[Chapter 421 - Can't Let Her Continue To Be In The Dark](#)

Qin Yu couldn't help but tremble at the thought of the man, and her face turned a little pale. "He's not my crazy fan either, I'm sure of it! This person has been following me for two months. No matter where I go, I always see him. I'm sure it's not a coincidence."

Seeing Qin Yu's frightened expression, Liang Zixuan suddenly realized how serious the situation was and nervously said, "Don't you have two bodyguards? With bodyguards protecting you, there shouldn't be any danger, right?"

"Can the bodyguards keep following me?" Qin Yu was a little discouraged. She held Liang Zixuan's hand as if she was trying to find courage in it. Her grip was a little too tight and it hurt Liang Zixuan a little.

"I don't dare to go to the bathroom alone. I'm also afraid to go home. There will always be times when I'm alone! This man wears a bucket hat, black sunglasses, and a mask. If he came to me one day, I wouldn't even know he is my stalker. Think about it, isn't that scary?"

Liang Zixuan thought about it and felt that it was really scary.

There were some things she shouldn't think about too deeply, otherwise, she would scare herself to death.

"Then what should we do?" Liang Zixuan couldn't think of a good method at this time.

Qin Yu sighed. "I don't know either. I just don't know what he wants from me. If I found someone to teach him, but then he didn't do anything, I would be the wrong one."

Qin Yu pouted, feeling a little uncomfortable. "But if I don't teach him a lesson, he'll continue to follow me like that. I don't feel comfortable at all!"

Liang Zixuan nodded and agreed with Qin Yu.

It wasn't easy to deal with this kind of person.

If you didn't do anything, he would constantly make you feel uncomfortable and afraid. And when you went to ask him, he might say, "I'm a simple fan." He wouldn't admit the truth.

Could a celebrity make a move against her own fans?

Even if the fans were in the wrong, the celebrities must be magnanimous and not easily hurt the fans. Otherwise, their future could be ruined if this matter was exposed.

As celebrities, they had to meet some of these people. If they couldn't meet them, it meant that they weren't popular. It was only because Qin Yu was too popular that she had these difficulties.

Liang Zixuan could only comfort Qin Yu. "Take as many bodyguards as you can. If there's a place where they can't follow you, have your assistants follow you. There should be no problem with that."

She then smiled. "Actually, there are many celebrities who meet with such people. If you meet someone like this, it proves that you are really popular. There aren't many people who can reach your level at such a young age."

Qin Yu agreed after thinking about it. She wiped away her serious look and smiled. "Auntie is the best. Every time I have something that's bothering me, I immediately feel better once I tell you."

Yao Xiu came from outside and whispered something in Han Yuanjun's ear. Liang Zixuan turned around and saw the subtle expression on Han Yuanjun's face. She immediately asked, "What's wrong?"

Han Yuanjun pulled Liang Zixuan up with him and walked to the window. When Yao Xiu saw this, he immediately followed.

Han Yuanjun looked at the ocean of spectators below and smiled. "Baby, Wei Guowei is here. Guess who he came with?"

How could such a smart person like Liang Zixuan not guess the answer?

She didn't think Wei Guowei would come here to accompany Wei Xiaoqing.

Besides, Wei Xiaoqing wouldn't come to this concert.

Wei Xiaoqing was naturally proud of herself. After her career as a singer was ruined, how could she stand by and watch her peers hold a concert?

Even if she wanted to come, Wei Guowei didn't have the leisure to accompany her.

Wei Guowei was a selfish person. Although he loved Wei Xiaoqing, he wouldn't do anything for her to such an extent.

There was no need to mention Jiang Huifang. She couldn't even recognize and memorize the names of the singers with her ten fingers. No matter if they were popular singers or senior singers, she couldn't recognize them at all.

Liang Zixuan smiled cynically. "Yu Lian?"

Han Yuanjun raised his eyebrow and playfully scratched her nose. "Smart girl."

At this moment Yao Xiu stretched out his hand and pointed to a certain spot below. "There he is. Wei Guowei is actually holding a silver stick and a banner in his hand. Anyone who doesn't know this will think he's coming here with his daughter."

Heh... Not with a daughter.

The age difference between Yu Lian and Wei Guowei wasn't as big as that between father and daughter.

Liang Zixuan felt that Wei Guowei was really thick-skinned. He could just do this in secret, but he was actually so brazen. Shouldn't he be afraid of others knowing that he had a woman outside?

The distance was too far. Standing on top, it was difficult to distinguish which one was Wei Guowei and which one was Yu Lian.

Liang Zixuan took a deep breath and suddenly asked, "Jiang Huifang still doesn't know, does she?"

Yao Xiu shrugged. "I really don't know what or how Wei Guowei did it, but Jiang Huifang didn't suspect him at all."

Liang Zixuan thought for a moment and said, "It's not that Jiang Huifang didn't suspect him, but during the New Year, Yu Lian was supposed to go home to accompany her parents, and Wei Guowei came home every day. So Jiang Huifang certainly wouldn't suspect him if he went out once in a while."

Liang Zixuan suddenly remembered something. At that time, she did not know that Yu Lian had worked at Yuan Now. While she was preparing to deal with Wei Guowei, she happened to meet Yu Lian there. Imagined how surprised she was at that time.

Although Liang Zixuan wasn't close to Yu Lian, she was clear about Yu Lian's character.

But even without Yu Lian, Liang Zixuan could think of other ways to make Jiang Huifang and Wei Guowei quarrel. Yu Lian only made everything better for her.

Hearing that, Yao Xiu nodded. "It should be so. After all, Jiang Huifang isn't very smart. Seeing the fierce appearance of Wei Guowei, she immediately felt scared and hid like a rat, not daring to come out again."

Han Yuanjun pulled Liang Zixuan into his arms, then he looked down at her sparkling eyes. He knew that this little girl was up to something again.

He chuckled and asked lovingly, "What are you thinking about? Speak out and let me have some fun too."

Liang Zixuan laughed a little and hugged Han Yuanjun's waist. She said to Yao Xiu who was standing beside her. "Since Jiang Huifang is so stupid, then let's help her.. I can't let her continue to be in the dark and let Wei Guowei take her for a fool."

[Chapter 422 - Those Foxes And Spirits Are No Match For Me](#)

Wei Guowei was saying to Jiang Huifang that he will go out and have dinner with his business partner tonight. And Jiang Huifang knew that during the New Year, men would go out and get to know each other.

No matter whether they had the opportunity to work together or not in the future, they could always go out to dinner together.

Maybe they had no intention of working together at first, but after drinking and eating, the cooperation would arise.

Jiang Huifang disliked this kind of situation the most. Besides, these men didn't usually bring their wives, so she didn't think too much about it and asked her three friends to play mahjong.

"Damn chicken!" Jiang Huifang shouted loudly, excitedly pushing the tiles in her hand. "Thirteen! Hahaha, come on, give me the money!"

"What, thirteen!" Mui Linlin's face went blank. "Is there something wrong with these tiles? Or are you wearing red underwear or something today? How can your good luck be so good!"

She threw the money on the table unhappily.

The two players at the side also took out their money in annoyance.

Jiang Huifang happily counted the money while saying proudly, "I don't wear red underwear. There's nothing I can do about my good fortune. I just can't stop it."

Mui Linlin felt anger in her heart when she saw Jiang Huifang's carefree and happy appearance.

These playmates, all of whom had money in their families, weren't heartbroken about losing this money. They played mahjong just for fun but winning or losing always had to be in order.

Jiang Huifang won alone tonight, of course no one would be happy about it.

