### Chapter 751 Liang Jiahao's Gift II

"Hmm?" Liang Zixuan and Qin Yu became excited at the same time. "Where?"

Liang Jiahao smiled as he took out his phone. Han Yuanjun also took out his phone. Liang Zixuan and Qin Yu stretched their necks to look at the screens.

Several people beside them were also looking at their phones as well, some of them immediately inhaled the sharp cold air, and one of them said, "This - this woman is Wei Xiaoqing?"

"It should be!" The other person glanced at Wei Xiaoqing a few more times.

This time, all the guests pulled out their cell phones. When they saw the video on the screen, they all looked at Wei Xiaoqing, who was standing in the middle.

Wei Xiaoqing was confused by their stares. She raised her hand to rub her face and asked, "What, what are you staring at? Have you never seen such a beautiful bride?" *NOVELUSB.COM*

"Haha ..." Someone laughed in a scoundrel manner. "I've seen a lot of brides before, but never one like you."

Hou Yingyi and Hou Shihong were also confused. Why were they all looking at their phones in the middle of a good wedding?

Hou Yingyi went to the guest's chair closest to him and stood behind the guest. He stretched his neck to look at the screen, and when he saw Wei Xiaoqing's face on the video, he felt his body was about to collapse.

As soon as he finished watching the video, he rushed toward Wei Xiaoqing and grabbed the veil covering her head. Gritting his teeth in anger, he said, "You bitch! What exactly were you doing behind my back!"

Wei Xiaoqing felt as if her entire scalp would fall off after Hou Yingyi pulled the veil. She was in so much pain that tears immediately came to her eyes. "Hou Yingyi, you're crazy! Let go of me!"

"S!t!" Hou Yingyi gritted his teeth and cursed, "Speak up! What exactly were you doing behind my back?"

Wei Xiaoqing didn't know what Hou Yingyi was talking about.

But even if she knew, she wouldn't confess!

As long as she didn't admit it, she couldn't be blamed, no matter what mistakes she'd made.

"I didn't do anything! You... Hurry up and let me go!"

"You didn't do anything?" Hou Yingyi snorted with red eyes. He took out his phone from his pocket and grabbed Wei Xiaoqing's veil with one hand and opened the phone with the other hand. He held the phone in front of Wei Xiaoqing and showed the video. "Take a look at it yourself! Don't tell me that woman isn't you!"

Just as Wei Xiaoqing was about to see it, Jiang Huifang rushed over from the side and saved Wei Xiaoqing from Hou Yingyi's grip. Like an old hen protecting her baby, Jiang Huifang protected Wei Xiaoqing by hiding Wei Xiaoqing behind her.

"Hou Yingyi, you motherfucker! Today is your and Xiaoqing's wedding. Why do you want to beat my daughter in front of so many guests?"

"Beat her?" Hou Yingyi looked at Wei Xiaoqing, who was hiding behind Jiang Huifang, and said, "I cannot wait to kill her now!"

"What's wrong with you!"

Jiang Huifang's concern for her daughter was nothing unusual. No matter what mistakes Wei Xiaoqing made since she was little, Jiang Huifang always told her, "Xiaoqing, you are the right one here! As long as you want to do it, it will be the right thing to do!"

When Wei Xiaoqing was young, around her peers, Jiang Huifang was known for her shrewdness and protection of her daughter. Normally, when children played together, it was normal for them to make a fuss, but every time Wei Xiaoqing cried, Jiang Huifang would make a fuss in the children's house for making her daughter cry.

And that's why Wei Xiaoqing didn't have any friends since she was young!

Until she was old and grown-up, she had no close friends with her. No one wanted to play with her, even the children's parents had warned their children not to play with her.

Now Jiang Huifang had shown her selfishness even more vividly. "Hou Yingyi, I warned you, if you dare to touch a single hair on my daughter's head today, I will not let you go!"

"Haha ..." Hou Yingyi laughed mockingly. His face and eyes were filled with deep remorse. "This is so rich coming from you. Wei Xiaoqing, let's divorce!"

"Divorce?" Jiang Huifang froze for a moment, the confidence she had just now suddenly drained out from her body. "Why would you want a divorce? We are in the middle of the wedding!"

"Humph!"

Hou Yingyi showed his phone in front of Jiang Huifang. "Open your dog's eyes wide and see it clearly, your precious daughter is doing something shameless behind my back!"

Jiang Huifang was curious about what Wei Xiaoqing had done to make Hou Yingyi so angry and cause trouble at his wedding.

She focused her attention on the video on Hou Yingyi's phone screen and saw Wei Xiaoqing and a middle-aged man flirting in a nightclub.

At the time, Jiang Huifang really wanted to deny that the person in the video wasn't Wei Xiaoqing... But the video was very clear, like an HD movie. Even if you said it wasn't Wei Xiaoqing, no one would believe it!

After Jiang Huifang finished watching the video, she swallowed her saliva and turned away. With one glance, she saw Wei Xiaoqing's surprised expression and her wide eyes.

It seemed that the woman in the video was really her precious daughter, Wei Xiaoqing.

"Xiaoqing..." Jiang Huifang whispered, "When did this happen?"

"Is there even a need to ask?" Hou Yingyi didn't give Wei Xiaoqing a chance to argue, grabbed the phone, and said gruffly, "Have you seen the dress she's wearing in the video? That's a maternity dress! I went with her to buy maternity clothes! Heh! Wei Xiaoqing, I really didn't think you'd still be flirting with other men after marrying me. Tell me, who exactly is the father of the bastard in your belly!"

### **Chapter 752 Liang Jiahao's Gift III**

Wei Xiaoqing frowned in displeasure. She never thought that someone would take a video of her in a nightclub that day!

Even so, she still refused to admit it. "Yes, the person on the video is me!" she said adamantly. "But that day, I went to the nightclub to find you. When I was downstairs, I was harassed by this man, and what you saw in the video is him harassing me. I did not do anything with him. Nothing happened between us!"

As soon as she finished her sentence, someone immediately shouted, "Emma, this is too great!"

Then she looked at Wei Xiaoqing. "Wei Xiaoqing, are you really not doing anything with him? Another video just came, and it seems that this is the second part. Hahahaha..." *noVeloS&.cOm*

"S-second part?" Wei Xiaoqing said tremblingly as a bad premonition arose in her heart.

Sure enough, when Hou Yingyi watched the second part of the video on his phone, his whole face contorted as if he had eaten something sour.

He angrily threw his phone to the ground. Ignoring the fact that Jiang Huifang was still standing in front of Wei Xiaoqing, he rushed toward her and grabbed her neck. "Good, Wei Xiaoqing, you are not bad. You are pregnant and not allowing me to touch you, yet you can do such a thing with a wild man outside!"

"Cough, cough!" Wei Xiaoqing's neck was gripped tightly, and all the air seemed to have disappeared in an instant. Her face turned purple, and her eyes were wide open. She looked at Hou Yingyi, who was seething with anger. "Cough! Cough! Y-Yingyi ...Le-let go...Let g-go of m-me..."

Jiang Huifang was shocked. Hou Yingyi looked like he was about to eat someone.

She quickly went to break Hou Yingyi's grip that was on Wei Xiaoqing's neck, saying in a panic, "Hou Yingyi, let go of Xiaoqing. Let go of her. Did you hear me?!"

