Chapter 511 – If She Wants To Blame Anyone, It Should Be My Brother

Dong Yong was really helpless at the moment. No matter how hard he tried to persuade Dong Biming, it was impossible. She had clearly set a dead end on everyone, blaming them for Xia Jingfei's decision to run away.

Whether Dong Biming blamed Xia Yong or him, Dong Yong did not care. But it was Qin Yu's matter that troubled him greatly. He feared that Dong Biming would cause trouble for her.

As soon as Dong Yong was in the car, he quickly called Han Yuanjun and warned him about this matter.

When Liang Zixuan finished showering and came out of the bathroom with a dry towel in her hand, she saw Han Yuanjun's serious expression. She quickly asked him, "What happened? You look as if someone owes you money."

Han Yuanjun looked at her. "Xia Jingfei ran away from home."

"What?" Liang Zixuan immediately stopped wiping her hair and sat down next to him. She asked in surprise, "Isn't she twenty-five years old? Why is she still playing this game like a child?"

"I'm afraid it's not as easy as the game this time." Han Yuanjun took a dry towel from her hand and gently helped her wipe her hair. "From Dong Yong's voice, I could tell that this matter was very serious. Xia Jingfei ran away from home just like that, and they had tried everything to find her, but none of them managed to find any trace of her."

Liang Zixuan's hair was long, almost reaching her waist now. She originally wanted to cut her hair, but Han Yuanjun said he liked her long hair and liked the feeling of combing her hair while they were lying on the bed. Therefore, she never cut it off.

Every time Liang Zixuan finished showering, she would sit there while Han Yuanjun would wipe her hair and blow it dry with a hairdryer.

Liang Zixuan had already become accustomed to Han Yuanjun's pampering and over time, she found that having long hair wasn't a bad thing.

Han Yuanjun put the towel aside, took the hairdryer from the nightstand, plugged it in, and blow-dried Liang Zixuan's hair.

The sound of the hairdryer echoed in the room. Once finished, Han Yuanjun pulled Liang Zixuan into his embrace and played with her hair. **novelust.com**

"Baby, do you know? In our group, we can chase after any girl we want, but we can't and would never do that to Xia Jingfei."

Liang Zixuan didn't know much about this, so she blinked and asked in confusion. "Why?"

Han Yuanjun laughed in a low voice. "Because she has a mother who has a tight grip on her and full control over her life. You've seen Aunt Biming. She's actually good at everything. The only bad thing

about Aunt Biming is that she worries too much about Xia Jingfei. She would rather put Xia Jingfei under her control than let Xia Jingfei live her own life."

Liang Zixuan could tell this the moment she met Dong Biming at Qiao Hongya's house.

She pursed her lips and said nothing.

She didn't know what to say. Dong Biming was doing this because of her concern for her daughter. But her way of doing this had actually caused Xia Jingfei to lose her character.

Han Yuanjun sighed. "This is bad. Aunt Biming was putting the blame on Qin Yu. Qin Yu and Xia Jingfei used to have a good relationship, and this time, I don't know how far Aunt Biming would be going."

"Why does she have to blame Qin Yu?" Liang Zixuan didn't understand. "What does this matter have to do with her? If she wants to blame someone, it should be my brother."

Han Yuanjun chuckled a little. "No matter whether it's Qin Yu or you, you two better hide from Aunt Biming in the future. She's an elder anyway, and if she scolds you, all you can do is cry."

Liang Zixuan pouted. "I won't have a chance to meet her. Even if she wanted to scold me, she wouldn't find an opportunity."

Han Yuanjun shook his head. "A month ago, Dong Yong sent me an invitation letter. Although his family focuses on the restaurant business, they always engage in charity work. And there will be a charity auction next Friday, inviting all the famous people in the Imperial City, including famous celebrities."

Liang Zixuan licked her lips. "I have to go too?"

Han Yuanjun nodded.

The corner of Liang Zixuan's mouth suddenly twitched. "Qin Yu will go too?"

Han Yuanjun raised his eyebrow. "Of course."

"Hehehehe ..." Liang Zixuan laughed cynically. "And Auntie Biming is going too?"

Han Yuanjun couldn't help but laugh when he saw her twitching mouth. "What do you think?"

"Oh my God..." Liang Zixuan moved away from Han Yuanjun's embrace and sat down on the bed. She took a deep breath and said, "Let me drink some water to calm down."

As soon as she got up, a large hand suddenly wrapped around her waist and she was pulled back into Han Yuanjun's arms.

Han Yuanjun sighed softly beside her ear. "You don't need to drink water. You can also calm down while exercising on the bed."

"Hey, hey, Han Yuanjun!" Liang Zixuan struggled. "I can't calm down like this. Let me drink some water first."

Han Yuanjun kissed her lips and pressed her down onto the bed. "You want some water? Alright, I'll give it to you."

Liang Zixuan: "..."

????

Liang Zixuan couldn't sleep all night. Even though she was so tired from exercising with Han Yuanjun, she still couldn't sleep well.

The next day, she sat in Liang Jiahao's office with two dark circles under her eyes, holding a cartoon pillow in her hand. Her small face was dull and lethargic. "Big brother, what happened between you, Qin Yu, and Xia Jingfei? Can you tell me something? Why did Xia Jingfei run away from home?"

The matter of Xia Jingfei running away from home was secret. Only the Dong Family, Dong Yong, Han Yuanjun and Liang Zixuan knew about it, not including Liang Jiahao and Qin Yu. No one else knew that Xia Jingfei had run away from home.

Liang Jiahao looked down at the document in his hand. He didn't even raise his head as he indifferently said, "It has nothing to do with me."

Liang Zixuan was very depressed. "You said it had nothing to do with you, but Auntie Biming insisted that you and Qin Yu forced Xia Jingfei to leave. She ran away from home because you rejected her."

Liang Jiahao finally raised his head from the document and looked at Liang Zixuan calmly. "This has nothing to do with me or Qin Yu. Xia Jingfei came to see us the morning she left. She said it herself, it has nothing to do with us."

The morning she left?

Liang Zixuan suddenly caught a very important word. Her spirits suddenly trembled, as if she had heard a secret that shook the earth. She winked at Liang Jiahao and asked, "So ... That night, you tied up Qin Yu and didn't let her go? Then did you guys live together now?"

Liang Jiahao nodded seriously.. "You can think of it that way."

Chapter 512 – You Are Still In The Mood To Buy A Dress

Liang Zixuan suddenly jumped off the couch and ran happily toward Liang Jiahao. She had forgotten about Xia Jingfei running away from home and asked Liang Jiahao about what had happened yesterday. "That means I already have a sister-in-law?"

Liang Jiahao raised an eyebrow and looked at her. "No. We've only lived together, but we haven't slept together."

Liang Zixuan pouted in disappointment. "That's right. The thousand-year-old metal tree has just blossomed. His stubbornness and overbearing behavior aren't enough. After all, Qin Yu wasn't someone easy to pursue."

Liang Zixuan suddenly remembered what Qin Yu had told her about her (Qin Yu) parents. Qin Yu's parents were very demanding about her partner.

And Liang Zixuan felt that Liang Jiahao lacked nothing, except money.

She opened her bag, took out her wallet, and put the bank card beside Liang Jiahao's hand. "Did you know that grandfather has two companies in the United States?"

Liang Jiahao nodded.

Liang Zixuan pushed the card into Liang Jiahao's hand. "So, each of us will get half of the income generated by the two companies every year!"

Under Han Qingsheng and Han Szeto's management, the two companies made a lot of money, even though the money Liang Zixuan earned was only dividends, which were worth millions of dollars every year.

The card was the bank card that Han Qingsheng had given to her last year. Liang Zixuan had never used the money, and now she thought it would be wise to give the card to Liang Jiahao.

Liang Jiahao slid the card back to Liang Zixuan. "Grandfather and grandmother are old, and they needed a lot of money. You saved it and used it on them. I don't need it."

"How come you don't need it?" Liang Zixuan pushed the card back into Liang Jiahao's hand. "You know it's impossible to chase after a girl without money in your hand, right? You're not like us. You only get an annual salary. You don't have any money on you now."

"I do!" Liang Jiahao suddenly snatched Liang Zixuan's wallet and put the card inside. "Don't worry, your big brother still has money to chase after a girl he likes."

"Why are you so stubborn?!" Liang Zixuan stomped her foot in frustration. "The person you're chasing now isn't an ordinary girl, it's Qin Yu. Big brother, don't blame me for not reminding you. Her family really has very high standards for her husband."

Liang Jiahao raised his eyebrow and looked at Liang Zixuan. "Money is the highest requirement? Money is the dead point to know whether the man is good or not?"

Liang Zixuan: "..."*novElusb.Com*

She felt that she couldn't argue with Liang Jiahao at all.

Men like Liang Jiahao, sometimes male chauvinism can really hurt your guts.

Liang Zixuan raised a hand to support her forehead. "Big brother, will you participate in the charity auction next Friday?"

Liang Jiahao nodded. "I've accepted the invitation. I can decline the others, but I still have to support Charity."

"That's my brother!" Liang Zixuan grabbed Liang Jiahao's arm and shook it gently. "Tell me, as the big boss of China Securities Bank, how many pairs of eyes would be on you that day? Furthermore, when the time comes, all the invited female guests will prepare the items for the auction. Needless to say, no matter how much Han Yuanjun would have to spend, he would definitely bid for my item."

Liang Zixuan patiently said, "Big brother, think about it. Qin Yu is a very famous celebrity, and there are many second-generation rich men wanted to be with her. You can't imagine how many men would be

lining up on the street for her! Regardless of whether what she auctions off is worth the money or not, these men will compete against each other just to get the item."