While Mui Linlin was arranging the tiles, she said in a strange tone. "Huifang, you better take it easy. Someone said this casino is full of unhappy spirits. Don't just focus on winning the game and making other players unhappy. If the spirit is unhappy, it would let your husband be attracted to another fox spirit. When that happens, you won't even have time to cry!"

Jiang Huifang did not have many friends to begin with. She only had a few of these playmates, who were willing to sit and play around with her.

As Mui Linlin said this, others also thought of the same thing, but Jiang Huifang had long been thick-skinned. If it were anyone else, they'd already turned the table over and left in a huff.

But Jiang Huifang not only was not angry, but she also said proudly, "My family's Old Wei isn't that kind of person. We have been through so many storms together, what vixen haven't I seen around him?"

Jiang Huifang raised her eyebrow and reached for the tile. "It's not that I'm boasting, but I have many tricks up my sleeve. With my family's Old Wei firmly latched in my grasp, those foxes and spirits are no match for me!"

"Tch!" The woman next to her sneered insultingly. "Don't be so sure of your words, haven't you ever heard of it? When a man is rich, he becomes evil. Our husbands were all between fifty and sixty years old. Even though they are old, how many little girls in this society want to take shortcuts and live a stress-free life? Our husbands just like delicious cake for them."

Mui Linlin nodded in agreement. "That's right! At our age, we have to see with our own eyes whether our husbands have the heart to resist the temptation of the vixen on the outside. If our husband did not have such a conscience and wanted to divorce, then marry the vixen outside; when that time comes, we would be very sad."

"That's right!" The other woman added. "I have seen a lot of them! You guys know CEO Zheng from Zheng Group, right?"

Jiang Huifang nodded and threw the tiles from her hand. "I know. I heard he divorced his wife some time ago. Is that right?"

"Yes!" The woman pursed her lips, her eyes shining with the light of gossip. She then said mysteriously, "Do you guys know why he divorced his wife?"

Everyone shook their heads.

"Heh!" The woman smiled proudly. "That's because the vixen he raised outside was pregnant and gave birth to a son. I heard that he originally did not intend to get a divorce and did not want that vixen to give birth to his child, but eventually, she still did, and CEO Zheng continued to lose his heart to her. When he returned home, he divorced his wife and brought that vixen and that little bastard into his house."

Mui Linlin frowned and said with a disdainful look. "These vixens are really something. While trying to snatch the man, she said, 'I don't want your money. I just love you, and I never thought of destroying your family' or something like that. And just like that, our husbands fall in love with them."

"Yeah, you are right! I think these men are just stupid. Do they really think they are so handsome and outstanding? Don't they know that they are too old and these little girls will never be sincere to them? At this age, they should be thinking about death, not romantic things!"

"Shameless!"

"These kinds of men and women are more than shameless. In ancient times, women like these would have been dipped in pig cages!"

As Jiang Huifang listened to their conversation, she had a nagging feeling that something was not quite right.

Why did she feel that everything that came out of their mouths was like a scolding and a slap on her face?

The things they were saying were exactly what she had done to Wei Guowei all those years ago.

Jiang Huifang heard this and felt upset. She took a tile and touched it with her thumb. Her face glowed with joy as she slid the tiles in her hand onto the table. "I won again!"

"What?!" Mui Linlin and the other two opened their eyes wide as they watched Jiang Huifang push the tiles. Mui Linlin carefully examined each tile and muttered softly in her heart. "Bullshit, what a load of bullshit!"

Mui Linlin angrily took out the money and threw it at Jiang Huifang. "Look at you, I have never lost this much money before! This little money you get is not enough to keep in one bag."

As Jiang Huifang collected the money, she proudly thought to herself, "I'll let you scold me. Keep scolding me. The more you scold me, the more I will get. You all better die in rage!"

After receiving the money, she cheerfully called Mui Linlin and the others to play again. "Come on, let us play again."

Mui Linlin rolled her eyes.. Just as she was about to touch the tile, her phone beeped twice.

[Chapter 423 - Is She Your Husband's Business Partner](#)

Since Jiang Huifang won in a row, they didn't even have a chance to catch their breath. Mui Linlin took advantage of this gap to pick up her phone and said, "Take a break, my WeChat is ringing. I want to see who sent it. You guys can go to the toilet or drink whatever you want."

The other two still didn't understand what Mui Linlin meant. They just wanted to cool Jiang Huifang down for a while. Maybe if they went away for a while, their luck wouldn't be so bad.

The two of them nodded and stood up. "Yes, let's take a break. We'll go to the toilet first."

Jiang Huifang looked at their faces with disdain. "If you can't afford to lose, then just say it straightforwardly. What kind of reason are you trying to say? Don't think that just because you go away for a while, your luck will be good. Come back and see if I haven't won all of your money!"

Mui Linlin ignored Jiang Huifang and clicked on her daughter's WeChat message. Suddenly, she cried out in a loud voice and her eyes widened in shock. "Shit, is this thing legit?!"

The two women had just reached the toilet door when they heard Mui Linlin's scream. They immediately turned and asked curiously, "What's going on? Can you tell us about it?"

Mui Linlin held her phone in front of their eyes. They both looked at her and unconsciously, the corners of their mouths twisted into a haughty smile.

Jiang Huifang waited for a while to take care of these three. She didn't dare to move, fearing that if she did, her good fortune would run out. Actually, she really wanted to go to the toilet, but she didn't want her fortune to be lost, so she had to endure it.

Now that she saw the three of them were staring at her in unison, she gave them a depressed look. "Why did you guys stare at me? I only won a little bit of your money! Don't be so shameless."

Mui Linlin put down her cell phone and rested her hand on the mahjong table. She looked at Jiang Huifang with a calm and serene expression while mockingly saying, "Jiang Huifang, where did your husband go tonight?"

"My husband?" Jiang Huifang was taken aback for a moment before frowning uncomfortably. "Why did you ask about my husband?"

"I was just casually asking." Mui Linlin had an expression of 'forget about it. If you don't want to say it, it's fine.'

She then waved to the two people next to her. "Go on, we can continue the game after you go to the toilet."

Not only did the two of them not leave, they even looked at Jiang Huifang with ridicule.

Jiang Huifang immediately lost her composure. No matter how stupid she was, she could guess that the thing on Mui Linlin's phone had something to do with Wei Guowei.

Why else would they stare at her so excitedly?

Jiang Huifang swallowed her saliva and asked cautiously, "You ... Is there something you wanted to say?"

Mui Linlin smiled indifferently. "It's okay. Let's continue playing mahjong."

The two still did not move. They stood behind Mui Linlin and stared at Jiang Huifang with an evil smile on their faces.

Jiang Huifang could not take it anymore and said directly. "My husband went out for a social gathering tonight. He said that he had dinner with some of his business partners. As you all know, such gathering is the most boring one."

"Oh?" Mui Linlin did not give Jiang Huifang a chance to catch a breath. She picked up her phone and showed it in front of Jiang Huifang's eyes before smiling mockingly. "So is she your husband's business partner? They both went out for dinner at a concert."

"A concert?" Jiang Huifang's eyes bulged out when she saw the photo on Mui Linlin's phone. Wasn't that her husband, Wei Guowei? In his arm was a very young woman and in the other, he held a glowing stick. He looked very young and vibrant.

Wei Guowei was looking at the woman with a gentle gaze.

Boom!

It was like an atomic bomb had exploded in Jiang Huifang's head. Her mind went blank. Only her two eyes stared at the photo on the screen. Her face became more and more unsightly.

