

Beauty 451

[Chapter 451 - A Family Meal II](#)

Dong Yong just happened to meet a friend in the lobby of the restaurant. When he saw Liang Zixuan, the Han Family, Qiao Hongya, and Luo Yanyun come in through the door, he immediately said to his friend. "Wait for me here, I'll greet the elders first."

Then, Dong Yong walked up to them and politely greeted the elders of the Han Family. "Grandfather, grandmother, uncle, auntie, Grandpa Qiao, Grandma Yanyun."

Old Man Han nodded majestically. "Little Yong is really polite."

Dong Yong chuckled and turned to Liang Zixuan. "Sister-in-law, are you here for dinner?"

"Yes." There wasn't much to hide from Dong Yong, and even if Liang Zixuan wanted to hide it, Dong Yong would soon know about it. So she told the truth. "My brother is going to see the elder of the Han Family today."

"Your brother?" Dong Yong was a little shocked and cried out in surprise the next moment. "Liang Jiahao?"

"Yes." Liang Zixuan nodded. "He just came home recently and hasn't met my grandparents yet. He's taking us out to dinner tonight and has already booked all the private rooms."

"Why don't I know about this?" Dong Yong suddenly lost his composure. He quickly stretched out his hand and called the restaurant manager. "China Securities Bank's CEO, President Liang, will come soon. Tell some people to take care of him. You must serve him well. Do you understand? Don't neglect him!"

When the restaurant manager heard this, he immediately said respectfully, "Director Dong, don't worry. I'll definitely try my best to please President Liang. I'll make sure that he's satisfied with our service."

After thinking for a while, Dong Yong said, "Go to my wine cellar and take out the bottle of wine I have kept and send it to their room. Don't say it's for President Liang, just say it's for the Han Family. Do you understand?"

Han Yuanjun had warned them beforehand and Dong Yong naturally didn't want to do it obviously, so he could only do it this way.

Dong Yong was not trying to curry favor with Liang Jiahao, he was just trying to leave a good impression on him.

As long as Dong Yong left a good impression on him, everything would be easier in the future.

Seeing that the restaurant manager did so immediately and without hesitation, Dong Yong pursed his lips in satisfaction. He turned around and said to Liang Zixuan. "Sister-in-law, come. I'll take you to a private room."

Liang Zixuan was a little embarrassed. "You don't need to go through so much trouble. Just find a waitress to take us there."

"It's not a problem. No problem at all. We're a family, why should I mind?" After Dong Yong said so, he signaled for them to go ahead and lead the way.

After sending Liang Zixuan and the others into the room, Dong Yong came out and took out his phone to call Han Yuanjun. "Third Brother, you're so ungrateful! Liang Jiahao is coming here to eat. Why didn't you tell your brother right away?"

Han Yuanjun was just getting off of his work and was driving home. Because of his injury, he couldn't go to Qiao Hongya's house for dinner. He told Liang Zixuan that he was going to cook for himself at home for the next few days.

Liang Zixuan was also afraid that Qiao Hongya and Luo Yanyun would ask about the injury on Han Yuanjun's face. At that time, she didn't dare to tell both elders about Liang Jiahao's return, so she agreed to Han Yuanjun's request.

Han Yuanjun was already halfway to his destination when he received Dong Yong's call. He was very confused. "How should I know if he's going to eat at your place?"

"Don't be stupid!" Dong Yong snorted. "How could you not know? Sister-in-law brought your whole family here. She said that Liang Jiahao also invited your parents to a family dinner to meet them. How could you not know?"

Han Yuanjun: "..."

Damn it, he really didn't know!

He actually didn't know that Liang Jiahao was treating the Han Family to dinner!

Damn!

Wasn't he also someone from the Han Family?

At this moment, Han Yuanjun's heart was filled with ten thousand angry creatures. His face was tense and his voice was cold. "I don't know!"

"Huh?" Dong Yong knew very well that Han Yuanjun was not someone who would lie. If he said he didn't know, it meant he really didn't know.

This time Dong Yong felt a little awkward and laughed sheepishly. "You really don't know?"

Han Yuanjun said nothing. He gripped the steering wheel with both hands and made a big u-turn to drive to Dong Yong's restaurant.

Seeing him not say anything, Dong Yong knew that Han Yuanjun was angry. However, Dong Yong was a cheap-mouthed person. Although he felt a bit awkward, he didn't forget to criticize Han Yuanjun.

When was the last time he'd found the opportunity to mock Han Yuanjun? Dong Yong couldn't remember.

This time, he finally had the opportunity, so how could he pass up this opportunity?

"Hahaha ..." Dong Yong suddenly laughed out loud. "You said this morning that your relationship with your brother-in-law wasn't good. At that time, I was a little skeptical, but it turned out you were telling the truth. Your relationship with him doesn't seem so great! Hahaha... The whole family was invited except you. Third Brother, didn't you have a fight with your brother-in-law the other day? Why don't you tell your brother the details here? Hahaha -"

Before Dong Yong could finish laughing, a beep sounded on the other side of the line. Han Yuanjun hung up the phone.

Dong Yong looked at his phone with a little satisfaction in his heart. Today's incident was enough for him to brag to his brothers for a month!

Who among the many brothers had the chance to mock Han Yuanjun?

No one!

Now he was the one and only.

When Dong Yong raised his head, he saw Liang Jiahao walking in. He quickly put his phone back in his pocket and walked over to greet him. "President Liang, hello. I'm the owner of this restaurant. My name is Dong Yong. Sister-in-law and the others are already here, I will take you there."

He didn't say that he had a relationship with Han Yuanjun, only said he had a relationship with Liang Zixuan.

If Liang Jiahao didn't invite Han Yuanjun to the family dinner, then he definitely didn't like him.

There was no harm in trying to get close to Liang Zixuan.

Liang Jiahao nodded and greeted him.

Dong Yong immediately led him towards the room happily.

On the way, Dong Yong didn't say anything unnecessary and just led the way. He didn't want to leave a bad impression on Liang Jiahao.

Dong Yong pushed open the door and gestured at Liang Jiahao. "President Liang, this way, please enjoy your meal."

Liang Jiahao said politely, "Thank you."

Dong Yong was overwhelmed by the thanks and couldn't hold back his smile. He nodded quickly. "Please come in."

When Liang Zixuan saw Liang Jiahao, she immediately stood up to greet him. "Big brother, you're here.. Come, let me introduce you to everyone."

[Chapter 452 - A Family Meal III](#)

Liang Zixuan grabbed Liang Jiahao's hand and led him inside. She immediately introduced him to the people from the Han Family. Finally, she introduced Qiao Hongya. "Big brother, this is our grandfather. Our biological grandfather, Qiao Hongya."

Liang Jiahao looked at Qiao Hongya. He didn't have any feelings or impressions toward Qiao Hongya. He only knew this person.

Qiao Hongya suddenly stood up and looked at Liang Jiahao with reddened eyes. "Jiahao, my precious grandson."

Seeing an old man with white hair standing there with tears in his eyes, Liang Jiahao didn't know how to react.

Luo Yanyun quickly stood up and reached out her hands to Liang Jiahao. As soon as she spoke, she cried. "Jiahao..."

"Grandmother." Liang Jiahao's emotions finally surged out. He walked over and hugged Luo Yanyun. "Grandmother, I've missed you so much. How have you been living all these years?"

"I'm good, I'm very good!" Luo Yanyun wiped her tears as she broke away from Liang Jiahao's embrace. She then held Qiao Hongya's hand and said to Liang Jiahao. "Jiahao, he is your grandfather."

Qiao Hongya immediately nodded. "Jiahao, it's good that you're back. In the future, I'll not only have a granddaughter, but also a grandson. I - I'm so happy."

In the end, Liang Jiahao couldn't bear it anymore. No matter what his feelings were towards Qiao Hongya, Qiao Hongya was really sincere towards him. He could tell that those excited tears weren't fake.

