[Chapter 431 - Wei Xiaoqing And Jiang Huifang Will Be Here Soon](#)

Wei Xiaoqing gritted her teeth in frustration. "Since you know, are you still not going to do anything? Don't you want to take revenge for your mother?"

"Of course I do." Liang Zixuan raised her eyebrow and placed her feet on Han Yuanjun's laps with a casual smile. "Wei Guowei killed my mother, how can I let him go? Has there been a problem with his company lately? Many of the contracts he was supposed to sign weren't fulfilled, and his former partners also abandoned him? Don't worry, I'll make him lose everything slowly and step by step."

Wei Xiaoqing almost screamed.

How can that be!

Wei Guowei's money was hers, why would she allow Liang Zixuan to bankrupt Wei Guowei step by step?

If Wei Guowei went bankrupt, that means she would have no money!

Moreover, she cannot wait for Liang Zixuan to drive Wei Guowei into bankruptcy. If they didn't kill Wei Guowei in a few days, not only would they die, but they wouldn't even get a penny of that money.

Wei Xiaoqing was a little flustered, but she didn't dare to be angry at Liang Zixuan. All her arrogance from before had been reduced to a humble beggar.

"Liang Zixuan... I know you don't like me, and you don't like my mother either, but we're sisters. Now that my mother and I are in trouble, only you can help us..."

Fearing Liang Zixuan would refuse, Wei Xiaoqing quickly said, "But don't worry, I won't let you help me for free! Dad killed your mother that year, how can you just let him go bankrupt? I know you, and this kind of method isn't yours at all. Only my mother and I can help you! Together, we will send dad to prison and lock him up for the rest of his life! This is the punishment he deserved!"

Liang Zixuan sneered inwardly. Wei Xiaoqing's words sounded very good. They were blood-related sisters, but Liang Zixuan had never been treated like that before.

Besides, she was only Wei Xiaoqing's sister, and Wei Guowei was Wei Xiaoqing's father.

For the sake of money, she willingly betrayed her own father, so who was Wei Xiaoqing trying to fool? This was only for her own benefit.

Wei Xiaoqing's eyes were always focused on the benefits and money. Including Hou Yingyi. What Wei Xiaoqing wanted from him was only benefits.

"Alright, I'll send you the location. You can come now." With that, Liang Zixuan hung up the phone and sent a message to Wei Xiaoqing.

Today, she and Han Yuanjun happened to be at Luo Yanyun's place, and Wei Xiaoqing and Jiang Huifang happened to come.

Han Yuanjun saw Liang Zixuan put down her cell phone. He stuffed an apple into her mouth and asked with a soft smile. "Are you going to close the net this fast?"

Liang Zixuan opened her mouth and bit into the apple. As she chewed, she smiled at Han Yuanjun with satisfaction. "For the sake of money, Wei Xiaoqing is willing to do anything. In their family of three, only benefits can cause them to lose all decency and then bite each other."

Han Yuanjun threw the fork on the plate and pulled Liang Zixuan into his arms. "It's okay. You are not related to them."

Luo Yanyun and Qiao Hongya were still exercising in the backyard. They wiped their sweat as they slowly walked into the house. Seeing Han Yuanjun pull Liang Zixuan into his arms, Qiao Hongya immediately pulled Luo Yanyun into his arms as well.

Luo Yanyun stared at him gloomily. She raised her elbow and pushed Qiao Hongya away with it. Qiao Hongya quickly made an outrageous noise and looked at Luo Yanyun complainingly. "Xiao Yun, you hit my kidney!"

Luo Yanyun: "..."

If she hadn't seen wrongly, what she had hit seemed to be his chest.

Luo Yanyun pushed Qiao Hongya away in a bad mood. She raised her hand and hit towards the spot she had just hit. "Tell me, whose kidney is here? Yours?"

"Aiya, it hurts!" Qiao Hongya moved away while laughing. "I am tall, so naturally my kidneys are higher than normal people."

Liang Zixuan: "...."

Han Yuanjun: "..."

Ever since Qiao Hongya was with Luo Yanyun, the image of a piano master in the past had long since disappeared.

From time to time, he would act like a brazen young man. If one did not see his face and only heard his voice, one might think that Qiao Hongya was a young man of twenty who was flirting with an old woman.

However, because of Qiao Hongya, the smile on Luo Yanyun's face became more frequent. She had become a decade younger because of love, and every day she would blush and look more energetic.

Qiao Hongya said that he and Luo Yanyun had been missing each other for decades. Now he wanted to make up for all the feelings he owed to her over the past few decades, but he was afraid that Luo Yanyun's body couldn't handle it.

So, in order to be with Luo Yanyun for a few more years, Qiao Hongya used his fitness technique on her. Every day when he exercised, he would pull Luo Yanyun along with him.

Since Luo Yanyun couldn't beat him, she could only exercise with him.

With the addition of food and tonic, Luo Yanyun's body became even better.

Han Yuanjun and Liang Zixuan were also not guests. They came here regularly, and whenever Luo Yanyun and Qiao Hongya had to exercise, the four of them would do it together.

Liang Zixuan looked at the time and felt Wei Xiaoqing and Jiang Huifang were like two disoriented dogs. If they needed her protection, they would definitely drive here without stopping for even a second.

After Luo Yanyun and Qiao Hongya changed their clothes, Liang Zixuan came out of Han Yuanjun's arms. She sat up straight and looked at them with a serious expression. "Grandfather, grandmother, Wei Xiaoqing and Jiang Huifang will be here soon."

When Luo Yanyun heard their names, she felt uncomfortable. "What are they doing here? I don't welcome them here!"

Liang Zixuan licked her lips and her voice suddenly became gentle. "Grandmother, I know you hate them. I'm just like you, I hate them too! But this time is different."

Luo Yanyun knew that Liang Zixuan was a trustworthy person. She had a reason for everything she did, so Luo Yanyun calmed down and asked calmly. "Then what are they doing here?"

Liang Zixuan took a deep breath. "There is one thing I want to tell you before they come. It has something to do with my mother. But before I say it, please take a deep breath and then calm down. No matter what I say, you have to calm down. You have to control your temper and not be angry."

Han Yuanjun pushed the plate towards Qiao Hongya and Luo Yanyun. "Deep breathing is not very useful, eat a few bites first to calm down."

Qiao Hongya and Luo Yanyun looked at Liang Zixuan and Han Yuanjun with astonished faces. What exactly had happened that they had to hold back their shock?

[Chapter 432 - Are We Going To Join The Force Or Not](#)

Han Yuanjun saw that the two elders didn't move, so he took the fork, stabbed the apple, and gave it to Luo Yanyun. "Grandmother, you must eat."

Luo Yanyun blinked, reached out to pick up the fork, and put the apple in her mouth.

"Grandfather, don't just stand there. You need to eat too." Han Yuanjun urged.

Qiao Hongya had no other choice. Facing Liang Zixuan and Han Yuanjun now, he could only obediently listen to them and put a slice of apple in his mouth.

Seeing them chewing the fruit, Liang Zixuan slowly said, "Wei Xiaoqing called earlier and said that mom didn't die of an illness, but was poisoned by Wei Guowei."

"What?" Luo Yanyun had just chewed an apple and inserted it into her stomach when she heard this sentence. She jumped off the couch in anger. "Zixuan, is it true what you said?"

Qiao Hongya ate slowly. Liang Zixuan's sudden words almost scared him and he almost choked. He grabbed Luo Yanyun's hand, hurriedly swallowed the food in his mouth, and then nervously said, "Xiao Yun, don't be angry. Calm down first."

Luo Yanyun was really angry. How could she not be when she learned the truth about her daughter's death?

Full of raging anger, her heart began to beat even faster.

Even if she didn't have any heart disease, she was already about to have a heart attack. "Zixuan, answer me! Is it true what you just said to me?"