Mui Linlin looked at her with satisfaction as she saw Jiang Huifang's face change color with a speed that could be seen by the naked eye. She scoffed at the two people behind her.

"My daughter said she was going to see the female idol group's concert tonight. The ticket was not expensive anyway, only a few thousand yuan, so I let her. In the end, she sent me such great news."

"Hur...hur...hur...Such great news indeed. Your daughter even took a photo to prove it. I never knew she likes gossip so much."

The two women behind Mui Linlin proudly echoed her words.

Looking at Jiang Huifang's expression now, the three of them felt as if they had finally gotten rid of their anger.

Jiang Huifang had been so complacent and ruthless when they were playing mahjong just now. Now, they also won't be soft on her, pushing her where it hurts!

Mui Linlin pouted and pretended to be embarrassed. "Right, how can I give birth to a daughter who likes to see gossip. Even if she saw it, she had to keep it to herself. She even sent me the photo so I could see it."

"Not only that, she also asked me if this is my mahjong's friend, Auntie Jiang's husband. You guys tell me, how should I reply to her question? She's still young, and if I say yes, this child doesn't believe in love in the future and doesn't want to have a boyfriend. Aiya, what should I do?"

"You can't say that! Nowadays even boys have extreme thoughts and do something embarrassing like this. It's better if you don't tell her. If she doesn't dare to have a boyfriend later, you won't even be able to cry in time."

"It's really embarrassing! At such an old age, he brought a little girl to see a concert. Anyone who doesn't know the truth would think that a father had brought his daughter to see his daughter's idol! If this were my husband, I would lose so much face and sell my grandmother's house."

Mui Linlin sighed, her eyes swept over Jiang Huifang's face. "Right, Huifang. Your daughter, Xiaoqing... Wasn't she a famous celebrity before? If her reputation isn't ruined, do you think Wei Guowei will bring this Little San to his own daughter's concert too?"

"Enough!" Jiang Huifang pushed Mui Linlin's hand harshly, causing the phone to slip out of her hand. It landed on the ground with a sharp "Pa" sound.

Before Mui Linlin could pick up her phone, she heard Jiang Huifang's angry and sour words. "My daughter used to be a celebrity, but so what? In any case, she was once popular, unlike your daughter who is still gnawing on her parents' bones at home!"

[SWEET BEAUTY](#)

[Chapter 424 - He Has Someone Outside](#)

The more Jiang Huifang said this, the angrier she became. She pointed at the three of them and scolded. "What are you proud of, huh?! What you should be proud of! Let's not talk about whether the girl next to my husband is a vixen or Little San for now. Let's talk about your own husband! Can any of you make sure that your husband doesn't have one or two out there? Their assholes are already bleeding, and you guys still have the gall to laugh at me!"

These harsh words were not something a woman could bear.

Mui Linlin and the other two women were so angry that their faces turned red, but Mui Linlin turned around with a smile and bent down to pick up her phone. Checking to see if her phone was broken, she smiled and said, "We still don't know about our husband, but your husband, we sure do. Jiang Huifang, since you have time to argue with us now, why don't you hurry back and investigate this matter?"

Jiang Huifang really hoped that she could rip their mouths.

However, Mui Linlin was right. If she didn't come back now to find Wei Guowei and if the little vixen was pregnant with his damn child, the matter wouldn't be easy to deal with.

Jiang Huifang angrily pushed the mahjong's tiles in front of her. She reached for her bag and stood up. Just as she took two steps, she stopped abruptly. She suddenly turned around, and grabbed the mahjong table with both hands, flipping it over.

She clapped her hands and snorted coldly. "What are you proud of? The wind and the water are swirling, and they will eventually return to your place!"

With that said, Jiang Huifang no longer lingered and headed for the door impatiently.

Mui Linlin looked at Jiang Huifang's back and curled her lips into a sneer. "It doesn't matter how Feng Shui changed direction, it's going to your place now. Go home and cry!"

A woman behind her harrumphed in disdain. "Serves her right! The mistress had taken the position, and now her husband has betrayed her. This world is so fair. Bad people can't be arrogant to the very end."

Jiang Huifang hurriedly rushed back home. When she saw Wei Xiaoqing, she couldn't hold back the grievance in her heart. Without changing her shoes, she threw herself into Wei Xiaoqing's arms and wailed loudly. "Xiaoqing, your dad is so shameless. He has someone outside!"

"What, he has someone?" Wei Xiaoqing caught to the main point of Jiang Huifang's words and helped her up, asking in disbelief. "Mom, are you sure about this? You can't talk recklessly! Dad had already despised us because you went crazy. If this isn't true and you keep causing trouble, dad really won't be able to stay in this house anymore!"

"Really, I'm telling the truth!" Tears flowed down Jiang Huifang's face unstoppable, making her look extremely unsightly. "I was playing mahjong with Mui Linlin and the others just now and her daughter was watching the concert when she happened to see your father and that little vixen together. They were shameless, hugging each other in front of so many people."

Wei Xiaoqing frowned. "Are you saying that the woman dad is with, is quite young?"

"En!" Jiang Huifang thought of the young face of the girl in the photo and felt sad. She cried even louder and felt wronged. "I've already seen the photo. That little vixen is only a few years older than you. I think she's about the same age as Liang Jiahao. That bastard Wei Guowei can already be a grandfather now, and he..."

"Enough!" Jiang Huifang's wail was so loud that it hurt Wei Xiaoqing's eardrums. Wei Xiaoqing pushed her away impatiently. "Stop crying. Is there any point in crying? If you keep crying and dad sees this when he comes back, he won't care about you anymore!"

Jiang Huifang anxiously grabbed Wei Xiaoqing's hand, feeling even more wronged. "I feel sad, that's why I cried! You're my daughter, so what if I cry to you? Don't tell me you despise me too?"

Wei Xiaoqing really despised her.

She hated the crying women the most. She felt that only incompetent women would cry.

She had long since forgotten about the incident where she once knelt in front of the Hou Family's gate and made a fool of herself.

"Let me ask you, what are you crying for? Did dad say he was going to divorce you? No, right? Then stop crying!"

Jiang Huifang blinked with tears in her eyes and shook her head. "No, he didn't say he wanted to divorce me."

"Then it would be fine." Wei Xiaoqing was annoyed when she saw Jiang Huifang's sad face. She sat down, took a tissue, and wiped Jiang Huifang's face.

Jiang Huifang didn't dare to make a sound. Her face was already hurting from being rubbed by Wei Xiaoqing harshly, but she endured it and looked at her pitifully.

Wei Xiaoqing threw the tissue into the trash can and calmly analyzed the current situation. "Now that you've found out that dad has another woman outside, but he still doesn't know about it, right? If he never said he wanted to divorce you, that means he didn't want to divorce you from the bottom of his heart. So, don't panic, let's have a good plan for this matter. Don't you dare come up to him and

question him like a crazy woman when he comes back. Originally he didn't want to divorce you, but once you questioned him, he changed his mind and decided to divorce you."

Jiang Huifang shook her head. "That won't do. Xiaoqing, just because your father isn't talking about divorce right now doesn't mean he won't say it in the future. Back then, when he was with me, it took me almost two years to make him decide to divorce Liang Lihua! I couldn't keep this matter dragging out until he told me. By the time that happened, it was already too late!"

"Then is crying useful?" Wei Xiaoqing was very agitated. Seeing that Jiang Huifang was so anxious that tears were running down from her eyes again, she became angry.