"Grandfather." He exclaimed stiffly.

Qiao Hongya immediately cried tears of joy. "Alright, hurry up and sit down. Our family will have a good meal tonight."

When Liang Jiahao sat down next to Liang Zixuan, Old Madam Han suddenly saw that his face was bruised and asked in surprise. "Jiahao, what happened to your face? Were you beaten up by someone?"

Liang Jiahao glanced at Liang Zixuan. Liang Zixuan immediately lowered her head guiltily. She bit her lips and laughed awkwardly.

Liang Jiahao smiled in his heart and replied as if nothing had happened. "It's just that I had a fight with someone a few days ago."

"Who dares to do such a thing!" Old Madam Han became angry when she heard that. "This person dares to hit you? Jiahao, tell grandmother. Grandmother will help you vent your anger!"

Liang Jiahao smiled politely. "Grandmother, there's no need for that. It's not a big deal."

"How can it not be a big deal!" Old Madam Han continued. "Who in the entire business circle doesn't know about your relationship with Zixuan? Zixuan is a member of our Han Family, and you are her older brother, who is also a member of our Han Family! Our Han Family has never allowed others to bully our own people! Jiahao, don't be embarrassed. Tell grandmother, and I will ask Jun to beat this person for you!"

Tian Qihua nodded in agreement. "Jiahao, tell auntie. Who was so careless as to dare to make a move against you! Say the name, and auntie will vent your anger!"

Liang Zixuan: "..."

She kept muttering in her heart. 'Can they stop talking about this matter? How awkward would that be for Han Yuanjun.'

Eh ... That's not right!

Liang Zixuan looked around and realized that Han Yuanjun wasn't there.

He didn't come?

Liang Zixuan was stunned, and only then did she remember that she had forgotten to tell Han Yuanjun to come to the family dinner.

She quickly took out her phone as she heard the angry voices of Old Madam Han and Tian Qihua.

"Jiahao, let me tell you, don't be afraid. If something happens to you while you are in Imperial City, you can come to us. We may be weak, but we are not afraid of anyone!"

"The next time you meet that heartless person again, you must not be softhearted and just beat him to death!"

At that moment, the door to the private room was suddenly pushed open by someone. A gust of cold air blew in through the door.

Everyone shuddered and turned to look at the door.

Han Yuanjun stood there with a dark face, coldly looking at everyone in the room.

Everyone was shocked by the cold aura radiating from his body. For a moment, no one spoke.

After a long time, Old Madam Han suddenly saw that Han Yuanjun's face was also bruised, even worse than Liang Jiahao's. She immediately exclaimed. "Jun, what's wrong with your face? Did you get into a fight with someone?"

Han Yuanjun glanced at Liang Jiahao and walked in with a sullen face. He grabbed a chair for himself and forcibly placed it between Liang Jiahao and Liang Zixuan.

He sat down as if it were a matter of course, separating the brother and sister. Then he said to Old Madam Han. "It's fine. A few days ago, I had an argument with someone. It was just a small quarrel."

Old Madam Han looked confused. "What a coincidence! Your brother-in-law also had a fight with a fool a few days ago."

The corner of Han Yuanjun's mouth twitched and his expression became even more unsightly. "I'm that fool."

Old Madam Han: "..."

Everyone: "..."

Old Madam Han secretly wiped the cold sweat from her forehead and exchanged a glance with Tian Qihua. That look clearly said, "How could you give birth to such a heartless thing?"

Tian Qihua looked aggrieved. "How would I know? How could this child be so heartless?"

Liang Jiahao remained calm and explained. "It's just a little misunderstanding, it's nothing. Don't worry about it."

"Haha ..." Han Qingsheng laughed audaciously. "We won't worry about that. Young people have their own way of communicating. They'll fight when they meet and build their friendship based on that."

Liang Zixuan secretly touched her forehead. If Han Qingsheng had been there that day, he wouldn't have said that.

When those two fought, neither of them showed any mercy. Each of their blows brought a loss to the other.

Han Yuanjun raised his eyebrow. Although his expression was cold, he was still smiling. However, this smile was even more terrifying than a sneer. "Big brother, what's the meaning of you inviting my family to dinner tonight but not inviting me?"

Liang Jiahao picked up the red wine glass and took a sip. After putting the glass down, he turned his head to Liang Zixuan. "Zixuan, you didn't inform your husband?"

Liang Zixuan: "..."

If you two wanted to fight, then go fight by yourselves.

Why did they include her?

When Han Yuanjun heard this, he immediately turned to Liang Zixuan with a darkened face.

Liang Zixuan was so embarrassed, she had never felt so awkward before.

Seeing that everyone was looking at her, she laughed dryly. "Um ... I forgot. "

Han Yuanjun's face and emotions couldn't even be described anymore.. It was so dark that it shone brightly. He never thought that Liang Zixuan would forget to call him for the family dinner!

[Chapter 453 - A Family Meal IV](#)

No one had forgotten Han Yuanjun before this and he was very hurt. He whispered in Liang Zixuan's ear. "Looks like I'm not that important to you."

Liang Zixuan bit her lower lip as she looked at Han Yuanjun. The hurt in his eyes made her heart ache. She had accidentally forgotten about him, things happened too abruptly in the afternoon. The change of clothes had made her so excited and confused that she forgot about him.

The most important thing was that she subconsciously thought that Han Yuanjun knew.

At this moment, Liang Jiahao pushed his peeled shrimp meat past Han Yuanjun and placed it on Liang Zixuan's plate. "Zixuan, this is your favorite dish."

Liang Zixuan tilted her head and smiled warmly at Liang Jiahao. "Thank you, big brother."

Han Yuanjun: "..."

It's over ...

Her big brother had returned, and he was no longer the most important man in this little girl's heart.

In the past, Liang Zixuan had always praised Han Yuanjun for how well he spoiled her.

Han Yuanjun was proud of this because he felt that he was the only one in this world who treated her well without holding back.

Only he would love Liang Zixuan with all his heart.

But now, Liang Jiahao's appearance had put him in an uncertain position in Liang Zixuan's heart.

Han Yuanjun did not even understand why he would be jealous of Liang Zixuan's brother.

In any case, he just felt unhappy in his heart.

Very unhappy!

Han Yuanjun gritted his teeth and glared sharply at Liang Zixuan. He picked up his wine glass and raised it toward Liang Jiahao. "Brother, Zixuan and I have been married for over a year, and now you're back. Because of you, Zixuan doesn't want to hold a wedding ceremony. Will you have a drink with me tonight to atone for this misfortune?"

After losing the fight, Han Yuanjun wanted to use this method to regain his dignity in front of Liang Zixuan.

Liang Jiahao glanced at him and took his own glass. "Sure, why not."

Han Yuanjun and Liang Jiahao clinked their glasses and drank their wine in one gulp. After drinking, Han Yuanjun took out his phone and called Dong Yong.

"Bring me five bottles of good wine from your wine cellar. If you don't have any red wine, you can bring anything from there."

Dong Yong was surprised. "Third Brother, what are you doing?"

"What's the point of all this question? Bring them here!"

After hanging up, Han Yuanjun put on a smile similar to Liang Jiahao's when they first met and placed his hand on Liang Jiahao's shoulder. He chuckled. "Brother, don't say I'm bullying you. Let's do it this way: you drink one glass, I'll drink two glasses?"

Liang Jiahao glanced at the hand on his shoulder and smiled. "No need."

"Good, this is my brother!" Han Yuanjun patted Liang Jiahao's shoulder vigorously. "Good courage, I like it."

Not long later, Dong Yong, himself, brought in the wines. Seeing the strange atmosphere at the table, he didn't dare to say a word. He simply put down the wines and left.

Han Yuanjun took a bottle of wine and filled the glass for himself and Liang Jiahao. "Come on, brother, drink. Whoever gives up tonight will be a loser."

