### Chapter 891: Trouble Arise II

The black SUVs had no intention of letting go of Liang Jiahao's car. The four cars were driving at high speed. One in front and one behind, one on the left and one on the right. They were equal.

When the cars around them saw what had happened, they immediately pulled over and stopped. No one knew what had happened. They just knew that if they did not stop, they could be involved in the accident.

At this moment, another gray business car was suddenly driven out of the road in front of them. The driver of the MPV seemed to have identified his target. He did not care whether he would be dead or alive because he stepped on the gas pedal and crashed into a black SUV.

The driver of the SUV was shocked. He quickly turned the steering wheel and swerved to the side.

But the road was only that wide. As soon as he turned the steering wheel, the car crashed into the pavement and hit a tree.

When pedestrians saw a black SUV driving around like crazy, they got scared and ran away.

When Liang Jiahao and Qin Shanyuan saw this situation, the two of them had an implicit understanding and proceeded to catch another black SUV in the middle.

"Jiaying, sit tight. Hold on to the handle tightly!" Qin Shanyuan suddenly shouted.

Liang Jiaying immediately grabbed the handle of the car with both hands and looked at the SUV calmly.

Liang Jiahao also said, "Qin Yu, Sister Mo, Hou Fen, this time you must hold onto the handles firmly!"

The three women grabbed the handles of the car without saying anything. Qin Yu was so nervous that she closed her eyes.

Bang! Bang! Liang Jiahao's car and Qin Shanyuan's car crashed into the SUV in the middle. The car immediately emitted a loud screech, and the people inside were hit by a strong vibration. In addition, they were also seriously injured.

"Son of a bitch!" Philip shouted angrily, "Where did these two cars come from!"

"Mark, are you okay?"

"John, what about you?"

"My leg is injured. Quick, we need to run now!" John said while hissing in the pain. "Don't let them catch us!"

Facing the two cars that suddenly appeared, Mark was unsure. According to the intel he had received, only Liang Jiahao would follow Qin Yu to the set. Why did so many cars appear out of a sudden?

Moreover, one could tell from the driver's driving skills in Qin Yu's car that he was not an ordinary person. *novelusB.com*

If they got caught, they would most likely die!

When Philip heard John's words, he did not care how badly the car was hit, and he did not care how many people in the car were injured. He suddenly increased the speed and fled to the side.

Liang Jiahao saw the car trying to run away. From the rearview mirror, he saw that another car had crashed into a tree on the side of the road. He suddenly turned the steering wheel and made a U-turn in that direction.

Qin Shanyuan was stunned for a moment. "We are not chasing them anymore?"

Liang Jiaying looked out the rear window and immediately understood Liang Jiahao's intentions. "Shanyuan, stop chasing them. Uncle Liang went to another SUV. Maybe he's afraid that the two bodyguards will not be able to subdue those people. How about we help him?"

Qin Shanyuan said nothing. He turned the car around and drove in that direction.

The car came to a stop. Liang Jiahao quickly unbuckled his seat belt and kicked the door open, jumping out of the car.

There were five people in the SUV. Except for the driver, they all jumped out of the car and fought with the two bodyguards.

Obviously, the four had good fighting skills and were very strong. Although Han Szeto had paid a lot of money to hire the two bodyguards, they could only fight to a draw.

Liang Jiahao threw himself into the fight. The original unfavorable situation had suddenly changed. Liang Jiahao grabbed one of the man's hands and pulled him back forcefully. Then he gave him a backhanded blow. At this time, Qin Shanyuan also joined the fight. Liang Jiahao threw the man at him. "Catch him!"

"Alright!" Qin Shanyuan used his martial arts skill to subdue the man and push him firmly to the ground.

The remaining three men were immediately thrown to the ground by Liang Jiahao and the bodyguards with a few moves.

Then Liang Jiahao said to the women. "One of you call Han Yuanjun, and the other call the police. Hurry up!"

Qin Yu did not hesitate and dialed Han Yuanjun's number. Meanwhile, Mo Shan called the police.

After Han Yuanjun heard about it, he and Han Szeto immediately put down their work and hurried to the scene together. The police were only ten seconds faster than them.

"Something like this happened the moment you went out?" Han Szeto patted one of the criminals on the head. "Qin Yu, you are really great. It seems that your life is quite valuable. The other party went through a lot of effort just to deal with you."

Qin Yu: "..."

Why did these words make her feel so uncomfortable?

She really didn't want herself to be so valuable until many bad guys suddenly sought her life.

The police pushed the criminals into the police car, and the group also went to the police station to record a statement.

After the statement was made, they all stood outside the interrogation room and watched the police interrogate the criminals.

The criminals seemed to have gone through rigorous training. No matter what the police asked, they were all of the same calibers.

The police asked, "Why did you attack Qin Yu?"

Criminal 1: "Because she is rich!"

The police: "How do you know she is rich?"

Criminal 2: "I saw the promotional video earlier and knew she was a female lead who was from a foreign country. It was easier to find information about her, so I took her down."

The police: "What organization are you from?"

Criminal 3: "There is no organization. We are just a gang hanging out on the street."

The police: "Who hired you guys?"

Criminal 4: "Nobody hired us. We just wanted to get some money."

No matter what the police asked, the criminals' answers were always the same. They did not admit that they were hired by someone, nor did they say what group or organization they belonged to.

The police were furious, but they could do nothing about that.

Liang Jiahao looked at the police questioning the criminals and shook his head. "We're not getting anything out of this."

### **Chapter 892: Who Knows You Might Get Something Better There**

Han Yuanjun sighed. "Big brother, you shouldn't have called the police. We should have arrested those guys and interrogated them ourselves. We should have beaten them so badly that their mothers wouldn't recognize them!"

Liang Jiahao was regretting it now. If he'd known that the police would interrogate them like this, he would have arrested them and interrogated them himself.

Not many people can withstand his fists. He didn't think these people wouldn't confess after experiencing it.

But there was nothing he could do now. They were at the police station. They couldn't attack the criminals or force them to confess. He could only be patient and let the police question the criminals.

Liang Jiaying stared at the criminals from the glass window and said nothing. Her eyes stared at them intently and deeply.

Han Szeto patted Liang Jiahao on the shoulder. "We won't be able to find out the answer for a while. Shouldn't Qin Yu go to the film crew? Take my car. Don't waste your time here. Who knows, you might get something better there."

Liang Jiahao suddenly understood what Han Szeto meant. If the person who'd hired these criminals was really Shen Xieren and they attacked Qin Yu on the way to the set, this proved that Shen Xieren really didn't want Qin Yu to come to the set.

If Qin Yu really had an accident and the director and other people on the set didn't know about it and she couldn't arrive in time, then Shen Xieren could naturally be the female lead.

Because everyone in the circle knew that Fan Xiaobo hated people who didn't keep time the most.

Qin Yu didn't come on time and didn't give a single explanation. With Fan Xiaobo's character, it was very likely that he would replace Qin Yu at the last minute.