By this time, Hou Yingyi's eyes were already red. How could he let Wei Xiaoqing go so easily? Both of his eyes were as big as brass bells. He gritted his teeth, hoping he could break Wei Xiaoqing's neck.

When Hou Shihong saw this, he also ran over and pulled Hou Yingyi away with Jiang Huifang.

No matter what Wei Xiaoqing had done, Hou Yingyi couldn't kill her!

Besides, there were so many pairs of eyes watching. If Hou Yingyi killed Wei Xiaoqing here, would he be able to escape?

"Yingyi, let go!"

Jiang Huifang was so close to tears. "Hou Yingyi, let go of Xiaoqing! She's about to die! Let go of her!"

Jiang Huifang's sharp nails were dug into Hou Yingyi's hand, but he still didn't let go. One can imagine how angry Hou Yingyi was!

Yu Meilin also ran from the side and went to pull Hou Yingyi away with Hou Shihong.

When the three of them were together, Hou Yingyi was no match for them and eventually had to let go of Wei Xiaoqing. Suddenly, he shouted at Yu Meilin and Hou Shihong, "Mom, dad, do you know that this bitch is messing around with another man behind my back!"

Yu Meilin had guessed what was going on when she watched the first part of the video. Just as she finished watching the first video, a call suddenly came in. She didn't get to watch the second part, but she already guessed what was going on.

"Yingyi!" Yu Meilin was also angry, but she was still rational at the moment. "No matter what this bitch did, you can't kill her!"

Hou Shihong also said, "Yes! No matter how angry you are, you can't kill her!"

On the other hand, Wei Xiaoqing finally escaped Hou Yingyi's grip. She held her neck and coughed loudly while Jiang Huifang patted her back to calm her down. When Wei Xiaoqing finally calmed down, she raised her head and glared sharply at Hou Yingyi.

"Hou Yingyi!" Wei Xiaoqing shouted with all her might. "So you're the only one allowed to play outside?"

"You bitch!" Hearing this, Hou Yingyi's anger, which had finally been suppressed by Yu Meilin and Hou Shihong, burst out of his chest again. "You still dare to argue with me? I'll kill you!"

No sooner than Hou Yingyi finished his sentence, he was already rushing and grabbing Wei Xiaoqing's wedding dress. He wanted to pull her out from behind Jiang Huifang.

Wei Xiaoqing was also furious. She tried to fight Hou Yingyi. Jiang Huifang, Hou Shihong, and Yu Meilin immediately went over to stop them.

"A lot of people are watching! If you've something to say and want to fight, let's do it at home!" Yu Meilin said angrily to Hou Yingyi and Wei Xiaoqing.

Hou Yingyi's eyes were red with anger. How could he put this off until after the wedding? With his hands pulled by Hou Shihong and Yu Meilin, he was unable to hit Wei Xiaoqing. He could only shout at her, "I want a divorce! I want to divorce this bitch!"

Wei Xiaoqing also shouted angrily, "Let's get a divorce! Let's see who's afraid of whom!"

When Hou Shihong heard that they both wanted a divorce, he had no face to take it anymore. He was too lazy to care about his face anymore, so he said to Wei Xiaoqing with a gloomy face, "Alright, let's divorce! You cheated first, so don't think of taking Yuan Now away from us! You'd better come out clean and be ready to hand over the company to Yingyi."

"What?" Wei Xiaoqing exploded at the scene. "Why do I have to come out clean? Is Yingyi an extraordinary being? Don't think I don't know how many women he has out there after marrying me! Why can't I do as I please like him? I told you, let's get divorced. You must return Yuan Now to me. My money, none of you will take even a penny from me!"

"Pui!" Yu Meilin spat in Wei Xiaoqing's face. "You're so shameless, with what face do you have to speak about your right? Can't you see, you're just a pregnant woman playing around outside behind her husband's back! It's so embarrassing! You still dare to say that about my Yingyi?"

She turned to Hou Yingyi and said, "Yingyi, you're right. I think the baby in her belly doesn't belong to you either. We can't admit it nor allow it to come into our family."

#### **Chapter 753 Liang Jiahao's Gift IV**

"What am I thinking!" Hou Yingyi continued to swear. "Shameless woman, she said the child in her womb is mine, therefore I'm taking the responsibilities!"

Upon hearing the argument between the Hou Family and Wei Xiaoqing, all the guests below pointed their fingers at Wei Xiaoqing and whispered to each other.

"Wei Xiaoqing is so shameless. I believe the child in her womb does not belong to Hou Yingyi!"

"I think so too! She had a bad reputation in the past, got into Hou Yingyi's bed at such a young age, and she even stole her own sister's boyfriend."

"Like a mother, like a daughter. Why don't you guys take a look at her mother? What kind of scum is Jiang Huifang? None of them are good!"

From ancient times, women had always suffered losses in such cases.

If a man made trouble outside, others would turn a blind eye. And the man himself can still marry another woman and have children.

Women, however, were different. If a woman stole a man, especially a taken man, it was more difficult if she wanted to enter a good family in the future.

Wei Xiaoqing's reputation was already so bad. After today's incident, there would probably be no one in the whole Imperial City, not even ordinary people, who would want to marry Wei Xiaoqing or let her enter their family's door.

Although Jiang Huifang was angry, hearing others scolding Wei Xiaoqing, and even herself, but now was not the time for her to be angry.

She pulled Wei Xiaoqing's hand and whispered in her ear, "Xiaoqing, hurry up and explain yourself! With so many people here right now, once this incident spreads out, it will spread like fire. In the future,

your life will be ruined! Moreover, you have given Yuan Now to them. It's impossible for us to get it back now, so ... you can't get a divorce! If you do, we will have nothing left, not even money!"

Wei Xiaoqing also heard insults from the guests. She was also angry and felt wronged. Hou Shihong was a respectable person on the surface, but he was worse than the beast in the shadows. He was truly capable of anything.

No one forced her to sign the transfer contract, and no one forced her to sleep with Fang Yimu. Besides, there was evidence of her infidelity in marriage, so it can be said that she was slapped in the face immediately. No matter where she went, she was the wrong one.

So ... Wei Xiaoqing felt that if she really cut all ties with Hou Yingyi and divorced him, she would definitely never be able to come back.

"Do you think I'm willing to do this?"

Wei Xiaoqing suddenly pouted and cried. "At that time, Yuan Now was almost bankrupt, and the person happened to be the boss who said wanted to buy my building. I was forced into a corner, that's why I did that. It was just one time, and besides, everything I did is for the Hou Family! I am afraid that you all don't want me and will insult me. I thought to myself that as long as Yuan Now earns more money, I can give the money to the Hou Family and you guys will not treat me like this and serve me well!"

The corners of Liang Zixuan and Qin Yu's mouths twitched as they watched the scene before them.

When Wei Xiaoqing was banned by Han Yuanjun, the entertainment circles completely lost a movie queen.

Wei Xiaoqing's performance of crying and feeling persecuted and oppressed was just a smooth one-moment exchange.

She didn't even need to nurture her emotions, her emotions were already in place.

Liang Zixuan and Qin Yu admired Wei Xiaoqing in their hearts.

Hou Yingyi felt so angry that his eyes turned red. He just knew that he was wearing a green hat for whatever reason. Just as he was about to get angry again, Hou Shihong suddenly shouted.

"Are you saying that you gave in to this man's temptation for the sake of the company?"

Wei Xiaoqing's eyes were brimming with tears as she nodded. "That's right, if you don't believe me, you can check for it yourself. Whether or not Yuan Now recently sold two buildings, whether or not a large sum of money was transferred to the company's account!"