Old Madam Han whispered to Tian Qihua from the side. "Why do I feel that your son is becoming more and more unscrupulous the more I see him? That's his brother-in-law!"

Tian Qihua said embarrassedly, "I also think your grandson looks like he has a bad conscience. Shouldn't he have a good relationship with his brother-in-law? How can he do such a thing?"

Han Qingsheng and Old Man Han felt that it was nothing, and they were actually excited to watch and kept clapping on the side. "Alright! Let's see who has a good alcohol tolerance. Come on, you guys. Get started."

Old Madam Han: "..."

Tian Qihua: "...."

Each time Han Yuanjun poured a glass of wine, he would fill the glass to the brim. Liang Zixuan felt her heart tremble as she advised Han Yuanjun. "Don't drink with my brother like that. You're always socializing and your alcohol tolerance must be good. He can't drink with you."

Liang Zixuan's words made Han Yuanjun even angrier. He raised his hand to push away her hand that was trying to snatch the bottle from him, and said with a fake smile. "Who says my alcohol tolerance is good? My alcohol tolerance isn't very good either, and I'm sure your brother drinks a lot in the army."

Liang Zixuan still wanted to say something, but Han Qingsheng held her back. "Don't try to persuade him. Men fight with each other and drink alcohol to strengthen their relationship."

Liang Zixuan asked uncertainly, "Really?"

Han Qingsheng acted like he was an experienced person. "Really! Don't worry, nothing will happen."

Since her father-in-law had spoken, what else could she, Han Yuanjun's wife, say?

If she did, she would be favoring her brother and disregarding her husband.

Liang Zixuan could only keep her mouth shut and look at the two of them worriedly.

Han Yuanjun and Liang Jiahao drank glass after glass, neither of them conceding nor admitting defeat.

Fires were blazing everywhere on the dining table, and smoke was billowing out. One could tell that the fighting was in full swing.

After drinking all five bottles of wine, Liang Jiahao was still sitting there, strong as Mount Tai. Aside from his slightly flushed face, the way he spoke showed no signs of intoxication.

Han Yuanjun was obviously a little drunk. The more he drank, the more he couldn't control himself. He called Dong Yong again and asked him to send another four bottles of wine. After finishing two bottles, Han Yuanjun's eyes were slightly red, but Liang Jiahao looked like he was drinking water and showed no reaction.

Liang Zixuan couldn't bear to see Han Yuanjun drink again, so she said to Liang Jiahao. "Brother, don't drink with him anymore! He'll be out of control when he's drunk."

Liang Jiahao glanced at Liang Zixuan and actually put down his glass and stopped drinking.

Han Yuanjun was angry. Very very angry!

He grabbed Liang Jiahao's glass and pushed it into his hand. "Brother, don't be afraid, drink!"

Liang Jiahao looked at him. "I'm not afraid. If you're drunk, my sister has to take care of you when you get back. I don't want to drink anymore."

Han Yuanjun: "..."

How could he not know that his brother-in-law actually listened to his sister?

Could Liang Jiahao really be a sis-con?

At this moment, Han Yuanjun remembered what Liang Zixuan had told him about Liang Jiahao. The scenes of them together since they were young made Han Yuanjun's heart tighten with pain.

It seemed that Liang Jiahao wasn't only a sis-con, but Liang Zixuan was also a bro-con!

Han Yuanjun was very afraid that he would never be able to surpass Liang Jiahao's position in Liang Zixuan's heart.

Frustrated, he put down his glass and sat there without saying a word. His entire body was covered with a layer of shadow.

The feast had come to an end.

Since Han Yuanjun couldn't drive, Liang Zixuan called Zou Juan to pick them up.

On the way back, Han Yuanjun leaned against his seat and closed his eyes without saying a word.

He just didn't want to talk to Liang Zixuan.

[Chapter 454 - Han Yuanjun's Grievance](#)

Liang Zixuan didn't understand what Han Yuanjun was angry about.

In her heart, Han Yuanjun wasn't a stingy person. Even though he had a temper from time to time, he would still coax her.

Han Yuanjun was never like today, he always gave her a sullen face. It wasn't an angry face, but an expression that he didn't want to pay any attention to her at all.

Liang Zixuan was a little depressed.

Zou Juan drove the car straight to the door of the villa. Liang Zixuan wanted to help Han Yuanjun open the door, but who knew he would open his eyes, and went out without saying anything.

Liang Zixuan was stunned for a moment. She felt a little sad seeing Han Yuanjun acting like that.

What's going on?

Over the past year, Liang Zixuan had become more and more arrogant because of Han Yuanjun's spoiled nature. Seeing him ignoring her all the time and not appreciating it when she tried to help him, Liang Zixuan's temper immediately rose as she got out of the car. "Fine! I don't even want to care about you!"

Han Yuanjun went back to his bedroom, took his pajamas from the cloakroom, and went to the bathroom. Soon after, he came out of the bathroom and glanced at Liang Zixuan for a moment, then went to bed.

Liang Zixuan ignored him and angrily carried her nightgown into the bathroom.

Han Yuanjun lay on the bed alone. The more he thought about what had happened today, the angrier he became.

Heaven was too unfair!

How could he give Liang Zixuan a great and powerful brother?

Han Yuanjun can't win the fight, he can't even drink! It looked like heaven really didn't want him to live!

The most annoying thing was that Liang Zixuan didn't call him at all!

Han Yuanjun felt depressed when he thought about it. He took the blanket to cover himself and turned his back to Liang Zixuan.

When Liang Zixuan came out of the bathroom, she saw someone wrapped in a blanket like a dumpling.

She dried her hair and looked at Han Yuanjun's head, asking coldly, "Are you asleep?"

Han Yuanjun wasn't asleep at all. He was waiting for Liang Zixuan to coax him.

However, when Liang Zixuan saw that he didn't say anything, she became angry. She turned off the light and fell asleep with her back facing Han Yuanjun.

Han Yuanjun's heart immediately sank. With a thick blanket covering him, he could feel the coldness creeping from his heart to his entire body. It was so cold that it hurt him.

Han Yuanjun sniffled in an aggrieved way. He wanted to make a noise to tell the little girl next to him that he was in a bad mood right now.

Liang Zixuan closed her eyes and pretended to be dead. If Han Yuanjun wanted to be angry, then she had to be angry too!

Let's see who's better!

After a while, Han Yuanjun became even more upset when he saw that Liang Zixuan didn't make any sound or move.

He was the one who had always coaxed her. Could it be that when he was sad, she wouldn't coax him?

He had lived for thirty-two years, but he had never experienced such a pathetic state of mind.

Han Yuanjun groaned and pricked up his ears to listen for movement.

As a result, the woman's breathing became steadier.

He gasped.

God, she can't fall asleep, can she?

Han Yuanjun was very angry, but Liang Zixuan can still sleep?

Han Yuanjun turned around angrily and pulled Liang Zixuan into his arms. He buried his head in her hair and took a few deep breaths before gritting his teeth and asking, "Are you asleep?"

Liang Zixuan snorted coldly and closed her eyes.

"Baby!" Han Yuanjun gritted his teeth in anger. "Can't you see that I'm angry?"

"I can see it." Liang Zixuan said calmly. "I don't know what you're angry about."

"What am I angry about?"

She didn't know what he was angry about?

Han Yuanjun suddenly felt that he had failed. Fighting for her and drinking for her, and she actually didn't know what he was angry about.

Han Yuanjun dipped his head deeper into Liang Zixuan's neck, and his whole body began to tremble as he muttered, "I'm angry! Very angry! I'm angry because you put all your attention on your brother as soon as he returned! In the past, I was the most important man in your heart. But now, the most important man in your heart is your brother!"

"You lied to me for him and you didn't even call me for a family dinner because of him! Do you think you can leave me once your brother is here? You suddenly realize that I'm not that important to you anymore?"

As Han Yuanjun said this, his eyes turned red. He felt an unprecedented fear, a fear of losing something.

