Chapter 791 If You Want To Cry, Just Cry

Qin Yu leaned back on the large sofa and nodded solemnly. "Yes. So you have to buy more food."

"No way!" Hou Fen immediately protested, "Qin Yu, what are you doing with all these things? It will affect your image!"

Qin Yu's face sank. "Are you going or not? If you don't want to go, then I'll go by myself!"

Hou Fen wanted to say something, but Mo Shan came over and stopped her. "Hou Fen, go. Buy her whatever she wants."

Hou Fen's eyes widened in surprise. "Sister Mo! Are you going to be like her right now?"

Mo Shan smiled, and nudged Hou Fen's shoulder, pushing her out of the room. "Don't forget the chicken feet, chicken wings, duck wings, and duck heads, buy other foods too. The more, the better."

Hou Fen: "...."

Crazy!

They had all gone crazy!

Was there anyone normal here?

Qin Yu doing a mukbang?

Really funny!

But no matter how much Hou Fen resisted in her heart, she had no other choice but to listen to Mo Shan's words.

The manager didn't even object, what could a little assistant like her say?

She could only listen and allow it to happen.

Mo Shan sent Hou Fen away to buy food. She was not idle either. She cleaned the coffee table in front of Qin Yu, washed the fruit she had bought earlier, and cut it up before putting it on the plate and placing it on the coffee table.

"Qin Yu, since you are going to eat in the live broadcast, do you want to take off your makeup? Let's take off our makeup first, then we can eat until we are full and sleep."

Qin Yu raised her head and looked at Mo Shan in wonder. She thought Mo Shan would reject her request, but she did not expect Mo Shan not only did not reject it, but even agreed to it.

Moreover, Mo Shan also asked her if she wanted to remove her makeup.

Mo Shan saw Qin Yu staring at her in disbelief, so she smiled. "What's wrong? Why are you looking at me like that? You don't want to do it?"

"I do!"

It was rare to see Qin Yu smile for the first time in the past few days. This smile was not an ordinary smile, but a smile that came from the bottom of her heart.

Qin Yu quickly rose from the sofa and went to remove her makeup. "Sister Mo, I thought you were going to scold me."

Mo Shan had scolded her quite a bit two days ago.

And Qin Yu remembered every word.

Mo Shan leaned languidly against the bathroom door and looked at Qin Yu. "Why do I want to scold you? After this incident, I also understand that your life as a celebrity is quite difficult. With such pressure, and you still have to pretend to be dignified and ladylike in front of others, I think this may be the reason why your mind is always tense and you will not be able to bear it when you meet a little disappointment."

Qin Yu's hand that was holding the cotton pad suddenly paused, as if she had been hit at an acupoint. She stood there with a blank look.

Mo Shan smiled and continued, "I think it is good for you to be like this now. Now that you have everything, there is no need for you to live to please anyone. Be yourself, Qin Yu. Don't bear all the pressure by yourself. Relax and enjoy your life."

Qin Yu's body began to twitch. Her shoulders trembled slightly as she was covered in sadness.

Mo Shan sighed and hugged Qin Yu from behind. "Qin Yu, if you want to cry, just cry. There's no need to hold it back, there's only Hou Fen and I here. There's no need to bottle up the feeling alone. Cry as much as you want."

Qin Yu suddenly burst into tears. She turned around in Mo Shan's arms, hugged her, and started crying loudly.

It was as if she had been holding back her tears for a long time. It was sad and miserable. Mo Shan's heart ached when she heard this. She hugged Qin Yu tightly, letting Qin Yu cry in her arms.

When Hou Fen came back after shopping and as she entered the door, she heard crying. She was shocked, and without putting the bags in her hands, she rushed toward the bathroom in a fiery state.

The first thing she saw was Qin Yu crying in Mo Shan's arms. She blinked, not understanding what was going on.

Mo Shan gave her a look. Hou Fen immediately understood. She tiptoed to the coffee table and slowly put down the bags.

Actually, Qin Yu had heard Hou Fen's footsteps. She cried for a while before lifting her head from Mo Shan's arms. "Sister Mo, I'm hungry. Let's do our mukbang now."

Mo Shan nodded and patted Qin Yu on the back, "Let's go."

Hou Fen was putting the phone down, and when she heard their words, she turned around and saw that Qin Yu's makeup was slightly smudged.

Especially her eyes, which looked like colorful pandas, and her cheeks were pink and wet with tears, making her look like a ghost.

She jumped in fear, "Oh my God! Qin Yu, don't tell me you wanted to do a live broadcast like that?"

"Yes, of course!" Qin Yu had already walked around the coffee table and sat on the sofa.

Hou Fen gestured to Mo Shan with a sullen expression.

Mo Shan nodded, "Let her do whatever she wants."

Hou Fen: "..."

Oh my God!

Was Mo Shan possessed by a ghost today?

How could she obey Qin Yu?

Didn't she think this deeply in her heart?

Their Qin Yu was a female celebrity who relied on her looks to earn money!

Mo Shan raised her hand and made a glaring gesture toward Hou Fen.

Hou Fen immediately closed her mouth.

Don't say anything.

Only obedience!

Since Qin Yu hadn't said in advance that she was going to do a live broadcast, not many fans had come yet when the live broadcast began.

Mo Shan immediately used Qin Yu's Weibo account to post a Weibo message.

"Have you ever watched a live broadcast after Qin Yu cried? You can't miss this opportunity. Come in and see!" *novelUs&.cOm*

Chapter 792 Mukbang Show

The link to the live Broadcast was attached below.

Within two minutes, over a hundred thousand people rushed in at once.

Qin Yu waved at the screen, "Hi, everyone."

Her fans were struck by lightning. No one spoke for a long time.

Qin Yu tilted her head to the side. "Sister Mo, has the live broadcast started yet? Why haven't I seen any comments from my fans yet?"

Mo Shan raised her hand and rubbed her nose. "Maybe ... because they're afraid of you?"

Qin Yu pouted. "Oh, am I that scary?"

At that moment, the comments below erupted like an avalanche.

"Damn, this is really Qin Yu? I wonder if a little kid has been freed from hell because they forgot to close the door."

"This is Qin Yu?"

"Oh my God! Goddess, are you really my goddess? Why did you do a live broadcast like that?"

When Qin Yu saw her fans' comments, she was very happy. "Right, this is my way of doing a live broadcast. What? You guys don't like seeing me like this?"

"I love it! I love it! Anything that Goddess Qin Yu does, I will love it!"

"Qin Yu, tell me, are you being bullied? It's not that I don't like it when you're like this, but I always feel like you have a reason for it."

"Right, Qin Yu, were you crying earlier?"

Qin Yu wiped her eyes with her hand and asked with a blank expression, "Is it clear now? Can you still tell that I was crying?"

The fans immediately exploded, "Qin Yu, are you really crying?"

"Who dares to bully my Qin Yu into crying? Watch me throw my fist at you! I'll hit you so hard that your mother won't recognize you!"

Qin Yu felt very happy when she heard the fan's words. It was strange, but the originally depressed and painful feeling had now gone. She felt very relaxed.

When a person's mood improved, they became happy, and their state would naturally be different.

Qin Yu smiled. "Aiya, I won't talk about it much anymore. I rarely do live broadcasts. Everyone is welcome to talk to me."

