Chapter 951: Why Do We Look More Like Eunuchs The More I See Us

"Wow... So beautiful!" Mo Shan's eyes stared directly at the coronet.

Hou Fen was even drooling. "It's too beautiful! God, why does this coronet look so different from the one in the production?"

Mo Shan looked at her with disdain. "Are you stupid? The crew's props are cheap. Qin Yu's coronet is all made of pure gold. Even the pearl jewelry is real."

Dai Huian suddenly swallowed her saliva and excitedly pulled Mo Shan's hand, saying, "Qin Yu, do you think I can borrow this phoenix coronet when you're done using it? My next movie is just short of this pure phoenix coronet."

Mo Shan rolled her eyes. "Director Dai, wake up! This is a priceless item. Are you sure you want it if Qin Yu lends it to you? If it gets damaged or stolen, are you really willing to pay for it?"

Dai Huian blinked and blinked again. Suddenly, she shouted at Mo Shan. "Why did you wake me up? Can't you just let me daydream?"

Qin Yu heard their conversation and pursed her lips into a smile. "Xiao Dai, if you want it, I'll lend it to you."

"No, no!" Dai Huian shook her head repeatedly, "I can't afford to borrow it, and I can't afford to pay it either if something happens later."

Lin Xiu urged from behind. "Qin Yu, try to move and see if it falls."

"I don't dare to move!" Qin Yu was so nervous that her eyes widened. "I feel like my head is being pushed down by a ten-jin stone. I don't dare to move."

"Hahahaha..." Hou Fen and Mo Shan couldn't help but laugh. Even the dignified and calm Fang Guanting joined in the laughter.

Fang Guanting stared enviously at Qin Yu and couldn't help but sigh. "Looks like being beautiful also has a price to pay."

Mo Shan smiled and nodded. "I dare to say that Qin Yu's appearance today is able to surprise foreigners and even dazzle the eyes of foreign media. But it's really exhausting. Just by seeing her wearing a phoenix coronet, I can already feel how heavy it is."

"It's all right." The stylist said, "You can move. We've fixed it for you. It's not going to fall off. Also, it just feels a little heavy when you put it on because you're not used to it. Once you get used to it, you'll be fine."

"Oh..." Qin Yu tried to twist her neck, but the phoenix coronet didn't fall down. She suddenly jumped up and turned around to make an "okay" gesture to Mo Shan and the others. "It won't fall!"

"Okay, okay, calm down. Stop jumping around."

Lin Xiu walked over and helped Qin Yu sit down on the bed. "Now sit here obediently and wait for Liang Jiahao and the others to come."

Since it was a Chinese wedding, all the bridesmaids, including the elders, wore Song Dynasty dresses. Qin Yu's side was fine with it, but Liang Jiahao's side began to complain.

"Aiya, why is this so difficult? How long do I have to wear it? Tell me, how many layers do I have to put on?" Zhen Yin stretched out his hand and felt that his hand hurt. He still hadn't finished putting on his clothes.

Gong Enlai had already finished putting on his clothes. He looked at himself again and again in front of the mirror. Finally, he turned around and looked at his brothers bitterly. "D*mn! I swore I would never wear this dress in my entire life. I never thought I would actually have to wear it at Brother Liang's wedding."

"That's not a dress." Qin Shanyuan rolled his eyes. "That's the Song Dynasty's suit. Do you even know what the Song Dynasty's suit is?"

"In my heart, as long as it's split in the middle, everything is a dress!" Gong Enlai pursed his lips. No matter how he saw himself, he did not like it. "Why do we look more like eunuchs the more I see us?"

Qin Shanyuan: "...."

Zhen Yin: "...."

Qiu Yang: "...."

Jiang Bao: "...."

Qin Shanyuan glared at Gong Enlai. "You are the only one who looks like a eunuch. We are all rich young masters."

Zhen Yin nodded enthusiastically and said, "Yes, we are rich young masters. You are a eunuch yourself!"

Liang Jiahao came out wearing a big red suit. He wore no hat, but then, he looked good in anything.

As soon as Liang Jiahao came out, these people could not calm down.

"This is what you call a rich young master!" Gong Enlai said angrily, "Look at that suit, it's taylor-made. Brother, you look so handsome today."

Qin Shanyuan's face was full of envy. "Yes, this brother-in-law's style is too cool. In this comparison, brother-in-law is the true playboy, while all of us are like servants fighting against each other."

"Don't be sour." Liang Jiahao patted Qin Shanyuan's shoulder. "Hurry up and get ready. We should not delay the good time."

Qin Shanyuan and the others did not speak anymore. They did not care if they looked good or not. In any case, they were not the main characters today. No matter how nicely they were dressed, no one would look at them.

When they were ready, it was seven in the morning.

Everyone woke up early. After a while, Qin Shanyuan felt a little sleepy. He yawned and asked Liang Jiahao, "Brother-in-law, why are we going there so early? Isn't it too early?"

"It's not early." Liang Jiahao pointed to a big white horse in front of him. "Because I'm riding this horse, it will be very slow..."

"Pfff..." Qin Shanyuan burst out laughing. "Grandfather is too good at playing! He actually got you a horse? By the way, brother-in-law, do you know how to ride a horse?"

Liang Jiahao sneered and walked towards the horse. Before anyone could help him, he grabbed the reins and jumped. Then he sat on the horse and looked at Qin Shanyuan, who was all dazed.

Gong Enlai patted Qin Shanyuan on the shoulder. "There is nothing in this world that my brother cannot do. Hurry up, get into the car."

Qin Shanyuan gulped and whispered to Gong Enlai. "Fortunately, we are riding in a car. Otherwise, if I had to ride a horse, I might pee my pants."

Gong Enlai shook his head. "Can you even call yourself a man if you are even afraid of horses?"

Qin Shanyuan: "...."

Can he make friends happily?

Why did they keep trying to make him lose face?

Qin Shanyuan and the others got into the car while Liang Jiahao's big horse walked in front. Originally, there were two horse trainers that were supposed to accompany Liang Jiahao in case something happened, but Liang Jiahao told them that he could do it, so the two horse trainers got into the car behind.

A big white horse leads 10 luxury cars on the road. It was a beautiful sight.

When had the people of Los Angeles ever seen such a scene?

The onlookers all stopped and stood aside to watch. Even those driving by couldn't resist rolling down their windows to see it.

"What're they doing?"

"Why is the horse walking in front? Why are the cars behind so slow? Are they following the horse?"

Everyone who passed by had puzzled expressions on their faces. Liang Jiahao pursed his lips and said nothing. He sat on a horse with his head held high and his chest puffed out. He continued to stride forward.

Finally, he met a Chinese man. He saw Liang Jiahao sitting on a horse, and a big red flower was hanging from the horse's neck. The cars behind him were also full of happy words. The Chinese man asked Liang Jiahao, "Brother, are you getting married?"

Liang Jiahao smiled and nodded. Although he didn't say anything, he already answered the man.

The man immediately became excited. He quickly pulled out his phone and took a picture of Liang Jiahao's convoy. After taking the photo, he immediately posted it on the Internet. [noVeelUSB.com](http://www.veelusb.com)

"Oh my God! What did I see? I actually saw a horse leading a long line of cars on the way to Los Angeles! There's actually a rich man having a Chinese wedding in Los Angeles! If you don't believe me, I'll show you the photo as proof and the location!"

He posted it on Facebook. Not many people knew about Liang Jiahao there. However, the rumors between him and Qin Yu had become too hot in the country. Therefore, very quickly, someone recognized Liang Jiahao and posted it on his microblog.