"Before he came back; when you were being bullied by Wei Guowei, Jiang Huifang, and the Hou's, I was the only one by your side. You relied on me, and you felt very safe with me. But now he's back, you think he's stronger than me and safer, so you don't need me anymore, right?"

Liang Zixuan listened to Han Yuanjun's words in silence. Only now did she realize that her man was jealous.

It's just like how a father was jealous of his son and felt that after having a son, his wife would spend most of her time with his son and ignore him.

But wasn't his jealousy a bit funny?

Liang Zixuan found it funny just by listening to it.

But she didn't laugh out loud. Han Yuanjun was still in pain. If she laughed out loud, she can guarantee that Han Yuanjun would definitely go berserk.

"Alright, that's enough." Liang Zixuan turned around and hugged Han Yuanjun. In the darkness, she found his lips and kissed him.

When her lips touched Han Yuanjun's lips, the weakness in his heart suddenly expanded like a black hole. He opened his mouth and kissed her deeply.

His kiss was very, very dominant, even a little possessive. It was as if someone was on the verge of death and was struggling. *novelusb.Com*

Liang Zixuan knew that Han Yuanjun was trying to vent all the grievances in his heart.

When men were angry, they liked to vent their anger in this way. It was as if this was the only way they could prove how important they were in women's hearts.

Han Yuanjun wasn't a God, he was just an ordinary man.

Liang Zixuan knew and understood everything, so she cooperated well and would do the same.

After drinking, Han Yuanjun was like a wild beast. His stamina was already very good, but now it was even better. Liang Zixuan's entire body was sore and seeing how hard it was for her, Han Yuanjun finally reluctantly let her go.

He turned on the wall lamp, sat up, leaned his back against the headboard, and took a cigarette from the bedside drawer.

Han Yuanjun rarely smoked in front of Liang Zixuan, nor did he have the habit of smoking after they were intimate. However, at this moment, he began to smoke.

Liang Zixuan lay down beside him weakly. She raised her eyes and watched him inhale the cigarette deeply.. She sighed and sat up with her tired body and fell into Han Yuanjun's arms.

[Chapter 455 - Stupid In Terms Of Feelings](#)

Han Yuanjun held the cigarette in one hand and hugged Liang Zixuan with the other.

Liang Zixuan casually drew a circle on his chest with her little finger. "Hubby."

Han Yuanjun lowered his gaze and looked down at her peaceful face under the orange light in surprise. A warm feeling spread through his heart. He was delighted and even felt a little proud. "Hmm?"

It was rare for Liang Zixuan to call him hubby.

Whenever Han Yuanjun asked her to call him that, she wouldn't do it.

Since Han Yuanjun couldn't do anything to her, he would use other means to get her to call him that from time to time. He didn't expect her to take the initiative to call him that now.

So, how could he not be happy?

Liang Zixuan knew that Han Yuanjun was in a better mood just by hearing his voice, so she slowly began to explain.

"It's not that I don't care about you. I'm just too busy today. With all the hoo-ha of grandpas and grandmas changing clothes, I forgot to call you. And I always thought that mom and dad would call you."

"Big brother is a very important figure in my heart. I told you before that in my past life, my brother was in the army, and I was imprisoned for ten years. In that life, I never had the chance to see him. It was only when I was about to die did I learn that he was already dead."

"Right now, I'm just scared. I'm so scared because even after I met you, although I did change my fate, my grandmother survived and I found my grandfather again; however, I never knew about my brother until that day when Gong Enlai came to look for me."

Liang Zixuan raised her head and looked at Han Yuanjun gently. "That day, you knew when you were angry with me."

"En." Han Yuanjun nodded. "I know, so ... That day, Gong Enlai took you to see your brother?"

"Yes. That day I saw my brother again, but only for half an hour because he had a mission and had to leave immediately. Gong Enlai said his mission was very dangerous, even his life and death were uncertain, so he told me to keep my brother's whereabouts secret. It's not that I don't want to tell you, it's just I don't want any unforeseen circumstances to happen, so I hide it from you."

"Ever since that day, I've been tenterhook every day. I'm so scared to receive news of my brother's accident. I'm even more scared that the next time I see him, it'll be his..."

Liang Zixuan suddenly burst into sobs. Han Yuanjun quickly put the cigarette in the ashtray and hugged her.

Liang Zixuan took a deep breath. "That's why I spend every day in fear. In order to avoid thinking about him, I've found a lot of things to do. You know, with a female group and so on. I was very busy at the time, so I didn't have time to think about him. And then the thing with Wei Guowei."

Liang Zixuan lowered her head and continued. "My feelings for my big brother are different from other siblings because I experienced my brother's death. I know that feeling, that pain, so in this life, I really treasure the time I spend with him, just like how I cherish my grandmother."

"I know." Han Yuanjun kissed her forehead gently. "I'm sorry, I'm being petty."

"I don't blame you." Liang Zixuan pursed her lips and blamed herself a little. "It's all my fault. I didn't tell you in advance and didn't take your feelings into account."

She suddenly opened Han Yuanjun's big hand and gently stroked the line in his palm with her finger.

"Han Yuanjun, you are very good. Really, you are good at everything. You have an incredible talent that is unmatched by most men in this world. You also have a handsome face that all the men in this world hate. Everything about you is the best in my heart. Because you love me so much ... No one else in this world will love me like you do. I know all of that."

Liang Zixuan then kissed his hand gently. "So, can you be a little confidence in yourself? You have to believe in yourself. Other than you, I can't fall in love with anyone else!"

"I ..." Han Yuanjun wanted to say something, but he hesitated. He was immersed in Liang Zixuan's tenderness.

Liang Zixuan raised her head and looked at him. "What happened to you?"

Han Yuanjun chuckled softly. "I'm really stupid in terms of feelings. All my life, you're the only woman I've chased after. There are a lot of things I've never experienced before, so ... Sometimes I can be a little childish."

"Who said you were stupid?" Liang Zixuan giggled. "I'm very hard to catch up, but you've caught me, right? You're clearly an outstanding man, making me worship you!"

After pausing for a moment, Liang Zixuan suddenly pursed her lips and looked at Han Yuanjun mischievously. "But sometimes you are very, very childish. I even want to call you Han San!"

Han Yuanjun laughed in anger. "Three years old?"

"That's right!" Liang Zixuan let go of Han Yuanjun's hand and hugged his neck, laughing happily. "Say, I can understand if you're jealous of other men, but you shouldn't be jealous of my brother at all! My brother is the least threat to you."

Could it be that if she divorced Han Yuanjun, she's going to marry her own brother?

It didn't make sense.

A hint of awkwardness radiated on Han Yuanjun's face. After thinking about it carefully, he also thought it was a little bit stupid.

But to be mocked by Liang Zixuan like this, he felt that he had lost a lot of faces!

His teeth ached with resentment as he grabbed Liang Zixuan's waist with both hands and tickled her. "Who are you calling a three-year-old, hmm?"

"Haha ..." Liang Zixuan was very ticklish, especially on her waist. Her whole body shrank into a ball after being tickled, and she struggled to reply. "A man with the surname Han is three years old!"

????

Since Wei Guowei was arrested and locked up in prison, Yuan Now was now under Wei Xiaoqing's hand.

Depending on her status as Wei Guowei's biological daughter, Wei Xiaoqing sat in the CEO's office on the first day of work.

She felt really great!

When a subordinate spoke to her, she rudely dismissed him because his words were wrong.

The assistant made coffee for her. It mustn't contain less sugar and must suit her taste.

The company was suddenly shrouded in shadows. Many people didn't want to work with Wei Xiaoqing's bad temper and wanted to leave.

The youngsters handed in their resignation letters and left. Wei Xiaoqing didn't ask them to stay either. The older ones were under pressure from their families.. Those who wanted to make a mortgage on their car could just stay.

[Chapter 456 - He Should Be Your Brother Too](#)

Wei Xiaoqing therefore deliberately held a meeting because of this.

