viewer rating for 'Loves Of Fond Memories'.

In the end, even with two major TV channels together, the viewership of 'Loves Of Fond Memories' didn't reach 50 million.

Liang Zixuan heaved a sigh of relief and placed her phone on the nightstand. She hugged Han Yuanjun and was about to fall asleep when his phone rang.

Han Yuanjun frowned, hugged Liang Zixuan tightly, and pretended not to hear anything.

Liang Zixuan, who was in his arms, smiled and raised her head to kiss his chin. "Aren't you going to answer it?"

"It's too late. I want to sleep."

The phone finally stopped ringing. Just as Han Yuanjun sighed in relief and decided to sleep, the annoying phone rang again.

Liang Zixuan couldn't help but laugh. "Answer it. As long as you don't answer, that person will keep calling. Maybe he has something urgent to discuss, go answer it."

Han Yuanjun sighed, "What a lunatic. If he can't sleep, it doesn't mean I can't either!"

He leaned against the headboard and pressed the bridge of his nose. Then he picked up the phone and looked at the caller's name. His eyebrows twitched involuntarily.

"You're right, it's business."

Hearing this, Liang Zixuan immediately got up. When Han Yuanjun saw this, he loosened his grip around her waist, hugged her to his chest, and picked up the phone.

"What is it?"

Han Yuanjun's voice was deep and heavy, causing the person on the line to break out in a cold sweat. "Y-Young Master Han, I-I didn't disturb your rest, did I?"

Han Yuanjun's voice was cold. "What do you think?"

"Hehe .. I-I'm sorry. I have some important things to discuss with you. Is it convenient for us to talk about it now?"

Han Yuanjun glanced at Liang Zixuan and replied in a low voice. "En."

"It's like this... Once 'Perfection Of Eternity' was aired, the netizen reaction was very good even exceeding our expectations, but previously, when the partnership was signed with us, Han Group Media specifically mentioned that other than single advertising for non-member, you guys won't care much about anything. But if we want to add more advertising, these things must be approved by you guys first."

Han Yuanjun and Liang Zixuan immediately understood this person's intention.

He was here to ask them for the right to advertise.

However, they were in no hurry to make a decision. They waited for this person to finish speaking first.

"Just now, our company's advertising hotline blew up. Honestly, I've never seen such an explosive scene, it's just ... I just want to ask Young Master Han, can you let us play a few more ads for the members too?"

Han Yuanjun looked at Liang Zixuan, who was frowning. She shook her head without thinking.

Han Yuanjun smiled and pinched her face. Then he said coldly, "Earlier, you said viewers could watch this drama smoothly without any interference, but if you added more advertisements, even for the members too, won't this be considered cheating?"

The person on the line was stunned for a moment before saying unhappily, "That's true, but this drama is too popular. I think the members won't mind if we put on an advertisement for more than 10 seconds! Besides Young Master Han, these people have offered a sky-high price for the advertisement. They're willing to pay eight-figure digits for it!"

This was indeed not a small number.

Liang Zixuan was also shocked by the advertisement prices. She didn't think that the ads would be sold at such a high price.

She waved her hand towards Han Yuanjun and he handed her the phone. She pressed the speaker mode so that Han Yuanjun could hear their conversation too.

"Hello, I'm Liang Zixuan."

Hearing her voice, the man was flattered and shouted, "Aiyo, it's Liang Zixuan. Hello, hello, it's too late. You haven't gone to sleep yet?"

Liang Zixuan rolled her eyes without saying a word. Wasn't this person talking nonsense?

He called Han Yuanjun, and if Han Yuanjun hadn't slept yet, how could she?

"Let's cut this nonsense and get to the point. How many percent can you give us for these ads?"

The person on the other side thought for a while and seemed to have discussed it with someone beside him. Then, he replied, "Fifty percent, that's the old rule stated in the industry."

Liang Zixuan let out a cold laugh. With an eight-figure advertising fee, they could only give them fifty percent?

[Chapter 277 - Do You Think I'm Stupid](#)

"How about this, forty percent belongs to you, fifty percent belongs to Han Group, another ten percent belongs to the 'Perfection Of Eternity' crew."