Wei Xiaoqing's words were true from beginning to end.

However, the reason why she slept with Fang Yimu was to take revenge on Hou Yingyi.

And of course, naturally, she was more willing to make more money.

Seeing Hou Shihong had been persuaded by Wei Xiaoqing, Hou Yingyi immediately said anxiously, "Dad, what do you think? This bitch gave me a green hat! And now that the whole world knows about it,

you want to keep her in our family? Then where should I put my face! How can I, Hou Yingyi, fool around in the future?"

Everyone in the world would probably point their fingers at him and laugh at him when they saw him. "Look at this guy. His wife put a green hat on him, but he still has to swallow it. Hahaha... What a useless man!"

Hou Shihong glanced at Hou Yingyi, held him by the collar, and whispered in his ear. "Yingyi, even if this is true, we have to keep her here."

"Keep her? Did you even hear what you said!"

Hou Yingyi was so angry that his eyeballs almost popped out.

Hou Shihong continued to lower his voice and said, "It's not good for you two to divorce so quickly! You just got married, and besides, I'm only giving her the identity of a nominal lady like Madam Hou. We can talk more about this matter in the future. I'm only asking you to do this one thing for me. You have to bear with her!"

"No way!"

How can Hou Yingyi bear this?

This had to do with his dignity as a man!

"Dad! She put a green hat on me!"

Yu Meilin interjected as well. "Yes, that's right! This kind of woman is despicable, we cannot let her enter our family!"

Seeing that both his son and wife were against him, Hou Shihong immediately used his identity as the head of the family to say, "The matter will go as I have said! Today's marriage will definitely not come to an end. They will not divorce, and we will talk about it in the future!"

Yu Meilin frowned gloomily. "Then the child in the sl\*t's belly, are we going to accept it?"

"Wei Xiaoqing, I will put my words here first. What happened today, I will just let it pass, but if your child isn't the seed of my Hou Family, then get out of my sight! Don't you dare tell other people that the Hou Family is inhumane!"

Hou Shihong's words were really taken into account for every aspect of the Hou Family. *NovelSb.com*

Wei Xiaoqing said that sleeping with Fang Yimu was for the sake of Yuan Now and for the Hou Family's business. Most of the guests probably thought that Wei Xiaoqing was forced to do this because of the Hou Family, and so Hou Shihong could only hold back his anger for a while.

Otherwise, if someone pointed their finger at him and scolded him, Wei Xiaoqing would probably bite him to death! At the time, even though she was to get divorced and went to court, Yuan Now had to be returned to her intact.

## Chapter 754 Qin Yu's Conflicted Emotions

According to Hou Shihong's words, as long as the child in Wei Xiaoqing's womb did not belong to Hou Yingyi, Wei Xiaoqing should come out clean in the time to divorce, including her own share in Yuan Now.

Wei Xiaoqing was very confident that the child belonged to Hou Yingyi, so she nodded her head and replied, "All right! I promise you, when the child is born, we will do a DNA test. If the child does not belong to Yingyi, I will leave, even if you don't want to drive me away!"

Hou Shihong could only agree with Wei Xiaoqing's decision. "Alright, let's do it this way!"

This wedding farce actually ended in such a ridiculous way.

The guests did not have time to react before it was over.

What's even more ridiculous was that the Hou Family actually accepted Wei Xiaoqing, who had cheated in her marriage.

This was simply the biggest joke in the world. It's so funny that it can kill someone!

Liang Zixuan did not know if the others were laughing or not, but she laughed out loud.

"I really didn't expect Hou Shihong to be so shameless. He has absolutely no moral integrity. He can tolerate this."

Han Yuanjun took Liang Zixuan's hand and held it in his own palm. "Baby, did you see it? Marrying me is your best option. If you enter a family like this, you will be bullied by them."

Liang Zixuan glanced at Han Yuanjun and couldn't help but laugh. He actually remembered what Yu Meilin had said earlier.

This was a reality lecture for her.

"Yes, yes!" Liang Zixuan nodded and said noncommittally, "Marrying you is my greatest fortune in this life. If I married Hou Yingyi, I'd probably be bullied to death."

"Alright, our big gift has already ended. Let's leave."

Liang Jiahao pulled Qin Yu's hand and stood up. Liang Zixuan and Han Yuanjun also stood up.

Before they left, Liang Zixuan took one last glance at Wei Xiaoqing and Hou Yingyi, who had just experienced such a deep grudge and were now standing together lovingly entertaining the guests.

For the sake of profit, they both could make such a compromise.

Wei Xiaoqing was like that, Hou Yingyi was the same.

Even if Hou Yingyi was unwilling, he would do it under Hou Shihong's coercion and threat.

When they came out of the wedding venue and were in the car, Liang Zixuan gave a long sigh. "I really didn't expect that I would get the chance to attend Wei Xiaoqing and Hou Yingyi's wedding. It feels like a lifetime ago."

Han Yuanjun pinched her cheek, "Isn't it really a lifetime ago?"

Liang Zixuan was a little taken aback before she remembered. Yes, that's right... It had indeed been a lifetime ago.

• • • •

Qin Yu sat in Liang Jiahao's car and didn't say anything for a long time.

Liang Jiahao felt that the atmosphere was a little strange as he drove along the road. He looked at Qin Yu. It only then did he remember that this chatterbox had not said anything yet.

He smiled. "What's wrong?"

Qin Yu stared straight ahead as if she was thinking about something. She replied indifferently, "Marriage is really scary."

\*Screech!\*

With a loud noise, the car stopped at the side of the road.

Liang Jiahao turned Qin Yu's body towards him and put his hand on her shoulder. He frowned and looked at her, "Why did you suddenly say that? What's going on in the little head of yours?"

Qin Yu looked at Liang Jiahao in frustration, as if she had just received a blow. "I - I - I just saw what happened to Wei Xiaoqing and Hou Yingyi, and I ..."

Qin Yu did not know how to express what she was thinking.

She looked down and after a while, she slowly said, "I have been thinking... If two people get married, will all their interests be tied together? No matter how much they hate or love each other, for the sake of their own benefits, they are willing to compromise. They would be so desperate that they would throw away all decency for that."

Liang Jiahao was shocked when he heard Qin Yu's words. If he had known this in advance, he would not have brought her here.

As a result, she began to doubt life and her feelings.

"You saw for yourself how bad the marriage between Wei Xiaoqing and Hou Yingyi looked. Does it surprise you?"

"I ..." Qin Yu wanted to say no, but she was indeed like that. She hadn't learned to lie in front of Liang Jiahao.

"It's just that ... They were already on the verge of getting divorced, yet in the end ... In the end, for the sake of benefits, Hou Yingyi was willing to fulfill the terms and compromise. And Wei Xiaoqing isn't good either. In short, none of them are good. I was wondering is this how every marriage would be?"

"You little girl!" Liang Jiahao sighed softly and pulled Qin Yu into his embrace. "They are them and we are us. We won't be like them."

Even though what Liang Jiahao said was true, Qin Yu's heart couldn't help but tremble. Looking at Wei Xiaoqing and Hou Yingyi's marriage, she thought that if a marriage was like this, she would rather not get married.

Besides, she and Liang Jiahao were not ordinary people. When they got married, it would involve many benefits.

