### Chapter 711 How Will Our Family Survive

Yu Meilin rolled her eyes and almost fainted with rage. She angrily scolded Wei Xiaoqing, "You really know how to make demands! What's the Han Family? Can our Hou Family be compared to them? The convoy alone has a dozen cars! Your demand is too much, we can't do it!"

Wei Xiaoqing shrugged and suddenly stood up. "Since that's the case, then there's no point in talking about it anymore."

Right now, she was just a little bit of arrogance. If even the Hou Family can't satisfy her, why would she marry Hou Yingyi?

Besides, if she didn't have a grand wedding, who would know that she was married to the Hou Family?

Wei Xiaoqing won't let the Hou Family hide the marriage between her and Hou Yingyi. If Hou Yingyi still wanted to hook up with other famous women after their marriage, how green would her head be?

She wasn't that stupid!

Hou Shihong saw Wei Xiaoqing's determination and stood up as well. "Alright! We promise you."

Yu Meilin anxiously pulled Hou Shihong's hand. "Old Hou!"

Hou Shihong patted her shoulder, signaling her to be quiet.

Yu Meilin was so angry that she could only stand beside him and smile contentedly at Wei Xiaoqing.

"Good! Since uncle is so straightforward and has already given me your words, I will not delay this matter any longer. Tomorrow morning, I will go get a certificate with Yingyi and in a month, we will get married. After the wedding, I will immediately transfer the shares to Yingyi."

Hou Shihong nodded, "Let's do it that way."

After Wei Xiaoqing and Jiang Huifang left, Yu Meilin sat down on the couch and cried out in anger.

Hou Yingyi was behind the door of the study the whole time. When he saw Wei Xiaoqing and Jiang Huifang were gone, he ran out anxiously. He was unhappy and confused, and hesitantly asked Hou Shihong, "Dad, didn't you just say that you wouldn't accept Wei Xiaoqing into our family? Why did you accept her so easily now?"

Hou Shihong patted Yu Meilin's back reassuringly before explaining to them, "Wei Xiaoqing can be considered a smart person. She also knows how to play her trump card to lure us in. As you just saw, she didn't talk about the child at all, but instead talked about her company."

Hou Yingyi frowned. He thought Hou Shihong's words were reasonable, but the method was still wrong.

Hou Shihong continued, "So what if she marries Yingyi? We've so many houses outside, we can just let Yingyi and her move out and live in one of them. When the time comes, we won't have to see her

and won't be angry every day. But Yingyi, if you still want to play outside after your wedding, you have to hide it carefully so she won't discover it. After she has transferred the shares to your name, even if she wants to get divorced, it's no problem because the company is already in our hands. I guarantee she won't get a penny from us even if she goes to court!"

After Yu Meilin heard this, she stopped crying. Even Hou Yingyi showed a satisfied smile.

The reason his father wanted him to marry Wei Xiaoqing was for the position. What happened after the marriage, he did not have to worry about that. He just had to carefully hide what he was doing behind Wei Xiaoqing's back.

Hou Shihong's words just now had touched Hou Yingyi's heart, so how could he not be happy?

• • • •

Jiang Huifang and Wei Xiaoqing were in the car, on their way home.

Jiang Huifang was a little restless as she kept glancing at Wei Xiaoqing from time to time. Before they came to the Hou Family's house, Wei Xiaoqing didn't tell her that she would use Yuan Now as a dowry for the Hou Family.

Jiang Huifang had always thought that since Yuan Now was in Wei Xiaoqing's hands, she could more or less take some money from her hands and continue to live the life of a noble woman.

But now, when Wei Xiaoqing said that she would transfer the company to Hou Yingyi, it meant that Jiang Huifang wouldn't be able to ask for any more money in the future, would she?

The more Jiang Huifang thought about it, the more scared she became. She suddenly turned to Wei Xiaoqing and asked, "Xiaoqing, giving the company to the Hou Family, how will our family survive? What should I do then?"

"You?" Wei Xiaoqing threw a glance at Jiang Huifang and smiled indifferently. "Just keep doing what you always do."

"What?" Jiang Huifang was a little confused.

Wei Xiaoqing couldn't see Jiang Huifang's stupefied expression. As she drove, she said, "How you lived in the past, how you live now, and how you'll live in the future won't change."

Jiang Huifang finally sighed in relief but felt that she should ask more clearly. She smiled and asked, "Then the money you give me every month wouldn't be cut off, right?"

When it comes to money, even mother and daughter can have a fallout.

Wei Xiaoqing's face sank after hearing Jiang Huifang's words. "You only know about money, money, and money! I haven't settled my own affairs yet, and you're already thinking about yourself. How can you be so selfish?"

Jiang Huifang immediately felt wronged. "I-I'm worried about that too!"

She didn't work and didn't work for decades. She can't possibly go out to work now, can she?

She was used to living a life where money fell on her hand as long as she opened her mouth. If you suddenly made her suffer, she definitely wouldn't be able to survive!

On top of that, Wei Guowei was imprisoned. He'd just left the family and now Wei Xiaoqing suddenly wanted to get married... if Wei Xiaoqing didn't care about her now... how would she live in the future?

Jiang Huifang sniffled in sorrow and pleaded with Wei Xiaoqing. "How about you tell the Hou family that after you marry Yingyi, I move in with you...too?"

"Mom, are you crazy?!" If Wei Xiaoqing didn't drive now, she would slap Jiang Huifang.

She'd seen a stupid person before, but she'd never seen a stupid person like Jiang Huifang!

### **Chapter 712 When Will You Call Me Your Sister-In-Law**

"I had to put in a lot of effort to enter the Hou Family and I even had to use the company before Hou Shihong would let me in. Do you think they will allow you to follow me and stay there? Do you think this matter is like selling vegetables in the supermarket, where the seller has to follow the customer's demand? How crazy you are!"

Suddenly, Wei Xiaoqing remembered about the child in her belly, and she changed her words with annoyance. "Now that I'm pregnant, it's already good enough that they can accept my child too. Mom, let's not talk about the Hou Family, do you think there's anyone in this world who'd agree to such an unreasonable request?"

Jiang Huifang thought about Wei Xiaoqing's words and also thought her request was unreasonable.

But thinking of the sad days of having no money, Jiang Huifang covered her face and began to cry. "But Xiaoqing, mom only has you. Now that your father is gone, who else can I expect other than you?"

Wei Xiaoqing was immediately angry. "You don't know how to rely on yourself? Save your money and don't buy luxury items every month. I give you a hundred thousand yuan every year, how can you not be able to survive? How old are you anyway? To whom you are trying to show off by dressing beautifully? If you really have that kind of ability, why don't you seduce one or two old geezers? If that happens, I'll consider you're a genius!"

As a daughter, it was too much for Wei Xiaoqing to say such words.

Unexpectedly, as if she had been reminded by Wei Xiaoqing, Jiang Huifang suddenly applauded and said excitedly, "That's right! I'm already divorced, so I can get married again! With my looks, I didn't dare to say it out loud, but I should be able to hook up with a rich old man in his sixties or seventies!" *novelUSb.com*

Wei Xiaoqing: "..."

