[Chapter 441 - Unexpected Trouble](#)

Aside from the fact that the Han Group was strong at first, the larger connection was that Han Yuanjun received strong support from the China Securities Bank.

This made it easier for him to make loans for many projects.

And now suddenly, out of nowhere, the CEO of China Securities Bank was arrested for taking bribes, leaving all the higher-ups confused as to what to do.

Han Yuanjun showed neither joy nor anger on his face. His sharp eyes swept over everyone present and he sneered. "Have we bribed him before?"

Manager Kang quickly shook his head. "No, no! President Han, you said that no matter what business we do, we will always follow the right path and never go against the law. So, we never bribed him."

Han Yuanjun raised an eyebrow. "Since we don't bribe him, then why should we be nervous? Do you have to be nervous?"

"This ..." Manager Kang wiped the cold sweat from his forehead again and said stutteringly, "Y-yes, th-that's what I said. N-no, th-that was not right -"

Han Yuanjun immediately snapped. "Straight your tongue before you speak!"

Manager Kang was so nervous after encountering something the size of a sesame seed. If not for his social skills and mental perseverance, Han Yuanjun would have fired him a long time ago.

Manager Kang was so scared that his body trembled. He quickly took a deep breath and made sure he was no longer nervous, then he straightened his tongue and said, "President, you are right. We did not bribe him, but because of this corruption and bribery, China Securities Bank is under extensive investigation, and all loan transactions for the project have already been suspended. Especially large-scale loans. And we have some big productions on hand and all waiting for the bank's money before we can start operating. And now... We may have to wait, and the exact length of time is not mentioned by the bank."

Han Yuanjun tapped the table with his finger. After thinking for a moment, he asked, "How long did it take for the official to solve the problem?"

Manager Kang sighed. "It's hard to say. I said on your behalf that we would wait until the new CEO takes over and deal with this mess. But the new CEO, let alone us, even the bank's employees don't even know who he is and how long it will take for him to take over."

Stopping, he then said rather gloomily. "We may not have bribed Director Zhang, but our relationship with him is better. And so the loans for our projects are always processed quickly. If we wait for the new CEO, we have to spend a lot of time to gain his trust and build a good relationship."

Everyone knew that no matter how big the company was, it did not have enough liquidity and had to rely on bank loans to meet its immediate needs.

And for a big company like Han Group, only a big bank like China Securities Bank can meet their needs.

Han Yuanjun nodded and instructed firmly. "There is a reserve fund in the Han Group, and it is not exactly small. I think you all know about it. I will use it temporarily and overcome the current hurdle first. And as for the China Securities Bank, I believe that the new CEO will take it over soon. After all, it is impossible to drag out the matter regarding a big bank for a long period of time. You don't have to worry about this, just wait and see."

After the meeting ended, Han Yuanjun returned to his office and massaged his forehead in exhaustion. Those seven days had been quite pleasant, and then he received such terrible news on his first day of work.

If he were afraid, wouldn't the people below him be in chaos?

Yao Xiu knocked on the door and after 'come in' from Han Yuanjun, he walked in with a cup of coffee, placing it on Han Yuanjun's table. "President Han, about the China Securities Bank, do we need to find someone to investigate the background of the new CEO?"

Han Yuanjun shook his head. "No need. It could be that the person who bribed Director Zhang was looking for him, that he caused unnecessary trouble."

Yao Xiu stood there and laughed a little. "With such a big bank, how much money did the officers have to investigate? To be honest, there aren't many people who do not care about this money. We can only hope that the newly appointed person will not be overwhelmed by this wealth and can sit in this position for a long time. Otherwise, he too will end up in a pit of fire."

"Director Zhang is a swindler!" Han Yuanjun frowned and took a sip of his coffee gloomily. "It's only been a few years since I took over the company, so how could I not be tempted with his offer? At this critical point, we have all been tricked by him!"

Yao Xiu nodded in agreement. "I guess many people are scolding Director Zhang behind his back right now. So many companies are waiting for their loan, and now the projects are all frozen because of him."

At this point, someone slowly knocked on the office door, and the door was pushed open.

Yao Xiu didn't need to look to find out who the person was.

Who else besides Liang Zixuan could push open the office door without Han Yuanjun's permission?

As expected, when Yao Xiu saw Han Yuanjun's tightly knitted eyebrows relaxed, he laughed a little and said, "It seems the president's wife has come."

Liang Zixuan was already immune to the name of the president's wife. As long as she came to the company, everyone greeted her with a respectful "president's wife".

And she would always say, "You don't have to call me that. Call me by my name."

And those people nodded and said, "Yes, president's wife."

It was useless to say it a few times, so Liang Zixuan didn't correct it anymore. She was the president's wife anyway.

Those people can call her whatever they want.

Liang Zixuan walked inside and stood next to Yao Xiu. "What are you guys talking about? Your face looks worried."

"It's nothing." Han Yuanjun waved at Yao Xiu. Yao Xiu immediately ran out and closed the door for them.

Liang Zixuan saw Han Yuanjun open his arm for her. She walked around the table and smiled as she sat on his lap.. She gently massaged his forehead and asked curiously, "Are you having a problem? You can tell me, maybe I can help you and suggest an idea."

[Chapter 442 - It's Not Convenient For Me To See Them Or Anyone](#)

Han Yuanjun wrapped his hand around Liang Zixuan's waist, bringing her closer. "You really can't help me with this."

"Is that so?" Liang Zixuan exclaimed. "What kind of big thing is this? Even I, who've already lived two lives, don't know?"

Han Yuanjun kissed her gently. "You really don't know. Yesterday, the CEO of China Securities Bank was arrested for taking bribes, and some loans from Han Group were suspended. Now, we can only use our reserve funds to overcome this crisis, and wait until the new CEO takes over before we can assess the situation."

Liang Zixuan thought back carefully. In her previous life, she had always cared about entertainment news, so she really knew nothing about this.

Besides, Wei Xiaoqing had only given her an old television. The news could only be seen through the television was unlike the free access to the Internet and the computer.

Liang Zixuan was a little depressed. "I really don't know about this."

"I know you don't." Han Yuanjun smiled indifferently. "It's fine, your husband can manage it. I won't let you starve."

Liang Zixuan hugged Han Yuanjun's neck and smiled happily. "I know my husband is the best! But even if you go bankrupt one day, that's fine."

"You're going to raise me?" Han Yuanjun didn't know whether to laugh or cry as he looked at Liang Zixuan. He then bit her lips in a punitive manner. "How are you going to raise me? I eat a lot, so I'm afraid you won't be able to support me."

Liang Zixuan avoided his kiss and giggled. "I can afford it! Here's a pot of porridge and a plate of pickled vegetables for you to eat."

"A pot?" Han Yuanjun chuckled. Liang Zixuan kept dodging his lips, so his mouth chased after her and he bit her lips hard as punishment. "Do you think I'm a pig?"

Liang Zixuan's cell phone suddenly rang. She pushed Han Yuanjun's face away with a smile and took out her cell phone from her bag. Seeing the unknown number on the caller ID, she answered it after thinking for a moment. "Hello."

A man's voice came over the phone. It was full of enthusiasm and also with a bit of tenderness. "Zixuan, it's me."

When Liang Zixuan heard this voice, her body trembled slightly. Her face immediately showed joy. Just as she was about to call him "brother", she heard Liang Jiahao say, "Don't talk. Go to a place where no one is around first."

Liang Zixuan subconsciously glanced at Han Yuanjun and knew that Liang Jiahao's whereabouts were mysterious. Even if it was Han Yuanjun, she had to hide it from him.

She nodded. "Okay, wait a moment."

Liang Zixuan pushed Han Yuanjun's arm away and stood up. She actually wanted to go to the window, but Han Yuanjun's ears were sharp. No matter how soft her voice was, he could still hear her.

What if Han Yuanjun sneaked up behind her while she was busy talking on the phone?