Liang Zixuan quickly stood up and walked towards her. She put her hand on Luo Yanyun's shoulder and pushed her down on the couch. Qiao Hongya quickly patted Luo Yanyun's back to calm her down. "You're already old, so don't be easily upset. If something happened to you, you wouldn't be able to get away from it!"

Liang Zixuan also patted Luo Yanyun reassuringly on the shoulder. "Grandfather is right. Grandmother, don't be angry. Even though this matter has been dragging on for so long, you can rest assured that I'll definitely seek justice for mom!"

Luo Yanyun took a deep breath, then another. With difficulty, she held back the anger in her heart. Then, she raised her head and asked Liang Zixuan. "Then what are Wei Xiaoqing and Jiang Huifang doing here?"

Liang Zixuan was about to say something when the doorbell suddenly rang.

The servant heard the bell and went to the monitor. Seeing two women standing in the doorway, she asked, "Who are you looking for?"

Wei Xiaoqing smiled at the monitor. "My name is Wei Xiaoqing, I'm Liang Zixuan's younger sister. I'm here to find her."

The servant turned around and shouted. "Young madam, someone outside said her name is Wei Xiaoqing and she's here to find you!"

"En!" Liang Zixuan nodded and sat down next to Han Yuanjun. "Let them in."

The servant opened the door and Wei Xiaoqing and Jiang Huifang walked in.

Wei Xiaoqing's expression was calmer and there was a smile on her face. But Jiang Huifang, on the other hand....She had a worried and anxious expression on her face.

When Liang Zixuan saw them coming, she pointed to an empty sofa and said, "Sit down."

Wei Xiaoqing saw that Jiang Huifang was looking in all directions with a panicked expression and felt embarrassed. She pulled Jiang Huifang with her and sat down, whispering a warning in Jiang Huifang's ear. "Mom, even though we're here to beg for their help, show them your momentum. Don't make it look like we're beggars on the street!"

From the moment Wei Guowei had threatened her, Jiang Huifang had been in a state of panic and had something bugging her mind. There were some signs of her crazy actions from before, but Wei Xiaoqing only had money in her heart right now. How could she notice Jiang Huifang's abnormality? What could Wei Xiaoqing do except warn her?

Jiang Huifang became increasingly panicked, especially when she saw Liang Zixuan's eyes. She screamed in fear, pointing at her and saying, "You... You!"

Liang Zixuan sneered. "What's wrong with me?"

Jiang Huifang was so frightened by Liang Zixuan's taunts that she threw herself into Wei Xiaoqing's arms, trembling as she said, "Don't come near me. I already said it wasn't me who killed you. It was Wei Guowei. Don't look for me!"

Wei Xiaoqing rolled her eyes in annoyance.

She pushed Jiang Huifang away and grabbed Jiang Huifang's chin, forcing her to look at Liang Zixuan. "Mom, look carefully. This is Liang Zixuan, not Liang Lihua! Why are you still acting crazy at a time like this? Wake up!"

"L-Liang Zixuan?" Jiang Huifang's eyes widened and she looked at Liang Zixuan carefully before exhaling with lingering fear. "That's right, it's not Liang Lihua. Liang Lihua is dead, it's impossible for her to find me. It can't be Liang Lihua. It's Liang Zixuan. Right, right."

Wei Xiaoqing sighed in relief and let go of Jiang Huifang's chin. She turned around and looked at Liang Zixuan. "I've already explained to you clearly why we came here today. Now, give me an answer! Are we going to join the force or not?"

"What's the rush?" Liang Zixuan smiled calmly and leaned back on the sofa, hugging a pillow and looking at Jiang Huifang calmly. "Jiang Huifang, no one knows about what had happened twenty-two years ago. Now tell everything in full detail in front of my grandparents."

"I-I ..." Jiang Huifang's mind was still confused. She felt Liang Zixuan's attitude toward her was just like an officer interrogating a prisoner, especially the way she spoke.

"Mom, why are you still hesitating?" Wei Xiaoqing was almost dying of anxiety. She felt that Jiang Huifang was just a burden to her now and was useless.

"Mom, this is our only chance. If you don't do it, I won't be able to help you!"

"I - I'll say it!" After some hesitation, Jiang Huifang told everyone what had happened that year.

What she knew was basically the whole truth. She didn't dare hide anything, so she told them everything.

After Liang Zixuan heard this, she knew that this was exactly the same. She was quite satisfied with Jiang Huifang's performance.

After Luo Yanyun and Qiao Hongya heard this, both of them became very angry. They clenched their fists tightly with angry expressions on their faces.

Liang Zixuan gently advised them. "Grandmother, grandfather, as long as you know the truth, don't bother them. Now isn't the time to be angry. All we want is for Wei Guowei to be brought to justice. We want him to pay the price for his actions!"

Qiao Hongya nodded. "You're right. This isn't the time to be angry. Xiao Yun, we need to calm down and think carefully about what to do next. We can't let go of our own anger. We must take revenge for our daughter. If we keep getting angry, we'll put too much pressure on Zixuan alone."

Luo Yanyun took a deep breath and sighed. Fortunately, Liang Zixuan had described everything to them before Jiang Huifang and Wei Xiaoqing arrived.. Although she was still angry, at least she would be able to calm down for Liang Zixuan's sake.

[Chapter 433 - It's A Matter Of Whether You Two Are Willing To Do It Or Not](#)

"Zixuan, don't worry. Grandmother can handle it. You can go on."

Seeing that Luo Yanyun's expression was still good, Liang Zixuan nodded in relief. She took the fork from the plate, stuffed a slice of apple into her mouth, and casually asked, "Then how do you want to work with me?"

"My mother has proof. It was a recording pen. She recorded the conversation between her and dad at that time. She also knew where dad had hidden half a bottle of the poison."

"The recording pen is useless." Liang Zixuan raised her eyelids and looked at Wei Xiaoqing coldly. "What can those conversations prove about what had happened? Wei Guowei can tell the judge that the words he said were under your mother's guidance and temptation. And the half poison bottle can only prove that he has the poison in his hand, but cannot prove that he used it to kill someone."

Liang Zixuan had previously questioned Shao Wuhan about this matter. He said that even if he was top-notch, he couldn't sue Wei Guowei based on this little bit of evidence. The evidence wasn't enough, and if they attacked Wei Guowei in a hurry, he couldn't be killed in one blow.

Hearing Liang Zixuan's words, Wei Xiaoqing's face immediately turned pale. These two things were the only leeway she and Jiang Huifang had. If they couldn't use them, then... Then Wei Guowei would really kill them!

Seeing Liang Zixuan's indifferent expression and confident look, Wei Xiaoqing suppressed the unhappiness in her heart and asked in a low voice. "If all this isn't enough, then what can you do?"

"Of course I have my way." Liang Zixuan raised her eyebrows and laughed a little. "It's a matter of whether you two are willing to do it or not."

As long as there was a way, it was a good thing. Wei Xiaoqing immediately sighed in relief. "What is it? Tell me. If we can do it, we'll definitely do it!"

Liang Zixuan leaned back lazily on the sofa, her gaze swept over Wei Xiaoqing and Jiang Huifang. Finally, she said with a smile. "Jiang Huifang, you need to use yourselves as bait and lure Wei Guowei to take the poison and use it on you. Of course, you must also make him confess to what he did twenty-two years ago."

Wei Xiaoqing agreed without hesitation. "No problem. My mother can do it!"

"What?" Jiang Huifang was so shocked that her head immediately spun towards Wei Xiaoqing with a crack sound. "Xiaoqing, you actually asked me to do this dangerous thing? Don't you know how violent

your father is? Besides, this poison is something that will kill me instantly if I eat it. You are risking your mother's life here!"

"It's not as exaggerated as you say!" Wei Xiaoqing snorted indifferently. "You want to eat the poison he gave you? Are you that stupid? When the time comes, no matter what he gives you, you do not need to eat anything. According to Liang Zixuan's words, it's to lure him out and make him confess his crime. If he tried to kill you, then he would commit two crimes and would not be able to escape."