Was there something wrong with Jiang Huifang's brain?

However, Wei Xiaoqing didn't say anything. If Jiang Huifang really had the abilities, she can be considered to have found her backer. Furthermore, Wei Xiaoqing no longer had to give money to her in the future.

Wei Xiaoqing had unknowingly solved a big problem!

The next day, Wei Xiaoqing and Hou Yingyi went out to get the certificate. On the same day, Wei Xiaoqing proudly brought her belongings to the Hou Family's house.

Since the shares hadn't yet transferred to Hou Yingyi's name, Hou Shihong and Yu Meilin could only be patient and bear Wei Xiaoqing's presence.

And that's how Qin Yu saw Wei Xiaoqing and Hou Yingyi together in the hypermarket, shopping for maternity supplies.

Qin Yu returned to Han Yuanjun's villa and rushed straight to Liang Zixuan's room, where she joyfully waved her arms and told Liang Zixuan what she had seen.

Even Liang Zixuan was shocked when she heard it. "Really? Wei Xiaoqing is pregnant again?"

"Really!" Qin Yu said clearly. "Xiao Liang and I saw it with our own eyes. They were both shopping at the hypermarket. I just didn't expect Wei Xiaoqing to have such a strong desire to enter the Hou Family after they had a huge falling out. I really don't know what she was thinking."

"Heh!" Liang Zixuan laughed softly. "She has no hope for the company now, so why not try to marry the Hou Family. Think about it.. which rich and powerful family would dare to marry her into their family? Her arrogance is very heavy. She would not be willing to find an ordinary man to marry her. So her only hope is to cling to Hou Yingyi in order to survive."

Liang Zixuan shook her head. "I didn't expect them to stay together in the end."

Qin Yu frowned unhappily. "Auntie, why did your words sound so sour? What, don't tell me you still have feelings for Hou Yingyi?"

"Of course not!" Liang Zixuan smiled and slapped Qin Yu's arm. "I just think that fate is a wonderful thing. You can't run away from it, and even if you force yourself to get something that doesn't belong to you, you still can't get it."

In her previous life, Hou Yingyi and Wei Xiaoqing had indeed been married. Although they each had their own interests, they could still be considered happy.

However, in this life, even though Wei Xiaoqing was still married to Hou Yingyi, but without Wei Guowei as her backer, can she still live happily with Hou Yingyi?

At this thought, Liang Zixuan suddenly looked at Qin Yu and smiled. Qin Yu was stunned for a moment, then she rubbed her face and asked, "Why are you smiling at me? Why do I think you're smiling like a bad thief who has an evil intention?"

"Qin Yu." Liang Zixuan held Qin Yu's hand and said, "You're already engaged to my brother. When will you call me your sister-in-law?"

"Oh no!" Qin Yu immediately blushed in embarrassment. After all, she was still an unmarried little girl. How could she not feel embarrassed when Liang Zixuan asked her such a question?

She pouted and whispered, "This ...thing can't be rushed. After all, if you want me to get married, you'll have to wait until you give birth. You can't miss my wedding."

Although Liang Zixuan could move around freely now, the doctor still advised her not to go to a place where there were so many people. What if someone bumped into her?

Qin Yu didn't want anything to happen to Liang Zixuan because of her again.

Besides, Liang Jiahao still hadn't said anything about the marriage. After all, she just couldn't ask him about that, could she?

That would be too embarrassing.

Liang Zixuan smiled and shook her head. "You can get your certificate first before having the wedding. Just like your uncle and me. You can get the certificate first and then live happily with my brother. Then, you can make preparations for the wedding when the time is right."

Qin Yu had nothing to say to Liang Zixuan, and she really didn't know what to say to her.

It was so awkward.

Thankfully, a phone call saved her life.

"Hello, Sister Mo." Qin Yu held the phone to her ear and gestured to Liang Zixuan with her eyes that she was going to answer the call.

Liang Zixuan looked at her with a funny expression. She knew that Qin Yu was shy and didn't want to talk about the topic with her anymore.

### **Chapter 713 He's Doing It For Your Own Good**

Mo Shan's voice came over the phone. "Qin Yu, there are a few songs for you to record in the new album. Will you be here in the next two days? The album will be released next month."

Qin Yu shook her head. "I can't do that. I'm accompanying Zixuan now. She's not doing well. Let's postpone the production of the album."

"Qin Yu!"

When Qin Yu turned to Liang Zixuan, Liang Zixuan immediately said, "It's okay, you go ahead. The time has been set, and you only need to record six songs, so it will not take more than two days. After all, all the promotional resources and the budget have already been released, there can be no more delay."

"But..." Qin Yu said anxiously, "Uncle will be leaving for Korea tomorrow. I need to accompany you."

"I'll be fine." Liang Zixuan smiled gently, "I'm feeling much better now. After all, mom can take care of me here. You can still take care of me tonight. And looking at your amazing skills, you can finish recording these songs in a day or two. Just go. This is my order."

Liang Zixuan was not only Qin Yu's aunt, but also the co-owner and co-boss of the Han Group.

Qin Yu knew that Liang Zixuan was considering things from the Han Group's point of view and even used her position as Han Group's boss to utter these words to her (Qin Yu).

But no matter what Liang Zixuan's position was, Qin Yu could not refuse her.

"Alright." Qin Yu spoke to Liang Zixuan and Mo Shan, who were on the other side of the line at the same time. "We have to finish the recording in two days."

"All right!" Mo Shan nodded in agreement. "I will help you with other promotional activities. I would also help you with time management and try to make sure everything is completed before President Han returns."

After hanging up the phone, Qin Yu pouted and said in an annoyed tone, "Ahh...Originally, I wanted to laze around for a few more days, but apparently I wouldn't be able to do that."

Liang Zixuan smiled at her and changed the topic.

After chatting for a while, Qin Yu turned her head to look out the window and asked Liang Zixuan in a very bored way, "Auntie, do you want to go for a walk?"

Liang Zixuan followed Qin Yu's gaze. The sun shone brightly out of the window, giving the whole world a warm and pleasant feeling. Knowing that Qin Yu could not stay idle any longer, Liang Zixuan nodded. "Sure, let's go for a walk."

A few days ago, Liang Zixuan had to sit in a wheelchair to go out. She was afraid that she would be too tired and endanger the child in her womb.

But in these two days, her condition had improved a lot. She could go out and walk around slowly. As long as she walked slowly, she would not be tired.

Qin Yu helped Liang Zixuan get up from bed and they walked slowly in the garden.

"Every time I walk in this garden, it feels different." Qin Yu supported Liang Zixuan as they walked slowly around the garden. "When I was young, I often came here to play, but Uncle Cihui was very troublesome. He insisted on taking me fishing and looking for birds' eggs. Once I fell off the tree... "

Qin Yu raised her other hand and pointed to a tall, secluded tree. "That tree almost broke my leg."

Liang Zixuan was scared when she heard this. "Such a tall tree, how could Cihui ask you to climb up there?"

"Right!" Qin Yu smiled wistfully, "At that time, Uncle didn't want to bring me to play with him, so Uncle Cihui just pulled me to play with him."