As a precaution, Liang Zixuan left the office and went to a secluded place without saying anything.

Seeing Liang Zixuan's secretive behavior, Han Yuanjun suddenly felt uncomfortable. Could it be that she was hiding something from him?

Han Yuanjun thought about it carefully. There were no secrets between the two of them.

Liang Zixuan had also told him about her rebirth. What else needed to be hidden from him?

The more Han Yuanjun thought about it, the more upset he became. He lost his mood for work and just sat there, coldly staring at the door, waiting for Liang Zixuan.

"Big brother, is that you?" Liang Zixuan was so excited that her eyes lit up, but she kept her voice to a minimum.

"It's me." Although Liang Jiahao's voice was firm, it gave off a sense of righteousness. It made people feel that he was reliable and felt secure.

Liang Zixuan's eyes immediately reddened and she covered her mouth in excitement. After a while, she finally managed to hold back the tears. "Big brother, are you going home now? Do you know that I have found evidence of Wei Guowei poisoning mom and we are just waiting for the court trial? That day, I also told grandmother that if only you can come back, then you can come with us to the court and watch Wei Guowei being brought to justice."

"You stubborn girl!" Liang Jiahao's voice was thick with helplessness. "Didn't I tell you not to act rashly? Aren't you afraid that Wei Guowei will find out while you're looking for evidence and taking action against you? I told you to wait until I came back. Why won't you listen?"

That was the reason Liang Jiahao called Liang Zixuan.

With his current identity, it was inconvenient for him to see anyone. However, he was worried about her and wondered if she was alright, hence the call. *Novelus&.com*

When Liang Zixuan heard his words, she began to sob quietly. "I-I know! But big brother, you have been gone for so long and I have no news from you. I don't even know when you will be back. I'm scared! The

time was ripe, so I set up a trap. Luckily, Han Yuanjun and everyone else in the Han Family helped me a lot, so things went smoothly."

"Zixuan." Liang Jiahao didn't know what to say.

Liang Zixuan's sobbing made him uncomfortable. At this moment, he finally realized how incompetent he had been as her brother.

Liang Zixuan was always worried and always scared, yet he couldn't reveal any information about himself to her.

Liang Zixuan heard Liang Jiahao's hesitation and immediately changed the subject. "Big brother, are you back? For good?"

"Yes, I'm back." Liang Jiahao's voice finally had a hint of lightness. "Right now, I'm in Imperial City."

"Really?" Liang Zixuan pouted coquettishly. "Then why didn't you come looking for me?"

Liang Zixuan panicked as she suddenly thought of something. She immediately asked, "Are you going to leave again?"

"I'm not leaving." Liang Jiahao smiled and comforted her. "Didn't I tell you that if I come back safely, I will get an idle job? I don't need to risk my life anymore and I can settle down in Imperial City."

"Really?" Liang Zixuan became angry. "Since that's the case, I will ask you again. Why don't you come and find me? Didn't you know that last week was the New Year, the time for a family reunion? If you come back, you can celebrate New Year with me and our grandparents. You're unfilial!"

"I ..." Liang Jiahao's voice was filled with helplessness. "Now isn't the right time. My identity must be kept secret. Although I don't have to risk my life, I still have some very important things to do. My current identity is very awkward for the Han Family, so it's not convenient for me to see them, nor is it convenient for me to see anyone. When everything is settled, I'll come visit you."

Liang Zixuan immediately wondered what kind of status Liang Jiahao would have if he couldn't face the Han Family?

Could it be that the Han Family had done something that was against the law?

Thinking about Han Yuanjun's frown, Liang Zixuan cursed inwardly. Could there really be some illegal business within the Han Group?

[Chapter 443 - No Matter How Strong You Are, I Will Beat You Today](#)

Liang Zixuan panicked. "Big brother, can I see you now? I have something very important to confirm with you. It's not convenient for me to talk on the phone. If it's possible, I'd like to see you now."

Liang Jiahao could keep his whereabouts secret from others and be heartless to others, but against his only sister, he was helpless and couldn't really do anything about it.

Who told him to grow up loving his little sister the most?

After all, his mother had personally handed Liang Zixuan to him before she died and told him to take good care of her.

Liang Jiahao didn't hesitate before agreeing with Liang Zixuan. "I'll send you the location. You can call a taxi and come here. But don't tell anyone that you came to see me, understand?"

"Don't worry, I understand." Liang Zixuan nodded seriously. "I'll definitely keep this a secret."

After hanging up the phone, Liang Jiahao added Liang Zixuan's WeChat and sent her the location.

When Liang Zixuan saw the location, she furrowed her brows. "Didn't he tell me to keep it a secret? Then how come he arranges a meeting in a coffee shop?"

In any case, Liang Zixuan would see Liang Jiahao soon. She was happy and definitely had to ask Liang Jiahao about the Han Group.

Liang Zixuan was planning to leave just like that, but then she remembered that her bag was still in Han Yuanjun's office.

Just as she pushed open the office door, a cold breeze blew in through the door.

Liang Zixuan was a little surprised. When she came here just now, it was quite warm in this room. The air conditioner was on and she didn't feel cold. Why was it suddenly so cold now?

Liang Zixuan walked in and felt the warmth of the breeze. There was indeed a warm breeze, but why did she still feel so cold?

Looking up, she saw Han Yuanjun staring at her with a serious expression. Liang Zixuan finally understood where the pressure was coming from.

She laughed dryly, picked up her bag, and put her cell phone inside. "What's wrong? Why is your face so ugly?"

Han Yuanjun held Liang Zixuan's wrist and looked at her with cold eyes. "Who were you talking to? What are you trying to hide from me?"

Liang Zixuan smiled awkwardly. "Shi Jian called me. I'm afraid you'll be bored with our conversation, and I don't want to interrupt your work, so I went out to pick it up."

"Is that so?" Han Yuanjun squinted his long, narrow eyes dangerously for a moment, then his voice grew colder. "But it sounded like a man's voice to me. Could it be that ... Shi Jian has changed?"

Liang Zixuan: "..."

She knew that Han Yuanjun's ears were good. Liang Jiahao had deliberately lowered his voice a moment ago, but Han Yuanjun still heard him.

Liang Zixuan felt herself getting a headache. How was she supposed to explain this!

Since she couldn't explain anything and she couldn't say anything about Liang Jiahao, she might as well not say anything and just pouted at Han Yuanjun, feeling wronged.

Han Yuanjun stared at Liang Zixuan for a while and finally shook his head in disappointment. "Forget it, you don't have to say it if you don't want to."

"Thank you, hubby. I know you're the best!" Liang Zixuan didn't care if Han Yuanjun was angry or not. She kissed him loudly on the lips. "I won't interrupt your work again. Obediently, get the money for me. I'll go home first."

Han Yuanjun looked at her sharply. "You just got here and now you want to leave?"

"What do you mean I just got here? I've been here for a long time." Liang Zixuan picked up her bag and pretended to be happy. "I just made an appointment with Shi Jian to go shopping, so I'm leaving now. You have to work hard, okay? You still have to raise me."

With that, she waved at Han Yuanjun and left the office with a smile.

The moment Liang Zixuan left the office, the smile on her face immediately disappeared. She rode the elevator down without stopping for even a moment.

As soon as she left, Han Yuanjun stood up decisively and put on his suit jacket. He had a hunch that the person Liang Zixuan was going to meet was a man!

Not that Han Yuanjun doubted her, but he felt terrible inside.

Liang Zixuan was so mysterious and lied to him. He wanted to know what kind of existence could make Liang Zixuan lie to him.

Liang Zixuan went to the lobby and called Zou Juan not to wait for her. She hailed the taxi and told the driver the address of the coffee shop.

Just as the taxi hit the road, a black Bentley came out of the Han Group parking lot and followed closely behind.

The taxi driver was just an ordinary driver, how could he know there was a car following him? He stopped the car at the entrance of the coffee shop without any interruption.