Immediately, the man's voice rang out, "Your crew still wants to receive the benefits? We're paying for your copyright fees!"

"How much is that copyright fee? It's not like you don't know that most people in the crew do it for free. The contract stated that we are going to receive half of the profits. You wouldn't really let us do it for nothing, would you?" Liang Zixuan sneered.

At that time, they sold the copyright fee for 100,000 RMB. The drama had 38 episodes, and the predicted amount they could get was less than 4 million. Now that it had become popular, why couldn't the crew get this profit as well?

When it came to good things, these people only thought about themselves, forgetting the misery and hard work the crew had to endure to make this drama a success.

"If you agree to share the profit with our crew, then I have a way to make the advertisement play during the drama. Even if the members see it, they will not scold you guys."

Seeing that the other party didn't say anything, she continued, "You are the only broadcaster for our drama, and all the members can watch six more episodes than the non-members. With how 'Perfection Of Eternity' is trending right now, there are already a lot of netizens who can't resist subscribing to the member's perks. If we work well together this time, the next time Han Group Media has a small production drama, it will all be sold to you."

Seeing how Liang Zixuan bargained with this person, Han Yuanjun could guess what she was planning.

He laughed. "I will soon marry Liang Zixuan. Her words are equivalent to mine, and whatever she says, the Han Group will do it."

"Aiya, what did Young Master Han say?" The other party laughed out loud. "Of course we know about the relationship between you and Liang Zixuan. We agree with what she said earlier. Tomorrow, we will send our people to Han Group Media to talk about this."

After that person hung up the phone, Liang Zixuan immediately called Dai Huian.

After Dai Huian finished listening, she almost went crazy. "Really? Eight figures for advertising?! And we get ten percent? Zixuan, you didn't hear wrong, right?"

"Of course not." Liang Zixuan lay in Han Yuanjun's arms and laughed happily, "I'm the one who talked to this person about this. Tomorrow morning, you'll go to the Han Group to sign the contract."

"Alright, alright. I'm so excited that I can't sleep. I really want to sign a contract now!"

Not to mention Dai Huian, even Liang Zixuan could barely sleep.

For a drama with such a small production cost, who wouldn't be so excited to receive such a huge profit?

Liang Zixuan still hadn't called Zeng Zhelan. If she had told her about this tonight, she would have guessed that Zeng Zhelan would probably be running around the streets happily.

What a great occasion.

Liang Zixuan and the others were too excited to sleep, but Director Ye was too restless to sleep. He kept scratching his hair, almost turning his nearly bald head into a bald one.

"What's going on here? Why can't the ratings of these big TV stations even surpass the ratings of this one small app?"

Director Ye loudly slammed the just-released evaluation document on the table. He was so angry that his chest rose and fell, and he gritted his teeth loudly.

The assistant quickly backed away. After maintaining a safe distance from Director Ye, he whispered, "We don't just have a problem with the TV stations, but also with all the major apps. The number of viewers there hasn't even reached 5000 yet."

Director Ye was so angry that he almost spat out blood. His eyes were wide as if he was about to eat someone. He pointed at the assistant and roared, "Say that again!"

How could the assistant dare to say anything? He shrunk to the side and shut his mouth, not daring to speak.

Director Ye paced back and forth with his hands on his hips. In the end, he still couldn't believe it. He sat down in front of the computer, and after checking the number on the screen again, he almost broke the computer.

The assistant stood next to him again and quietly advised him, "Director Ye, don't be in a hurry. 'Perfection Of Eternity' only aired for four episodes today, and only two episodes will be aired the next day. So according to this, we won!"

"Bullshit!" Director Ye threw the mouse at the assistant. "They only have one broadcaster. With a single online APP, they've gained hundreds of millions of viewers. Stop lying, do you think I'm stupid?"

The most annoying thing was that an online drama worth 10 million RMB could actually surpass their drama of several hundred million. Even if the result was a draw, Director Ye was still doomed. Not only won't he be able to win, he'd also lost so badly! *nOvElusb.com*

The assistant pursed his lips in frustration. "Then, we can use the reason that our drama premiered two hours late. Our broadcasting time in the apps is very short."

