### Chapter 931: Don't Tell Me You Don't Know Me

Li Lingxin did not have a good relationship with her assistant at the moment because the assistant wouldn't shoulder the blame. However, when she heard her say this, she also panicked. "Who replaced me? Do you see it clearly?"

"Of course, I do! I see it clearly with my own eyes, but I don't know who she is. I have never seen that girl before, she has such an unfamiliar face!" Said the assistant quite honestly.

"A new face?" Li Lingxin was shocked, "Impossible! How can Director Fan use a new face? I had to have a certain reputation in the country in order to be able to act as the supporting role! Do you see it wrong?"

"It can't be wrong! She came with Han Cihui!" said the assistant. "The person who replaced the assistant director is Han Cihui. He has never had a scandal or a romantic relationship with any female celebrity. Can a girl he brought with him be an insignificant person? And I saw this girl come into his room earlier. Lingxin, this time we are dead. Director Fan has found a random girl to replace you!"

The assistant felt sour in her heart and her tone also turned sour. As if she had just eaten a lemon. It was very sour. "How can you say that Director Fan has high expectations of his actors? He had basically chosen a random girl to replace you! You have killed so many female celebrities back then to get this role. I didn't expect a bitch to snatch the role away from you so easily."

Forget about the assistant being angry, even Li Lingxin was very angry. Back then, during the auditions, the female celebrities who appeared there were all very famous. She had only gotten out of the enclosure with so many difficulties, but she did not think she would be replaced so easily. Now that she had been robbed by a girl who had no fame, how could she not be angry?

If the girl were as famous as she was, she would not be angry. But it was just a random girl found off the street!

"I want to see what kind of person Director Fan finds to replace me!" Li Lingxin got up angrily and went to the door. The assistant quickly followed her. "Lingxin, you are under house arrest now. How are you going to get out?"

The assistant had barely finished speaking when Li Lingxin opened the door. The two bodyguards who were standing in front of the door immediately blocked the door.

"Miss Li, you can't leave this room now. Please go back."

"I'm not going anywhere. I will be on this floor." Li Lingxin then pulled her assistant out from behind. "Where did you see her?"

The assistant pointed to the diagonal door across from them. "There. I saw the girl go into that room."

Li Lingxin looked at the door with jealousy and hatred. She lifted her legs and was about to leave when she was stopped by the bodyguards.

She said angrily, "I've already said that I'm only going into that room to take a look. If you're worried, you can come with me! It's not like I can run away!"

The two bodyguards looked at each other, and before they could come to an agreement, Li Lingxin pushed them away.

With a few steps, she walked to the door of the room. The two bodyguards immediately followed her. When they saw that she really didn't want to run away, they didn't stop her.

Li Lingxin laughed sarcastically and raised her hand to ring the doorbell.

Soon, the door opened and Han Cihui stood in front of the door. When he saw Li Lingxin, his face immediately darkened. "What are you doing here?"

"I'm just here to see what kind of person replaced me!" She entered without asking. Han Cihui frowned and wanted to stop her, but he was stopped by Li Lingxin's assistant.

"Don't worry. We just want to take a look."

Seeing that Li Lingxin had entered his room and not wanting to tangle with her assistant at the door, Han Cihui also went inside.

Li Lingxin saw a woman sitting on the sofa. She was pretty and looked very smart. It was just that her face was too unfamiliar. It was so strange and Li Lingxin could confirm that there was no such person in the country's entertainment industry.

"So you're the one who replaced me as the second female lead?" Li Lingxin raised her eyebrow slightly and asked arrogantly.

When Jia Qiulian heard this, she immediately knew that the other party was here to cause trouble. She tilted her head and looked at Han Cihui, who was walking behind Li Lingxin. "This is?"

Han Cihui almost laughed out loud.

Jia Qiulian was really interesting. Li Lingxin did not know her and she pretended not to know Li Lingxin. Li Lingxin had obviously just said that Jia Qiulian had replaced her role.

***NoVels.com***

Sure enough, Li Lingxin was so angry that her face turned green. She widened her eyes and glared angrily at Jia Qiulian. "I am Li Lingxin! Don't tell me you don't know me!"

Jia Qiulian looked at Li Lingxin very seriously. Then she asked with a confused face, "Do I have to know you?"

Li Lingxin: "..."

"Hahaha." Han Cihui could not hold it in any longer and laughed out loud. Seeing that Li Lingxin was so angry that she almost lost it, he kindly reminded Jia Qiulian. "This person is called Li Lingxin. She is the supporting actress in this movie. She is also a second-rate star in China. Her fame is certainly not as great as our Qin Yu's, so it's normal that you don't recognize her."

"Oh, so it's like that." Jia Qiulian actually nodded and smiled shyly at Li Lingxin. "No wonder I don't know you."

Li Lingxin: "..."

She was completely mad and almost died of anger because of the woman in front of her.

Looking at her pure and harmless appearance, talking to her can really make people die of anger!

This woman obviously thought that her reputation was not great enough in public and in the dark. That she, Li Lingxin, was only a minor celebrity.

This woman only knew someone at Qin Yu's level and did not know people like her.

"What are you laughing at!" Li Lingxin roared at Han Cihui. Then she looked at Jia Qiulian mockingly. "I am indeed not as famous as Qin Yu, but I have acted as the female lead in several television dramas. I have also filmed two movies. How about you? Tell me, what kind of drama have you acted in?"

### **Chapter 932: If You Want... I Can Give It To You**

Jia Qiulian pursed her lips and bowed her head in humility. Her hands were clasped helplessly in front of her. "I've never acted in anything. I've never even studied acting. I'm just a very ordinary girl. I don't know why they want me to act as the second female lead. Actually, I rejected this offer from the bottom of my heart. I felt I didn't fit in and couldn't do it. But everyone told me I could do it. So... I came."

Li Lingxin almost vomited a mouthful of blood. She was so angry that her chest hurt. "You mean... You never studied acting, have no experience in acting, and they begged you to act?"

"Yes!" Jia Qiulian looked up and sighed deeply. "I don't know why either."

This was too annoying!

It's really annoying!

Li Lingxin finally realized that coming here was a big mistake. Instead of causing another party trouble, she was the one who got the trouble.

"What are you so proud of?" Li Lingxin was so angry that her face turned red. She pointed at Jia Qiulian and scolded, "Do you think they'd ask you if I wasn't replaced? What is there to brag about, you bastard who sold her flesh to get promoted! I think you slept with Fan Xiaobo or Han Cihui. That's why they gave you this role!"

Jia Qiulian's face sank with a speed that could be seen with the naked eye. She bit her lip and looked at Li Lingxin angrily.

These words not only angered Jia Qiulian, but also angered Han Cihui. He pushed Li Lingxin away rudely and said angrily, "Li Lingxin, are you crazy?! You had evil intentions and wanted to hurt Qin Yu. In the end, you failed and hurt Director Fan instead. Let me tell you. This is just the beginning of your miserable life. Just wait until you're back and be banned!"

Li Lingxin had long been prepared to be banned after returning to the country. Now that she had nothing, she wasn't afraid of anything anymore.

She didn't care who Han Cihui was. She would bite anyone she caught. "Han Cihui, why are you so angry? I never thought you would change your preference today. You finally found a bitch and put her next to you. What, are you afraid that the others will know that you are bent, so you are looking for a shield? Let me tell you, even if you keep protecting her like this, it doesn't mean she will accept your feelings. What kind of woman likes a coward who can't stand up straight!"

Slap!

With a slap, Han Cihui raised his palm and slapped Li Lingxin's face.

"I, Han Cihui, have never hit a woman, but you aren't a woman. A mad dog who just knows how to spout bullshit!"

Li Lingxin covered her face and looked at Han Cihui in disbelief. Han Cihui, who was always polite, actually hit her today?

Han Cihui walked over to the coffee table and took out a tissue, wiping the hand he had used to slap Li Lingxin with in disgust. "Knowing that you have been replaced, you are not convinced, right? Do you feel regret? Heh... Li Lingxin, this is just the beginning, and Qin Yu was still foolish enough to plead for you in front of Director Fan. But I think this is very good, though. Since you have brought the trouble yourself, I don't think we should be polite to you anymore."