Seeing Liang Jiahao nod again, Liang Zixuan smiled and said, "With an opportunity like this, if you don't grab it, then you will be a fool. What would happen if Qin Yu is snatched away by someone else? When the time comes, even if you cry in the corner, it won't do any good."

"Makes sense." Liang Jiahao smiled. "Looks like I'll have to bring enough money that day."

Liang Zixuan nodded excitedly and took out the bank card from her wallet. As soon as her finger touched the card, her hand was pushed away by Liang Jiahao. "I already said that I have the money. I don't want your money."

"How much money do you have?!" Liang Zixuan was so angry that she almost went crazy. "Big brother, a charity auction is not something that can be bid with only a few tens of thousands!"

Liang Jiahao pouted. "Is fifty million enough?"

Liang Zixuan: "..."

She did not believe that Liang Jiahao had so much money.

Liang Jiahao had served in the military for more than ten years, and all he got was his salary. How much money could he get even if he carried out a rather dangerous mission?

Even though Liang Jiahao had become the CEO of China Securities Bank, he would only receive a salary of a few million a year. Besides, he just got this job, so he might not get a salary in the first year.

Liang Zixuan was very worried. She continued to feel that Liang Jiahao had said the fifty million was to play around with her.

She did not believe that Liang Jiahao had a lot of money.

Since he would not say anything, Liang Zixuan had no choice but to call Qin Yu and ask her out on the pretext of buying the dress for a charity auction.

Qin Yu had many dresses, but since Liang Zixuan wanted to buy them, she had no choice but to go with her.

"Qin Yu, what do you think of my brother?" Liang Zixuan asked her as she stood in front of the mirror looking at her dress.

Qin Yu already guessed the reason Liang Zixuan had called her out, and she had come up with a hundred excuses to answer her question.

"He is quite old, has no money, and his job is also mediocre. In short, there is nothing good about him."

Liang Zixuan paused. She turned to Qin Yu. "Are you sure you are talking about my brother?"

Qin Yu shrugged. "If not your brother, then who else?"

Liang Zixuan never thought that Liang Jiahao's image in Qin Yu's heart would be very bad.

Although he was eight years older than Qin Yu, he could not be considered old. He was thirty years old, which was the best age for a man.

No money ... Forget it, Liang Zixuan did not want to talk about it.

A mediocre job.

Liang Zixuan felt that Liang Jiahao's job was pretty good. Even Han Yuanjun had to fawn over him.

Of course, Han Yuanjun wouldn't do such a thing. She's just making an analogy.

In short, in Liang Zixuan's heart, Liang Jiahao was pretty good.

Liang Zixuan glanced at her dress and shook her head in displeasure. "Is there another dress I could choose?"

The staff immediately nodded. "Yes, Madam Han. I have already brought them over for you. You can take a look."

Liang Zixuan didn't really come out to buy a dress, it was just an excuse to ask Qin Yu out.

Her thoughts and attention were all on Qin Yu. She took a quick glance at the dress and then went into the dressing room.

She was standing in the dressing room and had just taken off her dress when she heard voices from outside.

"Hey, the big star Qin Yu! You have done such a dirty thing and you are still in the mood to buy a dress?"

Chapter 513 – Are You Saying That I Led You Astray Too

"Auntie Biming."

Liang Zixuan almost forgot to put on her clothes when she heard those words. When she rushed out, she saw Dong Biming with her arms folded in front of her chest, glaring at Qin Yu with a distorted expression.

"Auntie Biming." Previously, Qin Yu had protected Liang Zixuan, but this time, it was Liang Zixuan's turn. She pulled Qin Yu behind her and smiled at Dong Biming. "Are you here to buy a dress too?"

"Liang Zixuan, stop your acting. Qin Yu is not a good person, and since you are friends with her, you are not a good person either!" Dong Biming rolled her eyes contemptuously as if she was disgusted by Liang Zixuan.

After all, Dong Biming was an elder, and Liang Zixuan did not want to quarrel with her here. She just smiled. "If defending yourself against someone else's accusations means that you are not a good person, then Qin Yu and I are indeed not good people."

Dong Biming didn't expect Liang Zixuan to answer her in this way. She was shocked for a moment. Originally, Dong Biming thought Liang Zixuan was a coward, like a rat. At the first sign of trouble, she would run away.

Sure enough, she did not have time to counterattack before Liang Zixuan smiled politely and said, "What's wrong Auntie Biming? Did I leave you speechless?"

Dong Biming: "...."

She had lived for decades and never once had anyone saying something like that to her. And this time, she had lost a lot of faces because of a little girl.

Dong Biming was furious. Her eyebrows furrowed, and she cursed Liang Zixuan as if she wanted to eat her. "Liang Zixuan, I was really blind before. That's why I can like a girl like you. Do you think someone without morals is worthy of being my idol? Don't mislead the lives of young people with your behavior!"

"Is that so?" Liang Zixuan tilted her head slightly and pretended to be innocent as she asked, "So, Auntie Biming was saying that I led you astray too? Is that why you were so unreasonable here?"

"Puff!" Qin Yu couldn't help but laugh rudely behind Liang Zixuan. She didn't want to laugh, but she couldn't help it.

Apparently, she should have given Liang Zixuan a chance to fight someone. With Liang Zixuan's sharp mouth, how could Wei Xiaoqing and Jiang Ning be deemed unworthy of being her opponents?

Dong Biming extended her hand to pull Qin Yu out from behind Liang Zixuan, but her wrist was suddenly gripped tightly by Liang Zixuan. Smiling, Liang Zixuan said, "Auntie Biming, are you trying to spread bad behavior here? Do you want people from all over the Imperial City to watch you make a fool of yourself?"

Ever since Liang Zixuan had learned self-defense from Gong Enlai, her strength had grown a lot.

Dong Biming was so angry that her face turned green. Seeing the excited faces of everyone around her, she swallowed her anger and said coldly, "Let go!"

Liang Zixuan's grip loosened and she said with a thin smile. "The dresses here really did not suit our taste. Auntie Biming, we will not accompany you anymore. You can take as much time as you want here."

With that, Liang Zixuan pulled Qin Yu along with her as they walked past Dong Biming with their chests puffed out.

Outside the door, Qin Yu held Liang Zixuan's arm and laughed out loud. "Auntie, how come I never noticed that your mouth is very poisonous?"

Liang Zixuan smiled as she patted Qin Yu's hand. "How is it? My momentum was not weaker than the others, was it?"

"Of course not!" Qin Yu arrogantly lifted her chin. "The woman my uncle loves, of course, she is not someone who is easily being bullied!"

Liang Zixuan was delighted for a split-second before her expression turned grave. "Qin Yu, the Dong Family and the Han Family can be considered to have been friends for generations. Are you really not going to explain to Auntie Biming the real reason why Xia Jingfei left?"

When they had just met, Qin Yu had told Liang Zixuan what Xia Jingfei had said that day.

Qin Yu took a deep breath and shook her head. "Jingfei asked me and Liang Jiahao to keep it a secret from everyone. After all, I don't even know where she is right now. Even if I explained it to Auntie Biming, would she believe me? With the way her mind is spinning, it's already good enough if she doesn't cause any trouble. I originally meant well, and you saw how she treated me just now."

Since Dong Biming could not find Xia Jingfei, she blamed Qin Yu. And the more Qin Yu talked and tried to explain, the more guilty she looked.

There would always be some people who would bite more than they can chew, forgetting about the kindness.

Liang Zixuan understood this logic. She just thought that if this continued, she was afraid that none of them could do anything once it became worse.

"As for the charity auction on Friday, you follow me, okay? If you went there alone, you would be stopped at the door by Auntie Biming, and that would be very embarrassing." *NOVELUSB.COM*

Qin Yu rested her head on Liang Zixuan's shoulder as they walked. "Aiya, it's really nice to have an aunt to protect me!"

????

The Dong Family's charity auction was a medium-sized event.

While it's not the biggest, it had a lot of influence.

Everyone who was invited by them to participate in this event was a well-known figure in Imperial City.

In order to raise more money and help the little ones, the Dong Family would also be inviting famous and influential big stars.

Therefore, to be able to participate in the Dong Family's charity auction was something that many people dreamed of.

Liang Zixuan and Qin Yu had arranged the time in advance. Liang Zixuan got out of Han Yuanjun's car and saw that Qin Yu had already arrived. Her car was parked next to them.

Qin Yu also got out. "Uncle, auntie."

Liang Zixuan happily held her hand. "Are we late?"

Qin Yu smiled and shook her head. "No, you are not. I am too early."

Seeing that the others were heading inside, Qin Yu pulled Liang Zixuan's arm and said, "Let's go inside."

"Wait a moment." Liang Zixuan pulled her back. "We still have to wait for someone else."

"Who are we waiting for?" Just as Qin Yu finished asking, she saw a black Mercedes-Benz driving in. The car slowly stopped beside them and Liang Jiahao, who was wearing a neatly ironed black suit, got out of the car.

Qin Yu rolled her eyes and complained in Liang Zixuan's ear in a low voice. "Auntie, if I know that your brother will also come, I will not wait for you and go in by myself."

"Don't do that!" Liang Zixuan smiled and comforted her. "You don't have to consider my brother as a special person, just think of him as a bodyguard. Let me tell you, my brother is the best among the best of bodyguards. No one dares to fight against him."

"Is that so?" Qin Yu sneered. "What about my uncle?"

Liang Zixuan sneaked a glance at Han Yuanjun and whispered, "They had a fight when they first met, and your uncle lost."

"Are you serious?!" Qin Yu expressed her disbelief. "That's impossible! My uncle must go easy with him considering that he is your brother."

"Nope." At this point, Liang Zixuan decided not to give her husband a face. For her brother's happiness, she had to sacrifice Han Yuanjun. "Your uncle was beaten black and blue by my brother. He didn't have a chance to fight back."