"By crying, you actually helped this vixen get closer to dad! You're directly pushing dad to her. Shouldn't you think about this carefully? Didn't you make dad run away from home when you went crazy? You need to coax dad carefully and gently, not making a mess!"

"Do you think your father is still reasonable? And why should I coax him?" Jiang Huifang was so angry that smoke was coming out of her head as she shouted, "Why should I?! It's already good enough that I don't want to turn the world upside down. Now you want me to coax him?"

Wei Xiaoqing covered her ears and glared at Jiang Huifang. After Jiang Huifang finished screaming, Wei Xiaoqing lowered her hand and said, "Why didn't you listen to me? If you don't want to listen, then don't ask me. I'm too lazy to care about you!"

"Xiaoqing!" Jiang Huifang immediately admitted her wrongs. In front of Wei Xiaoqing, she couldn't muster up any temper. She bit her lips in guilt and asked tearfully, "I won't cause any trouble, then Then what do you think I should do?"

[Chapter 425 - We Need To Find That Vixen First](#)

When Wei Xiaoqing saw that Jiang Huifang was no longer making a fuss, she began to say, "If you wanted to pretend that you didn't know anything when he came home, it wouldn't work. Not only will you not be able to slap him, but you also have to greet him with a smile. So let's investigate this vixen first and deal with her. This isn't about dad, but about that vixen. As long as she knows how to back off and leave dad alone, this matter will be easy to resolve."

Although Jiang Huifang felt wronged, she felt that Wei Xiaoqing's words made a lot of sense.

Right now, she was in a complete mess. Only Wei Xiaoqing, who was sitting next to her, could still see this situation clearly. What could Jiang Huifang do in this current state?

Jiang Huifang raised her hand to wipe the tears from her face, then grabbed Wei Xiaoqing's hand.

"Xiaoqing, mom is really depending on you this time. Our family's happiness is in your hands. I can't afford to lose it."

"I know." Wei Xiaoqing calmly pulled her hand away and used a tissue to wipe the tears on Jiang Huifang's face again. "Don't worry, I understand. Your status in this family will directly affect how I lead my life. You've worked hard all your life. You can't let another woman take your property away from you!"

Jiang Huifang and Wei Xiaoqing sat in the living room waiting for Wei Guowei to come home. When it was 11 p.m., he still hadn't returned, and Jiang Huifang couldn't help but feel angry. She picked up her phone and wanted to call Wei Guowei to vent her anger, but Wei Xiaoqing quickly held her back.

"Ask him if he's coming back tonight. Remember, your tone must be gentle and better. Even if he doesn't come back, don't say anything unpleasant and hang up."

Jiang Huifang looked at Wei Xiaoqing sadly and nodded. "Alright."

She then called him. The first time, Wei Guowei didn't answer. Jiang Huifang's hand that was holding the phone trembled with anger. "He's probably rolling around in bed with that little vixen right now!"

"Enough!" Wei Xiaoqing grabbed the phone. "Call dad based on your situation. If you call him in this state, you'll definitely have a fight! It's fine if he doesn't come back. We'll find the vixen first!"

This time, Jiang Huifang's prediction was not wrong. Wei Guowei was really with Yu Lian in his apartment, and after so many days of not seeing each other, he thought she'd go crazy from missing him. It wasn't easy for Wei Guowei to get this chance, so how could he pass it up?

But Wei Guowei was wise. Before he did anything, he put his cell phone in the living room so as not to disturb his intimacy. When he was done, he picked up his cell phone and was shocked to see one call from Jiang Huifang.

Could this Jiang Huifang have taken the wrong medicine? He didn't answer the call and she let the matter go?

If this was before, if he didn't answer a single call, Jiang Huifang would definitely make the second and third calls. It was like a life-threatening call, which made him extremely annoyed.

Jiang Huifang's abnormal behavior somewhat unsettled Wei Guowei. He thought for a moment and then took the initiative to call her back.

At this time, Wei Xiaoqing was still trying to calm Jiang Huifang down. When she saw Jiang Huifang's phone ringing, she picked up the phone and looked at the caller's name.

Seeing it was a call from Wei Guowei, she hastily warned Jiang Huifang. "Mom, no matter what dad says, you are not allowed to be angry. Do you hear me? No matter how angry you are, you must hold it in."

Jiang Huifang had never suffered like this in her entire life. But in order to live a life where she could live without worries, she had to do it even if she didn't want to. "Alright, I understand. Give me my phone."

Seeing that Jiang Huifang had completely calmed down, Wei Xiaoqing handed the phone back to her.

Jiang Huifang picked up the phone and held it next to her ear. She then said in a soft voice, "Hello, Guowei."

Wei Guowei originally wanted to probe her, but when he heard the softness in her voice, he was relieved. "Why did you call me just now?"

"It's nothing." Jiang Huifang bit her lip and whispered, "It's too late, and you're drunk. When you come back later, find someone to send you back. Don't drive yourself, okay?"

Wei Guowei definitely didn't want to return. He originally wanted to find an excuse, but facing Jiang Huifang's caringness, he felt that it would be too much if he didn't come back. He hung up the phone and began to get dressed.

Yu Lian listened to what Jiang Huifang said on the phone, and she was surprised at how smart Jiang Huifang had become. She didn't ask when Wei Guowei would return but only told him to be careful.

Therefore, Wei Guowei had no choice but to return.

When Yu Lian saw Wei Guowei wanted to leave shortly after hanging up the phone, she quickly hugged him and arbitrarily prevented him from getting dressed. "Where are you going?"

Wei Guowei felt very guilty. He felt wronged for Yu Lian because she was so patient and loving to him.

He patted her small face and said with a smile, "Good girl, I have to go home tonight. You sleep here, and tomorrow morning when you wake up, you can go home, okay?"

"It's already late, why do you still need to go back?!" Yu Lian looked up and blinked her big watery eyes at Wei Guowei. "I won't be able to rest in peace if you go back at this time. And... I'm afraid to stay here alone..."

Wei Guowei couldn't bear Yu Lian's wronged expression. He hugged her and coaxed her gently. "Good girl, don't be afraid. This is also your house, so there is nothing to be afraid of. I don't know what's wrong with Jiang Huifang today, but I have to go home and take a look. Next time, I'll definitely accompany you properly, okay?"

When Yu Lian saw that Wei Guowei had decided to leave, she could only nod with the wronged expression. She hugged Wei Guowei and kissed his cheek. "Well then... You can go back. I'm not afraid, really!"

Despite what she was saying, Yu Lian's expression clearly showed that she was scared to death. Wei Guowei's heart ached when he saw this, so he quickly grabbed Yu Lian's face and kissed her hard. "Don't be afraid. I'll take you to buy a car in a few days. When this happens again, you can drive yourself home."

Buy a car?

Yu Lian almost cried with joy. She hadn't been with Wei Guowei for a long time, and overall, she hadn't slept in his bed for too long. And Wei Guowei would actually buy her a car?

As expected, an old man doted on the young girl the most!

Yu Lian suppressed the joy in her heart and shook her head. "No need. I don't spend much time with you anyway. This kind of situation won't happen often.. There's no need for you to spend so much money on me."

[Chapter 426 - Should We Let That Woman Take Advantage Of Us](#)

"How can this be called spending money?" Wei Guowei glared at Yu Lian and said angrily, "Giving money to you is not a waste of money. I am willing and I don't want to let you down. It's decided. I will buy a car for you, okay?"

Yu Lian heaved a long sigh. She picked up Wei Guowei's clothes and personally helped him get dressed. "I can't change your mind, you can do whatever you want. I just want you to be happy when you are with me. You can do whatever you want as long as you feel happy."