Thinking about this, Qin Yu suddenly smiled happily. "You don't know, but back then, when uncle found out that Uncle Cihui had lost me, he chased him through ten streets with a broom!"

"Haha..." Liang Zixuan couldn't help but laugh when she heard Qin Yu's story. Thinking about how Han Cihui was now a director and how he bullied his opponents like a tiger, she felt that he hadn't changed at all.

Qin Yu smiled and said, "Later on, Uncle Cihui started to get busy with his life, and no one brought me out to play anymore. I hadn't played with any of them for a long time and even thought that they had distanced themselves from me as they grew up."

She turned and looked at Liang Zixuan. "But fortunately, uncle found you, and he and I have become closer than before. You don't know that before he met you, his face was always dark no matter if he was happy or not. I even thought that he couldn't express any expression other than that expression."

Han Yuanjun...

The Han Yuanjun Liang Zixuan knew from the very beginning, was a very naughty and playful man.

He always found a way to trick her, but fortunately he was a responsible man. *NOVELUSB.COM*

Qin Yu helped Liang Zixuan sit on the swing in the garden.

Qin Yu gently swung the swing with her small feet. "So, auntie, no matter what uncle says or does to you, you have to know that he's doing it for your own good. Please don't blame him."

After Han Yuanjun advised Liang Zixuan to abort the child, this matter had become the untouchable scale in their hearts, and no one mentioned it again.

Now that Qin Yu suddenly mentioned it, Liang Zixuan's heart ached slightly.

How could she not know that Han Yuanjun was doing it for her own good?

"I know." Liang Zixuan put her hands in front of her and gently intertwined her fingers. The garden was full of flowers of all kinds. It was almost autumn and there were still so many flowers. It was hard to imagine how much effort Han Yuanjun had put into this.

It was only because she once said, "The courtyard is so big that I cannot finish walking around here in just one day. Can't we plant flowers so that when I am in a bad mood, I can see the beautiful scenery?"

She only said that carelessly, but she did not think Han Yuanjun would really do it.

That alone showed how much impact Liang Zixuan had on Han Yuanjun's heart.

How important she was in his life.

At that time, it was still winter, but there was not much snow in Imperial City.

One day, Han Yuanjun and Liang Zixuan woke up in the morning. When they were about to drive to the Han Residence, they saw through the car window that the flowers were blooming all around, forming a beautiful scenery.

At that time, Liang Zixuan's heart was full of emotions. She had not expected Han Yuanjun to do this for her.

Since Liang Zixuan was not present during the day, the gardener would take advantage of that time to plant the best fresh flowers in the garden she frequented.

Just like now, whenever she came over, she could see the most beautiful scenery.

"Qin Yu, you don't even need to explain anything anymore. I know everything."

Han Yuanjun was just too afraid of losing her.

### **Chapter 714 Separation**

Qin Yu turned and looked at Liang Zixuan, trying to see if Liang Zixuan really didn't take what she said to heart. It wasn't her intention to offend her. Seeing the indifferent expression on her face, Qin Yu said, "Auntie, it's good that you know. You just need to know that everything uncle does is for your own good."

Liang Zixuan smiled and said nothing. She rested her head on Qin Yu's shoulder as they both enjoyed the beautiful scenery.

After a while, a Bentley passed by the road. They both turned around at the same time and saw the car stop in front of the garden. Han Yuanjun walked closer.

"I know I'll find you here." Han Yuanjun chuckled and walked over. He grabbed the iron bar of the swing with one hand and looked at Liang Zixuan.

Liang Zixuan's playfulness suddenly erupted. She grabbed the iron bar and said to Han Yuanjun, "We're just thinking how no one will help us push the swing. Hubby, you've come at the right time. Hurry up and push us."

Qin Yu also joined in the excitement, "That's right, uncle, push it!"

Han Yuanjun walked around the swing and stood behind them. With both his hands on the swing, he pushed the swing gently. Liang Zixuan and Qin Yu immediately laughed happily. *nOvεLUsb.cOm*

"Hold on tight, I'll use my full strength!" Han Yuanjun suddenly said out loud and swung the swing higher than before.

Liang Zixuan and Qin Yu held onto the iron bars beside them. At the same time, laughter and cries of shock were heard.

"Higher!" Qin Yu said happily.

Liang Zixuan protected her belly. "Ah!"

When Han Yuanjun heard her scream, he immediately slowed his grip, reduced his strength, and swung the swing back and forth.

It wasn't until Liang Zixuan and Qin Yu had their fun did Han Yuanjun stop swinging.

"Baby, I'm leaving tomorrow." Han Yuanjun squatted in front of Liang Zixuan and looked up at her.

Liang Zixuan knew what he meant, so she ignored Qin Yu who was sitting next to her and kissed Han Yuanjun's forehead. "I will wait for your return."

A week wasn't a long time for most people, but for Liang Zixuan and Han Yuanjun, it was really too long.

Liang Zixuan was currently at her most vulnerable. Not only her body, but also her mind. Han Yuanjun couldn't be at ease.

"It's okay." Liang Zixuan stroked Han Yuanjun's hair. "Time is passing quickly. After all, big brother is here with Qin Yu and mom. What's there to worry about?"

The corner of Qin Yu's mouth twitched when she saw them hugging each other the next moment. She shouted, "I'm still here! Look at me!"

Han Yuanjun stood up as if he hadn't heard anything, bent down and kissed Liang Zixuan.

Qin Yu: "..."

They didn't have to bully her like this!

"I don't want to care about you two anymore!"

Qin Yu angrily jumped off the swing and walked away. Han Yuanjun chuckled and turned to call out to her, "Qin Yu!"

"Humph!" Qin Yu was still angry, but she stopped.

Han Yuanjun said in his deep, low voice. "It will be a hard week for you. Remember, no matter what time, as long as it has something to do with your aunt, you must call me immediately to report her condition. Do you understand?"

• • • •

That night, Han Yuanjun hugged Liang Zixuan in his embrace and didn't close his eyes. The thought of being separated from her for a week made his heart ache like a needle.

"Baby, please be good on the days I'm not here. If you feel uncomfortable, say it right away. The doctor is at home, don't be afraid to bother anyone."

Liang Zixuan nodded. "En."

"If you want to eat something, tell Uncle Yu. He'll ask the chef to cook it for you. The fruits must be fresh and you should eat less snacks."

Liang Zixuan nodded again. "En."

"I'm not here. If you're afraid to sleep alone, you can ask Qin Yu to accompany you. It's only for a week, big brother won't mind sleeping alone. Don't be afraid to ask them just because you're afraid of bothering them."

Liang Zixuan bit her lip and smiled. "I know."

"Remember, you have to call me every night to tell me how you are doing. If something happens during the day, you have to call me immediately and tell me."

Liang Zixuan looked at Han Yuanjun and said, "I understand."

"I've taken care of the rest. If there's anything else you need, ask mom to take care of it. She's our mother, you can ask her to help you."

Liang Zixuan finally couldn't hold it anymore. She held Han Yuanjun's face with her hand and smiled at him. "It's only for a week. Don't be so nervous, and don't worry either."