Liang Jiahao walked over and raised his hand. He wanted to pat Qin Yu's head, but he wisely put it on Liang Zixuan's in the end. He asked softly, "What are you two whispering about? You don't look like you're saying anything good."

Han Yuanjun's face darkened. "Of course they didn't say anything good!"

Han Yuanjun even gritted his teeth in anger. Liang Zixuan had promised him that she wouldn't tell anyone else about the incident, but as soon as she saw Qin Yu, she immediately exposed him and even added fuel to the fire.

Was she really his wife?

Qin Yu stuck her tongue out at Han Yuanjun and dragged Liang Zixuan away with her. "Auntie, let's go inside, don't worry about them. Hurry up, tell me how my uncle was beaten black and blue like that. Or do you have a picture? Let me see it!"

Han Yuanjun: "...."

Mistake, a big mistake!

If he knew that Qin Yu would complicate things, he would delete some pictures of him that would ruin his high and mighty image on Liang Zixuan's phone!

Seeing that Liang Zixuan had actually taken out her phone, Han Yuanjun glanced at Liang Jiahao gloomily. "Why don't you stop your sister? Can't you see that your sister is doing something that would hurt me?"

Chapter 514 – If No One Wants It, I Can Lend You Ten Thousand To Support You

Liang Jiahao put his hand in his pocket and walked away. "It's not me who is being hurt."

Han Yuanjun: "...."

How could he meet an inconsiderate wife and brother-in-law?

Han Yuanjun chased after him. "Big brother!"

"Don't call me that!" Liang Jiahao cut him off angrily.

Han Yuanjun suddenly laughed proudly. "I can't call you big brother? Then what should I call you? Forget about the difference between our ages, you're my wife's brother, so you're automatically my brother."

Liang Jiahao clenched his fist in his pocket. "Other than big brother, anything else is fine."

"Big brother, big brother!" Han Yuanjun had finally found something that made Liang Jiahao so angry that he vomited blood. How could Han Yuanjun just let it go so easily? "Big brother!"

Liang Jiahao took out his fist from his pocket and Han Yuanjun immediately straightened up. He looked at Liang Jiahao arrogantly with a hint of slyness in his eyes. "Big brother, think twice. Should you hit me in the face with that fist? If you think I deserve it and you still want to hit me, I will not stop you. I'll let you hit me as much as you want."

Liang Jiahao's eyes suddenly narrowed dangerously. His thin lips also pursed tightly. As soon as he raised his hand, Han Yuanjun suddenly shouted loudly, "Qin Yu!"

Liang Jiahao paused. When Qin Yu turned around, he put his hand on Han Yuanjun's shoulder and smiled at her.

Qin Yu looked at them blankly. "What, why did you call me?"

Han Yuanjun raised his hand and clenched his fist. He brought it to his lips, coughed softly, and said in a very gentle tone. "It's nothing. Uncle just wanted to call you."

Qin Yu: "..."

Was there something wrong with him?

In the past, when Han Yuanjun was chasing after Liang Zixuan, he would not allow Qin Yu to call him uncle, even after being beaten to death. He also told her that in front of many people in the company, she must call him President Han.

Since then, Qin Yu only called Han Yuanjun "uncle" when they were alone or when she was with Liang Zixuan.

So, what actually happened tonight?

Han Yuanjun actually took the initiative to talk to her as her uncle?

Qin Yu looked at Han Yuanjun and Liang Jiahao as if they were crazy. She turned around and walked with Liang Zixuan as they continued talking. *NOVELSUSB.COM*

Han Yuanjun pushed Liang Jiahao's arm away in disdain and raised an eyebrow. "Big brother, if you want to be my junior, you have to be my brother first."

Liang Jiahao: "..."

What and what?

This generation gap was simply too great!

Normally, in such charity auctions, it would be held over a long period of time, giving the guests the opportunity to exchange their items.

There were many collaborations that were unintentionally created through this event.

Therefore, many people tried to get invitation letters from the Dong Family.

As soon as Han Yuanjun and Liang Jiahao entered, they were surrounded.

Han Yuanjun knew that Liang Zixuan didn't like such courtesies, so he let her play on her own.

Liang Jiahao was naturally embarrassed to ask Qin Yu to accompany him, so he could only talk to the person while following behind her figure.

In the hall, there were long tables with snacks and wine.

Liang Zixuan and Qin Yu each took a plate of dessert and sat down at a table in the corner, chatting with each other.

Suddenly, a figure stepped out from the crowd. Liang Zixuan glanced at the figure unintentionally before turning her head away.

Qin Yu followed her line of sight and asked in astonishment, "What is Wei Xiaoqing doing here?"

Liang Zixuan shook her head. "I don't know. Didn't they say the invitation letter was sent by the Dong Family?"

"That's right!" Qin Yu nodded. "It's not like Dong Yong didn't know about your relationship with Wei Xiaoqing, so how could he have invited her? What's the meaning of this?"

Wei Xiaoqing acted as if she had heard their words. With a glass of red wine in her hand, she walked up to them and pretended to be elegant.

Liang Zixuan and Qin Yu were sitting at a round table with four chairs. Wei Xiaoqing sat there uninvited and smiled proudly. "Elder sister, Qin Yu, why are you two looking at me like that? You guys didn't expect me to be invited too, did you?"

Liang Zixuan shoved a small piece of coffee cake into her mouth without saying anything.

Qin Yu slowly tapped her finger on the table and said mockingly, "I wonder if Miss Wei was invited here as a celebrity or as a businesswoman."

If Wei Xiaoqing was invited as a celebrity, she would have long been sidelined from the top 18. Most people in the entertainment circles had forgotten about her, so what qualification did she have to participate in such a charity auction?

If she was invited as a businesswoman, who among the invitees wasn't the CEO of a large company with a fortune of hundreds of millions of yuan? Wei Xiaoqing was just a lower-class real-estate businesswoman, what qualifications did she have?

Wei Xiaoqing could no longer hold back her smile. If it weren't for her having to maintain her image, she would definitely jump over the table now and start a fight with Qin Yu.

"Qin Yu, don't look down on anyone." Wei Xiaoqing said with a frown. "In any case, I am still the CEO of a company. The person who invited me was Dong Biming, a direct descendant of the Dong Family, and from this alone, it can be said that I have a lot of influence!"

Liang Zixuan and Qin Yu looked at each other in tacit understanding. They both fell silent and did not speak again.

Wei Xiaoqing thought they were afraid of Dong Biming, causing them to be unable to speak, so she became more and more arrogant with herself.

Supporting her chin with one hand, she smiled. "Didn't they say that every celebrity has to bring their own stuff to auction? I just saw my sister's guitar, and I wonder what you brought, Qin Yu?"

"Don't call me sister with that cheap mouth of yours."

When did Liang Zixuan or Liang Jiahao admit in public that Wei Xiaoqing was their sister?

Only a shameless person like her would call them that.

Actually, Qin Yu hadn't thought about what she would bring to the auction. If she brought a cheap item, people would say that she didn't support philanthropy.

As for an expensive item, Qin Yu only had a bracelet that she got from her mother and she could hardly bring it to the auction. This was her family inheritance that she'd received from her mother.

She wasn't like Liang Zixuan. Even though she loved her guitar so much and usually, no one was allowed to touch it, she still brought it. And the reason she brought it to the auction was because Han Yuanjun would surely pay a high price to buy it back for her.

But Qin Yu...

If she brought the bracelet and sold it, who could buy it for her?

After all, she couldn't possibly buy it herself. How embarrassing would that be?

Qin Yu threw a cold look at Wei Xiaoqing. "What I auction off is none of your business."

"I'm just asking." Wei Xiaoqing could see Qin Yu's distress and she held her hand affectionately. "Tell me, what did you bring to the auction? Don't be afraid. If no one wants it, I can lend you ten thousand to support you."

Ten thousand?

Ten thousand, and Wei Xiaoqing still said she would help Qin Yu?

What kind of international joke was this?

Qin Yu slapped Wei Xiaoqing's hand away, took her bag, took out a large sum of money, and placed it hard on the table. "You will lend me ten thousand to save my face? Thank you, but no, thank you. I bring

my own money, even if no one wants my stuff, I can still donate a million at most! Stop pretending to be nice."

Wei Xiaoqing looked at the money on the table and snorted in disdain. "Looks like you didn't bring anything valuable. Qin Yu, I overestimated you."

With that, Wei Xiaoqing gracefully stood up and gave Qin Yu a strange smile before turning to leave.

Seeing Qin Yu's distressed expression, Liang Zixuan guessed that Wei Xiaoqing's words had really hit the nail on the head.

"Qin Yu, you didn't bring anything, did you?"

Qin Yu dejectedly put the money in her bag and sighed. "Where can I get a valuable item to be auctioned? I've been in this circle for two years, and most of the time I've either gone to school or worked. I don't have a hobby of collecting calligraphy or antique paintings, and even if I have jewelry, you can buy it at the counter."

This was really difficult.

Liang Zixuan knew that too, and Qin Yu couldn't go home and asked her parents for any items to be auctioned. This was her own business.

Liang Zixuan was about to come up with an idea when Wei Xiaoqing suddenly came back to them smiling. "I heard that Dong Biming has put up for auction the Dragon Phoenix bracelet that was worn by the Empress many years ago. Qin Yu, you must follow in her footsteps, don't be too shabby."

The Dragon Phoenix bracelet was the family heirloom that should belong to Qin Yu!

Qin Yu was so angry that her eyelids twitched.. She gritted her teeth and stood up. "Wei Xiaoqing, what did you just say?"

Chapter 515 – You Really Want To Help This Little Bitch

The corner of Wei Xiaoqing's mouth curved into a smile as she asked with a kind heart, "What, you did not hear it clearly? Do you want me to say it again?"