"Xiao Liang, when people are in a relationship, of course it would be nice. Of course we can let go of anything, but after getting married ... There are a lot of things we have to deal with. Parents, children, etc. . We can't always be this great. I might annoy you, you might get bored with me, and maybe one day you'll insult me too..."

Right now, Liang Jiahao is regretting his decision!

He shouldn't have agreed to let Qin Yu come with him.

Liang Zixuan was married and had been with Han Yuanjun for so long that she wasn't afraid of how Wei Xiaoqing and Hou Yingyi's marriage would turn out. But Qin Yu was different.

It wouldn't be weird if this little girl didn't want to get married after seeing such a cruel reality.

"That won't happen to us. Qin Yu, I'm not Hou Yingyi. How could I treat you like how he treated Wei Xiaoqing?"

Liang Jiahao tightened his grip on Qin Yu's shoulder as if he wanted to give her too much courage in this way.

Qin Yu pursed her lips, still feeling depressed. "I know..."

How could she know?

It was obviously a perfunctory act!

Liang Jiahao took a deep breath and said confidently, "How about this: Before we get married, let's sign a prenuptial agreement. After the wedding, all my money and property will be in your care. After that, as long as I treat you badly or do anything to upset you, you can divorce me."

Qin Yu rolled her eyes. "I still haven't said I will marry you ..."

Liang Jiahao immediately raised her hand, which was wearing his ring. "You've already agreed to my proposal and are engaged to me. You can't go back on your word."

Qin Yu: "....."

Since she couldn't win against Liang Jiahao, what should she do?

"But if that's the case, it feels like I'm marrying you for your money. I don't want that kind of marriage!"

**Chapter 755 Making A Move Against The Hou Family**

Seeing Qin Yu's expression finally improve, Liang Jiahao gave her a kiss on the cheek. "No, I don't see it that way. I think marriage should be like this. Becoming my wife means that I'll give you a complete sense of security so that you can live a peaceful and happy life with me."

Qin Yu shook her head. "But if I do that, I won't be able to live in peace. You wouldn't think so, but I would, and so would everyone else."

Qin Yu didn't want to talk about this with Liang Jiahao anymore. She pushed him away and out of his arms. "All right, drive. Auntie and uncle have probably reached home."

Liang Jiahao put his hand on the steering wheel. "How about this, we're going home this afternoon. Since Han Yuanjun is back, it's okay for him to take care of Zixuan. It's easier for us to stay in our own house."

Qin Yu had no objections. Although she was happy to stay with Liang Zixuan and Han Yuanjun, it wasn't her home. There were many things she couldn't do there, and her movements were restricted.

Arriving at Han Yuanjun's villa, Liang Jiahao began to pack.

Before packing his and Qin Yu's belongings, Liang Jiahao had asked Liang Zixuan to have a slow conversation with Qin Yu. Don't make her worry too much and don't make her not want to marry him because of Hou Yingyi and Wei Xiaoqing.

Liang Zixuan, on the other hand, didn't expect that the matter between Hou Yingyi and Wei Xiaoqing would give a great blow to Qin Yu.

"Auntie, you don't need to help us. Your brother can do it himself."

Qin Yu said as she followed Liang Zixuan upstairs. Suddenly, she thought of something and suddenly pulled Liang Zixuan back. "Auntie, do you think I....I'm being too much?"

Liang Zixuan paused for a moment. She looked at Qin Yu in confusion. *NovelSub.com*

Qin Yu lowered her head in embarrassment. "Is it alright if I ask your brother to pack my luggage? I should do it, right and I can't expect him to do everything for me, can I?"

Liang Zixuan: "..."

What was this girl thinking?

Since Qin Yu liked overthinking everything, Liang Zixuan felt that it would be difficult for Liang Jiahao to marry this girl.

"No." She comforted Qin Yu as they continued walking. "My brother won't think too much about it. After all, you've never done anything like this in your life, and if you feel like you are burdening him, you can try to do the house chores in the future, but ... "

Liang Zixuan smiled and stopped walking, turning to Qin Yu. "I think my brother will feel sorry for you. If you do the house chores, he might hire a servant."

When Qin Yu heard Liang Zixuan's words, she felt relieved. "Alright, I'll learn to do some things in the future. I don't have to do everything. I'll just help him with some things."

While the two of them were talking, they had already reached the bedroom door.

The door was opened ajar. Standing in the doorway, they could hear the words coming from inside.

"So you don't want to let Hou Yingyi go either? Now we're going to deal with the Hou Family?"

This was Han Yuanjun's voice. Liang Zixuan and Qin Yu looked at each other in confusion before trying to hear the rest of the conversation.

"En." Liang Jiahao's voice was heard immediately. "Before, Zixuan forbade you from doing anything against the Hou Family, but I didn't know what had happened at the time. But now that I know everything, I can't just let Hou Yingyi escape like that! If you are afraid that Zixuan will scold you, don't do it. I'll do it myself."

"Big brother!" Han Yuanjun sounded a little helpless. "I'm not afraid of being scolded by my wife, but I respect her wishes! If she knew, she definitely wouldn't allow you to do that."

And then, there was no sound from inside. Qin Yu turned to Liang Zixuan, only to see her just standing there in a daze. Her face had turned a little paler.

Qin Yu quickly pulled Liang Zixuan into a nearby bedroom and then nervously asked, "Auntie, please don't be angry with your brother."

"I'm not!" Although Liang Zixuan's expression was a bit ugly, her tone sounded rather calm. "I won't be angry with my brother."

Qin Yu certainly understood how deep the sibling relationship was between Liang Zixuan and Liang Jiahao, but... Even though Liang Zixuan said she wasn't angry, wouldn't she blame Liang Jiahao in her heart?

Qin Yu was really afraid of Liang Zixuan and Liang Jiahao's estrangement, so she comforted Liang Zixuan wholeheartedly, "If you don't want your brother to do this, I'll talk to him when we get home, okay? He would listen to me."

"I'm fine!" Liang Zixuan took a deep breath and rubbed her face. "I'm really fine with that. It's just I didn't think that I would really have to deal with Wei Xiaoqing and Hou Yingyi."

Liang Zixuan felt a bit of hatred toward them, but she didn't want Liang Jiahao to bear it for her. This was also the reason why she didn't want to tell him about her past life.

But ... Since Liang Jiahao already knew, there was no reason for her to stop him.

Qin Yu nudged Liang Zixuan anxiously, "Really? Are you really okay?"

"En." Liang Zixuan nodded. "Don't worry, even if my brother ended up destroying the entire Hou Family, I wouldn't blame him. I know what he's worried about and what he's afraid of. He's different from me. He will certainly not let any danger befall me. He will certainly make sure those people lose their ability to fight, and not be able to attack us again."

Seeing that Liang Zixuan really didn't care about this anymore, Qin Yu breathed a sigh of relief. "It's good that you can think like that. Auntie, think of all the things Wei Xiaoqing and Hou Yingyi did to you."

All the things she and Jiang Huifang did to your grandmother, mother, and brother. I think your brother did the right thing by attacking them. If you want to completely eliminate these two big problems, you must make them lose their fighting ability and not be able to oppose us. Otherwise, we will not be able to live in peace in the future!"

Not only were they unable to live a good life, but they also had to be wary of Wei Xiaoqing, Jiang Huifang, and Hou Yingyi. Living in such fear and anxiety was also a form of torture.

It was better to do what Liang Jiahao was doing now. Letting the Wei Family and the Hou Family fight with each other and deal with their own affairs every day, they won't have much time to figure out how to fight and return the attack against them.

