

## Beauty 681

### Chapter 681 The Long-Awaited Competition XI

What should Liang Jiahao do if his bride was unhappy?

He didn't have much experience in this.

This was the first time he met a girl who was not happy with his proposal.

"I ..." Liang Jiahao, who was usually decisive and swift in actions, was actually nervous now. He looked at Qin Yu's delicate face and didn't know how to persuade her.

After calming down, he said with some regret. "The reason I went looking for her was because I ... wanted to clarify our relationship. But not just because of that. I... I did it because I don't want you to be cursed by other people when you're with me. I know you might be angry with me for not telling you in advance, but I promise you that in the future, I will always tell you about everything in advance. Qin Yu, please don't be angry."

Qin Yu bit her lips. She looked at Liang Jiahao's self-condemning expression and really wanted to laugh.

But she can't laugh!

It wasn't easy for her to get the chance to see Liang Jiahao's anxious and disappointed expression. If she laughed out loud, she would never be able to see him again.

"Humph!" Qin Yu clasped her hands behind her back and turned her head to the side, not bothering to look at Liang Jiahao. "This time, I'll let you go easily but I still won't marry you."

"Is that so?" Xia Jingfei's voice suddenly sounded from behind. In the next second, she walked past Qin Yu and stood in front of Liang Jiahao.

"Qin Yu, since you don't want to marry Liang Jiahao, then I will accept this ring. I will marry him!"

After saying that, she reached out to take the ring from Liang Jiahao's hand.

Qin Yu was dumbfounded. She didn't think that even after being proposed to, there were still people coming to intercept and snatching her man!

She rushed in front of Xia Jingfei and took the ring. Then, she quickly slipped the ring on her finger and pulled Liang Jiahao up from the ground. "He's my man, you can't keep thinking about him!"

She raised her hand and showed the diamond ring in front of Xia Jingfei's eyes. "Do you see this? I'm wearing his ring on my hand, you won't stand a chance."

Xia Jingfei laughed happily. "Qin Yu, you're too funny. You obviously love him so much but don't want to admit it. Your mouth is so arrogant that you don't want to let go of your pride. If I don't provoke you, who knows when you'll consider wearing his ring."

Suddenly, Liang Zixuan came out with some other people. She went and held Qin Yu's hand, exclaimed in surprise. "Wah, what a big diamond!"

Han Yuanjun raised his eyebrow. "It's really big."

Luo Yanyun, who now had a son-in-law and daughter-in-law, was grinning from ear to ear. "Qin Yu, you've already wore the diamond ring, so you can't go back against your words anymore."*novelUsb.Com*

Qin Yu looked at the group of people who were looking at her with smiles. Suddenly, she felt happy in her heart. No matter how she looked at it, the diamond ring on her finger looked beautiful.

"I won't." She lowered her hand. "Such a big diamond ring, why should I go back against my word?"

Everyone looked at Qin Yu happily. When they saw Liang Jiahao standing next to her, the more they looked at it, the more they felt that they were both match made in heaven.

"Qin Yu." Liang Jiahao pulled Qin Yu into his arms. He looked down at her hand, looking at the ring on her finger and showed a satisfied smile. "I will definitely protect you well."

"En." Qin Yu nodded seriously and wrapped her arms around Liang Jiahao's neck. She went up on tiptoe and kissed him on the lips. "I believe in you. You'll definitely protect me."

Lin Xiu leaned into Qin Shaoqiang's arms, she was so overwhelmed that she cried. "This girl is finally wanted by someone. I even had the thought that she wouldn't get married for the rest of her life."

Qin Shaoqiang also nodded. "I think so too. Fortunately ... someone is willing to take her off our hands."

Qin Yu: "..."

Were they real?

Usually, when no one was around, she didn't care if her parents said so, but now they were surrounded by so many people.

They were talking as if she really couldn't get married!

"Mrs. Qin, Mr. Qin, I was proposed to by someone today. Can you give me a little face?" Qin Yu pouted unhappily. "I want some face too!"

Qin Shaoqiang smiled empathetically. "Alright, we'll let you've a little face today, we won't talk about it anymore."

Seeing that everyone was here, Liang Jiahao was quite happy. He smiled. "I've booked a room in Taian. After the competition ends, let's go celebrate together."

"Good, good!" Old Madam Han was the first to nod. "I have watched Qin Yu grow up with my own eyes. I must attend this engagement party."

Old Man Han nodded as well. "Of course we must."

Everyone nodded in agreement, including Zhang Xiuying and Han Xiwang.

Han Xiwang had shown an excellent performance in the past six months. Not only did he sell all the shares to Chang Shi, but he also accompanied Zhang Xiuying every day when he was free. Even his mouth was no longer mocked and ridiculed Liang Zixuan.

Probably because of Liang Jiahao.

Han Xiwang not only did not mock and ridicule Liang Zixuan, he even seemed to be trying to fawn over her. Everyone was so happy and made the decision on the spot. Liang Zixuan and Han Yuanjun asked everyone to return to the venue and continue to watch the competition.

Seeing that everyone had left, Xia Jingfei came over and held Qin Yu's hands. "Qin Yu, congratulations."

Qin Yu's lips curled up into a smile as she pulled Xia Jingfei into her arms. "Jingfei, I'm so glad you're back. I'm so sorry about your mother."

"It's okay, you can't be blamed for what happened to my mother." Xia Jingfei patted Qin Yu's back. "I know very well that the reason my mother is like this has nothing to do with you. From now on, you'll be someone's woman. You must live happily with him."

Qin Yu nodded her head vigorously. "Don't worry, I'll definitely do that."

## **Chapter 682 The Long-Awaited Competition XII**

After staying backstage for so long, the host did her best to attract the attention of the audience. When the staff saw that Liang Jiahao's proposal had been successful and everyone had dispersed, he walked over and said, "Qin Yu, it's time for you to go on stage."

Qin Yu let go of Xia Jingfei and smiled at her. "I'm going to the stage now. When you have free time, we can go out and meet again. Or you can come to my house. I'll ask Liang Jiahao to cook something delicious for you."

An unnoticeable bitterness flashed in Xia Jingfei's eyes as she replied with a smile. "Alright."

That's what she said, but in her heart, she knew that she wouldn't go to Liang Jiahao's house again. Because ... that place didn't belong to her. If she went there again, she'd feel even more nostalgic and longing. Instead, it would be better if she didn't go there.

Seeing Qin Yu walk up to the stage, Xia Jingfei heaved a sigh of relief.

When Liang Jiahao found her, she was working as an intern in a small company and not leading a good life. She stayed in the cheapest house and ate only lunch, but she was still very happy.

But when she heard from Liang Jiahao that her mother was sick, she suddenly realized that the freedom she wanted, the simple and modest life she wanted, was exchanged for her mother's health.

At that time, she felt very selfish. She was very sad, very very sad, but also more afraid to go home.

She was afraid to see Dong Biming acting crazy. She was afraid of being scolded by her family.

Liang Jiahao had said to her, "Actually, Qin Yu is just like you, you and her... Both mothers were angry and dissatisfied with their own daughters, but Qin Yu did not choose to leave. No matter how sad

she was, she never thought of leaving her own family. Because she knew that no matter how much her parents demanded of her, it was because they loved her and hoped that she would become a better person. Xia Jingfei, your departure has hurt your family. Even though you live a carefree and happy life outside, is your conscience really happy?"

Xia Jingfei originally thought Qin Yu's family was harmonious and she was a devoted daughter to her parents. Qin Yu had led a princess life from a young age to the point where everyone wanted to be like her.

However, through Liang Jiahao's words, she finally understood. In fact, every family had such problems. It all depends on how you would solve it and how you would handle it.