Liang Zixuan paid and got out of the taxi. Probably because she was in a hurry, she went straight to the coffee shop without looking around.

If she turned around, she would be able to see Han Yuanjun's car parked there. She did not need to have this little skill to notice it. It was obvious how impatient she was.

"Didn't you say you were going shopping?" Han Yuanjun angrily unfastened his seatbelt. He pushed open the car door and furiously walked towards the coffee shop.

His demeanor and attitude were as if he was trying to catch a traitor.

Liang Zixuan entered the coffee shop and looked around. Finally, she saw Liang Jiahao sitting at the table in the corner.

Her face immediately lit up and she ran with a smile on her face. "Big brother!"

Liang Jiahao stood up when he saw her. Before he could open his arms, Liang Zixuan jumped into his arms and hugged him tightly. "You're finally back. I finally got to see you again. I'm so happy!"

Liang Jiahao looked down at Liang Zixuan's happy smile. His expression became incredibly gentle.

At this moment, Han Yuanjun walked in and saw Liang Zixuan hugging a man.

His wife!

She's actually hugging another man!

What's even more annoying was that this man was very handsome!

Compared to him, he was incomparable!

And what made Han Yuanjun even angrier was that the man was looking at his wife with a gentle gaze.

The anger in Han Yuanjun's heart erupted like a volcano. His mind immediately went blank and he lost all rationality.

He lifted his legs and ran towards Liang Zixuan like a gust of wind. His big hand grabbed Liang Zixuan's shoulder angrily and pulled her out of the man's arms. Then, he clenched his fingers into a fist and punched the man's face with all his might.

A gust of wind blew in Liang Jiahao's ears as Han Yuanjun's fists came at him with full of thunderous fury. At that moment, Liang Jiahao suddenly raised his hand and grabbed Han Yuanjun's fist. Then, he raised his eyes and looked coldly at Han Yuanjun.

"Motherfucker." Han Yuanjun gritted his teeth and sneered.. "You can actually block my fist. You dare to touch my wife, no matter how strong you are, I will beat you today!"

[Chapter 444 - Let's Have A Real Fight Between Men](#)

Liang Zixuan stood at the side in a daze, blinking at Han Yuanjun. Since when did her husband become violent?

And he also wanted to beat her brother?

Eh, that's not right!

Liang Zixuan finally realized why Han Yuanjun was here.

Liang Jiahao lowered his hand that was blocking Han Yuanjun's fist. The corner of his mouth slightly curled up and his eyes instantly darkened. "Try it!"

Han Yuanjun straightened up and cracked his neck left and right like a tornado. He raised his hand and swiped his mouth with his thumb, and sneered. "It's been a long time since someone dared to be so arrogant in front of me. Very good!"

No sooner had he finished, Han Yuanjun suddenly lifted his legs and brutally kicked Liang Jiahao's head.

His legs were strong, and his speed was so fast that Liang Zixuan, who was standing at the side, could not see clearly.

His feet created a gust of wind in the air that blew toward Liang Jiahao's face. When the distance was only two centimeters from Liang Jiahao's face, Liang Jiahao's eyes blinked and his head quickly tilted back, easily dodging the kick.

Han Yuanjun's kick missed. Even he, himself, was shocked. Not that he was boasting, his fists might not have been the hardest, but his legs were definitely the fastest.

Children like him, born with a silver spoon in their mouths, had been trained by the devil from an early age.

Kidnappings and extortions were common, but Han Yuanjun had never encountered one.

Not that he didn't encounter them, it was because he already had two bodyguards by his side. Besides, he's already very strong in melee combat in the beginning.

There were robbers and bad people who tried to get him, but they were eventually kicked and beaten up by Han Yuanjun.

His legs suddenly became the nightmare of all the kidnappers.

This was how his reputation had spread throughout the business circles.

But now, his kick had missed!

He missed!

Han Yuanjun was furious. This time, he was really furious!

A man dared to hug his woman. Not only did the man look as handsome as him, Han Yuanjun actually couldn't even beat him!

Han Yuanjun's expression became more and more gloomy. He retracted his feet and clenched his fist tightly at his side. Even his feet gently rubbed against the ground.

Liang Jiahao straightened up and looked at Han Yuanjun coldly. His fingers slowly unbuttoned his suit and quickly threw the suit jacket onto the seat beside him.

He cracked his neck, interlaced his fingers, and flexed them with such force that his knuckles emitted a horrible gurgling sound.

"I'll give you three moves. Make your move!"

Pui!

Han Yuanjun was so furious that his chest heaved up and down. The corner of his lips twisted into a sneer. "I don't need you to give me a chance. Let's fight!"

Liang Jiahao looked at Liang Zixuan for a moment and then took a step towards Han Yuanjun.

Han Yuanjun immediately threw a punch at Liang Jiahao. Liang Jiahao raised his arm and easily blocked it. Then, with his other hand, he used a hook to accurately hit Han Yuanjun's face.

Han Yuanjun wasn't covered and he dodged the attack with his head facing backward.

A satisfied smile flashed in Liang Jiahao's eyes, but it disappeared in an instant. He didn't give Han Yuanjun a chance to react. The hand that blocked Han Yuanjun's fist, grabbed Han Yuanjun's arm and pulled forcefully.

Han Yuanjun rushed forward due to inertia.

Liang Jiahao raised his foot and kicked fiercely on Han Yuanjun's stomach. He really didn't show any mercy at all.

"Puff ..." Han Yuanjun spat out a mouthful of blood and looked at Liang Jiahao in disbelief.

Liang Jiahao's attacks had actually only taken a few seconds, and Han Yuanjun's reaction was already considered quick, but he was still unable to dodge it. It seemed that the person in front of him was an expert among experts!

However, how could Han Yuanjun admit defeat at a time like this? His wife was still standing aside. As her man, he couldn't admit defeat!

Han Yuanjun quickly straightened his back, took off his suit jacket, and threw it on the ground. Then he took off his tie violently and threw it towards Liang Jiahao.

Liang Jiahao tilted his head and dodged the tie that flew over him. Just as he was about to turn around, a fierce wind blew over his face. This time, he had nowhere to retreat to, so he could only take this blow head-on.

Liang Jiahao wiped the corner of his mouth with his hand and slowly turned to Han Yuanjun. He sneered. "Interesting. It seems I underestimated you."

Han Yuanjun snorted. "I said I didn't need your chance. Come on, let's have a real fight between men!"

Liang Jiahao cracked his neck again. "Okay. Then you must be prepared, I will not show you any mercy!"

"No need!" As Han Yuanjun said that, he raised his foot again and kicked towards Liang Jiahao.

Liang Jiahao raised both hands and firmly caught Han Yuanjun's leg. Then, he stepped back and pulled Han Yuanjun's leg with force.

Liang Jiahao made a big cut on Han Yuanjun's face and then let go of his leg. Han Yuanjun fell straight onto the ground.

Rippppp...

It sounded like something had torn ...

This was very awkward.

Liang Jiahao didn't give Han Yuanjun any time to feel awkward. He stepped forward, grabbed Han Yuanjun's collar, and punched him again.

Han Yuanjun raised his hand and blocked Liang Jiahao's fist with one hand, while the other tore away Liang Jiahao's hand that was grabbing his collar. Then, with a twist of his legs, he confidently knelt down

on one knee, but ... This action of his caused another "rippppp" sound again, making him feel even more embarrassed.

Liang Jiahao didn't expect Han Yuanjun to have such great fighting skills. If Liang Jiahao was just an ordinary person and hadn't been trained by the devils in the army for more than ten years, he really wouldn't be Han Yuanjun's match.

Liang Jiahao sneered and took advantage of the moment when Han Yuanjun stood up, to grab his collar from behind. Then, he punched Han Yuanjun's face.

Han Yuanjun didn't even cry out in pain. With a wave of his hand, he punched Liang Jiahao's neck.