Liang Zixuan patted Qin Yu's shoulder. "Alright, let's go."

After taking two steps, Liang Zixuan suddenly said, "Don't tell my brother what I know. Pretend like you don't know anything."

"En!" Qin Yu put her hand on Liang Zixuan's shoulder. "Rest assured, if you don't allow me to say it, I definitely won't say it."

Han Yuanjun and Liang Jiahao were still talking when the door was pushed open. The next moment, Liang Zixuan and Qin Yu entered. The two men also shut their mouths and said nothing about what had just happened.

#### **Chapter 756 She's Worse Than A Beast**

"Have you finished packing?" Liang Zixuan looked at the large and small luggage on the floor. She couldn't help laughing. "You didn't stay long, why did you bring so many things?"

Qin Yu pursed her lips in embarrassment. "These are all mine, my clothes, my shoes, and my darlings."

Han Yuanjun looked at Qin Yu with disdain. "How old are you? And you bring so many dolls with you. Those who don't know might think you're selling dolls."

Qin Yu rolled her eyes at Han Yuanjun and helped Liang Jiahao pack.

Han Yuanjun had Zou Juan help Liang Jiahao take the luggage to the military compound.

When they got home, Liang Jiahao took a while to unpack everything before he finally finished.

After that, he went into the bathroom to take a shower.

Qin Yu lay alone on the bed, her eyes fixed on the bathroom door. She wondered how Hou Yingyi would treat Wei Xiaoqing after today's incident as soon as they got home.

She wasn't the only one who cared and wondered what would happen to Hou Yingyi and Wei Xiaoqing's marriage. Almost everyone who'd watched today's farce wanted to know what would happen when they got home.

After sending all the guests away, Hou Yingyi without a word brought Wei Xiaoqing back to the Hou Residence.

Jiang Huifang was worried about Wei Xiaoqing, so she drove the car and followed them.

Everything was fine along the way. Hou Yingyi didn't say anything and didn't give Wei Xiaoqing any trouble.

But when they arrived at the Hou Residence, Hou Yingyi looked like a lion that had just been released from his cage, and when he finally saw his prey, he immediately pounced on it.

Wei Xiaoqing had just changed her wedding dress and was now wearing a simple and comfortable maternity dress.

The sudden appearance of Hou Yingyi frightened her so much that she quickly ran to the side.

How could Hou Yingyi let her escape so easily? He grabbed her wrist and threw her onto the couch in the living room.

"Ah!" Wei Xiaoqing was like a helpless porcelain doll. Her whole body was slammed onto the couch causing her to scream in pain.

"Sl\*t!" Hou Yingyi pressed Wei Xiaoqing's body down. He raised his hand and slapped her face. "How dare you put a green hat on me! I'll beat you to death today!"

"Ah!" After being slapped in the face by Hou Yingyi several times, blood began to flow from the corner of Wei Xiaoqing's mouth. She used her hands to cover her face as she cried. "Hou Yingyi, you're crazy, stop it!"

"I will beat you to death today!"

Hou Yingyi not only didn't stop, he even held Wei Xiaoqing's hair and arrogantly lifted her head. "Is it fun to play around behind my back? Tell me, is that old man better in bed, or is it me? Does he make you feel better, or do I make you feel better?"

Wei Xiaoqing felt a deep humiliation and her eyes turned red. She stared at Hou Yingyi with red eyes. She was so angry that she didn't say anything.

The more Hou Yingyi looked at Wei Xiaoqing, the angrier he became.

It was as if Wei Xiaoqing's silence was tacit consent. Silence meant that he was not as good as the old man. How could Hou Yingyi bear such humiliation?

He threw Wei Xiaoqing's head onto the couch. "You're not going to say anything, are you? Good! I'll show you how powerful I am now!"

With these words, Hou Yingyi unbuckled his belt and wanted to bully Wei Xiaoqing.

Wei Xiaoqing was truly frightened now.

Hou Yingyi was extremely cruel to her. No matter how uncomfortable she was, he would do whatever he wanted.

Such an experience, it was something Wei Xiaoqing did not like and was very afraid of. Whenever Hou Yingyi did this with her, he had never been gentle.

"Scram!" Wei Xiaoqing tried to push Hou Yingyi away. "Get lost! Don't touch me!"

Hou Yingyi was furious. He slapped Wei Xiaoqing's face again. "You want me to be angry? You don't want me to touch you? Heh! Bitch, other men can touch you, but I can't?"

The more Wei Xiaoqing resisted, the more violent Hou Yingyi became.

Wei Xiaoqing bit her lip hard, tears streaming down her cheeks. "Hou Yingyi, you crazy man! Let go of me!" *noVELUSb.coM*

Suddenly, a big hand reached out from behind and grabbed Hou Yingyi's collar, pulling him away from Wei Xiaoqing's body.

"Beast!" Jiang Huifang quickly hugged the crying Wei Xiaoqing and turned around to scold Hou Yingyi. "Your wife is pregnant, how can you treat her like this!"

"Beast?" Hou Yingyi sneered, "If I am a beast, then what is she? She's worse than a beast, she's a bitch!"

Hearing Hou Yingyi scolded her daughter like that, Jiang Huifang almost went mad with rage. "Hou Yingyi! She's your wife now, how can you call her that?"

"Scram!" Hou Yingyi walked over, grabbed Jiang Huifang by the collar, and pulled her away from Wei Xiaoqing. "This is my house, get out!"

"Why do I have to leave?" Jiang Huifang struggled in Hou Yingyi's arms. "My daughter is here, and I'm also your mother-in-law! I will not leave!"

Hou Yingyi threw Jiang Huifang to the side and stood there. He suddenly laughed mockingly, "You are not leaving? You want to stay here and cause trouble? Hehe... Then you must think twice. Yuan Now is in my hands, so your future living expenses will also be in my hands. Can your precious daughter give you a penny?"

This ...

Jiang Huifang was stunned. It only now did she remember that Wei Xiaoqing was not the only one depending on Hou Yingyi now. Even, she, herself, also needed him.

Jiang Huifang looked at Wei Xiaoqing and then thought about living her life without any worries. Between Wei Xiaoqing and money, she had to make a choice!

Wei Xiaoqing gripped her dress with both hands while looking at Jiang Huifang hopefully. Her gaze clearly told Jiang Huifang to save her.

Jiang Huifang felt sad and torn, but ...

"About this ..." Jiang Huifang smiled at Hou Yingyi. "Yingyi, no matter what, Xiaoqing has entered your family and become your wife. You ... you better not go too far with her."

Hou Yingyi sneered coldly as he looked at Jiang Huifang's face, which had changed as quickly as the sky.

"Mom!" Of course, Wei Xiaoqing yelled out in frustration and anger. "What did you just say? Don't you care about me at all?"

### **Chapter 757 The Child Must Be Born Safely**

"Xiaoqing ..." Jiang Huifang was very upset. It wasn't that she didn't care about Wei Xiaoqing, but she just...

"It's not that mom doesn't care about you, but you're married now. I - I -If I say too much and make Yingyi and his family unhappy, your happy days will be over."

Seeing Wei Xiaoqing staring at her with sadness, Jiang Huifang gave one last fight. "What if ... What if you came home with me first? Wait until the baby is born before you return here?"

Wei Xiaoqing quickly said, "All right!"