Running away was not the best choice, running away can only hurt the family even more.

Therefore, Xia Jingfei decided to come back. No matter what reactions she would get from her family, she would still come back.

She reached into her bag and took out her phone. She dialed the number and after a while, someone finally answered.

Xia Jingfei held the phone and sobbed, "Mom, I'm back..."

• • • •

Qin Yu had won this round.

She'd no time to change her clothes before she came down from the stage. Liang Jiahao shifted his seat slightly and she sat between him and Liang Zixuan.

"After this, it's Jia Zexi's turn, isn't it?" Qin Yu whispered to Liang Zixuan.

Liang Zixuan nodded. "Yes, after this singer finishes his performance, it'll be his turn. He'll be the last to perform."

Qin Yu was a little excited. "I was really curious about what was special about Jia Zexi. Until now, Director Zhu has protected him like a national treasure. In the whole company, no one has heard him sing except Director Zhu."

Liang Zixuan laughed with satisfaction. "I've heard it."

That day, in Zhu Sheng's small room, Liang Zixuan had listened to Jia Zexi's singing. There was only one word that could describe her feelings at that time, and that was absolutely amazing.

His mesmerizing singing excited her greatly. She felt that handing Jia Zexi over to Zhu Sheng was the right decision.

Qin Yu pouted. This Director Zhu was very bad. She went to him several times wanting to know more about Jia Zexi, but he didn't mind her at all.

Qin Yu looked around and whispered, "Why is there no trace of Cha Jinho and Tae Ye-Jin? Where are they? Weren't they rejoicing over their victories even before the competition began?"

Liang Zixuan hugged Qin Yu's arm and whispered in her ear, "Those people don't have the fighting spirit anymore. Cha Jinho has probably been thinking about how he'll beg us soon. My husband and your husband have already decided to buy Happy Entertainment. Qin Yu, when the time comes, we have to take our anger out on them. In a few months, you can explore the Korean market."

"What husband?" Qin Yu shyly pushed Liang Zixuan's hand away. "I'm not married to your brother yet!"

Liang Zixuan narrowed her eyes. "It's only a matter of time before you get the marriage certificate. Don't be shy, I won't laugh at you."

Although their voices were low, Liang Jiahao and Qin Yu were sitting very close to each other. Liang Zixuan's words were all heard by Liang Jiahao.

He was looking at Liang Zixuan when his eyes suddenly narrowed and he began to think.

Liang Zixuan and Qin Yu chatted for a while before it was Jia Zexi's turn. The entire venue was immediately silent.

No fancy music, just the pure sound of a guitar. Liang Zixuan immediately held Qin Yu's arm. "If you listen carefully to his music, it'll make your heart pound."

Qin Yu didn't say anything else. She opened her eyes and pricked up her ears, admiring the performance on the stage.

A chasing light suddenly hit the stage. Jia Zexi was wearing a simple T-shirt and jeans as he sat on a high chair with a guitar in his hands. His fingers were skillfully strumming the strings of the guitar.

He opened his mouth and a deep, husky voice came out. The first phrase alone made everyone hold their breath, as if the heavy breathing was blasphemy for the song. *novelUsb.Com*

Everyone remained silent as his voice echoed throughout the venue. There was no explosive music, no background music. Just a guitar and a person. Just with this simple setup, Jia Zexi had brought everyone into his musical world.

Until the last note, none of the people present had yet recovered from his performance. Jia Zexi got down from the high chair with his guitar in his hand. Then he walked to the center of the stage and bowed to the audience. At this moment, there was no reaction from them.

He silently looked up at the audience. After a while, he picked up the microphone and asked humorlessly, "Did I sing badly? Why is there no applause?"

### **Chapter 683 The Long-Awaited Competition XIII**

Just as Jia Zexi said this, the entire audience burst into applause. The entire audience stood up and applauded him.

Including Qiao Hongya, the four judges all stood up.

Only then did the host come on stage and ask Jia Zexi with a smile. "Do you know why no one applauded you just now?"

Jia Zexi shook his head and asked in a daze, "Why?"

The host laughed. "Because everyone hasn't heard enough yet! Your song is too short, we feel like it just disappeared in an instant."

Just as the host finished speaking, the audience immediately echoed her words. "That's right, I didn't hear enough! Your song is too good to listen to. Please sing another song."

"One more!"

Jia Zexi pursed his lips. "Then ...I will try to sing a few more lines?"

"Sure." The host immediately took the microphone from Jia Zexi, holding it to his mouth while Jia Zexi played his guitar and sang.

After he finished singing, the host said, "It's still not enough. What should we do now? Jia Zexi, everyone is still not satisfied."

Jia Zexi put down his guitar, took back his microphone from the host, and laughed softly. "My album is in preparation. If everyone still hasn't heard enough, you can buy my album. All the songs on it are composed by me, and of course, there's also Director Zhu to guide me."

After Old Madam Han heard what Jia Zexi said, her hand wandered past Han Yuanjun and reached for Liang Zixuan. "Zixuan, when will his album be released? Don't forget to get me one. This child's voice is really beautiful, as if it touches my soul. Once I hear it, I won't forget it."

"All right, grandmother. When the album is finished, I'll bring one back for you."

Just as Liang Zixuan finished her sentence, Qin Yu also held onto her hand. "I want it, I want it too! I was wondering why Director Zhu was so mysterious. It turns out that Jia Zexi is really a secret weapon with extremely powerful killing power. With just his voice, let me tell you, his album can become so popular overnight!"

"So my eyes are still pretty good, aren't they?" Liang Zixuan raised her eyebrow smugly.

Qin Yu vigorously nodded her head and gave Liang Zixuan a big thumbs up. "But of course! There's no one who can escape your eyes, and your decision will never be wrong."

Qin Yu realized that Liang Zixuan could create a fire to whoever she wanted to. Moreover, it wasn't just a small fire, but one that could set the whole country on fire!

Qin Yu was sincerely impressed by this.

Tian Qihua, Zhang Xiuying and Lin Xiu all looked over at Liang Zixuan. "Zixuan, I want one too!"

"Me too!"

"Me too!"

Liang Zixuan smiled and nodded at them. "Everyone gets one."

This competition had been a hot one, and no one thought of it as a simple game anymore. With the exception of 4VB1 Passion, everything else was an overwhelming victory.

Just like what Liang Zixuan had said to Zhu Sheng before the competition, music must return to its roots. Only good music can move the audience's heart.

It was good to sing and dance, but it was only a passing trend. What remained in the memory of the people were the moving and heart touching songs.

This was the truth and the most important core of singing for a long time.

After Principal Tian finished listening to Jia Zexi's singing, he hesitantly asked Principal Tao, who was beside him. "This child, why does he look so familiar? Is he also from your Nanyang Academy?"

Principal Tao gave him a sidelong glance and said with a smile, "No."

"No?" Principal Tian touched his bald head as he tried to remember. However, after thinking for a long time, he still could not remember where he had seen Jia Zexi before.

Seeing his depressed face, Principal Tao smiled. "He is a graduate of your Guzheng Music Academy. At that time, Liang Zixuan recruited him on the street and felt that it was a pity that his talent was buried. It seems that she is not wrong. Jia Zexi really has lived up to everyone's expectations and performed very well."

"My Guzheng?" Principal Tian was very excited and laughed loudly while touching his bald head. "Hahaha... Like I said, why does he look so familiar? So it's my student! It seems like the final victory still depends on us, Guzheng!"

Principal Tao: "..."

This was the typical reaction of someone who was shameless.

Principal Tao had personally sent an invitation to Principal Tian because he knew that Jia Zexi was from Guzheng. Originally, he wanted to have a serious conversation with Principal Tian, but Principal Tian was not there.

