

Beauty 821

Chapter 821: We've Been Robbed

Qin Yu never cared about the household document or bank cards, nor did she know where they were kept.

She closed the door and rummaged around the room.

She had searched all the area, but there was no trace of the document.

Irritated and anxious, Qin Yu cursed herself for being indifferent to her own family's affairs.

Just as she was getting anxious, she suddenly found a small safe under the bed. Excitedly, she pulled it out, but then realized that she actually needed a password to open it.

Qin Yu immediately became worried. Based on her years of acting experience, this safe had to have an automatic alarm system. As long as the password was entered incorrectly, it would let out a loud alarm noise.

What to do? What to do?

Qin Yu thought for a moment, then took out her phone, calling Liang Jiahao for help. "Xiao Liang, there is a small safe under the bed, but I don't know the password, what should we do now?"

Liang Jiahao simply said, "It's very easy. Since the safe is in your parents' room, the password must be something they can easily remember. Since you are their daughter, you should know their living habits. Think carefully, if you want to set a password, what would you choose?"

Qin Yu racked her brain, then suddenly laughed in surprise. "According to my mother's strict personality, this safe must be kept by her. So, I think it must be her birthday."

Liang Jiahao encouraged her, "Since you've already guessed it, then let's give it a try."

"En! It can't be wrong." Qin Yu was very confident in herself.

She spoke to Liang Jiahao while turning on the number on the safe.

With the sound of "kacha", the safe opened in front of her.

"Hahaha, I was right!" Qin Yu exclaimed excitedly. She quickly found the household document.

She hung up the phone and ran downstairs with the document like a happy little chicken.

Perhaps it was because it gave Qin Yu a feeling like she was stealing something, as soon as she got into the car and before she could even close the door, she anxiously said, "Go, go quickly!"

Liang Jiahao smiled helplessly and bent down to help Qin Yu buckle up the seat belt. "At least close the car's door first."

"Oh, okay." Qin Yu immediately closed the car's door. After the car's door was closed, Liang Jiahao wasted no time and quickly drove the car out.

Qin Yu's heart was still beating fast throughout the journey, the feelings of excitement and fear mixed in her heart.

"This is my first time stealing something from my parents' bedroom. I wonder if my mother will flog me once she finds out about this?"

"She won't." Liang Jiahao glanced at Qin Yu from the rearview mirror. "She loves you so much, how could she dare to hit you?"

"Sigh, you don't know how fierce my mother is. She's like a mother yaksha. Even my father and big brother are scared to death of her."

If Lin Xiu found out that Qin Yu had secretly stolen the household document to get married to Liang Jiahao, she'd bare her fangs and brandish her claws in anger.

Qin Yu's heart was beating so fast that she couldn't stop it.

Liang Jiahao really didn't expect that the ever gentle and noble Lin Xiu would have such an image in her daughter's heart. He just pursed his lips and smiled, saying nothing.

Even so, Qin Yu was still very excited. "If my mother hits me, you have to stand in front of me and help me block the attack. Otherwise, if she kills me, you will never have a wife again."

At the word "wife," Liang Jiahao felt very good. He laughed so hard that his eyes crinkled, and he even tapped his fingers on the steering wheel with glee.

"En!" Liang Jiahao nodded. "Don't worry, no matter what we face in the future, I will definitely stand before you."

Qin Yu did not realize that she had accidentally said the word "wife." Hearing Liang Jiahao's laughter, which was filled with happiness she had never heard before, she looked at him in confusion, "Why are you so happy? What are you laughing at?"

Liang Jiahao: "..."

••••

Meanwhile, on the other side...

As soon as Qin Yu opened the safe, Lin Xiu received a notification on her phone.

She took out her phone and saw that someone had opened the safe. After a moment of confusion, she called Qin Shaoqiang and asked, "Old Qin, did you go home and open the safe?"

Qin Shaoqiang was confused by her question. "No, I'm at the company now."

"No?!"

Lin Xiu instantly panicked.

Even Qin Shanyuan and Qin Yu didn't know where the safe was, but now, it was opened by someone?

On the spot, Lin Xiu said anxiously, "Old Qin, hurry up, go home! Someone just opened the safe. We've been robbed! I'm going home now, hurry up and come back!"

Qin Shaoqiang immediately stood up. "Don't rush, I'm going back now. You wait for me obediently in the house."

They both hung up the phone and hurried home.

Lin Xiu was the first to arrive. When she rushed to the second floor and stood in front of the door of her bedroom, she was so shocked that her mouth fell open...

Clothes and pants were thrown all over the floor. All the closets and boxes were open, and the safe was in front of her eyes. Although it was closed now, Lin Xiu knew that it had been opened.

She rushed to the safe as if she were about to face the end of the world, stretched out her trembling hand, and nervously opened it.

Inside the safe, all the Qin Family's wealth, even some real estate certificates and company contracts, were all inside.

If someone were to steal them, she'd definitely die on the spot.

The safe was finally opened by her trembling hands. Lin Xiu couldn't wait to check its contents.

When she saw the real estate certificates and company contracts, even the golds were still there, Lin Xiu felt as if her energy had been sucked out of her body. She sat down on the floor and touched her chest with her hand for a long time, trying to regain her energy.

When Qin Shaoqiang returned, he didn't even bother to change his shoes. He ran upstairs and was shocked to see Lin Xiu sitting sadly on the floor. He quickly ran to her and squatted beside her. "Xiu Xiu? Xiu Xiu!"

Lin Xiu slowly raised her head and looked at Qin Shaoqiang with her red eyes. Suddenly, she cried out in fear, "Old Qin!"

Chapter 822: What Kind Of Thief Is This

Qin Shaoqiang hugged Lin Xiu and patted her back to comfort her. "It's okay, it's okay. Even if we lose something, I can always gain more. Don't cry, money is just a worldly possession, it's not a big deal."

"Wuwuwu..." Lin Xiu was frightened. She hugged Qin Shaoqiang and cried like rain.

Qin Shaoqiang had been married to Lin Xiu for so many years, but he had never seen her cry like this before.

Her crying broke his heart. "Xiu Xiu, it's okay, don't be sad. It doesn't matter what we lose, as long as we're okay!"

After crying for a while, Lin Xiu finally calmed down. The fear in her heart had faded, and she pouted. "But we didn't lose anything."

"We didn't lose anything?" Qin Shaoqiang lost his composure, "Xiu Xiu, did you check everything? Are you sure we haven't lost anything?"

Impossible!

It was obvious that the room had been ransacked. Could the thief break into the house without taking anything?

Lin Xiu wiped the tears from her face and nodded. "Yeah, we really didn't lose anything. I checked everything. All the documents and our valuables are there."

Qin Shaoqiang sighed in relief, but it still felt strange to him. "How about I check it with you again to make sure you didn't accidentally miss anything?"

Lin Xiu had a bad prejudice against thieves, so the first thing she did was check the valuables. Since they hadn't lost anything, she wasn't in the mood to check the rest.

But now that Qin Shaoqiang had returned and she had calmed down, the two of them began to check the items in the safe one by one.

Finally, they discovered that they had lost their household document.

"What kind of thief is this? Instead of stealing something valuable, they stole our household document." Lin Xiu sat on the floor and frowned in wonder.

At such moments, it was time for a man to show his strength.