Han Cihui was too lazy to talk nonsense to her. His sharp gaze suddenly grazed the two bodyguards who were eating watermelon on the sidelines. "What are you guys standing around for? Do you want me to bring you some watermelon and a small stool for you each to sit down and watch the show?"

Only then did the two bodyguards react. Before Li Lingxin could hit Han Cihui, they grabbed her hands and dragged her out hard.

As Li Lingxin was dragged out, she scolded angrily. "Han Cihui, who do you think you are? Let me tell you, I am not afraid of you! I am capable of anything!"

Han Cihui scratched his ears and frowned in disdain. "So noisy! Could someone please keep her mouth shut for me?"

As soon as he finished speaking, he heard the sound of the door closing. The whole room fell silent.

Li Lingxin's words were very difficult to hear. Han Cihui was really afraid that Jia Qiulian would take them to heart and stay away from him in the future.

He walked over and sat next to her. His hand nervously held her leg. "Qiulian, don't take Li Lingxin's words to heart. There are some bad people in the entertainment industry, and they all wear dark glasses to see people. Please ignore them."

"I know." Jia Qiulian lowered her gaze and was unhappy. "Since I want to enter this industry, I have to endure the discrimination of outsiders. I know that most people think that female celebrities are dirty in their hearts. Those who are clean are considered dirty, and those who are dirty are considered pure. But since I have decided to achieve my goal, I decided not to care what others would say. Because in my heart, I know the truth."

After saying this, Jia Qiulian suddenly stopped. She turned her head and looked at Han Cihui. Han Cihui also was looking at her and their eyes met. There was always an ambiguous atmosphere between them.

Her hands slowly clenched at her sides. Suddenly, she bit her lip hard. "You have been really good to me, and I don't have anything on me right now to repay you with. If... If you want... I can give it to you."

*novelusb.com*

When Han Cihui heard these words, not only did he not feel happy, but also felt sad.

What kind of person did Jia Qiulian think of him?

Like the trash man in the entertainment industry?

A man who did things for her just to sleep with her?

Han Cihui felt an indescribable pain, but he didn't say those words to Jia Qiulian. He pretended not to understand and pulled her up from the sofa with a smile. "I have everything. I don't lack anything. You don't need to do anything for me. It's getting late now. You should go back."

As he spoke, he pushed Jia Qiulian toward the door.

He couldn't wait to let her leave, as if he didn't want to see her.

Jia Qiulian understood what Han Cihui meant, and at the same time, she was grateful. She breathed a sigh of relief.

Actually, she had only wanted to test Han Cihui. If Han Cihui really wanted to do it, she would definitely stand up and leave without hesitation.

Because she really didn't have the courage to exchange herself for benefits.

Jia Qiulian was pushed towards the door by Han Cihui. Then, she suddenly turned around and looked at him with smiling eyes. She smiled sincerely. "After I earn the money, I'll treat you to a big meal! You can eat as expensively as your heart desires."

"Okay!" Han Cihui smiled and nodded. "Then I'll think of what I want to eat now."

Four days later, Fan Xiaobo was released from the hospital.

The first thing he did was go to the hotel to meet Li Lingxin.

Seeing Fan Xiaobo alive and well, Li Lingxin was relieved. But in the next moment, she suddenly knelt on the floor and hugged his legs while crying.

"Director Fan, I really don't want to hurt you. I just wanted to stop Qin Yu from acting. I don't mean to harm you. Please don't replace me, okay?"

### **Chapter 933 Without Me, You All Won't Be Able To Do**

Anything To Shen Xieren

"No harm?" Fan Xiaobo looked as if he had heard a big joke. He put his hands on his hips and raised his head to laugh at the ceiling. After laughing several times, he suddenly lowered his head and looked at Li Lingxin with hatred.

"Li Lingxin, I think there is something wrong with your IQ. You wanted to harm Qin Yu; that was already the biggest evil intention! I really did not expect your heart to be so vicious. Just because of this little thing, you wanted to kill her! Do you know what's inside the water bottle? Fortunately, I only took a small sip. If I take a big sip, I might lose my life now!"

"What?" Li Lingxin looked up and widened her eyes in disbelief. She shook her head in disbelief.

"Impossible! Shen Xieren said it was just a double dose of laxative. If you take it, you'll only get diarrhea and your life will not be in danger!"

"Why did I choose a fool like you before?" Fan Xiaobo kicked Li Lingxin and pointed at her nose while scolding her. "Laxatives? With the amount of hatred Shen Xieren has for Qin Yu, do you think she just gave her laxatives? Let me tell you. There's sulfuric acid in there! If it weren't for you pouring less of it and diluting it with half a bottle of mineral water, I'd be dead by now!"

"Sulfuric acid?"

"How can it be sulfuric acid?"

"No. No! I don't believe you!"

Li Lingxin seemed to have gone mad. She kept questioning Fan Xiaobo's words and shook her head vigorously. "That's impossible!"

Fan Xiaobo was furious to see her act this way. She didn't even know what was inside the bottle and still wanted to hurt Qin Yu. Was this woman a pig?

Her IQ was so low that she knew no bounds. She actually thought she was pretty smart back then.

Fan Xiaobo grabbed Li Lingxin's hair and threw her onto the sofa. "Stay here! I'm going to call the police now. The police will be here soon. If you have something to say, you can tell the police."

Fan Xiaobo turned around and left. Li Lingxin cried and rolled off the sofa. She ran toward Fan Xiaobo's figure. "Director Fan, Director Fan, please don't do this to me! I haven't done anything wrong. You can't do this to me! If you want to sue me, you should also sue Shen Xieren!"

Fan Xiaobo suddenly stopped and turned to Li Lingxin. "You do remind me. If you honestly tell the police that Shen Xieren instigated you, and let your assistant be your witness, and if you find evidence that she really intends to hurt Qin Yu, Shen Xieren might not be able to escape this time. And maybe... maybe Qin Yu will show mercy and not sue you."

Li Lingxin originally wanted to run and pull Fan Xiaobo back to beg him for mercy, but his words stopped her.

She suddenly understood.

That's right. This was originally what Shen Xieren instigated her to do. Even that item was given to her by Shen Xieren. At most, she was just an accomplice who was brainwashed by her. As long as she used Shen Xieren as a scapegoat, perhaps Qin Yu really would not do anything to her.

In an instant, the tears on Li Lingxin's face stopped. She looked into Fan Xiaobo's eyes and her lips formed a smile. She bowed deeply to him. "Thank you for reminding me, Director Fan! I know what to do now."

The police arrived as soon as Fan Xiaobo left the room. He walked out a few steps and gave way to the police officers.

When the police officers entered, they saw Li Lingxin standing there. After saying a few words, they took out the handcuff and handcuffed her.

Throughout the whole process, Li Lingxin did not bother to beg for mercy. She acted indifferently as if this matter was not a big deal. *nOveIUsb.cOm*

The police officers took her outside. When they passed Fan Xiaobo, Li Lingxin suddenly stopped and turned to him. "Director Fan, I want to see Qin Yu."

Fan Xiaobo licked his dry lips. "She is now -"

"I want to meet her! I want her to promise me personally that as long as I'm honest and expose the culprit, she will make sure that I won't go to jail and that I will be able to leave Los Angeles safely!"

Li Lingxin forcibly interrupted Fan Xiaobo's words. At this point, she acted like she was a person with initiative.

She predicted that Qin Yu would definitely come to meet her.

After all, if Qin Yu wanted to bring Shen Xieren down completely, only her testimony and her assistant being the witnesses could ensure that this happened.

"Is Qin Yu someone you can meet whenever you want?"

The door to the next room suddenly opened and Liang Jiahao came No, no!

Before Qin Yu could guarantee anything and before she consulted "Is Qin Yu someone you can meet whenever you want?"

The door to the next room suddenly opened and Liang Jiahao came out with full vigor.