If he had known that Principal Tian was such a conceited person, he wouldn't have sent him an invitation. Look at him - his tail was sticking out of his butt because of pride!

Without even giving Principal Tao a glance, Principal Tian walked towards Liang Zixuan. Before he even reached her, he had already grabbed her hands. "Aiya, I really didn't expect Jia Zexi to be a graduate of Guzheng Academy! Liang Zixuan, thank you very much."

Liang Zixuan: "..."

What the hell?

Why did she feel like she was doing something good?

But she clearly did not do anything good. She just felt that Jia Zexi's talent shouldn't have been buried. She also didn't think about which school he had graduated from. *noVELusb.com*

She just thought his singing was really good.

Principal Tian was so excited that he almost spat saliva. He kept saying, "I hope you will not take back your words about cooperation that you just mentioned. In this way, we can both make a profit. The most important thing is that we have brought a new power into the entertainment circle. Good job, Zixuan!"

Liang Zixuan smiled awkwardly and took her hand away. Principal Tian had used too much force to hold her hand just now.

"Alright, I will send someone to go to Guzheng to talk to you."

Principal Tian originally wanted to say something, but Old Madam Han came over, grabbed Liang Zixuan's hand and looked at him coldly. "We are going to celebrate our family's joyous occasion. Principal Tian, please look for my Zixuan on another day. We have to leave now."

"All right, all right." Principal Tian was overjoyed and kept nodding his head. "You guys go ahead, I'm going back too."

Walking out of the venue, Principal Tian was like a different person. His previous dejection had been completely swept away, and he left in a good mood, bringing along the wind that surrounded him.

He decided to spread the news within the school after his return. That Jia Zexi had come from Guzheng Music Academy.

The clash between the Chinese and Korean entertainment circles had given China a complete victory.

When Principal Tao found out that Liang Jiahao had successfully proposed to Qin Yu, he also planned to go to celebrate with the winners in the evening. He first congratulated Qin Yu and Liang Jiahao. "One day, I will treat you both to a meal. Today, I still have to give a celebratory feast for the children."

Liang Zixuan nodded. "Of course. Principal Tao, treat them well. I will treat them after the work here is done."

"Good, good!" Principal Tao smiled as he rubbed his hands and personally sent them to the parking lot.

Han Yuanjun supported Liang Zixuan as they walked in the front. Old Madam Han and the others followed closely behind. Just as they entered the parking lot, a figure suddenly jumped up from the side, startling everyone present.

Cha Jinho's face was full of worry, his tears streaming down his face as he blocked Liang Zixuan and Han Yuanjun's way. "Mr. Han, Mrs. Han, I apologize for what I did to you two earlier. Now that the competition is over and I have lost, I admit that we are indeed not as good as you two. I promise that I will never provoke you two again. Could you please reconsider your decision to buy Happy Entertainment?"

## **Chapter 684 Unexpected Situation**

Seeing Cha Jinho like this, Liang Zixuan wasn't only unhappy, but also a little angry.

"Buying Happy Entertainment is my husband's decision, Mr. Cha, and if he really wants to buy it, I will fully support him."

Cha Jinho was about to object, but Han Yuanjun interrupted him.

"There's no way to discuss this!" Han Yuanjun's cold words came out and he didn't look at Cha Jinho at all.

Buying Happy Entertainment was something that Han Yuanjun had decided to do the first moment Cha Jinho challenged Liang Zixuan. The next day after that meeting, he had someone do it for him.

Now, he was just waiting for the funds to be approved and eliminated Happy Entertainment in one move.

Liang Zixuan wanted to make music, so he gave her a chance to make everything. He believed that there was nothing she couldn't do as long as she wanted to do something.

Cha Jinho wanted to grab Liang Zixuan's hand to beg, but Han Yuanjun protected her and looked at Cha Jinho coldly. "This is a matter that cannot be discussed, Mr. Cha. Rather than bothering us here, why don't you go back and think carefully about how to manage the company after I buy it. Don't worry, even if I buy Happy Entertainment, I'll still give you the position of general manager."

What general manager? If he became the general manager, he would have to listen to Han Yuanjun!

"I-I ... " Cha Jinho cried out. "Mr. Han, President Han, I beg you, please don't think of using my Happy Entertainment to vent your anger, okay? I beg you!"

Han Yuanjun looked at Cha Jinho's crying face and felt irritated. It was impossible to watch a man crying like that without caring about his image.

Principal Tao also felt that this wasn't a good thing for Cha Jinho and wanted to persuade him to leave, but who knew that Cha Jinho was actually kneeling in front of Liang Zixuan and Han Yuanjun and crying sadly. "I know that I have done wrong things. I'm sorry for what I did to you two. What do you want me to do? Just tell me, I will do it. But please don't buy my Happy Entertainment."

Liang Zixuan: "..."

Han Yuanjun: "..."

Even Old Madam Han and the others behind them felt that Cha Jinho was a very shameless person.

Those who didn't know the truth, seeing him like this, would think that they were bullying him.

Principal Tao quickly came over and dragged Cha Jinho up from the ground. "Mr. Cha, please don't be like this. If you do this, you will only harass President Han and Liang Zixuan."

"Go away!" Cha Jinho pushed Principal Tao and shouted loudly. "If you don't agree, then I won't get up!"

Liang Zixuan: "..."

She had never seen such a shameless person in her life. Seeing Cha Jinho not apologizing sincerely and threatening them, she immediately understood that he clearly wanted to embarrass them. "Mr. Cha, if you keep forcing us like this, we'll definitely won't agree to your request. If you really want to kneel down, just kneel here, we won't keep you company anymore!"

After saying that, Liang Zixuan and Han Yuanjun continued to walk past Cha Jinho. Cha Jinho became restless and immediately raised his hand to grab Liang Zixuan.

Coincidentally, Liang Zixuan was walking beside Han Yuanjun, not far from him.

Cha Jinho grabbed her dress with all his strength, causing her to lose her balance and be pulled by him. **noVELus**.COM

Liang Zixuan staggered a few steps and fell to the ground.

Luo Yanyun immediately shouted from behind, "Zixuan!"

Qin Yu, Tian Qihua and the others also shouted at the same time. "Zixuan!"

Han Yuanjun's eyebrows furrowed in surprise. He quickly grabbed Liang Zixuan's hand, pulling her into his arms. However, it was too late. The two of them crashed to the ground.

At that moment, Han Yuanjun lightly pushed Liang Zixuan's body upwards and firmly protected her. Then, with a full force, his back slammed to the ground.

"Zixuan!" Old Madam Han had no time to use her cane and rushed toward Liang Zixuan. She didn't dare touch her for fear that Liang Zixuan might hurt somewhere, so she asked anxiously, "Zixuan, do you feel uncomfortable? Did you hurt yourself somewhere?"

Luo Yanyun and the others also ran over. Just like Old Madam Han, they were unsure of Liang Zixuan's condition and didn't dare to touch her. "Zixuan, do you feel something wrong with your body?"

Liang Zixuan tried to get up from Han Yuanjun's body. When she fell down earlier, her lower abdomen hit Han Yuanjun's belt.

She smiled at them. "I'm fine."

When everyone heard that she was fine, they finally heaved a sigh of relief. Qin Yu and Tian Qihua carefully helped Liang Zixuan up, while Liang Jiahao also helped Han Yuanjun up.

"Are you all right?" Liang Jiahao asked Han Yuanjun with concern.

Han Yuanjun nodded his head. "That kind of fall is nothing to me."

He patted his pants and looked at Liang Zixuan nervously. "Baby, are you sure you're okay? Did you feel hurt anywhere? Even if it's just a slight pain, don't hold back and say it out loud, okay?"