Then, she asked Hou Fen to serve all the dishes on the coffee table. "Do you see that? I'll eat with you in a moment. I have to wash my face first. Because if I do it like this, many people will be afraid."

Qin Yu stood up with a smile and left her phone to Hou Fen. Hou Fen followed her on the way to the bathroom.

The fans laughed. They all praised Qin Yu's funny and straightforward character.

Qin Yu herself, along with Mo Shan, had clearly underestimated her influence.

In just ten short minutes, millions of people crowded into the live broadcast channel. Regardless of whether they were Qin Yu's die-hard fans or not, they all entered and watched as Qin Yu removed her makeup and washed her face.

As the number of people increased, the live broadcasting platform broke down. Everyone, including Qin Yu herself, had to stop the live broadcast.

The management of the live broadcasting platform immediately gathered all the programmers to save the situation, and the programmer piped Qin Yu as much as possible.

Seeing that the live broadcasting platform was almost ready, the management hurriedly contacted Mo Shan. "Sister Mo, everything is prepared now. You can start the live broadcast again."

Mo Shan politely thanked him. "Sorry for the trouble. Next time, I'll treat you to dinner when I have time."

"Hehe...No problem, no problem at all." The person laughed loudly and spoke frankly, "Next time, if Qin Yu wants to do a live broadcast, let us know a few minutes in advance. We must open a backup channel for her influence, otherwise, our platform will collapse in ten minutes like today."

Mo Shan was a little embarrassed. "Okay, next time, I will definitely tell you beforehand."

"En, that's for the best! Oh yes, Sister Mo, since Qin Yu is broadcasting live this time, I hope that she can do it more often in the future. Even if she cannot do it all the time, once a month is fine, and even half a year is fine too."

To put it bluntly, they wanted Qin Yu to direct the flow of traffic for them.

Mo Shan nodded. "Alright, I will ask her."

On the other hand, when Qin Yu saw that the live broadcasting platform was ready, she waved to the fans inside. "Are y'all here? Aiya, I just got stuck, but don't worry, I haven't taken off my makeup yet and I'm waiting for you guys to come in."

Needless to say, the fans' responses were outstanding. The chat screen scrolled quickly, but none of them scolded Qin Yu. They were all praising her.

After removing her makeup and washing her face, Qin Yu used a towel to wipe the water off her face.

The fans all exclaimed, "Qin Yu, are you sure you really took off your makeup earlier? Why do I feel like there's basically no difference between before and after?"

"Goddess Qin Yu!"

"It's impossible to tell that she took off her makeup. Her skin is too good."

Qin Yu was happy to receive praises from the fans. While talking to the fans, she put on a pair of disposable gloves and said, "I'm going to start eating now." *NoVelUsb.com*

"Let's eat. I can't wait to see it!"

Qin Yu didn't waste any more time talking, she grabbed the head of the spicy duck and started biting into it. It wasn't the way women chew it, but she ate it voraciously. It was incomparable to other real food broadcasters.

Hou Fen had eaten with Qin Yu many times, but she had never seen Qin Yu eat like this before. As she watched, she felt a little sad. The fans might not know, but how could she not know?

Qin Yu was taking out her anger on the duck!

She put all her sadness and sorrow into her heart to eat. So many ducks, chicken feet, chicken wings and Qin Yu were nibbling on the food without stopping for even a second.

"Qin Yu..." Hou Fen couldn't help but say, "Don't eat anymore, that's enough!"

Qin Yu acted as if she didn't hear her and continued eating.

Hou Fen's eyes turned red as she watched. She turned away and quietly wiped her tears.

Mo Shan, on the other hand, was calm. Seeing that Qin Yu had eaten so much, she pushed the fruit beside her and said, "Have some, otherwise, your stomach will hurt later."

Qin Yu did not refuse, she just grabbed the fruit and started eating.

At first, the fans felt refreshed when they saw Qin Yu eating like this. After all, it was the first time they saw her take off her disguise as a celebrity. However, Qin Yu did not stop after that.

"Qin Yu, stop eating!"

"Qin Yu, we don't want to see you eat anymore, sing a song for us."

"My dear Qin Yu, what happened to you?"

Seeing the fans' concerns, Qin Yu shifted her eyes from the screen. She had eaten almost all the food that Hou Fen had bought, and even the fruits that Mo Shan had prepared. When she put the last piece in her mouth, her tears suddenly fell off without any warning.

The fans immediately went into a panic.

Chapter 793 Why Are You Defending Him

"I wonder why Qin Yu suddenly wanted to do a live broadcast, something must have happened!"

"Qin Yu, what happened? Don't be sad."

"I think it must be because of Liang Jiahao." Sighed... "My poor Qin Yu."

"Qin Yu, don't cry! You still have us!"

Mo Shan rushed over and hugged Qin Yu from the side, gently patting her back while calming her down.

Qin Yu cried for a moment before she stopped crying and turned her head to look at the screen. The live broadcast was still going on, so she took off her disposable gloves and wiped her tears while forcing herself to smile. "Sorry, I got sand in my eyes. I'm fine."

"You're still saying you're fine? If you were crying like that while eating, something big must be going on."

"Qin Yu, don't be sad. We know you're not in a good mood right now. Don't be afraid, we'll stay with you."

Qin Yu saw the comfort from her fans and suddenly felt very happy. With so many people caring and loving her, her heart was warmed.

"Thank you, everyone. The live broadcast has been going on for an hour and a half. Let's call it a day. I'll do it again when I have time. Bye-bye." *NOVELUSB.COM*

After Qin Yu finished her sentence, she made a parting gesture toward the screen before ending the live broadcast.

"What will you do after this, Qin Yu?" Mo Shan asked softly.

Qin Yu shook her head. "I haven't thought about that yet."

"Then you rest for now. We'll go out to eat later."

Hou Fen: "..."

Was there still a need to eat?

Qin Yu should be very full by now!

Hou Fen walked over to Qin Yu's side and sat down. After thinking for a moment, she said, "Qin Yu, I think President Liang is very innocent in this matter, maybe he really doesn't know Shen Xieren. You see, during the press at the Gala, he tore Shen Xieren's face apart in front of everyone."

Qin Yu wasn't in a good mood from last night to this morning, so she didn't mention anything about Liang Jiahao.

But now, it was different. She had let go of her feelings, and her feelings were getting better. Even though she was crying just now, she wasn't as sad as yesterday.

"What's the point of defending him?" Qin Yu finally expressed her opinion on the matter. "Liang Jiahao must know Shen Xieren, there must be something going on between them. Otherwise, Shen Xieren wouldn't come back and attack me!"

She turned her head and looked at Hou Fen, "If it were you, who is doing well in Hollywood, would you give up and run back to your own country where your fame is impermanent?"

Hou Fen thought about it for a moment and thought that Qin Yu's question seemed reasonable.

Seeing that she didn't say anything, Qin Yu continued, "So, to say that there is nothing between them, I don't believe it!"

Hou Fen: "..."

Fine, she was convinced by Qin Yu.

However, she was curious about what had happened between Shen Xieren and Liang Jiahao.

••••

Inside the office of the CEO of China Securities Bank.

Liang Jiahao was staring at the screen of his phone, which had gone dark. His face was very sad.

Just now, when he saw Qin Yu's expression during the live broadcast, his heart almost stopped. Especially when Qin Yu had cried while eating, her pitiful appearance had torn his heart apart.