If it had been in the past, Li Lingxin would have been afraid of Liang Jiahao. First, it was because he was Liang Zixuan's older brother, and she did not dare to offend her. Second, because of Liang Jiahao's temperament. She did not dare to look him directly in the eye.

But now, she was no longer afraid. She felt that it wasn't her who was begging Qin Yu, but Qin Yu who was begging her!

"I can't see her? Haha..." Li Lingxin laughed mockingly, "Liang Jiahao, if Qin Yu doesn't come to see me, I will not do what she wants. I will not reveal the real culprit!"

Don't think she didn't know.

What Fan Xiaobo said earlier was what Qin Yu and Liang Jiahao told him to say!

They instructed her to drag Shen Xieren into the mud.

Unexpectedly, Liang Jiahao put one hand in his pants pocket. He looked at Li Lingxin as if he saw a fool and sneered. "It's up to you. It's up to you whether you want to say it or not. It doesn't matter to us. Besides, we're not the ones going to jail. Furthermore, this wasn't the first time Shen Xieren attacked Qin Yu. We have found evidence of her attempted murder last time."

"No! Impossible!"

How could Li Lingxin be willing to believe that she was just an abandoned child now? She felt that Liang Jiahao was lying to her. He She had the capital now, and she was the boss. Qin Yu should be the one begging her to say it!

was lying to her to make her tell the truth!

No, no!

Before Qin Yu could guarantee anything and before she consulted with Qin Yu, she would not say anything.

She had the capital now, and she was the boss. Qin Yu should be the one begging her to say it!

"I don't believe you!" Li Lingxin was a little mad as she yelled at Liang Jiahao with a fierce face. "Don't try to lie to me! Without me, you all won't be able to do anything to Shen Xieren! Liang Jiahao, have Qin Yu come and see me. Come and negotiate with me. As long as she comes and sees me, I'll hand over Shen Xieren. I won't protect her!"

To say that Li Lingxin was stupid; it was only at this moment did Fan Xiaobo and Liang Jiahao really feel her stupidity. She was not really an ordinary idiot. Furthermore, there was something wrong with her worldview.

Obviously, she wanted to hurt Qin Yu. Why did she feel that Qin Yu still needed to appeal to her now?

Besides, it was clear from the way she spoke that she did not feel she had done anything wrong.

On the contrary, she felt that she was very powerful now. Everyone should appeal to her.

Liang Jiahao did not bother to say nonsense words to Li Lingxin. She could do whatever she wanted.

He went back to his room without even looking at her.

Li Lingxin looked at his firm back and shouted anxiously. "Liang Jiahao, don't go! Let Qin Yu come out and see me! She must consult with me before I help her!"

With a loud bang, the door completely cut off Li Lingxin's voice.

Chapter 934 Keep An Eye On This Matter

Qin Yu was sitting on the sofa, playing with her phone. When she heard the door close, she raised her eyelids and looked at the door. When she saw Liang Jiahao enter, she immediately turned her gaze back to the phone's screen and casually asked, "How is it? Would Li Lingxin do it?"

"No." Liang Jiahao sat down and pulled her into his arms. "She still wants you to beg her."

"What?" Qin Yu looked up in surprise and looked at Liang Jiahao in disbelief. "Did she really say that?"

Liang Jiahao nodded. "Yes, I heard it with my own ears."

"I'm going!" Qin Yu angrily threw her phone onto the sofa. She just couldn't let go of the rage in her heart.

Liang Jiahao smiled and lowered his head to kiss her face. "Don't be angry. It's not worth being angry at such people."

"How can I not be angry?" Qin Yu was so angry that her face turned red. Her small hands were tightly clenched into fists. "I just said that as long as she tells the police about Shen Xieren's crime, I won't do anything to her. I even foolishly told you not to ban her when she returns to China. Let her continue to stay in the entertainment industry, but in the end, she wanted me to beg her?!"

Liang Jiahao chuckled, sensing that his little girl had just suffered a betrayal and a blow. Fearing that Qin Yu would be sad, he suddenly pushed Qin Yu lying on the sofa.

Qin Yu frowned. "What are you doing?"

Liang Jiahao smiled. "Guess?"

Qin Yu: "..."

Was there any need to guess?

Every time Liang Jiahao showed such an expression on his face, it meant that he wanted to have an indescribable battle with her!

"Aiya, it's broad daylight now! We also only have two condoms left." Qin Yu instinctively fought back and pushed Liang Jiahao's chest with her two small hands.

"Two?" Liang Jiahao was stunned for a moment. He looked up at the nightstand and asked uncertainly, "Really?"

"Really!"

"Impossible!" Liang Jiahao couldn't believe it.

Qin Yu wanted to move out of Liang Jiahao's grip to prove her innocence. She wanted to show the box, but Liang Jiahao pressed her down hard. She couldn't move at all. She widened her eyes sadly. "If you don't believe me, go and see for yourself."

Liang Jiahao didn't let go of her. Instead, he frowned and looked at Qin Yu meaningfully. "When we came here, we brought two boxes."

"Yes, two boxes!" Qin Yu gritted her teeth and said, "Tell me yourself. Are you still human?"

Liang Jiahao: "..."

He clearly didn't mean it that way.

The angrier Qin Yu got, the more unwilling she was to comply. He couldn't take it anymore.

Seeing her angry little face, he suddenly lowered his head and kissed her hard.

Qin Yu was so angry that she hit him hard on the back. "I have Liang Jiahao did not raise his head at all. He teased her and said, 22:38

"Aren't there two more?"

already told you. There is not much more. Can you hold back a little?"

Liang Jiahao did not raise his head at all. He teased her and said, "Aren't there two more?"

Qin Yu: "..."

God!

How come this man had endless stamina and endless strength?

No matter day or night, as long as he had time, he would be like a hungry wolf, pouncing on the food and cruelly tormenting her.

At this moment, the doorbell suddenly rang.

Qin Yu seemed to have seen her savior. She pushed Liang Jiahao away from her and looked at the door. "Someone is coming. Hurry up and open the door."

Liang Jiahao took a deep breath and looked at the door. "Which stupid bastard dares to ruin my good time!"

Qin Yu smiled happily as if she was relieved. "It's daytime right now, okay? It's normal for people to knock on the door then."

Liang Jiahao saw Qin Yu's happy face and gritted his teeth in anger. He grabbed her hands with both hands and pressed them firmly on both sides of her body. "Who cares who this person is? I won't let him interfere with my good time."

Liang Jiahao kissed Qin Yu on the lips again.

Qin Yu rolled her eyes speechlessly. She was so angry that she wanted to kick Liang Jiahao twice.

They did not know who the person outside the door was. As if he would not give up until his goal was achieved, he still rang the doorbell loudly.

The doorbell continued to ring like a death signal. Liang Jiahao looked up gloomily and gasped for breath.

Qin Yu did not dare to be arrogant now. She bit her lip and said in a wronged manner. "It's not that I don't want to, but ... this person might have something important to talk about. Why don't you go and take a look?"

Liang Jiahao sighed gloomily and tapped Qin Yu's forehead with his index finger. "Little girl, don't be so proud of yourself. Just wait."

After saying that, he got up from the sofa. He walked to the door and opened it with a frown.

The person outside the door saw the door was finally open. Before Liang Jiahao could scold him, this person immediately blamed Liang Jiahao. "Brother Liang, what are you doing in there? I've been ringing the doorbell for a long time until my finger hurts. But you just opened the door for me now."

Liang Jiahao: "..."

Han Cihui was asking for death, was he?

He had interfered with his good time, and he still dared to blame him?

Liang Jiahao's face darkened and he looked at Han Cihui with a ferocious look in his eyes.

**NovEluSb.com**

When Han Cihui saw this, he smiled awkwardly. "Hehe... Brother Liang, please don't look at me like that."

Liang Jiahao really did not feel like talking to this brainless man. He decided to close the door, but Han Cihui quickly used his body to block the door and quickly said, "Brother Liang, I have something important to tell you. It's really something important."