"Yes, Jun is right." Tian Qihua nodded. "You can say it even if it hurts a little. Zixuan, don't be afraid that we will worry. We will only worry if you endure it alone."

Liang Zixuan touched her belly and... she indeed felt a slight pain.

But they were going to celebrate Qin Yu and Liang Jiahao's engagement party tonight and she didn't want to spoil everyone's mood. She smiled and said, "I'm fine, don't worry. When I fell, Han Yuanjun became my human pillow. If it wasn't for him, I don't know what would have happened to me."

Talking about this, Old Madam Han immediately became furious. She quickly took her cane and cruelly beat Cha Jinho. "You damn imbecile! You almost caused the death of my precious grandson. Die quickly!"

Old Madam Han didn't even show mercy to her family, let alone Cha Jinho, an outsider. The blow of the cane made Cha Jinho's body twitch. "I-I didn't know it would be like this. I'm sorry! So sorry!"

Not to mention Old Madam Han, but everyone else was furious as well. Cha Jinho was a shameless man. If he didn't cause a ruckus for one day, he wouldn't be able to survive.

### **Chapter 685 Bleeding**

Cha Jinho looked at Han Yuanjun with an unwilling face as he was chased and beaten up by Old Madam Han.

Han Yuanjun knew that Cha Jinho still wanted to beg him. It was already impossible before, and now, it was even more impossible!

Cha Jinho had hurt Liang Zixuan, it would already be good enough if Han Yuanjun didn't peel off his skin!

"Scram! There's nothing to discuss here!"

Seeing Han Yuanjun's cold expression, Cha Jinho knew that he didn't have a chance today. He covered his head and quickly fled.

Old Madam Han chased after him for a few more steps before she stopped. Her anger didn't subside at all. "That bastard, how dare he!"

Tian Qihua rushed over to calm Old Madam Han down. Old Madam Han was already old, she shouldn't be so angry like this.

"Let's go." Liang Zixuan patted her belly calmly and said with a reassuring smile, "Let's go to Taian and celebrate. Don't spoil everyone's mood for someone unrelated."

Everyone nodded and got into their cars.

Along the way, Qin Yu was still a bit worried and asked Liang Jiahao, "Xiao Liang, how about asking uncle to take auntie to the hospital for a checkup? It's fine if we wait for them."

Liang Jiahao was also worried about Liang Zixuan. After all, she was already three months pregnant and her belly was already starting to show. He was really afraid that something might happen to her after the fall.

Only then did Qin Yu remember that Liang Jiahao was driving. She quickly said, "Let me call uncle, you concentrate on driving."

Liang Jiahao nodded.

Qin Yu took out her phone. She originally wanted to call Han Yuanjun, but when she thought Han Yuanjun should be driving too, she dialed Liang Zixuan's number.

Not long after, the phone was picked up. Qin Yu hurriedly said, "Auntie, why don't you ask uncle to drive you to the hospital for a checkup. We won't be able to rest easily without knowing about your condition."

Liang Zixuan touched her aching belly, but she was still able to withstand the pain. So she smiled and said, "I'm fine, don't worry. Tonight is your and big brother's engagement, we can't ruin the mood for something like this. And besides, I don't feel any discomfort right now."

"Really?" Qin Yu pursed her lips, feeling like she'd been lied to. She became very depressed, "Auntie, are you sure you're fine? The baby is very important..."

"Of course the baby is important." Liang Zixuan had no choice but to give in to her request. "Don't worry, if I feel uncomfortable later, I'll ask your uncle to drive me to the hospital."

After hanging up the phone, Liang Zixuan looked at Han Yuanjun. She pretended to be relaxed and smiled. "Look how scared they are. They're urging me to go to the hospital to get checked up."

Han Yuanjun's face was sullen and he didn't say anything for a long time. Not only to everyone, but also to Liang Zixuan.

Suddenly, he swiftly turned the steering wheel, turned the car around and drove in the opposite direction of Taian.

"What are you doing?" Liang Zixuan jumped in fear. She held onto the car's handlebar with both hands as if she was about to be thrown out. "Where are we going?"

"To the hospital." Han Yuanjun glanced at Liang Zixuan from the corner of his eye and said coldly, "I'm worried." *nOvElus&.coM*

"What're you worried about?" Liang Zixuan released her grip and twisted her body to prove that she was really fine. "Look, I'm fine. We don't need to go to the hospital. Even if we have to, we can go tomorrow. Tonight is my brother and Qin Y-"

"No way!" Han Yuanjun interrupted her coldly. "It's not like big brother is going to marry Qin Yu tonight. They can wait. Don't think I didn't see you secretly touching your belly!"

Liang Zixuan: "..."

Han Yuanjun saw such a small movement?

Liang Zixuan was a little tired to argue. "I often touch my belly. Since I've been pregnant, I seem to have formed this habit and always touch it without I'm aware."

Han Yuanjun refused to listen. No matter what Liang Zixuan said, he insisted on taking her to the hospital for examination.

When they arrived at the hospital, Han Yuanjun first called Liang Jiahao and told him that he had taken Liang Zixuan to the hospital, so they didn't have to wait.

Liang Jiahao didn't say anything. He just told Han Yuanjun to tell the doctor to examine Liang Zixuan thoroughly.

Liang Zixuan looked unhappily at Han Yuanjun as he hung up the phone. She was already exhausted. "Aiya, I said that everything was fine, but you insisted on letting me go here."

Han Yuanjun hung up the phone and led Liang Zixuan to the consultation room. Liang Zixuan's stomach hurt even more before they even reached there. She was shocked and said, "Hubby, wait. I need to go to the bathroom."

Han Yuanjun frowned and asked nervously, "What's wrong? Does your stomach hurt?"

Liang Zixuan glanced at Han Yuanjun and nodded with difficulty. Although she did not want to admit it, she did not want to hide it from him anymore.

Han Yuanjun helped Liang Zixuan into the bathroom. Liang Zixuan went in and pulled up her dress a little. There was a bloodstain on her leg. This sight made her heart tighten ...

Bleeding during pregnancy was not a good sign.

If she was not careful, she would miscarry.

The more Liang Zixuan thought about it, the more uncomfortable she felt. It had already been three months, and although she hadn't yet seen the baby, she could feel the little thing in her belly growing day by day. If...

She didn't even dare to think about it.

No woman could endure such a thing. No matter how strong a woman was, she would collapse when she encountered something like this.

Liang Zixuan pulled down her dress and left the cubicle. She felt as if all her energy had been sucked out of her. She leaned against the wall and looked at her pale face in the mirror. Her eyes reddened.

"Baby, you have to be strong for mommy. Mommy still wants you to come out, mommy wants to play with you. So ... you have to be fine, okay?"

She touched her belly and sniffled sadly. She tried so hard to suppress the tears. After she calmed down, she forced herself to smile and walked out of the bathroom.

Seeing her coming out, Han Yuanjun immediately went to her and supported her. When he saw her reddened eyes, he asked anxiously, "Baby, what's wrong?"

### **Chapter 686 Not In Good Condition**

Han Yuanjun watched how Liang Zixuan avoided looking him in the eye. It was as if she wanted to escape from him. Nervous, his voice became hoarse as he asked, "Baby, what's wrong. Why is your face so pale?"

"I'm fine." Liang Zixuan leaned into Han Yuanjun's embrace. When she felt his hands on her waist, she felt a little strength. "I suddenly feel a little pain. Let's go see the doctor."

When they arrived outside the consultation room, Liang Zixuan suddenly stopped and pushed Han Yuanjun's hand away. "Hubby, you wait outside. This is the obstetrics and gynecology department. The doctor inside might be examining other patients. It's inconvenient for a man to go inside."

