

Beauty 381

[Chapter 381 - You Don't Want Me Back](#)

Liang Zixuan was very moved by this.

Her mother's greatness was reflected in such a small thing.

Once, the baby suddenly peed on Liang Lihua's pants. Liang Lihua went to the bathroom to clean up and changed her pants. At that moment, Liang Jiahao came home from school with a bunch of grapes he'd gotten from who knows where.

Liang Jiahao glanced at the bathroom door and laughed evilly when he heard the sound of water.

Then he walked over to the baby, peeled the green grape skin, and removed the seeds before putting it in the baby's mouth.

The baby was still young and was very happy to see her big brother feeding her. She opened her mouth and swallowed the grape. Suddenly, her little pink face twitched and furrowed into a frown. Her big eyes also narrowed in discomfort.

Liang Zixuan looked at the baby's expression and felt her teeth ached.

How sour was this grape actually? The baby's eyes, nose, and mouth were all pinched together!

Liang Jiahao saw the baby's exaggerated expression and laughed out loud. "Little sister, what are you doing? Was it that sour? Don't lie to your big brother. When I came back just now, I even tasted it myself. It's sour, but my reaction isn't as exaggerated as yours."

Liang Jiahao couldn't take it anymore, so he crawled up and ran to the bathroom to tell Liang Lihua. "Mom, look at little sister's expression! Those grapes aren't that sour at all. Look at her expression, she's so sour, so why don't you train her to be an actress in the future?"

Liang Lihua knew that Liang Jiahao was bullying his little sister. She just happened to wash her pants and left it to dry. After wiping her hands, she went out. When she saw the baby's expression, she couldn't help but laugh.

She walked over and put a grape that Liang Jiahao had brought in her mouth for a taste. It was indeed sour, but not to the extent that it was unbearable. However, the expression on the baby's face was just too exaggerated and too cute.

"Jiahao, don't feed your sister such sour grapes. She is still young, she can't eat such sour grapes, do you understand?"

Liang Jiahao replied with "Oh". He squatted on the edge of the bed, scratched the baby's fist with his index finger, and smiled. "Big brother is wrong. I will not feed you sour grapes like that again, okay?"

The baby seemed to understand what he was trying to say. She released her fist and held Liang Jiahao's index finger. Liang Jiahao immediately smiled happily. "Mom, look at little sister. She forgives me!"

Liang Lihua stood beside him, looking at the two children's satisfied smiles.

Suddenly, the door was pushed open by someone, disturbing the warm beauty of the room.

Liang Zixuan turned around and saw that Wei Guowei, who had not appeared for a long time, was finally back.

Wei Guowei looked at the people in the room and walked in with a dark face.

Liang Lihua immediately took off his jacket and asked gently, "Aren't you busy with the company today?"

It was originally just a simple sentence. Liang Zixuan could hear the concern in Liang Lihua's words, but Wei Guowei's face instantly darkened. He turned his head to stare at Liang Lihua and said coldly, "What are you saying? You don't want me back?"

"I-I didn't mean that." Liang Lihua looked sadly at Wei Guowei and then went to hang Wei Guowei's coat on the clothes pole.

Wei Guowei looked at Liang Jiahao and went over to stand on the edge of the rocking bed. He gave the baby a cold look and then went to his study. During this period, he did not ask how the child was doing or about her condition at all.

Liang Lihua became even more upset. She looked toward the study door blankly before going into the kitchen to prepare dinner.

When dinner was ready, Liang Jiahao helped Liang Lihua bring the food to the table, but Wei Guowei did not come out.

Liang Lihua went to the study and knocked on the door. Wei Guowei's impatient voice could be heard. "What do you want?"

Liang Lihua was taken aback because she didn't think Wei Guowei's attitude would be so vile. She bit her lip and whispered, "It's time to eat."

Wei Guowei was like a big master when he pushed open the door and walked out. He sat down on a chair and began to eat without waiting for Liang Lihua and Liang Jiahao.

Because of Wei Guowei's presence, the entire meal was depressing and uncomfortable.

Liang Zixuan saw that Liang Lihua and Liang Jiahao acted as if they had done something wrong. During the meal, they kept silent with their heads down.

What kind of bastard was Wei Guowei?

He didn't care about his newborn child. His wife's body was already weakened after giving birth, but he did not care about it and even asked his wife to cook for him. Everything was prepared for him, but he was not even willing to give her a smile or thank her?

What kind of depressing days did Liang Lihua and Liang Jiahao lead in the past?

After Wei Guowei finished his meal, he got up and entered the study room again. Only then did Liang Lihua and Liang Jiahao let out a sigh of relief, and the expression on their faces finally eased up.

After dinner, Liang Lihua washed the dishes and told Liang Jiahao to go back to his room to finish his homework. Then she went to the study room and knocked on the door.

Wei Guowei's irritable voice came from inside. "What do you want again?"

Liang Lihua swallowed her saliva and whispered, "I have something I want to talk to you about."

Liang Zixuan could see Wei Guowei through the door. At this moment, he was scribbling on a piece of paper with a frown. She could see that he was in a bad mood.

Wei Guowei thought about it seriously and finally lowered his voice, "Then come in!"

When Liang Zixuan saw the relaxed and relieved expression on Wei Guowei's face, she guessed that he also wanted to say something to Liang Lihua. She anxiously ran over to stop Liang Lihua from entering, but her hand went past Liang Lihua's body without even a breeze.

Liang Lihua walked inside the room right in front of her eyes. Liang Zixuan panicked and quickly followed Liang Lihua as well.

Wei Guowei was sitting behind the desk and put down the pen in his hand. He looked at Liang Lihua's face and said coldly, "I also have something to tell you."

Liang Lihua sat on a rattan chair not far from Wei Guowei. She looked dignified and good-looking.

However, this still didn't enter Wei Guowei's eyes. He raised his eyebrow and said calmly and coldly, as if it was an extremely ordinary small matter. "Let's get a divorce!"

"Divorce?" Liang Lihua was slightly stunned and her face showed a surprised expression. She stared at Wei Guowei for a long time before feigning calmness and asking, "Why do you want a divorce?"

Actually, Liang Lihua had already guessed that Wei Guowei had another woman outside when he hadn't returned home even after such a long time.

It was just that she never made any noise or confronted him.. She only wanted to live a peaceful and simple life and didn't want her life to become chaotic.

[Chapter 382 - We Cannot Live This Life Together Anymore](#)

Liang Lihua wasn't like any other woman.

Maybe it was because of her already gentle temperament, she didn't like quarreling and didn't want to cause trouble. Just like how she asked Wei Guowei now, her tone was very calm.

Perhaps Wei Guowei felt sorry for Liang Lihua, his previous indifference had suddenly vanished and his expression softened. "Lihua, I've been with you for years, and I'm tired. I just want to spend some quiet time alone. I want to use this time to think about myself."

"Liar!" Liang Zixuan cursed and walked towards Wei Guowei. She raised her hand and was about to hit him, but her hand went through his body. It's impossible for her to hit him.

Liang Zixuan was so angry that she took a deep breath and glared at Wei Guowei as if she wanted to kill him.

Liang Lihua, on the other hand, was calmer. She smiled and said in a lukewarm tone, "Don't you live in the company now? It's been so long, and you still say you haven't had any time for yourself?"

"No!" Wei Guowei couldn't stand Liang Lihua's innocent look. When he said he wanted to live alone, it was just an excuse. Shouldn't Liang Lihua have asked if he had another woman outside?

Then Wei Guowei would have an excuse to slam the door and leave. Every ten days, for half a month, he would say that their relationship wasn't good. Liang Lihua should be in a bad temper and want to divorce him.

But instead, she didn't play his cards according to common sense, and he was very angry. "Why don't you understand? I don't want to be with you anymore! I'm tired, you make me feel tired."