Liang Jiahao didn't hesitate any longer and held Qin Yu's hand. "Come on. I'll send you there now."

Qin Yu never doubted Liang Jiahao's words. She didn't hesitate and immediately called Mo Shan and Hou Fen. "Sister Mo, Hou Fen, let's go."

After walking a few steps, Qin Yu suddenly thought of something. She immediately stopped and turned around. "Big brother, Jiaying, do you still want to come with us?"

Qin Shanyuan said nothing and fixed his gaze on Liang Jiaying. Liang Jiaying was still staring at the criminals inside as if she hadn't heard Qin Yu's words.

Qin Shanyuan couldn't help but nudge her shoulder. "Jiaying, Qin Yu asked if we still want to follow her?"

Liang Jiaying turned her gaze from the interrogation room to Qin Yu. "We're not going today. In two days or tomorrow, we'll go."

If Liang Jiaying no longer wanted to follow her at this time, Qin Yu could understand.

After all, such a dangerous incident had just happened, and the journey would not be easy. Even if they made it to the film crew, it was uncertain what would happen next.

Not going now and staying was the best option for most people.

"Alright." Qin Yu did not get mad at Liang Jiaying. "Then you should go home with uncles and get a good rest. You must be very scared today."

Liang Jiaying smiled and nodded. Qin Yu did not hesitate any longer and pulled Liang Jiahao and the others away.

After they left, Liang Jiaying propped up her chin with her hand and looked at the criminals inside before saying, "I've met one of them before."

"You have met one of them?" Qin Shanyuan was surprised. "They are all desperate criminals. How could you meet them?"

Liang Jiaying looked up and smiled at him. "Have you forgotten? My brother and I have been chased before."

Qin Shanyuan immediately understood. He nodded. "Yeah, how come I forgot about this?"

Han Yuanjun was the calmer one. He narrowed his eyes and asked meaningfully, "Could it be... that these people are the same group that kidnapped you and your brother?"

*novelusB.com*

"Yes!" Liang Jiaying nodded her head. "I don't have much contact with the people from that organization and don't know them very well. But my brother used to be in the same organization. I had seen the brown-haired man before. He came looking for my brother at that time. You can go back and ask my brother about this. Let's see what his answer would be."

They would not get any answers in a short period of time, so Han Yuanjun and the others didn't want to waste any more of their time there.

If the police had really found something, they would have called and informed them immediately, so there was no point in staying here.

Han Yuanjun immediately decided. "Let's go back now and discuss this with Liang Mingyu. If they really belong to the same organization, we will kill them all!"

Han Yuanjun had always been domineering. If people didn't offend him, he wouldn't offend them. But once they began to offend him, he would beat them until their mothers could no longer recognize their faces!

Han Szeto and the others did not hesitate any longer. They went home together by car.

Han Szeto asked the two bodyguards to follow behind Liang Jiahao and hide in the dark to protect Qin Yu.

When they returned to the villa, their expressions were very normal. No one showed any sign of worry or that something had happened.

Old Madam Han and the others were sitting in the living room playing cards. When they saw them coming back, they only looked up briefly before continuing their game.

After some time, Lin Xiu suddenly spoke up. "Didn't Shanyuan and Jiaying go with Qin Yu and the others? Why did they come back?"

Old Madam Han was stunned for a moment before remembering. "Yes, didn't they leave together this morning?"

Luo Yanyun suddenly had a bad feeling that something had happened to Qin Yu and the others. Maybe nothing big had happened, or maybe the children didn't want them to worry, so they didn't say anything.

Luo Yanyun laughed. "Maybe they got bored on the way, so they decided to go back."

Lin Xiu played with the cards in her hand and still had a doubt. "Really?"

Old Madam Han was a wise person. When she heard Luo Yanyun saying that, how could she not guess it?

But she decided to draw the others' attention to something else. "I won!"

Then she put down the cards in her hand and said proudly, "Qihua, Lin Xiu, give me my money!"

As Lin Xiu took the money, she seemed to be lost in thought. Old Madam Han saw this and urged her. "Just play cards. Don't think about anything. Don't worry about the children."

Lin Xiu smiled hesitantly. When she thought about it for a while, she finally began to believe that nothing had really happened.

• • • •

Everyone was gathered in Liang Mingyu's room. They looked very serious.

"Big brother, do you remember the brown-haired guy that came looking for you? I'm sure it's him!" Liang Jiaying said confidently.

Liang Mingyu frowned as if he was facing a big problem. He sighed and shook his head. "How could it be them? It seems that the mastermind has put in a lot of effort."

Han Yuanjun sat on the sofa and listened patiently. Then he asked slowly, "What do you mean?"

Liang Mingyu smiled bitterly. "This organization always follows the principle of making money. They don't care about the matter of life and death."

### **Chapter 893: I Think I Heard Someone Talking About Me**

Living or dead, it did not matter as long as the money was a large sum.

And everyone understood this principle.

Han Yuanjun pursed his lips tightly. His brows furrowed and his expression was very serious as if he had encountered a big problem. "So it will be really difficult for us to deal with them?"

"Yes." Liang Mingyu sighed. His expression was more serious than everyone present. "There are ten branches under this organization. Each branch does things based on the amount of money given by the employer, and the people in each branch do not know each other."

"The group that kidnapped Jiaying belonged to one of the branches. Even if we kill them all at once, it will not affect the people above. They rely on the informants to contact their men and issue an order. So, even if you catch those men today, you are not going to get any information about who they are working for, and it will be much harder to find their employer with the help of these little shrimps."

Han Szeto took a cigarette, put it in his mouth, and lit it. He took a drag and noticed that everyone was staring at him. He took the cigarette out of his mouth and asked blankly. "Am I not allowed to smoke?"

"Ahem..." Han Yuanjun licked his lips and looked towards the door. Thinking that Liang Zixuan would not come in at this time, so he extended his hand to Han Szeto. "Big brother, give me one."

Han Szeto frowned. "Don't you have your own cigarettes?"

Han Yuanjun blinked and said seriously, "I do have cigarettes, but my wife checks them every day. I cannot smoke more than the amount, otherwise, I'll have to kneel on the keyboard."

Han Szeto: "..."

Liang Zixuan was very strict with Han Yuanjun.

She even counted the number of cigarettes.

Han Szeto looked at Han Yuanjun with disdain. He took out the cigarette and gave it to him. "Look at your cowardly face. You have to smoke secretly. Look at me. Do you think your sister-in-law dares to say anything? If I told her to go east, she wouldn't dare to go west."

Han Yuanjun just smiled and said nothing. He took the cigarette and lit it. After taking a deep drag, his expression finally relaxed.

Han Szeto took another drag and continued to brag. "Women must obey us, not the other way around. Jun, are you still a man? Do you still have any status in the family?"

At that moment, Han Szeto's phone suddenly rang. When he saw the caller ID, his once scornful expression suddenly turned gentle. He put the phone to his ear and smiled dotingly. "Wifey, why are you calling me? Do you need something?"