She impatiently stood up and wanted to leave with Jiang Huifang, but suddenly Yu Meilin's voice rang out from the door, "No!"

She ruthlessly cut off Wei Xiaoqing's final path to retreat. "If you returned to your parents' house shortly after getting married, people would scold my Hou Family! Jiang Huifang, hurry up and get out of here. Wei Xiaoqing will be living here. She'll be fine."

In truth, Jiang Huifang really blamed Wei Xiaoqing for giving Yuan Now to Hou Yingyi. Otherwise, they would not be so passive now.

Meanwhile, Wei Xiaoqing was blaming Jiang Huifang for leaving her alone for the sake of money in her heart.

Finally, Jiang Huifang raised her head and looked at Hou Yingyi. "Y-yingyi... My living expenses for the next month, how about it?"

Hou Yingyi looked at Jiang Huifang scornfully, then took out a credit card from his wallet and threw it in her face. "In the future, on the 1st of every month, I will transfer 10,000 yuan to this card for your living expenses. If there's nothing else, you will not come home to our house!"

10,000 yuan a month would mean buying off all the Hou Family's crimes against Wei Xiaoqing.

Jiang Huifang took the card and left the Hou Residence with her tail between her legs.

Hearing the sound of the door closing, Yu Meilin pursed her lips and looked at Wei Xiaoqing. "You should go back to your room."

Wei Xiaoqing looked at Hou Yingyi silently and went upstairs without saying anything.

In the living room, there were only the members of the Hou Family left.

Yu Meilin then said to Hou Yingyi, "Since she is already married to our family and so many people were present at the wedding, they all knew she was pregnant. In any case, the child in her womb must be born safely, otherwise our family's affairs will be exposed to others."

Hou Shihong nodded as well. "Yes, your mother is right. Yingyi, I know you are angry, but you just have to bear it for now. Wait until Wei Xiaoqing gives birth before doing anything else. If the child belongs to our Hou Family, she can stay. If not, then let her and that bastard stray together! Before that, you can't go too far on her."

Seeing that Hou Yingyi still had an unsightly expression on his face, obviously unable to let go of his anger, and feeling very uncomfortable, Hou Shihong patted his shoulder. "Now that Yuan Now is in your hands, you can waste the money in the company the way you wanted. It's even okay if you use the money to gamble."

Since Hou Shihong had already said that, what else could Hou Yingyi say?

Also, as long as he did not have to see Wei Xiaoqing's face, his feelings would get better. Thinking about the money and then about the pleasure world outside, Hou Yingyi finally smiled.

Hou Yingyi impatiently went to the nightclub that night. He found some beautiful women, ordered a lot of drinks, and began to live his life of stupidity and depravity.

• • • •

When Liang Jiahao came out of the bathroom, he saw Qin Yu lying on the bed in a daze with her dragon doll in her arms. He wiped his hair as he walked and finally sat down next to her. "What are you thinking about? You are so lost in your thoughts."

"Nothing." Qin Yu snapped out of her daze and smiled shyly. "Auntie's birthday is coming up. Have you thought about what to get her yet?"

"I haven't thought about it yet." Liang Jiahao threw the towel aside and hugged Qin Yu. He whispered in her ear, "What do you plan to give her?"

"I haven't thought about that either." Qin Yu found a comfortable place in Liang Jiahao's arms and leaned her head on his shoulder. "The gift must not be the same as the others. You are auntie's only brother, and I am her most beloved niece. We are the people closest to her, so we should give her something better."

Liang Jiahao hadn't thought of that yet because...

He'd been thinking about how to deceive this little girl to get the certificate.

Otherwise, if he let Qin Yu overthinking everything, she probably would not want to marry him.

At this moment, Qin Yu's cell phone rang.

Liang Jiahao reached out to help Qin Yu get the phone on the nightstand.

When Qin Yu saw Mo Shan's name on the display, her head immediately dropped.

"It's over, work is coming!" Qin Yu pouted at Liang Jiahao gloomily and then put her phone to her ear. "Hello, Sister Mo. What business do you have with me this late at night?"

"Qin Yu." Mo Shan said in a business-like tone. "President Han said that from tomorrow onwards, you can carry out your normal work. Since you have finished recording your albums, I have helped you

choose two entertainment programs to participate in. I have already told the program team that you will go there to promote your new album."

"Oh..." Qin Yu replied without much spirit.

When Mo Shan heard this, she knew that Qin Yu hadn't had enough fun yet. She couldn't help but frown. "You have already rested enough. The scandal between you and Liang Jiahao has already cleared up, so you should return to your normal work. It's all thanks to the president's wife that you got a long rest. Now, you have to work hard for me no matter what, understand?"

Qin Yu felt that Mo Shan was not only her manager, but also a replacement for her mother. Her nagging was the same as her mother's.

Qin Yu could not speak of her pain. There was nothing she could do!  
*noVEIUsIb.coM*

### **Chapter 758 Want Her To Feel Your Absence In Her Life**

Mo Shan was the gold medal manager in the entertainment industry, and her artists were all very popular.

And right now, she had Qin Yu and Goo Shengli under her.

Others might think Mo Shan was vying for the resources by managing both popular artists, but Han Yuanjun was the one who'd instructed her to bring both of them under her wing. Even if other people wanted to object, they simply can't.

Therefore, Qin Yu didn't dare to say anything, but could only mutter, "Alright, I understand. Sister Mo, you set the time and schedule. Tell me when the time comes."  
*noveLus&.Com*

After that, Mo Shan hung up the phone with relief.

Soon after, Qin Yu's one-month itinerary was sent to her.

When Qin Yu saw this, she immediately fainted in Liang Jiahao's arms. "Xiao Liang, I want to complain! My uncle is trying to squeeze me dry!"

Liang Jiahao: "..."

Squeezing her dry?

Han Yuanjun, he dares!

Liang Jiahao looked at Qin Yu's cell phone screen. It was packed with itineraries!

"Why do you have to travel to the countryside?" Liang Jiahao was also unhappy, "Looking at this, I won't be able to see you in a month, right?"

Qin Yu nodded furiously. "That's right! We definitely won't be able to see each other for a month."

She pouted and looked at Liang Jiahao with tears in her eyes. "And that's just for this month. I think Sister Mo is already planning for the next month. If everything goes according to her plan, we'll probably only be able to see each other twice in the next six months."

That's celebrities' lives, especially famous celebrities.

Being able to rest at home for a month was a once-in-a-lifetime miracle.

For celebrities at Qin Yu's level, once their schedule was set up, they won't even have a single day to rest for a year.

Before this, Qin Yu was still in school, so Mo Shan didn't need to give her a very busy schedule.

Qin Yu had to take care of her classes and exams, but now, she was about to graduate, so she just needed to go back to school and take the exams. Her professional class marks can be filled with her movie and album credits, and she really didn't have to waste too much time in school.

This way, Qin Yu could start her intensive work.

Liang Jiahao frowned. He took a deep breath and picked up his phone.

Qin Yu asked curiously, "What are you doing with your phone? Who are you trying to contact?"

She had a bold guess in her heart.

Liang Jiahao glanced at her. "Han Yuanjun, I'll talk to him about your schedule."

Indeed, it was as Qin Yu had expected!

She joyfully patted Liang Jiahao's face, then put down her dragon and hurried down from the bed. "I'm going to take a shower now, so you can talk to my uncle properly. Don't tell him I'm the one who asked for this."

