Chapter 671 The Long-Awaited Competition I

It was the first time that Lin Xiu met Qiao Hongya and Luo Yanyun at a family party. Liang Jiahao didn't have parents, so Luo Yanyun and Qiao Hongya became his guardians. Now that everyone was talking about her daughter like this, Lin Xiu felt so embarrassed.

Lin Xiu stretched out her leg and kicked Qin Yu under the table. After putting a smile on her face, she said, "You must be joking. Qin Yu isn't usually like this."

"Aiya, mom, don't help me explain my behavior." Qin Yu looked up as she ate. She didn't seem to feel any pain at all. "I've already been to grandfather and grandmother's house countless times. They all know what I'm like. No matter how much you explain, it won't cover up my ugly way of eating."

Lin Xiu was so upset that her face turned pale. She kicked Qin Yu under the table again. "Don't you know how to restrain yourself? Eating like this, those who don't know you will think that your family has treated you badly and didn't give you enough to eat." [ovelus.com](http://www.ovelus.com)

Qin Yu didn't even blink as she took a sip of her juice. "I just want to finish eating quickly and then rehearse one last time. Is there a need to be so harsh on me?"

Lin Xiu wanted to teach Qin Yu a lesson, but Luo Yanyun hurried to say, "It's alright, I like Qin Yu's personality. I even wish she could eat more and get fatter. She's too thin."

Liang Zixuan also spoke up for Qin Yu. "Yes, sister-in-law. Let's not talk about Qin Yu anymore. We all know how she is. Don't worry, we don't mind."

Since Liang Jiahao's family had already said so, it would be really hard for Lin Xiu to say anything else.

She kicked Qin Yu under the table again, then smiled politely. "You're right, I'm just afraid that this child is too careless and doesn't have any brains. When the time comes, she'll cause trouble."

Qin Yu happened to lean her leg towards Liang Jiahao when Lin Xiu's kick landed on her leg. It was so painful that she cried out. "Ouch!"

Luo Yanyun and Old Madam Han immediately looked at her and asked worriedly, "Qin Yu, what's wrong?"

Qin Yu frowned and looked angrily at Lin Xiu. "Mom, why did you kick Liang Jiahao?"

"Huh?" Lin Xiu was stunned for a moment. Then, she lowered her head and lifted the tablecloth. Sure enough, she saw that her kick was aimed at Liang Jiahao's leg!

Lin Xiu should have known that something was amiss.

She had kicked Qin Yu a few times in a row, and with Qin Yu's fussy personality, Qin Yu should have yelled out a long time ago.

But Qin Yu didn't need to say it out loud.

Lin Xiu suddenly felt embarrassed and smiled apologetically. "Jiahao, I'm sorry. Auntie didn't mean to kick you."

"I know." Liang Jiahao placed a bowl of soup next to Qin Yu. Then, he smiled at Lin Xiu. "Mom, if you want to kick Qin Yu, just kick me. It's alright."

"Aiya..." Hearing this, Old Madam Han's eyes squinted in laughter. "You're calling her mom now?"

Liang Zixuan and Han Yuanjun also joined in the laughter. Even Tian Qihua and the others looked at Liang Jiahao and Qin Yu with smiles.

Liang Jiahao nodded. "Qin Yu and I are going to get married anyway and I will call mom that sooner or later. It's the same if I call her that now."

These words made Lin Xiu extremely happy. When she met Liang Jiahao for the first time, she felt that this man was reliable.

She smiled and said, "Jiahao is right. Even if he doesn't have a relationship with Qin Yu, he's still a family. It's fine, I like listening to him calling me that."

With that, she nudged Qin Shaoqiang.

Qin Shaoqiang was drinking with Han Xiwang and he didn't even have the chance to put down his glass when Lin Xiu nudged him. He quickly nodded and agreed. "Yes, I also like listening to Jiahao calling me dad too."

A few people continued to eat happily. Qin Yu finished her meal first, then wiped her mouth with a tissue and stood up. "I'm done eating. You guys take your time. Don't worry, I'm going backstage first to get ready. I'll be back when you guys are done."

Liang Jiahao put down his chopsticks and stood up. "I'll come with you."

Qin Yu looked at everyone's smiling faces with embarrassment and forcefully pushed Liang Jiahao down on the chair. "Sit with my father and have a few drinks with him. This place isn't far from the venue, I won't get lost. I'll be fine."

Liang Jiahao had no choice but to sit down.

After Qin Yu left, Liang Zixuan turned to Liang Jiahao and whispered, "Big brother, is everything ready?"

Liang Jiahao's hand subconsciously went into his pocket. After grabbing the small box inside, he said in a low voice, "Yes, everything is already prepared."

Liang Zixuan nodded excitedly. "Then I'll be waiting for your good news."

????

When Qin Yu got to the venue and entered the dressing room, she saw that the girls were still putting on makeup, so she walked over to her seat and sat down. Xia Xiaolian had been waiting for her for a long time, and as soon as Qin Yu arrived, she opened her makeup kit and said, "Liang Zixuan specifically told me to make you look a bit more mature this time."

Qin Yu smiled. "Okay. I've always had great confidence in you."

Since they were in a school, there weren't many dressing rooms. There were only two dressing rooms for the teams of the two countries.

The two dressing rooms were next to each other, and when Qin Yu arrived, the people next door knew.

After Cha Jinho heard her voice, he didn't believe it at all and ran over there. When he saw that it was actually Qin Yu, he ran over in shock. "Is there no one else from the Han Group? Liang Zixuan actually asked you to come?"

Qin Yu was still wearing her makeup. Originally, it was not convenient for her to speak, but since Cha Jinho had personally come here, she had to answer his question. Her expression didn't change as she said, "What's wrong with me? Could it be that Mr. Cha thinks I'm not on your level?"

"Haha ..." Cha Jinho smiled and looked at Qin Yu's face in the mirror. "You're indeed on the highest level, but your scandal hasn't died down yet. Don't think that just because you showed your love on the show, you could wash everything clean. The audience won't be fooled so easily!"

"Who says about fooling anyone here?" Qin Yu snorted. "If I don't do it, then why should I admit it? Forcing dirty water on me is useless, Mr. Cha and I really didn't expect you to care so much about our mainland problem. Why don't you just focus on your company? What, don't tell me you still want us to give you a kicking?"

Chapter 672 The Long-Awaited Competition II

"I don't dare receive a kick from you." Cha Jinho became even more pleased with himself, the competition had not even started yet, but he had a victorious smile on his face. "But since we have won this competition, I will get a share of your Han Group's resources. At that time, I really don't know if I should squeeze them all and leave you with nothing."

These words were too arrogant. When the female group members heard this, they all showed angry expressions.

Just as one of them was about to speak up for Qin Yu, Qin Yu raised her hand without turning around and said to them, "You guys go and rehearse some more, later we'll show our true colors to this arrogant Mr. Cha. Let him know the price he's going to pay for his arrogance!"

Qin Yu was afraid that Cha Jinho wouldn't understand her, so she purposely spoke in English.

After Cha Jinho heard that, his face became tense. He glanced at the female group's members and snorted disdainfully. "Them? Heh ... Don't think that just because Liang Zixuan was lucky enough to win against us two days ago, you guys are invincible."

"Lucky?" Qin Yu took advantage of Xia Xiaolian turning around to grab an eyeliner to look at the female group. "Zixuan won by luck?"

