[Chapter 321 - Did Your Grandmother Really Steal Her Husband](#)

Gong Enlai suddenly smiled at Liang Zixuan. His serious face showed the rare trace of a smile, and it was like the melting of winter snow. "Don't worry, I didn't do anything to her. She can run or dance."

With these words, he patted Hao Shan's shoulder again. "Old grandmother, get up. This is a school. If you keep causing trouble here, they will call the police. When the time comes, you won't be able to bear the consequences."

Hao Shan was suddenly able to move her arms and legs. She turned around and looked at Gong Enlai. The aura he emitted frightened her and she pulled her neck back.

Earlier, she had only felt a slight pain in her shoulder before four of her limbs suddenly gave way. She didn't know what had happened to her.

Now that she saw Gong Enlai, her first thought was that this person must be an expert and someone she definitely couldn't afford to offend.

Hao Shan got up from the ground and looked at Liang Zixuan unwillingly. After thinking for a moment, she walked away with her head down and cursing.

Shi Jian, Xu Qigang, and Cai Yuhan immediately ran and pulled Liang Zixuan's hand. They saw at first glance that her wrist was bruised, and there were also some bloody marks from nails on her skin.

Shi Jian was so angry that she almost exploded. "She kept saying that she had been abused and that she was a victim, but she's still hurting other people silently."

Cai Yuhan was also furious. "That's right, Zixuan. Why didn't you push her away?"

Liang Zixuan smiled as she pulled her hand away. "She's very old, and her daughter and granddaughter are both in prison. I can understand why she reacted like that."

A strange expression appeared on Xu Qigang's face. She shook her head and whispered, "Could it be that what the old woman said was true? Did your grandmother really steal her husband?"

When they were in the bedroom, they had asked Liang Zixuan this question. How did Qiao Hongya become her grandfather?

At that time, Liang Zixuan had said that it was the grudge of the previous generation, and she said it was because of that.

Now, Xu Qigang felt that Liang Zixuan was trying to cover up the matter. Maybe it was really something embarrassing, so she didn't want to explain it to them.

When Liang Zixuan saw that Gong Enlai still had not left, as if he was also waiting for her answer too, she got a little angry and laughed. Why were these people gossiping so much?

Shi Jian, Xu Qigang, and Cai Yuhan were fine, but Gong Enlai was the instructor!

He was a soldier, why did he care so much about gossip?

Liang Zixuan licked her dry lips and went straight to the point, "Actually Hao Shan's husband sacrificed himself to save my grandfather. Before he died, he handed his family over to my grandfather."

"My grandfather took them to America to build a company. Hao Shan was the one who said in the media that she was my grandfather's wife. My grandfather neither admitted nor denied it, which led my grandmother to believe that my grandfather had remarried."

"Then my grandfather came back to look for us, and my grandmother did not admit it. My grandfather once gave my grandmother a blue gemstone necklace, and after my mother passed away, she gave me that necklace."

"It was such a coincidence. My grandfather told Han Yuanjun to help him find this necklace because finding it would be equivalent to finding us. It's also because of this, I got to know Han Yuanjun, and then my grandfather came back and explained everything to my grandmother."

"Qiao Biya and Qiao Jinjing are not his children, and he took them in because he was grateful to Hao Shan's husband. When Hao Shan and her family saw that my grandfather and grandmother were together, they started targeting me and tampered with my car, almost causing me to die in a car accident."

"We reported to the police and arrested them, but Qiao Biya is the only one who went to jail. And then when Han Yuanjun and I went to get the marriage certificate, Qiao Jinjing hired some fugitives to kidnap me, but it didn't work."

"Han Yuanjun reported this incident to the police, and they took Qiao Jinjing to jail." Liang Zixuan spoke very quickly, but everyone understood.

Cai Yuhan shouted in surprise. "So on the day you got the certificate and when the police cars cleared the way for you, it was because they found that someone had tried to kidnap you?"

Liang Zixuan nodded. "Yes."

Shi Jian was so shocked that her jaw almost dropped. She pushed her chin with her hand and angrily said, "What kind of person is this?! She treated the other party's gratitude as if it was something she deserved and she even dared to cause a commotion? What kind of faces does she have to think such a thing?"

At this point, Xu Qigang finally understood the whole story. She was a little embarrassed, so she grabbed Liang Zixuan's hand and said apologetically, "Zixuan, I'm sorry. I almost believed the old woman's words just now."

"It's fine." Liang Zixuan smiled heartily. "Let's not talk about you, I think everyone present would believe her words as well. In any case, I have no qualms about letting her mess with me."

After finishing her sentence, she looked at Gong Enlai, "Instructor Gong, are you still not going to eat?"

It was then that Gong Enlai felt a bit unexpected for him to stand there. He nodded awkwardly and left while pretending to be dignified.

Shi Jian chuckled from behind, "What's wrong with this instructor? He's also curious about such things."

If Gong Enlai wasn't here, Liang Zixuan wouldn't have explained anything.

Surprisingly, she didn't know why either, but she explained it because Gong Enlai wanted to hear it.

It was hard to tell what she was really feeling at this moment. Liang Zixuan held Shi Jian's hand tightly and called Xu Qigang and Cai Yuhan. They took their bags and walked towards the school cafeteria.

Liang Zixuan took out the thermos and poured each of them a bowl of pig's feet soup. "My grandmother cooked this for me this morning. You should all try it."

"Wow, the pig's feet soup!" Xu Qigang was so happy that she picked up the bowl and took a sip.

The heat retention of this thermos was very good. When Luo Yanyun put the soup inside, it was very hot. Even after a few hours, it was still very hot. The heat made Xu Qigang stick out her tongue. "Why is it still so hot?"

Shi Jian laughed and scolded her, "Have you never tasted pig's feet soup in your life before? Look at how anxious you are."

Liang Zixuan took the bowl and blew on it before carefully taking a sip. "All of you, slow down. It's still very hot."

Cai Yuhan took a sip of soup and scooped up some white beans to eat. She was so happy that she was beaming. "Zixuan, your grandmother's cooking is very good. This soup is so fresh!"

"Yes, it's very fresh." Shi Jian nodded and looked to the side. Seeing that no one was paying attention to them, she whispered, "Zixuan, your story is truly legendary. I think you could write a novel about it. Because of the blue gemstone necklace, you met Young Master Han and fell in love with him.. Heavens, I feel like I'm going crazy just because I knew the truth."

[Chapter 322 - Inexplicable Sense Of Security](#)

Liang Zixuan had not yet told them that she had been reborn.

Otherwise, the three of them might really go crazy.

Hearing Shi Jian's words, Cai Yuhan quickly nodded, "That's right! I will call my mother later and ask her if there is a blue gemstone-like heirloom in my house. Maybe I can find a man like Young Master Han someday."

"Haha, come on you!" Shi Jian did not give her a face at all. "Zixuan has had a tragic life these past twenty years. This was given to her by the heavens to compensate her for all the misery she has suffered. Don't you get it? Not everyone will have a blue gemstone necklace, and not everyone will be able to be Zixuan."

Xu Qigang also laughed and teased Cai Yuhan. "That's right, your parents and grandparents are all here, living happily. How can something so legendary happen to you? Stop dreaming!"

At this moment, Liang Zixuan noticed that Gong Enlai was sitting not far from them, staring at her.

Seeing the stares, Liang Zixuan immediately became alert. She felt like someone was constantly watching her, but this feeling was very strange. Not only did she not feel annoyed, she even felt an inexplicable sense of security.

It was as if she was always in his sight and protected by him at all times.

Hao Shan had come to the school and made a big scene, and Principal Tao had to call Qiao Hongya to inform him about this.

After lunch, Qiao Hongya hurriedly drove his car to Nanyang Academy. Even Luo Yanyun came with him.

