

Beauty and the Bodyguard

Chapter 16 – Caught in the Act

Lin Yi recognized her- she was a famous p*rn actress. He couldnt quite remember her name, however.

It didnt matter. The lady had a very alluring figure, and a horny personality. Her work left a deep impression on Lin Yi whenever he would watch her.

He wanted to hit himself in the head. The password was right there on the tv for him, the whole time!

It was a first for Lin Yi to watch p*rn on a big HD screen. Hed always go about his business on his ten inch laptop, but never were they leisurely experiences, since he had to be careful for the old man. The images werent very clear, either.

His blood started pounding, and Lin Yi had to hold himself back from going right in front of the screen.

Haaahh So tired That damn Yao Yao, keeping me up all night. How am I supposed to fall asleep anymore

Chen Yushus voice came from the second floor, and she was walking down the stairs.

Lin Yi had sensitive ears, and he managed to catch every word with ease.

He did not want Yushu to catch him watching p*rn in the living room.

He was standing beside the tv, and Lin Yi understood that he wouldnt make it to the remote in time. Without much thought, he reached out and turned only the tv screen off.

He then looked out the window, pretending to be deep in thought.

Lin Yi felt that he was an unfortunate man. After the whole first kiss thing last night, getting caught watching porn in the living room was the last thing he wanted to do. Hed be kicked out right away for that!

He didnt mind being a study companion for the Miss, since the pay was much higher than any job hed ever done. There was also good food every day, and a good living space. It wasnt a job he wanted to throw away.

The key here was that itd be the Miss kicking him off the mission, instead of him resigning himself. He would have to live his life in shame if the old man found out.

He sighed, pissed at himself. Why the hell was he trying out the password in the first place?

But Lin Yi supposed that Mengyao was to blame, as well. Couldnt she have changed the password?!

Ah-!

Yushu jumped the moment she saw a man standing by the window.

She remembered Mengyao, who was sleeping upstairs, and her hand slapped against her lips on reflex. She didnt want to wake her up.

Whats with you, standing there this early in the morning?

Yushu realized it was Lin Yi, the guy responsible for Mengyaos crying and complaining at her last night.

I couldnt sleep, so Lin Yis face was a combination of awkwardness and guilt.

Hm.

Yushu didnt seem to see the guilt on Lin Yis face. Just hang around in your room next time, you almost scared the life out of me. Were used to just two people around here, so we havent adapted to you joining us yet.

Okay

Lin Yi decided to never watch porn in the living room again- it wasnt worth it.

This Miss Chen was unpredictable, and he almost got caught in the act because of that.

Yushu sat down lazily on the sofa and crossed her slim legs together. Lin Yi turned his head away- he didnt need any more excitement.

He was already pitching a tent from the p*rn a while ago, and he didnt want Yushu seeing it.

Shield guy, Lin Yi! Im hungry, can you go make something for me? Yushu ordered lazily.

Me? You want me to cook for you? Lin Yi didnt expect the command. Why would he be serving her? What happened to the whole study companion thing?

Yes, you. Hurry up, this cutie heres hungry! Yushu waved her hand at Lin Yi, impatient.

Lin Yi only felt helpless at the whole situation. What gave Yushu the right to order him around? If he remembered correctly, he should be listening to Mengyao, if anyone at all.

Miss Chen, Im here as a study companion for Miss Chu Im not a nanny or anything

Huh? Is there a difference? A study companion in this context is the same as a servant of the house, like back in an older society! A Miss orders are an absolute for you!

Yushu glared at Lin Yi, as if her words really were absolute.

But Im Miss Mengyaos study companion

Lin Yi was used to cooking for others, but there was a sort of bottom line for situations like this. He wasnt about to do everything Yushu told him to, just because she was sexy and playful.

What if Mengyao saw him preparing a meal for Yushu, what then? He didnt want any more trouble, thats for sure.

Its the same! Me and Yao Yao are best friends, you should listen to me the way you would to her!

Yushu was troubled after seeing Lin Yi completely unaffected by her display of authority. The guy had left her a good first impression, but now..!

He should be honored that shed even ask him for servitude! Hmph! Fine, just go help me turn the hot water on, Ill cook some instant noodles myself.

Sure..

The drinking fountain was right beside Lin Yi, so it wasnt a big deal. With a reach of his hand, Lin Yi clicked the button at the back and started boiling some water.

Meanwhile, Yushu decided to turn the tv on with the remote as she waited for the water to boil.

There was this celebrity Xu Sihans MV trivia that aired every morning, and Yushu would always take a look when she had the time.

Wait-

Lin Yis eyes widened with panic, but it was too late. With a flash, the image of the famous p*rnstar came into full view.

The foreplay had already ended.

Huh? Huh??? Wha!!!

Yushus eyes were about as wide as Lin Yis as she turned to glare at him, a hand clasped over her mouth.

Ugh Lin Yi wanted to die in a hole. He didnt even experience a minute of the porn, and now he had to take full blame for it?! What the hell!

What was up with this development? He could at least admit to watching porn in the living room if he actually did it!

It wasnt me

Lin Yi simply wasnt willing to admit to something so unfair.

Lin Yi! How could you watch something so dirty?!

Yushu couldnt take it anymore, this Lin Yi was too much!

So that was why he woke up so early, he wanted to watch some HD porn in the living room!

I told you, it wasnt me

Lin Yis innocent tone was insistent as he denied the girls accusation. He wasnt even in the mood for p*rn- he just happened to stumble across an adult channel! Remove the channel if it wasnt supposed to be watched, why dont you? Why would anyone just leave it there?!

Yeah, right!! Not you, huh? I suppose it was me and Yao Yao, then! We were watching the Young Ladys Channel when we turned the tv off yesterday!

Yushu had no doubt that it was Lin Yi, at this point. Also, when we stumbled across this channel we locked it up with a passcode! How did you get in without one?