Liang Jiahao did not care what important thing Han Cihui wanted to tell him. He just wanted to go back and be with Qin Yu.

Han Cihui was anxious. "Just now, Third Brother called me and said that he found evidence that Shen Xieren hired a group of criminals to kill Qin Yu. He called you, but your phone was turned off. That's why I came here."

Liang Jiahao's attempt to close the door was immediately paused. His expression became serious. "Did he find them?"

"Yes," Han Cihui said, then he looked over Liang Jiahao's shoulder and saw Qin Yu peering at them. Her clothes were a bit messy. Han Cihui finally understood why Liang Jiahao had such a dark face.

He chuckled. "Third Brother wanted you to come back as soon as possible. You can go back by yourself. Qin Yu will stay here to film. Nothing will happen to her with me being here. So, hurry up and pack your things."

This was indeed the most important thing at the moment.

Since it was related to Qin Yu's safety, then it would be the most important thing in Liang Jiahao's life.

The anger in his body was immediately extinguished. His thin lips slowly pursed. After a while, he raised his hand and patted Han Cihui on the shoulder. "I will leave Qin Yu to you for these two days. If anything happens, remember to contact me immediately."

"Don't worry!" Han Cihui patted his chest and promised, "Qin Yu is also my niece. Her safety is my safety. I will not let anything happen to her."

22:39

Liang Jiahao was greatly relieved to hear that.

Whether it was Han Yuanjun, Han Szeto, or Han Cihui, they all loved Qin Yu very much.

Perhaps... It was because the Han Family had no daughters in their generation, and only had sons. That was why they loved Qin Yu so much.

"There is something else." Liang Jiahao's expression suddenly turned serious. "You have to keep an eye on this matter for me."

Han Cihui looked at Liang Jiahao's serious expression and smiled curiously. "What's going on? How can something make President Liang so nervous?"

Liang Jiahao felt like raising his hand and punching Han Cihui's face.

"I want you to keep an eye on the male lead of this movie. If I come back and she loses a hair, I'll take it away from you!"

Chapter 935 What Man Wouldn't Be Deathly Afraid Of You

"What?" Han Cihui's eyes widened in shock and he began to laugh in disbelief. "Brother Liang, are you kidding me? All the crew members know about your relationship with Qin Yu. Who dares to have an idea about her? You are too protective. There is no way! What man wouldn't be deathly afraid of you and provoke her? It would be good enough if you didn't kill him."

This time, Liang Jiahao really couldn't hold it in anymore. He clenched his fist and punched Han Cihui's chest. "Of course, he wouldn't dare to act arrogant when I'm around! But if I'm not here, he might dare to! Han Cihui, you'd better keep what I said in your heart, or else..."

As he said the last two sentences, he cracked his knuckles until they made a "cracking" sound.

Han Cihui felt a shiver run down his spine when he heard the sound of Liang Jiahao's knuckles. He also knew that Liang Jiahao wasn't joking with him. Besides, who'd joke about their wife?

"Alright, don't worry!" Han Cihui rubbed his aching chest. He felt as if an iron hammer was hitting his chest. The corner of his mouth twitched in pain. "I'll take this matter seriously. I'll take good care of Qin Yu for you. Is that alright?"

Liang Jiahao nodded. Then he returned to his room to pack his things. When Qin Yu saw his action, she asked doubtfully, "Are you going back?"

She was in the living room earlier and was still a bit away from the door, so she didn't hear anything.

Liang Jiahao answered while packing his things. "Yes, Han Yuanjun and the others have found evidence of Shen Xieren's involvement in your attack. He asked me to go home. While I'm not here, your uncle will take care of you. I should be able to come here in a few days and continue to accompany you."

"Oh!" Qin Yu nodded. She felt that there was nothing wrong with this. After all, with Liang Jiahao here, even in her free time, she would be busy. She was so busy that she wished she could shoot twenty-four hours a day!

"Have a good fight with my uncle and the others. Try to bring Shen Xieren to justice!" Qin Yu raised her hand to make a gesture of enthusiasm and said cheerfully.

Liang Jiahao suddenly stopped packing and turned around. Looking at Qin Yu, his narrow eyes narrowed slightly. "It seems that not only you would not miss me, but you're also very happy that I'm leaving?"

"Happy?" Qin Yu couldn't stop smiling. She quipped, "Do I look happy?"

Liang Jiahao took a deep breath and his expression immediately darkened.

Qin Yu finally realized that she might have provoked this man, and her face fell. Her eyes immediately showed sadness. Even her small mouth turned down a little. "I can't bear to part with you. I really can't bear it, but this is a big deal. I can't delay your mission just because I don't want to part with you. I want to give you the freedom and time to catch all the bad guys."

Liang Jiahao threw away the shirt in his hands and pursed his lips. "If that's the case, I won't go back. Han Yuanjun and Han Szeto can take care of the matter."

He walked towards Qin Yu. As he walked, he slowly unbuttoned his shirt.

Qin Yu was so terrified that she leaned back on the sofa and shouted in lamentation. "No way! You have to go back. Without you, they couldn't solve it all. And who're you? You're Liang Jiahao. Without you, they wouldn't be able to do anything."

Liang Jiahao smiled. "Am I really that powerful?"

"Of course!" Qin Yu nodded vigorously. She was afraid that Liang Jiahao wouldn't believe her, so she said with all her might. "You're the greatest existence in my heart. You're the man I worship the most."

There wasn't much time left. If Liang Jiahao didn't leave now, he would arrive late at night. He smiled and pinched Qin Yu's tender face. "Alright, I won't tease you any further. I really have to go now."

Qin Yu heaved a long sigh. "Okay. Come back soon."

Liang Jiahao packed the two remaining clothes into the suitcase and then brought it down from the bed. "I'm leaving now."

Qin Yu nodded. "Take care."

Liang Jiahao frowned. "You're not sending me?"

Qin Yu looked down at her oversized T-shirt and shook her head. "I can't go out like this. Even if I change my clothes now, I still can't go out. I am not wearing any makeup. What if I go out and run into reporters or paparazzi, and they take ugly pictures of me?"

Liang Jiahao knew that Qin Yu was looking for an excuse. She was just too lazy to move around. The shooting will start tomorrow and today was her last day off.

Liang Jiahao did not feel like arguing with her. He would let Qin Yu be lazy for the last day.

"Alright, then I'm off."

Liang Jiahao dragged his suitcase and headed for the door. Qin Yu looked at his back and suddenly felt reluctant to part with him. She jumped off the sofa and ran to hug Liang Jiahao from behind without wearing slippers.

"Xiao Liang, be careful on the road. Come back to me safely."

At this point, Liang Jiahao finally felt Qin Yu's reluctance to part with him. It was not acting, but it came from the bottom of her heart.

His mood finally brightened. He put down his suitcase and turned back to hug Qin Yu. "Don't worry. I will come back to you as soon as possible after I take care of this matter."

After saying this, he kissed Qin Yu's forehead. "No matter how busy you are later, don't skip dinner. Eat a little more. When I come, I'll bring you something delicious."

"Okay." Qin Yu nodded obediently. Her big eyes looked like a rabbit's. "You too. No matter how busy you are, you have to eat. And be careful. It's not easy to deal with these people. Their methods are mean and evil. You must protect yourself well."

"Don't worry." Liang Jiahao patted Qin Yu's butt, dragged his suitcase out, and left the room satisfied.

Liang Jiahao drove the car all the way back to Han Szeto's villa

Everyone was gathered in the living room. [novelusb.com](http://novelusb.com)

As soon as Liang Jiahao pushed open the door, Han Yuanjun made an excuse and called Liang Jiahao into the study.

The study was huge, and that was where Han Szeto usually worked. The men of the Han Family liked to have the study room very spacious as if it were their second home next to the bedroom. If the room were too small, they would feel oppressed.

That's why the study did not seem crowded, despite the number of people sitting there.

Han Szeto saw that everyone was present, so he went straight to the point. "I used my own name to contact the organization's contact person. Liang Mingyu was right. They are only interested in money. I consulted the contact person and said that I was there for Liang Mingyu's business. I quickly found the person responsible for this matter."

