

Beauty 761

Chapter 761 Never In Any Circumstances Should You Try To Have Any Argument With Her

Qin Yu frowned. "Sister Mo, are you trying to dig a hole for me? It's not enough for you to oppress me alone, you even want to oppress my man as well? Isn't it enough that I help you earn money?"

Mo Shan coughed softly. "It's just that Liang Jiahao's condition is too good. For him not to enter the entertainment circle is such a waste."

"Don't even think about it!" Qin Yu pouted. "He belongs to me alone. I will not allow any woman to have any impudent thoughts against him!"

Before the security check, Qin Yu spent a long time hugging Liang Jiahao. If it weren't for Mo Shan and Hou Fen holding her arms and dragging her towards the security checkpoint, this girl probably would have stayed behind and kept hugging Liang Jiahao.

After boarding the plane, Mo Shan hurried to explain the contents of the entertainment program to Qin Yu.

"You are not the only popular guest this time. There is another guest who is even more popular and has a lot of fans than you."

Qin Yu was holding a cup of coffee in her hand. She wanted to sleep but was held back by Mo Shan. She refused to let Qin Yu sleep, so Qin Yu could only rely on the coffee to stay awake.

"Who is she? Since she is more popular than me, she is definitely not a villain, is she?"

"We don't know that yet." Mo Shan explained, "Before this, when she made a debut in this country, her reputation was not very good, but after she traveled around abroad a bit, she actually snuck into Hollywood."

Lots of celebrities liked this.

If they cannot make it in their country, they will go abroad. Many of the celebrities had made a name for themselves abroad, and when they returned, their fame would be higher than that of the local artists.

As long as their family had money and capital, they would be able to find a suitable plan to build their own path and pursue it.

Hearing Mo Shan's words, Qin Yu immediately knew who the celebrity was. "You are talking about Shen Xieren, aren't you?"

"Indeed I am." Mo Shan took a deep breath, "This woman just came home this year, I heard that she planned to return to our country to gather fans, and since she has already starred in two movies in Hollywood, both of which were very popular movies, her reputation has become very famous. So, Qin Yu, you must be careful around her. Never in any circumstances should you try to have any argument with her. She has many fans and is not limited to our country only. If you start to argue with her, you have no chance of winning."

In the past, it could be said that Qin Yu kept a low profile even though she was very popular. But even though she did not bother anyone or get into trouble, there were so many people who were jealous of her and did not like her.

And if she did not fight back when those people gave her trouble, then that would mean she was letting herself down.

Just like Zhuan Bi and Liao Nuan. Even though they knew they were inferior to Qin Yu, they still had to provoke her or find something to show their own status.

It seemed like as long as they stepped on Qin Yu and put her under their feet, they would be able to rise up.

Qin Yu felt a headache coming on.

"Sister Mo, you should know my temperament. I'm not the type who likes to cause trouble. But even so, I cannot avoid being disliked by others. What if, at that time, I'm only causing trouble just to survive?"

She's not the type of person who can tolerate anything.

There's a line for that.

Especially after what happened to Zhuan Bi. If Qin Yu endured that, the others would think that she was easy to bully, and they would make the matter worse by doing that.

Therefore, Qin Yu had no intention of tolerating this now!

Mo Shan licked her lips and turned her head to look at Qin Yu. "I don't know why, but I keep having a feeling that Shen Xieren is up to something. When the program team contacted me before, they didn't tell me that she would join as well. They also told me that you were the biggest celebrity on the guest list and would help them increase the ratings. However, two days after I accepted, the program team suddenly informed me that Shen Xieren would also participate in this program."

Even when Mo Shan didn't say it, Qin Yu already had a feeling that something was wrong.

And when Mo Shan said so, Qin Yu suddenly felt that it was because she joined the program that Shen Xieren would do so too.

Qin Yu frowned. "I can't say anything for sure right now, and I could only find out everything after I arrived there. I hope Shen Xieren is really interested in participating not because -"

Before she could finish, Hou Fen suddenly handed a tablet to Qin Yu. She stretched her neck and whispered, "Qin Yu, I just checked out and found out that not only this program but also the program you'll be participating in later will have Shen Xieren participating in it! And the gala you'll attend later, she will be attending too!"

Qin Yu: "..."

Mo Shan: "..."

You could say that one was a coincidence, but was it still a coincidence when there were so many of them?

Mo Shan's expression changed immediately as she asked Hou Fen in surprise, "Hou Fen, are you sure? None of these programs had Shen Xieren when they contacted me!"

Hou Fen nodded. "I'm 100% sure! After you sent me Qin Yu's itinerary last night, I contacted the directors one by one. You know it's my job to confirm the times with the program teams, and I was very surprised to hear Shen Xieren's name was mentioned at the same time!"

In order to let Mo Shan and Qin Yu understand more clearly, Hou Fen mimicked the directors' tone and said, "Hmm, yes, that's the time. Qin Yu will definitely come, won't she? If that's the case, Shen Xieren will also come."

Hou Fen was getting a little anxious. "Listen to this. Doesn't that mean as long as Qin Yu goes somewhere, Shen Xieren will also go there?"

Mo Shan and Qin Yu glanced at each other, their eyes filled with astonishment.

Chapter 762 She Is Here For You

Mo Shan took a deep breath. "Qin Yu, this Shen Xieren is here for you. No matter what program you participate in, she'll participate too!"

Qin Yu didn't say anything because she didn't know what to say at all.

She and Shen Xieren didn't belong to the same circle. Shen Xieren can be said to be in the American circle, while she was in the Southeast Asian circle.

So, why did Shen Xieren want to target her?

Qin Yu shook her head. "I don't know what to say. I mean, I don't even know her! I don't know if this is a good or bad thing, let's talk about it when the time comes."

"En!" Mo Shan nodded. "There's no point in speculating now. We should talk about it after we see Shen Xieren."

Although Qin Yu wasn't the biggest celebrity due to Shen Xieren's participation, the program team didn't do her wrong, and the director personally picked her up.

Along the way, they casually chatted about the program.

This program was an old established program. Qin Yu had seen it before, and there was nothing special she could remember or ask about, so she just kept quiet and only said two or three words when asked, all the way to the hotel.

After getting out of the car, the director suddenly called Qin Yu and smiled, "Um, I heard that you and Shen Xieren are good friends, so I asked the team to arrange your room next to her. When you have nothing to do, you can talk to her."

Good friend?

Qin Yu nodded without batting an eyelid. "Thank you, director, and sorry for troubling you."

As soon as the director left, Mo Shan and Hou Fen held Qin Yu's arms and walked to the elevator.

Mo Shan said, "The director said you and Shen Xieren were good friends, which means she, herself, said it."

Hou Fen nodded. "She even asked to have her room next to yours. Qin Yu, are you sure you don't know her?"

Qin Yu shook her head. "I really don't know her!"

Mo Shan pressed the elevator button and then turned to Hou Fen. "To ensure Qin Yu's safety, either you or I'll sleep with her tonight."*noVeloSb.com*

No matter who Shen Xieren was, Mo Shan felt they should be more vigilant.

