[Chapter 341 - If It Was Just A Little, Then Why Can You Do That Yourself](#)

Liang Zixuan was so angry that she began to laugh. She didn't want to lower herself to Jiang Yu's level, but that didn't mean she would let Jiang Yu slander her.

"Jiang Yu, have you forgotten what happened a few days ago? I thought that since Chen Zhihao didn't push the matter and didn't tell his fans about it, you regret your mistake. Do you really think that he let you off for your sake?"

Liang Zixuan laughed mockingly. "I never thought that my kindness could be used as a threat. Looking at your attitude now, I'm a little regretful that I spoke too much and helped you that time!"

Jiang Yu turned pale when she heard Chen Zhihao's name. She raised both hands to cover her chest as if Chen Zhihao's kick was still hurting her to this day.

All because of Liang Zixuan. If Chen Zhihao wanted to mess with her, it would be easy. He only needed to say that she had hurt his face on Weibo, and all his fans would attack her.

If his fans really attacked her, she wouldn't even be able to attend class.

How important was an appearance to a celebrity?

If someone hurt their idol's face, how could the fans let the criminal live?

No matter what reason Jiang Yu had, no matter how innocent she was, they would never let her have an easy life.

Only now did Jiang Yu start to get scared, but she still insisted on saving her face and said, "We're all in the same class, so what if you help me a little? Besides, only you would dare to make such a fuss about something as trivial as your own help!"

"Hey, just because Zixuan has a good temper, doesn't mean I have one too! I have a bad temper!" Qin Yu stood up angrily and carried out Han Yuanjun's order seriously. "You really are an ungrateful person. My aunt has helped you, but you dared to underestimate her help? Someone like you; taking other people's help as something that you deserved, how shameless can you be?"

Han Yuanjun had told Qin Yu to protect Liang Zixuan. As long as she was here, she would definitely be the first to protect her.

As she said that, she even left her seat and walked over, putting Liang Zixuan behind her. She really didn't care about her image as a famous celebrity at all.

Liang Zixuan really felt that even though Qin Yu was a few months younger than her, she was like an older sister, a very protective person.

Zeng Zhelan couldn't watch it anymore. She also stood up and said, "What do you mean by a little help? If it was just a little, then why can't you do that yourself? You hurt Chen Zhihao's face and almost made him lose the endorsement. If it weren't for Liang Zixuan and Qiao Zhenya backing him, he definitely wouldn't let you go until you died. He's going to let his fans attack you!"

Creative Muse wasn't something can be trifled with. Han Yuanjun was the leader of the entertainment circle and Qiao Zhenya was the leader of the domestic luxury brands.

Don't look at how many top luxury brands there are in the world. Many companies were either bought out by Creative Muse for their shares or had long-term partnerships with them.

Otherwise, it would be impossible for Creative Muse's products to enter the market so quickly.

In China, a bottle of their perfume might only cost five hundred yuan, but in abroad, it costs three thousand dollars.

So it was so obvious what kind of position Creative Muse had in the business world. Their products were products that many celebrities wanted to endorse.

If Chen Zhihao couldn't participate in the shooting because of his facial injury, Creative Muse not only would remove him, but he also had to pay for the compensation.

If it was really like that, then it wouldn't be wrong to say that Chen Zhihao would kill Jiang Yu.

Therefore, what Liang Zixuan had done wasn't a small help, but also saved Jiang Yu's life and her future journey.

Qin Yu couldn't stand people like Jiang Yu, who not only didn't know how to be grateful but also didn't even know how to appreciate someone's help.

"Since you are still a student, you don't know how the entertainment circle works. So, it's normal for you to think that way. But if you really want to rise in that circle in the future... with your intelligence, you will be shark bait."

With those words, Qin Yu turned around and put her hand on Liang Zixuan's shoulder. "You are really too kind. How can you let her bully you so easily without telling her what you have helped her with? If uncle is here, wouldn't he die of heartache?"

Jiang Yu dared to argue with Liang Zixuan about this, but she really did not dare to argue with Qin Yu. Liang Zixuan was only the daughter-in-law of the Han Family, and in other people's eyes, she was an outsider.

But Qin Yu was different. Even though her family was separated by three generations of blood ties, she was still related by blood, and even without Han Yuanjun, she still had the entire Qin Family behind her back.

Jiang Yu was in no position to offend her, nor did she dare to offend her.

Jiang Yu pursed her lips and turned away, feeling guilty and unwilling at the same time.

Liang Zixuan then called out to her. "Jiang Yu."

Jiang Yu's face dropped when she heard her name. Could it be that Liang Zixuan was going to hold a grudge and would not let her go?

Did she want to embarrass her again?

Liang Zixuan saw that Jiang Yu was looking at her with a bad face, so she shook her head. "Actually, you don't have to go to the bulletin board to see the results. Everyone who makes it to the next round will be notified by phone."

Liang Zixuan spoke very carefully and did not directly say that they had been eliminated. She also wanted to give them some face.

After Jiang Yu heard this, she didn't feel sad at all. Instead, her face lit up with joy.

This trace of joy was too eye-catching. Liang Zixuan was almost blinded by it.

Shi Jian looked at Jiang Yu's expression, then at Yao Xiaosheng and Shen Ning, and murmured, "Are the three of them really friends?"

Jiang Yu knew that she definitely could not pass the audition. She had been with Yao Xiaosheng and Shen Ning all day, and neither of them had received a call from the school, which meant they had not passed either.

How could Jiang Yu not be happy?

Yao Xiaosheng looked at Jiang Yu's happy face. She didn't know what Liang Zixuan was saying, but Jiang Yu was actually quite happy?

[Chapter 342 - How Can I Not Pass](#)

Did she make it?

No wonder Yao Xiaosheng thought like this. Although she did not see Shen Ning and Jiang Yu as friends, she felt that they definitely treated her like friends.

Given that Jiang Yu saw her as a friend, why can't she be happy for her?

When Jiang Yu returned to their table, Yao Xiaosheng hastily asked, "How is it? Did we make it?"

After Jiang Yu returned, her expression changed. She was no longer as happy as she had just before. She wanted to say something, but she was afraid of Yao Xiaosheng's and Shen Ning's reactions.

"What's the result? Speak up!" Shen Ning almost rose from her chair and shook Jiang Yu.

In Jiang Yu's heart, she was very happy that they didn't make it, but she still showed a sad expression. She looked at Yao Xiaosheng and then Shen Ning before saying, "Liang Zixuan said..." she paused.

Shen Ning was so worried that she grabbed Jiang Yu's hand and started shaking it. "What did she say? Hurry up and tell us! Are you trying to kill us with the suspense?"

Jiang Yu, who was shaken by Shen Ning, immediately blurted out, "Liang Zixuan said that the school will call those who passed the audition. If you don't receive the call, it means you've failed."

"What?!" Shen Ning's grip on Jiang Yu's hand loosened. She sat down on her chair with a loud thud as if she had received a blow from something.

Yao Xiaosheng asked in disbelief, "Are you serious? The school will tell us? Is it possible that there are too many people that they haven't finished yet, or did they accidentally leave someone behind?"

It's normal for Shen Ning and Jiang Yu not to qualify, but if she didn't qualify, how was that possible?

How could she not even make it to the preliminary round?

Yao Xiaosheng had acted before, and although she hadn't become a big shot, she was still a minor C-list beauty. Just two days ago, her manager had told her that there were two roles offered to her.

And both roles were for female leads!

But now, suddenly someone was telling her that she had failed the audition?

Really funny!

Originally, Shen Ning was a bit sad, but when she saw Yao Xiaosheng's shocked expression, she was no longer sad.

Actually, it didn't matter if she didn't make it, because Yao Xiaosheng herself hadn't passed either. It was normal for Shen Ning not to pass. It showed that the company was looking for someone who could sing and dance well, and if she failed, it meant that she didn't have enough strength.