It was as if she would be facing a great enemy, but also as if it was a matter of life and death.

Han Yuanjun was so worried about her.

Liang Zixuan's heart beat fast when she thought of the word "death". She immediately pushed the thought out of her mind.

Han Yuanjun looked at Liang Zixuan with a serious expression and moved his lips, "You think I'm nagging?"

"No." Liang Zixuan shook her head and hugged Han Yuanjun. "I just don't want you to worry too much. Don't worry, I'm a grown-up woman, not a three-year-old. I can take care of myself."

Han Yuanjun sighed softly. "Yes, you're not a child. But no matter how strong you are, you can only make me worry more about you. Because you are my baby."

Liang Zixuan's heart felt warm as she buried her head in Han Yuanjun's neck.

Her man was always afraid that she would suddenly disappear.

This panic, this feeling of weakness, without a sense of security, made her heart ache for him.

The next morning, Han Yuanjun left before Liang Zixuan woke up. Before he left, he kissed her gently on the lips.

When Liang Zixuan woke up, she touched her lips and still felt the lingering feelings of Han Yuanjun's warmth there. She rubbed her lips gently as if they were Han Yuanjun's lips.

In fact, it wasn't just Han Yuanjun who was reluctant to part with her, she was also worried about him.

It was just she didn't say it, let alone show it.

In her current state, she believed that Han Yuanjun would immediately cancel his plans to go to Korea if she showed even the slightest hesitation in parting with him or expressed concern for him.

Liang Zixuan didn't want to be a burden to him. She always wanted to be Han Yuanjun's good wife and his right-hand man.

Qin Yu pushed open the door and saw Liang Zixuan sitting on the bed blankly, while rubbing her lips.

She laughed softly and came over. "Auntie, what's wrong? Don't tell me you're already missing uncle?"

### **Chapter 715 He Went To Take A Shower**

Liang Zixuan chuckled and put down her hand. "Yes, I've missed him and cannot bear to part with him, but what can I do? He has a job to do."

"Auntie, don't worry." Qin Yu sat down next to Liang Zixuan. "I'll be here this week to accompany you."

Liang Zixuan turned around and looked at her. "Shouldn't you be at the company today?"

"You're right!" Qin Yu sighed. It wasn't because she was lazy, as singing was something she liked to do, but ... Han Yuanjun had given her such a heavy responsibility. She was worried that Liang Zixuan would be bored because of her absence.

Liang Zixuan saw the worry in Qin Yu's heart and put her hand on Qin Yu's shoulder. "You know, I never wanted to be a burden to your uncle, and your work is also part of his work, so go ahead, I'll be fine."

Qin Yu looked at Liang Zixuan. She felt that she wasn't as mature as Liang Zixuan in many ways.

Like right now, she could only go to the company at 10 o'clock every day, but Liang Zixuan had to get up at 7 o'clock every day and go to school at 8 o'clock.

Liang Jiahao always felt sorry for her. As long as Qin Yu hugged him and didn't let him go, he wouldn't get up and would sleep with her on the bed for half an hour. But during this half hour, Liang Jiahao could do anything else, like eating breakfast or going to work to earn more money.

Qin Yu lowered her head in shame. "Auntie, I feel like I really haven't grown up. I want to learn from you."

"Since that's the case, then go to work quickly!"

• • • •

During the day, Liang Zixuan stayed with Tian Qihua. Her body was recovering better and better. Before, she would feel exhausted just walking a little, and her appetite was not great. But now, she seemed to have recovered back to before the accident.

Three days later, all of Qin Yu's songs were recorded, and she stayed at home to accompany Liang Zixuan.

Every night before she went to bed, Liang Zixuan would call Han Yuanjun on time. The two talked for at least an hour before Han Yuanjun let Liang Zixuan go to bed.

Today, Liang Zixuan finished her dinner early. After taking a shower, she sat down on her bed. Qin Yu helped her blow dry her hair before lying down on Liang Zixuan's bed.

"Auntie, I have something to tell you, but you have to promise me not to ask anything from your brother."

Liang Zixuan stared at Qin Yu's mysterious gaze and felt that she had discovered Liang Jiahao's secret.

Liang Zixuan looked at Qin Yu with interest and nodded, "Speak."

"When I was taking a shower last night, I heard your brother on the phone."

Liang Zixuan suddenly became excited. "What did he say?"

"Um..." Qin Yu stretched her neck and looked vigilantly at the door. After making sure no one was passing by, she whispered, "I heard that he was talking to someone named President Fang and told him to find Wei Xiaoqing."

"Wei Xiaoqing?"

This matter had something to do with Wei Xiaoqing?

Liang Zixuan's expression was calm, but her heart was pounding. "Didn't Wei Xiaoqing stop becoming a demon recently? It must be because she knows that it's not easy to mess with us. So why did big brother want to make a move against her?"

Qin Yu shook her head. "I don't know either!"

"I wanted to ask him, but I was afraid. Ever since you got sick, he started hiding something from me. And I also found out that this has something to do with uncle as well. Because I realized that ever since we moved in with you, your brother treated you differently. It was as if he was afraid you would suddenly disappear!" *Novelus&.COM*

"Suddenly disappeared?" Liang Zixuan was shocked. She remembered the look in Liang Jiahao's eyes when he looked at her that day. It was so hot and obscure, as if there was a strong emotion hidden in it. At that time, she thought it was just her imagination.

But now that she thought about it ... Could it be that after Han Yuanjun and Liang Jiahao went out to talk, Han Yuanjun...

Liang Zixuan's heart skipped a beat. She turned over and reached for her phone on the nightstand.

Qin Yu asked blankly, "Is it really the time for you to call uncle?"

Liang Zixuan couldn't care too much anymore. If Liang Jiahao really knew about her rebirth, then... She was really worried that he would do something against the law.

She didn't want Liang Jiahao to die in this life and be imprisoned instead!

Not to mention that Liang Jiahao's current identity was being watched by countless pairs of eyes, every little move he made could cause frantic waves.

Liang Zixuan had to confirm this matter with Han Yuanjun!

The phone beeped twice before someone picked it up. A woman's voice suddenly came through the receiver, "Hello?"

Her voice had indescribable laziness and charm to it. Liang Zixuan was stunned in that instant.

Could it be ... Had she dialed the wrong number?

She took off her phone and saw the name "Brother Han" on the screen.

She put the phone to her ear again. The person on the other end of the phone hadn't hung up yet, as if she was waiting for her on purpose.

Liang Zixuan took a deep breath and tried her best to maintain a calm tone. "Where's Han Yuanjun?"

"Oh, him?" The woman smiled coquettishly. "He went to take a shower. Did you have any urgent business to discuss with him?"

Shower?

Shower!!!

It wasn't that Liang Zixuan wanted to let her imagination run wild, but Han Yuanjun was such a strict person, how could he let a woman into his room so late?

Not to mention that it wasn't too late, Han Yuanjun would never approach any woman other than her, nor would he allow anyone else to enter his room.

Only her.

But now, there was actually another woman in Han Yuanjun's room, and she even picked up his phone, picking up the call for him. And he even went to take a shower within her presence!