She sat down in the CEO chair and ordered, "From today onwards, I am the CEO of Yuan Now. My temperament is not very good, so if you follow my instructions, you will naturally be able to sit in your position for a long time. If you do not listen to me, you will soon scram! Don't stay here and hinder me!"

After the meeting was over, Wei Xiaoqing asked the financial manager to show her the company's financial reports.

She was looking at the reports for half a year's earnings and immediately was at a loss.

This company hadn't earned a penny in half a year!

She threw the report on the table and looked at the manager coldly. "What is happening?"

The financial manager was a man in his forties. When Wei Guowei was there, he really trusted him, so it was quite fun for him to work with Wei Guowei.

And throughout the years, Wei Guowei had never spoken to him in such a tone. Now, hearing Wei Xiaoqing's rude tone, the financial manager said with a dark face. "The company has lost a lot of tenders in the past six months. The companies that were supposed to cooperate are no longer cooperating, and the new relationship that was established by the former CEO has also come to an end because of these things. Our company is now at a disadvantage and this is the current situation! If you feel that you are very powerful, you can try to get back all the former corporations by yourself!"

"Me?" Wei Xiaoqing's face immediately darkened. She never managed the company and knew nothing about it. What could she do?

She raised her hand and slammed it down on the table as she said firmly, "If everything depends on me, so what do I need you for? Is it to support you for free and squeeze the company's money for your needs?"

The financial manager snorted in disdain. "Every department has their own responsibilities, and the former CEO always deals with the business on his own."

Wei Xiaoqing was furious. She knew nothing and didn't know whether what the manager said was true or not.

But among so many people in this company, this financial manager was extremely important. She couldn't just say the wrong thing and fired him.

If that happened, the company wouldn't be able to issue any more paychecks this month, and that would be a disaster.

Wei Xiaoqing calmed her emotions a little and let the manager out first.

She thought about what to do for the next few days and finally agreed with what the financial manager said. He was right.

Wei Xiaoqing sat in her office, not knowing what to do. She didn't want the company she had worked so hard for to keep losing money. If that happened, she could sell the company and earn a large sum of money.

However, she couldn't afford to do that. After all, she only managed to sit at the CEO position for free only in this company. How could she sell it?

After thinking about it, she also felt that she really couldn't work with others too.

Yuan Now was a real estate company, but among the many real estate companies, it was only a lower level. Compared to Shao Renshu's real estate company, it wasn't even worth mentioning.

But it was much richer than all the other lower-level companies.

Every time someone wanted to build a building at a lower price, they would find a lower-level real estate company to invest in.

Looking at the two project plans and the purchase contract, Wei Xiaoqing gritted her teeth and called the financial manager in again. *novelusb.cOm*

"If we sell these two projects, will the company have enough liquidity?"

"That's definitely not enough!" Although the financial manager didn't like Wei Xiaoqing, but when it came to money, he had no choice but to cooperate with her. "In fact, these two projects are halfway through construction, and they still needed money to invest over there. We can't even get the money back for now. We can only cooperate with other companies!"

Wei Xiaoqing frowned. "I heard that these two projects were built in suburban areas. It wasn't easy to find two decent plots of land in this city. If I can't even sell them and earn money from them, then what should I do?"

The financial manager felt very unhappy in his heart. "This is not something I decided, it is something the former CEO decided. He received word from someone that the Fourth Ring Road will gain market value within five years, so he wanted to build something there and then wait for the value to go up."

"He's simply crazy!" Wei Xiaoqing cursed at Wei Guowei. "What kind of rumors did he hear? Where did they come from? He actually believed them! Very well, since we have already invested the money and could not find any other partners, we can only stop."

The financial manager said nothing. He just stood there, staring at Wei Xiaoqing coldly.

In his heart, regardless of whether Wei Guowei was right or wrong, there was always a loss when it came to doing business. It was impossible for him to always gain benefits. Risk and benefit existed side by side.

And no matter what Wei Guowei did, only Jiang Huifang had the right to scold him. But not Wei Xiaoqing!

No matter what, Wei Guowei was her biological father. He had been mistreating Liang Zixuan for her, which resulted in the relationship between Wei Guowei and Liang Zixuan breaking apart.

Wei Guowei was so good to Wei Xiaoqing, but she was actually so unscrupulous that she even scolded Wei Guowei. The financial manager really looked down on her.

Wei Xiaoqing did not know that she had been looked down upon by the financial manager. She raised her head and asked, "Is there really no other way? So we can only continue to lose money like this?"

She didn't want to be a CEO who always lost money. She wanted to earn money.

Big money!

This was the only way Wei Xiaoqing could make those people who looked down on her to have a whole new level of respect for her. Only then did she manage to stomp them under her feet and bully them viciously.

The financial manager disdainfully said, "Yes, other than looking for other companies to work with, we can also look for bank loans. I heard that the newly appointed CEO of China Securities Bank is your brother, so you should bring these projects to mortgage them. Maybe because of your relative's relationship, he can loan you the money."

"My brother?" Wei Xiaoqing asked in surprise. "What brother?"

She had already forgotten about Liang Jiahao.

Besides, she would never have thought that the CEO of China Securities Bank would be Liang Jiahao.

What a joke.

The China Securities Bank was the biggest, most awesome bank in the entire country. Was it something that a mere Liang Jiahao could be sitting on?

The financial manager looked at Wei Xiaoqing and sneered. "Liang Jiahao! Everyone knows that he is Liang Zixuan's brother. Isn't Liang Zixuan your sister? Then, Liang Jiahao should be your brother too."

"Him?" Wei Xiaoqing was so shocked that her eyes were wide open. She asked in disbelief. "Are you sure it's Liang Jiahao?"

"Of course!" The financial manager said calmly.. "The whole business world is talking about him, and I also heard that he invited the Han Family and his grandparents to a family dinner yesterday. What, he didn't invite you?"

[Chapter 457 - I Only Have One Sister](#)

Wei Xiaoqing's face immediately turned red. How could she not see that the financial manager was scolding her!

But now wasn't the time for her to be angry with him. She still needed his help a lot.

After understanding everything about mortgages, Wei Xiaoqing said confidently. "Don't worry, I'll settle this problem with Liang Jiahao. Because of my father, I have a good relationship with Liang Zixuan now. And Liang Jiahao is my brother, so he would give me a face."

The financial manager sneered. "Then I'll wait and see."

After the financial manager left, Wei Xiaoqing immediately called her contacts to ask for Liang Jiahao's phone number. Since she didn't have many friends to begin with, after asking, no one really knew about it.

Wei Xiaoqing held her cell phone and hesitated whether she should call Liang Zixuan and ask for Liang Jiahao's number. Wei Guowei's case hadn't yet begun, and Liang Zixuan was still in contact with her. However, Wei Xiaoqing felt that asking Liang Jiahao's number from Liang Zixuan was like asking for her help.

Wei Xiaoqing didn't like this feeling.

After some thought, she dialed Hou Yingyi's number. "Hello, Yingyi. Do you know that the new CEO of China Securities Bank is my brother?"

Hou Yingyi was stunned for a moment before he remembered that Liang Jiahao was Liang Zixuan's brother. Indeed, Liang Jiahao was also Wei Xiaoqing's brother, but as far as he remembered, Wei Xiaoqing had never called Liang Jiahao "big brother."

He really couldn't react to how intimate Wei Xiaoqing was calling Liang Jiahao now.

Hou Yingyi said in a light voice. "Oh, I heard about it."

Wei Xiaoqing was extremely pleased with herself. "I have already taken over my father's company, and my brother is now the CEO of China Securities Bank. Indeed, the heavens never forsake me. If I can't develop in the entertainment circle, then I just come here to do business. And when I needed help, such a big piece of cake fell from the sky for me, hehe ... Don't you think I'm so lucky?"