"But, Xiaoqing!" Seeing Wei Xiaoqing's indifferent attitude, Jiang Huifang almost cried out sadly. "I am your mother! How can you let me take such a risk? What if... What if your dad forces me to swallow it? Then I'll be dead for sure and you will not have a mother anymore!"

Wei Xiaoqing was getting a little impatient. She felt that this was not a big deal. As long as she could get the money, she did not care if Jiang Huifang died or not.

And now that Jiang Huifang was making such a fuss here, she really felt disgusted!

"Mom, what dad wants to take care of now is you. He wants you to get out of the house. I'm useless here. He won't do anything to me! Do you think I really want you to do this? It's only because we have no way out that we resort to this method."

Wei Xiaoqing had been studying acting for at least a year and a half, so she knew how to play with this situation.

"You are my mother, and besides dad, you are the only family I have in this world. And you are the person who loves me the most, so how can I bear to see you throw your life away?"

Liang Zixuan and Han Yuanjun looked at this mother-daughter pair with cold eyes. Each of them was even more ruthless than the other!

Han Yuanjun even felt that if Wei Xiaoqing weren't Liang Zixuan's sister and hadn't done such an outrageous thing to Liang Zixuan, and if he didn't know what kind of person she was, even he might have been deceived by Wei Xiaoqing's sincere tears.

However, Jiang Huifang didn't know what kind of person Wei Xiaoqing was. In her heart, Wei Xiaoqing was her daughter, the person she loved the most. She didn't believe that Wei Xiaoqing would try to trick her.

The doubtful look in Jiang Huifang's eyes gradually softened and she began to cry with grief with Wei Xiaoqing.

Wei Xiaoqing continued to sob. "Mom, we really have no other way out. Dad definitely won't let you go unless you are willing to leave this family. But if you really come out clean, dad can't hurt you! You know the person who killed Liang Lihua many years ago. When you married dad, he won't do anything to you, but after the divorce, you're nothing to him. He won't let you live!"

"Mom, either you die now or dad dies. If you don't make up your mind, when the time comes... "

Wei Xiaoqing wisely stopped and let her words sink in by Jiang Huifang. Wei Guowei would never let her go, no matter what.

Jiang Huifang had long since lost her composure. When she heard Wei Xiaoqing's words, she was completely brainwashed.

She kept nodding her head. "Yes, you're right! In any case, your dad won't let me go. If I don't do it, he'll kill me! No, I have to kill him! I can't die!"

Wei Xiaoqing wiped the tears from her face and looked at Liang Zixuan. "Alright, my mother will do it."

Liang Zixuan: "..."

Han Yuanjun: "...."

Qiao Hongya and Luo Yanyun: "...."

This Jiang Huifang was probably not an idiot, right? How can she not see through the trap so clearly?

Liang Zixuan felt sad for Jiang Huifang.

Even Luo Yanyun also felt sad for her.

Having given birth to such a scheming daughter, carrying her like a treasure in her heart and considered everything for her daughter, only to be betrayed by her daughter in the end.. What a waste of motherly love.

[Chapter 434 - Hubby, You're Back](#)

Although they felt sad for Jiang Huifang, Liang Zixuan and Luo Yanyun had no sympathy for her.

Wei Xiaoqing had been taught directly. Her daughter had been taught to be like this by herself, so who could she blame?

After Jiang Huifang and Wei Xiaoqing left, Luo Yanyun shook her head wholeheartedly. "I finally understood. Bad people will always receive bad consequences. I want to see how Jiang Huifang will treat Wei Xiaoqing after she knew Wei Xiaoqing used her for money."

Liang Zixuan snickered while leaning against Han Yuanjun's chest. "Let's wait and see."

Qiao Hongya had just realized what had happened. He looked at Liang Zixuan meaningfully and said, "Zixuan, you can make such a big net in such a short time. You are really meticulous."

According to what Liang Zixuan had said to them earlier, she had only heard the truth from Wei Xiaoqing. If Liang Zixuan started thinking about her plan from that moment on, she only took over an hour to figure out what to do next.

Liang Zixuan was a little taken aback. She subconsciously raised her head and smiled at Han Yuanjun, then naturally shifted the blame on Han Yuanjun's head.

"That's not what I've been thinking, that's what he's thinking." She pointed to Han Yuanjun. "He told me to do that in order to bring Wei Guowei to justice."

The corner of Han Yuanjun's mouth twitched. He smiled at Qiao Hongya and Luo Yanyun. "Mm, that's what I've been thinking."

Stinky woman, just you wait until we get back.

Right now, your husband will bear the blame for you!

Qiao Hongya nodded in understanding. "Only Jun has a flexible and intelligent mind. This plan is really perfect!"

Liang Zixuan raised her hand and wrapped it around Han Yuanjun's neck. She kissed his chin sweetly and whispered, "This is your reward ~"

Han Yuanjun looked down at her. Seeing Liang Zixuan's mischievous smile, the corner of his mouth curled slightly, and he moved his face closer to her. His warm breath landed on Liang Zixuan's pretty face and he whispered, "Not enough!"

Liang Zixuan: "..."

? ? ? ?

Since Han Yuanjun had taken on a huge burden for her, Liang Zixuan naturally had to reward him.

Once he arrived home, Liang Zixuan happily ran out of the bathroom and half-knelt in front of him, bowing her head saying, "Hubby, you're back. The bathwater is ready for you, and the red wine is also ready for you. Please let me help you undress ~"

Han Yuanjun just felt a ghost fly up out of nowhere before she knelt down in front of him with a "pa" sound. When he looked closely, he saw Liang Zixuan greeting him in a maid costume.

A maid costume for a special occasion.

His body couldn't help but start to get excited.

Han Yuanjun threw his briefcase away and bent down, carrying Liang Zixuan into his arms before throwing her onto the bed. "I'm not going to take a shower anymore. Now it's time for me to enjoy it!"

"W-wait a minute!" Liang Zixuan quickly pressed her hands against his chest, trying to escape from his grip.

Han Yuanjun immediately brought her back to his arms, not giving her a chance to run away. "No way! Didn't you dress like this for me? What, now you want to run away?"

"I'm not running away!" Liang Zixuan explained. "I have prepared the bathwater for you. You should take a shower first."

"I'm not taking a shower!" Han Yuanjun acted like a thirsty man in the desert who had found the source of water. He reached out to take off Liang Zixuan's maid costume from her body.

"Don't be in such a hurry." Liang Zixuan stretched out her hand to resist and started fighting with him. "It took me a lot of effort to dress up. There will be something for you later too. Hurry up and take a shower. When you're done, there will be a surprise."

"Surprise?" Han Yuanjun stopped. Seeing Liang Zixuan's rosy cheeks, he couldn't help but ask, "Are you sure it's a surprise?"

"Aiya!" Liang Zixuan pushed him out of bed with all her might and pushed him into the bathroom. "You can go take a shower without worrying. Take it slow. Give me time. There will be a surprise when you come out later."

Han Yuanjun couldn't help laughing, "Alright, alright....As you wish, my lady maid." *nOvelus&.com*

Liang Zixuan closed the bathroom door with a "bang" and looked at the door worriedly. "Don't peek, I'm staring at you. If you peek, my surprise will no longer be a surprise!"

Han Yuanjun had really intended to spy on her. Now that Liang Zixuan had exposed him with her words, he shook his head helplessly. "Alright, don't peek. You can start preparing now."

Only then did Liang Zixuan relax and turn around, opening the red wine bottle and pouring out for two glasses. She then took out a big box from the cloakroom and took out a lot of candles before placing them on the walls, on the coffee table, at the bar, and anywhere else she could light them on.

Finally, she turned off the lights and hid in the doorway, waiting for Han Yuanjun to come out.