Liang Mingyu had suggested this to Han Szeto because he was still considered one of the people in the organization. Even though he was at the bottom, he was still one of them.

And the organization just attacked one of their own just to make more money. Although they didn't kill Liang Mingyu directly, they

had beaten him half to death.

Originally, the He Family thought that since Liang Mingyu and Liang Jiaying were poor, if they seriously injured Liang Mingyu, she would have no way to treat him. They wanted Liang Mingyu to succumb to his injuries. But who knew that Liang Jiaying could do anything for Liang Mingyu?

Of course, this was all according to what had happened to Liang Mingyu. But because of this incident, Han Szeto and the others found a way to deal with this organization. And that was with money.

Han Szeto continued, "I have asked them to stop targetting Liang Mingyu, and from now on, they will no longer interfere in matters hesitating, but I just threw them a check worth 50 million to solve the problem. Didn't you guys see the man's face when he saw the money? between the He Family and him. Those people over there were still His eyes were so shining. It was simply the face of someone who had just received a lottery."

Chapter 936 Don't You Feel Ashamed

Qin Shanyuan was amused by Han Szeto's behavior. He laughed. "Uncle, didn't you make the other party dumbfounded when you threw the check?"

"That's right!" Han Szeto took the opportunity to brag. "You must be cool and handsome to surprise them all. When they first met me, they ignored me until they saw the money. After they saw the money, they treated me like the God of Wealth."

Han Szeto's ability to boast was excellent, and so many people in this room had experienced it.

Han Yuanjun cleared his throat to remind Han Szeto not to brag too much.

Only then did Han Szeto become serious again. "The man was about to reach for the check, but I held it down and asked them to fulfill their words first. At first, he was unwilling, but as soon as he saw I put the check back in my pocket and turned to leave, he immediately became agitated. He said I had to ask the people above."

"And as expected, they are willing to see you." Liang Jiahao said calmly.

"Of course!" Han Szeto smiled. "Are you kidding me? It's fifty million! Fifty million USD! Those people have never seen that much money before. The man called the people above and said they agreed to meet me."

Qin Shanyuan nodded. "After that, Jiaying and I followed uncle to meet their superiors."

"Even though we only met one," Han Szeto said, "but he definitely has the right to speak. After several rounds of negotiations, they promised to let Liang Mingyu and Liang Jiaying go, and from now on, "Ha!" Liang Jiahao laughed sarcastically and said, "I don't think so. Once the He Family pays more than you, they will go back on their word."

"Yes, we have considered that." Qin Shanyuan nodded. "So... our goal this time is to kill them all. Once and for all."

Han Yuanjun took out a cigarette from his pocket and put it in his mouth. Just as he was about to reach for the lighter, Han Szeto and Liang Jiahao looked at him at the same time.

Han Yuanjun: "...."

What else did these two want?

Liang Zixuan would check his cigarettes every night, so how could he let them smoke his cigarettes?

they will not interfere in the affairs of the He Family."

Han Yuanjun pretended not to see them. He also pretended not to understand what their looks meant. He took out a lighter and lit the cigarette loudly. Then, he took a puff with pride.

Han Szeto coughed twice and scolded. "Jun, how can you smoke alone? Don't you feel ashamed?"

Han Yuanjun spat out the smoke ring and raised an eyebrow. "I indeed feel ashamed, but I'm more afraid of my wife."

Han Szeto: "...."

Liang Jiahao: "..."

Liang Jiaying looked at the three married men and really wanted to laugh.

Who among these three men was not a respected figure, and who among them did not shake the business world? But in private, they were all strictly controlled by their wives!

Han Yuanjun was like this.

Liang Jiahao was like this.

Han Szeto was like this too!

The women of this family were too powerful!

Seeing Han Yuanjun smoking alone in front of him, Han Szeto was so angry that his teeth itched. He reached into his pants pocket and took out the cigarette. He opened the cigarette pack and saw that there were two cigarettes inside.

He took out one and put it in his mouth. When he was about to touch the lighter, he saw that Liang Jiahao was looking at him without blinking.

He quickly hid the remaining cigarette in his pocket. Just like Han Yuanjun, he pretended not to see Liang Jiahao's eyes. He took out a lighter and lit his cigarette, then smoked his own.

Liang Jiahao: "...."

If he did not show them his power, they would treat him like a Hello Kitty.

Liang Jiahao looked at them fiercely and pulled his suitcase. Swoosh, he opened the suitcase in an elegant way. Then, under everyone's eyes, he took out the sealed package.

Han Szeto and Han Yuanjun's eyes changed when they saw the cigarettes. It was as if they had seen a mountain of gold.

"Big brother," Han Yuanjun leaned forward. "I thought Qin Yu did not allow you to smoke?"

Liang Jiahao looked at Han Yuanjun and unsealed the pack. "Since I am the president of a bank, how can I not smoke when I go out and socialize? So, she allowed me to."

As soon as he finished speaking, the pack was unsealed. He took out a box and put the rest into his suitcase. Han Yuanjun and Han Szeto were very envious when they heard this.

Han Szeto asked weakly, "How many cigarettes does Qin Yu allow you to buy every day?"

Liang Jiahao looked at Han Szeto with disdain. "My Qin Yu gives me twenty thousand yuan every month. I can spend it however I want."

"Aiya, that's it!" Han Szeto could no longer calm down. He wanted to kneel down in front of Liang Jiahao. "How did you do that? Can you teach me a few steps?"

Liang Jiahao snorted, took out a cigarette, and twirled it between his fingers. "You just have to love and spoil your woman. If you spoil her, she will naturally be more relaxed and obedient to you. I just can't smoke in front of Qin Yu, but I can smoke as much as I like any other time."

"That's not right!" Han Szeto shook his head. "I love and spoil my wife too! But my wife still keeps me in check."

After saying that, he looked at Han Yuanjun. "Jun, you also love and spoil Zixuan, but she still controls you."

"I am different from you." Han Yuanjun continued to draw lines with Han Szeto. It was as if Han Szeto was a very embarrassing thing. "My wife is pregnant. That's why she controlled how often I can smoke. She's also concerned about my well-being. But big brother, you are different. Even if sister-in-law is not here, she can still control you. It's like she's monitoring you with GPS and a monitor. Do not talk about your own incompetence and compare it with the way I spoil my wife."

Han Szeto: "..."

This was the first time he had been insulted by his brother. The bottom line was that he had been completely despised until he was at a loss for words.

This was all his fault for bragging too much last time. *nOv&l'Usb.com*

Han Yuanjun looked at Han Szeto disdainfully and used his elbow to hit Liang Jiahao's arm. "Big brother, when you didn't have cigarettes, I gave them to you. Now you are robbing the rich to help the poor, how about giving me a pack?"

### **Chapter 937: He's Restricting Your Freedom And Your Basic Rights**

Liang Jiahao was a grateful person. Back then, Han Yuanjun had given him some cigarettes. At that time, his cigarette consumption was controlled by Liang Zixuan. In the absence of food and ammunition, Han Yuanjun was still able to give him a few cigarettes. He felt that since Han Yuanjun wanted it, he should give him a pack now.

Liang Jiahao only thought about it for a moment before tossing Han Yuanjun the pack of cigarettes he had just unsealed. "Don't tell Zixuan that I gave it to you."

"Of course!" Han Yuanjun put the cigarette pack in his back pocket and patted Liang Jiahao on the shoulder. "Big brother, don't worry. I won't sell you out."

Han Szeto was getting restless. He looked at Liang Jiahao with eager eyes. "Brother! You are my brother; can you give me one too?"

Liang Jiahao looked at him coldly and sneered. "I just asked you for one, but you did not give me one. And now you want me to give you one? Do you think I'll give it to you?"

Han Szeto: "...."

What a miscalculation!

If he had known this earlier, he would have given his remaining cigarette to Liang Jiahao.

Han Szeto bitterly explained, "I only have one left. My wife is too strict with me."

