

## **Beg You All 100**

### **Chapter 100: Never said He Was Poor**

Hearing Chu Tian's words, the policewoman didn't know what to say. She could only smile and agree, saying, "The first gift must have a special meaning and love value. Then what? Quickly put it on your girlfriend."

"Okay, I'll turn around and put it on for her."

Chu Tian smiled and stroked Bai Xiaochun's head. He looked at the dean and the two counselors and said, "By the way, teacher, is everything okay?"

"Oh, it's okay."

The two counselors came back to their senses and laughed. "This is a small misunderstanding. Go back to class quickly, and don't delay learning."

"Okay." Chu Tian said: "Then let's go back first. If there is anything, please call me."

Chu Tian looked down at Bai Xiaochun, who had been looking up at him.

Seeing the tears still hanging from the corners of Bai Xiaochun's eyes, Chu Tian smiled dotingly and then off for her while saying, "You see how useless you are? What a big deal? You are scared to cry. Don't you feel ashamed??"

After speaking, Chu Tian smiled, held Bai Xiaochun's hand, and left the office.

Sun Nana was stunned when Chu Tian said '19 million', including Chu Tian's video call. Sun Nana was dumbfounded until he left with Bai Xiaochun.

Chu Tian left with Bai Xiaochun, and Sun Nana finally returned to her senses.

She seemed to have thought of something. She hurriedly looked at the female police officer. She said reluctantly, "No, police officer, why did you just let them go?"

Forehead.....

The policewoman frowned and said, "Student Sun Nana, this matter is a misunderstanding. As you can see, this necklace was bought by Chu Tian for 19 million yuan. What's your problem?"

"Of course there is!" Sun Nana said excitedly: "You are the police. How can you let them go so easily? Why don't you think about it? He is a pauper. How could he have so much money, 19 million? He must have stolen it!"

"Student Sun Nana!" The policeman's tone became serious. "Whether or not he steals it, it's none of your business. If you say so casually, it's a false accusation."

"How is this possible? He was poor," said Sun Nana. "His money must have been stolen."

"Student Sun Nana." The policewoman replied: "Our police also need to pay attention to the evidence. We can't interrogate them for your words or because they have money."

"You said that his money was stolen; I'm sorry, this problem is not a problem; if there is a problem with the source of his funds, it is also the bank's feedback to our police. Only the bank reports to our police; we can raise an investigation; you have no right to ask this question."

"Also, checking a person's income is more complex than you think. We must do more than just check other people's money. This requires the approval of the superior. Only with the superior's approval can we go to the bank to check his capital transaction records."

"I'll give you a piece of advice. You always say that Chu Tian is poor. Why don't you think about it from another angle? Are you sure he's poor?"

"I've seen what he's wearing. He doesn't. He doesn't look like a rich man. However, there are no rules about what rich people must wear or eat, you know what I mean?"

Forehead.....

Sun Nana frowned and said, "You mean he's always been rich?"

"It seems so." The policewoman replied: "Also, it has nothing to do with this matter. After all, he spent 19 million on a necklace for his girlfriend. This matter is over."

Sun Nana opened her mouth and was about to say something when the counselor said, "Sun Nana, don't bug me here. The police have made it clear. This matter is over. Go back to the classroom."

**"Oh."**

Sun Nana lost herself and said, "I'll return to the classroom."

After saying that, she reluctantly left the office.

When the policewoman saw this, she smiled and looked at the two counselors and the dean. "Sorry to bother you. We also received a police report."

"It should be something." The head of the department smiled. "Find problems and deal with them promptly. This is a good comrade of the people. This is a misunderstanding."

"Yeah." The policewoman smiled and said, "Since that's the case, we would not disturb you. We'll head back first."

"Don't worry." The head of the department stopped him with a smile. "The water has been poured, and I haven't had a sip. Drink some water."

"Then... that's okay." The policewoman smiled and said, "I'm thirsty. Let's drink some water."

.....

At the door of the nursing school building, Chu Tian smiled and looked at Bai Xiaochun. He squeezed her face and said, "Are you afraid?"

Bai Xiaochun's mouth was taut as she nodded and said in a sobbing voice, "I almost scared myself to death. I thought you were going to prison."

Chu Tian smiled and kissed Bai Xiaochun's head: "I'm sorry. It's all my fault. I scared you to death."

"Then how are you so rich? Aren't you very poor?"

"Hey, baby, you've been wronged by this." Chu Tian smiled, "I never said I was poor. Think about it. Did I say that?"