"Of course not!" The leader said with a smile. "Liang Zixuan was using Korean when she played tongue twisters against them. They've already lost, and yet they want to claim that we only win by luck?"

Qin Yu turned to Cha Jinho and raised her eyebrow. "Did you hear that? So, where's your face?!"

Cha Jinho was furious. Liang Zixuan's sharp tongue couldn't be compared to this Qin Yu. Her mouth was actually so eloquent!

He really couldn't beat her!

Cha Jinho took a deep breath. "What's the point of saying so much now? You guys will have time to cry later during the competition."

Qin Yu couldn't be bothered with him. No matter what she said, this person's face was thicker than the great wall.

Cha Jinho stood there but didn't leave, as if he was waiting for something.

A short time later, Jia Zexi came in with a guitar in his arms.

Although Cha Jinho hadn't seen him in person, he had seen him on his cell phone. He immediately recognized the tall boy in front of him as the singer Liang Zixuan had picked up randomly on the street.

He immediately burst out laughing. "Aiyaya, I thought Liang Zixuan was lying to me! So you were really allowed to participate in this competition?"

Jia Zexi sat down in his seat, ignoring Cha Jinho's question as if he didn't understand English. The makeup artist walked up to him and got ready to put makeup on him.

Seeing Jia Zexi ignoring him, Cha Jinho guessed that Jia Zexi probably didn't know English. So, he took out his phone and made a call. Not long later, Ha Siyeon, who was in charge of the mainland business, came in.

Cha Jinho waved at her, saying in Korean, "Ask him, since he was picked up by Liang Zixuan, just what kind of confidence does he have to sit here?"

Ha Siyeon furrowed her brows. A few days ago, Cha Jinho had told them that they should keep a low profile and not be too arrogant. Why was he acting so arrogant now?

Ha Siyeon turned around and told Jia Zexi in Chinese.

Jia Zexi sat there like a log, not moving at all. He completely ignored Cha Jinho and Ha Siyeon.

Ha Siyeon waited for a while, but when she saw that Jia Zexi didn't say anything, she turned to Cha Jinho and looked at him in embarrassment.

Cha Jinho raised his hand and rubbed his chin while eyeing Jia Zexi. After a while, he pouted and asked Ha Siyeon, "Is he mute?" *NOVELUSB.COM*

The corner of Ha Siyeon's mouth twitched as she reminded, "If he's mute, why is he participating in this competition?"

"Oh, yes!" Cha Jinho laughed. "If he's not mute, then he's dumb. He must be scared of us right now. He must be so scared that he's shitting his pants."

Liang Zixuan wasn't present. Cha Jinho openly scolded Jia Zexi in his own language.

Cha Jinho looked down on Jia Zexi from the bottom of his heart because the singer he'd brought had the rank of a Heavenly King in their country. Liang Zixuan actually sent this brat out to compete with them and he felt deeply humiliated by her lack of respect.

If it weren't for the fact that the winning's advantages were so huge, Cha Jinho would have said that no matter which singers Liang Zixuan sent, she still wouldn't be able to win at all.

At this moment, Jia Zexi, who had been silent all this time, suddenly spoke up. "Just because I ignored you doesn't mean I'm scared of you. I just don't want to care about you guys. You've brought so much drama by yourselves, why don't you go and act?"

The moment Jia Zexi finished speaking, Cha Jinho and Ha Siyeon gasped in shock.

Because Jia Zexi had actually spoken in Korean!

Although he wasn't as fluent as Liang Zixuan, as a Korean, Cha Jinho understood his words.

He actually understood!

Cha Jinho immediately became angry. It would be fine if there was only one Liang Zixuan doing this, but now there's another one. They're treating them like fools!

"Jia Zexi!" Cha Jinho shouted, "What do you mean?"

What did he mean by ignoring them?

Just based on Jia Zexi's background, it was beneath Cha Jinho's status to talk to him.

How great did this Jia Zexi make himself feel?

After Jia Zexi said that sentence, he said nothing more and let the makeup artist do his makeup.

Cha Jinho was like a burning firecracker as he said with a red face, "Let me tell you, I brought Bin Youngjae this time. Just wait until you lose your pants!"

Bin Youngjae was a famous singer and was well-known throughout Southeast Asia.

Even Jia Zexi had heard his song once.

Bin Youngjae was indeed very powerful.

Jia Zexi curled his lips but said nothing. He was too lazy to even say a single word to Cha Jinho.

Cha Jinho stood there and cursed for a long time. No one in the dressing room paid any attention to him. He was like a clown.

Ha Siyeon reminded him from the side, "Mr. Cha, you have to be more magnanimous. Since the others are ignoring you, why don't you take a look at our situation?"

"Ignoring me?" Cha Jinho waved his hand angrily. He pushed Ha Siyeon away and said angrily, "Ignoring me? They simply have no manners! Didn't Liang Zixuan say that they were the most polite? What, is this their courtesy?"

Chapter 673 The Long-Awaited Competition III

Qin Yu winked at Xia Xiaolian and Xia Xiaolian immediately stopped.

Qin Yu quickly stood up and looked at Cha Jinho with a sullen face, saying, "Mr. Cha, you're the one making such a ruckus in our territory, and we've decided that we won't lower ourselves to your level. So, how can you say we have no manners? Hehe ... Before you talk about someone else, you should first take a look at yourself in the mirror and see what kind of virtue you have. You still have the gall to ask us to be polite to you?"

Cha Jinho was angered to the point that he couldn't take it anymore. Seeing that someone was finally answering him, he began to vent his anger. "I was being nice and talking to you guys. You guys ignored me and forced me to behave badly. Do you actually know who I am? Why are you so cheap?"

"Who are you scolding?" Qin Yu's face darkened and her eyes squinted with anger. She took two steps toward Cha Jinho. "If you have the ability, say that again!"

Cha Jinho's face slanted to the side as he humphed proudly. "I scolded the one who said that!"

Qin Yu raised her hand and slapped Cha Jinho's face with a "pa" sound. She looked at him coldly. "Say that again!"

Cha Jinho didn't expect a girl like Qin Yu to make such a move. Caught off guard, he covered his face and glared at her angrily. "You actually dare to hit me?!"

"Why can't I hit you?" Qin Yu raised her eyebrow. "Your mouth is so stinky. If I don't hit you, how can you wash your mouth?"

Cha Jinho was the kind of person who would not wash his mouth even if he was beaten up.

Because he felt that Liang Zixuan didn't value the competition that much, he kept making such a racket. He had already tolerated Qin Yu and now Jia Zexi suddenly appeared and acted like this towards him.

How could he stand it!

The people he'd brought with him were the top singers in their country. If they competed with such low-level people, his shares would simply drop.

"Y-You!" After Qin Yu beat him up, Cha Jinho didn't dare to fight back. He covered his face and shouted, "There's no need for us to compete. With your level, it's disgraceful even if we win!"

"The competition hasn't even started yet. Who gave you the courage to speak so brazenly here!"

Just as he finished speaking, a woman's voice sounded from the doorway.

Cha Jinho's back stiffened. He turned to the door and saw Liang Zixuan come in.

Liang Zixuan tilted her head to look at Cha Jinho's red face and turned to Qin Yu. "Did you hit him?"

Qin Yu nodded. "I did."

Liang Zixuan smirked. "Well fought."

Cha Jinho: "..."

What a bunch of rude people.

They just did whatever they wanted without thinking of the consequences.

