

Beg You All 170

Chapter 170: Met the God of Wealth?

Unexpectedly, he gained the "ability to drive" just like that.

Even before this, Chu Tian had never sat in the driver's seat of a car or touched a steering wheel.

And just like that, someone who was once a novice driver has now become a true "experienced driver".

No choice!

Possessing special abilities didn't justify behaving unreasonably like this.

Quietly experiencing his newly acquired driving ability, Chu Tian nodded slowly and said, "Not bad. Although your husband here doesn't have a driver's license yet, I can still drive a little bit."

"That's not acceptable," Bai Xiaochun said with a smile, wrapping her arms around Chu Tian's arm. "Driving without a license is not allowed. You need to pass the test and obtain a license before you can drive legally."

"Got it," Chu Tian smiled and said, "Let's go and see what good cars are available. Babe, can you help me pick a car for sister Sisi as a gift?"

"Sure, no problem."

Bai Xiaochun happily nodded, then held Chu Tian's hand and started wandering around the spacious showroom.

Perhaps because Chu Tian and Bai Xiaochun looked young and didn't seem like people who could afford to buy a car, the two of them looked at more than a dozen cars in the showroom one after another, but none of the salespeople came over to talk to them.

Even though there were idle salespeople who saw them, they still treated the two of them as people who were just casually browsing and broadening their horizons.

"Honey, this one looks nice too."

Bai Xiaochun happily pulled Chu Tian's hand and skipped over to a black Ferrari sports car, saying, "Black color, looks very tough and beautiful, what model is this?"

"What model?"

Chu Tian frowned and said, "Let me see."

Even though Chu Tian had acquired the ability to drive, he wasn't quite sure about the details of these cars, as they were all Ferraris. He didn't know the specific series of each car.

Chu Tian looked at the sign next to the car and said, "This is a Ferrari 599, and the price is less than six million."

"Ah? Such a good-looking car for less than six million?" Bai Xiaochun tilted her head and exclaimed, "No, honey, it's too inexpensive. I could buy three of these cars with the necklace I bought for Sister Sisi. The car I buy for her can't be cheaper than my necklace."

Chu Tian smiled and nodded, "Okay, let's listen to babe. Let's see if there are more expensive ones."

As they spoke, Chu Tian and Bai Xiaochun came to a red Ferrari in the corner of the showroom. It was very beautiful!

Very beautiful!

Unlike other cars, this car had a unique streamlined design that immediately caught Chu Tian's attention.

Although he had seen many cars with different features along the way, it was only this car that he couldn't quite describe. It was as if he had a special connection with it and instantly liked it.

"Wow, this car is so beautiful!"

Bai Xiaochun let go of Chu Tian's hand and hurriedly ran to the side of the car.

Her small hand gently brushed over the body of the car, and after a moment, Bai Xiaochun couldn't help but look back at Chu Tian with joy, saying, "Husband, I love this car the most. It's so beautiful! What model is it?"

"Let me see."

Observing Xiaochun's happy expression, Chu Tian smiled as he approached the license plate of this car.

Hmm?

Why is there nothing on it?

All the cars they had seen along the way had plaques that stated the model and specifications, but this car's plaque was blank.

Seeing this, Chu Tian innocently shrugged his shoulders and said, "Baby, it's not written. I don't know either."

"Is that so?" Xiaochun ran over to take a look and pouted, "Indeed, such a beautiful car. Why isn't there any information about what kind of car it is?"

"Never mind." Chu Tian said, "Let's not wander around on our own. Let's find a salesperson and ask."

At that moment, a tall and slender female salesperson accompanied a middle-aged man with a big belly and walked over.

On the other side of the middle-aged man, there was also a yellow-haired, sexy-looking woman holding his hand.

As the female salesperson followed the man and introduced the car's performance, Chu Tian happened to pass by and couldn't help but say, "Excuse me, miss. What kind of car is this?"

The female salesperson glanced at Chu Tian and Xiaochun standing by the car, gave a superficial smile, and then continued to focus on the middle-aged man beside her, enthusiastically talking to him without paying any attention to the two of them.

Uh...

As the three walked by, leaving Chu Tian speechless, the sexy blonde-haired woman turned her gaze towards Chu Tian, smiled, and said, "That's the latest model of LaFerrari, worth over forty eight million."

The latest model of LaFerrari?

Over forty eight million?

Chu Tian also smiled and said, "Thank you."

"You're welcome." The woman smiled and winked at Chu Tian.

Suddenly, the middle-aged man turned his head and looked at the woman as if he was displeased with her talking to Chu Tian, and pulled her hand.

The woman stuck out her tongue, then smiled and leaned against the man's arm.

Bai Xiaochun looked at them with a smile and said, "This woman must be the sugar baby maintained by this man."

Chu Tian smiled and nodded, saying, "She's pretty, with a nice figure, very attractive."

"Hey, you scoundrel," Xiaochun chuckled and pouted, "I like this so-called latest LaFerrari, but... Are you willing to buy it for sister Sisi? It costs over forty eight million, you know."

"It's not a matter of being unwilling," Chu Tian chuckled, "As long as my sweetheart doesn't get jealous, I'm willing to spend even a billion."

"Really?" Bai Xiaochun exclaimed happily, "Then let's buy this one! It's red, and sister Sisi likes red too."

"Great!" Chu Tian replied with a smile.

Just as Chu Tian and Bai Xiaochun were deciding to buy the car, another female salesperson wearing the same uniform suddenly emerged from a small door behind the showroom.

And above the small door was a sign that read "Restroom."

Noticing Chu Tian and Xiaochun standing by the car without any other salesperson around, the female salesperson quickly glanced around and then approached them with a polite smile.

"Hello, are you interested in the cars?" Female salesperson asked politely.

The female salesperson was around twenty three or twenty four years old, with a tall and slender figure and a pretty face.

"Yes," Bai Xiaochun smiled and hugged Chu Tian's arm, saying, "By the way, why isn't there a brand name on this car?"

"Oh, this is the new generation of LaFerrari," female salesperson smiled, "It's a newly launched car this year, and the branding hasn't been done yet. Do you like this one?"

"Yeah, I like it," Bai Xiaochun replied.

"It's quite expensive," female salesperson smiled, "It's over forty eight million. Is there no other salesperson accompanying you?"

"No, we haven't seen anyone else," Chu Tian replied.

"Sure, let me show you around," female salesperson smiled, "Let's see what cars you like, and I can introduce them to you. You can also take a test drive if you want."

"No need." Chu Tian smiled, "Do you have this car in stock? If so, we'll just buy this one."

What?

Upon hearing what Chu Tian said, the female salesperson's smiling expression froze, and even her whole body seemed to be stunned.

"Oh my god!" Female salesperson exclaimed, taken aback by Chu Tian's words.

"Is it for real?" She asked in disbelief.

"Did a pie just fall from the sky?" she exclaimed, still in shock.

She muttered to herself incredulously, "Did I stumble upon a money god after using the restroom?"