Many people looked nice and friendly on the outside, but inside, they were actually ambitious and wanted to tear their enemies' bones. There were too many things like this in the entertainment circles, and Mo Shan couldn't let anything happen to Qin Yu!

If Shen Xieren ended up not doing anything to Qin Yu, then it was a plus. But since Mo Shan was here, she must protect Qin Yu well.

Hou Fen agreed without thinking twice. "Alright! Then I'll sleep with Qin Yu tonight."

Looking at the two women beside her, Qin Yu couldn't help but laugh. "Is it really necessary for you guys to do that? I can take care of myself. Besides, we still don't know what Shen Xieren's intention is. It's not good for us to be so wary of her, is it?"

"What do you mean? Of course we have to be wary!"

Seeing the elevator door open, Mo Shan walked in while dragging Qin Yu. The three women had just entered when another figure they recognized well also entered the elevator.

Mo Shan's words immediately stuck in her throat, unable to get out.

It was Shen Xieren and her assistant.

Shen Xieren acted as if she didn't hear them talking about her. She entered the elevator and greeted Qin Yu warmly. "Hello Qin Yu, I'm Shen Xieren."

Seeing Shen Xieren's calm appearance, Qin Yu reached out and shook her hand warmly. "I've been hearing about Sister Shen's great name a lot but never had the opportunity to meet you. Luck is really on my side today because I finally got the chance to meet you."

By calling Shen Xieren 'Sister Shen', it wasn't as if Qin Yu had lowered status.

In the entertainment circle, Qin Yu was always humble and very polite.

Shen Xieren had started her career before Qin Yu, and now she was more famous than Qin Yu. Therefore, it was good to call her 'Sister Shen', or even better a 'senior'.

Shen Xieren smiled at Qin Yu. There was no trace of unfriendliness in her face or eyes. Instead, she gave a feeling of comfort. "I've also heard of you and have always wanted to meet you."

The two exchanged a few words before reaching the floor and walking out together.

Mo Shan and Hou Fen were staying in the same room, but their room was also not that far from Qin Yu's room. Seeing that Shen Xieren didn't show any hints of attacking Qin Yu, Mo Shan felt a little relieved.

"Qin Yu, I'll ask Hou Fen to help you unpack your luggage. Take a shower first and then have a good rest. You'll have a lot to do tomorrow."

"En!" Qin Yu patted Mo Shan on the shoulder. Then, she leaned over and whispered in Mo Shan's ear. "Sister Mo, don't worry. I don't think Shen Xieren has any evil intentions against me."

Mo Shan laughed a little. "I hope so!"

A woman's intuition told her that a smiling face was often more frightening than a devilish devil!

But this smiling face hadn't shown her power yet, so she couldn't say anything.

After Mo Shan returned to her room, Hou Fen went to Qin Yu's room to help her unpack her luggage. Qin Yu took a shower and then lay down on the bed to put on a face mask and fell asleep immediately.

After Hou Fen finished unpacking, she saw that Qin Yu had fallen asleep, so she carefully removed the mask on her face. After that, she lay down next to Qin Yu and played with her cell phone.

No matter what Shen Xieren was, Hou Fen remembered very well what Mo Shan had said a moment ago.

She would not leave Qin Yu alone in her room.

Chapter 763 Trying To Build A Relationship With Us To Find Your Weakness

At 12:30 noon, someone suddenly rang the doorbell.

Hou Fen thought that Mo Shan had come to ask them out for lunch, but when she opened the door, it turned out to be Shen Xieren!

Hou Fen's body immediately tensed and she looked at Shen Xieren carefully. "Can I help you?"

Shen Xieren looked behind Hou Fen, but she did not see Qin Yu. Then she smiled and said, "It's time for lunch. I want to ask if all of you want to have lunch with us?"

When the doorbell rang, Qin Yu was already awake. She was just too lazy to open the door, and when she heard Shen Xieren's voice, she got out of bed and walked over with her slippers on. "Oh, it's Sister Shen."

"En!" Shen Xieren did not look down on Hou Fen, even though she was only Qin Yu's assistant. She smiled at Hou Fen before looking at Qin Yu. "I arrived yesterday and heard that there are a lot of famous and delicious snacks here. Do you feel like having lunch with us?"

Qin Yu was really hungry now. For a food lover like her, when she was hungry, her head would be completely controlled by her stomach. When she heard that there was something delicious to eat, she immediately started salivating.

"Why not!" Qin Yu smiled and nodded. "Give me five minutes to change, then we will go together."

Qin Yu hurried to change her clothes and told Hou Fen to get Mo Shan.

When Hou Fen saw Qin Yu's excited expression, she could not help but ask, "Qin Yu, aren't you afraid that Shen Xieren will hurt us? Obviously, she is trying to build a relationship with us to find your weakness and attack you when you are least expected!"

Hou Fen knew that Qin Yu loved to eat, but she had to investigate Shen Xieren first to prevent Shen Xieren from hurting Qin Yu. After all, that's part of her job.*novelU&B.COM*

Qin Yu said indifferently, "It's fine. If we continue to avoid her, we will not even know what she is planning. Since she approached us on her own, let her do so. I really want to see what she is planning to do."

Hou Fen thought Qin Yu's words were very reasonable, so she went to find Mo Shan.

After the three of them cleaned up and changed their clothes, Qin Yu rang the doorbell of Shen Xieren's room.

Soon after, Shen Xieren and her assistant went out and they left the hotel together.

Along the way, Shen Xieren behaved very well. She did not say anything outrageous, nor did she act excessively. It was as if she was talking and laughing with her best friend.

And the meal was also very comfortable.

When it came to paying the bill, Qin Yu took out her purse, took out Liang Jiahao's card and handed it to the waiter. "It's my treat today. Sister Shen brought us here to eat such delicious food, so it's only right for me to treat you."

Neither of them fought with Qin Yu over the bill, and this was not a rare occasion between Mo Shan and Hou Fen.

Qin Yu was always the one who paid when the three of them came out.

Shen Xieren did not fight with Qin Yu over paying the bill. She simply watched Qin Yu swipe her card and sign Liang Jiahao's name on the bill.

At that moment, her eyes suddenly flickered. However, it was only a moment before everything returned to normal.

Qin Yu had just paid the bill when her cell phone rang. She picked it up and saw that it was a call from Liang Jiahao. She happily answered the call. "Xiao Liang, why are you calling me?"

Liang Jiahao's chuckle came from the receiver. "You did not call me to tell me whether you arrived or not, so I was worried. If it were up to you, I would be waiting for your call until late at night."

Although it seemed like he was scolding Qin Yu, his tone was actually a loving tone.

Qin Yu smiled sweetly. "Aiya, I forgot! I'm really tired, and as soon as I arrived, I took a shower and fell asleep. I just had lunch."

Liang Jiahao asked with a smile, "Everything is going well over there?"