Qin Shaoqiang did not panic at all and remained calm. After thinking for a moment, he put the items back into the safe. After exchanging passwords, the two of them went downstairs together.

"Auntie Jia!" Qin Shaoqiang called out to the housekeeper.

The Qin Family had two housekeepers, one of them had returned to her home to take care of her newly born grandson, and the other was Auntie Jia. *nOvelus&.Com*

Auntie Jia was an old woman who had worked in the Qin Family for more than ten years. Qin Shaoqiang and Lin Xiu trusted her very much.

Auntie Jia stood in her apron in front of Qin Shaoqiang and Lin Xiu. Seeing the serious expressions of her two masters, she asked cautiously, "Sir, Madam, what's wrong? Have I done something to make you two unhappy?"

"No, it's not about that." Qin Shaoqiang calmed down a little, "Do you know who just came home?"

Although Qin Shaoqiang knew that the thief would definitely not enter through the front door, he had a hunch that the person who stole the household document was definitely not a thief.

To be able to leave all the valuables behind, the only person who can steal the household document must be within the family.

Auntie Jia sighed in relief and smiled. "Just now, Miss Qin came back, but she couldn't find Madam, so she went upstairs to her room. But not long after, she happily ran downstairs and went out without telling where she was going."

"Qin Yu!"

"Qin Yu!"

Qin Shaoqiang and Lin Xiu said in unison. Then, they looked at each other and vaguely guessed what was going on.

Qin Shaoqiang said kindly to Auntie Jia, "All right, there is nothing else. Auntie Jia, you can go back to your work."

After Auntie Jia left, Lin Xiu finally took out her cell phone and gritted her teeth in anger. "I'm going to call that little bastard now and ask her why she stole the household document!"

However, when she dialed the number, the call was deliberately rejected.

And when Lin Xiu called again, Qin Yu's phone was turned off.

Lin Xiu was so angry that she almost threw her phone away.

Qin Shaoqiang held her in his arms and comforted her. "Xiu Xiu, don't be angry. Qin Yu definitely has a use for the document. As for her phone being turned off, it might be out of battery. We'll wait here. Sooner or later, she'll come back."

• • • •

When Liang Jiahao saw Qin Yu's panicked expression, he couldn't help but laugh. "Qin Yu, why did you turn off your phone? What if someone is looking for you for something important?"

"I don't care." Qin Yu put the phone back in her bag. "Anyway, I don't want to take any calls right now. I'm scared."

Liang Jiahao felt that when Qin Yu was brave, she wasn't afraid of anything.

However, when she was timid, she was more timid than a mouse.

Fortunately, the car had arrived at the entrance of the Civil Bureau Affair. They didn't have much time to think about anything else, so Liang Jiahao pulled Qin Yu's hand and went inside.

Many people immediately recognized Qin Yu as soon as she entered.

It couldn't be helped, she was too popular. Furthermore, even if she didn't wear any makeup, she didn't look any different than she did with makeup. As long as someone saw her, they would be able to recognize her with one glance.

"Isn't that Qin Yu?" A shocked woman shouted. The man next to her also recognized Qin Yu. "That's right, it's really Qin Yu. I never thought even in her casual clothes, she would be so beautiful."

The woman raised her hand and slapped the back of the man's head. "Am I more beautiful, or is she more beautiful?"

The man instantly acknowledged in fear. "I don't know about anyone else, but in my heart, you are definitely the most beautiful!"

Another person recognized Liang Jiahao, who was standing next to Qin Yu. "Oh my god! Isn't that Liang Jiahao? Wait, wait! They came to the Civil Bureau Affair today... Does that mean they're going to get married?!"

"Ahh ... are my goddess and my knight getting married today?"

"Are all celebrities so low-key nowadays? There's no wind blowing and suddenly we find out they're getting married?"

The onlookers quickly pulled out their cell phones and took a series of photos of Liang Jiahao and Qin Yu.

Chapter 823: Finally Mine

Liang Jiahao and Qin Yu did not ask for special treatment because of their status. They were like ordinary people, standing in line waiting.

Qin Yu even smiled at the passersby who shouted in surprise and took her pictures.

"Oh my god, Qin Yu is really too close to the crowd. She's actually smiling at me!"

"Yes, yes! When I saw her standing together with Liang Jiahao on TV before, I thought they were very good together. But now that I see them in the flesh, my thought was not wrong. They really are a match made in heaven."

"She's too low-key. I can hardly contain my excitement and want to share this heavy-weight news with everyone!"

Hearing this, Qin Yu panicked and turned to the crowd with a smile. Embarrassed, she scolded them, "I snuck out to get the wedding certificate. No one knows yet, can you please keep it a secret?"

"Of course!"

"Sure!"

"Then Qin Yu, can I take a picture with you and Liang Jiahao? I really like you!"

"Of course." Qin Yu was very generous. "If you want to take a picture, come here. We'll take it one by one, but I have to trouble everyone not to share it. At least let us know before you post it online."

"Alright!"

The Civil Bureau Affair, a place to register a marriage, suddenly turned into a huge fan meeting.

Anyone who saw Qin Yu and Liang Jiahao excitedly ran forward to line up and take pictures with them.

Even the staff working inside could not sit still anymore. "I really want to go out and take a picture with Qin Yu and Liang Jiahao. What should I do?"

Another staff member next to her looked at the passerby who had taken a picture with Qin Yu with an envious look. "Me too! My hands are shaking with excitement!"

Finally, the photo session with the passersby was over. The couple in front of Qin Yu and Liang Jiahao were also finished with their things. Now it was Liang Jiahao and Qin Yu's turn.

When the staff saw them, he looked very excited. "Do you bring all the documents we needed?"

"En." Qin Yu pushed all the documents they needed to register the marriage into the staff's hands.

The staff opened them one by one. When he saw Qin Yu's ID picture, his face was filled with envy. "Heavens, even your picture on the ID card looks really good. Qin Yu, you're amazing!"

Qin Yu just smiled embarrassedly.

Liang Jiahao didn't want to be sullen at first, but seeing the staff looking at his wife's pictures and talking happily with her, he felt irritated. He slammed his hand on the counter. "Please hurry, we're in a hurry!"

"Oh, oh, I-I'm sorry. I'll do it right away." The staff's heart trembled in fear at Liang Jiahao's impressive demeanor and cold tone. He immediately began to take care of the matter.

Actually, the procedure wasn't that complicated, it was done very quickly. When the staff handed over the marriage certificates with a seal on them, he wished them well, "I'm a genuine fan of yours, Qin Yu. I'm glad that I can help you with your wedding today. I hope you'll have a happy married life. I hope I won't see you in the Civil Bureau Affairs again."

Liang Jiahao: "..."

Shouldn't the staff be very happy and congratulate him and Qin Yu?

Why did he suddenly hear a hint of sadness in the staff's voice for Qin Yu?

Liang Jiahao took the marriage certificates and said loudly, "Thank you. Don't worry, as long as you're still doing this job, you won't see us here."

With that, he held Qin Yu's hand and stood up to leave.

Qin Yu couldn't hold back her laughter anymore and laughed. "What are you doing? He was just wishing us well. Look how you acted earlier, you scared him."

Liang Jiahao said nothing. He held Qin Yu's hand until they got into the car. Then he sat in the driver's seat and dazedly looked at the marriage certificates in his hand.

Qin Yu looked at him for a moment and finally couldn't help but poke his arm. "Don't look at them yourself. Let me take a look too."