Seeing Director Ye glaring at him, the assistant quickly shut his mouth.

The assistant knew that with Director Ye's arrogant attitude, he would be humiliated if he couldn't defeat his opponent. Not to mention that he had already lost at the beginning of the match.

How shameful!

Director Ye's mood didn't improve at all, even after the assistant said so much to comfort him. In the end, Director Ye comforted himself.

"I believe that this drama was intentionally aired two hours earlier than us so that they can conquer the hot search. We just missed the opportunity. When Thursday comes, their drama won't air, and that will be our opportunity to strike. At that time, we can make a nice counterattack and make sure they never stand out again!"

The assistant looked at Director Ye's exciting appearance and secretly gave him a thumbs up in his heart.

If he had known earlier that Director Ye had this ability, he wouldn't have wasted his breath comforting him.

????

The next morning, Liang Zixuan left the hospital. Her injuries weren't serious, and before she left, the doctor cleaned the wound again and re-bandaged it before he gave her the clearance.

As soon as Liang Zixuan left the hospital, she went back to the company with Han Yuanjun.

When Zeng Zhelan saw that Liang Zixuan still came to the company despite her injury, her heart ached. "Why did you come to work? You don't want to rest for a few more days? I'm not busy right now. If there's work that needs to be done, let me know and I'll get it done."

Liang Zixuan placed the bag on the table and smiled at her. "If I don't come, how can I get the share of 'Perfection Of Eternity'?"

Zeng Zhelan was a little confused. She placed her cup beside Liang Zixuan's bag and asked foolishly, "What share? Wasn't the copyright sold a long time ago? We didn't earn that much, did we?"

"That's not what I'm talking about. Last night, Han Yuanjun received a call from a broadcasting company. He wanted to buy the rights of an advertisement from Han Group. These advertisers were willing to pay an eight-figure amount. At that time, I asked them for ten percent share for the production crew."

"How much is a ten percent share?" Zeng Zhelan was still a little confused.

Liang Zixuan laughed softly.. "One ad can cost 50 million, so count to yourself how much we are going to earn."

[Chapter 278 - Did I Say Something Wrong](#)

Zeng Zhelan pounced on Liang Zixuan happily, and luckily Liang Zixuan had more strength and managed to catch her. Otherwise, the two of them would have already collided with the table. "For real? That means we are not only receiving the copyright fee, but we also have our own share, right?"

Liang Zixuan raised her chin proudly. "That's right, this time, not only do we get a commission, we even get half of the profit Han Group received. This time, you have to prepare a big sack to collect the money."

"That's a must!" Zeng Zhelan hugged Liang Zixuan's shoulder as she laughed happily.

????

Dai Huian came to the Han Group, but she did not go straight to the meeting room to sign the contract. She first went to the Music Department to meet Liang Zixuan.

"Huian, I'm not going with you to sign the contract, but you can bring my planning with you. You must lead the meeting, don't let the other party decide the term. Make sure that the content of the advertisement is related to our drama. Right now, all the actors are in Imperial City, and if they need someone to do the CF, make sure to use our actors."

Dai Huian was not worried about this at all. She stared at the wound on Liang Zixuan's forehead without blinking. "What's wrong with you? When I called you yesterday, you didn't tell me that you were injured. What is happening?"

Liang Zixuan unconsciously touched the wound. "It's nothing serious, I'm fine."

"What do you mean by nothing serious?!" Zeng Zhelan angrily pulled Liang Zixuan's hand. "We almost died yesterday!"

"That serious?" Dai Huian's eyelids tremble a little. She placed both hands on her chest and was very worried about Liang Zixuan.

Then Zeng Zhelan told Dai Huian what had happened yesterday. When Dai Huian heard that, she was even more furious than Zeng Zhelan. "Why are these three women so cruel?! How could they do such a thing? Fortunately, nothing serious happened to you, otherwise, we will lose three lives in one corpse!"

Liang Zixuan: "...."

Zeng Zhelan: "..."

What did she mean by losing three lives in one corpse?

Was Liang Zixuan pregnant with Zeng Zhelan and Fan Zipei, or was Zeng Zhelan pregnant with Liang Zixuan and Fan Zipei?

