

Beg You All 104

Chapter 104: Birth of a Child

What....?

Is this the boss?

Hearing Li Sisi's words, the little boy was stunned for a moment, then hurriedly looked at Chu Tian and said nervously, "Yes, I'm sorry, boss, this is the first time I've seen you. I didn't know you."

Chu Tian smiled slightly and said, "This is also my first time here." It's normal not to know him."

"Enough." Li Sisi smiled, patted the boy's arm, and said, "Go get busy." Remember, keep it secret. Don't spread nonsense."

"Yes, I understand." The boy smiled and said, "I am returning to work."

After saying that, the boy lowered his head and turned around to leave.

Looking at the boys' departing backs until they were far away, Li Sisi then looked at Chu Tian with a smile and said, "He is a foreman."

While speaking, Li Sisi looked at Bai Xiaochun, and Bai Xiaochun's expression fell into sluggishness again. She smiled and said, "Hey, baby, do you remember my sister?"

Bai Xiaochun glanced at Li Sisi and nodded before regaining her senses. "Yes, I remember."

Li Sisi looked at Bai Xiaochun's dazed and cute look, smiled brightly, and said, "She's so cute. I like you. Come, let me hug you."

When talking, Li Sisi reached out and hugged Bai Xiaochun, kissed her face, and left a red lip print.

As soon as she took a bite, Bai Xiaochun seemed stunned by the kiss. She had just regained her senses, was stunned, and even, as if scared, hugged Chu Tian's arm even tighter.

Seeing this scene, Li Sisi and Li Niannian giggled. Even Chu Tian couldn't help but laugh.

Chu Tian smiled and said, "Baby, let me introduce you to Li Sisi, Sister Nian, and the manager of the Pure Bar."

Bai Xiaochun looked at Li Sisi, looked at Chu Tian slowly, and said weakly, "So, this... Bar"

"That's right." Chu Tian said: "It's also ours. Otherwise, do you think it's so coincidental that there will be a pure bar next to the white milk tea? It's all written in your name."

Hearing Chu Tian's words, Bai Xiaochun stared into his eyes and suddenly felt a pain in his nose. He clenched his lips, and his eyes were immediately moist.

She did not expect Chu Tian to do so much behind her back.

Tea with White Milk...

Pure Bar ...

At this moment, Bai Xiaochun felt like a princess living in a fairy tale.

It was like a dream.

Seeing Bai Xiaochun's mouth clenched tightly, staring at himself, and looking like she couldn't help crying again, Chu Tian smiled and hugged Bai Xiaochun into his arms.

With his arms around Chu Tian's waist, Bai Xiaochun buried her head in his chest as if she couldn't bear it. Her body twitched, and she began to cry.

"All right, all right." "Sisi and Nian are still watching," Chu Tian said, affectionately touching Bai Xiaochun's head. They'll laugh at you."

After nearly half a minute, Bai Xiaochun finally let go of Chu Tian. Then she lowered her head and wiped her eyes. Then she looked up and smiled. "Boyfriend, I want to love you forever."

"I know, I know." Chu Tian squeezed Bai Xiaochun's face with a smile and said, "Didn't I say it last time?"

"It's true this time."

"Oh..." Chu Tian said in a long voice, "So, the last time was fake."

"No, it was the same last time. This time, even more so, because... you despise it!"

Unable to explain, Bai Xiaochun stomped his feet, hugged Chu Tian, and buried her head in Chu Tian's arms.

Seeing this scene, Li Sisi and Li Niannian laughed, and Chu Tian couldn't help laughing.

"Alright, alright, I'm teasing you." Chu Tian patted Bai Xiaochun's back with a smile and said, "Hurry up, or Sister Sisi and Sister Nian will laugh at you this time."

Only then did Bai Xiaochun release Chu Tian with a sad face.

"Oh, my God." Li Sisi said to Bai Xiaochun with a smile: "The big baby is so cute. My heart is going to melt. Let's go."

Li Sisi said, but he didn't care whether Bai Xiaochun agreed. She grabbed her little hand and pulled her upstairs.

Seeing Li Sisi pull Bai Xiaochun upstairs, Li Niannian looked at Chu Tian with a smile and said, "She is so lucky. I can even think of the big baby's heart now. It's like living in a fairy tale world, full of happiness and sweetness."

"Does Sister Nian like it too?" Chu Tian smiled.

"Which girl doesn't like it?" Li Niannian took a deep breath and smiled. "I really can't take it anymore. If someone is willing to do this for me, I must give birth to his child willingly."

Having a child?

"**Huh**, I think I've heard that from someone."

It seemed to be Li Sisi.

It was Li Sisi!

Just a while ago, when she named the bar 'Pure Bar', she said I would give birth to as many children as she wanted.

That was interesting.

Chu Tian thought for a while, then smiled and said, "Sister Nian, I found something very interesting. "Why are you women so moved that you like to say you want to have someone and have his child?"

Because that's the limit of what women can do, Li Niannian said, "It's not easy to have a child, okay? There's a lot to it, let alone a woman having a child; it's like going to hell."

"To give birth to a child for you, the person must at least be yours. It is not to give birth to you and then leave. She follows you for the rest of your life and becomes a good wife and mother. In short, I understand. Otherwise, what else can we women do to prove loyalty?"