At this moment, the screen of the cell phone lit up. Liang Jiahao saw the caller ID and immediately picked up the phone, "Teacher."

The friendly voice of the middle-aged woman came over the phone. "Liang Jiahao, I heard that you were looking for me. You wanted to ask me about Shen Xieren, right? She was indeed a student at our school and was in the same class as you back then."

Liang Jiahao frowned. "Why don't I have any impression of her?"

"Haha ..." The teacher laughed, "At that time, you were too preoccupied with your studies to care about anyone else, so it was normal that you did not remember her. Besides, Shen Xieren wasn't called Shen Xieren back then. She changed her name, so it's not surprising that you might not remember her. But I can tell you that she was the beauty of our school back then."

School belle?

What a joke.

Whether they knew each other or not, it was absurd to claim that she had been his girlfriend from the beginning and had been waiting for him for twelve years.

In Liang Jiahao's mind, the other girls he knew, except Liang Zixuan and Qin Yu, were not girls in his heart!

"Thank you, teacher. Teacher, if it doesn't bother you, could you please send the information about her to my mailbox?"

• • •

Shen Xieren still didn't know that Liang Jiahao was going to investigate her. This time, she was obedient enough and obediently lying in the ward to recover.

Yi Ru brought a young girl into the ward. "Her name is Xiao Nüying. She is your new assistant."

Shen Xieren sat on the sick bed and looked at Xiao Nüying arrogantly before snorting, "Sister Yi, aren't you playing too much with me? How can you get me a little girl who hasn't matured yet, do you take me as a caretaker?"

Yi Ru frowned. "What do you mean 'hasn't matured'? She's twenty-two years old! Besides, she used to be Fan Xingjuan's assistant. For me, Fan Xingjuan reluctantly gave in and let me have her because she knows it's hard to find a good assistant in a short time."

"Tch!" Shen Xieren sneered, "How can Fan Xingjuan be compared to me? Quickly send her away, and then find me another one who is mature and intelligent!"

For a manager, an artist under her was like her child.

Fan Xingjuan had always been in Yi Ru's hands ever since she started her career. She was a low-key, humble, and polite person. She had never caused any trouble for Yi Ru.

Yi Ru's favorite celebrity was Fan Xingjuan!

Now that Fan Xingjuan was looked down upon by Shen Xieren, Yi Ru immediately gave her a dark look. "Shen Xieren, stop looking down on everyone! Xiao Nüying is famous in the industry. She's quick-witted and hardworking, and she has helped Xingjuan with a lot of things! If you don't want her, that's fine. You can find the assistant yourself!"

With these words, Yi Ru patted Xiao Nüying on the shoulder.

Xiao Nüying nodded and followed Yi Ru to the door of the ward.

Shen Xieren had little understanding of Fan Xingjuan.

Fan Xingjuan had been in the entertainment circle for five years and had never argued with anyone. She wasn't only humble but also got along with the people around her.

Besides, Yi Ru seemed to be very angry right now. If Yi Ru didn't help her, she wouldn't be able to find an assistant.

"Wait, Sister Yi! Wait for a moment. Since you brought her here, I'll try her out for a few days. Let me tell you beforehand. If she's not smart enough or I wasn't satisfied with her, I won't let her stay!"

Chapter 794 You Don't Have To Shout At Me Like That, Do You?

Yi Ru and Xiao Nüying stopped at the same time. Yi Ru looked back at Shen Xieren. "Nüying isn't like your previous assistant, who was a normal person. If you have any problems or are in a bad mood, if you dare to take a step towards her, her family won't let you go!"

Shen Xieren waved off impatiently. "You're so mean, you think I'm a bad girl, huh? Whatever. If she doesn't do anything wrong, I won't do anything to her either."

When Yi Ru heard Shen Xieren's words, she was worried. Xiao Nüying's family certainly had a strong background, and she only came out to train as an assistant for Fan Xingjuan. If something happened to Xiao Nüying, not only would Shen Xieren be in trouble, but Yi Ru would also have a hard time explaining it to her family.

Thinking of this, Yi Ru went back and sat next to Shen Xieren. "Xieren, don't think I'm trying to scare you. What I mean is ..."

"Hey, you!" Shen Xieren suddenly raised her hand and waved at Xiao Nüying, as if she hadn't heard Yi Ru's words. She ordered Xiao Nüying, "I want a cup of coffee now. Go and buy me a cappuccino. I don't want the coffee from other stores, I want Coffee Bean!"

"Coffee Bean?" Xiao Nüying was a little surprised. "The nearest Coffee Bean is about five kilometers from here. I -"

"Then go there by car! Don't tell me you don't know how to drive?" After yelling at Xiao Nüying, Shen Xieren angrily turned to Yi Ru. "Look, look at her. This is the assistant you found for me. She keeps complaining about buying me a cup of coffee. If she can't even do this simple thing, what do I need her for!"

Yi Ru was very unhappy, but there was nothing she could do about it. At this critical time, she could only go along with Shen Xieren. "Yingying, take my car."

Yi Ru took out her car keys and threw them to Xiao Nüying.

Xiao Nüying looked at Shen Xieren gloomily as she walked out, holding back her anger.

Xiao Nüying had already left the room, but Shen Xieren still didn't want to let this matter go. "Sister Yi, what kind of assistant did you get for me? An assistant is supposed to be my right and left hand. Whatever I tell her to do, she must do it! And she must do it until I'm satisfied. And look at her attitude. Her attitude is enough for me to slap her ten times!"

"Enough!" Yi Ru shouted coldly, "She's already gone to fulfill your wishes, why are you still dissatisfied? I'm telling you, Xingjuan likes her the most because Yingying is a good assistant! You haven't settled the matter with your previous assistant yet, so calm down!"

At this moment, Yi Ru suddenly thought of something and asked Shen Xieren, "Did you pay the money I asked you to pay to Weiyuan?"

You can't mention money to Shen Xieren. If you mentioned money, she won't acknowledge you as a family!

"What money?" Shen Xieren played dumb.

Yi Ru reminded her, "Didn't we already agree that Weiyuan would take the blame for you and that you would give her a lot of money to appease her? It's only been two days, and you've already forgotten?"

Speaking of that, Shen Xieren got angry. "I haven't forgotten! But why should I give her money? As my assistant, she should be responsible for me! After all, it was her fault!"

"Why are you doing this!" Yi Ru couldn't stand Shen Xieren's behavior anymore. She suddenly stood up and exploded, "You hit her like that, shouldn't you pay for her medical expenses? Don't you feel a little guilt after she helped you take the blame? If it wasn't for her, how could you be as carefree as you are now? Shen Xieren, do you think I will always be at your beck and call and speak to you properly? Let me tell you, if you don't compensate her as we agreed, I'm going to make you suffer the consequences!"

Shen Xieren's heart trembled when she heard Yi Ru's words. Yi Ru's current appearance also looked very scary.

"You - why are you so angry..." Shen Xieren curled her lips. "It's just a bit of money, after all. I'll just give it to her. You don't have to shout at me like that, do you?" [noVeLuSB.cOm](http://www.novelusb.com)

Yi Ru was so angry that she had to take a deep breath, trying her best to suppress the rage that was about to erupt. She glared at Shen Xieren. "Go and give her the money right now, I'll wait for you here."