Although Han Yuanjun had to give Liang Zixuan some time to get ready, he really couldn't wait for the surprise. He immediately finished his shower and then stood by the door to eavesdrop on the activity outside.

Hearing footsteps approaching from a distance, he asked, "Are you done?"

Liang Zixuan didn't say anything. With a smile, she knocked on the bathroom door.

Han Yuanjun chuckled. He reached for the door handle and turned it. Just as the door opened, Liang Zixuan suddenly appeared in front of him. Her soft hand brushed on his cheek teasingly.

Han Yuanjun's body trembled. He suddenly followed the hand and chased after it.

When Liang Zixuan took acting lessons, she also took physical lessons, and dancing lessons. Although it wasn't at a professional level, but it was more than enough to use it against Han Yuanjun.

After she circled Han Yuanjun a few times, she brushed her hand against his cheek again and walked towards the bar with a smile.

Her maid costume was extremely seductive. Han Yuanjun was elated as he chased after her.

Liang Zixuan's slender fingers reached for the red wine glass and put it to her lips. She took a sip of the wine, then hooked her arms around Han Yuanjun's neck and tiptoed, proactively bringing her lips up to his.

Han Yuanjun quickly lowered his head and kissed her. The red wine slipped from Liang Zixuan's mouth into Han Yuanjun's. The fragrant red wine with a woman's sweetness was simply the most delicious red wine Han Yuanjun had ever tasted in his life.. He embraced Liang Zixuan with both arms and carried her up.

[Chapter 435 - I'm Your Punching Bag](#)

Han Yuanjun carried Liang Zixuan onto the bed and they both fell on it. He could no longer control himself and began to undress Liang Zixuan. Liang Zixuan didn't stop him and followed his movements as she took off his towel.

The fire had already been lit. Han Yuanjun got up and opened the nightstand. He took out a condom from inside. Just as he was about to tear open the packet, Liang Zixuan quickly stopped him. "No need."

"Hmm?" Han Yuanjun was a little shocked, a big shock came from his heart. "Are you sure we don't need it?"

"En!" Liang Zixuan nodded seriously and smiled. "The matter with mom will soon be over. I no longer have any psychological burden. In the future, I will devote all my time and energy to you and our family. I'm ready to bear a child for you."

Han Yuanjun quickly threw away the condom and hugged her excitedly.

From their first time until now, Han Yuanjun had always felt sorry for Liang Zixuan, so he had always taken protective measures to protect her. But now that she had said that, he couldn't hold back his joy.

Han Yuanjun really tasted the sweetness inside. When they finished, he hugged Liang Zixuan and said, "Having children is a big thing. I've heard that you have to work very hard for it."

Liang Zixuan: "..."

Just said that you wanted to do it for the second round, no need to beat around the bush!

Although she was tired, she could still try again.

Seeing Han Yuanjun's hopeful eyes, Liang Zixuan smiled as she embraced his neck and gave him a deep kiss.

????

Last night, Han Yuanjun was surprisingly energetic, which made Liang Zixuan a little off balance.

In the past, when her stamina was low, she couldn't get out of bed because of him. Now that her soul had returned, her body was much better, and her stamina was more than double what it used to be; she still can't get out of bed because of him!

She felt that she should be a King Kong, otherwise she couldn't be Han Yuanjun's match.

noVelusB.cOm

Seeing that she was lying on the bed and didn't want to get up, Han Yuanjun went to the cloakroom to help her choose a dress. After putting the clothes on the bed, he gently helped her up. "Come on, get up. Don't be lazy."

Since Liang Zixuan didn't want to move, Han Yuanjun personally helped her get dressed.

He felt that if Liang Zixuan had served him hard at night, then he would have to serve her during the day so that their lives would be balanced and blissful.

Men were probably like that. As long as they were satisfied in some way, they would become considerate and gentle.

But even if he wasn't satisfied, he still had to be gentle and considerate to Liang Zixuan.

This little girl was marrying him at such a young age, how hard would it be for her? How could he not be gentle and considerate?

After getting dressed, Liang Zixuan still didn't want to move. Han Yuanjun carried her out of bed, walked to the bathroom door before putting her down. "Be good. Wash your face. I'll wait for you."

Liang Zixuan pouted and slowly walked in. Probably because her hands and feet were sore and she hadn't fully woken up yet, she bumped against the door. Han Yuanjun immediately pulled her back into his arms to see if she was hurt.

Liang Zixuan took a deep breath and pushed him away. "I'm fine. I just knocked on the door. My dress is too thick, so it doesn't hurt."

Han Yuanjun was still worried. He even went to check Liang Zixuan's belly. Seeing that, Liang Zixuan hesitantly asked him. "The one that bumped into the door is my hand. Why are you looking at my belly?"

"Shh!" Han Yuanjun silenced her with a wave of his hand. Then he whispered, "Our love has crystallized here now, so speak softly. Don't scare him."

Liang Zixuan: "..."

Had this man suddenly gone mad with joy?

Wasn't it just one night? How could it happen so quickly?

"That ..." Liang Zixuan reminded him slowly and with good intentions. "It can't be that fast. Even if it's really possible, it would take at least a month to find out."

Han Yuanjun raised his head and said seriously. "Education should be grown from a seed. From now on, you cannot be angry. As long as you are not happy or depressed and frustrated, you can always vent your anger on me. From now on, I'm your punching bag."

Liang Zixuan: "...."

Sometimes she felt Han Yuanjun was like a silly three-year-old child, but he was so gentle and kind that she couldn't bear to call him childish.

But if others heard his words, wouldn't they be laughing at him?

Liang Zixuan gently hugged Han Yuanjun with both hands and said softly in his arms. "I know you treated me well, but ... As I said last night, I will focus all my time and energy on you. Don't worry, I will protect myself well. Don't worry too much about me, hmm?"

Smelling Liang Zixuan's hair, Han Yuanjun felt very safe. "I'm not trying to hover you. I just want to do my best to take care of you, to love you, and make you forget all the hardships you have experienced so far.

I want to be your tree. A big tree that you can climb, a big tree that can protect you, love you, and so on."

"I know." Liang Zixuan was so moved that her eyes turned red. "I always knew that I could rely on you. No matter whether the wind or the heavy rain, you would always protect me."

Han Yuanjun raised his head and looked at the clock on the wall. He quickly pushed Liang Zixuan into the bathroom. "Time is ripe, quickly wash your face."

Liang Zixuan helplessly turned around and smiled at him. "Alright, I'll go. Wait for me."

Their side was warm and beautiful, while Jiang Huifang's side was not.

After returning from Liang Zixuan's place, Wei Xiaoqing called someone to come to her house and installed cameras in every room. This was Liang Zixuan's order, so she did not dare to refuse it.

Even the toilets and kitchens were equipped with cameras.

However, these were not cameras that could be seen at first glance. They were pinhole cameras, usually placed in very hidden locations. Unless you paid too much attention, it was impossible to see them with the naked eye.

Of course, the person who installed the camera was also arranged by Liang Zixuan.

Since Liang Zixuan wanted this plan to work perfectly, she had to do it with absolute certainty.

She was worried that Jiang Huifang and Wei Xiaoqing would mess everything up. The two of them seemed smart, but sometimes they were stupid beyond belief!

Liang Zixuan did not want Wei Guowei to know anything before the matter was settled.

After the cameras were installed, Wei Xiaoqing followed Liang Zixuan's instructions and called Wei Guowei.

"Dad, what should we do? Mom won't listen to me no matter how hard I try to persuade her.. She even recorded our incident at the 4S store with her cell phone and even took pictures of you and that woman. She said that she will go to court to seek justice and that she will definitely not leave this family!"

[Chapter 436 - Closing The Net I](#)

After Wei Guowei heard that, he was very angry. "How dare she!"

He hadn't expected Jiang Huifang to really act like that. She would record evidence of him cheating and accuse him of murder.

Wei Guowei didn't understand the marriage law, but if the divorce was due to him cheating, he knew that the court wouldn't only give half of his property to Jiang Huifang, but might even give her more.