Such barbarians!

Liang Zixuan's face suddenly darkened. She looked at Cha Jinho and said, "Mr. Cha, didn't you say you wouldn't come and cause us trouble? Losing to me two days ago wasn't enough for you? So you came here to play dirty tricks on us?"

"Liang Zixuan!"

Liang Zixuan immediately cut him off. "It's Mrs. Han!"

"Liang Zixuan, if you don't want to lose so many faces, just admit defeat. Give me the resources and we can meet again as friends in the future. If you send out some rotten fish and rotten shrimp to compete against my team, then you'll lose all your face and won't have any friends left in the future!"

"Who wants to be your friend?" Liang Zixuan sneered coldly. She crossed her arms and looked at Cha Jinho provocatively. "I just want to send rotten fish and rotten shrimp, what's wrong with that? Our top singers are such a disgrace compared to yours, so I can only send rotten fish and rotten shrimp. But even with this rotten fish and rotten shrimp, I can still defeat you." *NOVELUS B.COM*

The rotten fish and rotten shrimp Liang Zixuan was talking about were Qin Yu and Jia Zexi. Both of them didn't feel offended in the least. After listening to her, they even started laughing.

Cha Jinho wanted to have an argument with Liang Zixuan, he was simply asking for a beating.

In terms of quarreling, Liang Zixuan had never lost.

As long as she wanted to argue, no one would win against her.

As expected, Cha Jinho was so angry that his face turned red. He stared at Liang Zixuan with his eyes wide open and was unable to say anything for a long time.

After a long while, he finally said with a red face. "Liang Zixuan, don't be so arrogant!"

Liang Zixuan raised her eyebrow. "I'm always arrogant. Bite me."

Cha Jinho was so angry at Liang Zixuan that he almost died. He took a few deep breaths, gritted his teeth, and said angrily, "Alright! Later in the competition, each and every one of you, don't cry when you lose! When I win, I'll bring all the teams under my company and invade your market until you won't even have the chance to taste the porridge!"

"Who gave you the courage to boast so shamelessly here?"

A man's cold voice was suddenly heard from outside the door.

Everyone turned towards the door and saw Liang Jiahao standing there with one hand in his pocket. In the next second, Han Yuanjun appeared from behind and stood beside him.

The two men entered the room at the same time.

Cha Jinho knew Han Yuanjun, but he didn't know Liang Jiahao.

He had no confidence when facing Han Yuanjun, but he was not afraid when facing Liang Jiahao.

He raised his neck and almost tiptoed to talk to Liang Jiahao.

"Who do you think you are? Is there any place for you to speak here?"

Liang Jiahao's eyebrows twitched. He asked back with a domineering tone, "Who do you think you are? How dare you spout nonsense here?"

Chapter 674 The Long-Awaited Competition IV

"I-I ... " Cha Jinho was about to curse back, but Ha Siyeon grabbed him and pulled him back.

Cha Jinho was angry, so he didn't care what Ha Siyeon wanted to say. He pushed her away and said proudly, "Who am I? Then let me tell you, in Korea, just one word from me will cause the Korean entertainment circle to tremble!"

Liang Jiahao raised his eyebrow and turned to look at Han Yuanjun. "Han Group still has no plans to attack the Korean entertainment circle?"

Han Yuanjun chuckled. "I have already made preparations. If big brother can support me, it'll only take me two months to buy Happy Entertainment. At that time, one word from me will make the Korean entertainment circle tremble."

Liang Jiahao pretended to be very serious and thought to himself, "We haven't approved a loan for Han Group yet?"

Han Yuanjun placed his arm on Liang Jiahao's shoulder and said with a smile, "That's why I said your work efficiency should increase. You'd better work quickly. I need to make him cry and bring him back to where he belongs."

"All right!" This was the first time Han Yuanjun and Liang Jiahao got along peacefully and didn't argue. The two siblings made their own plan. "I remember that I have already approved your loan. After the competition, I will contact Manager Lee and ask her to transfer the money in the next two days."

They continued to speak Chinese, making Cha Jinho not understand anything. Ha Siyeon translated for him on the side. Han Yuanjun and Liang Jiahao spoke a sentence and she translated without changing a single word. Even the tones Han Yuanjun and Liang Jiahao used were translated as well.

When Cha Jinho heard this, he was shocked and asked Ha Siyeon in surprise, "Who is the person standing next to Mr. Han? Why is he speaking so arrogantly?"

Ha Siyeon touched her nose and said in embarrassment. "The current CEO of China Securities Bank, moreover ... He is Liang Zixuan's brother and Qin Yu's boyfriend."

"What?!" Cha Jinho was shocked and immediately asked her, "Why didn't you say that earlier?" *NOVELUS* **B.c0mm**

Ha Siyeon rolled her eyes wordlessly. "I wanted to say it, but you didn't give me the chance!"

Cha Jinho's expression changed instantly. He walked up to Liang Jiahao and held out his hand. "President Liang, it's an honor to meet you."

Liang Jiahao didn't look at him. He walked around Cha Jinho and walked toward Qin Yu. Looking down at her makeup, he asked softly, "You haven't put on your lipstick yet?"

"No!" Qin Yu glared angrily at Cha Jinho. "This arrogant man has been causing trouble here all this time, even scolding me for being despicable."

"Is that so?" Then Liang Jiahao turned around and looked at Cha Jinho. He raised his hand to stroke Qin Yu's hair. "It's fine, let him go for now. We'll wait until my brother-in-law buys Happy Entertainment and then I'll let you vent your anger on him every day."

Qin Yu nodded happily. "Alright, I'll wait."

Cha Jinho was very restless, like an ant on a hot pan.

If other people wanted to buy his company, he wasn't afraid at all, but when Han Yuanjun and Liang Jiahao said this at the same time, he was afraid.

One was the big boss of the biggest entertainment company on the mainland, and the other was the big boss of the biggest bank on the mainland. This was simply the strongest alliance between the consortium and the entertainment company.

Cha Jinho quickly wiped the cold sweat on his forehead, walked with a bashful face, and fawned over Liang Jiahao. "President Liang, I was only joking. Please don't take it to heart. Besides, my Happy Entertainment isn't very big, so buying it won't give much benefits to you."

"Who was it that said that a single word from him could make the Korean entertainment circle tremble?"

Han Yuanjun's voice sounded nonchalant. "Since you're so great, I'd also like to try and find out if Happy Entertainment has that kind of influence in Korea."

Cha Jinho became agitated and quickly waved his hand. "No, no, I'm just joking with you."

At that time, he dared to provoke Liang Zixuan and thought to himself that he must make Liang Zixuan beg for mercy while crying. Cha Jinho couldn't help but come to challenge Liang Zixuan again while planning this.

Han Yuanjun walked over to Liang Zixuan's side and stroked her belly, blaming her a little. "Why are you coming here? What if you get pushed by them?"

Liang Zixuan smiled and held his hand. "It's fine, I'm watching where I'm going. There aren't many people who don't have eyes, so no one will come and bump into me."

Han Yuanjun nodded. "All right, you can leave this matter to Zeng Zhelan and Manager Lang. Besides, Principal Tao also handles the guest very well and he will not have any problems. Come out with me. Grandpa and grandma are already seated."

Liang Zixuan glanced at Liang Jiahao. Seeing Liang Jiahao nodding at her, she smiled and held Han Yuanjun's arm. "Alright, I also think that the atmosphere here is quite stinky and some things are really annoying. Let's go out, I need to wash my nose first."