Han Yuanjun: "...."

Everyone: "...."

When Han Yuanjun and the others came to Los Angeles, Xia Cuifen took her son back to the country because her grandparents wanted them to celebrate the New Year at home. This was something she had promised before. Liang Jiahao and Qin Yu's wedding in Los Angeles was a spontaneous idea. Therefore, Xia Cuifen took the child back home alone while Han Szeto stayed here.

At this moment, Xia Cuifen's stern voice rang out from the receiver. "Han Szeto, I heard from dad that you have been smoking and drinking too much lately. Do you think that just because I am not there, you can do anything?"

Han Szeto scolded his own father in his heart and quickly denied it. "No! No! I only had two glasses at dinner. I don't drink much, and I don't smoke much either. I only smoke ten cigarettes a day."

"Is that so?" Xia Cuifen obviously did not believe him. "But why are there five hundred dollars worth of cigarettes listed on the credit card statement? Why did you buy so many cigarettes at once?"

"I-I-I... they are for Jun and Cihui! Especially Jun. Sister-in-law is very strict with him. She would not let him smoke at all. Jun had to ask me for the cigarettes and smoked secretly. I feel sorry for him, so I bought one for him."

Han Yuanjun: "...."

When did he ask Han Szeto for cigarettes?

He had been in Los Angeles for a while, and this was the first time he had asked Han Szeto for a cigarette.

And he only asked for one cigarette!

Five hundred dollars worth of cigarettes. How big was the pot he had to carry on his back?

"Big brother." Han Yuanjun really didn't feel like helping Han Szeto carry the pot. He raised his voice and said, "You bought five hundred dollars worth of cigarettes? Where are the cigarettes?"

Han Szeto was shocked. His voice suddenly became louder. Obviously, he wanted to suppress Han Yuanjun's voice. He spoke into the phone in a loud voice. "Wifey, don't tell sister-in-law about this. Otherwise, Jun will have to kneel on the keyboard and sleep on the couch tonight. As you know, the men of the Han Family are all afraid of their wives, so you should save some face for him."

"Puchi..." Liang Jiaying couldn't hold it in any longer and suddenly laughed out loud. *NoVELUs&.CoM*

Han Szeto gloomily glared at her and was about to continue speaking loudly when Xia Cuifen shouted in displeasure. "Szeto, are you crazy?! Just say what you want to say in a normal voice. Are you trying to make me deaf?"

"No, no." Han Szeto forced a laugh. "It's just that I have something to take care of here. I'm afraid you can't hear me."

Xia Cuifen was stunned for a moment. "Did something happen?"

"It's just that Qin Yu has been pestered by Shen Xieren again. This time, she also found someone from the underground world. It's very troublesome. I won't tell you about it for now. Wifey, I need to hang up, we still need to discuss what to do next." Han Szeto finally found an excuse to hang up.

Xia Cuifen wasn't an insensible woman. Of course, there was no need for her to settle scores with Han Szeto in front of many people. She nodded. "All right. Call me when you're done with your work."

"En." Before hanging up, Han Szeto was still afraid that Xia Cuifen wouldn't believe him. He pretended to be serious and said, "Wifey, don't forget. Don't tell sister-in-law about this."

But before Xia Cuifen could say anything, a woman's voice suddenly sounded from the door. "I think I heard someone talking about me. What is it? Can you tell me?"

Han Szeto: "...."

Han Yuanjun: "...."

#### **Chapter 894: Open Your Eyes Wide And See Clearly**

Liang Jiaying really could not take it anymore. She covered her belly and laughed even louder.

The men of the Han Family were really like movie emperors!

No wonder they could open such a big entertainment company. In terms of acting skills, the men of the Han Family were really outstanding!

Seeing Liang Zixuan, Han Yuanjun quickly threw away the cigarette in his hand. He was really afraid that she would hear from others that Han Szeto had bought \$500 worth of cigarettes and given them to him. So, Han Yuanjun immediately cut ties with Han Szeto. "Baby, I was wrongly accused by big brother! Obviously, he bought \$500 cigarettes for himself, and when sister-in-law found out about this, he lied to her and said they were bought for me. Baby, you know I never smoke that much."

Liang Zixuan slowly walked in with her big belly. The smell of smoke hit her face, and she quickly frowned before retreating back to the door. She saw the cigarette Han Yuanjun had thrown on the floor and asked angrily. "Are you sure you did not smoke that much?"

"No!" Han Yuanjun stood up in a panic. He stepped on the cigarettes under the soles of his feet. "I really don't smoke that much. Baby, believe me." *NovelUsb.cOm*

He reached into his pocket and pulled out his pack of cigarettes. "Here, you can count the cigarettes from today. I still have two cigarettes left."

How could Liang Zixuan check Han Yuanjun's cigarettes in front of so many people? He would lose his face!

In front of outsiders, Liang Zixuan still gave Han Yuanjun a lot of faces. If something happened, she would settle the score with him behind the closed door.

"No need. Why should I check your cigarettes? How can there be no trust between us?" Liang Zixuan leaned lazily against the door and suddenly glanced at Han Szeto. "What's the deal with those \$500 cigarettes?"

Han Szeto raised his hand to wipe the cold sweat from his forehead. It was a very cold day, so why was he sweating?

Even though Xia Cuifen was not here, he was still inexplicably nervous. He was afraid that the matter of the \$500 worth of cigarettes would fly into her ears again.

Han Szeto played with the cigarette in his hand and laughed with Liang Zixuan. "I did buy the cigarettes, but some were given to my clients, some to dad, and some to uncle. Even to Cihui too."

"Oh?" Liang Zixuan tilted her head and continued to play along with Han Szeto. "What about my husband? How much did you give him?"

Han Yuanjun's eyes turned cold. He narrowed his eyes and looked at Han Szeto with a menacing look. Han Szeto wanted to make some lies, but when he saw Han Yuanjun's menacing eyes, he did not dare.

He immediately laughed. "Hahaha... Sister-in-law, how can Jun ask me for the cigarettes? He has his own cigarettes. I never gave them to him."

"Really?" Liang Zixuan obviously did not believe him. A lazy smile appeared in the corners of her eyes.

"Really!" Han Yuanjun and Han Szeto said in unison. Han Yuanjun was afraid that Liang Zixuan would not believe him, so he tried to explain. "Baby, you know I'm not used to cigarettes here. What I smoke is all brought from the country. I'm very picky, and no matter what brand big brother bought, I will not take it."

This was true. Han Yuanjun had his favorite brand, and he never changed his brand easily.

Liang Zixuan nodded. She seemed to believe him. "All right. Then you keep talking. I'm going out to take a walk."

Han Yuanjun immediately held her by the waist and supported her out of the room.

Even after Liang Zixuan left, Han Szeto still felt the lingering fear in his heart. He took a deep breath to calm down. Meanwhile, Liang Jiaying was laughing so hard that she almost had tears in her eyes.