Liang Lihua lowered her head and looked at her fingers. Her finger slid with her other hand. Her eyes slowly turned red, but she held back the tears.

Liang Lihua looked as if someone had bullied her. When Wei Guowei saw this scene, he immediately became furious. He raised his hand and slammed it on the table. "I have already told you that I am very busy working. I don't have time to take care of you and your child. I will not let you have a second child, but you were going to have it anyway! I'm always frustrated with my work at the company, and when I come home, I hear her crying. Can I live my life in peace?!"

Liang Zixuan was baffled. There must be something wrong with this man.

He was the one who was shameless and deceitful, and yet he blamed her?

What a joke!

Even if she cried, it was because she was hungry. As long as Wei Guowei put the milk bottle in her mouth, she would stop crying and make a fuss. How shameless was Wei Guowei blaming all his own faults on her?

At that moment, Liang Zixuan finally understood why he detested her so much. It turned out that Wei Guowei didn't want her ever since Liang Lihua was pregnant with her.

Wei Guowei did not have the slightest feeling of fatherly love for her. In fact, he was stingy enough to give her some of that love.

Liang Lihua suddenly raised her head and looked at Wei Guowei with extreme sadness. "She is your flesh and blood. Why didn't you want to let her come to this world? Even though we are her parents, we cannot deprive her of her right to be born into this world!"

This was the first time Liang Lihua said such a thing to Wei Guowei.

Wei Guowei seemed to be injected with chicken blood. Things finally went his way, and he cursed loudly. "What's wrong with your attitude? Why do you get mad at me when I tell you something? You have such a bad temper. How am I supposed to live with you in the future? Divorce! We cannot live this life together anymore!"

How could Liang Lihua not see that Wei Guowei was using this as an excuse? She suddenly smiled and shook her head as she looked at him. "We've been married for eleven years! You never thought I was bad-tempered for eleven years. Why do you think I'm suddenly angry today?"

"You!" Wei Guowei was so angry that he slammed the table again. "You always have a bad temper, it's just that I didn't say it in the past! Liang Lihua, I'm telling you, I will never stay with you again. Divorce!"

Liang Lihua nodded and stood up slowly. "Very well. If you want a divorce, I will grant your wish."

Wei Guowei did not think Liang Lihua would agree so easily. He was quite happy, and this expression clearly showed on his face. Liang Lihua saw it and the corner of her mouth curled up slightly as she laughed amiably.

"As long as you give me custody of my two children and return the money my mother has invested in your business over the years, also the company shares, I will divorce you!"

"What?" Wei Guowei was so shocked that his eyes widened. He glared sharply at Liang Lihua as if he was going to eat someone. "Why should I give you a share? Liang Lihua, did you know that I earned every penny of this money by myself? What does it have to do with you and your mother? Don't use this to threaten me! Let me tell you, I don't care about children. If you want them, then take them away from me. But I will not give you the money! Don't think you can take my money from me!"

Liang Lihua stood there looking coldly at Wei Guowei, without the slightest fear on her face. She no longer had the gentle temperament from before and smiled stubbornly. "Wei Guowei, if it wasn't for my mother selling everything, where would you get the money to do business? You had nothing. It was my mother's money that made it possible for you to walk step by step to where you are today."

"I'm not greedy. I don't want the company. I just want half of the company shares. That way, even if I get divorced, I'll have the money to take care of my mother and my kids."

"Bullshit!" Wei Guowei was so angry that he cursed. "How much did your mother give me at that time? I will only give you back the interest, what right do you have to take the shares of my company? You must have a black heart!"

He spat on the floor. "Pah! Your mother saw that I was born to do a business at the time, so she gave me the money. She was the one who willingly gave it to me. It was already quite reasonable of me to give you back the interest. If you want more, I am telling you, you have no chance!"

Was the one hundred thousand from ten years ago comparable to the one hundred thousand of today?

Prices had risen so fast. Ten years ago, a hundred thousand yuan was enough for Wei Guowei to start the business, but what was a hundred thousand yuan worth today?

His company had to rely on the Liang Family's help in the beginning. Now that the company was established and earning a lot of money, Wei Guowei didn't recognize anyone.

What Liang Lihua wanted was neither the shares nor the money. She just wanted Wei Guowei to know that what he had today was not without her help.

But Wei Guowei not only did not understand, he even thought it was all natural. Even if Luo Yanyun gave him money and the Liang Family helped him, it was something that he deserved.. As their son-in-law, it was natural for them to help him.

[Chapter 383 - Two Shameless People](#)

Liang Lihua felt sad and despaired when she saw Wei Guowei like this.

When a person was heartless, he could even be so heartless to the point of being unacknowledged by his six relatives.

Liang Lihua shook her head. "If you don't agree, I won't divorce you! For the sake of letting my children live a good life, I can bear anything."

Even though Wei Guowei didn't say anything, Liang Lihua already guessed that he had another woman outside.

She did not care if Wei Guowei came home or not, she also did not care if he loved the two children. As long as this family was still here, then that woman shouldn't have thought of entering the gates of the Wei Family openly!

After Liang Lihua finished speaking, she left the study room.

Wei Guowei grabbed the pen holder on the table and angrily threw it at Liang Lihua's back.

The pen holder was made of a bamboo cane. Although it had a smooth surface, its weight was not light. It hit Liang Lihua's back and made a loud "dong" sound. Liang Zixuan could feel the pain just by hearing it.

Liang Lihua stopped and slowly clenched her hand into a fist. She took a deep breath before slowly turning around. "Wei Guowei, I don't agree with the divorce, so you want to beat me to death?"

"Liang Lihua!" Wei Guowei couldn't stand Liang Lihua's questioning look, and his lips began to tremble with anger. "I told you that I am done with this marriage. I don't care if you agree or not! You better not think too much about the money and company shares. Otherwise, not only will you not get any money, you'll even lose your life!"

Faced with Wei Guowei's threat, Liang Lihua just looked at him blankly and then walked out calmly.

Although Liang Lihua didn't show it on her face, Liang Zixuan could feel the pain in her heart. Liang Zixuan could feel the anger in Liang Lihua's heart from her clenched fists.

If Liang Zixuan could do anything right now, she would rush to the kitchen to get a kitchen knife and cut Wei Guowei into minced meat!

She didn't know how Wei Guowei had treated her mother in the past, and although she didn't have deep feelings for him, it wasn't to an extent that she hated him.

But now, Liang Zixuan really hated Wei Guowei to the bone. She hated him so much that she wanted to kill him herself!

After talking to Liang Lihua, Wei Guowei slammed the door and left.

When he left, he didn't even say goodbye to her.

Liang Zixuan stood in the living room, looking at Liang Lihua who was coaxing her baby. Her heart was hurting so much.

The saddest thing for a woman was to marry a heartless man. *NOVELUSB.com*

It would be great if she didn't have a child, but having a child was really unbearable pain.

Maybe it was because of the fight with Wei Guowei, but Liang Lihua was too depressed and became ill.

She was in low spirits and kept coughing.

There were no servants at home. If Liang Lihua wanted to see a doctor, she had to carry her baby to the hospital. Therefore, she didn't want to go.

She felt too tired, and it was very troublesome to give her baby to someone else for a while when she had a checkup.

Liang Jiahao saw that Liang Lihua was coughing so hard that he advised her to go to the hospital again. Liang Lihua shook her head and smiled. "Mom doesn't want to go. The hospital environment is not very good. Your sister will be scared if she goes with mom."

"Mom, I'll go with you. I can take care of my little sister while you go for a checkup." Liang Jiahao looked at Liang Lihua's pale face and almost cried. "What if I go find grandmother and ask her to take care of my sister while I accompany you to the hospital?"

"Don't go to your grandmother!" Liang Lihua hurriedly said. "Mom is fine, don't tell your grandmother. She will be furious. If she finds out, she will go find your father to settle the score. I don't want to see your grandmother and your father fighting each other. So, don't go."