"Go there?" Shen Xieren grumbled in displeasure, "Why don't you ask her to come here?"

Yi Ru finally couldn't take it anymore and yell at Shen Xieren, "Are you going or not?!"

"Go, I'll go!" Shen Xieren was so scared that she immediately jumped out of bed, grabbed her bag, and ran out.

Yi Ru's angry look was too terrifying.

It's really too frightening!

The day before, Yi Ru had helped Shen Xieren withdraw two hundred thousand yuan from the bank and asked her to send the money to her assistant. Shen Xieren didn't go and put all the money in her bag.

Now, standing in front of the door of the ward, Shen Xieren opened her bag, took out a bundle of money, and put it into the prepared envelope.

Looking at the remaining money in her bag, she snorted mockingly and zipped it up. She pushed open the door and entered without knocking.

After two days of treatment, the assistant's condition had improved slightly, but she still couldn't get out of bed. Her ribs still hurt so much that she couldn't lift her arms.

When she saw Shen Xieren come in arrogantly, she immediately knew that Shen Xieren wanted to give her the money, so she forced herself to smile.

"Why are you smiling? Are you proud of yourself?"

Shen Xieren walked over to the bed and deliberately hit the assistant's body hard. Right where the ribs were. The assistant was in so much pain that tears came out of her eyes.

When Shen Xieren saw her pain-distorted expression, her mood finally improved a little.

Arrogantly, she threw the envelope into the assistant's chest. "This is the money you want! I'm telling you, once you took my money, shut up and get out of my sight! If you take my money and still dare to talk nonsense, then don't blame me for being rude!"

Chapter 795 You Want To Disgust Me To Death

The assistant's ribs hurt, but she could still feel the contents of the envelope as it hit her chest.

So heavy, it's not a check!

But if it were money, how much money could it be?

She endured the pain and struggled to raise her hand to take the envelope before opening it immediately. It was exactly what she thought, there was indeed cash inside.

The assistant was immediately angry. "S-Shen Xieren, you beat me to such a state and even made me take the blame for you, but you only gave me 10,000 yuan? Are you treating me like a beggar?"

Shen Xieren looked at her assistant mockingly. "You really have no sense of shame. You obviously did something wrong, but you still want me to compensate you? You should be grateful that I even paid you!" *novelUsb.cOm*

"Y-You ..." The assistant was so angry that her whole body began to tremble.

She was already injured, and her face was very pale. Now, after being treated like this by Shen Xieren, the assistant's face became even paler, as if it was covered with a thick layer of white powder. It was so pale that she didn't even look human anymore.

At that moment, not only did her ribs hurt, but her heart hurt as well.

Her mother was still in the hospital, waiting for money to save her life.

She thought that if she took the blame for Shen Xieren, she could get money to save her mother's life, but Shen Xieren only gave her 10,000 yuan!

Those 10,000 yuan weren't even enough for her own medical expenses, so how could she save her mother?

The assistant was restless and anxious. A fishy feeling rose in her chest, and suddenly, a mouthful of blood spurted out of her mouth with a "pu" sound.

Shen Xieren was surprised and quickly backed away a few steps. When she saw the spray of blood on the back of her hand, she shook it in disgust. "Is there something wrong with you? Even if you want to die, can you wait until I leave? Spit blood in front of me, you want to disgust me to death?!"

The assistant saw the red blood on Shen Xieren's hand and couldn't help but cry. Like a person about to collapse, she couldn't feel the pain in her ribs. She threw the money at Shen Xieren, "Get lost! Shen Xieren, I don't want to see you again!"

"As if I wanted to see you!" Shen Xieren pursed her lips in disgust and looked at the money scattered on the floor with a pained expression. "If I knew you didn't want it earlier, I wouldn't have brought it to you. What's wrong with me paying you 10,000 yuan?"

The assistant looked at her as if to see if Shen Xieren would take the money away. She couldn't hold it back any longer and roared at her, "Scram! Get lost!"

Shen Xieren really felt sorry for the money, but because the envelope was covered in blood, she didn't take it. She just looked at it a few times before turning to leave.

The door closed with a "bang," and the assistant's entire body fell to pieces. At that moment, she also felt a pain in her side. She turned around and rang the bell with difficulty.

Not long later, the nurse came rushing in.

When the nurse saw the blood on the blanket, she immediately became anxious. "What happened? Why are you coughing up blood so suddenly? Didn't I tell you not to be angry? If you're angry, your situation will get worse!"

The assistant was lying on the bed with her eyes open like a dead fish, staring blankly at the ceiling.

Hearing the nurse's words, she slowly raised her hand and suddenly sneered. "Please help me make a call and tell him that I am willing to do what he says."

• • • •

Shen Xieren returned to her ward and immediately rushed to her bathroom. She turned on the faucet and washed her hand.

Yi Ru waited for a while. Seeing that Shen Xieren still hadn't come out, she walked over and leaned against the door. "Did you give the money?"

"Yes, I did!" Shen Xieren didn't dare to tell Yi Ru the truth. She said in a panicked tone, "When she saw the money, she was as happy as if she saw her own mother."

Yi Ru breathed a sigh of relief. "You're right. Seeing 200,000 yuan is like seeing your own mother. Weiyuan's mother was diagnosed with stomach cancer a month ago, and she'll undergo surgery. Her father once tried to borrow money from a lender and even wanted to sell the house. But now, with this money, he didn't need to sell the house. After all, the small house holds many precious memories. With this money, he can save his wife's life."

"W-what?" Shen Xieren suddenly stopped washing her hands and turned away as if she was frightened. "Y-You said Weiyuan was waiting for the money to save her mother's life?"

Yi Ru nodded. "Yes, that's right. Otherwise, why do you think she didn't fight back when you hit her and even helped you take the responsibility? Humans, if they have a request, can endure any pain."

Shen Xieren stood there stunned as if she had been struck by lightning.

Yi Ru sighed emotionally. "No matter how much harm you have done to her, as long as you send money to save her mother's life, not only will she not hate you, but she will even thank you. Finally, you have done something good."

Something good?

Shen Xieren couldn't help but tremble. Now, this good thing might have turned into a disaster!

"S-Sister Yi..." Shen Xieren asked tremblingly, "If, I mean if, if I did not give her the money, or... Or maybe I just took a little, w-what will happen to her?"

Yi Ru saw that Shen Xieren was so frightened that her face turned green. She thought that Shen Xieren had already started to reflect on herself, so she explained it to her in a good mood.

"Xieren, if it's you... In this situation, you are not a big star, and your family is very poor, but your mother suddenly fell seriously ill, and you have no money to take care of her. And suddenly, someone shows up and asks you for help. In return, she gives you a lot of money -"

Without even thinking about it, Shen Xieren replied, "I will accept it. As long as I can save my mother, I will accept it."

Yi Ru smiled, sensing that although Shen Xieren was stupid, but she was still a good girl. "She promised you, and you almost lost your life in the process, but in the end, you did not get the money, what will happen to you?"

"I ... I will collapse ..." The more Shen Xieren thought about it, the more frightened she became.

Chapter 796 The Two Men

Yi Ru nodded. "When a person is at the end of her rope, if she sees hope, she will ignore the consequences. But eventually, when that hope is destroyed, she eventually goes crazy. In this situation, she can really do anything. Who knows, she might even kill the person who tricked her."