Shen Ning was pleased with herself, but pretended not to know anything as she said in surprise, "Xiaosheng, are you sure you didn't miss the call this afternoon? There's no way you didn't pass. How about you check your phone and see if there are any missed calls?"

Yao Xiaosheng was so worried that she didn't notice the sarcasm in Shen Ning's words. She took out her phone and saw that there was indeed a missed call. She suddenly became excited.

"I told you, how can I not pass? It's impossible."

Shen Ning's and Jiang Yu's facial expressions changed at the same time. Shen Ning cursed softly in her heart and pretended to be worried as she said, "Then quickly call the number back and ask about it. Don't waste any more of your time. When the time comes, the person in charge will think that you don't want to go."

Jiang Yu, who was sitting next to her, nodded her head repeatedly. "Right, right. It's still better to confirm it!"

At this point, Yao Xiaosheng's mind was already filled with arrogance. She didn't think that if the school couldn't reach her, they would contact her manager. And her manager, of course, would inform her about this.

Yao Xiaosheng actually called the number in front of Shen Ning and Jiang Yu.

While waiting, she intentionally said irritably, "They might have already gotten off work, so I don't know if anyone will answer the call."

As soon as she finished speaking, the other party picked up the phone. Yao Xiaosheng immediately said, "Hello, this is Yao Xiaosheng. You guys called me at 4 o'clock this evening. May I know what's the matter?"

Shen Ning and Jiang Yu held their breath as they looked at Yao Xiaosheng. Their eyes stared fixedly at her face as if they didn't want to miss a single expression on her face. Even their ears were pricked up. The two of them looked even more nervous than Yao Xiaosheng.

Then, they saw Yao Xiaosheng's face immediately drop as she shouted angrily into her phone, "No need!"

Seeing Yao Xiaosheng angrily hang up the phone, Jiang Yu quickly asked, "How is it? Is it from school?"

She didn't ask if Yao Xiaosheng had passed the audition but asked if it was a call from the school. This was because she didn't want Yao Xiaosheng to pass the audition either.

As long as Yao Xiaosheng did not participate in the competition, she couldn't be more noble and arrogant than them.

Yao Xiaosheng was so angry that she almost threw away her phone. She angrily slapped the table and said, "These people are crazy! They actually asked me if I wanted a loan? What do I need a loan for? I, Yao Xiaosheng, still need a loan?"

When she looked up, she saw the corners of Shen Ning's and Jiang Yu's mouths lifted in a mocking smile. They looked like they wanted to laugh, but didn't dare. Why did Yao Xiaosheng feel angrier just by looking at them?

"What are you laughing at?"

Shen Ning quickly waved her hand. "I'm not laughing. I just think your words were so domineering!"

When Jiang Yu saw Yao Xiaosheng looking at her, she also quickly explained, "I'm not laughing either."

Yao Xiaosheng was very clear that they were lying to her. In their heart, they were laughing at her a thousand times. Yao Xiaosheng not only lost her appetite and couldn't eat this dish, let alone not participate in the next round, she was also being laughed at by two people she usually didn't care about.

How infuriating!

By this time, Liang Zixuan's table had already been served. Dozens of people gathered around the table. It's just as she said. The table was too crowded with so many people.

Even outside the restaurant, sounds of conversation and laughter could be heard.

"Goo Shengli, you're really funny. I had never seen you in person before, so I thought you were just pretending to be a stubborn person. I didn't think you were actually a funny person!" Cai Yuhan's face twitched with laughter.

Qin Yu didn't give a face to Goo Shengli and said, "Yes, he's really funny. When we were shooting Perfection of Eternity, a fan of Zixuan sent us two bags of fried chicken legs. Do you know what this person did?" She pointed her finger at Goo Shengli and continued, "He immediately grabbed the bags from Zixuan's hand and started running. The speed was so fast that not even a donkey could catch up with him. It was as if he had never eaten a chicken leg in eight lifetimes!"

Goo Shengli raised his hand to scratch his neck, then suddenly remembered something and shouted, "Qin Yu, what nonsense are you spouting! I remember you still didn't join the crew back then!"

Qin Yu stuck out her tongue at him. "I haven't joined the crew yet, but Zhelan and Zixuan told me about it. What? Are you jealous because they have a good relationship with me?"

"Hahahaha..." Shi Jian, Xu Qigang, and Cai Yuhan laughed out loud until their stomachs ached.

These people were just too interesting!

[Chapter 343 - How Can Han Yuanjun Treat Them Differently Just Because Of Liang Zixuan](#)

With what Qin Yu had just said, they could imagine Goo Shengli running away with two bags of fried chicken legs. It's really funny.

Even Xu Yijun, who looked very cold and handsome, interrupted and started chatting with them. "I was very curious before. During the Girl of The Rose, why didn't Director Su promote Goo Shengli and Qin Yu together? Other movies and TV dramas will promote the male and female lead, but now I can clearly see why. He wanted to stir up the sisterly relationship between Liang Zixuan and Qin Yu."

He continued to smile arrogantly. "Goo Shengli's style simply doesn't match with Qin Yu. Don't look at how deep their love was in the movie. It was just acting and it wasn't like they were going to marry each other. As for Liang Zixuan and Qin Yu, they are good sisters inside and out. I am beginning to admire Director Su. It was a good decision to use Liang Zixuan and Qin Yu's relationship to boost promotion."

As he said this, Xu Yijun deliberately made a fist salute gesture to show his admiration for Su Zhengxiang.

Not to mention Shi Jian, Xu Qigang, and Cai Yuhan, even Liang Zixuan and Qin Yu had to laugh this time.

Goo Shengli immediately got annoyed. "Xu Yijun, do you actually know what you are saying? What sisterhood? I have a brotherly relationship with them too, okay."

Xu Yijun looked at him calmly and smiled. "Are you?"

"Hahaha ..." Qin Yu slammed the table and laughed. "Who wants to be your sister? I'll only be a sister to Zixuan."

With that, Qin Yu patted Cai Yuhan on her right and asked, "Yuhan, do you think he can be our brother?"

Cai Yuhan smiled and shook her head. "Of course not!"

Shen Ning and Jiang Yu were so envious that their eyes turned red when they saw how happy Zixuan's table was.

What a joke.

Qin Yu, Goo Shengli, and Xu Yijun together were practically half of the entertainment industry's influence and could cause high traffic.

Having dinner with one of them could make the other students jealous for a few days, not to mention having three of them at one table.

Shi Jian, Xu Qigang, and Cai Yuhan were just ordinary people, so how could they know these three people at once?

Besides, they were talking and laughing. Qin Yu, Goo Shengli, and Xu Yijun did not act like celebrities to them at all. They were acting like real friends, otherwise how could they have talked about such things at the table?

Shen Ning and Jiang Yu stared at them in jealousy, wondering what the hell Yao Xiaosheng was. They always flattered her, but other than eating big meals, they got nothing at all from her.

Yao Xiaosheng was a person who liked to put on airs. She wasn't famous, but she had many airs and always made people behave like cattle, and couldn't go against her wishes.

Whatever she said, they had to do it, otherwise, if she was displeased, they would be scolded until they were beaten to death.

Shen Ning and Jiang Yu didn't know what they were thinking back then. Their heads must have been kicked by a donkey.

If they had known earlier, they would have gone to Liang Zixuan rather than to Yao Xiaosheng.

Looked at Shi Jian, Xu Qigang, and Cai Yuhan. Ever since they followed Liang Zixuan, looked at what kind of people they could meet and eat together with.

The more Shen Ning and Jiang Yu looked at it, the angrier they became.

Seeing Shen Ning's and Jiang Yu's jealous and resentful expressions, Yao Xiaosheng slapped chopsticks on the table and sneered at them. "What, are you guys jealous to death now? Heh... If you are so envious and jealous, then go and hug Liang Zixuan's thighs! Tch ... I don't know if she is interested in fence-sitters like you!"

After being exposed, Shen Ning and Jiang Yu had awkward expressions on their faces. They could not hide it for a while.