Liang Jiahao was very worried and sweating profusely, yet he couldn't do anything about it.

If he can't find his grandmother, what can he do?

Suddenly, an idea came to Liang Jiahao's mind. He rushed out of the door and ran out.

Seeing Liang Jiahao fleeing, Liang Zixuan hesitated for a moment and then followed him out.

When she saw Liang Jiahao get on the bus, she also got on the bus. Her body was so transparent that no one could see or touch her.

Liang Zixuan followed Liang Jiahao off the bus, walked down the street, and finally stopped in front of a building.

Liang Zixuan did not have much of an impression on this building. She saw Liang Jiahao go inside and hurriedly followed him. Then she realized that this was Wei Guowei's company.

When the receptionists saw Liang Jiahao, they were surprised for a moment and then led him into Wei Guowei's office.

Liang Zixuan followed him leisurely until they entered Wei Guowei's office.

"Dad!" Liang Jiahao cried when he saw Wei Guowei. "Mom is sick. She's been coughing all day. She's not in good spirits and her face has turned pale. Go back and check on mom!"

Wei Guowei's hand, which was holding the pen, paused. He suddenly raised his head, looked at Liang Jiahao, and was surprisingly a little excited. "Your mother is sick?"

Liang Jiahao nodded loudly and walked over while holding Wei Guowei's hand and crying, "Mom is very sick, she even coughs at night. I told her to go to the hospital, but she did not want to go, saying that no one would take care of little sister. Dad, can you go home and take care of my sister for two days? Let mom go to the hospital and get better."

At this moment, the office door was pushed open. Liang Zixuan turned around and saw Jiang Huifang coming in.

What was she doing here?

Could it be that Wei Guowei and Jiang Huifang were together not only at night but also during the day?

Liang Zixuan was furious. Wei Guowei kindly patted Liang Jiahao's face and said, "Wait for dad outside for a while."

Liang Jiahao turned to Jiang Huifang, then turned his gaze back to Wei Guowei. The boy didn't understand anything, so he nodded obediently and went out.

Liang Zixuan did not come out. She wanted to see how Wei Guowei and Jiang Huifang conspired with each other!

After Liang Jiahao left, Jiang Huifang coquettishly walked up to Wei Guowei. Then she sat down on his lap.

Liang Zixuan gritted her teeth in anger. She wanted to tear these two shameless people apart with her bare hands!

The child was still outside the door, and they couldn't wait until everyone was gone. These two people were so shameless!

Jiang Huifang wrapped her arms around Wei Guowei's neck and gently asked, "Is she sick?"

Wei Guowei nodded and lightly pinched her waist. "Yes, she is sick."

Jiang Huifang giggled, her entire body exuding a sultry aura. She slapped Wei Guowei's hand away and pouted at him, pretending to be jealous, saying, "Then go back and take care of her.. Don't go to my place tonight."

[Chapter 384 - That Auntie Was Shouting So Loudly](#)

"Honey, what are you talking about?" Wei Guowei's 'honey' really made Liang Zixuan so disgusted that she almost threw up!

Wei Guowei's 'honey' was the most disgusting of all the 'honey' versions she had ever heard before.

Jiang Huifang, on the other hand, was very happy. She drew a circle on Wei Guowei's chest with her finger and snorted coquettishly. "Who is your honey? Your honey is at home!"

"That bitch!" Speaking of Liang Lihua, Wei Guowei not only showed no mercy, but he also gritted his teeth and scolded, "She has led such a good life with me, but she is still dissatisfied, ungrateful, and still wants my money. Keep dreaming!"

Wei Guowei pursed his lips and vowed to Jiang Huifang. "Honey, don't worry. All my money is yours. I won't give her a single penny."

"Tsk!" Jiang Huifang pouted. "Who wants your money?"

Wei Guowei was so happy that he laughed out loud. "Of course you don't want my money. You never liked money. For a woman as good as you, it took me eight lifetimes to meet you."

Liang Zixuan looked at the two people who were holding onto each other as she held her breath.

Jiang Huifang said in a nice way that she did not want Wei Guowei's money. However, if Wei Guowei divorced Liang Lihua and married her, then his money would still be hers, right?

What a great plan she had!

Apparently, not only women liked to listen to sweet talk, but also men.

Considering that Jiang Huifang's dress had cost over a hundred thousand yuan, if she really didn't like Wei Guowei's money, why was she living with such luxury?

Jiang Huifang was really smart. Wei Guowei told Liang Lihua that he was going to divorce her, but she wanted half of the shares and all the interest back before she agreed to the divorce. And at this time, Jiang Huifang said that she loved Wei Guowei and that she did not love his money.

Wei Guowei's pride and arrogance were very strong. Liang Lihua always had a vague expression on her face, and Wei Guowei's arrogance could not be satisfied when he was with her.

Jiang Huifang, on the other hand, was different. She said that she loved Wei Guowei, and even her eyes were filled with adoration. She was so fascinated by him that his pride and vanity were greatly satisfied.

Could it be that Liang Lihua was not as pretty as Jiang Huifang?

Not really.

When Liang Zixuan saw Liang Lihua, she realized that her mother could be as beautiful as any other woman. Every frown and smile of hers radiated the indifference and elegance of a plum blossom. She was an independent woman.

However, Liang Lihua's elegance was inferior to Jiang Huifang's, who was full of arrogance.

Liang Lihua had a calm personality and didn't like to compete with others. Whenever Wei Guowei had the intention to fight with her, she preferred to listen to what he said and do what he wanted her to do.

Liang Zixuan heaved a long sigh and suddenly heard Wei Guowei's words.

"Honey, don't worry. This time, I will reluctantly return home and take care of her for two days. If she still has a bit of conscience and agrees to the divorce, then I will treat her well, otherwise ..."

Liang Zixuan was shocked and looked at them.

Jiang Huifang hugged Wei Guowei's neck and nervously asked, "What are you going to do?"

Wei Guowei smiled coldly and stroked Jiang Huifang's back with his hand. Apparently, he was trying to reassure her, but he also seemed to be planning something. "I will let her die without a burial ground!"

Jiang Huifang was not only not afraid of the cruel words, she even laughed. "What, you want to kill her?"

Wei Guowei raised his eyes and kissed Jiang Huifang's red lips. "Yes, kill her and then marry you!"

"Haha ..." Jiang Huifang giggled and patted Wei Guowei's chest. "Who wants to marry you?"

"Didn't I get a divorce just for you?" Wei Guowei suddenly stood up with Jiang Huifang in his arms. He pressed her on the table, lifted her skirt, and attacked her impatiently.

Jiang Huifang gasped, digging her finger into the skin of Wei Guowei's shoulder, and said in a soft voice, "Guowei, I want to give you a child, can I?"

"Alright!" Wei Guowei used his strength. "You can have as much as you want. I will give you whatever you want."

Liang Zixuan was so disgusted by what they were doing in the daylight. Anger rose in her heart, and she shouted angrily. "Wei Guowei, you bastard! Your son is still out there! You bastard, you really are an animal!"

No matter how loud she screamed, the two people in the office couldn't hear her and became even more excited.

Seeing them both like this, Liang Zixuan really felt like she was going to have a breakdown. She had never felt such an emotion before. If she could, she would show her face and definitely kill them all!

She will kill them with her bare hands!

Liang Zixuan seemed to be going crazy. She tried to pick up something but even after she put in a lot of effort, she still couldn't grab anything.

Her heart felt like it was about to explode. Never before had she been so angry, and never before had she wanted to kill someone as she was doing now.

Probably because Wei Guowei still had some conscience and knew that Liang Jiahao was waiting outside, it didn't take him too long to finish everything.

Jiang Huifang sat at the table and was not satisfied. She tidied up her skirt and said, "Then don't be gone for a long time. I'm afraid to live alone."