"En!" Qin Yu nodded. "Everything's going smoothly. By the way, there's a restaurant here whose dishes are really good!"

"The dishes I ate at lunch are called ... What are they called?"

Shen Xieren reminded her kindly, "Tomato beef, tomato fish."

"Yes, yes!" Qin Yu immediately said, "There are tomatoes in every dish. I just know that scrambled eggs made from tomatoes are very delicious. And the boiled fish is also very delicious. It is sour and has a delicious taste."

Liang Jiahao had never eaten any of these dishes before. He frowned and asked, "Do you like eating this kind of dish?"

"I like it!" Qin Yu laughed a little. "They are really very delicious."

"Alright then." Liang Jiahao said, "I will be looking for recipes for these two dishes. When you come back, I will prepare them for you."

"Really?" Qin Yu was overjoyed. Forgetting that there were so many people here, she said unrestrainedly, "How can you be so good? When I come back, I will reward you handsomely!"

Liang Jiahao grinned. "What kind of reward?"

Qin Yu laughed shyly and whispered, "Whatever you want, I will reward you."

"Alright, it's a deal."

After hanging up the phone, Qin Yu was in a very good mood. She put her credit card into her purse, then put her purse and phone back into her bag. She stood up with everyone and was ready to leave.

Mo Shan wiped her mouth with a napkin and turned to tease Qin Yu. "Did you pay for our meal with President Liang's card?"

Qin Yu was not the least bit embarrassed when she talked sweetly with Liang Jiahao just now, but when she saw Shen Xieren and her assistant, she finally remembered that they were there too.

She lightly nudged Mo Shan and whispered, "Stop teasing me!"

Mo Shan deliberately looked at Shen Xieren and smiled. "Don't worry, Xieren will not laugh at you."

Chapter 764 Do You Know A Woman Named Shen Xieren

Hou Fen suddenly understood what Mo Shan meant and looked at Shen Xieren as well. "That's right, Sister Shen. Our Qin Yu is currently having a passionate relationship, so this is normal. Don't laugh at her."

Shen Xieren's expression remained the same and she chuckled, "Why should I laugh at her? We're all from the same generations. Who hasn't had a relationship before?"

Since there were five of them, they couldn't just share one cab back. They took two.

When they went here, Shen Xieren and her assistant were in the same car, so were they when they went back to the hotel.

In the car, Mo Shan said to Qin Yu, "Qin Yu, I don't know if this is just my imagination or what, but just now, I think I saw Shen Xieren's eyes change a little when you signed Liang Jiahao's name."

Of course, Qin Yu didn't know anything about this. At that time, she was too busy signing his name.

Hou Fen wasn't as meticulous as Mo Shan, so of course she didn't see it either.

Qin Yu said uncertainly, "Sister Mo, you think she's not here for me, but for Liang Jiahao?"

Mo Shan raised her hand to rub her chin and thought for a moment before analyzing the situation with the two of them.

"Since you said that you two didn't know each other before, then she must have a purpose in approaching you. It's pretty reasonable to say that she wants to use you to increase her popularity in the country, but ... I don't think she cares about the fame."

"The American circle is so big, and the money she's made isn't small either. In terms of international fame, she's way ahead of you, so I don't think she needs to use you. So ... She must have had another purpose. And just now, after you swiped your card and signed Liang Jiahao's name, I really thought I saw a flash in her eyes as she stared at the bill. Like ... A jealousy?"

Actually, Mo Shan, herself, was not sure. After all, it was only a fleeting moment. There was a possibility that she was mistaken.

However, Qin Yu took it to heart.

At this point, she can lose anything and not care about it. Only Liang Jiahao was her weakness and no one could touch him!

She couldn't let another woman try to touch her man!

"Alright, I understand. I will pay more attention to her." Qin Yu pursed her lips, "Isn't Shen Xieren going to record the same programs as me? I want to see if she's really here for my man."

Since Shen Xieren wanted to be friends with her now, then Qin Yu will be friends with her too.

Whether one was an enemy or a friend, it was better to let the other party let their guard down first.

After returning to her room, Qin Yu called Liang Jiahao.

When Liang Jiahao saw Qin Yu's name, he couldn't help but smile. He held his phone to his ear happily, "What, do you miss me after talking to me just now?"

"No way!" Qin Yu asked him, "Let me ask you, do you know a woman named Shen Xieren?"

"Shen Xieren?" Liang Jiahao was taken aback. He tried his best to find this name in his memory. However, after a long search, he still did not find any trace of her.

"I don't know her. What's wrong?" [novelupdates.com](http://www.novelupdates.com)

"It's nothing." Qin Yu felt a little relieved. It didn't matter if Shen Xieren was after Liang Jiahao or not. As long as he did not recognize her, this matter was easy to deal with. She can really calm down now.

"It just so happens that she will be participating in the same program as me. That's why I wanted to ask if you knew her."

She deliberately reminded Liang Jiahao. "She is a quite famous female Chinese-Hollywood celebrity. She has been in some popular movies."

"I really don't know her." Liang Jiahao answered honestly, "I rarely watch our local movies, let alone Hollywood. You have been with me for so long, don't you know?"

"Of course I know." Qin Yu finally smiled happily. "I'm just asking."

After saying that, she suddenly remembered something and hastily said, "Quickly erase Shen Xieren's name in your memory. Never think of her again, do you understand?"

Liang Jiahao: "..."

Qin Yu kept saying this name in his ear, how could he forget it?

Besides, she had called specifically to ask him about this person. He was sure that something had happened over there.

After hanging up the phone, Liang Jiahao ignored Qin Yu's request and went to search about Shen Xieren. When he saw the woman in the photo, he really had no impression of her at all.

Neither the name nor the person ever appeared in his world.

Liang Jiahao closed the website and thought about this seriously.

In the evening, Shen Xieren came to see Qin Yu again. She said that since Qin Yu had treated her during lunch, she would entertain Qin Yu for dinner.

Qin Yu was never afraid of trouble, so she agreed without hesitation.

The group went out to dinner. Shen Xieren chose a fancy restaurant and the five ate comfortably in a private room. Finally, Shen Xieren asked the waiter to bring two bottles of red wine.

"Qin Yu, we have nothing to do tonight. Let's have a drink to lighten up the atmosphere."

Qin Yu normally would not get drunk even if she finished a bottle of red wine, and when she saw the two bottles of red wine, she just smiled. "Okay, I happened not to have a chance to drink in the past few days. Tonight, I will have a drink with Sister Shen."

Originally, Shen Xieren thought that they would get drunk after drinking two bottles of wine. However, after two bottles were finished, she saw that Qin Yu, Mo Shan and Hou Fen were still sober. So she ordered two more bottles.

After two bottles, two more were added, making it six bottles.

When the six bottles were finished, Hou Fen was lying on the table and could not get up. Mo Shan also fell on Hou Fen's body.

Qin Yu looked at Shen Xieren in confusion, her eyes were clearly drunk. "Sister Shen, we agreed to drink only two bottles. Why did you make us drink so much?"