Until Liang Zixuan and Han Yuanjun had left, Cha Jinho had not found a chance to talk to them.

Seeing that he couldn't persuade Liang Zixuan and Han Yuanjun, Cha Jinho grabbed Liang Jiahao's hand and humbly pleaded, "President Liang, I was wrong. Can you not buy my Happy Entertainment?"

Liang Jiahao shook Cha Jinho's hand using a lot of strength as his anger still hadn't completely subsided. Usually, he would not say a word to Qin Yu. However, this despicable thing dared to scold her!

Cha Jinho was pushed to the side and his body banged hard on the dressing table loudly. His waist was almost broken by the blow. He grabbed his waist and shouted, "Aiya ... It hurts so much, aiyo ..."

No one wanted to look at his acting posture.

Even Ha Siyeon began to despise Cha Jinho a little. She grabbed his suit and dragged him out.

After leaving the room, Ha Siyeon said to Cha Jinho in a cold voice. "Mr. Cha, Han Yuanjun and Liang Jiahao have always been men who mean what they are saying. As long as they say that, they will not change their minds! Even if you are not ashamed to stay inside, I am! Right now, you have to go back and encourage your teammates. Let them compete well later and win this competition. That way we will not lose too many faces!"

At this point, Cha Jinho did not have the slightest sense of anger. He had been thinking about the thing that Han Yuanjun and Liang Jiahao had been saying. That they wanted to buy his Happy Entertainment.

What competition?

How could he possibly still be in the mood to worry about that?

He didn't care from the beginning.

Chapter 675 The Long-Awaited Competition V

Cha Jinho understood in his heart that regardless if he won or lost today's competition, Han Yuanjun had already planned to buy Happy Entertainment.

Then what was the point of his bet with Liang Zixuan?

Cha Jinho wanted to snatch Han Group's resources. But if Liang Zixuan had really lost, not only would he not have gotten the resources, but his company would have been bought by Han Yuanjun. In the end, they were making more money from him!

At this moment, Cha Jinho was truly impressed by Han Yuanjun.

This man could really do anything for his woman.

No matter who won or lost today, the final winner would be Liang Zixuan!

Cha Jinho was very angry just thinking about it.

He didn't even return to the dressing room, instead just went to a corner and cried.

4VB1 Passion still didn't know that Cha Jinho had lost his will to fight. They were still rehearsing with all their might and just wanted to slap Liang Zixuan's face after winning the competition.

Liang Zixuan and Han Yuanjun arrived at the venue. Their seats were in the front row. Old Madam Han and the rest of the family were already there.

In the beginning, Principal Tian was the only one in the front row. Old Madam Han and Old Man Han came over with canes in their hands, accompanied by a group of people.

Principal Tian didn't recognize Old Madam Han and Old Man Han, but he recognized Tian Qihua and Lin Xiu. He immediately stood up to greet them.

Old Madam Han looked at the man in his fifties in front of her and asked Tian Qihua curiously, "Who is he? Why did he also sit in the front row? Didn't Principal Tao say that the front row was for our people?"

Tian Qihua glanced at Principal Tian and without hiding anything, she openly said, "Mom, this is the principal of Guzheng Academy, Principal Tian."

"What?" Old Madam Han immediately glared at Principal Tian and stomped her cane on the ground. "Is this the principal who kicked our Zixuan out of the school?"

Principal Tian: "..."

How should he respond to that?

Tian Qihua laughed and nodded. "Yes, that's him!"

Old Madam Han snorted and walked directly past Principal Tian. When she found out that her seat was next to him, she deliberately turned to Han Xiwang and said, "Xiwang, come and sit here. I don't want to sit next to a blind person."

Principal Tian: "..."

This old lady really despised him to the core!

Old Madam Han sat in the middle and Old Man Han sat on her right. Then she waved her hand toward the left. "Leave these three seats for Zixuan, Jun, and Jiahao. Jiahao will definitely sit here as well. Lin Xiu and Shaoqiang can sit on my right."

The more Lin Xiu listened to Old Madam Han's words, the happier she became. Although they were relatives and often met in gatherings, she had never been as close to the Han Family as she was now.

Although the relationship between Qin Yu and Liang Jiahao was a bit chaotic, Lin Xiu was happy. As long as Liang Jiahao and Qin Yu were married, her seniority would be able to go up a notch. She would no longer have to call Tian Qihua 'auntie' when she saw her.

At this time, a lot of people had already arrived. The venue was very large, enough to accommodate five thousand people. When Old Madam Han saw the youngsters behind her, she happily

turned to Old Man Han. "We have to go out more often from now on. Take a look around. Sitting in front of this group of youngsters makes me feel like I've become much younger."

Old Man Han followed Old Madam Han's gaze and looked behind them. That's right, there were children sitting behind them.

They looked no older than Liang Zixuan and some of them were even younger than her.

"Alright, as long as you want to come out, I'll accompany you."

Old Madam Han was happily chatting with Old Man Han while Tian Qihua was chatting with Lin Xiu. A few families were sitting there, so the conversation was quite lively.

After a while, Han Yuanjun arrived with Liang Zixuan. When Old Madam Han saw them, she hurriedly waved at Liang Zixuan. "Zixuan, come here and sit by grandma's side."

Liang Zixuan looked at everyone in the front row. Suddenly, she saw a pitiful person sitting in the corner. She smiled at Old Madam Han. "Grandmother, you sit first. I'll go greet Principal Tian."

"Why did you want to greet him? He wasn't so kind to you back then."

"No." Liang Zixuan explained, "Grandmother, Principal Tian is actually a good person. It's the teachers under his command who talked nonsense. Principal Tian has never offended me before." *Novelusb.com*

Old Madam Han nodded in understanding. "I see. That little old man looks quite shrewd and it's impossible he would let you leave his school just like that."

After Liang Zixuan finished talking to Old Madam Han, she walked toward Principal Tian with Han Yuanjun.

Principal Tian didn't expect Liang Zixuan and Han Yuanjun to come over to him at all. He even deliberately looked around, leaving only one seat, which belonged to Principal Tao. There were no other empty seats.

It wasn't until Liang Zixuan and Han Yuanjun stood in front of him did he completely believe they had come for him.

"What is it? You all came to mock me, just like Principal Tao?" Principal Tian was in such pain that the blood was dripping from his veins, but he pretended to be indifferent. "I'm telling you, Principal Tao was the one who invited me. I came here because of him, even if you want to mock me, you should change the time and place."

Liang Zixuan chuckled and politely said, "Principal Tian, you misunderstood me. I didn't mean it that way."

Principal Tian's face finally looked better, but he still looked at Liang Zixuan defensively. "Then what're you doing here? You're not here just to greet me, are you?"

"Originally, it was like that." Liang Zixuan couldn't suppress her laughter. With a satisfied look on her face, she said, "But after listening to you, I feel that simply greeting you isn't enough."

Principal Tian's face sank. "So you're indeed here to mock me?"

"No." Liang Zixuan retracted her smile and said, "I'm here to cooperate with you, but it seems like Principal Tian isn't willing to do so..."

"Cooperate?" Principal Tian's heart skipped a beat and his expression became excited. "How do you want to cooperate?"

As long as Liang Zixuan wanted to cooperate, all her plans would be very effective for his Guzheng Academy. No matter the cost, he was willing to work hard to achieve this cooperation.