When they arrived there, Liang Zixuan had already started her military training. Qiao Hongya and Luo Yanyun stood outside the stadium and watched, then they were invited to the principal's office by Principal Tao's assistant.

Principal Tao didn't say it clearly on the phone. When Qiao Hongya got there, he immediately told him in detail about the commotion Hao Shan had caused.

After Qiao Hongya heard this, he was immediately furious. His fury almost ignited the entire principal's office.

"At such an old age, she really dared to say that! Qiao Jinjing and Qiao Biya had nothing to do with me. When I first saw how pitiful they were as orphans, I agreed to let them use my surname. I never expected Hao Shan to take advantage of this to slander Zixuan!"

In contrast to Qiao Hongya's anger, Luo Yanyun was actually very calm. She took a cup of tea and handed it to him. "Don't be too angry, you're not young anymore. Don't ruin your health just for outsiders."

Luo Yanyun's words were like a bucket of cold water poured over Qiao Hongya's anger. He immediately stopped being angry, took the cup from her hand, and chuckled, "It's fine. I won't hurt myself because of them. I still want to live with you and Zixuan for another twenty years."

Luo Yanyun smiled as she watched him finish the tea. She then turned to Principal Tao and asked, "Principal, can I bother you with something?"

Principal Tao immediately nodded, "Mrs. Qiao, you can ask anything you want. There won't be any problem at all."

Luo Yanyun smiled and said, "Zixuan wanted to study here, but because of what happened within the family, there are always people who disagree with her. Principal Tao, can you please take care of her and not let these people disrupt her studies?"

Principal Tao immediately said, "Of course! Since Liang Zixuan is studying in our school, it's our school's responsibility to protect her. I will do the same without Mrs. Qiao asking for it. I have already informed the security about this. In the future, Hao Shan and Hou Yingyi will definitely not be able to enter our school even half a step."

After Luo Yanyun heard this, she nodded in satisfaction. "Besides, there's also Wei Guowei, Jiang Huifang, and Wei Xiaoqing. As long as these people don't enter the school gate, they can't do anything to Zixuan."

Before Liang Zixuan went to school, Hao Shan, Hou Yingyi, and Wei Guowei had long thought about how to approach her. However, because Han Yuanjun protected her well, they never had a chance.

Now that Liang Zixuan had entered the school, these people discovered this gap and knew that this was their only chance.

If Principal Tao took responsibility for protecting Liang Zixuan and didn't let these people in, she would be safe.

Qiao Hongya also said with satisfaction. "If that's the case, then everything will be fine. We can also feel calmer now."

At 5 pm, Principal Tao personally led Qiao Hongya and Luo Yanyun to the stadium to witness Liang Zixuan's military training.

Students of the acting faculty and music faculty were so excited when they saw Qiao Hongya. It was as if they had seen a God. They didn't dare to say anything, but they all looked at him.

Even though Qiao Hongya wasn't looking at them, they were still very excited.

The instructor of each class was also recognized Qiao Hongya. Seeing the bright smiles of their students, the instructors knew that they could no longer continue their training.

So, everyone was allowed to sit down, and the instructors who were responsible for the students' welfare began to teach them the military song.

Gong Enlai, who hadn't given any face to Principal Tao before; when he saw Qiao Hongya, he also showed some kindness. He told Liang Zixuan and the others to sit down as well and let Bai Peng teach them how to sing military songs.

Of course, the students from Nanyang Academy were completely different. They understood the song right away and even began to sing it in a very rhythmic manner.

"The sun is setting and the red clouds are flying over the western mountains. The warriors will take over the camp."

These students even began to compete with other classes, singing louder and more clearly, making Qiao Hongya and Luo Yanyun laugh as they stood outside the stadium.

"Looking at their boisterous and vigorous appearances, I suddenly feel older." Qiao Hongya sighed.

Principal Tao was also delighted to see Qiao Hongya singing with the children. He asked his assistant to ask the instructors to gather all the students and have fun together.

When the students heard this, their faces turned red with excitement and they immediately gathered together.

When Principal Tao saw this, he was overjoyed. He then asked Qiao Hongya, "Master Qiao, why don't you go and have fun with the kids?"

Qiao Hongya had the same intention as Principal Tao. He was already looking forward to trying and establishing a relationship with these children.

Hearing this, Qiao Hongya walked towards them, shook the instructors' hands, then sat down next to Liang Zixuan and said with a smile, "I'll play with you for a while. I don't know if you will welcome an old man like me into your group."

"Of course we will welcome you!" The students were so excited that they clapped and shouted.

Bai Peng cleared his throat, "Alright, let's see if everyone can sing the song we gave you. How about this... Every class has to sing this song and we'll see which class has a better understanding and better teamwork!"

"Alright!" The students said at the same time. They really enjoy this kind of activity.

Who still wanted to continue with the hard training? For them, singing and sitting here was truly a blessing.

[Chapter 323 - Aren't I, Your Daddy](#)

Class after class began to sing. When it was Liang Zixuan's class's turn, Qiao Hongya's voice filled the stadium, and he seemed even more passionate, giving the instructors a sonorous feeling.

An hour was very short, and soon it was over. The students were still not satisfied. After the competition ended, they shouted with all their might, "Master Qiao, please come and sing with us again."

"That's right. Let's sing together!"

Qiao Hongya politely replied, "Alright, alright. I'll definitely come when I have time."

After they walked out of the school and got into the car, Luo Yanyun handed Liang Zixuan a bottle of mineral water and smiled. "Look at your grandfather. He's already old, but he still dares to bother you. He's not ashamed in the slightest."

Liang Zixuan hugged Luo Yanyun and laughed out loud. "In my heart, grandfather is always eighteen!"

"That's right!" Qiao Hongya happily drove the car. "I'm only eighteen years old!"

Luo Yanyun sneered at him, "Zixuan is just teasing you. Look how serious you are now. You didn't feel the least bit of ashamed."

"Haha..." Qiao Hongya wasn't angry at all, he was even a bit proud of it. "Don't worry about my age. As long as I'm with these young people, I think I'm still young!"

When they returned to Qiao Hongya's villa, Han Yuanjun was already sitting on the sofa.

Liang Zixuan looked at his stern, unsmiling face and suddenly remembered that she had called him 'Daddy Han' this morning.

She felt her soul tremble a little. She changed into slippers and walked over to him. Then, she cutely hugged his arm. "Why are you back so early today?"

Han Yuanjun stared at the TV without looking at her, nor did he reply to her question.

Liang Zixuan's heart trembled. He was still angry!

What kind of behavior was this? It's been a day, but he's still angry.

Auntie Jia, the family housekeeper, was already preparing dinner, and when she saw them return, she put the dish on the table.

Han Yuanjun did not take the initiative to say anything, not even while eating.

It was always someone else who asked him a question, to which he then replied with a short answer.

Luo Yanyun and Qiao Hongya looked at each other. They had a hunch that the couple must be fighting.

After eating, Han Yuanjun did not stay any longer and quickly left the house. Liang Zixuan reluctantly followed him from behind.

When they got into the car, she finally asked, "Are you still angry about what happened this morning?"

Han Yuanjun held the steering wheel with both hands, not looking at her, nor saying anything.

Liang Zixuan poked his arm with her index finger. "Are you really angry? Aiya, don't be so stingy!"

Han Yuanjun glanced at her from the corner of his eye and smirked. However, as quickly as it had appeared, it disappeared. It happened so fast that Liang Zixuan couldn't even see it.

Han Yuanjun said coldly, "Yes, Daddy Han is so stingy with his words."

Liang Zixuan: "..."

How angry must Han Yuanjun be right now for him to be able to say such words?