Han Szeto looked at Liang Jiaying gloomily. "Don't laugh! Let me tell you you are not allowed to tell anyone about today's matter. Please don't tell my wife about the cigarettes, do you hear me?"

Qin Shanyuan pursed his lips in disdain. "Uncle, who said earlier that if he tells his wife to go east, she won't dare to go west?"

Han Szeto rolled his eyes and was too lazy to explain anything to Qin Shanyuan.

If he wanted to blame someone, he could only blame himself for being too arrogant and too quick to slap his own face.

Not long after, Han Yuanjun came back from outside. When he passed Han Szeto, he deliberately smirked at him. He was looking at Han Szeto with a mocking look in his eyes.

Han Szeto coughed awkwardly and changed the subject. "Let's get back to business. Since the organization is so difficult to handle, there is no need for us to fight them head-on. Don't they want money? We can offer them double the amount Shen Xieren paid and ask them to stop."

"It's not that simple." Liang Mingyu shook his head. After the commotion, the depressing atmosphere in the room finally eased up. Even Liang Mingyu's expression was no longer so serious. He even smiled a little.

"Let's give it a try." Han Yuanjun raised his eyebrow. "How can we know if we don't try? After all, we've already taken two of their branches. It shouldn't be hard for us to take two more."

Han Szeto stretched his body. "Looks like my five hundred dollar cigarettes will come in handy."

Everyone: "..."

••••

On the other side, Shen Xieren took advantage of Qin Yu's accident to rush to the set 20 minutes early.

After returning to America, she used many methods to sign up with an entertainment company and entered the circle again.

She even rented a studio and hired two assistants, one as a manager and the other to help her do the work.

When she arrived at the entrance of the set, she was stopped

"Ma'am, I'm sorry. This is the filming crew's compound. Outsiders are not allowed to enter."

"Are you blind?" The woman who was hired as Shen Xieren's assistant arrogantly said, "Open your eyes wide and see clearly. This is Shen Xieren!"

### **Chapter 895: I Decided To Come To Save You**

How could the staff not recognize Shen Xieren? He smiled politely and stood in front of the door.

"Director Fan said besides the crew, no one else is allowed in. Even if the international stars came, they aren't allowed in."

Although Shen Xieren was quite famous, she still belonged to the third-tier level and was still far from the standards of international superstars.

But she herself placed herself in the ranks of international superstars and was used to being arrogant.

"What's wrong with you?!" The assistant opened her mouth to scold the staff, but Shen Xieren raised her hand and stopped the assistant.

The assistant immediately shut her mouth and said nothing more. She snorted coldly at the staff.

Shen Xieren walked forward and took off her sunglasses. She looked at the staff and smiled. "I came to see Director Fan. Can you please help me deliver the message?"

The staff was mesmerized by Shen Xieren's smile. He kept staring at her and couldn't look away.

Shen Xieren saw this and proudly curled her lips. Then she took another step forward and hit the staff with her shoulder. She pouted and said, "Please tell Director Fan that I want to see him, will you?"

The staff had never experienced such temptation. In the past, when he was with the crew, no one wanted to talk to him except for the women who appeared as extras. And the extras would only exchange a few words with him.

This was the first time he had been tempted by a beauty like Shen Xieren. Besides, she was quite famous. It was strange if he could stand it. As if he was hypnotized, he nodded his head vigorously. "Okay! I'll tell him right away."

Shen Xieren laughed lightly. Her butt bumped against his leg, knocking the staff against the counter.

The staff was still laughing as he walked to the door and turned back to look at Shen Xieren greedily.

The staff hadn't gone far when the assistant said indignantly, "Miss Shen, what are you doing? Isn't it a bit cheap for you to do such a thing?"

Shen Xieren immediately glared at her. "Shut up!"

No one was going to offer her a contract now. Let alone the main role, she could not even get an offer for an extra role.

Since she returned here, she had faced many obstacles. How could she pass up this chance this time?

Besides, she had lowered her value and was just waiting for the moment when she could join the crew. And since she could not see Fan Xiaobo, she had to resort to some tricks.

The assistant sullenly kept her mouth shut, but in her heart, she despised Shen Xieren's actions.

A short time later, Fan Xiaobo walked out. When he saw Shen Xieren, he greeted her kindly as if nothing had happened between them in China. "Aiya, Shen Xieren, what are you doing here? Are you coming to watch our filming?"

Watch?

Shen Xieren snorted in her heart. She was not here to watch!

"Director Fan..." Shen Xieren pouted and walked towards him. She naturally grabbed Fan Xiaobo's arm, and like an old acquaintance, she said warmly to him. "I'm not here to watch. I heard that Qin Yu can't come today. Since Director Fan and I have such a good relationship, I decided to come to save you."

"Qin Yu can't come?" Fan Xiaobo pulled his arm away to prevent Shen Xieren from holding him again. He asked doubtfully, "Why can't she come? Three days ago, I called her manager and she said that Qin Yu has been here for several days."

In addition, the company that had invested in this movie was owned by Liang Zixuan and Liang Jiahao. The Han Family also helped manage it. Even if Qin Yu did not want to act and wanted to stand him up, Liang Zixuan and the Han Family would not agree.

Shen Xieren saw that Fan Xiaobo did not believe her and did not explain much. She just smiled and leaned against the wall. "If you don't believe me, then wait and see. Let's see if she will come today. However, I will only give you half an hour. If you don't make up your mind, I am leaving."

For this movie, the female lead needed to be Asian-looking. If Qin Yu really could not come, Shen Xieren was definitely the most suitable candidate.

*NovelUsb.com*

Originally, it was Shen Xieren and Qin Yu were chosen for this role. If Qin Yu could not act, of course, Shen Xieren was the best choice.

Shen Xieren understood this principle, so she told the people from the organization that although they could not take Qin Yu's life, they had to stop her from coming here. It would be better if they could distract her for an hour.

Although Qin Yu arrived an hour later, at that time, Fan Xiaobo had already made his choice.

The first round of attacks on Qin Yu earlier had failed and the other party had contacted Shen Xieren to inform her about this.

Shen Xieren immediately sent more money and told them to stop Qin Yu from coming by hook or by crook.

Fan Xiaobo took a deep breath. Although he did not trust Shen Xieren, but since she had come here on her own and said so confidently, he still had to consider her words.

He took out his phone and dialed Mo Shan's number.

At this time, Qin Yu was on her way to the set. Of course, something happened again.

The black SUV from earlier appeared out of nowhere. This time, the car was more desperate to ram Qin Yu's car from behind.

To protect Qin Yu, Liang Jiahao slowed down the speed of the car. He waited until the bodyguard's car caught up with him before using his incredible driving skills and the bodyguard's car to fend off the black SUV.

Mo Shan's phone repeatedly rang in her bag. The sound was so loud, but the people in the car did not seem to hear it. They kept shouting, "Ah! Ah! Ah!!!!"

Liang Jiahao quickly steered the steering wheel. "Sister Mo, Hou Fen, lean in. Don't sit next to the door."