Finally, relying on her natural acting skills to cover her embarrassment, Shen Ning quickly flattered Yao Xiaosheng. "Xiaosheng, what are you saying? Am I that kind of person? I'm just watching to see if their friendship and passion are genuine or just for a show. How could I leave you and go to Liang Zixuan when you are so kind and beautiful?"

"Exactly!" Jiang Yu nodded furiously. Although her reaction was not as quick as Shen Ning's, she remained smart. She knew Liang Zixuan definitely didn't like her now, so there was no reason for her to offend Yao Xiaosheng just for the sake to curry favor with someone she couldn't hug.

"Liang Zixuan only has this much ability! She's not as beautiful as you, so why do we have to fawn over her? I just don't like seeing the happy faces of Shi Jian, Xu Qigang and Cai Yuhan. It was as if hugging Liang Zixuan's thighs allowed them to get the benefits from Han Yuanjun."

These words sounded very pleasing to Yao Xiaosheng's ears. Leave it to Shen Ning and Jiang Yu to please her anytime and anywhere.

Yao Xiaosheng nodded and laughed cynically. "Who is Han Yuanjun? Even if he is married to Liang Zixuan, would he grant her anything she wanted? Shi Jian, Xu Qigang, and Cai Yuhan are stupid. How can Han Yuanjun treat them differently just because of Liang Zixuan? Huh, dream on! Even until now, he won't be able to remember their names."

As soon as she finished, Han Yuanjun came in from the door.

When everyone at the tables nearby saw him, they were very excited.

There were also a few others who wanted to rush to greet him.

Shen Ning quickly exclaimed, "What the hell! Talk about the devil, and he shall appear. Han Yuanjun is here!"

When Yao Xiaosheng heard this, she turned around to look. It was good that he hadn't seen her, but his sudden appearance made Yao Xiaosheng become so angry that her face turned pale.

Han Yuanjun continued walking toward Liang Zixuan's table. When the person at the table saw him, he immediately brought a chair for Han Yuanjun in a hurry and placed it next to Liang Zixuan.

Han Yuanjun was in no hurry to sit down. He glanced at the people at the table and finally smiled, "I'm sorry for arriving here a little late. I'm a little busy with work."

Qin Yu smiled. "Everyone knows that you are busy. But since you are late, you need to have drinks with us."

All the people at this table belonged to the Han Group. Han Yuanjun was a big boss to them, so even though they felt uncomfortable in their hearts, they didn't dare to say anything. Moreover, how could they feel uncomfortable?

As long as Han Yuanjun remembered their names, they could have a good relationship with him in the future.

They all laughed and said, "It's not late at all. If you don't mind, how about drinking a glass of wine with us?"

If it weren't for Qin Yu's first suggestion, they wouldn't even dare to say something like that.

Han Yuanjun nodded in a friendly manner. "Alright, then let's have a drink."

Liang Zixuan smiled as she poured the red wine into the cup that had been prepared for him. With her other hand, she grabbed Han Yuanjun's hand that was hanging by his side. "I can't help you today."

Han Yuanjun looked at her fondly and smiled. "It's fine.. This is the first time I've seen my wife pouring wine for her husband."

[Chapter 344 - I Didn't Expect That By The Time We Meet Again, You Two Would Already Be Married](#)

The words "husband and wife" appeared so cruel that they made everyone at the table quiver with a "hiss", causing goosebumps to appear all over their bodies.

With the exception of Liang Zixuan and Han Yuanjun, everyone at the table was a single dog. They all got a toothache when they heard Han Yuanjun's sweet words.

Shi Jian pouted, "Liang Zixuan, if I knew that Young Master Han is here to bully us, I wouldn't go out to eat with you even if I were beaten to death!"

Cai Yuhan nodded in agreement. "Yes, this is too abusive. I've already eaten some of the dishes, but now that Young Master Han has fed the dog food, I feel bloated!"

After saying so, she purposely burped, causing the people at the table to laugh uncontrollably.

Liang Zixuan blinked her eyes innocently. "What's wrong? He didn't say anything. Why do you all look like that?"

"Alright!" Qin Yu put down her own glass of wine in front of Han Yuanjun. "Zixuan, you stay out of this. Uncle, tonight, I will punish you with two glasses of wine. You must drink them or I won't let you go."

Han Yuanjun looked at Qin Yu's wine glass in disdain and took the glass in Liang Zixuan's hand. Then he asked her to take hers as well and put it in front of him. "I'll drink them and I'll do it as a form of respect, but don't you dare disrespect my wife."

Everyone: "..."

Young Master Han, are you done yet?

Did you really have to torture us like this?

Bullying someone without a husband or wife, this was against human rights, okay!

After Han Yuanjun finished his drinks, he sat down and glanced at Liang Zixuan's friends. He suddenly asked, "Did you guys sign up for this year's talent show?"

Shi Jian shook her head. "No, after hearing everything from Zixuan, the three of us thought about it seriously and felt that we couldn't pass it. We are only wasting our time, so we decided to focus on our acting."

Han Yuanjun looked at the three of them in admiration, then shook Liang Zixuan's hand and said, "It's true that this talent show isn't suitable for you, but it's fine. There are many resources in the Han Group, and by the time three of you graduate, Zixuan will introduce you to some directors."

Shi Jian, Xu Qigang, and Cai Yuhan felt flattered, and their eyes widened in shock, but they quickly calmed down.

The three of them nodded happily and thanked Han Yuanjun.

When Yao Xiaosheng saw this, she was so angry that she wanted to flip the table.

What was that?

Was Han Yuanjun just here to slap her face?

She had just said that Han Yuanjun couldn't remember the names of Shi Jian and the other two. Just a few minutes after she said that, Han Yuanjun had promised them that Liang Zixuan would introduce them to the directors after they graduated and provide them with resources from the Han Group.

How could Shi Jian, Xu Qigang, and Cai Yuhan get Han Yuanjun's promise when she couldn't even get that?

In fact, Yao Xiaosheng even knew that the reason Han Yuanjun had said this was to make Liang Zixuan's school life more pleasant and bring her friends closer to her.

Han Yuanjun actually still felt like helping Liang Zixuan strengthen the friendship with her friends?

Didn't Han Yuanjun feel afraid that Liang Zixuan would become wild and arrogant by doting her so much?

Yao Xiaosheng was furious. When she turned around, she saw that Shen Ning and Jiang Yu were staring at Liang Zixuan's table with red eyes. It was as if they wanted to grab Liang Zixuan's thigh.

Yao Xiaosheng stood up angrily, kicked the table, and left.

Shen Ning and Jiang Yu quickly looked away and looked at Yao Xiaosheng's furious figure. They knew that they couldn't control themselves and had made her angry.

Shen Ning hurriedly said, "Xiaosheng, where are you going?"

Yao Xiaosheng didn't even look back. "Why should I stay here any longer?"

Jiang Yu stood up in a panic and said, "But I haven't eaten yet"

Actually, she wanted to say that you haven't paid for the food yet, so if you wanted to leave, you should at least give us the money.

Yao Xiaosheng understood the hidden meaning behind her words. She turned around and pointed at Jiang Yu angrily. "You order your own meal, so you pay for it with your own money! Don't think that I am stupid. I know what is playing in your head."

The situation became quite ugly, but Yao Xiaosheng did not give a face to them at all. After speaking, she left the restaurant in a hurry.

She really didn't pay a penny.

Shen Ning and Jiang Yu looked at the table full of dishes. At first, they were drooling with greed, but now they really can't eat anymore.

Usually when they go out to eat with Yao Xiaosheng, she was the one who would pay for it. They had never felt heartache before. Now that it's their turn to pay, they feel heartache!

But since they had already ordered it, it would have been a loss if they did not eat it.

Shen Ning and Jiang Yu ate the food they ordered while glaring at Liang Zixuan's table.

Liang Zixuan really didn't know what Shen Ning and Jiang Yu were thinking. Her attention was always on her table.

Han Yuanjun took a piece of fish and put it in his bowl. After carefully poking the meat, he placed the meat into Liang Zixuan's plate.