"It's all right." Han Yuanjun held Liang Zixuan's hand again and insisted with a stern attitude. "At this hour, the doctor is already off work, so there should not be any more patients inside. I'll go with you."

Liang Zixuan shook her head and pointed at the sign on the door. "Did you see that? They said men cannot go in, so you should wait here obediently. I'll be fine."

Han Yuanjun was both angry and irritated by Liang Zixuan's insistence, but there was nothing he could do. "Alright, you can come in by yourself, but you have to tell me honestly what the doctor said. Don't try to hide it from me, hmm?"

Liang Zixuan took a deep breath and smiled at him. "I understand. Then ...Shall I go in? "

Han Yuanjun let go of Liang Zixuan's hand and patted her waist slowly. "I'll wait for you here. Remember to call me if you need anything."

"En."

After she finished talking to Han Yuanjun, Liang Zixuan went into the consultation room. Every step she took was very difficult.

As soon as she sat on the chair opposite the doctor, Liang Zixuan told the doctor about her condition. "I accidentally fell today, but my husband hugged me and I fell on him. I didn't fall directly on the ground, but I did feel a little pain in the lower part of my abdomen. I could still bear it but as soon as I got here, the pain got worse. I went to the bathroom to check and found that I was bleeding. "

After the doctor finished listening, he tilted his head and looked at Liang Zixuan seriously. "Bleeding? Is it too much?"

Liang Zixuan bit her lips. "Not much. A little."

The doctor sighed. "I need to examine you, and to do that, I may have to lift up your dress."

An examination in obstetrics and gynecology was always like this. That's why Liang Zixuan didn't let Han Yuanjun come inside with her. Partly because it was awkward, but also because she was afraid Han Yuanjun would worry too much.

Han Yuanjun was too possessive of her. Just a little bit of grievance she suffered can cause the world to expand endlessly, as if it were about to collapse.

Liang Zixuan didn't want Han Yuanjun to be like this, she also didn't want him to worry, so she insisted on not letting him in.

The doctor examined her and said in a serious tone. "Your fetus is very weak and there are signs of miscarriage. I'd advise you not to work or do anything. If you bump into something or fall again, you'll miscarry."

Every word the doctor said was like a hammer hitting Liang Zixuan's heart. Her eyes slowly reddened as she held back her tears and asked hoarsely, "Can I still save my baby?"

"As long as you rest well, there should be no problem. However, you must avoid eating cold foods, avoid any dangers that might come in contact with your body, and don't fall."

The doctor explained everything to Liang Zixuan. "Please come for a general checkup every three months."

Liang Zixuan nodded with mixed feelings. She took the medicine list from the doctor and slowly stood up. When she reached the door, she took a deep breath and walked out with a smile.

Han Yuanjun was standing at the door. When he saw Liang Zixuan come out, he immediately pulled her into his arms and nervously asked her, "What did the doctor say?"

Although Liang Zixuan pretended like everything was fine, Han Yuanjun could still see the uneasiness on her pale face.

She held his hand and continued walking. "Let's take the medicine first."

After two steps, seeing that Liang Zixuan had no intention of saying anything, Han Yuanjun's heart suddenly tightened. He stopped and held Liang Zixuan's hand, refusing to leave. "You don't want to tell me?"

"I will." Liang Zixuan couldn't help but take a deep breath. "I'll tell you once we are inside the elevator."

Then Han Yuanjun followed Liang Zixuan to the elevator.

Liang Zixuan repeated the doctor's words over and over again in her head. After she was sure she knew how to say it, she slowly said, "The doctor said that my fall affected the baby a little. She advised me to stop working and rest more at home. As long as I'm careful and don't fall again, the baby will be fine."

She deliberately said this casually, but Han Yuanjun still broke out in a cold sweat.

There were only the two of them in the elevator. Han Yuanjun asked without hesitation, "When you went to the bathroom just now, you were bleeding, weren't you?"

"Huh?" Liang Zixuan was shocked for a moment, she hadn't expected Han Yuanjun to notice it. Even though she'd said no, he could still see the blood stain when she took off her dress later when she came home. Liang Zixuan knew that she couldn't hide it anymore, so she nodded slightly, "Yes, a little."

Seeing Han Yuanjun's expression darkened, Liang Zixuan immediately said, "But the doctor said that the impact is not big. As long as I pay more attention to my surroundings, everything will be fine."

She reached out to hold Han Yuanjun's hand happily, "Hubby, don't worry too much, I'm fine."

Han Yuanjun's thin lips immediately pursed in a straight line. Looking at Liang Zixuan's face, the light in his eyes became even darker.

And she said that everything was fine!

If everything was fine, how could her face be so pale like this?

Not only was her body in pain, but she was also scared. Han Yuanjun understood Liang Zixuan too well.

She always wanted to hide everything she felt and wanted to shoulder everything alone.

But how much could she carry on her shoulders?

Suddenly, Han Yuanjun's heart softened and he pulled Liang Zixuan into his arms. "Baby, don't be like this. I'm your husband, someone you can count on. No matter what happens, you can rely on me and let me carry your pain."

Liang Zixuan's heart ached a little, and her eyes reddened with disappointment.

Thinking about what the doctor had said, she couldn't help but tremble and wanted to cry in Han Yuanjun's arms.

Yet, even if she wanted to cry, she couldn't!

Liang Zixuan couldn't let Han Yuanjun worry about her.

After calming down, Liang Zixuan raised her head and looked at Han Yuanjun with a pale face before asking with a smile, "Really?"

Han Yuanjun lightly kissed Liang Zixuan's forehead and firmly said, "Really!"

In such a serious second, Liang Zixuan suddenly smiled and pointed her finger at Han Yuanjun's lips. She playfully tilted her head and asked, "Then can you help me bear the pain of childbirth?"

Han Yuanjun: "..."

He thought Liang Zixuan was too strong or wouldn't believe him, but when she said that, he laughed. "Baby, of course I'll help you. I'll always stay by your side to cheer you up."

When the elevator door opened, Liang Zixuan pulled Han Yuanjun's hand and walked out. "Alright, as long as you make me happy, I will be full of energy and give birth to our child safely!"

While taking the medicine, Han Yuanjun looked at each pill seriously. His eyes were like a camera, reflecting all the words in his mind.

On their way to Taian, Liang Zixuan received a call from Qin Yu. Just as she took the call, Qin Yu's worried voice rang out. "Auntie, how was it? What did the doctor say?"

Liang Zixuan chuckled. "I'm fine. The doctor said everything is fine, I just need to rest properly in the future."*noVELusb.com*

Qin Yu didn't know why, but when she heard Liang Zixuan's laughter, she immediately felt reassured. "Okay, then tell uncle to drive slowly. Don't worry, we'll wait for you here."

"En."

After hanging up, Liang Zixuan heaved a sigh of relief. The smile on her face immediately disappeared as she rummaged through her medicine bag, saying to Han Yuanjun, "When we arrive there later, please say that I'm fine, okay? Tonight is Qin Yu and my brother's engagement celebration, don't ruin their mood. "

Han Yuanjun gave Liang Zixuan a deep look before turning his head back, looking at the road ahead and driving the car seriously. "Don't worry, I know what I'm doing."

### **Chapter 687 Red Hawthorn**

The car was driven very slowly, like a thousand-year-old man walking on a road. Even the bicycle was faster than them.

Liang Zixuan put down the medicine box, and when she looked up, she found that their car hadn't gone far after such a long time.

Helplessly, she rolled her eyes. "Hubby, do you have to be so careful? The road of Imperial City is in a very good condition, no holes in the road, you can increase your speed."

"No way!" At this moment, Han Yuanjun was like a stubborn old man. No matter what others said, he wouldn't listen.