"Oh, okay!"

Mo Shan and Hou Fen continued to adjust their positions in the back seat. Their hearts were beating fast. Who was still in the mood to care about their phones when their lives were hanging by a thread?

Fan Xiaobo called repeatedly, but Mo Shan did not answer. Shen Xieren's mocking voice sounded behind him. "Director Fan, stop calling her. I don't think she wants to answer your call at all."

Fan Xiaobo put down his phone with a gloomy face. He sighed a few times and looked at his watch.

There were still ten minutes left until half an hour would pass.

"That's enough." Shen Xieren coquettishly combed her wavy hair. She still wanted to use her beauty tricks on Fan Xiaobo. "Director Fan, you have confirmed what needs to be confirmed. You have received your answer. So, the female lead should be replaced, right?"

### **Chapter 896: Even If You Want To Act For Free, I Won't Agree**

Fan Xiaobo looked coldly at Shen Xieren's alluring actions, his voice was cold to the point of freezing. "Shen Xieren, are you sure Qin Yu can't come?"

"Of course!" Shen Xieren curled her lips and smiled faintly. Her delicate hand gently rested on Fan Xiaobo's shoulder. "If Qin Yu would really come, would I say that so confidently? Why would I want to humiliate myself?"

What she said was very true.

No female actress would come to the film crew under such circumstances to challenge the number one female actress. It was considered frivolous to be rejected outright at the audition. If her action were filmed by the paparazzi, the actress wouldn't know how to survive anymore.

Fan Xiaobo knew that Shen Xieren wasn't that stupid. But he really hoped that Qin Yu would come.

Qin Yu was the actress he had taken a liking to at first sight. It wasn't because he had no other choice that he had to choose her, but it was because he really didn't want to change her.

Fan Xiaobo stood there without saying anything, as if he was waiting for something. The assistant and staff didn't know what Fan Xiaobo was waiting for. But Shen Xieren, of course, knew that at this time, Fan Xiaobo still hadn't given up on Qin Yu.

This made her very angry.

Her face instantly darkened. She raised her hand to look at the time and gave Fan Xiaobo an ultimatum. "Director Fan, there are still ten minutes left. If you don't make a decision, I'm leaving."

Fan Xiaobo looked at her coldly. "Isn't there ten minutes left? Why are you in such a hurry?"

"Director Fan, I don't understand!" Shen Xieren was at the end of all her patience. She no longer pretended to be on good terms with Fan Xiaobo. "Don't you hate it when someone is late? Now that Qin Yu is late and she doesn't take you seriously, are you still waiting for her?"

Previously, an actress in one of his movies got lost in the direction. Finally, she found the filming location with difficulty and was three minutes late. Fan Xiaobo showed no mercy to her and told the actress to go home.

That actress and Shen Xieren were considered to have some relationship. After the incident, she cried for a long time and vented her grievance to Shen Xieren. She said that Fan Xiaobo had a heart of stone and had many rules. At that time, Shen Xieren also thought that Fan Xiaobo was really a bad director who showed no leniency.

Other people were late, but he also had to see why. Getting lost was not something anyone could predict.

So, this time, Shen Xieren also thought that even if she did not succeed in killing Qin Yu, as long as Qin Yu did not arrive on time, she would succeed in becoming the female lead. Qin Yu's dream of stepping onto the international stage would also be destroyed.

But in the end, not only was Fan Xiaobo not angry with Qin Yu, he even stood outside the entrance, waiting for her. *novELuSB.COM*

He was really going to piss her off to death!

Fan Xiaobo was very annoyed by Shen Xieren's argument. He closed his eyes and did not say a word.

Shen Xieren became even angrier. "Director Fan, in the last five minutes, if you don't let me replace Qin Yu, I will really leave. When the time comes, you will not have anyone to save you!"

Fan Xiaobo: "..."

Various preparations for the movie had already been made. From now on, the cost of labor and the venue began to count. If Qin Yu really could not come and Shen Xieren really left, he would literally vomit blood in anger.

Who asked the female lead in this movie to have an Asian face!

And now that shooting was about to begin, where else would he find an Asian face other than Shen Xieren?

Fan Xiaobo was very flustered by Shen Xieren's words. Finally, he raised his hand to look at the time. There were only three minutes left.

He raised his hand to wipe the cold sweat from his forehead.

"Shen Xieren." Fan Xiaobo took a deep breath. "How about this? I'll have my assistant prepare the contract for you to sign."

"Wait a moment." Shen Xieren was no longer as anxious as before. She said unhurriedly, "Since we are about to sign a contract, I want to raise my request."

"A request?" Fan Xiaobo cursed in his heart, but on the outside, he still pretended to be generous and said, "What request? Tell me."

Shen Xieren held up three fingers, "I want you to pay my remuneration three times more than Qin Yu's amount!"

"What?" Fan Xiaobo's jaw almost dropped from surprise.

Three times?!

Qin Yu's remuneration was based on her remuneration in China. Even compared to internationally famous female stars, it was not much different. In any case, the money was paid by the company, so Fan Xiaobo didn't mind. But Shen Xieren wanted him to pay three times more than that amount. This already exceeded the amount of remuneration of astronomical figures.

If Fan Xiaobo agreed, there was no way the company would pay for it. The money would have to be deducted from the production budget.

Only the director knew how tight the production budget was.

"Shen Xieren." Fan Xiaobo's expression was as ugly as if he'd eaten shit. "Are you trying to take advantage of the situation with me?"

"Why would I take advantage of the situation?" Shen Xieren raised her hand and picked her fingernails in boredom. She smiled casually. "I am helping you, Director Fan. Don't you know how to show a little gratitude? If you had agreed when I had just arrived, I would have only charged the same price as Qin Yu. But you made me stand at the entrance for so long! I'm tired. Can't I ask for some compensation from you?"

The same price as Qin Yu?

If Qin Yu came, would Fan Xiaobo want her?

Fan Xiaobo's body was full of anger. But he couldn't let go of that anger now. He could only glare at Shen Xieren with his two small eyes and gritted his teeth angrily. "The budget is very tight. It's impossible for me to pay you three times more than Qin Yu's amount!"

"Double then." Shen Xieren stood up straight and turned to face him. She said word for word. "Not a penny less!"

Double?

Fan Xiaobo felt like he was going to die. He really didn't want to spend so much money on this inferior product.

But what can he do now?

If he wasted more time waiting for Qin Yu, he would lose even more money.

Fan Xiaobo took a deep breath and gritted his teeth.

Shen Xieren smiled. She was very proud of herself. She patted Fan Xiaobo on the shoulder as if she had won. "Director Fan, it's only double. You have nothing to lose. Go and prepare the contract now. We can't afford to waste any more time."

Fan Xiaobo sighed. Just as he was about to turn his head, he suddenly saw several figures walking out of the corner of his eye. His back suddenly straightened. The corner of his mouth formed a happy smile. He pushed away Shen Xieren's hand harshly. "I'm sorry. Even if you want to act for free, I won't agree. I don't even need you!"