Dai Huian saw the corners of Liang Zixuan and Zeng Zhelan's mouths twitch. She touched the back of her head with a blank face. "I ... Did I say something wrong?"

Liang Zixuan: "Hahaha ... No, you're right."

Zeng Zhelan: "She really is a director. Her imagination is beyond the world."

Dai Huian lowered her head and repeated her words. Then, she raised her head and said, "That's right. Three lives in one corpse."

Liang Zixuan: "...."

Zeng Zhelan: "..."

Liang Zixuan quickly pulled Dai Huian up from the chair and pushed her towards the elevator. "Alright, that's enough for now. Hurry up and go up to them. Negotiate the contract carefully. Don't forget to tell the people from the broadcaster company what I just said."

Dai Huian suddenly turned around and looked at Liang Zixuan in shock. "Did you just say something to me? What did you say?"

Liang Zixuan: "..."

Looking at Liang Zixuan's face, Dai Huian's mind once again flashed to the words "three lives in one corpse". Then, a flash of inspiration came over her, and she excitedly slapped her thigh. "Haha! I know what my next drama will be! Haha! I have the idea!"

Zeng Zhelan did not expect Dai Huian to be thinking about the next drama. Wasn't they still talking about the contract? Where did this next drama issue come from?

Zeng Zhelan asked in a daze, "What is your next drama about?"

Dai Huian winked at Liang Zixuan and Zeng Zhelan. "My next drama is about three lives in one corpse."

Liang Zixuan: "..."

Zeng Zhelan: "..."

Was everything they said about the contract entered her mind?

Zeng Zhelan looked at Liang Zixuan with a pained face. "I think you should go with her. Right now, her mind is filled with 'three lives in one corpse'. If someone asked her about the contract, would she be able to answer it?"

Liang Zixuan could only helplessly say, "Alright, I'll go with her."

After they both entered the elevator, Dai Huian finally responded, "I know why you and Zhelan were looking at me with that expression just now. I said the wrong words. We will not lose three lives in one corpse, but three lives in one car!"

Liang Zixuan raised her head and looked at the elevator ceiling. She howled into the sky in frustration. "Can this day get any worse?"

The contract negotiations went very smoothly, and Liang Zixuan told the person in charge about her thoughts. As soon as she finished speaking, the person in charge of the broadcasting company nodded enthusiastically. "Your idea is very good. With one of you on CF, I am sure the viewers will love watching it, and no one will say we cheated them."

After saying that, he excitedly asked, "Director Dai, how about you take over the filming of these advertisements? When can you start doing it? Wouldn't it be nice if you started today? It's better if these advertisements can be played during two episodes tomorrow."

Dai Huian naturally wouldn't say too much about this since they would earn a lot of money from it. She nodded, "It's not a problem. I'll let Goo Shengli and Liang Zixuan shoot the CF together today and see how the netizens react before I decide on another CF."

After saying this, Dai Huian went to prepare everything. Fortunately, Han Group Media had everything, and everything was ready in no time. After the filming was done, the costumes they wore were bought back and taken to Han Group's warehouse.

The CF was shot right there. Liang Zixuan's character had already been transmigrated. Since she was a man before her transmigration, Dai Huian decided to bring Goo Shengli into a modern plot.

Very soon, the two versions of the advertisement were released. When the advertisers saw them, they were so happy that they couldn't stop grinning. No matter how high the price Liang Zixuan and Dai Huian demanded, they immediately agreed.

On Wednesday, two versions of the advertisement were officially shown at the premiere of the drama. Liang Zixuan and Dai Huian did not dare to procrastinate and focused their attention on the viewers' reactions.

In the middle of airing the first episode, the advertisement had entered the search list and ranked at the top.

"What the heck? These advertisements are so awesome that not only do I not feel the slightest bit of disdain, but I actually looked forward to what will happen next!"

"Whenever I watch a drama online, I always skip the advertisement.. But this time, I didn't manage to avoid it and accidentally watched them. All I can say is that these advertisements are really great!"