The fish was already tender to begin with, and now that he had poked it, it looked a little rotten.

Liang Zixuan didn't say anything and immediately began to eat, making the few people nearby feel nauseous from watching their affection.

They had seen people who loved each other before, but they had never seen people who really loved each other like Han Yuanjun and Liang Zixuan.

They decided that they could not eat with Han Yuanjun and Liang Zixuan anymore in the future. The sight in front of them was too cruel!

At this point, the sharp voice of the woman suddenly sounded next to them. "Brother Jun...."

The corner of Liang Zixuan's mouth twitched when she heard that name. She raised her head together with Han Yuanjun and looked towards the incoming person.

There were three women standing next to them. They knew the person standing in front. Not only did Liang Zixuan know her, even Han Yuanjun also knew her. It had been a long time since they last saw each other.

But the Jiang Ning during the past half a year seemed to have become completely different people.

Back then, Jiang Ning had a spoiled look from head to toe, like a daughter of a rich family. The Jiang Ning standing in front of them, on the other hand, was dressed in a black business suit with her hair tied in a ponytail, looking energetic and capable.

Even more so, the smile on her face became more and more confident. It made people feel that she was extremely beautiful.

Qin Yu and Goo Shengli naturally knew Jiang Ning. They also knew about the past Jiang Ning had with Liang Zixuan, so the way they looked at her was a little cold.

Zeng Zhelan humphed in ridicule. "It's been so long since we last saw each other. I thought I would never see her again in this life. She's really like a ghost that keeps coming back."

Han Yuanjun just glanced at Jiang Ning and lowered his head. Then he picked up a prawn and began to peel it.

He didn't say a word.

Jiang Ning just stood there, watching him peel the prawns and put them on Liang Zixuan's plate. Her eyes suddenly darkened, but the smile on her face didn't change.

She looked at Han Yuanjun and said to Liang Zixuan, "It's been a long time.. I didn't expect that by the time we meet again, you two would already be married."

[Chapter 345 - Do You Really Expect Han Yuanjun To Shift His Emotions Onto Me Now](#)

Liang Zixuan also didn't expect that Jiang Ning would still think of Han Yuanjun even after he was married.

Although Jiang Ning didn't say it directly, but her eyes that were staring directly at Han Yuanjun explained everything.

When they had gotten engaged, Jiang Ning had already caused a commotion in the Han Family. Although Liang Zixuan didn't know why she suddenly stopped and disappeared after that, her instinct told her that Jiang Ning never gave up.

It didn't matter if Han Yuanjun was in a relationship, engaged or married. As long as Jiang Ning wanted him, she would definitely snatch him away from her.

However, the Jiang Ning now didn't look as stupid as before. It was as if she had returned after years of training. Liang Zixuan had no choice but to pay full attention to her.

"Yes." Liang Zixuan took the chopsticks and put Han Yuanjun's freshly peeled prawn meat into her mouth. She looked at Jiang Ning with a thin smile as she chewed, "We're married."

If it was the Jiang Ning of the past, she definitely wouldn't be smiling so much now and would even flip the table in anger. But the smile on Jiang Ning's face hadn't changed at all as she stood there, looking as noble and graceful as ever. "Congratulations to you two."

Liang Zixuan did not back down at all as she smiled and said, "Thank you."

It looked like a normal conversation, but the people at the table had long sensed that a bloody battle was raging between them, and they all bowed their heads, not daring to speak or look at each other.

Then Jiang Ning asked Han Yuanjun, "Brother Jun, I heard that the Han Group will create a female group this year?"

Han Yuanjun didn't stop and helped Liang Zixuan peel the prawns. He raised his eyes to look at Jiang Ning and said coldly, "Miss Jiang, I don't know you. Please don't call me so friendly in front of my wife's friends."

He suddenly stopped and held Liang Zixuan's hand in front of everyone. "It doesn't matter if others misunderstood, but if my wife misunderstood, I have to get on my knees when I get home. Please don't create any trouble between us, husband and wife. Thank you!"

The corners of these people's mouths twitched as they looked down. Again, they felt as if they had received 10,000 points of critical damage from dog food.

This woman was too annoying.

They felt that they had been abused too badly by Han Yuanjun's affection.

And now she was deliberately adding fuel to the fire?

Jiang Ning's smile eventually stiffened for a split second, but it was only for a moment, then quickly returned to normal. She wisely changed the way she called him.

"Mr. Han, I was wondering if my company would be honored to sponsor your talent show? We could talk about the price."

Liang Zixuan took a deep breath in shock. She never thought Jiang Ning could be so smart in such a short period of time. Besides, she was very confident that no one could ignore her existence.

She directly took advantage of her status as a business partner and stood on par with Han Yuanjun. She was no longer the Jiang Ning who wholeheartedly wanted to enter the Han Group and approached Han Yuanjun in this way.

After all, as a subordinate, no matter how strong her background was, she was still much lower. But as a business partner, Han Yuanjun had no choice but to take her seriously.

Liang Zixuan pursed her lip and looked at Han Yuanjun. Her eyes clearly said, 'Even when you're married, she still won't let you go. You're definitely charming!'

Han Yuanjun received Liang Zixuan's gaze and sighed helplessly. He no longer looked at Jiang Ning and only focused on peeling the prawns for Liang Zixuan, but when he opened his mouth, he brushed Jiang Ning's suggestion aside. "We have decided on the sponsorship. Don't bother yourself with the small things. If you want to work together next time, you can talk to the manager under my responsibility."

These words were a bit shameless.

The meaning behind his words is, 'Cooperation is no problem, okay. He won't turn away anyone who comes. But he's the president, so there's no need to talk about such a small matter with him. If there's anything you want to talk about, you can go to his subordinates. This is the person you need to spend your money on. No matter what you are trying to do, you still can't see him.'

Liang Zixuan felt that only Han Yuanjun could be so thick-skinned.

Who would have thought that even Han Yuanjun didn't give a face to Jiang Ning, she was still not angry. She nodded calmly, and with a wave of her hand, she revealed the demeanor of a strong woman. "Very well then. I'll ask my manager to pay more attention to the Han Group's movements, and we will work together again when we have the chance."

After she finished speaking, Jiang Ning brought the two women to the next table and sat down.

"Ning, why are you being so good-natured just now? If it were me, I wouldn't even need to cooperate! You are in a hurry to give him the money, and yet he didn't give you any face. It's not like you are cheating!"

As soon as she said this, she realized that she had said the wrong thing, and her face turned awkward.

Jiang Ning took the menu from the waiter and pretended not to hear the ridicule in her voice. She said flatly, "As long as there is cooperation, we will definitely meet. As long as we meet, I will have the opportunity. Do you really expect Han Yuanjun to shift his emotions onto me now?"

She suddenly smiled mockingly. "Even after knowing me for so long, he has not been tempted yet. Even if I used all my abilities, he would not be tempted by me. I not only want his heart, I want everything from him!"

Hearing Jiang Ning's words, these two women subconsciously looked at Han Yuanjun, who was sitting at the table beside them.

That's right, a man like him could lie on the outside, but who knew what was playing in his heart?

Besides, with their background, how could the family allow them the opportunity to freely fall in love? If they were unable to find a woman from a higher class by themselves, then they would be married into a business alliance.

Instead of marrying someone who was ugly and came from a poor background, Han Yuanjun might as well marry someone that his family liked. Even if he didn't like the woman, it didn't matter as long as his family was happy.

How could there be so many beautiful and loving couples in this world? A person's whole life will be spent just like that.

Since Jiang Ning was confident in herself, they knew that the result would be good.

Therefore, these two women didn't look down on her, nor did they think that she had done anything wrong.

People with the same view of the world, values, and love would never think that the other party had done anything wrong.

Their gazes were too direct. When they looked at Han Yuanjun, they even casually passed Liang Zixuan. Even though Liang Zixuan had her back facing them, she could still feel their fiery gazes.

She had originally been eating well, but now she had lost her appetite.