He was willing to curry favor with Liang Zixuan.

"I want to see if our two schools can work together to hold a friendly competition, whether it's singing or acting. Han Group will choose the best students from the competition and sign the contract. So, what do you think about this? Is this cooperation okay?"

Not bad!

Of course, it was more than okay!

Principal Tian was overwhelmed by the unexpected favor and immediately became spirited. Gone all his dejection over Old Madam Han's knife digging words.

Chapter 676 The Long-Awaited Competition VI

Principal Tian immediately took Liang Zixuan's hand and nodded excitedly, "I'm willing, very willing!"

Seeing that he was happy, Liang Zixuan also became happy.

Although she had some disagreements with Guzheng Academy, it was all in the past, and it wasn't Principal Tian who had driven her away.

Not being angry at everyone because of others' mistakes was one thing, the other was that Guzheng Academy was not bad. Whether it was the strength of the teachers or the quality of the students, they were all very good.

Because of her matter, Han Group had greatly suppressed Guzheng Academy in the past two years. The talents of many brilliant students had been wasted, and some had gone to many small entertainment companies. However, they were unable to improve, which resulted in Liang Zixuan not being able to withstand it.

"After the competition is over, I will send someone to go to Guzheng to talk to you about this. Principal Tao will probably come too. Principal Tian, I need to bother you to entertain them for a while."

Liang Zixuan's attitude was sincere, and she did not have the slightest hint of arrogance.

Principal Tian smiled and nodded, secretly admiring her.

After all, there weren't many people who would repay a debt of virtue with grievances. What's more, they had once had such an unpleasant time with her.

"Good, then I'll be waiting for your good news. All the best for today's competition." Principal Tian raised his arm and made a fighting gesture toward Liang Zixuan.

Even Liang Zixuan was amused by him. Principal Tian was a man in his fifties, and when he did something like this, he was kind of cute. *novel* **Usb.cOm**

Han Yuanjun and Principal Tian nodded in greeting.

When they returned to their seats, Han Yuanjun held Liang Zixuan's hand. "Baby, why are you so nice?"

Liang Zixuan understood what Han Yuanjun meant. She leaned her head on his shoulder and smiled. "I am not a good person, I just feel sorry for talented students in their school. I don't want them to become like Jia Zexi, a wandering singer on the street."

Han Yuanjun was stunned for a moment before turning to look at Liang Zixuan. "Are you saying that Jia Zexi is from Guzheng?"

Liang Zixuan nodded her head. "Yes, but he has already graduated. Even before the disagreement between me and Guzheng happened, his talent was buried. But luckily, I met him."

When Han Yuanjun heard that, he was a little jealous. He raised his hand to pinch Liang Zixuan's chin and asked her angrily, "Luckily, you met him? You dare to praise another man in front of me, hmm?"

Liang Zixuan blinked and smiled at Han Yuanjun. "I'm just flattering him so that he can earn more money for you."

"Humph!" Only then did Han Yuanjun chuckle. He pecked on Liang Zixuan's lips. "That's more like it."

While they were chatting, the invited judges had already arrived and were sitting in front of them.

There were four seats in front of them, specially prepared for the judges.

Qiao Hongya was one of the judges this time.

The judges didn't have the right to decide the winner, they were responsible for giving their opinion about the performance and giving some guidance to the audience.

When Liang Zixuan saw Qiao Hongya, she immediately looked around and asked, "Where is my grandmother?"

Han Yuanjun said, "Grandmother was in a small room with grandfather. Since grandfather is here, she should be here now."

As soon as he finished his sentence, Luo Yanyun came over and sat next to Tian Qihua. She also smiled at Liang Zixuan.

Liang Zixuan tilted her head and gave Luo Yanyun a broad smile.

The host entered the stage and with a microphone in his hand, he introduced the four judges sitting in front of him.

In addition to Qiao Hongya, there was another judge who was a well-known musician from the mainland, and the other two were well-known musicians who were specially invited by the Han Group from Korea.

Qiao Hongya's reputation was not limited to only in the country, but he also had great influence internationally, so when the host introduced him, the audience burst into applause.

After introducing the judges, the host introduced the rules of the competition. "The winners of this competition will be determined by your hands. On the left side of your seat is an electronic voting device. You can use it to vote for your favorites."

The host pointed to the audience seats and the audience immediately turned to look at their left sides.

"Since this is a competition between two countries, there will be two judges we've specially invited from Korea. Music has no boundaries. Even if you don't understand what the contestants are singing, you can understand the music. You can also understand the performances of the contestants on stage."

The theater was filled with fans of both the male and female groups. Everyone was waving their glowing sticks and shouting the names of their favorite idols.

The host smiled and continued, "For the first match, I'll be the host. For the second match, our Korean friend will come and vice versa. Without further ado, let's begin the first match!"

The first match was between the male group.

The audience waited patiently. Suddenly, a chasing light hit the stage and Ren Zhen jumped up out of nowhere. He stood in front of the stage and the fans below immediately screamed.

He performed a short dance before suddenly four chasing lights lit up and four members jumped out. The fans below enthusiastically shouted their names.

Probably because this group had just been formed and the popularity of the talent show hadn't yet waned, the reaction of the fans was very strong. This also gave the five boys on the stage confidence.

As the music continued, the boys sang and danced on stage, making the atmosphere become really chaotic. Many fans even stood up and shouted loudly to them.

Especially in the middle. Ren Zhen suddenly flipped backwards. The four members next to him put one hand on the floor and formed a beautiful formation. The fans were so excited that they almost went crazy.

"So handsome!"

"Too cool!"

The hot singing and dancing made Old Madam Han and Old Man Han shiver uncontrollably.

"Zixuan, they're so good! Watching them makes me feel like I'm a few dozen years younger!" Old Madam Han's head happily bobbed, following the beat.

Liang Zixuan didn't expect Old Madam Han to like it. When Old Madam Han said she wanted to watch the competition, Liang Zixuan was afraid the music would be too much and Old Madam Han wouldn't be able to accept it.

Following Old Madam Han's words, she indeed looked younger. The smile on her face made her look even younger.

"Grandmother, it's good that you like it. Next time, if there is a competition or a show like this, I'll give you the tickets. Let's watch it together."

Old Madam Han nodded her head vigorously. "Sure, sure! You must remember to give them to me."

The moment they finished talking, the performance on stage had already ended. Ren Zhen and the other members walked to the front of the stage together and bowed to the audience.

Chapter 677 The Long-Awaited Competition VII

"Tch! Why are they pretending to be polite?" The members of 4VB1 Passion, who were watching a live performance backstage, snorted in disdain. "Their performance is nothing more than mediocre..."

They said that because the male group members in their team were so nervous. They have performed in many events, but this was the first time they were going to compete on a big stage. It would have been strange if they had not been nervous when they saw their competitors performing so well and receiving thunderous applause.

4VB1 Passion could only use this to suppress the others.

If they didn't say it, then it would be okay. But as soon as they said it, the male group members became even more nervous.

"To be honest, their performance is not like a group that was formed just a week ago. They coordinated very well and danced and sang very well. They worked very well as a team." One of the male group members was sincerely evaluated. *nOvElusb.cOm*

"Indeed. They have only been formed for a week and they are already performing so well. Given them more time, I am sure they will definitely be at the top of the rankings. Even I, myself, am not sure if our group can do better than them."