"Oh." Liang Jiahao solemnly handed one of the marriage certificates to Qin Yu. "Congratulations, Mrs. Liang."

Qin Yu smiled until her eyes turned into crescent moons. "Congratulations to you too, Mr. Liang."

Qin Yu held the marriage certificate and looked at it excitedly. "So this is how the marriage certificate looks like. My God, I'm actually married!"

Just a few hours ago, her relationship with Liang Jiahao was a bit awkward and a few hours later, they were already married.

It's too amazing!

And too fast.

The happiest thing Qin Yu had probably been most reluctant to do in her life so far was to get a certificate with Liang Jiahao.

But now, looking at the certificate in her hand, she was really happy.

"I have a family now."

When Liang Jiahao heard Qin Yu's words, he reluctantly raised his gaze from the marriage certificate and looked at her. Seeing her bright and beautiful smile, his heart suddenly softened.

"Qin Yu." Liang Jiahao pulled Qin Yu into his embrace. "I'm finally marrying you. You're finally mine."

Qin Yu also said happily, "I actually married you so easily, I was really surprised by myself."

Liang Jiahao sat back and looked at Qin Yu up and down. Suddenly, he thought of something and took out his wallet. "The card I gave you earlier is the card for the money I will give you every month. Now, I am going to give you my current salary card as well as the money from two American companies. Big Brother Szeto will transfer the bonus to this card, and I will give it to you."

He took out two bank cards and stuffed them into Qin Yu's hand. "I don't have any real estate or properties. All my money is here. I will give them to you."

Qin Yu looked at Liang Jiahao and blinked. She seemed in a daze and didn't know what to say.

Liang Jiahao felt that Qin Yu was moved by him.

And at this moment, she suddenly spoke up. "If you give them all to me, what will happen to you in the future? Don't you need pocket money too?"

Liang Jiahao: "..."

Shouldn't Qin Yu give him an emotional kiss at this time?

Liang Zixuan said that his EQ was low, but for him, Qin Yu's EQ was even lower!

Forget it, just forget it...

Liang Jiahao would not lower himself to the same level as this little girl. There will definitely be time for him to deal with her.

Chapter 824: I Forbid You To Say That To Him

"Just give me some pocket money in the future." Liang Jiahao smiled helplessly.

Qin Yu blinked, still a little confused. "Then, how much pocket money do you need per month?"

Liang Jiahao could not help but stroke Qin Yu's hair. "The amount you think is reasonable. Don't worry, I don't have much to spend it on."

"Is that so?" Qin Yu suddenly felt that the bank cards in her hand weighed a thousand pounds. She began to count Liang Jiahao's spending.

"Every month, you have to wash the car and pay for the gas. In any case, you need to have five thousand in your pocket. This does not include when you eat outside. I will give you ten thousand. And as for the cigarette..."

At this point, Qin Yu glared at Liang Jiahao, "You are not allowed to smoke!"

Liang Jiahao smiled and nodded, "Alright, I will listen to my wife."

Qin Yu nodded with satisfaction. "You can save the money for cigarettes. And if something happens or there's an emergency, you'll need another five thousand yuan."

She turned to Liang Jiahao and asked carefully, "If I give you twenty thousand yuan a month, is that enough?"

Liang Jiahao could not help but chuckle. His wife was so cute!

Listening to Qin Yu's words, it was clear that she never cared about her family's affairs.

"My wife is very generous." Liang Jiahao pinched Qin Yu's cheek. "Then I will thank my wife for being so generous."

Qin Yu was taken aback and asked again, "Is that enough?"

"Enough, more than enough." Liang Jiahao withdrew his hand. He did not know why, but he wanted to smile every time he saw Qin Yu. It was not a mocking smile, but a deep happiness.

"That's good, then." Qin Yu finally felt relieved and put the two bank cards into her handbag. "Then I'll transfer them to you shortly. Our new life will officially begin today."

The words 'new life' made Liang Jiahao's blood boil. He had long wished to live in a different world with Qin Yu.

Just as his blood was boiling because of her words, Qin Yu suddenly poured a bucket of cold water over him. "Oh my god, I am done! So done! I was so happy that I forgot about my mother. How am I going to explain this to my mother when I get home!" *novelUsb.COM*

Liang Jiahao: "..."

This little girl was too timid.

Liang Jiahao started the car, "I'll accompany you home, I'll help you."

Qin Yu sneered and looked at Liang Jiahao. "You don't know what you have just signed up for. Then you have to help me block her attacks."

On the way home, Qin Yu put her marriage certificate in her bag and talked about the many things they would face when they arrived at the Qin Residence.

Liang Jiahao didn't say a word and just listened attentively. When the car reached the gate of the Qin Residence, he said to Qin Yu, "With me here, you really don't have to fear anything. Just stay behind me, I'll protect you no matter what."

Qin Yu said, "You want to hide behind you? Shouldn't you know me very well at this point?"

Liang Jiahao did not know whether to laugh or cry. He stroked Qin Yu's hair. "Let's go face the storm."

They both stood in front of the door. Qin Yu's hands trembled as she took the keys out of her bag. Liang Jiahao was in no hurry, he just stood there waiting for Qin Yu.

Qin Yu finally took the key and then unlocked the door.

Liang Jiahao looked at her trembling hand and asked with a smile, "Didn't your parents use fingerprints to unlock the door?"

Qin Yu pursed her lips. "Ever since I moved to your place, they've wiped my fingerprints off. They're probably afraid that I might sneak back."

Liang Jiahao originally thought that this journey would be very difficult, but after hearing Qin Yu's words, he immediately felt calmer.

At least in the past, Lin Xiu and Qin Shaoqiang had acknowledged him.

Qin Yu finally opened the door and stood there, not daring to move.

Liang Jiahao said nothing, held her hand, and went inside.

They had to face what they had to face.

He wanted to teach Qin Yu how to deal with it.

Lin Xiu and Qin Shaoqiang had heard the door open, but they sat there like two great Buddhas, looking at the people who came in expressionlessly.

Seeing Liang Jiahao walk in, Lin Xiu couldn't help but ask, "Why are you here?!"

Liang Jiahao politely replied, "Mom, I have something to tell you."

Mom?

The corners of Lin Xiu's mouth twitched. With Qin Yu's moral character, how could she not understand?

She went to Liang Zixuan's place today.

They both made up.

Even so, Lin Xiu's attitude toward Liang Jiahao wasn't very friendly. "Didn't you break up with Qin Yu? Why are you still calling me mom? Aren't you afraid of others being misunderstood? Nevermind, the better question is what are you doing in my house? Our family doesn't welcome you!"

Qin Yu couldn't hold it back anymore. She ran out from behind Liang Jiahao and pulled him behind her. "Mom, I forbid you to say that to him!"

Qin Shaoqiang squeezed Lin Xiu's hand to calm her down.

Lin Xiu glared at Qin Yu and turned her head to the side. She acted like she really hated Liang Jiahao and Qin Yu.

"Qin Yu." Qin Shaoqiang said kindly, "Don't just stand there. Come and sit down. I have something to ask you."

Qin Yu still looked scared on the way here, but now she wasn't scared at all. She pulled Liang Jiahao's hand and sat down on the sofa next to Lin Xiu and Qin Shaoqiang.

