

Beg You All 152

Chapter 152: Luo Piao's Confession

Oh?

Looking at Lawyer Xing standing outside the office, Xia Mo sized him up before turning to look at Xiao Liu.

Xiao Liu whispered, "Captain Xia, he's Luo Piao's lawyer."

As he spoke, Xiao Liu looked at Lawyer Xing and said with a smile, "Lawyer Xing, let me introduce you to Captain Xia of our Interpol team. This is the case that Captain Xia is in charge of."

"Oh, so she's Captain Xia."

Lawyer Xing hurriedly pushed the door open and walked in. Then he reached out with a smile and said, "Hello, Captain Xia. My surname is Xing and I am Miss Luo Piao's lawyer."

"O, hello lawyer Xing."

Xia Mo extended her hand and shook hands with Lawyer Xing. "So, tell us why Luo Piao did not agree to speak."

"I'm very sorry." Lawyer Xing smiled apologetically and said, "I just talked to Miss Luo Piao. I'm sorry that she did not cooperate with you earlier. After talking to me, Miss Luo Piao has now realized that she has made a pretty big mistake. She is now willing to cooperate with your police investigation."

Ah!

It seemed like Luo Piao had found a way to escape!

Xia Mo smiled and nodded, "Alright, since Miss Luo Piao has finally decided to cooperate, let's go talk to her. Xiao Liu."

"Okay, captain Xia."

Xiao Liu hurriedly opened the drawer, took out a folder and pen, and left the office with Xia Mo.

In the interrogation room, by the time Xia Mo and Xiao Liu entered, Luo Piao no longer looked as unruly as before. Even she forced a smile at the two of them.

Although her smile was very forced, it was already unprecedented.

Because, from last night to now, Luo Piao has always been that cold, with no one to pay attention to and no one to look at, and has also refused to speak. The reason is that Luo Piao has always been that way: no one to pay attention to, not giving anyone a good look, and refusing to open her mouth.

When Xia Mo and Xiao Liu sat opposite Luo Piao, Xiao Liu opened the folder in his hand and said, "Luo Piao, can we talk now?"

Luo Piao nodded hurriedly, and said: "I'm sorry, I really had something to hide before, and I didn't know that I was caught in a big misunderstanding. If I realized it earlier, I would have cooperated with you. Please forgive me, my brain is slow."

Forehead

Xia Mo nodded and smiled. "Alright, Miss Luo Piao, let's start. Name?"

Luo Piao: "Luo Piao."

"Gender?"

Luo Piao: "Female."

"Age?"

After a basic interrogation, Xia Mo said, "Luo Piao, do you know Chu Tian?"

"Yes." Luo Piao said, "Last Friday, I asked him in the downtown Haicheng Roewe Hotel to eat together."

"Before, Chu Tian and I didn't know each other. The reason why I met him for dinner was because of his White Milk Tea Shop. I am the sales director of Xiang Piao Group. I saw a short video with a person named Bai. The became White Milk Tea Shop is very popular, and then I became interested in this White Milk Tea Shop."

"Because I'm in the market and see this White Milk Tea Shop sales growing, I intend to purchase this White Milk Tea formula as part of our Xiang Piao Group."

"However, Chu Tian and I didn't reach an agreement at the time. The price I gave him was 100 million, which he thought was too little. Then, we separated."

Xia Mo looked at Xiao Liu, who was quickly taking notes and looked at Luo Piao. "Miss Luo Piao, do you hate Chu Tian because of his refusal?"

"No. On the contrary, I appreciate Chu Tian very much; he really has that manly temperament. Although we only got along for one meal, it was as if I fell in love at first sight. My heart really has a good feeling for him. To say it may make you laugh, even I dreamed that night. I even dreamed that the two of us got married, had children, and lived a very happy life," Luo Piao said, shaking her head.

Forehead.....

Xia Mo speechlessly looked at Luo Piao and said, "So, you didn't feel bad for Chu Tian's refusal?"

"This is correct." Luo Piaopiao said: "I have a good impression of him in my heart, but I am older than him, so I am really embarrassed to say it."

Xia Mo nodded and said, "Luo Piao, although you said so, how do you explain that you appeared at Chu Tian's kidnapping scene last night?"

"I was forced." Luo Piao said, "Ah Wei forced me to go."

"Ah Wei forced you?"

"Yes."

Having said that, Luo Piaopiao bit her lips as if she was hurt, and said angrily: "Actually, you don't know, Ah Wei is a beast that is not as good as a pig or a dog. He has raped me for three years. ."

What?

Xia Mo frowned: "Ah Wei raped you for three years?"

"Hmm. Three years ago, Ah Wei came to my side and became my bodyguard; on the surface, he is my bodyguard, but in reality, he is a demon!" Luo Piao nodded.

"Because, not long after he came to me, he raped me forcibly."

Seeing Luo Piao's angry expression, Xiao Liu frowned. "Then why didn't you call the police?"

"Because I don't dare." Luo Piao bit her lip and said, "Ah Wei is very powerful and cruel. He hits hard. He once killed a donkey with one punch in front of me."

"He threatened to kill my family if I told anyone about his aggression."

"Besides, in the end, I'm a woman and the eldest Miss of the Xiang Piao Group. If this matter gets out, not only will I lose respect, but my father will also lose his image."

"So." Xia Mo said, "In the past three years, have you been tolerating Ah Wei's aggression?"

Luo Piao nodded, and said: "Ah Wei respects me in front of people, but when it's just the two of us, he's even more beastly than a beast."

"Sometimes, when I was taking a shower, he would suddenly barge in, and then...sometimes when I was sleeping, he would barge in suddenly, and even, as long as there were no outsiders, he would barge in at any time and rape me."

"I've been living for the past three years, it's like being in hell."

Seeing Luo Piao's eyes moisten as he spoke, Xia Mo frowned and reached for a tissue, which she handed to her.

"Thank you."

Luo Piao took it and wiped her eyes.

Xia Mo continued, "Then why did Ah Wei bring you there last night?"

"I really don't know." Luo Piao said, "Last night, Ah Wei had just raped me, and I was about to go to bed. Then, he asked me to put on my clothes and go out with him without telling me where to go."

"Because he wasn't in a good mood and I did not dare to ask. If I asked, he would hit me. Then, I went out with him."

"When I arrived at that workshop, I really didn't know anything. I didn't even know what he wanted to do, but I saw Chu Tian and the other four people. Chu Tian was lying on the ground as if he was asleep."

"That's because I was more afraid. I thought that Ah Wei wanted to rape me with others. My mind was empty, and I didn't hear what they were talking about."

"Later on, Chu Tian woke up, and then they started fighting. Chu Tian was very strong and he knocked the four of them down in a few moves."

"Next, he started fighting with Ah Wei. The two of them fought intensely. At that time, I was so scared that I didn't even dare to move."

"It wasn't until later that Ah Wei took out a dagger and wanted to stab Chu Tian, but Chu Tian stabbed him directly in the neck with a backhand. At that time, I woke up with a start."

"I saw that Ah Wei was killed. I was really scared to death, so I quickly turned around and ran. I was afraid that I would be killed too, but before I could run far away, Chu Tian caught up and knocked me out with a punch. When I woke up, I was at the police station."