The judge wouldn't care who earned the money. The advantage would definitely be on Jiang Huifang's side.

Not to mention half of it, even a single cent Wei Guowei didn't want to give to Jiang Huifang.

Why were all the women in this world like this? They all wanted his money!

Liang Lihua was like this, and Jiang Huifang was like this too!

Wei Xiaoqing bit her lips and said in an aggrieved tone. "That's exactly what she said. She even said that she would break off my engagement. Even if you return, she won't forgive you! Now she's even found a lawyer and is waiting to sue you. Dad, I really can't persuade her. What should I do?"

Wei Guowei breathed out the foul air in his heart. He really wanted to strangle Jiang Huifang to death right now.

He raised his hand and pressed the bridge of his nose, trying his best to sound calm as he said, "Xiaoqing, you're the most obedient in our family. Go and help dad delete the recording, and then destroy the photos. After this, you'll still be dad's good daughter. I'll take responsibility for your future."

Wei Xiaoqing no longer wanted this kind of treatment from Wei Guowei. After this incident, she'd understood one thing.

It was better to depend on yourself than to depend on others.

The money would only be hers if she held it in her hand.

Wei Xiaoqing sighed and seemed a bit troubled. "Dad, I'll tell you the truth. It's because I advised mom to pack everything and leave this house that I lost her trust. She's already given the evidence to the lawyer. I just took a glance and she wouldn't even let me touch it. I really have no way here."

Wei Guowei spat on the ground in frustration. "That bitch Jiang Huifang, did she forget what I had done before? Good, very good! How dare she challenge my bottom line!"

The more he cursed, the angrier he became. He was so angry that he wanted to crawl into the phone to find Jiang Huifang and settle the score with her immediately.

"Xiaoqing, where's your mother? Is she home now?"

"Yes, she's been sick ever since she came back. She can't even get out of bed now." Wei Xiaoqing recited the script according to Liang Zixuan's instruction.

In this matter, she chose to believe in Liang Zixuan. Liang Zixuan hated Wei Guowei as much as she did, so Liang Zixuan certainly wouldn't spare any energy to help her in this matter.

When Wei Guowei heard that Jiang Huifang was sick, he was pleasantly surprised and immediately got up from the sofa. "Is your mother really sick?"

"That's right!" Wei Xiaoqing asked innocently. "Dad, why did you seem so happy?"

"I'm not." Wei Guowei coughed to hide his abnormal behavior. He laughed dryly. "After all, your mother has been my wife for more than twenty years. She's sick, so I have to come back and take care of her no matter what. Xiaoqing, have all the servants gone home for the holiday?"

"En!" Wei Xiaoqing nodded. "They've all gone back. There are even four days of leave for them."

"Good, then I'll buy some food on my way back. Your mother is sick, so you probably haven't eaten anything yet. When I come back, I'll make you something to eat."

After hanging up, Wei Guowei hurried out the door with the car key in his hand.

At this time, no street stalls were open. Wei Guowei drove to a supermarket, bought some cooked vegetables and seafood, and then carried two full bags of groceries home.

Wei Xiaoqing and Jiang Huifang had discussed this a long time ago. Jiang Huifang had put on sickly makeup, and it was Liang Zixuan who had told Wei Xiaoqing to make Jiang Huifang look worse than she really was.

After helping Jiang Huifang put on makeup, Wei Xiaoqing began to admire Liang Zixuan in her heart.

If it weren't for Liang Zixuan's suggestion of makeup, Wei Xiaoqing wouldn't have been able to produce such an effect on Jiang Huifang.

Looking at Jiang Huifang's face, Wei Xiaoqing nodded with satisfaction. "If I didn't know, honestly just by looking at your face, I would've thought you were sick."

Jiang Huifang smiled smugly. "Is that so? Xiaoqing, you must let your father think that I'm going to die of illness. If I don't have the strength to fight him, he will lower his guard and make a move against me."

Wei Xiaoqing still didn't feel assured with Jiang Huifang, so she repeated what Liang Zixuan had said to her once more.

Jiang Huifang nodded vigorously. "I'll keep it in mind. Don't worry, I'll definitely persuade your father to tell us what happened that year. Don't worry, I can do it!"

Even though Wei Xiaoqing was worried, there was nothing she could do about it. The sound of leather shoes scraping against the ground came from the corridor.

Wei Xiaoqing quickly made a moving gesture and grabbed Jiang Huifang's hand, crying out at the same time. "Mom, just listen to me! If dad comes back, just live well with him! I don't want you to divorce, I don't want to have no dad!"

"Then..." Jiang Huifang said dispiritedly, "Then you should go with your father. I-I can live on my own. With your father's money, I won't starve to death."

"Mom ..." Wei Xiaoqing tried her best to persuade Jiang Huifang. "Don't think too much of it, don't be so extreme! Dad was just confused for a moment and let that woman charm him! You two have been together for a long time and have such deep feelings for each other. Can you really bear to do that?"

"I can't bear to part with him, but there's nothing I can do about it." Jiang Huifang originally wanted to cry just like Wei Xiaoqing, but she felt that this wasn't the most realistic time to cry, so she didn't dare to cry. She's also afraid that her makeup would be ruined.

"Xiaoqing, your father won't come back. He hated me to the bone. Really, I have no choice other than to take this step."

"Who told you that?" Wei Guowei suddenly came in and stood behind Wei Xiaoqing. He looked at Jiang Huifang on the bed and secretly rejoiced, but said bitterly, "You and I have been husband and wife for more than twenty years, how could I possibly divorce you? That day, I was so angry with you that I said those words."

Jiang Huifang looked at Wei Guowei in disbelief. "Don't lie to me! I know all about what you did back then. You killed Liang Lihua for me, and now you even want to kill me for another woman!"

When Wei Xiaoqing saw Wei Guowei coming over, she quickly stood up and moved out of the way. She purposely gave Jiang Huifang and Wei Guowei a chance to speak.

Wei Guowei thought Wei Xiaoqing was sensible and a good child, so he patted her on the shoulder with satisfaction. "Xiaoqing, go out.. I'll have a good talk with your mother."

[Chapter 437 - Closing The Net II](#)

Wei Xiaoqing was eager to leave. She feared that Wei Guowei would implicate her if he were to make a move against Jiang Huifang.

She pretended to be obedient and nodded her head. "Alright, dad, you should talk about it properly with mom."

With that, Wei Xiaoqing walked out and even thoughtfully closed the door for them.

When Jiang Huifang saw Wei Xiaoqing close the door, she was shocked. Was this damn girl not afraid of Wei Guowei strangling her mother?

At that time, she had nowhere to run!

Wei Guowei sat next to Jiang Huifang and sighed. He grabbed her hand and said, "Huifang, how can you compare yourself to Liang Lihua? You're my wife who has been with me for more than twenty years and who gave me a child!"

Jiang Huifang withdrew her hand in fear, as if there was poison on Wei Guowei's fingers. "Don't make your words sound so good! Back then, Liang Lihua was also married to you for eleven years and even gave you two children! Didn't you just kill her like that? I won't believe your sweet words!"

"That was all years ago! I was young back then and loved you, so I didn't hesitate to kill her. But now it's different. I'm at this age, and when Yu Lian said she loved me, how can I not know that what she loves is my money."

Wei Guowei raised his hand and gently stroked Jiang Huifang's face. Suddenly, a meaningful smile appeared on his face. "Don't worry. I won't divorce you."

'As long as I kill you, of course I won't have to divorce you.'

"Guowei, as long as you don't divorce me, I will listen to everything you say. Don't worry, I won't tell anyone that you killed Liang Lihua."

A hint of cruelty flashed in Wei Guowei's eyes as he gently stroked Jiang Huifang's head. "Alright. We'll be fine, our family will be fine in the future. I'm going down to cook now, and our family of three will enjoy delicious meals today."