Liang Zixuan's heart was beating fast. She hugged Han Yuanjun's arm and tried her best to please him. "Don't be angry. I didn't mean it that way. You are not my father, you are my husband!"

This was the first time Liang Zixuan took the initiative to call him husband.

If it had been any other time, Han Yuanjun would have been so happy that he almost flew. But now, although he was happy, he still acted like he was very angry. "Why husband? Aren't I, your daddy?"

"How can you be my father?" Liang Zixuan immediately coaxed him. "You are still young, how can you have such a young daughter like me? You are not my father, you are my husband. You are my handsome man who can split the sky and is so handsome that I can't even help but stare at you."

Han Yuanjun raised his eyebrow. "Daddy can still split the sky and is so handsome that you can't even stop yourself from staring at him."

Liang Zixuan: "..."

He's still angry with her?

She had already coaxed him, alright?

Could it be that everything she did wouldn't work when he was angry?

Liang Zixuan had even acted like a scoundrel. She had seen enough of Jiang Huifang and Hao Shan acting like scoundrels. To her, this behavior was as easy as flipping her palm.

"I don't care, you're my husband! I forbid you to say the word 'daddy' again!"

Seeing Han Yuanjun still sulking, Liang Zixuan squatted down on the passenger seat and leaned on his right arm. "If you're angry again, I'll hug you like this until you're not angry anymore!"

Han Yuanjun ignored her, and Liang Zixuan continued to hug him on the way home.

When they entered the house, Han Yuanjun immediately carried her upstairs. Liang Zixuan's legs were wrapped tightly around his waist and her hands were around his neck. She was taken to the bedroom.

Once inside, Han Yuanjun gently threw Liang Zixuan onto the bed. She didn't have time to get up because he suddenly pressed and trapped her between his arms.

Liang Zixuan raised her head and looked at him guiltily. "I was wrong, I was really wrong. I won't dare to do it again."

"Heh..." Han Yuanjun laughed a little. His arms were bent and his face was leaned forward. When he was only an inch away from Liang Zixuan's face, he suddenly stopped and smiled wickedly, "Call me daddy."

Liang Zixuan: "..."

What was going on?!

He wasn't happy that she had called him 'daddy' earlier.

Liang Zixuan swallowed anxiously and chuckled as she pleaded with him, "I really know my mistake..."

Han Yuanjun tore his tie and sat on her thigh. With a wicked smile, he whispered, "Call me daddy!"

Liang Zixuan almost went insane. How could this man suddenly turn into the demon's king? Look at the sinister smile on his face, it was even more sinister than the demon's king. She also had the feeling that she wanted to pounce on him.

"Cough, cough..." Liang Zixuan was a little scared and quickly controlled herself. "About that, can you not laugh like that, I ... I can't take it anymore ..."

The sinister smile on Han Yuanjun's face deepened as his slender fingers slowly unbuttoned the buttons of his shirt. He looked at Liang Zixuan as if he was a hawk staring at its prey, ruthless and charming.

Liang Zixuan shuddered and covered her eyes with her hands. "Aiya, don't look at me like that!"

She really didn't dare to watch!

It was a criminal look, but she really had no way of resisting it.

Han Yuanjun pulled her hands away, then suddenly lowered his head and kissed her fiercely.

Liang Zixuan was kissed by him to the point that her world became dark and she didn't even know how to turn it around.

Suddenly, a man's soft laughter rang in her ears. "Tonight, I'll let you call me daddy until I'm satisfied"

[Chapter 324 - Am I Sick](#)

Han Yuanjun said she was the boss in their family.

Every time she was bullied in bed, Liang Zixuan would think about it.

In her opinion, no matter where she went, she would always be the boss. She was the number one in the family, and if she said "one", the other did not dare to say "two", and if she said "east", the other did not dare to go "west".

Han Yuanjun always followed her words. Everything would start with her. No matter what she said, he would not refuse her.

However, when it came to bed, her position as a boss was severely shaken.

"Han Yuanjun!" Liang Zixuan angrily pushed him away. "You said that I'm the boss in our family."

Han Yuanjun laughed a little and bit her earlobe, "You are."

"Nonsense, it was all nonsense!" Liang Zixuan was confused and angry as she complained. "Every time we are in bed, you will be the one to decide whether I want it or not! You never put me, the boss, in your eyes! You liar! A big liar!"

Han Yuanjun took a slow breath beside her ear and said with a smile that wasn't a smile. "I always make you the boss. But if I let you have authority in bed, isn't that equivalent to a lack of human rights?"

Liang Zixuan: "..."

This had nothing to do with human rights!

A soft sigh suddenly reached her ear. "We have been living together for a year now. Think of this yourself... Have you ever taken the initiative to do it? If I don't take the initiative, I'll be a virgin for the rest of my life."

Liang Zixuan: "..."

After thinking it over carefully, it seemed like she really had never taken the initiative to do so.

It was not that she didn't want to, but she didn't have the chance to think about it.

Every time they went to bed, Han Yuanjun would not let her go. Over time, she would lose the initiative in this area.

So, what Han Yuanjun meant was, she herself had given up the initiative?

Just as she was seriously analyzing his words, he took the opportunity to hug her fiercely.

Liang Zixuan let out a groan. She raised her eyes and looked at him with hidden bitterness. "At least wait for me to finish figuring out the problem before you do anything."

"Think of it slowly." Han Yuanjun began to move his hand over her body restlessly.

Liang Zixuan didn't have time to think about other things now. She hugged Han Yuanjun's neck and her emotions were completely chaotic.

When Liang Zixuan couldn't take it anymore, Han Yuanjun suddenly asked with a wicked smile, "What did you call me today?"

Her already red face turned completely red. Han Yuanjun looked at her and wanted to poke her cheek with his fingernails to see if there was any blood.

When he saw Liang Zixuan biting her lip and not saying anything, he suddenly exerted his strength and smiled teasingly beside her ear. "Let's hear you say it again."

Liang Zixuan was so depressed that she pouted. How could she possibly call him that at such a time?

Moreover, it was always difficult for Liang Zixuan to say the word 'daddy'. She didn't even call Wei Guowei that.

Daddy was a symbol of the bad guy in her mind.

She wouldn't say it. Even if she was beaten to death, she wouldn't say it.

After being tormented to the point where she couldn't take it anymore, Liang Zixuan blinked her eyes and looked pleadingly at Han Yuanjun, "Brother Han ..."

Han Yuanjun raised his eyebrow in delight. "Brother Han won't be able to save you today."

Liang Zixuan: "..."

Too much!

This was too much!

The more she fought, the more energetic the man became. Liang Zixuan had no other choice anymore. She held Han Yuanjun's shoulder with both hands and dug her nails deep into his skin.

She closed her eyes and screamed at the top of her lungs, "Hubby! Hubby, please spare me."

This "hubby" shout was so soft, making Han Yuanjun's heart almost burst out of his chest. His eyes suddenly turned red, he bit into the soft flesh of Liang Zixuan's neck and took a deep breath. Soon enough, hickeys were planted by him.

"Be good, shout two more times..."

???

The next day, when Liang Zixuan woke up, she stood in front of the bathroom mirror and saw herself. Then, her head exploded with a loud bang.

What's going on?

Why was her neck covered with purplish marks?

It looked as if she was suffering from some kind of disease.

Oh, God... She's not really going to have a deadly disease, did she?

After Han Yuanjun changed his clothes, he saw that Liang Zixuan still hadn't come out, so he pushed open the bathroom door. With a glance, he saw his little girl standing in front of the mirror in a daze.

He walked over and slowly placed his hand on her shoulder. As he looked at her in the mirror, he asked softly, "What's wrong?"

Liang Zixuan slowly came back to her senses and raised a finger to her own neck. She almost cried, "This ... Am I sick?"