"Enough!" Tae Ye-Jin snorted. "Do not underestimate yourself. I just feel like they are jumping around like a bunch of trash. It's not pleasant to look at right away!"

No sooner had she finished saying that, the Korean judge appeared on the television. The judge's eyes lit up as he looked at the five boys on stage. He asked seriously, "Are you sure your group was formed for one week? You are not lying to us, are you?"

Ren Zhen smiled and answered while holding the microphone. "Indeed we are only a week established. Everyone present can testify for us."

After he finished speaking, the audience immediately screamed passionately. Ren Zhen raised his hand and made a heart gesture toward the audience.

The two Korean judges looked at each other and showed a shocked expressions at the same time. One of the judges said sincerely, "To be honest, I did not think a newly formed group could coordinate so well. Whether in terms of dancing or singing, the five of you can work together very well. Especially your singing, it is very lively, just like a tree full of vitality, making people want to hear more from you."

Ren Zhen and the other members received high marks from the Korean judges and they all bowed to the judges.

At this moment, the Korean male group who were waiting backstage felt the pressure increase.

The staff walked over to them. "It's time for you guys to go on stage. Hurry up."

The male group members looked at each other and followed one by one.

Tae Ye-Jin shouted from behind, "Don't be afraid, raise your chest and give a good performance!"

When Ren Zhen and the other members stepped down from the stage, they happened to meet this group. He nodded politely to them and then led his group backstage.

Zeng Zhelan happily walked up to them and handed them bottles of water. "Your performance today was really great."

Ren Zhen drank a mouthful of water and smiled humbly. "We still have a lot of room for improvement. We still need Director Zeng to keep us up to date."

"That's for sure!" Zeng Zhelan looked at the boys and smiled happily. At that moment, music sounded from the television.

Zeng Zhelan immediately ran over to watch the Korean male group perform.

Tae Ye-Jin stood beside her, staring intently at the television screen.

When Ren Zhen and the others saw this, they also went over and stood in front of the television to watch the performance.

The Korean male group's performance was also very exciting. However, during the singing, the voice of one of the members suddenly broke. It was unknown whether it was because the dance was too difficult or because he was tired.

The audience might not be able to tell, but they could.

Ren Zhen did not look very relaxed when he said this, "His voice broke."

Zeng Zhelan, as a professional, noticed this too. She nodded. "It's not very obvious, but it is indeed broken."

Although Tae Ye-Jin could not understand what they were saying, she could guess what was going on. With a dark face, she glared at them with jealousy. "What's wrong with the broken voice? Even if it is broken, his broken voice is better than your performance!"

Zeng Zhelan: "..."

Ren Zhen: "..."

This person's self-confidence was truly high.

They were too lazy to argue with Tae Ye-Jin, so they kept looking at the screen.

After the Korean male group's performance, the judges began their comments. Qiao Hongya held the microphone and looked at the stage with frustration in his eyes. "Even though you are a group of singers, your control of the songs is still far from enough. Your breathing control and nervousness, especially your voice break, really affected your performance."

After Qiao Hongya said this, the interpreter on stage translated his words to the group, and the boy with the broken voice lowered his head in embarrassment.

Next, it was the turn of one of the Korean judges. His expression was even uglier than Qiao Hongya's. You could even say that he had reached an extreme level.

"How do you feel about your performance?"

The boys stood on the stage and silently lowered their heads.

The judge suddenly said angrily, "Did you really practice this performance before you came on stage? Did you really take any singing lessons? Don't think that just because you're handsome, you can make up for your lack of singing. Fans come to your concerts to see good performances, and it's not different from today. Such a performance from you really disappoints me."

Another Korean judge couldn't wait any longer and cut off with a loud voice. "Singing and dancing are equally important but don't forget the song itself. The dancing is just to give points to the song, not the whole thing! All of you did a great job in that department, but you have forgotten about the song itself. For a male group that has been established for three years, this kind of performance shouldn't be at your level."

Tae Ye-Jin heard her country's judges not standing up for their team backstage, and even scolded them in front of the audience.

She angrily clasped her hands by her side. "What is this! How could they become judges? Other people know to leave some face for their country's team, but instead, they praise our enemies. I really don't know why they were invited to be judges tonight."

After Tae Ye-Jin finished her sentence, the other members of 4VB1 Passion also joined in. "That's right! They are not that bad, but these people make them sound so bad!"

"Weren't they all invited by the Han Group? Could it be that they were all bought by Liang Zixuan?"

"I think so too! I really don't know what benefit Liang Zixuan has given them by slandering our men!"

Chapter 678 The Long-Awaited Competition VIII

After the review about the Korean male group was done, Ren Zhen and the rest of the group went on stage and waited for the five hundred audiences to cast their votes.

Finally, the host announced that Ren Zhen's group had won!

Tae Ye-Jin looked angrily at her teammate. "Everyone, let's do our best. I cannot wait to see what the judges will say about us later!"

4VB1 Passion's performance was not affected by the defeat of the male group.

After the performance, they stood on stage while Tae Ye-Jin arrogantly looked at the four judges below.

She wanted to see what these judges had to say!

Qiao Hongya did not comment much on this. He just frowned slightly and looked to the side, not looking at them.

Instead, the Korean judge held his microphone and gave a long sigh. "You all performed very, very well. The singing and dancing were perfectly coordinated."

Tae Ye-Jin grinned, but before she could gloat on her victory, the judge shook his head. "But ... Your outfits are too inappropriate! Your pants are too short and your tops are too low-cut, drawing all the audience's attention to be on you, instead of the song and the performance itself." *NoVelus.com*

Just as he finished speaking, Qiao Hongya picked up his microphone, paused for a long time, and finally said, "When I see you, it reminds me of a dancer in ancient Shanghai."

Tae Ye-Jin looked down at her clothes. She felt that there was no problem with it.

"What's wrong with our clothes?" She argued honestly, "It's comfortable for us to dance when we dress like this. Besides ... We have always worn these clothes this way. Why didn't you say you had a problem with our clothes before?"

The Korean judge immediately said, "We were never given the chance to say it in the past. You guys are so alluring, dressing in such a way that the audience doesn't care about what you sing! Just like what Master Qiao said, your dance only makes us feel flattered."

Tae Ye-Jin was very angry. This was obviously unfair. Why can't they wear whatever they want? But if it was for men, then it'll be fine?

Recalling what her group members had said backstage, she suddenly felt that they were right.

So, she didn't care if she was still on stage or if the camera was still recording. She just stood there and stared coldly at the four judges below the stage. "I never thought that an entertainment company as big as the Han Group would really use dirty tricks just to win."

When she said that, the fans immediately screamed. Some of them even shouted loudly, "You came right out with your shorts and bras and still have the nerve to be angry when people say that to you? Aren't you afraid of bringing harm to minors?"

"What we want is good music!"

Tae Ye-Jin immediately found Liang Zixuan's seat. She looked at her provocatively and said, "Liang Zixuan, are you really going to win like this?"

Liang Zixuan pursed her lips and felt very wronged in her heart. She obviously hadn't done anything, so why was Tae Ye-Jin pouring fuel on the fire by mentioning her name?

At first, she didn't want to say anything, but now that Tae Ye-Jin had mentioned her name, it seemed she had no choice but to do so.

