

Beg You All 138

Chapter 138: Kidnapping Chu Tian

"It's still a good night."

At 8:30 p.m., on a remote path behind Haicheng Medical University, Sun Nana happily walked beside Chu Tian and couldn't help opening her arms.

"It's also not too hot, and it's quiet," Sun Nana frowned. "Then does she love you or not? As a girlfriend, she should be more considerate than me. Isn't she better than me?"

"Hey, that's why it's so annoying." Chu Tian said in annoyance, "I really don't know what she thinks."

"Alright, don't think too much about it." Sun Nana held Chu Tian's arm in comfort and said, "Xiaochun might not be good at expressing it. Once it's done, it's done together. If it's not done together, we can just break up and find something suitable. We can't say that we must get married and have a child, so we can't be responsible for ourselves."

"If you really don't feel comfortable with Xiao Bai, do not force yourself to be together. You're not responsible for yourself or Xiao Bai. It makes no difference to our relationship whether you break up or stay together."

Hearing Sun Nana say this, Chu Tian smiled and said, "It's really Nana; I think you're much better than Xiao Bai. It's really comfortable to chat with you."

"Don't say that." Sun Nana smiled and said, "I'm not as good as Xiao Bai. How good is Xiao Bai? She has a better figure than me and is prettier than me. I'm not like Xiao Bai."

"Who said that?" Chu Tian said, "I don't think you're inferior to Xiao Bai at all. It's true; you both have your own merits. Plus you are bolder than her."

"Hehe..." Sun Nana giggled and said, "Are you saying I'm more flirtatious than her?"

"No, no." Chu Tian shook his head and said, "I really don't want to say that you're flirtatious; you're just very good at showing off your beauty and charm; this has nothing to do with being flirtatious."

"Alright then." Sun Nana smiled and said, "I thought you were praising me, but then again, Chu Tian, your arm is really strong. It's hard and strong, right?"

"Yes, do you want to try?" Chu Tian smiled.

"How should I try?"

"Alright, come try and see if you can lift me." Sun Nana smiled and said, "I'm very heavy."

"Scare the hell out of anyone."

Chu Tian smiled and horizontally hugged Sun Nana.

"Ah." Sun Nana let out a small cry of surprise and immediately laughed, saying, "Heavens, Chu Tian, aren't you too powerful? Am I that easy to carry?"

"How is it? Am I better than your boyfriend?"

"He's a lot worse than you. He has to put in a lot of effort to hug me. Being hugged by you like this makes me feel safe."

At the same time,

The man sitting in the van's co-pilot seat, who was less than 100 meters behind the two, said, "What a damn person. I did not expect to have a chance today like this on the first day. This place is so dark and empty. Second brother, fourth brother."

"Big brother. "

"Big brother. "

"Get ready." The man in the passenger seat said, "Second Brother, and I will clean up the prey. Fourth brother, you will clean up that little slut."

"Understood. "

The three people put on their masks as they spoke, opened the van door, and jumped out.

.....

When Chu Tian let her down, Sun Nana excitedly said, "I really didn't expect you to be so strong, Chu Tian. If you were my boyfriend, I would definitely love you so much; you are too fierce."

"Is that so?" Chu Tian looked at Sun Nana with a smile. He glanced behind him and said in a low voice, "Nana, tonight, can I let you have some stimulation?"

"Ah?" Sun Nana bit her lips and smiled. She said awkwardly, "No, that's not good. We both have boyfriend and girlfriend."

"But I can't control it anymore." Chu Tian smiled and said, "We've already reached this critical point. You can't refuse."

"Nasty." Sun Nana shamed Chu Tian and said, "I, I do have a pretty good feeling about you, but we both know this relationship"

At this moment, behind Chu Tian and Sun Nana, the three persons walked faster and faster. In the end, when they were about ten meters away from each other, they ran like they were sprinting.

Sensing the movement behind them, Chu Tian and Sun Nana quickly turned around to look behind them.

As a result, before the two of them could react, one person suddenly rushed in front of Chu Tian and held his arms and waist. Immediately after, the other person followed closely behind and covered his mouth and nose with a towel.

"Woo, woo..."

Chu Tian struggled with all his might, twisting his body, but before breaking free, his body went soft.

Sun Nana was the same.

She was forcefully hugged by someone who covered her nose and mouth with a towel.

"Woo, woo..."

She stared at Chu Tian and struggled for a while before falling to the ground. As she breathed, Sun Nana's consciousness suddenly became blurry, and she felt powerless.

In the end, Sun Nana only saw a blurry van speeding over before she fainted. Then she completely lost consciousness.