Wei Guowei was very happy to hear this. He really enjoyed the feeling of being pampered by a young girl.

By the time he arrived home, Jiang Huifang had already changed into black silk pajamas and was lying on the bed. She's not wearing anything inside and everything can be seen clearly.

Seeing her like this, Wei Guowei knew what she was up to.

Wei Guowei was no longer a fit young man. He had just returned from Yu Lian, so how could he still have the energy to do it with Jiang Huifang.

Although he had stamina, he was not in the mood right now. He was too sleepy. He turned his back to Jiang Huifang, closed his eyes, and fell asleep. *novELUs&.cOmm*

Jiang Huifang scolded Wei Guowei for eighteen generations in her heart, then she crawled to him and lay on his body. "Guowei, are you asleep?"

Wei Guowei hadn't slept yet, but he really didn't want to care about Jiang Huifang. If he responded to her now, she would definitely pull him into something, so he closed his eyes and played dead.

Seeing Wei Guowei ignoring her, Jiang Huifang decided to tease him, but no matter what she did, Wei Guowei still did not respond to her.

Jiang Huifang lay back on her bed, confused and irritated. She pulled the blanket to cover herself. In the darkness, her eyes were wide open, but she couldn't hold back the sadness in her heart. Tears flowed quietly from the corners of her eyes.

She knew how much of a bastard Wei Guowei was.

This was the first time he hadn't returned home in all the years he'd been with her.

How could the heartless man have the mood to deal with her when he had a young girl outside.

The more Jiang Huifang thought about it, the more miserable she became. If Wei Guowei really didn't want to divorce her, how would she live her life in the future?

????

Wei Guowei was too well-behaved these two days and didn't go out. In the end, he couldn't take it anymore and found an excuse to go out.

Wei Xiaoqing immediately dragged Jiang Huifang with her as they followed Wei Guowei from behind. They quietly watched him pick up Yu Lian with his car.

This wasn't Yu Lian's house. She wasn't foolish enough to dare to meet an old man at her parents' house.

She arrived by cab and stood at the side of the road to wait for Wei Guowei.

Seeing the two of them hugging each other, Jiang Huifang was so angry that her face turned green. "Shameless. Really shameless! Look at how that bitch hugging him in public. Isn't she afraid that someone will poke her spine and scold her?!"

Wei Xiaoqing said angrily, "Mom, that's enough. Hold back your anger."

There was so much bitterness in Jiang Huifang's heart. Snorts and tears streamed down her face.

Wei Xiaoqing drove her car and followed Wei Guowei's car slowly from behind. Finally, she realized that he had parked his car in front of the BMW 4S store.

Jiang Huifang immediately exploded. "He's not going to buy a car for that bitch, is he?"

Wei Xiaoqing, who was always calm, couldn't hold it anymore. She said with a dark face, "Apparently, dad is really generous. He bought us a cheap car, but he bought this woman a BMW. He really loved that bitch."

Seeing Wei Guowei and Yu Lian walking hand in hand, especially Yu Lian's smiling face, it really stung Wei Xiaoqing's eyes.

She quickly unbuckled her seatbelt and said to Jiang Huifang beside her. "Mom, let's go."

"What?" Jiang Huifang paused and asked uncertainly. "You ... didn't you say that we won't confront him today?"

"Look at the situation right now! If we didn't stop him, dad would spend all his money on that woman!" Wei Xiaoqing was so angry that her eyes turned red. "His money is ours, why should we let that woman take advantage of us? Mom, this won't work! We can't let dad spend even a penny on her!"

Jiang Huifang naturally felt unwilling as well. As soon as Wei Xiaoqing said that, the word "money" buzzed in her head. She nodded and immediately unbuckled her seatbelt before getting out of the car with Wei Xiaoqing.

The sales manager was someone who liked fawning over people. When he saw Wei Guowei bring a young, pretty girl into the store, he knew they were definitely not here to look around.

Men love their faces the most. Whether the woman was Wei Guowei's daughter or Little San, this manager would straighten his back and fulfill all his customers' wishes.

The manager immediately welcomed them with a smile. "Hello, welcome. What car would you like to take a look at? May I know the budget?"

Wei Guowei wanted to say, 'the cheapest one', but when he saw Yu Lian's bright smile, he couldn't say it out loud. He paused, then said with a touch of heroism. "About two million."

"Alright, this way please." The manager led Wei Guowei and Yu Lian to a white BMW, and just as he was about to introduce the car, Wei Guowei ignored him and turned to Yu Lian. "Lian, it doesn't matter how much this car costs. Just take a look at it. If you like it, I'll buy it for you."

How bad could a BMW be?

To Yu Lian, the car was just for a show, and she didn't know anything about it. As long as the brand and the price were expensive, she didn't care about anything else.

A two million car was a pleasant surprise for her. How could she not be happy about it?

"En!" Yu Lian nodded obediently and pointed at the car in front of them. "I like this car. It's great and valuable, and the girls look good when they drive it."

Wei Guowei nodded with satisfaction. "Since you like this car, then let's buy it."

After saying that, he took out his wallet, took out a card, and generously handed it to the manager. "We'll take this one."

The manager didn't expect Wei Guowei to act so presumptuously. He didn't ask for the price. The girl next to him said she liked it, and he just bought it.

When Wei Guowei said two million, the manager deliberately took him to the BMW. This car was worth two million and eight hundred thousand yuan. It was really an expensive car.

The manager took the card and said with a flattering smile.. "Please wait for a moment, we'll complete the formalities now."

[Chapter 427 - Didn't You Say That You Love Me Because Of Me And Not Because Of My Money](#)

"What formalities?" A high-pitched woman's voice sounded behind them.

The three of them turned around at the same time and saw Wei Xiaoqing and Jiang Huifang walking aggressively toward them.

Wei Xiaoqing and Jiang Huifang's violent temper and hateful expression were clearly the results of a legitimate wife arresting a traitor in the middle of the room.

The manager had seen so many storms, so how could he not understand this?

He immediately dodged to the side with the card and stood in the safe zone.

When Yu Lian saw Wei Xiaoqing and Jiang Huifang, she immediately pulled her hand and moved away from Wei Guowei with a guilty conscience.

Wei Guowei not only didn't feel guilty for doing something wrong, but he confidently asked, "Why are you here?"

Wei Xiaoqing stood in front of Wei Guowei and looked at him with a smile. "Dad!"

Her voice was very loud, attracting the staff and everyone who was buying cars beside them.

Everyone craned their necks as they watched this family farce with excitement.

"I told mom to come with me and look at the cars. I didn't expect to see you here with another woman!"

Wei Guowei scowled and glared at Jiang Huifang. Jiang Huifang immediately puffed out her chest and glared back sharply. "Why are you staring at me? You're the one who did something wrong, why are you staring at me!"

"What did I do wrong?" Wei Guowei's anger slowly simmered, as if it would explode at any moment.

Wei Xiaoqing and Jiang Huifang felt that Wei Guowei had done something wrong when he bought a car for another woman, so they ignored his anger.

Wei Xiaoqing snorted mockingly. "Dad, is this your attitude after doing something wrong?"

Wei Guowei looked around at everyone who was watching and forcibly restrained his anger. He tried to grab Wei Xiaoqing. "If you have something to say, let's go home and talk about it. Don't embarrass yourself here."

Wei Xiaoqing pushed Wei Guowei's hand away. She straightened her back and snorted with her chin slightly raised. "I'm not embarrassed. Why should I be embarrassed? If you have something to say, just say it today. When you come back later, you'll be shyly refuse to admit your sins!"