Han Yuanjun looked at the spot she pointed at and frowned.

Last night, he was too preoccupied with his own thoughts and had already reached the limit of his endurance when Liang Zixuan called him "hubby". His strength unknowingly had increased a little.

"Cough, cough..." Han Yuanjun coughed awkwardly. "About that, it's fine. It's not a disease, and it will be fine in a few days."

"Really?" Liang Zixuan didn't believe him. She used a hot towel to wipe off the purplish-red marks and licked her dry lips. "Even if it doesn't hurt, are you sure this isn't a disease?"

Han Yuanjun felt that if he hadn't told Liang Zixuan and convinced her, she probably would have gone to the hospital today.

He took a deep breath and said as calmly as he could. "It's alright. This was last night. I-I planted hickeys with a little more strength, so ... It turned out that way."

Hickeys?

Liang Zixuan's eyes widened as she looked at the marks on her neck in disbelief.

She knew about hickeys, but shouldn't it be pink?

If it was something more serious, it would be red, how could it be purple?

Liang Zixuan's face sank and she glared angrily at Han Yuanjun. "How much strength did you put into this last night? What about my military training? You gave me hickeys, are you planning to let everyone see it?"

"Cough ..." Han Yuanjun gently touched his nose and awkwardly explained, "That was the first time you called me hubby, so ... It's hard for me to control myself."

He was still unable to control his emotions?

What if Liang Zixuan really wanted to beat him to death?

Liang Zixuan gritted her teeth in anger. Suddenly, she jumped up and wrapped her legs around Han Yuanjun's waist. Han Yuanjun immediately hugged her, afraid that she might fall.

She then bit his neck as if to vent her anger and suck on it.

Han Yuanjun's body trembled as he felt all the cells in his body expand without restriction. There were also uncontrollable needs.

Liang Zixuan didn't care about that. She planted one hickey after another. If she had to meet everyone liked this, then he had too!

While Liang Zixuan planted the hickeys, Han Yuanjun suddenly lifted his legs, carried her out of the bathroom, and walked towards the bed.

[Chapter 325 - Can I Sit Here](#)

Liang Zixuan suddenly felt that something was wrong. She raised her head and asked anxiously, "What are you doing?"

Han Yuanjun hugged her as they both fell onto the bed. He then kissed her passionately. "Do a morning exercise."

Because of the morning exercise, Liang Zixuan didn't even have time to eat breakfast at home.

Sitting in the car, Liang Zixuan drank milk and scowled as she bit into her sandwich. "I'm going to be late!"

"No." Han Yuanjun was in a very good mood today. He always wore a tie, but today, he didn't wear a tie. He even unbuttoned two buttons on his collar, fully revealing the hickeys on his neck.

"Don't worry, even though my driving skills can't be compared to Deng Hui and Dai Tian, I'm still much better than Zou Juan."

As he spoke, Han Yuanjun had already passed four cars in a row. It felt like he was driving a race car, instead of Bentley.

Liang Zixuan almost choked on her sandwich. She saw a large backpack on the side, where Han Yuanjun had gotten the servant to make her soup in a thermal container. There were also a lot of fruits and snacks.

Then, she turned around and looked at Han Yuanjun's neck. Two buttons were open, revealing his beautiful collarbone and shoulder muscles. Liang Zixuan secretly swallowed her saliva and helped him button up his shirt.

"Even though the weather is still very hot, you still can't undo your buttons, okay?"

Han Yuanjun glanced at her from the corner of his eye and laughed a little. "Don't button it. I still have to show it."

"Show?" Liang Zixuan's face sank. "Show what? Your collarbone or your muscle outline? Are you trying to seduce another woman?"

"No." Han Yuanjun explained with a smile. "I'm just showing off my hickeys."

Liang Zixuan really didn't understand. What was there to show off? Why did Han Yuanjun have to show off his hickeys?

She even felt the things around her neck were very embarrassing.

It was summer, so she couldn't wear a scarf, and for military training, she had to wear a camouflage uniform. Otherwise, she was willing to ignore the heat and wore a high-collar shirt to hide the marks.

Han Yuanjun looked at Liang Zixuan's disdainful face and smiled as he hugged her with one arm. "You don't understand the feelings of a man who only got married at the age of 31. In the past, Zhang Feng and others would brag about their girlfriends and wives to me until I had a mouthful of dog food. Now that I'm finally married, can't I brag to them?"

Liang Zixuan smirked. "Since all of you are already married, there's no point in showing off anymore."

"Who said that?" Han Yuanjun turned the steering wheel, and the car made a 90-degree turn, steadily crossing an intersection. "There are still a few unmarried people. Gao Nianzu, that brat, isn't married, and Wei Xiaofan isn't either. Don't worry, there will always be a single dog in the group who can be abused by me."

Liang Zixuan: "..."

She felt that the bachelor dogs in their group were very pitiful.

Don't single dogs have human rights too?

If it were up to her, she would have left the group long ago and come back after she got married.

It was finally 5 minutes to 8 o'clock. Han Yuanjun parked his car steadily in front of Nanyang Academy.

Han Yuanjun got out of the car and helped Liang Zixuan carry the bag. He grabbed her hand and ran all the way to the stadium. Finally, they reached the stadium before Gong Enlai could call out the names.

The other classes were already done with the attendance list. Only Liang Zixuan's class wasn't done yet. The students didn't know what Gong Enlai was waiting for.

Liang Zixuan ran to her own line without saying a word to Han Yuanjun.

Han Yuanjun put the bag down in her usual place, stood there, and looked at her several times before leaving the stadium.

Gong Enlai looked deeply at Liang Zixuan's neck with the attendance list in his hand, then began to call out her name.

Liang Zixuan had the illusion that he was waiting for her. If she's not there, he won't start calling the names.

Was it like this?

Shi Jian and the others didn't say anything during the lunch break.

Liang Zixuan gave them some soup and the fruits she had brought. Seeing that the situation was too strange, she smiled and asked, "What happened today? Why won't all you talk?"

Shi Jian drank the soup with her head lowered. After a while, she said gloomily, "I've eaten my fill of dog food."

Cai Yuhan also looked down without looking at Liang Zixuan. "This dog food has Young Master Han's brand on it. It's a bit expensive. I'm so full now."

Xu Qigang coughed. "They all say it. I have nothing more to say."

Liang Zixuan: "..."

She knew that the hickeys on her neck would be a hindrance, and surely these little girls wouldn't even dare to look at her.

Just as Liang Zixuan was about to entertain the three little girls, Gong Enlai suddenly stood beside her and asked with a plate in his hand, "Can I sit here?"

Shi Jian and the other two looked up at him in surprise.

Even he can't stand it anymore?

Was he finally about to start an even more intense training than the devil's training because of Liang Zixuan?

Liang Zixuan wasn't as shocked as the three of them were. She nodded calmly and moved her chair to the side. "Of course you may."

Gong Enlai put down the plate and moved the chair to sit next to Liang Zixuan.

Shi Jian and the others didn't say anything. Their eyes widened as they looked at Liang Zixuan and Gong Enlai. They were all eager to hear what kind of words Gong Enlai was going to use to break the silence.

Liang Zixuan poured the remaining soup from the thermos into a plastic bowl and placed it beside Gong Enlai kindly, "Instructor Gong, only half a bowl left. I hope you don't mind."

Gong Enlai looked at the soup in his bowl and smiled, "Thank you."

Shi Jian, Xu Qigang, and Cai Yuhan's eyes immediately grew even bigger. It was as if countless firecrackers had exploded in their hearts, releasing beautiful fireworks.

Heavens, Gong Enlai actually knew how to smile.

Gong Enlai was 1.78 meters tall and although he was not as tall as Han Yuanjun, but due to his military training, his body was very well-proportioned, exposing his muscular arms that can easily be seen.