Liang Zixuan was at her wit's end and grabbed Han Yuanjun's arm. "Hubby, look at the cars rushing past us. They are so angry at us for driving like a turtle."

"If they dare to be angry, I will smash their cars." Han Yuanjun kissed Liang Zixuan's head. "Be good. Husband will drive slowly. We are not in a hurry."

"But I'm in a hurry!" Liang Zixuan rubbed her belly and protested, "I'm hungry. I've been hungry for a long time, and I haven't eaten since this afternoon. Do you want to starve me and the baby in my belly?"

Han Yuanjun glanced at Liang Zixuan, then stopped the car on the side of the road. He took the plastic bag from the back seat and put it on Liang Zixuan's lap. "There are snacks and fruits inside. The fruits are all washed, so you can eat them."

Liang Zixuan: "..."

Even this was prepared.

Han Yuanjun was too scheming!

"Alright." Liang Zixuan opened the bag and found her favorite snacks and fruits.

Ever since she became pregnant, her appetite had changed drastically. Before, she didn't like sour food and couldn't eat heavy, spicy foods. But now, she really likes them.

It wasn't because she was too picky, but because of the taste.

Liang Zixuan took the red hawthorn and bit into it. The juice flowed into the corner of her mouth and she wiped it off with a tissue before taking the rest of the bite. "This is really delicious!"

She brought the hawthorn she'd taken a bite of to Han Yuanjun's mouth. "Hubby, take a bite."

Han Yuanjun: "..."

Han Yuanjun had tasted this fruit before. When Liang Zixuan first bought it, he was very happy to see her eat it, two or three of them at once. At that time, he thought, "Isn't it too sour?"

With unparalleled curiosity, Han Yuanjun asked Liang Zixuan to feed him and tasted it. That little bite and taste were very unforgettable for the rest of his life!

Too sour!

It was so sour that he furrowed his brow, but when he saw Liang Zixuan happily feeding him the fruit, Han Yuanjun could only forcefully swallow it.

"Is it delicious?"

He licked his sore lips and nodded. "Delicious, very delicious! Everything wifey eats is delicious."

But after Liang Zixuan turned her head away in satisfaction, Han Yuanjun secretly threw the rest of the red hawthorn into the trash can.

Now that he saw Liang Zixuan feeding him the red hawthorn fruit, he didn't even want to open his mouth!

"Be good and eat your fill, husband is driving."

Liang Zixuan pouted. "With your speed, even an old car is faster than you. Hubby, take a bite. After being busy all day, you must be hungry too."

Han Yuanjun saw the red hawthorn and gulped. "Eat it, husband really wants to drive the car."

Liang Zixuan kept bringing the fruit to his mouth, not even giving Han Yuanjun a chance to protest. "Just one bite, and I won't bother you driving anymore!"

Han Yuanjun really couldn't resist Liang Zixuan's little temper. After becoming pregnant, her temper had changed a little, and she had never caused a problem for no reason before.

Now that they had gotten into such a situation, Han Yuanjun had no choice, and no matter how much trouble Liang Zixuan made for no reason, he still had to pamper her.

"Alright, just one bite." Han Yuanjun took a deep breath and opened his mouth. As soon as the red hawthorn was in his mouth, his tongue immediately went numb and his teeth were about to fall off a little. He immediately looked at Liang Zixuan and said, "Husband had eaten it. You finished the rest. Husband needs to focus on driving."

Liang Zixuan looked at the leftover red hawthorn and pouted gloomily. "You used to be able to drive with one hand, and you even said you could drive with one eye closed, but now you hold the steering wheel with both hands and your eyes wide open, telling me you need to focus. Hmph!"

Liang Zixuan angrily took a bite of the rest of the red hawthorn and found it delicious. After finishing it, she took another one from the bag.

Han Yuanjun sighed. "You weren't pregnant before. Now I have to be careful and prudent. What if I speed up and you suddenly hit something? What should I do then?"

Liang Zixuan had no words to reply to this reasonable explanation.

At that moment, Liang Zixuan saw the sharp turn ahead. Nervously, she held the door handle, but Han Yuanjun's speed became even slower, like that of a turtle.

Their car just passed by so slowly like that.

Liang Zixuan: "..."

She loosened her grip on the door handle and removed the red hawthorn from her mouth and was about to cry. "When can we eat? I'm so hungry!"

Even if it was at turtle speed, they were still the rulers of the world. *NOVELU.Sb.COM*

As soon as they arrived at Taian, Liang Zixuan immediately got out of the car. She wanted to rush in, but Han Yuanjun stopped her. "What did the doctor say? Didn't he tell you to be careful? What if -"

"If I bumped into something again, it wouldn't be good." Liang Zixuan felt a headache coming on as she recounted the rest of her words. Then she obediently slowed down her pace. "Alright, shall I crawl then?"

Han Yuanjun put his arm around Liang Zixuan's shoulder protectively. "You don't need to crawl. Just follow me. Don't rashly rush forward on your own."

Liang Zixuan sighed. "Got it, Grandpa Han!"

Han Yuanjun chuckled and went in with Liang Zixuan.

### **Chapter 688 Engagement Celebration I**

When the manager saw them, he immediately approached them. "Young Master Han, Young Madam Han, President Liang and the others are already waiting for you in the private room. I will take you there now."

As soon as the manager opened the door, Liang Zixuan heard laughter coming from inside. Her mood had become very erratic after what she had just heard from the doctor, and now, after hearing that laughter, her mood became better. Even her complexion looked better.

"Aiya, my precious granddaughter and grandson are finally here! Zixuan, Jun, come quickly." Old Madam Han immediately waved at them. "Quick, sit down. We are about to start."

Liang Zixuan and Han Yuanjun sat down next to Qin Yu.

Luo Yanyun immediately asked anxiously, "Zixuan, what did the doctor say?"

Liang Zixuan's expression was more natural than when she looked at Han Yuanjun when he asked her about it at the hospital. Her eyes curved to the crescent moon as she smiled, "I'm fine. The doctor told me to rest more in the future."

When everyone heard this, they all sighed with relief.

Tian Qihua poured a glass of juice for Liang Zixuan. "This is freshly squeezed juice. You must be thirsty right? Here, drink it."

Liang Zixuan was actually not thirsty at all, but she still picked up the glass and took a big gulp. Then she smiled at Tian Qihua. "Thank you, mom."

"Aiya, why is this child still so polite!" Tian Qihua was grinning from ear to ear as she poured Liang Zixuan another glass. "You don't need to thank me. It's been a tough moment for you right now, so I have decided to stay here and take care of you."

"Huh?" Liang Zixuan pursed her lips in embarrassment. "That won't do. You and dad have just got the chance to spend more time together, and now you two are going to separate again because of me. I feel bad."

Old Madam Han laughed heartily. "What is there to feel bad for? Your mother isn't here and your grandmother is old. How can she take care of you alone? Since you have entered the Han Family, Jun's mother will be your own mother, and I will be your grandmother. We will definitely take good care of you."

Luo Yanyun looked at Old Madam Han gratefully. Actually, she had discussed with Qiao Hongya before that she would take care of Liang Zixuan's daily necessities. She and Qiao Hongya had also decided to stay at Han Yuanjun's place for a while so that Liang Zixuan would not have to come to their place every night.

But now that Tian Qihua was willing to stay behind to take care of Liang Zixuan, besides feeling grateful, Luo Yanyun was also touched. Even her eyes turned red.