Wei Guowei was so angry that he couldn't hold it anymore. This Wei Xiaoqing was completely against the will of heaven. She actually dared to say so to him in front of everyone!

Wei Xiaoqing wasn't embarrassed, in fact she wanted to be shameless!

Wei Guowei slowly clenched his fists and looked into Wei Xiaoqing's eyes, which emitted a sharp light. "Xiaoqing, this is our family's business, don't make trouble here. Otherwise, don't blame me for arguing with you!"

"Why are you threatening your own daughter?!" Jiang Huifang couldn't bear to see her daughter being mistreated. Besides, Wei Xiaoqing was defending her, so how could she possibly not speak for Wei Xiaoqing?

"Wei Guowei, you're the one who made the first move, and you still have a face to threaten Xiaoqing? Don't think I don't know that you're sleeping with this bitch! I haven't made a fuss before because I think you're too old to play around with me. But now you want to buy her such an expensive car? Let me tell you, no! Your money is mine, why should I let other women spend it?"

From the beginning to the end, Wei Guowei felt that his money belonged to him alone.

When he divorced Liang Lihua that year, it was because Liang Lihua wanted the shares and his money that he killed her.

Now Jiang Huifang actually thought of his money, so of course he wouldn't hold it back.

Wei Guowei was immediately furious and shouted. "What money do you have? I worked so hard to get this money, and it has nothing to do with you! This money is my own money. I can give it to whomever I want, and that's none of your business!"

"Wei Guowei!" Jiang Huifang was also furious. She put her hand on her hip and cursed. "You black-hearted bastard! I've been with you for over 20 years and the marriage certificate is still at home! Are you now going to claim that your money has nothing to do with me? I'm telling you, the marriage law is written very clearly. Your money is our marital property, half of it belongs to us! If you want to give the money to this bitch, you must first ask me if I agree!"

When the crowd saw this, they finally understood that this man had taken Little San to buy a car and was caught in the act by his daughter and wife.

Wei Guowei's pious and shameless face made many people dissatisfied.

Someone in the crowd whispered. "This man is really shameless. He even goes overboard with his words. He's buying an expensive car for Little San. If I were his wife, even I wouldn't be able to tolerate it!"

"That's right! That girl is also disgusting. That man should be her father now, right? But she still shamelessly behaved like that in public. She has no shame at all!"

Yu Lian felt angry and insulted at the same time. So what if she became a mistress?

She didn't try to steal him, but grabbed the man's heart with her own ability. What right did these people have to scold her like this!

Yu Lian puckered her mouth in a grievance, then she suddenly covered her face and cried. "I really love him, is it wrong to love someone? No one can control their heart and feelings."

These words really touched the softest point in Wei Guowei's heart. Seeing Yu Lian being scolded by the others, he actually pulled her into his arms and persuaded her in a gentle voice. "You're right! It's not wrong to love someone! True love is innocent, you are innocent. These people didn't understand it. So there's no need for you to listen to their words when they have nothing to do with us. It's good that we understand each other."

"Bullshit!" Jiang Huifang immediately jumped up, pointed at Wei Guowei's nose, and cursed again. "What's your innocent love? You're old and only waiting for death, can she really love you? Heh ... Don't be so stupid. Wei Guowei, let me tell you, this bitch is only after your money. If you don't have the money, can you buy her such an expensive car? Don't be fooled by her sweet words!"

Wei Guowei laughed instead of getting angry. "You suddenly remind me of you. Didn't you say that you love me because of me and not because of my money? My ex-wife wanted to steal my property, but you refused to do that even though you were beaten to death. You wanted me to find a way to blame her, and then drove the two children out of the family!"

Jiang Huifang was shocked because she didn't think Wei Guowei would talk about the rotten seeds in public.

Wasn't this the same as slapping her face in public?

Wei Guowei sneered. "At that time, what you said sounded very good. You didn't love my money and didn't even want it. So now that you have said the money is yours, which words are ultimately true and which words are ultimately false?"

When the crowd heard this, they became very excited.

[Chapter 428 - I Won't Let You Leave Me](#)

"Aiya, I'm going! It turned out that the main wife was also a Little San! She forced the original wife to leave, so now she's in this trap!"

"Uninteresting. What's she doing here? She's the one who stole another woman's husband first."

Someone next to that person shook his head and then laughed. "That means Heaven really has eyes! A home-wrecker like her will never live happily ever after!"

"But in that case, this man is also a scum. A casual woman can easily lure him away. He is a complete scum!"

When they made such a fuss, none of them managed to get any benefit.

Jiang Huifang was clearly being wronged, and she deserved the public's sympathy. However, she was a mistress, and now another woman was stealing the man, and the public not only had no sympathy for her, but even thought that Little San had done a good job.

They all almost gave Yu Lian a big thumbs up.

Yu Lian looked at Jiang Huifang's shocked expression with a sneer while she was in Wei Guowei's arms.

Originally, she'd thought that she'd have to use some tricks and take some time to get Wei Guowei to divorce Jiang Huifang, but she didn't think that Jiang Huifang, that idiot, would let Wei Guowei push her (Jiang Huifang) as soon as she came knocking on the door.

How could this Jiang Huifang be so stupid?

Jiang Huifang almost went mad with anger. Since Wei Guowei had said so, she couldn't find the words to reply. She could only stare at him like a fool.

Wei Xiaoqing was familiar with all kinds of scenes of people tearing each other apart. This little thing was nothing to her.

She pulled Jiang Huifang behind her, then stood in front of Wei Guowei, raised her head, and said, "Dad, no matter what, mom has lived with you for more than 20 years, and I'm at this age. You can't possibly say you don't have feelings for her. Other than my mother, no one really wants to be with you!"

Yu Lian quickly said, "I never thought of destroying your family. I also told your father not to think about divorce. I'm an unimportant person and your family should live together in harmony."

"Shut up!" Wei Xiaoqing glared sharply at Yu Lian. "What right do you have to speak here? You're just a wildflower outside and my father was just playing with you because you're something new! Don't act like a white lotus in front of me. If you really want our family to be good, from now on, don't see my father again. Our family will definitely be good to each other."

Yu Lian immediately pushed Wei Guowei away in tears and said with a sigh. "Alright, I will leave your father now. Your family should live a good life and not fight because of me. I will never see him again."

With that, Yu Lian pretended to leave.

Wei Guowei grabbed her and pulled her into his arms.

If Yu Lian hadn't said that, Wei Guowei wouldn't have thought much of her. He had originally intended to play around with her, but today's incident made him really hate Jiang Huifang.

Just because Jiang Huifang had mentioned the money to him, he could no longer bear it.

On the other hand, Yu Lian was so righteous, making people's hearts ache for her.

She obviously loved him so much. She loved him so much that she wanted to separate from him for the sake of his family harmony while holding back tears. How could he bear it?

"Lian, you don't have to leave me. I can't stay in this family anymore. Since they found it, we don't need to hide it anymore. I won't let you leave me, the place in my heart is yours, I will give everything to you!"

Wei Xiaoqing immediately panicked when she heard what Wei Guowei said.

Only now did she realize that she was completely blind to this small amount of money. Her mind was as muddle-headed as Jiang Huifang's that she couldn't properly assess the situation and began to tear Wei Guowei's face.

Wei Guowei had never thought of divorcing Jiang Huifang before, but after what happened today, he seemed to have made up his mind.