Qin Yu was so angry that she gripped her bag tightly and was about to leave.

Liang Zixuan saw Qin Yu's red face. She was so scared that Qin Yu would cause a commotion and quickly pulled her back. "Qin Yu, what are you planning to do? You are not thinking to buy the bracelet from Dong Biming, are you?"

"Of course not!" Qin Yu gritted her teeth in anger. "I want to ask how much money uncle brought with him. In any case, I'll ask him to buy the Dragon Phoenix Bracelet for me, and then I'll return the money back to him when we go home."

As long as this deed did not reach Dong Biming's ears, Liang Zixuan could rest assured.

Wei Xiaoqing watched as they went in search of Han Yuanjun. Her lips twisted into a meaningful sneer.

When Han Yuanjun saw Qin Yu's imposing manner as she walked toward him, he quickly apologized to the men around him and then stopped Qin Yu and Liang Zixuan in the middle. "Qin Yu, what's up?"

Qin Yu's eyes reddened. "Uncle, can you help me?"

Han Yuanjun glanced at Liang Zixuan and saw her nodding at him. He placed the glass on the waiter's tray and put his hand in his pants pocket. "Say it."

"Uncle, do you know that the Dragon Phoenix Bracelet will be auctioned off by Dong Biming tonight? No matter how expensive it is, I hope you can help me bid on it." Qin Yu did not have a chance to catch her breath while voicing her request.

When Liang Jiahao saw that Qin Yu was looking for Han Yuanjun with such an expression on her face, he also walked closer. Hearing her words, he asked with a heavy expression. "Is this bracelet important to you?"

"Yes!" Qin Yu did not care whether she had any conflict with Liang Jiahao or not, and explained, "This Dragon Phoenix Bracelet was supposed to be mine, but at that time, because of my grandfather's business, my grandmother had no choice but to sell this bracelet, and it was bought by the Dong Family. And they promised to keep this bracelet for safekeeping in case we want it back in the future. I didn't expect Dong Biming to put it up for auction today!"

Qin Yu explained all of this to Liang Jiahao because she was afraid Han Yuanjun did not have enough money. Who would have thought that this family's heirloom would show up at a charity auction today?

One or two million was more than enough.

If Han Yuanjun did not bring enough money, Qin Yu hoped that Liang Jiahao could help her buy back the Dragon Phoenix Bracelet.

Liang Jiahao was silent for a moment. "So you have to get this bracelet?"

Qin Yu took a deep breath. "Yes, at any cost!"

"In your dream!" A woman's hoarse voice was suddenly heard behind them. *noVelusb.COM*

They turned around and saw Dong Biming walking toward them accompanied by some aristocratic women.

Dong Biming looked at Liang Jiahao and then looked mockingly at Qin Yu. "Even though I put this Dragon Phoenix Bracelet up for auction, I have no intention of giving it to anyone else! I have prepared two hundred million to bid on this bracelet, and Qin Yu, if you think you can snatch this bracelet from me with your charming method, then you can try and see which man will snatch it from me for you!"

T-two hundred million!

Liang Zixuan was shocked. Not to mention Liang Jiahao, even if Han Yuanjun wanted to withdraw the money, he would still need some time.

And how could anyone have time to withdraw the money at an auction like this?

If you had the money, you could bid. If you did not have the money, you could just watch!

After all, it's just a bracelet. Two hundred million?

What was the difference between this and a bank robbery?

Liang Zixuan could tell that Dong Biming was deliberately giving Qin Yu a hard time. She hoped to embarrass her since there were so many people around today.

Qin Yu looked at Dong Biming with red eyes and gritted her teeth as she asked word for word. "Auntie Biming, do you have to do this?"

Dong Biming sneered. "What's wrong with what I am doing? This is a charity event. Two hundred million is not much for my Dong Family. If you really want it, you should see which men are worth sleeping with here. They will give you two hundred million yuan right away!"

These words were like a handful of salt sprinkled on Qin Yu's already wounded heart, causing her tears to fall.

Dong Biming was Qin Yu's elder, an elder who had watched her grow up.

Dong Biming was very kind to Qin Yu and had treated her as if she (Qin Yu) were her (Dong Biming) own daughter.

The reason why Qin Yu did not use evil means to snatch the bracelet from her was because of the relationship between the two families.

Qin Yu clenched her fists and gritted her teeth tightly. Tears flowed from her eyes as she silently looked at Dong Biming.

Dong Biming became more and more proud of herself and laughed along with another aristocratic woman beside her. "Qin Yu, do you feel very helpless right now?"

"Aunt Biming!" Liang Jiahao's tall and imposing appearance appeared in front of Qin Yu. He grabbed her small hand from behind and gave Dong Biming a cold smile.

"If you want to hate and blame someone for Xia Jingfei's disappearance, do it to me!"

The smile on Dong Biming's face suddenly froze and she clenched her fist tightly.

The man in front of her was the future son-in-law she had longed for, and now he actually dared to start a war against her for the sake of another woman?

Dong Biming's face changed immediately. She pointed at Liang Jiahao and cursed. "Liang Jiahao, what is wrong with my Fei'er? You actually broke her heart for another woman! Has your conscience been eaten by a dog? While you were protecting this little bitch, did you ever think about how my Fei'er feels?"

Liang Jiahao sneered. "I don't have a conscience to begin with, how can it be eaten by a dog?"

Han Yuanjun silently gave Liang Jiahao a big thumbs up. His mouth was indeed poisonous. As expected, Liang Jiahao was really related to Liang Zixuan. These two siblings really had poisonous mouths.

Dong Biming almost vomited blood. How could Xia Jingfei fall in love with such an immoral and irresponsible being?

Dong Biming was so angry that her hands were shaking. "You, you, you're an animal! A beast!"

Liang Jiahao not only didn't become angry, he even bowed politely towards her. "Thank you, Aunt Biming, for your praise."

"Puff ..." Liang Zixuan couldn't hold it in any longer and burst out laughing.

She hadn't expected her brother to be like this. He was clearly being scolded, but he actually showed a very proud and satisfied expression. This really made Dong Biming become so angry.

Sure enough, Dong Biming's body suddenly trembled. If it weren't for some of the aristocratic women beside her who were supporting her, she would have fallen to the ground in anger.

Liang Jiahao looked at Dong Biming's angry appearance and smiled politely. "Aunt Biming, I respect you because you're an older person, so I won't lower myself to the same level as you. I don't care what you do to me, but...."

His voice suddenly turned colder, making people around shiver in fear. "Qin Yu is my bottom line. If you dare to target her, I won't let you go!"

With these words, he took out his cell phone from his pocket and dialed a number.

Dong Biming pushed the aristocratic women away from her. She laughed cynically. "Haha... Liang Jiahao, not bad, not bad! You really want to help this little bitch? Let me tell you, in order to prevent anything from happening in this auction, all signals have been blocked. Hahaha ... You want to ask someone to get the money for you? Keep dreaming!"

When Han Yuanjun heard this, he immediately took out his phone and tried to make a call. Sure enough, it was useless.

Han Yuanjun looked at Liang Jiahao with a grave expression. He had no idea what Liang Jiahao would do now.

Hearing Dong Biming's words, Liang Jiahao raised an eyebrow and put his phone back into his pocket. He hugged the sad Qin Yu and gently stroked her head with his hand. "It's okay, since she wants the bracelet, let her have it. The children will thank her for the 200 million."

Everyone: "..."

Qin Yu pushed Liang Jiahao away, wiped the tears from her face, and walked away angrily.

Chapter 516 – I Just Want To Take A Look

Seeing this, Liang Zixuan lifted her legs and wanted to run after Qin Yu, but Liang Jiahao suddenly pulled her back and looked at Dong Biming with an indifferent gaze.

He lowered his voice and said to her, "Things aren't easy today. Dong Biming wouldn't stop here. When you see Qin Yu, make sure she doesn't do anything stupid."

"Mm, don't worry." Liang Zixuan nodded and chased after Qin Yu.

At this auction, there was a warehouse where the items brought by the guests were kept.

After the guest handed over the items to the manager, they were all put there.

Qin Yu walked briskly through the hall. After turning at a corner, she reached a long corridor that led to the end and then to the right. It was the warehouse where the auction items were kept.

Liang Zixuan chased after her from behind and pulled her back. "Qin Yu, what are you doing? Don't be in such a hurry!"

"I'm not doing anything." Qin Yu was a little flustered. "Auntie, don't follow me. Go back to uncle."

"I'm not leaving you alone!" Liang Zixuan held Qin Yu tightly and refused to let her go. "Are you trying to steal the Dragon Phoenix Bracelet?"

Making sure no one was around, Qin Yu quickly pulled Liang Zixuan with her and took a few steps forward before whispering into Liang Zixuan's ear. "I don't believe Dong Biming really wants to auction off the bracelet. I just want to take a look if the Dragon Phoenix Bracelet is really there."

Liang Zixuan frowned, not believing her words. "Are you really here just to take a look?"

"Of course!" Qin Yu nodded. "I'm not that stupid to steal it! It's against the law."

Liang Zixuan thought about it, then shook her head. "No, what if they see us? There will be someone guarding the door. After all, the auctioned items are worth every penny. And even if we go inside and take a look, what can we do?"

"Th-that ..." Qin Yu pouted and shook Liang Zixuan's hand as she said coquettishly, "Let's go take a look. If there really is someone over there, we can just turn around and leave." *NOVELSUSB.COM*

Liang Zixuan had no way to persuade Qin Yu. From Qin Yu's worried and anxious expression, she could tell how important the Dragon Phoenix Bracelet was to her.

And Qin Yu was the kind of girl who would not give up even if she had to cross the Yellow River.