There was nothing the little girls like them could do about it. They had no way of resisting this man, who was very handsome.

Although Gong Enlai was only smiling at Liang Zixuan; Shi Jian, Xu Qigang, and Cai Yuhan were still excited and their eyes were filled with tears.

Liang Zixuan was only slightly taken aback for a moment but quickly recovered. "It was cooked at home. I wonder if the taste suits the instructor's appetite."

Gong Enlai picked up the bowl, took a sip, and praised, "The taste is pretty good, better than the one at the restaurant."

After saying this, he paused for a moment, and his gaze softened. "It looks like you and Young Master Han have a happy marriage."

Speaking of Han Yuanjun, Liang Zixuan didn't know what Gong Enlai was thinking. She knew that he didn't harbor any ill intentions towards her, but she didn't seem to be familiar enough with him to the point that they could talk about private matters.

Liang Zixuan pursed her lips but didn't say anything.. She ate and drank the soup as if nothing had happened.

[Chapter 326 - How Can I Let You Go Out Alone With Another Man](#)

Shi Jian kicked Cai Yuhan under the table. Cai Yuhan turned and saw her eyes sparkling in the light of the gossip. She just snickered and gave her a look, "It's not a big deal. Let's just watch quietly."

The whole table suddenly fell silent. Since Liang Zixuan and Gong Enlai didn't say anything, Shi Jian and the others naturally didn't say anything either. They all lowered their heads, ate their food, and looked at Liang Zixuan and Gong Enlai from time to time.

After a while, Gong Enlai finally opened his mouth, "Liang Zixuan, it seems that there's really a lot going on around you, and you usually can't handle it by yourself. I wonder if you're interested in learning self-defense?"

Self-defense?

Liang Zixuan blinked and looked at Gong Enlai. "Isn't that similar to the military training we are doing now?"

Gong Enlai put down his chopsticks and said seriously, "No, military training isn't about that. It's about strengthening your body. If it's possible, can you spend two hours of your time after the military training? I'll teach you."

"You want to teach me?" Liang Zixuan was a bit embarrassed, but yes, she really wanted to learn self-defense. She couldn't always rely on Han Yuanjun to help her, could she? Just like the incident with Xie Cheng.

If she knew how to fight, she could still defend herself even if Han Yuanjun didn't come.

But if Gong Enlai taught her, wouldn't that didn't look good? After all, she's a married woman.

How many people were so jealous of her and how many eyes would be on her. If bad news about her spread out, it would harm Han Yuanjun and the Han Family.

Liang Zixuan tactfully refused. "I can't trouble Instructor Gong with this. If I want to learn, after the military training, I can look for a professional's help."

"It's no trouble." Gong Enlai didn't really give her a chance to refuse. Instead, he fixed his gaze on Liang Zixuan and indicated with his own eyes that she had to agree. "I happen to be an instructor in the martial club. I can help you sign up, and then you can learn it from me."

Liang Zixuan looked at him for a moment. She always felt that Gong Enlai had something else to tell her, and it wasn't as simple as just teaching her fighting. This was the hint in his gaze, and Liang Zixuan understood it.

After a moment of silence, she nodded, "Alright, then I'll bother Instructor Gong to help me."

Gong Enlai smiled and stood up after finishing his lunch. "Then I'll wait for you after school this evening."
"Alright."

After Gong Enlai left, Shi Jian immediately asked, "Zixuan, do you really want to go?"

Cai Yuhan was also a little worried. "Should you tell Young Master Han to investigate Instructor Gong's background first? What if something bad happens?"

Liang Zixuan didn't think that Gong Enlai would harm her.

And the reason why he was so secretive a moment ago was probably because of something he couldn't say openly.

Liang Zixuan felt that she could trust Gong Enlai this once, and took the risk to see what he really wanted from her.

Seeing Liang Zixuan had made up her mind, Shi Jian and the others fell silent. Not even ten cows could pull her back, so they didn't try to persuade her anymore.

After lunch, Liang Zixuan called Han Yuanjun and told him that she was going to learn self-defense from Gong Enlai.

She thought he wouldn't agree, so she gently coaxed him, "Please don't be angry. I'm just going to take a look. If I don't like it, I won't go tomorrow. But I had promised Instructor Gong to go today."

Han Yuanjun immediately became alert. Until now, he had thought Gong Enlai was different to Liang Zixuan because he was her fan. And now it had come to this, how could Han Yuanjun let Liang Zixuan go alone with him?

Not under his nose.

Han Yuanjun said in a deep voice, "No. How can I let you go out alone with another man? What if something happens? Can you handle it?"

Of course, Liang Zixuan couldn't handle Gong Enlai. She knew her own limits, but she was very curious as to why he treated her differently and why he helped her, even deliberately sending such a message to her.

She felt that Gong Enlai must have something to say.

"Just this once!" Liang Zixuan said flatly, "Just this one time! After that, I wouldn't go anywhere without you. Han Yuanjun, please believe my judgment. I really have to go there today."

Han Yuanjun knew that he couldn't persuade Liang Zixuan, so he could only agree.

After hanging up the phone, he called Dai Tian to his office.

"Dai Tian, wait in front of Nanyang Academy this evening. Sit in the car and see whose car Liang Zixuan is in and where she's being taken. You must ensure her safety and keep in touch with me at all times."

When Dai Tian saw Han Yuanjun's serious expression, he knew that this wasn't a trivial matter, otherwise Han Yuanjun wouldn't have called him here.

Dai Tian nodded. "Alright, president, don't worry. As long as I'm here, nothing will happen to Liang Zixuan."

After sending Dai Tian out, Han Yuanjun still couldn't calm down. He also asked Deng Hui to go along with Dai Tian. The two of them drove two separate cars, making it easy for them to track down Liang Zixuan's whereabouts.

It wasn't that Han Yuanjun didn't have confidence in Dai Tian's abilities, but he was too nervous about Liang Zixuan.

This little girl seemed to have some sort of fearless energy in her bones. She wasn't afraid of heaven and earth. She dared to do anything!

After her rebirth, did she not afraid of dying again?

If she died again, where would he find her? *novelusb.com*

This thought made Han Yuanjun break out in a cold sweat.

At 6 pm, Gong Enlai really didn't hesitate for a moment dismissing the training, causing all the students to scream in excitement.

They finally survived through another day. How could they not be happy?

Liang Zixuan and her friends walked to the edge of the field and slowly picked up their belongings.

Xu Qigang was still a little worried. "Zixuan, why don't we follow you?"

Liang Zixuan smiled and declined the offer. "It's fine, don't worry about it. Instructor Gong won't do anything to me. If he really had the intention to harm me, he wouldn't say it in front of you guys today."

They thought that this really made sense. If Gong Enlai really wanted to do something to Liang Zixuan, he would definitely tell her alone.

"Alright, then be careful. We'll leave first." Cai Yuhan patted Liang Zixuan on the shoulder and left with Shi Jian and Xu Qigang.

Then, Liang Zixuan walked towards Gong Enlai with her bag.

Gong Enlai didn't leave on purpose. He was standing outside the stadium drinking water.. When he saw Liang Zixuan coming, he nodded to her and took her to the school's parking lot.

[Chapter 327 - There Is Someone Wants To Meet You](#)

Liang Zixuan didn't know much about cars, but when she saw Gong Enlai's car, she was still a little surprised.

Even though she didn't know what the brand was, this car was still a bit strange. Aside from the fact that the front window of the car was made of normal glass and one could see through it, the other windows were all tinted. From the outside, she couldn't see what was going on inside.

Just like the special agents' cars in Hollywood movies, it felt very special... High-class and luxurious.