Liang Zixuan stood up and walked to the side of the judge's table. She took the microphone from Qiao Hongya and looked up on the stage. "You said I bribed the judges? Haha... "

Liang Zixuan laughed lightly. "The four judges here are all seniors who've high status in the music industry. They have fame and status because of their hard work. Do you really think they will give up all of that because of money? Tae Ye-Jin, Ca Sang-Ook is the leading producer of your country. I remembered once a company came to him with money and asked him to help produce an album for a female singer. After listening to the female singer's singing, he kept saying, "My music won't be given to people who don't understand music at all." I think everyone in the entertainment circle in your country knows about this, right?"

Tae Ye-Jin looked at Ca Sang-Ook, unable to speak. She was so angry just now that she'd forgotten about that!

Seeing that her expression had changed, Liang Zixuan continued, "I'm also a music producer. Like them, I only see the music itself. If you think there's a problem with their comments, you can talk to Cha Jinho!"

Tae Ye-Jin was silenced by Liang Zixuan's domineering words. She angrily left the stage.

After stepping down from the stage, she went to find Cha Jinho together with the other members.

Cha Jinho was sighing and scratching his hair in the common room when suddenly the door was pushed open. Tae Ye-Jin walked up to him angrily. "Mr. Cha, why are you still loitering here alone? If you don't go out and seek justice for us, we'll be bullied to such an extent!"

Cha Jinho raised his eyes and looked at them absent-mindedly. He shook his head and sighed, "Leave me alone, all of you, please leave!"

"Mr. Cha!" Tae Ye-Jin was angered and grabbed his wrist. "There's no problem with our singing and dancing. But they actually said that there's something wrong with our clothes, that our clothes are too inappropriate! Didn't we wear these kinds of clothes before? What's the problem now? I think those judges were bribed by Liang Zixuan. You must get justice for us!"

"Aiya, let go!" Seeing that she refused to let go, Cha Jinho shook his head and said, "You are indeed wearing very revealing clothes. You were on a tour earlier and you may not know it yet, but the country has already issued an order for the idols who go on stage in the future, especially females, the outfits can't go more than an inch above the knees and can't be too sexy."

"What?" Tae Ye-Jin looked at Cha Jinho in disbelief and shook her head. "How is that possible!!!"

"It's what has been decided by the higher-ups." Cha Jinho clutched his hair and looked very discouraged. "We've already been called names, and we're here for a competition, so I didn't ask for too much from you. When we get back home, you'll have to change your clothes!"

Tae Ye-Jin still couldn't accept it. She looked at Cha Jinho's discouraged behavior, like a beaten rooster, and sat down next to him. "Mr. Cha, what's wrong with you? You were still full of fighting spirit in the morning, why did you suddenly become like this?"

The competition hadn't even ended yet and he was already admitting defeat?

Cha Jinho glanced at Tae Ye-Jin, he really didn't want to say it ...

A/n:

The governments in both countries have really strict rules about how idols' dress on stage, especially in China because most of the fans are underage. They are strict not only on clothing but also on appearance. There's also the saying about the "immoral" entertainers trying to improve fan culture. I feel like I should write this to give readers the awareness of what exactly happening in a reality world.

Chapter 679 The Long-Awaited Competition IX

Unfortunately, Tae Ye-Jin's personality meant that the more you didn't say anything, the more she wanted to get to the bottom of it.

In the end, Cha Jinho had no other choice. Since he was already like this, it was better to share his worries with someone than to bear them alone.

"Han Group is planning to buy Happy Entertainment."

Tae Ye-Jin was shocked. "What, they want to invade our Korean entertainment circle?"

At this moment, the staff member ran over in a hurry. "I finally found you. Hurry up, come with me to the stage. It's time for the voting."

Tae Ye-Jin stood up and followed the staff member out. When she reached the door, she suddenly turned around and glanced at Cha Jinho. She had mixed feelings, and it was difficult for her to calm down for a while.

4VB1 Passion's performance was quite good. After all, they were a very mature female group and were quite famous in the entire Southeast Asia. But so was Liang Zixuan's group. In the end, the two groups tied.

If it had been just a moment ago, with Tae Ye-Jin's personality, she would have started another ruckus again. But now, with her mind filled with the matter of Han Group entering the Korean entertainment circle, she no longer had the mood to care about the competition.

Liang Zixuan saw that all the female members had left the stage. She immediately said to Liang Jiahao. "Big brother, Qin Yu is about to go on stage. Are you ready?"

Liang Jiahao's face was calm, without a hint of nervousness. He nodded in reassurance. "Don't worry."

Right after they finished talking, the lights in the theater suddenly dimmed, followed by sad and soft music. Liang Zixuan held her breath, closed her eyes and listened ...

Qin Yu's voice slowly rang out and the entire audience immediately quietened down. Their hearts seemed to have sunk together with her voice. Some of the passionate audience's eyes reddened when they heard her words.

Qin Yu was wearing a white dress as she stood on the stage. Her hair was tied up and her face was adorned with exquisite makeup. Under the soft light, she had an indescribably sad and beautiful look.

As the music became more and more intense, her singing also became more melodious and she sang the song in a high pitch.

This was the first time Lin Xiu and Qin Shaoqiang saw Qin Yu singing live. Lin Xiu was so moved that tears fell from her eyes.

"Qin Yu's singing is very good. I really didn't think her voice could be so touching." Lin Xiu choked with emotion and then whispered in Qin Shaoqiang's ear, "She sang well until I cried!"

Qin Shaoqiang held Lin Xiu in his arms and heaved a long sigh. "I was surprised too."

Qin Yu's stage presence was very strong. When she reached the most tragic chorus, she suddenly opened her hands like a bird that wanted to soar in the sky. This shocking scene made the audience below the stage unable to refrain from cheering.

When the last line was said, Qin Yu slowly looked down the stage. When her gaze landed on Liang Jiahao, a bright smile appeared on her face. She took a step back and bowed to the audience.

The audience immediately burst into thunderous applause. Many in the audience even exclaimed, "I didn't expect Qin Yu to be able to sing so well!"

"Yeah, I always thought she only knew how to sing upbeat love songs. Today, I feel that she has grown up, just like the lyrics. 'I will fly out the window, fly with the wind and face the light. Nothing can stop my tenacity.'"

After the applause, many of the audience began to shout Qin Yu's name.

"Qin Yu! Qin Yu! Qin Yu!"

The host went up on stage and gave Qin Yu a warm hug.

"Qin Yu, can you tell me what you are feeling right now when you hear the shouts from the audience?" The host asked with a smile.

Qin Yu held onto the microphone and stood quietly on the stage. Her gaze slowly roamed over the audience before she smiled and said, "Very excited. Because a while ago, there was some negative news that was bad for me. I thought the audience wouldn't like me anymore ..."

Just as she said that, the audience burst into enthusiastic shouts. "No! Qin Yu, we will always love you!"

Qin Yu smiled embarrassedly and nodded. "Yes. Seeing everyone still supporting me like this makes me feel really ... Touched."

The host looked straight at Qin Yu's face. Originally, this was supposed to be part of the judges's commentary, but for some reason, the host grabbed Qin Yu's hand and said, "Qin Yu, you just said something about negative news, and I just remembered that after that incident, you didn't make any statement to the media or your fans or friends. Although in the variety show, you and Mr. Liang did show your love for each other, but many viewers also said that it was just for a show. Can you explain anything about this?"

Qin Yu calmly raised her eyebrow and looked at the host in confusion.

Didn't this host belong to the Han Group?**noVeLUSb.com**

Why did she ask about this matter in public today?