And it was just to take a look, so Liang Zixuan did not think much of it.

"Alright." Liang Zixuan sighed. "If there's someone there, we will turn around and leave."

"I know, I know." Qin Yu pulled Liang Zixuan down the corridor as if they were taking a walk. They walked very leisurely and very slowly. If others saw them, they would not think that Qin Yu and Liang Zixuan were intentionally walking in the direction of the warehouse.

After all, Qin Yu and Liang Zixuan were both actresses, and they had long since reached an understanding. They would not go there with a guilty conscience plastered all over their faces, like ordinary people. They would not show a cowardly expression.

In order to make everything look normal, Liang Zixuan chatted with Qin Yu while walking. "You won't blame my brother for what happened just now will you?"

Qin Yu was confused. "Blame him for what?"

Liang Zixuan chuckled. "Blaming him for his failure to help you."

"He actually helped me." Qin Yu bit her lip and chuckled. "I'm not an ungrateful person, auntie. And in this situation, not to mention your brother, even any rich man couldn't afford to spend two hundred million yuan just for a bracelet. Even my uncle couldn't do anything, so what can I blame him for?"

Liang Zixuan thought that this was Qin Yu's best trait. She never took others' help lightly, let alone complaining about things they could not do.

In today's society, many people will borrow money from their friends. No matter how little they wanted to borrow, once the friend did not have the money, they no longer wanted to be friends with them.

In this situation, the person lending the money would be at a disadvantage. A friend lending the money to you was because of friendship and conscience, and if a friend did not have the money or did not want to lend it to you, you cannot blame them. After all, you're the one who got yourself into this predicament.

Liang Zixuan had such a good relationship with Qin Yu. Apart from the fact that Qin Yu was Han Yuanjun's niece, she was also an open-minded and considerate person. Therefore, Liang Zixuan liked her very much.

To interact with such people, one will not feel tired. As long as one really treated this friendship sincerely, then others would reciprocate it with the same sincerity, or even more.

"As long as you don't get angry with my brother over this." Liang Zixuan smiled softly.

"How can that be? Don't you know me?" Qin Yu pulled Liang Zixuan to the right. She suddenly smiled in surprise. "Auntie, there's no one here!"

Liang Zixuan also saw that there was no one at the door.

"Why is no one keeping watch?" Liang Zixuan remembered Liang Jiahao's words and tried to stop Qin Yu, who was about to open the door. "Qin Yu, I'm afraid this is a trap."

"What kind of trap can they pull off?" Qin Yu pushed Liang Zixuan's hand away and pointed at the camera above their head. "Did you see that? There's a surveillance camera here, that's why no one is watching. This is normal."

Then Qin Yu patted Liang Zixuan's shoulder. "Auntie, don't worry, maybe they went to the restroom. How about this, you help me look around and I'll go inside. If someone comes, you come and get me quickly, okay?"

After thinking for a moment, Liang Zixuan finally nodded and agreed. "Alright, I'll take a look around. You can go inside yourself. As soon as I make a noise, you come out quickly, okay?"

"Alright!" Qin Yu slowly pushed open the door.

Liang Zixuan hid behind the wall in the corner and looked at the long corridor.

In just half a minute, she saw two men in security uniforms coming towards her with batons in their hands.

Liang Zixuan quickly pulled her head back and ran to the door of the warehouse. She pushed it open and whispered, "Qin Yu, are you done? Someone is coming!"

"En!"

Liang Zixuan didn't know what was going on inside, she only heard the sound of a zipper and saw Qin Yu running out. "Let's go."

As soon as Qin Yu closed the door, the two security guards had just arrived at the corner. One of them suddenly saw Liang Zixuan and Qin Yu and asked, "What are you two doing here?"

Liang Zixuan held Qin Yu's hand tightly and smiled at the security guard. "We were just taking a walk and saw the path here, so we decided to take a look."

The security guard frowned, his demeanor wasn't very good. "Curiosity will kill the cat. This isn't the place you should be visiting. Hurry up and leave."

Liang Zixuan pouted and was a little embarrassed. She raised her hand and made a military salute to the security guard. "Alright, we will listen to you. Thank you, big brother security guard. We will leave now."

The phrase "big brother" made the two security guards laugh.

No man would be able to stand a beautiful girl calling him brother so gently.

The security guard who had been silent all this time waved his hand at Liang Zixuan and Qin Yu. "Just leave. Don't come here anymore. Outsiders aren't allowed to come here."

"Yes, sir!" Liang Zixuan obediently made a military salute and pulled Qin Yu along with her. When she passed the two security guards, she even shyly stuck her tongue out at them, which made them laugh out loud.

After entering the hall, Liang Zixuan breathed heavily in fear. "I was scared to death. I thought we were caught red-handed. Fortunately, the two security guards were easy to talk to. Otherwise, we really wouldn't have been able to escape."

Qin Yu had been keeping her head down ever since they had walked out of the long corridor. Now that Liang Zixuan was talking to her, it was unknown what Qin Yu was thinking about as she silently lowered her head.

Liang Zixuan nudged Qin Yu with her elbow. "Qin Yu?"

Qin Yu raised her head and slowly mumbled, "hmm."

"Hmm, what?" Liang Zixuan looked at her worriedly. "Did you hear what I said?"

Embarrassment flashed on Qin Yu's face as she chuckled dryly. "I didn't hear anything."

Liang Zixuan sighed helplessly and pulled her to a place where no one was around. "Did you see it? Is it really your family's Dragon Phoenix Bracelet?"

Qin Yu sighed with melancholy. "Yes, it's the Dragon Phoenix Bracelet."

Liang Zixuan looked at Qin Yu's helpless expression and felt sorry for her.

She understood Qin Yu's current mood. If her blue gemstone necklace was in someone else's hands and was being auctioned off, she also would probably be even more depressed than Qin Yu.

Liang Zixuan opened her wallet, took out her bank card, and handed it to Qin Yu. "I have 30 million here. Although it's not much, let's pool it together and see if we can get 200 million within a time."

"No need." Qin Yu returned the card back to Liang Zixuan. "Dong Biming just wanted to make me upset, I can see that clearly. So even if we manage to gather 200 million, we won't be able to snatch the bracelet away from her.. This is the Dong Family's home ground, she won't give us the chance."

Chapter 517 – My Life Has Become Much Brighter Ever Since I Left You

Liang Zixuan thought so too.

If Dong Biming had not prepared everything in advance, she wouldn't have come out to provoke Qin Yu openly.

It was obvious that Dong Biming really wanted to embarrass Qin Yu today by blocking all the cell phone signals in this place. She wanted to make Qin Yu sad and a laughing stock.

However, Liang Zixuan did not expect Dong Biming to be so extreme. It was one thing to blame Qin Yu for Xia Jingfei's leaving. But to use such a method to hurt her, there really wasn't the grace of an elder on Dong Biming.

Liang Zixuan kept the card in frustration and held Qin Yu's hand. "Qin Yu, no matter what happens later, you should calm down."

"Alright, I understand." Qin Yu gave Liang Zixuan a reassuring smile and turned her head towards the restroom. "I want to go to the restroom. Do you want to follow me?"

"Of course." Liang Jiahao had repeatedly reminded Liang Zixuan to keep an eye on Qin Yu. So, how could she dare to be negligent? Not to mention the restroom, even if Qin Yu wanted to go to heaven now, Liang Zixuan would still accompany her.

When they both arrived at the restroom, Liang Zixuan did not feel like going in. She stood by the sink and waited for Qin Yu.

Who would have thought that Wei Xiaoqing would actually appear in front of her?

Liang Zixuan pretended not to see her and turned her head to the side.

Wei Xiaoqing stood on the other side of the sink, opened her bag, and took out her lipstick and foundation.

Glancing at Liang Zixuan, she giggled. "What's wrong? Why do you always appear unhappy whenever you see me?"

Liang Zixuan could not bother to deal with her. Wei Xiaoqing was like a fly flapping its wings, constantly flying around in front of her. It's really annoying!

Seeing that Liang Zixuan not saying anything, Wei Xiaoqing's smile became even prouder. "Aiya, elder sister. Don't be like this. I am your sister. I have never seen you so happy with me! Qin Yu is an outsider, should you really need to worry about her?"

Had Wei Xiaoqing just treated her like a mute?

Just because she didn't say anything, it didn't mean she would not bite Wei Xiaoqing back.

Liang Zixuan looked at Wei Xiaoqing with a polite smile. It was impossible not to see her distaste for Wei Xiaoqing from her demeanor.

"Yes, you are my sister, but, Wei Xiaoqing, your surname is Wei. So, in my eyes, you are an outsider."

Wei Xiaoqing stopped in her tracks and turned around all of a sudden. She glared at Liang Zixuan. "That's an old grudge from so many years ago. Liang Zixuan, do you find it interesting to say that every day?"

"Interesting." Liang Zixuan's smile was a contrast to Wei Xiaoqing's anger. She also held her bag gracefully as she stopped in front of Wei Xiaoqing.

"Speaking of which, I really need to thank you. If you had not snatched Hou Yingyi, that trash man from me, I might still be living a useless life. My husband is the president of the Han Group, my elder brother is the CEO of China Securities Bank, and my grandfather is an internationally renowned pianist. My life has become much brighter ever since I left you, and it's as if a pie keeps falling from the sky onto me."

Liang Zixuan then covered her mouth with her hand and laughed a little. "I also believe that everyone would be able to reach the peak of their lives once they started fighting with you."

Who wouldn't know how to piss someone off?

Heh ...

Did Wei Xiaoqing think Liang Zixuan was easy to bully?

Liang Zixuan was not the kind of person who liked to show off. But when confronted with someone like Wei Xiaoqing, she wanted to show off. She wanted to piss her off to death!