"Big brother, ignore him." Han Yuanjun said, "The last time he bought \$500 worth of cigarettes, he lied to sister-in-law and told her he bought them for me. In the end, I only smoked one stick! Don't give it to him. Otherwise, if you buy too many cigarettes in the future, he'll start to rely on you."

Liang Jiahao smiled. "Alright, I'll keep that in mind."

Han Yuanjun looked at Han Szeto with satisfaction. Then he raised his hand and gave Liang Jiahao a palm strike.

Han Szeto was so angry that his lungs almost exploded. "You really are his brother-in-law! I am convinced now."

Liang Jiahao raised his eyebrows and took a puff of smoke. After spitting out the smoke ring, he changed the subject to the main topic. "Big brother, brother-in-law, go on. How did you know about Shen Xieren?"

"Tch!" Han Szeto pursed his lips contemptuously. "Now you know how to call me brother. When I asked you for a cigarette earlier, why didn't you know that I was also your brother?"

It was just a joke. Han Szeto could not possibly be angry with Liang Jiahao just because of this little thing.

"Because we are generous and there is a very greedy person in front of us; when I mentioned the matter of Shen Xieren, he promised to give us the evidence of her involvement. But at the same time, he knew that if he gave us that evidence, his reputation in the organization would be questioned, so... He wanted us to give him more money and we can't tell anyone about this."

Liang Jiahao immediately understood what Han Szeto meant.

It was obvious that a traitor had appeared in the organization. This person would give them information that should not be leaked to the public for money. Or, when they had enough evidence, this man would defy his superiors to protect himself.

And he will definitely oppose them.

As long as they can guarantee his safety, he would betray his own organization, regardless of the cost.

Liang Jiahao nodded. "So, you asked me to come back because you wanted me to come up with a plan to deal with this organization? Using the money we have, that person promised to give us the list of the top officials of the organization and then kill them all?"

"I like talking to smart people." Han Szeto praised him. "Jiahao, you must be an expert in this field. We have already done what we could do, and the rest, we will leave it to you."

"No problem." Liang Jiahao stubbed out the cigarette in his hand and said confidently, "Thank you for your hard work. Leave the rest to me."

When Liang Jiahao did something, everyone felt at ease.

At this time, Liang Jiaying felt that the men in this family were the best in both wisdom and unity.

The reason why the Han Family and the Qin Family would be able to stand firm in the business world was not only because of their hard work but also because of their unity.

Liang Jiaying suddenly stood up and bowed deeply to Han Yuanjun, Han Szeto, and Liang Jiahao. "Thank you very much. It's all because of your help that big brother and I can survive this time."

"This is a small matter." Han Yuanjun smiled. "If you want to thank someone, thank your aunt. We did this for her."

Liang Jiaying knew that her brother and she were actually not blood-related to Liang Zixuan and Liang Jiahao, but they were still willing to help them. She was truly grateful that they could help them without delay.

If she said too much while thanking them, it would be a false euphemism. So, Liang Jiaying just smiled and said nothing else.

Besides, she also knew that they didn't need her to thank them at all. All they wanted was for her and her brother to be a family with them.

A real family.

Thinking of this, Liang Jiaying looked at Qin Shanyuan. If it weren't for him, things would not have progressed so quickly during this time. If it wasn't for him, she might have been killed right after she was kidnapped.

That danger was known only to those who had experienced it themselves. She did not want to talk much. In addition to her gratitude, she also had... a growing relationship with Qin Shanyuan.

Qin Shanyuan held her hand. "Don't worry. From now on, with us here, no one will dare to bully you again."

"En!" Liang Jiaying nodded with a smile. "I know. I have known since I stepped into this house."

The next day, Liang Jiahao began his plan in targeting the organization.

• • • •

Production team.

When Liang Jiahao said that Arthur had ill intentions for Qin Yu, Han Cihui did not believe him at first. But today, after the shooting was over and with Liang Jiahao gone, Arthur had finally shown his true colors.

"Hello, Qin Yu." Arthur walked over and saw the pile of snacks next to Qin Yu. He pulled out a bag behind him as if he was giving away a treasure. "Try mine. I promise you'll love it."

Qin Yu just glanced at the bag in Arthur's hand and smiled politely. "Arthur, I'm sorry. I said earlier that I don't eat anything anyone gives me, only what I bought myself."

"That's because you suspected someone was trying to harm you." Arthur's assistant brought a small stool. Arthur naturally sat down next to Qin Yu, not feeling the least bit embarrassed.

When Qin Yu saw that he was so close to her, she moved her stool to the side. "I promised my husband that I would not eat other people's food during the filming."

"He's very strict with you?" Arthur frowned and said angrily, "Everyone has their freedom. Even a husband cannot restrict his wife in what she does. No, he does not restrict your movement anymore. He's restricting your freedom and your basic rights!" [noVeluSb.com](http://noVeluSb.com)

The more he talked, the more serious he became. When Qin Yu and Han Cihui heard this, they felt that Arthur was slandering Liang Jiahao.

If Liang Jiahao and Qin Yu did not have a good relationship, or it could be said that their relationship was not very good, then Arthur's words would make Qin Yu feel wronged. Once Qin Yu felt wronged, Arthur would have the opportunity to take advantage of her.

But Arthur's plan was doomed to fail. Qin Yu and Liang Jiahao's relationship was not only good but very good.

"Haha..." Qin Yu smiled stupidly, "I like that he takes care of me. It makes me feel like he cares about me."

Arthur looked at Qin Yu in disbelief and said bitterly, "Qin Yu, you are definitely brainwashed by him. Who likes to be restricted? Who likes to be controlled by others? You should be free. You should have human rights. You should do whatever you want!"

### **Chapter 938: He Wanted To Kiss Her And Feel Her Soft, Fragrant Lips**

Han Cihui couldn't bear it any longer. He felt that if Arthur continued, he couldn't prevent his fist from passing through Arthur's face.

Han Cihui snorted coldly. "Arthur, don't push your thoughts to Qin Yu. Qin Yu may be young, but she's not ignorant. She's not a lollipop that you can trick with just a few nice words."

"But I didn't lie to her," Arthur said seriously, "What I said is true! To live in this world is to live as you want. Being ruled by others is very tiring."

At that moment, Fan Xiaobo suddenly shouted through the loudspeaker. "Arthur, Qin Yu, come here."

Qin Yu put the snack in her hand and quickly stood up. She politely said to Arthur, "Director Fan called us. Let's go."

Arthur looked at the bag in his hand and handed it to his assistant gloomily. Then, he walked with Qin Yu.

Fan Xiaobo saw them coming and opened the script. He pointed to one of the scenes and said, "The next scene is supposed to be a kissing scene, but I don't think it's necessary anymore. So let's change it. Why don't you hug for a second, and then Arthur gets on the plane? Is that okay?"

"No!" said Arthur.

That's how the original script should be, more kissing scenes. But it's not a deep kiss, it's just a light kiss.

However, Fan Xiaobo was under great pressure from Liang Jiahao. He didn't dare to let Qin Yu do the kissing scene.

Arthur saw that Fan Xiaobo was frowning and explained to him honestly. "Director Fan, in this movie, the male actor and the female actress are in love. If the man is going to leave, the woman will definitely not be able to bear it. A kiss is the best proof of a woman's reluctance to part with the man."

Fan Xiaobo coughed and looked toward Qin Yu's resting area. Knowing that Liang Jiahao wasn't here today, he was actually quite relaxed. He wanted to continue shooting according to the script.

Anyway, he was already shooting the scene, and by the time Liang Jiahao came back, the shooting was already finished.

"Then ..."

Before Fan Xiaobo could finish his sentence, Qin Yu cut him. "Director Fan, I feel that the relationship between a man and a woman is not something that should be expressed with a kiss or a very intimate act. Although this movie is an international movie, it's also about the integration of Western and Chinese cultures. Didn't you say that the movie must meet the audience's taste? We, the Chinese, aren't so open to this kind of thing. Although kissing scenes are very common nowadays, I feel that in a movie, if there are too many kissing scenes, it would be too tacky."