Wei Guowei pulled up his pants and smiled. "Don't worry, it will be over soon. I'll take care of it. After this, I'll marry you."

Liang Zixuan stood there in a panic. She already knew what Wei Guowei was planning to do. She was so angry that she looked at Wei Guowei as if she wanted to eat him.

After Wei Guowei finished packing, he patted Jiang Huifang's back and said, "Alright, you can go now. I will also go back."

Jiang Huifang giggled and gave Wei Guowei a kiss on the cheek. Then she walked to the door.

She opened the door and saw Liang Jiahao obediently standing in the doorway. She sneered and looked at him before proudly walking past him.

Buildings and houses were not soundproof at that time. Liang Jiahao, who was standing in the doorway, could clearly hear everything going on inside.

When he walked in, his innocent face was filled with doubt. "Dad, did you hit that auntie just now?"

Wei Guowei was slightly stunned. He raised his head and looked at him. "Why are you asking that? I didn't hit her!"

Liang Jiahao frowned.. "But I heard it from outside. Auntie was shouting so loudly!"

[Chapter 385 - When She Grows Up, She Will Grow Up Like A Flower](#)

Hearing his child's innocent words, Wei Guowei laughed happily and also felt a little proud. He walked over and patted Liang Jiahao on the head. "Auntie made a mistake. Dad just punished her. Let's go home and visit your mother."

Liang Zixuan was furious, but there was nothing she could do. She could only follow them back and see what Wei Guowei wanted to do. [nOvelus&.cOm](#)

Liang Jiahao ran excitedly all the way to the car. When he arrived home, he opened the door and excitedly shouted, "Mom! Mom! I've got dad back! Mom ..."

Liang Lihua came out of the room with her baby in her arms. When she saw Wei Guowei come in from the door, she smiled and immediately told Liang Jiahao to hold the baby. "Why did you come back at this hour?"

Wei Guowei glanced at her and asked with an emotionless face, "Jiahao said you were sick?"

"Cough, cough ..." Liang Lihua coughed slowly. She took Wei Guowei's coat and hung it on the coat stand. She smiled and said, "It's nothing serious. The kid is just making a fuss out of nothing. You're very busy, but he's calling you back."

Wei Guowei gave Liang Lihua a rare smile that made Liang Zixuan feel it was fake.

"What are you talking about? Since you're sick, you have to go to the hospital to treat your illness. Even if you don't want to go to the hospital, you must take good care of your health. Seeing how pale you are and coughing incessantly, why don't you tell me?"

Previously, Liang Zixuan thought Jiang Huifang was good at acting, but now, seeing Wei Guowei softened toward Liang Lihua right after leaving Jiang Huifang's body, Liang Zixuan thought that Wei Guowei's acting skills were better than Jiang Huifang's.

He and Jiang Huifang, one of them was a bastard, while the other was a bitch. They were truly a match made in heaven.

Liang Zixuan felt disgusted just by looking at him.

Liang Lihua was very sick. Liang Zixuan was always with her, so she knew that during this period of time, Liang Lihua was not sleeping well. She was always woken up by coughing, and most of the time she didn't sleep the whole night.

But when Wei Guowei came home, he put his hands in his pockets like an old man and sat on the couch, doing nothing.

Liang Lihua first went to the kitchen to boil water, then she washed the fruit, peeled the skin, cut it into pieces, and placed it on a plate before serving it to Wei Guowei.

Wei Guowei felt nothing when he heard her coughing. He watched TV and ate fruit, but his face still showed a satisfied expression.

After the water was boiled, Liang Lihua brewed a cup of tea and carried it over to Wei Guowei. Then, she went into the room and looked at Liang Jiahao and the baby.

Liang Lihua sat down next to Wei Guowei and massaged his shoulder. "Have you been busy with your company lately?"

Wei Guowei stared at the TV and completely ignored her. He answered half-heartedly, "Not bad."

Liang Lihua coughed twice. She wasn't feeling well, and since Wei Guowei didn't seem to want to talk to her, she didn't say anything and just massaged him.

Four hours later, Wei Guowei was still sitting on the couch watching TV. Until now, he had not taken the initiative to talk to Liang Lihua, let alone accompany her to the hospital.

Liang Zixuan even felt that he didn't come home to take care of Liang Lihua, but to be the boss.

She really wanted to curse, "F*ck you!"

Liang Lihua changed the baby's diapers and washed the baby's clothes and pants. When Wei Guowei saw that she was washing the baby's clothes, he threw his own clothes and pants at her without hesitation. "Help me wash them."

Liang Zixuan had never seen such a shameless man in her life.

Thinking about Han Yuanjun, she felt very lucky because she got a good man who loved her. If she had married a scumbag like Wei Guowei, she would be like Liang Lihua, and he would either treat her coldly or divorce her.

She also felt that there was no reason to go on living life like this.

A pot of rice porridge was simmering in the pot. After Liang Lihua washed Wei Guowei's clothes, she went to the kitchen to check on the rice porridge. When she saw that the porridge was already very thick and gave off the fragrance, she scooped it up into the bowl and put it aside with satisfaction.

Wei Guowei was sitting in the living room with his legs crossed while watching TV. When he saw Liang Lihua coming out with a bowl in her hand, he suddenly stood up and followed her into the baby's room.

He just stood there and saw Liang Lihua scooping up a spoon. She first brought it to her mouth, felt the temperature, and then fed it to the baby.

Wei Guowei smiled. "You are a good mother."

Liang Lihua coughed a few times before pursing her lips. "Guowei, this baby is half a year old and doesn't have a name yet. Can you name this baby?"

Wei Guowei pretended to think seriously, then said, "You can name her Wei Chunhua, Wei Xiulan or something. A girl needs a fancy name or a beautiful word in her name so that when she grows up, she will grow up like a flower."

As Wei Guowei spoke up to here, he suddenly thought of Jiang Huifang. Look how beautiful her name was, it's so beautiful ... Her body was truly beautiful ...

Liang Lihua suddenly turned around and looked at Wei Guowei's face. There was a coldness in her eyes, and Wei Guowei's heart became tense and he also felt a little scared.

After a while, she turned around and continued to feed the baby. "I don't want her to look like a flower. I just want her to grow up safe and healthy. I hope she will be strong, independent, and live a good life on her own."

Wei Guowei's expression darkened with displeasure. "If you have your own mind, then why are you asking me? Name her whatever you want. Does her name really matter?"

Liang Lihua laughed coldly. "Since you think your daughter isn't that important, then she should have my surname."

Wei Guowei pursed his lips indifferently. "Since you insisted on having it, I have no objection."

Liang Lihua had been married to Wei Guowei for eleven years. How could she not know what kind of man he was?

Before this, he was still a good father. When Liang Jiahao was born, Wei Guowei was as happy as a child.. His father insisted on naming the child, but Wei Guowei also had a good idea as he had listed dozens of names for his father to choose from.

[Chapter 386 - Have You Gone Crazy](#)

Ever since the birth of the baby, not to mention Wei Guowei was unhappy, he didn't even look at the baby when he came back. From the birth of the baby until now, it was Liang Lihua who took care of her.

If a man did such a thing, he either had a woman outside, or he valued his son more than his daughter.

However, Liang Lihua knew that Wei Guowei was not a man who valued his son more than his daughter; on the contrary, he no longer had feelings for her.

Because he had no feelings, he had no expectations.

Wei Guowei saw that Liang Lihua was about to leave after feeding the baby, so he reached out his hand to stop her. "Did you consider what I told you last time?"

Liang Lihua raised her head and looked at him calmly. "About what?"

Wei Guowei pursed his lip. "Divorce!"

Liang Lihua just looked at him and said expressionlessly, "I'm going to repeat my words. If you want a divorce, you can have it, but I want half of the company shares. Otherwise, I will never divorce you."