"Look! Someone saw Liang Jiahao riding a horse on the road in Los Angeles and leading the convoy! Liang Jiahao and Qin Yu are having a Chinese wedding in Los Angeles today! Ahhhhhh... This is too great!"

Right at that moment, there was a comment from a netizen below. "Look to the side. The foreigners were clearly stunned by what they saw. Hahahaha..."

Chapter 952: Why Hasn't Anyone Congratulated Qin Yu

"Hahahaha, they are clearly blinded by Liang Jiahao's beauty!"

"Aaaaah! I'm going crazy! Liang Jiahao is coming to marry me!"

"100 degree hot water is ready. Wake up upstairs!"

It was clear that Liang Jiahao and the others were not in the country, but the domestic atmosphere was more lively than abroad.

Not only netizens but also many female celebrities were attracted to him.

Liao Nuan, who was previously banned, wrote on Weibo, "Qin Yu, congratulations on your wedding. Finally, the lovers have become a family."

When netizens saw this, they all laughed.

"Look at this one. She's not on Qin Yu's invitation list, so she can only sit at home and congratulate her."

When Liao Nuan saw netizens making fun of her, she was so angry that she threw away her phone.

Originally, there were many small celebrities who wanted to take advantage of Qin Yu's wedding to gain some popularity, but when they saw Liao Nuan being mocked by netizens, they did not dare to post it.

After a while, when the netizens saw that there were no other celebrities congratulating Qin Yu, they started to make a fuss again.

"Why hasn't anyone congratulated Qin Yu? Could it be that she got married, and everyone from the entertainment industry traveled to Los Angeles to attend her wedding?"

All female celebrities: "..."

Forget it, forget it. Let's not fight with these ignorant netizens. No matter what they do, they would still look bad on them.

At this time, no one in Los Angeles was paying attention to the news in the country. They all put on makeup and wore formal clothes.

So many people were invited to Qin Yu's wedding. The Dong Family, the Zhang Family, the Liu Family, all the big families in the business world who were close to the Han Family and the Qin Family, as well as Qin Yu's best friends from the circle, had received invitations.

However, Han Szeto's house really couldn't accommodate these people, so they arranged for them to stay in a hotel.

When it was almost time, they made their way to the meeting hall. After walking down a hundred-meter red carpet, they finally entered the meeting hall.

By this time, Qin Yu was already sitting on the bed in the villa, waiting. The bridesmaids followed the plan they had made yesterday and stood in the right place, waiting for Liang Jiahao and his group of groomsmen to arrive.

"Let's see." Liang Jiaying picked up her phone. "This is the live broadcast I asked Shanyuan to do for me. They have been on the way for an hour and will arrive any moment."

"Let me see!"

Hou Fen, Mo Shan, and the others quickly surrounded the phone. There were so many heads around the phone.

"Wow, why do I think President Liang looks so handsome riding a white horse?" Hou Fen opened her mouth and almost drooled.

Mo Shan shook her head disdainfully. "Hou Fen, do not be enchanted. We are not enchanted by him today, but he will be enchanted by us. We have Qin Yu with us and he will be at our mercy."

Hou Fen pursed her lips. "President Liang has only Qin Yu in his eyes all this time. When did he look at us?"

"Stop talking. Put the phone down. It looks like they are about to arrive." Xia Jingfei reminded them from the side.

"Oh, right!" Liang Jiaying quickly put down her phone. "Although I am not a bridesmaid, but I also have a mission."

After saying this, she picked up the drawing board and quickly ran to the door.

The people in the villa were already in their positions. Lin Xiu looked at the girls, who looked like they were about to face a formidable enemy, and walked nervously, saying, "Girls, when they come later, you must show mercy. Don't play too hard. Okay?"

Xia Jingfei laughed until her waist was bent over. "Auntie, they are not here yet, and you are already feeling sorry for your son-in-law. You are causing us such trouble."

"That's right!" Fang Guanting also laughed and said, "Auntie, he is the one who will marry your daughter. If we do not give him trouble this time, when they marry and live together in the future, our Qin Yu will be eaten clean, and we will not have the courage to speak at all."

When Lin Xiu heard this, she felt that their words made sense, but... Liang Jiahao was her son-in-law. If this mother-in-law did not care about her son-in-law, then who else?

Luo Yanyun heard it from the other side and could not help but laugh. "Lin Xiu, you don't have to worry about him. Let them do their mischief. After all, it's really good for their marriage. The longer it lasts, the happier they'll be. Besides, my Jiahao is not made of tofu. They can do whatever they want with him."

Since Luo Yanyun had already spoken, Lin Xiu really could not say anything more. She smiled and nodded. She looked at the door, then hardened her heart and said, "Alright! Then you all can do whatever you want."

A group of girls stood there laughing. At this moment, the sound of firecrackers was heard from outside. They heard someone shouting. "The groom has arrived. Get ready!!!"

Liang Jiaying immediately raised the drawing board in her hand.

Outside, Liang Jiahao walked ahead with the groomsmen behind him. They all rubbed their fists and prepared to do something big.

As soon as they stepped through the door, they saw Liang Jiaying's drawing board saying, "Stop!"

Then Liang Jiaying stood in front of the door and coughed. She cleared her throat and said, "This mountain I opened and this tree I planted. If you want to live forever, give me money!"

Liang Jiahao looked at Qin Shanyuan. "Give her the red packet."

Qin Shanyuan raised his eyebrow and walked over. He took out a large red packet from his bag and pressed it into Liang Jiaying's hand. "Jiaying, this is the biggest one. I saved it for you. Please let us go."

"Wait." Liang Jiaying accepted the red packet but did not let them pass.

"If you want to join this family, you must pass our family's test!"

"There is still a test?" Qin Shanyuan pursed his lips and retreated with a whoosh.

Two girls dressed in Han servant clothes came with trays in their hands. There was something on the trays.

Liang Jiaying smiled. "This is the Qin Family's exclusive recipe. As long as you drink the stuff in it, I'll let you go."

Liang Jiahao could tell with a glance that it was not a good thing. One was white and the other was green. He turned around and asked his groomsmen. "Who will drink it?"

Qin Shanyuan had just asked Gong Enlai to go, but suddenly several hands appeared behind him and pushed him forward.

He turned and looked at them with a sigh. "Why me?"

Zhen Yin showed his white teeth. He laughed and said, "This is your family's exclusive recipe, of course, you must try it. Hurry up, don't waste our time. Brother and we still have people to deal with!"

Before coming here, Qin Shanyuan had already said that if Liang Jiaying blocked the door, he would go. He also told the brothers not to attack. With the strength of Gong Enlai and the others, she would definitely get hurt as soon as they attacked.

Qin Shanyuan felt sorry for his girlfriend. Gong Enlai and the others knew this, so they worked together and handed Liang Jiaying over to Qin Shanyuan.

Chapter 953: I Never Said That I'd Be Your Sacrificial Lamb

This time, Qin Shanyuan found himself in a dilemma. He looked at Liang Jiaying, feeling all wronged. He pursed his lips and asked, "Do I really have to drink them?"

The maidservant smiled and said, "Young master Qin, don't use the honey trap with Jiaying. It's no use. You must drink!"

Qin Shanyuan took a deep breath. "All right."

He picked up the white glass and sniffed it. There was nothing special about it. He pinched his nose and opened his mouth. He drank it in one gulp. The liquid didn't slide down his throat before he spat it out.

Qin Shanyuan almost cried. "It's damn lemonade! It's 100% lemonade! You guys are too cruel!"