After saying that, Wei Guowei helped Jiang Huifang up and asked her to lean on the bedpost. Then he got up and went to the cloakroom, "I'm going to change."

Jiang Huifang looked at his back and gritted her teeth.

What did he mean by changing clothes? Wei Guowei went there to get the poison!

Jiang Huifang originally did not know that Wei Guowei kept the bottle of poison in this house. There was always a nanny who came every week to clean the house. Therefore, Jiang Huifang hadn't noticed it.

It was at that time when one of her bracelets was missing and she could not find it in many places, that she searched in the cloakroom and found a hidden compartment in Wei Guowei's belt drawer.

She opened the hidden compartment and saw a bottle of poison.

Jiang Huifang had only seen this thing once, but she had a deep impression of it. Therefore, she immediately recognized that it was the poison bottle Wei Guowei had used to poison Liang Lihua.

She never told anyone about it, not even Wei Guowei.

Fortunately, she knew it at that time. Otherwise, when Wei Guowei said he was going to change, she would not have known that he came in to get the poison!

As Jiang Huifang had expected, Wei Guowei actually opened a hidden compartment and took out the poison.

He then changed into a new set of clothes, stuffed the bottle into his pocket, and walked out as if nothing had happened.

Seeing Jiang Huifang staring at the cloakroom, he smiled indifferently. "Just wait. I'll go down now and make you a delicious meal."

Jiang Huifang held back the fear in her heart and nodded. "Okay."

Wei Guowei came to the kitchen, rolled up his sleeves, and started cooking. After that, he put the dishes on the table and only the stew soup remained in the pot.

Wei Guowei suddenly turned around and walked to the kitchen door. He looked outside and saw that neither Jiang Huifang nor Wei Xiaoqing were there. So he went back to the kitchen and took out a bottle of poison from his pocket.

He opened the lid and poured the remaining poison into the pot of stew soup.

This was Jiang Huifang's favorite dish, which he usually didn't like, as both Jiang Huifang and Wei Xiaoqing knew.

After pouring in the poison, he stirred it with a spoon and then smiled as he scooped out the soup. "Our family will be completely fine!"

After placing the soup on the table, Wei Guowei went upstairs to call Wei Xiaoqing and Jiang Huifang for dinner.

When Wei Xiaoqing and Jiang Huifang walked down the stairs, their palms were sweating. The two of them looked at each other silently and cheered for each other.

The three of them sat at the table. Wei Guowei picked up a red wine glass and said, "It's been a while since we've eaten together. Let's have a toast."

Wei Xiaoqing and Jiang Huifang looked at their wine glasses and didn't dare to raise their hands.

Wei Guowei immediately frowned and said unhappily, "What, you don't want to drink with me?"

Wei Xiaoqing smiled awkwardly. "No, I just don't feel like drinking today, and I'm hungry. L-let's eating!"

Wei Guowei sensed that something was wrong with this mother-daughter pair, but he couldn't tell what it was. He put down his wine glass and picked up his chopsticks. "Alright, since you're hungry, let's eat."

Wei Xiaoqing and Jiang Huifang also took their chopsticks but didn't move.

Wei Guowei first took a piece of pork and put it in his mouth. When Wei Xiaoqing and Jiang Huifang saw this, they also took a piece of pork and ate it.

After Wei Guowei finished the meat, he took the fried egg and tomatoes. Wei Xiaoqing and Jiang Huifang also took the fried egg and tomatoes.

This time, Wei Guowei finally saw what was wrong.

He raised his head, pursed his lips, and looked at Wei Xiaoqing and Jiang Huifang with a cold smile. "What, are you guys afraid that I'll poison these foods?"

Wei Xiaoqing and Jiang Huifang shook their heads in unison. "No!"

"No?" Wei Guowei sneered. "Then why are you eating what I'm eating?"

Knowing that Wei Xiaoqing and Jiang Huifang were still going to argue, he ate everything on the table except for a bowl of stew soup.

"Now, you all should be able to eat the dishes without worry, right?"

Wei Xiaoqing and Jiang Huifang's eyes fell on the stew soup at the same time. Wei Guowei was really depressed, but he pretended that nothing happened and said, "You both know I don't like stew soup."

With that, he stood up and took Jiang Huifang's bowl, scooped up half a bowl of stew soup, and then brought it to her. "This is your favorite dish, I made it especially for you. Try it, how does it taste?"

If Jiang Huifang still can't tell which dish had the poison, then she won't be able to live until now.

She raised her hand and swept the bowl onto the ground.. She immediately stood up and pointed at Wei Guowei while cursing. "Wei Guowei, you bastard! You're actually trying to poison me!"

[Chapter 438 - Closing The Net III](#)

Wei Guowei sat there as firmly as Mount Tai. His expression didn't change at all when facing Jiang Huifang's accusations.

"Huifang." His voice was light as if he was telling Jiang Huifang that the weather was good today. "We've been husband and wife for over twenty years, and you don't have an ounce of trust in me?"

Jiang Huifang scolded him like a burning firecracker. "A relationship of twenty years?! Wei Guowei, how cruel and ruthless are you?"

She took a spoon, scooped up a spoonful of stew soup, and gave it to Wei Guowei, aggressively saying, "If you say it's not poisonous, then drink it! Don't say you don't like stew soup, just take a sip. If you really have a clear conscience, then drink it!"

Suddenly, Wei Guowei raised his eyes and looked at Jiang Huifang with a cold light in his eyes. The corner of his mouth twisted into a cruel smile as he grabbed Jiang Huifang's hand and abruptly stood up.

Ignoring the dishes on the table, he forcefully grabbed Jiang Huifang's hair and pushed her head against the table.

"Ah, what're you doing!" Jiang Huifang's face and hair were all covered with soup, and she looked battered and exhausted.

Wei Xiaoqing was startled by the sudden turn of events. She quickly stood up and retreated. She watched in horror as her father attacked her mother, but didn't say whether she would help or stop him.

Jiang Huifang frantically tried to pull Wei Guowei's hand on her head. Unable to pull it away, she dug her nails deep into the back of his hand and screamed as she struggled. "Xiaoqing, save me! Your father is trying to kill me! Save me!"

Wei Xiaoqing was scared out of her wits. She just stood there and watched silently, with no intention of helping.

Wei Guowei glanced at Wei Xiaoqing coldly. When he saw her standing there motionless, he sneered. "Xiaoqing, don't worry. After your mother died, I'll definitely treat you well!"

"No, no!" Jiang Huifang was so flustered that she burst into tears. "Xiaoqing, don't listen to him. Think about how Liang Zixuan's life used to be. Xiaoqing, in this world, only mom loves you the most!"

Wei Xiaoqing looked at Jiang Huifang's pitiful appearance and didn't dare to go there. She slowly backed away and then said with great sadness. "Mom, don't worry. Dad won't kill you. I- I- I'm going to the bathroom."

"Xiaoqing. Xiaoqing!" Jiang Huifang shouted angrily. "Why are you going to the bathroom at a time like this? Come back here. Come back here and save me!"

Wei Guowei smiled in satisfaction as he saw Wei Xiaoqing running out of the dining room in a panic.

As he expected from his daughter, she was really sensible.

After raising Wei Xiaoqing for so many years, he naturally knew what kind of person she was.

Wei Guowei looked down at Jiang Huifang's panicked face. He couldn't help but laugh out loud. "Huifang, do you know why I tried to kill you?"

"You're an animal, you bastard!" Jiang Huifang was so angry that she scolded loudly. "I'm really blind for loving a cruel and irresponsible person like you!"

"I'm a cruel and irresponsible person?" Wei Guowei laughed instead of getting angry. "Aren't you the one who forced me to be cruel? You are the same as Liang Lihua! You both want my money. Let me tell you, I earned that money by myself, and it has nothing to do with you! If Liang Lihua didn't want my wealth back then, how could I have killed her?"