The two continued to fight more and more violently and fiercely, with no intention of stopping.

Liang Zixuan stood anxiously by the side. Han Yuanjun's fighting style was to let Liang Jiahao punch him first before he took this opportunity to give Liang Jiahao another punch.

He injured his opponent a hundred times, but he himself had to suffer a thousand losses in order to counterattack.

This was a suicidal strategy!

What on earth was this man so angry about that he lost his mind like that?

Liang Zixuan felt that if she didn't stop Han Yuanjun from fighting, his face would be unrecognizable by others tomorrow.

When Han Yuanjun attacked Liang Jiahao again, Liang Zixuan anxiously shouted, "Brother Han!"

Even though Han Yuanjun was currently fighting to the death, Liang Zixuan's 'Brother Han' still made him elated. He subconsciously turned his head to look at her and exclaimed, "En!"

[Chapter 445 - This Is My Brother](#)

As soon as Han Yuanjun turned to Liang Zixuan, Liang Jiahao's iron fist quickly hit his face. This was the heaviest blow that came from him. Han Yuanjun suddenly felt a metallic taste in his mouth and he spat out blood.

Just as Liang Jiahao was about to give Han Yuanjun a few more punches, Liang Zixuan suddenly rushed forward to save Han Yuanjun from Liang Jiahao's grip and then pulled Han Yuanjun behind her, protecting him firmly.

She yelled at Liang Jiahao. "What are you doing? Don't you know that he's my husband? You really hit him!"

Liang Jiahao withdrew his hand and looked at Liang Zixuan gently.

When Han Yuanjun saw Liang Jiahao's gentle gaze, he could no longer suppress the anger in his heart. He pushed Liang Zixuan away and angrily said, "Baby, why did you say that? Your husband isn't a coward. Even if I can't beat him, I can't let him take advantage of me! Go away!"

Han Yuanjun raised his hand again, wanting to hit Liang Jiahao.

Liang Zixuan gloomily stomped her foot and shouted. "Brother! If you hit him again, I will be angry and will ignore you for the rest of my life. Do you believe that?"

"What?" Han Yuanjun's outstretched fist suddenly stopped as he turned to look at Liang Zixuan in surprise. "Brother? What brother?"

Did Liang Zixuan call this man 'brother' too?

Fuck!

Han Yuanjun's temper immediately rose. He was unwilling to hear Liang Zixuan calling another man like that. He only allowed her to call him that. Only to him!

Han Yuanjun turned his head angrily. His eyes were red with anger. The fist that had stopped in midair was suddenly flung forward.

Liang Jiahao saw it, but this time, he didn't dodge or fight back. He just stood there and was punched in the face by Han Yuanjun.

Liang Jiahao stuck out his tongue and licked the blood at the corner of his mouth. He looked up at Liang Zixuan and suddenly let out a helpless laugh. "Are you satisfied now?"

Han Yuanjun couldn't stand Liang Jiahao's expression towards Liang Zixuan, especially when he said that. He sounded a little helpless, but at the same time, he sounded like he was scolding her.

What the hell? Why was his wife being scolded by another man?

Han Yuanjun raised his fist again and prepared to hit Liang Jiahao. Liang Zixuan was so angry that she immediately grabbed his arm and shouted. "Han Yuanjun, this is my brother! My biological brother, Liang Jiahao! I told you before, have you forgotten?"

"What?" With that, Han Yuanjun was completely stunned.

Liang Jiahao?

Brother?

Oh shit!

Han Yuanjun's anger was swept away in the blink of an eye. He didn't even have time to rejoice because Liang Zixuan didn't try to talk to the other man behind his back before he fell into awkwardness.

What should he do?

The first time they met, he had beaten up his brother-in-law.

Furthermore, he had lost. This made him feel very awkward.

Han Yuanjun's momentum immediately dropped like a child who had done something wrong. He quietly pulled Liang Zixuan's hand away and whispered, "Are you sure I just hit your brother?"

Liang Zixuan looked at him sharply. "Who else do you think is so good besides my brother? You can't even beat him!"

Han Yuanjun: "..."

"I didn't lose badly, he was hit by me several times too!" Just as he said so, Han Yuanjun really wanted to slap himself.

This scene was the most embarrassing for him and his eight generations.

But who was Han Yuanjun? He was someone who could shake the world even if a misfortune happened to him. How could he let something like this affect him?

With a thick face, Han Yuanjun immediately straightened up and extended his hand to Liang Jiahao. He grinned politely at him, saying, "Brother, hello, I'm your brother-in-law."

Liang Jiahao looked at his outstretched hand and smiled. "Brother-in-law? This is exactly the first time I've seen a brother-in-law act against me at our first meeting."

Although Liang Jiahao's lips were slightly curved, it wasn't a smile at all.

Han Yuanjun understood what was going on. He had offended his brother-in-law the first time they met. How would they talk and react to each other in the future?

If his first impression was bad, will Liang Jiahao speak ill about him in front of Liang Zixuan in the future?

In the presence of Liang Zixuan, only the dignity of a man remained as a man. Now, faced with Liang Jiahao, Han Yuanjun just wanted to make his brother-in-law happy with him.

Regardless of whether Liang Jiahao was willing or not, Han Yuanjun acted alone, holding Liang Jiahao's hand and shaking it himself.

"Even though ... Even though our first meeting wasn't so pleasant, those who didn't know anything were innocent, right brother?"

Liang Jiahao shook Han Yuanjun's hand and then took his hand away. Then he turned around and went back to his seat. "I can't stand your calling. If I remember correctly, you're two years older than me."

"Age isn't a problem. Zixuan is my wife and you are her brother. You can certainly accept me calling you a brother." After Han Yuanjun said this, he looked at Liang Zixuan bitterly.

His hand slowly tugged the corner of Liang Zixuan's dress and whispered. "Baby, quickly say something for me."

Liang Zixuan looked helplessly at Han Yuanjun and shook her head. "Why don't you ask about it before you start attacking as soon as you come in?"

Han Yuanjun felt completely wronged. "I-I see you hugging another man. You know I care about you, so I was angry."

Liang Zixuan thought about it and found that Han Yuanjun's reason made sense.

If she saw Han Yuanjun hugging another woman, even though she wouldn't fight with that woman, but she would definitely turn around and leave. Then, she would pack her clothes and run away from home.

Han Yuanjun did this because he cared for her.

Liang Zixuan held Han Yuanjun's hand, then went to Liang Jiahao and sat down.

Liang Jiahao raised his hand and called the waiter. "Bring me the cappuccino."

Then he looked at Han Yuanjun.

Han Yuanjun raised his head and said to the waiter with a smile. "I want the same as my big brother, cappuccino."

Liang Jiahao: "..."

This flattering face was too obvious!

The waiter quickly brought three cups of cappuccino and then respectfully asked Liang Jiahao. "President Liang, is there anything else you need?"

Liang Jiahao shook his head. "No, you can go back to your work."

Liang Zixuan exclaimed in surprise. "Brother, why did he call you President Liang?"

At this point, even if Liang Jiahao wanted to hide it, he couldn't. He sat up straight, propped his hands on his knees, with a standard military posture, and fixed his sharp gaze on Han Yuanjun's face. "Because this coffee shop belongs to my company."

He raised his hand again and pointed to the ceiling.. "This building is also under my company."

[Chapter 446 - Even If You Are My Brother-In-Law, I Won't Show Any Mercy To You Either](#)

This building?

Han Yuanjun thought carefully about where he was. He often came to this place, so he thought about it quickly.

Suddenly, his eyes widened as he looked at Liang Jiahao in disbelief and exclaimed, "Big brother, you ... Could it be that you're the new CEO of China Securities Bank?"

Liang Jiahao's lips were tightly pursed. He did not say yes, nor did he say no.

However, his firm gaze on Han Yuanjun explained everything,

At this moment, Han Yuanjun wished he could dig a hole and hide in it.