Liang Jiaying pursed her lips and smiled. "Although it's a bit sour, but it's good as an appetizer. You can eat more in the afternoon."

Qin Shanyuan heaved a long sigh and took another glass. This green color wasn't a good sign.

"Is this poison?"

Seeing that Qin Shanyuan was stalling, Liang Jiahao impatiently said, "Brother-in-law, hurry up and drink it. Qin Yu is waiting for me upstairs. If you take a deep breath and drink it, everything will be fine."

"Alright." Qin Shanyuan shook his head and pinched his nose again. He closed his eyes, opened his mouth, and poured the liquid into his mouth.

The pungent and choking sensation made Qin Shanyuan open his eyes and his face turned red. Just as he was about to spit out the liquid, two girls beside him quickly ran toward him. One held him tightly while the other covered his mouth. Qin Shanyuan couldn't spit it out even if he wanted to.

"Tsk, ts, tsk..." Gong Enlai shook his head. "What cruel girls!"

Zhen Yin smiled as he enjoyed the show. "I've often heard that in this world, women are the most violent, but I didn't believe it. But today, I saw it."

"Cough! Cough! Cough!" After Qin Shanyuan drank the drink, he felt tears welling up in his eyes. He felt like losing his temper. "I...I...I will, this... this... this...the...the... Yes, yes, mustard! Spicy, cough, cough..."

"Hahahaha..." The girls next to him laughed and bent over when they saw Qin Shanyuan's miserable face.

Even Liang Jiahao couldn't help but laugh. He raised his hand and patted Qin Shanyuan on the back. "Are you that happy?"

"Happy, my ass!" Qin Shanyuan's blood spurted from his body because of the spiciness. He also wanted to jump and tear down the roof.

Liang Jiaying smiled and made a way. "Congratulations. You've passed our first round of tests. You can enter now."

Liang Jiahao and the others breathed a sigh of relief. But after just two steps, they were stopped again by a bridesmaid.

Liang Jiahao knew that things wouldn't be that easy. He looked up at the stairs. Sure enough, the rest of the bridesmaids were standing in just a few steps. If they did not play him to death, they would not let the matter rest.

At today's wedding, anyone can lose their temper, but only Liang Jiahao cannot be angry.

He smiled and asked, "What's the test now?"

Xia Jingfei bit her lip. For some reason, her face suddenly turned red.

She looked behind her and saw Hou Fen and the others waving enthusiastically at her. She quickly gathered her courage and looked back at Liang Jiahao.

"Guan Jujiu, in the River State, a beautiful woman is a good match for a gentleman." *NOVELUS&.COM*

After she finished speaking, she looked behind Liang Jiahao. "Those people are all soldiers, aren't they?"

Liang Jiahao could tell that they weren't here for him. He quickly stepped aside and showed Gong Enlai and the others. "Yes, they're all my brothers from the army."

Xia Jingfei nodded and blushed even more. "The sword matches the hero, the hero matches the beauty, we ... "

Gong Enlai couldn't wait anymore. The more Xia Jingfei talked, the redder her face became. The slower she spoke, the more impatient he became. He no longer had time to wait for her to finish her sentence. "What do you want? Speak."

His tone was so domineering that the women behind Xia Jingfei became excited.

"We want ..." Xia Jingfei grabbed her dress with both hands. "We want ..."

"Red packet, right?" Qin Shanyuan couldn't take it anymore. He quickly took out a bundle of red packets from his bag, "Take them. I'll give them to you guys. Get out of our way!"

He grabbed the red packets and threw them into the air. The red packets fell, but no one picked them up.

Liang Jiahao looked at him with disdain. "Which bridesmaid is short of money? Qin Shanyuan, you idiot? They don't want red packets!"

Qin Shanyuan was stunned. "What do they want if they don't want the red packets?"

Xia Jingfei felt her face burning. She nervously said, "We ... we ... we want ..."

After a long time, she didn't say what she really wanted.

Forget about the groomsmen, even the bridesmaids in the back can't take it anymore. Hou Fen was the bravest. She shouted at the top of her lungs, "We don't want the red packets. We want you guys!"

"What?" Gong Enlai and the others were all stunned.

"You want who? Who do you want?" Zhen Yin widened his eyes and asked in disbelief.

The bridesmaids laughed and said at the same time, "We want all of you!"

The old people watching from the side laughed. The scene was more lively than in the market.

"Aiya, I'm leaving now." Jiang Bao was helpless. "Brother Liang, I said that I'd be your best man, but I never said that I'd be your sacrificial lamb!"

Liang Jiahao looked at them, trying not to laugh. "Isn't this what you want?"

"No, no, no..." Qiu Yang quickly waved his hand. "We can handle one person, but... looking at them... Even if we're made of steel, we can't handle them."

Most importantly, there were several aunties in the bridesmaids' group. There was even a grandmother among them. No one knew whose relatives they were, but they were all standing in the group. What if... What if they asked them to help the poor...

Who could bear that?!

Chapter 954: Since You Need Us, We'll Satisfy You

Gong Enlai immediately waved his hand, and Zhen Yin and the others surrounded him.

"They don't want red packets. They want people. What should we do?"

Jiang Bao said, "Then use the plan Brother Liang gave us. Facing such unreasonable people, this is indeed a good plan."

"Agreed!" Qiu Yang and Zhen Yin both agreed.

After they finished their conversation, they went to their positions. Gong Enlai walked up to them first. "Well, since you need us, we'll satisfy you!"

With these words, he made several hand gestures at his side. They were all old comrades. When they saw the hand gestures, they immediately understood.

Gong Enlai went up and took Xia Jingfei. Then he threw her to the side. "Beauty, sorry for offending you!"

"Ah!" Xia Jingfei whirled through the air. Before she could react, she was already sitting on the ground.

Before she could scream, a group of voices followed her.

"Ah ... What are you doing? Are you a bandit? Let me go, let me go!"

She looked up and saw that Gong Enlai, Zhen Yin, Qiu Yang, and Jiang Bao were leading the way. It didn't matter if it was a boy or a girl, as long as they were people, they'd take them and throw them aside. In no time, they'd paved the way for Liang Jiahao without any obstacles.

Liang Jiahao and Qin Shanyuan casually followed behind them. Seeing how strong these soldiers were and how they threw the girls to the ground without showing any mercy, Qin Shanyuan couldn't help but twitch the corners of his mouth.

"Brother-in-law, is this what you mean by going up there and doing something?"

Liang Jiahao raised his eyebrow. "What else do you think?"

If everything was like Han Yuanjun's wedding, when would he be able to see Qin Yu? novelusb.com

This was his wedding and he was the master of everything!

Qin Shanyuan immediately nodded in awe. "This move is too great! It's just... they're a bit cruel. I saw that the girls couldn't even get up after being thrown to the ground by them."

"Don't worry about it." Liang Jiahao smiled. "They know what they're doing. They won't do anything harmful. These girls will be able to get up in a minute or two. By that time, we were already upstairs."

Qin Shanyuan: "...."

Awesome!

This was the coolest action he'd ever seen at a wedding!

"Ah, no, no, let me go!" Hou Fen had already been picked up by Zhen Yin. Who would have thought that her desire to live was so strong that she had both arms and legs wrapped tightly around Zhen Yin's body?

Zhen Yin wanted to drop her, but she wouldn't let go.

When the few people standing behind Hou Fen saw the pathetic state of the bridesmaids' group, they all ran upstairs in fear.

Zhen Yin was helpless. "Beauty, can you let go?"

"No, no!" Hou Fen didn't let go. Instead, she hugged Zhen Yin even tighter. "No!"