Seeing Liang Zixuan put down her chopsticks, Han Yuanjun asked with concern, "What's wrong? Haven't you always eaten a lot? Why did you only eat a little today?"

Liang Zixuan looked at him gloomily. "Who has been eating a lot?"

Han Yuanjun: "..."

Liang Zixuan really liked to eat. When she came across a dish that she liked, she would eat a little more even if she was already full.. She could eat five dishes at once.

[Chapter 346 - I Won't Be A Fool And Seek Comfort From Other Women](#)

It's not that Han Yuanjun despised Liang Zixuan for eating too much, but he actually liked her for that.

Didn't they say the life of being a glutton was easy and simple? He just liked watching Liang Zixuan eating to her heart's content.

But what Liang Zixuan said today was obviously not right. He also knew why she would say that.

Han Yuanjun pulled Liang Zixuan into his arms and whispered, "You don't eat much. Even if you eat more, I can still support you."

Liang Zixuan's face turned a little red. She was hugged like this in front of everyone, so how could she not feel embarrassed? "Alright, I know. Let me go."

"Not letting go." How could Han Yuanjun let her go so easily? This little girl was obviously jealous. He gently coaxed her, "Don't worry, I definitely won't see her again."

Liang Zixuan snorted with a fake smile. "Do you think you can ignore this even if you don't want to see her?"

Jiang Ning was really shameless. Even though she knew Han Yuanjun didn't like her, she still clung to him. This person was really a bad person.

Extremely bad!

Han Yuanjun kissed Liang Zixuan's forehead lightly. "Don't worry, I won't make a mistake. I promise!"

Liang Zixuan wasn't a petty person. Besides, she shouldn't be angry with Han Yuanjun because of outsiders. If there was a rift between her and him because of this, then she would really fall into Jiang Ning's trap.

Liang Zixuan wasn't stupid.

She put her hand on Han Yuanjun's cheek and kissed him in front of many people. Then she smiled and said, "I was just teasing you. How could I not believe you?"

Pa! Pa! Pa!

The sound of chopsticks falling could be heard.

Liang Zixuan and Han Yuanjun turned around and saw that everyone around them was staring at them in pain.

Liang Zixuan chuckled a little and hurried out of Han Yuanjun's arms. "Why are you guys so dazed? Let's eat."

Everyone: "...."

What else was there to eat?

Their stomachs were already filled with dog food.

Finally, the meal ended happily. Everyone drove their cars home and went to find their mother to fix their marriage. They could no longer be single.

Liang Zixuan sat in the passenger seat while her eyes focused on the streetlights outside the window as she was lost in thought.

It's been half a month.

She hadn't heard from Liang Jiahao for half a month.

She called Gong Enlai almost every three days. He advised her not to worry because things like this couldn't be rushed. Even so, Liang Zixuan couldn't help herself from being worried.

Han Yuanjun drove the car and glanced at her from time to time.

Ever since she had gone out with Goo Englai, she had always been lost in thought. She could sit alone somewhere for an hour without moving her butt.

This was extremely hard for Han Yuanjun. If Liang Zixuan didn't want to tell him, he wouldn't be able to ask.

But today he thought her silence was due to Jiang Ning.

He let go of his right hand and grabbed her hand, saying sincerely, "Baby, we've gone through so many difficulties together. Don't tell me you still don't trust me?"

Liang Zixuan was stunned for a moment, then she realized that Han Yuanjun thought she was jealous.

She smiled and leaned against his shoulder. Staring at the night scene outside the window, she hugged his arm. "I trust you. Really, I trust you more than anyone else, and I'm not stupid."

She smiled. "If you really like Jiang Ning, you won't be with me. All this time, you never had any feelings for her. There's no way you can have feelings for her now." *NOVELUSB.COM*

After saying that, she looked up at Han Yuanjun and chuckled. "Unless I myself don't do good and let you live a bad and unhappy life until you seek comfort from other women. If that's really the case, then I don't blame you for cheating on me."

"I am happy. I am very happy with you." Han Yuanjun tilted his head and kissed Liang Zixuan's hair. "Even if you become grumpy and troublesome one day, that's something I'm spoiled for, and it has nothing to do with you. Since I dare to pamper you, I am willing to bear it all. I caused everything to happen, so I won't be a fool and seek comfort from other women. I will not cheat on you, I will be reasonable with you."

Liang Zixuan blinked and asked in amusement, "What if I am unreasonable?"

Han Yuanjun chuckled. "Then I like you better! What can I do about the woman I love? Of course, I can only pamper her."

Liang Zixuan smiled. She was not worried about Han Yuanjun at all. Jiang Ning only appeared in their life occasionally, but knowing that there were still women thinking about her man, of course she felt a little uncomfortable in her heart.

But she wasn't stupid enough to ruin her relationship with Han Yuanjun because of this little thing.

Only foolish women will cause trouble.

The more noisy and pushy the wife is toward her husband, the more it would throw her husband into another woman's bed.

Liang Zixuan trusted Han Yuanjun. If she couldn't even trust him and had even a slight doubt about him, what's the point of their relationship?

????

Liang Zixuan gave Manager Lang the full right to lead the talent show. She only gave a few pointers and opinions when Manager Lang was unsure and asked her for it.

Liang Zixuan did her best to make sure there were no backdoor rules, and how confident she was that their plan would work.

Manager Lang admired her from the bottom of his heart. He really did not think that Liang Zixuan, who was still young and had no professional business training, could do something very well.

Although there were not many people in their company, everyone really admired her from top to bottom.

The people at the top were smart and capable, while the people at the bottom worked together. If they did this together, the result would be twice as good, with half the effort.

Liang Zixuan spent most of her day studying. Since she chose to take two courses, she had to work twice as hard as the others.

Every time Shi Jian, Xu Qigang, and Cai Yuhan saw Liang Zixuan not sleeping at noon when they had a break, that she would just be sitting there reading a book or listening to music or watching videos, they could not help but be amazed by her.

She's already married to such a good husband, and her grandfather is Qiao Hongya. They couldn't believe that she still had to work so hard. Seeing how hardworking she was, they began to doubt themselves.

It was also because of Liang Zixuan that they knew that success was not a coincidence, nor was it due to luck or the promotions of others. But it was because of the accumulation of time that they had accumulated and how hard they had worked for it.

For those with strength, just one opportunity was enough to turn the tide. For those without strength, even if the opportunity was right in front of them, they still wouldn't be able to seize it.

With Liang Zixuan as an example, the three of them became more diligent in their studies.

Several times in acting classes, the teachers also praised them for so much improvement.

When the preliminary round officially began, the entire Nanyang Academy was as lively as if it was the new year.

Liang Zixuan originally wanted to promote this preliminary round, so Manager Lang and Principal Tao discussed this and arranged for the program to be recorded at the Nanyang Academy Theater.

[Chapter 347 - Did You Know That Brother Jun Actually Called Me The Next Day](#)

This way, the students could use their tickets to go watch the preliminary after school ended. In advance, Liang Zixuan asked Manager Lang to give three tickets to Shi Jian, Xu Qigang and Cai Yuhan.

The moment Shi Jian, Xu Qigang and Cai Yuhan entered the theater with Liang Zixuan, they heard Shi Jingguo's excited voice. "Liang Zixuan!"

Liang Zixuan looked in the direction of the voice. When she saw Shi Jingguo, she quickly took a few steps forward and stood in front of him. "Director Shi, I haven't seen you for a while."

"Yes, it's been a while." Shi Jingguo laughed loudly and said, "I originally wanted to go to the Han Group to visit you and Young Master Han, but I heard that you are studying here. And since I will be directing this program, I will definitely meet you. So I decided not to disturb Young Master Han, haha..."

Liang Zixuan also laughed. "When you have time later, why don't you come to our house? I will prepare a good meal for you to thank you for helping me this time."

"Hey, what is there to thank me for!" Shi Jingguo quickly waved his hands. "Honestly, I'm not doing this for you or Young Master Han. I just wanted to help make it more popular."