After Qin Shaoqiang saw that they were seated properly, he said in a moderate tone, "Our family was just robbed and thrown into chaos. Your mother was so scared that she almost fainted. Qin Yu, do you know about this?"

"I..." Qin Yu felt guilty for a moment and then opened her bag. She found the household document and carefully placed it on the tea table. "That's not a thief, I took it."

Lin Xiu could no longer control her emotions and asked, "Why did you take the household document when you have no use for it? And besides, you also made the house turn to chaos until your father and I nearly died of fear!"

Qin Yu frowned and looked into her bag again. Then, she slapped the marriage certificate in front of Lin Xiu and Qin Shaoqiang. "I took the household document to get married! What else do you think the document can be used for?"

Lin Xiu: "...."

Qin Shaoqiang: "...."

Oh, their old hearts!

This carefree girl actually stole the household document to get married!

She really wanted to kill them!

Lin Xiu's breathing suddenly quickened. She raised her hand to cover her chest, and her expression also changed.

Qin Shaoqiang quickly patted Lin Xiu's chest to help her catch her breath. "Don't be angry. Take a deep breath. Come on, take a deep breath..."

Qin Yu looked at her mother, who was so upset that she couldn't breathe.

Qin Yu was close to tears. "Mom, what's wrong with you?"

Chapter 825 We Worked Hard To Raise Her, Not To Have Her End Up As Your Slave When She Marries You

Lin Xiu glared at Qin Yu, she was so angry that she could not speak.

Qin Shaoqiang shook his head and began to lecture Qin Yu. "Qin Yu, how can you do such a thing without saying a word or informing us first? Even if you want to get married, we will not oppose you, but you made such a huge mess in our family by stealing our family's household document and then coming back to tell us directly that you are married? This is something that the elders cannot accept!"

Qin Yu lowered her head in shame and said, "Dad, mom, I'm sorry. I knew I did something wrong."

Liang Jiahao couldn't bear to see Qin Yu being scolded, so he interrupted, "Dad, it's not Qin Yu's fault, it was my idea. If you want to scold someone, scold me. I was inconsiderate and did not consider your feelings. I was the one who forced Qin Yu to get married."

As for Qin Shaoqiang, he can blame Qin Yu or scold her, but he will not scold Liang Jiahao.

Since Qin Yu and Liang Jiahao were already married, he would be his son-in-law. Qin Shaoqiang still hoped that Liang Jiahao would treat Qin Yu well in the future.

If Qin Shaoqiang scolded Liang Jiahao right after he married Qin Yu and did not give Liang Jiahao any face, then Qin Yu's days might be difficult in the future.

As parents, their children would be their first priority. Therefore, no matter how angry Qin Shaoqiang was, he would not trouble Liang Jiahao.

"Jiahao, don't say anything more. We already know." Qin Shaoqiang said attentively, "I am not angry with you or Qin Yu. It's just that we thought there was a thief in the house. Never mind... Since you two are already married, that makes you my son. I hope you and Qin Yu can live well together in the future and we will definitely treat you like our own son."

Liang Jiahao smiled and nodded, "Thank you, dad."

How could Lin Xiu not understand the meaning behind Qin Shaoqiang's words?

She glared at Qin Yu for a moment before putting on her mother-in-law's demeanor and said authoritatively, "Even though you and Qin Yu have married, Liang Jiahao! If you do anything to make her cry again, I will not let you go!"

Thankfully, Liang Jiahao had a good temper. He said, "Mom, don't worry, I will not make the same mistake again. I was inconsiderate of Qin Yu's feelings and unknowingly hurt her, but I already know where my mistake was, so this kind of thing will not happen again."

He held Qin Yu's small hand tightly. "Don't worry, handing over Qin Yu to me is the best decision you have made. I will definitely treat her well and protect her well."

At this moment, Qin Yu would not back down either. She had to support Liang Jiahao.

"Mom, dad, you have to trust your daughter's opinion. Since I married him, it means that he is really good to me! From now on, you will not only have me and big brother, but also another son, Jiahao."

"Fine, you won!" Lin Xiu looked at Qin Yu as she said in a strange tone, "How can we all win when he is with you."

Qin Yu grinned. "That's how it should be."

Lin Xiu looked at Liang Jiahao. Although she was still angry about Qin Yu secretly taking the household document to get married, but no matter what, Qin Yu and Liang Jiahao were already married.

Not to say, she was already very satisfied with Liang Jiahao being her son-in-law. *novelUsb.COM*

"Jiahao." Now, even the way Lin Xiu called him had changed. It was no longer Liang Jiahao's full name.

Liang Jiahao immediately laughed.

Lin Xiu resumed her demeanor as mother-in-law and said seriously and majestically, "Qin Yu has never been through hardships since she was a child, and she has never done the house chores in our family. She is our little girl, the princess of our family."

Liang Jiahao listened seriously and looked at Lin Xiu with respect and courtesy.

"We worked hard to raise her, not to have her end up as your slave when she marries you."

"I understand." Liang Jiahao nodded, "I will take good care of her."

"Mom!" Qin Yu couldn't bear to see anyone scolding Liang Jiahao now, even if it was her own mother. "I have been with Jiahao for a long time, he never let me do house chores. Even my lunch was bought by him. After he had lunch with me, he went back to work."

Lin Xiu glared at Qin Yu. "You still dare to say that! Jiahao works hard, not only at the company but also at home. While you, what are you doing? If you are free, can't you take care of your own daily needs? Can't you cook your own food? Jiahao even had to go home and buy food for you. Can't you be considerate of his feelings too?"

Qin Yu: "..."

What the hell was going on?

She was obviously protecting Liang Jiahao from her mother, so why did Lin Xiu suddenly start criticizing her for not knowing how to do the chores?

Lin Xiu sighed. "Qin Yu, now that you have become a wife, even though you are our family's little princess, you still have to learn to do the house chores. At the very least, learn how to take care of your husband. Don't mess around with him, and don't burden him."

"I'm not saying this to protect anyone. I'm just telling you that the family belongs to both of you. You both have to work hard to protect it in order to go further."

Liang Jiahao understood Lin Xiu's intentions by saying that. He said gratefully, "Thank you, mom. I understand."

Qin Yu wasn't stupid and understood what was going on.

She lowered her head, looked at her interlaced fingers, and said in a choked voice, "Then we'll hire a servant, an older and reliable aunt. Since I'm busy with my work, she could take care of Jiahao's life, and when I come back, she'll take care of mine, too."

Liang Jiahao opened his mouth, he looked like he wanted to say something, but ended up not. Lin Xiu could tell what he wanted to say just by looking at him.

"Absolutely not." Since Liang Jiahao had a hard time saying it, Lin Xiu helped him say it. "You two just got married and haven't had enough of each other. Can you get used to a stranger suddenly living in your house? What would you do if the auntie happened to find something while cleaning and, let's say, Jiahao's enemy bribed her for that kind of information?"

Qin Shaoqiang nodded in agreement. "Even if you want to hire a servant, you have to wait until you are pregnant and have children. Now, you just have to go through the world of two people."

When Qin Shaoqiang suddenly mentioned about being pregnant, Qin Yu's face instantly turned red. The thought of living alone with Liang Jiahao, a life as husband and wife...

When Lin Xiu saw Qin Yu's red face, she couldn't help but laugh. "What's the matter? Are you embarrassed? Why didn't you feel embarrassed when you stole the household document to get married?"