### **Chapter 716 Running Away**

The heartache and despair Liang Zixuan felt was like a bucket of cold water being poured directly onto her head. Her body immediately became completely cold, even the tip of her heart had become so cold that it stung.

The intense grief was like a net that covered Liang Zixuan's head, enveloping her with unbearable pain.

Qin Yu saw the change in her expression. She paused for a moment, then shook Liang Zixuan's stiff body and asked in a panic, "Auntie, what's wrong? What happened?"

What Qin Yu said made Liang Zixuan's heart ache like a flood. She could not stop her heart from pounding loudly, and even her mind went blank.

The cell phone suddenly slipped from her fingers. She suddenly got up from bed, put on her shoes and ran towards the door.

"Auntie.... Auntie!" Qin Yu wanted to run after Liang Zixuan, but just as she was about to turn around, she saw that the call on Liang Zixuan's phone was still going on. She bit her lip and picked up the phone. "Uncle, what happened? What did you say to auntie?"

"Uncle?" The woman's sloppy voice was heard again, "Hehe .. Is this Qin Yu? Your uncle went to take a shower. Do you want me to bring the phone to him now?"

"You!" Qin Yu's brain immediately exploded. She wondered why Liang Zixuan was reacting like this right now, as if an entire sky had collapsed on her. It turned out to be because of something like this!

Qin Yu did not have time to ask who the woman was. She grabbed her phone and Liang Zixuan's, got out of bed and chased after her (Liang Zixuan).

Ever since Liang Zixuan had fallen sick, the bedroom had been moved to the first floor. Qin Yu ran out and saw the servant, who was cleaning the living room. She held her hand and asked, "Have you seen my aunt?"

"Young Madam?" The servant nodded and pointed toward the door, "She ran out!"

"What?!" Qin Yu's heart nearly burst through her chest as she ran towards the door.

She'd originally thought Liang Zixuan would be worried about the child in her belly and wouldn't be able to run so fast, but when she went outside, she didn't even see her.

When she arrived at the parking lot, she found that Liang Zixuan's car was no longer there.

"Oh my god, it's already so late. Auntie ... Where did she go?"

Qin Yu was so worried that she almost shed tears. Fortunately, she didn't lose her mind. Knowing that she couldn't handle it alone, she hurriedly dialed Liang Jiahao's number. *nOveLusB.cOm*

As soon as Liang Jiahao heard this, he didn't care that he had just showered and was still in his pajamas. He rushed to the door with his phone. "Qin Yu, calm down. Wait for me there."

How could Qin Yu calm down?

She knew better than anyone about Liang Zixuan's current situation. The doctor said it was better not to go outside, but Liang Zixuan not only went outside, but also drove the car herself! How could she not be worried?

Qin Yu cried louder and louder. Liang Jiahao didn't hang up the phone. Instead, he calmed Qin Yu down while running to the parking lot.

Qin Yu stood there helplessly, crying so loudly that she almost collapsed. Finally, she saw Liang Jiahao coming. She stomped her foot hard. "Xiao Liang, hurry up!"

Liang Jiahao pulled out his car key to open the car door, and they both got in immediately. He pursed his lips. His hands quickly turned the steering wheel and drove the car out of Han Yuanjun's villa at full speed.

Liang Jiahao was driving his car so fast at full speed. Qin Yu had never seen him drive like this before. The car flew across the road and she felt like she was boarding a plane instead of a car.

After leaving the villa, Qin Yu and Liang Jiahao looked at the empty alleys on both sides of the road. "Which road should we take? Where do you think auntie is going?"

Liang Jiahao took a deep breath and turned to Qin Yu. "Qin Yu, calm down. Think carefully. Besides us, does Zixuan have any other friends or do you know the place she goes the most when she's in a bad mood?"

On the way out, Liang Jiahao had asked Qin Yu what had happened. That's why he was able to quickly analyze Liang Zixuan's situation.

"I don't know!" Unable to calm herself, Qin Yu couldn't think of anything else. Her face was full of tears. "I-I really don't know. All I-I just know is that auntie is usually with me, Zhelan, and three other students at her school. And also Dai Huian. But now that something like this has happened, I-I really don't know who she'll go to."

When something like this happened, the first person Liang Zixuan thought of was Qin Yu. However, Qin Yu was by her side at that time and she was still running out. Since that was the case ... then to whom did Liang Zixuan go?

Liang Jiahao thought for a moment and thought it was impossible for Liang Zixuan to go to any of the people Qin Yu mentioned.

Because she wanted to vent her anger at this moment, and she also wanted to calm down a bit, not looking for a target to vent her anger.

She was only able to calm down when she was alone.

It just so happened that Liang Zixuan was the most terrifying person right now.

Because you would never guess where a person who had already lost her mind and suffered a mental breakdown would go to calm down!

At this moment, Liang Zixuan, as predicted by Liang Jiahao, was driving the car madly across the road. In fact she, herself, didn't know where she was going, she only knew that she didn't want to stop and wanted to use the speed to make herself feel better.

Her mind drifted back to the scene where she and Han Yuanjun were together, and she also remembered their vows.

Tears ran down her cheeks, but she didn't have time to wipe them away. She didn't want to wipe them away because she knew that the moment she wiped them away, they would still fall.

She drove briskly past the cars around her, the streetlights in front of her glowing in the darkness, just like the streetlights she had seen that night when she was reborn into this world.

She didn't know if the path she was taking now would lead her into the light or into a deeper darkness.

She didn't know how long she was driving, it was only when she felt her legs going numb did she step firmly on the brakes and stop the car.

The flashing neon lights on the building drew the attention of passersby. Liang Zixuan stuck her head out of the car window. The dazzling color suddenly reminded her of the tenacity in her heart.

Whether she was reborn or not, she was still a very fragile girl.

Liang Zixuan looked at the sign on the roof of the building before making her decision.

### **Chapter 717 Argument**

Liang Zixuan had never been to a nightclub before. Maybe out of curiosity, maybe she wanted to vent her anger, or maybe she just wanted to soothe her heart, she opened the car door and got out, walking towards the building.

The deafening bass beat on her heart like a giant drum. The young men and women on the dance floor shook their hips at will as they danced around happily.

Liang Zixuan took a deep breath and sat down in the corner.

Even in such a situation, she still remembered that she was pregnant and couldn't drink. She called the bartender and ordered a plain juice.

For Liang Zixuan, this was a new world. Seeing figures of men and women dancing close together, hugging and kissing each other, not knowing whether they were lovers or not, a bitter smile suddenly appeared on her face.

In her mind, she couldn't help but think... If Han Yuanjun came to this place, what would he do?

Would he sit in his seat and drink his wine with a deep expression, or would he go to the dance floor like any of the other men here and look for his next victim?

Liang Zixuan thought about it for a moment and couldn't imagine the sight where he danced with a woman who was not her.

It was as if ... It was as if she was like a bird in a cage who could only see the world outside from inside the cage.

Suddenly, not far away, a man who was kissing a woman was violently pulled away by a woman with a big belly. Then, with a loud "pa" sound, a slap landed on the man's face.