Sure enough, after hearing Liang Zixuan's words, the corner of Wei Xiaoqing's mouth twitched in anger. Her whole body was like a cannonball that exploded with a "hong" sound.

"Liang Zixuan! You, you, you are such a bitch!"

Wei Xiaoqing was so angry that she did not know what to say to scold Liang Zixuan. Suddenly, she picked up the bag and hit Liang Zixuan hard.

Liang Zixuan moved her body slightly to the side and dodged the attack. Seeing Wei Xiaoqing's flustered look, she laughed coldly. "Are you angry now? There's something more annoying that I want to say! Wei Xiaoqing, do you know why Wei Guowei would end up with such a fate? It's because he gave birth to you. He's destined to fail in his life! Ever since you were born, you've always been a bane. Anyone who meets you will be unlucky. Look at Wei Guowei, look at Hou Yingyi, which one of them has a good fate?"

Seeing that Wei Xiaoqing wanted to hit her again, Liang Zixuan smiled. "Luckily I was smart and fought with you. Look at my life now, you can continue to envy me."

"Ah...Ahh...Ahhh!" Wei Xiaoqing was furious. She couldn't beat Liang Zixuan and there was no place to vent her anger. The only thing she could do was to keep shouting. "Shut up! Shut up! It wasn't like you said!"

When Qin Yu heard Liang Zixuan's words, she laughed heartily. She laughed so hard that she almost shed tears. Liang Zixuan's mouth was really poisonous. She had to admire her.

Liang Zixuan and Wei Xiaoqing were having a good time outside. Qin Yu felt that if she did not join them, she would feel sorry for herself.

She hurriedly came out of the cubicle. When she came out, she saw Wei Xiaoqing chasing after Liang Zixuan around the restroom. Wei Xiaoqing's face was so red that even a thick foundation couldn't hide the anger on her face.

"Why are you making such a fuss?" Qin Yu put her bag down on the sink and grabbed Wei Xiaoqing's dress, pushing her away.

Qin Yu stood protectively in front of Liang Zixuan. She then coughed and cleared her throat. With a smile that didn't reach her eyes, she said, "Wei Xiaoqing, I announce that I want to have a falling out with you!"

Wei Xiaoqing's expression stiffened. She thought in her heart, 'She didn't have any relationship with Qin Yu to begin with, so why did Qin Yu want to have a falling out with her?'

Before she could understand what was going on, she saw Qin Yu give Liang Zixuan a small smile. "After I pissed her off, can I enter the international market tomorrow and become a leading international celebrity?"

Liang Zixuan made a thinking motion and nodded seriously. "Of course. Qin Yu, your dream will no longer be a dream. It lies on Wei Xiaoqing's face. Let's see if you can tear her apart."

"Of course!" Qin Yu smiled wickedly and wiped the corner of her lips with her hand before grinning cynically at Wei Xiaoqing. "Wei Xiaoqing, for the sake of my dreams, I won't hold back tonight."

With that, she walked up to Wei Xiaoqing and slapped her face hard. ***ηOveLusb.coM***

Wei Xiaoqing's head tilted to the side as she was struck senseless.

Qin Yu shook her slightly sore hand, and her eyes suddenly dimmed. "Do you think your little trick with Dong Biming can make me look bad in public? Wei Xiaoqing, you want to make a joke of me? In your next life!"

Qin Yu had this feeling that Wei Xiaoqing came to know about the Dragon Phoenix Bracelet and let them know about it because she had been in cahoots with Dong Biming from the beginning.

Wei Xiaoqing deliberately wanted to make her feel sad and embarrassed in front of everyone.

She, Qin Yu, was not stupid!

Seeing the hatred in Wei Xiaoqing's eyes, Qin Yu snorted indifferently. "Auntie, let's go. Don't stay with this annoying fly. If we stay another minute with her, I will be disgusted!"

She had just turned around when she saw Dong Biming standing behind them.

When Liang Zixuan turned around, she saw her too.

All their attention had been focused on Wei Xiaoqing just now, not even noticing that someone had entered.

Qin Yu still had a spark of hope in her heart for Dong Biming. She felt that Dong Biming was only treating her like this because her (Dong Biming) heart had been hurt by the matter of Xia Jingfei running away from home.

She felt that as time passed, Dong Biming would definitely come to an understanding.

Therefore, although Qin Yu would attack Wei Xiaoqing, she would not attack Dong Biming.

Qin Yu picked up the bag she had left by the sink and went out with Liang Zixuan.

After leaving, Liang Zixuan was afraid that Qin Yu was still grieving because of the Dragon Phoenix Bracelet, so she deliberately changed the topic and asked, "I wanted to ask you just now, what exactly did you bring to the auction?"

Qin Yu smiled mysteriously. "I am not going to tell you. You will know in a moment. All I can say is that it is my most precious item."

Liang Zixuan was curious, and she could not hold it back anymore.. As she walked with Qin Yu to the auction venue, she asked, "Just tell me! I will estimate the price and see if my brother has enough money."

Chapter 518 – Qin Yu's Item

Qin Yu glanced at Liang Zixuan and snorted. "Don't do that. I don't want it to be taken by your brother."

At this moment, the assigned host held the microphone and stood on the stage.

Liang Zixuan wanted to see if she could persuade Qin Yu, but she was interrupted by her. "Alright, don't ask again. The auction is about to start."

The seating arrangement at this charity auction was not decided by yourself and you couldn't sit down wherever you wanted to.

Each chair had a name on it. Therefore, only those who had an invitation can attend this charity auction.

Dong Yong had already arranged seating for Han Yuanjun, Liang Zixuan, Qin Yu, and Liang Jiahao in advance. They were seated in the first row and next to each other.

Liang Zixuan and Qin Yu sat in the middle, with Han Yuanjun next to Liang Zixuan and Liang Jiahao next to Qin Yu.

After the host said a few pleasant words, the auction officially began.

When Liang Zixuan saw the ceremonial woman carrying her guitar, she immediately poked Han Yuanjun's waist nervously. "Han Yuanjun, my guitar."

Han Yuanjun leaned his head toward her. "What are you saying? I didn't hear you."

Liang Zixuan anxiously lowered her voice and said again. "My guitar! You have to bid for it for me."

Han Yuanjun raised his hand and scratched his ear, frowning. "What did you just say? I really can't hear you."

Liang Zixuan: "..."

He's acting.

What good acting!

Liang Zixuan pinched Han Yuanjun's waist hard. Han Yuanjun was in so much pain that his eyebrows furrowed. Even so, he still didn't bid the guitar.

Liang Zixuan gritted her teeth in anger. "Brother Han, my guitar!"

Han Yuanjun's eyes lit up. "I think I heard it clearly. Say it again."

Liang Zixuan was furious. By this time, other people had already started bidding, but Han Yuanjun was still joking with her.

Liang Zixuan held Han Yuanjun's arm with both hands and said softly, "Hubby, my guitar. You must bid for it for me."

Han Yuanjun kissed Liang Zixuan's lips with satisfaction. "Don't worry, your husband will definitely get it for you."

As soon as he said this, he raised the bidding card in his hand and said in a deep and dominant voice. "Five million!"

The starting price for a guitar was a thousand yuan. Others bid, but only twenty thousand yuan. Han Yuanjun bid for five million.

He was using his money to crush other people to death.

As expected, when Han Yuanjun said this, no one else raised their cards.

What a joke, who would dare to compete with Han Yuanjun for Liang Zixuan's precious guitar?

What's more, five million for a guitar. If it was not Han Yuanjun, whoever it was, if he really bid five million for such an item, then the door must have pinched his head when he went out.

After asking three times and no one had picked up their card, the host banged his gavel and said, "Congratulations, Young Master Han. Liang Zixuan's guitar has been sold for five million!"

Han Yuanjun turned to Liang Zixuan and arrogantly raised his eyebrow. "Are you happy now?"

Liang Zixuan: "..."

She really didn't know what he was bragging about.

Her guitar nearly had been snatched by someone else!

Liang Zixuan chuckled and gave Han Yuanjun a kiss on the cheek in return. "Happy, very happy!"

Even though Han Yuanjun spent five million to buy her stuff, Liang Zixuan felt that the money was not spent in vain. The money will eventually be used to build elementary schools in poor areas and provide enough meals for the children.

Liang Zixuan felt that the money was worth it.

During this period of time, several items brought by the celebrities were auctioned. Some of them were not very valuable items, but they were sold at a good price, at least for a few hundred thousand.

There were many rich and powerful businessmen present. To win the smiles of their favorite celebrities, they thought that the money they spent was worth it.

Suddenly, the ceremonial woman held a tray that was covered with a red cloth in her hands. It was hard to see the item below the stage.

Qin Yu immediately tensed up and slowly grabbed Liang Zixuan's hand.

Liang Zixuan immediately understood that this was something that Qin Yu had brought.

She coughed and whispered to her. "Is this yours? I cannot see anything under the red cloth."

"Yes." Qin Yu was so nervous that her voice became stiff. "This is my item."

"Oh?" Liang Zixuan became more and more curious. "Then I want to see exactly what it really is."

The host opened the red cloth and looked at the envelope before smiling sheepishly. "This is the item that Miss Qin brought."

He picked up the envelope and looked at Qin Yu, not sure whether to laugh or cry. "Miss Qin, do you want to auction this envelope?"

Qin Yu stood up and smiled. "No, it's in the envelope. You can open it and take a look."

NovELu&B.cm

Despite her calmness, her legs were trembling as she stood up.

Qin Yu even regretted her decision.

The host said, "Alright."

Then he started to open the envelope and found a piece of paper inside. He was very curious, so he looked at Qin Yu and took the paper out of the envelope.

Seeing the words on it, he suddenly laughed heartily. "What Miss Qin is auctioning here is ..."