### **Chapter 897: How Can You Get Married**

"What?" Shen Xieren was stunned for a moment, not understanding what Fan Xiaobo meant. He had compromised with her a while ago. So, why did he suddenly change his mind?

Fan Xiaobo sneered. "I said I don't need you to save me. Shen Xieren, please leave."

Shen Xieren still didn't know what had happened. She was so angry that her face turned red. She raised her eyebrow and asked aloud. "Why?"

"Because you're not worth it!" A woman's mocking voice suddenly sounded behind her.

Shen Xieren's back suddenly stiffened and she looked behind her in disbelief. Qin Yu, Liang Jiahao, Mo Shan, and Hou Fen were standing behind her, looking at her with disdain and contempt.

"Qin Yu." Shen Xieren squeezed the words out from between her teeth. "Why are you here?"

Qin Yu shrugged her shoulders. "Sorry to disappoint you, but I still came."

When Shen Xieren's assistant saw Qin Yu, her face immediately turned pale. It was as if she had seen a ghost. She leaned toward Shen Xieren and asked softly, "Miss Shen, what should we do now?"

It was so awkward now!

It was so awkward that it couldn't get any more awkward!

Shen Xieren clenched her fists and looked at Qin Yu with hatred. And the way she looked at Qin Yu, it was as if she wanted to eat her.

Qin Yu paid no attention to Shen Xieren's anger and walked towards her step by step. Finally, she stood right in front of her.

Qin Yu's imposing manner made Shen Xieren take a step back.

"You want Director Fan to pay you double?" Qin Yu looked at Shen Xieren coldly and scoffed.

Fan Xiaobo kindly reminded her. "No, she wants me to pay her three times more than your amount."

"Three times?" Even Mo Shan and Hou Fen laughed. Hou Fen said, "Only you can ask for that. Shen Xieren, how much are you worth? Don't you know? Even if you want to sell meat, you have to see how much weight the meat has!"

"You're the one selling meat!" Shen Xieren scolded Hou Fen fiercely.

She really hated it in her heart.

She had obviously spent so much money to let those people prevent Qin Yu from arriving on time, but she didn't expect that they would still fail!

They were just a bunch of idiots!

Idiots who couldn't do anything even after taking the money!

Qin Yu didn't feel like talking to Shen Xieren anymore. It was a fact that she had come late, and she had to explain it to Fan Xiaobo.

"Director Fan, I'm sorry. Something had happened on the way here, that's why I was late."

Fan Xiaobo was about to say something when Shen Xieren's loud voice interrupted him. "Director Fan, don't you hate late people the most? Qin Yu was late today. If you just let her be, then how will you explain to the other celebrities that you had kicked just for being late? Is her one excuse enough to make up for her tardiness?"

This aggressive question made Fan Xiaobo swallow the words that were about to come out of his mouth.

Yes, that's right.

If he forgave Qin Yu just like that, how would the other celebrities he had chased away for being late feel?

He was a bully who was afraid of the strong.

The bottom line was that if he opened the way for Qin Yu today, it would set a precedent. Then, in the future, the people on his team would have no sense of time. Today, this person was late. Tomorrow, that person will be late. Then how was he supposed to continue shooting?

If he punished others for being late in the future, who would be convinced?

Fan Xiaobo found himself in a dilemma. Punishing Qin Yu was not the right thing to do, but not punishing her was also not the right thing to do.

"Shen Xieren, why are you so mean?" Hou Fen was so angry that her eyes turned red. If Mo Shan hadn't pulled her away, she would have rushed forward and slapped Shen Xieren twice.

"You really can't see Qin Yu having a good life at all!"

"That's right!" Shen Xieren sneered and admitted, "I really can't see her having a good life. What can you do to me?"

Suddenly, a gust of wind came and in the next second, a loud "Pah" sounded. Everyone was immediately stunned.

They looked at Qin Yu in shock, but she just shrugged her shoulders in a complaining manner. "That's not me."

No one saw it clearly when the slap happened, but Shen Xieren saw it clearly.

It was Liang Jiahao. *nOvelusB.cOm*

It was Liang Jiahao who suddenly walked up to her and raised his hand to slap her loudly.

Shen Xieren bit her lips and looked at Liang Jiahao with both grievance and anger. Her heart was almost broken. "Jiahao."

"Shen Xieren, do you really think no one would dare to do anything to you?" Liang Jiahao sneered and pulled Qin Yu behind him. "Bullying my wife in front of me, you are really seeking death!"

Shen Xieren's eyes widened in shock. She looked at Liang Jiahao in disbelief and then at Qin Yu.

Wife?

They were married?

When Liang Jiahao and Qin Yu got the certificates, almost everyone in the industry knew about it. In addition, the media had also taken turns reporting about it. Even the middle-aged woman selling vegetables in the market knew that they had gotten married.

But...

At that time, Shen Xieren was still in the detention center. Although she was later released on bail, she had to rush back to America. At that time, she didn't dare look at her phone because she was afraid of the mean comments that would be hurled at her. She was also afraid of her former assistant.

No one liked to see themselves being scolded by everyone all the time, and no one wanted to be the target of public criticism.

This incident was also the reason why she returned to America in such a pitiful state.

So until now, Shen Xieren still didn't know about the matter of Liang Jiahao and Qin Yu getting married.

With a loud crack, Shen Xieren heard her heart break.

"Jiahao, how can you get married?"

Liang Jiahao frowned and reached out to hold Qin Yu's hand. His cold voice was like a cold wind blowing through the glass. Even colder and more bone-chilling. "What does that have to do with you, whether I'm married or not?"

"Haha..." Hou Fen jumped up and down, purposely pouring oil on the fire. "President Liang, what she means is, how can you marry another woman? Aiyo... Shen Xieren, you're so funny. You think too highly

of yourself. I'm afraid you're suffering from some kind of delusional disease! President Liang married our Qin Yu because they loved each other. So, please don't be a peacock, okay?"

Not to mention Mo Shan, even Shen Xieren's assistant had to laugh when she heard that.

Shen Xieren was so sad that she almost died.

That was exactly what she thought.

How could Liang Jiahao marry a woman other than her?

At first, she thought that when Qin Yu came to Los Angeles this time, she could plan well in her territory. Although she could not destroy Qin Yu, she could make Qin Yu break up with Liang Jiahao. But now that they were both married, all her plans had gone awry.

The main thing was that Liang Jiahao was married. Even if he divorced Qin Yu and remarried, she would still be his second wife. Being with a married man was like a tissue that someone had used. If she wiped her mouth with it again, she would feel disgusted in her heart.

Liang Jiahao looked at Shen Xieren's eyes, which kept changing, and his gaze suddenly darkened. "Shen Xieren, we were attacked by a group of criminals earlier. This matter has something to do with you, doesn't it?"