Things like this sometimes happen in nightclubs. The dancing crowd immediately stopped dancing, and they all came forward as if they were watching a lively show.

"Do you have any conscience at all? I am carrying your child in my belly, and you actually dare to make a mess outside!" The woman pointed at her belly and shouted at the man with grief and anger.

The man touched his own face. Obviously he felt a little guilty, but his arrogance as a man made him raise his head and in front of everyone, he returned the slap to his pregnant wife.

\*Pa!\*

The whole world quickly fell silent.

Even the loud music stopped and everyone in the club watched the shocking scene.

Seeing how big the woman's belly was, one could say that she was five or six months pregnant and only two to three months remained until the baby was born. And yet this man was beating up his pregnant wife in full view of everyone present!

The woman touched her face and was immediately stunned. She looked at the man in disbelief.

The man angrily scolded her, "I raised you, I provided you with delicious food and drink. Before this, I never sought a woman outside. When have I ever behaved badly toward you?!"

"Now, you're pregnant, it's been six months since I last touched a woman. I'm a normal man, I have physical needs! I was just looking for fun outside, but my mind and my heart still doesn't betray you. I'm only doing this for my physical needs! Do you have to make a huge fuss over a little thing?"

The woman cried out loudly in the face of the man's accusation. "Isn't it a betrayal to share your body with other women? For whom am I doing this? Didn't I get pregnant to give you a child, an heir? Are you going to use my pregnancy as a reason for your cheating?"

The young woman at her side also said angrily, "That's right! Since your wife is pregnant for you and your family, as her husband, you should stay at home and be loyal to her!" *nOveLusB.cOm*

"This man is really speaking very confidently! What do you mean you didn't betray her mentally? According to what you said, it wouldn't be a betrayal if your wife went out to play with another man too, would it? She can do what you do too, can she?"

"What a rubbish man! Shame on you!"

"You're an even bigger asshole if you cheat on your wife while she's pregnant!"

"How can he be so righteous? He's not a man at all!"

The man heard many people helping his wife scold him, and he was so angry that he cursed loudly. "Things between me and my wife have nothing to do with any of you!"

"Think for yourself. Since you married me, I gave half of my money to your brother to buy a new house, when your mother was sick, I paid half of the medical fees, and a lot more! The other day, your father was kicked out of the house by your mother, who brought your father in, and then came to your house to persuade your mother? I just went out to play and you can't take it anymore? Is this how you repay me for my kindness to you and your family?!"

The woman became stunned after being insulted by the man. She immediately lowered her head and didn't dare to speak anymore.

Liang Zixuan quickly knew that the woman was always oppressed by her husband at home. Perhaps the man was causing too much trouble, and every time the woman scolded him, the man would say something like this with his big mouth.

Most of the listeners were young people, some speaking for the woman, others for the man.

"Since she's married to you, her parents are your parents and her little brother is your little brother. So what if you helped her brother and so what if you had to pay for your mother-in-law's

medical expenses? If it wasn't for your mother-in-law, who raised your wife, would you be able to marry her?"

"You can't talk like that. According to what you said, even if he can't get married to this woman, there are still many women outside who want to marry him!"

"Shut up! You rotten men are all the same, shameless! Why did your wife have a child? Is to pass on your legacy to your child!"

"Can't you, women, be reasonable for once? In this society, men are under a lot of pressure. Not only does he have to raise his own parents, he also has to raise his wife and his wife's parents! Don't joke around. If this happened to you, could you endure and bear it? He's just trying to have a good time!"

"Then he shouldn't have gotten married! Besides, his wife was pregnant, can't he have a bit of conscience?"

"That's right, can you understand women? Do you think it's easy for us too? We have to work during the day to feed our family, and at night when we come home, we have to do the house chores like a babysitter. Do you think only you men have so much pressure? You men, when you come home, you just sit on the sofa like an old man waiting for dinner to be served on your lap! Can you, men, compare yourselves to us?"

#### **Chapter 718 How Dare You Mess With Another Woman Outside**

That was a reasonable argument, fair and just. No one was equal.

Liang Zixuan took her glass of juice and finished the juice in one gulp. Then she stood up and walked over there.

"All right, everyone, listen to me!"

Her voice was not loud but full of anger. Everyone looked at her with curiosity.

In fact, some of them recognized her and shouted in shock, "Liang Zixuan? It's Liang Zixuan!"

In the blink of an eye, everyone in the nightclub recognized her. Liang Zixuan raised her hand to silence everyone, then turned to look at the man. Her eyes were cold as she asked, "Let me ask you, when this child is born, what would he think if he found out that his father was flirting with another woman while his mother was pregnant? Will he hate you or will he continue to love you?"

"What would he think if he knew that his mother was always crying and living in depression because of his father? Don't forget, you also have a mother. If your father was flirting with other women out of physical need while your mother was pregnant, what would you feel? After you were born, he left your mother and you behind, just to be with other women, what would you feel? Will you keep gloating around just like you did just now?"

"Yes!"

"Exactly!"

Suddenly, the consenting voices of countless women were heard from the side, they all loudly asked, "If your father did the same to your mother, would you forgive him?"

All the men present, including the man, bowed their heads in shame.

Liang Zixuan took a deep breath. "Physical needs are not an excuse for you to cheat. If all men use women's pregnancy as an excuse to cheat, how many families in this world will be separated and how many children will grow up with hatred?"

"With your self-esteem, don't feel like whatever you do is justified! Before you do these things, I hope you can consider whether you can bear the consequences later on."

"Exactly!"

"What Liang Zixuan said is completely right!"

"It's really a matter of the soul!"

"Liang Zixuan can be considered to have said what we all thought here and what she had experienced. Wasn't her father playing around with Wei Xiaoqing's mother when she was born? I heard a moment ago that her father had been sent to prison because he killed her mother with his own bare hands just because her mother refused to divorce him."

"I suddenly remembered what you said. That's why this man is so cruel. He can be said to be a rotten piece. Really shameless!"

After Liang Zixuan finished what she wanted to say, the other woman who hugged and kissed the man suddenly stood up and slapped the man. "Shameless! Your wife is pregnant, but you still went out to mess around. I'm completely blind and feel guilty for falling into your trap!"

The man actually did not respond after being slapped by the woman. He raised his head in embarrassment and looked at his wife, then held her hand and slapped his face with all his might.

"Wifey, I was wrong. This is really my first time doing this. Please forgive me this time. I- I just feel pressure, and now that I know I was wrong, I will never do that again. Please forgive me!"

In the end, the woman's heart softened. Seeing that her husband had repented, she actually pulled back her hand as she cried. "Let's go home ..."

Go home... These three words were like a thousand knives stabbing Liang Zixuan's heart.

Han Yuanjun....

Can she forgive him like this woman?

• • • •

After Han Yuanjun finished taking a shower, he came out of the bathroom with a dry towel in his hand. When he looked up, he saw a woman lying on his bed.

His eyes suddenly became cold, and he looked at the woman on the bed with his dagger-knife gaze. "How did you get in?"