Qin Yu was rejecting him. Arthur could see it.

When he heard that Liang Jiahao was very strict with Qin Yu, he wasn't quite convinced at first. How could a woman like Qin Yu, who was independent, let a man control her life?

Not to mention that this was just acting. Wasn't acting the most important thing for Qin Yu?

Arthur raised his hand and smoothed his bangs. He said calmly, "Qin Yu, it's not right for you to think like that. Our audience is actually very open. For them, kissing is nothing."

Qin Yu smiled politely. "But I think a good movie should be filmed at a high level. If you use kisses to express feelings between male and female actors and they would kiss every time, hehe.. it will be greasy. Very greasy."

Arthur was about to say something, but he was interrupted by Fan Xiaobo. "So, Qin Yu, what do you think should be used as the replacement for those unspeakable emotions if you don't kiss?"

Qin Yu thought about it and made an analogy. "Let's put it this way. When I saw Titanic, I was overwhelmed. The plot was pretty good, and people didn't kiss all the time. Actually, the thing that moved me the most was the ending. Both the hero and heroine fell into the water. The male lead

pushed the female lead to the ice block and let her climb into it. The female lead wanted to pull him up too, but they were both too heavy. The ice could not support the weight of the two of them. Finally, the male lead went into the sea alone."

"At that time, the male lead knew he was going to die. He looked into the female lead's eyes. That look of hope for her to survive, and that kind of reluctance to part with her, was the real moment that really pierced my heart."

This was a classic scene. Many teachers who taught drama used this scene to teach their students. Qin Yu was so moved by the male lead's love for the female lead that he was willing to sacrifice his life. This kind of love came from the bottom of his heart. He did not need to express it with his body language, nor did he need any sweet words. It was his desire for the female lead to survive that shook Qin Yu's heart.

She continued, "We, the Chinese, have a saying. Our eyes are the windows to our hearts. Our eyes can show our hearts. The teacher who taught me acting also said that we must use our eyes to act. I think ... An actor who learns to use his eyes to act is a really good actor. The emotions in his eyes would prove that he is indeed a good actor, and thus produce a good movie."

Arthur was helpless, and Qin Yu's words made him unable to refute. He wanted to kiss her and feel her soft, fragrant lips. It wasn't easy for Liang Jiahao to disappear, but Qin Yu, herself, was unwilling!

Fan Xiaobo nodded. "What you said makes sense. In order to make a good movie, a concept needed to be there. As long as the concept is there, the feeling will be there."

"Yes!" Qin Yu nodded her head. "That's exactly what I meant."

"All right!" Fan Xiaobo immediately decided, "Let's give it a try. You guys prepare yourselves first and adjust your emotions. Then we'll start shooting right away." [nOvelusb.COM](http://nOvelusb.COM)

"Alright!" Qin Yu and Arthur said in unison.

A good actor can express her feelings with her eyes. Many actors had good acting skills because of this subtle expression.

Qin Yu knew this very well. She also tried her best to get rid of her title as someone who survives through the back door. She wanted to prove to everyone that her success didn't depend on the help of Liang Zixuan and Han Yuanjun. That she could do it herself.

Qin Yu stood there and took two deep breaths. Suddenly, she looked at Arthur.

Arthur was shocked in his heart. Just as he was about to ask her if something was wrong, Qin Yu suddenly said with sadness in her eyes. "Peter, can you take me with you?"

### **Chapter 939: A Big-tailed Wolf**

Peter was Arthur's name in the play. He suddenly realized that Qin Yu was acting with him. He was surprised to find her entering her emotions with indescribable speed.

Arthur, who was infected by Qin Yu's acting, also began to act. Fan Xiaobo then clapped his hands. "Are you guys ready?"

Qin Yu immediately came back to her senses. She smiled and nodded, "Yes!"

Arthur quickly calmed himself down. "Yes, I'm ready."

"Good, let us begin the shooting!" Fan Xiaobo waved at them and instructed them to take their positions.

When Han Cihui, Jia Qiulian, and the others saw that the shooting had begun, they moved aside to watch them.

Jia Qiulian looked at Qin Yu and Arthur without blinking. Her acting experience was too little and was very poor. She had to take notes and learn from these great actors.

When Qin Yu said her lines, her facial expressions, and movements, then Arthur's reaction, the way they communicated with each other—Jia Qiulian took all the notes. And now comes the most anticipated part—the separation.

Qin Yu just stood there. Her eyes filled with love and deep sadness as she watched Arthur put his bag on his shoulder. *novelUSb.cOm*

Suddenly, she took two steps toward him. Just when everyone thought she would either hug Arthur or stand on her tiptoes to kiss him, she suddenly stopped.

Her eyes were filled with reluctance and helplessness. She did not want the man in front of her to leave, but she knew he had to. She really expressed her feelings with her eyes.

Arthur also looked at Qin Yu with the same reluctance and helplessness. They both looked at each other for a moment. Then, Qin Yu's eyes suddenly turned red, and in the next moment, tears welled up in her eyes.

Everyone thought that Qin Yu would cry, but who could guess that she would forcibly hold back her tears and not let them fall? Instead, she smiled. "I will wait for your return."

These few simple words made Jia Qiulian's heart suddenly collapse. She directly let herself be affected by Qin Yu's emotions. She raised her hand to cover her mouth, but tears were streaming down her face.

Arthur also smiled at Qin Yu and nodded. Then he elegantly turned around and did not look back. But as soon as he stepped onto the portal, he collapsed.

"Cut!" Shouted Fan Xiaobo with a smile. "We managed to shoot it with just one take."

Qin Yu heaved a long sigh of relief. She quickly wiped away the tears she had been holding back from earlier.

At the edge of the set, all the staff was clapping for them.

Qin Yu bowed politely to everyone and then walked over to Fan Xiaobo with a smile. "Director Fan, can I see the recording?"

"Sure, come, I'll show it to you." Fan Xiaobo excitedly showed Qin Yu the recording. Arthur also walked over and watched it with them.

After the recording was played, Fan Xiaobo happily said, "Qin Yu, you are right. It's really effective to use your eyes to convey emotions in this scene. The most important thing is that you and Arthur are excellent actors. You both acted well and handled your emotions well!"

Arthur suddenly had a new understanding of Qin Yu. "Before, I thought you were just a small actress. When Director Fan chose you, it was because of your fame and beauty in China. But now, I no longer think so. You are so good in your acting that I'm glad to be able to work with you. And I am also glad you are a woman. If you are a man, then I will have another strong competitor."

Qin Yu smiled happily and said, "Thank you for your praise. I will work harder in the future."

Han Cihui stood there with his hands in his pockets. He snorted disdainfully and said to Jia Qiulian, who was beside him. "Look at that Arthur. He looks like a dog. People who don't know him would think he is a gentleman. But Qiulian, I am telling you, if you meet such a man in the future, you'd better stay away from him. Behind Arthur's gentlemanly exterior, he is trying to take advantage of my Qin Yu by using this shooting!"

Jia Qiulian was also a woman and very sensitive to things between men and women. Even though she was an outsider, she also saw through Arthur's intentions toward Qin Yu. Especially when Fan Xiaobo mentioned that the kissing scene would be changed. Arthur was indeed like a full-grown wolf with a huge tail. He was so fiercely determined to protest against it.

"If he said that he wanted to kiss Qin Yu directly, I would respect him as a man. But using such a deceitful way in order to kiss her, it only makes him a vile person."

Han Cihui glanced at Jia Qiulian and nodded with a smile. "You are right. In the future, you may encounter many of these big-tailed wolves, but don't worry. As long as I'm here, I will not let those big-tailed wolves harm you."

Jia Qiulian's heart was slightly moved. She could not tell what the feeling was, only that she felt... a little pain. Han Cihui treated her so well, but she felt like she was not worthy. Maybe because of the previous incident, she suddenly felt inferior. So when she had a man who treated her so well by her side, she felt so moved and so... guilty.

Han Cihui noticed that her expression had changed, so he quickly changed the subject. "Did you take notes during their performance?"