Wei Xiaoqing cursed softly and swallowed her saliva in remorse. Her tone changed immediately. She acted like a soft and weak white lotus and began to cry pitifully. "Dad, I have been calling you dad for more than twenty years, you'll never leave me, right? You have always loved me very much, and I adore you very much. How can you say you don't want me anymore?"

Wei Guowei looked at Wei Xiaoqing's crying face and his heart was very calm.

It was the first time in over twenty years that he was so calm.

From the moment Wei Xiaoqing had threatened him about Liang Lihua's matter, he had borne a grudge against Wei Xiaoqing, and the thing that happened today was also initiated by her.

If Wei Xiaoqing didn't do any of these things, even though he and Jiang Huifang were divorced, she would still be his own flesh and blood. How could he leave her behind?

But now it's different. Wei Guowei not only hated Jiang Huifang, but he also hated Wei Xiaoqing!

"Wei Xiaoqing!" Wei Guowei had even changed the way he called her. He used to love her, but now he just coldly called her Wei Xiaoqing.

"You know how many things I've done for you all these years. I've also tortured Liang Zixuan for your sake! Now Liang Zixuan no longer recognized me because of you! I finally have a clear conscience. If you really feel guilty and come to your senses, then persuade your mother to leave the family. Only then will you be my good child. If you can't do it, then go and follow your mother!"

"Why should I leave?" Jiang Huifang exploded like a firecracker. "I didn't do anything wrong, why should I leave! You're the one who did the wrong thing, and even if we go to court, justice will always be in my favor!"

Wei Guowei was not in the mood to deal with Jiang Huifang. The ugly things in his family had been said enough, the people next to him were already eager to watch the show. He didn't want to be the target of other people's entertainment.

He hugged Yu Lian and said with determination. "Jiang Huifang, I'm telling you this right now. You have to leave even if you don't want to. If you want the money, let me tell you, I won't give you my hard-earned money for free! Think it over carefully. I'll give you three days. If after three days you can't give me the answer I want, then don't blame me for not showing you any face!"

Jiang Huifang and Wei Xiaoqing could only watch as Wei Guowei hugged Yu Lian and left. Neither of them dared to stop them. *novElusb.cOm*

It wasn't because they didn't want to, but because they didn't dare.

They really didn't dare.

After Jiang Huifang married Wei Guowei, she resigned from her job and became a full-time housewife. For more than twenty years she had never gone to work, and Wei Xiaoqing, who had not even graduated from university was banned by Han Yuanjun.. It could be said that the road had been blocked for them.

[Chapter 429 - You Have To Save Me This Time](#)

Wei Xiaoqing could not find a film or anyone who would hire her. Finding another job was even more difficult. Besides, she did not like working in a regular job.

If Wei Guowei really divorced Jiang Huifang and did not want her anymore, then who knew what she would do in the future!

After Wei Guowei and Yu Lian left, Wei Xiaoqing and Jiang Huifang also left the 4S store with a grievance.

Sitting in the car, Jiang Huifang's whole body was like a defeated chicken. She stopped fighting and hung her head low, crying while covering her face. "What should I do? That heartless Wei Guowei, I didn't expect him to be like this. If I don't agree to his request, he will definitely kill me!"

Jiang Huifang suddenly remembered the night where she had seen Liang Lihua at Liang Zixuan's house. Liang Lihua had told her that the remaining poison was left for her by Wei Guowei.

At that time, Jiang Huifang did not trust her at all, and now that she was threatened by Wei Guowei, she had almost completely forgotten about it.

Looking back, Liang Lihua was right!.

Wei Guowei had really left half a bottle of poison for her!

Wei Guowei had killed Liang Lihua at that time for the same exact reason. And now, he would kill her too.

The more Jiang Huifang thought about it, the more she felt it was true. She turned around and pulled Wei Xiaoqing's hand. "Xiaoqing, you have to save mom this time! It's impossible for mom to come out unscathed. If mom doesn't agree to your father's terms, he will surely kill me! If I die, your future days will be even more miserable!"

Of course Wei Xiaoqing knew how important Jiang Huifang was to her.

Moreover, she would not allow Jiang Huifang to be kicked out of the Wei Family.

Today, the two of them had thoroughly offended Wei Guowei. Wei Xiaoqing was not stupid enough to believe his words and tried to persuade Jiang Huifang to leave the family.

She knew perfectly well that Jiang Huifang was her backer. In this world, no one treated her better than Jiang Huifang.

If Wei Guowei can do this to Liang Zixuan for her, then he can do this to her for that Little San in the future!

Wei Xiaoqing's eyes flashed with a cold light of jealousy and hatred as she said with a dark expression. "Mom, I definitely won't leave you alone. Don't worry."

For some reason, when Jiang Huifang saw Wei Xiaoqing's expression, she felt calmer. She felt that Wei Xiaoqing had inherited Wei Guowei's genes that made her ruthless in both work and thinking.

And Wei Xiaoqing's expression when she spoke about this was the same as Wei Guowei when he told her that he wanted to kill Liang Lihua.

It made Jiang Huifang feel an inexplicable sense of relief.

"Xiaoqing, do you have any ideas? Tell me quickly."

Wei Xiaoqing casually placed her hand on the steering wheel and stared straight ahead. With a cold smile, she said, "Since dad won't let us live, then we don't have to be polite to him."

Jiang Huifang's spirits lifted and she asked excitedly. "What do you want to do?"

Wei Xiaoqing raised her eyebrow toward Jiang Huifang. "Mom, how much do you know about the matter of dad killing Liang Lihua?"

Jiang Huifang thought about it seriously and then touched her chin. "I know everything. I also know where he hid half a bottle of the poison. After all these years, he didn't throw it away. And let me tell you, I have proof that your father really killed Liang Lihua!"

Wei Xiaoqing's face immediately brightened. She held the steering wheel with both hands and asked excitedly, "Do you really have the proof?"

"Of course!" Jiang Huifang laughed proudly. "Who am I? If I don't have something against him in my hand, how can I hold your father so tightly?"

After saying so, Jiang Huifang suddenly became quiet again and said sadly, "But Liang Lihua's body has turned to ashes. The evidence in her body was destroyed by your father."

"That's fine." Wei Xiaoqing was very happy and there was a hint of joy in her eyes. "Mom, let me tell you. What we have to do now is go to court and sue dad for murder. Even if they don't sentence him to death, it still will be a life sentence. Mom, think about it. If you don't divorce dad and he goes to jail, then his money will be ours, right? Who else can compete with us?"

When Jiang Huifang heard it, she was immediately very happy. "That's right! Xiaoqing, you're right! If your father goes to prison, then his money will be ours! I also don't think his bad company is in danger, so why don't we sell it and exchange it for money and live happily ever after!"

No sooner had she finished speaking, Jiang Huifang suddenly paused. She sighed and said in a tone of regret. "But if I were to sue your father, would the judge believe me? Think about it, your father burned Liang Lihua's body back then, and now only ashes are left. I only know where he hid the poison, and... "

She licked her lips and whispered, "I wonder if a recording pen from the past can be used as evidence now?"

"You recorded it?" Wei Xiaoqing was shocked. "Did you really record the conversation where dad said that he was going to kill Liang Lihua?"

Jiang Huifang nodded. "Of course! I was thinking at the time, if your father really killed Liang Lihua for the money, what if he did the same to me in the future too. So I have to keep something in my hands no matter what. I don't know if it can be used or not."

Although Jiang Huifang was Wei Xiaoqing's mother, when she heard about this, she also felt Jiang Huifang was too scary.

She actually recorded it.

Wasn't that scary?