Chapter 826 I Won't Be At Ease

"Mom!" Qin Yu felt even more embarrassed. She fell into Liang Jiahao's arms and said, "Xiao Liang, look, they are laughing at me!"

Liang Jiahao ruffled Qin Yu's hair with a smile. "Don't worry, I won't laugh at you."

"Alright, that's enough." Lin Xiu's mood had completely improved. Even the matter of Qin Yu stealing the document had disappeared from her mind. "I will call your brother. We are going to celebrate this joyous occasion together as a family."

"Mom." Liang Jiahao quickly stopped her.

Lin Xiu's hand, which was about to reach for the phone, paused for a moment. "What's wrong, son-in-law?"

This form of address changed so quickly that Liang Jiahao, himself, could not get used to it.

Lin Xiu, who had been very strict a moment ago, was now calling him "son-in-law."

Watching Lin Xiu's expression, she called him that very smoothly, without the slightest bit of awkwardness.

Liang Jiahao bit his lower lip. "Other than you and dad, Qin Yu and I haven't told anyone about our marriage yet. I wanted to take Qin Yu back to my grandparents' house and tell them about this good news first, as well as to Zixuan and Yuanjun. Qin Yu is an artist of the Han Group, so it would be inappropriate for me not to tell the boss about it."

"Right, right." Lin Xiu nodded in understanding. "I forgot about this as I was too happy! Hurry up, go home and tell your parents."

"Even I forgot about that." Qin Yu sighed regretfully, "I was too worried about how I would be beaten by you once I get home."

"Qin Yu!" Lin Xiu wanted to grit her teeth, but in front of Liang Jiahao, it was difficult to do so, which would affect her image as a dignified woman. So her expression was really colorful as if she wanted to break Qin Yu's neck, but at the same time, she had to maintain her image as a dignified woman.

Anyone who did not know would think she was a bad mother!

How could Qin Shaoqiang not know about Qin Yu's rebellious behavior? She was afraid of Lin Xiu.

To clear the water, he smiled and said, "Xiu Xiu, you know Qin Yu didn't mean it when she said that. Don't think about this anymore. Let them go back to Master Qiao's house to announce the good news."

Lin Xiu could only glare at Qin Yu with hidden bitterness and snorted. *noveLusB.cOm*

Liang Jiahao pulled Qin Yu's small hand and held it tightly in his palm. "Mom and dad, I will reserve two tables in the Zen Garden tonight. I want to invite both of our families and discuss the wedding ceremony as well as the money for the wedding."

"Haha ... You are too polite." When Lin Xiu heard this, she returned to her dignified and ladylike smile. "But since you two are already married, of course, we have to talk about this. What do you have in mind?"

"Mom, just come tonight. Jiahao and I still have to go to his grandparents' house. If you keep talking to him, he will definitely explain everything to you right away and won't have time to go there."

Qin Yu could no longer wait. She was worried that Liang Zixuan and Han Yuanjun would react badly if they knew that she and Liang Jiahao had registered their marriage.

Qin Shaoqiang also advised, "Qin Yu is right. We'll meet again in the evening. Don't worry, we'll definitely go, and we'll also call your brother."

Liang Jiahao nodded and pulled Qin Yu up. Then, he politely said goodbye to the two elders.

On the way to Qiao Hongya's villa, Qin Yu didn't dare to contact Liang Zixuan and Han Yuanjun herself, so she gently poked Liang Jiahao's arm. "Xiao Liang, can you call uncle and auntie?"

Liang Jiahao looked at Qin Yu's fawning face as she blinked her eyes like a cute girl. He knew that this girl was afraid of Han Yuanjun and Liang Zixuan's reactions.

"I will." Liang Jiahao said bluntly, "I will call them."

After saying that, Liang Jiahao dialed Liang Zixuan's phone number and put it on a speaker.

Qin Yu's heart was trembling violently as she waited for the call to be connected. And when Liang Zixuan's voice was heard, Qin Yu's heart jumped straight into her throat.

"Big brother, where did you go with Qin Yu? It's already past lunchtime, do you still want to come back for lunch?"

Qin Yu shrunk her neck in fear as she looked at Liang Jiahao eagerly, waiting to see what he would say.

Liang Jiahao remained calm and said, "Why don't you and Yuanjun go to grandfather's house for lunch? Qin Yu and I are already on our way there."

After Qin Yu heard this, she sincerely gave Liang Jiahao a thumbs up.

This person's face wasn't red from lying and his heart wasn't beating fast. Liang Jiahao had the potential to become an actor and could become a movie king.

Liang Zixuan seemed to hesitate for a moment before whispering, "Big brother, have you forgotten that He Yingmin and Kang Yuhan are still in my house? How can we leave?"

"It's fine." Liang Jiahao said casually, "You can let them come too. Qin Yu and I will wait for you at grandfather's house."

With that, he hung up the phone without giving Liang Zixuan a chance to refuse.

Qin Yu was really in awe of Liang Jiahao, why didn't she think of this?

As expected, the old ginger was spicier!

However, she still couldn't understand one thing. "I can understand why you asked uncle and auntie to go to grandpa's house, but you told auntie to bring Yingmin and Yuhan too? Isn't that a bit bad?"

After all, He Yingmin and Kang Yuhan were both outsiders, and the rest were family. If they were there, they'd definitely feel uncomfortable.

Liang Jiahao looked at Qin Yu and pursed his lips, "If Kang Yuhan doesn't hear it with his own ears, I won't be at ease. Announcing it in front of his face is enough to break his wishful thinking."

Qin Yu: "..."

This was the first time she found out that Liang Jiahao was so merciless when it came to dealing with his love rival.

Judging from his tone, it seemed that if Kang Yuhan didn't go there, he wouldn't feel at ease

Chapter 827: As An Outsider, I Have No Right To Do So

The distance between the Qin Residence to Qiao Hongya's villa was much further than Han Yuanjun's villa to there.

Therefore, even though Liang Jiahao and Qin Yu went there first, Liang Zixuan and Han Yuanjun were still the first to arrive.

When He Yingmin arrived at Qiao Hongya's villa, she was so excited as if she had been injected with chicken blood. Oh, how she wished she could have an exclusive interview with Qiao Hongya here.

If Liang Zixuan hadn't stopped her, she would have immediately called her cameraman and told him to bring a camera and microphone.

"Wow, I really struck gold today. Not only did I go to your house, but I also went to Master Qiao's house!"

Liang Zixuan saw He Yingmin's excited expression and felt a little helpless. "Don't be like that. What if you scare my grandparents?"

"Haha, it's okay." Qiao Hongya liked He Yingmin's open-minded attitude. She said whatever she wanted to say.

"If you really want to interview me, pick a time, and I will do it exclusively for you."

"Really?" He Yingmin was so excited that her eyes lit up. "Then let's set a date today!"

Liang Zixuan: "..."

Qiao Hongya: "...."

This kid was too excited!

Just as He Yingmin was about to set the time, the doorbell rang.

The housekeeper ran to open the door and saw Liang Jiahao and Qin Yu standing in the doorway. "It's the eldest young master and Miss Qin," she said.

Luo Yanyun and Qiao Hongya did not know about the breakup between Liang Jiahao and Qin Yu, they only knew that Qin Yu had been working outside for a month.

Luo Yanyun happily said to Qiao Hongya, "Look at Qin Yu, she's only been home for three days and she's already coming to see us."