Gong Enlai and the others were almost finished. Their path was horizontal and unobstructed. When they saw Zhen Yin being embraced by beauty, they all laughed unkindly and ignored him. They immediately went upstairs to protect Liang Jiahao.

Zhen Yin was so angry that he shouted, "Wait for me!"

How could Liang Jiahao wait for him? There was still a fierce battle going on up there.

He turned around and looked at Zhen Yin. "Brother, let them release their anger."

As soon as he finished speaking, the girls who had been thrown to the ground by Gong Enlai and the others had already jumped up from the ground.

Mo Shan pointed at Zhen Yin and said, "Sisters, avenge the injustice! All of you, go and beat him!"

"What?" Before Zhen Yin could react, he felt several blows on his back. Every fist that landed on his body was like raindrops.

Zhen Yin no longer cared about Hou Fen. He raised his hands, hugged his head, and began to dodge. "Sisters, please show mercy!"

"Did you show mercy when you dumped us earlier? You want us to show mercy? In your dreams!"

Hou Fen had long since released Zhen Yin. She joined the group of girls and defeated him.

Zhen Yin really could not fight four hands with two fists. Besides, when he was surrounded and beaten by a group of girls, he was afraid that he would hurt someone in the mess, so he could only hold his head and beg for mercy.

Even as Liang Jiahao and the others went upstairs, they could hear Zhen Yin's pitiful cries from downstairs.

Qin Shanyuan stretched his neck back. "Aren't we being too cruel by leaving him behind?"

Gong Enlai touched his nose. "The revolution will take casualties. Do not look at the process. We must only look at the results."

As they spoke, they had already arrived at the door of Qin Yu's room. There was only one person standing there. She was Qin Yu's cousin. The girl seemed gentle and quiet. She looked very much like Qin Yu.

When Qin Shanyuan saw that it was his own sister, he immediately puffed out his chest and walked toward her. "Xiurong, let big brother in, okay?"

Qin Xiurong had been standing there for a long time. She could not contain her curiosity and took a few glances at the battle downstairs. She opened the door for several people when they ran upstairs and let them hide in Qin Yu's room.

Needless to say, when she saw Gong Enlai and the others now, her heart was sinking.

"But ..." Qin Xiurong shrank in fear, "But...but..."

She raised her finger and pointed at the two-dimensional code stuck on the door. "Sister said we have to let brother-in-law scan the code before he can enter."

"Scanning the code?" Qin Shanyuan was surprised. "What kind of operation is this?"

Qin Xiurong retracted her neck. When she saw Gong Enlai and the others' eyes widening in disbelief, she was truly afraid that they would hit her. She whispered, "That's sister's account. Let brother-in-law transfer all his personal money to her, and then you can come in."

Jiang Bao smiled and shook his head. "You girls really know how to play."

Qiu Yang looked at Liang Jiahao. "Brother, hurry up. Don't hesitate. Give all the money to sister-in-law."

Only now did Liang Jiahao realize how stupid his decision was.

"When we got the certificate, I gave all my assets, including my salary card, to Qin Yu. Where am I going to find the money now?"

"What?" Gong Enlai and the others were close to tears. "Brother, are you really that obedient? You gave her everything?"

Chapter 955: Are You All Soldiers Or Bandits

Liang Jiahao nodded. "I give them all to her. Qin Yu only gives me twenty thousand as pocket money every month."

"Then there must be some left, right?" Qiu Yang hurriedly urged Liang Jiahao. "Brother, just pay as much as you have now. Don't waste time."

Liang Jiahao sighed and took out his phone. During this period of time, he saved eighty thousand yuan. He was not willing to spend it all. Now, he had to give it all up. A man who could do what he was doing now was truly amazing!

From now on, he could only be a commoner.

Liang Jiahao scanned the code and transferred the money.

When Qin Yu heard her phone ring twice, she immediately picked it up joyfully. When she saw the text message about the transfer of eighty thousand yuan from the bank, she was very happy. "Xiao Liang is really an honest person. He actually gave me all his personal money."

She raised her head and looked at the sisters who were eavesdropping in the doorway. "Let him in."

"No way!" The girls smiled. "My brother-in-law has handed over the money to you, but we haven't received the red packets yet!"

Qin Yu: "...."

Alright, you guys can play as you wish!

However, Liang Jiahao had run out of money. All the money was in Qin Yu's hands.

Liang Jiahao put down the phone. "Can I come in now?"

At this moment, a girl's laughter rang out from the room. "No, brother-in-law. Not yet. Where are our red packets?"

Gong Enlai immediately became unhappy. "Didn't we agree? As long as Brother Liang gives all his private money to sister-in-law, you will let us in?"

"That's for our sister. Just because brother-in-law gave her the money does not mean we will take it too. Brother-in-law, if you want to come inside, you have to pay for the toll. Give us red packets!"

Liang Jiahao sighed and took a step back. He pointed at the door. "Go, do it for me!"

Gong Enlai and the others immediately understood the meaning. Qin Shanyuan saw what was happening and immediately retreated to the side.

Gong Enlai raised his hand and knocked on the door.

"You are surrounded by the police! Open the door! If you release the hostages and surrender, we can let you go easily. Otherwise ..."

Qiu Yang was protecting Jiang Bao. Jiang Bao took out a wire from his pocket and inserted it into the keyhole. He twisted the wire slowly and heard the sound of the door unlocking. Gong Enlai shouted and pushed his way in with Qiu Yang.

Qin Shanyuan and Qin Xiurong's eyes widened when they saw this.

"This ... this works too?"

"This operation is too great! Are you all soldiers or bandits? How do you know all this?"

The girls inside did not expect the door to open suddenly. They blocked the door with all their might.

But Gong Enlai and the other two were not vegetarians. In their eyes, it was like hitting a stone with an egg.

"Brothers, charge hard!" Gong Enlai instructed. The three of them exerted their strength together. In just one round, they mercilessly pushed open the door.

They even pushed the door to the floor.

Suddenly, there was a scream. Gong Enlai and the others were so startled that they immediately let go of their hands.

Quickly, the two girls pulled the door out of the floor. They looked at the girl who was almost flattened by the door and showed sympathy.

Liang Jiahao swaggered into the room. He thought there weren't many people in the room, but...

The whole room was filled with people!

Gong Enlai and the others knew that they had committed a great sin today. They did not want to be hounded after this wedding. Immediately, they pulled Qin Shanyuan. Without waiting for him to move, they began to touch his body.

Qin Shanyuan exclaimed helplessly. "I will do it myself. I can do it myself!"

Gong Enlai and the others did not care about it. They took out all the red packets on him and fawned over everyone in the room.

"Little Missy, I hope you will have great fortune all your life."

"Sister, I offended you earlier. Please forgive me."

"Little Missy, we are new here and we are not reasonable. Please be magnanimous, my lord."

The people in the room took the red packets and their anger disappeared by more than half.

Gong Enlai and Qiu Yang saw Liang Jiahao standing dazed in front of Qin Yu. The two of them walked over, and one of them grabbed Liang Jiahao by the shoulder and pushed him down forcefully.

"Kneel down!"

Liang Jiahao was completely off guard. He was forced to kneel by his groomsmen.

He turned around and looked at Gong Enlai and Qiu Yang in confusion. "What are you doing?"

Gong Enlai retracted his neck but still said honestly, "Brother, you must lower your head when you are under someone else's roof. There are so many of them here, we have no choice. We have suffered great losses, but fortunately, we managed to bring you in. From now on, we can't help with anything else. You should pray for your own good."

"I..."