Wei Xiaoqing was secretly glad that Jiang Huifang was her own mother and wouldn't harm her. Otherwise, what would happen to her if Jiang Huifang also recorded all the things she had done in the past?

Still, there was one thing that Wei Xiaoqing felt that Jiang Huifang's question was right.

That year, although Jiang Huifang didn't involve in the murder of Liang Lihua, but Wei Guowei did kill Liang Lihua because of her.

Wei Xiaoqing thought for a moment and then suddenly gripped the steering wheel with both hands. Without saying another word, she started the engine and drove the car out.

Jiang Huifang asked in astonishment. "Xiaoqing, we haven't finished yet. Where do you want to go?"

Jiang Huifang looked a little worried as she looked in the direction that wasn't the way home.

The corner of Wei Xiaoqing's mouth curled up slightly as she sneered. "Of course, you can't tell."

Jiang Huifang was slightly taken aback. "Then who will report it? Will you go?"

"Heh ..." Wei Xiaoqing looked at Jiang Huifang coldly. If someone said Jiang Huifang was smart, then she was smart at certain times. If someone said she was stupid, then she could be really stupid.

"Mom, what do you think? What will Liang Zixuan do when she knows the truth and we are willing to give her the evidence? Will she keep quiet and watch, or will she be willing to be a witness?"

[SWEET BEAUTY](#)

[Chapter 430 - I Have Something Very Important To Tell You](#)

When Jiang Huifang heard Liang Zixuan's name, she was very shocked. Regardless of whether Wei Xiaoqing was driving or not, she immediately grabbed her hand that was holding the steering wheel and said in a panic. "Xiaoqing, don't! That bastard is our enemy. Even if we don't consider her our enemy, she definitely considers us her enemy!"

Wei Xiaoqing was driving over the speed limit. Usually she wouldn't dare drive too fast, let alone with one hand. Now that she was forcibly grabbed by Jiang Huifang, the steering wheel spun several times, and her car almost collided with the car next to her.

Wei Xiaoqing stepped on the brakes in panic and her car came to a stop with a loud screech. The car next to her also swerved quickly to the side. They almost crashed into each other.

The driver rolled down the window and cursed at Wei Xiaoqing with lingering fear. "Is there something wrong with you! If you want to die, then move aside and die, but don't drag me with you! You're crazy!"

Jiang Huifang was still sitting in her seat, holding Wei Xiaoqing's hand tightly. Her eyes were wide open; obviously she had not recovered from the incident just now.

Wei Xiaoqing's face darkened after being scolded by that person. She turned around and shouted at Jiang Huifang. "Mom, are you sick! Don't you know that I'm driving? You made such a stupid mistake just because of such a small thing. Do you want us to get killed in a car accident and let dad and that vixen get away just like that?"

"No, no ... no." Jiang Huifang finally came back to her senses after being scolded by Wei Xiaoqing. She was scared half to death earlier, but now she felt guilty. She actually started sobbing. "I- I-I didn't expect it to be like this. I-I just don't want you to go find Liang Zixuan."

Wei Xiaoqing glared at Jiang Huifang angrily. She started the engine and parked the car on the side of the road.

Jiang Huifang was still crying. Wei Xiaoqing felt very irritated. "Can't you stop crying? Cry, cry. You just know how to cry! I wonder how you managed to fool my dad!"

It wasn't that Jiang Huifang wanted to cry, but when she snatched Wei Guowei from Liang Lihua back then, she was still young. She was only about twenty years old, pretty, brave, and full of confidence. Because she was poor, she wanted to try her best to get out of this situation.

However, the current Jiang Huifang was getting older and she was almost 50 years old. She obviously did not have much confidence when facing a little girl like Yu Lian. Besides, she had lived like a princess for more than 20 years, so she did not have the courage she used to have.

Right now, she was afraid of losing anything. She could not stand even the slightest bit of scolding.

Being scolded like this by Wei Xiaoqing made her feel especially wronged. However, she did not dare to cry anymore. She could only bear it with her watery eyes, not daring to cry.

When Wei Xiaoqing saw her reaction, she became angry and depressed. After all, Jiang Huifang was her own mother, so she can't scold her too much.

Wei Xiaoqing sighed helplessly and used her only patience to persuade Jiang Huifang little by little.

"Mom, listen to me. We may be Liang Zixuan's enemies, but isn't there a saying that there is no eternal enemy in this world? In the face of benefit, even the most hated enemies can stand side by side. Right now we have the same enemy, which is dad. Either dad dies or we die. At a time like this, we need to ally with Liang Zixuan. Do you understand?"

Jiang Huifang nodded her head and sobbed, but there was still unwillingness in her eyes.

Wei Xiaoqing could see that. Not to mention Jiang Huifang, even she herself was unwilling.

That bitch Liang Zixuan, had been bullied and looked down upon by her since she was young. And now Wei Xiaoqing actually had to beg Liang Zixuan to stand shoulder to shoulder with her. How could she be willing?

But there was nothing Wei Xiaoqing could do. For Wei Guowei's money and to live a good life without any worries in the future, she had to do it!

"Mom, stop looking at me like that. We have reached a dead end now and we can only beg to Liang Zixuan. If she and that old grandmother knew that Liang Lihua did not die of an illness but was killed by dad through poison, even if they didn't want to help us, they would join hands with us to take revenge for Liang Lihua!"

Jiang Huifang wiped away her tears and nodded. "I-I understand. I know what you are talking about. You're right. We have reached a dead end, and that's all we can do."

Wei Xiaoqing took the tissue from her bag and wiped Jiang Huifang's tears. "Mom, we have the same heart. We will be fine in the future as long as you listen to me, okay?"

"En!" Jiang Huifang nodded and felt a little touched. She was so happy that she had given birth to such a daughter.

A good daughter knew how to love her mother, even if her mother wouldn't make things easy for her.

After calming Jiang Huifang down, Wei Xiaoqing felt that before she went to find Liang Zixuan, she should contact her first. Otherwise, she might not be able to enter the gate.

She took out her cell phone and just as she dialed Liang Zixuan's number, she suddenly remembered that she had been blacklisted by Liang Zixuan. Just as she was about to hang up, the call was connected.

Wei Xiaoqing was shocked and looked at her phone in surprise. For a long time, she couldn't figure out what to say.

Just as she was shocked out of her wits, Liang Zixuan's voice came over the phone. "Wei Xiaoqing."

Wei Xiaoqing quickly put the phone back to her ear, holding back the excitement and confusion in her heart as she arrogantly said, "Liang Zixuan, I want to see you now. Immediately!"

Liang Zixuan smiled coldly. "If you have something to say, then say it on the phone. Did you perhaps think that if you say you want to see me, I'll rush to you immediately? What do you take me for?"

Wei Xiaoqing was so depressed that she bit her lip and frowned. She seemed to have no desire to beg her while whispering, "Liang Zixuan, I have something very important to tell you. If you don't meet me, you'll regret it for the rest of your life!"

Liang Zixuan chuckled. "If you want to talk about how Wei Guowei killed my mother, then don't bother. I already know about it."

"What?" Wei Xiaoqing immediately felt anxious and asked with a raised voice. "How did you know?"

"I heard all the crazy things your mother said in my house that day." Liang Zixuan's voice was still so calm that no one could tell her feelings or thoughts.

Wei Xiaoqing was a little disappointed. She thought Liang Zixuan didn't know about it and still had the confidence to look for her. Not only did Liang Zixuan know about it, but judging from her voice, she didn't seem to care about it.

It turned out that everything she did, begging like a mad dog for Liang Zixuan's help, was useless.