Liang Zixuan smiled and nodded. "As one would expect from someone who doesn't do everything for money."

Shi Jingguo patted her on the shoulder. "It's your idea, of course it will be good! When Manager Lang called me and told me about the plan, I was immediately interested. When he sent me the proposal, I immediately said, "I have to come to this program. If I'm not allowed to direct it, I'll make a ruckus! Haha ..."

Shi Jian, Xu Qigang and Cai Yuhan did not expect Shi Jingguo to be such an interesting person. They laughed together with Liang Zixuan and him.

Liang Zixuan actually wanted to thank him, but she felt that since Shi Jingguo had already said so much, he wouldn't accept it even if she thanked him.

Liang Zixuan shook Shi Jingguo's hand without hesitation. "I'm here as an audience, so please don't show me any footage later. After watching the program and then seeing the effects of it, I will know whether the program is successful or not."

Shi Jingguo nodded. "Since that's the case, then sit down first. I still have a lot to do. When I have free time, I will have lunch with Young Master Han and you."

Liang Zixuan and her friends looked at the number on their tickets and went to find their seats.

Since Liang Zixuan's ticket was given by Principal Tao and the ticket that Shi Jian, Xu Qigang and Cai Yuhan got was from Manager Lang, they got the best view in the front row. Coincidentally, the four of them sat next to each other.

After Liang Zixuan sat down and chatted with them for a while, someone came and sat next to her.

Liang Zixuan didn't realize it at first. Many people had come today, many of whom she did not know. Still, the person who was sitting next to her was staring at her so much that she couldn't help but to take a look.

In the end, she saw Jiang Ning looking at her with a faint smile.

No matter what, there was something evil about that smile. Liang Zixuan only nodded to her politely but said nothing.

Jiang Ning saw that Liang Zixuan just nodded her head and was not bothered by her (Jiang Ning) presence, so she also turned around and looked at the stage.

Shi Jian, Xu Qigang and Cai Yuhan also saw Jiang Ning. Shi Jian, who was sitting next to Liang Zixuan, immediately tugged at Liang Zixuan's dress and whispered, "How about I swap seats with you?"

Xu Qigang and Cai Yuhan, who were sitting at the side, also heard this and immediately nodded. "You can swap with us too. The more distance you have from her, the better."

Liang Zixuan shook her head. "It's alright. I'm just sitting here."

If Liang Zixuan changed seats, that showed that she was afraid of Jiang Ning.

She was not a coward.

The program had officially begun. Since it was a live broadcast that aired on a television station, every shot had to be carefully shot.

Since Liang Zixuan and the others were sitting in the front row, the camera would sometimes shoot them intentionally or unintentionally.

Jiang Ning, who hadn't moved for so long, suddenly leaned toward Liang Zixuan and whispered. It was as if they were both good friends and shared gossip.

"Do you know why I'm sitting here?"

The tickets in the front row weren't sold to the public. Liang Zixuan knew that those who could sit in the front row were either their contacts or partners.

As a smart person, how could Liang Zixuan not guess the truth?

She nonchalantly curled her lips and said, "Thank you for your support of this program."

Jiang Ning raised her eyebrow as if she didn't expect Liang Zixuan to be so wise. Although her voice was soft, her attacking power was great. "Heh ...Did you know that Brother Jun actually called me the next day and said that he happened to lose a sponsorship?"

As she spoke, she looked at Liang Zixuan from the corner of her eye.

Liang Zixuan wasn't as stuck-up as Jiang Ning. She turned her head and looked at her. "Isn't it Mr. Han?"

Jiang Ning was taken aback at first, but then she laughed out loud. "You're really cute and naive. He asked me to call him Mr. Han in front of you, but in private he wants me to call him Brother Jun."

Her words were like a message to Liang Zixuan. While she wasn't here, Han Yuanjun and Jiang Ning had a close relationship. That aloofness was all pretended by Han Yuanjun in front of her.

Jiang Ning was looking at Liang Zixuan with a provocative look all this time, wanting to see her suddenly explode and embarrass herself in front of the camera. However, even after waiting for so long, Liang Zixuan didn't look angry, instead, she nodded at her seriously. "If that's the case, you can call me sister-in-law. It's fine, I don't care if you're much older than me."

Jiang Ning: "...."

Jiang Ning really didn't expect this. She had prepared everything for half a year. During this duration, she had learned many things, from cultivating her good nature to dealing with everyone calmly. But at this point, she really couldn't take it anymore and wanted to slap Liang Zixuan twice.

What did Liang Zixuan mean by not hating her because she (Jiang Ning) was so much older than her (Liang Zixuan)?

Since their first meeting, every time Jiang Ning attacked Liang Zixuan, Liang Zixuan had always managed to counterattack.

It's amazing how young she was.

No matter how angry she was, Jiang Ning didn't show it on her face. However, her smile was restrained before she quickly recovered. She looked at Liang Zixuan and smiled, "You want me to call you sister-in-law? Heh... Do you think you deserve it?"

Liang Zixuan pursed her lips as she said in a domineering way. "Since you called my husband 'Brother Jun', then I will be your sister-in-law. If Han Yuanjun doesn't acknowledge you, not only you don't deserve to call him Brother Jun, you also don't deserve to call me sister-in-law! Jiang Ning, don't think that you can stop from appearing as a bastard just because you are wearing fake skin. That bastard's indestructible skin has been cultivated since you were young.. You are truly inexperienced in this game."

[Chapter 348 - Let's Have A Midnight Snack Together](#)

How could Liang Zixuan not know that Jiang Ning was deliberately trying to anger her? If she got angry and slapped her during this live broadcast, Liang Zixuan would lose her reputation and be ridiculed for having a bad temper.

If Jiang Ning succeeded in angering Liang Zixuan again, she could ask Han Yuanjun for justice in this matter and find the opportunity to see him. It would be fine for once, but if it happened too often, any man with a good temper would get annoyed.

Jiang Ning's actions were too ruthless, attacking the heart before killing the target.

It would bring down the defenses in Liang Zixuan's heart and the trust she had in her relationship. Regardless of whether what Jiang Ning said was true or not, Jiang Ning had still won.

Without waiting for Jiang Ning to say anything, Liang Zixuan sneered, "Do you think I'll go back and interrogate Han Yuanjun about this? Do you think I'm as stupid as you? Not only will I not do that, but I'll also even treat him better. I won't give you any chance at all. Do you think I don't know that you've sought many opportunities to see him during this time, but you're still unsuccessful? So you decided to attack me instead?"

At that moment, the camera suddenly shot at them. Jiang Ning had no choice but to put on a smile and wait for the camera to pass them before gritting her teeth.

She finally understood why she had lost to Liang Zixuan.

Liang Zixuan was too scheming.

No matter what she did, it seemed impossible for her to upset Liang Zixuan.

Jiang Ning took a deep breath and still smiled politely as if she was talking to Liang Zixuan about something cheerful. "You better always have that confidence. Liang Zixuan, I underestimated you before. I'm admitting defeat now, but it's not over yet. We'll see who will win in the end."

"Who will fall for your tricks?" The corner of Liang Zixuan's mouth curved into a thin smile. She's learning how to act, so how could she not have this level of acting skills?

Even if she cared about it, she would pretend not to care in front of Jiang Ning. "How do you plan to be the devil, that's your problem and you can do it yourself. I won't fall for your tricks and games. You don't deserve to be my opponent!"

The clapping of the crowd was very loud, and the participants were singing and dancing on the stage. Jiang Ning and Liang Zixuan were in an uproar and no one but the two of them could hear what they were saying.

The whole program lasted for one and a half hours.

Jiang Ning's whole attention was focused on Liang Zixuan. However, Liang Zixuan not only didn't talk to Jiang Ning, but her eyes were also fixed on the stage. She didn't feel bothered in the least by her presence.