"Get in." Gong Enlai opened the passenger door for Liang Zixuan.

Liang Zixuan thanked him and got in.

As soon as she fastened her seatbelt, Gong Enlai said to Liang Zixuan, "Can you please turn off your phone?"

"Huh?" Liang Zixuan was dumbfounded and a little confused. "Why? What if my family is looking for me?"

Gong Enlai looked at Liang Zixuan's confused expression. "You must have contacted your family members beforehand so they know that you won't be back for dinner tonight. Your phone needs to be turned off to prevent others from tracking the GPS location."

Seeing Liang Zixuan's expression turned serious, Gong Enlai's expression also became serious. "Someone wants to meet you, but his identity is secretive. I have to ask for your cooperation."

"Someone wants to meet me?" Liang Zixuan had thought that Gong Enlai would never ask her to come with him just because of self-defense, and it seemed that her guess was right.

But who exactly was this person?

Gong Enlai nodded. His gaze lowered and stared at Liang Zixuan's bag. "Please turn it off."

For some reason, Liang Zixuan actually obediently took out her phone and turned it off in front of him.

After Gong Enlai confirmed that her phone was really turned off, he started the engine. "Don't worry, I won't hurt you."

Liang Zixuan bit her lips as she became more and more curious about who Gong Enlai was talking about.

She didn't ask because she knew he certainly wouldn't tell her.

How could he have told her in advance if he had done it mysteriously?

The car was driven out of the school and onto the main road.

Dai Tian was waiting for Liang Zixuan outside the school gate. When he saw Gong Enlai's car drove out, he immediately started the engine and slowly followed him without leaving a trace.

Through a Bluetooth headset, he said to Han Yuanjun, "President Han, I saw Liang Zixuan sitting in a man's car and leaving the school."

Han Yuanjun's voice was quickly heard. "Follow them. Don't lose them. Let's see where they go."

Deng Hui quickly followed Dai Tian from behind. The two cars followed one after another.

It was rush hour, and there were many cars on the road. However, Gong Enlai's senses were very acute. He noticed that there were two cars following him.

The corner of his mouth curled up as he stepped on the accelerator. Unexpectedly, he had started to overtake other cars on the road.

The speed of the car was so fast that Liang Zixuan immediately grabbed the handlebars in shock. "Instructor Gong, why are you suddenly driving so fast?"

Gong Enlai chuckled. "Hold on tight, don't be afraid."

Don't be afraid? How could she not be afraid?!

This morning, Han Yuanjun drove the car like a race car. Liang Zixuan was so scared that she didn't finish her breakfast. And now Gong Enlai was driving the car like an airplane!

This speed... Oh my God! Liang Zixuan's eyes almost went blind when she saw how many cars Gong Enlai had overtaken. His car moved left and right, effectively cutting off the flow of traffic.

Liang Zixuan was so scared that her face turned pale and her lips began to tremble. "C-Can you slow down a little?"

Gong Enlai said nothing, his face calm as if nothing had happened.

Dai Tian, who was following closely behind, could no longer maintain his composure. He almost shouted into his Bluetooth headset, "Is he crazy? He is not driving a Formula One car!"

Han Yuanjun's voice also became nervous, "He found you so quickly?"

Dai Tian gritted his teeth. No matter what, he was part of the Special Forces. Although he had retired for almost five years, his skill shouldn't be lacking compared to Gong Enlai.

In fact, he was discovered shortly after they left.

Dai Tian was somewhat taken aback. "We were found shortly after they left. President, are you sure that this person is just a regular instructor for the military training of university students? His vigilance is too high."

Han Yuanjun pursed his lips tightly. How could he not know how powerful Dai Tian was?

Because he knew how powerful Dai Tian was, he spent so much effort keeping him and Deng Hui by his side.

For the past few years, Deng Hui and Dai Tian had been his partners, and they had never failed in any mission before.

Dai Tian turned serious. He held the steering wheel with both hands and said, "President Han, our opponent today is an expert. All I can say is that I will do my best."

"Understood." Han Yuanjun replied in a low voice. He was more worried about Liang Zixuan.

Han Yuanjun already knew that something was wrong with Gong Enlai and investigated his background. From his investigation, he found that Gong Enlai was only a high-ranking army.

However, he did not think Gong Enlai had the courage to ask Liang Zixuan out alone.

And Liang Zixuan refused to listen to him and insisted on going there alone!

This was not easy for him.

As there were many cars on the road, three cars continued to speed through the traffic. Deng Hui almost collided with the car in front of him and barely dodged it after a sharp turn. He stopped the car on the side of the road and called Han Yuanjun to report his failure.

Han Yuanjun didn't blame him. "It's fine. Dai Tian said that the person is an expert. Since you have already lost him, you should go back first."

Deng Hui said, "I have a tracking device in the car. I can track Liang Zixuan's cell phone and find her."

After hanging up the phone, Deng Hui turned on the device and tracked Liang Zixuan's GPS. Shortly after, he found that he couldn't track her at all, causing his scalp to go numb.

Deng Hui called Han Yuanjun again in a sad voice, "President Han, I'm sorry. I can't track Liang Zixuan's location. Perhaps she turned off her phone?" *NOVELUS.COM*

"What?" Han Yuanjun was shocked for a moment. He quickly picked up the company phone and dialed Liang Zixuan's number. It really was turned off.

Her phone was turned off!

What was she trying to do?

Han Yuanjun almost went crazy because of her.

He felt that he had been too lenient towards Liang Zixuan. Truly, too lenient. That was why she had gotten a little wild.

At such a critical moment, didn't she know that he was worried about her?

Han Yuanjun was so angry that his face turned dark.

Before he could get any angrier, Dai Tian said into the Bluetooth earpiece, "President Han, I'm sorry, I lost him."

Han Yuanjun closed his eyes in frustration and gritted his teeth angrily. His hands on the desk suddenly clenched into fists, and the veins on the backs of his hands became clearly visible.

He took a deep breath, and after being silent for a long time, he said as calmly as he could, "Since that's the case, you guys can leave.. I'll go home and wait for her there."

[Chapter 328 - Untitled](#)

After speeding all the way, Gong Enlai finally slowed down the car. The calm expression on his face made Liang Zixuan's mouth twitch a little.

Even now, Liang Zixuan didn't know what had just happened. She didn't know why Gong Enlai suddenly sped up the car or why he suddenly slowed down.

Enduring the unbearable pain in her stomach, Liang Zixuan cautiously asked, "Can you drive normally?"

Gong Enlai nodded and glanced at her from the corner of his eye. He smiled and said, "You look uncomfortable."

Liang Zixuan nodded, then shook her head. "I-I can still endure it."

Gong Enlai looked at the road conditions outside the car window and tried to calm her down, "We are almost there, be patient."

Finally, the car stopped in an empty meadow.

There was a single house in the meadow. It was the only house within a hundred miles. It was a three-story house and there was a helicopter parked in the back of the house.

Liang Zixuan looked around her and asked in astonishment, "Are we out of the city?"

"Yes, we are in the suburbs." Gong Enlai said while leading her towards the house.

Liang Zixuan looked at the helicopter and pursed her lips. "Instructor Gong, this is not your house, is it? And the helicopter, what is it for?"

"Haha..." Along the way, Gong Enlai smiled at Liang Zixuan a few times. He looked at her with a gentle gaze as if she was his younger sister. "This is not my house, it's just a temporary residence. Come inside, he's waiting for you."

He...

Liang Zixuan felt that the word 'he' from Gong Enlai's mouth gave her a feeling of inexplicable intimacy. This feeling was very strange. She was not curious, but very excited to see this person.

Liang Zixuan nodded, then ran to the door of the house. When she saw that Gong Enlai did not follow her, she turned around and looked at him. www.VelUsb.com

Gong Enlai waved at her and said with a smile, "Go."