In order to help Qin Yu and Shen Xieren, Mo Shan, Hou Feng and Shen Xieren's assistant helped them drink a little. It can be said that the four of them (including Qin Yu) had drunk more than four bottles of wine out of the six bottles, that's why Shen Xieren was not drunk yet.

Seeing that the others were all drunk, Shen Xieren stood up smiling, "Everyone is passing out. I will call someone to send us home."

With these words, Shen Xieren called the director. The director immediately sent three female staff members to help them.

Shen Xieren helped Qin Yu get into the car and she personally escorted her back to her room.

When Qin Yu saw her own bed, it was as if she had seen her savior. She immediately rushed over and hugged the pillow while closing her eyes.

Shen Xieren went to the bathroom to get a basin of warm water and a towel. Seeing that Qin Yu appeared to be asleep, she hesitantly asked, "Qin Yu? Qin Yu?"

Qin Yu was sound asleep, with her eyes closed, as if she had not heard anything. At this moment, Shen Xieren's lips curled up into a cold smile.

Chapter 765 I Know You're Pretending!

Shen Xieren went to the side of the bed and wiped Qin Yu's hand with a towel. "Qin Yu, are you really asleep?"

"Ugh ..." Qin Yu whimpered and pulled her hand away. Then she continued to sleep while hugging her pillow.

She was clearly sleeping.

Once a drunk person was sleeping, it would be difficult to wake them up. When Shen Xieren saw Qin Yu like this, she finally felt relieved.

After throwing a towel into the basin, Shen Xieren went to get Qin Yu's bag.

When Qin Yu came back, she casually threw the bag on the bed. Now that it was pressed under her body, Shen Xieren was afraid that Qin Yu would feel uncomfortable lying on top of it.

She pulled on the bag as hard as she could, but she couldn't remove it. Frowning, she stood up and held Qin Yu's shoulder with one hand and her waist with the other.

She pulled the bag out from under Qin Yu's body and rummaged through it. Finally, she found Qin Yu's cell phone.

After finding that Qin Yu's cell phone needed to be unlocked with a fingerprint, Shen Xieren held Qin Yu's hand without hesitation and tried to unlock it, one finger at a time.

Finally, the finger on Qin Yu's left hand unlocked the cell phone.

"What a weirdo. She actually used a fingerprint on her phone."

Shen Xieren looked at Qin Yu on the bed with disdain, then sat down next to her and started using her phone.

First, she opened the message, then WeChat. She deliberately searched for a chat log between Liang Jiahao and Qin Yu and saw how he pampered her like a spoiled child, talking to her as sweetly as he could, being as intimate as he could, making Shen Xieren's eyes filled with jealousy and hatred.

"Liang Jiahao! Have you really forgotten about me?"

Shen Xieren felt like strangling Qin Yu to death now. She'd been waiting for Liang Jiahao for years, but this little girl had taken her place!

Finally, Shen Xieren entered Liang Jiahao's cell phone number into her own phone before turning off Qin Yu's phone and putting it back in her bag.

Then Shen Xieren cleaned up Qin Yu's room and removed all traces that indicated she'd done something there before calmly leaving the room.

As soon as the door was closed, Qin Yu, who was fast asleep, suddenly turned around and sat on the bed. She looked toward the tightly closed door and sneered.

"You tried to get me drunk with that little bit of alcohol? How dare you underestimate me!"

After saying that, she turned to find her bag and took out her phone. After unlocking it, she quickly checked her phone, and when she found that nothing was amiss, she finally felt relieved.

It was still early, 10:15 PM.

Qin Yu sat there, thinking about many things.

Originally, she wanted to call Liang Jiahao and ask if he had received Shen Xieren's call. After all, Shen Xieren had intentionally made her drunk to get Liang Jiahao's cell phone number, and knowing how Shen Xieren was, she would definitely call Liang Jiahao impatiently.

But ... Qin Yu changed her mind. If Shen Xieren did not call Liang Jiahao, by the time Qin Yu called him to ask about her, Liang Jiahao would immediately know that something was wrong.

Besides, Qin Yu had mentioned Shen Xieren's name to Liang Jiahao several times today. If she mentioned it again, even if Liang Jiahao couldn't remember her, he would probably remember her because she had said it so many times.*novelusb.com*

Consciousness was a very scary thing. When originally, Liang Jiahao did not care about Shen Xieren, and no matter how many times Qin Yu mentioned this person's name to him, he still would not be able to remember her.

However, when the person he loved mentioned this name repeatedly in his ear, his consciousness will have a stronger effect on this name and this person, and since then...

He would remember this person better than he ever had before. He would remember this person's name in his life.

Qin Yu didn't want Liang Jiahao to remember Shen Xieren's name, and even though she wanted to call Liang Jiahao, she didn't.

Qin Yu picked up her cell phone and quietly walked out. Then, she pressed the doorbell of Mo Shan's room.

After a while, Mo Shan opened the door for Qin Yu.

When Qin Yu saw her, she laughed excitedly. "Sister Mo, I know you're pretending!"

Mo Shan pulled Qin Yu into the room and closed the door behind her. "How ridiculous! I am the number one gold medal manager in entertainment circles. People like me who have been in this circle for a long time, do you think a few bottles of red wine can make me drunk?"

She looked at Qin Yu and said with a smile, "Your acting is not bad either!"

"Haha..." Qin Yu sat down on the couch and swung her slippers. She crossed her legs and lazily leaned back on the couch. "Did Shen Xieren think she could get me drunk? She should know that I have been drinking wine like water since the first time I discovered alcohol."

Ever since she was young, Qin Yu liked to drink Qin Shaoqiang's wine in secret. First, it was beer, then red wine, and then foreign wine. As long as she had nothing better to do, she would bring a bottle of wine upstairs and quietly drink it in her room.

At that time, Qin Shaoqiang was confused. He thought Qin Shanyuan had stolen his wine and chased him for ten streets with a wooden broom, beating him until his body was red.

Qin Shanyuan knew fully well that Qin Yu was the one who'd stolen the wine, but as her brother, he couldn't betray his own sister, could he?

Also, if Lin Xiu found out that Qin Yu had secretly drunk the wine, she'd die of anger.

Therefore, since Qin Yu was young, Qin Shanyuan had carried a heavy burden for her.

Mo Shan knew about this, so when Qin Yu agreed to drink with Shen Xieren, she didn't stop her.

"What's she doing in your room?"

Chapter 766 She Couldn't Possibly Pretend That They Were Good Sisters

Qin Yu sneered, "Sister Mo, you guessed right! She pretended to be nice for a while, and then she became dishonest. She also took away my cell phone. She thought I was drunk and asleep, so she grabbed my hand and unlocked my phone with my fingerprint, and then snooped around in my cell phone. You wanted to know what she said?"

Mo Shan suddenly became excited. Her eyes lit up as she asked, "What did she say?"

"She actually said Liang Jiahao, have you really forgotten about me?" Qin Yu felt jealous when she thought about it. She felt as if her man had been snatched away by someone now. She felt disappointed in her heart.