"You!" Wei Guowei was so angry that his face turned red. Ignoring the fact that Liang Lihua was still sick, he stretched out his hand and forcefully pushed her away. "Don't be shameless! I have already said it, the money I earned from my hard work has nothing to do with you and your mother. I warned you, don't think about my money or I will not let you go!"

Liang Lihua was sick and didn't have much strength in her body from the beginning. After being pushed a few steps by Wei Guowei, her body collided with the rocking bed. She turned around in panic. Seeing the baby was still sitting there and had not fallen over due to the impact, she finally breathed a sigh of relief.

Slowly she straightened up and smiled in disappointment. "Life is no longer easy for me now. I don't mind it getting worse."

With that, she picked up the bowl and walked out.

Wei Guowei stood there gnashing his teeth angrily. He looked at the baby who was sitting on the rocking bed while smiling at him. He didn't have the slightest bit of pity in his heart and angrily said, "It's your fault, little bastard! Otherwise, how could she not have divorced me!"

The more he thought about it, the angrier he became. Wei Guowei actually walked over and held the baby's neck. *nOvelusB.Com*

The child gasped and began to cry. Liang Lihua, hearing this from outside, hurriedly ran inside and saw Wei Guowei pinching the baby's neck with a violent expression on his face.

The pitiful child was only half a year old. Her little face had turned purple as she wailed, "Wa! Wa!"

Liang Lihua quickly ran and pushed Wei Guowei away, holding the baby protectively in her arms. "Wei Guowei, have you gone crazy? She's your own daughter!"

"Pfft! I don't have a daughter like her!" Wei Guowei said angrily. "Because of this animal, you make so many conditions with me. Liang Lihua, I warned you. If you don't agree to my divorce, you better take care of her all the time. Otherwise, if I go crazy and kill her, you can't blame me for being ruthless!"

After seeing Wei Guowei leave viciously, Liang Lihua hugged her baby and cried in sorrow.

The baby was innocent and had nothing to do with this. She's still very young, she knew nothing, so why couldn't she live?

Liang Lihua wasn't in the wrong, she just wanted to give the two children a complete home. She just wanted to delay things, because when Wei Guowei became bored with the woman outside, he would come back here again just like how he left her.

But she never thought Wei Guowei would be so crazy as to kill his own daughter!

Because of this, Liang Lihua didn't dare to leave her baby even for a moment. Since she didn't want to go to the hospital, Wei Guowei didn't encourage her to go there. It was as if he couldn't wait for her to die just like that.

Liang Lihua's illness was getting worse, and her face looked terrible. But Wei Guowei, who only stayed at home and didn't go to the office during the day, asked her, who was very sick, to take care of him.

As long as Liang Lihua hesitated, he would beat her and scold her. "What do I need you for? I feed you well, but you aren't willing to do such a small thing for me?"

Every time this happened, Liang Lihua suppressed the pain in her body and carried the baby on her back before dragging her heavy body to help Wei Guowei do this and that.

Liang Zixuan couldn't stop crying when she saw this scene. She desperately wanted Liang Lihua to stop. This type of man wasn't worth it. She desperately wanted Liang Lihua to go to the hospital and treat her illness. Only then would she be able to fight Wei Guowei to the end.

Liang Zixuan never thought that Liang Lihua would be able to survive up to that level just for her. She also never thought that her mother's body would be damaged because of her.

Liang Zixuan continued to cry, but there was nothing she could do.

They couldn't hear what she was saying. She wanted to do something, but she couldn't do anything. She was like the air around them, she couldn't change anything.

Half a month later, Liang Lihua was too sick to leave the bed.

Wei Guowei was waiting for breakfast. When he saw that there was nothing on the table, he went into the bedroom and saw Liang Lihua lying on the bed, sickly and with a body like a matchstick. Her eyes were dim and she seemed to have no energy left.

Seeing Wei Guowei coming, Liang Lihua immediately held the baby in her arms protectively and looked at him in fear.

Wei Guowei smiled. "Why are you so scared? You always protect her from me, don't you? I'm hungry, hurry up and make me breakfast."

Liang Lihua held the baby and shook her head. "I won't cook for you, you can eat outside if you want."

After saying that, she carried the baby out of bed. Her legs were so weak that she fell to the ground, but even when she fell, she still protected the baby in her arms.

Relying on her strong willpower, Liang Lihua struggled to stand up and went to the closet. She carried the child in one hand and took a set of clothes from the closet with the other.

Liang Lihua usually wore pajama pants and a baggy shirt when she was at home, so her act of changing her clothes caused Wei Guowei to be dissatisfied. "Where are you going?"

Liang Lihua didn't look at him at all and said weakly, "I'm going to the hospital. I have to treat this illness. Otherwise, how can I waste my life with you?"

"You want to go to the hospital?" Wei Guowei was shocked and subconsciously said, "I won't go with you!"

Liang Lihua laughed coldly. "You don't have to accompany me. I will go find my mother and ask her to accompany me."

Wei Guowei was even shocked. With Luo Yanyun's temperament, if she knew that her daughter had suffered so much at home, she would run back to the Liang Family and report about him.

The Liang Family was a powerful family, how could Wei Guowei offend them?

Furthermore, if Luo Yanyun found out that they were going to divorce, then the Liang Family would no longer help him or even cut all the ties. Wouldn't his company be finished by then?

[Chapter 387 - This Family Will Be Fine](#)

Wei Guowei was scared to death, so he immediately changed his expression and said with a smile, "It's not a big deal, why bother mom? Isn't it just going to the hospital? I'll go with you."

"No need." Liang Lihua put the baby on the bed and changed her clothes while saying, "I don't trust you with my baby."

"Aiya, I was very angry that day. That's why I did such an embarrassing thing." Wei Guowei quickly came over and explained. "I still haven't gone crazy, so how can I really kill the baby? Besides, killing a baby is also against the law. I'm not that stupid."

Liang Lihua was afraid that Luo Yanyun would feel sad if she found out about this matter, so Liang Lihua didn't insist. After getting dressed, she carried the baby and followed Wei Guowei out the door.

Wei Guowei played the role of a good husband throughout the day, not to mention that he also took care of the baby. He will be more careful while hugging her.

Liang Lihua quietly observed him for a period of time and was relieved to see that Wei Guowei really hadn't done anything to the baby.

No matter how much of a bastard he was, no matter how much he wanted to kill the baby, he wouldn't fight on the spot with too many people outside.

Liang Lihua was very sick and the doctor advised her to stay in the hospital, but she refused as she thought of the two children at home. She just asked the doctor for the medicine and then went home with the baby in her arms.

The difference between taking medicine and receiving infusion drops was too great. Even if Liang Lihua took the medicine, she would not be able to recover so quickly.

After returning home, Wei Guowei wasn't as extreme as before. He not only helped Liang Lihua with the housework but was also so considerate and cooked a table full of delicious dishes.

When Liang Jiahao came home in the afternoon, he was so happy to see the food on the table that he threw away his school bag and ran to the table to eat.

Liang Lihua was in better condition. Although she kept coughing, she was satisfied with what Wei Guowei had done.

She didn't ask for much, she just wanted a harmonious family. A married couple who respected each other and were a good father to his children.

Liang Zixuan thought it was impossible that Wei Guowei could change his attitude so quickly. He must be up to something.

She kept monitoring Wei Guowei, she wanted to see what exactly he was up to.

After the meal, Wei Guowei cleaned the bowl and went to the kitchen, seeing the porridge boiling on the stove as he did so. When he finished, he suddenly went to the kitchen door and looked outside.

When he saw that neither Liang Lihua nor Liang Jiahao were in the living room, he stepped back.

Then he took out a small bottle from his chest pocket. It was only the size of his pinky finger, and it was tightly sealed.

With one look, Liang Zixuan knew that the bottle was definitely not something good and was definitely poison. She rushed and wanted to snatch the bottle from Wei Guowei's hand, but she couldn't even touch it.