Shen Xieren's entire body was shrouded with fear, as if she was afraid of something. She suddenly pushed Yi Ru like a madwoman and ran out of the ward.

Yi Ru was stunned, not knowing what was going on, so she could only chase after her. "Xieren, wait a minute, where are you going?!"

Shen Xieren ran towards the door of the ward where the assistant was staying. She did not see her and only saw a nurse tidying up the bed. "That girl, where is she?!"

"That girl? She's out of the hospital," the nurse said bluntly.

"What, she's been discharged?" Shen Xieren's face instantly turned pale. Her eyes widened in fear and she asked in disbelief, "How could she be discharged from the hospital with such severe injuries?"

"I don't even know!" The nurse cleaned the room and said, "She was taken out of the hospital by two men."

Two men...

Shen Xieren's mind went blank. She did not even dare to think who the two men were.

Or rather, who had sent the two men.

Yi Ru ran in and was relieved to see Shen Xieren standing there dazed. She did not see the assistant, but the nurse was cleaning the room. She was also puzzled and asked what Shen Xieren asked the nurse again.

After asking, she pulled Shen Xieren with her and went back to Shen Xieren's ward.

Shen Xieren was like a soulless puppet, allowing Yi Ru to lead her. Finally, she entered her own ward and sat on the bed in despair, as if all the energy had been sucked out of her body.

When had the usually arrogant Shen Xieren ever looked like this before?

Yi Ru finally realized that something was wrong. She squeezed Shen Xieren's shoulder. "Xieren, what's wrong?"

Only now did Shen Xieren come back to her senses. She raised her head and looked at Yi Ru with dull eyes. "Sister Yi, t-the two men who took Weiyuan away... Who..who do you think they are?"

Yi Ru laughed carelessly. "Weiyuan must call her father. Since she got the money, her father picked her up and brought her home. After all, the hospital here is not cheap. In fact, we can save money by going home to heal."

"R-really?" It's not that Shen Xieren did not want to believe it, but she had a bad feeling about this.

Why was the assistant in such a hurry?

Furthermore, even if she felt the hospital fees were too high, she could still pack her things and leave at night. But just now, Shen Xieren clearly saw that the assistant's belongings were not moved in the room.

Yi Ru comforted Shen Xieren when she saw her disturbed expression. "It's fine, don't worry. Since you gave her the money, she will be grateful to you."

Grateful?

The corners of Shen Xieren's mouth twitched with difficulty. "I-I hope so ..."

After that day, Shen Xieren anxiously waited for something terrible to happen. Every day, she scrolled through the news and Weibo many times, wanting to see if her assistant would suddenly attack her.

But for four whole days, the Internet was quiet and there was not a single ripple.

Only then did Shen Xieren relax and feel that Yi Ru was right. The two men who came to pick up the assistant had to be the assistant's father or brother or something like that.

If it had been anyone else, like Qin Yu's men, they would have attacked her a long time ago.

Shen Xieren's mood instantly improved as she began to torment her new assistant again. "You, buy me some fresh honeydew melons. After buying them, wash them one by one, cut them open, peel the seeds, put them in a bowl and bring them back to me."

Xiao Nüying had never heard anyone make such an unreasonable request in her entire life.

Now that it's winter, where can she go to buy a handful of fresh honeydew melons?

Even if there were honeydew melons sold in a fruit store or supermarket, they were kept in the fridge. If someone asked if the melons were fresh, they definitely weren't!

Let's not talk about this.

She literally had to wash them one by one. Not only did she have to wash them clean, but she had to peel out the seeds. Even the queen dowager would not torture her like that, would she?

Xiao Nüying looked at Shen Xieren in annoyance.

Even Yi Ru did not expect Shen Xieren to make such an unreasonable request.

Wasn't she fine and seemed reasonable a few days ago?

Why did Shen Xieren suddenly return to her original form today?

"Xieren," Yi Ru got up from the sofa and said, "Let's not eat anymore. Nüying, start packing, we still have to catch the flight in the evening."

"Are you going to argue with me again? She can go buy the honeydew melons first and pack her luggage after she's done with mine!" Shen Xieren said in a rightful tone. "Anyway, I just want to eat the fruits. If I don't get them, I won't get on the plane!"

And this was a threat.

Yi Ru had so many artists under her. At this moment, she really felt that only Shen Xieren was capable of doing this.

The other five of her artists added up still couldn't muster the courage to threaten her.

"Fine then." Yi Ru pulled Xiao Nüying with her and sat down on the sofa. She crossed her legs and casually looked at Shen Xieren. "If you don't want to get on a plane, then don't. Tomorrow's recording of the variety program wouldn't be the best anyway. If you don't meet Qin Yu, you won't cause any trouble for me. If you don't cause trouble for me, I can live for a few more days happily. I think it's good like this."

"How can that be!" Shen Xieren rolled off the bed and cried out angrily. "I've done so much to fight Qin Yu. If I can't meet her face to face, how can I fight her? I have to be on time tomorrow. Even if I can't bully Qin Yu, I want her to die!"

Yi Ru laughed mockingly and turned to Xiao Nüying. "Nüying, go pack your luggage."

Xiao Nüying held back her laughter for a moment before standing up and dutifully packing her things.

She felt that Yi Ru was truly powerful. Even though Shen Xieren was so evil, she could never get anything good from Yi Ru.

Although Yi Ru seemed to obey Shen Xieren on the surface, she secretly always cursed Shen Xieren inside her heart.

Shen Xieren was so angry, but she couldn't say anything. She could only obey Yi Ru again and again.

Chapter 797 This Is All Qin Yu's Fault!

At 1:35 P.M, the plane arrived in Nanzhuyuan City.

Originally, Yi Ru had contacted the airport staff to ask Shen Xieren to take the VIP exit.

However, before Shen Xieren boarded the plane, she heard that Qin Yu's plane had arrived at Nanzhuyuan City at the same time as her.

On the plane, she'd told Yi Ru not to use the VIP exit and let her interact with her fans.

Yi Ru let out a contemptuous snort. She thought to herself, "You just wanted to compete with Qin Yu to see how many fans you gained, right? You acted like I didn't know you at all."

Even Yi Ru thought so, but she still didn't refuse.

Because she wanted to know how popular Shen Xieren was compared to Qin Yu.

They got off the plane and followed the crowd. The airport staff knew that Shen Xieren had arrived and even called four security guards to protect her.

As soon as Shen Xieren came out, she saw a sea of people standing in the waiting lobby. Overjoyed, she turned to Yi Ru and said, "Sister Yi, did you see that? After what happened before, my popularity has skyrocketed! Look at this!"

Yi Ru never thought that so many people would come. She tugged on Shen Xieren's sleeve and whispered in her ear, "Don't be too arrogant. Stay close behind the security guards and me."

"What could happen?" Shen Xieren laughed nonchalantly, "This place is full of my fans! They love me!"

Shen Xieren lifted her feet and pushed aside the two security guards who were leading the way and went first.

Shen Xieren's fans, who were standing in the crowd, immediately cheered when they saw her.

"Ah... It's Sister Shen!"

The shout wasn't small, like a thunderclap, and everyone in the crowd heard it.

The originally serene expression of the crowd suddenly changed. Some rejoiced, others were excited, but the most common was hatred!