Wei Guowei's smile became more fierce. He pressed his hand on Jiang Huifang's head, and with his other hand, he scooped up a spoonful of stew soup and brought it to her mouth.

"I can kill Liang Lihua, and I can kill you too! Jiang Huifang, you stupid woman. You should learn from Liang Lihua's dishonest behavior. You want my money? Since you really want it, I will send you to hell. Don't worry, I'll burn a huge amount of money for you every year. You can have as much as you want!"

Seeing that the spoon was just about to reach her mouth, Jiang Huifang cried out in panic. "N-no, I won't drink it!"

Suddenly, footsteps sounded from afar. Wei Guowei raised his head and saw several uniformed policemen rushing in. His eyes widened as he looked at the policemen with his mouth wide open.

Wei Xiaofan issued his police ID and presented it in front of Wei Guowei. "I've received a police report stating that you killed your ex-wife, Liang Lihua, twenty-two years ago and that you're also trying to murder your wife. Now, please come with us for investigation!"

"No, I'm not!" Even at this point, Wei Guowei was still stubborn. He wouldn't admit it even if he was beaten to death. "I just had a big fight with my wife. I didn't want to kill her!"

As Wei Guowei explained this to the police, he relaxed his guard against Jiang Huifang. Jiang Huifang took this opportunity to escape from his hands and held a bowl of stew soup in her hand like a treasure. "Comrades, he wants to kill me. This is the proof. There's cyanide in it."

Wei Guowei was shocked. He did not think that Jiang Huifang would not panic despite facing danger. It was as if her mind was enlightened and she actually knew that she had to protect the evidence!

Wei Guowei was so anxious that he wanted to snatch the stew bowl from Jiang Huifang's hands.

Wei Guowei only managed to take a few steps forward before Wei Xiaofan's strong arm suddenly wrapped around his neck. Wei Xiaofan said to the policeman beside him. "Little Wang, protect the evidence and witnesses. I will take the prisoner away first. You guys looked around carefully for clues."

Little Wang nodded. "Captain Wei, don't worry and leave everything to me. Even if the soup is spilled, I can still detect the cyanide."

Wei Xiaofan smiled, took out the handcuffs from his pockets, and handcuffed Wei Guowei's hands. "It's still the New Year's holidays and yet we have to work because of you!"

The policeman next to him nodded. "That's right! We are all waiting to go home and have a reunion dinner! He really knows how to pick his time to commit a crime!"

Wei Guowei was pushed by Wei Xiaofan and staggered a few steps forward. When he looked up, he saw Wei Xiaoqing standing in the living room, staring at him coldly.

Only then did he realize that she wasn't going to the bathroom. She had obviously run to open the door for the police.

The police had arrived quickly and by chance. It seemed that Wei Xiaoqing and Jiang Huifang had dug a hole for him to go through today!

Wei Guowei gritted his teeth and glared sharply at Wei Xiaoqing.

Wei Xiaoqing was so frightened by his gaze that she turned her head away. "Why are you staring at me?"

Wei Xiaofan walked over and held Wei Guowei by the collar. "Stop staring, it's no use no matter how much you stare.. If you have time to stare, why don't you go to the police station and explain everything honestly, so you don't have to suffer physical pain."

[Chapter 439 - Closing The Net IV](#)

Jiang Huifang handed the stew bowl to the police and walked away with tangled hair. Glancing at Wei Guowei's back, she grabbed Wei Xiaoqing's hand and said with lingering fear, "I-it's all over, right? This way, your father won't come out, right?"

Wei Xiaoqing patted Jiang Huifang's hand and comforted her. "Don't worry, it's at least a life sentence for murder. Mom, our hard life is finally over. You just have to live well with me."

When Wei Guowei arrived at the police station, even though there was cyanide in the stew soup: the conclusive evidence, he still would not plead guilty even if he was beaten to death.

"So what if there's cyanide in the soup? At most, I tried to kill someone. After a few years, I'm out again. I didn't do anything about my ex-wife. She died of illness. If you're going to say that I killed her, then show the evidence! Her body had long since been cremated to ashes. If you have the ability, you can dig her grave and use her ashes for analysis."

Looking at Wei Guowei's bastard expression, Wei Xiaofan really wanted to punch him.

How did such a man manage to survive until now?

Why didn't God accept him earlier!

Wei Xiaofan slammed the table loudly and said angrily, "Wei Guowei, what're you proud of?"

Wei Guowei crossed his arms and raised his eyebrows proudly. "Stop fooling around with me. I still will say it. If you have the ability, then show me the evidence. If you don't have any, then I won't confess even if you beat me to death! I still cannot believe that you, an official, are capable of such a thing. This is a society governed by the law, so why don't you try me!"

After Wei Guowei said this, he crossed his legs. Seeing Wei Xiaofan's angry face and how helpless he was, Wei Guowei was happy in his heart.

All the evidence had been destroyed except for half a bottle of cyanide, but what could it be proven?

Heh ... Nothing!

Just as Wei Xiaofan was almost going mad with anger, the door of the interrogation room suddenly opened. A policeman came in and said to him, "Captain Wei, Young Master Han and Young Madam Han are here. They said they brought evidence of the murder of Liang Lihua by Wei Guowei."

Hearing that, Wei Xiaofan immediately laughed happily. "Alright, I'll be out now."

After saying that, he even deliberately turned around and pointed his index finger at Wei Guowei. "You want evidence? The evidence you want is here. Wait here obediently. I'll come back later and take care of you!"

After Wei Xiaofan finished speaking, he walked out. Han Yuanjun and Liang Zixuan were standing outside. When they saw him come out, Liang Zixuan smiled. "Xiaofan, sorry to bother you. I know you are very busy."

"It's just a small matter, sister-in-law. Your business is Third Brother's business, and Third Brother's business is my business. Besides, the police are here to eliminate evil and protect our citizens. We have been on duty continuously for 365 days." Wei Xiaofan said bluntly.

Liang Zixuan knew that their job was like this, and they even sacrificed their time with their family to protect the safety of the public. That was why Liang Zixuan admired them.

Even so, she still had to thank Wei Xiaofan. "No matter what, I was the one who asked for your help in this matter. Han Yuanjun and I got someone to send a table of good dishes here. This is a thank-you reward for your hard work."

"Haha, then I won't be polite. You're welcome, sister-in-law!" Wei Xiaofan rubbed his hands together and laughed. Then he suddenly smelled the fragrance of the dishes and his mouth immediately started to salivate.

He stretched his neck and looked over. "What kind of good dishes is this? Is there any spicy crayfish that I like the most?"

"Yes." Han Yuanjun slapped Wei Xiaofan's shoulder. "I know you don't allow drinking here, so I bought a crate of beverages. All the dishes you like are here."

When Wei Xiaofan heard this, he felt hungry, but the matter was stuck in his head. He didn't have time to eat, so he impatiently asked. "Where's the evidence? Show them to me quickly. After Wei Guowei admits his guilt, I'll be going to eat some delicious food."

Liang Zixuan opened her bag and took out a USB flash drive. "Inside, there's a video of Wei Guowei arguing with Jiang Huifang at home today. Wei Guowei himself admitted that he killed my mother that year. This is solid evidence, and Jiang Huifang is also willing to be a witness."

"Really?" Wei Xiaofan was overjoyed. He took the USB flash drive from Liang Zixuan and then arrogantly walked into the interrogation room.

After he left, Wei Guowei sat inside with an uneasy feeling. Could it be that Liang Zixuan and Wei Xiaoqing were working together to take him down?

If it was just Wei Xiaoqing and Jiang Huifang, he could find a way out as long as he played the bastard. Even if he was locked up for years, he could still get revenge on them by the time he got out.

But if Liang Zixuan also joined the hand, this matter would be difficult to deal with.

Behind Liang Zixuan were Han Yuanjun and the entire Han Family. If the Han Family attacked him, then the prison wouldn't be for several years.