Actually, she was a little afraid of Han Yuanjun.

Liang Jiahao couldn't help but laugh when he saw how cowardly Qin Yu was acting.

He waited until Qin Yu entered the bathroom before dialing Han Yuanjun's number.

"Brother-in-law, isn't Qin Yu's schedule too packed?"

Han Yuanjun chuckled on the other end of the phone. "This is Zixuan's doing. If you want to criticize someone, go find her."

He'd barely finished speaking when Liang Zixuan's voice was heard. "Big brother, I'm the one who asked Sister Mo to arrange it that way!"

Liang Jiahao: "..."

In front of Han Yuanjun, he can still put on a brother-in-law's air, but in front of Liang Zixuan, his dearest sister, how can he do that?

His words immediately turned soft. "Zixuan, what are you doing?"

Liang Zixuan took the phone from Han Yuanjun and explained, "Aren't you very worried about Qin Yu being affected by Hou Yingyi and Wei Xiaoqing until she no longer wants to marry you? I just want her to feel your absence in her life. This way, you can only fly to see her once in a while, and that would surely overwhelm her a lot. Wouldn't it be easier to trick her into going to the Civil Bureau Affairs later?"

It was just like when Liang Zixuan went out to film a movie before. Every night when it was quiet, she'd think about Han Yuanjun like crazy.

Later, Han Yuanjun came to her rescue. And when he said he wanted them to get the marriage certificate, Liang Zixuan agreed without hesitation.

Seeing that Liang Jiahao did not say anything, Liang Zixuan smiled and said, "Big brother, think about it. Now that you are with Qin Yu every day, she is too used to you being by her side. How do you think she'll react if you are not with her for the next month? I am sure she'll miss you like crazy. So, big brother, if you want to end up with her forever, you can think for yourself. Do you think it's worth it?"

Liang Jiahao thought it was worth it.

But ... he wondered if Qin Yu would be thinking about him until she went crazy. He would definitely think of her and miss her like crazy.

"Alright." Liang Jiahao compromised. "Then let us give it a try. But only for this month. It cannot be like this for the next month."

"Understood." Liang Zixuan obediently replied. "Once you two get married, her work will become less. Don't worry."

After hanging up the phone, Liang Jiahao lay on the bed and thought about what Liang Zixuan had said.

Why did he feel that he was setting a trap for Qin Yu?

Thinking about this, Liang Jiahao suddenly got up and went to the cloakroom to help Qin Yu pack her luggage.

The trip will take a month, and she had to take some things with her.

Liang Jiahao had completely mastered Qin Yu's favorites. Her clothes, shoes, including sunglasses and hairpins, he knew exactly what she wanted. He helped Qin Yu pack the things. It took him about two pieces of luggage to pack everything.

When Qin Yu finished washing up, she saw that her luggage was already placed in front of the cloakroom door. At this moment, she had the feeling that she was going on a long trip.

"Why are you packing my things? Did uncle agree?"

Liang Jiahao shook his head. "No."

"Then it was useless?" Qin Yu was disappointed. She kicked the luggage before sitting on the edge of the bed. "My uncle is too heartless. He forced me to go away for a long time!"

Liang Jiahao took a towel from Qin Yu's hand and gently wiped her wet hair. "Han Yuanjun said that you should be busy now, so that you can earn more money. In the future, when we get married, you don't have to work so hard."

Marriage was still far away in Qin Yu's mind and heart. She did not think much about it, so when she heard Liang Jiahao's words, she was very conflicted in her heart. "Such a distant thing, he is thinking about it now."

When Liang Jiahao heard this, he just pursed his lips and said nothing.

After everything was settled, Qin Yu went to bed and suddenly hugged Liang Jiahao tightly. She buried her head in his neck, and her heavy breath hit Liang Jiahao's neck. "Xiao Liang, I cannot bear to part with you. This time, we will not see each other for a month."

### **Chapter 759 Are Not Allowed To Talk To Any Women**

A month was not a long time for the average person.

But for couples who were in love, it was as if they had been separated for a lifetime.

Normally, we would see this celebrity and that celebrity in a relationship, but it did not last long because most celebrities work at high intensity. Even their deepest feelings would collapse under the pull of distance and the outside world.

Qin Yu had seen this kind of thing too many times, so she, too, was also worried.

Just like when Liang Zixuan went to film *Perfection of Eternity*, Han Yuanjun insisted that Liang Zixuan no longer acted in any movies or TV dramas. After going a month of separation, the time they can meet can be counted on one hand.

Liang Jiahao gently patted Qin Yu's shoulder. He was also reluctant to part with her.

"Qin Yu, it's fine. I will come to visit you when I have time."

Qin Yu was still not satisfied. "How many times can you come to visit me? I'm not willing to part with you even before I leave."

Liang Jiahao kissed her on the forehead. "The work is already arranged for you, you can't do anything other than go."

Of course, Qin Yu knew that she had to go. There were too many resources that the Han Group had given solely to her, and if this were anyone else, they would definitely have rushed there.

Qin Yu pouted and hugged Liang Jiahao even tighter. "Can you promise me one thing?"

Liang Jiahao chuckled, "Say it."

"You are not allowed to talk to any women when I'm not here! Besides work, you are not allowed to go out to eat with other women or look at other women. You are not allowed to..." *NoveLus&.cOm*

Liang Jiahao interrupted her, "Aren't that the same thing?"

Qin Yu raised her head and looked at Liang Jiahao with a raised eyebrow. "Will you promise me or not?"

"Alright." Liang Jiahao shook his head helplessly. "I promise you, I will not eat with other women, I will not talk to other women, and I will not see other women. I will wait for you to come back."

Qin Yu finally smiled happily. "That's my man!"

The time they spent together tonight was short. The next day, Qin Yu was awakened by the sound of an alarm. She rubbed her eyes and reached for her phone. Looking at the clock on the phone, she sighed sadly and turned off the alarm clock. Then, she curled up in Liang Jiahao's arms.

After a while, Liang Jiahao pushed her away. "Are you going to wake up?"

"I don't want to!" Qin Yu said with her eyes closed. "Let me sleep some more."

It was 7:50 in the morning. If Qin Yu didn't wake up right away, she wouldn't be able to make it in time.

Liang Jiahao flicked on the lamp and pulled up the sleepy Qin Yu. "You wake up first, I'll go make breakfast for you."

Qin Yu woke up in a daze, and as she sat on the bed, she suddenly thought of something and pulled Liang Jiahao, who was about to leave, back onto the bed. "No need. You go back to sleep. I'll eat outside later, I don't have time to eat even if you make breakfast for me."

Liang Jiahao gently patted Qin Yu's hand. "It's fine. I'll make you a sandwich, you can take it with you and eat it in the car."

With that, he rose from the bed and left the room.

Qin Yu struggled to shower, changing her clothes and putting on her makeup. Liang Jiahao had already finished making breakfast, so he came to help her carry her luggage.

"Are you sure you don't want to sleep anymore?" Qin Yu looked at Liang Jiahao's tall, straight body and broad shoulders. She felt indescribably happy to have a man who would help her take care of everything at home. That sense of security made her really calm and happy.

It was as if she did not have to worry about anything anymore. He would always help her with everything, and all she had to do was do what she had to do.

"I cannot sleep without you." Liang Jiahao went downstairs with Qin Yu while carrying luggage in his hands.

"Your skincare and cosmetic products are in another piece of luggage. If you think you don't have enough shoes and clothes, or if you want to buy something, buy it. When the time comes, I will pick it for you."