Qiao Hongya was also very pleased with this. "Yes, this child is very thoughtful."

Liang Jiahao and Qin Yu walked hand in hand. Qin Yu was still blushing, obviously a little embarrassed.

Han Yuanjun's eyes narrowed. "Qin Yu, what have you done? Why does your face look so red?"

"U-uncle..." Qin Yu pursed her lips, not daring to say anything as she hid behind Liang Jiahao.

Liang Jiahao had experience in dealing with a big boss like Han Yuanjun.

He took out the marriage certificate from his pocket and slammed it on the coffee table in front of them. "We just went out to get the certificate."

"What?" Everyone cried out as they looked down in disbelief at the red book on the tea table. For a long time, no one responded.

Especially Kang Yuhan. He felt like he was dreaming. How could Qin Yu, who had just broken up with Liang Jiahao, go to the Civil Bureau Affairs to pick up the wedding certificate?

Luo Yanyun was the calmest person. She reached for the marriage certificate, opened it, and saw that Liang Jiahao and Qin Yu's names were indeed written on it. Even their wedding photo was there.

He Yingmin jumped up from her seat. "Qin Yu, Brother Liang, are you two really married?" *noveLusB.cOm*

Liang Jiahao nodded, "Yes, everything is written on the certificate. It's not a fake!"

He Yingmin covered her heart with her hand. She was so excited that she felt like her heart was about to jump out of her throat. "I ... Can I take a picture of your marriage certificate? Can I ask permission to publish this exclusive news?"

He Yingmin had helped Qin Yu several times before. Of course, Qin Yu was willing to grant her this exclusive right, but...

She looked faintly at Han Yuanjun, who had been silent all this time...

She was so scared, what should she do?

Han Yuanjun had a sullen expression on his face. He looked very angry and furious at the same time. His dark eyes stared hatefully at Qin Yu.

In other words, he was very angry!

Qin Yu quietly pulled Liang Jiahao's hand.

Liang Jiahao received Qin Yu's hint and immediately looked at Han Yuanjun. Han Yuanjun saw that they were looking at him and immediately looked away.

"Brother-in-law." Liang Jiahao pulled Qin Yu into his arms. "We have taken the certificate and are legally married. Whether you want to publicize our marriage or not is up to you."

He Yingmin immediately turned to Han Yuanjun.

Han Yuanjun indeed looked furious.

He knew that Liang Jiahao and Qin Yu would be married soon, but he did not expect it to be this soon!

It was happening so fast that he didn't have time to prepare anything. Even if he wanted to object to their marriage, it was impossible at this moment.

If he expressed even a hint of hatred at this moment, everyone in the room would probably tear him apart.

This was especially true for Liang Zixuan. When they went home later, he might have to kneel down at the keyboard.

Han Yuanjun slowly closed his eyes and took a deep breath, trying his best to calm himself down. When he opened his eyes, he saw that everyone in the room was looking at him. "Whether you want to publicize your marriage or not, you can decide for yourself. As an outsider, I have no right to say anything."

"Uncle!" Qin Yu knew that Han Yuanjun was angry. He was angry that she didn't tell him about it before she went to get the certificate. He was even angrier when he thought of the troublesome things the company would have to face later.

"Why are you an outsider? You are my uncle who loves me and spoils me. Of course, you have the final say."

Han Yuanjun was still furious, but Liang Zixuan, who was next to him, tugged on his shirt. His anger immediately dissipated.

Seeing that Han Yuanjun was no longer angry, Qin Yu immediately boasted, "Auntie, what do you say?"

Liang Zixuan was not angry about Liang Jiahao and Qin Yu's marriage. She also knew that this matter had something to do with her brother, so how could she blame Qin Yu?

She smiled. "Getting married is a good thing, and of course, we should celebrate it together."

He Yingmin immediately laughed out loud as if she had been injected with chicken blood. "Haha, then this exclusive right is mine!"

"Yours, it's all yours." Qin Yu happily patted He Yingmin on the shoulder. "At least, I can use this to thank you for helping me so much before."

"Hee hee..." He Yingmin smiled shyly.

Not only would she get an exclusive interview with Qiao Hongya today, but she would also have the right to publish about Liang Jiahao and Qin Yu's marriage. She felt so good that she almost flew into the air.

He Yingmin immediately called her cameraman and told him to bring the camera.

Everyone was happy, except for Kang Yuhan, who was injured. He sat on the side without saying anything, staring at the marriage certificate. He really wanted to tear it apart!

Chapter 828: Are You Really Going To Marry Him Like This

"Yuhan." When Qin Yu saw Kang Yuhan's lifeless and dissatisfied expression, she smiled and called out to him.

Kang Yuhan raised his eyelids and looked at Qin Yu. Then, without any enthusiasm, he lowered his head and stared at the marriage certificate on the tea table.

Qin Yu pursed her lips and went from Liang Jiahao to Kang Yuhan. Liang Jiahao immediately chased after Qin Yu like a beam of infrared light.

"Don't be like this. Didn't I explain everything to you?" Qin Yu hit Kang Yuhan on the shoulder.

Kang Yuhan looked gloomy, as if all the strength in his body had been sucked out. "Yes, but that doesn't mean I can accept it! Qin Yu, are you really going to marry him like this? There's no way for me to save you?"

"Save me from what? What do you want to save me from?" Qin Yu slapped Kang Yuhan on the head, "You and I are best friends. From the time you put on your crotch pants until now, I've never treated you as if you were the opposite sex."

When Kang Yuhan heard this, he almost burst into tears. "So you never treat me like a man?"

Qin Yu chuckled and said, "No, I treated you like a man, but it was like a brother."

Kang Yuhan was sad. Originally, he didn't have much hope for Qin Yu when she rejected him, but when he suddenly learned that she was married like this, he felt like crying.

"It's okay, don't comfort me." Kang Yuhan stood up and sneaked a glance at Liang Jiahao. Coincidentally, he met Liang Jiahao's vigilant gaze and immediately retracted his gaze. "My mother is waiting for me at home. I'll go home first. If you need anything in the future, just call me."

"You're leaving?" He Yingmin asked, "No, don't. Let's continue chatting."

Kang Yuhan laughed sarcastically, "You have the exclusive right to stay, but me, what do I have?"

Only sadness.

Kang Yuhan pouted. "My mother is really waiting for me at home. I'm leaving now, you can celebrate this joyous occasion together."

You couldn't hold back someone who wanted to leave, and Qin Yu also felt that it was inappropriate for Kang Yuhan to stay here any longer.

When she was free, she would invite him out and introduce him to a girlfriend.

Liang Jiahao told Luo Yanyun and Qiao Hongya about his plans. "Grandfather, grandmother, I have booked a room in the Zen Garden. We'll have dinner with Qin Yu's parents to discuss the wedding."

"Okay, no problem." Qiao Hongya nodded and happily agreed.

Luo Yanyun was a little excited. After Liang Zixuan got married, she was always worried about Liang Jiahao. She feared that he was too masculine and wouldn't be able to find a girlfriend.

Now, not only had he found a girlfriend quickly but he was also married.

She was really happy.

"Wait for me here."

Luo Yanyun got up and went to the second floor.

Qiao Hongya looked at her and suddenly smiled mysteriously, "Your grandmother went upstairs to get her treasure."