Hou Yingyi had also heard what had happened to Wei Guowei. Wei Xiaoqing had been busy with this matter and hadn't come looking for him for some time. To think that she would leave him alone and now she was trying to show off.

Hou Yingyi even thought: 'Wei Xiaoqing, what are you proud of? Was it an honor to send your own father to prison and confiscate all his property? And Liang Jiahao... You call him 'brother' so intimately, but do you really think he recognized you as his sister?'

Hou Yingyi really didn't know why Wei Xiaoqing was such a person.

Hou Yingyi couldn't stand Wei Xiaoqing's character, so he impatiently said, "Yeah, yeah, whatever you say. If there's nothing else, I'll hang up. I'm still busy."

Wei Xiaoqing called out to him anxiously. "Hey, wait a minute. I have something to ask you."

Hou Yingyi sighed in annoyance. "If you have something to say, just say it! I'm really busy."

Wei Xiaoqing bit her lip and asked shamelessly. "Do you know Liang Jiahao's number? If you don't know, can you ask your father for me?"

Hou Yingyi actually laughed at her. "Didn't you just say that Liang Jiahao is your brother? What, you don't have his phone number?"

Wei Xiaoqing said uncomfortably. "I was busy with company matters, so I didn't have time to look for it. And besides... Didn't he just come home recently? Just give me his phone number. As long as I can talk to him, I'll definitely be able to get the loan from him."

Hou Yingyi didn't pay attention to Wei Xiaoqing at first, but when Yu Meilin heard this, her thoughts changed. She immediately kicked Hou Yingyi's leg and gave him a meaningful look.

Hou Yingyi turned his head to look and immediately saw through Yu Meilin's intention. She wanted him to help Wei Xiaoqing.

"Alright, then wait a moment, I'll ask my father. If there is, I'll send you a message later."

After hanging up, Hou Yingyi dialed Hou Shihong's number and asked Yu Meilin snappishly. "Mom, why do you want me to help her? Don't you hate her?"

Yu Meilin glared at Hou Yingyi in disappointment. "Are you stupid? We're just giving her a phone number. If she can get the loan from Liang Jiahao so easily, you can coax her and make her talk nicely for us to Liang Jiahao. When your father's company needs money or investment in the future, wouldn't it be easy to get the money from him?"

Hou Yingyi's mouth twisted in displeasure. "You're using me again! I've already said that I don't like Wei Xiaoqing. She can even frame her father, so how can I be with her? I don't even know when I'll die in her hands!"

At this point, Hou Shihong's phone call was connected, so Hou Yingyi asked, "Dad, do you know Liang Jiahao's phone number?"

Hou Shihong said calmly. "You want his phone number for what?"

Hou Yingyi then told Hou Shihong about Wei Xiaoqing's request. After hearing this, Hou Shihong immediately sent Liang Jiahao's cell phone number to Hou Yingyi.

Furthermore, after returning home at night, he had secretly discussed with Yu Meilin and his brother how to make use of Wei Xiaoqing.

Wei Xiaoqing was very happy to get Liang Jiahao's phone number. She had no idea that she had become someone's stepping stone. She dialed Liang Jiahao's number proudly.

After a while, the call was connected and Wei Xiaoqing said, "Big brother!"

Liang Jiahao was stunned for a moment. He also wondered if he had misheard. He looked at the phone number on the screen again and confirmed that it was an unknown number. Then he said coldly, "Madam, you have dialed the wrong number."

"No!" Wei Xiaoqing feared that Liang Jiahao would hang up, so she hastily said, "I am Wei Xiaoqing. Big brother, have you forgotten about me?"

To be honest, Liang Jiahao had indeed forgotten Wei Xiaoqing. Wei Xiaoqing did not consider him as her brother, and he never considered her as his sister.

Liang Jiahao said coldly. "I only have one sister. Her name is Liang Zixuan!"

With that, he hung up the phone.

Wei Xiaoqing was so angry that she almost threw her phone away. She dialed Liang Jiahao's number a few more times. At first, Liang Jiahao just declined the call and in the end, he blacklisted her number.

Wei Xiaoqing was so angry that her face turned red. She looked at her phone and said angrily, "Just because you don't recognize me, doesn't mean I cannot do anything about it! Humph!"

Since Liang Jiahao did not answer her phone, then she will go to China Securities Bank to find him.

She refused to believe that Liang Jiahao would not dare to see her, even after causing a commotion in such a big bank!

Jiang Huifang had taught Wei Xiaoqing from a young age that if she could not get the things she wanted, she had to use a shameless method to get them. Hence, that was what she's going to do now.

Wei Xiaoqing grabbed her car keys and left the company, driving straight to China Securities Bank's headquarters.

Reaching the lobby of the bank, Wei Xiaoqing arrogantly said to the lobby manager. "I am Liang Jiahao's sister, take me to him immediately!"

[Chapter 458 - Cruel And Unscrupulous Man](#)

Liang Jiahao's sister?

The lobby manager looked at Wei Xiaoqing with a calm expression. She really couldn't tell how much Wei Xiaoqing resembled Liang Jiahao.

She politely said, "Madam, President Liang is very busy. If you are really his sister, then call him and ask him to pick you up."

Wei Xiaoqing blushed and scolded loudly. "What's wrong with your attitude? Let me tell you, you'd better take me to him now. Otherwise, if I see him later, I will make him fire you!"

This lobby manager had seen many people and could tell the difference between a fake person and a real one. People like Wei Xiaoqing, who claimed to be Liang Jiahao's sister and could only yell at her in the lobby, could this person really be Liang Jiahao's sister?

Even if she was, Wei Xiaoqing was the sister that Liang Jiahao didn't want to see.

The lobby manager smiled indifferently. "This is my attitude. This is a bank, a place of business, not a place to make a ruckus. If you want to meet President Liang, wait until he gets off work!"

Wei Xiaoqing was so angry that she could no longer hold it anymore. In her heart, since Liang Jiahao was the CEO, everyone here had to bow their heads and praise her with flattering words.

But now a lobby manager dared to speak to her like that, how could she not be angry?

Wei Xiaoqing looked at the ID tag worn by the lobby manager and sneered. "Lee Hana, right? Well, I'll remember you. Just you wait. When I find my brother, I'll deal with you!"

Since the bank was a service company, everyone wore an ID tag, and the lobby manager was no exception.

If they behaved badly or inefficiently at work, people would complain about them.

Now Lee Hana was not only afraid that Wei Xiaoqing might see her ID, but also afraid Wei Xiaoqing might not see it clearly. Lee Hana held her ID in front of Wei Xiaoqing's eyes. "That's right, my name is Lee Hana. Look carefully, if you are not satisfied with my service, you can complain to President Liang, but if you want me to take you to the president, I'm sorry. This is where I work, and I only do work-related things!"

Wei Xiaoqing gritted her teeth in anger and raised the folder in her hand. She pointed at Lee Hana and said, "I am here for business reasons. I have some things here that I need to mortgage. Now, take me to my brother!"

Lee Hana glanced at the folder and smiled politely. She extended her hand to Wei Xiaoqing. "This way, please." *nOveluSb.cOm*

Wei Xiaoqing put the folder down and snorted arrogantly. "I really gave you a face. Do you think it's easy to bully me? Let me tell you, you'd better make me happy now. Otherwise, when I meet my brother in a moment, you will not have a good ending!"

Lee Hana smiled but said nothing. She just led the way without saying a word.

She led Wei Xiaoqing straight to the VIP waiting room on the first floor and held out her hand towards Wei Xiaoqing. "Let me see it."

As soon as Wei Xiaoqing sat down, she heard Lee Hana's words. She hid the folder behind her, as if someone was trying to steal it from her, and looked coldly at Lee Hana. "I told you to take me to my brother. Why did you bring me here? I warned you, you better call my brother now, or don't blame me for being rude to you!"