Was she trying to embarrass her?

Qin Yu's face darkened slightly, but she still replied politely, "There's nothing to explain. If you were to say that I'm just putting on a show, then you'd also say that I was being sly even after I explained it. Those who believe in me will believe me when I say I never did it. Those who don't believe me, no matter how much I explain, it will all be useless."

The host smiled. "So you're saying that you're wrongly accused?"

Qin Yu took a deep breath and nodded her head firmly. "Yes."

At this moment, a woman carrying a fresh flowers banquet quickly walked onto the stage. The fresh flowers were blocking her face, even the camera couldn't see her appearance.

It was normal for fans to send flowers to their idols at a concert, but today wasn't a concert. The organizers didn't allow any fans to send flowers to their idols, and even if they did, wouldn't they have to wait until the competition was over?

All of a sudden, the woman who walked up the stage with the flowers in her arms became the center of attention.

Even Qin Yu looked at her unblinkingly.

Although she couldn't see her face, Qin Yu felt that this woman's figure was very familiar ... It was so familiar that she could almost call out her name ...

But Qin Yu knew that it wasn't her.

How could it be her?

Hadn't she already left?

While Qin Yu was still doubting, the woman had already walked onto the stage and was standing only a meter away from her. Suddenly, she lowered her hands and showed her face to Qin Yu, giving Qin Yu a warm hug. "Qin Yu, long time no see."

Qin Yu was completely stunned. She looked at the woman's face in shock ..

Chapter 680 The Long-Awaited Competition X

The audience below the stage all looked at the woman who was hugging Qin Yu in disbelief and some even asked curiously, "Who is that?"

"Is she a fan?"

"No, she isn't. Look at Qin Yu's reaction, she obviously knows this person. The woman is definitely not a fan."

The crowd below the stage panicked, but the people on stage didn't react at all.

The woman giggled, let go of Qin Yu and handed her the flowers. "Qin Yu, what's wrong? Don't tell me you don't recognize me after not seeing each other for a few months?"

"Xia Jingfei..." Qin Yu slowly spoke the name, her eyes filled with indescribable feelings. "You... Weren't you gone? W-what are you doing here?"

Xia Jingfei took the microphone from the host. Then, she turned to the audience.

She took a deep breath and couldn't suppress the trembling in her heart. This was the first time she faced so many eyes.

The host patted her on the shoulder and cheered her on. "You can do it."

Xia Jingfei smiled faintly at the host and then spoke softly into the microphone. "Hello everyone. My name is Xia Jingfei, I'm a good friend Qin Yu used to quarrel with."

As soon as she said that, the audience erupted into a commotion. The fans were in a complete mess. Xia Jingfei couldn't hear clearly what they were saying, and she didn't want to hear it.

She suddenly smiled and put her arm around Qin Yu's shoulder. "The rumors about me and Liang Jiahao are completely false and never happened. I indeed attended the blind date with him, but the relationship between us wasn't a love affair. He's always regarded me as his friend. It's true that I left home, but it wasn't because of Qin Yu and Liang Jiahao." **noVeLUSb.coM**

Xia Jingfei took a deep breath and turned to Qin Yu. They both smiled at each other before Xia Jingfei continued, "It was because my mother was too strict with me, so I wanted to go out and see the world outside. Maybe I didn't take my mother's feelings into consideration, my action had caused her to misunderstand Qin Yu."

"A few days ago, Liang Jiahao found me, and only then did I know that my mother had lost her mind because of my departure. That's why I came back...To take care of my mother and also to explain this matter on behalf of Qin Yu."

"Qin Yu... She's not someone who likes to explain. She has her own principles when she does something, and most of the time, even if she was being misunderstood, she won't explain. Everyone close to her knew that and knew that as long as she said she didn't do it, she definitely wouldn't do it. So, I hope everyone will stop misunderstanding her. Qin Yu is a very good friend and a very good girl."

Xia Jingfei hugged Qin Yu.

Qin Yu was so overwhelmed by Xia Jingfei's words that her eyes turned red. She knew Xia Jingfei's true personality. She was a shy and fragile girl. When she was confronted or surrounded by so many people, she would not be able to speak out.

"Jingfei..." Qin Yu said her name as she was choked with sobs. If it wasn't for the fact that they were in front of many people, she would definitely hug Xia Jingfei and cry loudly.

"Qin Yu, I'm so sorry." Xia Jingfei whispered in her ear. "Because of my selfishness, I caused you a lot of trouble. I only cared about myself. I'm really sorry."

"No." Qin Yu shook her head loudly. "I have let you down. You wouldn't have had to go through this if it wasn't for me."

The host took the microphone from Xia Jingfei's hand and smiled at the audience. "Everyone has seen that the relationship between Qin Yu and Xia Jingfei has always been good. So please pay more attention to Qin Yu's work in the future. We'll see her grow together."

The entire audience, including the judges below, applauded.

Qin Yu didn't hear a single word of what the judges were saying. Her mind was focused on the last line Xia Jingfei had whispered in her ear. "Liang Jiahao found me. He said he couldn't let you suffer a little grievance, so... I'm back."

Qin Yu went backstage and was about to run back to the dressing room to calm down when Liang Jiahao suddenly appeared out of nowhere and grabbed her arm.

Holding back tears, she said, "Why are you doing backstage?"

Liang Jiahao looked at her deeply and asked anxiously, "Why are you crying?"

"No, I'm not." Qin Yu struggled to open her eyes as wide as possible to keep the tears from falling. "Tell me, why did you go find Xia Jingfei behind my back?"

"I'm not trying to go around behind your back." Liang Jiahao noticed that the little girl looked a little angry, so he held her hand again. "I'm not sure if I can find her, that's why I didn't tell you in advance..."

Qin Yu won't believe it!

With Liang Jiahao's ability to find people, there wasn't a single person he couldn't find.

Qin Yu angrily pushed Liang Jiahao's hand away and wanted to run away. "I'm not talking to you anymore. I need to fix my makeup."

"Qin Yu!" Liang Jiahao suddenly pulled out a beautiful box from his pocket and knelt down, blocking Qin Yu's path.

He raised his head, looked at her with sincere but longing eyes, and said word for word. "I love you. From the first moment I saw you, I fell in love with you beyond redemption. From now on, I want to be able to see you every morning when I open my eyes. I'm willing to help you wear shoes for the rest of my life, and I'm willing to cook for you for the rest of your life. Will you marry me?"

Qin Yu stared blankly at the small box in front of her. After a while, she laughed. "What are you doing? The box is still unopened, how can you propose to me like this? How can I say yes when I don't even know the content inside? What is it? A ring or a necklace?"

Liang Jiahao: "..."

He looked at the box in his hand, and sure enough, it wasn't opened. He coughed sheepishly and opened the box in front of Qin Yu's eyes. Seven carats diamond ring was placed inside, emitting a dazzling glow under the soft light.

Liang Jiahao pursed his lips and said awkwardly, "This is the first time I've proposed to someone, so I've no experience. I want you to wear this ring for the rest of your life. "

"I won't!" Qin Yu suppressed her laughter and lifted her chin, looking coldly at the diamond ring before at Liang Jiahao.

Liang Jiahao frowned slightly. "What, why?"

Qin Yu snorted coldly. "You still haven't explained to me why you were looking for Xia Jingfei behind my back. Are you going to propose to me without clearing up this misunderstanding first? Xiao Liang, you have no sincerity at all."