#### **Chapter 898: Cultivate Your Relationship With Another Man?**

"Attacked by criminals?" Fan Xiaobo was surprised. Instinctively, he looked at Qin Yu. "Qin Yu, are you hurt?"

Qin Yu slowly shook her head. "I'm fine. Fortunately, my husband and two bodyguards are here. Otherwise... Shen Xieren might have really gotten what she wanted." *novelusb.coM*

"Qin Yu, where is the evidence? Don't accuse me there!" Shen Xieren wouldn't admit it even if she were beaten to death. "With your arrogant personality, you have offended so many people. I'm not the only one who wants to kill you."

Fan Xiaobo couldn't sit still and do nothing at this time. He stood up and questioned Shen Xieren. "If you didn't do it, how did you know that Qin Yu couldn't come today? You came here specifically to replace her. This matter cannot be ignored!"

"Director Fan!" Shen Xieren was anxious. She pursed her lips and blinked a few times. Tears fell from her eyes. "How can you say such a thing to me? I didn't do it. You can't accuse me wrongly like they did!"

#### **899 I Can Be Sure Of My Woman, But I Can't Say The Same For Other People**

Liang Jiahao's eyes were still staring at Qin Yu. He said nonchalantly, "Of course, I can be sure of my woman, but I can't say the same for other people. Who knows if there will be some people who will try taking advantage of the filming to bully her?"

Indeed, there was such a thing in the entertainment industry.

Mo Shan had been an agent & manager for many years and naturally knew the ins and outs of the circle.

Some actors... When they saw that the actress was pretty, they wanted to take advantage of her.

The acting was obviously very good and they did not need any retake, but the actor deliberately made a small mistake so that he could retake the kissing scene with the actress. It was clear that he wanted to take advantage of such a situation to eat more of the actress' tofu.

This was also the reason why Han Yuanjun and Liang Zixuan avoided the kissing scene when they chose the script for Qin Yu. If there were such a scene, they would delete it.

Therefore, even though Qin Yu was married, she was still a pure young lady in the hearts of many young girls and boys. *NovelUsB.com*

Mo Shan looked at Arthur for a moment and smiled sheepishly. "Arthur wouldn't do that. When Qin Yu accepted this role, I specifically went to check Arthur's background. His reputation in the entertainment industry has always been very good, and there have never been any rumors about him. The actresses he worked with all said he was a gentleman."

Liang Jiahao snorted. "I hope so."

If he found out that Arthur harbored evil intentions against Qin Yu, he would disable him!

As her husband, he would not allow any men to take advantage of his woman!

Laughter could be heard from Fan Xiaobo's side from time to time. The expression on Liang Jiahao's face became more and more gloomy. Mo Shan feared that he would fly into a rage, and if that happened, how could Qin Yu act? So, she asked with a smile. "President Liang, is your work in the company done?"

Liang Jiahao nodded. "It's done."

Mo Shan: "...."

Thinking of Liang Jiahao's anger, she tried once again. "President Liang, how about playing with your phone while waiting for Qin Yu? Today is the first day of filming and the filming will start at night. I think it will be finished very late. It's very boring for you to watch Qin Yu like this, so why don't you find something to do to pass the time?"

Liang Jiahao's gaze did not leave Qin Yu. He said coldly, "I don't feel bored!"

Mo Shan: "...."

Alright then.

Since Liang Jiahao wanted to watch and wait for Qin Yu like this, then she could only let him do whatever he wanted. What else can she do?

At most, if Liang Jiahao were about to explode, she would use all her strength to restrain him, not letting him act impulsively.

Fortunately, there were no casualties on the first day of filming. Arthur and Qin Yu did not hold hands or have any contact. Mo Shan sighed deeply in her heart.

••••

Meanwhile on the other side,

Qin Shanyuan and Liang Jiaying decided not to follow Qin Yu and teamed up with Han Yuanjun and Han Szeto to deal with the organization.

Everyone was busy. It was almost impossible for them to take any notice of a young man who was sitting comfortably in the living room.

Seeing the situation, Han Cihui could finally breathe a sigh of relief. He felt that he could finally rest for a few days. As long as no one in the family showed affection, Zhang Xiuying would not be able to find a mess with him and his days would be better.

But who knew that when Zhang Xiuying came home from outside and saw Han Cihui sitting on the sofa with his legs crossed and casually watching TV, her heart suddenly filled with anger?

She angrily handed the bags in her hands to Tian Qihua and Lin Xiu and walked towards Han Cihui.

Ever since Qin Shanyuan had found a girlfriend, Lin Xiu had been in a very good mood. She was no longer a hot-tempered person, instead, she had become a tolerant person.

So, when she saw Zhang Xiuying approaching Han Cihui like a lion eyeing its prey, she immediately put the bags on the floor and pulled Zhang Xiuying back. "Aunt, what are you trying to do?"

Zhang Xiuying vigorously pushed Lin Xiu's hand away. "Lin Xiu, don't stop me. I'm so furious to see this devil child at home now! He's always idle and doesn't know how to get a girlfriend!"

Tian Qihua smiled and put the bags on the floor as well. Together with Lin Xiu, she advised Zhang Xiuying. "Sister-in-law, Cihui is not lazy. He has his own job and earns quite a lot. It's just that he's a bit idle right now. After all, we are here in Los Angeles. Do you really want a foreign daughter-in-law?"

Zhang Xiuying's expression suddenly froze. Thinking about it, Tian Qihua was right.

It's not that Zhang Xiuying discriminated against races, but... if her daughter-in-law were a foreigner, she would have a hard time getting along with her as their way of life was different.

Also, if Han Cihui really found a foreign girlfriend and wanted to live in America for her, would Zhang Xiuying also have to move to America as well?

Zhang Xiuying didn't want to. She was not used to living abroad. It didn't matter if she lived in Han Szeto's house for a few months, but if she had to spend her whole life here, she would go crazy.

Zhang Xiuying slowly calmed down and the anger on her face disappeared. However, when she saw Han Cihui sitting there like a big boss, she despised him so much no matter how she looked at him.

"Cihui!" Zhang Xiuying's shout frightened Han Cihui so much that he quickly turned around as if he saw a ghost.

Lin Xiu pulled Zhang Xiuying's hand and whispered in her ear. "Aunt, don't be angry ..."

Zhang Xiuying gently brushed Lin Xiu's hand away and walked towards Han Cihui. "Go out and help me buy a flower. I don't like the flowers I bought previously, they don't smell of anything. Go and help me buy lilies flowers. The white kind."

Han Cihui blinked and blinked again.

When he heard Zhang Xiuying's roar, he thought Zhang Xiuying would yell at him again. He didn't expect her to ask him to buy flowers.

"Mom... Didn't you just come back from outside? Why didn't you buy them yourself?"

Zhang Xiuying glared at him and angrily sat on the sofa. "Can't I forget? Hurry up and leave. Don't stay here. Go out and buy me flowers!"

"Alright." Han Cihui pursed his lips and reluctantly stood up. "Pure white lilies, right? How much do you want?"