Before Liang Jiahao could say anything, Qiu Yang said, "Sister-in-law is so beautiful. Get down on your knees, and don't get up!"

"Yes!" People around started laughing. "Kneel down! Don't get up!"

How else were they going to make up for the shock they had just suffered?

Shouldn't they torture Liang Jiahao for that? *novelusb.COM*

Liang Jiahao sighed. "Alright, I'll kneel down."

Qin Yu saw Liang Jiahao kneeling in front of her and felt her heart ache. She pursed her lips and reached out to him. "Stand up."

"No, he can't." Gong Enlai put his hand on Liang Jiahao's shoulder and pushed Liang Jiahao down when he tried to stand up. "Brother Liang needs to sing 'Conquer'. He could only get up after he finished singing."

Liang Jiahao: "...."

Were they really his groomsmen?

He was more tormented by them than by the bridesmaids' group. It's even more torturous!

But there was nothing he could do about it. He had to take the bride away today.

Liang Jiahao cleared his throat and began to sing loudly. "I was conquered by you just like that and cut off my path to retreat. My heart is strong..."

This was the first time Qin Yu had heard Liang Jiahao singing. She really didn't expect that he could sing so well.

Even the girls next to her started clapping. "Brother-in-law sang well!"

After Liang Jiahao finished singing, he looked helplessly at Gong Enlai. "Can I get up now?"

Gong Enlai coughed. He looked at the girls standing next to Qin Yu. "Sisters, do you think he can get up now?"

In terms of survival, Liang Jiahao really admired Gong Enlai.

Why the hell did he hire a traitor!

Qin Yu looked at the younger sisters beside her. "Alright, that's enough. Let him stand up. The floor is very cold."

One of the girls said, "Since the bride loves you so much, you can get up now."

Liang Jiahao stood up happily and walked toward Qin Yu, but he was stopped by Qin Xiurong.

Chapter 956: I Only Said It Once, And You Already Memorized Everything

Qin Xiurong was really a little afraid of Liang Jiahao. Although she was standing between him and Qin Yu, she was so nervous that her neck shrank.

"In this family, we have a set of rules that the groom must abide by. Brother-in-law, please remember the rules of this family first and then say them out loud three times."

Liang Jiahao nodded patiently. "Okay, say them."

Qin Xiurong said, "The first rule of the Qin Family is to listen to your wife when it comes to small matters. The two of you can discuss big matters, but in the end, you must obey her unconditionally."

"The second rule of the Qin Family is that your wife is always right. Even if the wife is wrong, she's still right! You must coax her and pamper her. You can't be angry with her."

"The third rule of the Qin Family is to follow these two rules strictly. The family is harmonious, and we love each other. "

Everyone: "..."

A husband had no real status at home in this family.

He had to obey everything his wife said. He couldn't say two if she said one. If she said go west, he couldn't go east.

And if his wife was wrong, he still had to indulge, coax, and tell her that she was right and he himself was the wrong one.

Many people couldn't accept this in their hearts, but Liang Jiahao only needed to hear it once, and he had memorized everything. More than that, he had memorized everything clearly.

Qin Xiurong said in surprise, "I only said it once, and you already memorized everything?"

Liang Jiahao stood there and said seriously, "I don't need to memorize it because that's what I always do."

Everyone: "... " *NovelUSB.com*

Gong Enlai and the others suddenly realized something. Gong Enlai almost knelt down in front of Liang Jiahao. "Brother, I wonder why I'm still single until now. Apparently, my comprehension skills aren't good enough."

Jiang Bao gave Qin Yu a thumbs up. "Sister-in-law, you have trained Brother Liang well! Awesome!"

Qin Yu pursed her lips and nodded seriously. "Xiao Liang is always like this."

"I can't take it anymore. Hurry up and let my brother-in-law take the bride away. I can't afford to eat this dog food. I still want to eat a big meal in the afternoon!" Qin Shanyuan rubbed his nose as he said this.

Everyone followed him, "All right, you can take the bride away."

Qin Xiurong didn't say anything else. She immediately stepped aside and made way for Liang Jiahao.

Liang Jiahao walked two steps with a smile and finally squatted down in front of Qin Yu. He saw a pair of embroidered shoes on the ground and didn't need anyone to remind him. He picked up the shoes and quietly put them on her.

Qiu Yang used his elbow to hit Qin Shanyuan. "Did you see that? This is called self-awareness."

Qin Shanyuan nodded. "That's why my sister married him. Our family is at ease."

After Liang Jiahao finished putting on the shoes for Qin Yu, he turned away. He patted his shoulder. "Wife, get up. I'll carry you down."

Qin Yu felt a little embarrassed. There were so many people here. She smiled and bit her lip. Then two girls helped her up and slowly put her on Liang Jiahao's back.

Liang Jiahao's back was very wide. The moment Qin Yu leaned forward and hugged his neck, she truly felt that she was really getting married.

She was no longer a little girl sleeping alone. From now on, she had a home. From now on, there were other people in her life.

Someone who could accompany her throughout her life.

Liang Jiahao carried Qin Yu on his back and slowly stood up. It was not because Qin Yu was heavy, but because her skirt was very long, and he was afraid that if he suddenly stood up, Qin Yu would not be ready and would panic.

After he stood up completely, he held Qin Yu with both hands firmly and smiled gently. "Qin Yu, let's go."

Qin Yu blushed and nodded. "En, let's go."

Everyone cleared the way and immediately went down to tell the people below to make way. Behind Qin Yu and Liang Jiahao, there was a group of little girls strewing the ground with flower petals. The festive atmosphere became more and more lively.

Because of her big belly, Liang Zixuan did not dare to approach the people. She and Han Yuanjun stood in the doorway and watched as Liang Jiahao led Qin Yu out of the room.

When she saw everyone's happy faces, her eyes suddenly turned red. In the next moment, tears fell.

This made Han Yuanjun very nervous. "Baby, why are you crying on this beautiful day? You must not cry..."

"I'm fine!" Liang Zixuan wiped her tears on Han Yuanjun's shoulder. Then she smiled. "I'm crying because I'm so happy. I finally got to see my brother get married. The feeling is really ... beautiful."

In the past, she had no one to rely on. She was locked in a dark house, day after day, year after year. At that time, she never thought about the future, and she never thought she would have so many family members. And friends...

To her, Liang Jiahao was the closest person in the world.

It was great. She was still alive, and her brother was still alive too. They had all found their own happiness.

Han Yuanjun could understand Liang Zixuan's feelings. He put his arm on her shoulder and said in a low voice, "Don't worry. In the future, we will be happier. In the future, our family will be together. No one will be missed."

"En!" Liang Zixuan nodded and gently rubbed her belly. "There are two more months until the little one comes out. Our family will surely be more lively then, right?"

"Of course!" Han Yuanjun kissed Liang Zixuan's forehead, "Let's go too. Even if we don't follow them to the street, we still have to go to the city hall."

When the invitation was sent out, it said to enter the venue at ten o'clock. So not many people followed the wedding convoy. It was time for them to go to the venue one by one.

As Liang Jiahao's sister and Qin Yu's uncle, of course, Liang Zixuan and Han Yuanjun had to come along.

On the way, Liang Zixuan received a call from Han Cihui.

"Sister-in-law, why aren't you here yet? Our crew has already gone inside. I'll wait until you two arrive before we go in together." Han Cihui asked anxiously from the other end of the phone.

Chapter 957: It Was Like That Day Would Come And He Would Leave Her Just Like That

Liang Zixuan smiled gently. "Don't panic. We have just finished here and are on our way."