Lee Hana laughed instead of getting angry. "Didn't you say you were going to get a mortgage? Let me see it first. I need to assess whether the condition meets the requirements of our bank mortgage or not. If they are, I can help you manage it. Do you still need to bother President Liang?"

Seeing that Wei Xiaoqing was almost angry, she laughed. "Don't worry. I am the lobby manager. I naturally know this matter better than most people. I can help you with this little thing."

Before Wei Xiaoqing came here, the financial manager had told her that the two buildings were not yet ready and could not be used as mortgages at any bank. So she had to use Liang Jiahao's help.

Besides, Wei Xiaoqing wanted to borrow more money from Liang Jiahao. Even if the items she was holding met the requirements, she would not let anyone else handle them. She definitely wanted Liang Jiahao to handle them personally!

Lee Hana's words really made Wei Xiaoqing angry. She abruptly stood up and said to Lee Hana. "You really did not give me any face, did you? Like I said, I want to see my brother, not you! Stop pretending to be a big-tailed wolf with me. Let me warn you, if I don't see my brother in five minutes, don't blame me for being cruel!"

Lee Hana looked up at her fearlessly while still wearing a formal smile from the beginning until now. "I also said that if you want to talk about private matters, you should wait until President Liang gets off work."

"Damn it!" Wei Xiaoqing angrily kicked the ashtray on the tea table to the ground. You're so shameless!"

She then stormed out of the waiting room with the folder in her hand and ran straight into the lobby, screaming at the top of her lungs. "Liang Jiahao, I'm your sister! You're rich now and have become the CEO of China Securities Bank, so you don't want to recognize me anymore? Come out, do you hear me? I said come out!"

Her voice immediately attracted a crowd of onlookers.

The lobby was large, and there were a lot of people who did business here every day. Most of the people who came to this bank were considered the bosses of the companies, and when they heard Wei Xiaoqing's words, many people started whispering to each other.

"This woman is the sister of the new CEO and she was blocked from seeing him."

"No matter what bad blood they have with each other, it's not a big deal if he lets her see him, right? Why does he need to make her look so bad?"

When Wei Xiaoqing heard this, she shouted with growing pride. "Liang Jiahao, come here right now! Are you afraid to see me? Did my mother raise you to be a cruel, unscrupulous creature who doesn't acknowledge his own sister!"

Lee Hana followed Wei Xiaoqing outside. She thought Wei Xiaoqing was going to leave, but she didn't expect her to be a rogue in their bank.

Lee Hana's face darkened. She could no longer maintain her usual formal smile and immediately called out for the security guard. "Throw this troublemaker out of here! Don't let her enter our bank anymore!"

Seeing the two security guards approaching, Wei Xiaoqing snorted and ran while hugging her folder. As she was running, she shouted. "Everyone come here and take a look.. Liang Jiahao is a cruel and unscrupulous man. This is how he treats his own sister!"

[Chapter 459 - I Am His Sister From The Beginning](#)

"My mother worked hard to raise him. Now that he is rich, he no longer recognized me or my mother. Have you ever seen such an unfilial son before?"

The more people listened, the more they felt that Liang Jiahao was indeed unfilial.

"Why is Liang Jiahao like this? Someone said he is a cold-blooded and cruel man but isn't this too heartless?"

"That's right! No matter what, she is his sister and he must recognize her!"

Wei Xiaoqing ran past them and continued. "He is such a person. If you don't know, then let me tell you his true colors!"

Lee Hana was so angry that she called another two security guards in. "Quickly chase this woman out of here!"

As soon as the four security guards arrived, they stood on four different sides and surrounded Wei Xiaoqing. No matter how fast Wei Xiaoqing ran, she could not escape.

She was caught by one of the guards, and when she saw the other three were coming, she immediately sat down on the ground and said shamelessly. "I will not leave! As long as I don't see my brother, I will not leave!"

Another security guard wanted to lift Wei Xiaoqing up together with other guards and throw her out. In the end, Wei Xiaoqing raised her head and shouted loudly. "Help, they are trying to manhandle me! Everyone, come here quickly and take a look! The dignified CEO of China Securities Bank is allowing his sister to be bullied like this!"

Hearing her screams, how could the three security guards dare to attack her? Even the security guard who was holding her jerked his hand away as if his hand was burnt.

At that moment, a woman's cold voice was heard from the crowd. "Wei Xiaoqing, you keep saying that Liang Jiahao is your brother, then tell everyone why he didn't recognize you?"

Lee Hana quickly walked towards Liang Zixuan and respectfully said, "Mrs. Han, you have finally arrived. This woman demanded to see President Liang, and as I told her, I could help her if it was a business matter. But if it was about the opposite, she would have to wait until President Liang got off work, and then she could talk to him however she wanted. But she didn't want to listen, and instead, she's been playing a rogue here!"

Lee Hana gloomily stared at Wei Xiaoqing. "I really can't do anything about her."

She was not afraid of the bad people, she was afraid of the shameless people.

Shamelessness meant invincibility in this world. *nOvelusB.COM*

Today, Lee Hana finally understood the meaning of shameless.

Indeed, when a person became shameless, she was more horrifying than a ghost!

Liang Zixuan patted her shoulder. "It's okay. Leave this to me."

Then, she walked towards Wei Xiaoqing, who was still sitting on the ground and acting like a rogue, before sneering. "Wei Xiaoqing, weren't you so good at making up stories just now? Tell everyone here who your brother is and why he didn't recognize you."

Wei Xiaoqing stared at Liang Zixuan in jealousy. She had calculated everything, but she had not expected Liang Zixuan to be here.

What was even more infuriating was that, from the way Lee Hana treated Liang Zixuan, she must have been here more than once, and everyone in the bank knew that Liang Zixuan was Liang Jiahao's sister.

Why?

Why?!

On what basis did Liang Jiahao recognize Liang Zixuan but not her?

She was clearly Liang Jiahao's blood sister too!

Wei Xiaoqing said indignantly and wrongedly, "My brother is Liang Jiahao and I am his sister from the beginning."

"Is that so?" Liang Zixuan looked down before smiling mockingly at Wei Xiaoqing. "Everyone here knows that I am Liang Jiahao's sister. My name is Liang Zixuan and his name is Liang Jiahao. And what about you? Tell me your name again, Wei Xiaoqing?"

Liang Zixuan deliberately called out her name, Liang Jiahao's name, and Wei Xiaoqing's name out loud so that everyone could understand the relationship between the three of them.

Things between Liang Zixuan and Wei Xiaoqing had spread like wildfire. Even the aunts selling vegetables in the market knew about the affairs of their family. What's more, Liang Zixuan was now married to Han Yuanjun, and her news had naturally become a topic of conversation in public.

According to Liang Zixuan's words, although the audience didn't know about the relationship between Liang Jiahao and Wei Xiaoqing, they immediately understood it.

"Is this really Wei Xiaoqing? I really don't recognize her! She has left the entertainment circle for so long that I have already forgotten about her."

"Yes, I have forgotten too. If I knew she was Wei Xiaoqing, I would record her acting like a scoundrel with my cell phone!"

"Wei Xiaoqing, why are you so shameless! Your father and mother had tortured Liang Zixuan severely. Since Liang Jiahao is Liang Zixuan's biological brother, he's also been greatly bullied by you in the past, hasn't he?"

"Yeah, you still have the face to call him brother? You don't even deserve it!"

When the plot was reversed, the people who were scolding Liang Jiahao now turned around and started scolding Wei Xiaoqing.

Wei Xiaoqing gritted her teeth in frustration. She raised her head and looked at Liang Zixuan.

Feeling that she was lacking in momentum, as she was shorter than her, Wei Xiaoqing stood up and looked at Liang Zixuan with her chest puffed out, saying, "No matter what, you can't change the fact that Liang Jiahao is my brother! He is my brother, regardless of whether he recognized me or not, this is the truth!"

Liang Zixuan smiled and shook her head. "Can you be any more shameless?"