"She's Shen Xieren? Cao! What a green tea bitch! The person who bullied our Qin Yu has appeared. Everyone, be careful. Don't be too cruel!"

It was unknown who'd shouted this, but the fans who'd originally run towards Shen Xieren were pushed away by a large group of people running towards her.

Shen Xieren was stupefied as she saw the group of people running toward her with hatred. For a moment, she was unable to react.

Weren't these her fans?

Weren't they here waiting for her?

Why was the expression on everyone's face like that?

Before Shen Xieren could react, someone viciously slapped her face. The security guards behind her and Yi Ru were both shocked.

This was a gang fight!

One of the security guards immediately took his walkie-talkie and said, "Quick, send ten more security guards here. We can't hold them off any longer."

"We don't even know who her fans are! They're attacking Shen Xieren!"

The remaining security guards and Yi Ru rushed in and surrounded Shen Xieren to protect her.

Originally, the fans were excited, but after seeing Shen Xieren being protected, they became even more agitated.

No one knew who it was, but this person threw a mineral water bottle at Shen Xieren. Then, a wave of bottles rained down on her.

"I'm going to beat you to death, green tea bitch!"

"Green tea bitch, go back to your Hollywood. We don't welcome you here!"

"Shen Xieren, get out of this country!"

Countless curses and insults were shouted one after another. Shen Xieren's fans were all driven away, and not even their speck of dust could be seen.

"Stop it! Stop hitting Sister Shen!"

"Stop hitting her! If you keep this up, we'll call the police!"

Shen Xieren squatted on the ground after being hit by mineral water bottles.

Shouldn't it be her fans who were waiting for her?

Why were they mixed up with Qin Yu's fans?!

Qin Yu should die, her fans should die too!

Shen Xieren had implicated the security guards and Yi Ru, causing them to be hit hard by the bottles.

At this moment, a beautiful figure walked out of the exit. She had a noble aura and an elegant demeanor.

Someone saw her and excitedly shouted, "Qin Yu is out! Qin Yu is out!"

When the fans heard that Qin Yu had come out, they all stopped and ran towards her excitedly.

When Qin Yu saw the enthusiastic fans, she greeted them with a smile. "You guys have been waiting for a long time, haven't you?"

"Not long, not long, just a little while." The fans replied excitedly.

Qin Yu nodded. Even without the protection of the security guards, she was still walking away smoothly. The fans were very organized and stood on the sidelines. No one rushed toward her.

When Qin Yu passed Shen Xieren's group, she suddenly stopped. She raised her hand to lower her sunglasses and looked up. "What happened there?"

A fan enthusiastically replied, "It's nothing. It's Shen Xieren. She's greeting her fans. Nothing interesting. Qin Yu, hurry up. You must be tired from the flight, right? Then go to the hotel and rest."

Qin Yu replied with "Oh", put her sunglasses back on, and left the airport without looking back.

When Qin Yu left, her fans also dispersed.

Shen Xieren's fans had already called the police, but when the police arrived, there was no one left.

Shen Xieren's fans angrily said to the police, "Uncle Police, look what Qin Yu's fans did to our Sister Shen! You must seek justice for her!"

The police looked at Shen Xieren's injury, which was a little swollen on her face. It wasn't a big deal.

"Qin Yu's fans? Where are they?" the policeman asked. *novelusb.COM*

Shen Xieren's fans said gloomily, "Once Qin Yu left, they all ran away. We can't even stop them."

The policemen couldn't help but laugh. "You didn't stop them, do you remember who did this to Shen Xieren?"

Shen Xieren's fans: "..."

Who the hell can remember that?

There were so many people at that time, and they were all in chaos.

Shen Xieren's fans weren't convinced. One of them said, "Even though we can't remember them, we know they're all fans of Qin Yu! Why don't you go and arrest her?!"

"Little girl, are you trying to make a joke here?" The police really couldn't hold it anymore. "First, you don't know who did this to Shen Xieren. Second, even if we want to arrest these people, you have to give us a clue about the suspects. How are we supposed to find them among all Qin Yu's fans? Should we arrest all of them or should we go from door to door and ask who the culprits are?"

Shen Xieren's fans angrily said, "Why don't you just arrest Qin Yu? This is all her fault. Maybe she was the one who instructed her fans to hit our Sister Shen!"

Chapter 798 Leading Her Fans To Hurt Qin Yu

The policeman's face darkened. "Little sister, you must pay attention to the evidence when you talk to us, policemen! If Qin Yu didn't order her fans to do so, then she can sue you for defamation when the time comes!"

The fans were so scared that they didn't dare to say anything.

When Shen Xieren heard this, she knew that this matter couldn't be punished by law. Therefore, she pretended to be a good person. "Enough. This has nothing to do with Qin Yu. Besides, maybe those fans aren't necessarily her fans. Maybe they just don't like me."

"Sister Shen!" An enraged fan said, "You're too nice! You always think this way for others. You will hold back when you have any complaints. Just because you're so nice, you were bullied and ridden by someone else!"

"That's right, Sister Shen. You can't be that nice. The fact that Qin Yu's fans had beaten you up, you can't let them go that easily!"

Shen Xieren struggled to open her eyes, but in the next moment, tears came out. She sniffled and said with a guilty conscience, "No, it's not like that. Actually, Qin Yu is a good person. She wouldn't bully me, my relationship with her has always been good"

"Good my ass!" Fans shouted, "How did she bully you last time? Have you forgotten?"

"Exactly. If she's nice, can she record the video to frame you?"

"Qin Yu is a really arrogant prick full of tricks, even her fans are all arrogant. Sister Shen, don't be too nice, be strong if you have to! Otherwise, how can you protect yourself? How can you make us feel at ease?"

Shen Xieren saw her fans getting angry and immediately said, "Don't be like this, my fans all have quality, right? Besides, I'm not too hurt, so let's forget about it. We don't need to involve the police anymore. I still have to record tomorrow's program. I'm tired after getting off the plane, so I want to return to the hotel and rest."

"Oh, you're going to record the program tomorrow? I remember that Qin Yu will also be there, right?"

"Yes, yes! I looked at the official guest list, Qin Yu is one of them."

"Today, Qin Yu's fans bullied Sister Shen badly. Tomorrow, we'll stand guard at the entrance of the TV station and let Qin Yu feel the grievances that Sister Shen experienced today!"

When Shen Xieren heard this, she was very happy. However, on the surface, she still pretended to be a good person and pulled them back. "No, I'm fine. Qin Yu didn't do anything wrong. Please don't find trouble with her."

"Sister Shen, don't worry. We won't go far!"

"Right, we all know that!"

"Sister Shen, hurry up and rest. Your face is all swollen. Don't forget to take two eggs and put them on your face tonight."

Shen Xieren got into the car.

Along the ride, not only did she not reflect on what had happened today, she proudly told Yi Ru, "Sister Yi, just you wait and see. Qin Yu will definitely not be well tomorrow!"

When Yi Ru heard this, her head began to spin. "Xieren, what are you trying to do? If it wasn't for your insistence on not going through the VIP exit today, would all of this have happened?"