Han Cihui hesitated for a moment but finally gathered his courage and whispered, "Sister-in-law, I brought a girl. She... she is not familiar with this place. Other than Qin Yu, I don't know who to ask for help. Can you... please help me take care of her?"

Liang Zixuan leaned into Han Yuanjun's arms. Hearing Han Cihui's nervous words, her eyes curved into a smile. "Don't worry, Qin Yu has already told me about that. Her name is Jia Qiulian, right? Wait there. We will go inside together later."

"Okay!" Han Cihui breathed a sigh of relief. "Sister-in-law, I'll be waiting for you."

After hanging up the phone, he excitedly said to Jia Qiulian. "Do you know my sister-in-law? She is Liang Zixuan, a famous singer in the country, and she also did a TV series."

"I have heard her songs." Jia Qiulian nodded. "I like them very much."

"Yes, that's her. I just told her about you and she immediately agreed. Qiulian, I am telling you, if you really want to stay in the entertainment industry, just like Qin Yu, she is the right person who could help you. She is not only the wife of the CEO of Han Group but also the next matriarch of our family! As long as you associate with her, you will find a strong backer. Even ... even without me, you can still survive well."

The last sentence made Jia Qiulian's heart ache. She did not know why Han Cihui always had such an assumption whenever he told her about her future.

It was like... it was like that day would come. He would leave her just like that.

And now he was looking for a way out for her.

A way out so that she could survive.

Jia Qiulian lowered her head in frustration. She held back her pain and nodded slowly, "I know. I will do my best."

Han Cihui looked at her lowered eyes and his heart sank as well. His hand gently caressed her face. "Qiulian, don't worry. No matter what happens, I will not force you."

Jia Qiulian knew that Han Cihui would not force her, otherwise, he would have already made her climb onto his bed to survive.

But he did not.

Jia Qiulian's eyelashes trembled slightly. She sniffled and held back the sadness as she said softly, "I know."

"Okay, okay." Han Cihui suddenly laughed without thinking. "Don't make a sad face today. Today is a good day! Look outside..."

Han Cihui pointed out of the car window and said with a smile. "There are a lot of media taking pictures outside. There are even a lot of fans and passersby watching. After we get out of the car, we will walk the red carpet with my brother and sister-in-law. This would be the beginning of your step into the entertainment circle!"

Wherever Liang Zixuan and Han Yuanjun appeared, all the media would crowd around them to get their pictures or developments about their lives.

Being together with them, Jia Qiulian, who had never shown her face on camera, certainly would attract speculation from all sides.

Whether it was good or bad, it was still a kind of popularity.

The reason Han Cihui didn't follow Fan Xiaobo and the others onto the red carpet first was that he wanted to give Jia Qiulian a bigger show.

And there was no appearance that could be compared with Liang Zixuan and Han Yuanjun's appearance.

While they were talking, Han Cihui's phone rang. He picked it up and saw that it was a call from Liang Zixuan. He immediately picked it up.

"Hello, sister-in-law."

Liang Zixuan said, "We'll be there soon. Have your car follow us from behind. When the time comes, we'll get out together."

"All right." Said Han Cihui cheerfully. "Thank you, sister-in-law!"

After hanging up, he saw Han Yuanjun's car coming. He quickly told the driver, "Follow the car. If they stop, we'll stop too."

The driver nodded and followed Han Cihui's instructions. He drove the car behind Han Yuanjun's car.

Han Yuanjun's car stopped in front of the entrance, and immediately, two people went over to open the door for them.

Han Yuanjun was the first to step out of the car. Then he turned around and carefully helped Liang Zixuan out of the car.

When many media people saw them, they immediately pointed their cameras at them. "It's Han Yuanjun! Han Yuanjun and Liang Zixuan are here!"

In the blink of an eye, countless flashlights flashed on Liang Zixuan and Han Yuanjun.

Behind them, Han Cihui's car also stopped. Two helpers ran to open the door for them. Han Cihui got out of the car and turned around. He reached out his hand in a gentlemanly manner and pulled Jia Qiulian out.

Liang Zixuan and Han Yuanjun stood there and deliberately waited for Han Cihui and Jia Qiulian. Only when Han Cihui and Jia Qiulian reached them did the four of them walk side by side toward the red carpet.

At this time, a girl in the crowd shouted. "Zhao Kang, did you see that? That's Han Yuanjun! Oh my god! He's taller and more handsome than I thought! Ah... that's Liang Zixuan. You don't know but she is the object of everyone's envy, especially girls in our country. They're all envious that she married a good man like Han Yuanjun!"

Zhao Kang didn't really feel like watching the show. If the girl next to him hadn't insisted on holding him back, saying that there would be many celebrities coming today, even the top businessmen in the country, he wouldn't have gotten up early in the morning and come here.

"That's Han Cihui! He's Han Yuanjun's cousin. Oh my god...I didn't expect all the men in the Han Family to be so handsome! Hey, wait... who is the girl between Han Cihui and Liang Zixuan? Why haven't I seen her before?"

As the girl spoke, Zhao Kang saw her too.

This girl...

Wasn't that the girl he had dumped, Jia Qiulian?

What was she doing here? nOvelusb.com

Why would Jia Qiulian be with these big shots?

Zhao Kang's heart suddenly sank and jumped up again. He didn't know what he was feeling. In short, an indescribable feeling of jealousy and hatred arose in his heart.

Chapter 958: One Day, You're Going To Get Down On Your Knees And Lick My Shoes!

When Zhao Kang dumped Jia Qiulian, he did not expect that one day she would appear in front of him again. He felt that a girl like her could only have a good face, but... without the support of her family, she was a burden, a stumbling block on his path to success.

"Zhao Kang!" The girl beside him tugged at him. "Have you seen that girl? Is she in the entertainment industry or what?"

At this moment, Zhao Kang saw Jia Qiulian walking a little slower and then Han Cihui extended his hand to her. She naturally held Han Cihui's hand and he smiled gently at her.

Jia Qiulian's face immediately showed a shy smile and they both quickly followed Han Yuanjun and Liang Zixuan.

Zhao Kang was so jealous that his eyes turned red. "I have never seen her before."

"Oh!" The girl nodded her head. "She might be Han Cihui's girlfriend, and he hasn't shown her in public yet. He just took the opportunity of Qin Yu's wedding to show her off."

Zhao Kang gritted his teeth in disgust. Even looking at Jia Qiulian, he felt that she was Han Cihui's girlfriend.

He really did not expect that Jia Qiulian could climb to the top of the Han Family. He certainly did not expect to meet the girl he hated again, but this time, he could only stand on the ground and raise his head to look at her from a distance.

The feeling was really too bad!

Zhao Kang also wondered if Jia Qiulian had had an affair with Han Cihui before he broke up with her. Otherwise, how could she have gotten the fifty thousand dollars just by selling the shop?

Could it be that Jia Qiulian had told Han Cihui about it, and he had generously given her the money?

No wonder she did nothing when she saw him with this girl. She just stood there and watched him from a distance. When he tried to chase her, she turned around and left without turning back.

He did not see even a drop of tears on her face.

So it turned out that she had betrayed him back then!

And he was the one who was abandoned!

"Aiya, they have already gone inside. Such a shame. I still want to see Han Yuanjun and Han Cihui. I am so envious of the girl next to him. Her life is too good. She was actually chosen by Han Cihui! If she really married into the Han Family, it would be a real marriage to a rich family. I am so jealous of her!"

Due to her excitement, the girl continued to grumble. "Han Cihui is the last unmarried grandson in the direct line of the Han Family. If he is married, then all women are forced to stop dreaming. Sigh ... It's a pity, a real pity!"