[Chapter 279 - From Now On, You Must Tell Me Which Movie I Need To Invest In, And I Will Invest In Them](#)

"I won't accept any other advertisement. I only accept the 'Perfection Of Eternity' advertisement!"

Of course, there were also disagreements.

"What the heck is this thing?! Didn't you say there was no advertisement for members? I freaking spent my money to buy this membership, but I ended up being forced to watch these ads. This is simply deceiving the consumer!"

"One ad is fine, but you're going to put two in during the drama? Are you trying to cheat your customers out of their money? I strongly request that you refund my money!"

These words, inserted into most of the praises, came across as extremely abrupt.

Fortunately, the majority of the netizens liked them, and those dissenting voices quickly fell silent, never to be seen again.

Liang Zixuan knew that it was impossible for everyone to accept this change. However, since most people could accept it, then it proved that whatever they were doing was successful.

The dissenting voices that weren't used to this change naturally had to accept it.

Five minutes after that, Dai Huian called. "Zixuan, just now, the advertiser called me and said they wanted us to make some more ads. They were going to offer a nine-figure amount."

Liang Zixuan was shocked. She really didn't think that the price for an eight-figure ad would increase to a nine-figure amount!

An advertisement that fetched a hundred million?

She felt like she was about to ascend to heaven.

Liang Zixuan took a deep breath. If she hadn't been reborn, she wouldn't have known that advertising could be so profitable.

"So, how are we going to shoot the commercial? Think about it carefully. There are still a few days until the next episode airs, so there's no rush. If you need my help, just give me a call."

"Alright!" Dai Huian was so happy that she couldn't stop laughing. "Who would have thought that this is a drama produced with 10 million RMB. It's already become so popular shortly after it aired. Advertisers are fighting hard for it. Hahaha..."

After hanging up the phone, Liang Zixuan also couldn't help but laugh.

Han Yuanjun put his laptop aside and turned around to hug her. "What are you laughing at?"

There were so many happy things and Liang Zixuan couldn't say anything for a while.

She hugged Han Yuanjun's neck, then smiled sweetly at him. "With a 10 million investment in a dark horse, you haven't lost anything, have you?"

"Loss?" Han Yuanjun smiled. Seeing Liang Zixuan's soft and reddish lips, he suddenly approached her and gently bit her lip. "It's not only that I haven't lost anything; up until now, you've earned twice more than the 'Loves Of Fond Memories'. Yao Xiu told me on the phone this afternoon that from advertisement alone, 'Perfection Of Eternity' has already earned 100 million."

"Yeah." Liang Zixuan licked her lip that had just been bitten by Han Yuanjun and smiled. "You might not be paying attention to the Artist Index but I've been seeing it over the past few days. Qin Yu is in second place."

Han Yuanjun immediately asked, "If Qin Yu is second, then who is the first?"

Liang Zixuan pursed her lips in embarrassment. When she saw Han Yuanjun's teasing smile, she raised her hand and slapped his shoulder. "Why are you asking so many questions? Let's talk about other things."

"No! If you don't tell me who is in the first place, I won't have the confidence to support Qin Yu. What if one day she can't rise because she was being pressured by this person? Then I will lose my money!"

Han Yuanjun looked at Liang Zixuan with a faint smile. He grabbed her small hand and held it against his own. "Come on, baby, tell me."

Liang Zixuan saw that he wasn't going to let this matter go, so she took a deep breath and pretended to be helpless. "Alright, alright, I'll tell you. The first place is me, your fiancée."

"Haha..." Han Yuanjun immediately laughed. He found that it was so interesting to tease Liang Zixuan like this. He loved seeing how helpless she was against him. She's so cute.

After laughing, he suddenly became serious again. "You really are number one now, why don't you let me hire you as an actress? We already have Qin Yu and Goo Shengli, so why not add you with them?"

"The eighth episode of 'Perfection Of Eternity' has just aired and we have managed to collect a hundred million earnings. There are still a number of important things that have not been counted yet, like the advertising revenue and the increasing commercial value of the actors in the drama. It's all money, baby. Even with you alone, it's worth more than expected."

Liang Zixuan unexpectedly looked up and asked Han Yuanjun with a puzzled expression, "Why are you flattering me?"