After the program ended, the audience dispersed and the participants left one by one. Qin Yu, Goo Shengli, and others had long seen Jiang Ning sitting next to Liang Zixuan. As soon as it was over, they both rushed to Liang Zixuan's side.

Seeing Qin Yu's behavior, Jiang Ning had to laugh. "Qin Yu, what's the meaning of this? It's as if I could eat Liang Zixuan alive."

"Who's Qin Yu? I don't know you, please call me Miss Qin!" Qin Yu really didn't give Jiang Ning a face at all. She raised her head high and looked down at her (Jiang Ning).

Jiang Ning didn't get angry. She picked up her bag and stood up gracefully before looking past Qin Yu at Liang Zixuan. She asked kindly, "It's already so late, why don't we go out for a midnight snack?"

Liang Zixuan was about to reply when a man's cold voice sounded from the side. "No need. If my wife is hungry, I'll cook her something delicious when she gets home."

Everyone turned around in surprise and saw Han Yuanjun walking towards them in a well-groomed suit.

As soon as he got there, Han Yuanjun pulled Liang Zixuan, who was behind Qin Yu, into his arms. He looked at her and said softly, "What do you want to eat? I'll make it for you."

Han Yuanjun had never cooked anything for Liang Zixuan before. She knew he did it on purpose to be seen by Jiang Ning, so she thought about it and said, "I want to eat noodles with fried eggs. I like to eat your fried eggs."

Han Yuanjun chuckled a little and pinched her nose. "Are you saying that I only know how to make fried eggs?"

Liang Zixuan, who was in his arms, pouted. "Did I say something wrong?" she asked coquettishly.

Everyone knew that what Liang Zixuan and Han Yuanjun were saying was most likely just an act, but even if it was an act, it still made their eyelids twitch.

The two of them were a walking dog food channel. As long as the two of them were together, it was inevitable that a burst of dog food would come out.

Jiang Ning felt her heart ache. She had known Han Yuanjun for more than 20 years. She had never seen him so gentle with anyone.

Ever since she was young, Han Yuanjun had been like a woman's magnet. No matter how handsome and gentleman he was, he always showed a cold expression and acted like he was higher than everyone else.

Jiang Ning even once thought that Han Yuanjun didn't like women.

But now that she saw how gentle Han Yuanjun was to Liang Zixuan, she finally understood that it wasn't that Han Yuanjun didn't know how to be gentle, it was because his gentleness was solely only for Liang Zixuan.

If he liked someone, if he wanted her, he would give all his tenderness. If he didn't like them and didn't want them, they could only see his aloofness.

Jiang Ning also thought how great it would be if the person in his arms was her.

Han Yuanjun didn't look at Jiang Ning at all while greeting Qin Yu and the others. Then he pulled Liang Zixuan with him and turned to leave.

Jiang Ning came back to her senses and called out anxiously, "Brother Jun!"

Not only did Han Yuanjun not stop, he even walked faster with Liang Zixuan in his arms. It was as if he was avoiding a plague.

Jiang Ning didn't really care about that. She quickly chased after them with her 8-inch high heels. Finally, she stood in front of Han Yuanjun and Liang Zixuan, blocking their path.

Seeing Han Yuanjun's expression darken, she said with self-awareness. "Mr. Han, we've finally met, let's have a midnight snack together."

She knew that Han Yuanjun wouldn't agree, so she looked at Liang Zixuan and asked with a smile, "Liang Zixuan, the three of us will go together, you won't refuse, will you?"

How could Liang Zixuan refuse in front of so many people?

If she refused, she would lose her reputation as a jealous and controlling wife, and Han Yuanjun would also get the title of "hand-pecked husband". Jiang Ning felt that Liang Zixuan would care about his dignity outside, so even though she didn't like it, she still had to leave some face for Han Yuanjun.

Who would have thought that Liang Zixuan wouldn't act as she expected?

Liang Zixuan said seriously, "I refused!"

Jiang Ning was taken aback and asked in surprise, "Why?"

Could it be that Liang Zixuan was really shameless?

Wasn't she afraid that Han Yuanjun would argue with her if someone said that he let his wife control his life?

Liang Zixuan looked at Jiang Ning with an expressionless face. Her hand naturally hooked onto Han Yuanjun's arm. "I'm not stupid.. I know you're after my husband. Do you really think I'm going to give you a chance to get close to him?"

[Chapter 349 - Husband Will Make Fried Eggs For His Wife](#)

As if Liang Zixuan knew what Jiang Ning was thinking, she smiled. "Jealousy is worthless here, I'm just stingy. I just don't like my husband having a personal relationship with another woman. What's wrong with that? If you're not convinced, then bite me!"

Jiang Ning paused for half a minute before asking incredulously, "Your stinginess is your problem. Aren't you afraid that Brother Jun will be ridiculed by other people for letting his wife control his life?"

Most men didn't want to hear others talk about themselves. Not only did it mean they had a low status in the family, but it also indirectly meant they were incompetent.

If they couldn't even suppress and control their wives, how could they be so arrogant when they were outside.

Liang Zixuan blinked and suddenly turned to Han Yuanjun, asking seriously, "Do you care what other people say? That you let your wife control your life?"

Han Yuanjun looked at Liang Zixuan. With a dotting smile on his face, he said, "I don't care. If someone really said that, it would be my honor."

Liang Zixuan blew a kiss to Han Yuanjun, then turned to Jiang Ning. She smiled, "You see it yourself. He doesn't care."

Jiang Ning was so angry that she almost died.

Jiang Ning even felt that since Han Yuanjun had been with Liang Zixuan, he had become a completely different person. Of course, that was only when he was with Liang Zixuan. He was still as aloof and indifferent to others as always.

She thought that with Han Yuanjun's current position, not to mention being swift and decisive, he would still be the same person when he returned home. Even if he wanted to pamper Liang Zixuan, he couldn't just listen to her and give up his own dignity.

What bewitching soup did Liang Zixuan feed Han Yuanjun?

Before Jiang Ning could understand what was going on, Han Yuanjun suddenly pushed her aside. He pulled Liang Zixuan away with him without saying a word to her.

Jiang Ning stood there and watched Han Yuanjun escorting Liang Zixuan out of the theater. She slowly raised her hand to cover the spot where Han Yuanjun had pushed her.

Han Yuanjun really didn't hold back. He used all his strength, and although it wasn't as painful as pinching her flesh, Jiang Ning still felt the pain.

He didn't feel pity for her at all.

Qin Yu and Goo Shengli also followed from behind. When Qin Yu passed Jiang Ning, she deliberately pushed her away a little and looked at her disdainfully. "A good dog doesn't block the way, don't you understand?"

Jiang Ning was so angry that she couldn't say anything, yet she could not be angry in front of many people, so she could only swallow her anger.

Qin Yu had already walked a few steps, but Jiang Ning could still hear her words. "What kind of person is this? Even after someone has shown that he hated her countless times, she still shamelessly clings to that person. Do parents nowadays not teach their child to be self-ashamed?"

Goo Shengli patted Qin Yu's shoulder from behind and said with a smile, "Don't get upset over an outsider. It's not worth it."

Jiang Ning: "..."

These people were as irritating as Liang Zixuan!

On the way back, Han Yuanjun and Liang Zixuan tacitly didn't mention Jiang Ning's name, as if they would feel disgusted whenever her name was mentioned.

Liang Zixuan also didn't ask Han Yuanjun about the corporation he had with Jiang Ning. It was as if she didn't know anything at all.

Since Liang Zixuan would be watching the program, Han Yuanjun didn't go to Qiao Hongya's place for dinner. He purposely worked overtime before picking her up.

When they got home, Han Yuanjun was hungry. After changing shoes, he pushed Liang Zixuan onto the sofa in the living room. He also brought the TV remote control to her, then went to the kitchen.

When the servant asked him if he wanted to eat a midnight snack, he refused.

When Uncle Yu saw him enter the kitchen, he immediately came in and told Han Yuanjun where everything was placed. Han Yuanjun nodded. "I'll remember it. You can take a rest. There's no need for your help here."