Like he thought, how could a fight with Liang Jiahao go so smoothly just now? Not to mention Liang Zixuan, even the waiter and the manager of this coffee shop didn't go out to break up the fight.

Oh my God!

Let's kill him with lightning bolts!

This was the first time they met. Han Yuanjun had not only offended his brother-in-law, but his brother-in-law was also the new CEO of China Securities Bank.

Wouldn't he die miserably?

Liang Zixuan looked at Han Yuanjun with sympathy and laughed. "Big brother, so you're the new CEO of China Securities Bank. I was scared to death. I thought you were in a government department, investigating some big cases."

As long as it wasn't investigating the Han Family, or their business transaction, nothing else mattered.

Unexpectedly, Liang Jiahao said, "I am investigating a big case."

"What?" Liang Zixuan was stunned and her heart trembled.

"Then... then is it something related to the Han Group?"

Liang Jiahao nodded. "While I was conducting the investigation, I found out that Director Zhang was in contact with many big companies and the Han Group easily got so many loans from him. This puts them on the list of people to be checked. As far as I can tell, no one will be an exception. Even if you are my brother-in-law, I won't show any mercy to you either!"

This was so heartless that it seemed a bit unreasonable.

However, Liang Zixuan knew that Liang Jiahao had always been an honest and upright person. He never protected anyone, not even the person closest to him, if they'd really done something wrong.

Liang Zixuan tensed up and her palms were covered in sweat. She bit her lip hard and asked in fear.

"Han Yuanjun, is he -"

"Baby, don't worry." Han Yuanjun held Liang Zixuan's hand under the table and smiled at her. "I don't know if there was illegal business in the past or not, but since I became the president, such things haven't happened. I will never allow myself and my subordinates to go against the law. I'm a serious businessman. I've never done anything illegal."

"But ..." Han Yuanjun suddenly changed the subject. Liang Zixuan's heart was beating fast. She heard Han Yuanjun laugh a little. "If playing cards can be considered a bribe, then I'm not sure."

Liang Zixuan's heart suddenly stopped. She glared at Han Yuanjun sharply. "Don't say that! Are you trying to scare me to death?"

Liang Jiahao's gaze deepened even more. He took a sip of his coffee and then slowly said. "I'll investigate these things. You'd better pray that it's not there. If there is, then there's no point in anyone begging!"

At this moment, Han Yuanjun was really glad that he was a legitimate businessman. Otherwise, if he met Liang Jiahao, who was a capable brother-in-law who didn't care about face or relatives, even if he was Liang Zixuan's husband, he might end up in prison by Liang Jiahao himself.

"Big brother, you can check my Han Group however you want." Han Yuanjun said with determination.

Liang Jiahao took another sip of his coffee. Before he drank it, he suddenly said, "You don't have to call me big brother. Call me by my name."

He sipped his coffee.

Han Yuanjun nodded calmly. "Ok, big brother!"

Liang Jiahao: "..."

The way Han Yuanjun called him 'brother' made him feel uncomfortable.

It was like how the underlings called their gangster boss.

They didn't chat for long. Liang Jiahao stood up and left after finishing his coffee.

Han Yuanjun looked at Liang Jiahao's retreating back, and the light in his eyes suddenly dimmed. He said to Liang Zixuan, who was beside him. "If your brother really does sit in the position of CEO of China Securities Bank, I'm afraid that the sky is going to change in the future."

After Han Yuanjun returned to the Han Group, he began to check every transaction. He did this personally, for fear of any mistakes.

He's in a high position, so he can't control everything.

The only thing he feared was that some opportunistic people would try to do something small behind his back.

Han Yuanjun did nothing else for three full days. He just took out the account files and checked them himself.

Since Director Zhang had been in his position for years, he had worked a lot with Han Group. When Han Yuanjun saw this, the corners of his eyes swelled with pain.

Yao Xiu finally received the news. After hanging up the phone, he excitedly knocked on the door of the president's office several times. After Han Yuanjun mentioned coming in, he rushed inside.

"President Han, I have good news!"

Han Yuanjun raised his head from the file, pressed his hand on his glabella, and said in a tired voice. "What's wrong?"

Yao Xiu was so excited. "There's news, finally there's news! President, take a look at who is the new CEO of China Securities Bank."

Han Yuanjun raised his eyelids and said in disdain. "Liang Jiahao."

"Huh?" Yao Xiu was stunned and looked at Han Yuanjun in surprise. "President, how do you know it's him?"

Han Yuanjun threw the file in his hand on the table, took the coffee cup, and sipped it before saying softly, "I already knew a few days ago, and we've met."

"Really?" Yao Xiu cried with joy. He could barely contain himself and shouted. "President, I heard that Liang Jiahao is the brother of the president's wife. The one who you asked me to find before?"

"What are you so excited about?" Han Yuanjun looked at him coldly and sighed. "Yes, that's right. He's indeed my brother-in-law."

"Aiya, this is really a gold mine for our Han Group!" Yao Xiu was so excited that his eyes lit up. "The new CEO of China Securities Bank is your brother-in-law, so won't the loan for our project be approved quickly?"

Yao Xiu rubbed his hands in delight. "This way, we don't have to intentionally get close to each other, let alone look at other people's faces. Do you have any investments you want to make in the future? As long as you contact your brother-in-law, the money will quickly flow to our Han Group quickly. Hahahaha..."

Han Yuanjun looked at him. "You're thinking too much. The first time I met him, we had a fight."

"Ah....W-what?" Yao Xiu was so scared that his jaw almost dropped. "You... you hit him?"

Han Yuanjun really didn't want to say that it was him who got beaten up. He reckoned that Liang Jiahao was still holding back.

Yao Xiu was completely shocked. "So, when you came to work with bruises all over your face, was it because you were beaten up by him?"

[Chapter 447 - The New Ceo Of China Securities Bank](#)

Han Yuanjun threw a knife-glare at him. Yao Xiu immediately shut his mouth and didn't dare to say anything else.

Han Yuanjun thought of his suit pants and felt sad. After he returned home, he threw away all his pants and instructed someone to adjust them for him. The only requirement was that the crotch area had to be sturdy enough!

Thinking about it now, his mind was filled with embarrassment.

To save his face, Han Yuanjun pretended not to care. "You only saw my swollen face, but you didn't see his face! Let me tell you, I was doing pretty well."

"Haha ..." Yao Xiu touched his nose in embarrassment and gently reminded Han Yuanjun. "President Han, you beat up your brother-in-law, so what are you proud of?"

Han Yuanjun rolled his eyes.

"If you want to cooperate with China Securities Bank in the future, you cannot use my name. Just do what you need to do, and do it according to the proper way. Maybe Liang Jiahao will weigh the pros and cons and then decide whether or not to lend us the money. But if you use my name and my position as his brother-in-law, let me tell you..." Han Yuanjun raised his thumb and made a slice motion on his neck. "Only death awaits you!"

Yao Xiu did not dare to say anything. Since Han Yuanjun had already said that, then everything would be fine.

However, there was something Yao Xiu could not understand. Liang Jiahao was Liang Zixuan's brother, and this was indeed a good thing for their Han Group. Why did it become more difficult for them?

The news about the new CEO of China Securities Bank, Liang Jiahao, spread widely in the business world. The bosses of all the big companies immediately sent people to inquire about Liang Jiahao's background and hobbies.

Other than knowing that he was Liang Zixuan's brother, they couldn't find out anything else.

Liang Jiahao's existence became a mystery, which made many people want to test it out, and they were already looking forward to it.

Shortly after Yao Xiu left, Han Yuanjun's phone kept ringing due to the bombing calls from the group.

Dong Yong: "Third Brother, I heard that Liang Jiahao is sister-in-law's brother, is that true?"

Han Yuanjun: "Yes."

Dong Yong: "That's great! Third brother, if you've time, can you help me invite him to have a meal together? I'll cook whatever he wants to eat."