"Treasure?" Liang Zixuan asked in surprise, "What treasure? How come I don't know about this?"

Qiao Hongya chuckled like an old hedgehog. The more curious the other person was, the more he wouldn't say anything. He'll only continue to tease others.

After some time, Luo Yanyun slowly came down with a beautiful box in her hands.

She didn't hand the box directly to Qin Yu, but opened it herself and turned to Qin Yu and Liang Zixuan. "In this box, there is a pair of jade bracelets that my mother secretly gave me back then, they're old things in my family. Today, both of my grandchildren are married, so I'll pass this pair of bracelets to you two."

Luo Yanyun took out the two bracelets. "Qin Yu, grandmother has nothing good to give you. The blue gemstone necklace your grandfather left for me before, I gave it to Zixuan's mother, and when she died, I gave it to Zixuan. I hope you won't mind this little gift."

"I won't!" Qin Yu politely accepted the jade bracelet from Luo Yanyun.

Liang Zixuan also extended her hand to receive it.

Holding the bracelet in their hands, they could feel a cool sensation flow through their fingertips. Just by looking at the color, they could tell that it was good jade.

"Thank you, grandmother." Liang Zixuan and Qin Yu said at the same time.

Luo Yanyun was so happy that she nodded. "From today onwards, we're a family. If anything happens in the future, tell grandma, okay?"

Liang Zixuan and Qin Yu nodded obediently at the same time. The more Luo Yanyun looked at them, the happier she felt.

"Right!" Qiao Hongya thought of something and suddenly said, "I will arrange your wedding. Since your grandmother has already given you a gift and I don't have anything valuable, I will help a little. From the wedding ceremony to the banquet, all matters will be placed in my hands."

"Grandfather, do you even have money?" Liang Zixuan looked at Qiao Hongya teasingly.

Qiao Hongya raised his chin and said proudly, "Of course, I've earned a lot of money, especially the money I earned from the concert Jun held for me. This is just a wedding, for me, it's like a drizzle!"

A drizzle... *nOVelusb.com*

This attitude, it was as if Qiao Hongya had a lot of money and didn't know how to spend it.

This caused the youths to laugh uncontrollably.

Han Yuanjun took out his phone as he watched them laugh. Then, he called the house.

Old Madam Han was the one who answered. "Hello, Jun. Give the phone to your wife. I want to talk to her."

Han Yuanjun: "...."

Ever since Liang Zixuan became pregnant, Han Yuanjun had been deeply despised by Old Madam Han and Old Man Han.

At this current state, it was difficult for Liang Zixuan to go out alone. As long as Old Madam Han and Old Man Han were healthy and their legs were comfortable, they would go to see Liang Zixuan.

Even if they couldn't come, Old Madam Han would call Liang Zixuan every day to ask how she was doing. And every time Han Yuanjun answered, Old Madam Han would say, "I didn't call to talk to you, give the phone to your wife. Hurry up!"

Han Yuanjun's fragile heart of glass had turned into a diamond. His face darkened, "Grandmother, are you sure you don't want to talk to me?"

Chapter 829: Wedding In America?

Old Madam Han felt something was wrong when she heard Han Yuanjun's tone. She hesitated for a moment and asked carefully, "Why are you calling me? Is there something you want to tell me?"

"Yes, of course." Han Yuanjun also tried to keep Old Madam Han in suspense, "It just depends on whether you are interested in knowing or not."

"Of course I do!" Old Madam Han was very anxious. "You bastard, say it quickly!"

Han Yuanjun didn't tease her and said bluntly, "Brother-in-law and Qin Yu just got their certificates today. All of us are going to have dinner at the Zen Garden tonight. Do grandmother and grandfather also feel like coming?"

"Of course!" Old Madam Han immediately exclaimed excitedly, "How could I miss such a joyous occasion? Wait a minute, I'll come with your grandfather right now."

Han Yuanjun originally wanted to tell Old Madam Han to put on an extra coat before going out, as it was cold outside. However, just as he was about to say the words, she hung up.

Han Yuanjun sighed. The grandson, the Patriarch of the Han Family, had no status before Old Madam Han and Old Man Han.

Old Madam Han was very excited and called Zhang Xiuying as soon as she hung up.

Zhang Xiuying was also very happy to hear that Liang Jiahao had been married to Qin Yu, and said she would also go there in the evening.

Not long after, Old Madam Han and Old Man Han arrived at Qiao Hongya's villa. The distance between the Han Residence and Qiao Hongya's villa wasn't too far, so after they got dressed, they reached the entrance.

Luo Yanyun went to the door to greet Old Madam Han. "Aiya, dear, isn't it cold outside? Come in, come in."

Old Madam Han and Old Man Han entered with a smile. They saw He Yingmin holding a microphone and interviewing Liang Jiahao and Qin Yu in the dining room.

Old Madam Han walked towards Liang Jiahao with her cane and looked at him. The more she saw him, the more she liked him.

They both were in the middle of an interview, so it was inappropriate for Old Madam Han to greet them. She just smiled at them before talking to Luo Yanyun.

Old Madam Han was immediately amused, "Aiyo, my little Qin Yu is really happy. Look at her, her smile is so sweet."

Hearing Old Madam Han praise her granddaughter-in-law, Luo Yanyun couldn't stop smiling. "That's right, Qin Yu's smile is so beautiful."

Waiting for the interview to end, it was almost five o'clock in the evening..

Liang Jiahao looked at the time. "It's almost time for dinner. Let's go to the Zen Garden now."

No one had any objections.

Everyone drove to the Zen Garden in their own cars.

Tian Qihua was at Han Yuanjun's house. At first, she didn't follow Han Yuanjun and Liang Zixuan to Qiao Hongya's house, but when she heard that Liang Jiahao and Qin Yu were going to celebrate their marriage at the Zen Garden, she openly said that she would go.

When Liang Jiahao's group arrived, Tian Qihua had already arrived.

Not only she, but Lin Xiu and Qin Shaoqiang had also arrived earlier.

However, Qin Shanyuan...

From the moment they arrived, Qin Shanyuan's excuse when they called him was that he either didn't pick up the phone or he was in the restroom, too busy to talk. In short, Qin Shanyuan was full of excuses.

Shortly after everyone was seated, Zhang Xiuying, Han Cihui, and Han Xiwang also arrived.

noVELus&.com

Ever since Zhang Xiuying asked for a divorce, Han Xiwang had become more obedient. It was as if he had changed his attitude toward her. He no longer treated her badly and took her for granted. He had become a better person. It had been a long time since he had fought with anyone.

The dishes had already been served. Liang Jiahao said to the elders after giving a toast, "The wedding will be held after the New Year. It would be better if it were three months from now on."

Old Madam Han couldn't help but interrupt Liang Jiahao, "Why? It's not very good to hold a wedding during the new year. Since everyone is on vacation, they will return to their respective homes to visit their families."

Liang Jiahao looked at Qin Yu and smiled. "Qin Yu will join the filming team next month. This time, she will travel to America and it will take at least maybe two or three months. So, to be safe, we will set it three months from now."

"America?" Old Madam Han suddenly became excited, "America is great! Then how about we hold the wedding there? This way, Qingsheng, Desheng, and Szeto don't need to go back. We will all go and celebrate the New Year there this year and also hold the wedding ceremony."

"I agree." Qiao Hongya also became excited, "I know this country better than anyone. It's easier to hold a wedding there, and when the time comes, I will also invite my old friends."