.
. .
. .
. .

Qin Yu's breath caught in her throat and her eyes widened due to the host's heavy breathing.

Then the host said excitedly, "What Miss Qin is auctioning is a kiss from her!"

The moment the host said that, the audience was shocked.

Some even whistled like hooligans.

Liang Zixuan stared at the piece of paper with her mouth agape. She even thought to herself, 'Why is this item being auctioned off? It's over. Will her big brother cry?'

Liang Zixuan subconsciously turned her head and looked at Liang Jiahao. Sure enough, she saw that his face was extremely dark, and there was even a hint of anger on his face.

Oh, God.

Did this mean that there would be a bloody war?

If someone really bid on it, Liang Jiahao would surely kill that person on the spot!

After the host finished speaking, Qin Yu gracefully turned around and said to everyone present. "This kiss is very special, it's my first kiss. During the filming, the director had asked me to do the kissing scene, but I refused. This kiss is the most precious thing in my life and I refuse to give it to anyone until I find a good boyfriend. However, for this special night, I'm willing to offer my first kiss to raise more money for the children."

After Qin Yu finished her sentence, thunderous applause was heard.

Some even laughed and said, "This is what you call sincerity!"

"Heavens, this is Qin Yu's first kiss! I have to win it no matter what!"

Qin Yu smiled and half bowed to them before turning around and sitting down.

Liang Jiahao slowly said in a low, cold voice. "You have a lot of first kisses."

Qin Yu rolled her eyes gloomily. "That one didn't count. I was unconscious back then, and I didn't want it! I didn't consider that to be my first kiss."

Liang Jiahao sneered and turned his head to look at Qin Yu coldly. "What about that morning then? You dared to say that you were unconscious?"

Qin Yu licked her dry lips as if she could feel his taste in her mouth. The taste of Liang Jiahao's lips caused her to shake her head vigorously to dispel the frightening thought.

Then, she braced herself and said, "You forced me to do that, so it didn't count!"

While they were talking, Qin Yu's kiss was sold for a high price of two million. Liang Zixuan watched anxiously from the side and gave Liang Jiahao a meaningful look, telling him to stop talking and quickly pick up the card.

Liang Jiahao ignored her suggestion and turned around. His face was tense and full of anger.

Qin Yu didn't say anything more but listened to the bid intently.

The price was raised to three million and two hundred thousand yuan. Qin Yu's hands were sweating coldly as she prayed in her heart. Could the person be a little younger?

As long as the appearance was acceptable...

Three million and two hundred thousand was already a high price, and that was just for a woman's kiss. This price made many men retreat.

When the host saw that no one else was bidding, he asked, "Would anyone like to bid?"

When he saw that no one wanted to raise the card again, he said solemnly, "Three million and two hundred thousand going once."

When no one answered, he said again, "Three million and two hundred thousand going twice."

Liang Zixuan was so anxious that her intestines were almost tied up. What exactly was going on with her brother?

Was he still going to chase after Qin Yu?

This was her first kiss!

Oh my God.

She was about to die!

Qin Yu secretly looked at the man who had bid for her. With a single glance, she immediately turned her head back.

Heavens!

No way!

It was an old man in his fifties!

The host's voice rang out once again. "Three million ..."

Qin Yu closed her eyes in frustration, ready to accept this grievous news.

Suddenly, two voices sounded in her ears at the same time.

Chapter 519 – Searching Everyone's Body

Liang Zixuan: "Three million and three hundred thousand!"

Liang Jiahao: "Four million!"

Everyone looked at the siblings in a daze.

Liang Zixuan was very happy and embarrassed at the same time. She put down the bidding card and smiled. "I was just joking. I just picked it up to play around. Hehehe."

Everyone: "..."

If Liang Jiahao hadn't raised the card, wouldn't they be watching the real version of Peach Blossom House between Qin Yu and Liang Zixuan?

Liang Zixuan jumped into Han Yuanjun's arms in embarrassment. She didn't dare to show her face.

It was really... This was too embarrassing!

For Liang Jiahao's happiness, she sacrificed her face.

Did you think it was easy?

The host smiled and nodded, then asked again, "Is there any bidder? No? Four million going once. Four million going twice."

And finally, the host banged his gavel. "Congratulations, Mr. Liang, for getting Miss Qin's first kiss at four million."

Liang Jiahao stood up, buttoned his suit, and bowed politely to everyone. Then he suddenly turned around, bent down in front of everyone, and kissed Qin Yu's lips.

Qin Yu: "..."

She didn't mean this kiss, okay!

Heavens, this was too indecent!

The kiss she was talking about was the kiss on her cheek, not on her lips!

Liang Zixuan laughed out loud on the side. Her hands shyly covered both her eyes, but at the same time, she peeked through her fingers, afraid that she would miss the show.

After a deep and overbearing kiss, Liang Jiahao finally let go of Qin Yu. He looked at Qin Yu, clenching his teeth. "Consider this your first kiss. I dared you to say otherwise!"

Qin Yu: "..."

She really wanted to kick Liang Jiahao to death. What should she do?

At this moment, Dong Biming suddenly came on stage, took the microphone from the host's hand, and looked at Qin Yu with disdain.

She said to everyone present. "I've just received the news that the Dragon Phoenix Bracelet I auctioned off has been stolen! Please remain seated and don't move. To prove your innocence, please cooperate with the security guards for the body search."

"Why are you searching for our bodies!" Someone cried out angrily.

A dozen or more security guards ran toward them with electric batons in their hands. Each restrained them and threatened those who disagreed.

Many people did not dare to say anything and they all glared at Dong Biming.

Dong Biming chuckled. "We have no other choice. From the moment you entered this place, it has been sealed from the outside. No one can come in and no one can come out, so ... The thief who stole the Dragon Phoenix Bracelet must be among you. As long as we can find this person, the others can leave!"

An uneasy feeling suddenly ran through Liang Zixuan's heart. She subconsciously looked at Qin Yu.

Qin Yu... She couldn't do that, could she?

No!

Liang Zixuan quickly discarded this thought from her heart.

She was very clear about Qin Yu's character. Even if Qin Yu wanted to get the Dragon Phoenix Bracelet, she would definitely choose the right way to get it, and would definitely not do anything like stealing.

Qin Yu seemed to be thinking of something as she raised her head and looked at Dong Biming with an expression of neither humility nor arrogance. "Searching everyone's body like this, who knows the proprietor will put the items on someone's body on purpose?"

There were so many ways to frame her, and knowing Dong Biming, Qin Yu knew it wasn't like child play.

Dong Biming's lips curved into a smile. "Since Miss Qin has an opinion, then we will not search the bodies. Please take out your bags. Those who did not bring anything, please show us your pockets to prove your innocence. That should be fine."

Searching for a body was too much. Everyone here was a respected figure. If the security guards really searched their bodies, where would they put their faces?

But it did not matter if they wanted to search their bags or their pants pockets.

For the sake of one's innocence, one can still endure this grievance.

So the women handed over their bags to be checked by the security guards. They were dressed formally and could not hide anything on their bodies. The security guards examined them one by one and found nothing unusual about their behavior.

The men said nothing either. They simply allowed the security guards to search their pockets.

Soon, the security guards finished their inspection of these people and went to Liang Jiahao, Qin Yu, Liang Zixuan, and Han Yuanjun.

Qin Yu snorted contemptuously and opened the bag in front of the guards. Suddenly, an emerald green color could be seen from her bag. The guard quickly grabbed the Dragon Phoenix Bracelet, raised it to a height where everyone could see it, and said loudly, "It's in Miss Qin's bag!"

Liang Zixuan looked at Qin Yu in shock and exclaimed in disbelief, "Qin Yu, what happened?"

Qin Yu was also slightly startled and immediately looked at Dong Biming who was standing on the stage.

Dong Biming looked at Qin Yu with a provocative gaze.

Qin Yu slowly turned around and looked at Liang Zixuan with a clear smile on her face, as if she was asking about today's weather. "Auntie, do you trust me?"

When she was outside the room, waiting for Qin Yu, Liang Zixuan had heard the sound of a zipper.

Even so, she would still believe that Qin Yu would not do such a thing.

She looked at Qin Yu firmly and nodded seriously. "I trust you!"

Qin Yu smiled. "Thank you for your trust."

"Trust or not, my bracelet has been stolen by you! It's fine if you don't want to confess. The police will come soon, then you can go to the police station and explain it to them!"

Dong Biming put down the microphone with determination. She rubbed the silk scarf on her shoulder and was about to leave the stage when Qin Yu suddenly asked out loud. "Auntie Biming, are you asking the police to catch me? Where is your evidence? Could it be that just because the Dragon Phoenix Bracelet was found in my bag, that automatically would make me a thief?"

She sneered. "Some people stole it by themselves and tried so many ways to confuse us. Their methods are really brilliant!"

Dong Biming suddenly stopped moving and said something to the host next to her. The host then looked at Qin Yu before turning to leave. No one knew what he was going to do.

"You want more evidence?" Dong Biming descended the stage step by step with an arrogant posture.

"Fine! Qin Yu, since you are so stubborn, I will throw evidence in your face!"

Liang Zixuan subconsciously thought about how they had secretly gone into the warehouse. There was a surveillance camera there, so Dong Biming must ask the host to go to the recording room.

She had expected Dong Biming to attack Qin Yu today but she had not expected it to happen in such a way.

If this news spread out, even if Qin Yu was eventually proven innocent, her career path would still be destroyed.

People only wanted to believe what they wanted to believe, they did not care about the truth. They only wanted to see the said person fall from the altar.

Even if you displayed the evidence in front of them, they would still think that Han Yuanjun had helped Qin Yu and had consulted with the Dong Family in private.

That they had made some kind of agreement and that this evidence was fake, it was merely to wash Qin Yu's reputation clean.