Zhao Kang suddenly turned around and angrily said with red eyes, "You feel wronged for being with me? You also want to climb the high branches of the Han Family? Hmm? Am I that bad?"

The girl looked confused. "Zhao Kang, what are you talking about?"

Zhao Kang's eyes widened with a ferocious look. He gritted his teeth and said, "I tell you, you women are despicable! You only have money in your eyes! What's wrong with a man being poor? If you want to climb a higher branch, you can go! Let's see if you have the face to climb!"

"Is there something wrong with you?" The girl's face darkened with anger. "I was just saying it casually. If I don't like you despite your poor background, how can I let you lie to my parents like that?"

"If you don't like me being poor, then what is that?"

Zhao Kang felt that his pride had been greatly hurt. It was as if a knife was cutting into his heart and slicing his flesh.

"If you don't care about my poverty, why do you want me to put on fancy clothes? Why do you want me to rent a fancy car? Why do you want me to treat your parents to the most luxurious meals in a five-star hotel in Los Angeles? I don't get it. What's wrong with me being poor? I'm poor, so you girls don't like me? Let me tell you, one day, you're going to get down on your knees and lick my shoes!"

The girl never thought Zhao Kang would say such a thing.

When Zhao Kang chased after her at that time, he pretended to be a second-generation rich heir and showed no mercy when it came to spending money on her.

But when the two of them got into a relationship, she unexpectedly discovered that he was a poor man.

But she didn't hate him. Wouldn't that be proof that she loved him?

She also teamed up with him to lie to her parents. She had done so much for him, but in his heart, he actually looked down on her and insulted her.

"Haha..." The girl laughed mockingly. "Zhao Kang, you do have a conscience, don't you? If I looked down on you, I wouldn't be with you anymore. Everything you eat and wear, you get from me! Where do you think you'd be without me? Probably on the street eating shit!"

"Pa!" The girl's face suddenly turned to the side, and her face turned red with pain.

She looked at Zhao Kang in disbelief and shouted like a madman. "Zhao Kang, you dare to hit me?" *novelUsB.COM*

Zhao Kang shook his sore hand and looked to the side. He didn't take the girl's sadness seriously at all. "Cheap mouth like this, you should be grateful that I only hit you lightly."

"Good!" The girl looked at Zhao Kang in dismay and nodded angrily. "Zhao Kang, you really can do it! Not only did you use me, but you also hit me! Back then, I was really so blind to like you!"

Zhao Kang's lips curled up in mockery. "Don't make it sound so bad. Weren't you happy with me? Didn't I make you feel good? You gave me money to spend, that's what you wanted. I didn't put a knife to your neck. And that's normal in a relationship!"

The girl frowned as she looked at him. It was as if she had never seen him clearly before. It was only at this moment that she saw him clearly.

"Good!" The girl lowered her hand and gritted her teeth. "Zhao Kang, let's break up. There's nothing more to say. From now on, don't ever come to me again. I feel disgusted when I see you!"

Chapter 959: Han Cihui Is My Brother

Zhao Kang snorted indifferently. He didn't feel sad at all when the girl broke up with him. On the other hand, when he saw Jia Qiulian and Han Cihui together, his heart ached as if he were about to die.

He did not know why he said those words to hurt the girl. In the past, he would not have offended this girl because she would be his next family.

But right now, he did not feel good. He just felt sad. He just wanted to vent his anger.

Only because of that bitch Jia Qiulian, he was actually sad. He was actually jealous, angry, and wished nothing more than to kill!

The girl left in a rage. Zhao Kang did not stay idle either. He walked around the crowd and wanted to sneak in, but was stopped by the staff at the side. "Do you have an invitation, sir? No one can enter without an invitation."

An invitation?

Oh, that's right. Zhao Kang remembered that today was Qin Yu's wedding. Based on this extravagant event, it was impossible for anyone to enter.

Zhao Kang pretended to touch his body, feigning regret. "Aiya, I forgot!"

"You forgot?" The staff looked at him coldly. From his clothes, they could tell that he was not an invited guest.

The people who just walked in, who among them was not wearing expensive formal clothes? Who among them was not beautifully dressed?

In their eyes, this man before them was dressed like a beggar. How could he be an invited guest?

"Please do not waste our time here. If you don't have an invitation, please leave this place. When the security forces come later, they will not be as lenient with you as we are."

"No, I'm really invited!" Zhao Kang pointed towards the entrance of the hall. "Han Cihui, who came in earlier, is my brother. He has a good relationship with me. He's the one who gave me the invitation."

"Han Cihui?" The staff smiled. "Are you his brother?"

Zhao Kang nodded. "Yes, I am. Look, I even know his name. How could I not be his brother?"

"Hahahaha..." It was as if the staff had just heard a big joke. He opened his mouth and laughed in disgust. "Who doesn't know Han Cihui? Why don't you say that you know Han Yuanjun? I know him too. I think everyone here knows them!"

Zhao Kang was speechless.

It looked like this place was not easy to enter.

What should he do?

There were so many celebrities and business leaders here today. The security in this place must be airtight.

But Zhao Kang did not give up. Finally, he struggled and said, "You know Han Cihui, but you certainly do not know the woman walking next to him. That woman's name is Jia Qiulian. She is Han Cihui's girlfriend. I know them. Let me in!"

The staff did not recognize Jia Qiulian. He glanced at Zhao Kang and would not believe what he said.

"Aren't you Han Cihui's brother? You even know his girlfriend, right? How about calling them with your phone? As long as Han Cihui or his girlfriend comes out to pick you up, I'll let you in."

Zhao Kang: "...."

Asked him to put down his dignity and call Jia Qiulian?

Huh...

He can't do it!

But when he saw that the staff was so businesslike, if he didn't leave, they would call security.

Zhao Kang was a little shaken right now. ηOvElus&.Com

"Alright, I'll call them now and ask them to pick me up."

After saying that, he took out his phone and dialed Jia Qiulian's number in front of the staff. He said to the staff proudly, "Open your eyes wide and look closely!"

In the end, the operator's cold voice came from the other end of the line. "The number you dialed is no longer available."

Zhao Kang: "..."

No longer available?

Could it be that Jia Qiulian changed her phone number after she broke up with him?

The staff member said sarcastically, "My eyes are already wide open. Why didn't you call them?"

Zhao Kang was so angry that his face turned red. Finally, he looked angrily at the door of the place and reluctantly turned to leave.

He was really angry.

He had never been so angry before.

Jia Qiulian had changed her phone number without telling him. Was she going to cut off all her relations with him?

Huh...

He refused!

Jia Qiulian did not want to contact him or see him anymore, but he insisted on finding her!

On the other hand, after Liang Zixuan, Han Yuanjun, and the others entered the hall, Han Yuanjun and Han Cihui had to entertain the guests.

There were so many people here today, not just from the country. Even many big international stars had come.

Some of them were here to give Qiao Hongya a face, and some of them had heard that Han Group wanted to cooperate with Qiao Hongya's two entertainment companies in America and wanted to enter the international market. Besides, Fan Xiaobo had also already finished shooting the first movie.

Qin Yu's wedding today had given Fan Xiaobo enough face. In addition to the media taking pictures of him outside, there were also many other media on the scene. They all ran to interview him and ask him about the new movie.

It seemed like they wanted to take advantage of Qin Yu's wedding to promote the new movie. Many people admired the Han brothers because they could bring in business at any time. After this wave of publicity, once the new movie came out, it was bound to grab everyone's attention.

Therefore, international celebrities also wanted to show their faces and see if they had a chance to work with the Han Group.