Wei Xiaoqing thought that Liang Zixuan was afraid of her, so she smirked. "How about this...If you let me see Liang Jiahao today, I won't bother with you guys anymore. If you don't let me see him, let me tell you, Liang Zixuan... We're not done yet! There's also the matter of you making my mother a witness for my father's case. Without us, you won't be able to do it!"

"Wei Xiaoqing, I don't care what you wanted to do." Liang Zixuan looked at Wei Xiaoqing calmly. "Even if your mother doesn't appear in court, the evidence is conclusive enough. Wei Guowei will still be punished by the law. Even if he can't be convicted, do you think he will do anything to me? Once Wei Guowei is out, what can he do to me? He can't even touch a hair on my head, but you...You're different, Wei Xiaoqing."

Liang Zixuan raised her hand and patted Wei Xiaoqing's shoulder. She sneered. "It was you and your mother who teamed up to coax him to confess the truth. Do you think he will let you and your mother go if he comes out? Will you get to stay in your position and continue to get every penny of his money?"

Wei Xiaoqing's expression turned uglier and uglier. She was sweating profusely.

Liang Zixuan withdrew her hand and chuckled softly. "The decision is in your hands. You decide it for yourself. I still have things to do with my brother, so I won't stay here and watch you acting like a scoundrel."

With these words, Liang Zixuan turned around and looked at Lee Hana.. "If she still wants to cause trouble, then call the police! Although Captain Wei is busy, he still has to take care of the matter of someone wantonly slandering the CEO of China Securities Bank in public."

[Chapter 460 - You Must Have Gotten Quite A Few Benefits From Big Brother, Right?](#)

Lee Hana proudly glanced at Wei Xiaoqing and said respectfully to Liang Zixuan. "Okay, I understand. Thank you for your help, Mrs. Han."

"No need to thank me." With these words, Liang Zixuan walked to the elevator.

Wei Xiaoqing was so angry that her intestines were almost tied up, but what Liang Zixuan said was not wrong at all.

Right now, she really had no way to threaten Liang Jiahao or Liang Zixuan. If Wei Guowei was really released without any guilt, how could she keep her position as the CEO of Yuan Now? It would already be good if Wei Guowei didn't kill her.

However, Wei Xiaoqing was unwilling to leave just like that.

Before coming here, she had boasted to the financial manager. If she couldn't do it, she would go back and slap her face!

Moreover, she was also showing off in front of Hou Yingyi. If she couldn't do it, Hou Yingyi would really despise her.

At that time, Yu Meilin would look down on her even more and definitely not agree for her to be with Hou Yingyi.

After weighing the pros and cons, Wei Xiaoqing knew that now wasn't the time for her to put on a proud face. She looked at Liang Zixuan's retreating back and suddenly rushed over. She grabbed her hand from behind and wailed. "Elder sister ..."

Liang Zixuan's footsteps paused, and her back abruptly straightened up. This "elder sister" really made her feel disgusted!

When Wei Xiaoqing saw Liang Zixuan stop, she was overjoyed and immediately cried again. "I really have no other choice. Just let me see big brother. Only big brother can help me now, I beg you, okay? Since we all have the same blood in our bodies, please help me this time!"

When Lee Hana heard this, the corner of her mouth twitched.

How shameless could this person be to say such moral words?

Only Liang Zixuan and Wei Xiaoqing knew exactly how much had happened between them before. Outsiders couldn't understand the irreconcilable relationship between them.

Wei Xiaoqing called Liang Zixuan "elder sister" and said it so pitifully. She was really trying to get some sympathy from the blind bystanders.

Liang Zixuan rolled her eyes, jerked her hand away from Wei Xiaoqing, and turned around. "Wei Xiaoqing, Manager Lee has already told you very clearly just now. If it's a business matter, you can find her as long as the conditions are met. If the conditions aren't met, even Manager Lee can't help you, let alone my brother! My brother can't do such a thing!"

This must be because Wei Xiaoqing was trying to get favoritism. Otherwise, Wei Xiaoqing wouldn't be so shameless.

Wei Xiaoqing pouted, feeling wronged. "Who said that? It's not like I wanted to ask him for a big favor. I just wanted to ask him for a small favor. Can't he, the dignified CEO of China Securities Bank, do something like that? Hmph ... Just tell the truth that you don't want to help me."

Wei Xiaoqing raised her eyes and looked at Liang Zixuan with a mocking smile. "I believe you must have gotten quite a few benefits from big brother to help the Han Group, right?"

Liang Zixuan's face instantly darkened and she waved at Lee Hana.

Lee Hana immediately understood and walked over. She said in front of everyone. "Han Group Media's loans are currently under review, and due to the change in position, this matter has been delayed by over a month. When President Liang took up his position, he specifically instructed us that any cooperation with Han Group in the future must be examined more strictly, and if there's even the slightest discrepancy, our bank won't release any funds!"

Wei Xiaoqing snorted. "You are all on the same side. Whatever you guys are talking about, how will outsiders know the truth? Who's to say you're not lying to us?"

"Why are you such a scoundrel! Since you don't believe me, why did you come to our bank? Go to another bank! I've already said it. President Liang told me that the more related someone is to him, the stricter the evaluation will be. Whether you believe it or not, it is your own problem!"

Lee Hana was too lazy to bother with Wei Xiaoqing. She asked Liang Zixuan. "Mrs. Han, this person is really too shameless. Are you here to discuss something with President Liang? Then you go up and leave this matter to me. If she still stays here and doesn't leave, I'll call the police!"

Hearing that, Wei Xiaoqing became even more anxious and once again grabbed Liang Zixuan's hand, pleading with her. "Elder sister, I'm begging you. Please help me! If you don't help me, I really won't be able to do anything!"

Liang Zixuan looked at the folder in Wei Xiaoqing's hand.

It seemed that she was indeed trying to get a bank mortgage.

According to Liang Zixuan's understanding of Yuan Now, she knew that Yuan Now was a real estate company. Wei Xiaoqing had to see Liang Jiahao must be because the problem was too big.

Liang Zixuan had a plan in mind. She reached out to Lee Hana's hand that was about to make a phone call, and politely asked, "May I borrow the waiting room?"

Liang Zixuan was Liang Jiahao's biological sister. No matter how cold-blooded and heartless he was, he would still give a little convenience to her.

Lee Hana nodded and gestured at Liang Zixuan. "Mrs. Han, this way please."

Lee Hana brought Liang Zixuan and Wei Xiaoqing to another waiting room and personally made them a cup of good tea before she went out. She even helped them close the door.

Liang Zixuan took a sip of tea, leaned languidly against the sofa, and looked at Wei Xiaoqing's folder. "If you need something, you can tell me. My brother can't help you, but I can help you come up with something."

"You?" Wei Xiaoqing glanced at Liang Zixuan with disdain before hugging the folder tightly. "What can you do for me? Do you have any money?"

Liang Zixuan smiled. "I don't have enough money, but my husband has a load of money."

The word "husband" nearly made Wei Xiaoqing spit out blood in anger.

Liang Zixuan was blatantly showing off her strength in front of Wei Xiaoqing.

It's just marrying Han Yuanjun, what's the big deal?

Wei Xiaoqing pouted dejectedly.

She couldn't marry such a rich man after all.

Compared to Han Yuanjun, Hou Yingyi was simply not good enough!

Wei Xiaoqing hesitated for a long time before handing the folder to Liang Zixuan. "Then ... I'll let you take a look at it. If you can't help me, then say so. When you get back, it's none of my business if Han Yuanjun beats you up."

Liang Zixuan took the folder and took out the content unhurriedly. With a smile, she said, "Don't worry, he won't."

Han Yuanjun pampered her so much, so how could he make a move against her?

Liang Zixuan even thought that if she really lost all his money, he would probably tell her: 'It's fine, husband can earn more money, you can spend it on whatever you want.'

Liang Zixuan looked at the contract that appeared before her eyes. These buildings....