"Young Master Han...." The woman lifted her legs and did what she thought was the most enchanting act, seducing Han Yuanjun. "I'm Qiao Chun, do you remember me? We've seen each other before at Nanyang Academy."

Han Yuanjun only remembered the appearance of the men and his business partners. As for women, he was always blind to their appearances, let alone Qiao Chun's face.

Han Yuanjun didn't care who she was and said coldly, "I asked you, how did you get in."

Qiao Chun's heart trembled violently due to Han Yuanjun's anger. Still, given that the situation was already going on, she couldn't let herself be scared.

She gathered her courage, raised her snow-white arm, and covered her lips with a slow laugh. "Hehe ...Young Master Han, don't be angry! It was really easy for me to get in. I just told the receptionist downstairs that I'm your wife, and they gave me your room card."

Han Yuanjun did not believe her. If the hotel reception could easily hand out room cards to other people, the hotel would have been closed long ago.

He was too lazy to say anything to Qiao Chun, so he walked toward the window sill. "I'll give you five minutes. Put on your clothes and get out of here!"

Just as he took two steps, his phone rang. Han Yuanjun frowned, thinking maybe it was a call from Liang Zixuan. He glanced at Qiao Chun, who was still on the bed, and his eyes suddenly went cold. "I asked you to leave, aren't I?"

Qiao Chun pouted, feeling wronged. "Just answer the call, Young Master Han. It's not like we are doing something right now."

Han Yuanjun held back the disgust in his heart and saw the caller ID showing Qin Yu's name from the corner of his eye. He immediately picked up his phone and placed it next to his ear. **novelUSb.COM**

"You despicable woman!"

Han Yuanjun frowned, "Qin Yu!"

When Qin Yu heard Han Yuanjun's voice, she shouted in anger, "Uncle, what happened to you? Auntie is pregnant, how dare you mess with another woman outside? I was completely wrong about you!"

Han Yuanjun did his best to keep the anger in his heart. He glared sharply at Qiao Chun, who was on the bed, and calmly said, "I don't know what you said. I just came out of the bathroom and saw a shameless woman lying naked on my bed! I don't even know who she is! Don't tell me, your aunt called me just now?"

Qin Yu almost exploded in anger when she heard Han Yuanjun's questions. "Uncle, are you sure you didn't make a mistake? How can you let another woman into your room and talk to auntie with that tone? Do you know how auntie was looking at that time? Her face was pale, and she ran out of the house angrily. Xiao Liang and I were looking for her everywhere now, but we couldn't find her! Uncle, you...Aiya, what should we do now!"

## Chapter 719 Han Yuanjun's Anger

"What?!" Han Yuanjun stood there as if he'd been struck by lightning. His gaze became even colder, and even his voice was like a heavy stone landing in people's hearts. "Zixuan ran away?"

"Yes!" Qin Yu almost went crazy. "One day I'll die of anger because of you! Uncle, what should we do now?"

Han Yuanjun suddenly threw his cell phone at Qiao Chun's forehead, causing a large purple bruise there. Before she could react, he rushed towards her like a ghost and held her neck with his strong hand. His eyes turned red as he asked coldly, "What did you say to my wife?"

"Cough! Cough!" Qiao Chun felt her breath catch in her throat. She couldn't breathe as a strong feeling of constriction enveloped her.

She grabbed Han Yuanjun's hand with both hands and wanted to push his hand away from her throat. But how could Han Yuanjun let her go just like that?

His strength increased, and Qiao Chun coughed again, knowing that if she didn't say something, she'd surely be strangled by Han Yuanjun today!

"I-I-I didn't say anything to her. I-I-I heard your cell phone ringing and I-I just wanted to help you. I-I told her you were taking a shower."

Han Yuanjun's gaze suddenly darkened as he stared coldly at Qiao Chun's face, which had turned from red to white.

At this point, Qiao Chun was really scared.

She's really scared.

She didn't think Han Yuanjun would be like rumors. Not only was he not interested in women other than Liang Zixuan, he also had deep feelings for her.

Just by the strength of Han Yuanjun strangling her neck, she knew that she'd made a big mistake today in risking her life to come to Han Yuanjun's room. *nOveLusB.cOm*

She regretted it.

She really regretted it!

"Cough! Cough! Y-Young Master Han..." Qiao Chun strained to say, "I- I-I really, really didn't say anything to Liang Zixuan. I- I just said that you were taking a shower..."

How could Han Yuanjun not know?

Showing up in his room at night and answering his phone saying that he was taking a shower... Who wouldn't misunderstand!

Even if this woman was just describing what was going on at that time, it was enough to make everyone misunderstand!

Besides, it was Liang Zixuan. His wife! Plus, she was pregnant and her body wasn't in good condition, so her composure and sense of rationality weren't as strong as before.

Han Yuanjun felt that something big was about to happen to his family. As long as it was something to do with Liang Zixuan, it's going to be a big deal in his heart!

He squeezed Qiao Chun's neck tightly and gritted his teeth as he asked, "Tell me, who told you to come? How did you get my room card?"

"Cough! Cough! I-I ..."

At this point, Qiao Chun can only reveal everything.

Who wanted to die!

"I-it's Mr. Cha! H-he gave me your room card...s-saying that as long as you and I slept together, o-our position at Happy Entertainment will be maintained..."

It's this Cha Jinho again!

Did he really not want to live anymore?

Han Yuanjun hadn't even settled the scores with Cha Jinho when he pushed Liang Zixuan last time, and now Cha Jinho was already planning to fight him again!

With his hand on Qiao Chun's neck, Han Yuanjun dragged her forcibly out of bed as if she were trash. Then he dragged her to the door, opened it, and threw her out.

Qiao Chun was not wearing anything at the moment. All her clothes were in Han Yuanjun's room, and how could she still have a face to ask him for her clothes after being thrown into the hallway like that?

It was at this point that a large group of reporters got off the elevator and ran toward her. They all ran like madmen when they saw Qiao Chun lying naked outside the door of the room.

"Miss Qiao, why are you here?"

"Miss Qiao, why are you not wearing any clothes?"

"Miss Qiao, isn't this Young Master Han's room? Did he throw you out?"

"Miss Qiao..."

"Miss Qiao...."

Countless flashes of light kept shooting at Qiao Chun's body. The sound of the shutter next to her ear was like a trumpet from hell, frightening her until she trembled. "Stop taking my picture, all of you stop!"

After the reporters finished taking pictures, they excitedly knocked on Han Yuanjun's door.

Han Yuanjun changed into his suit after throwing Qiao Chun out. Then he began to pack his things. He paid no attention to the knocking sound on the door and immediately made a call.

"I have to go back to Imperial City now, I'll leave the rest of the business here to you. Previously, I said that I would kick Cha Jinho out of the entertainment circles, but now, I'm going to make his life suffer even more and make him pay for his actions!"

"And the woman named Qiao Chun, those reporters must have been here because of Cha Jinho. Call our people and order them to control the reporters. After that, I want you to write the news about Cha Jinho and Qiao Chun's impending doom."

When Han Yuanjun knew that his men had come, he dragged his luggage and opened the door, quickly went out. The reporters saw him and seemed to go crazy as they desperately brought their microphones to his mouth.