"I am really grateful that Zixuan has a family-in-law like you. Her life has truly been blessed for several lifetimes." *NOVeLuSb.COM*

"Don't say that." Old Madam Han grabbed Luo Yanyun's hand and patted it comfortingly. "Marrying Zixuan is the happiness our family has cultivated over several lifetimes. Besides, it's not like Jun will have to suffer. The one who will be carrying a child is Zixuan, so of course, our Han Family will take good care of her."

Seeing that she could not refuse and that everyone had made the decision, Liang Zixuan happily agreed. "Then I will thank mom and grandma in advance. After dinner, I will call dad and thank him for sacrificing his love and lending mom to me temporarily."

Tian Qihua laughed happily. "Look at this child, she really knows how to talk."

Lin Xiu looked at Liang Zixuan and the Han Family, who were showing off their love, and kicked Qin Yu under the table. She whispered, "Qin Yu, learn more from Zixuan and see how good she is at talking!"

Lin Xiu's kick was a bit strong. Qin Yu quickly held her own foot and cried out. "Mom! Are you really my mother? Can't you be a little gentler?"

Lin Xiu's eyes immediately widened when she realized everyone was looking at her. She laughed in embarrassment. "Aiya, look at my Qin Yu. She's the same age as Zixuan, but why do I feel like she's still acting like a child?"

"It's good to have Qin Yu like this." Luo Yanyun smiled. "I like her personality. She will say whatever she wants and never hides anything. If she were to say it out loud, we would know what had happened to her. Look at Zixuan. Instead of letting everyone know what's going on with her, she will only make us worry more."

Liang Zixuan, who was being used as an example, immediately pouted depressingly. "Grandmother, they're talking about Qin Yu, why are you talking about me? Today's main characters are big brother and Qin Yu. All the cannons should be aimed at them!"

"Auntie!" Qin Yu blushed and shyly nudged Liang Zixuan's shoulder. "What're you talking about? You have to share some of it with me. I can't bear it alone."

"Who said you have to bear it alone?" Liang Zixuan looked past Qin Yu to Liang Jiahao. "Don't you still have my brother? Don't worry, my brother won't let you be bullied. Even if there's gunfire, he's the one who will take the bullet for you. You don't have to be afraid."

When the crowd saw Qin Yu's flushed face, they all burst out laughing. "That's right, Qin Yu, you can send Liang Jiahao out to defend you against the cannons."

"Cough! Cough!" Liang Jiahao coughed softly and put his arm around Qin Yu's shoulder. "This child is still young, don't scare her."

"Hahaha ..."

Just as everyone was joking and grinning from ear to ear, the door to the private room was suddenly pushed open. Everyone looked at the door and saw Qin Shanyuan hurriedly walking in.

"You guys haven't started eating yet?" Qin Shanyuan walked in and moved a chair to sit next to Han Cihui. "Looks like I came at the right time."

## **Chapter 689 Engagement Celebration II**

Lin Xiu immediately became angry when she saw Qin Shanyuan. For some reason, he was very busy and didn't have much time to spend at home. As long as Lin Xiu wanted to say something, he got up to leave. "I need to go to the company. There's a lot of work that needs to be done there."

Even weekends were no exception.

Lin Xiu once thought that something big had happened to the company and it would go bankrupt. Otherwise, why would Qin Shanyuan keep running to the company? She then asked Qin Shaoqiang, who shook his head in shock. "No? How come I don't know? The company is doing pretty well right now."

Only then did Lin Xiu realize that Qin Shanyuan was hiding from her.

So, now that she saw Qin Shanyuan's face, Lin Xiu was immediately filled with anger. "What do you mean by the right time? We've all finished eating and the table has already been cleared. Can't you see that?"

"What?" Qin Shanyuan's eyes widened in surprise as he looked at the empty table. He turned to Han Cihui in disbelief. "Are you really done?"

Han Cihui touched his nose in embarrassment. He really didn't want to get involved in this mess.

"Uh..." Han Cihui nodded cautiously, "I-I-Yeah, probably."

Seeing that Han Cihui was stuttering, Qin Shanyuan knew that Lin Xiu was lying to him. He smiled contentedly and poured a glass of juice for himself. "Mom, don't tease me. I'm hungry and didn't eat much in the afternoon."

"Serves you right!" Lin Xiu didn't really want to get angry, but seeing Qin Shanyuan now, she couldn't hold back her anger anymore. Even though there were so many people around her, she couldn't help but scold him.

"I told you to come and watch your sister, but you said that there was too much to do at the company and not coming. I told you that your little sister is engaged to Jiahao today. In the end, you still come late. Look around, you're the last one to arrive. Tonight is your sister's engagement celebration but she still has to wait for her older brother to arrive!"

Qin Shanyuan didn't know what he'd done wrong.

Why did Lin Xiu attack him as soon as he arrived? He looked at Qin Yu bitterly and wanted her to say a few words for him.

Qin Yu turned her head away and spoke to Liang Jiahao.

Wasn't this complete nonsense?*NOVELuSb.COM*

When Qin Yu was at home and when Lin Xiu had bombarded her, he would always stand up for her. Now that Lin Xiu had berated him until she attracted the attention of others, Qin Yu abandoned him.

Qin Shanyuan saw that his sister had no intention of standing up for him and sighed dejectedly. "I've been very busy, and I can't just abandon my work like that."

"Who are you lying to?" Lin Xiu snorted coldly. "Don't think I don't know, you're just deliberately avoiding me."

Qin Shanyuan immediately lost his temper at what Lin Xiu said. He could only lower his head and remain silent.

At this moment, the door to the private room was pushed open and a waiter came in to serve the food. The manager also came in with a bottle of wine in his hand. He smiled. "President Dong said that this bottle of wine is a gift from him. It's a congratulatory gift for President Liang and Miss Qin on their engagement."

Dong Yong was good at handling things. Although he outwardly pretended to be stingy and would never give anyone a gift, but he would give a bottle of good wine every time the Han Family came over, whether it was a big or small joyous occasion.

Liang Jiahao nodded and thanked him. "Please pass my gratitude to President Dong."

The manager put down the wine and waited until the waiter finished serving the food before saying, "I wish you a pleasant meal."

He then followed the waiter out.

Liang Jiahao stood up and personally poured the wine for everyone.

Lin Xiu looked at Liang Jiahao's courteous and mature look and laughed happily. "Aiya, I really like Liang Jiahao. Look how high his self-awareness is and how considerate he is. It makes me happy to have a son-in-law like him."

She complimented Liang Jiahao so openly that Luo Yanyun became embarrassed.

Since Lin Xiu praised her family, Luo Yanyun thought she should return the courtesy, so she casually praised Qin Shanyuan. "I think Shanyuan is a pretty good child too. He's handsome, and his personality is also good. The children of the Qin Family are all good."

"Him?" Lin Xiu's face fell. She couldn't even talk about Qin Shanyuan. "Look at him."

She raised her hand and pointed at Qin Shanyuan, then began to count her fingers. "Normally he's just like a young master at home, doing nothing, and now he still resents me for nagging him so much that he doesn't even want to go back home. If it wasn't for him coming back to sleep, I don't think he'd even step foot inside the house."

Luo Yanyun didn't expect Lin Xiu to criticize Qin Shanyuan again. She just wanted to return the courtesy. She gave Qin Shanyuan an embarrassed look, gave Lin Xiu a stiff smile, and didn't dare to say anything more.

Qin Shanyuan suffered so much in his heart. He didn't expect the gunshots to hit him again.

He raised his head and forced a smile. "What are you guys waiting for? Let's eat. Today is a good day, my sister and Big Brother Liang finally got engaged, let's celebrate."

"You only know how to eat!" Lin Xiu sighed. "Look at your sister. She's already engaged, but you... I don't even see the shadow of your girlfriend! What do you do all day?"