Seeing Wei Xiaofan enter, Wei Guowei immediately sat down and hid his worries. He showed an indifferent expression as he looked at Wei Xiaofan and said, "Can Liang Zixuan and Han Yuanjun produce any evidence? If they have any evidence, they have sued me a long time ago! Heh ... You can't expect them to help you, can you?"

Wei Xiaofan didn't feel like talking to him. He put the USB drive into his laptop, played a video, and turned the screen towards Wei Guowei.

Wei Xiaofan looked at the change in Wei Guowei's face. With both hands on the table, he leaned his body forward and sneered at Wei Guowei. "Are you sure Liang Zixuan can't prove it? Then open your dog's eyes wide and take a good look. Don't be too scared until you get your pants wet."

"T-this..." Wei Guowei was so angry that he felt pain in his chest. Wasn't this a video of him at home today?

How could Liang Zixuan own this video?

Moreover, this video was clearly recorded with surveillance cameras!

Wei Guowei was shocked and suddenly thought of something. His face instantly turned purple as he cursed. "Good, Jiang Huifang and Wei Xiaoqing. Those two bitches are actually installing cameras at home!"

Wei Xiaofan smiled calmly. "That's right, everything you did today was recorded. And look at that! You even confessed to killing Liang Lihua yourself. No one is forcing you or threatening you. Wei Guowei, I don't need your confession anymore, because you already confessed!"

"NO! No, it's not like that! Not like that!" Wei Guowei repeated the same sentence like a mantra. His eyes widened when he saw the video.. It seemed like his eyeball was almost going to pop out of its socket.

[Chapter 440 - Closing The Net V](#)

Suddenly, Wei Guowei stood up like a madman and tried to remove the USB from the laptop. Wei Xiaofan tried to stop him, but it was too late. Wei Guowei grabbed the USB and threw it into his mouth.

The corners of Wei Xiaofan's eyes wrinkled when he saw this. He thought that Wei Guowei must have a set of teeth like iron!

Wei Guowei's mouth throbbed as he chewed on it, and blood flowed out of his mouth. Then he laughed like a crazy maniac. "Evidence? Hahaha ... I destroyed the evidence, let's see what you can do about it!"

Han Yuanjun opened the door of the interrogation room and walked in together with Liang Zixuan. When he saw Wei Guowei's crazy face, he smiled. "Wei Guowei, you are really naive. Do you think we cannot do anything to you after you destroy the USB flash drive?"

With those words, Han Yuanjun reached into his pocket, took out another USB drive, and slammed it down on the table with a mocking smile. "Since you like eating so much, there's a lot here. If it's not enough, I still have more at home. Go ahead, eat it."

"Ah!" Wei Guowei was going crazy with anger. "Han Yuanjun, what did you say? What did you just say!!!"

Liang Zixuan's heart was filled with sorrow as she looked at Wei Guowei's condition. The bad guy had finally gotten their retribution, and he deserved it for what he had done.

"Wei Guowei, this USB flash drive is just a copy. Don't think there will be no more if you destroy it. Back then, you poisoned my mother. Do you really think that no one will know about your crime if you cremated her body and said she died of illness? There will always be people who will expose what you did, no matter how long it has been going on!"

Wei Guowei had finally realized that the trap had been planted by Liang Zixuan since he had gone to her house that day.

Jiang Huifang was crazy, Wei Xiaoqing was paranoid, and he was selfish.

Liang Zixuan had seized all their weaknesses and attacked them one by one, destroying the defenses in their hearts.

This caused their relationship, which was originally solid as an iron wall, to break down. After that, they blamed each other and took revenge on each other. That's what happened today.

Wei Guowei's eyes turned red as he rushed towards Liang Zixuan. "Liang Zixuan, you motherfucker! Why didn't I kill you back then?"

Wei Xiaofan quickly grabbed him and pulled him back. All Wei Guowei could do was stand there like a stray dog. Other than cursing and complaining, there's nothing he could do to Liang Zixuan.

Liang Zixuan shook her head. "Didn't you do that back then?"

Seeing Wei Guowei suddenly freeze, Liang Zixuan smiled softly. "You put the cyanide in my rice porridge. You originally wanted to kill me together with my mother, but unfortunately, I'm not dead. What, you're surprised? Look at the expression on your face. Do you think it's strange?"

Of course Wei Guowei found it strange. At that time, he had clearly seen Liang Zixuan eating two large portions of porridge. Liang Lihua died even after tasting it a little, but Liang Zixuan...

Wei Guowei suddenly thought of something and he looked at Liang Zixuan with his eyes wide open. He said tremblingly, "T-that blue light....Liang Zixuan, you're not human, you're a monster! You're a monster!"

"Whether I'm a monster or not, it doesn't matter anymore." Liang Zixuan sneered. "Wei Guowei, you fell into my hands today, and I won't let you have a good life. I will let you spend the rest of your life in prison. I will take revenge on my mother. I will make your life worse than death!"

"Monster. She's a monster!" The panicked Wei Guowei turned to Wei Xiaofan and said, "Go catch this monster, go fast! She really is a monster. At that time, she wasn't even a year old, and she also ate the porridge, but she didn't die. Captain Wei, catch her quickly!"

Wei Xiaofan only thought Wei Guowei was mad with rage. What monster? He didn't believe Wei Guowei's words.

"There are only people here, not monsters! Wei Guowei, since you have already confessed, just wait for the law to punish you!"

Wei Xiaofan left the interrogation room with Wei Guowei and locked him in prison.

Since it was still a holiday, the court would not be able to hear the case so quickly. So Wei Guowei could only stay there temporarily.

After receiving a call from Liang Zixuan, Luo Yanyun and Qiao Hongya went to the police station. When they arrived there, Han Yuanjun and Liang Zixuan happened to walk into the parking lot. Luo Yanyun anxiously walked towards Liang Zixuan and held her hand.

"I'm fine, grandmother. Don't worry. No one can hurt me as long as Han Yuanjun is around." Liang Zixuan smiled faintly at Luo Yanyun.

Seeing the smile on her face, Luo Yanyun's trembling heart finally calmed down. She stroked Liang Zixuan's head and gently asked, "How is it? Is the matter finally over?"

At that time, when Liang Zixuan told everyone in the family that she would deal with Wei Guowei and get revenge for Liang Lihua, Luo Yanyun was sweating with fear for her.

How could it be so easy to sue Wei Guowei after twenty-two years?

But seeing Liang Zixuan's stubborn look, Luo Yanyun knew that she could not persuade her. She originally wanted Han Yuanjun to persuade Liang Zixuan, but who knew he would say, "I would not stop what Zixuan wants to do. Not only would I not stop her, I would also even help her as best I can."

Luo Yanyun did not ask about what had happened, but she knew the difficulties and hardships that existed during this period.

Liang Zixuan nodded and told Luo Yanyun and Qiao Hongya firmly. "The matter has been settled. Grandmother, grandfather, you can rest assured. This time Wei Guowei will definitely pay the price for all the crimes he committed."

Luo Yanyun burst out in tears. Suddenly, she hugged Liang Zixuan and wept with sorrow. "Zixuan, grandmother doesn't know what to say. I can only say thank you. Thank you for thinking of your mother even now. Thank you for finally bringing justice to your mother."

"Grandmother." Liang Zixuan gently patted Luo Yanyun's back. "What are you thanking me for? We are a family. Although I have no memory of my mother, but I know she loves me very much. The only thing I regret now is that I don't know when big brother will come back. If he could see Wei Guowei being sentenced with his own eyes, I am sure he would be very happy."

It had been almost half a year since she last met Liang Jiahao. Until now, Liang Zixuan hadn't heard any news about him and didn't know when he would return.

Liang Zixuan really hoped that Liang Jiahao could return before the court session.

She wanted to go to the court with Luo Yanyun, Qiao Hongya, and Liang Jiahao to see Wei Guowei sentenced to life imprisonment.