Han Yuanjun: "..."

At this moment, why did he feel that the woman he wanted to marry was a foolish woman?

Seeing his frown, Liang Zixuan smiled and rubbed the wrinkles on his forehead. "Goo Shengli and Qin Yu are already famous with 'Girl of The Rose', and they are very proficient in whatever they do. This time, I'm only there to save the fire. It's not that I don't want to be an actress, just not now. I still have a long way to go."

Han Yuanjun knew that Liang Zixuan wanted to go to university to study. He knew her better than anyone else.

"Alright!" He nodded. "I respect your choice. No matter what you will be in the future, I can still afford to raise you."

Liang Zixuan had never doubted this before. She hugged Han Yuanjun's waist, pressed her face against his chest, and sighed in satisfaction. "Then I will hug your thigh for the rest of my life and do nothing."

"Who said you can be lazy and do nothing?" Han Yuanjun suddenly squinted his eyes and seemingly said purposely, "From now on, you must tell me which movie I need to invest in, and I will invest in them. I will praise whoever you want to praise and support whoever you want to support."

Liang Zixuan's heart skipped a beat. She had the nagging feeling that Han Yuanjun was testing her.

If it had been anyone else, they wouldn't have noticed this. But this was Han Yuanjun. She could have said 'The Girl of The Rose' as some sort of coincidence, but could she use the same excuse for 'Perfection Of Eternity'?

No one would believe that a small online drama like this could ignite the flames to the sky.. And yet, she was the only one who said that this drama would definitely ignite the flames.

[Chapter 280 - I Have A Brother, You Know](#)

The facts had been proved before their eyes. Everything Liang Zixuan said became a reality.

Liang Zixuan didn't know how to explain this to Han Yuanjun. If she said that she was reborn, wouldn't this scare him to death?

He might start treating her like a monster!

Liang Zixuan didn't answer Han Yuanjun's question; instead, she cleverly changed the topic. "This Friday, are we still going to get the certificate?"

Han Yuanjun wasn't stupid. He knew that this girl was deliberately changing the topic, and since she didn't want to talk about it, he couldn't force her. Some things would only come to light if she wanted to talk about them herself.

If he kept forcing her to, it would only push her further and further away.

Han Yuanjun raised an eyebrow. "Of course, we have to get a certificate. I've been waiting a year for you. I'm already 31 years old, you can't possibly think of making me wait for you any longer, can you?"

What was the difference between getting the certificate and not getting it? They, after all, had been living together for a while now.

Liang Zixuan knew that Han Yuanjun only wanted this piece of paper to reassure her.

"Alright, we'll get the certificate on Friday, but ..." Liang Zixuan hesitated for a moment before slowly saying, "A wedding ... Can you wait for it for a bit?"

"Wait?" Han Yuanjun looked down at her. Seeing that Liang Zixuan was having a hard time saying it, he hugged her tightly. "How long do you want me to wait? At least give me a deadline."

Liang Zixuan clutched Han Yuanjun's pajamas with all her might. Her eyes turned red. "I ... I don't know."

This sentence made Han Yuanjun so depressed that he wanted to bang his head against the wall.

Although getting the certificate was equivalent to getting married, Han Yuanjun wanted everyone to know that he was married to Liang Zixuan. He wanted everyone to see and feel his happiness. Moreover, with his position in the Han Family, the elders of the Han Family wouldn't allow them to not hold a wedding ceremony.

To put it bluntly, during the engagement ceremony, two families could sit together and have a meal as a way of celebration. Even if the marriage was arranged and forced, the wedding still had to take place. In this society, how many people wanted to see the Han Family making a joke?

Han Yuanjun didn't care about that, but he cared about how others looked and thought about Liang Zixuan.

Without declaring their marriage, in the eyes of outsiders, it meant that Han Yuanjun and the Han Family looked down on her.

No matter where Liang Zixuan went in the future, she'd be slut-shaming and belittled by these people. The amount of self-blame and ridicule she would suffer from that moment will be too much.

Han Yuanjun didn't want to do that and he didn't want such occurrences to happen either.