This time, Qin Shanyuan felt really wronged. "Mom! I don't have a girlfriend because I haven't met a good one yet! When I meet her in the future, I'll definitely introduce her to you. Let's talk about this later. My sister is a girl, so it doesn't matter if she got engaged earlier, but I'm a man and I still have to manage the company for dad!"

Qin Shaoqiang, who was drinking with Liang Jiahao and Old Man Han, heard that his son was using him as a shield. He immediately put down his glass and turned around to look at Qin Shanyuan, saying in all seriousness, "If you insist, then you don't need to go to the company tomorrow. Concentrate on finding your girlfriend. I can manage the company by myself. Once you find a girlfriend, you can come back to the company."

Qin Shanyuan: "..."

His father went along with his mother, didn't he?

Qin Shanyuan looked around the table and finally stopped at Han Cihui, who was sitting beside him. He suddenly revealed a sly smile. "Dad, mom, don't talk about me. Look at Cihui. He's the same age as me, and he doesn't have a girlfriend yet either, right?"

Han Cihui: "..."

Who did he offend?

Can he just eat the meal without anyone finding fault with him?

Han Cihui decided that he would never help Qin Shanyuan take the blame!

### **Chapter 690 Han Yuanjun's Worries**

Han Cihui coughed and laughed. "Don't mention me, there are many women around me. If I want to find one, I will have her soon, but Shanyuan is different. In the company, even the secretaries are men, so..."

You cannot blame Qin Shanyuan for that.

When Lin Xiu was pregnant with Qin Shanyuan, at that time, the secretaries were all women, and when these women saw that Lin Xiu was pregnant, they wanted to take this opportunity to seduce Qin Shaoqiang.

Qin Shaoqiang pretended not to see them and ignored them. Men did not know how to deal with such things.

So, when Lin Xiu found out about this, she went to the company with a big belly and kicked out all the secretaries in one go until Qin Shaoqiang had to hire new secretaries. In order to make Lin Xiu feel at ease, he hired only men.

Even after Lin Xiu gave birth to her child later, Qin Shaoqiang had never changed the secretaries. And no matter how many secretaries left their posts, the new ones were still men.

Thus, when one looked around the company, they would only see grown men.

Qin Shanyuan helplessly rolled his eyes and kicked Han Cihui's leg under the table. When Han Cihui was about to open his mouth to save his own face, Zhang Xiuying slowly opened her mouth.

"Even with so many women surrounding you, you still can't even find a girlfriend. You still dare to say that to Shanyuan? Isn't this pot calling kettle black?"

"Puff!!" The wine in Han Cihui's mouth immediately sprayed out.

Zhang Xiuying looked at him indifferently. She took a slice of fish meat and put it into her bowl while pursing her lips disdainfully. "Next time you want to talk about others, look at yourself first. Ever since you were born, I have never seen a girlfriend by your side."

Han Cihui: "...."

What the hell?

Since when did this topic affect his mother's mood?

Han Cihui's face was in pain as he glared at Qin Shanyuan with hatred. Why did Qin Shanyuan have to drag him down when everything was fine?

"Mom!" Han Cihui put the shrimp into Zhang Xiuying's bowl and said with a smile, "Sister-in-law is talking about Shanyuan, so don't join her. Let's talk about our family at home instead, okay?"

"There are no outsiders here!" Zhang Xiuying glared at Han Cihui and said angrily, "Who among us isn't in our family? What can't I say? I will say it now, Cihui, if you don't bring your girlfriend home, you can move to the temple above the mountain and live there! After your hair is shaved, I won't be pushing you anymore!"

"Mom, how can you say that?" Han Cihui pouted in a grievance. "I want to stay with you."

"Yes, you're right, Xiuying." Lin Xiu smiled and exchanged a glance with Zhang Xiuying. "Cihui, when you climb the mountain, take Shanyuan with you too. The two of you'll be companions and can meditate together, so we won't have to worry about you anymore."

Han Cihui: "...[novelusb.com](http://novelusb.com)

Qin Shanyuan: "..."

Menopause women really could not be provoked.

They couldn't be provoked!

Liang Zixuan and Qin Yu couldn't help but laugh when they saw how bad the situation had become for Qin Shanyuan and Han Cihui. Liang Zixuan was the most magnanimous. She raised her juice glass and said, "Let's all celebrate my brother's engagement with Qin Yu."

After she finished her speech, Zhang Xiuying and Lin Xiu stopped firing their cannons at Han Cihui and Qin Shanyuan, raised their glasses with smiles, and congratulated Liang Jiahao and Qin Yu together with everyone else.

After the party was over, each of them went back home in their cars.

On the way back, Han Yuanjun was still driving very slowly. Liang Zixuan was already full, so she didn't rush him. After leaving Taian, she fell asleep in the passenger seat.

Han Yuanjun parked the car on the side of the road to take the blanket from the back seat and covered Liang Zixuan's body, then drove back.

When they arrived at the villa's parking lot, Liang Zixuan was still asleep. Han Yuanjun unbuckled his and Liang Zixuan's seat belts. He didn't wake her up. He got out of the car first, then opened the passenger seat door and carried her out carefully.

In the middle, Liang Zixuan's eyelids twitched a bit, but only lasted for a moment or two before they drooped down once again. She buried her head in Han Yuanjun's neck and fell asleep again.

Han Yuanjun carried Liang Zixuan into the bedroom. After putting her on the bed, he covered her body with a blanket. Then, he took the medicines the doctor had prescribed at the hospital today and quietly left the bedroom.

"Zhang Feng, do you know anything about gynecological medicine?"

Zhang Feng held the phone to his ear and laughed at Han Yuanjun's words. "Gynecology? Hahaha ... Third Brother, is there a problem with your lower part?"

Han Yuanjun: "..."

He wasn't in the mood right now and didn't have time to joke around with Zhang Feng. He really wanted to grab the car keys and drive to Zhang Feng's house to beat him up!

Han Yuanjun's face sank and he said in a harsh tone, "Don't joke around with me! I'm serious!"

"Ah..." Zhang Feng stopped smiling and said in all seriousness, "I know a little, but as long as you tell me the ingredients on the medicine box, I can tell whether the prescription is suitable or not."

That meant he knew.

Han Yuanjun had always trusted Zhang Feng. Although this kid was playful, his medical skills weren't bad.

When his wife, Bai Huiqing, got pregnant and gave birth, this brat had taken a bite of all the gynecological medicines to make sure whether they were suitable or not.

Han Yuanjun took out the medicines and told Zhang Feng about them, one by one. After Zhang Feng heard this, his tone became serious. "Third Brother, these pills belong to sister-in-law?"

"En." When Han Yuanjun heard Zhang Feng's serious voice, his heart jumped. When he'd just taken over the Han Group, he wasn't as worried as he was now. "How is it? Is your sister-in-law's situation bad?"

"I can't say it's bad, but at the same time, I can't say it's not bad either. It's just medicines that are used to nourish the uterus. But ... If the doctor prescribes this kind of medication, sister-in-law's condition might not be too optimistic. "

Zhang Feng took a deep breath. Hearing that something had happened to Liang Zixuan, he frowned. "Did the doctor tell her not to go to places with more people? She should pay attention to her diet, not eat cold food?"

Han Yuanjun asked nervously, "Yes.... Is her condition really serious?"

"Third Brother, don't be anxious." Zhang Feng sighed, knowing that if Han Yuanjun had come to ask him something, Liang Zixuan must've hidden this matter from Han Yuanjun.

So, there was no other way but to comfort Han Yuanjun. "Since the doctor didn't ask sister-in-law to be hospitalized, it means that the situation hadn't gotten worse yet. Now, what you need to do is not let sister-in-law leave the house, it's best if she just stays at home and doesn't do any work."