Han Yuanjun: "Then go to sleep and keep dreaming!"

Dong Yong: "..."

Shao Renshu: "Third Brother, do you know that the new CEO of China Securities Bank is Liang Jiahao?"

Han Yuanjun: "I know."

Shao Renshu: "Damn, you actually know about it? Then why don't you tell your brothers yet? Do you want to conquer the advantages on your own? Oh right, does sister-in-law's brother have a house to live in? If he doesn't have one, I'll build him a villa. Can you help me ask him where he set his eyes on in Imperial City? With just a word, I'll send him the certificate with both hands."

Han Yuanjun: "I think the piece of land where your ancestor is buried is pretty good. Let's dig and help him build a villa there!"

Shao Renshu: "..."

Zhang Feng: "Third Brother, you know -"

Han Yuanjun: "I know!"

Zhang Feng pouted in a grievance.

Zhang Feng: "I haven't even said anything yet, and you already know?"

Han Yuanjun: "Liang Jiahao is the new CEO of China Securities Bank, he's my brother-in-law. If you want to rely on me to establish a relationship with him, let me tell you that even I, his brother-in-law, don't even know how to build a good relationship with him. I'm so worried that my intestines are almost tied up. So, what do you want me to do?"

Zhang Feng: "..."

After hanging up, Han Yuanjun muted his phone and put it aside.

These brothers were really, really well-informed. Han Yuanjun thought about it and picked up his phone. He opened WeChat and sent a photo of himself to the group chat.

The entire group suddenly exploded.

Wei Xiaofan: "What the f*ck!" Third Brother, what's going on? Who beat you up like that? I already brought out my gun. Brother, you should vent your anger by telling us his name!"

Zhang Feng: "I was just scolded by Third Brother. Now when I look at his face, I suddenly feel like laughing for some reason."

Liu Xingchi: "Oh my God! Third Brother, did you get beaten up by someone? Is it wrong for me to laugh?"

Qiao Zhenya: "Why are all of you laughing at Third Brother's misfortune?! Third Brother was beaten up, hurry up and screw that guy up! Brothers, let's vent Third Brother's anger!"

Dong Yong: "My baseball bat is already ready. Whom should we hit? Third Brother, say something!"

Qin Shanyuan: "Who? Uncle, tell me who did it! As long as you say the name out loud, I'll rush up and give him a big slap!"

As Han Yuanjun watched them chat, the corner of his mouth lifted slightly as he quickly typed the name.

"Liang Jiahao."

As soon as these two words appeared, the group immediately fell silent, as if no one had ever come out to chat.

Han Yuanjun laughed happily and continued. "What? See his name and you guys are already hiding? If you're a man, come out. Go and beat him for me!"

Zhang Feng: "I'm so happy. Well done, sister-in-law's brother! Sure enough, only he can bring Third Brother down."

Qiao Zhenya: "We will not interfere in your family affairs. Brothers, let's leave. Let them love and kill each other."

Dong Yong: "Let's pretend that I didn't come out."

Qin Shanyuan: "Where am I? What am I doing here?"

Han Yuanjun knew that they were all cowards. If Liang Jiahao was only Liang Zixuan's brother, they would sympathize with him a little. Now that they all knew that Liang Jiahao was the new CEO of China Securities Bank, they had absolutely no heart to sympathize with him.

Han Yuanjun also had no time to boast and got straight to the point. "I know my brothers are all like me. You still haven't gotten your loans and are waiting for this guy to take over. But I won't hide this from all of you. I've met Liang Jiahao. He is a heartless person. In front of me, he said that if he found out that I had bribed Director Zhang, he certainly wouldn't let me go. If I'm like this, what about you guys?"

"So, if you want to get close to him by using me, I'll put it this way... If you don't say that you know me, Liang Jiahao will definitely do business well with you. But if you say you know me, according to his personality, I can guarantee you won't even be able to have a cup of tea with him!"

Zhang Feng: "I'm so scared to the point of peeing ..."

Qiao Zhenya: "Understood, Third Brother. Thank you."

Dong Yong: "So unyielding? Looking at Third Brother's face, it proves what Third Brother said."

Qin Shanyuan: "Uncle, I will tell my father. Don't worry. Let's do business properly and not talk about personal matters.. Everyone, let's not make things hard for my uncle."

[Chapter 448 - Must You Be So Shameless As To Chase Us Away](#)

No matter what, these people were reasonable people. As soon as Han Yuanjun said that, they knew that Liang Jiahao was a person who didn't care about relationships.

How can you bribe someone who doesn't even acknowledge relationships in front of the law?

You still wanted to find something he liked and give it to him in order to get something out of him?

Hehe ... Impossible. Don't even dream such a dream.

Han Yuanjun's group of friends was reasonable, but there was still a large group of people who didn't know Liang Jiahao's character.

Especially those who were old and couldn't get in touch with Han Yuanjun, so they all focused on Old Man Han.

There were many people who had been friends for a decade but had never been in contact before. At this moment, they came knocking with gifts.

Within a short hour, more than ten guests arrived at the Han Family Residence.

They didn't say or ask anything about Liang Jiahao. They only chatted with Old Man Han.

Old Man Han and Old Madam Han didn't know what was going on, but since they couldn't ask, they just let them sit. They served good tea and a plate of fruits.

Qiao Hongya had promised to come this afternoon to play chess with Old Man Han. Old Madam Han also wanted to have a talk with Luo Yanyun.

Seeing that it was almost time, and with these people's arrival, Old Man Han took out his phone and prepared to call Qiao Hongya, saying that he would postpone the time until later.

He was dialing a number when the doorbell rang.

Mother Cui ran over and saw that it was Qiao Hongya and Luo Yanyun. She immediately opened the door for them happily.

The moment Qiao Hongya and Luo Yanyun entered, they saw that there was a large crowd of people sitting in the living room. Qiao Hongya immediately showed an awkward expression. "You have a guest? Then I'll come back tomorrow."

Old Man Han wanted to get up and send Qiao Hongya off, but the moment those people saw Qiao Hongya, it was as if they saw their savior. They swarmed over him like a swarm of bees. "Hello, are you Master Qiao?"

Qiao Hongya looked at this group of people and was a bit confused. He could only let out a dry laugh, "Hehe ... that's me."

"Aiya, this is great! I've long heard that you've returned home, but I've never had the chance to meet you. Since you're here, don't leave yet. Let's sit down and chat for a bit."

These words were said as if this person didn't consider himself as an outsider, as if he was the master of this house.

Old Madam Han was a little angry and looked at Old Man Han. "What are these people doing here? They aren't here for you."

Old Man Han narrowed his eyes. "It looks like they're here for Zixuan's family."

As for Qiao Hongya and Luo Yanyun, they didn't say anything about staying but were forcefully pushed onto the sofa by that group of people.

After seeing Qiao Hongya sit down, they directly ignored Old Man Han and Old Madam Han and started to get close to Qiao Hongya.

"Master Qiao, have you produced any new music lately?"

Qiao Hongya gloomily looked at Old Man Han and politely replied. "No, after returning home, there's nothing for me to do. But I do work at Nanyang Academy, teaching music to my granddaughter, and I also give public lessons to the students of this school."

"Your granddaughter is Liang Zixuan, right? She's really a good girl. To be so impressive at such a young age, her future is definitely limitless."

"That's right, your family's genes are really good. Your granddaughter is quite accomplished in music, and your grandson is so capable. You two elders must be able to wake up laughing when you fall asleep, right?"

Their words of flattery towards Qiao Hongya stunned both Qiao Hongya and Luo Yanyun.

If it was just praising Liang Zixuan, they would still understand. After all, Liang Zixuan was already a celebrity. Although she had always kept a low profile, her fame still remained.

But why did they praise Liang Jiahao?

Wasn't Liang Jiahao still in the army?

Even they didn't know where Liang Jiahao was now or what he was doing. If these people praised him like that, wouldn't their conscience hurt?