Mo Shan was used to seeing the wind and waves, so how could she miss Qin Yu's sour face and words?

"Qin Yu, don't be too angry." Mo Shan was amused, "For a man like Liang Jiahao, not to mention Shen Xieren, even women my age can't help but be tempted by him."

Qin Yu naturally knew how good Liang Jiahao was, but knowing her man was being targeted by other women made her feel horrible.

"Sister Mo." Qin Yu put her phone aside and looked sideways at Mo Shan. "As for the other program and the Gala party that Shen Xieren will attend later, can you help me decline them?"

"You can't!" Mo Shan almost jumped from the spot. She hurried and sat down next to Qin Yu, shaking her head loudly. "You need to forget about this idea! Since the schedule is already set and I've signed the contracts, you can't back out now."

Qin Yu felt as if her brain was about to explode. She immediately pushed Mo Shan's hand away and pouted. "But now that I think about it, Shen Xieren is really here because of Liang Jiahao, and I don't like it at all!"

Qin Yu couldn't possibly pretend that she and Shen Xieren were sisters and had good feelings for each other anymore.

She may not care about other things, but this was her man!

Mo Shan shook her head and hugged Qin Yu. "Qin Yu, you're a beautiful woman and cute too. How can Liang Jiahao leave you? You should have a little confidence in him. Have a little confidence in yourself and him."

Qin Yu snorted. "Did you hear what I said just now? Shen Xieren was basically wondering if Liang Jiahao had forgotten about her! It seems like the two of them have had a relationship before!"

Qin Yu had barely finished talking when her phone suddenly rang. She looked at the phone and saw that it was Liang Jiahao. She pouted and looked away.

"Why don't you answer it?" Mo Shan helped Qin Yu pick up the phone.

"Aiya, Sister Mo, don't do that!" Qin Yu jumped in fear. She rushed into Mo Shan's hand to grab her phone, but she was too slow. Mo Shan was already taking the call.

"Hello, President Liang, are you looking for Qin Yu?" Mo Shan stared at Qin Yu while talking to Liang Jiahao.

Qin Yu pouted and looked at Mo Shan angrily.

Liang Jiahao's very polite voice came from the phone. "Sister Mo, right? Yes, I'm looking for Qin Yu."

"Oh, Qin Yu..." Mo Shan spoke slowly on purpose. When she saw Qin Yu's expression turn ugly, she suddenly became serious. "Qin Yu is very angry right now. She doesn't want to answer your call."

Liang Jiahao immediately frowned. "Why is that?"

"Why?" Mo Shan laughed coldly. "Why don't you ask her personally?"

Liang Jiahao took a deep breath. "Alright, give the phone to her."

Mo Shan smiled at Qin Yu and handed the phone to her.

Qin Yu looked at the phone and felt a little stuffy. She didn't know why, but her heart felt really uncomfortable.

At first, she didn't want to take the call, but she did take it and held the phone to her ear. "What?"

Liang Jiahao's voice immediately rose. "I heard from Sister Mo that you're angry with me?"

They hadn't seen each other all day, and he'd spoken to her twice. However, Liang Jiahao felt that he didn't seem to anger Qin Yu, unless he'd lost his memory and accidentally did that, which was impossible.

So, why did this little girl suddenly get angry?

Qin Yu took a deep breath and lay down on the couch lazily. She looked at the ceiling and said, "No, how can I be angry? It's nothing."

"Really?" Liang Jiahao didn't believe her. With Qin Yu's personality, when she was in a good mood, she was like a sparrow, chattering non-stop.

Only when she was in a bad mood did she become like this, lifeless and indifferent.

Qin Yu replied with, "hmm."

Liang Jiahao was right. She was dispirited and not in the mood to talk to anyone.

Especially him.

Qin Yu was afraid that she'd not be able to hold back and would ask Liang Jiahao whether Shen Xieren had contacted him or not.

She felt that if she asked, it would only make things worse.

Liang Jiahao asked, "Qin Yu, what's wrong?"

If Liang Jiahao didn't ask, Qin Yu was still able to withstand the uneasiness in her heart. Now that he asked, she couldn't hold back her tears. She sniffled and said, "Nothing, nothing happened. I'm just not in a good mood."

Even if Qin Yu said so, she, herself, wouldn't believe it, let alone Liang Jiahao.

For a moment, Liang Jiahao didn't know how to ask or make Qin Yu say it. It would be fine if Qin Yu were with him, but she wasn't with him, and there was nothing he could do.

At this time, Liang Jiahao also thought that it would be nice if Liang Zixuan could be by Qin Yu's side.

Both of them were silent for a moment, and neither of them said anything.

Suddenly, Liang Jiahao finally opened his mouth. "Is it because of the person you asked me today?"

Qin Yu quickly jumped up from the couch like a cat whose tail was trampled. "It's nothing! Don't let your mind go wild!"

"And you're still saying it was nothing?" Liang Jiahao was so angry that he started laughing. "You reacted so much. If not her, then who else?"

Chapter 767 Who Were You Talking To Just Now

Qin Yu could never lie to Liang Jiahao, and at this moment, she could only bite the bullet and say, "I -alright, you're right. It's because of her. Xiao Liang, let me ask you, do you really don't know Shen Xieren? And did she call you tonight?"

After hearing this question from Qin Yu, Liang Jiahao finally calmed down and lay on the bed. "She didn't call me. What's wrong? She has my cell phone number?"

Since they couldn't really talk about this properly over the phone, Liang Jiahao said, "Wait a minute, let me video chat with you."

Qin Yu answered and hung up the phone, waiting for Liang Jiahao's video call.

However, after waiting for a while, Liang Jiahao's video call didn't reach her. Qin Yu frowned and sent the video request to him.

Once the video request was sent, it continued to dial before it declined. Qin Yu cursed in her heart and immediately dialed Liang Jiahao's cell phone number. This time ... She can't get through.

The cold voice of the receptionist came over the phone. "The number you dialed is busy at the moment, please -

Qin Yu angrily threw her phone aside. "Didn't he say he wanted to video chat with me? Then why was he on the phone with someone else?"

Mo Shan raised an eyebrow and asked with a small laugh, "Could it be that Shen Xieren is calling him?"

Qin Yu: "..."

Needless to say, Qin Yu had the same hunch as well!

At this time, usually, after Liang Jiahao went home, no one would call him except Liang Zixuan and Han Yuanjun.

"I think so too!" The more Qin Yu thought about it, the more she felt that Shen Xieren was a cunning woman. On the surface, she pretended to be friendly to her, but when she approached her, she secretly had an idea about her man!

"I really want to go to Shen Xieren's room and see what she's saying to my man!"

"Don't alert the enemy!" Mo Shan immediately restrained the restless Qin Yu. "Don't worry. When Liang Jiahao calls you later, you can ask him what she said."

Qin Yu turned around and looked at her cell phone. A few minutes had passed and Liang Jiahao still hadn't called her.

Anger.