The manager and bodyguards around him immediately pushed all the microphones, guarding Han Yuanjun from these reporters.

Han Yuanjun entered the elevator unhindered.

Behind him, Qiao Chun was crying sorrowfully. The other tenants were also coming out to watch the show, but when they saw Qiao Chun, they all gave her contemptuous looks.

Some of them even heard the reporter's words and exclaimed, "What a shameless woman!"

Han Yuanjun got out of the elevator and contacted Yao Xiu, who was working outside and on his way back to the hotel. When he heard that Han Yuanjun would be returning to Imperial City, he immediately said, "I'll be at the hotel soon. President Han, please wait a moment."

As soon as Han Yuanjun walked out of the hotel, he saw Yao Xiu's car stop in front of him. He got in and ordered, "Go to the airport now and let the pilot get ready. We are going home."

It's really convenient to have a private plane. Yao Xiu immediately pulled out his phone to take care of the matter.

At this time, Liang Zixuan had just finished settling the matter of the pregnant couple. Suddenly, someone tapped her hard on the shoulder.

## **Chapter 720 The Person I Love Is You**

Liang Zixuan turned around and saw Hou Yingyi standing behind her.

She unknowingly took two steps back and maintained a safe distance from him.

Seeing her like this, Hou Yingyi frowned uneasily. "Zixuan, what are you doing? Why are you acting like you are dealing with a cruel criminal?"

Liang Zixuan rolled her eyes and wanted to leave without a word.

Hou Yingyi blocked her way. "Don't leave yet... Since you are here, let's spend time together like old times."  
**novel**Lu**Sb**.COM

"Who wants to spend time with you?" Liang Zixuan pushed Hou Yingyi's hand away and said rudely, "I'm warning you, you better not touch me. Otherwise, I will make you die a horrible death."

"Die a horrible death?" Hou Yingyi laughed impudently. "Hahaha ... Zixuan, did you misunderstand me? You are married to Han Yuanjun, moreover, I am also afraid of your brother's fist, so how can I be so stupid as to do something to you?"

He raised his hand and pointed at the staircase. "I have a room here. Come, follow me up. I'll buy you a drink. I have good news to tell you."

Liang Zixuan originally didn't want to go with him but she knew how hard it was to deal with Hou Yingyi if she refused.

And with her current situation, what if he suddenly attacked her?

She subconsciously protected her belly, then looked at the crowd that was still dancing. "I can go with you but let's stay on the first floor."

Hou Yingyi lowered his gaze and looked at Liang Zixuan's hand that was covering her belly. His gaze was like a sharp knife, stabbing her. "So it's true that you are pregnant?"

Liang Zixuan was wearing loose pajamas. Even if she came to this place dressed like this, people wouldn't find it strange.

Since she was basically at home, even though there was no one else at home, there were still servants. It was impossible for her to walk around the house wearing revealing pajamas, so her pajamas were replaced with loose clothing.

"Yes." Liang Zixuan did not deny it. "I am pregnant."

Hou Yingyi sighed deeply and reached out his hand to protect Liang Zixuan's shoulder. "Alright, I will lead you there."

If it was another time, Liang Zixuan would definitely not let Hou Yingyi touch her. However, at this moment, she had no choice but to hold back the disgust in her heart and let him lead her to a private room on the first floor.

Standing in the doorway, Liang Zixuan saw no one in the room except the liquor and some empty cups on the tea table. She asked cautiously, "Just you alone?"

"Of course." Hou Yingyi looked at Liang Zixuan with amusement and asked confidently, "Who else do you think should be in this room?"

Liang Zixuan recalled back to what Qin Yu had said earlier. Wei Xiaoqing and Hou Yingyi were shopping, buying maternal supplies. She smiled. "Where is Wei Xiaoqing? Why didn't she come with you?"

"So you know about it?" Hou Yingyi shrugged his shoulders and said with a bit of disappointment, "And here I am, planning to tell you this news in person."

Seeing that Liang Zixuan still did not come in, he gently squeezed her shoulder. "Come in. I'm not a ferocious beast, I won't eat you. What are you afraid of?"

If he was truly a ferocious beast, he would have eaten Liang Zixuan clean a few years ago.

As he thought about it, Hou Yingyi's feelings sank more and more. He sat on the couch, took a bottle of wine, poured two glasses before handing one to Liang Zixuan.

Liang Zixuan looked at him and said expressionlessly, "I can't drink."

Hou Yingyi raised an eyebrow, "That's right, I forgot that you're pregnant."

Then he pressed the button on the wall. "Bring me a glass of freshly squeezed orange juice."

After a while, the waitress pushed open the door and put the orange juice in front of Liang Zixuan.

Liang Zixuan did not even accept the juice. She just stared at Hou Yingyi, asking him to get straight to the point with her eyes.

Hou Yingyi smiled indifferently. He raised his glass in her direction and drank the wine in one gulp. "I asked you to come here with me because I want to tell you that Wei Xiaoqing is also pregnant."

He pursed his lips in irony. "The child is mine."

Liang Zixuan remained expressionless. "Congratulations."

Hou Yingyi raised his eyelids, glanced at Liang Zixuan before taking the bottle on the table and poured himself another glass of wine. "What is there to congratulate about? It's not like you don't know that I don't love Wei Xiaoqing. If it was not because she wanted to give Yuan Now to me after marriage, I would not marry her."

One was eager to show off, while the other was only interested in profit. Liang Zixuan felt that Hou Yingyi and Wei Xiaoqing were truly a match made from heaven.

Just like a turtle with a turtle egg inside... They were the perfect match!

However, Liang Zixuan did not say it out loud. At a time like this, she can't upset Hou Yingyi.

From the looks of it, Hou Yingyi was a regular customer here. Perhaps he also had shares in this nightclub. If Liang Zixuan pissed Hou Yingyi off in his territory, the consequences would have been unimaginable.

She smirked. "Really? I thought you loved her."

"Love her?" Hou Yingyi laughed to himself as he shook his head. After laughing, he looked at Liang Zixuan and suddenly said seriously, "Zixuan, do you want to know something? All this time, the person I love is you."

Liang Zixuan looked at the man who was declaring his love to her and found it really funny. "Really? I really don't know."

She paused, licked her lips and smiled as she said, "Hou Yingyi, don't you feel ashamed saying this to someone else's wife?"

It was as shameful as the man downstairs who just said that he was only with other women because his wife was pregnant.

Men always came up with excuses for their cheating, excuses that they knew fully well were bullshit. Excuses that were like a sharp knife that can pierce a woman's heart in a second.

However, Liang Zixuan no longer had any feelings for Hou Yingyi, other than considering him as a laughing stock.

Hou Yingyi indifferently raised his eyebrows. "Of course I feel ashamed, but Zixuan, I was too young back then and did not understand love at all. Only after I lost you did I finally realize that I was too late."

He glanced at her. "What about you? Why are you coming here alone at this late hour? Where is Han Yuanjun?"

This seemingly casual question caused the blood in Liang Zixuan's heart to rush out in an instant ...