Qiao Hongya raised his hand and asked them to stop. After they stopped talking, he asked in a daze. "I understand if you praise my granddaughter, but what about my grandson? I don't even know how he is doing, do you?"

"Of course I know!" One of them rubbed his hands together and said before everyone else. "Your grandson, Liang Jiahao, is the new CEO of China Securities Bank. Someone who has just taken over this position and has made a big impression in the business world. He is really impressive!"

Seeing that Qiao Hongya and Luo Yanyun were both at a loss and their expressions were not feigned, this person asked in astonishment. "You really don't know?"

Qiao Hongya and Luo Yanyun looked at each other and Qiao Hongya shook his head. "We don't know. You might be mistaken. My grandson's name is indeed Liang Jiahao, but he's still in the army. He cannot be the CEO of a bank."

"It is your grandson Liang Jiahao!" Someone said with finality. "We have thoroughly investigated this matter. He is Liang Zixuan's older brother, and his father is Wei Guowei. If that is so, he must be your grandson."

Luo Yanyun's face instantly darkened and she said coldly, "Even if he is my grandson, why did you come to the Han Family? To gloat?"

"Hey, you can't say that!" Another person said sullenly. "We were here, obviously waiting for you guys!"

"That's right! We have been waiting."

Old Man Han, Old Madam Han, Qiao Hongya, and Luo Yanyun immediately understood. These people couldn't find the breakthrough point through Qiao Hongya and Luo Yanyun, so they came to the Han Family.

They did indeed have a bit of a relationship with Old Man Han before, but it wasn't a deep one.

Otherwise, it would have been impossible for them to just sit there and not talk about proper business.

Old Madam Han had a bad temper. Her outbursts were even more frightening than Tian Qihua's.

ηOveluSB.com

The cane in her hand fiercely stomped on the ground. She immediately stood up, raised her cane, and pointed towards the door, coldly saying to those people. "Leave! Our Han Family does not welcome you! If you want to befriend Qiao Hongya by using us, then please don't step on my Han Family's gate anymore! Do you all treat us like idiots? Our Han Family is not your stepping stone!"

"Old Madam, you cannot say it like that!" Some people still shamelessly refused to leave. "At least we have some relationship with your Han Family. You can't eat the dish alone! With such a big cake, you guys should share it with us, and your Han Family wouldn't starve to death even if you did. Must you be so shameless as to chase us away?"

"Exactly! I'm not leaving anyway!" Someone immediately echoed.

"I'm not leaving either. It's so rare to see Master Qiao, and I haven't even spoken a few words yet, but you already told us to leave. Is this how your Han Family treats their guests?"

"Everyone says that the Han Family is the ruler of the world and that everyone in the family is very highly educated, so please do not disappoint us."

[Chapter 449 - This Grandson Of Mine Is Really Outstanding](#)

"Pui!" Old Madam Han spat on the ground, not caring about her image. "Bullshit! Stop degrading my Han Family. Moral threats are useless!"

She struck the ground again with her cane and said with dignity and dominance. "If you are here to meet me and the old man, I will serve you delicious tea in any way, but! If you want to borrow the power of the Han Family to climb our relatives, let me tell you...You have no chance! If you have the ability, you can step out of the door of our house and find Qiao Hongya as you wish. Our Han Family has nothing to do with this. In my Han Family's territory, you are definitely not allowed to do such dirty business!"

To put it bluntly, who didn't know about the relationship between Qiao Hongya and the Han Family?

Why didn't they go to Qiao Hongya's house and wait for him there, looking for him on their own initiative?

It was simply because they didn't know where Qiao Hongya lived, but since this was a modern age, they could easily find it out.

And the reason they didn't go was that they had no relationship with Qiao Hongya.

Qiao Hongya was a musician. Although he had done business before, but that was in the United States, and when he returned to his country, he gave them all to the Han Family. Therefore, these people usually wouldn't deal with people who didn't have any benefits.

Once they knew that Liang Jiahao had become the CEO of China Securities Bank, they knew they had to build a relationship with Qiao Hongya.

But they didn't have any relationship with him. So what should they do?

They didn't think Qiao Hongya was someone who could become friends with just a casual conversation on the street.

So they set their sights on the Han Family.

Relying on their friendship with the Han Family to come here as guests and not reveal their intention, they waited here for Qiao Hongya to take the bait.

When Qiao Hongya arrived and saw these people in the Han Family, he would assume that they were friends of the Han Family and had a good relationship with them.

As long as they opened their mouths, Qiao Hongya naturally wouldn't refuse them.

These people behaved so shamelessly in front of Old Man Han and Old Madam Han and immediately slapped their faces the moment Qiao Hongya arrived. This proved that the relationship with the Han Family was nothing in their eyes.

This was simply an undisguised moral kidnapping!

Old Madam Han was right. They wanted to use the Han Family as a stepping stone to get to know Qiao Hongya.

Old Madam Han was so angry that she immediately shouted. "Mother Cui, open the door!"

When Mother Cui heard this, she rushed to the door and opened it.

When these people saw that they couldn't continue to act like bastards, they started earnestly saying, "Old Madam, we're guests, you can't drive us away."

"That's right! I haven't drunk enough of my tea. You must at least wait until we've finished our drink before you can drive us away!"

Old Man Han was immediately furious. He grabbed his teacup and threw it roughly on the ground. His face darkened. "Do you people lack that tea? Our Han Family tea doesn't taste good. Scram while I can still hold back my anger. Otherwise, don't blame me for arguing with you!"

Everyone saw that the two elders of the Han Family were really angry. If they still didn't leave, how bad would it be if they were sent out flying?

Besides, if they were kicked out in front of Qiao Hongya, how can they establish a relationship with him in the future?

After thinking it over, they could just stand up, bow to Qiao Hongya, and leave.

They didn't even bid farewell to the two hosts and just left like that.

It was only after everyone had left that Old Madam Han sat down in anger. "What are those people thinking! Do they take our Han Family as a fool? Let them use us as they please?"

Luo Yanyun sat down next to Old Madam Han. She held her hand and comforted her. "Alright, that's enough. Don't be angry because of those unrelated people. It's not worth it. As you get older, you have to be patient. Your health is more important."

Old Madam Han's complexion eventually got better. She turned to Luo Yanyun and suddenly asked, "You really don't know about Liang Jiahao being the CEO of China Securities Bank?"

Luo Yanyun shook her head and said sincerely, "I really don't know. I didn't even know he is back. Zixuan didn't say anything. Even Xiao Han didn't tell us."

Old Madam Han nodded. "Not to mention you, even we don't know anything about it. If it weren't for those people, I wouldn't have known that your grandson's name is Liang Jiahao."

In the matter of Liang Jiahao, Qiao Hongya was the one who had the least knowledge about him.

He had been abroad for so many years and had never met Liang Jiahao.

Perhaps he had met Liang Jiahao on the street, but even when he passed him, Qiao Hongya still didn't recognize his grandson.

Yet, now that Qiao Hongya had learned from those people that Liang Jiahao was this powerful and that he could be the CEO as soon as he returned, there's so much pride in Qiao Hongya's heart.

Old Man Han chuckled a little when he saw Qiao Hongya's proud smile. "Old Qiao, what are you proud of?"

Qiao Hongya immediately stopped smiling, but no matter how hard he tried, the corner of his mouth was still pulled up uncontrollably. After struggling for a long time, he finally stopped pretending and laughed proudly.

"Haha ... Even though I've never met this grandson of mine, seeing so many people come looking for me because of him, I know that this grandson of mine is really outstanding. I'm happy!"

How could he not be happy?

Normally, Qiao Hongya was so happy whenever someone praised Liang Zixuan. Now, it was Liang Jiahao's turn. It's like smoke rising from the graves of his ancestors.

Luo Yanyun couldn't hold it back anymore. She took out her cell phone and called Liang Zixuan.