"What, I was beaten! Not only did you not speak up for me, you also came to scold me?!" Shen Xieren's face darkened as she angrily said, "Sister Yi, you are my manager now -"

Yi Ru mercilessly interrupted her, "Even if Qin Yu's fans hit you today and they are in the wrong, how can you take advantage of your fans' love to make them attack her? If Qin Yu made any preparations or caused any trouble, that would be a crime, and the person who hurt her will be held accountable!" *novelus3.com*

"What does this have to do with me?" Shen Xieren snorted contemptuously, "Did I say anything to them? Did I ask them to avenge me? They did it themselves, so don't blame it all on me!"

Yi Ru was almost mad with rage. Shen Xieren wouldn't really put all the blame on her fans, would she?

Shen Xieren was trying to lead them to hurt Qin Yu!

Seeing Shen Xieren's innocent and indifferent expression, Yi Ru did not even bother to talk to her. She just kept her mouth shut until she arrived at the hotel and said nothing more.

As for Qin Yu's side, as soon as they arrived at the hotel, the first thing Mo Shan did was to find out what had happened at the airport today.

"Qin Yu, your fans just attacked Shen Xieren. It's a real fight, not a threat."

Qin Yu was shocked for a moment, but then frowned, "What about the fans? Is anyone hurt?"

Mo Shan shook her head. "No, it's just that Shen Xieren might have some injuries, but it's nothing serious."

Qin Yu breathed a sigh of relief and said with lingering fear, "It's good that no one was hurt."

Mo Shan was silent for a moment, then suddenly said, "Qin Yu, today your fans hit Shen Xieren and we couldn't do anything about it. But I think Shen Xieren will definitely not let it go, and neither will her fans, so... we must be careful tomorrow."

Qin Yu leaned back on the couch and hugged her pillow. Her expression became serious.

She always appreciated Mo Shan's sense of crisis.

Mo Shan was an experienced manager in the entertainment circle and was used to seeing big waves. She also understood the psychology of fans, which was why Qin Yu's career had gone so smoothly all this time.

Seeing that Qin Yu did not say anything, Hou Fen hurriedly said, "Qin Yu, no matter what, we should make some preparations. It's better to be prepared for the future."

"En." Qin Yu nodded. "Then let's think of it."

The next day, the program team sent a car to pick up Qin Yu. After getting into the car, Mo Shan said to the Assistant Director who had received them, "Director, there's a private parking lot for the TV station staff, right? We will go inside the building from there."

Usually, when big name celebrities came to the TV station to record a show, there would be a situation where fans came to greet them. The bosses of the TV station were very happy to see this.

The Assistant Director looked at Qin Yu with a little difficulty. "It's fine to go in directly, but when I came out, the entrance of the TV station was already surrounded by a lot of fans. Then how would Qin Yu greet her fans?"

"She won't." Mo Shan smiled as she declined, "Among the guests in this show, we are not the only ones who are famous. Didn't you guys also invite Shen Xieren? Those fans are probably here because of her. This has nothing to do with our Qin Yu. We can just go right in..."

"They're all Shen Xieren's fans? But, I clearly saw the banner they brought had Qin Yu's name on it." The Assistant Director still wanted to fight for it.

Chapter 799 Was It Fun To Fight

Mo Shan continued to interrupt the Assistant Director and her tone became cold and harsh. "Assistant Director, you should know that the relationship between Qin Yu and Shen Xieren is currently very awkward. If Qin Yu encounters Shen Xieren as soon as she gets out of the car, the situation worsens. If Shen Xieren starts to make a fuss, we can't help you solve the problem."

"This..." The Assistant Director thought about it seriously and finally, decided to compromise. "Fine, we'll just go straight into the building from the private parking lot."

The Assistant Director immediately told the driver that since the car had arrived at the TV station, and they drove directly to the staff parking lot.

The fans standing at the entrance were all excited when they saw Qin Yu sitting inside through the window.

Not only Qin Yu's fans, but also Shen Xieren's fans were all running and holding the car as if they were riding on a stimulant.

"Qin Yu, get out of the car!" Shen Xieren's fans knocked on the window with their hands and looked at Qin Yu, who was sitting in the car, with an evil expression.

Qin Yu's fans had been standing there in an orderly manner, shouting her name, but when they saw Shen Xieren's fans trying to block Qin Yu's car, they couldn't stand it any longer and immediately ran to stop Shen Xieren's fans from causing trouble.

Suddenly, the fans from both sides were in an uproar. Qin Yu frowned and suddenly shouted, "Stop the car!"

Mo Shan was shocked. "Qin Yu, what are you doing? You can't get off!"

Qin Yu pushed Mo Shan away. She opened the door and got out of the car.

"Qin Yu is getting out!" Shen Xieren's fans began to shout one by one. Those who didn't fight with Qin Yu's fans took the prepared eggs and impatiently threw them at Qin Yu.

When Hou Fen saw this, she immediately called 110. Mo Shan took her umbrella and jumped out of the car.

"Qin Yu, why are you so stubborn?"

Qin Yu looked at the umbrella in front of her, which blocked Shen Xieren's fans' attack. She shook her head, held Mo Shan's hand, and put down the umbrella.

"Sister Mo, this is all because of me and Shen Xieren. The fans don't know the truth, so it's normal for them to be agitated. And if we don't resolve this matter quickly, what if the fans really make a fuss and something bad happens to them? Then how could I record the program with ease?"

As soon as she finished her sentence, an egg flew onto her forehead.

"Peng!"

The egg broke into pieces, and the white and yolk dripped onto Qin Yu's face.

Qin Yu raised her hand and casually wiped it off before shouting at the restless fans, "Stop it, everyone!"

When Qin Yu's fans heard this, they immediately stopped. Shen Xieren's fans, on the other hand, continued to throw eggs at Qin Yu. It was as if they threw everything they could at her.

Mo Shan's heart was in her throat as she hurriedly took out a tissue to wipe Qin Yu's face.

Qin Yu shook her head. "Sister Mo, wait for a moment. Let me talk to them for a while."

Mo Shan looked at her helplessly. She knew that Qin Yu was stubborn and had her own principles in doing things. She could not persuade her at all.

Qin Yu looked at her fans first. "You guys, I know you are doing all of this for my own good, you guys are afraid that I might be wronged. But we are civilized people, so can we not fight back?"

Those who had fought with Shen Xieren yesterday lowered their heads in shame.

Qin Yu smiled. "This is a matter between Shen Xieren and me, no matter who is right or wrong, you should not get involved. Just think, if you beat Shen Xieren yesterday until she was hurt, she will report you, and you will be arrested by the police, so what do you want me to do? I'm going to die of guilt."

The president of the fan club looked up. "Qin Yu, we were wrong. We will not do that again."

Qin Yu nodded with satisfaction. "Alright, you promised me today. I don't want to see this happen again. Can you do it?"

Qin Yu's fans looked up and shouted, "We can do it!"

After receiving the fans' assurance, Qin Yu suddenly turned to Shen Xieren's fans. Facing her sharp gaze, they couldn't help but take a step back.

"Was it fun to fight? Did you guys enjoy throwing those things at me? Don't you know that eggs are expensive? It's okay if those things hit me, but what if they hit flowers and plants?"

Qin Yu said the last sentences in a joking manner.

Qin Yu's fans all laughed. The president of the fan club deliberately broke through the crowd and ran to give her a tissue.

"If you really want to fight for Shen Xieren and want to beat me, that's fine too. I can give you a chance, you can wait here until I finish recording. Then, we can find a place to do it alone, or you can all do it together, and I will go with you to the end!"