Liang Zixuan no longer hesitated and pushed the door open with all her might. The interior of the house was not much different from a normal house. On the first floor, there was a living room with a leather sofa where a man in a military uniform was sitting.

With his back facing Liang Zixuan, he looked at the view outside the window. Suddenly, he heard the sound of the door being open, and after a moment's hesitation, he slowly turned around.

Liang Zixuan immediately stopped and stood there in shock. Her entire body felt like it was being pressed on an acupuncture point. She remained motionless and stared blankly at the man's face, which was very familiar to her.

When the man saw her shocked expression, he slowly stood up and opened his arms. His voice was very soft and warm. "Zixuan."

Liang Zixuan's tears fell without warning. Her face beamed as she ran like a child and threw herself into the man's arms. "Big brother."

"Zixuan." Liang Jiahao hugged Liang Zixuan tightly and sniffed the scent of her hair. As if he had not smelled enough, he dipped his head deep into her hair.

"Big brother, I miss you so much..." Liang Zixuan hugged Liang Jiahao and cried loudly, "Big brother...I-I finally met you. I... I have been dreaming about you."

Not counting the memories from her previous life, Liang Zixuan had not seen Liang Jiahao for so many years in this life either.

Liang Jiahao was eight years older than her. When he left home at the age of eighteen, Liang Zixuan had never seen him again.

Liang Zixuan cried a lot when she thought of Liang Jiahao's death in her previous life. She never expected to see him again.

Since she was reborn and that she had changed everything, Liang Jiahao can not die, he must be alive.

Liang Zixuan cried for a moment and came out of Liang Jiahao's arms. She raised her head and looked at him. Her voice changed as she choked with sobs. "Big brother, are you all right?"

Liang Jiahao gently wiped the tears from her face, then pulled her to sit on the couch. "I'm fine, it's just the task is too heavy. That's why I can't come back to see you."

Liang Zixuan looked at him and felt the emptiness in her heart was suddenly filled.

Her grandmother was still alive, and so was her brother.

"I heard that Qiao Hongya is our grandfather?" Liang Jiahao suddenly asked with a serious expression.

Liang Zixuan nodded. "Yes, that's true. He is very good to grandmother, really very good, I saw it with my own eyes. Oh, that's right! Big brother, since you came back, go home with me. I'm sure grandmother and grandfather will be happy to see you."

Liang Jiahao looked at Liang Zixuan and stared at her. It was as if he couldn't see enough of her.

Seeing that he didn't say anything, Liang Zixuan pushed him. "Big brother, say something!"

"No need." Liang Jiahao turned around and looked out the window, pointing at the helicopter parked outside. "In half an hour, I have to go somewhere else. I don't know how long it will take for me to come home. This time ... I'm only here to visit you."

Liang Zixuan could no longer hold back her tears. "Half an hour? Big brother, when can I see you again?"

Liang Jiahao shook his head. "I don't know."

Maybe in a month, maybe in half a year, maybe in a year, maybe ... They won't see each other again.

The tasks he carried out were all extremely dangerous, and it wouldn't be wrong to describe it as having a low chance of survival.

Therefore, he wanted to meet with Liang Zixuan when he had the chance.

Seeing that Liang Zixuan was so upset, he raised his hand and gently caressed her face. "Zixuan, if big brother succeeds in this mission, I can return to the army and take a casual job. I won't be running around like this anymore. I'll have time to see you more often."

"Really?" Liang Zixuan didn't believe him. If that was the case, why did Liang Jiahao choose to meet her today even though he was busy?

She held Liang Jiahao's hand tightly and nervously said, "Big brother, tell me the truth. Are you only here because you want to see me?"

Liang Jiahao's gaze darkened as he looked at Liang Zixuan. After a moment of silence, he suddenly said, "Zixuan, do you know why I wanted to become a soldier in the first place?"

Liang Zixuan was only ten years old, how would she know?

[Chapter 329 - Do You Know Why Our Mother Died](#)

Liang Jiahao had never told her the reason, so Liang Zixuan really didn't know why.

She took a deep breath and shook her head. "I don't know, big brother. Is there any particular reason?"

"Yes." Liang Jiahao's expression was very serious, and his eyes shone with a cruel light. "Did you know that mom died in my arms many years ago?"

Liang Zixuan was shocked. A cool breeze was blowing from the window, causing her body to tremble a little. Her entire body was cold. Even the tip of her heart was shaking.

She was only half a year old. What did she know?

She knew nothing!

Liang Jiahao didn't want an answer and just said, "Mom died in my arms. I hugged her and felt her body slowly grow colder in my arms. I hated it when I saw her closing her eyes in front of me ... Zixuan, do you know how much I hated myself at that time? I hated myself for not being able to protect her. I hated myself for not being able to do anything but cry."

"Zixuan, there's something I need to tell you, but it's not to add to your burden."

Liang Jiahao gritted his teeth as if he was making a difficult decision. He uttered words for words, "Our mom did not die from a disease, she was poisoned!"

"What?" Liang Zixuan's eyes widened and she looked at Liang Jiahao in surprise. The hand that was holding Liang Jiahao began to tremble. "Poisoned?"

"Yes, I'm sure she's poisoned! But I'm not sure if it was mom who took the poison or Wei Guowei who poisoned her. When mom was dying, she didn't tell me anything either. She just looked at me, touched my face, and used all her strength to say, "please take good care of your sister."

Liang Zixuan suddenly burst into tears. She really had no idea about her mother's death. She didn't remember what her mother looked like. The only impression she had of her mother was from Liang Jiahao and Luo Yanyun.

But from Liang Jiahao's words, Liang Zixuan could feel her mother's strong love for her.

When she was dying, she didn't ask Liang Jiahao to take revenge for her, or even tell him the truth about her death, but... Instead, she wanted Liang Jiahao to take good care of her.

How much love must one have to be able to utter such words at the time of death?

Liang Zixuan sobbed. No matter how hard she tried to stop, she couldn't stop her body from convulsing helplessly.

Liang Jiahao gently hugged her and caressed her back with his hand. "Mom really loves you. Zixuan, even if you don't have any impression of her, but she really loves you with her life. If ... If I don't come home this time, you must live well. For mom's sake, and for mine too."

"No!" Liang Zixuan hugged Liang Jiahao's neck tightly and cried loudly, "Big brother, you have to come back. I don't have many relatives anymore. Other than grandmother and grandfather, I only have you. I'm still waiting for you to attend my wedding. Big brother, don't leave me, okay... "

For some reason, Liang Zixuan always felt like Liang Jiahao was saying goodbye to her whenever he saw her.

She was sad, she didn't want this to be the last time they met. She still wanted Liang Jiahao to return home and live a good life with their family.

"Big brother, promise me that you will come back!"

Liang Jiahao closed his eyes sadly. After taking a deep breath, he slowly said, "Okay."

"I don't care. No matter what, you have to come back!" Liang Zixuan wiped her tears on Liang Jiahao's military uniform, then pushed him away and said seriously, "If you don't come back, I will take the knife and attack the Wei Family. I don't care if mom was poisoned to death by Wei Guowei or not. I'll make sure that they die with her!"

"You!" Liang Jiahao's index finger curled up and tapped Liang Zixuan's forehead hard. "You are not allowed to do anything! I'll take care of it when I return. The reason why I have been a soldier for many years and learned so much is because I want to investigate our mom's death. This is all my business, don't worry about it. Do you hear me?"

Liang Zixuan's temper immediately rose. It took Han Yuanjun a long time to get used to it, and now she used this temperament against Liang Jiahao.

"Sure, I won't go. I'll wait until you come back. If you don't come back, I'll find the Wei Family and perish with them. Hmph! No one can stop me either!"