Han Yuanjun and Han Cihui were very busy. If Liang Zixuan weren't pregnant, she would definitely go with Han Yuanjun to greet the guests. Her stomach was big, and her pregnancy almost reached seven months. She would feel tired just standing there for a while.

Han Yuanjun felt sorry for her, so he looked for an inconspicuous corner and hid her there. He was really afraid that blind people would run into her. Besides, he had also to watch out for people who tried to curry favor with her to keep her from being upset.

"Don't worry. With Jia Qiulian accompanying me, nothing will happen. Go and do your work." Liang Zixuan smiled and pushed Han Yuanjun away.

Han Yuanjun was still worried and couldn't bear to leave. "Forget it. I'll stay with you."

"Don't!" Liang Zixuan pushed Han Yuanjun's butt as he was about to sit down. "Go quickly. I want to have a talk with Jia Qiulian. It would be really awkward for a big man like you to stand here and listen to our gossip."

"Sister-in-law is right." Han Cihui came and pulled Han Yuanjun away. "Third Brother, can you let the two girls talk alone? Hurry up. There are so many guests here, I can't handle them myself."

Han Yuanjun wanted to say that Han Szeto had also arrived, but when he saw Liang Zixuan pouting and about to act spoiled, his heart softened. "All right, then I'll go. Baby, if you need anything, just call me. I won't be far from you."

"Mmm!" Liang Zixuan waved at Han Yuanjun. "Go."

Han Yuanjun walked into the crowd with Han Cihui.

Jia Qiulian smiled and sat down next to Liang Zixuan. "Your relationship with your husband is really good."

Liang Zixuan looked at Han Yuanjun's back and smiled gently. "Yes, he is very nice to me. We are very happy together."

From the moment Han Yuanjun helped Liang Zixuan out of the car until they entered the main hall, Jia Qiulian saw Han Yuanjun's concern and tenderness toward Liang Zixuan.

This was the happiness that all women envy.

Jia Qiulian was also a woman, so she was also jealous. She wasn't only jealous but also felt indescribable admiration.

For a woman to be able to make a man love her so much, proved that this woman was worthy of love and care.

She thought about herself and unexpectedly sighed softly.

Liang Zixuan heard this and looked away from Han Yuanjun, turning to Jia Qiulian. "What's wrong? Are you not satisfied with your current life?"

Chapter 960: Do You Have Any Feelings For Han Cihui

Jia Qiulian shook her head. "Being alive, I already feel grateful enough."

Liang Zixuan could not help but look at Jia Qiulian's wrist. She was wearing a mink fur coat and the sleeves covered half of her palms. The scar on her wrist was not visible, but Liang Zixuan had heard her story from Qin Yu. She knew that Jia Qiulian had it.

She was afraid that Jia Qiulian would notice something, so she just glanced at her, then looked away. "Then what do you think of Hui?"

Jia Qiulian frowned. "Hui?"

Liang Zixuan smiled and reminded her. "Han Cihui. Sometimes we call him that in the family."

Jia Qiulian nodded. "He is very kind. Being able to meet him in this life is my good fortune from my past life."

This answer was tantamount to not answering. Liang Zixuan smiled and said, "You know what I mean. That's not my question."

Jia Qiulian's fingers gripped the bag tightly. The corner of her mouth twitched and she said with difficulty, "I don't think I deserve him. I'm afraid I'll disappoint him."

Liang Zixuan shook her head. "I'm just asking if you like him. Do you have those feelings for him? Besides, it's not up to you to decide whether you are worthy or not. The main thing is that Cihui thinks you are worthy. It's best for a woman to be modest, but if she is too humble, she will feel inferior. No one likes a person who feels inferior."

"If you keep looking down on yourself, thinking you are not good, then how can you expect others to look up to you? Be nice to you?"

Liang Zixuan had once belittled herself, but she did not feel inferior.

Whatever came her way, she would choose to face it.

Just like when she first met Han Yuanjun, she also felt that she did not deserve the attention of such a powerful man. But as long as Han Yuanjun said that he loved her and really liked her, she would dare to raise her head and chest to accept his affection.

Some people would never get another chance if they missed something good.

Liang Zixuan understood this principle. Therefore, in this life, she held everything firmly in her hands.

Perhaps because she felt comfortable with Liang Zixuan, or perhaps because her tone was so sincere, Jia Qiulian actually had an inexplicable trust in her for no reason. NovelSb.com

It was as if when she was with Liang Zixuan, she could open her heart and pour out the bitterness hidden deep in her heart.

"Liang Zixuan..." Jia Qiulian bit her lip and said softly. "... I have been cheated on and wasted my youth for a man who was not worthy. I also have exhausted all my courage toward love. And now... I really don't know if I can let anyone else into my heart."

Liang Zixuan laughed in relief. She reached out and grasped Jia Qiulian's hand. Her soft tone made her seem very gentle. "Qiulian, who has never met one or two scum people in their life? You were naive once and got fooled, but that was a lesson to you. No one in this family will look down on you. On the contrary, we'll only feel more sorry for you. Tell me, do you have any feelings for Han Cihui? Don't think of anything else when I ask you this question."

Jia Qiulian didn't think about it at all and responded immediately.

"Yes!" She nodded vigorously and her expression was very serious. "I'm not a cold-blooded animal. Of course, I know how good he is to me. I just don't dare to return his kindness. I'm afraid... afraid that after he finds out about my past, he'll become upset with me and will... look down on me."

"As long as you like him, it's enough." Liang Zixuan shrugged her shoulders and fearlessly talked about her past. "If you know about me and are interested in the gossip surrounding the entertainment circle, you should have heard about my past before I married Han Yuanjun. I actually had a boyfriend. That guy was my childhood friend. In the end, he was snatched away from me by my half-sister."

"But I didn't feel inferior at that time. I didn't feel like I wasn't good enough for Han Yuanjun. I was blind once and misjudged a man. But that can only be said because I was too young. I'm young and inexperienced. But that doesn't mean my character is problematic. Look on the bright side. I married Han Yuanjun, entered the Han Family, and now lead a happy life. The elders of the Han Family are very kind to me. Everyone in the world knows about me, don't they? Who's looking down on me now? Apart from the fact that they're jealous?"

Jia Qiulian laughed. "Yes, as long as someone mentions your name, they'll be so jealous. No one says anything about what happened in the past as if people have forgotten about it. Even if someone does, it means the person is blind. If you don't want a good woman, go and ask Wei Xiaoqing for such a woman."

Liang Zixuan also laughed out loud with Jia Qiulian. "Who dares to say that they look down on me now? My husband would rip off their skins!"

After chatting with Liang Zixuan for a while, Jia Qiulian suddenly became enlightened. It was as if a big stone that had been stuck in her heart all this time suddenly fell to the ground. Her heart was also like a mirror as she suddenly thought about it.

It could be said that this was the happiest day in Jia Qiulian's life after she committed suicide.

Because at this moment, she was completely relaxed and free. The feeling of comfort made her feel very happy.

"Right, you're right." Jia Qiulian became happy. Her smile became even sweeter, just like how Han Cihui liked it. Her body suddenly seemed to be enveloped by a layer of light, and her whole body was filled with energy and enthusiasm. "We don't have to hurt ourselves and humiliate ourselves for a scumbag."

Letting go of our past means letting go of ourselves. We need to get back up and live well. Let those scumbags regret it!"

"Who are you calling a scumbag!"

Suddenly, a man's angry voice came from behind them.

Jia Qiulian suddenly felt her back stiffen, and she was stunned on the spot.