The school session hadn't started yet, and it would only start in a few days.

After receiving a call from Luo Yanyun, Liang Zixuan hurriedly went back to the Han Residence.

When she got there, Liang Zixuan immediately saw Luo Yanyun's dark face, while Qiao Hongya couldn't stop himself from smiling. The difference between these two made Liang Zixuan confused about what to do.

But she still knew how to turn things around, so she walked over to Qiao Hongya, held his arm, and asked coquettishly. "Grandfather, what happened? Why did grandmother look so angry and you were so happy that you couldn't stop smiling?"

Qiao Hongya was about to say something, but Luo Yanyun's loud voice interrupted him. "Zixuan, tell me the truth. Have you seen your brother for the past few days?"

"Big brother?" Liang Zixuan didn't dare to hide the truth and said honestly. "I've only seen him once, and it was a few days ago."

Luo Yanyun's expression turned even uglier. "Your brother is back?"

Liang Zixuan was shocked by Luo Yanyun's expression. This was the first time she spoke to her in such a stern tone.

Liang Zixuan looked at Luo Yanyun as if she had done something wrong and looked away. "Big brother is back, but big brother said ... He said he still has something very important to do, and when he is done, he would....be coming home to visit grandfather and grandmother."

[Chapter 450 - A Family Meal I](#)

The meaning behind Liang Zixuan's words was that it wasn't that Liang Jiahao didn't want to go home, but that there were things he hadn't finished and that it was inconvenient for him to go home.

Luo Yanyun's expression turned even uglier. "What exactly happened? He doesn't even have the time to go home and visit this old woman?"

Liang Zixuan glanced at Old Man Han and Old Madam Han and rubbed her forehead. It really wasn't easy to say those words out loud.

But now, Luo Yanyun was furious. If she didn't explain, Liang Jiahao might not be able to go home, so she had to bite the bullet and said, "Because big brother's current status is very awkward. Actually, he had been back for a while. Director Zhang, who used to be in charge, is arrested for corruption. Although the evidence is already conclusive, big brother has yet to find out if other companies that previously worked with him paid bribes, including Han Group."

When Old Man Han and Old Madam Han heard this, they immediately understood the reason for Liang Jiahao's awkwardness. It was because of their relationship with Liang Zixuan.

It was quite awkward.

How could he not feel embarrassed when he investigated his sister's husband's company?

Since Liang Jiahao had never met the Han Family, perhaps he feared that the Han Family would actually do something like making Liang Zixuan beg for mercy.

Old Madam Han quickly persuaded Luo Yanyun. "In-law, Liang Jiahao's identity is really quite awkward. It's understandable that he won't come home, but when he finishes investigating this matter and knows that our Han Group has nothing to do with this, he will go home."

Luo Yanyun's complexion finally turned better, but she still said unhappily. "Zixuan, do you have your brother's number?"

Liang Zixuan nodded. "Yes."

Luo Yanyun said, "Then you should call your brother right now. If it is inconvenient for him to go home, then just tell him that I will be treating him to a meal. We can eat at a private restaurant. It's just a family gathering. I just want to see him. I just want to see how he is after all these years!"

As Luo Yanyun spoke, her eyes turned red.

She hadn't seen Liang Jiahao for more than ten years.

She missed him.

How could she not want her own grandson?

If Luo Yanyun didn't know that Liang Jiahao had returned, it would be fine. But now that she knew, how could she wait?

Luo Yanyun really didn't want to waste any time, she wanted to see Liang Jiahao right now!

Liang Zixuan understood Luo Yanyun's feelings. It was the same feeling she had when she wanted to see Liang Jiahao.

"Alright, I'll call big brother right now." After saying that, Liang Zixuan took out her phone and dialed Liang Jiahao's number.

A short while later, Liang Jiahao's deep voice could be heard on the line. "Zixuan, what's wrong?"

"Big brother ..." Liang Zixuan glanced at Luo Yanyun before whispering to Liang Jiahao. "Grandmother and grandfather already know about your return. Grandmother said, since it's inconvenient for you to come home and meet them, she wants to treat you to a meal. It will be at a private restaurant. Can you spare some time to have a meal with us?"

The investigation of the corrupt case had all been thoroughly investigated. Although it was very easy for the Han Group to make a loan, they indeed had never paid bribes before.

Liang Jiahao looked at his watch and said, "Let's do it tonight. You can invite the elders from the Han Family to join together. Speaking of which, you have been married for a year and I haven't even met them. If it's convenient, I will treat them to a meal."

Liang Zixuan was so happy that her eyes lit up. She immediately raised her head and asked Old Man Han and Old Madam Han. "Grandfather, grandmother, my brother would like to invite you both to dinner tonight. Is it convenient for you two?"

Old Man Han and Old Madam Han were both surprised. Didn't Liang Jiahao just say that he needed to be on guard against them?

Old Madam Han immediately nodded happily. "It's convenient, how could it be otherwise? Your brother is treating us to a meal, so we have to go!"

She turned to Old Man Han. "Old man, don't you think so?"

Old Man Han nodded immediately. "That's a must! You guys talk, I'll go upstairs and see what I am going to wear."

Liang Zixuan: "..."

Luo Yanyun: "..."

Qiao Hongya: "..."

When Old Madam Han heard this, she stood up cheerfully. "I'll go too!"

Liang Zixuan didn't know whether to laugh or cry as she watched the two of them leave as if they were about to go on a blind date.

She lowered her head and spoke into her phone. "Grandfather and grandmother both said they have time, so they will go. I'll call mom and dad and ask them to come as well. They're leaving for America in two days, and it just so happens that they have time today, so I'll let you meet them too."

Liang Jiahao nodded. "Alright, I'll send you the address of the restaurant then. I'll see you at 6 PM."

After hanging up, Liang Zixuan was overjoyed. Tonight's meal was of great significance to her. It was a real family banquet.

Once Liang Jiahao came home, her family would be perfect. There really wasn't a single person missing.

Liang Zixuan immediately called Han Qingsheng and Tian Qihua. When Tian Qihua heard this, she immediately agreed joyfully.

She even said that she would immediately go to the Han Residence and follow Liang Zixuan and the others from there.

Seeing Liang Zixuan's happy expression, Luo Yanyun also became happy.

That's right, this was great. Now that her grandson had returned, their family would be complete.

Liang Zixuan called everyone, but she forgot one person.

Han Yuanjun!

Sure enough, after a short while, Han Qingsheng and Tian Qihua arrived. When Tian Qihua saw Old Man Han and Old Madam Han wearing a new tailor-made suit with bright red colors, her eyes twitched. It seemed that these two elders were in a good mood.

When Qiao Hongya saw this, he immediately became unhappy. "Seeing how you're dressed, what should I do now?"

He originally came here to play chess and went out in casual clothes. Now he looked like a giant panda.

Qiao Hongya shook his head dejectedly. "No, I can't do this. This is my first time seeing my precious grandson, I can't leave a bad impression. I have to go home and change my clothes."

Luo Yanyun also thought it made sense and stood up as well. "I also want to change my clothes."

Liang Zixuan: "..."

Why did everyone attach so much importance to this gathering? They were obviously just going to see a junior.

Liang Zixuan said gloomily, "Grandfather, grandmother, big brother won't mind. You guys don't have to go through so much trouble, okay?"

"That won't do!" Qiao Hongya grabbed Luo Yanyun's hand and said confidently as he walked to the door. "I'm his biological grandfather, so how could I lose to Old Han? I have to go back and change!"

Liang Zixuan had no choice but to go with them. Fortunately, the villa that Qiao Hongya had bought wasn't far from the Han Residence, so Old Man Han and the others had the driver take them to Qiao Hongya's house.

Qiao Hongya spent the whole afternoon changing his clothes.

When it was half-past five, they drove to Dong Yong's restaurant. At this point, no one remembered to ask Liang Zixuan: "Did you also call your husband and tell him about this?"