Liang Zixuan started to panic. "Wei Guowei, what are you doing?! You're not going to poison the baby, are you?"

Wei Guowei couldn't hear what she was saying, so he opened the lid and poured half of the bottle into the pot.

After that, he quickly hid the small bottle in his pocket. Then he nonchalantly stirred the liquid with a spoon and scooped a bowl to cool it down.

He stayed in the kitchen and didn't go anywhere. He waited until the rice porridge had cooled before carrying it to the baby's room.

Liang Lihua was sitting inside, teasing the baby.

Seeing Wei Guowei enter, she stood up and wanted to take the bowl from him.

Wei Guowei deliberately dodged and said softly, "You're sick. Let me feed her." novelusb.com

"I'm fine." Liang Lihua reached for the bowl again. This time, Wei Guowei didn't dodge and handed the bowl to her.

Liang Lihua smiled. "Last time you scared the child so much that she wouldn't let you feed her. After all, I fed her all the time. Besides me and Jiahao, she didn't eat anything others fed her."

Liang Zixuan's body was full of anxiety. Liang Zixuan knew that every time Liang Lihua fed the baby, she (Liang Lihua) would take a bite first to test the temperature before feeding it to the baby.

Liang Zixuan screamed. "Mom, you can't eat that! Mom, there's poison in it, please don't eat it!"

Her voice was like air, invisible and inaudible.

Wei Guowei stepped aside, leaned against the wall, and stared at Liang Lihua. When he saw that she had tasted the porridge herself before giving it to the baby, he smiled with satisfaction. "Lihua, don't worry. This family will be fine. It will be fine in the future."

Liang Lihua did not understand the meaning of his words. She thought Wei Guowei was saying that he would come home from now on to live a good life with her. She smiled faintly and said, "Okay."

After saying that, she fed the porridge into the baby's mouth with her spoon. Liang Zixuan watched in disbelief as the baby swallowed two portions of rice porridge.

If the white liquid was poisonous and Liang Lihua died after tasting just a little of it, then how could the baby survive after eating so much?

She did not believe that Wei Guowei would save her.

What's more, that poison had to be highly toxic. If the baby ate it, she would die instantly. Otherwise, if Liang Lihua was not dead even after half a day, Wei Guowei would be exposed.

"Ah!" The bowl fell out of Liang Lihua's hand, and the baby's eyes widened. Wei Guowei saw that the poison was working so fast, so he pretended to be scared. He walked over and hugged Liang Lihua, shouting, "Lihua, Lihua, what's wrong with you?"

At this moment, Liang Jiahao rushed in from outside. When he saw Liang Lihua fall into Wei Guowei's arms, he ran toward her crying. He pushed Wei Guowei away and hugged his mother. "Mom, mom, what's wrong?"

Behind them, the baby cried loudly. Then her face turned pale and her little body trembled. Liang Zixuan was so frightened that she immediately ran to the bed and stretched out her hand to examine the baby.

As soon as her hand touched the baby, a blue light suddenly radiated from her wrist. The light was so strong, making Wei Guowei, who was next to her, unable to open his eyes.

Liang Zixuan lowered her head to look. It was the light from the glass bead bracelet on her wrist. The intense blue light surrounded the baby tightly. The glass bead bracelet turned black with a speed visible to the naked eye.

Gao Nianzu and Gao Shuchun were already standing in the ward.

Gao Shuchun's eyes stared fixedly at Liang Zixuan, who was lying on the sickbed. The color of her pupils suddenly changed.

Han Yuanjun and Gao Nianzu knew that she was using her yin-yang eyes again. They did not dare to breathe as they stood on the sidelines watching.

Suddenly, they saw a dazzling blue light under the blanket.. Han Yuanjun hurriedly went there and lifted the blanket. His eyes were narrowed and he lifted Liang Zixuan's wrist, asking in astonishment, "Why is it glowing?"

[Chapter 388 - The Glass Bead Bracelet](#)

Gao Nianzu was also stunned, not understanding anything at all. He shook his head. Seeing that Gao Shuchun's eye color had still not returned to normal, and afraid of disturbing her, he whispered. "I don't know either. Wait for a while. Shuchun will tell us after she's done."

The blue light was too bright. Gao Nianzu and Han Yuanjun both closed their eyes. After a while, Han Yuanjun slowly opened his eyes a little and saw that the light had disappeared. He then opened his eyes fully and saw that the glass bead bracelet on Liang Zixuan's wrist had turned black. He was shocked. "Why did the color change?"

Hearing his voice, Gao Nianzu also opened his eyes. When he saw that the glass bead bracelet had indeed changed color, he said in surprise. "Yes, why does the color change?"

"Because the glass bead bracelet has done its mission." Gao Shuchun looked at Han Yuanjun who was squatting beside the bed. "Sister-in-law has returned to her previous life. She was always by her mother's side during this time, and just now, she almost died. Fortunately, this glass bead bracelet saved her life."

"What?" Gao Nianzu screamed in fear. "Didn't you say she was a soul? Can her soul die again?"

Gao Shuchun: "..."

How could she have such a stupid cousin?

As the successor of the Gao Family, he couldn't understand this!

Gao Nianzu looked at Gao Shuchun's disdain expression and smiled sheepishly. "Eh, you can see it, but I can't! Don't look at me like that."

Without explaining anything, Gao Shuchun walked over to the sofa beside the bed and sat down. "Don't worry, sister-in-law has seen everything she needs to see. When everything is done, she will come back."

Han Yuanjun placed Liang Zixuan's wrist under the blanket and slowly stood up. "You mean, my wife is going back on her own?"

"Yes." Gao Shuchun nodded. "And she will return soon. Her missing spiritual soul will also return to her body. This time, she will be here completely, and will not return."

Han Yuanjun took a deep breath. While this sounded like something unusual, he had to believe it.

He preferred to believe that Liang Zixuan would come back and live a good life with him than to think about whether she would leave again because of her rebirth and her missing soul.

Gao Shuchun's words were like a sedative being fed into Han Yuanjun's mouth. His originally restless mood also gradually calmed down.

Gao Nianzu came over and put his arm around Han Yuanjun's shoulder, smiling mischievously. "Third Brother, you can rest assured. If Shuchun said that sister-in-law will be fine in the future, then nothing will happen to her. Look at the glass bead bracelet. The color has changed, and this is the best proof!"

"Mom...Mom!" Liang Zixuan suddenly cried out and abruptly sat up on the bed.

Her eyes were out of focus as she stared into the distance.

Han Yuanjun stepped forward and held her shoulder with both hands. "Baby, hey, hey, calm down. You are fine."

Liang Zixuan heard Han Yuanjun's voice and her eyes began to focus. She suddenly saw Han Yuanjun standing right beside her and cried. "Han Yuanjun... Wuu...Wuu...Sob, sob... "

"It's okay, calm down." Han Yuanjun held her tightly and stroked her hair. "It's all over now. I'm here, don't be afraid."

"Wuu ... Wuu ...Sob, sob ..." Liang Zixuan cried in Han Yuanjun's arms for a long time until she lost all her strength.

She suddenly raised her wrist and saw that the glass bead bracelet had completely turned black. She asked in surprise, "Did it turn black on this side as well?"

"Of course!" Gao Shuchun smiled. "As long as you wear it, the effect will be the same no matter where you are."

Han Yuanjun and Gao Nianzu did not understand what she was saying, but Liang Zixuan understood.

Only now did she realize that not only Han Yuanjun, but also Gao Nianzu and Gao Shuchun were in the ward.

She asked in confusion. "Did this bracelet save me? I was supposed to die when I was a child. At that time, I saw this glass bead bracelet emit a strong blue light and turn black. When I looked at the child again, I found myself not dead."

Han Yuanjun and Gao Nianzu were stunned when they heard this.