Qin Yu gestured toward Mo Shan and Hou Fen. Mo Shan immediately followed Qin Yu, preparing to go inside the building. Hou Fen stayed behind to take care of the matter after the police arrived.

Qin Yu had only taken two steps when she saw a sign outside the entrance of the TV station. She suddenly raised her leg and sent a whirlwind kick toward the sign.

"Pa!"

The sign, which was as tall as a person, suddenly shattered into several pieces and flew in all directions.

The fans: "..."

Before Qin Yu's fans could react, a soft voice suddenly came from Shen Xieren's fans. "Why do I suddenly think she is quite handsome? What happened?"

"Ugh...I had heard about Qin Yu practicing martial arts before, but I have never seen it. And today, I finally got the chance to see it, we really can't afford to offend her!"

Hou Fen laughed loudly and said proudly, "The first time Liang Jiahao met Qin Yu, they were fighting. And it's not an exaggeration to say that he might not be a match for our Qin Yu."

At this point, she suddenly paused and turned to Shen Xieren's fans. "Qin Yu doesn't want to argue with you all. If you really want to, then all of you are no match for her!"

At this time, Shen Xieren's car was driving. She got out of the car, expecting to be cheered by her fans. However, she saw that everyone was looking toward the entrance of the TV station.

She followed their line of sight and saw Qin Yu walking in front of them.

Shen Xieren greeted her fans with a pretentious manner, "You all here?"

Chapter 800 It Is Better If The Grudge Between You Two Is Not Obvious

When the fans heard her voice, they finally reacted and turned to see her. The joy from earlier was no longer on their faces. They all had calm expressions. "Yes, we all came, but we decided to leave now."

Shen Xieren was stunned. "Why is that?"

"Because..." One of the fans was scared and said, "Qin Yu issued a challenge with us, but we don't dare to do it. Sister Shen, this is your matter, you should solve it alone. We'll be taking our leave first."

"Issuing a challenge?" Shen Xieren couldn't grasp the reality yet, but the fans had already dispersed, and she couldn't stop them from leaving.

Hou Fen knew that Qin Yu didn't want to trouble these fans, so she didn't stop them and let them go. She stayed behind and explained everything to the police herself.

However, Shen Xieren didn't stop there. She chased down a fan and stopped her, asking, "Issuing what challenge? What's going on?"

The fan who was dragged by Shen Xieren said angrily, "We originally wanted to help you vent your anger, but Qin Yu is too powerful. All of us are no match for her. Sister Shen, take care of this matter yourself!"

Shen Xieren: "..."

What did Qin Yu do to scare her fans into such a state?!

After entering the television station, Shen Xieren was taken to the dressing room. Perhaps the program team knew that Qin Yu and her were at odds, so they both had their own dressing rooms.

Shen Xieren sat there without saying a word.

Seeing her expression, Yi Ru knew Shen Xieren was planning something evil.

"Xieren, today is a recording day. Please calm yourself down. Don't mess around with Qin Yu here, understand?"

Shen Xieren closed her eyes and said nothing. It was obvious that she didn't want to be friends with Qin Yu today.

Yi Ru was very angry. She stood up and walked over, slapping Shen Xieren on the shoulder. "Let me warn you, this program is one that I helped you apply for with great difficulty. If you cause a commotion and make the director unhappy, you'd better not think about getting any more invitations in the future!"

The entertainment circle was like this. They seemed so small, but their relationship and connection to each other were so great. If they offended someone as powerful as the director, it would be difficult for them to remain in this circle without losing a layer of skin.

Shen Xieren took a deep breath and said impatiently, "Okay, I understand. As long as Qin Yu doesn't provoke me, I definitely won't provoke her!"

Yi Ru was finally relieved. "That's for the best."

Qin Yu, on the other hand, washed her face and also her hair before cleaning up the filth on her body.

Xia Xiaolian arrived in Nanzhuyuan City a day earlier than them and also arrived at the TV station earlier. She helped Qin Yu clean up and began applying makeup on her.

"Qin Yu, if I'm not wrong, you have an audition for a movie tomorrow, right?" **NOVELusb.COM**

Qin Yu did not know much about her schedule. She asked Mo Shan with her eyes closed, "Sister Mo, is there an audition tomorrow?"

Mo Shan nodded. "Yes, there is one. It's an American film company that wants to work with us, Chinese actresses. The female lead is chosen from our country's actress, while the male lead is last year's Flying Bear Award Male Actor winner."

"Oh, I know him!" Qin Yu waved her hand excitedly, "He is an actor who is very successful in Hollywood. He is also very influential internationally now!"

"En." Mo Shan pursed her lips. "It's because they invested on their own this time and did not work with a domestic entertainment company, so President Han cannot say anything in this aspect. You can only fight for it yourself."

Qin Yu opened her eyes and Xia Xiaolian stopped her hand.

"Xiaolian, do you want me to do my makeup tomorrow?"

Xia Xiaolian nodded excitedly. "Yes, yes! I will do your makeup. If you do well in the audition, they will definitely measure the level of my makeup."

"Even though I'm doing quite well in this country, this is an international film, I want to try it too! I also applied to be their makeup artist. You will audition tomorrow and I will take the test the day after tomorrow. So, Qin Yu, my success or failure depends entirely on you."

Qin Yu understood what she meant.

If Xia Xiaolian's makeup was more outstanding during the audition and could help Qin Yu gain points in terms of image, as long as she succeeded in getting the role, then Xia Xiaolian's chances of winning the role of makeup artist were higher.

Qin Yu turned to Mo Shan. "Sister Mo, is the script you showed me earlier for tomorrow's audition?"

"Yes, it's a science fiction drama. The female lead in this has fighting scenes, and I think it's perfect for you. All you'd have to do is show off some of your fighting skills and recite a few lines."

"Alright, I get it." Qin Yu smiled confidently at Xia Xiaolian. "I believe you have researched the characters in the script. Tomorrow's female lead will definitely be ours!"

After Qin Yu's makeup was done, she was called by the Assistant Director.

"Qin Yu, the guests should first greet each other. Then, I will explain the events of our program."

Qin Yu listened attentively until the end and then politely said, "Okay."

The Assistant Director took two steps and suddenly stopped. Seeing that there was no one around, he lowered his voice and said, "Qin Yu, no matter what happens later, it is better if the grudge between you and Shen Xieren is not obvious. Otherwise, it will affect the effect of the program."

Even without the Assistant Director saying anything, Qin Yu knew about this.

She was a professional artist. It didn't matter which celebrity she was personally feuding with, as soon as she stepped on stage, she'd put aside her personal grudges.

Even if she wouldn't pretend to be a good friend, at least she wouldn't be too cold.

Qin Yu followed the Assistant Director into the room. Inside sat three male guests, one female guest, and Shen Xieren. No one spoke first because they knew what had happened to Shen Xieren and Qin Yu in the past two days.

However, Shen Xieren acted as if nothing had happened, as she walked over and grabbed Qin Yu's arm, saying enthusiastically, "Qin Yu, you're finally here. We've been waiting for you!"

The guests on the other side were all stunned. They all thought: could all the rumors be fake?

Qin Yu calmly pushed Shen Xieren's hand away and said with a smile, "Sister Shen, your words sounded like I was deliberately late to play a big card."
