

Beg You All 174

Chapter 174: Even Jesus Can't Save You

When she saw her name on the contract earlier, she was shocked and thought that the world was full of surprises, as the car owner had the same name as her.

It was as if, by some strange coincidence, she had encountered herself as the owner of the car, and the probability of this happening was so low that one might as well won a lottery ticket.

But as she continued reading and saw the identity information, including her ID number, she finally realized that the car owner was none other than herself.

The "car owner Li Sisi" was not just someone with the same name and surname as her. It was actually herself!

Names might be duplicated, but ID numbers couldn't be because each person had a unique ID card number.

Finally, she understood!

Today, Chu Tian didn't actually come to look at cars. He visited several other dealerships before coming to this Ferrari dealership, as he was just laying the groundwork; as this was said in previous chapter that the purchasing contract and dealing of Ferrari was settled by Chu Tian. So the real reason he wanted to bring himself here was to sit in this car.

As Li Sisi tightly covered her mouth, she stared at the purchase contract in her hand, and tears flowed from her eyes.

At this moment, suddenly, there was a knocking sound on the car window.

Li Sisi covered her mouth and turned to look. She saw the smug expression on Chu Tian's face. She couldn't help but chuckle. She wiped her eyes, opened the window, and urged, "Hurry up and get in!"

"Alright, listen to my sister. Let's roll in right away!" Chu Tian chuckled.

As they spoke, Chu Tian tried to sit on the passenger seat and was immediately grabbed by the neck. Who said, "Don't say anything? Let sis hold you back."

"Uh... Hey."

Chu Tian smirked and said nothing, casually hugged Li Sisi.

Xu Min, who was standing outside, suddenly smiled and wiped her eyes.

Oh, my God! It's so blissful!

If a man could do something like this for me, being this woman for my whole life would be worth it.

After about two or three minutes, Li Sisi's body trembled as she silently cried. Chu Tian said with a smile, "Sis, don't cry anymore. You'll ruin your makeup."

Li Sisi hugged Chu Tian's neck and choked, "Why are you so annoying? Do you have to be so irritating?"

"Heh." Chu Tian smirked and said, "Sis, do you like me or not?"

"No, I don't like you. You're annoying."

"Haha..."

Chu Tian laughed heartily and didn't say anything else.

After two or three minutes, Li Sisi finally let go of Chu Tian's neck, wiped her eyes and looked at Chu Tian, who was still smiling. She punched him, saying, "Get out of here. My makeup is ruined. I have to touch up, don't look."

"Got it." Chu Tian said with a smile, "I'll listen to my sis."

Chu Tian opened the car door and walked out. Seeing this, Xu Min smiled brightly and said, "Mr. Chu, are you satisfied with this arrangement?"

"Nicely done." Chu Tian said with a smile, "You played your part well."

"Of course, it was exhausting." Xu Min said, "After you and Miss Bai left yesterday, I kept simulating scenarios in my mind, imagining possible situations and figuring out how to meet your requirements. It was a real mental workout."

"Does that mean I have to treat you to a meal?"

"No, no, no." Xu Min quickly shook her head and smiled, "Mr. Chu, don't get me wrong, I wouldn't dare. If anyone should be treating, it ought to be me treating you. Thanks to you yesterday."

"Well, don't take it to heart." Chu Tian said with a smile, "It was nothing. By the way, is everything ready for the handover?"

"Yes," said Xu Min. "Our manager and the others are waiting for you to give the go-ahead Mr. Chu."

"Alright then," said Chu Tian. "Let them come over."

"Okay," said Xu Min, pulling out her phone and dialing a number.

Half an hour later!

After a grand handover ceremony in the Ferrari 4S store, accompanied by the roaring sound, the cool and flashy red LaFerrari 20 drove out under the watchful eyes of Xu Min, Zhang Manager and others.

"Oh my god!"

Chu Tian laughed and said, "Is this car really that domineering? It's not just the pushback. It's the kickback feeling! What do you think, sis? Are you having fun?"

Li Sisi laughed and rolled her eyes but didn't say anything.

"Sis, where are we going next?" Chu Tian asked.

"To my place," Li Sisi put on her sunglasses and said, "You're in trouble today, don't even think about running away."

Chu Tian laughed and said, "Hey, since I switched to this ride, everything's been different. You're talking big now, sis. Did you forget who's supposed to be the one begging for mercy and crying out for help?"

Li Sisi said, "Do not get cocky. There was a time when I allowed you to have your way, but those days are over. Today, you will face the consequences. I want to make it clear that not even Jesus can save you, hmph!"

"Haha..."