"Yes." Jia Qiulian nodded her head. "Qin Yu has great control over her lines. She has done very well with whatever emotions she had to express. Also, her facial expression and the look in her eyes have given me many points."

"Yes, now you just have to watch and learn more. Arthur is the best actor in the world, and Qin Yu is also the best actress in our country. Learning more from them will help you improve your skill quickly."

A short time later, the filming resumed. Han Cihui quickly held Jia Qiulian's hand and walked over.

Although Jia Qiulian was still a beginner, she possessed high intelligence. Since Fan Xiaobo had high hopes and high expectations for her, after a few rounds of shooting, Jia Qiulian also entered her state of mind.

• • • •

For several days, when Liang Jiahao was away, Han Cihui's pair of eyes not only stared at Jia Qiulian, but also constantly watched over Arthur.

There were several times when Arthur wanted to be alone with Qin Yu, but all his efforts were thwarted by Han Cihui.

Qin Yu was aware of this, and Arthur also understood this in his heart. Gradually, Arthur felt that he had no chance and was no longer attentive to her.

On Liang Jiahao's side, everything was going smoothly. The person who had taken the money from them had helped them steal evidence against Shen Xieren's involvement with the organization and quickly handed it over to them.

As soon as Liang Jiahao received the evidence, he immediately called the police.

Shen Xieren did not go far and stayed in a hotel near the filming site.

When she found out that Li Lingxin had failed and almost killed Fan Xiaobo, she was so angry that she cursed and threw objects violently in the rented room.

She hated it so much.

She obviously had the perfect plan, but she had just met two idiots.

Moreover, Li Lingxin was actually arrested by the police. In her heart, she was afraid that Li Lingxin would open her mouth and expose her. Thus, during these few days, Shen Xieren was like an ant in a hot pan.

But four days had passed and the police did not come knocking on her door. Shen Xieren's courage grew even more.

She knew that Li Lingxin would definitely not betray her. Otherwise, she would already be at the police station.

#### **Chapter 940: If I Were You, I Would Think A Way To Escape**

"Celene, go to the production team and look around. Try to approach the crew."

Celene was Shen Xieren's assistant. Ever since she had been hired by Shen Xieren, she had been doing useless chores. The last time she watched Shen Xieren used an unspeakable way in order to meet Fan Xiaobo. And she really did not like it. In her heart, she really despised Shen Xieren.

She also knew that Shen Xieren had ordered Li Lingxin to frame Qin Yu, and now that Shen Xieren asked her to visit the production team, she immediately knew her intention.

This was because Shen Xieren, herself, was unwilling to go out and had asked her to commit a crime!

"I am not going." Celene sat there steadily and had no intention of getting up.

Shen Xieren's face changed instantly. She glared angrily at Celene and asked threateningly. "What did you just say?" *novelusb.com*

Celene raised her head and fearlessly met Shen Xieren's gaze. "I said I'm not going."

"Good!" Shen Xieren was so angry that she grabbed the tissue box on the side and threw it hard at Celene. "If you don't want to go, then get lost!"

"Ha..." Celene laughed coldly and grabbed her bag before standing up.

Shen Xieren was stunned for a moment and then became restless. "What are you doing?"

Celene looked at her in amusement. "Didn't you tell me to get lost?"

"If I tell you to get lost, will you really get lost?" Shen Xieren shouted, "Why are you so obedient? Let me tell you, if you leave now, then don't even think about appearing before me again! Also, I will not pay your salary for this month!"

"No need." Celene nonchalantly shrugged her shoulders and walked towards the door with her bag. "You can keep my salary for this month and spend it in prison!"

"What?" Shen Xieren jumped up from the sofa in surprise. "Celene, stop right there! What did you just say?"

Celene suddenly turned around and looked at Shen Xieren mockingly. "You have done so many bad things. Qin Yu and the others will definitely not let you go. If I were you, I would not think about how to harm her now. Instead, I will think of a way to escape!"

Escape?

Shen Xieren was very anxious these days. Logically, as soon as Li Lingxin entered the police station and was a little smarter, she would have confessed to the police to protect herself. But until now, the police did not come for her (Shen Xieren).

Shen Xieren could not believe that the police could not find her.

It was too quiet. It was really too quiet.

Seeing Shen Xieren standing there in a daze, Celine scoffed and opened the door, and walked out.

The more Shen Xieren thought about it, the more she felt that something was wrong.

Even if Li Lingxin did not confess, there was no guarantee that she would not suddenly change her mind and decide to confess to the police in the future.

Shen Xieren immediately began to pack her bag. "Run, I have to run. I cannot stay in Los Angeles anymore. I have to go somewhere else."

How could she even think of hurting Qin Yu? At this time, it was wise for her to run away.

Shen Xieren even went so far as to disguise herself in a special way.

She put on a mask and sunglasses, and then hurriedly dragged the suitcase out of the room.

Just as she was waiting for the car downstairs, two police cars suddenly drove up to her.

Shen Xieren's expression changed instantly. She pulled her mask up to her nose, then dragged her suitcase and turned to leave.

A police car pulled up behind her. Two officers got out and shouted at her. "Shen Xieren, stop right there!"

Shen Xieren did not dare to stop. It was impossible for her to stop. She ran like a mouse seeing a cat, running wildly across the street.

The police were not to be trifled with. One of the cars turned a corner and stopped in front of her. Shen Xieren immediately changed her path and ran to the other side. Because she was anxious, she tripped and fell to the ground with a thud.

The two policemen ran to her side with a few steps and held her back. "Shen Xieren, you are suspected of committing murder. Please come with us to the police station to help with the investigation!"

"I do not!" Shen Xieren would not admit it even if she were beaten to death. She fought back, "How can I be involved in a murder? You are wrong. It's not me!"

"If you had nothing to do with it, why did you run away when you saw us?" A police officer had already taken off his handcuffs.

Shen Xieren was so frightened and shouted, "You are chasing me. Of course, I ran away! Let me go. I said it has nothing to do with me. Let me go! If you don't, I will scream!"

With the sound of "Ka", the handcuffs were fastened to her wrists.

Once again, she was handcuffed by cold handcuffs. Shen Xieren was almost going crazy. "Let me go, let me go! Ah! Ah! The police are beating up people on the street, ah!"

This was not a downtown area. There were not many pedestrians on the street, but there were still a few people who stopped and watched the spectacle.

Shen Xieren's hair was scattered to the side, and the sunglasses on her eyes had also fallen down as she struggled. Her mask had also fallen down to her chin, revealing her entire face. Many people recognized her.

"Hey, isn't that..."

"Shen Xieren!"

"Right, the celebrity! What's wrong with her? What has she done?"

"Who knows? Look at those handcuffs. She must have done something bad!"

A passerby sighed. "I didn't expect to see her again after a period of silence. And she was actually arrested by the police on the street. The situation is really chaotic."

Overhearing the passerby's discussion, Shen Xieren shouted loudly, "I didn't do anything! They are persecuting me. Please! The police are beating people up!"

The police officers wasted no time on her and forcefully pushed her into the police car.

Liang Jiahao hadn't been able to return to the production team. He was at the villa and was ready to cooperate with the police at any time with this investigation.

With all the evidence they had, even if Shen Xieren did not plead guilty, the judge would make her plead guilty.

As for the organization, it was unfortunate that they ran into the Han Family this time.

Not only were they caught and their organization collapsed, but their superiors also could not escape either.

The person who had been bribed by Han Szeto had become a dirty witness. It could be said that not only Shen Xieren but also the organization was wiped out in one fell swoop.

At this time, Li Lingxin was locked up in the detention center. She still fantasized that Qin Yu could not find any evidence against Shen Xieren's crimes and would come to plead with her.

She looked forward to the stars, to the moon, the day, and the night. She was looking forward to everything, except the indictment of Qin Yu and Fan Xiaobo.

Li Lingxin immediately broke down. She pulled the guard who was standing outside and asked, "Why are you arresting me? I'm not an American. You cannot convict me!"