That was what she felt at that moment.

What were they both talking about?!

Just when Qin Yu was almost going crazy with her wild thoughts, the video call from Liang Jiahao finally arrived.

After accepting it, Qin Yu impatiently asked, "Who were you talking to just now?"

Liang Jiahao frowned slightly. Qin Yu could tell that he was irritated.

"The woman you told me about. She called right after I hung up." Without waiting for Qin Yu to ask, Liang Jiahao honestly told the content of their conversation. "She said she was my classmate in high school, but I had absolutely no impression of her. She also said she was a very good friend of yours and wanted to take me out to dinner when I had time."

"No way!" Qin Yu exploded with anger when she heard that. "I didn't even know her! Besides, during my trip this month, she showed up at every program I attended. And from what I heard, the program teams said that she was here because of me. She was clearly targeted at me! Even if it's not for me, it's for you!"

"And you said you didn't know her!" Qin Yu became even angrier when she thought of Shen Xieren's attempt to get her drunk earlier. "She purposely invited us to dinner tonight and then made me drink a lot of wine. You know I can drink, so I pretended to be drunk later on. After sending me to my room, she took out my cell phone and shamelessly grabbed my hands to unlock my phone. And to make the matter worse, she stole your cell phone number from my phone!"

Liang Jiahao understood after hearing these words. Shen Xieren was indeed after him.

"Qin Yu, you should be more careful in the future. Tell Sister Mo and Hou Fen to pay more attention. Stay away from Shen Xieren. If you can't, don't even pretend to have a good relationship with

her." Liang Jiahao took a deep breath and thought of the incident where Qin Yu had been splashed by dirty water. It took him a lot of effort to finally resolve this matter.

Now that Qin Yu's reputation was finally back to square one after many difficulties, he couldn't let it be ruined because of Shen Xieren.

It wasn't that Liang Jiahao wanted to harbor bad suspicions about Shen Xieren, but after what she did to Qin Yu, he was worried.

Even though Qin Yu pretended to be drunk, she unknowingly gave Shen Xieren the opportunity to enter her room. Shen Xieren not only entered Qin Yu's room, but also secretly snooped around Qin Yu's phone and stole his phone number. If Shen Xieren really had an evil intention, she'd surely do something to Qin Yu.

Worse, Liang Jiahao didn't want to think about it and didn't dare.

Since Qin Yu couldn't be by his side, he couldn't stay calm.

Qin Yu's feelings finally improved when she saw how honest Liang Jiahao was with her about Shen Xieren's matter.

"Alright, I understand. Rest assured, I won't give her another chance in the future."

After talking with Liang Jiahao for a while, Qin Yu decided to sleep in Mo Shan's room.

When she thought of Shen Xieren in the room next to hers, she felt disgusted, so she decided not to return to her room and made herself feel disgusted for being a neighbor of Shen Xieren.

The next morning at six o'clock in the morning, Qin Yu was awakened by Mo Shan.

After changing her clothes, she began to put on her makeup.

Xia Xiaolian had just arrived last night, that's why she couldn't join the dinner with Qin Yu and the others.

After she finished putting the makeup on Qin Yu, the four of them walked out of the room together.

Coincidentally, they ran into Shen Xieren at the door.

Shen Xieren enthusiastically greeted Qin Yu as if nothing had happened. "Good morning, Qin Yu. How was your sleep last night?" *novelUs&.COM*

Chapter 768 Who Will Even Remember You After You Are Gone

Qin Yu pursed her lips and smiled indifferently. "Peachy."

As if she suddenly thought of something, she walked up to Shen Xieren, holding her arm and walking with her toward the elevator. "Sister Shen, I had a very strange dream last night. I dreamt that a woman came into my room, quietly took out my cell phone, then unlocked it with my fingerprints and started snooping in my cell phone."

While Qin Yu was talking, she deliberately looked at Shen Xieren's face.

Seeing Shen Xieren's facial expression change only briefly and then quickly return to normal, Qin Yu couldn't help but sneer in her heart. "As expected from someone at the Queen level, the change in her facial expression only lasted for a moment. If one didn't look at her closely, they would think it was just an illusion."

After that slightly changed expression, Shen Xieren smiled and warmly patted the back of Qin Yu's hand. "This dream is indeed strange, but people always say that dream is a mind game. But if you dream about villainess, you are probably going to meet her in your life!"

Dreaming about villainess?

Only Shen Xieren could really say that.

Qin Yu couldn't help but admire her. novelusb.com

If she hadn't seen Shen Xieren with her own eyes last night, she would have thought she was dreaming.

Furthermore, Shen Xieren's word of "villainess" clearly referred to herself!

She thought Qin Yu would never know.

"Is that so?" Qin Yu pretended not to know while smiling, "Is that a good thing? I can finally meet the villainess who's secretly scheming behind my back face to face?"

Mo Shan lightly poked Qin Yu in the back.

Qin Yu looked back and gave her a convincing look.

After they entered the elevator, Shen Xieren turned to Qin Yu and said seriously, "Qin Yu, who applied this makeup for you? How can it turn out like this?"

Qin Yu took a step forward and looked at her face through the elevator wall. She looked left and right but didn't feel anything was wrong.

"What's wrong with my makeup? This is how I usually look."

"Look at your face. You have a standard Oriental face, an oval face shape, and big eyes, but this makeup makes you look too mature. You're still young, your makeup artist doesn't really have to make you look so mature, right?"

Shen Xieren explained to Qin Yu while pointing at the makeup on her face. "Look at me, I'm much older than you, so this mature makeup really suits me because I'm not suitable for such make-up on a young girl."

Xia Xiaolian was now one of the best makeup artists in the country. Being told that her makeup was bad, she quickly argued, "What I did wasn't the mature kind, it retained Qin Yu's face shape. It's just that the eyeshadow gives her a slightly darker look because Qin Yu's new album is about her transformation. She's no longer a singer who sings teen love songs."

Shen Xieren turned around and looked at Xia Xiaolian as if she didn't expect Qin Yu's makeup artist to be here. She smiled awkwardly, "I'm not saying your makeup is bad. I'm just saying that Qin Yu should choose the kind of makeup that suits her better."

Shen Xieren had barely finished speaking when her assistant snorted disdainfully. "Sister Shen, why did you give her a face? Your makeup artist is an internationally renowned makeup artist. No matter where you go, you can parade her off anywhere. If you compare your makeup artist to this makeup artist, wouldn't it be a waste of time?"

Originally it was just a casual conversation, but after hearing what Shen Xieren's assistant had to say, it suddenly became an eye-to-eye battle with the makeup artist.

Qin Yu and Shen Xieren immediately became like other female artists who like to compete.

Xia Xiaolian was furious, but she could not find the right words to say or to strangle Shen Xieren's assistant. After all, even though she was famous in the country, she was not famous internationally.

Qin Yu's expression immediately darkened. She looked at Shen Xieren's assistant, "Xia Xiaolian is also one of the best makeup artists in the country. If you want to suck up to your makeup artist, that's fine, but please do not do it here."