"Buy thirteen, and oh, buy the pink ones too. Thirteen white lilies, fourteen pink lilies."

Han Cihui walked to the door and bowed his head as he muttered, "Thirteen pure white lilies and fourteen pink lilies..."

Seeing him leave, Lin Xiu couldn't help but ask, "Why did you ask him to buy so many?"

Zhang Xiuying shook her head. "I just don't want to see him do nothing in front of me."

Lin Xiu: "...."

Tian Qihua: "..."

Han Cihui had always listened to Zhang Xiuying's words. He was a very filial child.

He drove out and passed many flower shops. However, he didn't stop the car.

Before he knew it, he was driving to Chinatown. Suddenly, he saw a flower shop called "Love at the corner of the street." He immediately stopped the car.

Love at the corner of the street?

Ah... What an interesting name.

Han Cihui pushed open the door and got out. There was a row of flower baskets at the entrance of the flower shop. Inside the baskets were various kinds of flowers.

Han Cihui couldn't name many of them. He reached out and touched the petals of one of the flowers. Then he went inside.

### **Chapter 900: I Just Asked You To Buy Flowers, Why Are You So Happy**

"Hello, welcome to Love At The Corner Of The Street."

Han Cihui suddenly averted his gaze from the colorful flowers and met the eyes of a smiling girl.

There was only one girl in the flower shop. She was wearing a blue headscarf and had big eyes. Her smile was like the warm sun in spring. Just one look was enough to make people's hearts warm.

Han Cihui's heart warmed because of her smile. He rubbed his hands on his jeans and looked at the girl with a gentle smile.

The girl saw him just smiling at her and said nothing. So, she asked politely, "Sir, what kind of flowers do you want to buy?"

"Huh, flowers?" It was then Han Cihui realized that he was not here to admire a beautiful woman. He had come here to buy flowers.

"Oh ... oh ..." Han Cihui tried to remember, but no matter how he thought about it, he only remembered that he wanted to buy lilies. He forgot what color he wanted to buy and how many flowers he wanted to buy.

The girl looked at him with her big eyes and asked, "Sir?"

Han Cihui scratched the back of his head stupidly. Then he said with uncertainty, "I... I think I need to buy lilies flowers. Yes, lilies... Pure white and pink..."

The girl walked towards the flower. But when she stood in front of the flowers, she did not hear Han Cihui say how many he wanted.

The girl pursed her lips and asked with a smile. "Have you forgotten how many you wanted to buy?"

Han Cihui did not want to admit it. He just uttered nonsense words. "How could I forget? Give me twenty of them!"

Zhang Xiuying did not say much. She just said to buy white and pink lilies.

"Okay." The girl bent down and counted the number of lilies while pulling off the stems.

Han Cihui looked at her back. The more he looked at her, the more he thought she looked good.

And just the smile on her face was enough to move his heart.

That kind of ticklish feeling and the feeling of wanting to take a few glances at women had never happened to him before. [noVELusb.com](http://noVELusb.com)

"All right, sir, 20 white lilies and 20 pink lilies you want are all here. Let me wrap them up." The girl stood up with flowers in her arms. She turned around and smiled at Han Cihui.

Han Cihui's heart suddenly began to beat faster as he took the sight of her holding the flowers. She was very beautiful.

"Yes, yes, please wrap them."

The girl nodded to him with a smile. She brought the flowers to the table and added some small ornamental flowers around the lilies. Finally, she wrapped the flowers in a big bundle and handed them to Han Cihui.

Han Cihui quickly took the flowers and took out his wallet. Just as he was about to pay, he noticed two business cards in his wallet, which he usually kept in his wallet as a backup. He took one of them and boldly handed it to the girl.

"Hello, my name is Han Cihui. I am a director. I think you are very beautiful and have good potential as an actress. I wonder if you would like to be the female lead in my next movie?"

The girl stared blankly at the business card and did not answer for a long time.

Han Cihui waited anxiously.

If this were Imperial City, every time he handed his business card to the female star, no matter who she was, she would be very happy to work with him. If she could work together with Han Cihui, it would be the same as working together with Han Group. That would be equivalent to getting a guarantee at the box office. Who would not want that?

However, the girl in front of him...

Did he scare her?

Suddenly, with a "pfft" sound, the girl held her stomach and laughed.

Han Cihui felt embarrassed. "What are you laughing at?"

"Haha..." The girl looked better when she laughed like that. Her laughter was not fake at all. Her laughter was so genuine.

Han Cihui looked at her helplessly and laughed with her.

After a while, the girl stopped laughing and took Han Cihui's business card. "I don't care if you are really a director or not, I will keep this business card."

Han Cihui nodded, then took out the money and handed it to the girl. "You don't need to search about me. What I said is true. I am a director. Think carefully."

The girl nodded with a smile. After watching Han Cihui leave, she put the business card at the bottom of the drawer and put it in the book.

"Isn't this way of flirting a bit old-fashioned? But since you are sincere, I'll keep it with me for now."

Han Cihui parked his car in the parking lot and walked into the living room with the flowers in his hand. He was humming a song so happily that he almost started to dance.

"I just asked you to buy flowers. Why are you so happy?" Zhang Xiuying looked at Han Cihui blankly and asked.

Even Lin Xiu and Tian Qihua looked at him with curiosity.

They dared to guarantee that this was the happiest day since he had come to Los Angeles.

Looking at his face, even his eyebrows were smiling. This was truly a happy day for him.

Han Cihui stuffed the flowers into Zhang Xiuying's arms and stood in front of them. He generously said, "In the future, if any of you want to buy flowers, come to me. I will run the errands for you."

After he finished speaking, he hummed a song and went upstairs happily.

Zhang Xiuying: "...."

Lin Xiu: "...."

Tian Qihua: "..."

Who could tell them what had happened to Han Cihui?

••••

On set.

After twenty hours of shooting, Fan Xiaobo finally let everyone rest. Qin Yu felt like she was going to be paralyzed. She never thought Fan Xiaobo would be such a workaholic.

He only let her sleep four hours a day!

Oh, no, no. She only had four hours of rest!

There were only four hours between the end of the day and the start of the next shooting.

If she wanted to go back to the hotel to sleep, the drive would take at least half an hour, and the sleeping time would be approximately three and a half hours.

Qin Yu stayed under the resting tent and did not leave. "I'm not going back. I want to sleep here. I'm so sleepy ..."

Liang Jiahao caught her swaying body and pulled her into his arms. Then he sat down on the chair and hugged her.

Within a minute, Qin Yu fell asleep in Liang Jiahao's arms.

"Sister Mo." Liang Jiahao whispered to Mo Shan, "Did you bring a sleeping bag?"

"Yes, but they are at the hotel." Hou Fen replied instead.

Liang Jiahao nodded. "How about this, you two go back first. Take a shower and take a nap before you come back. When you come, please bring a sleeping bag. It's best if you bring two sleeping bags. If Qin Yu is tired, she can sleep here."