"Baby." Han Yuanjun sighed softly. "I know you don't care about these stupid things, but have you ever thought about how other people will treat you if we get married with only getting the certificate? If I wasn't anyone, that would be fine, but I... I don't want anyone to say bad things about you."

"I know." Liang Zixuan nodded and shrank back into Han Yuanjun's arms until she actually curled up in his embrace. Then, she snuggled up to him like a kitten.

"I have a brother, you know?"

Han Yuanjun was stunned for a moment before he finally understood. He lowered his head and kissed her hair. "You want to wait until he comes back before we get married?"

"Yes." Liang Zixuan sniffled, thinking of her sad feelings when she heard the news of her brother's death in her previous life. Her tears slowly fell. "Since a child, I had never experienced motherly love and don't know what motherly love is. My brother is my only family. At that time, my grandmother was in the

nursery care, only my brother was with me. I was bullied by other classmates, and when I was scolded by others, my brother was the one who protected me."

"The first birthday cake I ate was also bought by my brother. Even my first new dress was bought by him. He's the only warmth in my gray childhood, I ... I want him to be the witness of the most important moment in my life."

How long has it been since she last saw Liang Jiahao?

Liang Zixuan really couldn't remember. Her impression of Liang Jiahao was still from the year she went to high-school. He was wearing a white shirt as he stood under the sunlight and smiled at her. That youthful and spirited appearance of his.

Liang Zixuan suddenly raised her head and held Han Yuanjun's pajamas even tighter. She cried and said, "Even my name was decided by my brother, and that too when he threatened Wei Guowei with a knife. If I didn't have him, I ... I ... I don't know how I will survive."

"Alright, I understand, I understand." Han Yuanjun hugged Liang Zixuan tightly in panic and kissed the tears on her face. "I understand your feelings for your brother, I understand. I really do understand. Baby, I also have to thank your brother. If he did not protect you, how could I have met you?"

Liang Zixuan choked with sobs. "I... I... I just want him to hold my hand and give me towards you. I want him to personally give my hand to you. I miss him. I really want to see him."

Luo Yanyun and Liang Zixuan could be considered saved in this life. There was only one regret left in her previous life, and that was Liang Jiahao.

"But I do not know where my brother is now. I haven't received any news from him at all! He ... He seems to have suddenly disappeared from my world. But I can confirm that my brother is still alive! I want to wait for him."

"Alright, baby, don't cry, okay. I'll help you find him. No matter how hard it is, I will definitely help you find him!" Han Yuanjun took a deep breath and felt his heart ache for his little girl.

If it were anyone else, they would have been so eager to marry him earlier. The wedding ceremony would definitely be the most grandeur and luxurious.

However, Liang Zixuan never asked for anything. She was always looking at these objects nonchalantly and never moved.

Han Yuanjun did not discuss the wedding with the Han Family's elders in front of Liang Zixuan. He simply called the Han Residence and told Old Madam Han and Old Man Han about Liang Zixuan's thoughts.

Unexpectedly, Old Madam Han not only was not upset with what he had said but even praised Liang Zixuan to the heavens.

That she was loyal, that she was grateful.

Han Yuanjun sighed helplessly. He could understand her love and righteousness, but where did Old Madam Han's kindness come from?

Fortunately, the Han Family's elders could understand.

After hanging up, Han Yuanjun called Yao Xiu to his office.

"Yao Xiu, help me find someone by any means necessary. Help me find Liang Jiahao. He may be in the army now, but I am not sure which unit he's in. Help me find him. The sooner, the better."

Yao Xiu paused. Who was Liang Jiahao?

He suddenly realized that if his last name was Liang, then he must have had a deep relationship with Liang Zixuan. Otherwise, Han Yuanjun wouldn't have made such a big fuss over him.

"Alright, President Han. I understand. If he is just in the regular army, then finding him would be easy. But if he is more than that, I'm afraid it will take a lot of effort to find him, and we will have to use our secret forces as well."

Yao Xiu was giving a warning to Han Yuanjun. If they couldn't find Liang Jiahao within the allotted time and even after using all their resources, then it would be because the person was dead.. Yao Xiu gave a precaution because he wanted Han Yuanjun to be prepared and did not want to make Liang Zixuan sad.