Shen Xieren's assistant not only didn't feel ashamed, she even became arrogant. "Your makeup artist is really bad! Even Sister Shen's acting is much better than yours! Our Sister Shen is from an American circle and can be considered one of the best artists in Hollywood, but what are you? You are just a lackey here. Who will even remember you after you are gone?"

"Weiyuan!" Shen Xieren angrily grabbed her assistant's hand and pulled her to her side. "How can you say such a thing? Qin Yu is still young, but she has already left a lot of people in her dust to survive in this industry until now. Once she stands firm in the country and makes a debut in Hollywood, do you think I will be much better than her?"

Seeing her assistant pursing her lips and wanting to argue again, Shen Xieren angrily brushed the assistant's hand away. "What did I tell you before? There is always someone stronger than you! Don't think that just because I am famous abroad, I could be compared to Qin Yu in this country. Can you not make trouble for me? Keep your mouth shut if you have nothing better to say!"

Mo Shan saw the way Shen Xieren taught her assistant a lesson and felt contempt in her heart.

If it was really as Shen Xieren said, she should have stood up and restrained her assistant when her assistant talked about Xia Xiaolian.

Perhaps those words were something she had discussed with her assistant beforehand. She wanted to use her assistant's mouth to belittle Qin Yu and let Qin Yu know her place.

Mo Shan tugged at the corner of Qin Yu's dress. Qin Yu, who knew how to control her temper, stood next to Mo Shan and drew a clear line between her and Shen Xieren's group.

At this moment, the elevator door opened, and Qin Yu led her own people out without saying anything.

Chapter 769 Who Is Good Friends With You

Shen Xieren saw that Qin Yu looked very angry and chased after her. "Qin Yu, please don't be angry. Weiyuan is used to speaking without restrictions. I've warned her about it before, but she can't help it. If she makes you angry, I'll apologize on her behalf."

"No need." Qin Yu put the sunglasses on her face. "She's right, though. My reputation in American circles is indeed lower than yours. My makeup artist is also not as famous as your makeup artist. However, Shen Xieren, you'd better listen. This is China, my home country. It doesn't matter if it's my makeup artist or me; as long as I show off myself and her, we'll be more famous than you and your makeup artist! If you want to be unreasonable, go back to your Hollywood circles. We don't welcome you here!"

Qin Yu sneered. "I'm sorry, but in this country, only I, Qin Yu, can be unreasonable. If you're not convinced, then give it a try!"

With that, with a head raised high, she left without looking back.

Hou Fen quickly gave Qin Yu a thumbs up. "Qin Yu, you're really good at counterattacking!"

Qin Yu smiled. "I'm not bragging. If she really dares to try, I guarantee I will make her cry and scam back to Hollywood."

Mo Shan sighed in relief. "I thought you were going to pretend to be that woman's best friend again, but now that I see you like this, I'm finally relieved."

They got into the program team's car together. Qin Yu sat next to Mo Shan. She put her arm around Mo Shan's and said with a smile, "Do you really think I'll be stupid? How could I forget what Liang Jiahao told me last night? I just wanted to find an opportunity to tear Shen Xieren's face openly."

"Speaking of that," Qin Yu turned to Hou Fen. "Hou Fen, did you record what they said in the elevator?"

"It's recorded!" Hou Fen nodded excitedly. "Which of the tasks Sister Mo gave to me that I didn't do well? Don't worry, this matter will be over soon."

No one had paid attention to her earlier. They all thought that Hou Fen was watching the news on her cell phone or playing a game. In truth, she was recording a video with her cell phone because Mo Shan had told them to stay alert as they didn't know when Shen Xieren would make a move, and they had to make preparations in advance.

As long as Shen Xieren provoked them first, they would immediately present evidence and slap her face publicly.

After arriving at the recording studio, the director informed the guests about the content of today's program before he began the recording.

At the beginning of the show, Qin Yu sang the main song of her new album, which was something that had been agreed with the director to help Qin Yu promote her new album.

After the opening show ended, the host intentionally said, "Qin Yu, the song you sang just now is really beautiful."

Qin Yu smiled subtly. "The song is the main song for my new album. My album will go on sale on November 7. I hope everyone will support me when the time comes."

The host and the other guests said together, "I support you. The song is really beautiful, and I am going to download it to my phone as soon as it's released and listen to it slowly!"

After everyone finished, Shen Xieren said to the camera, "My beloved fans, did you hear that? Sister Qin Yu's song is really good, you guys need to support her more."

Qin Yu was initially in a good mood, but her mood immediately deteriorated after Shen Xieren's words.

What did she mean by this?

It was one thing to be friends with her, but now that they were in the middle of filming, why was she acting like this?

Of course, as soon as Shen Xieren finished speaking, the host smiled and asked, "Xieren, are you and Qin Yu, good friends?"

"Yes!" Shen Xieren acted as if nothing had happened in the hotel. She held Qin Yu's hand warmly and smiled. "Qin Yu and I are really good friends!"

Qin Yu could not help but roll her eyes. However, in front of the cameras, she could not bring up her animosity towards Shen Xieren.

She calmly pushed Shen Xieren's hand away and said in a joking tone, "Who is a good friend with you? I don't know you."

A little awkwardness appeared on Shen Xieren's face. Others thought Qin Yu's words were a joke and started laughing. Even the audience began to laugh.

This was enough to relieve Shen Xieren of her embarrassment. She smiled politely and continued to stand by Qin Yu's side.

Taking advantage of the host's introduction for the next segment, she whispered into Qin Yu's ear. "Qin Yu, I know you are angry with me because of what happened earlier, but didn't I already apologize to you? Please don't be angry with me."

Since the cameras were not focusing on them, Qin Yu could not be bothered to give her a casual smile. "Shen Xieren, I have already told you that you don't need to apologize. We never knew each other. This is how we will be now, and this is how we will be later. Don't try to be close to me, thank you."

The two only chatted briefly before the next segment began.

It was unknown whether the program team had intentionally separated Qin Yu and Shen Xieren into different teams.

When Shen Xieren heard that she would not be on the same team as Qin Yu, she cried disappointedly. "Aiya, why did you separate me from Qin Yu?"

The host smiled and waved at Shen Xieren. "Xieren, come here quickly. Otherwise, your teammates will think you betrayed them!"

The audience laughed again. Qin Yu was disgusted when she saw the bitter look in Shen Xieren's eyes.

Her life really depended on her acting.

If Qin Yu had not seen Shen Xieren's behavior with her own eyes, she would have thought that Shen Xieren really had a good relationship with her.

Shen Xieren wouldn't be willing to part with her... Ha! Great acting!

In the following matches, as long as it was Qin Yu's turn, Shen Xieren would try to find a way to have a fight with her.

Shen Xieren continued her acting. "Ah, I don't want to fight Qin Yu again! This is too cruel!"

She really did not give up wanting to crush Qin Yu under her shoes. **nOvεLusB.com**

In this segment, both of them wore round air cushions on their bodies, the kind that won't be able to get up when you hit the ground.