When Liang Zixuan saw that Uncle Yu had come out, she threw away the remote control and walked curiously toward the kitchen in her slippers.

Han Yuanjun was cooking?

For real?

Liang Zixuan leaned against the kitchen door and peered inside. She saw Han Yuanjun pull his sleeve up to his elbows, showing off his strong, sturdy arms as he took eggs out of the fridge.

Han Yuanjun heard the footsteps and turned to see Liang Zixuan sneakily looking at him. He couldn't help but chuckle. "Don't hide there. If you want to see me, come in and see it openly."

Liang Zixuan laughed and entered through the door. Seeing four eggs in his hand, she asked in surprise, "Are you really going to make fried eggs for me?"

Han Yuanjun put the eggs in the basket and turned to get a pot to boil the water. He said as if nothing had happened. "Yes, I wasn't speaking casually just now. I really wanted to cook something for you."

Liang Zixuan was instantly overjoyed. She really thought Han Yuanjun had just said that because he was angry with Jiang Ning.

She didn't expect that he would actually do it for her.

Liang Zixuan hugged Han Yuanjun's waist from behind and then laughed happily. "You're really going to cook for me. Why is my husband so good!"

Han Yuanjun put the frying pan on the stove and held Liang Zixuan's hands that were on his waist. This was the first time he felt something like this, and it was also different. It was as if he was closer to her.

He had heard a saying before that to capture a man's heart, you must first grab his stomach.

He felt that those words were not only useful to men, but to women as well.

Just like now, the way Liang Zixuan hugged him so excitedly gave him a sense of pride and accomplishment.

He smacked Liang Zixuan's little butt. "Yes, your husband is so good. Now, your husband will make fried eggs for his wife."

Liang Zixuan's head obediently rubbed against Han Yuanjun's back like a lazy kitten. Suddenly she stuck her head out, looking at the frying pan on the stove, and asked, "Do you know how to fry eggs?"

Han Yuanjun tilted his head and looked down at Liang Zixuan. He raised his eyebrow and said proudly. "No."

Liang Zixuan: "..."

If he couldn't do it, how could he cook for her?

What if he burned down the house later?

Han Yuanjun saw the worry on her face and smiled. "Although I don't know how to do it, it shouldn't be hard.. It's just to fry an egg."

[Chapter 350 - Happiness](#)

No matter how Han Yuanjun assured her, Liang Zixuan didn't feel confident at all.

She stepped out from behind Han Yuanjun and stood beside him. With a guarding expression on her face, she said, "Alright, I'll keep watch here. Please start cooking."

Han Yuanjun then began to cook.

He first lit the stove and took an egg from the basket. Perhaps that was the only thing he had never eaten before because he looked at it for a few seconds and then took another egg.

With one in each hand, he smashed it into the pan so hard that it cracked.

The egg white and yolk fell into the pan along with the broken eggshell.

The corner of Liang Zixuan's mouth twitched. Looking at the eggs in the pan, she felt pain for them.

Han Yuanjun touched his nose awkwardly. "It's broken ..."

The remains of the egg yolk also stuck to his fingers, and with that touch, his nose was also covered with it. Liang Zixuan raised her head and saw that there was a little yellow on the tip of his nose.

She laughed out loud and stood on her tiptoes, wiping them with her hands. "Do you have an enmity with the eggs? Why are you doing this to them?"

Han Yuanjun quietly looked at the eggs in the pan and said seriously, "This time it was a mistake. I used too much force. I definitely won't do it again!"

With that, he turned off the fire and poured the contents out of the pan. After rinsing the pan with water, he placed it back on the stove. "Believe me. This time, it definitely won't be a problem."

Liang Zixuan said nothing as she stood there, smiling at him.

Han Yuanjun took the remaining two eggs. Then he thought for a moment and came to the conclusion that his method earlier mightn't be suitable, so he put one back into the basket and held the egg in his left hand.

He curled his right index finger and tried to tap the shell of the egg first. Since nothing happened, he increased his force. With a "pa" sound, his index finger finally penetrated directly into the eggshell.

Liang Zixuan laughed loudly in an unkind manner.

Han Yuanjun looked at Liang Zixuan and smiled. He was also angry with himself. He put the egg away and took the last egg. "I'll try again. This time, I'm sure it'll work."

Liang Zixuan snatched the egg from his hand. "Stop trying. Your method is wrong. There's no way it'll work. I'd better do it. Go outside and wait. You can eat later."

"No way!" Han Yuanjun stubbornly snatched back the egg. "I said that I'll cook for you, how can I go against my words? A man won't go against his words. Especially to his wife."

Liang Zixuan was powerless against him. She knew that if she left it to Han Yuanjun, she wouldn't be able to eat at all.

She sighed, "Let me teach you."

"Sure." Seeing that Liang Zixuan wanted to take the egg again, Han Yuanjun hurriedly protected it. "Tell me what to do, and I'll do it myself."

Liang Zixuan stood there and instructed him. "Pour some olive oil into the pan first."

Han Yuanjun set the egg down hesitantly. He was afraid that Liang Zixuan would take it away from him.

When Liang Zixuan saw the olive oil being poured in, she said, "Take an egg and gently tap it on the edge of the pan. Make a small hole."

Seeing that Han Yuanjun was so careful that he only made a small crack this time, she nodded with satisfaction. "Then take the egg with both hands and pull it out of the hole. Don't use too much force."

Although Han Yuanjun had never cooked before, his brain was still good. He remembered everything Liang Zixuan had said, and he controlled his strength well. He didn't waste another egg and took out three more from the fridge to fry them together.

While Han Yuanjun was frying the eggs, Liang Zixuan saw that the water in the pot was boiling. She put some noodles into the pot and threw in some vegetables.

After Han Yuanjun fried four eggs, Liang Zixuan's noodles were also ready.

Both of them worked together at a fast pace.

Han Yuanjun sniffed the fragrant noodles and the smell of the eggs and proudly said, "As expected, it's the most delicious dish in the world that I personally made."

Liang Zixuan nodded in agreement. "Yes, who would have thought that Young Master Han could cook? Being able to eat fried eggs made by Young Master Han is truly a blessing from my previous life."

When the words "previous life" were uttered, Han Yuanjun's face became a little strange. He looked at Liang Zixuan with a gentle gaze while his Adam's apple moved up and down uncomfortably. In a hoarse voice, he said, "If you want, I will cook it for you every day."

Liang Zixuan did not notice his strangeness. She took a bite of the fried egg and smiled contentedly. "How can I let you cook every day? Even if you do it once in a while, I feel very happy. "

Happy?

Han Yuanjun silently lowered his head. He felt that such happiness was not enough.

He didn't even know when Liang Zixuan's danger would arrive. He's really scared. He's scared that he won't be able to protect her.

Until Liang Zixuan finished eating, she did not even notice the subtle change in Han Yuanjun's heart. When they went to bed, Han Yuanjun's strength frightened her.

When she woke up the next day, she was unable to get out of bed.

Fortunately, it was the weekend, and since she had no classes, Liang Zixuan was confined to her bed for the first time.

Without turning on the alarm clock, she slept through the night. When she opened her eyes, she found the man next to her already awake.

He was leaning against the headboard, had a laptop on his lap, and was working on his work.

Liang Zixuan rubbed her eyes and felt a pain in her arm when she raised her hand. It hurt her as much as what she had experienced on the first day of military training.

"Hiss!" She hissed in pain.

Hearing her voice, Han Yuanjun put the laptop aside, lay down, and hugged her. "Why are you awake? It's the weekend, and no one is telling you to get up."

Liang Zixuan moved her legs and twisted her waist, grimacing in pain. "I can't get up even if I wanted to."

Han Yuanjun was confused, "Why?"

Liang Zixuan gloomily kicked him under the blanket. "Why don't you tell me?"

Han Yuanjun immediately understood and chuckled. He gently massaged Liang Zixuan's waist. "It's my fault. I didn't expect to be so fierce last night.. I just let myself have a good time."