Liang Zixuan's expression darkened. In a low voice, she said to Qin Yu, "Qin Yu, we have fallen into their trap. From the moment Wei Xiaoqing mentioned the Dragon Phoenix Bracelet, it has become a trap."

Qin Yu's expression did not change as she nodded calmly. "I can tell."

Suddenly, a large screen on the stage showed the footage of Qin Yu and Liang Zixuan walking towards the warehouse. Everyone was upset. Then, they saw Qin Yu actually open the door and went in.

"I cannot believe Qin Yu and Liang Zixuan would do something so embarrassing!"

"Yes, who would have thought?"

Hearing the audience's comments about Qin Yu and Liang Zixuan, Dong Biming chuckled softly. "The proof that you want."

Liang Zixuan pulled Qin Yu behind her and looked at the screen. She smiled mockingly. "This surveillance video only proves that we went to the warehouse. Can it prove that we actually stole it?"

"Heh ..." Liang Zixuan quickly recalled the two security guards outside the warehouse and smiled. "Qin Yu and I are not the only ones who went there.. Since there is a surveillance camera outside, there should be another one inside as well. Why don't you show them who the real thief is?"

Chapter 520 – She's The Thief!

The smile on Dong Biming's face froze instantly. She took out her cell phone and dialed the number. Then, in front of everyone, she said calmly, "Release the surveillance footage in the warehouse."

When everyone thought they would see the truth, Dong Biming suddenly shouted into her phone. "What?! You said that the surveillance footage in the warehouse was destroyed?"

When Liang Zixuan and Qin Yu heard this, they looked at each other with a bit of ridicule in their eyes.

Dong Biming's thoughts were very thorough. The surveillance footage outside that could prove that Liang Zixuan and Qin Yu had gone there was fine, but the surveillance footage inside that could prove the person who had stolen the Dragon Phoenix Bracelet was destroyed?

Hehe ...

This framing shouldn't be too obvious!

Dong Biming put down the phone, traces of anger could be seen on her face as she said loudly, "The surveillance footage in the warehouse has been destroyed! Qin Yu, you are really good. You stole the

item and destroyed the footage because you are afraid of leaving evidence, right? Let me tell you, even if you destroyed the footage, it doesn't matter! Just based on the fact that the Dragon Phoenix Bracelet was in your bag and you were in the warehouse, it proved that you stole the thing!"

Qin Yu really wanted to laugh. Why didn't Dong Biming enter the entertainment circle?

With her behavior, she could be the real-life version of the evil stepmother.

Qin Yu crossed her arms and sneered. "I know that stealing is against the law, so why would I steal? Dong Biming, do you think my IQ is low and my mind is incomplete?"

Standing behind Liang Zixuan, Qin Yu felt that she did not have an impressive demeanor. Like a child being protected by an adult. So she resolutely stepped out from behind Liang Zixuan to face Dong Biming.

"I'll say it again, I did not steal it! Although I admitted that I went to the warehouse, I only went there to make sure whether it was really a Dragon Phoenix Bracelet or not. Besides, with my current status, do I have to do something illegal just because of a small bracelet? Do I have to ruin my own future for that?"

"Hahaha ..." Dong Biming laughed excessively a few times and then looked at some aristocratic women below the stage. "Qin Yu, I know that this Dragon Phoenix Bracelet is very important to you. You said it before, that you would get it at any cost! At that time, many people heard it."

One of the aristocratic women immediately stood up and said, "Yes, we all heard it. That's what she said!"

Dong Biming laughed with satisfaction. "Now that there is so much evidence, what else do you have to say for yourself, Qin Yu?"

Faced with the evidence, the words from the aristocratic woman, and Dong Biming's aggression, Qin Yu was so angry that she couldn't say anything.

The bracelet was found in her bag. She had been to a warehouse before, and what she had said out of desperation had been heard by so many people. All the evidence pointed to her.

Qin Yu was running out of words.

At this time, Wei Xiaofan walked in with some policemen. Seeing Qin Yu and Dong Biming were fighting with each other, he felt uncomfortable for a moment. He didn't know what to do.

"Captain Wei, you've come at the right time!" Dong Biming had also watched Wei Xiaofan growing up with her own eyes. When he was little, she once helped change his diapers.

Now that Dong Biming had seen him, she acted like she was looking at her own son. She held Wei Xiaofan's hand and pointed at Qin Yu. "Earlier, I called the police and said that the Dragon Phoenix Bracelet had been stolen, and I asked you to help me investigate this matter. But before you arrived, I'd already found the thief. She's the thief!"

"This ..." Wei Xiaofan looked at Han Yuanjun with a troubled expression and said with a smile, "Aunt Biming, is there a misunderstanding?"

"How can there be a misunderstanding?!" Dong Biming's face immediately collapsed. She threw Wei Xiaofan's hand away and put on the dignity of a senior. "Wei Xiaofan, I found witnesses and material evidence for you. Qin Yu has stolen it! If you can't do it, it's fine, you can leave now. I will call your bureau chief and ask him to send someone else!"

Sending someone else would only make things more troublesome.

Wei Xiaofan looked at Qin Yu. "Qin Yu, did you really take it?"

"What are you doing!" How could Dong Biming not know that Wei Xiaofan was trying to help Qin Yu?

She was so angry that her voice became contorted. "She was stealing! The definitions of stealing and taking are completely different!"

Wei Xiaofan smiled sheepishly and stared at Qin Yu, waiting for her answer.

Even now, Qin Yu was still very calm. She wasn't angry about being framed, nor was she angry with Dong Biming's domineering attitude toward her.

She just stood there with her usual indifferent look, and her lips curved into a faint smile. Her voice was neither loud nor soft. "I did not take it, nor did I steal it."

Wei Xiaofan sighed in relief and turned to Dong Biming. "Aunt Biming, you heard it yourself. It wasn't Qin Yu who stole it."

"If she said no, would you believe her?" Dong Biming replied, "Then if she told you that the shit was fragrant and very tasty, would you eat the shit too?"

Wei Xiaofan: "..."

What was going on with Dong Biming tonight?

She had always been a dignified and noble elder. When had she ever spoken such vulgar words?

Wei Xiaofan guessed that this was definitely not a simple matter.

Qin Yu's character couldn't be more obvious to him. She was the little girl who came out with the mud while playing around with him. Moreover, based on her personality, he would believe her if she really said that.

"Dong Biming!" Wei Xiaofan immediately became serious. He no longer had the smiling face from before. Now he was truly an unbiased police officer. In his eyes, there was no aunt, no sister, no best friends, they were all just ordinary civilians.

He treated them equally.

"You said you already have all the evidence and also the witnesses. Are you going to accuse Qin Yu of stealing the charity item?"

Dong Biming was a little surprised. This was the first time she had seen Wei Xiaofan being so serious. She nodded. "Yes, I have the evidence. You can catch her."

"Alright! I will arrest her, but I must remind you that once I arrest her, I will automatically open this case. This case and its influence on society are also not small. If the person who framed this crime is found breaking the law, she will face unimaginable consequences!"

A trace of panic flashed in Dong Biming's eyes, but she quickly calmed down. She raised her chin and braced herself, saying, "What framing? The evidence is conclusive. Qin Yu really stole it!"

You can't wake her up no matter what you say.

Wei Xiaofan shook his head. He took the handcuffs off his waist and was about to walk in front of Qin Yu, but he hesitated for a moment and looked at Dong Biming. "If I handcuff her tonight, no matter whether she stole it or not, her reputation will be tarnished. Dong Biming, think about it carefully."

Dong Biming could no longer suppress the anger in her heart, and her voice rose a few notches higher. "Qin Yu stole my item! You can take her away, why did you ask me so many questions? I'm not her mother. I'll say it straightforwardly, I don't care what will happen to her!"

Wei Xiaofan nodded, then walked towards Qin Yu with handcuffs. "Miss Qin, Mrs. Dong has accused you of stealing her item for a charity auction, and the evidence is conclusive. Please come to the police station with me to assist in the investigation."

"Qin Yu, no!" Liang Zixuan pulled Qin Yu's arm and said anxiously, "This place is crawling with reporters. If you go out like this, your reputation will be ruined in the future!"

Qin Yu patted Liang Zixuan's hand and raised her head, looking at Dong Biming deeply. "Today's matter is solely addressed to me."

"Qin Yu!" Liang Zixuan was anxious and angry at the same time. "I can prove that you didn't steal it!"

"How are you going to prove it?" Qin Yu shook her head. "You didn't follow me to the warehouse. You didn't know anything. You can't prove anything."

With these words, she suddenly hugged Liang Zixuan tightly.

Qin Yu took a deep breath and whispered in her ear. "Auntie, Dong Biming obviously wanted to make things even harder for both of us. Now that all the evidence is directed at me, I can take the responsibility by myself. If we both fall, the impact on the Han Group will be even greater."

nOVelSB.cOm

Qin Yu's theft was enough to cause the shares in Han Group to fall by several percent. If Liang Zixuan interfered in this matter, just by her status as the president's wife, Han Group Media's journey would probably come to a halt today.

Moreover, Qin Yu's influence was far less than Liang Zixuan's.

This was the reason why Qin Yu was doing this.

Han Yuanjun was standing next to Liang Zixuan. After hearing Qin Yu's words, he immediately pulled Liang Zixuan out of Qin Yu's arms and said in a low and dignified voice. "Good, very good! It looks like someone is openly severing all the ties of the clan that have developed over so many years."

He gently pushed Liang Zixuan to Liang Jiahao's side and turned to Wei Xiaofan. "Since that's the case, I'll go with you to the police station to investigate this matter thoroughly. If I find evidence that Qin Yu was framed, heh Don't blame me for not caring about our family's friendship for so many years!"