Old friends...

Everyone felt their faces hurt.

Qiao Hongya's old friends in the United States were all world-class experts.

A violin master?

A cello master?

In Qiao Hongya's social circles, there were simply quite a few of them.

It was even possible that the band that would play the wedding parade would be a top international band.

When Qiao Hongya was in America, he participated in many concerts. The people he knew were also world famous. Now, everyone was looking forward to this wedding.

This was the same as donating money.

To be able to watch a top international band perform was a huge plus.

Lin Xiu squeezed Qin Shaoqiang's hand excitedly under the table and asked, "Master Qiao, I heard that violin master Yo-Yo Ma has a good relationship with you. If we hold the wedding there, will he be able to attend?"

"That's a must!" Qiao Hongya said proudly, "Even if we hold the wedding here, as long as I invite him, he will definitely come."

"That's great!" Lin Xiu was so happy that her eyes turned red. "I have loved listening to his violin pieces since I was a child. It was mainly because of him that I learned to play the violin. If I could see the person in front of me, I would probably faint from joy."

"Hahaha..." Qiao Hongya waved his hand with a smile. "We are a family, don't call me Master Qiao."

Lin Xiu's eyes darted around as she hurriedly called out with a smile, "Alright, dad!"

Everyone: "...."

Chapter 830: When I Get Married, I'll Make All Of You Die Of Jealousy

While everyone was still stunned, Lin Xiu squeezed Qin Shaoqiang's hand again under the table. Qin Shaoqiang immediately called out, "Dad."

"Hahahaha... " Qiao Hongya was so happy that he couldn't stop smiling, "Good, good. Since you all like me so much, then I'll gladly accept you as my children."

Old Madam Han was very happy, "Aiyo, today is a really happy day for all of us. When Qin Yu goes to America, we'll go together with her. As she was busy with filming, we arranged the wedding matters for her."

Hence, things were settled.

No one had any objections.

Only Qin Yu felt a little embarrassed. After all, her marriage to Liang Jiahao was just a whim, she never thought it would cause such a big commotion.

Others might not know, but Qin Yu knew how many people would be there.

With such a large family from the Han Family, along with Qiao Hongya's friends and the Qin Family, Qin Yu didn't think that three private jets would be enough.

"Mom..." Qin Yu whispered, "Are you really planning to go with me? What about the company?"

"It's fine." Lin Xiu said indifferently, "Don't we still have your brother? Look at him, he hasn't come yet. I don't think he's in the mood to come with us, so we can let him stay here and take care of the comp-"

Before she could finish her sentence, the door to the private room was pushed open, and Qin Shanyuan proudly entered. "Don't think that you can bully me just because I'm not here! Who wants to stay here and take care of the company? No, I'm going to America to learn from uncle how to manage the company..."

As he said this, he pulled up a chair next to Han Cihui and sat down. He even turned his head to ask Han Cihui, "Don't you think so?"

Han Cihui pulled his chair aside with a disdainful look. He still hadn't forgotten how bad things had gotten when Liang Jiahao and Qin Yu had gotten engaged.

Qin Shanyuan's face immediately darkened, "Hey, Cihui, what're you doing? You're the only one who's on the same side as me, don't tell me you're switching sides now?"

Han Cihui pouted and said confidently, "Who's on the same side as you? I don't have a company to manage and my movie is finished and just waiting to be released in a year, so I can use this opportunity to go to America to study. You, stay behind and run the company!"

Don't drag him down with Qin Shanyuan!

Ever since the last time, Zhang Xiuying kept asking Han Cihui to go on a blind date.

Han Cihui could not beat Zhang Xiuying, so, even though he was reluctant, he still went there.

Either he offended the woman so much that she didn't want to see him anymore, or he angered the woman so much that she poured soup on him.

Zhang Xiuying was furious. She always had a bad feeling in her heart.

She even asked Han Cihui if he liked men.

Han Cihui was so angry that he vomited blood at the scene. "Just because I don't like my dates doesn't mean I like men! Mom, my orientation is very normal, I like women, it's just that I haven't met a girl that I like, do not misunderstand!"

Zhang Xiuying didn't seem to believe him, so she went to the film crew every few days to see the actress and talk to them. She wasn't a particularly feudal person, so she could accept her daughter-in-law being an actress.

Besides, there were also two actresses in her family.

One was Liang Zixuan, and the other was Qin Yu. She thought the actress was quite good, at least Liang Zixuan and Qin Yu were very upright and had no evil thoughts in their minds.

So Zhang Xiuying went and asked the actresses on the set, one by one, if they had a boyfriend and what they thought of the director. In the end, the actresses misunderstood and thought Han Cihui wanted to sleep with them.

Every night, there would be an actress knocking on Han Cihui's door.

Han Cihui was so scared about this, until now.

Qin Shanyuan didn't know what Han Cihui was going through, so he turned his chair towards Han Cihui and said, "Don't be like that, we're the only unmarried people. We should love each other and help each other."

No sooner had he finished speaking, Zhang Xiuying seemed to remember something, and her face darkened. "You still dare to say that? How old are you right now? You don't even have a girlfriend!"

Just as Zhang Xiuying had finished, Lin Xiu continued, "That's right! It's not that we're rushing you, but you're just too disappointing. Forget about your wife, even the shadow of your girlfriend I can't see. I'm so angry. When I talk about this... Shanyuan, what did you do? Do you think you can avoid me for the rest of your life?"

Qin Shanyuan lowered his head gloomily. Sure enough, every engagement and marriage celebration was torture for him.

Qin Shanyuan looked toward Han Cihui for help, but Han Cihui turned his face away in disdain. Obviously, he didn't want to bother with him.

Qin Shanyuan was furious, "Aiya, how can you be like this every time? You're always causing me not to dare to go out and see all of you."

"Then don't come." Lin Xiu said sternly, "You are not the only son in our family. Now that we have another son, from now on, I will tell others that Liang Jiahao is my son, while you ... I don't know you."

"Hey hey hey..." Qin Shanyuan almost vomited a mouthful of blood, "Mom, does anyone have a mother like you who will consider a son-in-law as her own son and not her own biological son?"

Liang Jiahao stood up at the right time and filled a glass with juice for Lin Xiu. "Mom, drink some juice. Don't let your throat dry up."

"Aiya, what a good child." Lin Xiu really liked Liang Jiahao the more she saw him. She glanced at her own son. The more she saw him, the more she hated him.

Qin Shanyuan was speechless as he stared at Liang Jiahao. Liang Jiahao and Qin Yu had just gotten married, and yet Liang Jiahao had snatched away his place in the family.

Would Qin Shanyuan still have a place in the Qin Family in the future?

Liang Jiahao smiled in amusement and poured wine for Qin Shaoqiang. "Dad, today is such a happy day, let's celebrate it with a glass of wine tonight."

Qin Shaoqiang threw a meaningful look at Qin Shanyuan. Turning to Liang Jiahao, his face changed instantly, and he said with a smile, "What a good and filial son."

Qin Shanyuan: "...."

Are you guys done yet?

Were they going to go against him at this time today?

Seeing this, Han Cihui quickly moved his chair to the side again. He really despised Qin Shanyuan.

Qin Shanyuan snorted. "What's the big deal? Isn't it just getting married? When I get married, I'll make all of you die of jealousy!"