Shen Xieren hugged her air cushion and slammed it onto Qin Yu's body. Fortunately, Qin Yu was calm enough to know that Shen Xieren was only talking big. Since Shen Xieren would show no mercy to her, she too would definitely do so!

Qin Yu showed no mercy and hit Shen Xieren with all her strength, instantly knocking her to the ground. She rolled on the mat over a dozen times, and no matter how hard she tried, she couldn't get up.

Chapter 770 You're Still Angry About What Happened

The audience laughed. Even the guests and hosts couldn't help but laugh out loud when they saw Shen Xieren rolling on the ground in a funny way. Qin Yu was even worse, standing there laughing until she bent over and held her stomach.

Shen Xieren couldn't get up, so she yelled at Qin Yu. "Qin Yu, why are you so cruel? You didn't even give me a face!"

Qin Yu sneered in her heart as she helped Shen Xieren get up. "You didn't show me any mercy earlier either."

Shen Xieren took the opportunity to pretend that she couldn't get up no matter how hard she tried. She accidentally, or should we say, intentionally, tripped over Qin Yu's legs, but Qin Yu was always able to stand firm, and this little petty trick usually didn't succeed with her.

At this point, Qin Yu suddenly thought of something and she accidentally stumbled upon Shen Xieren. Then she pushed Shen Xieren's body hard onto the mat.

Shen Xieren was pushed down by Qin Yu and her air cushion changed shape. She writhed relentlessly with her hands and feet. "Qin Yu, get up quickly. I can't breathe anymore."

Qin Yu still had an air cushion on her body, deliberately pressing it down firmly, and shouted, "Aiya, I can't get up!"

The audience laughed even louder. So did the host and the other guests.

When they saw Qin Yu and Shen Xieren really couldn't get up, they came to help.

They managed to pull both Qin Yu and Shen Xieren up from the ground and helped them remove their air cushions.

Shen Xieren said at that moment, "Qin Yu, can you show a little mercy for me? Let me win for once."

The man from Shen Xieren's team also said, "That's right! Qin Yu, you're too strong, and if it's always you winning, this show will be boring. At least let us win the match too."

Qin Yu raised her eyebrow and wiped the corner of her mouth arrogantly with her thumb. "This is a match between two teams, not a charity. In this world, nothing is benevolent. One always has to fight to keep their own good things, not begging or snatching something that never belonged to them!"

When Qin Yu's words rang out, the audience all cheered for her.

Amidst the applause, Qin Yu looked meaningfully at Shen Xieren. Her words had a double meaning. She, Qin Yu, wasn't a person who could be trampled down or persuaded!

As long as it was hers, she definitely wouldn't let it go!

Qin Yu knew that Shen Xieren understood her meaning because when she said that, Shen Xieren's expression darkened significantly.

But soon, she acted as if nothing had happened, pretending that she had a good relationship with Qin Yu.

After the recording ended, on the way back to the hotel, Hou Fen was still a little worried. "Qin Yu, even though Shen Xieren is not as popular as you in the country, she still has a lot of fans. If you start arguing with her like this, wouldn't her fans going to scold you one day?"

"What are you afraid of?" Qin Yu leaned back in her seat, her expression calm and enthusiastic. "This is our homeland. This is my territory. If I didn't teach her a few tricks when she provokes me, wouldn't that lower my status as the great grandma?"

Han Group Media was a huge company, and the entire entertainment community had to bow down to Han Yuanjun. If she, Qin Yu, admitted defeat, wouldn't that be equivalent to Han Yuanjun admitting defeat to someone?

Qin Yu had never been afraid of anyone other than Lin Xiu and Liang Jiahao since she was born.

And of Han Yuanjun too.

Mo Shan nodded. "Yes, Qin Yu is right. We don't need to be afraid, and besides, in this community, there are always a lot of fans who insult other fans. It's not uncommon for celebrities to fight with each

other. Today they are good friends, but tomorrow, they clash. It's a very normal thing. Plus, this is not our fault or Qin Yu's fault. If it were anyone else, they would fight to the end."

"Exactly!" Qin Yu pursed her lips and laughed coldly. "How dare Shen Xieren dream about my man. If I don't fight back, then my surname wouldn't be Qin!"

After returning to the hotel, Mo Shan went to Qin Yu's room because she was worried about Qin Yu's safety.

Qin Yu washed her face and was about to go to sleep when the doorbell rang.

Mo Shan got up from the bed. "I'll go see who it is."

"No need." Qin Yu tidied up her pajamas and looked at the door mockingly. "Who else would come at this hour if not for the person next door? She actually dared to take the initiative to find me? Ha, since she wants a war, then I'll be happy to give it to her."

She, Qin Yu, had never been a coward!

Mo Shan was still a little worried. "B-but Qin Yu ...We don't know what she's up to. What if she uses a vile trick against you?"

Qin Yu patted her shoulder. "Aren't you still here? Once you realize something is wrong, you can come out."

Mo Shan hesitated for a moment before agreeing.

Qin Yu walked to the door in her pajamas and opened it. The person standing in front of the door was indeed Shen Xieren. She was still wearing makeup and still wearing the clothes she'd worn on the show. Compared to Qin Yu's pajamas, Shen Xieren's appearance was too aggressive.

"Qin Yu." Shen Xieren asked nervously as if she didn't expect Qin Yu to come out to see her. "You are already asleep?"

"Yes, that's right." Qin Yu leaned lazily against the door and yawned hugely. "I'm sleepy and tired. We can talk tomorrow if you've something to say."

"Wait!" Shen Xieren stopped Qin Yu from closing the door. "I want to tell you something. You're leaving tomorrow morning, and I'm afraid you will already left by the time I come to see you. So ..."

What's the matter?

Qin Yu looked at Shen Xieren calmly. "Go ahead."

Shen Xieren bit her lip. "I know you're still angry about what happened today. My assistant hurt you with her words -"

"You're wrong." Qin Yu interrupted her. "In this world, no one can hurt me! Why should I be bothered by the words of irrelevant people? Shen Xieren, if you come to me to apologize for this, I will tell you right now that it's okay. I forgive you, you can leave."

From Qin Yu's behavior towards Shen Xieren, everyone could see that she obviously didn't like her.

If Shen Xieren were a wise and smart woman, she wouldn't be sticking her hot face to Qin Yu's butt at this point.

Shen Xieren continued, "Qin Yu, it seems you still haven't forgiven me. I'm very sorry for what happened today. I hope you can really forgive me. I want us to be like before. We -"

"But we're indeed like before. I didn't know you then, and I don't know you now, so I don't have to forgive you. Shen Xieren, there's a big road ahead of you. We don't have to run into each other or have anything to do with each other. I hope you won't call me your best friend or a close friend anymore. From now on, you stay on your line, and I'll stay on mine."

With that, Qin Yu straightened her body and quickly took a step back. Mercilessly, she slammed the door shut in Shen Xieren's face.