However, Gao Shuchun had clearly seen what had happened to Liang Zixuan with her yin-yang eyes. She smiled and nodded. "Yes, it seems that all of this is really a cycle of karma. Heaven has arranged all this."

"You died in your previous life, and when you came back, you met Third Brother and met me through him. I gave you this glass bead bracelet, and when you got into trouble in your previous life, this bracelet also came back with you. Without this glass bead bracelet, sister-in-law, you'd be long dead."

Liang Zixuan sighed with lingering fear. "Yes, I'll be dead for a long time. Perhaps I wasn't even destined to be born. Even if I were born, I wouldn't be able to escape from Wei Guowei's evil scheming. I can't grow up at all."

Only now did Liang Zixuan realize that she was destined to die once and for all.

No matter what she did, she had to die once.

Even if she grew up and lived, she couldn't escape Wei Guowei's persecution.

Her meeting with Han Yuanjun was already predestined.

Only he can change her fate.

Seeing Liang Zixuan seemed to be immersed in deep thought, Gao Shuchun said to Han Yuanjun, "Third Brother, there is no need for sister-in-law to wear this bracelet. Take it off and give it to me."

Han Yuanjun looked at the glass bead bracelet on Liang Zixuan's wrist and nodded. "Ok."

He was about to remove it when Liang Zixuan suddenly snapped out of her daze. Seeing Han Yuanjun's action, she obediently raised her wrist.

Han Yuanjun chuckled and took the bracelet off her wrist. Then he stood up, walked to the sofa, and handed it to Gao Shuchun.

Gao Shuchun put the bracelet in her bag and stood up. "Sister-in-law just woke up. She must have a lot to say to Third Brother. Nianzu and I won't bother you. Just find me if you need anything in the future."

Seeing Han Yuanjun's expression suddenly turned serious, Gao Shuchun smiled. "Don't worry. This kind of thing won't happen again. I was just saying it casually. Third Brother, don't worry."

Gao Nianzu patted Han Yuanjun's shoulder. "Why are you so nervous? Since Shuchun has said this, then it definitely won't happen again, don't worry!"

Only then did Han Yuanjun relax, and he shook his head with a smile.. "Shuchun, your words really almost scared me to death. It's enough this time, I can't take it anymore!"

[Chapter 389 - You Must Have Called Me Han Yuanjun, That's Why I Didn't Hear You](#)

"Hahaha ..." Gao Nianzu and Gao Shuchun laughed heartily.

Liang Zixuan looked at them and smiled, waiting for Gao Nianzu and Gao Shuchun to approach her before thanking them. "This time, I really have to thank both of you, especially Shuchun. If it weren't for your glass bead bracelet, I might have completely disappeared from this world."

Gao Shuchun laughed a little. "You shouldn't thank me for that. You should thank Third Brother. He changed your destiny."

Liang Zixuan, of course, knew how important Han Yuanjun was to her. But she also had to thank Gao Nianzu and Gao Shuchun. "Still, I have to thank you two. When I'm discharged, I will take the time to visit both of you and thank you properly."

Gao Nianzu said hurriedly, without giving Gao Shuchun a chance to say anything. "Sure! Sister-in-law, you and Third Brother have never been to my house since you got married! Since you will be coming to visit us, I'll bring you to take a look at our family's treasures!"

Han Yuanjun patted Gao Nianzu's shoulder and said, "As soon as your sister-in-law is discharged, I'll bring her to your house to thank you."

Gao Nianzu still wanted to say something, but he was pulled by Gao Shuchun. Nevertheless, he turned around and waved to Han Yuanjun and Liang Zixuan. "Don't forget to come to my house. I'm still waiting for you to thank me properly."

Gao Shuchun: "..."

What was wrong with her brother?

He had said that he had done good deeds sincerely and not asked for repayment. Those words were just a blessing in disguise! He was still eagerly waiting for someone to come and thank him.

Why did she have such a worrisome brother?

After Gao Nianzu and Gao Shuchun left, Han Yuanjun quickly returned to Liang Zixuan's side and hugged her tightly.

When she had just woken up, she had really broken his heart with her crying. At that time, he wanted to ask her, "What exactly did she go through during these past few days?"

"Baby." Han Yuanjun kissed Liang Zixuan's hair and took a deep breath. "It's great that you came back. These past few days you were unconscious, you really scared me to death."

"I know."

Seeing Han Yuanjun's lethargic look, Liang Zixuan knew that he had neither eaten properly nor slept well during her unconsciousness.

Liang Zixuan hugged Han Yuanjun's waist tightly and buried her head on his chest.

Suddenly, her eyes went dark and she said coldly, "Wei Guowei killed my mother and wanted to kill me too."

When she met Liang Jiahao earlier, he had told her that he suspected their mother had not died because of illness, but from poisoning.

If Liang Zixuan had not seen it with her own eyes, how could she believe that Wei Guowei had gone so crazy?

Apparently since Liang Lihua was conceived, Wei Guowei did not want Liang Zixuan to come into this world. Moreover, he wanted to poison her and Liang Lihua to death!

Han Yuanjun didn't seem surprised and calmly asked, "What do you want to do?"

Liang Zixuan gritted her teeth in anger. "I will make Wei Guowei suffer a fate worse than death. I will make Jiang Huifang suffer a horrible ending. I will not let any of them escape after hurting my mother!"

Including Wei Xiaoqing!

Han Yuanjun smiled and pushed Liang Zixuan out of his arms. He looked right into her eyes and said affectionately, "When you get better, I will definitely help you fulfill your wishes."

Liang Zixuan was neither a saint nor a good person. She wanted everyone who had killed her mother to get the retribution they deserved.

Liang Zixuan pecked Han Yuanjun's lips gratefully and smiled. "Thank you. Luckily I have met you. You are the one who gave me my second life so that I could live in this world."

She pecked him and left. Han Yuanjun immediately felt very unhappy. "Is this your way of thanking me?"

Liang Zixuan pouted. "Shouldn't that be enough?"

"Not enough!" Han Yuanjun harrumphed. "You heartless woman, you don't know that I have been worried to death these past few days. When you woke up, you just gave me a peck?"

Of course Liang Zixuan knew Han Yuanjun's thoughts. She remembered that she had woken up because he threatened her.

Liang Zixuan pushed Han Yuanjun away and pretended to be angry. "Don't think I don't know how you threatened me! You said you would do it until I couldn't get out of bed for three days. When I heard those words, my soul immediately jumped out of my body in fear."

"Is that so?" Han Yuanjun was so shocked that he quickly pulled Liang Zixuan into his arms. "Did you hear? You had been unconscious all this time and I had run out of ways to wake you up. I just wanted to scare you. Maybe you would wake up the moment I scared you."

Liang Zixuan giggled a little in his arms. "I was so scared! The moment I woke up from your threat, I was sucked into a huge whirlpool. At that time, you were right next to me, and I remember you were lying on your side. No matter how I called you, you didn't hear me!"

"Really?" Han Yuanjun raised his eyebrow. "You must have called me Han Yuanjun, that's why I didn't hear you. If you call me Brother Han or hubby, I'll definitely hear you."

"Bullshit!" Liang Zixuan pushed his face away and complained. "I yelled Brother Han, hubby, and you didn't hear it!"

"Impossible!" Han Yuanjun shook his head sincerely. "If you call me Brother Han or hubby, I will definitely be able to hear you!"

"I'm screaming hubby so loudly!" Liang Zixuan insisted.

Han Yuanjun suddenly laughed wickedly. "Hey, I hear you now!"

Liang Zixuan: "..."

This was another way to make her call him Brother Han and hubby, right?

Liang Zixuan was so angry that she didn't want to argue with Han Yuanjun anymore. She turned her face away and ignored him.

Still, as if Han Yuanjun knew what she was going to do, he suddenly lowered his head and leaned against Liang Zixuan, who had just turned away. Not letting go of her, he pressed his hand behind her head and kissed her.