At first, Liang Zixuan wanted to say that she would look for the Wei Family if Liang Jiahao didn't come back in half a year, but when she thought of her previous life and how Wei Xiaoqing had said that Liang Jiahao was on a mission when he found out about Luo Yanyun's death, she stopped.

She feared that she would put too much pressure on Liang Jiahao. When the time came, he would act recklessly for her. At that time, she wouldn't even be able to vent her hatred if Liang Jiahao died because of her.

Liang Jiahao couldn't help but laugh as he looked at Liang Zixuan's sulking face. This girl was still acting coquettishly and shamelessly.

He gently stroked her neck, which was covered in purple marks, and asked gently, "He ... Is he good to you?"

He?

Liang Zixuan quickly understood who Liang Jiahao meant, and she blushed. She lowered her head and said shyly, "Mmm, he treats me very well. He held me in his heart. His family also treats me well. They treat me like their own daughter. I ... I'm very happy."

Seeing Liang Zixuan's happy expression, Liang Jiahao didn't doubt her. In addition, Gong Enlai had told him about Liang Zixuan's situation for the past two days.

He said that Han Yuanjun would personally send her to school every morning. He also said that on that day, when Liang Zixuan was very tired, Han Yuanjun would carry her on his back without caring about his image in front of everyone.

Liang Jiahao was very satisfied with such a man.

Although the marks on Liang Zixuan's neck were a little creepy... This was mainly because Liang Jiahao had never touched a woman before and didn't know if the mark was painful or not. But when he touched it with a little force, Liang Zixuan didn't even make a sound. So it probably wasn't painful either.

He didn't understand the interesting part of the boudoir, so he didn't blame Han Yuanjun for doing that.

At this moment, the door was pushed open. A man wearing the same military uniform as Liang Jiahao walked in. He greeted Liang Jiahao with a military salute. "Captain, it's time."

Liang Zixuan panicked. She held Liang Jiahao's hand tightly and nervously asked, "Are you leaving now?"

[Chapter 330 - You Have To Come Back](#)

Liang Jiahao first said "ok" to the man and then gently looked at Liang Zixuan. Seeing the tears flowing from her eyes, his heart also began to ache.

An hour was really a short time.

He really wanted to hug his little sister again.

"Zixuan..." Liang Jiahao wiped the tears from Liang Zixuan's face and said firmly, "Wait for me, okay?"

"Yes." As much as Liang Zixuan resisted, she knew that she couldn't hold Liang Jiahao back. No matter how many times he tried to wipe the tears from her face, her tears wouldn't stop flowing.

Liang Zixuan hugged Liang Jiahao tightly. "Big brother, grandmother and I will wait for you. You have to come back!"

"Alright!" Liang Jiahao patted Liang Zixuan's back gently. After receiving a hint from the man, he finally hardened his heart and pushed her away. He stood up and confidently put on his military jacket.

He was afraid that if he talked more with his sister, he wouldn't be willing to leave. So after putting on his military jacket, he followed the man to the door without looking back.

Liang Zixuan was stunned for a moment before she suddenly stood up and stumbled out to chase after him. "B-Big brother!"

Running out the door, she saw Liang Jiahao standing in front of the helicopter and was about to step on it when she shouted at him, "Big brother, no matter how long, I will wait for you! I will wait for you to come back to attend my wedding. You have to come back!"

Liang Jiahao turned to look at Liang Zixuan one last time, then suddenly did a military salute.

Liang Zixuan sighed inwardly. She also did the same and saluted him.

Seeing that, Liang Jiahao smiled and got into the helicopter.

Liang Zixuan stood there and watched as the helicopter slowly rose into the sky. It slowly turned into a black dot in front of her eyes and eventually disappeared.

Gong Enlai took a deep breath and walked towards her slowly. "Come on, I'll take you home."

Liang Zixuan remained standing there quietly for a while before she asked, "Will he come back?"

Gong Enlai bit his lower lip, not knowing what to say.

With a mission like this, it's hard to predict the outcome.

Liang Zixuan also didn't seem to want to hear his answer. She muttered to herself, "Big brother will definitely come back. Definitely!"

With that, she walked to the car parked in front of the courtyard.

Gong Enlai looked at her strong back and chuckled a little. "These two siblings really do have similar personalities."

On the way home, he suddenly became a different person. He was not as quiet as before and started talking a lot.

"I used to be in the same unit as him, but in the selection and elimination round, I was eliminated and assigned to the local army. Your brother is really an iron-blooded man. He was actually able to pass such a cruel test that happens every two years, and he was also able to complete the mission given to him perfectly."

Liang Zixuan turned to look at him. "So my brother is very powerful?"

"Haha ..." Gong Enlai looked at her with a smile. "He is very powerful. One in a million! I really admired him."

Liang Zixuan nodded, a little proud of herself. "Of course, look at whose brother he is."

The two of them chatted along the way, and because of that, their relationship became closer.

"I was badly wounded on one of my missions and found myself stuck within firing range of the enemy. The only thing I could do at that time was to hide behind an iron plate and bear the enemy's fire. Had it not been for your brother, I might have been dead." A gentle smile flashed on Gong Enlai's face. "Your brother is my savior, and I have had a close relationship with him, so his sister is also my sister. During the time he's not here, you can come to me if you need anything. I will do my best to help you."

Liang Zixuan did not stand at the ceremony with him. "Then I will acknowledge you as my brother! It's nice to have another brother."

Just like when Gong Enlai had defended her from Hou Yingyi and Hao Shan, the feeling of always being protected was very good.

Liang Zixuan sometimes wondered if heaven had given her a chance to live a life of misery to happiness. In the past, she'd almost never felt any kinship, friendship, or love, and now all of this seemed to have happened.

"That's right, Zixuan." When Gong Enlai had almost reached the villa where Han Yuanjun was staying, he suddenly said, "Your brother is in a secret operation, so we can't reveal his whereabouts. You can't tell anyone that you met him. Otherwise, his whereabouts will be exposed and his life will be threatened. "

Liang Zixuan didn't know what kind of mission it was, but she knew that it was a confidential mission at the national level. It might be against the rules for Liang Jiahao to see her before the mission started.

Although Gong Enlai didn't remind her, she knew that she had to keep it a secret.

Otherwise, why did he force her to turn off her phone as soon as she got into the car? It was to prevent their locations from being discovered.

She wasn't stupid.

"Alright, don't worry. I won't say anything, even to my husband."

Gong Enlai nodded convincingly and parked the car at the entrance of the villa. "Here we are. Go back quickly, your husband must be worried about you."

When Gong Enlai saw the two cars following him, he guessed that Han Yuanjun must have been really worried about Liang Zixuan.

He didn't tell Liang Zixuan this because he didn't want her to worry. He also feared that if she knew about it, she would turn on her phone to tell Han Yuanjun that she was safe.

Liang Zixuan pushed open the car door and got out. She blinked and asked in confusion, "Why does he have to worry?"

Gong Enlai smiled and waved at her. "Go, quickly."

Liang Zixuan watched as Gong Enlai reversed the car and drove away. Then, she unlocked the main gate with her fingerprint and entered the courtyard.

The villa was too big, and there were also some gardens. Liang Zixuan was in a good mood today and sang a song as she walked into the villa.

After walking for 5 minutes, a white car drove by. Liang Zixuan looked at the man sitting in the driver's seat.

Why was this man's face so dark?

Liang Zixuan had never seen Han Yuanjun this angry before. She stretched out her hand and waved at him. "Here, I'm here."

Han Yuanjun immediately stopped the car and got out. He grabbed Liang Zixuan's hand and examined her again and again to make sure that she wasn't hurt.. Seeing her happy expression, he shook off her hand harshly.