Qin Yu nodded obediently.

After Liang Jiahao loaded all the luggage into the car and when Qin Yu went to get her car keys from him, she saw Liang Jiahao headed straight to the driver's seat.

Qin Yu was shocked for a moment. She rushed to the passenger seat and asked, "Are you sending me there?"

Liang Jiahao said while fastening the seat belt. "I am."

Qin Yu was very happy. She quickly hugged Liang Jiahao's arm. "Xiao Liang, you are so great!"

Liang Jiahao patted Qin Yu's shoulder and handed her the sandwich in a plastic bag. "Eat it. I don't want you to get hungry."

"Alright!" Qin Yu took the sandwich and sniffed it. With a satisfied smile, she asked, "Why do I feel like you are spoiling me like I am a child?"

"Child?" Liang Jiahao stroked Qin Yu's hair. "Aren't you still young?"

Qin Yu smiled sweetly and waited for Liang Jiahao to drive. However, she saw him reach into his pocket and take out his wallet.

She widened her eyes and waited for Liang Jiahao's next move.

Liang Jiahao took out a credit card from his wallet and placed it in Qin Yu's hand. "If you want to buy something, use my card."

Qin Yu: "..."

Ever since she was born, no one had ever given her money except Qin Shaoqiang.

Not even Qin Shanyuan!

When Qin Shanyuan was interested in something, he would buy it for Qin Yu and give it to her just like that. There was never a situation where he gave her his credit card.

Qin Yu looked at the card in her hand in a daze, not knowing what to say.

## **Chapter 760 You Really Know How To Find A Man**

Liang Jiahao could not help laughing when he saw her shocked expression. "Idiot, what's wrong?"

Qin Yu slowly raised her head, she was moved to tears. "You gave me money?" *nOvelusb.com*

"Of course!" Liang Jiahao kissed her on the forehead. "As I said before, from now on, everything I have is yours, including my money. I'll just keep a little for my living expenses, and give you the rest."

Qin Yu blinked and tears streamed down her face.

Liang Jiahao frowned and gave her a tissue to wipe away the tears. "Why are you crying?"

At this point, he deliberately looked at Qin Yu and coughed. "Don't tell me you are crying because you despise me for earning less than you?"

"Puff!" Qin Yu laughed out loud and threw herself into Liang Jiahao's arms, tears streaming down her face. "What are you saying! How can you earn less than me!"

Celebrities did indeed earn a lot of money. Sometimes they earned sky-high fees by promoting a certain brand.

However, Qin Yu never felt that Liang Jiahao's income was lower than hers.

Putting aside the annual salary he earned by working at China Securities Bank, with two of Qiao Hongya's companies alone, Liang Jiahao had scored a lot of earnings. These two siblings can be considered to have shared the profits, and only the dividends alone made Qin Yu feel that she was too far behind, not knowing how much effort she would have to put in to earn the amount of the dividends.

She smiled and punched Liang Jiahao's chest. "How could I despise you? I'm just ... I'm so touched because since I was young, other than my father, no man has ever given me money to spend."

A man who was willing to give you all his money, who was willing to give you all his wealth - proof that this man really loved you!

Besides, if he gave you all his wealth, he would not have any money left to pick up other girls.

Hehehe...

Liang Jiahao handed over his credit card to Qin Yu just like that, and that made her feel more at ease.

And she also believed that Liang Jiahao would never do that to her.

Liang Jiahao drove the car to the parking lot outside the airport.

Mo Shan and Hou Fen had been waiting there for a long time. When they saw Qin Yu, they both walked toward her.

"Aiyo, what a rare occasion... Miss Qin actually arrived early today!" Mo Shan was talking to Qin Yu, but she could not help but look over at Liang Jiahao.

Before this, Mo Shan didn't have many opportunities to meet Liang Jiahao. And even if she did, she could only look at him from a distance. Today, she was very lucky to be able to see Liang Jiahao more closely.

No wonder Qin Yu was willing to give up her career for Liang Jiahao. This man was just too handsome.

In this society, it was already difficult to find unique rich men. For men like Liang Jiahao and Han Yuanjun, who weren't only rich but also handsome, it was hard to find a third!

Mo Shan teased Qin Yu in front of everyone, embarrassing her. "Ah ... It seems like the sky is really falling today."

Hou Fen immediately grabbed Qin Yu's arm and said with a smile, "Right! In the past, every time I waited for you at the airport, I was always worried you would be late and miss the flight. Today really seems like a good day, not only President Liang is sending you here personally, but the timing is also very good."

Liang Jiahao nodded to Mo Shan and Hou Fen, greeting them.

"Qin Yu sometimes has a childish temper. Please take care of her. When you come back, I'll treat you to a meal."

Mo Shan was really satisfied the more she looked at Liang Jiahao. She was like an old mother looking at her son-in-law. With a kind smile, she said, "President Liang, don't worry. We'll definitely take good care of Qin Yu. Don't forget about our meal when the time comes!"

Qin Yu became even more embarrassed when she heard what Mo Shan and Liang Jiahao were saying. She glared at Mo Shan and said, "Sister Mo, do you still need Liang Jiahao to treat you?"

Mo Shan crossed her arms and teased Qin Yu casually. "Of course, taking care of you needs a lot of work. You couldn't possibly want me to starve to death, right?"

"Yes, yes!" Hou Fen nodded. "Not only taking care of you needs a lot of work, but even asking you to go to work needs a lot of effort! If you don't start working, I'll starve to death. Sister Mo is still better off because she still has Goo Shengli, but I only have you under me. That's why you have to work hard so that I can start earning more money."

Qin Yu pushed Hou Fen's hand away with contempt and turned to hide behind Liang Jiahao. She stuck out her small head and looked at them, "If... If it weren't for Liang Jiahao, I really wouldn't go to work. I've been too lazy these days."

As soon as Qin Yu finished her sentence, Mo Shan quickly raised her fist and wanted to hit Qin Yu.

However, as soon as her fist was raised, under the dignified gaze of Liang Jiahao, she slowly lowered it.

Mo Shan smiled decently. "Qin Yu, come out. I want to have a good chat with you about life."

"I will not!" Qin Yu snorted behind Liang Jiahao. "If I come out, you will definitely beat me to death!"

"No." Mo Shan showed the usual eight-tooth smile. "I promise I will not beat you to death. I just want to talk."

Qin Yu said, "If you have the ability, come and hit me now!"

Mo Shan: "..."

With Liang Jiahao standing there with such a strong aura, how could Mo Shan dare to touch Qin Yu?

Hehe ... This kind of joke was impossible to laugh at!

Seeing that, Qin Yu laughed smugly. "Sister Mo, I never thought that there would be a time when you would have to submit."

Liang Jiahao shook his head as he saw them playing around, then he pulled Qin Yu out behind him. "Alright, stay here obediently. I'll arrange the flight for you."

Liang Jiahao dragged Qin Yu's luggage to the boarding area. The three women stayed behind and looked at his tall figure with crazy faces.

"Qin Yu, you really know how to find a man, don't you? If I can find a boyfriend like President Liang, I won't even be going to work. Just seeing him at home every day is enough for me."

Mo Shan glared at Hou Fen. "Look at what you were saying."

She then turned to Qin Yu and asked, "Have you ever asked him if he's interested in joining the entertainment circle? I promise I'll make him completely famous."
