

Beg You All 136

Chapter 136: Finally, it's time to do it

Time flashed by, and it was Wednesday!

There were only 20 minutes left before school ended in the afternoon. Because his teacher had something to do at the last minute, the rest of the time was spent studying.

Chu Tian couldn't help but notice Yang Rong chatting with someone called "Stupid Pig," so he used his height advantage to sneak a peek.

The Stupid Pig said, "Come over this week, darling. I'll book you a round-trip ticket. I miss you. I can't even sleep."

Yang Rong: "Oh, you are so annoying. I have a video with you every day."

Stupid Pig head: "The video doesn't quench your thirst, you know."

Yang Rong: "I'll beat you to death."

"Is that what you think of me?"

The Stupid pig said, "I miss you even more than that. I swear, once I close my eyes, my mind will be filled with your figure."

Yang Rong: "(Shy) You think so? What do you want from me? It's not like I don't want the video of you."

"I miss your hair; I miss your smell; I miss your smooth skin; I miss your hands; I miss your waist; I miss everything about you."

Yang Rong: "Bah, you'll be slippery."

The Stupid Pig said, "Really dear, come over this week. I look at the dress, it'll definitely suit you. I can't wait to see you put it on."

"Cut, do you think I don't know what you're thinking?" asked Yang Rong. "You miss me that much?"

Stupid Pig: "Yes, I think so. I'm about to get tired of waiting for you baby."

Yang Rong: "It's really annoying. Alright, book a ticket for me. I'll come to you on Friday night."

Looking at the message that Yang Rong had just sent, Chu Tian gave a faint smile and said, "My classmate, are you going to fly over for a thousand miles?"

Hmm?

Yang Rong was stunned. She quickly covered her phone and looked at him. Then with a smile, she kicked him and said, "I hate you. Don't peek."

Chu Tian chuckled and said with an intoxicated expression, "I miss your hair, I miss your smell, I miss your smooth skin, I miss your hands, I miss you. Oh, it hurts."

Suddenly, without waiting for Chu Tian to finish, Yang Rong pinched his thigh.

Yang Rong's face was slightly red. "Besides, I'll choke you to death. Shut up!"

"Alas!"

Chu Tian helplessly sighed. As he rubbed his legs, he said, "I miss you. I'm very handsome and have a strong body. I can raise a brush and set the world at ease, but in the end."

Yang Rong giggled as she covered her mouth. "I love you; I love you; I love you the most, okay? Stop messing around."

"Don't." Chu Tian smiled and said, "Classmate, I know you love me, but I am a man you will never get. The main reason is that your taste is too heavy. The main reason is that your bite is too rich, and you gave a thousand miles to the Stupid Pig. He really is not suitable for you."

Yang Rong smiled again and kicked Chu Tian. "Hurry and do your work. If you peek again, I'll strangle you to death."

Yang Rong happily opened her phone again as she spoke and started chatting with 'Stupid Pig.'

Seeing this, Chu Tian chuckled and took out his phone also.

He put the Bluetooth headset on his ear, and skillfully logged into a phone mailbox. Then he opened a few new emails and started listing.

Time passed bit by bit until Chu Tian finished listening to the audio content of the last email. It was as if his plot had succeeded, and a crafty arc appeared on the corner of his mouth.

He was finally about to attack!

The Bluetooth headset was removed, and Chu Tian had just put it away when his phone suddenly vibrated.

It was a message from Bai Xiaochun.

Bai Xiaochun: "Dear husband, let's go on a date tonight. Baby wants to go to the small park with her husband."

Seeing this message from Bai Xiaochun, he smiled and replied, "Baby, let's go another day. I want to go out with Sun Nana tonight."

Bai Xiaochun: "Huh, you're going out with her?"

Chu Tian said, "The main thing is that she's asked me many times. If I don't ask her out now, I'm afraid she'll run away."

Bai Xiaochun replied, "That's true. This bad woman must be taught a good lesson. Then, is it just a date?"

Chu Tian said, "I might not come back tonight, heh."

Bai Xiaochun: "You're just a hooligan. That's good. I'm sleeping with Sister Nian tonight, so I will not bother you. Humph."

Chu Tian said, "Be good. My husband loves treasuring the most. Tonight, I shouldn't go back. You and Sister Nian should go together. Don't be alone. If you meet a hooligan or something, it will be bad."

Bai Xiaochun: "I know. You too. Don't embarrass me and punish her."

"Don't worry, baby; I will definitely make her tremble with fear tonight; it is incomparably exciting," Chu Tian said with a smile.

Bai Xiaochun: "Alright, then tell me tomorrow. I love you."

After he finished chatting with Bai Xiaochun, Chu Tian sent a message to Sun Nana.

He said, "Nana, let's eat together tonight."

Soon, Sun Nana replied.

Sun Nana: "Just us? Where's Xiaochun?"

Chu Tian said, "Shh... Don't tell her. I haven't eaten with you for a few days, so I want to eat with you."

"Hehe.. What do you mean, we're alone...?" Sun Nana asked.

Chu Tian said, "It's not interesting. I just want to eat with you. Are you free tonight?"

Sun Nana said, "Yeah, I'm free. My boyfriend went back to his hometown. He'll be back in a few days. I'm fine alone. What about Xiaochun?"

Chu Tian said, "She has something to do. How about this? Let's meet at the school gate."

"Giggle... sneak it, but also to the school gate to meet, then okay, after school, we both will meet at the school gate," Sun Nana said.

After chatting with Sun Nana, Chu Tian smiled and licked his lips as he muttered, "Interesting. Just wait. Tonight I will definitely make your life very exciting."