Liang Zixuan's feelings towards Han Yuanjun deepened after experiencing another life and death situation, especially when she thought of the night when he was threatened by Jiang Ning. Han Yuanjun was so loyal to her that he would rather cut his own face than bow down to Jiang Ning's demands.

He even dared to threaten Jiang Ning with his life.

Thinking about this, Liang Zixuan looked at Han Yuanjun's face. The scar was very faint now. While it can still be seen, it's no longer so frightening.

Liang Zixuan raised her hands and wrapped them around Han Yuanjun's neck, kissing him deeply.

They kissed very intensely, pushing the longing and fear of the past few days into this kiss. When Liang Zixuan woke up, she felt that her physical strength was actually better than before. She kissed for a long time, but she didn't feel like she was out of breath.

At this moment, the door of the ward was pushed open from outside.

[Chapter 390 - I Want To Rest By The Door, Is That Not Okay](#)

Old Madam Han's voice was heard. "Did you bring chicken soup, too? Since Jun has been staying in the hospital for the past few days, I'm afraid he won't be able to survive if I don't observe his meals. I wonder when Zixuan will wake up."

Behind her were Old Man Han, Luo Yanyun, and Qiao Hongya. As the four elders came in, they saw two people were hugging each other and kissing passionately on the bed.

Old Man Han, Old Madam Han, Luo Yanyun, and Qiao Hongya were immediately shocked, but not because they saw a PG-rated scene but because Liang Zixuan had woken up.

Old Madam Han quickly pushed Old Man Han towards the door. As she walked away, she muttered, "I didn't see anything."

Old Man Han also laughed. "I didn't see it either!"

Luo Yanyun and Qiao Hongya looked at each other and smiled. The two of them followed out as well.

Han Yuanjun frowned gloomily before reluctantly letting go of Liang Zixuan. He looked at the door grudgingly. "Grandpa, grandma, Grandpa Qiao, Grandma Yanyun, can't you come back later?"

Liang Zixuan blushed in embarrassment. She buried her head in Han Yuanjun's chest and panted heavily. Then she whispered, "They must have been very worried about me, right?"

"That's right!" Han Yuanjun patted Liang Zixuan's back to appease her. "They are so worried and come to see you every day. Even mom came back from America."

"Mom came back?" Liang Zixuan was very touched. "I didn't expect them to be so good to me."

"If they don't treat you well, then who will?" Han Yuanjun chuckled. "You're their family. In these few days, their hearts are always with you."

Liang Zixuan quickly broke free from Han Yuanjun's embrace and pushed him toward the door. "Then why don't you quickly invite them in? If you don't go out, they won't come in by themselves."

This was the first time Han Yuanjun had seen Liang Zixuan being this shy. He couldn't help but laugh. "Yes, if I didn't invite them in, they'd definitely not dare to come in."

The four elders had clearly seen them kissing, so who still dared to come in?

Han Yuanjun stood up and walked towards the door. As he opened the door, Old Madam Han and Old Man Han suddenly fell inside.

Han Yuanjun quickly helped them get up. He didn't know whether to laugh or cry. "Grandfather, grandmother, I didn't know you guys still liked to eavesdrop on other people's conversations?"

"Nonsense!" Old Madam Han looked guiltily at Han Yuanjun before saying confidently, "We weren't eavesdropping on any conversation. We were just tired and decided to rest by the door."

Han Yuanjun smiled and nodded. "Alright, but next time you're tired, don't lean against the door. There's a bench next to it."

Old Madam Han looked at Luo Yanyun and Qiao Hongya, who were sitting on the bench and coughed loudly. "They have occupied the bench. I have no place to sit!"

Han Yuanjun raised his hand and pointed to the bench across from them. "There's another one over there, it's not too far away." *nOVelusD.COM*

Old Madam Han hit Han Yuanjun gloomily with her cane. "You brat! I want to rest by the door. Is that not okay?"

"Of course!" Han Yuanjun said seriously. "Everything grandmother does is always right. Alright, come in. Zixuan is awake."

With that, Han Yuanjun gave way for the four elders to enter.

Old Madam Han rushed in impatiently and stood in front of Liang Zixuan's bed. She looked Liang Zixuan up and down, then asked urgently, "Zixuan, do you feel uncomfortable anywhere now? You don't need to be afraid. If you don't feel well, just say so. We'll ask the doctor to come and check on you."

Liang Zixuan held Old Madam Han's hand and looked at her with a smile. "Grandmother, I'm fine now. Really, I'm fine!"

She was perfectly fine.

She had kissed Han Yuanjun for so long without losing her breath after waking up from sleep. She also thought that she wouldn't get tired even if she and Han Yuanjun went through 300 rounds.

Of course, she could only think of it. In the hospital, in such a small bed, she didn't dare to do that.

Thinking of Luo Yanyun and Qiao Hongya, who were standing behind her, Old Madam Han quickly stepped aside so they could talk to Liang Zixuan.

Luo Yanyun smiled gratefully at Old Madam Han. Just as she walked over to Liang Zixuan, Liang Zixuan immediately held her hand and cried out. "Grandmother ..."

'Grandmother, mom was poisoned to death by Wei Guowei!'

'I saw it, I really saw it!'

Liang Zixuan really wanted to say all of this to Luo Yanyun, but she restrained herself.

At that time, Liang Lihua did not want to make Luo Yanyun worried, so she hid it from her. And now, after all these years, Liang Zixuan should not let Luo Yanyun grieve for Liang Lihua anymore.

There were a few things Liang Zixuan could handle on her own, and she did not want to make Luo Yanyun sad anymore.

Luo Yanyun thought that Liang Zixuan was crying because she had been unconscious for so long. When she woke up, she felt too upset. So Luo Yanyun quickly sat down on her bed and patted her shoulder to comfort her. "It's okay, don't cry anymore. It's all over now. It will get better in the future."

"Grandmother." Liang Zixuan threw herself into Luo Yanyun's arms like a spoiled child and hugged her tightly.

Luckily she was alive again. Luckily, she had met Han Yuanjun.

Han Yuanjun had not only changed her fate, but also the fate of her entire family.

Luo Yanyun and Liang Jiahao were doomed to die horribly in her previous life, but in this life, they both survived thanks to her rebirth and because she met Han Yuanjun.

At this moment, Liang Zixuan was more confident that nothing would happen to Liang Jiahao during this mission.

'Big brother will definitely come home safely!'

Luo Yanyun was a little surprised. She smiled at Qiao Hongya. "Look at your granddaughter. She has grown up, yet she still wants to act like a spoiled child with me."

Old Man Han and Old Madam Han also laughed happily. Qiao Hongya also laughed out loud with joy. He stood behind Luo Yanyun and said to Liang Zixuan. "Zixuan, don't worry. Jiang Ning will not have a good ending after everything she has done to you! Jun, your father-in-law and mother-in-law will not let the Jiang Family have an easy time."

Liang Zixuan didn't care about Jiang Ning at all. She also believed that Han Yuanjun wouldn't let Jiang Ning go.

Because of this too, Liang Zixuan was able to return to her previous life and clearly see the unsolved mystery.

This not only made her feel relieved, but it also solved Liang Jiahao's doubts the whole time.

Liang Zixuan lifted her head from Luo Yanyun's embrace and looked at Old Madam Han and Old Man Han before saying, "I know my grandparents and parents will definitely help me vent my anger."

Hearing her words, Old Man Han and Old Madam Han became even more elated. Old Madam Han almost couldn't hold back the urge to pinch Liang Zixuan's cheeks.

'Why is this child just so cute?'

Calming herself down, Liang Zixuan finally walked out from her sad and wronged state of mind after seeing Luo Yanyun. She held her hand and asked, "Grandmother, did you know that when my mother passed away, Wei Guowei.....Why didn't he throw me out?"
